NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

 To be held on September 8, 2008

To Our Stockholders:

NOTICE IS HEREBY GIVEN that the Annual Meeting of Stockholders, or Annual Meeting, of NovaDel Pharma Inc., referred to herein as we, us, our or NovaDel, a Delaware corporation, will be held at the offices of Morgan, Lewis & Bockius LLP, located at 502 Carnegie Center, Princeton, New Jersey 08540, on Monday, September 8, 2008, at 9:00 a.m., Eastern Daylight Time, for the following purposes:

1. To elect six Directors to our Board of Directors to serve until the next Annual Meeting of Stockholders or until their successors have been duly elected or appointed and qualified;
2. To approve the issuance and sale of up to \$2.525 million in secured convertible notes and warrants of the Company to funds affiliated with ProQuest Investments. The following table sets forth the investor's current and potential ownership of the Company:

	Beneficial Ownership of		Beneficial Ownership of		Beneficial Ownership
	Investor Prior to the		Investor		
Investor (1)	Number	Percentage	Number	Percentage	Number
ProQuest Investments (4)	13,474,832	19.8%	70,341,499	56.4%	20,322,451

(1) As more fully described in the proxy statement, the secured convertible notes and warrants to be issued to funds affiliated with ProQuest Investments will have an adjustable conversion price and exercise price based on the market value of the Company's common stock at the time of the subsequent closing. Based on the formula for the conversion price, the convertible notes will have a maximum conversion price of \$1.05 per share and a minimum conversion price of \$0.075 per share. Based on the formula for the exercise price, the accompanying warrants will have an exercise price equal to 125% of the related conversion price, which will translate into a maximum exercise price of \$1.313 per share and a minimum exercise price of \$0.094 per share.

(2) Ownership is based upon the number of outstanding shares of common stock as of the Record Date (as defined below) and assuming the Initial Closing of the financing described in Proposal 2. The beneficial ownership calculated herein does not include the warrants issued pursuant to the Initial Closing because such warrants may not be exercised if such exercise would cause the holders to beneficially own more than 19.99% of the total shares outstanding at the time of such exercise. See Proposal 3.

(3) Ownership is based upon the sum of (a) the number of outstanding shares of common stock as of the Record Date (as defined below), (b) the total number of warrants issued prior to the financing, assuming full exercise at the related exercise price and (c) the total number of shares underlying all convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price, and excluding interest shares and other additional shares issuable pursuant to potential adjustments to the exercise and conversion prices.

(4) For the purposes of this proxy statement, the numerical information contained in this table consists of the aggregate beneficial ownership of each of ProQuest Investments II, L.P., ProQuest Investments III, L.P. and ProQuest Investments II Advisors Fund, L.P.

3. To approve the potential issuance of 3,250,000 shares of our common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing;
4. To ratify the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008; and
5. To consider and take action upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

These items of business are more fully described in the Proxy Statement accompanying this notice. Only holders of record of our common stock, par value \$.001 per share (the "Common Stock"), at the close of business on July 21, 2008 (the "Record Date"), will be entitled to notice of and to vote at the Annual Meeting or any adjournments or postponements thereof.

PROXY STATEMENT

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of NovaDel Pharma Inc., referred to herein as we, us, our or NovaDel, of proxies to be voted at the Annual Meeting of Stockholders, or the Annual Meeting, to be held at 9:00 a.m., Eastern Daylight Time, on Monday, September 8, 2008 at the offices of Morgan, Lewis & Bockius LLP, located at 502 Carnegie Center, Princeton, New Jersey 08540, and at any adjournments or postponements thereof.

A copy of our Annual Report on Form 10-K for the period ended December 31, 2007, as amended, is enclosed with these materials. Upon written request, we will provide each stockholder being solicited by this Proxy Statement with a copy, free of charge, of any of the documents referred to in this Proxy Statement. All such requests should be directed to NovaDel Pharma Inc., 25 Minneakoning Road, Flemington, New Jersey 08822, Attn: Michael E. Spicer, Chief Financial Officer and Corporate Secretary.

The Annual Meeting has been called to consider and take action on the following proposals:

- (i) to elect six Directors to our Board of Directors, or the Board, to serve until the next Annual Meeting of Stockholders or until their successors have been duly elected or appointed and qualified;
- (ii) to approve the issuance and sale of up to \$2.525 million in secured convertible notes and warrants of the Company to funds affiliated with ProQuest Investments, as further described below;
- (iii) to approve the potential issuance of 3,250,000 shares of our common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing, each as further described below;
- (iv) to ratify the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008; and
- (v) to consider and take action upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Our principal executive office is located at 25 Minneakoning Road, Flemington, New Jersey 08822 and our telephone number is (908) 782-3431. The approximate date on which this Proxy Statement, the proxy card and other accompanying materials are first being sent or given to stockholders is July 23, 2008.

