Executive Compensation Matters

The Compensation Committee of our board of directors designed our executive compensation program to retain key executives and motivate them to foster a culture of engagement and performance. Our executive compensation program is also structured so that a meaningful percentage of compensation is tied to the achievement of challenging levels of corporate and personal performance objectives. We believe this design will enable us to meet the operational, financial and strategic objectives established by our board of directors. Each of our named executive officers identified in the “Compensation Discussion and Analysis” section of this proxy statement, which we refer to as our “named executive officers” or “NEOs,” generally has a greater portion of their total direct compensation that is variable and performance-based than do other employees. This is consistent with our philosophy that incentive compensation opportunities linked to performance -including financial, operating and stock price performance - should increase as overall responsibility increases.

Incentive compensation for 2017 performance reflects solid financial results. Despite the challenges faced by the traditional rent-to-own industry, the Compensation Committee was pleased with management’s achievements and our performance for the year ended December 31, 2017, particularly the following:

• We reported record revenues of \$3.4 billion in 2017, compared to \$3.2 billion in 2016, driven by strong growth in our Progressive Leasing segment, partially offset by a decline in revenues in our Aaron's Business segment.

Progressive Leasing achieved record revenues of \$1.6 billion, an increase of 26.6% over 2016. Progressive Leasing’s revenue growth is due to a 23.0% increase in active doors, which contributed to a 31.2% increase in total invoice volume.

Net earnings before income tax (benefit) expense increased to a record \$239.6 million compared to \$218.4 million in 2016, driven by Progressive Leasing, partially offset by declines from our Aaron's Business. We acquired the store operations of SEI/Aaron's, Inc. (“SEI”), the Company's largest franchisee, for approximately \$140 million. The acquisition is benefiting our omnichannel platform through added scale, strengthening our presence in Northeast markets, and enhancing our ability to drive inventory supply-chain synergies between the Aaron's Business and Progressive Leasing in markets that SEI served.

• We generated cash from operating activities of \$159.1 million in 2017 and had \$51.0 million in cash and \$393.9 million available on our revolving credit facility as of December 31, 2017.

• We returned \$70.5 million to our shareholders through the repurchase of 2.0 million shares and the payment of our quarterly dividends, which we have paid for 30 consecutive years.

We continued optimizing our Aaron's store-based operations by implementing various cost efficiency and lease-margin-improvement initiatives, including optimizing merchandising and promotional strategies and continuing store consolidations.

• We continued the development of management talent across our entire organization.

• Our stock price increased 25% during the year, from January 3, 2017 to December 29, 2017.

• We further improved the Company’s compliance programs and achieved important compliance objectives for the year. Based on our 2017 performance, the Compensation Committee approved the following incentive awards for our named executive officers:

Messrs. John W. Robinson III and Steven A. Michaels earned annual cash incentive awards of 144% of target based on Company-wide financial performance and the achievement of compliance goals. Mr. Douglas A. Lindsay earned an annual cash incentive award of 149% of target based on Aaron’s Business results for financial performance and compliance-related goals. Messrs. Ryan K. Woodley and Curtis L. Doman earned annual cash incentive awards of 139% of target, based on Progressive’s results for financial performance and compliance-related goals.

Our named executive officers also earned awards under the performance share component that constitutes 50% of their annual grant values under our 2017 long-term incentive program. Messrs. Robinson and Michaels earned awards at 140% of target, based on the Company's overall performance. Mr. Lindsay earned awards at 147% of target, based on the financial performance of our Aaron's Business and the Company as a whole. Messrs. Woodley and Doman earned awards at 166% of target based on the financial performance of Progressive and the Company as a whole. The value realized from these awards was greater than the corresponding grant date target values in light of the subsequent increase in our stock price. Further, for the stock options and time-based restricted stock awards that comprise the remainder of the annual grant for our named executive officers, our stock price increase resulted in year-end award values that were also greater than the grant date award values.

See "Compensation Discussion and Analysis" beginning on page 19 for more information.

MATTERS TO BE VOTED ON

Proposal 1-Election of Directors

Our board of directors recommends the election of the nominees listed below, each of whom will have a term of office expiring at our 2019 Annual Meeting of Shareholders. Each nominee elected to serve as a director will hold office until the expiration of his or her term and until his or her successor is duly elected and qualified or until his or her earlier resignation, removal from office or death. If, at the time of the Annual Meeting, any of such nominees should be unable to serve, the persons named in the proxy will vote for such substitutes as our board of directors recommends. In no event will the proxy be voted for more than nine nominees. Our management has no reason to believe that any nominee for election at the Annual Meeting will be unable to serve if elected.

The following table provides summary information about each nominee, all of whom currently serve on our board of directors. All of the nominees listed below have consented to serve as directors if elected.

Nominee	Age	Occupation	Independent	Joined Our Board
Kathy T. Betty	62	Former Owner Atlanta Dream (WNBA team) Managing Principal	Yes	August 2012
Douglas C. Curling	63	New Kent Capital LLC and New Kent Consulting LLC	Yes	January 2016
Cynthia N. Day	52	President and Chief Executive Officer Citizens Bancshares Corporation and Citizens Trust Bank	Yes	October 2011
Curtis L. Doman	45	Chief Product Officer Progressive	No	August 2015
Walter G. Ehmer	52	President and Chief Executive Officer Waffle House, Inc.	Yes	May 2016
Hubert L. Harris, Jr.	74	Former Chief Executive Officer Invesco North America	Yes	August 2012
John W. Robinson III	46	President and Chief Executive Officer Aaron's, Inc.	No	November 2014
Ray M. Robinson	70	Former President for the Southern Region AT&T	Yes	November 2002
Robert H. Yanker	59	Director Emeritus McKinsey & Company	Yes	May 2016

Assuming a quorum is present, a nominee will be elected upon the affirmative vote of a majority of the total votes cast at the Annual Meeting, which means that the number of votes cast in favor of a nominee's election exceeds the number of votes cast against that nominee's election. If an incumbent director fails to receive a majority of the votes cast, the incumbent director will promptly tender his or her resignation to our board of directors. Our board of directors can then choose to accept the resignation, reject it or take such other action that our board of directors deems appropriate.

Our board of directors recommends that you vote "FOR" the election of each of the nominees above.

Proposal 2-Advisory Vote on Executive Compensation

We provide our shareholders with the annual opportunity to cast an advisory vote on the compensation of our named executive officers. The vote on this proposal represents an additional means by which we obtain feedback from our shareholders about executive compensation. Among other responsibilities, our Compensation Committee sets executive compensation for our named executive officers, which is designed to link pay with performance while enabling us to competitively attract, motivate and retain key executives. The overall objective of our executive compensation program is to encourage and reward the creation of sustainable, long-term shareholder value.

To meet this objective, during 2017, the Compensation Committee's deliberations regarding how much to pay our named executive officers included, among other performance metrics, (i) objective measurements of business performance, (ii) the accomplishment of strategic, financial and compliance objectives, (iii) the development of management talent, (iv) enhancement of shareholder value and (v) other matters relevant to both the short- and the long-term success of Aaron's. Our focus on internal financial performance as measured in our annual incentive plans led to solid results for 2017, and we believe has positioned our operations well for the future. Our equity program serves to align the interests of our named executive officers with those of our shareholders.

We encourage our shareholders to read the "Compensation Discussion and Analysis" section of this Proxy Statement, which discusses how our compensation policies and programs support our compensation philosophy. Our board of directors and the Compensation Committee believe these policies and programs are strongly aligned with the long-term interests of our shareholders.

Accordingly, we ask for shareholder approval of the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure, is hereby APPROVED."

This vote is advisory and therefore not binding on us, our board of directors or the Compensation Committee. At last year's annual meeting of shareholders, over 98% of votes cast were in support of the compensation paid to our named executive officers. Our board of directors and the Compensation Committee value the opinions of our shareholders, and the Compensation Committee takes seriously its role in the governance of compensation. The Compensation Committee will consider the result of this year's vote, as well as other communications from shareholders relating to our compensation practices, and take them into account in future determinations concerning our executive compensation program.

Assuming a quorum is present, the resolution above approving our executive compensation will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the resolution exceed the votes cast against the resolution.

Our board of directors recommends that you vote "FOR" the resolution approving our executive compensation.

Proposal 3-Approval of the Aaron's, Inc. Employee Stock Purchase Plan

We are seeking your vote to approve the Aaron's, Inc. Employee Stock Purchase Plan, which we refer to as the "ESPP." Upon the recommendation of the Compensation Committee, the ESPP was approved and adopted by our board of directors, and became effective, on March 2, 2018, subject to approval by shareholders at the Annual Meeting. If shareholders do not approve the ESPP, the ESPP will not become effective.

Summary of the Proposal

The primary purpose of the ESPP is to encourage ownership of our common stock by eligible employees of Aaron's and certain Aaron's subsidiaries which have been designated as eligible to participate in the ESPP. Specifically, the ESPP provides eligible employees of Aaron's and certain Aaron's subsidiaries an opportunity to use payroll deductions to purchase shares of our common stock on periodic purchase dates at a discount. The Compensation Committee believes that the ESPP is a valued benefit for our eligible employee base. We believe that allowing employees to purchase shares of our common stock through the ESPP motivates high levels of performance and provides an effective means of encouraging employee commitment to our success and recruiting new employees. We expect that employee participation in the ownership of the business through the ESPP will be to the mutual benefit of both our employees and Aaron's.

Summary of Material Terms of the ESPP

The following summary of the ESPP is qualified in its entirety by the specific language of the ESPP, a copy of which is attached to this Proxy Statement as Appendix A.

General

The ESPP is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The ESPP is not subject to any provision of the Employee Retirement Income Security Act of 1974, as amended, nor is it qualified under Section 401(a) of the Code.

Shares Available for Issuance under the ESPP

The maximum number of shares of our common stock authorized for sale under the ESPP is 200,000. The shares made available for sale under the ESPP may be authorized but unissued shares, treasury shares, reacquired shares reserved for issuance under the ESPP, or shares acquired on the open market.

Administration

The ESPP will be administered by the Compensation Committee, although the Compensation Committee may, where permitted by the terms of the ESPP and applicable law, delegate administrative tasks under the ESPP to the services of an agent and/or Aaron's employees to assist with the administration of the ESPP. Subject to the provisions of the ESPP and applicable law, the Compensation Committee or its delegate will have full and exclusive authority to interpret the terms of the ESPP and determine eligibility to participate in the ESPP. In all cases, the ESPP is required to be administered in such a manner so as to comply with applicable requirements of Section 423 of the Code. All determinations of the Compensation Committee are final and binding on all persons having an interest in the ESPP.

Eligibility

Employees eligible to participate in the ESPP for a given offering period generally include employees who are employed on the first day of the offering period, or the enrollment date. Employees who have not been employed for at least six months or that customarily work 20 hours per week or less are not eligible to participate in the ESPP. As of March 27, 2018, we had approximately 6,000 employees eligible to participate in the ESPP. Highly compensated employees (as defined in Section 414(q) of the Code) who are subject to the disclosure requirements of Section 16(a) of the Exchange Act are not eligible to participate in the ESPP. Finally, employees who own (or are deemed to own through attribution) 5% or more of the combined voting power or value of all our classes of stock or of one of our subsidiaries are not allowed to participate in the ESPP.

Employees may enroll under the ESPP by completing a payroll deduction form permitting the deduction from their compensation of at least 1% of their compensation but not more than 10% of their compensation. Eligible compensation includes base salary and wages paid to the employee, before deduction for any deferral contributions to any tax-qualified or nonqualified deferred compensation plan.

Such payroll deductions may be expressed as a whole number percentage and the accumulated deductions are applied to the purchase of shares on each semi-annual purchase date. However, a participant may not purchase more than 500 shares in each offering period and may not subscribe for more than \$25,000 in fair market value of shares of our common stock (determined at the time the ability to purchase shares of our common stock is granted) during any calendar year. The Compensation Committee has the authority to change these limitations for any subsequent offering period, in compliance with the rules prescribed by the ESPP and Section 423 of the Code.

Offering Period, Purchase of Shares and Payroll Deductions

Under the ESPP, participants have the ability to purchase shares of our common stock at a discount during a series of successive offering periods, which will commence and end on such dates as determined by the Compensation Committee. Unless otherwise determined by the Compensation Committee, each offering period will be six months in length. However, in no event may an offering period be longer than 27 months in length.

The purchase price of each share of our common stock will be the lower of 85% of the closing trading price per share of our common stock on the first trading date of an offering period in which a participant is enrolled or 85% of the closing trading price per share of our common stock on the purchase date, which occurs on the last trading day of each offering period.

Unless a participant has previously canceled his or her participation in the ESPP before the purchase date, the participant is deemed to have exercised his or her ability to purchase shares of our common stock in full as of each purchase date. Upon exercise, the participant purchases the number of whole shares that his or her accumulated payroll deductions will buy at the purchase price per share of our common stock, subject to the participation limitations listed above and shares available under the ESPP.

A participant may cancel his or her payroll deduction authorization at any time prior to the end of the offering period. Upon cancellation, a participant will be paid his or her account balance in cash without interest. A participant may decrease (but not increase) his or her payroll deduction authorization once during any offering period. If a participant wants to increase or decrease the rate of payroll withholding, he or she may do so effective for the next offering period by submitting a new form before the offering period for which such change is to be effective; otherwise, a participant will automatically participate in the next offering period at the same rate of payroll withholding as in effect at the end of the prior offering period (so long as the participant remains eligible to participate in the ESPP).

Non-Transferability and Restrictions on Resale

A participant may not assign, transfer, pledge or otherwise dispose of (other than by will or the laws of descent and distribution) payroll deductions credited to a participant's account or any rights to purchase shares of our common stock or to receive shares of our common stock under the ESPP, and during a participant's lifetime, rights to purchase shares of our common stock in the ESPP shall be exercisable only by such participant. Any such attempt at assignment, transfer, pledge or other disposition will not be given effect.

Shares of our common stock purchased under the ESPP may not be sold, transferred or otherwise disposed of by a participant for a period of one year from the date the shares are purchased. The Compensation Committee may, in its sole discretion, place additional restrictions on the sale or transfer of our shares purchased under the ESPP by notice to the participants in advance of the offering period.

Termination of Eligibility

If an individual's eligibility to participate in the ESPP terminates for any reason before the last day of the offering period, the termination will cause payroll deductions to cease immediately. If the eligible employee's subscription account has a cash balance remaining when he or she terminates, this balance will be refunded to the eligible employee in cash (without interest) as soon as practicable.

Change in Control or Occurrence of Significant Corporate Transactions

In the event of any increase or decrease in the number of issued shares of our common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by us, we will proportionately adjust the aggregate number of shares of our common stock offered under the ESPP, the number and price of shares which any participant has elected to purchase under the ESPP, and the maximum number of shares which a participant may elect to purchase in any single offering period. If there is a proposal to dissolve or liquidate

Aaron's, then the ESPP will terminate immediately prior to the consummation of such proposed dissolution or liquidation, and any offering period then in progress will be shortened by

setting a new purchase date to take place before the date of our dissolution or liquidation. We will notify each participant of such change in writing at least ten business days prior to the end of the new offering period. If we undergo a merger with or into another entity or a sale of all or substantially all of our assets, each outstanding right to purchase shares of our common stock will be assumed, or an equivalent right to purchase shares of common stock substituted, by the successor entity or the parent or subsidiary of the successor entity. If the successor entity refuses to assume the outstanding rights to purchase shares of our common stock or substitute equivalent rights, then any offering period then in progress will be shortened by setting a new purchase date to take place before the date of the proposed sale or merger. We will notify each participant of such change in writing at least ten business days prior to the end of the new offering period.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax consequences relating to the purchase and sale of stock under the ESPP for individuals who are both citizens and residents of the United States, under the assumption that the ESPP satisfies the requirements of Section 423 of the Code. Individual circumstances may change these results. This brief discussion is based on current U.S. federal income tax laws, regulations, and judicial and administrative interpretations. The following discussion does not set forth any tax consequences other than U.S. federal income tax consequences, including any state, local or foreign tax consequences that may apply.

Although after-tax amounts are used to purchase shares under the ESPP, a participant will not recognize taxable income upon the grant of the right to purchase shares at the start of an offering period or when he or she purchases shares under the ESPP. Generally, participants will recognize taxable income in the year in which such participant sells or otherwise disposes of the purchased shares (whether by sale, exchange or gift).

