Annual Meeting of Shareholders

MERGER PROPOSAL YOUR VOTE IS VERY IMPORTANT

The Board of Directors of First Virginia Banks, Inc. has unanimously approved a merger combining First Virginia and BB&T Corporation. **In the merger, you will receive 1.26 shares of BB&T common stock for each share of First Virginia common stock that you own plus cash instead of any fractional shares.**

BB&T common stock is listed on the New York Stock Exchange under the symbol BBT. On January 17, 2003, the last full NYSE trading day before public announcement of the merger, the closing price of BB&T common stock was \$37.37. Since January 17, the price of BB&T common stock has declined, and on May 13, 2003, the latest practicable date prior to the printing of this document, the closing price of BB&T common stock was \$33.35. Based on the 1.26 exchange ratio and the closing price of BB&T common stock on January 17, the implied dollar value of the merger consideration was approximately \$47.09 per share, and the implied transaction value was approximately \$3.4 billion (based on the number of fully diluted shares of First Virginia outstanding on that date). Based on the 1.26 exchange ratio and the closing price of BB&T common stock on May 13, the implied dollar value of the merger consideration was approximately \$42.02 per share, and the implied transaction value was approximately \$3.0 billion. BB&T expects to issue approximately 88.8 million shares of common stock in the merger (including as a result of the conversion of First Virginia stock options), which will represent approximately 15.9% of the outstanding BB&T common stock following completion of the merger.

The price of BB&T common stock will fluctuate prior to completion of the merger. As explained on page 1 of this proxy statement/prospectus, the merger does not include a price-based termination right or other protection against declines in the market price of BB&T common stock, and First Virginia has not obtained an updated fairness opinion from its financial advisor. First Virginia shareholders do not have the right to seek an appraisal of the value of their First Virginia shares in the merger.

You generally will not recognize gain or loss for federal income tax purposes on your receipt of BB&T common stock. However, BB&T will pay cash instead of issuing fractional shares of common stock in the merger, and you generally will recognize gain or loss on any cash you receive instead of a fractional share.

At the annual meeting, you will consider and vote on the merger. **The merger cannot be completed unless holders of more than two-thirds of the shares of First Virginia common stock entitled to vote approve the merger. The directors of First Virginia have agreed with BB&T to vote their shares of First Virginia common stock in favor of the merger. As of the record date, First Virginia's directors, executive officers and their respective affiliates owned approximately 1,224,810 shares representing approximately 1.8% of the voting power. At the annual meeting you will also vote on matters unrelated to the merger as explained in the accompanying Notice of Annual Meeting of Shareholders and the attached proxy statement/prospectus.**

The annual meeting will be held at 10:00 a.m., Eastern Time, on June 26, 2003 at McLean, Virginia.

This proxy statement/prospectus provides you with detailed information about the proposed merger. We encourage you to read this entire document carefully.

Your vote is very important. Whether or not you plan to attend the meeting, please take the time to vote by completing and mailing the enclosed proxy card or by utilizing the Internet or telephone voting procedures described on the reverse of the proxy card. **If you fail to vote, the effect will be the same as a vote against the merger.**

On behalf of the First Virginia Board of Directors, I urge you to vote FOR approval and adoption of the merger and FOR the other proposals described in the Notice of Annual Meeting of Shareholders that follows.

Barry J. Fitzpatrick

Chairman, President and Chief Executive Officer

Holders of shares of First Virginia common stock as of the close of business on May 8, 2003 are entitled to notice of the meeting and to vote at the meeting or any adjournments or postponements of the meeting. You are strongly urged to vote on the above proposals. First Virginia shareholders have three ways to vote by proxy: (1) by mail, (2) by telephone and (3) over the Internet. To vote by telephone or over the Internet, First Virginia shareholders should follow the instructions on the enclosed proxy form. To vote by mail, First Virginia shareholders should complete, sign, date and return the enclosed proxy form in the envelope provided, which requires no postage if mailed in the United States. You may revoke your proxy at any time before the vote is taken by voting again by telephone or over the Internet, by delivering to the Secretary of First Virginia a written revocation or a proxy with a later date or by oral revocation in person to any of the persons named on the enclosed proxy card at the annual meeting. Attendance at the meeting will not by itself revoke a proxy.

Table of Contents**SUMMARY**

This summary highlights selected information from this proxy statement/prospectus and may not contain all of the information that is important to you. To understand the merger fully and for a more complete description of the legal terms of the merger, you should read carefully this entire document and the documents to which we refer you. See [Where You Can Find More Information](#) on page 89.

Shareholders will receive 1.26 shares of BB&T common stock for each share of First Virginia common stock.

If the merger is completed, you will receive 1.26 shares of BB&T common stock for each outstanding share of First Virginia common stock you own plus cash instead of any fractional share of BB&T common stock that otherwise would be issued.

Please do not send your First Virginia common stock certificates until after receipt of written instructions following completion of the merger. See [What You Need to do Now](#).

The table below shows the closing price of BB&T common stock, First Virginia common stock and the implied dollar value of the merger consideration on January 17, 2003, (the last full NYSE trading day before public announcement of the merger) and on May 13, 2003. The implied dollar value of the merger consideration is calculated by multiplying BB&T's per share closing price by the exchange ratio of 1.26, which is the number of shares of BB&T common stock that First Virginia shareholders would receive in the merger for each share of First Virginia common stock they own.

	<u>January 17, 2003</u>	<u>May 13, 2003</u>
BB&T	\$ 37.37	\$ 33.35
First Virginia	\$ 37.75	\$ 41.81
Implied dollar value of the merger consideration	\$ 47.09	\$ 42.02

Because the 1.26 exchange ratio is fixed but the market price of BB&T will fluctuate prior to the merger, the pro forma equivalent price for First Virginia common stock will also fluctuate prior to the merger and you will not know the final implied dollar value of the merger consideration when you vote upon the merger.

Set forth below is a table showing a range of prices for shares of BB&T common stock and the corresponding implied dollar value of the merger consideration that a First Virginia shareholder would receive in the merger for each share of First Virginia common stock. The table does not reflect the fact that cash will be paid instead of fractional shares.

You should obtain current stock price quotations from a newspaper, the Internet or your broker. We urge you to obtain information on the market value of BB&T and First Virginia common stock that is more recent than that provided in this proxy statement/prospectus. The merger is generally tax free to First Virginia shareholders for federal income tax purposes (page 42)

Neither company is required to complete the merger unless it receives a legal opinion from its respective counsel, dated as of the completion date, to the effect that, based on specified facts, representations and assumptions, the merger will be treated as a reorganization for federal income tax purposes. Therefore, we expect that, for federal income tax purposes, you generally will not recognize any gain or loss on the conversion of shares of First Virginia common stock into shares of BB&T common stock. You will be taxed, however, if you receive any cash instead of any fractional share of BB&T common stock that would otherwise be issued. **Tax matters are complicated, and the tax consequences of the merger may vary among shareholders.** We urge you to contact your own tax advisor to understand fully how the merger will affect you.

BB&T expects to continue to pay quarterly dividends

BB&T currently pays regular quarterly dividends of \$0.29 per share of its common stock and, over the past five years, has had a dividend payout ratio typically in the range of 40% of earnings and a compound annualized dividend growth rate of 13.3%. BB&T has increased its quarterly cash dividend payments for 31 consecutive years. BB&T expects that it will continue to pay quarterly dividends consistent with this payout ratio, but may change that policy based on business conditions, BB&T's financial condition, earnings and other factors.

The First Virginia Board of Directors unanimously recommends shareholder approval (page 17)

The First Virginia Board of Directors believes that the merger is in the best interests of First Virginia shareholders and unanimously recommends that you vote **FOR** approval of the merger agreement and the related plan of merger.

Morgan Stanley provided a financial opinion letter to the First Virginia Board of Directors (page 23)

First Virginia's financial advisor, Morgan Stanley & Co. Incorporated (Morgan Stanley) has given an opinion to the First Virginia Board of Directors that, as of January 20, 2003 (the date the merger agreement was executed) and based on and subject to the considerations described in its opinion, the exchange ratio in the merger agreement was fair from a financial point of view to holders of First Virginia common stock. The full text of this opinion is attached as Appendix B to this proxy statement/prospectus. We encourage you to read the opinion carefully to understand the assumptions made, matters considered and limitations of the review undertaken by Morgan Stanley in rendering its fairness opinion. The opinion of Morgan Stanley has not been updated prior to the date of this document and does not reflect any change in circumstances after January 20, 2003. First Virginia has agreed to pay Morgan Stanley a total fee of \$10 million, of which \$2 million became payable upon announcement of the merger and \$8 million shall be payable at the time the merger is completed.

First Virginia shareholders do not have dissent and appraisal rights (page 48)

Edgar Filing: BB&T CORP - Form 424B3

First Virginia shareholders do not have the right to dissent from the merger and demand an appraisal of the fair value of their shares in connection with the merger.

First Virginia shareholders will vote on the merger at the annual shareholders meeting to be held on June 26, 2003 (page 15)

First Virginia will hold the annual shareholders meeting at 10:00 a.m., Eastern Time, on June 26, 2003 at the Hilton McLean Tysons Corner located at 7920 Jones Branch Drive, McLean, Virginia. At the meeting, you will vote on the merger agreement and the plan of merger, the election of 5 Class A directors, the proposal to adjourn the annual meeting, if necessary, to solicit additional proxies to approve the matters being voted upon at the meeting and any other business that properly arises.

The merger (page 18)

If the First Virginia shareholders approve the merger agreement and the plan of merger at the annual meeting, First Virginia will merge into BB&T, with BB&T being the surviving corporation in the merger. First Virginia's banking and other subsidiaries, through which it operates, will become wholly owned subsidiaries of BB&T. We currently expect to complete the merger in the second quarter of 2003.

We have included the merger agreement as Appendix A to this proxy statement/prospectus. We encourage you to read the merger agreement in full, as it is the legal document that governs the merger.

More than two-thirds of First Virginia shareholder vote required to approve the merger (page 15)

Approval of the merger agreement and the plan of merger requires the affirmative vote of the holders of more than two-thirds of the outstanding shares of First Virginia common stock entitled to vote. If you fail to vote or abstain, it will have the effect of a vote against the merger agreement and the plan of merger. At the record date, the directors and executive officers of First Virginia and their affiliates together owned approximately 1.8% of the First Virginia common stock entitled to vote at the meeting. The directors, acting as shareholders, have agreed to vote their shares in favor of the merger agreement and the plan of merger.

If you hold your shares in street name, please see the voting form provided by your broker for additional information regarding the voting of your shares. If your shares are not registered in your name, you will need additional documentation from your record holder to vote the shares in person. Shares that are not voted because you do not instruct your broker will have the effect of a vote against the merger.

The merger does not require the approval of BB&T's shareholders.

(which we refer to as the James River 401(k) Plan), which was assumed by First Virginia in connection with its acquisition of James River Bancshares Inc., will receive a separate card for use in providing voting instructions to the VBA Benefits Corporation, the third party administrator for that plan, regarding the approval of the merger. Full shares held in the James River 401(k) Plan will be voted by the VBA Benefits Corporation, as the administrator, in accordance with instructions received from participants. Full shares held by the James River 401(k) Plan for which no voting instructions are received will be voted by the administrator in its discretion as a fiduciary.

First Virginia directors and executive officers have interests in the merger that differ from your interests (page 37)

Some of First Virginia's directors and executive officers have interests in the merger that differ from, or are in addition to, their interests as First Virginia shareholders. These interests exist because of rights under benefit and compensation plans maintained by First Virginia and, in the case of some executive officers of First Virginia, under existing employment agreements with First Virginia, as well as under employment agreements that the executive officers have entered into with BB&T that will become effective only upon completion of the merger.

Employment agreements. First Virginia's Chairman, President and Chief Executive Officer, Barry J. Fitzpatrick, has entered into an employment agreement with Branch Banking and Trust Company of Virginia (Branch Bank-VA). The employment agreement provides for an employment term until the earlier of the fifth anniversary of completion of the merger or the effective date of an election by Mr. Fitzpatrick to become a consultant to Branch Bank-VA, which may occur at any time after the first anniversary of the merger.

The employment agreement of Mr. Fitzpatrick provides for a minimum annual base salary of \$780,000.

Shirley C. Beavers, Jr., Richard F. Bowman and Raymond E. Brann, Jr., executive officers of First Virginia, have also entered into employment agreements with Branch Bank-VA. Each employment agreement provides for a minimum annual base salary to Mr. Beavers of \$346,500, to Mr. Bowman of \$300,000, and to Mr. Brann of \$269,500. Messrs. Fitzpatrick, Beavers, Bowman and Brann are each entitled to receive an annual bonus, grants of stock options and other benefits on the same basis as similarly situated officers of Branch Bank-VA, and are entitled to receive

Edgar Filing: BB&T CORP - Form 424B3

severance payments and other benefits if employment is terminated under specified circumstances following the merger.

At the time of the merger, cash payments will be made by Branch Bank-VA in the amounts of \$525,000 to Mr. Fitzpatrick, \$350,000 to Mr. Beavers, \$500,000 to Mr. Bowman and \$425,000 to Mr. Brann as partial consideration for certain employee noncompetition and other covenants contained in the employment agreements, and Branch Bank-VA shall pay to Mr. Fitzpatrick and Mr. Brann a payment sufficient on an after-tax basis to satisfy existing insurance premium payment obligations. As

Table of Contents

to Mr. Beavers and Mr. Bowman, Branch Bank-VA shall continue the split-dollar life insurance policies in effect to provide for fully paid up insurance until age 65. Additional payments of \$3,601,200 to Mr. Fitzpatrick, \$1,433,535 to Mr. Beavers, \$1,144,500 to Mr. Bowman and \$1,128,305 to Mr. Brann are to be made pursuant to certain special pay agreements in exchange for their rights under employment agreements with First Virginia. See pages 37-40.

BB&T will also cause either Branch Bank-VA, Branch Banking and Trust Company of South Carolina, BB&T's South Carolina banking subsidiary (Branch Bank-SC) or Branch Banking and Trust Company, BB&T's North Carolina chartered subsidiary (Branch Bank) to offer to enter into three-year employment agreements with up to twenty-six additional First Virginia officers.

Advisory Board. Following completion of the merger, the members of the Board of Directors of each First Virginia bank subsidiary will be offered a position on BB&T's advisory board for the area in which such subsidiary is located. For at least two years following the merger, the advisory board members who are neither employees of nor under contract with BB&T or any of its affiliates and who continue to serve will receive fees equal in amount (prorated for any partial year) to the retainer and schedule of attendance fees for directors of the corresponding First Virginia subsidiary in effect on January 1, 2003. Such annual fees (assuming attendance at all meetings) range from \$3,600 to \$8,700 depending upon the applicable subsidiary. Membership on any advisory board is conditional on execution of a noncompetition agreement with BB&T.

Also following completion of the merger, the members of the advisory board of each First Virginia bank subsidiary will be offered a position on one of BB&T's local advisory boards. The advisory board members who are neither employees of BB&T or a BB&T affiliate or under contract with BB&T or any BB&T affiliate and who continue to serve shall receive fees equal in amount to BB&T's standard schedule of fees for service thereon as in effect from time to time. During calendar year 2003, advisory board member attendance fees range from \$75 to \$125 (depending upon the board) for each advisory board meeting that the advisory board member attends.

Board of Directors of BB&T and banking subsidiaries. Following completion of the merger, BB&T will increase the size of its Board of Directors by three positions and elect Mr. Fitzpatrick, along with two other members of the First Virginia Board of Directors, to serve on the BB&T Board of Directors until the next BB&T annual meeting of shareholders, at which time BB&T will nominate the three to serve an additional term on the BB&T Board of Directors. Members of the BB&T Board of Directors who are not employees of or under contract to BB&T or an affiliate are entitled to receive fees for service as a director in accordance with the policies of BB&T as in effect from time to time. During calendar year 2003, members of the BB&T Board of Directors receive an annual retainer fee equal to \$38,000 and attendance fees equal to \$1,500 for each board or committee meeting that the board member attends. BB&T will also appoint two members of the First Virginia Board of Directors to serve on the board of directors of its wholly-owned subsidiary, Branch Bank. All members of the First Virginia Board of Directors who are not selected to be members of either the BB&T Board of Directors or the Branch Bank Board of Directors will be appointed to serve as directors on the Branch Bank-VA Board of Directors. Members of the Branch Bank and Branch Bank-VA Boards who are not employees of or under contract to BB&T or an affiliate are entitled to receive fees for service as a director in accordance with the policies of Branch Bank and Branch Bank-VA in effect from time to time. During calendar year 2003, members of the Branch Bank Board receive an annual retainer fee equal to \$5,000 and attendance fees equal to \$1,000 for each board or committee meeting that the board member attends. During calendar year 2003, members of the Branch Bank-VA Board receive an annual retainer fee equal to \$2,000 and attendance fees ranging from \$500 to \$1,500 (depending upon the nature of the meeting) for each board or committee meeting that the board member attends. Each of the persons appointed to a board position will serve until the end of the period for which he or she was appointed, subject to the right of removal for cause, and thereafter so long as the director is elected and qualifies, and BB&T shall nominate for election, in the case of the BB&T Board

of Directors, and appoint, in the case of the other boards mentioned above, such persons for successive terms until the earlier of (1) the end of the year in which such person reaches the age of 70 or (2) the fifth anniversary of the date the merger is completed. BB&T will also appoint Mr. Fitzpatrick to the Executive Committee of its Board of Directors.

The First Virginia Board of Directors was aware of these and other interests and considered them when it approved and adopted the merger agreement. The material terms and financial provisions of these arrangements are described under the heading **Interests of First Virginia's Directors and Officers in the Merger** on page 37.

BB&T will assume First Virginia stock options (page 47)

When the merger is completed, outstanding options to purchase First Virginia common stock granted to First Virginia employees and directors under First Virginia's equity-based plans, will be assumed by BB&T and become options in respect of BB&T common stock (or substitute options to acquire BB&T common stock will be granted). The number of shares subject to these options and the exercise price thereof will be adjusted to reflect the exchange ratio. In addition, in connection with entering into the merger agreement, all outstanding and unvested First Virginia stock options vested and became immediately exercisable or will vest and become exercisable upon completion of the merger.

Regulatory approvals must be obtained before the merger can be completed (page 44)

We cannot complete the merger unless the Board of Governors of the Federal Reserve System approves it. The Federal Reserve Board has approved the merger. In addition, the merger is subject to the approval of, or notice to, certain state regulatory authorities, including the Virginia Bureau of Financial Institutions, the Virginia Bureau of Insurance, the Maryland Commissioner of Financial Regulation, the Tennessee Department of Financial Institutions and the Georgia Department of Banking and Financial Institutions. The Virginia Bureau of Financial Institutions and the Maryland Commissioner of Financial Regulation have approved the merger. We have made the necessary filing with the Virginia Bureau of Insurance and expect to make the necessary filings with the Tennessee Department of Financial Institutions and the Georgia Department of Banking and Financial Institutions.

Although we do not know of any reason why we would not obtain all regulatory approvals in a timely manner, we cannot be certain when we will obtain them or that we will obtain them at all.

There are other conditions that must be satisfied or waived before BB&T and First Virginia are able to complete the merger (page 30)

A number of other conditions must be met for us to complete the merger, including:

- approval of the merger agreement by the First Virginia shareholders;
- receipt of the opinion of BB&T's and First Virginia's respective counsel that the merger will constitute a reorganization under Section 368 of the Internal Revenue Code, as amended, and that First Virginia shareholders will not recognize gain or loss on the exchange of their shares of First Virginia common stock for shares of BB&T common stock (except with respect to cash received instead of

Edgar Filing: BB&T CORP - Form 424B3

fractional shares of BB&T common stock);

- the continuing accuracy of the parties' representations in the merger agreement;
- compliance, in all material respects, by each party with its obligations and covenants under the merger agreement;
- the continuing effectiveness of the registration statement filed with the Securities and Exchange Commission covering the shares of BB&T common stock to be issued in the merger;
- the shares of BB&T common stock issuable pursuant to the merger agreement must have been approved for listing on the New York Stock Exchange; and

Table of Contents

- the absence of any order, decree or injunction of a court or agency of competent jurisdiction which enjoins or prohibits completion of the transactions contemplated by the merger agreement.

Termination of the merger agreement (pages 35-36)

We can mutually agree at any time to terminate the merger agreement without completing the merger. Either company can also unilaterally terminate the merger agreement if:

- the merger is not completed by December 31, 2003;
- the shareholders of First Virginia do not approve the merger;
- any condition that must be satisfied to complete the merger is not met;
- the other company violates, in a material way, any of its representations, warranties or obligations under the merger agreement and the violation is not cured in a timely fashion; or
- any of the required regulatory approvals are denied, and the time period for appeals and requests for reconsideration have expired.

Generally, the company seeking to terminate cannot itself be in violation of the merger agreement in a way that would allow the other party to terminate.

BB&T may terminate the merger agreement if, prior to the completion of the merger, the First Virginia Board of Directors:

- withdraws its recommendation or refuses to recommend to the shareholders of First Virginia that they approve the merger agreement;
or
- recommends the approval of a competing acquisition proposal for First Virginia.

BB&T and First Virginia may amend the merger agreement (pages 35-36)

Edgar Filing: BB&T CORP - Form 424B3

BB&T and First Virginia can agree to amend the merger agreement in any way, except that after the shareholders' meeting we cannot decrease the consideration that you will receive in the merger. Either company can waive any of the requirements of the other company contained in the merger agreement, except that neither company can waive any required regulatory approval. However, if First Virginia fails to receive a favorable tax opinion from its counsel and determines to waive the tax opinion condition to its obligation to complete the merger, First Virginia will resolicit the approval of its stockholders prior to proceeding with completion of the merger if the U.S. federal income tax consequences to First Virginia stockholders are materially different from those described in this document.

In some circumstances, First Virginia may be required to pay BB&T a termination fee (page 36)

Under limited circumstances, First Virginia may be required to pay to BB&T a termination fee of \$155 million. The termination fee would be payable to BB&T if the merger agreement is terminated:

- by either First Virginia or BB&T because the First Virginia shareholders do not vote to approve the merger agreement and either:
 - prior to the First Virginia shareholders' meeting, the First Virginia Board of Directors withdraws its recommendation or refuses to recommend to the First Virginia shareholders that they approve the merger, or
 - at the time of the First Virginia shareholders' meeting, a proposal exists and has been made public involving the acquisition of First Virginia by a party other than BB&T;
- by BB&T because the First Virginia Board of Directors withdraws its recommendation or refuses to recommend to First Virginia shareholders that they approve the merger or recommends to First Virginia shareholders that they approve an acquisition of First Virginia by a third party;
- by BB&T because First Virginia breaches its non-solicitation covenant or breaches its covenant to submit the merger for approval of the First Virginia shareholders and recommend to

Table of Contents

First Virginia shareholders that they approve the merger;

- by BB&T because First Virginia has knowingly breached the merger agreement and at such time First Virginia is not entitled to terminate the merger agreement because of a breach by BB&T and a proposal was made public or communicated to the First Virginia Board of Directors at or before the time of First Virginia's breach of the merger agreement;

and in each case, within 15 months of termination of the merger agreement, First Virginia completes or enters into a definitive agreement with another party with respect to the acquisition of First Virginia. The termination fee, which was a condition to BB&T's willingness to enter into the merger agreement, limits the ability of First Virginia to pursue competing acquisition proposals and discourages other companies from offering to acquire First Virginia.

BB&T to use purchase accounting treatment (page 45)

BB&T will account for the merger using the purchase method of accounting. Under the purchase method, BB&T will record, at fair value, the acquired assets and assumed liabilities of First Virginia. To the extent the total purchase price exceeds the fair value of tangible and identifiable intangible assets acquired over the liabilities assumed, BB&T will record goodwill. Based on information as of March 31, 2003, management of BB&T estimates that the total merger consideration (including issuance of common stock and assumption of options on common stock) will be approximately \$3.1 billion. Utilizing information as of December 31, 2002, estimated goodwill and other intangibles would total approximately \$2.0 billion. BB&T will include in its consolidated results of operations the results of First Virginia's operations after the merger is completed. Due to the immateriality of the proposed transaction to BB&T, no pro forma financial statements are included in this proxy statement/prospectus.

There are differences between the rights of First Virginia shareholders and those of BB&T shareholders (page 58)

First Virginia shareholders' rights as shareholders are currently governed by First Virginia's articles of incorporation, bylaws and the Virginia Stock Corporation Act. Following the merger, First Virginia shareholders will become BB&T shareholders and their rights will be governed by BB&T's articles of incorporation, bylaws and the North Carolina Business Corporation Act. There are differences between the rights of First Virginia shareholders and the rights of BB&T shareholders, including:

- Special meetings of the shareholders of BB&T may be called only by BB&T's Chief Executive Officer, President or Secretary or by the BB&T Board of Directors; while special meetings of the shareholders of First Virginia may be called by the chairman of the board, the chief executive officer, or the President or at the written request of a majority of directors or by holders of four-fifths (80%) of the voting power of all of the then outstanding shares of capital stock of First Virginia entitled to vote generally in the election of directors;
- Directors may be removed from office under BB&T's articles of incorporation and bylaws only for cause and only by the vote of a majority of the outstanding shares entitled to vote in the election of directors; while directors may be removed from office under First Virginia's articles of incorporation with or without cause by the vote of four-fifths (80%) of the stock entitled to vote generally in the election of directors at a meeting called for that purpose;
- BB&T's articles of incorporation and bylaws require the vote of more than two-thirds of the outstanding shares entitled to vote to approve an amendment that would amend, alter or repeal the provisions of the articles of incorporation or bylaws relating to

Edgar Filing: BB&T CORP - Form 424B3

classification and staggered terms of the BB&T Board of Directors, removal of directors or any requirement for a supermajority vote; while First Virginia's articles of incorporation provide that the articles of incorporation may be amended by the vote of a majority of all votes

entitled to be cast by each voting group of First Virginia entitled to vote on the amendment at a meeting at which a quorum of each voting group exists and require the vote of a majority of the First Virginia Board Directors or the affirmative vote of the shareholders holding 80% of the voting power of First Virginia common stock in order to adopt, amend or repeal the bylaws.

BB&T common stock issued in the merger will be listed on the New York Stock Exchange

BB&T will list the shares of its common stock to be issued in the merger on the New York Stock Exchange.

If you sign and send in your proxy and do not indicate how you want to vote, your proxy will be counted as a vote in favor of the proposals. If you do not vote or you abstain, it will have the effect of a vote against the merger.

After the merger, you will have to surrender your First Virginia common stock certificates to receive new certificates representing the number of shares of common stock of BB&T you are entitled to receive in the merger. Please **do not** send certificates until after receipt of written instructions following completion of the merger.

We have summarized below the per share information for our companies on a historical, pro forma combined and equivalent basis. You should read this information in conjunction with our historical financial statements (and related notes) contained in the annual and quarterly reports and other documents we have filed with the Securities and Exchange Commission. See [Where You Can Find More Information](#) on page 89.

The pro forma combined information gives effect to the merger accounted for as a purchase, assuming that 1.26 shares of BB&T common stock are issued for each outstanding share of First Virginia common stock and assuming that the merger occurred as of the beginning of the periods presented. Pro forma equivalents of one First Virginia common share amounts are calculated by multiplying the pro forma combined basic and diluted earnings per share, BB&T's historical per share dividend and the pro forma shareholders' equity by the exchange ratio of 1.26 shares of BB&T common stock, so that the per share amounts equate to the respective values for one share of First Virginia common stock. You should not rely on the pro forma information as being indicative of the historical results that we would have had if we had been combined or the future results that we will experience after the merger, nor should you rely on the three-month information as being indicative of results expected for the entire year or for any future interim period.

Table of Contents**A WARNING ABOUT FORWARD-LOOKING INFORMATION**

BB&T and First Virginia have each made forward-looking statements in this document and in other documents to which this document refers that are subject to risks and uncertainties. These statements are based on the beliefs and assumptions of the managements of BB&T and First Virginia and on information currently available to them or, in the case of information that appears under the heading "The Merger Background of and Reasons for the Merger" on page 18, information that was available to the managements of BB&T and First Virginia as of the date of the merger agreement, and should be read in connection with the notices about forward-looking statements made by BB&T and First Virginia in their reports filed under the Securities Exchange Act of 1934. Forward-looking statements include the information concerning possible or assumed future results of operations of BB&T or First Virginia set forth under "Summary and The Merger Background of and Reasons for the Merger" and statements preceded by, followed by or that include the words "believes," "expects," "assumes," "anticipates," "intends," "plans," "estimates," or other similar expressions. See "Where You Can Find More Information" on page 89.

BB&T and First Virginia have made statements in this document and in other documents to which this document refers regarding estimated earnings per share of BB&T on a stand-alone basis, expected cost savings from the merger, estimated merger or restructuring charges relating to the merger, estimated increases in First Virginia's fee income ratio and decreases in First Virginia's net interest margin, estimates of financial impacts from deposit divestitures, the anticipated accretive effect of the merger and BB&T's anticipated performance in future periods. With respect to estimated cost savings and merger or restructuring charges, BB&T has made assumptions about, among other things, the extent of operational overlap between BB&T and First Virginia, the number of shares to be repurchased by BB&T and/or First Virginia, the amount of general and administrative expense consolidation, costs relating to converting First Virginia's bank operations and data processing to BB&T's systems, the size of anticipated reductions in fixed labor costs, the amount of severance expenses, the extent of the charges that may be necessary to align the companies' respective accounting policies and the costs related to the merger. The realization of cost savings and the amount of merger or restructuring charges relating to the merger are subject to the risk that the foregoing assumptions are inaccurate, and actual results may be materially different from those expressed or implied by the forward-looking statements.

Any statements in this document about the anticipated accretive effect of the merger and BB&T's anticipated performance in future periods are subject to risks relating to, among other things, the following possibilities:

- expected cost savings from the merger or other previously announced mergers may not be fully realized or realized within the expected time-frame;
- deposit attrition, customer loss or revenue loss following pending or recently completed mergers may be greater than expected;
- competitive pressure among depository and other financial institutions may increase significantly;
- costs or difficulties related to the integration of the businesses of BB&T and its merger partners, including First Virginia, may be greater than expected;
- changes in the interest rate environment may reduce net interest margins and/or the volumes and values of loans made or held as well as the value of other financial assets held;
-

Edgar Filing: BB&T CORP - Form 424B3

general economic or business conditions, either nationally or regionally, may be less favorable than expected, resulting in, among other things, a deterioration in credit quality or a reduced demand for credit or other services;

- legislative or regulatory changes, including changes in accounting standards, may adversely affect the businesses in which BB&T and First Virginia are engaged;

Table of Contents

- inability of BB&T and/or First Virginia to complete the contemplated share repurchases;
- adverse changes may occur in the securities markets; and
- competitors of BB&T and First Virginia may have greater financial resources and develop products that enable such competitors to compete more successfully than BB&T and First Virginia.