Record Date and Shares Outstanding

Stockholders of record at the close of business on July 21, 2008 (the "Record Date") are entitled to notice of and to vote at the meeting. At the Record Date, 60,692,260 shares of our Common Stock were issued and outstanding.

Revocability of Proxies

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy (including a telephone vote), by delivering a written revocation of your proxy to our Corporate Secretary, or by voting at the meeting. The method by which you vote by proxy will in no way limit your right to vote at the meeting if you decide to attend in person. If your shares are held in the name of a bank or brokerage firm, you must obtain a proxy, executed in your favor, from the bank or broker, to be able to vote at the meeting.

Voting Rights

Only holders of record of our Common Stock at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote on all matters to be voted upon at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares on the Record Date will constitute a quorum for the transaction of business at the Annual Meeting and at any postponement or adjournment thereof.

For Proposal 1, the affirmative vote of a plurality of the shares of Common Stock cast by the stockholders present in person or represented by proxy at the Annual Meeting is required to elect the nominees for election as Directors. Thus, broker non-votes and withholding authority will have no effect on the outcome of the vote for the election of Directors. Broker non-votes are when shares are represented at the Meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters. Brokers do, however, have discretionary authority to vote shares held in their name on this proposal, even if they do not receive instructions from the beneficial owner.

For Proposal 2, the affirmative vote of a majority of votes cast by the stockholders entitled to vote and who are present in person or represented by proxy at the Annual Meeting is required to approve the issuance and sale of up to \$2.525 million in secured convertible notes and warrants to funds affiliated with ProQuest Investments. Brokers may not vote on this proposal unless they receive instructions from the beneficial owner.

For Proposal 3, the affirmative vote of a majority of votes cast by the stockholders entitled to vote and who are present in person or represented by proxy at the Annual Meeting is required to approve the potential issuance of 3,250,000 shares of our common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing. Brokers may not vote on this proposal unless they receive instructions from the beneficial owner.

For Proposal 4, the affirmative vote of a majority of votes cast by the stockholders entitled to vote and who are present in person or represented by proxy at the Annual Meeting is required to ratify the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008. Abstentions will have the effect of a vote against this proposal. Because broker non-votes are not considered to be votes cast, they will have no effect on the vote for this proposal. Brokers do, however, have discretionary authority to vote shares held in their name on this proposal, even if they do not receive instructions from the beneficial owner. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008, the Audit Committee of our Board may reconsider its selection.

Questions and Answers

Q. What am I voting on?

Election of six Directors (Mark J. Baric, Thomas E. Bonney, CPA, William F. Hamilton, Ph.D., Jay Lobell, Charles Nemeroff, M.D., Ph.D. and Steven B. Ratoff) for a term ending at the next Annual Meeting of Stockholders;

The approval of the potential issuance of 3,250,000 shares of the Company's common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing; and

Ratification of the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008.

Q. Who is entitled to vote?

Only stockholders of record at the close of business on the Record Date of July 21, 2008, are entitled to vote shares held by such stockholders on that date at the Annual Meeting. Each outstanding share entitles its holder to cast one vote.

Q. How do I vote?

Vote By Mail: Sign and date the proxy card you receive and return it in the enclosed stamped, self-addressed envelope.

Vote By Telephone: If you are a stockholder of record (that is, if you hold your stock in your own name), you may vote by telephone by following the instructions on your proxy card. The telephone number is toll-free, so voting by telephone is at no cost to you. If you vote by telephone, you do not need to return your proxy card.

Vote in Person: Sign and date the proxy you receive and return it in person at the Annual Meeting.

If your shares are held in the name of a bank, broker or other holder of record (i.e., in []street name[]), you will receive instructions from the holder of record that you must follow in order for your shares to be voted.

Telephone and Internet voting will be offered to stockholders owning shares through most banks and brokers.

Q. Can I access the proxy materials and transition report on Form 10-K electronically?

This Proxy Statement, the proxy card, and our Annual Report on Form 10-K for the period ended December 31, 2007, as amended, are available on our website at www.novadel.com.

Q. Can I change my vote or revoke my proxy?

Yes. You may change your vote or revoke your proxy at any time before the proxy is exercised. If you submitted your proxy by mail, you must (a) file with the Corporate Secretary a written notice of revocation or (b) timely deliver a valid, later-dated proxy. If you submitted your proxy by telephone, you may change your vote or revoke your proxy with a later telephone proxy. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Corporate Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.