The tax consequences on a sale or disposition of shares of our common stock acquired under the ESPP depend in part on whether the disposition occurs before or after expiration of a statutory holding period, which is the period ending on the later of (i) two years after the first day of the offering period in which such shares were acquired (the “offering date”) and (ii) one year after the date such shares were acquired. If the shares are sold or otherwise disposed of after the holding period expires, or if a participant dies while owning the shares, then it is a “qualifying” disposition. If the shares are sold before the holding period expires, then it is a “disqualifying” disposition.

If a participant makes a “qualifying” disposition of stock, the participant will have ordinary income from the sale equal to the lesser of:

- the fair market value of the shares on the offering date, less the purchase price of the shares, or
- the fair market value of the shares on the date of the disposition (or the date of the participant’s death, if applicable), less the purchase price of the shares.

Aaron’s reports the ordinary income that participants incur at the time of sale on participant’s Form W-2. Individuals who do not receive a Form W-2 from us are still responsible for reporting all income.

If a participant makes a “qualifying” disposition of stock, the ordinary income, if any, that such participant recognized on the disposition of the shares is added to the participant’s basis in the shares, except where the disposition is due to the participant’s death. In that case, any ordinary income recognized on the disposition is not added to the participant’s basis in the shares. After increasing the basis in the shares by the ordinary income recognized, any additional gain realized on the sale or disposition is treated as a long-term capital gain. If the participant sells shares for less than the purchase price, such participant will not have ordinary income. Instead, the participant will realize a capital loss equal to the difference between the sales price and his or her purchase price.

If a participant makes a “disqualifying” disposition, the participant will have ordinary income upon the sale of the shares equal to the excess of the value of such shares on the date the shares were purchased over the purchase price of the shares (this amount must be recognized even if the value of the shares has decreased since the date the shares were purchased). This amount is added to the participant’s basis in the shares. After increasing the basis by this amount, any gain realized on the disposition in excess of the basis will be treated as a capital gain or loss. Whether such capital gain or loss will be long-term or short-term will depend on how long the shares were held (e.g., long-term capital gain or loss if the shares were held for over one year).

Aaron’s does not receive any U.S. federal income tax deduction as a result of issuing shares pursuant to the ESPP, except upon a sale or disposition of shares by a participant prior to the expiration of the statutory holding period. In

that case, Aaron's will generally be entitled to a U.S. federal income tax deduction equal to the amount of ordinary income recognized by such participant with respect to the sale or disposition of the shares.

New Plan Benefits

The amounts of future purchases under the ESPP are not determinable because participation is voluntary, participation levels depend on each participant's elections and the restrictions of Section 423 of the Code and the ESPP, and the per-share purchase price depends on the future value of our common stock. Further, as of the date of this Proxy Statement, no employee has been granted the right to purchase shares under the proposed ESPP. Accordingly, the benefits to be received pursuant to the ESPP by our employees are not determinable at this time.

Amendment and Termination of the ESPP

Our board of directors or the Compensation Committee may amend, suspend or terminate the ESPP at any time. However, no amendment may increase the number of shares of common stock available under the ESPP, change the employees eligible to participate, or cause the ESPP to cease to be an "employee stock purchase plan" within the meaning of Section 423 of the Code, without obtaining shareholder approval within 12 months before or after such amendment. If the ESPP is terminated before the scheduled expiration of any offering period, each participant's account balance will be distributed to him or her in cash (without interest) as soon as practicable.

Adoption of the ESPP

Assuming a quorum is present, the proposal to approve the ESPP will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the proposal exceed the votes cast against the proposal.

Our board of directors recommends that you vote "FOR" the approval of our Employee Stock Purchase Plan.

Proposal 4-Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Audit Committee of our board of directors has appointed Ernst & Young LLP, which we refer to as “EY,” to audit our consolidated financial statements for the year ending December 31, 2018, as well as the effectiveness of our internal controls over financial reporting as of December 31, 2018. A representative of EY will be present at the Annual Meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions from shareholders.

We are asking our shareholders to ratify EY's appointment as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, our board of directors is submitting the selection of EY to our shareholders for ratification because we value our shareholders' views on our independent registered public accounting firm and view the ratification vote as a matter of good corporate practice. In the event that our shareholders fail to ratify the appointment, it is anticipated that no change in our independent registered public accounting firm would be made for fiscal year 2018 because of the difficulty and expense of making any change during the current fiscal year. However, our board of directors and the Audit Committee would consider the vote results in connection with the engagement of an independent registered public accounting firm for fiscal year 2019. Even if EY's appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its shareholders.

Assuming a quorum is present, the proposal to ratify the appointment of our independent registered public accounting firm for 2018 will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the proposal exceed the votes cast against the proposal.

Our board of directors recommends that you vote “FOR” the ratification of the appointment of our independent registered public accounting firm for 2018.

Composition, Meetings and Committees of the Board of Directors

Our board of directors is currently comprised of nine directors having terms expiring at the Annual Meeting. Each of our directors will continue to hold office until the expiration of his or her term and until his or her successor is duly elected and qualified or until his or her earlier resignation, removal from office or death.

Our Corporate Governance Guidelines include categorical standards adopted by our board of directors to determine director independence that meet the listing standards of the New York Stock Exchange, or "NYSE." Our Corporate Governance Guidelines also require that at least 75% of our board of directors be "independent," a requirement that is more stringent than the NYSE listing requirement that a majority of the board of directors be independent. Our board of directors has affirmatively determined that all of our directors are "independent" in accordance with NYSE listing requirements and the requirements of our Corporate Governance Guidelines, other than Mr. John Robinson, our President and Chief Executive Officer, and Mr. Doman, the Chief Product Officer of our Progressive segment.

Our board of directors currently has three standing committees consisting of an Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. From time to time, our board of directors may establish ad-hoc committees at its discretion. Our board of directors has adopted a charter for each of its standing committees, copies of which are available on the investor relations section of our website located at <http://www.aaronsinc.com>. The current members of each committee are identified in the table below:

Number of Meetings in Fiscal Year 2017	9	6	4

* Four of the members of the Audit Committee have been designated as an "audit committee financial expert" as defined by Securities and Exchange Commission, or "SEC", regulations.

Meetings

Our board of directors held seven meetings during 2017. The number of meetings held by each of our committees in 2017 is shown in the table above. Each of our directors attended 75% or more of the total of all meetings of our board and the committees on which he or she served during 2017.

It is our policy that directors are expected to attend the annual meeting of shareholders in the absence of a scheduling conflict or other valid reason. All of our directors, except Mr. Ehmer due to an unavoidable scheduling conflict, attended the 2017 Annual Meeting of Shareholders held on May 2, 2017.

The non-management and independent members of our board of directors meet frequently in executive session, without management present. Mr. Ray Robinson, the Chairman of our board of directors, chairs these meetings.

Committees

Audit Committee. The function of the Audit Committee is to assist our board of directors in fulfilling its oversight responsibility relating to: (i) the integrity of the Company's consolidated financial statements; (ii) the financial reporting process and the systems of internal accounting and financial controls; (iii) the performance of the Company's internal audit function and independent auditors; (iv) the independent auditors' qualifications and independence; (v) the Company's compliance with ethics policies (including oversight and approval of related party transactions and reviewing and discussing calls to the Company's ethics hotline and the Company's investigation of and response to such calls) and legal and regulatory requirements; (vi) the adequacy of the Company's policies and procedures to assess, monitor and manage business risks and its corporate compliance programs, including receiving quarterly reports related to such risks and programs; and (vii) the adequacy of the Company's information security and privacy program and cybersecurity initiatives. The Audit Committee is directly responsible for the appointment, compensation, retention, and termination of our independent auditors, who report directly to the Audit Committee, and for recommending to our board of directors that the board recommend to our shareholders that the shareholders ratify the retention of our independent auditors. In connection with its performance of these responsibilities, the Audit Committee regularly receives reports from and holds discussions with Company management, leaders from the Company's internal audit department, leaders from the Company's legal department, and the independent auditors. Many of those discussions are held in executive session with the Audit Committee.

Each member of the Audit Committee satisfies the independence requirements of the NYSE and SEC rules applicable to audit committee members, and each is financially literate. Our board of directors has designated each of Ms. Day and Messrs. Curling, Ehmer and Harris as an "audit committee financial expert" as defined by SEC regulations.

Compensation Committee. The purpose of the Compensation Committee is to assist our board of directors in fulfilling its oversight responsibilities relating to: (i) executive and director compensation; (ii) equity compensation plans and other compensation and benefit plans; and (iii) other significant associate resources matters.

The Compensation Committee has the authority to review and approve performance goals and objectives for the named executive officers in connection with the Company's compensation programs, and to evaluate the performance of the named executive officers, in light of such performance goals and objectives and other matters, for compensation purposes. Based on such evaluation and other matters, the Compensation Committee determines the compensation of the named executive officers, including our President and Chief Executive Officer. The Compensation Committee also has the authority to approve grants of equity incentives and to consider from time to time, and recommend to our board of directors, changes to director compensation.

Each member of the Compensation Committee satisfies the independence requirements of the NYSE applicable to compensation committee members, is a non-employee director under Rule 16b-3 of the Securities Exchange Act of 1934, or the "Exchange Act," and is an outside director under Section 162(m) of the Internal Revenue Code.

Nominating and Corporate Governance Committee. The purpose of the Nominating and Corporate Governance Committee is to assist our board of directors in fulfilling its responsibilities relating to: (i) board and committee membership, organization, and function; (ii) director qualifications and performance; (iii) management succession; and (iv) corporate governance. The Nominating and Corporate Governance Committee from time to time identifies and recommends to our board of directors individuals to be nominated for election as directors and develops and recommends to our board of directors for adoption corporate governance principles applicable to the Company. Each member of the Nominating and Corporate Governance Committee satisfies the independence requirements of the NYSE.

Assessment of Director Candidates and Required Qualifications

The Nominating and Corporate Governance Committee is responsible for considering and recommending to our board of directors nominees for election as director at our annual meeting of shareholders and nominees to fill any vacancy on our board of directors. Our board of directors, after taking into account the assessment provided by the Nominating and Corporate Governance Committee, is responsible for considering and recommending to our shareholders nominees for election as director at our annual meeting of shareholders. In accordance with our Corporate Governance Guidelines, both the Nominating and Corporate Governance Committee and our board of directors, in evaluating director candidates, consider the experience, talents, skills and other characteristics of each candidate and our board of

directors as a whole in assessing potential nominees to serve as director.

15

We believe that, at a minimum, a director should have the highest personal and professional ethics, moral character and integrity, demonstrated accomplishment in his or her field and the ability to devote sufficient time to carry out the duties of a director. To help ensure the ability to devote sufficient time to board matters, no director may serve on the board of more than four other public companies while continuing to serve on our board of directors, and no director that serves as chief executive officer of another company may serve on the board of more than two other public companies while continuing to serve on our board of directors, unless our board determines in its business judgment that such simultaneous service will not impair the director's ability to serve on our board of directors, and that such simultaneous service is otherwise in the best interests of the shareholders.

In addition to these minimum qualifications, our board of directors may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular board seat. These factors may include a candidate's professional and educational background, reputation, industry knowledge and business experience and the relevance of those characteristics to us and our board of directors. In addition, candidates will be evaluated on their ability to complement or contribute to the mix of talents, skills and other characteristics needed to maintain the effectiveness of our board of directors and their ability to fulfill the responsibilities of a director and of a member of one or more of the standing committees of our board of directors. While our board of directors does not have a specific policy regarding diversity among directors, diversity of race, ethnicity, gender, age, cultural background and professional experience is considered in evaluating candidates for membership on our board of directors.

No person may be nominated for election to our board of directors or appointed to fill a vacancy on the board of directors if he or she will be age 75 or older upon his or her election or appointment, unless a waiver is granted by our board of directors. A director is required to offer his or her resignation immediately in the event the director, or any of his or her respective affiliates or associates, takes any action (including encouraging or supporting others) to (i) nominate, propose or vote in favor of any candidate to serve on our board of directors (other than the nominees proposed by our board of directors) or oppose for election any nominee proposed by our board of directors or (ii) solicit proxies with respect to any of our securities within the meaning of the Exchange Act and the rules thereunder (other than any proxy solicitation in favor of a matter approved by our board of directors).

In determining whether to nominate an incumbent director for re-election, the Nominating and Corporate Governance Committee and our board of directors evaluate each incumbent's continued service, in light of these collective requirements. When the need for a new director arises (whether because of a newly created seat or vacancy), the Nominating and Corporate Governance Committee and our board of directors proceed to identify a qualified candidate or candidates and to evaluate the qualifications of each candidate identified. Final candidates are generally interviewed by one or more members of the Nominating and Corporate Governance Committee or other members of our board of directors before a decision is made.

Shareholder Recommendations and Nominations for Election to the Board

Our Nominating and Corporate Governance Committee will consider nominees recommended by shareholders. Any shareholder wishing to nominate a candidate for director at the next annual shareholders' meeting must submit a proposal as described under "Additional Information—Shareholder Proposals for the 2019 Annual Meeting of Shareholders" and otherwise comply with the advance notice provisions and information requirements contained in our bylaws. The shareholder submission should be sent to the President of Aaron's, Inc. at 400 Galleria Parkway, S.E., Suite 300, Atlanta, Georgia 30339.

Shareholder nominees are evaluated under the same standards as other candidates for board membership described above in "Assessment of Director Candidates and Required Qualifications." In addition, in evaluating shareholder nominees for inclusion with the board's slate of nominees, the Nominating and Corporate Governance Committee and our board of directors may consider any other information they deem relevant, including (i) the factors described in "Assessment of Director Candidates and Required Qualifications," (ii) whether there are or will be any vacancies on our board of directors, (iii) the size of the nominating shareholder's holdings in the Company, (iv) the length of time such shareholder has owned such holdings and (v) any statements by the nominee or the shareholder regarding proposed changes in our operation.

Board Leadership Structure

We currently separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles. The Chairman is responsible for leading our board of directors in its duty to oversee the management of our business and affairs. The Chief Executive Officer is responsible for oversight of our day-to-day operations and business affairs, including directing the business conducted by our employees, managers and officers.

Our Chief Executive Officer serves on our board of directors, which we believe helps to serve as a bridge between management and our board of directors, ensuring that both groups act with a common purpose. We believe that Mr. John Robinson's presence on our board of directors enhances his ability to provide insight and direction on important strategic initiatives to both management and the independent directors.

Our board of directors does not have a formal policy on whether the Chairman and Chief Executive Officer roles should be separated or combined but, instead, makes that determination from time to time employing its business judgment. Our board of directors, however, does believe that if the Chairman and Chief Executive Officer roles are combined, or if the Chairman is not an independent director, that our board of directors should appoint an independent Lead Director to serve as the leader and representative of the independent directors in interacting with the Chairman and Chief Executive Officer and, when appropriate, our shareholders and the public. Our board of directors has determined that Mr. Ray Robinson, who serves as our Chairman, is independent under NYSE listing requirements. As a result, our board of directors has not designated a Lead Director.

Board of Directors and Committee Evaluations

Our board of directors and each of its committees conduct an annual evaluation, which includes a qualitative assessment by each director of the performance of our board of directors and the committee or committees on which the director sits. In 2018, our board of directors also engaged a third-party legal advisor to facilitate our board self-evaluation process and board and committee reviews. The results of the evaluation and any recommendations for improvement were reported to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee oversees the evaluation process.

Board Role in Risk Oversight

Senior management is responsible for day-to-day risk management, while our board of directors oversees planning for and responding to risks, as a whole, through its committees and independent directors. Although our board of directors has ultimate responsibility with respect to risk management oversight, primary responsibility for certain areas has been delegated, as appropriate, to its committees. For example, the Audit Committee is charged with, among other matters, overseeing risks attendant to (i) our system of disclosure controls and procedures, (ii) internal control over financial reporting, (iii) performance of our internal audit function and independent auditors, and (iv) the identification and mitigation of cybersecurity risks. The Audit Committee considers the steps management has taken to monitor and control such risks, including our risk assessment and risk management policies. The Audit Committee, together with our General Counsel or another representative from our legal department, also considers issues at its meetings relating to our legal and regulatory compliance obligations, including consumer protection laws in the lease-to-own industry. Likewise, the Compensation Committee considers risks that may be implicated by our compensation programs. For 2017, our Compensation Committee, aided by its independent third-party compensation consultant, reviewed our compensation policies and practices and determined that they do not encourage excessive or unnecessary risk taking, and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company. As part of its risk oversight role, our full board of directors periodically receives reports from management, external professional advisors and others regarding various types of risks faced by the Company and the Company's risk mitigation efforts related thereto, including cybersecurity risks and related mitigation efforts. For example, during 2017, our board of directors received presentations from external legal advisors regarding the board's duties and role in overseeing cybersecurity-related risks and our efforts to mitigate those risks. In addition, the board received presentations from management regarding trends in cybersecurity risks and risk mitigation initiatives and plans, and the role of various federal and state government agencies in helping companies prepare for and respond to cybersecurity incidents. In addition, our board of directors reviewed our cybersecurity-related initiatives and plans with management.