Management of each of BB&T and First Virginia believes the forward-looking statements about its company are reasonable; however, shareholders of First Virginia should not place undue reliance on them. Forward-looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. The future results and shareholder values of BB&T following completion of the merger may differ materially from those expressed or implied in these forward-looking statements. Many of the factors that will determine these results and values are beyond BB&T's and First Virginia's ability to control or predict.

All subsequent written and oral forward-looking statements concerning the merger or other matters addressed in this document and attributable to BB&T or First Virginia or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Neither BB&T nor First Virginia undertakes any obligation to release publicly any revisions to such forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events.

MEETING OF SHAREHOLDERS

General

This proxy statement/prospectus is being furnished to you in connection with the solicitation of proxies by the First Virginia Board of Directors from holders of First Virginia common stock, for use at the annual meeting of shareholders to be held at the Hilton McLean Tysons Corner located at 7920 Jones Branch Drive, McLean, Virginia on June 26, 2003 at 10:00 a.m., Eastern Time, and at any adjournments or postponements of the annual meeting. At the annual meeting of shareholders, holders of First Virginia common stock will be asked to vote upon the following proposals:

- approval and adoption of the Agreement and Plan of Reorganization, dated January 20, 2003 between BB&T and First Virginia and the related plan of merger pursuant to which First Virginia would merge into BB&T. In this proxy statement/prospectus, we refer to the Agreement and Plan of Reorganization and the related plan of merger as the merger agreement . A copy of the merger agreement is attached to this proxy statement/prospectus as Appendix A;
- the election of 5 Class A directors; and
- adjournment of the annual meeting, if necessary, to solicit additional proxies to approve of the matters being voted upon at the meeting, and such other matters as may properly come before the annual meeting.

Proxies may be voted on other matters that may properly come before the meeting, if any, at the discretion of the proxy holders. The First Virginia Board of Directors knows of no such other matters except those incidental to the conduct of the meeting.

Who Can Vote at the Meeting

The First Virginia Board of Directors has fixed the close of business (5:00 p.m., Eastern Time) on May 8, 2003 as the record date for determining the holders of First Virginia common stock entitled to notice of, and to vote at, the annual meeting. Only holders of record of First Virginia common stock at the close of business on the record date will be entitled to notice of, and to vote at, the annual meeting.

On the record date, there were 68,681,372 shares of First Virginia common stock issued and outstanding and entitled to vote at the annual meeting, held by approximately 20,039 holders of record. Holders of record of First Virginia common stock are entitled to one vote per share on any matter which may properly come before the annual meeting. Votes may be cast at the annual meeting in person or by proxy.

The presence at the annual meeting, either in person or by proxy, of the holders of a majority of the outstanding First Virginia common stock entitled to vote, is necessary to constitute a quorum in order to transact business at the annual meeting. However, in the event that a quorum is not present at the annual meeting, it is expected that the meeting will be adjourned or postponed in order to solicit additional proxies.

Attending the Meeting

If you are a beneficial owner of First Virginia common stock held by a broker, bank or other nominee (i.e., in street name), you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of First Virginia common stock held in street name in person at the meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

Vote Required

Approval of the proposal to approve and adopt the merger agreement will require the affirmative vote of more than two-thirds of the shares of First Virginia common stock outstanding on the record date. Under applicable Virginia law, in determining whether the proposal to approve and adopt the merger agreement has received the requisite number of affirmative votes, non-votes and abstentions will have the same effect as a vote

Table of Contents

against the proposal. Brokers who hold shares of First Virginia common stock as nominees will not have discretionary authority to vote such shares in the absence of instructions from the beneficial owners of those shares. Any shares which are not voted because the nominee-broker lacks such discretionary authority (broker non-votes) will have the same effect as a vote against the proposal.

With respect to the election of directors, the five nominees receiving the greatest number of votes cast for the election of directors will be elected, if a quorum is present at the meeting. The presence in person or by proxy of a majority of the outstanding shares of First Virginia common stock entitled to vote on the matter will constitute a quorum. Shares for which the holder has elected to abstain or withhold the proxy's authority to vote (including broker non-votes) will count toward a quorum but will not count for or against the election of directors.

Action on any other matter that is properly presented at the meeting for consideration of the shareholders, except as described above, will be approved if a quorum is present for that matter and a majority of the votes present approve the action. A quorum will be present for a particular matter if a majority of the outstanding shares of First Virginia common stock entitled to vote on that matter is represented at the meeting in person or by proxy. For purposes of determining whether a quorum is present for a particular matter, shares with respect to which proxies have been marked as abstentions will be treated as shares present, but broker non-vote shares will not be treated as shares present. The First Virginia Board of Directors is not aware of any other business to be presented at the meeting other than matters incidental to the conduct of the meeting.

Because approval of the merger agreement requires the affirmative vote of the holders of more than two-thirds of the outstanding shares of First Virginia common stock entitled to vote, failures to vote, abstentions and broker non-vote shares will have the same effect as votes against the merger. Accordingly, the First Virginia Board of Directors urges you to complete, date and sign the accompanying proxy and return it promptly in the enclosed postage-prepaid envelope or to otherwise vote your shares in another approved manner.

You should not return your stock certificates with your proxy cards. The procedure for surrendering your stock certificates is described under "The Merger Exchange of First Virginia Stock Certificates" on page 29.

As of the record date, First Virginia's directors and executive officers and their affiliates may be deemed to be the beneficial owners of approximately 1,224,810 outstanding shares of First Virginia common stock (not including shares that may be acquired upon the exercise of stock options), which collectively represent approximately 1.8% of the voting power of First Virginia common stock. The directors of First Virginia are obligated pursuant to an agreement with BB&T to vote the shares beneficially owned by them for approval and adoption of the merger agreement. We expect that the executive officers of First Virginia will also vote the shares beneficially owned by them in favor of the merger agreement, and we also expect that the directors and executive officers will vote the shares beneficially owned by them in favor of the directors nominated by First Virginia. As of the record date, the directors and officers of BB&T, their affiliates, BB&T and its subsidiaries owned no outstanding shares of First Virginia common stock.

Voting and Revocation of Proxies

Shares represented by properly executed proxies (through the return of the enclosed proxy card or by Internet or telephone voting) received in time for the annual meeting will be voted at the annual meeting in the manner specified by such proxies unless the proxies are revoked as described below. If your proxy is properly executed but does not contain voting instructions, your proxy will be voted **for** approval of the merger agreement. Also, proxies received from shareholders will be voted in favor of the five nominees for director unless the shareholders specify otherwise on their proxies. Proxies marked **for** approval of the merger agreement and proxies that are executed but unmarked will be voted in the discretion of the proxy holders named in the proxies as to any proposed adjournment of the meeting. Proxies that are voted **against** approval of the merger agreement will not be voted in favor of any motion to adjourn the meeting to solicit more votes in favor of the merger. If other

Edgar Filing: BB&T CORP - Form 424B3

matters are properly presented before the annual meeting, the persons named in such proxy will have authority to vote in accordance with their judgment on any other such matters. It is not expected that any matter other than as described in this proxy statement/prospectus will be brought before the annual meeting.

Table of Contents

The grant of a proxy on the enclosed proxy card does not preclude a shareholder from voting in person. You may revoke a proxy at any time prior to your proxy being voted at the annual meeting by:

- voting again by telephone or over the Internet;
- delivering, prior to the annual meeting, to Barbara J. Chapman, Vice President and Secretary of First Virginia at 6400 Arlington Boulevard, Falls Church, Virginia 22042-2336, a written notice of revocation bearing a later date or time than the proxy;
- submitting another proxy by mail that is later dated and that is properly signed, dated and completed; or
- oral revocation at the annual meeting in person to any of the persons named on the enclosed proxy card.

Attendance at the annual meeting will not by itself constitute revocation of a proxy. If you hold your shares in street name, please see the voting form provided by your broker for additional information regarding the voting of your shares.

Your broker may allow you to deliver your voting instructions via the telephone or the Internet. Please see the voting instruction form from your broker. If your shares are not registered in your name, you will need additional documentation from your record holder to vote the shares in person.

Individuals who hold common stock through participation in the VBA Benefits Corporation Master Defined Contribution Plan for James River Bancshares, Inc. (which we refer to as the James River 401(k) Plan), which was assumed by First Virginia in connection with its acquisition of James River Bancshares, Inc., will vote those shares by instructing the VBA Benefits Corporation, the third-party administrator for that plan, how to vote. A separate voting instruction card is being provided to those individuals for use in providing voting instructions. Full shares held by the James River 401(k) Plan will be voted by the VBA Benefits Corporation, as the administrator, in accordance with instructions received from participants. Full shares held by the James River 401(k) Plan for which no voting instructions are received will be voted by the administrator in its discretion as a fiduciary. Shares held under the James River 401(k) Plan are entitled to vote on the merger with BB&T only, and are not entitled to vote on the other annual meeting matters.

Solicitation of Proxies

BB&T and First Virginia will each pay 50% of the cost of printing this proxy statement/prospectus, and First Virginia will pay all other costs of soliciting proxies from record and beneficial owners of First Virginia common stock. Directors, officers and other employees of First Virginia or its subsidiaries may solicit proxies personally, by telephone or facsimile or otherwise. None of these people will receive any special compensation for solicitation activities. First Virginia will arrange with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such brokerage firms and other custodians, nominees and fiduciaries, and First Virginia will reimburse these record holders for their reasonable out-of-pocket expenses. First Virginia has engaged Morrow & Co. to assist in distributing proxy materials and contacting record and beneficial owners of First Virginia common stock. First Virginia has agreed to pay Morrow & Co. approximately \$8,000, in addition to out of pocket expenses for its services to be rendered on behalf of First Virginia.

The annual meeting may be adjourned for the purpose of soliciting additional proxies in favor of the merger. Any adjournment of the annual meeting may be made without notice, other than by an announcement made at the annual meeting. Any adjournment or postponement of the annual meeting for the purpose of soliciting additional proxies will allow First Virginia shareholders who have already sent in their proxies to revoke them at any time prior to their use.

Recommendation of the First Virginia Board of Directors

The First Virginia Board of Directors has unanimously approved the merger agreement and believes that the proposed transaction is fair to and in the best interests of First Virginia and its shareholders. **The First Virginia Board of Directors unanimously recommends that First Virginia's shareholders vote FOR approval of the merger agreement.** See "The Merger" Background of and Reasons for the Merger on page 18.

THE MERGER

The following information describes the material aspects of the merger. This description does not purport to be complete and is qualified in its entirety by reference to the appendices to this proxy statement/prospectus, including the merger agreement, which is attached to this proxy statement/prospectus as Appendix A and incorporated herein by reference. All shareholders are urged to read the appendices in their entirety.

General

The merger agreement provides for the merger of First Virginia into BB&T, with BB&T being the surviving corporation in the merger. As a result of the merger, holders of First Virginia common stock will exchange their shares of First Virginia, a Virginia corporation, which is governed by the Virginia Stock Corporation Act, First Virginia's Articles of Incorporation and First Virginia's bylaws, for shares of common stock of BB&T, a North Carolina corporation, which is governed by the North Carolina Business Corporation Act, BB&T's Articles of Incorporation and BB&T's bylaws. On the effective date of the merger, each share of First Virginia common stock then issued and outstanding will be converted into and exchanged for the right to receive 1.26 shares of BB&T common stock plus cash instead of any fractional shares. Shares held by First Virginia or BB&T, other than shares held in a fiduciary capacity or as collateral for debts previously contracted, will not be converted to BB&T common stock.

Background of and Reasons for the Merger

Background of the Merger

The management of First Virginia periodically has explored and assessed, and has discussed with the First Virginia Board of Directors, strategic options for First Virginia, including strategies to grow First Virginia's business through business and marketing initiatives and through targeted acquisitions of other financial institutions. These strategic discussions also included the possibility of business combinations involving First Virginia and larger financial institutions, particularly in view of the increasing competition, continuing consolidation and other developments in the financial services industry.

In October 2002, a senior executive of BB&T contacted Mr. Barry J. Fitzpatrick, the Chairman, Chief Executive Officer and President of First Virginia and suggested that the two meet to discuss strategic alternatives. At a meeting in November, Barry J. Fitzpatrick and another senior executive of First Virginia met with a senior executive of BB&T and discussed the potential fit between their companies. Early in December, John A. Allison, IV, Chairman and Chief Executive Officer of BB&T and another senior executive of BB&T met with Barry J. Fitzpatrick and the other senior executive of First Virginia and discussed the potential fit between the companies and BB&T presented a general outline of possible terms (including general price parameters) for a potential transaction. At this meeting, BB&T and First Virginia determined to have further discussions beginning in the first part of the new year. Following this meeting, Mr. Fitzpatrick met with Edward L. Breeden, III, L. H. Ginn, III, Lawrence T. Jennings and Robert H. Zalokar, each of whom except for Mr. Jennings, serves as a member of the executive committee of the First Virginia Board of Directors, which generally exercises all the powers of the First Virginia Board of Directors when the First Virginia Board of Directors is not in session. Messrs. Breeden, Ginn and Jennings are each independent directors. After discussing the conversations between Mr. Fitzpatrick and BB&T, they agreed that Mr. Fitzpatrick and members of the First Virginia management team should continue to explore the possibility of a transaction with BB&T. In view of the full Board's prior general discussions regarding the possibility of a transaction of the type proposed by BB&T and the exploratory stage of the discussions, the committee members did not consider a full Board meeting

Edgar Filing: BB&T CORP - Form 424B3

necessary prior to the time that the terms of a proposed transaction were more fully developed and due diligence had progressed.

In early January 2003, Mr. Fitzpatrick met again with Mr. Allison and other senior executives of BB&T. After discussing a range of issues, including the strategic benefits of a merger and a range of potential exchange ratios, they determined to commence mutual due diligence investigations and negotiations regarding a potential

Table of Contents

merger. Over the next two and a half weeks, senior management and advisors to BB&T and First Virginia conducted their respective due diligence investigations. Also during this time, First Virginia and BB&T managements, working with their respective legal and financial advisors, held a series of discussions with respect to the proposed combination, including negotiating the exchange ratio and the other principal financial and business terms of the transaction. While these discussions proceeded, legal counsel to BB&T and First Virginia began to draft definitive documentation with respect to the proposed merger.

On January 17, 2003, the First Virginia Board of Directors held a special meeting to review and discuss the proposed merger, the terms of the proposed merger agreement, the status of the negotiations with BB&T and the results of the due diligence investigation of BB&T. Mr. Fitzpatrick also reviewed the First Virginia Board's prior discussions of strategic alternatives for First Virginia, including the possibility of a sale to another financial institution or remaining as an independent company and seeking growth through internal initiatives and/or strategic acquisitions of other financial institutions. Mr. Fitzpatrick noted that, as discussed in prior board meetings, size and diversification beyond the level First Virginia believed to be reasonably achievable on an independent basis was becoming increasingly important to continued success in the current financial services environment.

Mr. Fitzpatrick also reviewed the course of discussions with BB&T and outlined the strategic rationale for the proposed merger. Mr. Fitzpatrick noted that the parties had held discussions regarding the terms and price parameters of the transaction during the period preceding the First Virginia Board meeting, but that while some of the details of the transaction had been revised and clarified since the December meeting, BB&T had not been willing to materially increase the exchange ratio from the number that it had originally indicated that it was prepared to offer because beyond that price the proposal would not be accretive to BB&T earnings within a reasonable time frame. Mr. Fitzpatrick noted that First Virginia and BB&T had finalized the exchange ratio at 1.26 in arms-length negotiations following the satisfactory completion of the parties diligence investigations. Mr. Fitzpatrick noted that the exchange ratio was fixed and that the merger agreement did not include any price-based termination right or other protections against potential declines in the BB&T trading price. The First Virginia Board of Directors believed that this term was acceptable in view of the fact that First Virginia stockholders also had the ability to share in any potential increase in the BB&T market price both before and after completion of the merger, in view of the fact that the merger proposal was subject to approval of First Virginia shareholders and in view of the right of First Virginia to not complete the merger if BB&T suffered a material adverse change. Mr. Fitzpatrick and management also reviewed the strategic rationale of the transaction, including the ability of shareholders to participate in a larger more diversified financial institution, the ability to combine the relative strengths and geographies of the two institutions, the ability of the First Virginia shareholders to achieve a premium based on recent market valuations and other matters discussed below under First Virginia's Reasons for the Merger.

Morgan Stanley discussed financial information regarding BB&T and the proposed merger with BB&T. Morgan Stanley's discussion with the First Virginia Board of Directors covered a range of matters, including the key financial terms of the proposed merger, review of relevant business and financial information regarding the two companies, historical stock price performance, valuation methodologies and analyses and the other matters set forth in Opinion of First Virginia's Financial Advisor. After this discussion, Morgan Stanley orally confirmed that it would deliver its opinion that, as of the date of the merger agreement, and based on and subject to the considerations set forth in its opinion, the exchange ratio pursuant to the agreement was fair to the holders of shares of First Virginia common stock from a financial point of view (which opinion was subsequently delivered in writing as of the date of the merger agreement). The full text of the Morgan Stanley opinion is attached as Appendix B to this proxy statement/prospectus. Also, at this meeting, the First Virginia Board of Directors discussed with Wachtell, Lipton, Rosen & Katz the terms of the definitive agreements governing the transaction and the legal and fiduciary standards applicable to its decision to approve the agreements and the transactions contemplated by the agreements. Following these discussions, the Board of Directors determined to adjourn the meeting until the following morning.

Table of Contents

On January 18, 2003, the First Virginia Board of Directors reconvened to consider and vote on the proposed merger agreement. After follow up discussions regarding some of the matters discussed the prior evening, as well as discussions regarding the process for announcing the transaction, the regulatory approval process and other similar matters, the First Virginia Board of Directors determined that the transactions contemplated by the merger agreement were fair to and in the best interests of First Virginia and its shareholders. The First Virginia Board of Directors then voted unanimously to approve the merger agreement and the transactions contemplated by that agreement.

The merger agreement and the transactions contemplated by that agreement were approved by the BB&T Board of Directors on January 17, 2003.

On January 20, 2003, First Virginia and BB&T finalized and executed the merger agreement, and the transaction was announced on January 21, 2003 by a joint press release issued by BB&T and First Virginia before the beginning of trading on the New York Stock Exchange (NYSE).

For the reasons set forth below, the First Virginia Board of Directors has unanimously approved and adopted the merger agreement as advisable and in the best interests of First Virginia and its shareholders and unanimously recommends that the First Virginia shareholders vote for the approval and adoption of the merger agreement.

First Virginia's Reasons for the Merger

In reaching its decision to approve the merger agreement and recommend the merger to its shareholders, the First Virginia Board of Directors consulted with First Virginia's management, as well as its legal and financial advisors, and considered a number of factors, including:

- the fact that, based on the closing price of BB&T common stock on the NYSE on January 17, 2003 (the last trading day prior to announcement of the merger), the value of the merger consideration to be received by First Virginia shareholders in the merger represented a premium of approximately 25% over the closing price of First Virginia common stock on the NYSE on January 17, 2003;
- its knowledge of First Virginia's business, operations, financial condition, earnings and prospects and of BB&T's business, operations, financial condition, earnings and prospects, taking into account the results of First Virginia's due diligence review of BB&T; and its belief that, particularly in view of the factors described in this bullet-point and the bullet-point above, a combination with BB&T would allow First Virginia shareholders as shareholders of the combined entity to participate in a company with better future prospects than First Virginia was likely to achieve on a stand-alone basis;
- its knowledge of the current environment in the financial services industry, including continued consolidation, evolving trends in technology and increasing nationwide and global competition and the current financial market conditions and the historical market prices of First Virginia's common stock;
- the financial analyses presented by Morgan Stanley to the First Virginia Board of Directors, and the opinion delivered to First Virginia by Morgan Stanley, to the effect that, as of January 20, 2003, and based upon and subject to the considerations set forth in the opinion, the exchange ratio pursuant to the merger agreement was fair from a financial point of view to the holders of shares of

Edgar Filing: BB&T CORP - Form 424B3

First Virginia common stock;

- the structure of the merger and the financial and other terms of the merger agreement, including the fact that the transaction was a stock-for-stock merger that would allow shareholders to continue to participate in the future growth prospects of both companies, the absence of any downside price protection or upside price limitation mechanics, the premium described in the first bullet above, the termination fee described below and the other terms of the agreement which are generally customary for similar financial institutions transactions;
- the likelihood that the merger would be completed, given the regulatory and other approvals required in connection with the merger, and the experience, reputation and resources of BB&T;

Table of Contents

- the expected treatment of the merger as a reorganization for United States federal income tax purposes which would generally allow First Virginia shareholders to avoid recognizing gain or loss upon the conversion of shares of First Virginia common stock into shares of BB&T common stock in the merger;
- the challenges of combining the businesses, assets and workforces of two major companies, which could impact the post-merger success of the combined company but was an acceptable risk particularly in view of BB&T's past experience and success in integrating transactions;
- the risk of diverting management focus and resources from other strategic opportunities and from operational matters while working to implement the merger;
- the termination fee of up to \$155 million to be paid by First Virginia to BB&T if the merger agreement is terminated under limited circumstances, which the Board understood would limit its ability to pursue or support competing acquisition proposals but was a condition to BB&T's willingness to enter into the merger agreement; and
- the fact that some of First Virginia's directors and executive officers have interests in the merger that are in addition to their interests as First Virginia shareholders, which had the potential to influence such directors' and officers' views and actions in connection with the merger proposal. See *Interests of First Virginia's Directors and Officers in the Merger*.

The foregoing discussion of the factors considered by the First Virginia Board of Directors is not intended to be exhaustive, but, rather, includes all material factors considered by the First Virginia Board of Directors. In reaching its decision to approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, the First Virginia Board of Directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The First Virginia Board of Directors considered all these factors as a whole, and overall considered them to be favorable to, and to support, its determination.

BB&T's Reasons for the Merger

One of BB&T's announced objectives is to pursue in-market and contiguous state acquisitions of banks and thrifts in the \$250 million to \$10 billion asset size range. While slightly above the upper end of this target size range, BB&T's management believes that the acquisition of First Virginia is consistent with this strategy, and will give BB&T a substantial presence in the high growth and economically attractive markets of Virginia and the Washington D.C. metropolitan statistical area and enhance BB&T's network in Maryland and Tennessee. The merger also provides opportunities for cost savings as the combined branch franchise is consolidated, while simultaneously offering BB&T the opportunity for ongoing revenue enhancements through the cross-selling of its more extensive array of products and services to First Virginia's approximately 850,000 households. In conducting its analyses of the transaction, BB&T has assumed projected annual pre-tax cost savings of \$131 million and has assumed that First Virginia's projected noninterest income will grow by the seventh full year following the merger to achieve a fee income ratio of 35% from a fee income ratio of 22% as of December 31, 2002.

In evaluating the merger, BB&T analyzed the projected financial effects of the merger against established investment criteria which BB&T consistently applies, using the assumptions described below in *Assumptions Made By BB&T*. BB&T does not require that every individual investment criterion be met, and a failure to meet one of the criteria may be offset or compensated for by favorable results in evaluating other criteria. Below are BB&T's seven investment criteria and the projected results of the First Virginia merger with respect to each:

Edgar Filing: BB&T CORP - Form 424B3

- Criteria: The transaction must be accretive to cash earnings per share by the second full year following the merger. BB&T's analysis indicated that the merger would be accretive to cash earnings per share the first full year following the merger

Table of Contents

- Criteria: The transaction must be accretive to earnings per share, as determined in accordance with generally accepted accounting principles, by the fourth full year following the merger. BB&T's analysis indicated that the merger would be accretive in the third full year following the merger
- Criteria: The transaction must be accretive to cash basis return on equity by the third full year following the merger. BB&T's analysis indicated that the merger would be accretive to cash basis return on equity in the first full year following the merger
- Criteria: The transaction must be accretive to cash basis return on assets by the third full year following the merger. BB&T's analysis indicated that the merger would be accretive to cash basis return on assets in the first full year following the merger
- Criteria: The transaction must be accretive to tangible book value by the fifth full year following the merger. BB&T's analysis indicated that the merger would be accretive to tangible book value in the sixth full year following the merger
- Criteria: The combined leverage ratio following the merger must not be below 7%. BB&T's analysis indicated that the combined leverage ratio will remain over 7%
- Criteria: The projected performance of First Virginia must conform to BB&T's internal rate of return criteria. BB&T's current minimum internal rate of return for this type of investment is 15% or better. BB&T's analysis indicated the projected internal rate of return will be better than 15%.

In conducting its analysis, BB&T excluded the effect of estimated one-time after-tax charges of \$35.0 million, net of an expected 8% premium from deposit divestiture equal to \$31.2 million, related to completing the merger on earnings per share, return on assets and return on equity, as well as cash basis earnings per share, cash basis return on assets and cash basis return on equity.

None of the above information has been updated since the date of the merger agreement. There can be no certainty that actual results will be consistent with the results described above. For more information concerning the factors that could affect actual results, see "A Warning About Forward-Looking Information" on page 13.

In reaching its determination that the merger agreement is fair to, and in the best interests of, BB&T and its shareholders, the BB&T Board of Directors considered the above factors, as well as the following:

- The acquisition is consistent with BB&T's strategy of pursuing in-market (Carolinas/Virginia/West Virginia/D.C./Maryland/Georgia/Kentucky/Tennessee/Florida) and contiguous state acquisitions of high quality banks and thrifts.
- The acquisition is consistent with past acquisitions which have been successfully executed.
- BB&T has a proven track record of successfully integrating large in-market acquisitions, such as Southern National Corporation (1995), United Carolina Bancshares (1997) and F&M National Corporation (2001).

Edgar Filing: BB&T CORP - Form 424B3

- The transaction optimizes BB&T's Virginia banking franchise, creating an operation that is commensurate with BB&T's highly efficient franchises in North and South Carolina.
- The acquisition would add approximately 850,000 new households that can be cross-sold with BB&T's array of products and services which is more extensive than that of First Virginia.
- The acquisition would provide BB&T with a significant expansion of its branch network in the high growth and economically attractive markets in Virginia.
- The merger would significantly enhance BB&T's network in Maryland, Tennessee, and the Washington, D.C. metropolitan statistical area.

In addition to the foregoing, the Board was presented with a thorough financial analysis of the merger by BB&T's financial advisor and was advised by such advisor that the consideration to be paid in the merger is fair from a financial point of view to the shareholders of BB&T, and BB&T's legal counsel summarized certain provisions of the merger agreement.

Table of Contents

The BB&T Board of Directors did not assign any specific or relative weight to the factors in its consideration. The Board collectively made its determination with respect to the merger based on the conclusion reached by its members, in light of the factors that each of them considered appropriate, that the merger is in the best interests of the shareholders of BB&T.

The terms of the merger, including the exchange ratio, were the result of arms length negotiation between representatives of First Virginia and representatives of BB&T. Based upon its consideration of the foregoing factors, the BB&T Board of Directors approved the merger agreement and the merger as being in the best interests of BB&T and its shareholders.

Assumptions Made by BB&T

For the purpose of the analysis, described above in BB&T's Reasons for the Merger, BB&T made the following assumptions:

- BB&T's earnings per share (EPS) for 2003 would be in line with the estimate published by First Call Corporation of \$2.97;
- BB&T's earnings per share for subsequent years would increase at an assumed annual rate, determined solely for the purpose of assessing the impact of the merger as described above, of 12%;
- First Virginia's 2003 projected financial statements would be based on First Virginia's EPS on a stand-alone basis for 2003 being \$2.69, as estimated by First Call Corporation;
- Annual pre-tax cost savings of approximately \$131 million, or 40% of First Virginia's 2002 noninterest expense base (excluding intangibles amortization expense) would be fully realized in the first twelve months following conversion;
- Income statement and balance sheet growth rates attributable to First Virginia would be 12% in all years except First Virginia's noninterest income was projected to grow to achieve a fee income ratio of 35% by year 7;
- First Virginia's core net interest margin (non-fully taxable equivalent) was estimated at 4.68% post-divestiture and was held at this level in all years;
- 4.2 million shares will be repurchased;
- First Virginia's loan loss allowance would be 1.30% in all years;
- First Virginia's net charge-off rate for loan losses would be 0.20% in 2003, 0.25% in 2004 and 0.35% in 2005 and thereafter;
- Post-merger deposit divestitures would total approximately \$390 million; and

- The effective tax rate would be 32% for all years.

Opinion of First Virginia's Financial Advisor

Morgan Stanley was engaged to provide financial advisory services to First Virginia. First Virginia selected Morgan Stanley to act as its financial advisor in connection with strategic alternatives based on Morgan Stanley's qualifications, expertise and reputation, as well as its knowledge of the business and affairs of First Virginia. On January 17, 2003, Morgan Stanley delivered its oral opinion, subsequently confirmed in writing as of January 20, 2003 to the First Virginia Board of Directors, that subject to and based on the factors considered in its opinion, the exchange ratio pursuant to the merger agreement was fair, from a financial point of view, to the holders of shares of First Virginia common stock.

The full text of Morgan Stanley's written opinion, dated as of January 20, 2003, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Morgan Stanley in rendering its opinion, is attached as Appendix B of this document. Holders of First Virginia's common stock are urged to, and should, read this opinion carefully

and in its entirety. Morgan Stanley's opinion is directed to the board of directors of First Virginia, addresses only the fairness from a financial point of view to the holders of First Virginia common stock of the exchange ratio pursuant to the merger agreement, and does not address any other aspect of the acquisition or constitute a recommendation to any First Virginia shareholder as to how to vote at the annual meeting. This summary is qualified in its entirety by reference to the full text of the opinion.

In arriving at its opinion, Morgan Stanley, among other things:

- reviewed certain publicly available financial statements and other information of First Virginia and BB&T, respectively;

With respect to financial forecasts and profit plans, including certain strategic, financial and operational benefits anticipated from the merger, Morgan Stanley has assumed that they have been reasonably prepared on bases reflecting the best available estimates and judgments of the future financial performance of First Virginia and BB&T. Morgan Stanley has assumed that the merger will be consummated in accordance with the terms of the merger agreement, including, among other things, that the merger will be treated as a tax-free reorganization, pursuant to the Internal Revenue Code of 1986, as amended. Morgan Stanley has not made any independent valuation or appraisal of the assets or liabilities of First Virginia and BB&T, nor has Morgan Stanley been furnished with any such appraisals and Morgan Stanley has not made any independent examination of the loan loss reserves or examined any individual loan credit files of BB&T or First Virginia. Morgan Stanley's opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to it as of, the date of its opinion.

