See the information in item 2.03 below.

## Section 2 - Financial Information

### Item 2.03 - Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The maturity date of our Revolving Line of Credit has been extended to December 1, 2009 with respect to \$2,669,282 in principal amount of loans. We repaid \$223,834 of principal and accrued interest on loans that matured on April 15, 2009 and were not extended. In addition, certain lenders exercised their right to exchange \$572,404 of principal and accrued interest on loans for an aggregate of 473,131 of our common shares.

We may borrow up to an additional \$830,718 under our revolving line of credit if we elect to do so and are able to obtain additional loan commitments from our current lender or from new lenders.

Lenders who agreed to extend the maturity date of their outstanding loans will receive from us a number of common shares having an aggregate market value (based on closing price of the shares on the OTC-BB) equal to six percent (6%) of the lender's loan commitment, as consideration for the extension of the term of their loans. We will issue 91,526 common shares to those lenders. We will issue additional common shares on the same basis to any lenders who provide additional loan commitments under our revolving line of credit.

Lenders who extended the maturity date of their line of credit promissory notes, and any new lenders who make additional loan commitments, will have the right to exchange their promissory notes for our common shares and for shares of Embryome Sciences, Inc. common stock. Promissory notes that were exchangeable for our common shares at a price of \$1.25 per share and Embryome Sciences common stock at a price of \$2.25 per share until April 15, 2009, may now be exchanged for our common shares at \$1.50 per share and for Embryome Sciences common stock at \$2.75 per share

until the extended maturity date, December 1, 2009. Promissory notes that were exchangeable for our common shares at a price of \$1.50 and Embryome Sciences common stock at \$2.50 until April 15, 2009, may now be exchanged for our common shares at \$1.75 per share and Embryome Sciences common stock at \$3.00 per share until the extended maturity date. Promissory notes issued for new loan commitments will be exchangeable for BioTime common shares at a price of \$2.00 per share, and for Embryome Sciences common stock at \$3.50 per share until December 1, 2009. The foregoing per share exchange prices are subject to proportional adjustment in the event of a stock split, reverse stock split, or similar event.