Compensation Committee Interlocks and Insider Participation

For the year ended December 31, 2017, the Compensation Committee consisted of Ms. Betty and Day and Messrs. Curling and Ray Robinson, each of whom our board of directors determined was independent in accordance with NYSE listing requirements.

No member of the Compensation Committee during 2017 is or was formerly an officer or employee of the Company or any of its subsidiaries or was a related person in a related person transaction with the Company required to be disclosed under applicable SEC rules.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of the Company's common stock, to file with the SEC certain reports of beneficial ownership of the Company's common stock. Based solely on a review of information furnished to us, the Company believes that its directors, officers and more than 10% shareholders complied with all applicable Section 16(a) filing requirements during the year ended December 31, 2017, except for one Form 4 for Mr. Michaels disclosing the sale of shares held in his 401(k) retirement account in connection with an asset rebalancing, which was filed late due to an unintentional miscommunication by the account administrator regarding the timing of the sale.

NON-MANAGEMENT DIRECTOR COMPENSATION IN 2017

The compensation program for our non-employee directors is designed to fairly compensate them for the effort and responsibility required to serve on the board of a company of our size and scope as well as to align our directors' interests with those of our shareholders more generally.

Effective in January 2016, and based upon the recommendation of the Compensation Committee's independent third-party compensation consultant, the compensation program for our non-employee directors was revised to better align with the interests of our shareholders as well as with current market practices. Under the re-designed program, non-employee directors received an annual cash retainer of \$75,000 and an annual award of restricted stock units having a value of \$100,000, which generally vests one year following the grant date. Our Chairman, Mr. Ray Robinson, also received a cash retainer of \$100,000, paid quarterly in \$25,000 installments, in recognition of the additional duties he performs by serving as our Chairman. Non-employee directors serving as the chairperson of the Audit, Compensation, and Nominating and Corporate Governance Committees also received an additional annual retainer of \$20,000, \$15,000 and \$10,000, respectively, for their service in these roles and the additional time commitments required.

Directors who are employees of the Company receive no compensation for their service on our board of directors. The following table shows compensation paid to our non-employee directors during 2017.

Stock Ownership Guidelines

Under the current stock ownership guidelines adopted by our board of directors in November 2015, each director is expected to own or acquire shares of our common stock and common stock equivalents (including restricted stock and restricted stock units, or "RSUs") having a value of at least \$400,000 prior to the later of January 31, 2020 or four years from when the director first joined our board of directors.

COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this section is to provide material information about the compensation objectives and policies for our named executive officers (“NEOs”) and to explain how the Compensation Committee of our board of directors made its compensation decisions for 2017. For 2017, our NEOs are listed below.

Named Executive Officer 2017 Position

John W. Robinson III	President and Chief Executive Officer
Steven A. Michaels	Chief Financial Officer and President of Strategic Operations
Ryan K. Woodley	Chief Executive Officer, Progressive
Curtis L. Doman	Chief Product Officer, Progressive
Douglas A. Lindsay	President, Aaron’s Business

Executive Summary

Our compensation programs are designed to attract, motivate, and retain key executives by offering market competitive pay opportunities with an emphasis on incentive compensation to create a strong linkage between pay and performance. This linkage between pay and performance is demonstrated by the following pay and performance results for 2017:

2017 Company Performance Results

- Consolidated Revenue increased by 5% to \$3,384 million
- Consolidated Adjusted EBITDA increased by 6% to \$363 million
- Consolidated Return on Capital of 10.8%, which was an increase of 1.4% from 2016 and was 111% of Target
- All compliance goals for the Company and each of its Aaron’s Business and Progressive subsidiaries were fully achieved
- Reduced debt by \$135 million while also returning approximately \$70.5 million to shareholders through stock repurchases and dividends
- Increased the stock price by 25% from \$31.90 on January 3, 2017, the first trading day of the year, to \$39.85 on December 29, 2017, the last trading day of the year

"Target" refers to either (i) the performance target established by the Compensation Committee at the beginning of the year or (ii) the target award opportunity under our short-term and long-term incentive programs.

We believe these performance and pay results for 2017 are indicative of a strong linkage between pay and performance created by our executive compensation structure and incentive plan designs.

2017 Executive Pay Results

- Short-term incentive awards were earned at a level between 138% and 149% of Target
- Performance Share Units (PSUs) were earned at a level between 140% and 166% of Target
- Restricted Stock Awards (“RSAs”) granted in 2017 and Restricted Stock Units granted in prior years increased in value above their grant date value given the increase in the stock price
- All unexpired options achieved “in-the-money” value given the increase in the stock price

In addition to this linkage between pay and performance, we employ sound compensation and governance principles and policies, while avoiding problematic or disfavored practices, as noted below:

What We Do

ü Independent Compensation Committee assisted by an independent consultant

ü Pay mix that emphasizes performance-based compensation over fixed compensation

ü Pay mix that emphasizes long-term, equity-based incentives over short-term cash incentives

ü Incentive plans that utilize multiple measures, including growth, profitability, and returns

ü Reasonable incentive plan targets and ranges, with capped incentive payouts

ü Double-trigger equity vesting acceleration upon a change of control (awards granted in 2015 and later)

ü Meaningful stock ownership requirements

ü Clawback policy

What We Don't Do

û No option repricing without shareholder approval

û No excise or other tax gross ups on CIC payments

û No hedging or pledging of Company stock

û No excessive perquisites or other benefits

û No payment of dividends on unearned or unvested shares

Say on Pay Vote. Last year, our shareholders cast an advisory vote on our executive compensation practices as described in our 2017 proxy statement, with the result that over 98% of the total votes cast approved the compensation of our NEOs. The Compensation Committee appreciates the shareholder support that this vote reflects, and regularly evaluates and revises the executive compensation program as it considers necessary to better reflect our evolving business circumstances.

The strong shareholder support received in 2017 was one of the many factors reviewed and considered by the Compensation Committee when designing the 2018 compensation program. Given this support, combined with the demonstrated linkage between pay and performance for 2017, the 2018 compensation framework remains similar to the 2017 framework, with only minor changes to performance measures, weights, and the correlation of incentive payout amounts to the level of achievement of performance metrics.

Objectives of Executive Compensation

The primary objectives and priorities of our executive compensation program are to:

- attract, motivate and retain quality executive leadership;
- align the incentive goals of our executive officers with the interests of our shareholders;
- enhance the individual performance of each executive officer;
- improve our overall performance; and
- support achievement of our business plans and long-term goals.

To accomplish these objectives, the Compensation Committee considers a variety of factors when approving compensation programs, including (i) changes in our business strategy, (ii) performance expectations for the Company and, with respect to the compensation programs for certain NEOs, the performance expectations for Aaron's Business or Progressive, (iii) external market data, (iv) actual performance of the Company and, with respect to the compensation programs for certain NEOs, the actual performance of Aaron's Business or Progressive, (v) individual

executive performance, and (vi) internal compensation equity with the NEOs. A more complete description of the annual process for establishing our executive compensation programs is described below and throughout this Compensation Discussion and Analysis.

Compensation Process Summary for 2017

Role of the Compensation Committee. The Compensation Committee is comprised solely of directors that our board has determined to be independent under applicable SEC and NYSE listing standards. Its role is to oversee

(i) executive and outside director compensation, (ii) benefit plans and policies, including equity compensation plans and other forms of compensation, and (iii) other significant associate resources matters.

More specifically, the Compensation Committee reviews and discusses proposed compensation for NEOs, evaluates their performance and sets their compensation. In addition, the Compensation Committee approves all equity awards for NEOs and other executive officers.

Role of Management. The Compensation Committee considered the input and recommendations of Mr. Robinson with respect to our executive compensation programs and decisions that impact other NEOs. Mr. Michaels also provided input with respect to financial goals and recommendations and overall program design. Although management and other invitees at Compensation Committee meetings may participate in discussions and provide input, all votes and final decision-making on NEO compensation are solely the responsibility of the Compensation Committee, and those final deliberations and votes are conducted in executive sessions in which no executive officer participates.

Role of Independent Compensation Consultants. The Compensation Committee has the authority to retain independent consultants and other advisors. With respect to 2017 compensation arrangements, the Compensation Committee retained Meridian Compensation Partners, LLC, which we refer to as “Meridian.” In this role, Meridian reported directly to the Compensation Committee, but worked with management at the direction of the Compensation Committee. The Compensation Committee assessed Meridian’s independence, including the potential for conflicts of interest as required by the SEC and NYSE listing standards, and concluded that Meridian was appropriately independent and free from potential conflicts of interest.

Although the specific services of the independent consultant vary from year to year, the following are the services generally provided by the independent consultant:

- providing information on trends and related legislative, regulatory and governance developments;
- reviewing and recommending any changes to the benchmarking peer group for the consideration and approval of the Compensation Committee;
- conducting competitive assessments of executive compensation levels and incentive program designs;
- consulting on compensation for outside directors;
- conducting a review of our compensation programs from a risk assessment perspective;
- preparing compensation tally sheets on our executive officers;
- assisting with review and disclosures regarding the executive compensation programs; and
- reviewing the Compensation Committee’s annual calendar and related governance matters.

Meridian representatives attended a majority of the Compensation Committee meetings pertaining to 2017 executive compensation decisions, and also participated in executive sessions as requested by the Compensation Committee. During 2017, and with respect to 2018 executive compensation planning, the Compensation Committee retained Pearl Meyer. In selecting Pearl Meyer, the Compensation Committee assessed Pearl Meyer’s independence, including the potential for conflicts of interests as required by NYSE listing requirements, and concluded that Pearl Meyer was appropriately independent and free from potential conflicts of interest.

Benchmarking

Role of Benchmark Data. We use compensation market data as a reference for understanding the competitive positioning of each element of our compensation program and of total compensation. The Compensation Committee generally requests these market studies from its independent consultant from time to time as the Compensation Committee deems appropriate. Given that a market study was conducted in 2015, a market study was not conducted in 2016 or prior to establishing 2017 compensation programs for our NEOs. Instead, the Compensation Committee continued to reference the analyses and conclusions of the 2015 market study when making 2017 compensation decisions.

In referencing these market studies, the Compensation Committee does not manage total compensation for our NEOs within a prescribed competitive position or percentile of the compensation market. Rather, the Compensation Committee reviews compensation for each NEO relative to market data and considers other internal and external factors when exercising its business judgment as to compensation decisions. Other factors material to the Compensation Committee's deliberations include (i) objective measurements of business performance, (ii) the accomplishment of compliance, strategic, and financial objectives, (iii) the development and retention of management talent, (iv) enhancement of shareholder value, and (v) other matters relevant to our short-term and long-term success. Peer Group. As previously mentioned, with respect to 2017 compensation decisions, the Compensation Committee continued to reference the prior market study that was conducted by the independent consultant in 2015. The peer group used in that study was proposed by the independent consultant and approved by the Compensation Committee, and included publicly traded retail and related consumer finance peers that were similar to the Company in terms of size, complexity and business focus at that time. The following are the specific peer companies that were used in that study:

Retail Peers

Big Lots	hhgregg	Rent-A-Center
Cabelas	Mattress Firm	Sears Hometown & Outlet
Conn's	Outerwall	Select Comfort
Dick's Sporting Goods	Overstock.com	Tractor Supply
Fred's	Pier 1 Imports	Wayfair

Consumer Finance Peers

Blackhawk Network Holdings	EZCorp	Santander Consumer USA Holdings
Cash America International	Fair Isaac	SpringLeaf Holdings
Credit Acceptance	Green Dot	Transunion
Enova International	Heartland Payment Systems	WEX
EPlus	LendingClub	World Acceptance

Survey Data. If data from the proxy peer group are not available for all NEO positions, the Compensation Committee may also review broader survey benchmarking data from time to time, as necessary.

Components of the Executive Compensation Program

The three primary components of each NEOs total direct compensation for 2017 were as follows:

- base salary;
- annual performance-based cash incentive award; and
- long-term equity incentive awards.

These components are designed to be competitive with employers with whom we compete for executive talent and to support our compensation program objectives. The Compensation Committee has not set a prescribed mix or allocation for each component, but rather focuses on total direct compensation when making compensation decisions for our executives. In making these decisions, the Compensation Committee also considers the following related factors: (i) performance against corporate and individual objectives for the fiscal year; (ii) performance of general management responsibilities; (iii) the value of any unique skills and capabilities; (iv) contributions as a member of the executive management team; and (v) competitive market considerations.

Total direct compensation for our executive officers emphasizes variable and performance-based compensation more so than for our other employees. This reflects our philosophy that performance-based compensation opportunities - linked to financial, operating, and stock price performance - should increase as overall responsibility increases.

The following graphs demonstrate this philosophy by showing the mix of target pay for 2017 for our CEO and for our other NEOs as a group:

Base Salary

The Compensation Committee views base salary as fixed compensation intended to reflect the scope of an executive's role. It reviews base salaries annually and adjusts them as necessary to ensure that salary levels remain appropriate and competitive. Salary increases are periodic rather than annual and are made after the Compensation Committee considers relevant factors, including:

- breadth and scope of an executive's role, including any significant change in duties;
- competitive market pay levels;
- internal comparisons to similar roles;
- individual performance throughout the year; and
- overall economic climate, Company performance and, with respect to certain NEOs, the performance of Aaron's Business or Progressive.

Based on the Compensation Committee's review of the above factors, none of the NEOs received a base salary increase for 2017. The following is the base salary for each NEO for 2017:

2017	
Named Executive Officer	Base Salary
John W. Robinson III	\$700,000
Steven A. Michaels	\$550,000
Ryan K. Woodley	\$435,000
Curtis L. Doman	\$400,000
Douglas A. Lindsay	\$500,000

Annual Cash Incentive Awards

Annual cash incentive awards provide the opportunity to earn cash rewards for meeting Company or Aaron's Business or Progressive financial and operational performance goals. Under the 2017 program, our NEOs had the potential to earn cash incentive awards based on performance against pre-determined performance goals, with amounts that vary based on the degree to which the related goals are achieved.

Target Awards. At the beginning of the year, the Compensation Committee approves the target award opportunity for each NEO. For 2017, these target award opportunities remained unchanged from 2016, and were as follows:

2017	
Named Executive Officer	Target % of Salary
John W. Robinson III	115%
Steven A. Michaels	100%
Ryan K. Woodley	100%
Curtis L. Doman	100%
Douglas A. Lindsay	100%

Performance Measures and Weights. The following were the performance measures and weights in the 2017 annual cash incentive program for each NEO:

Aaron's, Inc.	Progressive	Aaron's Business
Robinson and Michaels	Woodley and Doman	Lindsay
• 45% Adjusted EBITDA	• 50% Adjusted EBITDA	• 45% Adjusted EBITDA
• 35% Adjusted Revenue	• 30% Adjusted Revenue	• 35% Adjusted Revenue
• 20% Compliance	• 20% Compliance	• 20% Compliance

In each case, the measures are specific to each entity, and calculated as follows:

Adjusted revenues generally are measured on a GAAP basis, subject to the adjustments described below.

Adjusted EBITDA is based on GAAP earnings before interest, taxes, depreciation, and amortization, with overall Company and Progressive Adjusted EBITDA results (which, for purposes of determining Messrs. Woodley and Doman's annual cash incentive award, is a combination of Progressive Leasing and Dent-A-Med, Inc. ("DAMI") Adjusted EBITDA), subject to the adjustments described below.

Performance results for each measure also will exclude the effects of certain nonrecurring items of revenue or gain and expense or loss. For 2017, this included adjustments, as applicable, to remove various negative effects from Hurricanes Harvey and Irma from both the Adjusted revenue and Adjusted EBITDA metrics, and to remove the effect of the provision for loan losses at DAMI.

Compliance-related goals for Progressive and our Aaron's Business for 2017 focused on several areas, including launching a new Code of Conduct and related compliance training, the development and implementation of various processes to further improve compliance monitoring, and improving further compliance procedures related to our Progressive business.

The only change to the 2017 performance measures and weights were to add a Compliance component for the Aaron's, Inc. participants, and adjust the weights of the other two metrics accordingly.