Q. What is the process for admission to the Annual Meeting?

If you are a record owner of your shares (*i.e.*, your shares are held in your name), you must show government issued identification. Your name will be verified against the stockholder list. If you hold your shares through a bank, broker or trustee, you must also bring a copy of your latest bank or broker statement showing your ownership of your shares as of the Record Date.

Q. What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding on the Record Date will constitute a quorum. On the Record Date, there were 60,692,260 outstanding shares of Common Stock entitled to vote at the Annual Meeting.

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present at the Annual Meeting.

Q. What vote is required to approve each item?

The affirmative vote of a plurality of the votes cast at the meeting by stockholders entitled to vote thereon is required for the election of Directors. The affirmative vote of a majority of the votes cast by stockholders entitled to vote thereon will be required for the approval of the issuance and sale of up to \$2.525 million in secured convertible notes and warrants to funds affiliated with ProQuest Investments. The affirmative vote of a majority of the votes cast by stockholders entitled to vote thereon will be required for the approval of the potential issuance of 3,250,000 shares of the Company's common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing. For ratification of the selection of J.H. Cohn LLP, the affirmative vote of a majority of the votes cast by stockholders entitled to vote thereon will be required.

Q. What happens if I do not instruct my broker how to vote on the proxy?

If you do not instruct your broker how to vote, your broker will vote your shares for you at his or her discretion on routine matters such as the election of directors or ratification of auditors.

Q. What are the recommendations of the Board of Directors?

The Board of Directors unanimously recommends that the stockholders vote:

FOR the election of the six nominated Directors;

FOR the approval of the issuance and sale of up to \$2.525 million in secured convertible notes and warrants of the Company to funds affiliated with ProQuest Investments;

FOR the approval of the potential issuance of 3,250,000 shares of the Company's common stock resulting from: (i) the removal of the cap of 19.99% on the 3,000,000 warrants issued in the initial closing; and (ii) the interest shares provision of the secured convertible notes in the initial closing; and

FOR ratification of the selection of J.H. Cohn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008.

With respect to any other matter that properly comes before the Annual Meeting, the proxies will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

PROPOSAL 1**ELECTION OF DIRECTORS****Information Regarding Board of Directors**

The Board of Directors, or the Board, has nominated six (6) candidates for election as Director for a term expiring at the next Annual Meeting of Stockholders. All of the nominees are currently members of our Board and were elected by our stockholders at the last Annual Meeting. Directors are elected to serve for their respective terms of one year or until their successors have been duly elected or appointed and qualified. The Board has no reason to believe that any of the nominees named below will be unavailable, or if elected, will decline to serve.

Pursuant to our By-Laws, generally the number of Directors is fixed and may be increased or decreased from time to time by resolution of our Board. Currently, our By-Laws provide that the number of Directors must be not less than three (3) nor more than nine (9). The Board has fixed the number of Directors at six (6) members. Proxies cannot be voted for a greater number of persons than the number of nominees named. In the event one or more of the named nominees is unable to serve, the persons designated as proxies may cast votes for other persons as substitute nominees. Dr. Rosenwald, a significant stockholder, has the ability to designate an individual to serve on our Board, and has exercised such ability by designating Mr. J. Jay Lobell. Although Mr. Lobell is a designee of Dr. Rosenwald's, he does not have any voting or dispositive control over the shares held directly or indirectly by Dr. Rosenwald. Based upon the recommendation of the Corporate Governance and Nominating Committee, the Board elected Mr. Lobell as a member of the Board on December 14, 2005. Pursuant to the listing standards of the American Stock Exchange, or AMEX, Mr. Lobell has been deemed to be an independent Director by our Board as of September 15, 2006. Also at its meeting on September 15, 2006, the Board appointed Mr. Steven B. Ratoff as Chairman of the Board. Mr. Ratoff had served as an independent member of our Board since his election to the Board on January 17, 2006. In connection with Mr. Ratoff's appointment as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. Effective March 16, 2007, Mr. Ratoff's monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses in connection with his reduction in day-to-day time spent with NovaDel. Effective June 6, 2007, Mr. Ratoff's monthly rate was increased to \$17,500 and reimbursement of reasonable expense in connection with his increase in day-to-day time spent with NovaDel. On July 25, 2007, Mr. Ratoff was appointed as Interim President and Chief Executive Officer of the Company, concurrent with the resignation with Dr. Jan Egberts. As a result of such relationship, the Board has determined that Mr. Ratoff, who otherwise would be deemed independent, is no longer an independent member of the Board pursuant to the listing standards of AMEX. As such, Mr. Ratoff no longer serves as a member of our Audit Committee or our Compensation Committee. The Board, based on the recommendation of the Corporate Governance and Nominating Committee, affirmatively determined that all of our Directors are independent of NovaDel and management under the standards set forth in the listing standards of the AMEX, with the exception of our Chairman, Mr. Steven B. Ratoff, who is not independent because of his consulting arrangement with NovaDel and his role as Interim President and Chief Executive Officer.

