Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Savings Plan for Union Employees of Unilever

In our opinion, the accompanying statements of net assets available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Savings Plan for Union Employees of Unilever (the Plan) at December 31, 2003 and 2002, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) at December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Administration

The Plan provides that the Benefits Administration Committee is responsible for the general administration of the Plan.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting standards generally accepted in the United States of America.

Valuation of Trust Investments

Shares of participation in the various funds, other than the PRIMCO Interest Income Fund, are valued based on quoted market prices as of the last business day of the year.

The guaranteed investment contracts and the synthetic guaranteed investment contracts in the PRIMCO Interest Income Fund are stated at contract value, which approximates fair value.

Table of Contents

**Savings Plan for Union Employees of Unilever
Notes to Financial Statements

Investment Transactions and Investment Income of the Trust

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

Purchases and sales of securities are reflected as of the trade date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Investment management fees for all funds are paid by the Plan. All other administrative expenses are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. These significant estimates include fair market values of investments. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of assets held.

3. Tax Status of the Plan

The Plan received a favorable tax determination letter, effective September 19, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal

Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