Performance Goals and Results. The Compensation Committee established annual goals for each of the performance measures in the annual incentive program, including a Threshold, Target, and Maximum performance goal that corresponded to a Threshold, Target, and Maximum incentive payout level. For the financial measures (Adjusted EBITDA and Adjusted revenue), the payout range was from 25% to 200% of Target and for Compliance the payout range was from 0% to 125% of Target (based on the number of compliance goals achieved).

The following tables summarize the performance goals, performance results, and related incentive payout levels as a percent of target for each NEO:

John W. Robinson III	\$1,156,100

Ryan K. Woodley	\$603,200
Curtis L. Doman	\$554,600

Long-Term Equity Incentive Awards

Aaron's long-term equity incentive awards are intended to:

- reward the achievement of business objectives that the Compensation Committee believes will benefit our shareholders;

- align the interests of our senior management with those of our shareholders; and

- assist with retaining our senior management to ensure continuity of leadership.

Beyond these objectives, the Compensation Committee also considers market design practices, equity dilution, accounting expense and other internal considerations when deciding on the structure and size of equity awards.

Award Type and Mix. Each year the Compensation Committee grants equity awards to our named executive officers, however the award type and mix may change from time to time. In order to balance performance and retention incentives, the 2017 equity awards were made in the form of performance share units, stock options, and time-based RSAs.

The following highlights the 2017 equity award mix, along with the key objectives of each component.

Time-based vesting RSAs and stock options are subject to a pro rata annual three-year vesting period, with vestings occurring in three equal increments on dates that are soon after the first, second and third anniversaries of the date of grant. The number of performance shares earned is determined over a one-year performance period after the date of grant, and those earned performance shares are subject to a pro rata, annual three-year vesting period, with the vestings occurring in three equal increments on dates that are soon after the first, second and third anniversaries of the date of grant. The Compensation Committee believes these extended vesting periods promote retention and ensures that the ultimate value of any awards earned is tied to subsequent stock price performance.

Target Awards. Mr. Robinson's target award is expressed as a dollar amount, with an annual grant date value that was established at \$5.2 million as per the employment agreement we entered into with him when he was promoted to serve as our Chief Executive Officer. Target awards for 2017 for our other NEOs are expressed as a percentage of base salary, and are shown below:

Named Executive Officer	LTIP Target % of Salary
-------------------------	-------------------------

Steven A. Michaels	200%
--------------------	------

Ryan K. Woodley	400%
-----------------	------

Curtis L. Doman	300%
-----------------	------

Douglas A. Lindsay	100%
--------------------	------

These award target percentages were set by the Compensation Committee after reviewing the general award levels across our peer group and considering the responsibilities of each NEO. There were no changes to these target award levels for 2017 as compared with 2016 for any of the NEOs.

Awards generally are converted to a target number of performance shares and time-based RSAs by dividing the allocable portion of the grant date award value by our closing stock price on the date of grant. To determine the number of options to grant, the allocable portion of the grant date award value was divided by the estimated fair value of an option, as determined for benchmarking purposes using the Black-Scholes valuation methodology.

The long-term incentive target awards that were granted to our NEOs pursuant to the 2017 program structure are set forth in the table below:

Named Executive Officer	Number of Options	Number of Time Based Restricted Stock Awards	Number of Performance Shares	Aggregate Shares Underlying Target 2017 Equity Awards
John W. Robinson III	147,180	47,850	95,670	290,700
Steven A. Michaels	31,140	10,140	20,250	61,530
Ryan K. Woodley	49,260	16,020	32,010	97,290
Curtis L. Doman	33,990	11,040	22,080	67,110
Douglas A. Lindsay	14,160	4,620	9,210	27,990

Performance Shares Performance Measures and Weights. The following were the performance measures and weights for the Performance Shares granted in 2017:

Aaron's, Inc.	Progressive	Aaron's Business
Robinson and Michaels	Woodley and Doman	Lindsay
• 25% Adjusted EBITDA	• 50% Invoice Volume	• 40% Adjusted EBITDA
• 50% Adjusted Revenue	• 30% Adjusted EBITDA	• 60% Adjusted Revenue (Consolidated)
• 25% Return on Capital	• 10% Adjusted EBITDA (Consolidated)	
	• 10% Adjusted Revenue (Consolidated)	

The Compensation Committee selected these measures to focus participants on growing our business and on sustaining and improving the quality of our earnings.

In each case, the measures are specific to each entity, except where noted as “consolidated,” which is referring to Aaron’s, Inc., and are calculated as follows:

Adjusted revenue is based on consolidated Aaron’s, Inc., Progressive, or Aaron’s Business results for 2017, as described above in “-Components of the Executive Compensation Program-Annual Cash Incentive Awards;”

Adjusted EBITDA is based on consolidated Aaron’s, Inc., Progressive or Aaron's Business results for 2017, as described above in “-Components of the Executive Compensation Program-Annual Cash Incentive Awards;”

Return on capital was measured by dividing net operating profit after tax by the sum of average net debt (which we define as debt less cash and cash equivalents) and average total shareholders’ equity, with the final result being an average of quarterly calculations; and

Invoice volume for Progressive is defined as the retail price of lease merchandise acquired and leased to a customer by Progressive during the performance period, net of returns.

Performance Goals and Results. The Compensation Committee established goals for each of the performance measures in the performance share program, including a Threshold, Target, and Maximum performance goal that corresponded to a Threshold, Target, and Maximum number of shares that could be earned. The number of shares that could be earned ranged from 25% to 200% of Target. Payouts for results between these levels are interpolated, with scales that vary by business segment. If the results are less than threshold, then no shares would be earned.

The following tables summarize the performance goals, performance results, and related earning levels as a percent of target for each NEO:

Aaron's, Inc: Robinson and Michaels

Metric	Weight	Plan Performance Range			Actual Performance and Payout		
		Threshold	Target	Maximum	Actual % of Target	Payout Calculation

The Performance Shares earned by the NEOs based on 2017 performance will vest in three annual increments on March 15, 2018, 2019 and 2020.

CEO Discretionary Equity Award Pool. In 2017, the Compensation Committee again established a pool of 100,000 shares to be granted by the Chief Executive Officer at his discretion to employees other than himself for retention and recognition purposes. Any awards proposed by Mr. Robinson for executive officers must be approved by the Compensation Committee. No awards to executive officers were made from this pool during 2017.

Executive Compensation Policies

Stock Ownership Guidelines. The Compensation Committee has adopted stock ownership guidelines to further align the interests of senior executives with our shareholders. The table below summarizes the current guidelines that apply to our NEOs:

Feature	Provision
	5x base salary: Chief Executive Officer
	3x base salary:
Required levels	CFO and President, Strategic Operations; Chief Executive Officer, Progressive; and Chief Product Officer, Progressive
	2x base salary: President, Aaron's Business
	Stock owned outright
	Shares held in retirement accounts
Shares counted toward guidelines	Unvested time-based RSUs and RSAs Earned but unvested performance shares "In the money" value of vested but unexercised stock options

Clawback Policy. The Compensation Committee has adopted a policy that provides that annual incentive and equity awards to our executive officers may be recouped if we restate our consolidated financial statements. Under this policy, covered employees including our NEOs may be required to repay to the Company the difference between the amount of incentives and awards received and the amount that would have been payable under the restated financial statements.

Securities Trading Policy. As part of our Insider Trading Policy, all of our officers and directors are prohibited from trading any interest or position relating to the future price of our securities. These prohibited transactions include trading in puts, calls, short sales or hedging transactions, but do not generally prohibit other purchases and sales of our common stock made in compliance with the limitations contained in our Insider Trading Policy. Pledging of Company securities is prohibited under our Insider Trading Policy.

Tally Sheets. The Compensation Committee reviews tally sheets for select executives. These tally sheets provide a comprehensive view of target, actual and contingent executive compensation payouts under a variety of termination and performance scenarios. The tally sheets allow the Compensation Committee to understand the cumulative effect of prior pay decisions and stock performance, as well as the retentive ability of existing long-term incentives, severance and change in control arrangements. The tally sheets are intended to facilitate the Compensation Committee's understanding of the nature and amounts of total compensation under our executive compensation program and to assist the Compensation Committee in its overall evaluation of our program.

Executive Benefits and Perquisites

Our executive compensation program also provides certain benefits and perquisites to our NEOs. The value of these benefits and perquisites represents a small portion of a NEO's overall total compensation opportunity and does not materially influence the Compensation Committee's decisions with respect to the salary and incentive elements of the compensation of our NEOs. The Compensation Committee periodically reviews the perquisites and other personal benefits that we provide to senior management to ensure they remain in the best interests of the Company and its shareholders.

Healthcare Benefits. Our NEOs receive a full range of standard benefits, including the medical, dental, vision, life and voluntary disability coverage available to our employees generally.

Retirement Plans. Our NEOs participate on the same basis as other employees in the 401(k) Retirement Savings Plan, which we refer to as the 401(k) Plan, for all full-time employees. Employees with at least one year of service who meet certain eligibility requirements are eligible for a Company match.

Our 401(k) Plan uses a safe harbor formula that allows employees to contribute up to 75% of their annual compensation with 100% matching by the Company on the first 3% of compensation and an additional 50% match on

the next 2% of compensation. All matching by the Company is immediately vested under the new plan formula and any prior contributions will continue to vest under the preceding vesting schedule.

Under the Company's Nonqualified Deferred Compensation Plan, which we refer to as the "Deferred Compensation Plan," a select group of management or highly compensated employees are eligible to elect to defer up to 75% of their base salary and up to 75% of their annual bonus on a pre-tax basis. Should they so elect, the Company will make matching contributions under the same formula that applies for our 401(k) Plan, with the combined benefit not exceeding the 401(k) Plan benefit.

Perquisites. The primary perquisite we offer to our NEOs is corporate aircraft use. Our NEOs may use the Company's aircraft from time to time for non-business use. Incremental operating costs associated with such personal use is paid by the Company. The amount of income attributed to each NEO for income tax purposes from personal aircraft use is determined by the Standard Industry Fare Level method, and the executives are responsible for paying the tax on this income. The aggregate incremental cost to the Company of such use by each NEO, if any, is included under the "All Other Compensation" column of "Executive Compensation-Summary Compensation Table."

Employment Agreements and Other Post-Termination Protections

To attract and retain talented executives, we recognize the need to provide protection to our executives in the event of certain termination situations. The highly competitive nature of the relevant market for key leadership positions means we may be at a competitive disadvantage in trying to retain our current leaders, or hire executives from outside the Company, if we are not able to offer them the type of protections typically found in the market.

Accordingly, we have entered into an employment agreement with Mr. Robinson that details the duties and related compensation for his service as our Chief Executive Officer. We also entered into employment agreements with Messrs. Woodley and Doman when we acquired Progressive. Finally, we have adopted a severance plan, under which Messrs. Michaels, Lindsay, Woodley and Doman are covered, that is intended to provide certain benefits in the event employment is terminated by us without cause, or termination of employment occurs without cause or by the executive officer for good reason within two years after a change in control of the Company. Both the employment agreements and the severance plan aid us in retaining key leaders who are critical to the ongoing stability of our business, foster objectivity across the participants should they be asked to evaluate proposals that may result in the loss of their employment, and provide important protections to us in terms of confidential information and competitive matters that could arise after their employment is terminated.

The specific details of the employment agreements and our severance plan are described later in this Proxy Statement, in the sections titled "Executive Compensation-Employment Agreements with Named Executive Officers" and "Executive Compensation-Potential Payments Upon Termination or Change in Control-Severance Plan."

Policy on Compensation Tax Deductibility

In approving executive compensation arrangements for 2017, the Compensation Committee reviewed and considered the tax deductibility of executive compensation arrangements under Internal Revenue Code Section 162(m), and generally attempted to structure the short-term and long-term incentive programs in a way that would qualify most payments thereunder as "performance-based" in order to preserve tax deductibility. However, the Committee has always reserved the right to approve compensation arrangements that do not meet the requirements of Section 162(m) and are therefore not tax deductible, when doing so serves the purpose of accomplishing other important objectives of the executive compensation program.

Effective for tax years beginning after December 31, 2017, U.S. tax law changes will expand the definition of covered employees under Section 162(m) to, include among others, the Chief Financial Officer, and eliminate the performance-based compensation exception. At this time, it is not certain that our performance-based compensation for periods prior to 2018 will qualify for an exemption from the deduction limit under transition relief applicable to arrangements in place as of November 2, 2017, as we, like many other companies, are awaiting guidance from the Internal Revenue Service related to this matter before we are able to make a final determination.

The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy. The Compensation Committee reviews each material element of compensation on a continuing basis to determine whether deductibility can be accomplished without sacrificing flexibility and other important elements of the overall executive compensation program.

COMPENSATION COMMITTEE REPORT

The Compensation Committee operates pursuant to a written charter adopted by the board of directors and available through the Company's website, <http://www.aarons.com>. The Compensation Committee is composed of four independent members of the board as defined under the listing standards of the New York Stock Exchange and under the committee's charter. The Compensation Committee is responsible for assisting the board of directors in fulfilling its oversight responsibilities with respect to executive and director compensation.

In keeping with its responsibilities, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section included in the Proxy Statement related to the Company's 2018 Annual Meeting of Shareholders and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2017. Based on such review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis section be included in the Proxy Statement and incorporated into the Annual Report on Form 10-K.

This report is respectfully submitted by the Compensation Committee of the board of directors.

(1) Represents cash bonuses paid to Mr. Lindsay in recognition of the important role that he played in developing the restructuring plan for our Aaron's Business, and to reward him for the numerous operational and other business improvements he initiated during 2016, as well as the strategies he developed and implemented to improve our ongoing results.

(2) Represents the aggregate grant date fair value of awards of time-based RSUs, RSAs and performance shares recognized by the Company as required by Financial Accounting Standards Board Codification Topic 718. See Note 12 to the Company's consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for a discussion of the assumptions used in calculating these amounts. For the time-based RSUs and RSAs, the fair value is calculated using the closing stock price on the date of grant. For the

performance shares, the fair value is also the closing stock price on the date of grant, multiplied by a number of shares that is based on the targeted attainment level, which represents the probable outcome of the performance condition on the date of grant. The amounts do not reflect the value actually realized or that may ultimately be realized by our named executive officers. Assuming the highest performance conditions for the performance share awards, the grant date fair value would be: Mr. Robinson \$5,200,621; Mr. Michaels \$1,100,790; Mr. Woodley \$1,740,064; Mr. Doman \$1,200,269; and Mr. Lindsay \$500,656.

(3) Reflects the value of the cash bonus earned under our annual cash incentive award program.

We provide a limited number of perquisites to our named executive officers and value those perquisites based on their aggregate incremental cost to the Company. We calculated the incremental cost of Company aircraft use based on the average variable operating costs to the Company. Variable operating costs include fuel costs, maintenance fees, positioning costs, catering costs, landing/ramp fees and the amount, if any, of disallowed tax deductions associated with the personal use of Company aircraft. The total annual variable operating costs are

(4) divided by the annual number of flight hours flown by the aircraft to derive an average variable cost per flight hour. This average variable cost per flight hour is then multiplied by the flight hours flown for personal use to derive the incremental cost to the Company. This method excludes fixed costs that do not change based on usage, such as pilots' and other employees' salaries and benefits and hangar expenses. Aggregate incremental cost, if any, of travel by the executive's family or other guests when accompanying the executive is also included.

(5) Includes matching contributions in the amount of \$10,800 made by the Company to Messrs. Michaels', Woodley's, Doman's or Lindsay's account, as applicable, in the Company's 401(k) plan.

For the named executive officers, represents the amounts that could be earned under the annual cash incentive award program based on performance against pre-determined goals for Adjusted revenue and Adjusted EBITDA, (1) measured on a Company-wide basis or for Aaron's Business or Progressive, based on each executive's organizational level. The amounts actually earned are included in the non-equity incentive plan compensation column of the Summary Compensation Table.

(2) Represents the performance shares granted under our 2017 long-term equity incentive award program.

Performance metrics for Messrs. Robinson and Michaels included consolidated Company Adjusted revenues, consolidated Company Adjusted EBITDA and consolidated return on capital. Performance metrics for Messrs. Woodley and Doman included Progressive Adjusted EBITDA and invoice volume and consolidated Company total Adjusted revenues and Adjusted EBITDA. Performance metrics for Mr. Lindsay included consolidated Company Adjusted revenue and Adjusted EBITDA for the Aaron's Business. For all named executive officers who received

awards, the threshold number of shares represents 25% of target, and the maximum number of shares represents 200% of target. Any awards earned vest in three approximately equal increments over a three-year period on March 15, 2018, 2019 and 2020. Based on our performance for the year, performance shares were earned under the 2017 program at 140.4% of target for Messrs. Robinson and Michaels, at 165.8% of target for Messrs. Woodley and Doman, and at 147.0% of target for Mr. Lindsay

Includes the time-based RSAs granted to each of our named executive officers under our 2017 long-term equity (3) incentive award program, that are expected to vest in three approximately equal increments over a three-year period on each of March 15, 2018, 2019 and 2020.