*Mr. Thomas E. Bonney, CPA has been determined by the Board to be an "audit committee financial expert" as defined under applicable Securities and Exchange Commission rules and "independent" as required by the listing standards of AMEX.

Audit Committee

Members: Mr. Bonney (Chair), Dr. Hamilton and Mr. Baric

Number of meetings in 2007: 8

Functions:

The functions of the Audit Committee are focused on the following areas:

- selects our independent registered public accounting firm and provides oversight of the firm's independence, qualifications and performance;
- reviews the adequacy of our internal control and financial reporting process and the reliability of our financial statements; and
- reviews our compliance with legal and regulatory requirements.

In the opinion of the Board, and as the term "independent" is defined in Section 121(A) of the listing standards of AMEX, Mr. Bonney, Mr. Baric and Dr. Hamilton are independent of management and free of any relationship that would interfere with the exercise of independent judgment as members of the Audit Committee. Members of the Audit Committee also all meet the independence requirements set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. Our Board has determined that Mr. Bonney qualifies as an "audit committee financial expert" and "independent director" as those terms are defined by the regulations of the Securities and Exchange Commission and the listing standards of AMEX.

The Audit Committee meets with management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting. The Audit Committee discusses these matters with our independent registered public accounting firm and with appropriate financial personnel from NovaDel. Meetings are held with participation from the independent registered public accounting firm. The independent registered public accounting firm is given unrestricted access to the Audit Committee. The Audit Committee also recommends to our stockholders the appointment of the independent registered public accounting firm and reviews periodically their performance and independence from management. In addition, the Audit Committee reviews our financing plans and reports its recommendations to the full Board for approval and to authorize action. A copy of the Audit Committee's written charter is available on our website at www.novadel.com. In 2007, the members of the Audit Committee were Mr. Thomas E. Bonney, CPA, Dr. William F. Hamilton and Mr. J. Jay Lobell, with Mr. Lobell stepping down and Mr. Baric joining the Audit Committee on June 6, 2007.

Compensation Committee

Members: Mr. Lobell (Chair), Mr. Baric and Dr. Nemeroff

Number of meetings in 2007: 2

Functions:

reviews and approves, or recommends for approval by a majority of the independent Directors of the Board, the compensation of our Chief Executive Officer and our other named executive officers; reviews and makes recommendations to the Board with respect to incentive compensation plans and equity-based plans; and reviews the Compensation Discussion and Analysis ("CD&A") for inclusion in our proxy statement.

More specifically, the Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation — that is, changes in base salary, and non-equity and equity incentive plan compensation — of the Chief Executive Officer and our other named executive officers, evaluates their performance against these goals and objectives, and, based on its evaluation, sets their total direct compensation. The details of the process and procedures involved are described in the CD&A beginning on page 32 for the named executive officers total direct compensation.

Our full Board ultimately makes the final decisions regarding the Chief Executive Officer's and the other named executive officers' total direct compensation.

Role of Compensation Consultants. In 2006, the Compensation Committee engaged Compensation Resources, Inc., or CRI, to advise it on relevant executive pay and related issues, as needed. CRI also served as an advisor to the Compensation Committee in 2007 on certain compensation-related matters. During 2006, CRI assisted by:

reviewing our competitive market data with respect to peer group chief executive officer compensation;

provided input on the pay recommendations for our Chief Executive Officer;
reviewed our competitive market data for our named executive officers and observations on program design, including pay philosophy, pay levels, and incentive pay mix;
reviewed information on executive compensation trends, as requested; and
provided competitive compensation data on non-employee Directors' compensation program as it relates to pay levels.

In the opinion of the Board, and as the term "independent" is defined in Section 121(A) of the AMEX listing standards, Mr. Lobell, Mr. Baric and Dr. Nemeroff are independent and are "non-employee Directors" pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934. A copy of the Compensation Committee's written charter is available on our website at www.novadel.com. In 2007, the members of the Compensation Committee were Mr. J. Jay Lobell, Dr. William F. Hamilton and Dr. Charles Nemeroff, with Dr. Hamilton stepping down and Mr. Baric joining the Compensation Committee on June 6, 2007.