Edgar Filing: BB&T CORP - Form 424B3

Morgan Stanley compared, for the Peer Group, the Morgan Stanley Mid Cap Bank Index, and First Virginia, the market price to 2003 cash earnings per share estimate from Institutional Brokers Estimate System, or I/B/E/S, available as of January 16, 2003, as well as historical information as of September 30, 2002. I/B/E/S is a database owned and operated by Thompson Financial, which contains estimated and actual earnings, cash flows, dividends, sales, and pre-tax income data for companies in the United States, Europe, Asia and emerging markets. I/B/E/S estimates are based on the consensus of many contributing analysts and are recognized as one of the industry standard sources for data of this type.

The following table reflects the results of the analysis:

	<u>Price/2003E Cash Earnings</u>
First Virginia (as of January 16, 2003)	13.6x
Peer Group Median	12.1
Morgan Stanley Mid Cap Bank Index Median	11.8

The implied range of values for First Virginia common stock, derived from the analysis of the market price to 2003 estimated cash earnings per share for the Peer Group and for the Morgan Stanley Mid Cap Bank Index, ranged from approximately \$30 to \$36 per share. Morgan Stanley noted that the closing price of First Virginia common stock as of January 16, 2003, was \$37.66 per share. In comparison, based on the merger exchange ratio of 1.26 and BB&T's closing price of \$37.26 as of January 16, 2003, the implied value of the merger consideration was \$46.95 per share of First Virginia common stock.

Dividend Discount Analysis. Morgan Stanley performed a dividend discount analysis to determine a range of present values of First Virginia common stock, assuming First Virginia continued to operate as a stand-alone entity. The range was determined by adding:

- the present value of an estimated future dividend stream for First Virginia over the five-year period from 2003 through 2007, and
- the present value of the terminal value of First Virginia common stock at the end of the year 2007.

Morgan Stanley made the following assumptions in performing its analysis:

- a constant tangible common equity/tangible assets ratio of 7.0% for a projected dividend stream,

Edgar Filing: BB&T CORP - Form 424B3

- earnings projections were based on I/B/E/S estimates for 2003 and 2004, with an assumed earnings growth rate of 7% for 2005 through 2008, consistent with the I/B/E/S long-term growth estimate for First Virginia,
- terminal value of First Virginia common stock at the end of the period was determined by applying two price-to-cash earnings multiples (10x and 12x) to year 2008 projected earnings, and
- the dividend stream and terminal values were discounted to present values using discount rates of 10% and 13%.

Based on the above assumptions, the fully diluted stand-alone value of First Virginia common stock ranged from approximately \$31 to \$38 per share. In comparison, as described above under Comparable Company Analysis, as of January 16, 2003, the implied value of the merger consideration was \$46.95 per share of First Virginia common stock.

Implied Acquisition Value. Morgan Stanley performed an analysis of the acquisition valuation of First Virginia in which it assumed that the net present value of assumed cost savings was added to the stand-alone value of First Virginia common stock as described above under *Dividend Discount Analysis*. Based on pre-tax synergies ranging from 15% to 40% of First Virginia's non-interest expense base, discount rates of 10% and 13%, phase-in of synergies over two years, and a synergies growth rate of 3%, Morgan Stanley estimated the implied acquisition value of First Virginia common stock to range from approximately \$36 to \$51 per share. In comparison, as described above under *Comparable Company Analysis*, as of January 16, 2003, the implied value of the merger consideration was \$46.95 per share of First Virginia common stock.

Precedent Transaction Analysis. Morgan Stanley performed an analysis of eight precedent transactions with announced deal values of over \$500 million since December 31, 2000 (the *Precedent Transactions*) by selected holding companies of commercial banks that shared characteristics with the merger to compare the multiples of book value and projected earnings indicated by the merger consideration to those multiples indicated for the Precedent Transactions. For each transaction, the acquired company's book value was based on its most recently reported book value per share prior to the announcement of the transaction and the acquired company's estimated earnings per share was based on I/B/E/S estimates of its earnings per share prior to announcement of the transaction.

The eight transactions constituting the Precedent Transactions were:

Acquiror

M&T Bank
Marshall & Ilsley
BNP Paribas
BNP Paribas
First Union
Citigroup
Royal Bank of Canada
BB&T

Target

Allfirst
Mississippi Valley
United California Bank
BancWest
Wachovia
EAB
Centura Banks
F&M National

The following table reflects the results of the analysis:

	Price/Book Value	Price/Forward Earnings
First Virginia/BB&T merger	2.7x	17.5x
Median of Precedent Transactions	2.3x	16.1x
Range of Precedent Transactions	1.7-3.0x	12.0-20.5x

The foregoing First Virginia multiples indicated by the merger consideration were based on the closing prices of BB&T common stock as of January 16, 2003, First Virginia's book value per share as of September 30, 2002, and First Virginia's 2003 I/B/E/S earnings per share estimate as of January 16, 2003.

Using a range of price to estimated forward earnings per share multiples of 16x to 18x resulted in a value of First Virginia common stock ranging from approximately \$43 to \$48 per share. In comparison, as described above under *Comparable Company Analysis*, as of January 16, 2003, the implied value of the merger consideration was \$46.95 per share of First Virginia common stock.

No company or transaction used in the comparable company and comparable transaction analyses is identical to First Virginia or the merger. Accordingly, an analysis of the results of the foregoing necessarily involves complex considerations and judgments concerning financial and operating characteristics of First Virginia and other factors that could affect the public trading value of the companies to which they are being compared. Mathematical analysis (such as determining the average or median) is not in itself a meaningful method of using comparable transaction data or comparable company data.

Pro Forma Merger Analysis. Morgan Stanley analyzed the financial impact of the merger on the estimated earnings per share and estimated cash earnings per share for BB&T and First Virginia, as well as the estimated

Table of Contents

dividend per share for the current holders of First Virginia common stock, using the estimated cost savings expected by BB&T management to result from the merger as well as BB&T's earnings estimates from 2003 through 2006. This analysis indicated that the merger would be accretive to the estimated dividend per share for the current holders of First Virginia common stock, and with synergies, the merger would be accretive to BB&T's current estimate of its 2004 cash earnings per share and its 2006 earnings per share as well as First Virginia's current estimate of its 2004 cash earnings per share and its 2004 earnings per share.

In connection with the review of the acquisition by the First Virginia Board of Directors, Morgan Stanley performed a variety of financial and comparative analyses for the purpose of rendering its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Morgan Stanley considered the results of all of its analyses as a whole and did not attribute any particular weight to any particular analysis or factor considered by it. Furthermore, Morgan Stanley believes that selecting any portion of its analyses, without considering all of its analyses, would create an incomplete view of the process underlying its analyses and the opinion. In addition, Morgan Stanley may have deemed various assumptions more or less probable than other assumptions, so that the ranges of valuations resulting from any particular analysis described above should not be taken to be Morgan Stanley's view of the actual value of First Virginia or BB&T.

In performing its analyses, Morgan Stanley made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of First Virginia or BB&T. Any estimates contained in the analyses performed by Morgan Stanley are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such estimates. Such analyses were prepared solely as a part of Morgan Stanley's analysis of the fairness from a financial point of view to the holders of shares of First Virginia common stock of the consideration to be paid to such holders pursuant to the merger agreement and were provided to the First Virginia Board of Directors in connection with the delivery of the Morgan Stanley opinion. The analyses do not purport to be appraisals of value or to reflect the prices at which First Virginia or BB&T might actually trade. In addition, as described above, the Morgan Stanley opinion was one of the many factors taken into consideration by the First Virginia Board of Directors in making its determination to approve the merger agreement. The consideration to be paid to holders of shares of First Virginia common stock pursuant to the merger agreement was determined through arm's-length negotiations between First Virginia and BB&T and was approved by the First Virginia Board of Directors. Morgan Stanley did not recommend any specific consideration to First Virginia or advise that any given consideration constituted the only appropriate consideration for the acquisition. Consequently, the Morgan Stanley analyses as described above should not be viewed as determinative of the opinion of the First Virginia Board of Directors with respect to the value of First Virginia or of whether the First Virginia Board of Directors would have been willing to agree to different consideration.

Morgan Stanley is an internationally recognized investment banking and advisory firm. Morgan Stanley, as part of its investment banking business, is continuously engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate, estate and other purposes. In the past (but not during the most recent two years), Morgan Stanley and its affiliates have provided financing services for BB&T and have received fees for the rendering of these services. In addition, Morgan Stanley and its affiliates may from time to time act as a counter-party to either First Virginia or BB&T and have received compensation for such activities. In the ordinary course of its business, Morgan Stanley and its affiliates may, from time to time, trade in the securities and indebtedness of First Virginia or BB&T for its own accounts or the account of investment funds and other clients under the management of Morgan Stanley and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities or indebtedness for any such account.

Pursuant to a letter agreement dated as of March 30, 2001, Morgan Stanley was retained to provide financial advisory services and a financial fairness opinion in connection with the acquisition, and First Virginia agreed to pay Morgan Stanley fees for its services in connection with the merger in a total amount equal to \$10 million, of

Table of Contents

which \$2 million became payable upon announcement of the merger and \$8 million shall be payable at the time the merger is completed.

First Virginia also agreed to reimburse Morgan Stanley for expenses incurred by Morgan Stanley in performing its services. In addition, First Virginia has also agreed to indemnify Morgan Stanley and its affiliates, their respective directors, officers, agents and employees and each person, if any, controlling Morgan Stanley or any of its affiliates against certain liabilities and expenses, including liabilities under the federal securities laws, related to or arising out of Morgan Stanley's engagement and any related transactions.

Exchange Ratio

Upon completion of the merger, each outstanding share of First Virginia common stock will be converted into the right to receive 1.26 shares of BB&T common stock plus cash instead of any fractional shares of BB&T common stock that would otherwise be issued.

You should be aware that the market value of a share of BB&T common stock will fluctuate and that neither BB&T nor First Virginia can give you any assurance as to what the price of BB&T common stock will be when the merger becomes effective or when certificates for those shares are delivered following surrender and exchange of your certificates for shares of BB&T stock. We urge you to obtain information on the market value of BB&T common stock that is more recent than that provided in this proxy statement/prospectus. See Summary Comparative Market Prices and Dividends on page 10.

No fractional shares of BB&T common stock will be issued in the merger. If you would otherwise be entitled to a fractional share of BB&T common stock in the merger, you will be paid an amount in cash determined by multiplying the fractional part of the share of BB&T common stock by the closing price per share of BB&T common stock on the NYSE at 4:00 p.m., Eastern Time, on the date that the merger becomes effective, as reported on NYSEnet.com.

Exchange of First Virginia Stock Certificates

When the merger is completed, without any action on the part of First Virginia or the First Virginia shareholders, shares of First Virginia common stock will be converted into and will represent the right to receive, upon surrender of the certificate representing such shares as described below, whole shares of BB&T common stock (and any declared and unpaid dividends on such shares) and cash instead of any fractional share of BB&T common stock that would otherwise be issued. Promptly after the merger becomes effective, BB&T will deliver or mail to you a form of letter of transmittal and instructions for surrender of your First Virginia stock certificates. When you properly surrender your certificates, or provide other satisfactory evidence of ownership, and return the letter of transmittal duly executed and completed in accordance with its instructions and any other documents as may be reasonably requested, BB&T will promptly deliver to you the shares of BB&T common stock (and any declared and unpaid dividends on such shares) and cash, if any, to which you are entitled.

You should not send in your stock certificates until you receive the letter of transmittal and instructions.

Edgar Filing: BB&T CORP - Form 424B3

After the merger is completed, and until surrendered as described above, each outstanding First Virginia stock certificate will be deemed for all purposes to represent only the right to receive the merger consideration. No interest will be paid or accrued on any cash payable for fractional shares as part of the merger consideration. With respect to any First Virginia stock certificate that has been lost or destroyed, BB&T will pay the merger consideration attributable to the shares represented by such certificate upon receipt of a surety bond or other adequate indemnity, as required in accordance with BB&T's standard policy, and evidence reasonably satisfactory to BB&T of ownership of the shares in question. After the merger is completed, First Virginia's transfer books will be closed and no transfer of the shares of First Virginia stock outstanding immediately before the time that the merger becomes effective will be made on BB&T's stock transfer books.

BB&T and First Virginia will coordinate the declaration of any dividends in respect of BB&T and First Virginia common stock and the record dates and payment dates for the fiscal quarter in which the merger

Table of Contents

becomes effective. Holders of First Virginia common stock will not receive two dividends, nor will they fail to receive one dividend for any quarter with respect to their shares of First Virginia common stock and any shares of BB&T common stock the holder receives in exchange therefor in the merger.

To the extent permitted by law, after the merger becomes effective, you will be entitled to vote at any meeting of BB&T shareholders the number of whole shares of BB&T common stock into which your shares of First Virginia stock are converted, regardless of whether you have exchanged your First Virginia stock certificates for BB&T stock certificates. Whenever BB&T declares a dividend or other distribution on the BB&T common stock which has a record date after the merger becomes effective, the declaration will include dividends or other distributions on all shares of BB&T common stock issuable under the merger agreement. However, no dividend or other distribution payable to the holders of record of BB&T common stock will be delivered to you until you surrender your First Virginia stock certificate for exchange as described above. Upon surrender of your First Virginia stock certificate, the certificate representing the BB&T common stock into which your shares of First Virginia stock have been converted, together with cash instead of any fractional share of BB&T common stock to which you would otherwise be entitled and any undelivered dividends, will be delivered and paid to you, without interest.

The Merger Agreement

Effective Date and Time of the Merger

The merger agreement provides that the merger will be completed on a business day designated by BB&T that is within 5 business days following the satisfaction of the conditions to the completion of the merger, or a later date mutually acceptable to the parties. The merger will become effective at the time and date specified in the articles of merger to be filed with the North Carolina Secretary of State and the Virginia State Corporation Commission. It is currently anticipated that the merger will become effective in the second quarter of 2003, assuming all conditions to the respective obligations of BB&T and First Virginia to complete the merger have been satisfied.

Conditions to the Merger

The obligations of BB&T and First Virginia to carry out the merger are subject to satisfaction (or, if permissible, waiver) of the following conditions at or before the time the merger becomes effective:

- BB&T's registration statement on Form S-4 relating to the merger (including any post-effective amendments) must be effective under the Securities Act of 1933, no proceedings may be pending or, to BB&T's knowledge, threatened by the Securities and Exchange Commission to suspend the effectiveness of the registration statement and the BB&T common stock to be issued in the merger must either have been registered or exempt from registration under applicable state securities laws;

Table of Contents

- the shares of BB&T common stock issuable pursuant to the merger must have been approved for listing on the New York Stock Exchange, subject to official notice of issuance.

The obligations of First Virginia to carry out the transactions in the merger agreement are subject to the satisfaction of the following additional conditions at or before the time the merger becomes effective, unless, where permissible, waived by First Virginia:

- First Virginia must have received closing certificates from BB&T.

All representations and warranties of BB&T will be evaluated as of the date of the merger agreement and at the time the merger becomes effective as though made at the time the merger becomes effective (or, in the case of any representation and warranty that specifically relates to an earlier date, on the date designated), except as otherwise provided in the merger agreement or consented to in writing by First Virginia. The representations and warranties of BB&T concerning the following must be true and correct in all material respects:

The obligations of BB&T to carry out the transactions in the merger agreement are subject to satisfaction of the following additional conditions at or before the time the merger becomes effective, unless, where permissible, waived by BB&T:

- no regulatory approval required to complete the merger shall have imposed any condition or requirement that would have a material adverse effect on BB&T;
- First Virginia must have performed in all material respects all of its obligations and complied in all material respects with all of its covenants required by the merger agreement;
- BB&T must have received agreements from specified affiliates of First Virginia concerning their shares of First Virginia common stock and the shares of BB&T common stock to be received by them; and

- BB&T must have received closing certificates from First Virginia.

All representations and warranties of First Virginia will be evaluated at the date of the merger agreement and at the time the merger becomes effective as though made at the time the merger becomes effective (or, in the case of any representation and warranty that specifically relates to an earlier date, on the date designated), except as otherwise provided in the merger agreement or consented to in writing by BB&T. The representations and warranties of First Virginia concerning the following must be true and correct in all material respects:

- its capitalization;
- its and its subsidiaries organization and authority to conduct business;
- its ownership of its subsidiaries and other equity interests;
- its authorization of, and the binding nature of, the merger agreement;

Table of Contents

- the absence of conflict between the transactions in the merger agreement and First Virginia's Articles of Incorporation or bylaws;
- actions taken to exempt the merger from any applicable anti-takeover laws; and
- its forbearance from taking any actions that would negatively affect the tax-free treatment of the merger under the Internal Revenue Code or the receipt of necessary regulatory approvals.

Moreover, there must not be inaccuracies in the representations and warranties of First Virginia in the merger agreement that, individually or in the aggregate, have or are reasonably likely to have a material adverse effect on First Virginia and its subsidiaries taken as a whole (evaluated without regard to whether the merger is completed).

Conduct of First Virginia's and BB&T's Businesses Before the Merger Becomes Effective

Except with the consent of BB&T, until the merger is effective, neither First Virginia nor any of its subsidiaries may:

Table of Contents

- superior offer means a proposal or offer to acquire or purchase all or a substantial portion of the assets of or a substantial equity interest in, or to effect any recapitalization, liquidation or dissolution involving or a business combination or other similar transaction with, First Virginia or any First Virginia subsidiary (including, without limitation, a tender offer or exchange offer to purchase First Virginia common stock) other than as contemplated by the merger agreement: (i) that did not arise from or involve a breach or violation by First Virginia of any provision of the merger agreement; (ii) that the First Virginia Board of Directors determines in its good faith judgment, based, among other things, on advice of the financial advisor, to be more favorable to the First Virginia shareholders than the merger; and (iii) the financing for the implementation of which, to the extent required, is then committed or in the good faith reasonable judgment of the First Virginia Board of Directors, based, among other things, on advice of the financial advisor, is capable of being obtained by the party making the proposal or offer;

- take any action that would or could reasonably be expected to (a) result in any inaccuracy of a representation or warranty that would permit termination of the merger agreement or (b) cause any of the conditions precedent to the transactions contemplated by the merger agreement to fail to be satisfied; or
- agree to do any of the foregoing.

In addition, First Virginia has agreed:

- to convene and hold a meeting of shareholders to obtain the necessary vote to approve the merger as soon as reasonably practicable following the effectiveness of BB&T's registration statement filed in connection with the merger. Subject to its fiduciary duties, the First Virginia Board of Directors will recommend to the First Virginia shareholders the approval of the merger agreement.
- to take such actions as may be reasonably necessary to modify the structure of or to substitute parties to (so long as such substitute is BB&T or a wholly owned BB&T subsidiary) the transactions, as long as the modification does not change the consideration to be received by First Virginia shareholders, abrogate the covenants and other agreements contained in the merger agreement or substantially delay the completion of the merger;
- to cooperate with BB&T in certain respects concerning (a) accounting and financial matters necessary to facilitate the merger, including issues arising in connection with record keeping, loan classification, valuation adjustments, levels of loan loss reserves and other accounting practices, and (b) First Virginia's lending, investment or asset/liability management policies;

- redeem as soon as reasonably practicable (and in any event prior to completion of the merger) all the issued and outstanding shares of First Virginia preferred stock.

Except with the consent of First Virginia, until the merger is effective, neither BB&T nor any of its subsidiaries may:

- enter into any agreement to acquire all or substantially all of the capital stock or assets of any other person or business unless such transaction would not substantially delay completion of, or substantially impair the prospects of completing the merger pursuant to the merger agreement;
- take any action that would or might be expected to result in any inaccuracy of a representation or warranty that would allow termination of the merger agreement;
-

Edgar Filing: BB&T CORP - Form 424B3

amend its Articles of Incorporation or bylaws in a manner that would adversely affect the economic benefits of the merger to holders of First Virginia common or preferred stock;

- take any action that would or might be expected to cause any of the conditions precedent to the transactions contemplated in the merger agreement to fail to be satisfied;
- fail to comply in any material respect with any laws, regulations, ordinances or governmental actions applicable to it and to the conduct of its business; or

- agree as to the form and substance of any press release related to the merger agreement or the transactions contemplated by the merger agreement and to consult with the other party as to the form and substance of other related public disclosures;
- file all reports required to be filed by it with the Securities and Exchange Commission and any other regulatory authorities having jurisdiction over such party and deliver to the other party copies of such reports promptly after filing;
- use its reasonable best efforts to take such action as may be necessary to cause the merger to qualify as a reorganization under Section 368(a) of the Internal Revenue Code; and
- coordinate with each other regarding the declaration of any dividends with respect to BB&T common stock and First Virginia common stock for the fiscal quarter during which the merger is completed.

BB&T has also agreed to:

-

Edgar Filing: BB&T CORP - Form 424B3

pay or cause to be paid when due the merger consideration and reserve for issuance that number of shares of BB&T common stock necessary to pay the merger consideration; and

- use its reasonable best efforts to list, prior to the completion of the merger, the shares of BB&T common stock to be issued to First Virginia shareholders pursuant to the merger agreement on the New York Stock Exchange, subject to official notice of issuance.

Waiver; Amendment; Termination; Expenses

Except with respect to any required regulatory approval, BB&T or First Virginia may at any time (whether before or after approval of the merger agreement by the First Virginia shareholders) extend the time for the performance of any of the obligations or other acts of the other party and may waive (a) any inaccuracies of the other party in the representations or warranties contained in the merger agreement or any document delivered pursuant to the merger agreement, (b) compliance with any of the covenants, undertakings or agreements of the

Table of Contents

other party, or satisfaction of any of the conditions precedent to its obligations, contained in the merger agreement, or (c) the performance by the other party of any of its obligations set out in the merger agreement. The parties may also mutually amend or supplement the merger agreement in writing at any time. However, no extension, waiver, amendment or supplement which would reduce the exchange ratio to be provided to holders of First Virginia common stock upon completion of the merger will be made after the First Virginia shareholders approve the merger agreement. If any condition to the obligation of either party to complete the merger is not fulfilled, that party will consider the materiality of such nonfulfillment.

The merger agreement may be terminated, and the merger may be abandoned:

- at any time before the merger becomes effective, by the mutual consent in writing of BB&T and First Virginia;
- at any time before the merger becomes effective, by either party: (a) in the event of a material breach by the other party of any covenant or agreement contained in the merger agreement or (b) in the event of an inaccuracy of any representation or warranty of the other party contained in the merger agreement if such inaccuracy or breach would allow the nonbreaching party to refuse to complete the merger under the applicable standard in the merger agreement (see Conditions to the Merger on page 30) and if the inaccuracy or breach is not cured by the earlier of December 31, 2003 or 30 days following notice of the breach or inaccuracy to the breaching party;
- at any time before the merger becomes effective, by either party in writing, if any of the conditions precedent to the obligations of that party to complete the transactions contemplated by the merger agreement cannot be satisfied or fulfilled before the time the merger becomes effective, and the party giving the notice is not in material breach of any of its representations, warranties, covenants or undertakings;
- at any time, by either party in writing, if any of the applications for the regulatory approval required to complete the merger are denied, and the time period for appeals and requests for reconsideration has run;
- at any time, by either party in writing, if the shareholders of First Virginia do not approve the merger agreement by the required vote;
- at any time following December 31, 2003 by either party in writing, if the merger has not yet become effective and the party giving the notice is not in material breach of any of its representations, warranties, covenants or undertakings; and
- at any time prior to the completion of the merger by BB&T if the First Virginia Board of Directors (i) withdraws its recommendation or refuses to recommend to shareholders of First Virginia that they vote to approve the merger agreement or (ii) recommends to the shareholders of First Virginia approval of a competing acquisition proposal for First Virginia.

If the merger agreement is terminated pursuant to any of the provisions described above, the merger agreement will become void and have no effect, except that (a) provisions in the merger agreement relating to confidentiality, the termination fee and expenses will survive the termination and (b) a termination for an uncured breach of a covenant or agreement or inaccuracy in a representation or warranty will not relieve the breaching party from liability for that breach or inaccuracy.

Each party will pay the expenses it incurs in connection with the merger agreement and the merger, except that printing expenses and Securities and Exchange Commission filing fees incurred in connection with the registration statement and this proxy statement/prospectus will be paid 50% by BB&T and 50% by First Virginia.

Termination Fee

In the event that the merger agreement is terminated:

- by either First Virginia or BB&T because the shareholders of First Virginia fail to approve the merger agreement and either (1) at the time of the First Virginia shareholders meeting there has been an

Table of Contents

acquisition proposal for First Virginia made public and not withdrawn or (2) prior to such shareholders' meeting, the First Virginia Board of Directors withdraws its recommendation or refuses to recommend to the shareholders of First Virginia that they vote to approve the merger agreement;

- by BB&T because the First Virginia Board of Directors (1) withdraws its recommendation or refuses to recommend to shareholders of First Virginia that they vote to approve the merger agreement or (2) recommends to the shareholders of First Virginia approval of an acquisition proposal for First Virginia;
- by BB&T because First Virginia has breached its non-solicitation covenant or its covenant to submit the merger agreement to the First Virginia shareholders for approval and recommend approval of the merger agreement to the First Virginia shareholders; or
- by BB&T because First Virginia has knowingly breached its representations, warranties or covenants and (1) at the time of such termination First Virginia is not entitled to terminate the merger agreement because of a BB&T breach of its representations, warranties, or covenants and (2) an acquisition proposal for First Virginia is publicly disclosed or communicated to the First Virginia Board of Directors at or before the time of First Virginia's breach;

and within 15 months of termination First Virginia completes or enters into a definitive agreement with respect to an acquisition proposal for First Virginia, then First Virginia will pay a cash termination fee of \$155,000,000 to BB&T.

Interests of First Virginia's Directors and Officers in the Merger

Some members of First Virginia's management and the First Virginia Board of Directors have interests in the merger that are in addition to or different from their interests as First Virginia shareholders. The First Virginia Board of Directors was aware of these interests and considered them in approving the merger agreement and the merger.

Vesting of Stock Options

Executive officers and other employees of First Virginia have received grants of stock options under First Virginia's stock incentive plans. Under the terms of these plans, most of the unvested options vested and became exercisable on January 20, 2003 as a result of entering into the merger agreement and the rest will vest and become exercisable upon completion of the merger. As of January 20, 2003, First Virginia executive officers in the aggregate held options to acquire 813,674 shares of First Virginia common stock that vested on an accelerated basis. Upon completion of the merger, each outstanding option to acquire First Virginia common stock will be converted into an option to acquire BB&T common stock. See "Effect on Employee Benefit Plans and Options - Stock Options" on page 47.

Employment Agreements

In connection with the merger, Branch Banking and Trust Company of Virginia, BB&T's Virginia banking subsidiary (Branch Bank-VA), has entered into employment agreements for five-year terms with four senior executives of First Virginia. BB&T has also agreed to cause Branch Bank-VA, Branch Banking and Trust Company of South Carolina, BB&T's South Carolina banking subsidiary (Branch Bank-SC) or Branch Banking and Trust Company, BB&T's North Carolina banking subsidiary (Branch Bank), whichever is appropriate, to offer to enter into

Edgar Filing: BB&T CORP - Form 424B3

three-year employment agreements with up to twenty-six additional First Virginia officers. Included within the twenty-six officers are John P. Salop, an executive officer of First Virginia and Karen Z. Hohmann, Senior Vice President and Chief Operating Officer of First Virginia Insurance Services, Inc. Ms. Hohmann is the daughter of Albert F. Zettlemoyer who is a director of First Virginia.

Table of Contents

The employment agreements for the four senior executives will become effective when the merger is completed and provide that:

- Mr. Fitzpatrick will become Chief Executive Officer of Virginia operations of Branch Bank-VA and will receive an annual base salary of at least \$780,000;
- Mr. Beavers will become an Executive Vice President of Branch Bank-VA and will receive an annual base salary of at least \$346,500;
- Mr. Bowman will become an Executive Vice President of Branch Bank-VA and will receive an annual base salary of at least \$300,000; and
- Mr. Brann will become an Executive Vice President of Branch Bank-VA and will receive an annual base salary of at least \$269,500.

With respect to the twenty-six additional First Virginia officers who are identified in the merger agreement, the employment agreements will be offered effective when the merger is completed. The agreement for each will provide that he or she will be a regional president or a senior vice president, and will receive a base salary at least equal to his or her base salary as of January 1, 2003, subject to possible increases following annual review.

All of the employment agreements provide that the senior executives or other officers will participate in BB&T's short-term incentive plan on the same basis as similarly situated officers of Branch Bank-VA, subject to an equitable adjustment by Branch Bank-VA to avoid duplication with any bonus earned under First Virginia's cash bonus program in any year for which the executive is entitled to a bonus under both the BB&T and the First Virginia plans. All of the employment agreements also provide for the granting of stock options to the executives or officers annually in accordance with BB&T's Amended and Restated 1995 Omnibus Stock Incentive Plan or a successor plan on the same basis as similarly situated officers of Branch Bank-VA, subject to equitable adjustment by BB&T to avoid duplication with options to acquire First Virginia shares granted prior to the merger and during the one-year period ending on the first BB&T grant date.

The employment agreements further provide that the senior executives or other officers will receive, on the same basis as similarly situated officers of Branch Bank-VA, employee pension and welfare benefits and group employee benefits such as sick leave, vacation, group disability and health, dental, life and accident insurance and similar indirect compensation that may be extended to similarly situated officers, such benefits to commence as of a date determined by Branch Bank-VA to be not later than January 1 following the effective time of the merger of the last of First Virginia's bank subsidiaries into BB&T or one of its subsidiaries. Until the date that the Branch Bank-VA benefits commence, First Virginia plans that provide benefits of the same type or class as a corresponding BB&T plan will continue in effect for the senior executives and other officers. In addition, the employment agreement for Mr. Fitzpatrick provides that he will be entitled to receive retirement benefits at least equal to the benefits provided under the First Virginia qualified and nonqualified retirement plans and programs as in effect immediately prior to the effective time of the merger, without regard to any terminations of such plans and programs after that time. Each of the four senior executives and their spouses will receive retiree medical benefits on terms at least as favorable as provided under the First Virginia retiree medical benefits program at the time of the merger if the senior executive would have been eligible for benefits under the First Virginia program at the time he terminates employment (taking into account service, if any, rendered as a consultant as described below).

The employment agreements for the senior executives further provide that, if the senior executive's employment is terminated for any reason other than for just cause, death or disability, or if he terminates his employment for good reason, and he complies with agreed upon noncompetition covenants, he will be entitled to receive annual termination compensation equal to the sum of the highest annual bonus payable

Edgar Filing: BB&T CORP - Form 424B3

during any of the three calendar years preceding the merger, plus his annual rate of base salary in effect at the time of termination, payable for the period commencing on the date of the termination and ending at the end of the original five-year term of the agreement. If a senior executive begins receiving such payments and dies before the end of the five-year term of the agreement, the present value of the remaining payments will be paid to his beneficiary in a lump sum within 30 days following the date of death. In addition, all stock options and other stock based and

Table of Contents

performance awards and cash equivalents thereof outstanding on the date of termination of employment will immediately vest and become exercisable and other rights and benefits will become payable as and when due.

