Item 2.02. Results of Operations and Financial Condition.

On January 25, 2005, Banta Corporation (the Company ) issued a press release (the Press Release ) announcing the Company s fourth quarter and full year financial results for the financial periods ended January 1, 2005. A copy of the Press Release is being furnished as Exhibit 99.1 to this Current Report.

Use of Non-GAAP Measures

The Company reports its financial results of operations in accordance with generally accepted accounting principles ( GAAP ). The Company has also provided non-GAAP financial information to complement its consolidated financial statements presented in accordance with GAAP. The non-GAAP financial measures included in the Press Release are the Company s 2003 fourth quarter and full year net earnings and diluted earnings per share excluding litigation settlement costs and restructuring costs associated with the Company s 2003 restructuring activities. Management believes it is useful for investors to understand how its core operations performed without the effects of such costs.

In the Company s judgment, excluding these costs from the Company s 2003 financial results allows investors to trend, analyze and benchmark in a meaningful manner the performance of the Company s core operations. In addition, the Company believes that providing net earnings and diluted earnings per share before these costs provides another useful comparison of the Company s operational performance in 2004 to the comparable three-month and full-year periods in 2003. Many of the Company s internal performance measures exclude these costs to enable meaningful trending of core operating metrics over an extended period of time. The Company has provided within the Press Release a reconciliation of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

The non-GAAP financial measures included in the Press Release are intended to supplement the reader s overall understanding of the Company s current financial performance and its prospects for the future. However, the non-GAAP financial measures are not intended to supercede or replace the Company s GAAP results or expectations.