Compensation Committee Interlocks and Insider Participation

From January 1, 2007 through June 6, 2007, the members of the Compensation Committee of the Board were Mr. J. Jay Lobell, Dr. William F. Hamilton and Dr. Charles Nemeroff. From June 6, 2007 through December 31, 2007, the members of the Compensation Committee were Mr. J. Jay Lobell, Mr. Mark J. Baric and Dr. Charles Nemeroff. None of these individuals was at any time during or at any other time an officer or employee of ours. Dr. Jan H. Egberts, our President and Chief Executive Officer through July 25, 2007, and Mr. Steven B. Ratoff, our Chairman of the Board, and our Interim President and Chief Executive Officer from July 25, 2007 through the current date, participated in discussions and decisions regarding salaries and incentive compensation for all of our named executive officers, except they were excluded from discussions regarding their own salary and incentive stock compensation.

Corporate Governance and Nominating Committee

Members: Dr. Hamilton (Chair), Mr. Bonney and Dr. Nemeroff

Number of meetings in 2007: 2

Functions:

recommends to the Board the persons to be nominated for election as Directors at any meeting of stockholders;
develops and recommends to the Board a set of corporate governance principles applicable to NovaDel;
and
oversees the evaluation of the Board.

In the opinion of the Board, and as the term "independent" is defined in Section 121(A) of the AMEX listing standards, Mr. Bonney, Dr. Hamilton and Dr. Nemeroff are independent.

The Corporate Governance and Nominating Committee was established on June 14, 2004 and was responsible for developing and recommending a set of corporate governance guidelines to the Board. Our Board adopted such Corporate Governance Guidelines in September 2005, which were amended in June 2006. The guidelines are available on our website at www.novadel.com. A complete description of the Corporate Governance and Nominating Committee's responsibilities is set forth in the Corporate Governance and Nominating Committee's written charter. A copy of the Corporate Governance and Nominating Committee's written charter is available on our website at www.novadel.com.

Code of Ethics

Our Board adopted a Business Conduct Policy that is applicable to all of our employees, officers and Directors. The Business Conduct Policy is intended to be designed to deter wrong-doing and promote honest and ethical behavior, full, fair, timely, accurate and understandable disclosure, and compliance with applicable laws. The Business Conduct Policy satisfies the definition of "code of ethics" under the rules and regulations of the Securities and Exchange Commission and listing standards of AMEX. The Board adopted the Business Conduct Policy in 2003 and a subsequent revised Business Conduct Policy was adopted by the Board in 2004. A copy of the Business Conduct Policy can be obtained and will be provided to any person without charge upon written request to our Corporate Secretary at our executive offices, 25 Minneakoning Road, Flemington, New Jersey 08822.

The Business Conduct Policy can also be obtained on our website, www.novadel.com. We intend to disclose on our website any amendments to, or waivers from, our Business Conduct Policy that are required to be disclosed pursuant to the rules of the Securities and Exchange Commission and AMEX. Our website and the information contained therein or connected thereto are not incorporated into this Proxy Statement.

Independence of Directors

The Board annually determines the independence of each Director based on a review by the Board and our Corporate Governance and Nominating Committee. The AMEX Corporate Governance Standards require that a majority of the Board be independent and that for a Director to qualify as independent, the Board must affirmatively determine that the Director has no material relationship with NovaDel, either directly or as a partner, shareholder or officer of an organization that has a relationship with us. In determining whether a material relationship exists, the Board and our Corporate Governance and Nominating Committee broadly consider all relevant facts and circumstances brought to their attention through the processes described below.

The NovaDel Corporate Governance Guidelines, adopted by the Board in September 2005 and amended in June 2006, are available on the Corporate Governance section of our website at www.novadel.com. The listing standards of AMEX generally provide that a Director will not be considered independent if:

- the Director is, or within the last three years, has been an employee of NovaDel, or an immediate family member of the Director is, or within the last three years has been, an executive officer of NovaDel;
- the Director, or an immediate family member of the Director, has received more than \$100,000 in any 12-month period in the last three years in direct compensation from NovaDel, other than Director fees, compensation paid to an immediate family member who is an employee (other than an executive officer) of the company, compensation received for former service as an interim executive officer (provided the interim employment did not last longer than one year) or benefits under a tax-qualified retirement plan, or non-discretionary compensation;
- a Director who is, or has an immediate family member who is, a current partner of our independent public registered accounting firm, or was a partner or employee of our independent registered public accounting firm who worked on our audit at any time during any of the past three years;
- the Director, or an immediate family member of the Director is, or in the last three years has been, employed as an executive officer of another company where any of NovaDel's present executives serve on that company's compensation committee; or
- a Director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of any organization to which the company made or from which the company received, payments that exceed 5% or \$200,000 of the organization's gross revenues for that year, whichever is greater, in any of the most recent three fiscal years (other than those arising solely from investments in the company's securities or payments under non-discretionary charitable contribution matching programs).