With respect to the other officers, if BB&T terminates an officer's employment other than for just cause or disability, or if the officer terminates employment on account of a breach of the employment agreement by BB&T which is not remedied within 30 days, the officer will receive an annual amount equal to the highest amount of cash compensation, including bonuses, received during any of the three calendar years preceding the termination of employment, payable commencing with the date of termination and continuing for the period ending with the later of the end of the original three-year term of the agreement, or the number of weeks determined by multiplying by two the officer's full and partial years of service (subject to rounding) with First Virginia and Branch Bank-VA on the date of termination (but no less than eight weeks nor more than 60 weeks). BB&T will also accelerate vesting of nonvested benefits under employee stock based or other benefit plans or arrangements to the extent permitted by their terms. Each officer will continue to participate in group medical and dental reimbursement plans and group life insurance plans. All such payments and benefits will cease if the officer dies or fails to comply (or elects to forego such payments and benefits) with agreed upon noncompetition covenants.

The duties assigned to a senior executive by Branch Bank-VA will not require an involuntary relocation of his primary place of work of more than ten miles. With respect to the other officers, the duties assigned will not require an involuntary relocation of more than thirty-five miles.

The employment agreements for the senior executives also provide that:

- At the time of the merger, Branch Bank-VA will pay in a lump sum, in partial payment for noncompetition and other covenants set forth in the employment agreement, the amount of \$525,000 to Mr. Fitzpatrick, \$350,000 to Mr. Beavers, \$500,000 to Mr. Bowman, and \$425,000 to Mr. Brann.
- Prior to the merger, Mr. Fitzpatrick and Mr. Brann will each receive a payment sufficient on an after-tax basis to pay up in full his existing split dollar life insurance policy. With respect to Messrs. Beavers and Bowman, Branch Bank-VA agrees to continue the split dollar life insurance policies in effect and to provide for fully paid-up insurance at age 65.
- If it is determined that any payment in the nature of compensation to any senior executive under his employment agreement, his special pay agreement described below, or otherwise, would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, or any interest or penalties are incurred by a senior executive with respect to the excise tax, then Branch Bank-VA will pay to the senior executive an additional payment in an amount sufficient to pay the excise tax (and any interest or penalties) plus an additional amount to satisfy any tax (interest or penalties) due on the amount so paid. With respect to the twenty-six officers, any payment that would trigger the excise tax would be reduced by the minimum amount necessary to avoid the excise tax.

Where Branch Bank-VA is referred to in this section as employer, the reference also includes any other BB&T affiliate that employs the senior executive or other officer, including Branch Bank. The employment agreements will supersede the existing employment agreements that any of the senior executives or other officers have with First Virginia or its subsidiaries.

The four senior executives currently have employment agreements with First Virginia, effective upon a change of control of First Virginia, that require any successor to continue his employment for a term of three years after the date of the change of control. During this three-year term, each senior executive is entitled to receive annual base salary at least equal to 12 times the highest salary for any month during the 12 months preceding the change of control, subject to annual increases consistent with increases provided to peer executives. In addition, each senior executive is entitled to receive an annual bonus at least equal to the highest bonus paid to him in the three years preceding the change of control.

Edgar Filing: BB&T CORP - Form 424B3

Each senior executive also is entitled to participate in incentive, savings and retirement programs and welfare benefit programs, and is entitled to expense reimbursement, fringe benefits, office

and support staff and vacation, in each case equal to the most favorable provided to him at any time within the 120- day period preceding the change of control or, if more favorable, as provided following the change of control to peer executives.

If a senior executive is terminated within the first year following a change of control of First Virginia other than for cause or disability (as those terms are defined in the agreement) or death or the senior executive terminates for good reason (as defined in the agreement), the senior executive will be entitled to receive a lump sum payment of unpaid salary at the time of termination plus pro rated bonus for the year, plus 2.99 times the sum of his annual base salary and an annual bonus amount equal to the higher of the highest bonus he received during the three years preceding the change of control, or the bonus for the most recently completed year following the change of control. In addition, for three years following the termination of employment the senior executive will continue to participate in welfare benefit plans and programs generally available to peer executives. If any payments or benefits that a senior executive is entitled to receive under the existing First Virginia employment agreement or otherwise are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, his employment agreement provides for an additional payment to him to restore him to the after-tax position that he would have been in if the excise tax had not been imposed.

By special pay agreement dated January 20, 2003, each of the senior executives agreed to relinquish all rights under the current employment agreements with First Virginia as of the time of the merger in exchange for a payment to be received at that time of \$3,601,200 to Mr. Fitzpatrick, of \$1,433,535 to Mr. Beavers, of \$1,144,500 to Mr. Bowman, and of \$1,128,305 to Mr. Brann.

The employment agreement between Mr. Fitzpatrick and Branch Bank-VA provides that he may relinquish his position with Branch Bank-VA and become an independent consultant at any time upon 60 days' notice at least one year following the merger. The employment agreement with each of Messrs. Beavers, Bowman and Brann provides that he may become an independent consultant upon 30 days' notice at any time after the 60th day following completion of the conversion of the operating systems of First Virginia to those of BB&T.

As an independent consultant, the senior executive will render services as an independent contractor (and not as an employee) in the nature of customer and community relations, business development, employee relations and general advice and assistance relating to Branch Bank-VA's customers and employees and to the growth and development in the Northern Virginia area of the business of Branch Bank-VA. These services will be rendered at times and on a schedule determined by the senior executive which is reasonably convenient to both Branch Bank-VA and the senior executive. The consulting period will begin on the date elected and end on the day preceding the fifth anniversary of the merger. During the consulting period, the senior executive will relinquish his executive titles and responsibilities and will not be entitled to receive base salary, bonuses, stock options or employee benefits as he would as an employee of Branch Bank-VA. Instead, he will receive during the consulting period, in consideration of covenants not to compete made in the employment agreement and as compensation for consulting services, monthly amounts equal to his monthly base salary in effect at the time his employment ends plus health and life insurance benefits comparable to the group employee benefits which Branch Bank-VA provides for its officers, at a cost to the senior executive no greater than the cost to such officers. If Branch Bank-VA breaches the agreement and fails to remedy the breach within 30 days, the senior executive may terminate his obligation to render consulting services and continue to receive the payments and benefits for the remainder of the consulting period, subject to complying with the noncompetition and other covenants. If the senior executive violates any such covenants or fails to render consulting services as requested and fails to remedy such failure within 30 days, or if he suffers disability or dies, the consulting period ends and payments and benefits will cease.

Board of Directors of BB&T and Banking Subsidiaries.

Following completion of the merger, BB&T will increase the size of its Board of Directors by three positions and elect Mr. Fitzpatrick, along with two other members of the First Virginia Board of Directors, to

Table of Contents

serve as directors on the BB&T Board of Directors until the next BB&T annual meeting of shareholders. At that meeting, BB&T will nominate the three to serve an additional term on the BB&T Board of Directors, with Mr. Fitzpatrick to be nominated for a term expiring in 2007, and the other two for terms expiring in 2005 and 2006 respectively. Each person elected to a board shall serve until the end of the term for which he or she is appointed, subject to the right of removal for cause, and thereafter so long as the director is elected and qualifies. BB&T agrees to nominate for election, in the case of the BB&T Board of Directors, and appoint, in the case of the other boards mentioned below, each person for successive terms until the earlier of (1) the date such person reaches the age of 70 or (2) the fifth anniversary of the date the merger is completed. Members of the BB&T Board of Directors who are not employees of or under contract to BB&T or an affiliate are entitled to receive fees for service as a director in accordance with the policies of BB&T as in effect from time to time. During calendar year 2003, members of the BB&T Board of Directors receive an annual retainer fee equal to \$38,000 and attendance fees equal to \$1,500 for each board or committee meeting that the board member attends. BB&T will also appoint two members of the First Virginia Board of Directors to the Branch Bank Board of Directors. Members of the Board of Directors of First Virginia who are not made members of the BB&T Board of Directors or the Branch Bank Board of Directors will be appointed to serve as directors on the Branch Bank-VA Board of Directors. Members of the Branch Bank and Branch Bank-VA Boards who are not employees of or under contract to BB&T or an affiliate are entitled to receive fees for service as a director in accordance with the policies of Branch Bank and Branch Bank-VA in effect from time to time. During calendar year 2003, members of the Branch Bank Board receive an annual retainer fee equal to \$5,000 and attendance fees equal to \$1,000 for each board or committee meeting that the board member attends. During calendar year 2003, members of the Branch Bank-VA Board receive an annual retainer fee equal to \$2,000 and attendance fees ranging from \$500 to \$1,500 (depending upon the nature of the meeting) for each board or committee meeting that the board member attends. BB&T will also appoint Mr. Fitzpatrick to the Executive Committee of the BB&T Board of Directors.

Advisory Boards

After the merger is effective, the members of the board of directors of each First Virginia banking subsidiary that is merged into an affiliate of BB&T will be offered a seat on the BB&T advisory board for the area in which such First Virginia banking subsidiary is located. Membership of any person on any advisory board is conditional upon BB&T's receipt of a noncompetition agreement from such person. For two years after the merger becomes effective, no advisory board member will be prohibited from serving because he or she has reached the maximum age for service (currently age 70). For two years after the completion of the merger, new advisory board members who are not employees of BB&T or a BB&T affiliate or under contract with BB&T or any BB&T affiliate, and who continue to serve, will receive their current retainer and attendance fees equal in amount each year (prorated for any partial year) to the annual retainer and schedule of attendance fees for directors of the corresponding First Virginia subsidiary in effect on January 1, 2003. Such annual fees (assuming attendance at all meetings) range from \$3,600 to \$8,700 depending upon the applicable subsidiary. Thereafter, if they continue to serve they will receive fees in accordance with BB&T's standard schedule of advisory board service fees as in effect from time to time.

Following completion of the merger, the members of the advisory board of each First Virginia banking subsidiary that is merged into an affiliate of BB&T will be offered a seat on the BB&T advisory board for the area in which such First Virginia banking subsidiary is located. After the completion of the merger, the advisory board members who are neither employees of nor under contract with BB&T or any of its affiliates and who continue to serve will receive fees in accordance with BB&T's standard schedule of advisory board service fees as in effect from time to time. During calendar year 2003, advisory board member attendance fees range from \$75 to \$125 (depending upon the board) for each advisory board meeting that the advisory board member attends. For two years after the merger becomes effective, no advisory board member will be prohibited from serving because he or she has reached the maximum age for service (currently age 70).

Indemnification of Directors and Officers

The merger agreement provides that BB&T or one of its subsidiaries will maintain for three years after the merger becomes effective directors and officers liability insurance covering directors and officers of First Virginia for acts or omissions or alleged acts or omissions occurring before the merger becomes effective. This insurance will provide at least the same coverage and amounts as contained in First Virginia's policy on the date of the merger agreement, unless the annual premium on the policy would exceed 200% of the annual premium payments on First Virginia's policy, in which case BB&T would maintain the most advantageous policies of directors and officers liability insurance obtainable for a premium equal to that amount. BB&T has also agreed to indemnify all individuals who are or have been officers, directors or employees of First Virginia or a First Virginia subsidiary before the merger becomes effective from any acts or omissions in such capacities before the merger becomes effective to the extent such indemnification is permitted by law.

Material Federal Income Tax Consequences of the Merger

The following is a summary of the material anticipated federal income tax consequences of the merger generally applicable to the shareholders of First Virginia and to BB&T and First Virginia. This summary is not intended to be a complete description of all of the federal income tax consequences of the merger. No information is provided with respect to the tax consequences of the merger under any other tax laws, including applicable state, local and foreign tax laws. In addition, the following discussion may not be applicable with respect to certain specific categories of shareholders, including but not limited to:

- corporations, trusts, dealers in securities, financial institutions, insurance companies or tax exempt organizations;
- persons who are not United States citizens or resident aliens or domestic entities (partnerships or trusts);
- persons who are subject to alternative minimum tax (to the extent that tax affects the tax consequences of the merger), who elect to apply a mark-to-market method of accounting or who are subject to the golden parachute provisions of the Internal Revenue Code (to the extent that tax affects the tax consequences of the merger);
- holders of options granted by First Virginia, or persons who acquired First Virginia stock pursuant to employee stock options or otherwise as compensation if such shares are subject to any restriction related to employment;
- persons who do not hold their shares as capital assets; or
- persons who hold their shares as part of a hedge, constructive sale, straddle or conversion transaction or other integrated transaction.

No ruling has been or will be requested from the Internal Revenue Service with respect to the tax effects of the merger. The federal income tax laws are complex, and a shareholder's individual circumstances may affect the tax consequences to the shareholder. Consequently, each First Virginia shareholder is urged to consult his or her own tax advisor regarding the tax consequences, including the applicable United States federal, state, local and foreign tax consequences, of the merger to him or her.

Edgar Filing: BB&T CORP - Form 424B3

Tax Consequences of the Merger Generally. In the opinion of Womble Carlyle Sandridge & Rice, PLLC, counsel to BB&T:

- the merger will constitute a reorganization under Section 368(a) of the Internal Revenue Code;
- each of BB&T and First Virginia will be a party to that reorganization within the meaning of Section 368(b) of the Internal Revenue Code;
- no gain or loss will be recognized by BB&T or First Virginia by reason of the merger;

Table of Contents

- the shareholders of First Virginia will recognize no gain or loss for federal income tax purposes to the extent BB&T common stock is received in the merger in exchange for First Virginia common stock;
- a stockholder of First Virginia who receives cash instead of a fractional share of BB&T common stock will recognize income, gain or loss as if the stockholder received the fractional share and it was then redeemed for cash in an amount equal to the amount paid by BB&T in respect of the fractional share;
- the tax basis in the BB&T common stock received by a shareholder (including any fractional share interest deemed received and redeemed as described below) will be the same as the tax basis in the First Virginia common stock surrendered in exchange; and
- the holding period for BB&T common stock received (including any fractional share interest deemed received and redeemed as described below) in exchange for shares of First Virginia common stock will include the period during which the shareholder held the shares of First Virginia common stock surrendered in exchange.

The completion of the merger is conditioned upon the receipt by BB&T of the legal opinion of Womble Carlyle Sandridge & Rice, PLLC, counsel to BB&T, and upon the receipt by First Virginia of the legal opinion of Wachtell, Lipton, Rosen & Katz, counsel to First Virginia, dated as of the date the merger is completed, to the effect of the first and fourth bulleted items described above. However, if First Virginia fails to receive a favorable tax opinion from its counsel and determines to waive the tax opinion condition to its obligation to complete the merger, First Virginia will resolicit the approval of its stockholders prior to proceeding with completion of the merger if the U.S. federal income tax consequences to First Virginia stockholders are materially different from those described in this document.

Cash Received Instead of a Fractional Share of BB&T Common Stock. A stockholder of First Virginia who receives cash instead of a fractional share of BB&T common stock will be treated as having received the fractional share pursuant to the merger and then as having exchanged the fractional share for cash in a redemption by BB&T subject to Section 302 of the Internal Revenue Code. As a result, a First Virginia stockholder will generally recognize gain or loss equal to the difference between the amount of cash received and the portion of the basis of the shares of BB&T common stock allocable to his or her fractional interest. This gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if, as of the date of the exchange, the holding period for such shares is greater than one year. Long-term capital gain of a non-corporate holder is generally subject to tax at a maximum federal tax rate of 20%.

Backup Withholding and Information Reporting. Payments of cash to a holder surrendering shares of First Virginia stock will be subject to information reporting and backup withholding (whether or not the holder also receives BB&T common stock) at a rate of 30% of the cash payable to the holder, unless the holder furnishes its taxpayer identification number in the manner prescribed in applicable Treasury Regulations, certifies that such number is correct, certifies as to no loss of exemption from backup withholding and meets other specified conditions. Penalties apply for failure to furnish correct information and for failure to include reportable payments in income. Any amounts withheld from payments to a holder under the backup withholding rules will be allowed as a refund or credit against the holder's U.S. federal income tax liability, provided the required information is furnished to the Internal Revenue Service. Each holder of First Virginia common stock should consult with his or her own tax advisor as to his or her qualification for exemption from backup withholding and the procedure for obtaining such exemption.

Tax matters are very complicated, and the tax consequences of the merger to each holder of First Virginia common stock will depend on the facts of that shareholder's particular situation. The United States federal income tax discussion set forth above does not address all United States federal income tax consequences that may be relevant to a particular holder and may not be applicable to holders in special situations. Holders of First Virginia common stock are urged to consult their own tax advisors regarding the specific tax consequences of the merger.

Regulatory Considerations

The merger is subject to approval by the Federal Reserve under the Bank Holding Company Act. In considering the approval of a transaction such as the merger, this Act requires the Federal Reserve to review the financial and managerial resources and future prospects of the bank holding companies and the banks concerned and the convenience and needs of the communities to be served. The Federal Reserve is also required to evaluate whether the merger would result in a monopoly or would be in furtherance of any combination or conspiracy or attempt to monopolize the business of banking in any part of the United States or otherwise would substantially lessen competition or tend to create a monopoly or which in any manner would be in restraint of trade. If the Federal Reserve determines that there are anti-competitive consequences to the merger, it will not approve the transaction unless it finds that the anti-competitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the communities to be served.

Where a transaction, such as the merger, is the acquisition by a bank holding company of a bank located in a state other than the home state of the bank holding company (in this case North Carolina), the Act authorizes the Federal Reserve to approve the transaction without regard to whether such transaction is prohibited under the laws of any state as long as the bank holding company is adequately capitalized and adequately managed and certain other limitations are not exceeded. BB&T is considered well-capitalized and well-managed under the Federal Reserve's Regulation Y, and the transaction does not exceed the other limitations.

The Federal Reserve also must review the nonbanking activities being acquired in the merger (such as general leasing and insurance agency activities) to determine whether the acquisition of such activities reasonably can be expected to produce benefits to the public (such as greater convenience, increased competition or gains in efficiency) that outweigh possible adverse effects (such as undue concentration of resources, decreased or unfair competition, conflicts of interest or unsound banking practices). This consideration includes an evaluation by the Federal Reserve of the financial and managerial resources of BB&T and its subsidiaries and the nonbank subsidiaries of First Virginia, and the effect of the proposed transaction on those resources, as well as whether the merger would result in a monopoly or otherwise would substantially lessen competition.

The merger is also subject to approval by the Virginia Bureau of Financial Institutions of the Virginia State Corporation Commission under the bank holding company provisions of the Virginia Code, which permit an out-of-state bank holding company, such as BB&T, to acquire a Virginia bank, such as the banking subsidiaries of First Virginia headquartered in Virginia, if the Bureau approves the transaction. In its review of the merger, the Bureau will consider, among other things, whether the transaction would be detrimental to the safety and soundness of BB&T or the Virginia banks. In addition, since the merger results in a change of control of First Virginia Life Insurance Company, the merger is subject to the approval of the Virginia Bureau of Insurance.

The merger also is subject to approval by the Maryland Commissioner of Financial Regulation under the provisions of the Maryland Financial Institutions Code, which permit a Maryland bank, such as Atlantic Bank and Farmers Bank of Maryland, to affiliate with a bank holding company, such as BB&T, if the Maryland Commissioner approves the transaction. In its review of the merger, the Maryland Commissioner is required to consider, among other things, whether the merger is reasonably required to protect the welfare of the general economy of the state of Maryland and the Maryland bank, and whether the merger is detrimental to the public interest or to the Maryland bank.

BB&T also must provide notice of the merger to the Tennessee Department of Financial Institutions at least thirty days prior to consummation of the merger because First Vantage Bank/Tri-Cities maintains branches in Tennessee and will be undergoing a change in control as a result of the merger.

Table of Contents

BB&T also must provide notice of the merger to the Georgia Department of Banking and Finance at least thirty days prior to consummation of the merger because BB&T owns a bank subsidiary with banking offices in Georgia.

BB&T has received approval for the merger from the Federal Reserve. The approval was conditioned on the divestiture of eleven branches and two drive-in facilities with deposits totaling approximately \$290 million. In addition, BB&T has received approval for the merger from the Maryland Commissioner of Financial Regulation and the Virginia Bureau of Financial Institutions. BB&T has filed an application with the Virginia Bureau of Insurance and will file the required notices with the appropriate state banking regulators of Tennessee and Georgia. Although BB&T does not know of any reason why it will not obtain approval from all regulators in a timely manner, BB&T cannot be certain when it will obtain them or that it will obtain them at all.

Accounting Treatment

BB&T will account for the merger using the purchase method of accounting. Under this accounting method, BB&T would record the acquired identifiable assets and liabilities assumed at their fair market value at the time the merger is completed. Any excess of the cost of First Virginia over the sum of the fair values of tangible and identifiable intangible assets less liabilities assumed would be recorded as goodwill. Based on information as of March 31, 2003, management of BB&T estimates that the total merger consideration (including issuance of common stock and assumption of options on common stock) will be approximately \$3.1 billion. Utilizing information as of December 31, 2002, estimated goodwill and other intangibles would total approximately \$2.0 billion. BB&T's reported income would include the operations of First Virginia after the merger. Financial statements of BB&T issued after completion of the merger would reflect the impact of the merger with First Virginia. Financial statements of BB&T issued before completion of the merger would not be restated retroactively to reflect First Virginia's historical financial position or results of operations. The unaudited pro forma financial information contained in this proxy statement/prospectus has been prepared using the purchase method of accounting. See "Summary Comparative Per Share Data" on page 12.

Effect on Employee Benefit Plans and Stock Options

Employee Benefit Plans

As of a date (the "benefit plan date") determined by BB&T to be not later than the first day following the calendar year during which the last of First Virginia's bank subsidiaries is merged into a BB&T subsidiary, BB&T will cause First Virginia's 401(k) plan either to be merged with BB&T's 401(k) plan or to be frozen, as determined by BB&T and subject to receipt of applicable governmental approvals. Each employee of First Virginia or any First Virginia subsidiary at the time the merger becomes effective who: (a) is a participant in First Virginia's 401(k) plan; (b) becomes an employee of BB&T or a BB&T subsidiary (a "BB&T employer") at the time the merger becomes effective (a "transferred employee"), and (c) continues in the employment of a BB&T employer until the benefit plan date, will be eligible to participate in BB&T's 401(k) plan as of the benefit plan date. Any other former employee of First Virginia will be eligible to participate in BB&T's 401(k) plan upon complying with the eligibility requirements. All rights to participate in BB&T's 401(k) plan are subject to BB&T's right to amend or terminate the plan. BB&T will maintain First Virginia's 401(k) plan and any related supplemental plans for the benefit of participating employees until the benefit plan date. In administering BB&T's 401(k) plan and any related supplemental or excess benefit plan of BB&T or excess benefit defined contribution service with First Virginia and its subsidiaries will be deemed to be service with BB&T for participation, vesting and benefit accrual purposes.

Each transferred employee will be eligible to participate in group hospitalization, medical, dental, life, disability and other welfare benefit plans and programs available to employees of the BB&T employer as of the benefit plan date with respect to each such plan or program, conditional

Edgar Filing: BB&T CORP - Form 424B3

upon the transferred employee s being employed by the BB&T employer as of the benefit plan date and subject to complying with eligibility requirements of the respective plans and programs. BB&T will cause the BB&T employer to continue the First Virginia welfare plans and programs in effect for the benefit of the transferred employees so long as they remain

Table of Contents

eligible to participate and until they become eligible to participate in the corresponding plan or program maintained by the BB&T employer (and, with respect to any such plan or program, subject to complying with eligibility requirements and subject to the right of the BB&T employer to terminate the plan or program). First Virginia retirees and transferred employees who are participating or are eligible to participate in the First Virginia retiree medical benefits plan will automatically become participants in or eligible to participate in the BB&T retiree medical benefits plan as of the benefit plan date applicable to such plan. For purposes of administering these plans and programs, service with First Virginia will be deemed to be service with the BB&T employer for the purpose of determining eligibility to participate, vesting (if applicable), benefit accruals (solely for purposes of vacation and seniority entitlements), commencement of benefits and benefit subsidies in such plans and programs. In applying the BB&T plans and programs, preexisting conditions and eligibility waiting periods under group health plans will be waived with respect to transferred employees and retirees of First Virginia who are participants in the First Virginia medical benefits plan, and BB&T will give transferred employees and retirees of First Virginia who are participants in or eligible to participate in the First Virginia retiree medical benefits plan credit for the plan year in which each becomes a participant in the BB&T plan towards applicable deductibles and out-of-pocket limits for expenses incurred in such year under the First Virginia plan.

Except to the extent of commitments in the merger agreement or other contractual commitments specifically made or assumed by BB&T, no BB&T employer will have any obligation arising from the merger to continue any transferred employees in its employ or in any specific job or to provide to any transferred employee any specified level of compensation or any incentive payments, benefits or perquisites. Each transferred employee who is terminated by a BB&T employer after the merger becomes effective, excluding any employee who has a then-existing contract providing for severance, will be entitled to severance pay in accordance with the general severance policy maintained by BB&T or a special severance plan to be adopted by First Virginia, if and to the extent that the employee is entitled to severance pay under the applicable policy. Such an employee's service with First Virginia will be aggregated with BB&T service for purposes of determining the amount of severance pay, if any, under the applicable severance policy.

BB&T has agreed to merge the First Virginia defined benefit pension plan into the BB&T defined benefit pension plan, conditional upon receipt of all applicable governmental approvals. Each transferred employee who is a participant in the First Virginia pension plan and who continues to be employed by a BB&T employer will become a participant in the BB&T pension plan on the benefit plan date. The First Virginia pension plan and any related nonqualified plans will continue in effect until that date. Any other former employee of First Virginia who is not a participant in the First Virginia pension plan on the benefit plan date will be eligible to participate in the BB&T pension plan upon complying with eligibility requirements. All rights to participate in the BB&T pension plan are subject to BB&T's right to amend or terminate the plan. The accrued benefit of transferred employees under the First Virginia pension plan on the benefit plan date will be their sole accrued benefit under the BB&T pension plan for service prior to the benefit plan date, and will be added to the benefit accrued under the BB&T pension plan for service and compensation on and after the benefit plan date. In applying the BB&T pension plan, service with First Virginia will be deemed to be service with BB&T for participation and vesting purposes, but not for purposes of benefit accrual. Benefits accrued under the First Virginia pension plan prior to the benefit plan date for part-time employees (having less than 1,000 hours of service in any year) will be frozen and carried forward under the BB&T plan.

BB&T has agreed to honor all employment agreements, severance agreements and deferred compensation agreements and plans that First Virginia and its subsidiaries have with or in place for their current and former employees and directors and which have been disclosed to BB&T pursuant to the merger agreement, except to the extent any agreements are superseded or terminated when the merger becomes effective or thereafter. Except as these agreements may provide otherwise, and except as otherwise described above, (i) the transferred employees will be eligible to participate in all other employee benefit and compensation plans provided to similarly situated employees of BB&T, subject to complying with eligibility requirements, (ii) service with First

Table of Contents

Virginia will be deemed to be service with BB&T for the purpose of determining eligibility to participate and vesting (if applicable), and (iii) the employee benefit plans of First Virginia will be frozen, terminated or merged into comparable plans of BB&T, as BB&T may determine in its sole discretion.

Stock Options

At the time the merger becomes effective, each then outstanding stock option granted under First Virginia's various stock option plans will be converted into rights with respect to BB&T common stock. Unless it elects to substitute options as described below, BB&T will assume each of these stock options in accordance with the terms of the First Virginia plan, except that: (a) BB&T and the compensation committee of the BB&T Board of Directors will be substituted for First Virginia and its committee with respect to administering its stock option plan; (b) each stock option may be exercised solely for shares of BB&T common stock; (c) the number of shares of BB&T common stock subject to each stock option will be the number of whole shares (omitting any fractional share) determined by multiplying the number of shares of First Virginia common stock subject to the stock option by the exchange ratio in the merger and (d) the per share exercise price for each stock option will be adjusted by dividing the per share exercise price for the stock option by the exchange ratio in the merger and rounding up to the nearest cent.

As an alternative to converting the stock options, BB&T may choose to substitute options under the BB&T Corporation 1995 Omnibus Stock Incentive Plan or any other comparable plan for all or a part of the First Virginia stock options, subject to the adjustments described in (c) and (d) in the preceding paragraph, and further subject to the condition that any incentive stock option will be adjusted as required by Section 424 of the Internal Revenue Code to continue as an incentive stock option. Except as provided above, the substituted options will continue in effect on the same terms and conditions provided in First Virginia's stock option plans and the stock option agreements relating to the options.

BB&T will deliver to each First Virginia employee who receives converted or substitute options an appropriate notice setting forth the employee's rights with respect to the converted or substitute options.

BB&T has reserved and will continue to reserve adequate shares of BB&T common stock for the exercise of any converted or substitute options. Within fifteen days after the merger, if it has not already done so, BB&T will file a registration statement under the Securities Act of 1933 with respect to the shares of BB&T common stock subject to converted or substitute options, and BB&T will use its reasonable efforts to maintain the effectiveness of the registration statement (and maintain the current status of the related prospectus or prospectuses) for so long as the converted or substitute options remain outstanding.

Based on stock options outstanding as of the record date, options to purchase an aggregate of approximately 1,786,378 shares of First Virginia common stock may be outstanding at the effective time of the merger. Any shares of First Virginia common stock issued pursuant to the exercise of stock options under the stock option plans before the effective time of the merger will be converted into shares of BB&T common stock in the same manner as other outstanding shares of First Virginia common stock.

Eligibility to receive stock option grants after the merger will be determined by BB&T in accordance with its plans and procedures and subject to any contractual obligations.

Restrictions on Resales by Affiliates

Edgar Filing: BB&T CORP - Form 424B3

The shares of BB&T common stock to be issued in the merger will be registered under the Securities Act of 1933 and will be freely transferable, except any shares received by any shareholder who may be deemed to be an affiliate of First Virginia at the effective time of the merger for purposes of Rule 145 under the Securities Act. Affiliates of First Virginia may sell their shares of BB&T common stock acquired in the merger only in transactions registered under the Securities Act or permitted by the resale provisions of Rule 145 under the

Table of Contents

Securities Act or as otherwise permitted by the Securities Act. Persons who may be deemed affiliates of First Virginia generally include individuals or entities that directly, or indirectly through one or more intermediaries, control, are controlled by or are under common control with First Virginia and include directors and executive officers of First Virginia. In addition, any executive officer or director of First Virginia who becomes an affiliate of BB&T will be required to comply with the resale requirements under Rule 144 of the Securities Act. The restrictions on resales by an affiliate extend also to related parties of the affiliate, including parties related by marriage who live in the same home as the affiliate.

First Virginia has agreed to use its best efforts to cause each of its affiliates to deliver to BB&T a written agreement to the effect generally that he or she will not offer to sell, transfer or otherwise dispose of any shares of BB&T common stock issued to that person in the merger, except in compliance with the Securities Act and the related rules and regulations.