(4) Includes stock options granted under our 2017 long-term equity incentive award program that are expected to vest in three approximately equal increments over a three-year period on each of March 15, 2018, 2019 and 2020.

Represents the aggregate grant date fair value of awards recognized by the Company as required by Financial Accounting Standards Board Codification Topic 718. See Note 11 to the Company's consolidated financial (5) statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for a discussion of the assumptions used in calculating these amounts.

Employment Agreements with Named Executive Officers

Employment Agreement with Mr. Robinson. In connection with his appointment as Chief Executive Officer effective November 10, 2014, we entered into a new employment agreement with Mr. Robinson that superseded our prior agreement with him that was entered into when we acquired the Progressive segment.

Mr. Robinson's compensation as Chief Executive Officer was established by the Compensation Committee after considering the following: his compensation as Chief Executive Officer of Progressive, the significant increase in his responsibilities as a result of his appointment as Chief Executive Officer of the Company, market compensation levels generally for chief executive officers across the Company's historical retail-oriented peer group, and the need to provide compensation opportunities to Mr. Robinson commensurate with his experience in and knowledge of the industry.

Mr. Robinson's current agreement contains a rolling, three-year term although the Company may, upon proper notice, cease the automatic extension. The agreement provides for an annual base salary of \$700,000 for Mr. Robinson, a target annual cash incentive award of 100% of base salary, and an annual target long-term incentive award with a value of \$5,200,000. The agreement also provided for an initial equity grant of 5,000 time-based RSUs that vest on the first anniversary of the grant date.

Pursuant to this agreement, Mr. Robinson is entitled to participate in any of the Company's present and future stock or cash bonus plans that are generally available to the Company's executive officers. Mr. Robinson is also entitled to paid vacation, life insurance, health insurance, fringe benefits and such other employee benefits generally made available by the Company to its executive officers. Specific benefits will be provided in the event Mr. Robinson's employment is terminated without cause by the Company or by him for good reason which are discussed in greater detail in "—Potential Payments Upon Termination or Change in Control." Mr. Robinson's employment agreement also contains customary confidentiality, non-competition, non-solicitation and release provisions in favor of the Company.

Employment Arrangement with Mr. Woodley. In connection with our acquisition of Progressive in 2014, we entered into an employment agreement with Mr. Woodley to serve as the Chief Operating Officer / Chief Financial Officer of Progressive at an initial annual base salary of \$350,000 and a four-year term. Under the terms of his employment agreement, Mr. Woodley is eligible to participate in the Company's annual cash and long-term incentive programs. Mr. Woodley will receive benefits under his agreement in the event of death or disability, and will receive severance benefits under the Severance Plan in the event he is terminated by the Company without cause or resigns for good reason. Mr. Woodley has also agreed to customary confidentiality, non-competition, non-solicitation and release provisions in favor of the Company. The Company subsequently appointed Mr. Woodley as Chief Executive Officer of Progressive in January 2015. The Company did not enter into an amended or new employment agreement with Mr. Woodley upon his appointment as CEO of Progressive.

Employment Arrangement with Mr. Doman. In connection with our acquisition of Progressive in 2014, we entered into an employment agreement with Mr. Doman to serve as the Chief Technology Officer of Progressive at an initial annual base salary of \$350,000 and a four-year term. Under the terms of his employment agreement, Mr. Doman is eligible to participate in the Company's annual cash and long-term incentive programs. Mr. Doman will receive benefits under his agreement in the event of death or disability, and will receive severance benefits under the Severance Plan in the event he is terminated by the Company without cause or resigns for good reason. Under his employment agreement, Mr. Doman has also agreed to customary confidentiality, non-competition, non-solicitation and release provisions in favor of the Company.

Aaron's, Inc. 2015 Equity and Incentive Plan

General. The purpose of the Aaron's, Inc. 2015 Equity and Incentive Plan, or the "2015 Plan," which was approved by our shareholders at an annual meeting on May 6, 2015, is to promote the long-term growth and profitability of Aaron's and our subsidiaries by providing employees, directors, consultants, advisors and other persons who work for us and our subsidiaries with incentives to maximize shareholder value and otherwise contribute to our continued success. In addition, we believe the 2015 Plan is a critical component to help us attract, retain and reward the best talent and align their interests with our shareholders. The 2015 Plan may be amended and terminated by the Compensation Committee at any time, and no awards may be made under the 2015 Plan after March 10, 2025.

Administration. The Compensation Committee administers the 2015 Plan and has the right to select the persons who receive awards under the 2015 Plan. The Compensation Committee also has the authority to set the terms and conditions of all grants and awards made under the 2015 Plan, including the term, exercise price, vesting conditions, performance measures and the consequences of termination of employment of any such grants and awards. In particular, the Compensation Committee has the authority to reduce any award as it determines appropriate and, with regard to performance criteria, to determine whether the applicable performance criteria have been met for any awards made under the 2015 Plan.

Awards Available for Grant. The 2015 Plan provides for the grant of non-qualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted stock, RSUs, performance shares, performance units, annual cash incentive awards and other stock-based awards to eligible participants. Incentive stock options may only be granted to employees of the Company or its subsidiaries.

Number of Shares Authorized. The number of shares available for issuance pursuant to awards granted under the 2015 Plan is 5,000,000 shares, subject to certain adjustments described in the 2015 Plan. Except to the extent the Compensation Committee determines that an award is not intended to comply with the performance-based compensation provisions of Section 162(m) of the Internal Revenue Code, the number of awards that, in the aggregate, may be granted in any one fiscal year to any participant is limited as follows:

the maximum number of options and SARs is 1,000,000;

the maximum number of shares of restricted stock and/or RSUs is 600,000 shares and/or units;

the maximum aggregate payout with respect to performance units is \$5,000,000 dollars (to the extent settled in cash) or 600,000 shares (to the extent settled in shares);

the maximum number of other awards is the fair market value (determined as of the grant date) of 600,000 shares;

the maximum aggregate payout (determined as of the end of the applicable performance period) with respect to annual incentive cash awards is \$5,000,000; and

the maximum aggregate number of shares under all awards granted in any one fiscal year to any non-employee director (excluding any awards made at the election of the director in lieu of all or a portion of the director's annual and committee cash retainer fees) is 20,000 shares.

The limitations on performance shares, performance units and other awards are applied based on the maximum amount that could be paid under each such award.

Amended and Restated 2001 Stock Option and Incentive Award Plan

The Aaron Rents, Inc. 2001 Stock Option and Incentive Award Plan, as amended, or the "2001 Incentive Plan," was terminated and replaced by the 2015 Plan. The 2001 Incentive Plan is no longer open to participation by any of our employees, officers or directors, and no further awards may be granted under the 2001 Incentive Plan. While the plan remained in effect, the Compensation Committee administered the 2001 Incentive Plan and had the exclusive right to set the terms and conditions of grants and awards, including the term, exercise price, vesting conditions (including vesting based on the Company's performance or upon share price performance), and consequences of termination of employment. The Compensation Committee also selected the persons who receive such grants and awards and interpreted and administered the 2001 Incentive Plan. The last awards granted under the 2001 Incentive Plan are expected to vest in 2018, and the last stock options granted under that plan will expire in 2025.

Outstanding Equity Awards at 2017 Fiscal Year-End

The following table provides information on outstanding stock option and stock awards held by the named executive officers, including both unexercised and unvested awards, as of December 31, 2017. The market value of the stock awards is based upon the closing market price for the Company's common stock as of December 31, 2017, which was \$39.85.

Pension Benefits

We do not provide defined benefit pension plans for our named executive officers.

Nonqualified Deferred Compensation as of December 31, 2017

Effective July 1, 2009, the Company implemented the Deferred Compensation Plan, an unfunded, nonqualified deferred compensation plan open to a select group of management, highly compensated employees and non-employee directors. On a pre-tax basis, eligible employees can defer receipt of up to 75% of their base salary and up to 75% of their incentive pay compensation, and eligible non-employee directors can defer receipt of up to 100% of their cash director fees. In addition, the Company elected to make restoration matching contributions on behalf of eligible employees to compensate for certain limitations on the amount of matching contributions an employee can receive under the Company's tax-qualified 401(k) plan.

Compensation deferred under the plan is credited to each participant's deferral account and a deferred compensation liability is recorded in accounts payable and accrued expenses in the consolidated balance sheets. The Deferred Compensation Plan liability was \$12.9 million and \$12.0 million as of December 31, 2017 and 2016, respectively. Liabilities under the plan are recorded at amounts due to participants, based on the fair value of participants' selected investments. The Company has established a rabbi trust to fund obligations under the plan with Company-owned life insurance. The obligations are unsecured general obligations of the Company and the participants have no right, interest or claim in the assets of the Company, except as unsecured general creditors. The cash surrender value of these policies totaled \$17.1 million and \$15.6 million as of December 31, 2017 and 2016, respectively, and is included in prepaid expenses and other assets in the consolidated balance sheets. Gains related to the changes in the cash surrender value of the Company-owned life insurance plans were \$1.5 million, \$0.2 million and \$0.8 million as of December 31, 2017, 2016 and 2015, respectively, and were recorded within other non-operating

income (expense) in the consolidated statement of earnings.

Benefits of \$2.3 million, \$1.4 million and \$1.7 million were paid during the years ended December 31, 2017, 2016 and 2015, respectively. Effective January 1, 2018 the Company is implementing a discretionary match within the Deferred Compensation Plan. The match allows eligible employees to receive 100% matching by the Company on the first 3% of contributions and 50% on the next 2% of contributions for a total of a 4% match. The match is not to exceed \$11,000 for an individual employee for 2018 and is subject to a three year cliff vesting schedule. Deferred compensation expense charged to operations for the Company's restoration matching contributions was not significant during any of the periods presented.

The following table provides information on accounts of and compensation deferred by our named executive officers pursuant to the Deferred Compensation Plan.

Potential Payments Upon Termination or Change in Control

Severance Plan. The Compensation Committee has adopted an Executive Severance Pay Plan, which we refer to as the “Severance Plan,” intended to provide senior managers certain benefits in the event their employment is terminated by us without cause or after a change in control. Messrs. Michaels, Woodley, Doman and Lindsay are eligible for benefits under this plan which was adopted to assist us in hiring executives, in retaining key leaders who are critical to the ongoing stability of our business, and to foster objectivity across the participants should they be asked to evaluate proposals that may result in the loss of their employment. The Severance Plan also provides important protections to us in terms of confidential information and competitive matters that could arise after their employment is terminated.

John W. Robinson III. The employment agreement with Mr. Robinson specifies the payments to be provided if Mr. Robinson’s employment is terminated under various scenarios described in the agreement, including death, disability, termination with or without cause, and termination by him with or without good reason.

Other than during the two years following a change in control, if Mr. Robinson is (i) involuntarily terminated by the Company without cause (and other than due to death or disability) or (ii) he voluntarily terminates his employment for good reason, Mr. Robinson would be entitled to receive (v) continued payment of salary for a period of twenty-four months and additional cash payments during each of the twenty-four months equal to one-twelfth of his target annual incentive for the year in which his termination occurs, (w) cash in an amount equal to the pro rata portion (based on the number of days in the year occurring prior to his termination) of the average of his bonuses earned during each of the two calendar years immediately preceding the year in which his termination occurs, or, if termination occurs prior to two full years of employment, the average of the earned bonus for any completed year and his target bonus for the year of termination, (x) cash in an amount after taxes equal to twenty-four multiplied by the difference between the monthly cost of participating in the Company’s medical and dental programs under COBRA and the monthly premium that an active employee would pay for the same coverage, as of the date of termination, (y) vesting of all outstanding equity awards that have been granted to him to the extent provided under the terms of such awards and (z) payment for all accrued paid time off through his date of termination.

During the two years following any change in control, if Mr. Robinson is (i) involuntarily terminated by the Company without cause (and other than due to death or disability) or (ii) voluntarily terminates his employment for good reason, Mr. Robinson would be entitled to receive (v) cash in an amount equal to two times his base salary plus two times his target annual incentive for the year in which his termination occurs, (w) cash in an amount equal to the pro rata portion (based on the number of days in the year occurring prior to his termination) of the average of his bonuses earned during each of the two calendar years immediately preceding the year in which his termination occurs, or, if termination occurs prior to two full years of employment, the average of the earned bonus for any completed year and his target bonus for the year of termination, (x) cash in an amount after taxes equal to twenty-four times the applicable COBRA premium to participate in the Company’s medical and dental programs, as of the date of termination, (y) full vesting of all outstanding equity awards that have been granted to him and (z) payment for all accrued paid time off through his date of termination.

If Mr. Robinson voluntarily terminates his employment (other than for good reason or due to death or disability) or is involuntarily terminated by the Company for cause, Mr. Robinson would be entitled only to accrued but unpaid salary and earned bonus through the last day of his employment.

In the event of Mr. Robinson's termination due to death or disability, Mr. Robinson (or his estate or beneficiary, as the case may be) would be entitled to receive any amounts accrued through his termination, including base salary and earned bonus. In addition, he would also be entitled to receive a pro rata bonus for the fiscal year in which the termination occurs equal to the bonus that would be payable under any annual bonus plan based on the Company's performance at the end of the last completed fiscal quarter, prorated based on the number of days he worked in such year.

If any payments to be made or benefits to be provided under our employment agreement with Mr. Robinson would result in a “parachute payment” as defined in Section 280G of the Internal Revenue Code, then such payments or benefits will be reduced to the minimum extent necessary so that no such payment or benefit, as so reduced, would constitute a parachute payment, unless the net after-tax amount Mr. Robinson would receive without this reduction exceeds by at least 10% the net after-tax amount he would receive with this reduction.

Assuming Mr. Robinson’s employment terminated or there was a change in control on December 31, 2017, such payments and benefits have an estimated value of:

Steven A. Michaels, Ryan K. Woodley, Curtis L. Doman and Douglas A. Lindsay. Each of Messrs. Michaels, Woodley, Doman and Lindsay would receive awards under our Severance Plan upon termination of employment without cause or following a change in control. Under the terms of our Executive Severance Pay Plan that applied to Messrs. Michaels, Woodley, Doman and Lindsay in 2017, non-equity awards would also be granted in certain instances upon termination of employment or in the event of a change in control. Under the 2001 Incentive Plan, vesting is accelerated with respect to outstanding equity awards in certain instances upon termination of employment or in the event of a change in control. Under the 2015 Equity Incentive Plan, vesting is accelerated with respect to outstanding equity awards in certain instances but only upon termination of employment. Messrs. Woodley and Doman would also receive payments under their employment arrangements with the Company upon termination of their employment without cause or their resignation for good reason.

Employment Agreement Definitions. For purposes of our employment agreement with Mr. Robinson, "Cause" generally means such person's (i) material fraud, malfeasance, gross negligence, or willful misconduct with respect to business affairs of the Company which is, or is reasonably likely to be if such action were to become known by others, directly or materially harmful to the business or reputation of the Company or any subsidiary of the Company; (ii) conviction of or failure to contest prosecution for a felony or a crime involving moral turpitude; or (iii) material breach of his employment agreement. A termination of Mr. Robinson for Cause based on clause (i) or (iii) of the preceding sentence would take effect 30 days after Mr. Robinson receives from the Company written notice of intent to terminate and the Company's description of the alleged Cause, unless Mr. Robinson shall, during such 30-day period, remedy the events or circumstances constituting Cause; provided, however, that such termination shall take effect immediately upon the giving of written notice of termination of Cause under any clause if the Company shall have determined in good faith that such events or circumstances are not remediable (which determination shall be stated in such notice).

The definition of "Cause" for purposes of our employment agreements with Messrs. Woodley and Doman are substantially similar to those contained in our employment agreement with Mr. Robinson.

For purposes of our employment agreement with Mr. Robinson, "Change in Control" generally means: (i) the acquisition (other than from the Company) by any person of beneficial ownership, of thirty-five percent (35%) or more of the combined voting power of then outstanding securities of the Company entitled to vote generally in the election of directors, which we refer to as the Outstanding Company Voting Securities, excluding, however, (1) any acquisition by the Company or (2) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; (ii) a majority of the members of our board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of our board of directors before the date of the appointment or election; or (iii) consummation by the Company of a reorganization, merger, or consolidation or sale of all or substantially all of the assets of the Company; excluding, however, a transaction pursuant to which all or substantially all of the individuals or entities who are the beneficial owners, respectively, of the Outstanding Company Voting Securities immediately prior to such transaction will beneficially own, directly or indirectly, more than 50 percent of the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors of the corporation resulting from such transaction (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or indirectly) in substantially the same proportions relative to each other as their ownership, immediately prior to such transaction, of the Outstanding Company Voting Securities.

