## Edgar Filing: MACC PRIVATE EQUITIES INC - Form 8-K

Report on Form 8-K to supplement its prior disclosure. The following should be read in conjunction with Note 3 to the Registrant's Unaudited Consolidated Financial Statements contained in the Form 10-Q:

Following discovery, depositions and other preliminary proceedings, in June the formal arbitration proceedings commenced and are being intensively contested by all parties. Under the current schedule for the arbitration, a decision will not be rendered until at least December, 2003. Based on its evaluation of the Buyer's claim and discussions with external legal counsel, MACC believes that it is reasonably possible that a loss may have been incurred as result of the indemnification claim, against which no accrual for loss has been made as of June 30, 2003, because the amount of the possible loss, and therefore its materiality to the financial statements, cannot be estimated. MorAmerica Capital intends to continue vigorously defending this arbitration. MorAmerica Capital owns debt securities of Buyer with a face value of \$508,761, acquired as part of the sale of the Portfolio Company. Buyer has defaulted on interest payments due on these debt securities. On March 31, 2003, MorAmerica Capital reduced the valuation of these debt securities by \$254,380 in light of the interest default and information regarding the related dispute available as of that date. At its regular quarterly valuation meeting for the quarter ended June 30, 2003, MorAmerica Capital further reduced the valuation of these debt securities by \$254,380 to \$1 based upon the continuing interest default and additional information regarding the related dispute available as of that date.