No Appraisal or Dissenters Rights

First Virginia shareholders will not have any right to dissent from the merger and demand an appraisal of their shares of First Virginia common stock.

Completed Acquisitions

BB&T's profitability and market share have been enhanced through internal growth and acquisitions of both financial and nonfinancial institutions during recent years. BB&T's most recent acquisitions include the following:

On March 11, 2002, BB&T acquired MidAmerica Bancorp of Louisville, Kentucky in a tax-free transaction accounted for as a purchase. MidAmerica operated 30 banking offices in the Louisville metropolitan statistical area through the Bank of Louisville, its primary subsidiary. The acquisition of MidAmerica, together with the acquisition of AREA Bancshares Corporation, increased BB&T's market share in Kentucky to third. BB&T merged the former banking subsidiaries of MidAmerica into Branch Bank during September 2002.

On March 21, 2002, BB&T acquired AREA Bancshares of Owensboro, Kentucky in a tax-free transaction accounted for as a purchase. AREA operated 71 banking offices in 31 communities in Kentucky through its banking subsidiary AREA Bank. It also operated a trust company and retail brokerage. The acquisition of MidAmerica Bancorp, together with AREA Bancshares, increased BB&T's market share in Kentucky to third. BB&T merged AREA Bank into Branch Bank during July 2002.

On September 16, 2002, BB&T acquired Regional Financial Corporation of Tallahassee, Florida in a tax-free transaction accounted for as a purchase. Regional is the holding company for First South Bank. First South operated 11 full-service retail branches, three limited-service branches and eight mortgage loan production offices in Tallahassee and the Florida Panhandle, Jacksonville, and along the Gulf Coast from Beverly Hills to Naples. BB&T merged First South into Branch Bank during November 2002.

On March 14, 2003, BB&T acquired Equitable Bank of Wheaton, Maryland in a tax-free transaction accounted for as a purchase. Equitable Bank, with approximately \$477 million in assets, operated five full-service banking offices in Montgomery and Prince George's counties. The acquisition of Equitable Bank expands BB&T's presence in the fast-growing Maryland suburbs of Washington, D.C.

Pending Acquisitions

BB&T expects, in the long term, to continue to take advantage of the consolidation of the financial services industry by developing its franchise through the acquisition of financial institutions. Such acquisitions may entail the payment by BB&T of consideration in excess of the book value of the underlying net assets acquired, may result in the issuance of additional shares of BB&T capital stock or the incurring of additional indebtedness by BB&T, and could have a dilutive effect on the per share earnings or book value of BB&T common stock. Moreover, acquisitions sometimes result in significant front-end charges against earnings, although cost savings, especially incident to in-market acquisitions, are frequently anticipated.

Capital

The Federal Reserve has established a minimum requirement for a bank holding company's ratio of capital to risk-weighted assets (including on-balance sheet activities and specified off-balance sheet activities, such as standby letters of credit) of 8%. At least half of a bank holding company's total capital is required to be composed of common equity, retained earnings, and qualifying perpetual preferred stock, less specified intangibles. This is called Tier 1 capital. The remainder may consist of specified subordinated debt, specified

Table of Contents

hybrid capital instruments and other qualifying preferred stock, and a limited amount of the loan loss allowance. This is called Tier 2 capital. Tier 1 capital and Tier 2 capital combined are referred to as total capital. At March 31, 2003, BB&T's Tier 1 and total capital ratios were 9.5% and 13.8%, respectively. Since January 1, 1998, the Federal Reserve has required bank holding companies that engage in trading activities to adjust their risk-based capital to take into consideration market risks that may result from movements in market prices of covered trading positions in trading accounts, or from foreign exchange or commodity positions, whether or not in trading accounts, including changes in interest rates, equity prices, foreign exchange rates or commodity prices. Any capital required to be maintained pursuant to these provisions may consist of Tier 3 capital consisting of forms of short-term subordinated debt. In addition, the Federal Reserve has issued a policy statement, pursuant to which a bank holding company that is determined to have weaknesses in its risk management processes or a high level of interest rate risk exposure may be required to hold additional capital.

The Federal Reserve also has established minimum leverage ratio requirements for bank holding companies. These requirements provide for a minimum leverage ratio of Tier 1 capital to adjusted average quarterly assets equal to 3% for bank holding companies that meet specified criteria, including having the highest regulatory rating. Bank holding companies that do not meet the specified criteria generally are required to maintain a leverage ratio of at least 100 to 200 basis points above the stated minimum. BB&T's leverage ratio at March 31, 2003 was 7.2%. Bank holding companies experiencing internal growth or making acquisitions are expected to maintain strong capital positions substantially above the minimum supervisory levels without significant reliance on intangible assets. Furthermore, these capital requirements indicate that the Federal Reserve will continue to consider a tangible Tier 1 leverage ratio (deducting all intangibles) in evaluating proposals for expansion or new activity.

The FDIC has adopted minimum risk-based and leverage ratio regulations to which BB&T's state bank subsidiaries are subject that are substantially similar to those requirements established by the Federal Reserve. Under federal banking laws, failure to meet the minimum regulatory capital requirements could subject a banking institution to a variety of enforcement remedies available to federal regulatory authorities, including, in the most severe cases, the termination of deposit insurance by the FDIC and placing the institution into conservatorship or receivership. The capital ratios of each of BB&T's bank subsidiaries exceeded all minimum regulatory capital requirements as of March 31, 2003.

Deposit Insurance Assessments

The deposits of each of BB&T's bank subsidiaries are insured by the FDIC up to the limits required by law. A majority of the deposits of the banks is subject to the deposit insurance assessments of the Bank Insurance Fund of the FDIC. However, approximately 25% of the deposits of Branch Bank, 43% of the deposits of Branch Bank-SC and 33% of the deposits of Branch Bank-VA (related to the banks' acquisition of various savings associations) are subject to assessments imposed by the Savings Association Insurance Fund of the FDIC.

For the semi-annual period beginning January 1, 2003, the effective rate of assessments imposed on all FDIC deposits for deposit insurance ranges from 0 to 27 basis points per \$100 of insured deposits, depending on the institution's capital position and other supervisory factors. However, because legislation enacted in 1996 requires that both SAIF-insured and BIF-insured deposits pay a pro rata portion of the interest due on the obligations issued by the Financing Corporation, the FDIC is currently assessing for first quarter 2003 both BIF-insured deposits and SAIF-insured deposits an additional 1.68 basis points per \$100 of deposits on an annualized basis to cover those obligations.

INFORMATION ABOUT FIRST VIRGINIA

General

First Virginia is a bank holding company headquartered in Falls Church, Virginia. It was incorporated under the laws of the Commonwealth of Virginia in October 1949 and is registered under the Bank Holding Company Act of 1956, as amended. With total assets of \$11.228 billion as of December 31, 2002, First Virginia is the largest banking institution headquartered in Virginia and the fifth largest banking organization in the state based on total deposits. As of December 31, 2002, First Virginia and its subsidiaries employed 5,245 individuals (4,813 full-time equivalent). First Virginia's principal executive offices are located at One First Virginia Plaza, 6400 Arlington Boulevard, Falls Church, Virginia 22042-2336, its phone number at that address is (703) 241-4000.

First Virginia conducts its business operations primarily through its eight commercial bank subsidiaries (the banking companies). The banking companies offer a broad array of banking services, including the acceptance of deposits in checking, money market, savings and time accounts and the making of personal and commercial loans, construction loans and commercial and residential real estate loans. Also offered are individual retirement accounts, trust and asset management services, internet banking access, online bill payment for both consumer and commercial customers and other standard banking products and services. In addition, First Virginia also owns various nonbank subsidiaries that provide banking-related services. The most significant of these are First Virginia Insurance Services, which offers commercial, consumer and title insurance services, and First Virginia Life Insurance Company, which provides credit related insurance to the loan customers of the banking subsidiaries. Income from nonbank subsidiaries represents less than 1% of First Virginia's total income.

First Virginia has consistently been a high performing organization, producing six consecutive years of record earnings per share at an annual compound growth rate of 9%. Its performance ratios also have consistently exceeded national and regional peer group averages. First Virginia's strategy is to provide a high level of personal service and to be a dominant bank in each of the markets it serves. In July 2001, First Virginia acquired the \$531 million James River Bankshares, significantly increasing its presence in southeast Virginia. In August 2001, First Virginia sold its bank in the Knoxville, Tennessee area after determining it was unlikely it would be able to achieve its objective of becoming the dominant bank in the area either through internal growth or acquisition. In addition, First Virginia's banking companies have purchased and sold various branches over the past five years in an effort to focus on markets where a dominant presence could be achieved. None of these transactions represented more than 6% of total assets.

As part of the ongoing process of examining business lines in the First Virginia organization, a strategic decision was made in 1999 to exit the direct servicing and ownership of credit card loans. Similarly, First Virginia sold its mortgage servicing rights in 1997 and stopped servicing consumer mortgage loans. At the same time, the corporation sought to expand its electronic delivery systems and introduced the Visa CheckCard and online banking and bill paying for both retail and commercial customers. Fees from electronic banking services represented 14.6% of noninterest income in 2002 as compared to 9.8% in 1997.

Primary Market Area

First Virginia's banking companies operate primarily in Virginia, Maryland and eastern Tennessee. This market is particularly attractive because of population growth and above average education and income levels. Based on the most recent available data, the service area of the eight banking companies included approximately 89% of Virginia's population with 298 offices, 40% of Maryland's population with 55 offices, and 18% of eastern Tennessee's population with 11 offices. The employment base of First Virginia's market area is diverse and consists of manufacturing, general services, wholesale/retail trade, technology, financial services and government. The presence of the federal government,

Edgar Filing: BB&T CORP - Form 424B3

particularly in the greater Washington, D.C. area, contributes to the economic vitality and stability. The Northern Virginia area, where First Virginia is

Table of Contents

headquartered, is the fastest growing area in Virginia. The area is also the second largest technology sector in the United States and has a median family income of \$90,000, one of the highest in the country.

Consumer Lending

Consumer loans represent 60% of First Virginia's overall loan portfolio. First Virginia offers a wide variety of consumer loan products to the highest quality prime customers. Loans are predominantly secured by real or personal property with regularly scheduled monthly payments. Nearly half of the total loan portfolio, and 79% of consumer loans, are automobile-related loans, particularly loans originated through automobile dealerships. The remaining portion of consumer loans is primarily home equity loans secured by residential real estate. First Virginia does not participate in the sub-prime or leasing markets.

First Virginia is one of the 25 largest automobile lenders in the nation and devotes its primary lending resources to this area. First Virginia concentrates on the highest quality loans in this area, primarily A and B credits. Most of these loans are secured by new cars with a maximum term of 66 months. First Virginia uses an experienced loan reviewer in underwriting each loan and does not rely on credit scoring models. Because individual loan amounts are relatively small and spread across many individual borrowers, the risk of any major charge-offs is minimized.

Commercial Lending

Edgar Filing: BB&T CORP - Form 424B3

First Virginia's commercial lending activities are primarily targeted toward small- and medium-sized businesses located in the communities served by the banking companies and include loans to government contractors, high-tech companies, hospitals, churches, and country clubs. Commercial loans represent 13% of the loan portfolio and are typically in amounts between \$1 million and \$5 million. First Virginia's legal lending limit to any one borrower is approximately \$111 million; however, it generally limits its loans to any one borrower and related interests to \$15 million. In special cases, this internal guideline may be exceeded. First Virginia originates and retains all of its own loans and does not participate in loans with other organizations nor in nationally syndicated credits. There are no significant concentrations of credit to a single industry or borrower.

Construction Lending

Construction loans represent less than 2% of outstanding loans and are primarily for residential development projects or commercial office space built for the borrower's own use and carry floating or adjustable interest rates. First Virginia does not make construction loans for speculative or unleased properties.

Table of Contents

Real Estate Lending

Residential real estate loans, consisting primarily of fixed-rate loans with terms of 15 years, increased 21% at the end of 2002 and comprised 15% of total loans. These loans are originated through the branch office network of the banking companies, are secured primarily by a first lien deed of trust and generally do not exceed an 80% loan-to-value ratio at the time of origination. Mortgage loans with terms greater than 20 years are available through the company's website but are immediately sold to an unaffiliated party. Commercial real estate loans also increased in 2002 by 15% and comprised 11% of the total loan portfolio. These loans are primarily made to business customers for owner-occupied properties and generally are well secured.

DESCRIPTION OF BB&T CAPITAL STOCK

General

The authorized capital stock of BB&T consists of 1,000,000,000 shares of BB&T common stock, par value \$5.00 per share, and 5,000,000 shares of preferred stock, par value \$5.00 per share. As of April 30, 2003, there were 471,289,163 shares of BB&T common stock issued and outstanding, which excludes shares expected to be issued in pending acquisitions. There were no shares of BB&T preferred stock issued and outstanding as of such date, although 2,000,000 shares of BB&T preferred stock have been designated as Series B Junior Participating Preferred Stock and are reserved for issuance in connection with BB&T's shareholder rights plan. See Shareholder Rights Plan below. Based on the number of shares of First Virginia common stock outstanding at the record date, it is estimated that approximately 88.8 million shares of BB&T common stock would be issued in the merger (including as a result of the conversion of First Virginia stock options).

BB&T Common Stock

Each share of BB&T common stock is entitled to one vote on all matters submitted to a vote at any meeting of shareholders. Holders of BB&T common stock are entitled to receive dividends when, as, and if declared by the BB&T Board of Directors out of funds legally available for the payment of dividends and, upon liquidation, to receive pro rata all assets, if any, of BB&T available for distribution after the payment of necessary expenses and all prior claims. Holders of BB&T common stock have no preemptive rights to subscribe for any additional securities of any class that BB&T may issue, nor any conversion, redemption or sinking fund rights. Holders of BB&T common stock have no right to cumulate votes in the election of directors. The rights and privileges of holders of BB&T common stock are subject to any preferences that the BB&T Board of Directors may set for any series of BB&T preferred stock that BB&T may issue in the future. The terms of the BB&T Junior Preferred Stock reserved for issuance in connection with BB&T's shareholder rights plan provide that the holders will have rights and privileges that are substantially identical to those of holders of BB&T common stock.

The transfer agent and registrar for BB&T common stock is Branch Bank. BB&T intends to apply for the listing on the NYSE, subject to official notice of issuance, of the shares of BB&T common stock to be issued in the merger.

BB&T Preferred Stock

Under BB&T's Articles of Incorporation, BB&T may issue shares of BB&T preferred stock in one or more series as may be determined by the BB&T Board of Directors or a duly authorized committee. The BB&T Board of Directors or committee thereof may also establish, from time to time, the number of shares to be included in each series and may fix the designation, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, and may increase or decrease the number of shares of any series without any further vote or action by the shareholders. Any BB&T preferred stock issued may rank senior to BB&T common stock with respect to the payment of dividends or amounts paid upon liquidation, dissolution or winding up of BB&T, or both. In addition, any shares of BB&T preferred stock may have class or series voting rights. Under some circumstances, the issuance of shares of BB&T preferred stock, or merely the existing authorization of the BB&T Board of Directors to issue shares of BB&T preferred stock, may tend to discourage or impede a merger or other change in control of BB&T. See Shareholder Rights Plan below.

Shareholder Rights Plan

BB&T has adopted a shareholder rights plan that grants BB&T's shareholders the right to purchase securities or other property of BB&T upon the occurrence of various triggering events involving a potentially hostile takeover of BB&T. Like other shareholder rights plans, BB&T's plan is intended to give the BB&T Board of Directors the opportunity to assess the fairness and appropriateness of a proposed transaction in order to determine whether it is in the best interests of BB&T and its shareholders and to encourage potential hostile acquirors to negotiate with the BB&T Board of Directors. BB&T's plan, like other shareholder rights plans, could also have the unintended effect of discouraging a business combination that shareholders believe to be in their best interests.

Table of Contents

The terms of the rights are set forth in the Rights Agreement, dated as of December 17, 1996, between BB&T and Branch Bank, as Rights Agent and are summarized below:

On December 17, 1996, the BB&T Board of Directors declared a dividend to holders of BB&T common stock of one right for each share of common stock held of record as of January 17, 1997 and for each share of common stock issued thereafter. Each right entitles the holder to purchase from BB&T 1/100th of a share of BB&T Series B Junior Participating Preferred Stock (which is substantially equivalent to one share of BB&T's common stock) at a price of \$145.00, subject to anti-dilution adjustments, or, under various circumstances, other securities or property.

The rights plan is designed to enhance the ability of the BB&T Board of Directors to prevent an acquiror from depriving shareholders of the long-term value of their investment and to protect shareholders against attempts to acquire BB&T by means of unfair or abusive takeover tactics that have been prevalent in many unsolicited takeover attempts.

Under the rights plan, the rights will become exercisable only if a person or a group acquires or commences a tender offer for 20% or more of BB&T's outstanding common stock or if the BB&T Board of Directors declares any person to be an adverse person. The BB&T Board of Directors will declare a person to be an adverse person if it determines that:

- the person, alone or together with its affiliates and associates, has or will become the beneficial owner of 10% or more of BB&T's common stock; and
- the beneficial ownership by the person is:
 - intended or reasonably likely to cause BB&T to repurchase the common stock beneficially owned by the person or otherwise provide the person with short-term financial gain contrary to BB&T's best long-term interests;
 - reasonably likely to have a material adverse effect on BB&T's business or prospects; or
 - otherwise not in the best interests of BB&T and its shareholders, employees, customers and communities in which BB&T and its subsidiaries do business.

Until they become exercisable, the rights attach to and trade with BB&T's common stock. The rights will expire December 31, 2006. The rights may be redeemed by the Board of Directors at \$0.01 per right until 10 days after a person or group has accumulated 20% or more of the common stock or, if earlier, the effective date of the Board of Directors' declaration that a person has become an adverse person. All rights held or acquired by a person or group holding 20% or more of BB&T's shares or by an adverse person are void.

If a person or group acquired 20% or more of BB&T's common stock or the Board of Directors declared a person to be an adverse person, the rights would then be modified to represent the right to receive, for the exercise price, common stock having a value worth twice the exercise price.

Edgar Filing: BB&T CORP - Form 424B3

If BB&T were acquired in a merger or other business combination at any time after a person or group has acquired 20% or more of BB&T's common stock, the rights would be modified so as to entitle a holder to buy a number of shares of common stock of the acquiring entity having a market value of twice the exercise price of each right.

Until a right is exercised, the right provides the holder with no rights as a shareholder of BB&T, including, without limitation, the right to vote or to receive dividends. While the distribution of the rights will not be taxable to shareholders or to BB&T, shareholders may, depending upon the circumstances, recognize taxable income if the rights become exercisable for stock (or other consideration) of BB&T or for common stock of the acquiring company.

Table of Contents

Any provision of the rights agreement, other than provisions relating to the principal economic terms of the rights, may be amended by the BB&T Board of Directors before the date the rights are distributed. After that distribution date, the provisions of the rights agreement may be amended by the BB&T Board of Directors in order to cure any ambiguity, to make changes that do not adversely affect the interests of holders of rights (excluding the interests of any acquiring person or adverse person) or to shorten or lengthen any time period under the rights agreement; provided, however, that no amendment to adjust the time period governing redemption may be made when the rights are not redeemable.

The rights agreement is filed as an exhibit to a registration statement on Form 8-A dated January 10, 1997 that has been filed by BB&T with the Securities and Exchange Commission. This registration statement and the rights agreement are incorporated by reference in this proxy statement/prospectus, and we refer you to them for the complete terms of the rights agreement and the rights. The foregoing discussion is qualified in its entirety by reference to the rights agreement. See *Where You Can Find More Information* on page 89.

Other Anti-takeover Provisions

Provisions of the North Carolina Business Corporation Act, or NCBCA, and BB&T's Articles of Incorporation and bylaws described below may be deemed to have an anti-takeover effect and, together with the ability of the BB&T Board of Directors to issue shares of BB&T preferred stock and to set the voting rights, preferences and other terms of BB&T preferred stock, may delay or prevent takeover attempts not first approved by the BB&T Board of Directors. These provisions also could delay or deter the removal of incumbent directors or the assumption of control by shareholders. BB&T believes that these provisions are appropriate to protect the interests of BB&T and its shareholders.

Control Share Acquisition Act

The Control Share Acquisition Act of the NCBCA may make an unsolicited attempt to gain control of BB&T more difficult by restricting the right of specified shareholders to vote newly acquired large blocks of stock. For a description of this statute, see *Comparison of the Rights of BB&T Shareholders and First Virginia Shareholders - Anti-takeover Statutes* on page 64.

Provisions Regarding the BB&T Board of Directors

BB&T's Articles of Incorporation and bylaws separate the BB&T Board of Directors into classes and permit the removal of directors only for cause. This could make it more difficult for a third party to acquire immediate control over the BB&T Board of Directors, thereby possibly discouraging a third party from seeking control of BB&T. For a description of these provisions, see *Comparison of the Rights of BB&T Shareholders and First Virginia Shareholders-Directors* on page 60.

Meeting of Shareholders; Shareholders' Nominations and Proposals

Edgar Filing: BB&T CORP - Form 424B3

Under BB&T's bylaws, meetings of the shareholders may be called only by the Chief Executive Officer, President, Secretary or the BB&T Board of Directors. Shareholders of BB&T may not require that a special meeting of shareholders be called. This provision could delay until the next annual shareholders' meeting shareholder actions that are favored by the holders of a majority of the outstanding voting securities of BB&T.

The procedures governing the submission of nominations for directors and other proposals by shareholders may also have a deterrent effect on shareholder actions designed to result in change of control in BB&T. See "Comparison of the Rights of BB&T Shareholders and First Virginia Shareholders-Shareholder Nominations and Shareholder Proposals" on page 61.

This summary is qualified in its entirety by reference to the NCBCA and the VSCA and the governing corporate instruments of BB&T and First Virginia, to which the shareholders of First Virginia are referred.

Authorized Capital Stock*BB&T*

Edgar Filing: BB&T CORP - Form 424B3

BB&T's authorized capital stock consists of 1,000,000,000 shares of BB&T common stock and 5,000,000 shares of BB&T preferred stock. BB&T's Articles of Incorporation authorize the BB&T Board of Directors to issue shares of BB&T preferred stock in one or more series and to fix the designation, powers, preferences, and rights of the shares of BB&T preferred stock in each series. As of April 30, 2003, there were 471,289,163 shares of BB&T common stock outstanding, which excludes shares expected to be issued in pending acquisitions. No shares of BB&T preferred stock were issued and outstanding as of that date, although 2,000,000 shares of BB&T preferred stock have been designated as BB&T Junior Preferred Stock and are reserved for issuance in

connection with BB&T's shareholder rights plan. See Description of BB&T Capital Stock-Shareholder Rights Plan on page 55.

First Virginia

First Virginia's authorized capital stock consists of 175,000,000 shares of First Virginia common stock, \$1.00 par value per share, and 3,000,000 shares of First Virginia preferred stock, \$10.00 par value per share. First Virginia's Articles of Incorporation authorize the First Virginia Board of Directors to issue shares of First Virginia preferred stock in one or more series and to fix the designation, powers, preferences, and rights of the shares of First Virginia preferred stock in each series. As of May 8, 2003, there were 68,681,372 shares of First Virginia common stock outstanding. The First Virginia Board of Directors has designated 300,000 of the shares of First Virginia preferred stock as Series E Participating Preferred Stock, none of which were outstanding as of May 8, 2003. Pursuant to the merger agreement, effective May 1, 2003, First Virginia redeemed all of the then outstanding shares of its Series A, Series B, Series C and Series D preferred stock according to their terms. All shares of preferred stock of these redeemed series were canceled and became authorized and unissued shares of preferred stock undesignated as to series.

Special Meetings of Shareholders

BB&T

Special meetings of the shareholders of BB&T may be called at any time by BB&T's Chief Executive Officer, President or Secretary or by the BB&T Board of Directors.

First Virginia

Special meetings of the shareholders may be called by the chairman of the board, the chief executive officer, or the President or at the written request of a majority of the directors, provided that, if as of the date of the request for special meeting there is a Related Person as defined under the articles of incorporation, the majority must include a majority of the Continuing Directors, or by holders of four-fifths (80%) of the voting power of all of the then outstanding shares of capital stock of the corporation entitled to vote generally in the election of directors.

Directors

BB&T

BB&T's Articles of Incorporation and bylaws provide for a board of directors having not less than three nor more than 30 members as determined from time to time by resolution of a majority of the members of the BB&T Board of Directors or by resolution of the shareholders of BB&T. Currently, the BB&T Board of Directors consists of 18 directors. The BB&T Board of Directors is divided into three classes, with directors serving staggered three-year terms. Under BB&T's Articles of Incorporation and bylaws, BB&T directors may be removed only for

cause and only by the vote of a majority of the outstanding shares entitled to vote in the election of directors.

First Virginia

First Virginia's Articles of Incorporation provide for a board of directors having not less than three and not more than 30 members to be fixed by the bylaws. First Virginia's bylaws state that the number of directors will be 13. The First Virginia Board of Directors is divided into three classes with directors serving staggered three year terms. First Virginia's Articles of Incorporation provide that shareholders may remove directors with or without cause, but only by the affirmative vote of the holders of at least four-fifths (80%) of the stock entitled to vote generally in the election of directors at a meeting called for that purpose.

Dividends and Other Distributions

The NCBCA prohibits a North Carolina corporation from making any distributions to shareholders, including the payment of cash dividends, that would render it insolvent or unable to meet its obligations as they become due in the ordinary course of business or that would result in its total assets being less than the sum of its

Table of Contents

total liabilities plus the amount that would be needed, if it were to be dissolved at the time of the dividend payment, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution. BB&T is not subject to any other express regulatory restrictions on payments of dividends and other distributions. The ability of BB&T to pay distributions to the holders of BB&T common stock will depend, however, to a large extent upon the amount of dividends its bank subsidiaries, which are subject to restrictions imposed by regulatory authorities, pay to BB&T. In addition, the Federal Reserve could oppose a distribution by BB&T if it determined that such a distribution would harm BB&T's ability to support its bank subsidiaries. There can be no assurances that dividends will be paid in the future. The declaration, payment and amount of any such future dividends would depend on business conditions, operating results, capital, reserve requirements and the consideration of other relevant factors by the BB&T Board of Directors.

First Virginia

The holders of First Virginia common stock are entitled to share ratably in dividends when and if declared by the First Virginia Board of Directors out of legally available funds. Pursuant to the VSCA, a Virginia corporation may declare and pay dividends to its shareholders, unless, after giving the effect to the dividends: (1) the corporation would not be able to pay its debts as they become due in the usual course of business; or (2) the corporation's total assets would be less than liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of the dividend payment, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution. The ability of First Virginia to pay distributions to the holders of First Virginia common stock will depend, however, to a large extent upon the amount of dividends its bank subsidiaries, which are subject to restrictions imposed by regulatory authorities, pay to First Virginia. In addition, the Federal Reserve could oppose a distribution by First Virginia if it determined that such a distribution would harm First Virginia's ability to support its bank subsidiaries. There can be no assurances that dividends will be paid in the future. The declaration, payment and amount of any such future dividends would depend on business conditions, operating results, capital, reserve requirements and the consideration of other relevant factors by the First Virginia Board of Directors.

First Virginia's Articles of Incorporation permit the First Virginia Board of Directors to issue preferred stock with terms set by the First Virginia Board of Directors, which terms may include the right to receive dividends ahead of the holders of First Virginia common stock. There are no shares of First Virginia preferred stock outstanding.

Shareholder Nominations and Shareholder Proposals

BB&T

BB&T's bylaws establish advance notice procedures for shareholder proposals and the nomination, other than by or at the direction of the BB&T Board of Directors or one of its committees, of candidates for election as directors. BB&T's bylaws provide that a shareholder wishing to nominate a person as a candidate for election to the BB&T Board of Directors must submit the nomination in writing to the Secretary of BB&T at least 60 days before the one year anniversary of the most recent annual meeting of shareholders, together with biographical information about the candidate and the shareholder's name, shareholdings and any material interests of the shareholder in the nomination. Nominations that are not made in accordance with the foregoing provisions may be ruled out of order by the presiding officer or the Chairman of the meeting. In addition, a shareholder intending to make a proposal for consideration at a regularly scheduled annual meeting of shareholders that is not intended to be included in the proxy statement for such meeting must notify the Secretary of BB&T in writing at least 60 days before the one year anniversary of the most recent annual meeting of shareholders of the shareholder's intention. The notice must contain: (a) a brief description of the proposal, (b) the name and shareholdings of the shareholder submitting the proposal and (c) any material interest of the shareholder in the proposal.

Table of Contents

In accordance with Securities and Exchange Commission Rule 14a-8 under the Securities Exchange Act of 1934, shareholder proposals intended to be included in the proxy statement and presented at a regularly scheduled annual meeting must be received by BB&T at least 120 days before the anniversary of the date that the previous year's proxy statement was first mailed to shareholders. As provided in the Securities and Exchange Commission rules, if the annual meeting date has been changed by more than 30 days from the date of the prior year's meeting, or for special meetings, the proposal must be submitted within a reasonable time before BB&T begins to print and mail its proxy materials.

First Virginia

Under First Virginia's bylaws, in order for a shareholder to nominate a candidate for director, written notice of the nomination must be given to First Virginia in advance of the meeting. Ordinarily, such notice must be given not less than 90 nor more than 120 days before the meeting. However, if First Virginia gives less than 70 days' notice or prior public disclosure of the meeting, then the shareholder must give such notice within 10 days after notice of the meeting is mailed or other public disclosure of the meeting is made. This notice must include, among other things:

- the name and address of, as shown on the corporation's records, and the class and amount of voting securities of First Virginia owned by, the shareholder proponent and any other shareholder known to be supporting such nominee;
- the name, age, business address, residence address and occupation of, and the class and amount of voting securities of First Virginia owned by, the nominee; and
- all the information that would be required under the SEC rules in a proxy statement soliciting proxies for such nominee.

In order for a shareholder to bring other business before an annual meeting of shareholders, written notice must be given to First Virginia within the same time limits described above for the nomination of a candidate for director. The notice must include, among other things:

- the name and address of, as shown on the corporation's records, and the class and amount of voting securities of First Virginia owned by, the shareholder proponent and any other shareholder known to be supporting such proposal;
- a brief description of the proposed business and the reasons for conducting such business at the annual meeting; and
- any financial or other interest of the shareholder in such proposal.

These advance notice requirements are separate from and in addition to the requirements the shareholder must meet to have a proposal included in First Virginia's proxy statement. In each case, the notice must be given to the Secretary of First Virginia at its principal executive offices.