For purposes of the employment agreements described herein, "Good Reason" generally means: (i) any material reduction in the named executive officer's base salary; (ii) any material reduction in the named executive officer's authority, duties or responsibilities; (iii) any significant change in the geographic location at which the named executive officer must perform his duties; or (iv) any material breach of the named executive officer's employment agreement by the Company.

For purposes of the employment agreements described herein, “Disability” shall mean the named executive officer’s inability, due to physical or mental injury or illness, to perform the essential functions of his position with or without reasonable accommodation for a period of 180 days, whether or not consecutive, occurring within any period of 12 consecutive months.

Severance Plan Definitions. Our Severance Plan contains definitions for the terms “Cause,” “Change in Control,” “Good Reason” and “Disability” which are substantially similar to those contained in “—Potential Payments Upon Termination or Change in Control—Employment Agreement Definitions” above.

Incentive Plans. Generally, under the terms of our Executive Severance Pay Plan, in the event of a change in control, the named executive officer would receive an automatic payment of target-level cash bonuses, prorated to the extent the change in control occurs during the annual performance period. The Executive Severance Pay Plan does not contain a provision accelerating or awarding payments in the event of termination.

Generally, under the terms of the 2001 Incentive Plan and the related award agreements, all outstanding unvested equity awards of restricted stock, RSUs, performance shares and stock options immediately vest in the event of termination of employment due to death or, in the case of awards granted in 2014 or later, disability. In the event of termination for any other reason not in connection with a change in control, all unvested equity awards are forfeited. In the event of a change in control, all outstanding unvested stock options, performance shares and restricted stock awards granted before 2015 would immediately vest; awards granted in 2015 or later would vest only upon a termination by the employer without Cause or by the executive officer for Good Reason during the following two years.

Under the terms of the 2015 Equity Incentive Plan and the related award agreements that apply to our executive officers, all outstanding unvested stock options, RSUs and earned performance shares immediately vest in the event of termination of employment due to death or disability. With respect to performance shares that have not been earned at the time of a termination of employment due to death or disability, those performance shares will not vest immediately, but rather, will vest at the earned amount that is determined at the end of the performance period applicable to those performance shares. In the event of termination for any other reason not in connection with a change in control, all unvested equity awards are forfeited. In the event of a change in control, all outstanding unvested stock options, RSUs and performance shares would vest upon a termination by the employer without Cause or by the executive officer for Good Reason during the following two years.

- The annual total compensation of our CEO was \$7,019,209; and

- The ratio between the annual total compensation of our CEO to the annual total compensation of the median employee was estimated to be 223-to-1.

The methodology and material assumptions, adjustments, and estimates used to identify our median employee for this purpose were as follows:

We selected December 31, 2017 as the determination date for purposes of identifying our median employee. We determined that, as of December 31, 2017, our employee population consisted of approximately 12,208 individuals globally.

All of our employees located outside the United States are located in Canada and in the aggregate comprise less than 5% of our total employee population. Pursuant to SEC rules, we excluded our Canadian population of 294 employees from the total employee population used to identify the median employee. As a result, the employee population used for purposes of identifying the median employee consisted of 11,914 employees, all of whom were located in the United States.

Given the availability of payroll data, we employed statistical sampling (excluding our CEO) to identify the “median employee.” To identify the sample population, we used the annual rate of pay for 2017, with salaries annualized for those permanent employees who did not work for the full year. We combined each of Aaron’s, Inc.’s operating subsidiaries (the Aaron’s Business, Progressive Leasing and Dent-A-Med, Inc.) into a singular population given the similarity of operating subsidiary population median pay. From this combined population we calculated the median, standard deviation and variance of this population to determine a sample size of 400 employees. A computer-generated random sampling method was employed to determine the individuals in the 400 person sample. We then obtained 2017 earnings reported in Box 1 on Form W-2 for each of the 400 employees in the sample to identify our median employee.

With respect to the annual total compensation of the median employee, we identified and calculated the elements of such median employee’s compensation using the same methodology reflected in the Summary Compensation Table. This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median paid employee and calculating this pay ratio allow companies to apply various methodologies and assumptions. As a result, the pay ratio reported above may not be comparable to the pay ratio reported by other companies.

AUDIT COMMITTEE REPORT

Committee Composition and Skills

The Audit Committee is comprised of five non-employee directors. The Company's Board of Directors (the "Board") has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the NYSE and the additional, heightened independence criteria that apply to members of the Audit Committee under SEC and NYSE rules. The Board has also determined that Ms. Day and Messrs. Curling, Ehmer, and Harris are "audit committee financial experts," as defined by the SEC. All of the Audit Committee members attended 100% of the meetings of the Audit Committee held during our 2017 fiscal year, with the exception of one member who missed one Audit Committee meeting due to illness. See "Governance-Nominees to Serve as Director" for highlights of the experience, qualifications and skills of each Audit Committee member.

Responsibilities of the Audit Committee, Management, and the External Auditor

The Audit Committee is responsible for the appointment, compensation, and oversight of Ernst & Young LLP, which we refer to as "EY," the Company's independent registered public accounting firm. Further, the Audit Committee is responsible for monitoring and overseeing the Company's financial reporting, internal controls, internal audit functions, and critical accounting policies and practices, all as set forth in the Audit Committee's charter, which is a written charter adopted by the Company's Board that outlines the responsibilities and practices of the Audit Committee. The Audit Committee charter is available through the Company's website, <http://www.aarons.com>.

Regarding its oversight of the Company's internal audit function, the Audit Committee reviewed the internal audit plan and staffing of the Company's internal audit department for 2017. The Company's Vice President of Internal Audit reports directly to the Audit Committee, and meets with the Audit Committee in executive session on a regular basis to discuss the progress and results of the internal audit and other matters.

The Audit Committee also oversees the Company's risk function, which includes reviewing the Company's:

- policies and procedures to assess, monitor, and manage various types of risks;
- compliance programs;
- ethics program; and
- information security and privacy program, including its cybersecurity risk mitigation initiatives.

In carrying out that oversight, the Committee receives reports from the Company's most senior risk, compliance and information security managers on a regular basis during its meetings, and meets with those managers in executive sessions periodically. In addition, the Audit Committee reviews the Company's procedures relating to the receipt, retention and investigation of, and response to, any complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of any concerns regarding accounting or auditing matters.

The Audit Committee also reviews and discusses with management, the Company's internal auditors and EY the quarterly and annual earnings press releases, consolidated financial statements (including any presentation of non-GAAP financial information), and disclosures contained in the Company's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K, including those under the heading "Management's Discussion and Analysis and Financial Condition and Results of Operations." During fiscal year 2017, the Audit Committee held nine meetings.

Management has primary responsibility for:

- The presentation and integrity of the Company's consolidated financial statements;
- Implementing accounting and financial reporting principles;
- Establishing and maintaining disclosure controls and procedures;
- Establishing and maintaining internal controls over financial reporting;
- Evaluating the effectiveness of disclosure controls and procedures;
- Evaluating the effectiveness of internal controls over financial reporting;
- Evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting; and
- Establishing and maintaining the Company's Enterprise Risk Management program.

EY is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for expressing an opinion as to their conformity with generally accepted accounting principles. EY also is responsible for performing an audit of internal controls over financial reporting. The Audit Committee reviewed EY's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K.

Appointment of EY

EY has served as the Company's independent registered public accounting firm since 1991. Before retaining EY for the Company's 2017 fiscal year, the Audit Committee considered, among other things:

- EY's historical and recent performance on the Company's audit;
- EY's capability, expertise, and relevant industry knowledge;
- External information on EY's audit quality and performance, such as reports from the Public Company Accounting Oversight Board ("PCAOB");
- EY's fees and related staffing of our account; and
- EY's independence and tenure as our auditor, including the benefits and independence risks of having a long-tenured auditor, and the controls and processes of the Company and EY that help ensure EY's independence.

After determining to retain EY for 2017, the Audit Committee reviewed the terms of the proposed engagement, which included proposed fees for 2017. Throughout 2017, the Audit Committee, or the Chair of the Audit Committee (pursuant to delegated authority from the Audit Committee), reviewed engagements for additional audit or non-audit projects, and the related fees, that were outside the scope of the previously approved 2017 EY engagement.

Discussions with EY

As discussed above, the Audit Committee regularly meets with EY, with and without management present, to discuss, among other matters, the results of its examinations and evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In keeping with its responsibilities, the Audit Committee has discussed with EY the matters required to be discussed by PCAOB Auditing Standard No. 16, Communications with Audit Committees (which has been reorganized and is now codified as PCAOB Auditing Standard No. 1301). The Audit Committee has received the written disclosures and the letter from EY required by the PCAOB regarding EY's communications with the Audit Committee concerning independence, and has discussed with EY its independence, as well as the overall scope and plans for its audit.

Audited Consolidated Financial Statements

The Audit Committee has reviewed and discussed the Company's audited, consolidated financial statements for the fiscal year ended December 31, 2017 with management and with EY. Based on these discussions, reports of management and EY, and the Audit Committee's review of the representations of management, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee's written charter, the Audit Committee recommended to the Board that the audited, consolidated financial statements of the Company, for the fiscal year ended December 31, 2017, be included in the Company's Annual Report on Form 10-K for filing with the SEC.

This report is respectfully submitted by the Audit Committee of the board of directors.

The following table sets forth the fees for services provided by our independent auditors in each of the last two fiscal years.

In addition to the fees reflected above, the Company reimbursed EY for out of pocket expenses that were incurred while performing these audit services totaling \$50,328 and \$50,224 in 2017 and 2016, respectively.

(4) Includes fees associated with the Company's online accounting research subscription.

Approval of Auditor Services

The Audit Committee is responsible for pre-approving all audit and permitted non-audit services provided to the Company by its independent auditors. To help fulfill this responsibility, the Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy, which we refer to as the "Pre-Approval Policy." Under the Pre-Approval Policy, all auditor services must be pre-approved by the Audit Committee either (i) before the commencement of each service on a case-by-case basis (specific pre-approval) or (ii) by description in sufficient detail in the Pre-Approval Policy of particular services which the Audit Committee has generally approved, without the need for case-by-case consideration (general pre-approval).

Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Audit Committee or its Chair. The Pre-Approval Policy describes the audit, audit-related and tax services that have received general pre-approval. These general pre-approvals allow the Company to engage the independent auditors for the enumerated services for individual engagements up to the fee levels prescribed in the Pre-Approval Policy. The annual audit engagement for the Company is subject to the specific pre-approval of the Audit Committee. Any engagement of the independent auditors pursuant to a general pre-approval must be reported to the Audit Committee at its next regular meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated fee ranges. The Pre-Approval Policy does not delegate the Audit Committee's responsibility to pre-approve services performed by the independent auditors to management.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures Dealing with the Review, Approval and Ratification of Related Party Transactions

The charter of the Audit Committee provides that the Audit Committee shall review and ratify all transactions to which the Company is a party and in which any director or executive officer has a direct or indirect material interest, apart from their capacity as director or executive officer of the Company. To assist with this review process, the Audit Committee has adopted a policy on related party transactions that provides procedures for the review, and approval or ratification, of certain transactions involving related parties. This policy applies to any transaction or series of transactions in which we or one of our subsidiaries is a participant, the amount involved exceeds or may be expected to exceed \$100,000 in any fiscal year and a related party has a direct or indirect material interest. Under the policy, a related party includes (i) any person who is or was, since the beginning of the last fiscal year, a director, executive officer or nominee for election as a director, (ii) a greater than 5% beneficial owner of any class of our voting securities, (iii) an immediate family member of either of the foregoing persons or (iv) any entity in which any of the foregoing persons is employed or is a partner or principal or in a similar position in which such person has a 5% or greater beneficial ownership interest. Related party transactions are referred to the Audit Committee, or if there are not a sufficient number of directors on the Audit Committee without interests in the transaction, by the disinterested directors serving on our board of directors, for approval, ratification or other action.

In addition, our Company's Code of Business Conduct and Ethics provides that conflict of interest situations involving directors or executive officers must receive the prior review and approval of the Audit Committee. Our Code of Business Conduct and Ethics sets forth various examples of when conflict of interest situations may arise, including when an officer or director, or members of his or her family: receive improper personal benefits as a result of his or her position in or with the Company; have certain relationships with competing businesses or businesses with a material financial interest in the Company, such as suppliers or customers; or receive improper gifts or favors from such businesses.

Related Party Transactions

Aaron Ventures. Aaron Ventures I, LLC, which we refer to as "Aaron Ventures," was formed in December 2002 for the purpose of acquiring properties from the Company and leasing them back to the Company and is controlled by certain of the Company's current and former executives. Aaron Ventures purchased properties from the Company in 2002 and 2004, and leased 19 of those properties back to the Company. During late 2017 and early 2018, the Company renewed leases with Aaron Ventures for 16 of the 19 properties that the Company leased from Aaron Ventures at that time, under various renewal terms, ranging from five to eight years. In the aggregate, the 19 leases have a current annual rental of approximately \$2.0 million. Once the lease renewals and the related new rental rates become effective, the annual rental for the 19 properties the Company is leasing from Aaron Ventures will be approximately \$1.5 million. The aggregate rental amount will be reduced further once the three leases that are not being extended expire in 2019. Our Audit Committee reviewed the proposed terms and conditions of these lease renewals with Company management, including the proposed new rental amounts, as compared to the existing rental amounts and as compared to prevailing market rental rates, and other terms for each relevant market, and then pre-approved the aforementioned lease renewals with Aaron Ventures.

During 2017, Mr. Robert Sinclair, an executive officer of the Company, served as a manager of Aaron Ventures. All of Aaron Ventures owners are current or former officers of the Company and includes Mr. Sinclair, whose ownership interest in Aaron Ventures is approximately 6.667%.

QUESTIONS AND ANSWERS ABOUT VOTING AND THE ANNUAL MEETING

What is the purpose of this Proxy Statement?

This Proxy Statement provides information regarding matters to be voted on at the Annual Meeting. Additionally, it contains certain information that the SEC requires us to provide annually to our shareholders. This Proxy Statement is also used by our board of directors to solicit proxies to be used at the Annual Meeting so that all shareholders of record have an opportunity to vote on the matters to be presented at the Annual Meeting, even if they cannot attend the meeting in person. Our board of directors has designated John W. Robinson III, Steven A. Michaels and Robert W. Kamerschen to vote the shares of common stock represented by proxies at the Annual Meeting.

Who is entitled to vote on the matters discussed in the Proxy Statement?

You are entitled to vote if you were a shareholder of record of our common stock as of the close of business on March 13, 2018, the “record date” for the Annual Meeting, including shares of restricted stock issued pursuant to the 2015 Incentive Plan that are still subject to vesting requirements. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting. Your shares can be voted at the Annual Meeting only if you are present in person or represented by a valid proxy.

What constitutes a quorum for the Annual Meeting?

The holders of a majority of the outstanding shares of our common stock as of the close of business on the record date must be present, either in person or represented by valid proxy, to constitute a quorum necessary to conduct the Annual Meeting. On the record date, 70,088,949 shares of our common stock were issued and outstanding, including shares of restricted stock still subject to vesting requirements entitled to vote at the Annual Meeting. Shares represented by valid proxies received but marked as abstentions, and shares reflecting broker non-votes, will be counted as present at the Annual Meeting for purposes of establishing a quorum.

How many votes am I entitled to for each share of common stock I hold?

Each share of our common stock represented at the Annual Meeting is entitled to one vote for each director nominee with respect to the proposal to elect directors and one vote for each of the other proposals to be voted on. You are not entitled to cumulate votes with respect to the proposal to elect directors.

What proposals will require my vote?

You are being asked to vote on the following proposals:

- ☐ To elect nine directors to serve for a term expiring at the 2019 Annual Meeting of Shareholders.
- ☐ To vote on a non-binding, advisory resolution approving Aaron’s executive compensation.
- ☐ To vote to approve the Aaron's Inc. Employee Stock Purchase Plan
- ☐ To ratify the appointment of Ernst & Young LLP as Aaron’s independent registered public accounting firm for 2018.

What vote is required to approve each proposal or elect directors, and how will my vote be counted?