Pursuant to the Corporate Governance Guidelines and the AMEX rules, the Board reviewed the independence of each of our Directors in March 2008, taking into account potential conflicts of interest, transactions or other relationships that would reasonably be expected to compromise any of our Directors' independence. In performing this review, the Board, together with our Corporate Governance and Nominating Committee, reviewed the responses received from each Director to a questionnaire inquiring about, among other things, their relationships with us (and those of their immediate family members), their affiliations and other potential conflicts of interest.

As a result of this review, the Board, based on the recommendation of the Corporate Governance and Nominating Committee, affirmatively determined that all of our Directors are independent of NovaDel and management under the standards set forth in the listing standards of the AMEX, with the exception of our Chairman, Mr. Steven B. Ratoff, who is not independent because of his consulting arrangement with NovaDel and his current role as our Interim President and Chief Executive Officer.

Compensation of Directors

The general policy of the Board is that compensation for independent Directors should be a mix of cash and equity-based compensation. NovaDel does not pay employee Directors for Board service in addition to their regular employee compensation. The Compensation Committee, which consists solely of independent Directors, has the primary responsibility for reviewing and considering any revisions to Director compensation. The Board reviews the Compensation Committee's recommendations and determines the amount of Director compensation.

Pursuant to its charter, the Compensation Committee may engage the services of outside advisers, experts, and others to assist them. During 2006, the Compensation Committee hired Compensation Resources, Inc. ("CRI") to aid in setting Director compensation. During 2007, CRI acted as an advisor to the Compensation Committee on certain compensation-related matters. There were no changes to Director compensation in 2007.

To assist the Compensation Committee in its annual review of Director compensation in 2006, CRI provided Director compensation data compiled from the annual reports and proxy statements of companies that the Board uses as its "peer group" for determining Director compensation. The Director peer group used in the 2006 review by CRI consisted of companies within the pharmaceutical and drug delivery industry that are generally considered comparable to NovaDel. The Director peer group used in 2006 consisted of the following companies:

(1) Mr. Baric was elected in February 2007 and received 100,000 options. The estimated fair value of the option award on the grant date using a Black-Scholes option pricing model assumes the following: expected volatility of 64%; dividend yield of 0%; expected term until exercise of 3.5 years; and a risk-free interest rate of 4.9%. Options granted to non-employee Directors generally have the following terms: (i) exercise price equal to market price on the date of grant; (ii) vesting period of three years with one-third of the option grant vesting on each annual anniversary of the grant date; and (iii) contractual term of five years.

(2) For all directors excluding Mr. Baric, \$37,335 option award in January 2007 represents estimated fair value of the option award on the grant date using a Black-Scholes option pricing model that assumes the following: expected volatility of 63%; dividend yield of 0%; expected term until exercise of 3.5 years; and a risk-free interest rate of 4.8%. In addition, Mr. Bonney, Dr. Hamilton, and Mr. Ratoff received option awards valued at \$30,000, \$32,500, and \$20,000, respectively, based on their election to receive their annual retainers for Board and committee memberships in the form of options, which options vested quarterly during the fiscal year ended December 31, 2007. The number of options received by such electing directors was determined using a Black-Scholes option pricing model with the following assumptions: expected volatility of 64%; dividend yield of 0%; expected term until exercise of 2.8 years; and a risk-free interest rate of 4.8%.

(3) Does not include fees earned by Mr. Ratoff pursuant to his consulting arrangement with us.

The following table shows the options granted to each Director in the fiscal year ended December 31, 2007.

The Board followed the recommendation of the Compensation Committee and determined non-employee Director compensation as follows:

Equity Compensation -- Each new non-employee Director will, upon initially joining the Board, receive options to purchase 100,000 shares of our Common Stock pursuant to our 2006 Equity Incentive Plan, or the Plan, and thereafter, each non-employee Director will receive an annual grant of options to purchase 50,000 shares of our Common Stock upon re-election to the Board.