In accordance with the SEC Rule 14a-8 under the Securities and Exchange Act of 1934, shareholder proposals intended to be included in the proxy statement and presented at a regularly scheduled annual meeting must be received by First Virginia at least 120 days before the

Edgar Filing: BB&T CORP - Form 424B3

anniversary of the date that the previous year's proxy statement was first mailed to shareholders. As provided in the SEC rules, if the annual meeting date has been changed by more than 30 days from the date of the prior year's meeting, or for special meetings, the proposal must be submitted within a reasonable time before First Virginia begins to print and mail its proxy material.

Discharge of Duties; Exculpation and Indemnification

BB&T

The NCBCA requires that a director of a North Carolina corporation discharge his or her duties as a director (a) in good faith, (b) with the care an ordinarily prudent person in a like position would exercise under similar circumstances and (c) in a manner the director reasonably believes to be in the best interests of the corporation. The NCBCA expressly provides that a director facing a change of control situation is not subject to any different duties or to a higher standard of care. BB&T's Articles of Incorporation provide that, to the fullest extent permitted by applicable law, no director of BB&T will have any personal liability for monetary damage for breach of a duty as a director. BB&T's bylaws require BB&T to indemnify its directors and officers, to the fullest extent permitted by applicable law, against liabilities arising out of his or her status as a director or officer, excluding any liability relating to activities that were at the time taken known or believed by such person to be clearly in conflict with the best interests of BB&T.

First Virginia

The VSCA requires that a director of a Virginia corporation discharge his or her duties as a director, including his or her duties as a member of a committee, in accordance with his or her good faith business judgment of the best interest of the corporation.

The VSCA provides that in any proceeding brought by or in the right of a corporation or brought by or on behalf of shareholders of the corporation, the damages assessed against an officer or director arising out of a single transaction, occurrence or course of conduct may not exceed the lesser of (1) the monetary amount, including the elimination of liability, specified in the articles of incorporation or, if approved by the shareholders, in the bylaws as a limitation on or elimination of the liability of the officer or director or (2) the greater of (a) \$100,000 or (b) the amount of cash compensation received by the officer or director from the corporation during the 12 months immediately preceding the act or omission for which liability was imposed. The liability of an officer or director is not limited under the VSCA or a corporation's articles of incorporation and bylaws if the officer or director engaged in willful misconduct or a knowing violation of the criminal law or of any federal or state securities law. First Virginia's Articles of Incorporation eliminate liability of any director, advisory director or officer of First Virginia in connection with a proceeding by or in the right of the corporation or by or on behalf of its shareholders, unless the director, advisory director or officer engaged in willful misconduct or knowingly violated any criminal or securities law.

Under the VSCA, a Virginia corporation may indemnify a director or officer against liability if the director or officer conducted himself in good faith and believed that his official conduct was in the best interest of the corporation and all other non-official conduct was not opposed to the corporation's best interest, or in the case of a criminal proceeding, had no reasonable basis to believe his or her conduct was unlawful. A corporation may not indemnify a director or officer in connection with a proceeding in which the director or officer is adjudged liable on the basis that he received an improper personal benefit. A director or officer also cannot be indemnified in connection with a proceeding by or in the right of the corporation in which the director or officer was adjudged liable to the corporation. In addition, under the VSCA, any corporation may indemnify, including an indemnity with respect to a proceeding by or in the right of the corporation, and may provide for advances or reimbursement of expenses to, any director, officer, employee or agent that is authorized by the articles of incorporation or any bylaw approved by the shareholders or any resolution adopted before or after the subject event by the shareholders, except an indemnity against (1) willful misconduct or (2) a knowing violation of criminal law. To the fullest extent permitted by the VSCA, First Virginia's Articles of Incorporation require indemnification of all directors, advisory directors and officers of First Virginia, and permit indemnification of employees and agents of First Virginia and directors, advisory directors, officers, employees and agents of subsidiaries and affiliates of First Virginia.

Mergers, Share Exchanges and Sales of Assets

BB&T

The NCBCA generally requires that any merger, share exchange or sale of all or substantially all the assets of a corporation other than in the ordinary course of business must be approved by the affirmative vote of the majority of the issued and outstanding shares of each voting group entitled to vote. Approval of a merger by the shareholders of the surviving corporation is not required in some instances, however, including (as in the case of the merger of BB&T with First Virginia) a merger in which the number of voting shares outstanding immediately after the merger, plus the number of voting shares issuable as a result of the merger, does not exceed by more than 20% the number of voting shares outstanding immediately before the merger. BB&T is also subject to statutory anti-takeover provisions. See *Anti-takeover Statutes* below.

First Virginia

Under the VSCA, more than a two-thirds vote of all votes entitled to be cast at a meeting is required for approval of a merger. First Virginia's Articles of Incorporation provide that a business combination (as defined therein) will require only the affirmative vote otherwise required by law if:

- it has been approved by a majority of First Virginia's directors (including a majority of all Continuing Directors as that term is defined in the articles of incorporation);
- the business combination is solely between First Virginia and a subsidiary; or
- specified price conditions and procedures are satisfied.

The VSCA provides that, unless a corporation's articles of incorporation provide for a higher or lower vote, specified significant corporate actions must be approved by the affirmative vote of the holders of more than two-thirds of the votes entitled to be cast on the matter. Corporate actions requiring more than a two-thirds vote include an amendment to a corporation's articles of incorporation, adoption of plans of merger or exchange, sales of all or substantially all of the corporation's assets other than in the ordinary course of business and adoption of plans of dissolution. The VSCA provides that a corporation's articles may either increase the vote required to approve these actions or may decrease the required vote to not less than a majority of the votes entitled to be cast. First Virginia's Articles of Incorporation increase the vote required to at least 80% in specified mergers, sales of assets, liquidations and other significant transactions involving First Virginia and any beneficial holder of 5% or more of First Virginia's outstanding capital stock.

Anti-takeover Statutes

BB&T

The North Carolina Control Share Acquisition Act applies to BB&T. This Act is designed to protect shareholders of publicly owned North Carolina corporations based within the state against changes in control and to provide shareholders with the opportunity to vote on whether to afford voting rights to some types of shareholders. The Act is triggered upon the acquisition by a person of shares of voting stock of a covered corporation that, when added to all other shares beneficially owned by the person, would result in that person holding one-fifth, one-third or a majority of the voting power in the election of directors. Under the Act, the shares acquired that result in the crossing of any of these thresholds have no voting rights until they are conferred by the affirmative vote of the holders of a majority of all outstanding voting shares, excluding those shares held by any person involved or proposing to be involved in the acquisition of shares in excess of the thresholds, any officer of the corporation and any employee of the corporation who is also a director of the corporation. If voting rights are conferred on the acquired shares, all shareholders of the corporation have the right to require that their shares be redeemed at the highest price paid per share by the acquiror for any of the acquired shares.

The North Carolina Shareholder Protection Act requires that certain business combinations with existing shareholders either be approved by a supermajority of the other shareholders or meet certain fair price requirements. BB&T has elected to opt out of the North Carolina Shareholder Protection Act, as permitted by that Act.

Table of Contents

First Virginia

The VSCA contains provisions governing affiliated transactions. These include various transactions such as mergers, share exchanges, sales, leases or other dispositions of material assets, issuances of securities, dissolutions and similar transactions with an interested stockholder. An interested stockholder is generally the beneficial owner of more than 10% of any class of a corporation's outstanding voting shares. During the three years following the day a stockholder becomes an interested stockholder, any affiliated transaction with the interested stockholder must be approved by a majority of the disinterested directors (those directors who were directors before the interested stockholder became an interested stockholder or who were recommended for election by a majority of the disinterested directors) and by the affirmative vote by the holders of two-thirds of the corporation's voting shares other than shares beneficially owned by the interested stockholder. The foregoing requirements do not apply to affiliated transactions if, among other things, a majority of the disinterested directors approved the interested stockholder's acquisition of voting shares making such a person an interested stockholder before such acquisition. Beginning three years after the stockholder becomes an interested stockholder, the corporation may engage in an affiliated transaction with the interested stockholder if:

- the transaction is approved by the holders of two-thirds of the corporation's voting shares, other than shares beneficially owned by the interested stockholder;
- the affiliated transaction has been approved by a majority of the disinterested directors; or
- subject to additional requirements, in the affiliated transaction the holders of each class or series of voting shares will receive consideration meeting specified fair price and other requirements designed to insure that all stockholders receive fair and equivalent consideration, regardless of when they tendered their shares.

Under the VSCA's Control Share Acquisitions law, voting rights of shares of a stock of a Virginia corporation acquired by an acquiring person or other entity at ownership levels of one-fifth, one-third and one-half of the outstanding shares may, under some circumstances, be denied. The voting rights may be denied unless conferred by special shareholder vote of a majority of the outstanding shares entitled to vote for directors, other than shares held by the acquiring person and officers and directors of the corporation, or among other exceptions, such acquisition of shares is made pursuant to a merger agreement with the corporation or the corporation's articles of incorporation or bylaws permit the acquisition of such shares before the acquiring person's acquisition thereof.

If authorized in the corporation's articles of incorporation or bylaws, the statute also permits the corporation to redeem the acquired shares at the average per share price paid for them if the voting rights are not approved or if the acquiring person does not file a control share acquisition statement with the corporation within 60 days of the last acquisition of such shares. If voting rights are approved for control shares comprising more than one-half of the corporation's outstanding stock, objecting shareholders may have the right to have their shares repurchased by the corporation for fair value.

Amendments to Articles of Incorporation and Bylaws

BB&T

Edgar Filing: BB&T CORP - Form 424B3

The NCBCA provides generally that a North Carolina corporation's articles of incorporation may be amended only upon approval by a majority of the votes cast within each voting group entitled to vote. BB&T's Articles of Incorporation and bylaws impose a greater requirement, the affirmative vote of more than two-thirds of the outstanding shares entitled to vote, to approve an amendment that would amend, alter, or repeal the provisions of the articles of incorporation or bylaws relating to classification and staggered terms of the BB&T Board of Directors, removal of directors or any requirement for a supermajority vote on such an amendment. The NCBCA provides that a North Carolina corporation's bylaws may be amended by its board of directors or its shareholders, except that, unless the articles of incorporation or a bylaw adopted by the shareholders provides otherwise, the board of directors may not amend a bylaw approved by the shareholders. BB&T's Articles of Incorporation authorize the BB&T Board of Directors to amend BB&T's bylaws and set forth the procedures for doing so.

Table of Contents

First Virginia

The VSCA generally requires that any amendment to the articles of incorporation to be adopted will be approved by each voting group entitled to vote on the proposed amendment by more than two-thirds of all the votes entitled to be cast by that voting group, unless the VSCA otherwise requires a greater vote or the articles of incorporation provide for a greater or lesser vote, or a vote by separate voting groups so long as the vote provided for is not less than a majority of all the votes cast on the amendment by each voting group entitled to vote. First Virginia's Articles of Incorporation provide that, except where otherwise explicitly required by the articles of incorporation, the articles of incorporation may be amended by the affirmative vote of a majority of all votes entitled to be cast by each voting group of First Virginia entitled to vote on the amendment at a meeting at which a quorum of each voting group exists. Under the VSCA, unless other provision is made in the articles of incorporation or bylaws, a majority of the directors or a majority of the shareholders present and entitled to vote may adopt, amend or repeal the bylaws. First Virginia's Articles of Incorporation include a provision which requires that, in order to adopt, amend or repeal the bylaws, (i) an affirmative vote of a majority of First Virginia's board of directors is necessary, unless there exists a Related Person as defined in the articles of incorporation, in which case such majority will include a majority of the Continuing Directors as defined in the articles of incorporation or (ii) an affirmative vote of the shareholders holding 80% of the voting power of First Virginia common stock would be necessary.

Consideration of Business Combinations

BB&T

BB&T's Articles of Incorporation do not specify any factors to which the BB&T Board of Directors must give consideration in evaluating a transaction involving a potential change in control of BB&T. BB&T's bylaws, however, do set forth such specific factors for consideration of the BB&T Board of Directors.

First Virginia

Neither First Virginia's Articles of Incorporation nor its bylaws specify any factors to which the First Virginia Board of Directors must give consideration in evaluating a transaction involving a potential change in control of First Virginia.

Shareholders' Rights of Dissent and Appraisal

BB&T

The NCBCA provides that dissenters' rights are not available to the holders of shares of a corporation, such as BB&T, that are either listed on a national securities exchange or held by more than 2,000 record shareholders by reason of a merger, share exchange, or sale or exchange of property unless (a) the articles of incorporation of the corporation that issued the shares provide otherwise or (b) in the case of a merger or share

Edgar Filing: BB&T CORP - Form 424B3

exchange, the holders of the shares are required to accept anything other than (1) cash, (2) shares in another corporation that are either listed on a national securities exchange or held by more than 2,000 record shareholders, or (3) a combination of cash and such shares. BB&T's Articles of Incorporation do not authorize any special dissenters' rights.

First Virginia

The VSCA provides that appraisal rights are not available to holders of common stock of a constituent corporation in a merger when such stock is either listed on a national securities exchange or a Nasdaq Stock Market or is held by at least 2,000 record shareholders. Despite this exception, appraisal rights will be available to holders of a common stock of a constituent corporation in a merger if (1) the articles of incorporation provide otherwise (First Virginia's Articles of Incorporation do not authorize such special dissenters' rights); (2) in the case of a merger or share exchange, shareholders are required by the terms of the merger to accept anything for the shares other than cash, shares of the surviving or acquiring corporation, or shares of another corporation that are either listed on a national securities exchange or held by record by more than 2,000 shareholders, or a combination of cash

or such shares; or (3) the merger is an affiliated transaction, as described under Anti-takeover Statutes above, and it has not been approved by a majority of the disinterested directors. Holders of First Virginia common stock do not have appraisal rights in connection with the merger with BB&T because, as of the record date, First Virginia common stock and BB&T common stock were listed on the New York Stock Exchange.

Liquidation Rights

BB&T

In the event of the liquidation, dissolution, or winding up of the affairs of BB&T, holders of outstanding shares of BB&T common stock are entitled to share, in proportion to their respective interests, in BB&T's assets and funds remaining after payment, or provision for payment, of all debts and other liabilities of BB&T.

Because BB&T is a financial holding company, its rights, the rights of its creditors and of its shareholders, including the holders of the shares of any BB&T preferred stock that may be issued, to participate in the assets of any subsidiary upon the latter's liquidation or recapitalization may be subject to the prior claims of (a) the subsidiary's creditors, except to the extent that BB&T may itself be a creditor with recognized claims against the subsidiary, and (b) any interests in the liquidation accounts established by savings associations or savings banks acquired by BB&T for the benefit of eligible account holders in connection with conversion of the savings associations from mutual to stock form.

First Virginia

In the event of the liquidation, dissolution, or winding up of the affairs of First Virginia holders of outstanding shares of First Virginia common stock are entitled to share, in proportion to their respective interest, in First Virginia's assets and funds remaining after payment, or provision for payment, of all debts and other liabilities of First Virginia.

Because First Virginia is a bank holding company, its rights, the rights of its creditors and of its shareholders to participate in the assets of any subsidiary upon the latter's liquidation or recapitalization may be subject to the prior claims of the subsidiary's creditors, except to the extent that First Virginia may itself be a creditor with recognized claims against the subsidiary.

SHAREHOLDER PROPOSALS

In the event that the merger is not completed, any proposal that a shareholder wishes to have presented at the next annual meeting of shareholders and included in First Virginia's proxy materials must be received at the main office of First Virginia, 6400 Arlington Boulevard, Falls Church, Virginia 22042-2336, by January 15, 2004. Shareholders wishing to present proposals at such meeting (but not include them in First Virginia's proxy materials) must also give notice of such proposals to First Virginia in accordance with First Virginia's Articles of Incorporation and bylaws as described above (see Comparison of Shareholders' Rights, Shareholder Nominations and Shareholder Proposals on page 61). It is urged that any proposals be sent by certified mail, return receipt requested.

OTHER BUSINESS

The First Virginia Board of Directors is not aware of any business to come before the meeting other than those matters described in this proxy statement/prospectus. However, if any other matters should properly come before the meeting, it is intended that the proxies solicited by this proxy statement/prospectus will be voted with respect to those other matters in accordance with the judgment of the persons voting the proxies.

As of the date of this proxy statement/prospectus, certain members of Womble Carlyle Sandridge & Rice, PLLC owned an aggregate of approximately 75,343 shares of BB&T common stock.

EXPERTS

The consolidated financial statements of BB&T Corporation and its subsidiaries as of and for the year ended December 31, 2002 which are incorporated by reference into this proxy statement/prospectus from BB&T's annual report on Form 10-K for the year ended December 31, 2002 and filed with the SEC on March 7, 2003 have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, independent accountants, given on the authority of said firm as experts in auditing and accounting.

The consolidated financial statements as of December 31, 2001 and for each of the two years in the period ended December 31, 2001, incorporated by reference in this proxy statement/prospectus, have been audited by Arthur Andersen LLP, independent certified public accountants, as stated in their report incorporated by reference herein.

On March 20, 2002, BB&T announced that it had appointed PricewaterhouseCoopers LLP to replace Arthur Andersen LLP as its independent accountants. After reasonable efforts, we have been unable to obtain Arthur Andersen's updated written consent to the incorporation by reference into this registration statement of Arthur Andersen's audit reports with respect to our financial statements. Under these circumstances, Rule 437a under the Securities Act permits us to omit Arthur Andersen's updated written consent from this registration statement.

Section 11(a) of the Securities Act provides that if any part of a registration statement at the time it becomes effective contains an untrue statement of a material fact or an omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, any person acquiring a security pursuant to such registration statement (unless it is proved that at the time of such acquisition such person knew of such untruth or omission) may sue, among others, every accountant who has consented to be named as having prepared or certified any part of the registration statement or as having prepared or certified any report or valuation which is used in connection with the registration statement with respect to the statement in such registration statement, report or valuation which purports to have been prepared or certified by the accountant.

Accordingly, Arthur Andersen may not be liable under Section 11(a) of the Securities Act because it has not consented to being named as an expert in the registration statement. We believe, however, that other persons who may be liable under Section 11(a) of the Securities Act, including our officers and directors, may still rely on Arthur Andersen's audit reports as being made by an expert under the due diligence defense provision of Section 11(b) of the Securities Act.

The consolidated financial statements of First Virginia Banks, Inc. and subsidiaries as of December 31, 2002 and 2001 and for each of the years in the three-year period ended December 31, 2002 have been incorporated by reference into this proxy statement/prospectus in reliance upon the report of KPMG LLP, independent certified public accountants, incorporated by reference herein and upon the authority of said firm as experts

in accounting and auditing.

OTHER INFORMATION FOR THE FIRST VIRGINIA ANNUAL MEETING

Annual Report

An Annual Report to shareholders for the year ended December 31, 2002, including consolidated financial statements, has been mailed to shareholders of record. The annual report is not part of this document.

Multiple Shareholders Sharing the Same Address

The Securities and Exchange Commission rules allow a company to send a single set of the Proxy Statement and Annual Report to any household at which two or more shareholders reside if the company believes that the shareholders are members of the same family. This practice, known as Householding, benefits both shareholders and the company. It reduces the volume of duplicate information received by the shareholder at his house and helps to reduce the company's printing and postage expenses. Each shareholder would still continue to receive a separate proxy card for voting.

At this time, First Virginia does not offer Householding to registered shareholders. However, if you own shares through a broker, bank, or other beneficial holder of record, you already may be experiencing Householding. If your broker, bank or other record holder did not send you a Proxy Statement and/or Annual Report this year and you would like to receive these documents, you may obtain copies promptly by contacting First Virginia at 800-995-9416 or sending your request to the Corporate Secretary, First Virginia Banks, Inc., 6400 Arlington Boulevard, Falls Church, Virginia 22042-2336. On the other hand, if you share an address with another First Virginia shareholder and, together, both of you wish to receive only a single set of First Virginia's Proxy Statement and Annual Report, you should contact your bank, broker or other intermediary directly to request Householding.

ELECTION OF DIRECTORS

General Information

The Board of Directors is divided into three classes (A, B and C). The term of office for Class A directors will expire at this Annual Meeting. The five incumbent directors have been nominated for re-election, and, if elected, the five nominees will serve for a term of three years.

With respect to the election of directors, the five nominees receiving the greatest number of votes cast for the election of directors will be elected, if a quorum is present at the meeting. The presence in person or by proxy of a majority of the outstanding shares of Common Stock entitled to vote on the matter will constitute a quorum. Shares for which the holder has elected to abstain or withhold the proxy's authority to vote (including broker nonvotes) will count toward a quorum but will not count for or against the election of directors.

Edgar Filing: BB&T CORP - Form 424B3

Proxies received from shareholders will be voted in favor of the five nominees unless shareholders specify otherwise on their proxies. Although the Board of Directors does not expect that any of the persons named will be unable to serve as a director, should any of them be unable to accept nomination or election, it is intended that shares represented by the accompanying proxy will be voted by the proxy holders for such other person or persons as may be designated by the present Board of Directors. The Board of Directors recommends a vote **for** the election of the nominees.

Committees and Meetings of the Board of Directors

First Virginia's Board of Directors has a standing Audit Committee, Nominating and Governance Committee, Compensation and Benefits Committee, Public Policy Committee, and Executive Committee.

The Audit Committee, comprised of Directors Breeden, Banner, Kendrick, and Phillips, held five meetings during 2002. The members of the Audit Committee are independent under the current standards of the New York Stock Exchange. The Report of the Audit Committee appears in this Proxy Statement on page 83. The Audit Committee charter, which was revised by the Board of Directors on November 20, 2002 and which is attached hereto as Appendix C, sets forth the functions and responsibilities of that Committee, which include the appointment of the independent auditor, approving all audit engagement fees and terms, reviewing the scope of First Virginia's audit, the activities of the internal auditors, the financial statements and the accounting policies employed therein.

The Nominating and Governance Committee, comprised of Directors Zalokar, Fitzpatrick, Ginn, Jennings, and Vickers-Smith, held one meeting in 2002. The functions of the Committee include annually recommending to the Board the names of persons to be considered for nomination and election by First Virginia's shareholders and, as necessary, recommending to the Board the names of persons to be appointed to the Board between annual meetings, recommending corporate governance guidelines for First Virginia, recommending to the Board the directors to serve as members of board committees and engaging in on-going management succession planning for the chief executive officer. The Nominating and Governance Committee will consider nominees recommended by shareholders. Such recommendations should be addressed in writing to the First Virginia Nominating and Governance Committee, c/o the Corporate Secretary's Office.

The Compensation and Benefits Committee, comprised of Directors Zettlemoyer, Holland, Jennings, Kendrick and Phillips, held two meetings in 2002. The Committee has the authority to annually approve compensation for the chief executive officer and the executive officers of First Virginia, including short and long term compensation, and to make recommendations to the Board with respect to the compensation of directors.

The Public Policy Committee, comprised of Directors Vickers-Smith, Fitzpatrick, Geithner, Richmond, and Zalokar, met two times during 2002. This Committee oversees First Virginia's charitable contributions and matching gifts programs. The Committee also monitors the affirmative action and equal employment programs.

The Executive Committee, comprised of Directors Zalokar, Breeden, Fitzpatrick, Geithner, Ginn, Holland, and Zettlemyer, held six meetings in 2002. The Committee exercises all of the powers of the Board of Directors when the Board is not in session, except for those powers reserved for the Board under state law and by First Virginia's Articles of Incorporation and Bylaws.

All incumbent directors attended more than 75% of the aggregate total number of meetings of the Board and committees of the Board on which they served. The Board of Directors met 6 times in 2002.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires First Virginia's directors and executive officers to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Executive officers and directors are required by SEC regulation to furnish First Virginia with copies of all Section 16(a) forms they file.

Based on a review of the forms that were filed and written representations from the directors and executive officers, First Virginia believes that during the year 2002, all filing requirements applicable to its directors and officers were met on time except that two directors, Edward M. Holland and Lawrence T. Jennings, each had one late filing and four executive officers, Shirley C. Beavers, Jr., Raymond E. Brann, Jr., Barbara J. Chapman and Cynthia A. Williams, each had one late filing.

For an explanation of the change in control provision, see Certain Director Relationships and Plans Which Include Change in Control Arrangements.
- (2) Options to purchase 266,000 of First Virginia Common Stock were granted to employees during 2002. No freestanding SARs were granted in 2002 to employees, and none of the options that were granted had any tandem SARs.

2002 Option Exercises and Year-end Values

Edgar Filing: BB&T CORP - Form 424B3

The table on the next page shows for each of the named executive officers the number of shares of First Virginia Common Stock acquired upon the exercise of stock options during 2002, the value realized upon their exercise, the number of unexercised stock options at the end of 2002, and the value of unexercised in-the-money stock options at the end of 2002. Stock options are considered in-the-money if the fair market value of the underlying securities exceeds the exercise price of the option. Some of the stock options which were granted to First Virginia's executive officers include a provision that would accelerate the vesting of the options upon a change in control of First Virginia.

Pension and Thrift Plans and Supplemental Arrangements

The following table shows the estimated annual benefit payable upon retirement (assuming retiree elected single life only) under the First Virginia Pension Trust Plan and under the First Virginia Supplemental Pension Trust Plan based on specified remuneration and years of credited service classifications, assuming a participant retired on December 31, 2002, at age 65. Credited service in excess of thirty years is not taken into account in determining benefits under either plan.

Under the First Virginia Pension Trust Plan, a participant retiring at age 65 with 30 years of credited service under the Plan will receive a maximum annual pension benefit equal to 1.1% of average annual pay multiplied by 30 years of credited service plus 0.5% of average annual pay in excess of covered compensation multiplied by 30 years of credited service. The calculation of average annual pay is based on annual compensation for the highest five consecutive years out of the participant's final 10 years of service. Covered compensation is calculated by

Edgar Filing: BB&T CORP - Form 424B3

multiplying the annual average of Social Security taxable wage base in effect for the 35 years ending with the last day of the year in which the participant attains Social Security retirement age. First Virginia also has the First Virginia Supplemental Pension Trust Plan for certain key employees which provides for the payment of supplemental pension benefits as a result of the IRS restrictions on benefits under the First Virginia Pension Trust Plan. All of the named executive officers (except for Mr. Fitzpatrick who would receive benefits at retirement under a separate Supplemental Compensation Agreement) participate in the Supplemental Pension Trust Plan.

Remuneration or earnings determining pension benefits under both the Pension Trust Plan and the Supplemental Pension Trust Plan include salaries and bonuses (which are listed in the Summary Compensation Table) and any other taxable compensation. Compensation resulting from the exercise of nonqualified options, SARs, and deferred compensation are excluded from the computation of benefits under both plans. For purposes of determining benefits under the Pension Trust Plan, each of the named executives had the following years of

Table of Contents

service as of December 31, 2002 (30 years is the maximum): Mr. Fitzpatrick, 30 years; Mr. Beavers, 30 years; Mr. Bowman, 27.5 years; Mr. Brann, 30 years; and Mr. Jennings, 24.8 years. If a participant retired on December 31, 2002, at age 65, the participant would receive the pension benefits as determined by using the Summary Compensation and Pension Tables shown above in conjunction with the formula described in the previous paragraph.

Mr. Fitzpatrick's Supplemental Compensation Agreement (Agreement) provides him with supplemental retirement benefits in addition to those pension benefits he would receive from the First Virginia Pension Trust Plan. Under the Agreement, if he resigns, retires or leaves First Virginia for any reason, he is entitled to receive for the rest of his life, supplemental compensation equal to sixty percent of the average of his highest five years of annual salary and bonus, reduced by the amount he would receive under the First Virginia Pension Trust Plan. Highest annual salary includes salary and bonus and any profit sharing payments received under the First Virginia Profit Sharing Plan but does not include any other form of compensation that is not salary or bonuses, such as compensation arising from the exercise of SARs and nonqualified options. To avoid a possible doubling up of benefits from this Agreement and a separate Employment Agreement (see below), payments to Mr. Fitzpatrick pursuant to his Agreement would be delayed for three years upon a change of control. Should Mr. Fitzpatrick die, his spouse would be entitled to one-half of his total annual benefit for the rest of her life. Under his Agreement, once benefits begin to be paid, Mr. Fitzpatrick is to remain available to provide consulting and advisory services if he is physically and mentally capable of doing so. Furthermore, his benefits are forfeitable under certain circumstances.

On December 31, 1996, Messrs. Fitzpatrick, Beavers, Bowman, Brann, and Jennings entered into employment agreements with First Virginia which provide for their continued employment for a three-year period following the date on which a change of control takes place (the Employment Period). These agreements require First Virginia (or any successor corporation) to employ the executive during the Employment Period following a change of control in a position with authority, duties and responsibilities at least commensurate to what the executive had prior to a change of control, and at compensation levels (including benefits) at least equal to what the executive was making prior to the change of control. If, during the first year of his Employment Period, the executive is terminated other than for cause or disability or the executive terminates his employment for good reason (as those terms are defined under the employment agreements), then First Virginia (or its successor) would pay the executive a lump sum equal to 2.99 times the sum of his annual base salary and bonus. If, during the second or third year of his Employment Period, the executive is terminated other than for cause or disability or terminates his employment for good reason, then First Virginia or its successor would pay the executive a lump sum equal to two times the sum of his annual base salary and bonus. During a thirty-day period after the first year, the executive could terminate his employment for any reason and receive two times the sum of his annual base salary and bonus. Furthermore, if any payments or benefits made under the agreements or otherwise subject the executive to excise taxes under Internal Revenue Code Section 4999, such payments would be grossed up to put the executive in the same after-tax position as if no excise taxes had been imposed. On January 20, 2003, Messrs. Fitzpatrick, Beavers, Bowman and Brann entered into Special Pay Agreements with First Virginia which provide for a monetary payment to these employees on the Effective Date of the merger of First Virginia into BB&T as settlement of all rights and benefits under their employment agreements. Mr. Fitzpatrick would receive \$3,601,200; Mr. Beavers, \$1,433,535; Mr. Brann, \$1,128,305 and Mr. Bowman, \$1,144,500 under these Special Pay Agreements. Mr. Jennings did not enter into a Special Pay Agreement and his employment agreement remains in effect.

Executive officers are eligible to participate in the First Virginia Banks, Inc. Employees Thrift Plan (Thrift Plan). Under the Thrift Plan, employees of First Virginia and its subsidiaries who have completed six months of service can contribute up to six percent of their compensation and receive matching employer contributions (after one year of service) equal to 50% of their employee contributions. Employees also can contribute up to an additional six percent of their compensation without receiving a matching contribution. For the years when First Virginia meets an earnings test under the Thrift Plan, employees can receive matching contributions equal to 75% of employee contributions. The Thrift Plan complies with Section 401(k) of the Internal Revenue Code so that employee contributions can be made on a pretax basis. Employees can direct the investment of their contributions and the matching employer contributions into one or more of three funds that are administered by

the Trust and Asset Management Services Department of First Virginia Bank. Reference is made to Footnote 5 of the Summary Compensation Table for the amount of contributions made on behalf of the named executive officers under the Thrift Plan.