Proposal 1-Election of Directors

Shareholders may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to each of the nominees for director being considered pursuant to Proposal 1. Assuming a quorum is present, a nominee will be elected upon the affirmative vote of a majority of the total votes cast at the Annual Meeting, which means that the number of votes cast in favor of a nominee’s election exceeds the number of votes cast against that nominee’s election. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote with respect to this proposal. If an incumbent director fails to receive a majority of the votes cast, the incumbent director will promptly tender his or her resignation to our board of directors which can then choose to accept it, reject it or take other action our board of directors deems appropriate.

Proposal 2-Advisory Vote on Executive Compensation

Shareholders may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to the non-binding, advisory resolution approving our executive compensation. Assuming a quorum is present, the resolution approving our executive compensation will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the resolution exceed the votes cast against the resolution. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote with respect to this proposal.

Proposal 3-Approval of the Aaron's Inc. Employee Stock Purchase Plan

Shareholders may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to the proposal to approve our Employee Stock Purchase Plan. Assuming a quorum is present, the proposal to approve our Employee Stock Purchase Plan will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the proposal exceed the votes cast against the proposal. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote with respect to this proposal.

Proposal 4-Ratification of the Appointment of the Independent Registered Public Accounting Firm

Shareholders may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to the proposal to appoint EY as Aaron's independent registered public accounting firm for 2018. Assuming a quorum is present, the proposal to ratify the appointment of our independent registered public accounting firm for 2018 will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the proposal exceed the votes cast against the proposal. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote with respect to this proposal.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

• “FOR” the election of each of the nine director nominees named in this Proxy Statement to serve for a term expiring at the 2019 Annual Meeting of Shareholders (Proposal 1).

• “FOR” approval of a non-binding, advisory resolution approving Aaron's executive compensation (Proposal 2).

• “FOR” approval of the Aaron's, Inc. Employee Stock Purchase Plan (Proposal 3).

• “FOR” the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2018 (Proposal 4).

How do I vote?

If you are a shareholder of record, then you have four voting options. You may vote:

• Over the Internet at the website listed in our Notice and Access Letter.

• By telephone using the telephone number listed in our Notice and Access Letter.

• By completing, signing, dating and returning a written proxy card. To vote by using a written proxy card, mark your selections on the proxy card, date the proxy card and sign your name exactly as it appears on your proxy card, and return your proxy card by mail in the pre-addressed, postage-paid envelope which will be included with the written proxy card.

• By attending the Annual Meeting and voting in person.

We encourage you to vote your shares as soon as possible by proxy even if you plan to attend the Annual Meeting to ensure your shares are voted even if you later find you are unable to attend the Annual Meeting. Voting by telephone or over the Internet should be accomplished prior to May 8, 2018 at 11:59 p.m., Eastern time, to ensure your vote is counted. Proxy cards from shareholders who requested a written proxy card will be accepted when received up through the closing of the polls at the Annual Meeting.

If you are a registered holder and you vote your proxy by telephone or over the Internet, or if you complete, sign, date and return a written proxy card, and no direction is specified as to any matter to be acted upon, the shares represented by your proxy will be voted “FOR” proposals 1, 2 3, and 4 in this Proxy Statement, and in accordance with the proxy holder's best judgment as to any other business that may properly come before the Annual Meeting.

If you are a beneficial holder, then please refer to the instructions provided by your broker, bank or other nominee regarding how to vote.

What is the difference between a shareholder of record and a beneficial holder of shares?

If your shares of our common stock are registered directly in your name with our transfer agent, Computershare, Inc., then you are considered a “shareholder of record” with respect to those shares. Shareholders of record will receive a copy of the Notice and Access Letter and, if requested, written copies of this Proxy Statement, the Annual Shareholders Report and a proxy card to vote their shares of our common stock.

If your shares are held in “street name” through a broker, bank or other nominee, then you are considered the “beneficial holder” of the shares held for you. Beneficial holders of shares should refer to the instructions provided by their broker, bank or other nominee regarding how to vote their shares or to revoke previous voting instructions. The availability of Internet and telephone voting depends on the voting processes of the broker, bank or other nominee. As the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Beneficial holders may vote in person only if they have a legal proxy to vote their shares from their broker, bank or other nominee.

I am a beneficial holder. How are my shares voted if I do not return voting instructions?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Under the rules of the NYSE, brokerage firms have the authority to vote shares on certain routine matters for which their customers do not provide voting instructions by the tenth day before the Annual Meeting. The proposal to ratify the appointment of EY as our independent registered public accounting firm for 2018 is considered a routine matter.

The election of directors, the non-binding, advisory resolution to approve our executive compensation and the proposal to approve the Aaron's, Inc. Employee Stock Purchase Plan are not considered routine matters under the rules of the NYSE. If a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial holder of the shares with respect to that proposal, then the brokerage firm cannot vote the shares on that proposal. This is called a “broker non-vote.” In tabulating the voting result for any particular proposal, shares that are subject to broker non--votes with respect to that proposal will not be considered votes either for or against the proposal, but will be counted as present for determining whether or not a quorum exists. It is very important that you provide voting instructions to your brokerage firm if you want your shares to be voted at the Annual Meeting on a non--routine matter.

Can I change my mind after I vote?

If you vote by proxy, then you can revoke that proxy at any time before it is voted at the Annual Meeting by giving written notice to the Corporate Secretary of the Company or through one of the following three methods:

✶Vote again using the Internet or by telephone prior to the Annual Meeting.

✶Sign another proxy card with a later date and return it to us prior to the Annual Meeting.

✶Attend the Annual Meeting in person and vote in person.

If you hold your shares in “street name” as a beneficial holder, your bank, broker or other nominee should provide you with instructions on how you may instruct it to vote on your behalf and how you may revoke any voting instructions given.

How will a proposal or other matter that was not included in this Proxy Statement be handled for voting purposes if it is raised at the Annual Meeting?

If any matter that is not described in this Proxy Statement should properly come before the Annual Meeting, then John W. Robinson III, Steven A. Michaels and Robert W. Kamerschen, or any one of them, as proxies will vote the shares represented by valid proxies in accordance with their best judgment. For any other matter that may be properly presented at the Annual Meeting but which is not described in this Proxy Statement, assuming a quorum is present, the matter will be approved if the votes cast by holders of shares of common stock present, in person or by proxy, at the Annual Meeting in favor of the matter exceed the votes cast against the matter, unless a greater vote is required by law or by our charter. At the time this Proxy Statement was printed, management was unaware of any other matters that might be presented for shareholder action at the Annual Meeting.

Who will tabulate and certify the vote?

Representatives of Computershare, Inc. will tabulate the vote, act as the independent inspector of elections for the Annual Meeting, and certify the final vote on all matters considered at the Annual Meeting.

What does it mean if I receive more than one copy of the Notice and Access Letter?

This means that you have multiple accounts holding shares of our common stock with brokers or our transfer agent. You will need to vote separately with respect to each proxy card that you receive. Please vote all of the shares you are entitled to vote. See “Additional Information—Householding of Annual Meeting Materials” for more information. How can I request a written set of proxy materials, including a proxy card, or an additional set of proxy materials for the Annual Meeting?

All shareholders have the ability to access this Proxy Statement, the accompanying Notice of Annual Meeting of Shareholders, a written proxy card and the Annual Report by (i) accessing the materials at <http://www.envisionreports.com/AAN>, <http://www.aarons.com/proxy> and <http://www.aarons.com/annualreport> or (ii) requesting a printed set of these materials from us at no charge. To request a printed copy of these materials, please write to us at our principal executive offices located at 400 Galleria Parkway, S.E., Suite 300, Atlanta, Georgia 30339, Attn. Corporate Secretary.

What happens if I abstain from voting?

Abstentions with respect to a proposal are counted for purposes of establishing a quorum. If a quorum is present, then abstentions will have no impact on the outcome of the vote with respect to any of the proposals described in this Proxy Statement for consideration at the Annual Meeting.

What do I need to do if I want to attend the Annual Meeting?

Only shareholders, our board of directors, board nominees, management of the Company and management’s invited guests are permitted to attend the Annual Meeting. If you are a shareholder of record and wish to attend the Annual Meeting, you must provide valid picture identification, such as a driver’s license or passport, showing a name that matches a name on the Company’s list of record shareholders as of March 13, 2018 to be admitted to the Annual Meeting. If you hold your shares through a bank, broker or other nominee, more commonly known as holding shares in “street name,” and desire to vote at the Annual Meeting, you must inform your broker or other nominee and request a “legal” proxy from the broker or nominee. You will need to bring the legal proxy to the Annual Meeting along with valid picture identification. If you do not have a legal proxy, you will not be able to vote at the Annual Meeting. You are, however, still welcome to attend the Annual Meeting, but you must bring your most recent brokerage account statement showing that you owned Aaron’s common stock as of the record date along with valid picture identification to be admitted to the Annual Meeting. You are advised that if you own shares in street name and obtain a legal proxy, any proxy you have previously executed will be revoked, and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf.

How are proxies solicited and what is the cost?

We bear all expenses incurred in connection with the solicitation of proxies. We have engaged MacKenzie Partners, Inc. to assist with the solicitation of proxies for a fee estimated to be up to \$11,000 for the initial solicitation services, plus reimbursement of out-of-pocket expenses.

In addition to solicitation by mail and the Internet, certain officers, directors and employees of the Company may solicit proxies by telephone, email, facsimile or in person, although no additional compensation will be paid for such solicitation. The Company may also request banks, brokers and other nominees to solicit their customers who have a beneficial interest in our common stock registered in their names and will reimburse such banks, brokers and other nominees for their reasonable out-of-pocket expenses.

IN ORDER THAT YOUR SHARES OF OUR COMMON STOCK MAY BE REPRESENTED AT THE ANNUAL MEETING IN CASE YOU ARE NOT PERSONALLY PRESENT, YOU ARE REQUESTED TO FOLLOW THE VOTING INSTRUCTIONS PROVIDED IN THE NOTICE AND ACCESS LETTER.

ARTICLE III.

PARTICIPATION

3.1 Eligibility.

(a)Any Eligible Employee who shall be employed by the Company or a Designated Subsidiary on a given Enrollment Date for an Offering Period shall be eligible to participate in the Plan during such Offering Period, subject to the requirements of Articles IV and V hereof, and the limitations imposed by Section 423(b) of the Code and the regulations promulgated thereunder.

(b)Notwithstanding any provision of the Plan to the contrary, no Eligible Employee shall be granted an Option under the Plan (i) to the extent that, immediately after the grant of the Option, such Eligible Employee (or any other person

whose stock would be attributed to such Eligible Employee pursuant to Section 424(d) of the Code) would own stock of the Company or any Parent or any Subsidiary and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the stock of the Company or any Parent or any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans (within the meaning of Section 423 of the Code) of the Company or any Parent

A-3

or any Subsidiary accrues (within the meaning of Section 423(b)(8) of the Code) at a rate that exceeds twenty five thousand dollars (\$25,000) of the Fair Market Value of such stock (determined at the time the Option is granted) for each calendar year in which such Option is outstanding at any time, as determined in accordance with Section 423 of the Code and the regulations promulgated thereunder.

3.2 Election to Participate; Payroll Deductions.

(a) An Eligible Employee may become a Participant in the Plan only by means of payroll deduction. Each individual who is an Eligible Employee as of an Offering Period's Enrollment Date may elect to participate in such Offering Period and the Plan by properly completing a payroll deduction authorization and submitting it to the Company, in accordance with the enrollment procedures established by the Administrator, in its sole discretion.

(b) Subject to Section 3.1(b) hereof, by submitting a payroll deduction authorization, the Eligible Employee authorizes payroll deductions in an amount (i) equal to at least one percent (1%) of the Participant's Compensation as of each Payday of the Offering Period following the Enrollment Date, but not more than ten percent (10%) of the Participant's Compensation as of each Payday of the Offering Period following the Enrollment Date (or such other maximum percentage as the Committee may establish from time to time before an Offering Period begins); and (ii) that shall be expressed as a whole number percentage. Amounts deducted from a Participant's Compensation with respect to an Offering Period pursuant to this Section 3.2 shall be deducted each Payday through payroll deduction and credited to the Participant's Plan Account.

(c) During an Offering Period, a Participant may decrease (to as low as zero) the amount deducted from such Participant's Compensation, but only once during such Offering Period. To make such a change, the Participant must submit a new payroll deduction authorization authorizing the new rate of payroll deductions at least 10 calendar days before the Exercise Date for such Offering Period. For the avoidance of doubt, a Participant may not increase the amount deducted from such Participant's Compensation during an Offering Period.

(d) Notwithstanding the foregoing, upon the termination of an Offering Period, each Participant in such Offering Period shall automatically participate in the immediately following Offering Period at the same payroll deduction percentage as in effect at the termination of the prior Offering Period, unless such Participant delivers to the Company a different election with respect to the successive Offering Period in accordance with Section 3.2(a) hereof, or unless pursuant to Section 6.2 hereof, such Participant has ceased to be an Eligible Employee.

(e) No payroll deduction authorization shall become binding upon the Company until it has been accepted by the Administrator. Only the Administrator is authorized to accept payroll deduction authorizations and the actions of any person other than the Administrator (subject to the Committee's right to delegate pursuant to Section 7.1(a) hereof) shall be of no effect. The Administrator shall have the right, in its sole discretion, to reject any payroll deduction authorization that (i) does not comply with the requirements of this Plan or the deadlines, forms or procedures developed by the Administrator, or (ii) is submitted by a person who is not an Eligible Employee or whose status as Eligible Employee is suspended or revoked. Such rejection may be effected by not making payroll deductions under this Plan or, if such deductions have been made, by returning, without interest, such amounts to the person for whose benefit such deductions were made. The rejection of a payroll deduction authorization for one or more Offering Periods shall not affect the ability or right of the Administrator to accept or reject a payroll deduction authorization for any subsequent Offering Period.

ARTICLE IV.

PURCHASE OF SHARES

4.1 Grant of Option. Each Participant shall be granted an Option with respect to an Offering Period on the applicable Grant Date. Subject to adjustment in accordance with Sections 5.2 and 5.3 hereof and the limitations of Section 3.1(b)

hereof, the number of shares of Common Stock subject to a Participant's Option shall be determined by dividing (a) such Participant's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's Plan Account on such Exercise Date by (b) the applicable Option Price; provided that in no event shall a Participant be permitted to purchase during each Offering Period more than five hundred (500) shares of Common Stock. The Committee may, for future Offering Periods, increase or decrease, in its sole discretion, the maximum number of shares of Common Stock that a Participant may purchase during such future Offering Periods. Each Option shall expire on the Exercise Date for the applicable Offering Period

A-4

immediately after the automatic exercise of the Option in accordance with Section 4.3 hereof, unless such Option terminates earlier in accordance with Article VI hereof.

4.2Option Price. The "Option Price" per share of Common Stock to be paid by a Participant upon exercise of the Participant's Option on the applicable Exercise Date for an Offering Period shall be equal to eighty five percent (85%) of the lesser of the Fair Market Value of a share of Common Stock on (a) the applicable Grant Date and (b) the applicable Exercise Date; provided that in no event shall the Option Price per share of Common Stock be less than the par value per share of the Common Stock.

4.3Purchase of Shares.

(a)On the applicable Exercise Date for an Offering Period, each Participant shall automatically and without any action on such Participant's part be deemed to have exercised his or her Option to purchase at the applicable per share Option Price the largest number of whole shares of Common Stock which can be purchased with the amount in the Participant's Plan Account. Any balance less than the per share Option Price that is remaining in the Participant's Plan Account (after exercise of such Participant's Option) as of the Exercise Date shall be carried forward to the next Offering Period, unless the Participant has elected to withdraw from the Plan pursuant to Section 6.1 hereof or, unless pursuant to Section 6.2 hereof, such Participant has ceased to be an Eligible Employee. Any balance not carried forward to the next Offering Period in accordance with the prior sentence promptly shall be refunded to the applicable Participant without interest. For the avoidance of doubt, in no event shall an amount greater than or equal to the per share Option Price as of an Exercise Date be carried forward to the next Offering Period.

(b)As soon as practicable following the applicable Exercise Date, the number of shares of Common Stock purchased by such Participant pursuant to Section 4.3(a) hereof shall be delivered (either in share certificate or book entry form), in the Committee's sole discretion, to either (i) the Participant or (ii) an account established in the Participant's name at a stock brokerage or other financial services firm designated by the Company. If the Company is required to obtain from any commission or agency authority to issue any such shares of Common Stock, the Company shall seek to obtain such authority. Inability of the Company to obtain from any such commission or agency authority which counsel for the Company deems necessary for the lawful issuance of any such shares shall relieve the Company from liability to any Participant except to refund to the Participant such Participant's Plan Account balance, without interest thereon.

