AMCON DISTRIBUTING COMPANY REPORTS RECORD FULLY DILUTED EARNINGS PER SHARE OF \$16.61 PER SHARE FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2009

NEWS RELEASE

## Edgar Filing: AMCON DISTRIBUTING CO - Form 8-K

Chicago, IL, November 5, 2009 - AMCON Distributing Company ("AMCON") (AMEX:DIT), an Omaha, Nebraska based consumer products company is pleased to announce record fully diluted earnings per share of \$16.61 on net income available to common stockholders of \$12.4 million for the fiscal year ended September 30, 2009.

"Our management team has once again delivered record results despite the recessionary environment. Throughout the year we maintained a conservative posture and took advantage of opportunities when they were presented," said Christopher H. Atayan, AMCON's Chairman and Chief Executive Officer. Atayan continued, "We believe that if we continue to add value for our customers, our shareholders will benefit. The results this year are a testament to the high degree of collaboration that we have with our customers."

"As previously announced, our Board of Directors recently raised our quarterly dividend to \$0.18 per share, an increase of 80 percent, and also authorized a share repurchase program of up to 50,000 shares to benefit our shareholders. Our recently announced acquisition in Northwest Arkansas is in furtherance of our long-term strategy which is to both grow our geographic base and increase penetration in existing markets. Integrating this acquisition will be a high priority for our management team in the coming quarters. I am also pleased to announce that our retail health food division will open a new store in Tulsa in calendar 2010. We will continue to look for acquisition opportunities in both our business segments," noted Atayan.

Each of AMCON's business segments reported excellent years. The wholesale distribution segment reported revenues of \$243.3 million and operating income before depreciation of \$5.6 million for the fourth fiscal quarter and revenues and operating income before depreciation of \$871.3 million and \$18.4 million, respectively, for all of fiscal 2009. The retail health food segment reported revenues of \$9.0 million and operating income before depreciation of \$1.0 million for the fourth fiscal quarter and annual revenue of \$36.6 million and operating income before depreciation of \$3.7 million for fiscal 2009. AMCON ended the year with stockholders' equity of \$23.8 million.

"We continue to expend significant energy and resources developing profit making opportunities and programs for our customers. For example, a well run food service program drives traffic to our customer's stores and increases their bottom line. Our new northwest Arkansas customers have expressed significant interest in these programs," said Kathleen Evans, President of AMCON's wholesale distribution segment. "We strive to be the service leader in the market because we believe that will keep us in a leadership position during tough times," added Evans.

"Our customers have a strong identity of interest with our Akins and Chamberlin's brands. The stores stand for quality, service and a wide variety of products at an attractive price. We are enthusiastic about our new store opening in Tulsa in 2010. We have maintained discipline in terms of opening new stores over the years. However, we felt the timing was appropriate and the terms of this particular situation made sense for our stockholders. We will continue to be looking to open new stores as well as acquire existing stores as the opportunities present themselves. Our long term objective is to increase the penetration in the markets we presently serve and to opportunistically add new markets which are suited to our business model. Additionally, we have made prudent capital expenditures to make sure that our existing base of stores are at the high levels our customers expect," said Eric Hinkfent, President of AMCON's retail health food segment.

"We are focused on maintaining high degrees of liquidity in our balance sheet in the short term. We were able to increase our stockholders equity by \$12.8

million and reduce total debt by \$20.9 million in fiscal 2009," said Andrew Plummer, AMCON's Chief Financial Officer. "We believe a conservative balance sheet is prudent in anticipation of softness in the broader economy that will continue to impact our customers in fiscal 2010. This positions our organization to move decisively from a financial perspective when events and circumstances warrant. It also enables us to best deliver value to our customers and to draw down on the line from time-to-time to develop profitable opportunities on their behalf," added Plummer.

AMCON is a leading wholesale distributor of consumer products, including beverages, candy, tobacco, groceries, food service, frozen and chilled foods, and health and beauty care products with locations in Arkansas, Illinois, Missouri, Nebraska, North Dakota and South Dakota. Chamberlin's Natural Foods, Inc. and Health Food Associates, Inc., both wholly-owned subsidiaries of The Healthy Edge, Inc., operate health and natural product retail stores in central Florida (6), Kansas, Missouri, Nebraska and Oklahoma (4). The retail stores operate under the names Chamberlin's Market & Cafe and Akins Natural Foods Market.