First Virginia also maintains a First Virginia Thrift Restoration and Deferred Compensation Plan which provides supplemental retirement benefits for those key officers who are restricted from receiving further benefits under the Thrift Plan as a result of the limitation on pretax contributions imposed by the Internal Revenue Code. Under the First Virginia Thrift Restoration and Deferred Compensation Plan, executive officers can continue to make pretax contributions in excess of the IRS limits imposed on the Thrift Plan and receive matching contributions from First Virginia identical to what they would have received if they were in the Thrift Plan and there were no limitations on contributions. Reference is made to Footnote 5 of the Summary Compensation Table for the amount of the employer contributions made on behalf of the named executive officers under the First Virginia Thrift Restoration and Deferred Compensation Plan.

Certain Director Relationships and Plans Which Include Change in Control Arrangements

In 2003 directors of First Virginia who are not salaried officers will be paid an annual retainer of \$16,500 per year and a fee of \$1,300 for each meeting of the Board of Directors attended. Committee chairmen will receive \$975 for each committee meeting they chair and other Committee members will receive \$850 for each committee meeting they attend. Directors are reimbursed for out-of-town expenses incurred in connection with attendance at Board and Committee meetings.

During 2002, Thomas K. Malone, Jr., former Chairman and Chief Executive Officer of First Virginia, was paid \$153,132, under a supplemental compensation agreement, in addition to the amount he received from the First Virginia Pension Trust Plan and the fees he received as Director Emeritus for attending Board meetings. When requested, Mr. Malone is required to provide consulting services under his supplemental compensation agreement. Also, during 2002, Robert H. Zalokar, former Chairman and Chief Executive Officer of First Virginia, and Paul H. Geithner, Jr., former President and Chief Administrative Officer of First Virginia, were paid \$521,316 and \$282,527, respectively, under supplemental compensation agreements, in addition to amounts they received from the First Virginia Pension Trust Plan and their director fees. When requested, both Zalokar and Geithner are required to provide consulting services under their supplemental compensation agreements. First Virginia paid country club membership fees for Zalokar and Malone of \$1,885 and \$1,740, respectively, during 2002. During 2002, Virginia H. Brown, formerly Virginia H. Beeton, received \$71,000 pursuant to her former spouse's Supplemental Retirement Agreement with First Virginia, in addition to what she received from the First Virginia Pension Trust Plan. Her former spouse, Ralph A. Beeton, who is now deceased, was Chairman and Chief Executive Officer of First Virginia.

First Virginia also has two key employee salary reduction deferred compensation plans, one of which began in 1983 and the other in 1986, and three directors deferred compensation plans, two of which also began in 1983 and 1986, and the other which began in 1998 (Deferred Compensation Plans). Under the 1983 and 1986 Deferred Compensation Plans, participants elect to defer some or all of their compensation from First Virginia, and First Virginia agrees to pay at normal retirement age or earlier (or to participant's beneficiary or estate on participant's death) a sum substantially in excess of what each participant has deferred. To fund the benefits under the 1983 and 1986 Deferred Compensation Plans, First Virginia has purchased life insurance policies on the lives of the participants, with First Virginia as the beneficiary. For the period ending December 31, 2002, none of the named executive officers of First Virginia deferred any compensation under the Deferred Compensation Plans. Under the 1998 Directors Deferred Compensation Plan, directors may defer their fees and receive earnings on those deferrals at the distribution date, the amount of which depends on the investment they choose.

The 1983 Deferred Compensation Plans include a provision regarding change in control. If there is a change in control of First Virginia, and a director is terminated under the directors' plan, or in the case of the employee plan, an employee is terminated without cause or the employee terminates his/her employment for good reason, as those terms are defined under the employee plan, then the director or employee, as the case may be, becomes entitled to receive his/her benefits under the 1983 Deferred Compensation Plans at retirement, notwithstanding the fact that

his/her affiliation with First Virginia has terminated.

Table of Contents

First Virginia has a Split Dollar Life Insurance Plan (Split Dollar Plan) which currently includes certain executive employees of First Virginia including those named in the Summary Compensation Table. Under the Split Dollar Plan, an executive can purchase ordinary life insurance policies with coverage of at least two times what is projected to be the executive's base salary at retirement, up to a limit of \$1,000,000. A portion of the premiums will be loaned to the executives by First Virginia up to the later of ten years or the executive's retirement date. At the end of this period, if assumptions about mortality, dividends and other factors are realized, First Virginia will recover all of its loans for premiums from the cash value of the policy. The policy will then be transferred to the executive, who will pay all further premiums, if any, under the policy. Executives who participate in the Split Dollar Plan forego any insurance coverage over \$50,000 under the First Virginia Group Life Insurance Plan. The Split Dollar Plan includes a change in control provision which allows the executive to terminate the policy upon such an event.

First Virginia's Board of Directors approved in 1992 the establishment of a trust with JP Morgan Chase Bank as the trustee to partially secure the benefits of some of First Virginia's nonqualified compensation plans, including the Deferred Compensation Plans and the First Virginia Thrift Restoration and Deferred Compensation Plan, in case of a change in control. Under the trust agreement establishing the trust, if a change in control takes place, the trustee would pay the benefits under the covered compensation plans out of the trust assets that have been contributed to the trust by First Virginia, if First Virginia or its successor refused to pay the benefits. The trust is considered a grantor trust subject to the claims of First Virginia's general creditors. For accounting purposes, the trust assets are considered corporate assets and, therefore, no balance sheet impact to First Virginia resulted from the establishment of the trust. The trust agreement does not include a provision which would accelerate the vesting or payment of any of the benefits under the covered compensation plans in case of a change in control.

The 1983 Deferred Compensation Plans, the Split Dollar Plan, the above described trust agreement with JP Morgan Chase Bank, Mr. Fitzpatrick's Supplemental Compensation Agreement, certain stock option agreements, and the above-described employment agreements all include change in control provisions. Under this definition, a change in control means: (a) an acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of either (i) the then outstanding shares of First Virginia Common Stock or (ii) the combined voting power of the then outstanding voting securities of First Virginia entitled to vote generally in the election of directors (the Outstanding First Virginia Voting Securities); provided, however, that any acquisition directly from or by First Virginia or any acquisition by any employee benefit plan (or related trust) sponsored or maintained by First Virginia or an affiliated company or any acquisition by a company pursuant to a transaction which complies with clauses (i), (ii) and (iii) of (c) below would be excluded; or (b) individuals who, as of the date when the change in control provisions were adopted, constitute the Board (the Incumbent Board) of First Virginia, cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director whose election, or nomination for election by First Virginia's shareholders, was approved by vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or (c) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of First Virginia (a Business Combination), in each case, unless, following such Business Combination, (i) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the outstanding First Virginia Common Stock and Outstanding First Virginia Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns First Virginia or all or substantially all of First Virginia's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to

Table of Contents

such Business Combination of the outstanding First Virginia Common Stock and the outstanding First Virginia Voting Securities, as the case may be, (ii) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of First Virginia or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 20% or more of, respectively, the then outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such corporation except to the extent that such ownership existed prior to the Business Combination and (iii) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or the action of the Board, providing for such Business Combination; or (d) approval by the shareholders of First Virginia of a complete liquidation or dissolution of First Virginia.

Compensation Committee Interlocks and Insider Participation

The current members of First Virginia's Compensation and Benefits Committee are Edward M. Holland, Lawrence T. Jennings, Eric C. Kendrick, W. Lee Phillips, Jr., and Albert F. Zettlemoyer. As noted above, Edward M. Holland's sister, Virginia H. Brown, receives a benefit pursuant to her former spouse's Supplemental Retirement Agreement with First Virginia. Albert F. Zettlemoyer's daughter is an officer of First Virginia Insurance Services, Inc., a subsidiary of First Virginia. None of the members of the Compensation and Benefits Committee served as members of the compensation committees of another entity. No executive officer of First Virginia served as a director of another entity that had an executive officer serving on First Virginia's compensation committee. No executive officer of First Virginia served as a member of the compensation committee of another entity which had an executive officer who served as a director of First Virginia.

Compensation and Benefits Committee Report Concerning First Virginia's Executive Compensation Policy

The Compensation and Benefits Committee (the "Committee") of the Board of Directors establishes the policy for the compensation of the executive officers of First Virginia. It is also responsible for administering most of First Virginia's executive compensation programs. The Committee is composed entirely of outside directors who are not eligible to participate in any First Virginia executive compensation program.

The overall goal of First Virginia's compensation policy is to motivate, reward, and retain its key executive officers. The Committee believes this should be accomplished through an appropriate combination of competitive base salaries and, at times, both short-term and long-term incentives.

The primary components of First Virginia's executive compensation program are base salaries, bonuses (i.e., short-term compensation), and equity compensation (i.e., long-term compensation). Executive officers also participate in other broad-based employee compensation and benefit programs. In its determination of executive compensation, the Committee noted the potential effect of the one million dollar deduction limitation under Section 162(m) of the Internal Revenue Code but declined to alter its policy in determining executive compensation to meet the requirements for deductibility under Section 162(m) because the amount of compensation affected is not material.

Base Salary

The Committee uses two primary factors to determine base salaries:

Edgar Filing: BB&T CORP - Form 424B3

- (1) the degree of responsibility the executive officer has, the executive officer's experience, and the number of years the executive officer has been in office; and
- (2) the compensation levels of corresponding positions at other banking companies.

Table of Contents

For those executive officers who are not among the five executive officers named in the Proxy Statement, the Committee considers surveys of salaries and other compensation information that it receives from First Virginia's Human Resources Department to determine base salaries. For the five named executive officers, the committee compares their salaries with a National Peer Group of regional bank holding companies. This group consists of 20 bank holding companies with assets between \$10 and \$25 billion as defined by Keefe Bruyette and Woods, a New York securities firm which specializes in the banking and thrift industry. Base salaries for the named executive officers are then targeted to be the median salaries of corresponding positions in the National Peer Group. For 2002, Mr. Fitzpatrick's annual base salary was \$750,000 which was 97% of the median for salaries paid to his counterparts in the National Peer Group.

Short-Term Incentives/Bonuses

The Committee grants bonuses to the executive officers based on the extent to which First Virginia achieves or exceeds annual performance objectives. The Committee may award bonuses to the executive officers if First Virginia achieves a return on total average assets (ROA) of at least 1% (the same basis for determining payments of profit sharing to all employees). ROA generally is considered by the Committee to be the most important single factor in measuring the performance of a banking company, and achievement of a 1% ROA generally is considered by the Committee to be the minimum for a good performing banking company.

Bonus awards are based on the following:

- (a) The Committee establishes target amounts each year for return on average assets (ROA), return on total stockholders' equity (ROE), asset quality, and capital strength consistent with First Virginia's Profit Plan target amounts. Up to 50% of an executive's salary may be awarded if the corporation achieves an ROA equivalent to 80% or more of the ROA target amount for the year. For the chief executive officer, First Virginia would also have to achieve 80% of targeted amounts for ROE, asset quality as determined by the ratio of nonperforming assets to total loans (NPA ratio) and net loan charge-offs (CO ratio) and capital strength based on the average equity-to-asset ratio (Equity/Asset ratio) and the Tier I risk-based capital ratio; and/or
- (b) Up to 30% of an executive's salary may be awarded based on the degree to which First Virginia's earnings, asset quality, and capital ratios exceed the average for the National Peer Group; and/or
- (c) Up to 20% of an executive's salary may be awarded at the discretion of the Committee based on an individual executive's performance.

Within the above parameters, prior to the beginning of each year, the Committee establishes for the CEO a target bonus which is based on a projected return on assets for First Virginia. Toward the end of the year, the Committee considers a preliminary bonus after taking into account the target bonus, First Virginia's actual return on assets for the first three quarters of the year, and a formula which is based on a set relationship between the actual versus the projected return on assets.

The Committee then exercises its judgment in light of the foregoing parameters and other considerations, including the Committee's view of individual performance and potential and the recommendations of the CEO (for executive officers other than the CEO), to establish a bonus for each executive officer. The Committee does not use a formula to determine a final bonus decision. Among other things, Mr. Fitzpatrick's bonus reflected First Virginia's success in achieving a 1.68% return on assets (for the first nine months) and the other above-described results. Consistent with the Committee's desire to avoid a strict formula approach, the Committee's conclusions were based on a subjective analysis of the

factors noted above. The Committee believes that the use of the above approach provides a flexible yet effective method of motivating First Virginia's management.

Table of Contents

Listed below are the annualized ratios for First Virginia and the National Peer Group based on results for the first nine months of 2002, the latest data available to the Committee at the time the incentive awards were made.

First Virginia

	<u>Profit Plan or Target Amount</u>	<u>Actual</u>	<u>National Peer Group</u>
Earnings (Higher is better)			
Return on Average Assets (ROA)	1.59	1.68	1.53
Return on Equity (ROE)	14.43	15.18	16.23
Asset Quality (Lower is better)			
Nonperforming Assets Ratio (NPA)	.28	.22	.62
Charge-Off Ratio (CO)	.20	.16	.34
Capital (Higher is better)			
Equity/Asset Ratio	10.25	11.19	8.76
Tier I Risk Based Capital	10.00	14.62	10.20

First Virginia's actual results were greater than 80% of the profit plan or target amount in every category and exceeded the National Peer Group in every category except Return on Equity. Based on all these factors, the Committee awarded Mr. Fitzpatrick a bonus of \$600,000.

Long-Term Compensation/Stock Options

The Committee believes that the granting of stock options is the most appropriate form of long-term compensation for executives and that such awards of equity encourage the executive to achieve a significant ownership stake in the success of First Virginia.

At the end of 2002, the Committee granted options covering a total of 266,000 shares of First Virginia Common Stock at \$37.22 per share to the CEO and to certain officers. Most options that were awarded by the Committee vest over a five-year period in equal annual installments. Those optionees who are expected to retire in the next few years were awarded options that vest fully shortly before their anticipated retirement dates.

The size of each option award was not based on a formula and did not necessarily correlate to the degree by which First Virginia's results exceeded those of its National Peer Group or the amount of each executive's current stock-based holdings. Instead, the size of each award was based on a number of factors, some of which were subjective, including the performance of the CEO and each executive officer and the degree of responsibility each executive officer has with First Virginia. Mr. Fitzpatrick received options covering 45,000 shares. The size of his grant was primarily based on the performance of First Virginia as described above.

REPORT OF FIRST VIRGINIA S AUDIT COMMITTEE

The First Virginia Audit Committee reviews First Virginia s financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. First Virginia s independent auditors are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the 2002 audited financial statements and related controls, procedures and other matters. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. And, the Audit Committee has determined that the nonaudit services provided to the Company by the independent auditors are compatible with the auditors independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in First Virginia s Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission.

For the year ended December 31, 2002, the Audit Committee was composed of Messrs. Breeden, Kendrick and Phillips and Ms. Banner, each of whom is independent under the current New York Stock Exchange s Listing standards. During 2002, the Audit Committee met five times.

Table of Contents**Comparison of Five-Year Cumulative Return**

The following performance chart compares the yearly percentage change in First Virginia's cumulative total shareholder return on its Common Stock with (1) the cumulative total return of the S&P MidCap 400, a broad market index that includes companies whose equity securities are traded on the same exchange or are of comparable market capitalization and (2) the cumulative total return of the KBW 50, a published industry or line-of-business index for the period beginning December 31, 1997, through December 31, 2002. The performance chart assumes \$100 invested at the closing price on December 31, 1997, and the reinvestment of all dividends.

COMPARISON OF FIVE YEAR CUMULATIVE TOTAL RETURN**First Virginia Banks, Inc., S&P MidCap 400 and****KBW 50 Index (with dividends reinvested)**

	<u>First Virginia</u>	<u>S&P 400 MidCap</u>	<u>KBW 50</u>
1997	100.00	100.00	100.00
1998	93.17	119.04	108.28
1999	87.81	136.50	104.52
2000	101.64	160.41	125.53
2001	111.19	159.51	120.36
2002	126.10	136.39	112.00

First Virginia believes the most appropriate equity market indices to be used to measure the price performance of First Virginia's Common Stock are the S&P MidCap 400 and the KBW 50. First Virginia is included as a component of the S&P MidCap 400.

The Standard & Poor's MidCap 400 is comprised of 400 securities with market value between approximately \$200 million and \$4 billion. Given that the market capitalization of the companies included in the S&P MidCap 400 are in a similar range to the market capitalization of First Virginia (year-end 2002 market capitalization of approximately \$2.6 billion), First Virginia considers it more representative of companies its size and a more appropriate measurement base than the S&P 500 Index which is heavily dominated by large capitalization stocks (the 50 largest stocks account for 50% of the total value of the S&P 500). Also, financial stocks represent approximately 15% of the S&P MidCap 400.

The KBW 50 is an index comprised of 50 banking companies, including all the money center banks and most large regional banks. It was developed by Keefe, Bruyette & Woods, a New York securities firm which specializes in the banking and thrift industry. The KBW 50 is considered more representative of price performance of the major banking companies in the United States and thus provides an appropriate

Edgar Filing: BB&T CORP - Form 424B3

measurement base to compare First Virginia's cumulative shareholder return. As is the case with the S&P MidCap 400, the KBW 50 is a market capitalization weighted index and assumes quarterly reinvestment of dividends.

Table of Contents**Comparison of Return on Average Assets**

As indicated in the Compensation and Benefits Committee Report above, return on average assets (ROA) is an important factor for determining First Virginia's performance and for determining short-term and long-term compensation for First Virginia's executive officers. The following chart compares First Virginia's ROA during the period 1998-2002 with the KBW Southern Regional Peer Group and with a local peer group consisting of Compass Bancshares, Hibernia Corporation, Mercantile Bankshares Corporation, First Tennessee National Corporation, Allfirst Financial Inc., National Commerce Financial Corporation and Riggs National Corporation. As noted in the Management Compensation and Benefits Committee Report, the Compensation Committee compared First Virginia's ROA with both these groups as part of their evaluation of executive compensation.

Loan Transactions With Management

During the past year, certain of the directors and officers of First Virginia and their associates had loans outstanding from First Virginia's banking subsidiaries. Each of these loans was made in the ordinary course of the lending bank's business. None of the named executive officers had any below-market-rate loans from First Virginia and none of them had any loans from any of First Virginia's banking subsidiaries at favorable interest rates. All other loans have been made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Table of Contents**Independent Auditor Fees**

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the company's annual financial statements for 2002, and fees billed for other services rendered by KPMG LLP.

No event has occurred and no condition exists that would subject First Virginia or any First Virginia Subsidiary to any tax under Sections 4971, 4972, 4976, 4977 or 4979 of the Code or to a fine or penalty under Section 502(c) of ERISA.

corporations (within the meaning of Sections 414(b), (c), (m) and (o) of the Code) of which First Virginia or any First Virginia Subsidiary is a member or was a member during such five-year period. There does not now exist, nor do any circumstances exist, that would result in, any liability with respect to any employee benefit plan that is maintained, sponsored or contributed to by any entity that is a member of the First Virginia controlled group of corporations (as defined above) (i) under Title IV of ERISA, (ii) under section 302 of ERISA, (iii) under sections 412 and 4971 of the Code, or (iv) as a result of a failure to comply with the continuation coverage requirements of section 601 et seq. of ERISA and section 4980B of the Code, or (v) under any other statute, rule or regulation that would reasonably be expected to be a liability of First Virginia or a First Virginia Subsidiary solely as a result of an entity being a member of the First Virginia controlled group of corporations (as defined above), that would be a liability of First Virginia or any First Virginia Subsidiary, other than such liabilities that arise solely out of, or relate solely to, the Plans Disclosed in Section 3.14(b) of the First Virginia Disclosure Memorandum.

(vii) As of December 31, 2002, the fair market value of the assets of each Plan that is a tax qualified defined benefit plan equaled or exceeded, and as of the Closing Date will equal or exceed, the present value of all vested and nonvested liabilities thereunder determined in accordance with the actuarial methods, factors and assumptions contained in such Plan's most recent actuarial valuation, which such actuarial methods, factors and assumptions are reasonable as of the date of such actuarial valuation. With respect to each Plan that is subject to the funding requirements of Section 412 of the Code and Section 302 of ERISA, all required contributions for all periods ending prior to or as of the Closing Date (including periods from the first day of the then-current plan year to the Closing Date and including all quarterly contributions required in accordance with Section 412(m) of the Code) shall have been made. With respect to each other Plan, all required payments, premiums, contributions, reimbursements or accruals for all periods ending prior to or as of the Closing Date shall have been made. No tax qualified Plan has any unfunded liabilities.

(viii) No prohibited transaction (which shall mean any transaction prohibited by Section 406 of ERISA and not exempt under Section 408 of ERISA or Section 4975 of the Code, whether by statutory, class or individual exemption) has occurred with respect to any Plan which would result in the imposition, directly or indirectly, of any excise tax, penalty or other liability under Section 4975 of the Code or Section 409 or 502(i) of ERISA. Neither First Virginia nor, to the best knowledge of First Virginia, any First Virginia Subsidiary, any trustee, administrator or other fiduciary of any Plan, or any agent of any of the foregoing has engaged in any transaction or acted or failed to act in a manner that could subject First Virginia or any First Virginia Subsidiary to any liability for breach of fiduciary duty under ERISA.

(ix) With respect to each Plan, all reports and information required to be filed with any government agency or distributed to Plan participants and their beneficiaries have been duly and timely filed or distributed.

(x) First Virginia and each First Virginia Subsidiary has been and is presently in compliance with all of the requirements of Section 4980B of the Code.

(xi) Neither First Virginia nor any First Virginia Subsidiary has a liability as of December 31, 2002 under any Plan that, to the extent disclosure is required under GAAP, is not reflected on the consolidated balance sheet included in the Financial Statements of First Virginia as of December 31, 2002, or any Financial Statements of First Virginia as of a later date that are contained in Securities Documents of First Virginia filed prior to the date hereof or otherwise Disclosed.

(xii) Neither the consideration nor implementation of the transactions contemplated under this Agreement will increase (A) First Virginia's or any First Virginia Subsidiary's obligation to make contributions or any other payments to fund benefits accrued under the Plans as of the date of this Agreement or (B) the benefits accrued or payable with respect to any participant under the Plans (except to the extent benefits may be deemed increased by accelerated vesting, accelerated allocation of previously unallocated Plan assets or by the conversion of all stock options in accordance with Section 2.9).

3.15 Certain Contracts

(a) Neither First Virginia nor any First Virginia Subsidiary is a party to, is bound or affected by, or receives benefits under (i) any agreement, arrangement or commitment, written or oral, the default of which would have a Material Adverse Effect, whether or not made in the ordinary course of business (other than loans or loan commitments made or certificates or deposits received in the ordinary course of the banking business), outstanding on the date hereof, or any agreement expressly restricting in any material respect its business activities, including, without limitation, agreements or memoranda of understanding with regulatory authorities, (ii) any agreement, indenture or other instrument, written or oral, outstanding on the date hereof, relating to the borrowing of money by First Virginia or any First Virginia Subsidiary or the guarantee by First Virginia or any First Virginia Subsidiary of any such obligation, which cannot be terminated within less than 30 days after the Closing Date by First Virginia or any First Virginia Subsidiary (without payment of any penalty or cost, except with respect to Federal Home Loan Bank or Federal Reserve Bank advances), where the amount borrowed or guaranteed exceeds \$500,000 in the aggregate (iii) any agreement, arrangement or commitment, written or oral, outstanding on the date hereof, relating to the employment of a consultant, independent contractor or agent, or the employment, election or retention in office of any present or former director or officer, which cannot be terminated within less than 30 days after the Closing Date by First Virginia or any First Virginia Subsidiary (without payment of any penalty or cost), or that provides benefits which are contingent, or the application of which is altered, upon the occurrence of a transaction involving First Virginia of the nature contemplated by this Agreement, or (iv) any agreement or plan, written or oral, including any stock option plans, stock appreciation rights plan, restricted stock plan or stock purchase plan, any of the benefits of which will be increased, or the vesting of the benefits of which will be accelerated, by the occurrence of any of the transactions contemplated by this Agreement or the value of any of the benefits of which will be calculated on the basis of any of the transactions contemplated by this Agreement. (b) Neither First Virginia nor any First Virginia Subsidiary is in default under any agreement, commitment, arrangement, lease, insurance policy, or other instrument, whether entered into in the ordinary course of business or otherwise and whether written or oral, and there has not occurred any event that, with the lapse of time or giving of notice or both, would constitute such a default.

3.16 Legal Proceedings; Regulatory Approvals

There are no actions, suits, claims, governmental investigations or proceedings instituted, pending or, to the best knowledge of First Virginia, threatened against First Virginia or any First Virginia Subsidiary or against any asset, interest, Plan or right of First Virginia or any First Virginia Subsidiary, or, to the best knowledge of First Virginia, against any officer, director or employee of any of them in their capacity as such involving claims against First Virginia, any First Virginia Subsidiary, any such asset, interest, Plan or any such officer, director or employee reasonably expected to exceed \$500,000 in the aggregate. ARTICLE V

COVENANTS

5.1 *Shareholder Meetings*

First Virginia shall submit this Agreement and the Plan of Merger to its shareholders for approval at a meeting to be held as soon as reasonably practicable following the effectiveness of the Registration Statement. By approving this Agreement and authorizing its execution, the Board of Directors of First Virginia agrees that it shall, at the time the Joint Proxy Statement/Prospectus is mailed to the shareholders of First Virginia, recommend that First Virginia's shareholders vote for such approval; provided that, if the Board of Directors of First Virginia, after consultation with (and based on the advice of) counsel, determines in good faith that, following a Superior Offer, it would more likely than not result in a violation of its fiduciary duties under applicable law to continue to recommend this Agreement and the Plan of Merger, then in submitting this Agreement and the Plan of Merger to First Virginia's shareholders, the Board of Directors of First Virginia may submit this Agreement and the Plan of Merger to First Virginia's shareholders without recommendation (although the resolutions adopting this Agreement and the Plan of Merger as of the date hereof may not be rescinded or amended), in which event the Board of Directors of First Virginia may communicate the basis for its lack of a recommendation to the First Virginia shareholders in the Joint Proxy Statement or an appropriate amendment or supplement thereto to the extent required by law; provided that it may not take any actions under this sentence until after giving BB&T at least five Business Days to respond to such Superior Offer (and after giving BB&T notice of the latest material terms, conditions and third party in the Superior Offer) and then taking into account any amendment or modification to this Agreement proposed by BB&T. At the time of execution of this Agreement, each member of the Board of Directors of First Virginia has executed an agreement with BB&T obligating the director to vote all shares over which such director has voting control in favor of the Plan of Merger. If required by applicable law or the requirements of the NYSE, or if BB&T elects in its discretion to submit this Agreement and the Plan of Merger to its shareholders for approval, BB&T shall submit this Agreement and the Plan of Merger to its shareholders for approval at a meeting to be held as soon as reasonably practicable, and by approving execution of this Agreement the Board of Directors of BB&T agrees that it shall, at the time the Joint Proxy Statement/Prospectus is mailed to the shareholders of BB&T, recommend that BB&T's shareholders vote for such approval; provided that BB&T's determination as to whether it shall submit this Agreement and the Plan of Merger to its shareholders for approval shall be made prior to the mailing of the

5.2 Registration Statement; Joint Proxy Statement/Prospectus

As promptly as practicable after the date hereof, BB&T shall prepare and file the Registration Statement with the Commission. First Virginia will furnish to BB&T the information required to be included in the Registration Statement with respect to its business and affairs before it is filed with the Commission and again before any amendments are filed, and First Virginia shall have the right to reasonably approve the form of, and any characterizations of such information included in, the Registration Statement prior to the filing with the Commission. Such Registration Statement, at the time it becomes effective and on the Effective Time, shall in all material respects conform to the requirements of the Securities Act and the applicable rules and regulations of the Commission. The Registration Statement shall include the form of Joint Proxy Statement/Prospectus. At the Effective Time, the Merger shall be effected in accordance with the Plan of Merger. In connection therewith, BB&T acknowledges that it (i) has adopted the Plan of Merger and (ii) will pay or cause to be paid when due the Merger Consideration. BB&T has reserved for issuance such number of shares of BB&T Common Stock as shall be necessary to pay the Merger Consideration and agrees not to take any action that would cause the aggregate number of authorized shares of BB&T Common Stock available for issuance hereunder not to be sufficient to effect the Merger. If at any time the aggregate number of shares of BB&T Common Stock reserved for issuance hereunder is not sufficient to effect the Merger, BB&T shall take all appropriate action as may be required to increase the number of shares of BB&T Common Stock reserved for such purpose.

5.4 Additional Acts

(a) First Virginia agrees to take such reasonable actions requested by BB&T as may be reasonably necessary to modify the structure of, or to substitute parties to (so long as such substitute is BB&T or a wholly owned BB&T Subsidiary) the transactions contemplated hereby, provided that such modifications do not change the Merger Consideration (including the tax treatment thereof) or abrogate the covenants and other agreements contained in this Agreement, including, without limitation, the covenant not to take any action that would substantially delay completion of, or substantially impair the prospects of completing the Merger pursuant to this Agreement and the Plan of Merger.

(b) As promptly as practicable after the date hereof, BB&T and First Virginia shall submit all notices and/or applications for prior approval of the transactions contemplated herein to the Federal Reserve Board and any other federal, state or local government agency, department or body to which notice is required or from which approval is required for consummation of the Merger and the other transactions contemplated hereby. In addition, BB&T and First Virginia shall each promptly furnish all information as may be required by any federal, state or local government agency, department or body properly asserting jurisdiction in order that the requisite approvals for the transactions contemplated hereby may be obtained or to request any applicable waiting periods to expire as promptly as practicable. First Virginia and BB&T shall, as soon as practicable, take all other action required to obtain as promptly as practicable all necessary permits, consents, approvals, authorizations and agreements of, and to give all notices and reports and make all other filings with, the Federal Reserve Board and any other federal, state or local government agency, department or body to which notice is required or from which approval is required for consummation of the Merger and the other

First Virginia and BB&T each represents and warrants to the other that all information included (or submitted for inclusion) concerning it, its respective Subsidiaries, and any of its respective directors, officers and shareholders, shall be true, correct and complete in all material respects as of the date presented.

5.5 Best Efforts

Each of BB&T and First Virginia shall use, and shall cause each of their respective Subsidiaries to use, its best efforts in good faith to (i) furnish such information as may be required in connection with and otherwise cooperate in the preparation and filing of the documents referred to in Sections 5.2 and 5.4 or elsewhere herein, and (ii) take or cause to be taken all action necessary or desirable on its part to fulfill the conditions in Article VI, including, without limitation, executing and delivering, or causing to be executed and delivered, such representations, certificates and other instruments or documents as may be reasonably requested by BB&T's or First Virginia's legal counsel for such counsel to issue the opinion contemplated by Section 6.1(e), and to consummate the transactions herein contemplated at the earliest possible date. Neither BB&T nor First Virginia shall take, or cause, or to the best of its ability permit to be taken, any action that would substantially delay or impair the prospects of completing the Merger pursuant to this Agreement and the Plan of Merger.