(c)If the Company is prevented by applicable securities laws from selling stock as of any date, no purchase shall be made on such date and Options shall remain in effect unless withdrawn and the purchases shall occur as soon as practicable after the Administrator determines that restrictions preventing the sale of stock have been removed or otherwise cease to exist; provided, that such Options shall expire and may not be exercised after the expiration of the twenty-seven (27) month period starting on the Grant Date applicable to such Options.

4.4Transferability of Rights. An Option granted under the Plan shall not be transferable, other than by will or the applicable laws of descent and distribution and is exercisable during the Participant's lifetime only by the Participant. No option or interest or right to the Option shall be available to pay off any debts, contracts or engagements of the Participant or his or her successors in interest or shall be subject to disposition by pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempt at disposition of the option shall have no effect.

ARTICLE V.

PROVISIONS RELATING TO COMMON STOCK

5.1 Common Stock Reserved. Subject to adjustment as provided in Section 5.3 hereof, a total of two hundred thousand (200,000) shares of Common Stock shall be made available for sale under the Plan as of the Effective Date. Shares of Common Stock made available for sale under the Plan may be authorized but unissued shares, treasury shares of Common Stock, reacquired shares of Common Stock reserved for issuance under the Plan, or shares of Common Stock acquired on the open market.

5.2 Restrictions on Sale. Any shares of Common Stock purchased under the Plan may not be sold, transferred, or otherwise disposed of by a Participant (or their legal representative or estate, as applicable) for the Restricted Period. The Administrator may, in its sole discretion, place additional restrictions on the sale or transfer of shares of Common Stock purchased under the Plan during any Offering Period (including the designation of a new Restricted Period) by notice to all Participants of the nature of such restrictions given in advance of the commencement of such Offering Period. Any certificate issued for shares of Common Stock or book entry evidencing shares of Common Stock pursuant to Section 7.13 hereof that are restricted, shall, in the sole discretion of the Administrator, contain a legend disclosing the nature and duration of the restriction (including a description of the Restricted Period). Any such restrictions and exceptions determined by the Administrator shall be applicable equally to all shares of Common Stock purchased during the Offering Period for which the restrictions are first applicable. In addition, the Restricted Period and such other restrictions and exceptions applicable to the Common Stock shall remain applicable during subsequent Offering Periods unless otherwise determined by the Administrator. If the Administrator should change or eliminate any restrictions for a subsequent Offering Period, notice of such action shall be given to all Participants, in such time and manner as the Administrator deems appropriate.

5.3 Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Corporate Transaction.

(a) Changes in Capitalization. In the event that any dividend or other distribution (whether in the form of cash, Common Stock, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or other change in the Company's structure affecting the Common Stock occurs, then in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, the Committee will, in such manner as it deems equitable, adjust the number of shares and class of Common Stock that may be delivered under the Plan, the Purchase Price per share and the number of shares of Common Stock covered by each outstanding option under the Plan, and the numerical limits of Sections 4.1 and 5.1 hereof.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the "New Exercise Date"), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Committee. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Administrator shall notify each Participant in writing, at least ten 10 business days prior to the New Exercise Date, that the Exercise Date for the Participant's Option has been changed to the New Exercise Date and that the Participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the Participant has elected to withdraw from the Plan pursuant to Section 6.1 hereof or, pursuant to Section 6.2 hereof, such Participant has ceased to be an Eligible Employee.

(c) Corporate Transaction. In the event of the occurrence of a merger, consolidation, acquisition of property or stock, separation, reorganization or other corporate event described in Section 424 of the Code with respect to the Company, each outstanding Option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute

for the Option, any Offering Periods then in progress shall be shortened by setting a New Exercise Date and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Administrator shall notify each Participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the Participant's Option has been changed to the New Exercise Date and that the Participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the Participant has elected to withdraw from the Plan pursuant to Section 6.1 hereof or, pursuant to Section 6.2 hereof, such Participant has ceased to be an Eligible Employee.

A-6

5.4Insufficient Shares. If the Administrator determines that, on a given Exercise Date, the number of shares of Common Stock with respect to which Options are to be exercised would exceed the number of shares of Common Stock remaining available for sale under the Plan on such Exercise Date, the Administrator shall make a pro rata allocation of the shares of Common Stock available for issuance on such Exercise Date in as uniform a manner as shall be practicable and as the Administrator shall determine in its sole discretion to be equitable among all Participants exercising Options to purchase Common Stock on such Exercise Date, and unless additional shares are authorized for issuance under the Plan, no further Offering Periods shall take place and the Plan shall terminate pursuant to Section 7.5 hereof. If the Plan is so terminated, then the balance of the amount credited to the Participant's Plan Account which has not been applied to the purchase of shares of Common Stock shall be paid to such Participant in one lump sum in cash within thirty (30) calendar days after such Exercise Date, without any interest thereon.

5.5Rights as Stockholders. With respect to shares of Common Stock subject to an Option, a Participant shall not be deemed to be a stockholder of the Company and shall not have any of the rights or privileges of a stockholder. A Participant shall have the rights and privileges of a stockholder of the Company when, but not until, shares of Common Stock have been delivered to the Participant or deposited in the designated brokerage account following exercise of his or her Option.

ARTICLE VI.

TERMINATION OF PARTICIPATION

6.1Cessation of Contributions; Voluntary Withdrawal.

(a)A Participant may elect to withdraw from the Plan by delivering written notice of such election to the Company in such form and at such time prior to the Exercise Date for the then-current Offering Period as may be established by the Administrator (a "Withdrawal Election"). A Participant electing to withdraw from the Plan may withdraw all, but not less than all, of the funds then credited to the Participant's Plan Account as of the date on which the Withdrawal Election is received by the Company (or its designee), in which case amounts credited to such Plan Account shall be returned to the Participant in one (1) lump-sum payment in cash within thirty (30) calendar days after such election is received by the Company (or its designee), without any interest thereon, and the Participant shall cease to participate in the Plan and the Participant's Option for such Offering Period shall automatically terminate. Upon receipt of a Withdrawal Election, the Participant's payroll deduction authorization and his or her Option to purchase under the Plan shall terminate. If a Participant withdraws from the Offering Period, payroll deductions will not resume at the beginning of the succeeding Offering Period, unless the Participant re-enrolls in the Plan in accordance with the provisions of Article III.

(b)A participant's withdrawal from the Plan shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the Participant withdraws.

(c)A Participant who ceases contributions to the Plan during any Offering Period shall not be permitted to resume contributions to the Plan during that Offering Period.

6.2Termination of Eligibility. Upon a Participant's ceasing to be an Eligible Employee, for any reason, such Participant's Option for the applicable Offering Period shall automatically terminate, he or she shall be deemed to have elected to withdraw from the Plan, and such Participant's Plan Account shall be paid to such Participant or, in the case of his or her death, to the person or persons entitled thereto pursuant to applicable law, within thirty (30) calendar days after such cessation of being an Eligible Employee, without any interest thereon.

ARTICLE VII.
GENERAL PROVISIONS

7.1 Administration.

(a) The Plan shall be administered by the Committee, which shall be composed of members of the Board. The Committee may delegate administrative tasks under the Plan to the Administrator to assist in the administration of the Plan, including establishing and maintaining an individual securities account under the Plan for each Participant. Any person to whom the duty to perform an administrative function is delegated shall act on behalf of and shall be responsible to the Committee for such function.

(b) It shall be the duty of the Administrator to conduct the general administration of the Plan in accordance with the provisions of the Plan. The Administrator shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To establish Offering Periods;

(ii) To determine when and how Options shall be granted and the provisions and terms of each Offering Period (which need not be identical);

(iii) To select Designated Subsidiaries in accordance with Section 7.2 hereof;

(iv) To develop such forms and procedures as the Administrator in its discretion deems necessary or helpful to the orderly administration of this Plan; and

(v) To construe and interpret the Plan, the terms of any Offering Period and the terms of the Options and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. The Administrator, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, any Offering Period or any Option, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effect, subject to Section 423 of the Code and the regulations promulgated thereunder.

(c) The Administrator may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Administrator is specifically authorized to adopt rules and procedures regarding handling of participation elections, payroll deductions, payment of interest, conversion of local currency, payroll tax, withholding procedures and handling of stock certificates which vary with local requirements. In its sole discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee or the Administrator under the Plan.

(d) The Committee may adopt sub-plans applicable to particular Designated Subsidiaries or locations, which sub-plans may be designed to be outside the scope of Section 423 of the Code. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Section 5.1 hereof, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan.

(e) All expenses and liabilities incurred by the Administrator in connection with the administration of the Plan shall be borne by the Company. The Administrator may, with the approval of the Committee, employ attorneys, consultants, accountants, appraisers, brokers or other persons. The Committee, the Administrator, the Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Administrator in good faith shall be final and binding upon all

Participants, the Company and all other interested persons. No member of the Board, the Committee or the Administrator shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or the options, and all members of the Board, the Committee and the Administrator shall be fully protected by the Company in respect to any such action, determination, or interpretation.

A-8

(f) All communications from an Eligible Employee to the Administrator under, or in connection with, this Plan shall be deemed to have been filed with the Administrator when actually received in the form specified by the Administrator at the location, or by the person, designated by the Administrator for the receipt of such communications. The Administrator, in its sole discretion, may accept or reject communications not complying with the forms and procedures developed by the Administrator.

(g) In the event that payroll deductions are made or shares of Common Stock are purchased in error, the Administrator shall take such action as the Administrator in its sole discretion deems necessary or appropriate to correct such error as soon as practicable after the Administrator has knowledge of the error.

7.2 Designation of Subsidiary Corporations. The Board or the Committee shall designate from among the Subsidiaries, as determined from time to time, the Subsidiary or Subsidiaries that shall constitute Designated Subsidiaries. The Board or the Committee may designate a Subsidiary, or terminate the designation of a Subsidiary, without the approval of the stockholders of the Company.

7.3 Reports. Individual accounts shall be maintained by the Administrator for each Participant in the Plan. Statements of Plan Accounts shall be given by the Administrator to Participants at least annually, which statements shall set forth the amounts of payroll deductions, the Option Price, the number of shares purchased and the remaining cash balance, if any.

7.4 No Right to Employment. Nothing in the Plan shall be construed to give any person (including any Participant) the right to remain in the employ of the Company, a Parent, or a Subsidiary or to affect the right of the Company, any Parent, or any Subsidiary to terminate the employment of any person (including any Participant) at any time, with or without cause, which right is expressly reserved.

7.5 Amendment and Termination of the Plan.

(a) The Board or the Committee may, in its sole discretion, amend, suspend, or terminate the Plan at any time and for any reason; provided, however, that without approval of the Company's stockholders given within twelve (12) months before or after action by the Board or the Committee, the Plan may not be amended to increase the maximum number of shares of Common Stock subject to the Plan or change the designation or class of Eligible Employees; and provided, further, that without approval of the Company's stockholders, the Plan may not be amended in any manner that would cause the Plan to no longer be an "employee stock purchase plan" within the meaning of Section 423(b) of the Code.

(b) In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Administrator may, to the extent permitted under Section 423 of the Code, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) altering the Option Price for any Offering Period including an Offering Period underway at the time of the change in Option Price;

(ii) shortening any Offering Period so that the Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Administrator action; and

(iii) allocating shares of Common Stock.

Such modifications or amendments shall not require stockholder approval or the consent of any Participant.

(c) If the Plan is terminated, the Administrator may elect to terminate all outstanding Offering Periods either immediately or once shares of Common Stock have been purchased on the next Exercise Date (which may, in the sole discretion of the Administrator, be accelerated). If any Offering Period is terminated before its scheduled expiration, all amounts that have not been used to purchase shares of Common Stock will be returned to Participants (without interest, except as otherwise required by law) as soon as administratively practicable.

A-9

7.6Use of Funds; No Interest Paid. All funds received by the Company by reason of purchase of Common Stock under the Plan shall be included in the general funds of the Company free of any trust or other restriction and may be used for any corporate purpose to the extent permitted by applicable law. No interest shall be paid to any Participant or credited under the Plan, except as otherwise required by law.

7.7Term; Approval by Stockholders. No Option may be granted during any period of suspension of the Plan or after termination of the Plan. The Plan shall be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the Board's adoption of the Plan. Options may be granted prior to such stockholder approval; provided, however, that such Options shall not be exercisable prior to the time when the Plan is approved by the stockholders; provided, further, that if such approval has not been obtained by the end of said twelve (12)-month period, all Options previously granted under the Plan shall thereupon terminate and be canceled and become null and void without being exercised.

7.8Effect Upon Other Plans. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company, any Parent, or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company, any Parent, or any Subsidiary (a) to establish any other forms of incentives or compensation for Employees of the Company or any Parent or any Subsidiary, or (b) to grant or assume Options otherwise than under the Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of Options in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, firm or association.

7.9Notice of Disposition of Shares. Each Participant shall give the Company prompt written notice of any disposition or other transfer of any shares of Common Stock, acquired pursuant to the exercise of an Option, if such disposition or transfer is made (a) within two (2) years after the applicable Grant Date or (b) within one (1) year after the transfer of such shares of Common Stock to such Participant upon exercise of such Option. The Company may direct that any certificates evidencing shares acquired pursuant to the Plan refer to such requirement.

7.10Tax Withholding. The Company or any Parent or any Subsidiary shall be entitled to require payment in cash or deduction from other compensation payable to each Participant of any sums required by federal, state or local tax law to be withheld with respect to any purchase of shares of Common Stock under the Plan or any sale of such shares.

7.11Governing Law. The Plan and all rights and obligations thereunder shall be construed and enforced in accordance with the laws of the State of Georgia.

7.12Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

7.13Conditions To Issuance of Shares.

(a)Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates or make any book entries evidencing shares of Common Stock pursuant to the exercise of an Option by a Participant, unless and until the Committee or the Administrator has determined, with advice of counsel, that the issuance of such shares of Common Stock is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any securities exchange, national market system, or automated quotation system on which the shares of Common Stock are listed or traded. In addition to the terms and conditions provided herein, the Committee or the Administrator may require that a Participant make such reasonable covenants, agreements, and representations as the Committee or the Administrator, in its discretion, deems advisable in order to comply with any such laws, regulations, or requirements.

(b)All certificates for shares of Common Stock delivered pursuant to the Plan and all shares of Common Stock issued pursuant to book entry procedures are subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with federal, state, or foreign securities or other laws, rules and regulations and the rules of any securities exchange, national market system, or automated quotation system on which the shares of Common Stock are listed, quoted, or traded. The Administrator may place legends on any certificate or book entry evidencing shares of Common Stock to reference restrictions applicable to the shares of

A-10

Common Stock (including the restrictions provided in Section 5.2 hereof).

(c)The Administrator shall have the right to require any Participant to comply with any timing or other restrictions with respect to the settlement, distribution or exercise of any Option, including a window-period limitation, as may be imposed in the sole discretion of the Administrator.

(d)Notwithstanding any other provision of the Plan, unless otherwise determined by the Administrator or required by any applicable law, rule or regulation, the Company may, in lieu of delivering to any Participant certificates evidencing shares of Common Stock issued in connection with any Option, record the issuance of shares of Common Stock in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

7.14Equal Rights and Privileges. Except with respect to sub-plans designed to be outside the scope of Section 423 of the Code, all Eligible Employees shall have equal rights and privileges under this Plan to the extent required under Section 423 of the Code or the regulations promulgated thereunder so that this Plan qualifies as an “employee stock purchase plan” within the meaning of Section 423 of the Code or the regulations promulgated thereunder. Any provision of this Plan that is inconsistent with Section 423 of the Code or the regulations promulgated thereunder shall, without further act or amendment by the Company or the Board, be reformed to comply with the equal rights and privileges requirement of Section 423 of the Code or the regulations promulgated thereunder.

7.15Limitation on Liability. Neither the Company nor any affiliate or anyone acting on the behalf of the Company or an affiliate shall be responsible in whole or in part for any act done in good faith or any good faith omission to act. Without limiting the first sentence, such entities shall not be responsible for any prices at which shares of Stock are purchased or sold, the time at which any purchase or sale is made under this Plan, or the change in value of any class of stock of the Company.

7.16Plan Document Controls. In the event of any conflict between the provisions of this Plan and any other document or communication, this Plan shall control, and the conflicting provisions of such other document or communication shall be null and void ab initio.

7.17Severability. In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