Cash Compensation -- Each non-employee Director will be paid an annual retainer fee of \$20,000 for the period from January 1, 2007 through December 21, 2007 and an annual retainer fee of \$10,000 for the period from January 1, 2008 through June 30, 2008, and \$2,000 for in-person and \$1,000 for telephonic meetings of the Board. On June 30, 2008, the Board of Directors retroactively approved the payment of cash compensation to each non-employee Director for the period from January 1, 2008 through June 30, 2008. The Lead Independent Director will be paid a \$2,500 retainer for such role for the period from January 1, 2007 through December 31, 2007 and a \$1,250 retainer for such role for the period from January 1, 2008 through June 30, 2008. In addition, each non-employee Director will receive certain additional annual retainers and meeting fees for chairing or serving as a member of the committees of the Board, with annual retainers as follows:

In addition, each non-employee Director will be paid \$1,000 for in-person and \$500 for telephonic committee meetings. The Board has agreed to permit each non-employee Director to elect to receive cash compensation in connection with their Board and committee retainers in the form of equity under the Plan. Such election will be made on an annual basis and valued at the time of grant. Equity grants will be received by such non-employee Directors when cash compensation payments are due.

In September 2006, Mr. Ratoff was elected Chairman of the Board. In connection with Mr. Ratoff's appointment as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. Mr. Ratoff will also receive compensation as a member of the Board. On July 25, 2007, Mr. Ratoff was appointed as Interim President and Chief Executive Officer of the Company, concurrent with the resignation with Dr. Jan Egberts.

Director Nomination Procedures

The Corporate Governance and Nominating Committee is responsible for recommending to the Board the nominees for election as Directors at any meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board. In making such recommendations, the Committee will consider candidates proposed by stockholders. Stockholders may submit a candidate's name and qualifications to the Board by mailing a letter to the attention of Michael E. Spicer, Chief Financial Officer and Corporate Secretary, NovaDel Pharma Inc., 25 Minneakoning Road, Flemington, New Jersey 08822. The Committee will review and evaluate information available to it regarding candidates proposed by stockholders and will apply the same criteria, and will follow substantially the same process in considering them, as it does in considering candidates identified by members of the Board or senior management. The criteria which will be applied include: (i) reputation for integrity, honesty and high ethical standards; (ii) demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and willingness and ability to contribute positively to our decision-making process; (iii) commitment to understanding our business and our industry; (iv) adequate time to attend and participate in meetings of the Board and its Committees; (v) ability to understand the sometimes conflicting interests of the various constituencies of NovaDel, which include stockholders, employees, customers, governmental units, creditors and the general public and to act in the interest of all stockholders; and (vi) such other attributes, including independence, that satisfy requirements imposed by the Securities and Exchange Commission and AMEX. When evaluating potential candidates, the Corporate Governance and Nominating Committee will take into consideration the qualifications set forth in the Corporate Governance Guidelines which are available on our website at www.novadel.com. The Corporate Governance and Nominating Committee will also consider whether potential Director candidates will likely satisfy the applicable independence standards for the Board, the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee.

Stockholder Communications with the Board

PROPOSAL 2

**APPROVAL OF THE ISSUANCE AND SALE OF UP TO
\$2.525 MILLION IN SECURED CONVERTIBLE NOTES AND WARRANTS
TO FUND AFFILIATES WITH PROQUEST INVESTMENTS**

The American Stock Exchange, referred to herein as the AMEX, requires stockholder approval of the sale, issuance or potential issuance in a transaction or related transactions by a listed company of shares of common stock and shares issuable upon conversion or exercise of other securities in certain prescribed transactions under Section 713 of the AMEX Company Guide. This private placement transaction is deemed to be an at the market transaction so AMEX Section 713(a) does not apply. However, AMEX Section 713(b) requires stockholder approval for a transaction that would result in a change of control of the issuer. Under this AMEX rule, a change of control generally occurs when an investor beneficially owns 20% or more of the then presently outstanding shares of common stock on a post-transaction basis. This rule is referred to herein as the "AMEX Rule". AMEX interprets the AMEX Rule to include issuances of common stock as dividends and issuances of common stock upon conversion or exercise of other securities issued in connection with a transaction.

In the private placement transaction described below, the number of shares of common stock issuable upon conversion of the convertible notes at the related conversion price and exercise of warrants issued, and to be issued, to ProQuest Investments II, L.P., ProQuest Investments II Advisors Fund, L.P. and ProQuest Investments III, L.P. (together, the "Investors") will equal more than 20% of the shares of our common stock, outstanding on the Subsequent Closing date (defined below), on an as converted basis.