5.6 Certain Accounting Matters

First Virginia shall cooperate reasonably with BB&T concerning accounting and financial matters necessary or appropriate to facilitate the Merger (taking into account BB&T's policies, practices and procedures).

5.7 Access to Information

First Virginia and BB&T will each use reasonable best efforts to keep the other advised of all material developments relevant to its business and the businesses of its Subsidiaries, and to consummation of the Merger, and each shall provide to the other, upon request, reasonable details of any such development. Upon reasonable notice, First Virginia shall afford to representatives of BB&T reasonable access, during normal business hours during the period prior to the Effective Time, to all of the properties, books, contracts, commitments and records of First Virginia and the First Virginia Subsidiaries and, during such period, shall make available all information concerning their businesses as may be reasonably requested. No investigation pursuant to this Section 5.7 shall affect or be deemed to modify any representation or warranty made by, or the conditions to the obligations hereunder of, either party hereto. The Confidentiality Agreement entered into by BB&T and First Virginia dated April 20, 2001, as modified by the letter agreement dated January 14, 2003 shall continue in effect in accordance with its terms and shall govern all disclosures made pursuant to this Agreement, including this Section 5.7.

(a) Effective on the Benefit Plan Determination Date with respect to the 401(k) plan of First Virginia (the First Virginia 401(k) Plan), BB&T shall cause such plan to be merged with the 401(k) plan maintained by BB&T and the BB&T Subsidiaries, or to be frozen, in each case as determined by BB&T and subject to the receipt of all applicable regulatory or governmental approvals. Each employee of First Virginia or any First Virginia Subsidiary at the Effective Time (i) who is a participant in the First Virginia 401(k) Plan, (ii) who becomes an employee immediately following the Effective Time of BB&T or of any subsidiary of BB&T (collectively with BB&T an Employer Entity), and (iii) who continues in the employment of an Employer Entity until the Benefit Plan Determination Date for the First Virginia 401(k) Plan, shall be eligible to participate in BB&T's 401(k) plan as of the Benefit Plan Determination Date. Until the Benefit Plan Determination Date, BB&T shall continue in effect for the benefit of participating employees (including those Transferred Employees who become eligible to participate in the First Virginia 401(k) Plan after the Effective Time but prior to the Benefit Plan Determination Date) the First Virginia 401(k) Plan and any related supplemental or excess benefit defined contribution plans, without amendment except as may be required by applicable law. Any employee of First Virginia or any First Virginia Subsidiary, who is not a participant in the First Virginia 401(k) Plan as of the Benefit Plan Determination Date, shall be eligible to be a participant in the BB&T 401(k) plan upon complying with the eligibility requirements after taking into account the service crediting provisions set forth below. All rights to participate in BB&T's 401(k) plan are subject to BB&T's right to amend or terminate the plan. For purposes of administering BB&T's 401(k) plan and any related supplemental or excess benefit plan of BB&T, service with First Virginia and the First Virginia Subsidiaries (or any predecessor entities to the extent such service was recognized by First Virginia) shall be deemed to be service with BB&T or any other Employer Entity for purposes of participation, vesting and benefit accruals. Each employee of First Virginia or a First Virginia Subsidiary at the Effective Time who becomes an employee immediately following the Effective Time of an Employer Entity is referred to herein as a Transferred Employee.

(b) Each Transferred Employee shall be eligible to participate in group hospitalization, medical, dental, life, disability and other welfare benefit plans and programs available to similarly situated employees of the Employer Entity, subject to the terms of such plans and programs, as of the Benefit Plan Determination Date for each such plan or program, conditional upon the Transferred Employee's being employed by an Employer Entity as of such Benefit Plan Determination Date and subject to complying with the eligibility requirements of the respective plans and programs after taking into account the service crediting and other provisions set forth below. Following the Effective Time, BB&T shall or shall cause the applicable Employer Entity to continue each welfare benefit plan or program of First Virginia or the First Virginia Subsidiaries in effect for the benefit of the Transferred Employees without amendment except as may be required by applicable law, so long as the Transferred Employees remain eligible to participate and until they shall become eligible to become participants in the corresponding plan or program maintained by the Employer Entity (and, with respect to any such plan or program, subject to complying with the eligibility requirements after taking into account the service crediting and other provisions set forth below and subject to the right of the Employer Entity to terminate such plan or program). Retirees of First Virginia or a First Virginia Subsidiary and Transferred Employees, who are either participants in or eligible to participate in the First Virginia retiree medical benefits plan, shall automatically

become participants in or eligible to participate in (as applicable to each such individual) the BB&T retiree medical benefits plan as of the retiree medical Benefit Plan Determination Date, and BB&T shall continue the First Virginia retiree medical benefits plan in effect without amendment except as may be required by applicable law until such Benefit Plan Determination Date. For purposes of administering the welfare plans and programs subject to this Section 5.12(b), service with First Virginia or any First Virginia Subsidiary (or any predecessor entities to the extent such service was recognized by First Virginia) shall be deemed to be service with BB&T or another Employer Entity for the purpose of determining eligibility to participate, vesting (if applicable), benefit accruals (solely for purposes of vacation and seniority entitlements), commencement of benefits and benefit subsidies (including without limitation for retiree medical benefit subsidies) in such welfare plans and programs. From and after the Effective Time (or the Benefit Plan Determination Date, as applicable), BB&T shall or shall cause another Employer Entity to (i) cause any pre-existing conditions or limitations and eligibility waiting periods under any group health plans of an Employer Entity to be waived with respect to the Transferred Employees and the retirees of First Virginia and the First Virginia Subsidiaries who are participants in or eligible to participate in the First Virginia retiree medical benefits plan and (ii) give each Transferred Employee and the retirees of First Virginia and the First Virginia Subsidiaries who are participants in or eligible to participate in the First Virginia retiree medical benefits plan (when retired) credit for the plan year in which the Effective Time (or the Benefit Plan Determination Date, as applicable) occurs towards applicable deductibles and annual out-of-pocket limits for expenses incurred prior to the Effective Time (or the Benefit Plan Determination Date, as applicable). The provisions of this Section 5.12(b) shall apply equally to the eligible dependents of a Transferred Employee and of a retiree of First Virginia and the First Virginia Subsidiaries.

(c) Except to the extent of commitments herein or other contractual commitments, if any, specifically made or assumed hereunder or otherwise by BB&T, neither BB&T nor any Employer Entity shall have any obligation arising from the Merger to continue any Transferred Employees in its employ or in any specific job or to provide to any Transferred Employee any specified level of compensation or any incentive payments, benefits or perquisites. Each Transferred Employee who is terminated by an Employer Entity subsequent to the Effective Time, excluding any employee who has a then existing contract providing for severance in lieu of severance plan benefits, shall be entitled to severance pay in accordance with the general severance policy of BB&T as then in effect or the special severance policy to be adopted by First Virginia, subject to Section 5.9(i), to be in effect immediately prior to the Effective Time, if and to the extent that such Transferred Employee is entitled to severance pay and benefits under the applicable policy. Prior to the Closing Date, First Virginia shall determine which of such severance policies shall be applicable and shall give BB&T notice thereof, and the selected severance policy shall apply with respect to all Transferred Employees. If BB&T shall not receive such notice prior to the Closing Date, First Virginia shall be deemed to have selected the BB&T severance policy. Each Transferred Employee's severance pay and benefits, if any, under the applicable severance policy, shall be determined based on aggregate service of a Transferred Employee with First Virginia and the First Virginia Subsidiaries (or any predecessor entities to the extent such service was recognized by First Virginia) prior to the Effective Time and with BB&T or another Employer Entity on and after the Effective Time, with all service with First Virginia and the First Virginia Subsidiaries (or any predecessor entities to the extent such service was recognized by First Virginia) being deemed to be service with BB&T or another Employer Entity.

(d) With respect to the defined benefit pension plan of First Virginia (the First Virginia Pension Plan), BB&T shall cause such plan to be merged with the defined benefit pension plan maintained by BB&T and the BB&T Subsidiaries (the BB&T Pension Plan), subject to and conditional upon the receipt of all applicable regulatory or governmental approvals. Each Transferred Employee, who is a participant in the First Virginia Pension Plan at the Effective Time and who continues in the employment of an Employer Entity until the Benefit Plan Determination Date with respect to the First Virginia Pension Plan, shall be eligible to participate in the BB&T Pension Plan as of the Benefit Plan Determination Date. Until the Benefit Plan Determination Date, BB&T shall continue in effect for the benefit of participating employees (including those Transferred Employees who become eligible to participate in the First Virginia Pension Plan after the Effective Time but prior to the Benefit Plan Determination Date) the First Virginia Pension Plan and any related supplemental or excess defined benefit plans, without amendment except as required by applicable law. Any employee of First Virginia or a First

Virginia Subsidiary who is not a participant in the First Virginia Pension Plan as of the Benefit Plan Determination Date shall be eligible to participate in the BB&T Pension Plan upon complying with the eligibility requirements after taking into account the service crediting provisions set forth below. All rights to participate in the BB&T Pension Plan are subject to BB&T's right to amend or terminate the plan. As of the close of business on the date immediately preceding the Benefit Plan Determination Date, BB&T shall determine the accrued benefit under the First Virginia Pension Plan with respect to participants continuing in the service of an Employer Entity. Such accrued benefit shall be determined by taking into account service and compensation following the Effective Time and preceding the Benefit Plan Determination Date, and the accrued benefit as so determined shall be the accrued benefit under the BB&T Pension Plan for service prior to the Benefit Plan Determination Date (and shall be added to the benefit accrued under the BB&T Pension Plan for service and compensation beginning with the Benefit Plan Determination Date). For purposes of administering the BB&T Pension Plan, service with First Virginia and the First Virginia Subsidiaries (and any predecessor entities to the extent such service was recognized by First Virginia) shall be deemed to be service with BB&T for participation and vesting purposes, but not for purposes of benefit accrual. All benefits accrued under the First Virginia Pension Plan prior to the pension Benefit Plan Determination Date for employees having less than 1,000 hours of service in any year shall be frozen and carried forward in the BB&T Pension Plan, but no accruals shall be made with respect to such employees following the pension Benefit Plan Determination Date.

(e) BB&T agrees to honor all employment agreements, severance agreements, supplemental retirement and deferred compensation agreements and plans that First Virginia and the First Virginia Subsidiaries have with or in place with respect to their current and former employees and directors and which have been Disclosed to BB&T pursuant to this Agreement, except to the extent any such agreements shall be superseded or terminated at the Closing or following the Closing Date, to the extent permitted by and in accordance with their terms. Except for the agreements described in the preceding sentence and except as otherwise provided in this Section 5.12, following the Effective Time, (i) the Transferred Employees shall be eligible to participate in such other employee benefit and compensation plans as are provided to similarly situated employees of BB&T and its Subsidiaries and subject to complying with applicable eligibility requirements, (ii) for purposes of administering such other plans, service with First Virginia or any First Virginia Subsidiary (or any predecessor entities to the extent such service was recognized by First Virginia) shall be deemed to be service with BB&T or another Employer Entity for the purpose of determining eligibility to participate and vesting (if applicable), and (iii) the employee benefit plans of First Virginia may, in the sole discretion of BB&T, be frozen or merged into comparable plans of BB&T, or terminated in the case of non-qualified retirement plans, effective as of such time as BB&T shall determine in its sole discretion, to the extent permitted by and in accordance with their terms.

5.13 *Directors and Officers Protection*

Such insurance shall provide at least the same coverage and amounts as contained in First Virginia's policy on the date hereof; provided, that in no event shall the annual premium on such policy exceed 200% of the annual premium payments on First Virginia's policy in effect as of the date hereof (the "Maximum Amount"). If the amount of the premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, BB&T shall use its reasonable best efforts to maintain the most advantageous policies of directors' and officers' liability insurance obtainable for a premium equal to the Maximum Amount. Notwithstanding the foregoing, BB&T further agrees to indemnify from and after the Effective Time all individuals who are or have been officers, directors or employees of First Virginia or any First Virginia Subsidiary prior to the Effective Time with respect to any acts or omissions or alleged acts or omissions in such capacities prior to the Effective Time, to the fullest extent permitted by law.

TERMINATION, DEFAULT, WAIVER AND AMENDMENT

7.1 Termination

This Agreement may be terminated:

- (a) At any time prior to the Effective Time, by the mutual consent in writing of the parties hereto.

- (b) At any time prior to the Effective Time, by either party (i) in the event of a material breach by the other party of any covenant or agreement contained in this Agreement, or (ii) in the event of an inaccuracy of any representation or warranty of the other party contained in this Agreement, which breach or inaccuracy would provide the nonbreaching party the ability to refuse to consummate the Merger under the applicable standard set forth in Section 6.2(a) or (b) in the case of First Virginia and Section 6.3(a) or (c) in the case of BB&T; and, in the case of (i) or (ii), if such breach or inaccuracy has not been cured by the earlier of thirty days following written notice of such breach to the party committing such breach or the date set forth in paragraph (f) below whichever is earlier.

7.4 Waiver

Except with respect to any required regulatory approval, each party hereto, by written instrument signed by an executive officer of such party, may at any time (whether before or after approval of the Agreement and the Plan of Merger by the First Virginia shareholders) extend the time for the performance of any of the obligations or other acts of the other party hereto and may waive (i) any inaccuracies of the other party in the representations or warranties contained in this Agreement, the Plan of Merger or any document delivered pursuant hereto or thereto, (ii) compliance with any of the covenants, undertakings or agreements of the other party, or satisfaction of any of the conditions precedent to its obligations, contained herein or in the Plan of Merger, or (iii) the performance by the other party of any of its obligations set out herein or therein; provided that no such extension or waiver, or amendment or supplement pursuant to this Section 7.4, executed after approval by the First Virginia shareholders of this Agreement and the Plan of Merger, shall reduce either the Common Exchange Ratio, the payment terms for fractional interests or the intended tax treatment of the Merger.

(ii) by BB&T pursuant to Section 7.1(g);

(iii) by BB&T pursuant to Section 7.1(b) as a result of a breach by First Virginia of Section 5.1 or Section 5.9(k); or

(iv) by BB&T pursuant to Section 7.1(b) as a result of any knowing, willful or intentional breach of this Agreement on the part of First Virginia (other than a breach by First Virginia of Section 5.1 or Section 5.9(k)), and: (1) at the time of such termination First Virginia shall not be entitled to terminate the Agreement pursuant to Section 7.1(b); and (2) (A) a First Virginia Acquisition Proposal shall have been publicly disclosed at or before the time of such breach; or (B) an overture from a bona fide person or entity shall have been communicated to the First Virginia Board of Directors at or before the time of such breach to engage in an agreement, plan or transaction to acquire or purchase all or a substantial portion of the assets of or a substantial equity interest in, or to effect any recapitalization, liquidation or dissolution involving or a business combination or other similar transaction with, First Virginia or any First Virginia Subsidiary (including, without limitation, a bona fide tender offer or exchange offer to purchase First Virginia common

stock) other than with BB&T or a BB&T Subsidiary; and, within fifteen (15) months of such termination, First Virginia consummates, or enters into a definitive agreement with respect to consummation of, a First Virginia Acquisition Proposal (an Alternative Transaction Event), then First Virginia shall within two Business Days after the occurrence of such Alternative Transaction Event, pay to BB&T a termination fee equal to \$155,000,000 (the Termination Fee) by wire transfer of immediately available funds. The Termination Fee shall be in addition to any other rights that BB&T may have under this Agreement, and shall be payable without regard to any expenses to be paid pursuant to Section 8.1.

(b) First Virginia acknowledges that the agreements contained in Section 7.6(a) are an integral part of the transactions contemplated by this Agreement and that, without these agreements, BB&T would not enter into this Agreement; accordingly, if First Virginia fails promptly to pay any amount due pursuant to Section 7.6(a) and, in order to obtain such payment, BB&T commences a suit which results in a judgment against First Virginia for all or a substantial portion of the payment set forth in Section 7.6(a), First Virginia shall pay to BB&T its costs and expenses (including reasonable attorneys' fees) in connection with such suit, together with interest on the Termination Fee from the date that payment was required to be made until the date payment is made at the prime rate of Branch Banking and Trust Company in effect on the date payment was required to be made plus two percentage points.

Annex A

PLAN OF MERGER
OF
FIRST VIRGINIA BANKS, INC.
WITH
BB&T CORPORATION

Section 1. *Corporations Proposing to Merge and Surviving Corporation.* First Virginia Banks, Inc., a Virginia corporation (First Virginia) shall be merged (the Merger) into BB&T Corporation, a North Carolina corporation (BB&T), pursuant to the terms and conditions of this Plan of Merger (the Plan of Merger) and of the Agreement and Plan of Reorganization, dated as of January 20, 2003 between First Virginia and BB&T (the Agreement). The effective time for the Merger (the Effective Time) shall be set forth in the Articles of Merger to be filed with the Secretary of State of North Carolina and with the Virginia State Corporation Commission. BB&T shall continue as the surviving corporation in the Merger (the Surviving Corporation), and the separate corporate existence of First Virginia shall cease.

Section 2. *Effects of the Merger.* The Merger shall have the effects set forth in Section 55-11-06 of the North Carolina Business Corporation Act (the NCBCA) and Section 13.1-721 of the Virginia Stock Corporation Act (the VSCA).

Section 3. *Articles of Incorporation and Bylaws.* The Articles of Incorporation and the Bylaws of BB&T as in effect immediately prior to the Effective Time shall remain in effect as the Articles of Incorporation and Bylaws of the Surviving Corporation following the Effective Time, until changed in accordance with their terms and the NCBCA.

Section 4. *Conversion of Shares.*

(a) At the Effective Time, by virtue of the Merger and without any action on the part of First Virginia or the holders of record of First Virginia common stock, each share of First Virginia common stock issued and outstanding immediately prior to the Effective Time shall be converted into and shall represent the right to receive, upon surrender of the certificate representing such share of First Virginia common stock (as provided in Section 4(d) below), the Merger Consideration (as defined in Section 5(a)).

(b) Each share of BB&T common stock issued and outstanding immediately prior to the Effective Time shall continue to be issued and outstanding.

(c) Until surrendered, each outstanding certificate which prior to the Effective Time represented one or more shares of First Virginia common stock shall be deemed upon the Effective Time for all purposes to represent only the right to receive the Merger Consideration and any declared and unpaid dividends with respect to First Virginia common stock and any declared and unpaid dividends or other distributions with respect to

Edgar Filing: BB&T CORP - Form 424B3

the Merger Consideration as provided in the Agreement. No interest will be paid or accrued on the Merger Consideration upon the surrender of the certificate or certificates representing shares of First Virginia common stock. With respect to any certificate for First Virginia common stock that has been lost or destroyed, BB&T shall pay the Merger Consideration attributable to such certificate upon receipt of a surety bond or other adequate indemnity as required in accordance with BB&T's standard policy, and evidence reasonably satisfactory to BB&T of ownership of the shares represented thereby. After the Effective Time, First Virginia's transfer books shall be closed and no transfer of the shares of First Virginia common stock outstanding immediately prior to the Effective Time shall be made on the stock transfer books of the Surviving Corporation.

(d) Promptly after the Effective Time, BB&T shall cause to be delivered or mailed to each First Virginia shareholder a form of letter of transmittal and instructions for use in effecting the surrender of the certificates which, immediately prior to the Effective Time, represented any shares of First Virginia common stock. Upon proper surrender of such certificates or other evidence of ownership meeting the requirements of Section 4(c), together with such letter of transmittal duly executed and completed in accordance with the instructions thereto,

A-41

Table of Contents

and such other documents as may be reasonably requested, BB&T shall promptly cause the transfer to the persons entitled thereto of the Merger Consideration.

(e) The Surviving Corporation shall pay any dividends or other distributions with a record date prior to the Effective Time which have been declared by First Virginia in respect of shares of First Virginia common stock in accordance with the terms of the Agreement and which remain unpaid at the Effective Time, subject to compliance by First Virginia with the Agreement. Prior to the redemption of the First Virginia preferred stock as required in the Agreement, First Virginia shall pay a per share dividend in respect of shares of First Virginia preferred stock in accordance with the applicable articles of serial designation, consistent with past practices. The quarterly dividend amount for each Series is as follows:

<u>Series</u>	<u>Quarterly Dividend Amount</u>
A	\$.125
B	\$.175
C	\$.175
D	\$.200

Payment of such amount with respect to each Series shall constitute the sole right of the holders of the First Virginia preferred stock to a dividend with respect to First Virginia preferred stock. To the extent permitted by law, former shareholders of record of First Virginia shall be entitled to vote after the Effective Time at any meeting of BB&T shareholders the number of whole shares of BB&T common stock into which their respective shares of First Virginia common stock are converted, regardless of whether such holders have exchanged their certificates representing First Virginia common stock for certificates representing BB&T common stock in accordance with the provisions of the Agreement. Whenever a dividend or other distribution is declared by BB&T on the BB&T common stock, the record date for which is at or after the Effective Time, the declaration shall include dividends or other distributions on all shares of BB&T common stock issuable pursuant to the Agreement, but no dividend or other distribution payable to the holders of record of BB&T common stock as of any time subsequent to the Effective Time shall be delivered to the holder of any certificate representing First Virginia common stock until such holder surrenders such certificate for exchange as provided in this Section 4. Upon surrender of such certificate, both the BB&T common stock certificate and any undelivered dividends and cash payments payable hereunder (without interest) shall be delivered and paid with respect to the shares of First Virginia common stock represented by such certificate.

Section 5. *Merger Consideration.*

(a) As used herein, the term *Merger Consideration* shall mean the number of shares of BB&T common stock (to the nearest ten thousandth of a share) to be exchanged for each share of First Virginia common stock and cash (without interest) to be payable in exchange for any fractional share of BB&T common stock which would otherwise be distributable to a First Virginia shareholder as provided in this Section 5. The number of shares of BB&T common stock (to the nearest ten thousandth of a share) to be issued for each issued and outstanding share of First Virginia common stock (the *Common Exchange Ratio*) shall be 1.26.

(b) The amount of cash payable with respect to any fractional share of BB&T common stock shall be determined by multiplying the fractional part of such share by the *Closing Value*. The *Closing Value* shall mean the 4:00 p.m. eastern time closing price per share of BB&T common stock on the NYSE on the *Closing Date* (as defined in the Agreement) as reported on NYSEnet.com.

Section 6. *Conversion of Stock Options.*

(a) At the Effective Time, each Stock Option (used herein as defined in the Agreement) then outstanding (and which by its terms does not lapse on or before the Effective Time), whether or not then exercisable, shall be converted into and become rights with respect to BB&T common stock, and BB&T shall assume each Stock Option in accordance with the terms of the Stock Option Plans (used herein as defined in the Agreement), except that from and after the Effective Time (i) BB&T and its Compensation Committee shall be substituted for First Virginia and the Committee of First Virginia's Board of Directors with respect to administering the Stock Option Plans, (ii) each Stock Option assumed by BB&T may be exercised solely for shares of BB&T common stock,

A-42

Table of Contents

(iii) the number of shares of BB&T common stock subject to each such Stock Option shall be the number of whole shares of BB&T (omitting any fractional share) determined by multiplying the number of shares of First Virginia common stock subject to such Stock Option immediately prior to the Effective Time by the Common Exchange Ratio, and (iv) the per share exercise price under each such Stock Option shall be adjusted by dividing the per share exercise price under each such Stock Option by the Common Exchange Ratio and rounding up to the nearest cent. Notwithstanding the foregoing, BB&T may at its election substitute as of the Effective Time options under the BB&T Corporation 1995 Omnibus Stock Incentive Plan or any other duly adopted comparable plan (in either case, the BB&T Option Plan) for all or a part of the Stock Options, subject to the following conditions: (A) the requirements of (iii) and (iv) above shall be met; (B) such substitution shall not constitute a modification, extension or renewal of any of the Stock Options and shall be tax neutral to the option holder; and (C) the substituted options shall continue in effect on the same terms and conditions as provided in the Stock Option Agreements and the Stock Option Plans governing each Stock Option. BB&T shall cause each grant of a converted or substitute option to any individual who subsequent to the Merger will be a director or officer of BB&T as construed under Commission Rule 16b-3 be duly approved in accordance with the provisions of Rule 16b-3 such that the receipt thereof shall be exempt from Section 16(b) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Each Stock Option which is an incentive stock option shall be adjusted as required by Section 424 of the Internal Revenue Code of 1986, as amended (the Code), and the regulations promulgated thereunder, so as to continue as an incentive stock option under Section 424(a) of the Code, and so as not to constitute a modification, extension, or renewal of the option within the meaning of Section 424(h) of the Code. BB&T and First Virginia agree to take all necessary steps to effectuate the foregoing provisions of this Section 6. BB&T has reserved and shall continue to reserve adequate shares of BB&T common stock for delivery upon exercise of any converted or substitute options. Within fifteen days after the Effective Time, if it has not already done so, BB&T shall file a registration statement on Form S-3 or Form S-8, as the case may be (or any successor or other appropriate forms), with respect to the shares of BB&T common stock subject to converted or substitute options and shall maintain the effectiveness of such registration statement (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such converted or substitute options remain outstanding. With respect to those individuals, if any, who subsequent to the Merger may be subject to the reporting requirements under Section 16(a) of the Exchange Act, BB&T shall administer the Stock Option Plans assumed pursuant to this Section 6 (or the BB&T Option Plan, if applicable) in a manner that complies with Rule 16b-3 promulgated under the Exchange Act to the extent necessary to preserve for such individuals the benefits of Rule 16b-3 to the extent such benefits were available to them prior to the Effective Time. First Virginia hereby represents that the Stock Option Plans in their current forms have been administered in compliance with Rule 16b-3 to the extent, if any, required as of the date hereof.

(b) As soon as practicable following the Effective Time, BB&T shall deliver to the participants receiving converted options under the BB&T Option Plan an appropriate notice setting forth such participant's rights pursuant thereto.

(c) Eligibility to receive new stock option grants following the Effective Time with respect to BB&T common stock shall be determined by BB&T in accordance with its plans and procedures as in effect from time to time, and subject to any contractual obligations.

Section 7. *Amendment or Supplement.* The Agreement or this Plan of Merger may be amended or supplemented at any time in writing by mutual agreement of BB&T and First Virginia, provided that no such amendment or supplement executed after approval by the First Virginia shareholders of the Agreement and the Plan of Merger shall reduce either the Common Exchange Ratio, the payment terms for fractional interests or the intended tax treatment of the Merger.

Section 8. *Anti-Dilution.* In the event BB&T changes the number of shares of BB&T common stock issued and outstanding at or prior to the Effective Time as a result of any reclassification, recapitalization, stock split, stock dividend or other similar event, and the record date thereof (in the case of a stock dividend) or the effective date thereof (in the case of a stock split or similar recapitalization for which a record date is not established) shall be at or prior to the Effective Time, the Common Exchange Ratio shall be proportionately adjusted.

Members of the Board:

We understand that First Virginia Banks, Inc. (FVB) and BB&T Corporation (BB&T) propose to enter into an Agreement and Plan of Reorganization, substantially in the form of the draft dated as of January 20, 2003 (the Merger Agreement) which provides, among other things, for the merger (the Merger) of FVB into BB&T. Pursuant to the Merger, among other things, each outstanding share of common stock, par value \$1.00 per share, of FVB (the FVB Common Stock) will be converted into the right to receive 1.26 shares (the Exchange Ratio) of common stock, par value \$5.00 per share, of BB&T (the BB&T Common Stock). The terms and conditions of the Merger are more fully set forth in the Merger Agreement.

You have asked for our opinion as to whether the Exchange Ratio pursuant to the Merger Agreement is fair from a financial point of view to the holders of shares of FVB Common Stock.

For purposes of the opinion set forth herein, we have:

- (i) reviewed certain publicly available financial statements and other information of FVB and BB&T, respectively;
- (ii) reviewed certain internal financial statements and other financial and operating data concerning FVB and BB&T, including financial forecasts and profit plans for each company, prepared by the management of FVB and BB&T, respectively;
- (iii) discussed the past and current operations and financial condition and the prospects of FVB and BB&T, including information relating to certain strategic, financial and operational benefits anticipated from the Merger, with senior executives of FVB and BB&T, respectively;
- (iv) reviewed the pro forma impact of the Merger on BB&T's earnings per share and consolidated capitalization;

Edgar Filing: BB&T CORP - Form 424B3

- (v) reviewed the reported prices and trading activity for FVB Common Stock and BB&T Common Stock;
- (vi) compared the financial performance of FVB and BB&T and the prices and trading activity of the FVB Common Stock and BB&T Common Stock with that of certain other comparable publicly-traded companies and their securities;
- (vii) reviewed the financial terms, to the extent publicly available, of certain precedent transactions;
- (viii) participated in discussions and negotiations among representatives of FVB and BB&T and their financial and legal advisors;
- (ix) reviewed the draft Merger Agreement and certain related documents; and
- (x) considered such other factors and performed such other analyses as we have deemed appropriate.

Table of Contents

We have assumed and relied upon without independent verification the accuracy and completeness of the information reviewed by us for the purposes of this opinion. With respect to financial forecasts and profit plans, including certain strategic, financial and operational benefits anticipated from the Merger, we have assumed that they have been reasonably prepared on bases reflecting the best available estimates and judgments of the future financial performance of FVB and BB&T. We have assumed that the Merger will be consummated in accordance with the terms of the Merger Agreement, including, among other things, that the Merger will be treated as a tax-free reorganization, pursuant to the Internal Revenue Code of 1986, as amended. We have not made any independent valuation or appraisal of the assets or liabilities of FVB and BB&T, nor have we been furnished with any such appraisals and we have not made any independent examination of the loan loss reserves or examined any individual loan credit files of BB&T or FVB. Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof.

We have acted as financial advisor to the Board of Directors of FVB in connection with this transaction and will receive a fee for our services. In the past, Morgan Stanley & Co. Incorporated and its affiliates have provided financial advisory and financing services for FVB and BB&T and have received fees for the rendering of these services.

It is understood that this letter is for the information of the Board of Directors of FVB and may not be used for any other purpose without our prior written consent, except that this opinion may be included in its entirety in any filing made by FVB in respect of the Merger with the Securities and Exchange Commission. In addition, this opinion does not in any manner address the prices at which the BB&T Common Stock will trade following consummation of the Merger, and Morgan Stanley expresses no opinion or recommendation as to how the shareholders of FVB should vote at the shareholders' meeting held in connection with the Merger.

Based on and subject to the foregoing, we are of the opinion on the date hereof that the Exchange Ratio pursuant to the Merger Agreement is fair from a financial point of view to the holders of shares of FVB Common Stock.

Very truly yours,

MORGAN STANLEY & CO. INCORPORATED
