Item 8.01 Other Events.

Smith Micro Software, Inc. (the Company) has discovered an error in a graph contained in the letter to shareholders from Chairman William W. Smith, Jr. (the Letter) sent along with its proxy statement dated July 11, 2008 (the Proxy Statement) in connection with the Company's Annual Meeting of Stockholders to be held on August 14, 2008 (the Annual Meeting).

The error was made in one column of the graph contained on the first page of the letter from Mr. Smith. The column corresponding to revenues received by the Company in the second quarter of 2006 should have indicated a level of \$12.6 million, rather than \$21.6 million as indicated in the Letter sent to stockholders. This information was correctly reported under Item 8 in the Annual Report on Form 10-K accompanying the Letter and Proxy Statement, and elsewhere in the Company's public filings.

Any shareholder that may want to change or revoke their vote or any proxy that they may have granted in connection with the Annual Meeting should refer to the Proxy Statement for instructions.