The Investors also have the option to request that the interest that accrues on the convertible notes be paid in common stock of the Company on the maturity date. The occurrence of the above scenarios could result in a violation of the AMEX rules. To date, we have issued convertible notes in the private placement transaction that can be converted into the aggregate of 5,000,000 shares or 8.2% of the pre-existing outstanding shares of our common stock. We believe that this issuance is in compliance with the AMEX Rule because the Investors beneficially own 19.8% of the total outstanding shares of common stock of the Company. Pursuant to the rules of the AMEX, the warrants previously issued are excluded from this threshold because they contain a provision that prevents the exercise of such warrants if such exercise would cause the holder to beneficially own more than 19.99% of the total outstanding shares of common stock of the Company (See Proposal 3). Therefore, issuing additional convertible notes and warrants may cause us to exceed the number of shares that we can issue under the AMEX Rule in the absence of stockholder approval. Accordingly, we must obtain stockholder approval in order to complete the additional financing (the "Subsequent Closing") under this private placement. Specifically, we are requesting stockholder approval to issue all of the shares underlying the securities to be issued pursuant to the Subsequent Closing, including (i) the shares of common stock of the Company issuable upon conversion of the convertible notes, (ii) the shares of common stock of the Company issuable upon exercise of the warrants and (iii) the shares of common stock issuable upon the Investors' request to elect to receive payment for accrued and unpaid interest on the convertible notes in shares of common stock of the Company.

The Investors will not receive a discount in connection with purchasing the securities in the Initial Closing because the conversion price for the convertible notes is fixed at a price that is greater than the market value at the time of the Initial Closing as described below. However, the conversion price for the convertible notes to be issued in the Subsequent Closing shall be equal to the lesser of (i) the market value of the Common Stock as of the date of the Subsequent Closing plus \$0.075 per share and (ii) \$1.05 per share. If the market value of the common stock of the Company exceeds \$1.05 per share, the Investors would have the right to convert the convertible notes at a price per share that is less than the market value. Therefore, the Investors may receive a discount in connection with purchasing the securities in the Subsequent Closing. This would also affect the exercise price of the warrants because the exercise price for the warrants is equal to 125% of the conversion price for the related convertible notes.

Description of Securities

Convertible Notes

On May 6, 2008, we entered into a binding Securities Purchase Agreement, as amended pursuant to Amendment No. 1 to the Securities Purchase Agreement, dated May 28, 2008 (together, the "Securities Purchase Agreement"), to sell, in a private placement, up to \$4,000,000 of (i) secured convertible notes, referred to herein as the convertible notes, convertible into shares of our common stock and (ii) five-year warrants to purchase shares of our common stock. Pursuant to the Securities Purchase Agreement, we have issued \$1,475,000 of convertible notes and accompanying warrants to the Investors on May 30, 2008 (the "Initial Closing"). The convertible notes are convertible into no more than 5,000,000 shares of the common stock underlying the convertible notes. The 5,000,000 shares were equal to 8.2% of our pre-existing outstanding common stock on the date of the Initial Closing. Inclusive of these shares, the Investors beneficially own 19.8% of the Company. We have agreed to obtain stockholder approval prior to the Subsequent Closing. As we have already issued \$1,475,000 of convertible notes to date, at our option we

may sell up to an additional \$2,525,000 of the convertible notes and warrants to the Investor upon stockholder approval.

The convertible notes accrue interest on their outstanding principal balances at an annual rate of 10% per annum. Interest will accrue on a daily basis and is to be paid in cash or, at the option of the Investors, in common stock of the Company at maturity.

At our option, we can redeem all, or a portion, of the principal owed under the convertible notes by providing the Investors with at least 5 days' written notice; provided that the Investors shall retain conversion rights for the convertible notes for the 5 day period after the Company has given such notice. Each prepayment shall be accompanied by the payment of accrued and unpaid interest on the amount being prepaid, through the date of the prepayment.

The Investors may elect, at their sole discretion, to cause the conversion of all principal and interest outstanding under the convertible notes held by such Investors at any time. In the Initial Closing, the conversion price per share of the Common Stock equaled \$0.295 per share of Common Stock, which is equal to the market value of the Common Stock as of the initial signing date, plus \$0.075 per share of Common Stock. In a Subsequent Closing, the conversion price shall equal the lesser of (i) \$1.05 per share and (ii) the market value (as defined under the applicable rules of AMEX) of the Common Stock as of the date of the Subsequent Closing, plus \$0.075 per share of Common Stock.

The indebtedness represented by the convertible notes is secured by all present and after-acquired assets of the Company, including its intellectual property, as evidenced by a customary agreement (**"Security Agreement"**) and associated filing(s), with the exception of (i) those fixed assets already secured under capital leases (approximately \$529,000 in net book value of fixed assets as of March 31, 2008, on which \$258,000 of capital lease obligations exist at March 31, 2008), (ii) those assets that are marked as "Assets held for sale" on the Company's balance sheet as of December 31, 2007 which represented assets associated with the Company's NitroMist product which is currently being targeted for sale, the amount for which was \$492,000 as of December 31, 2007 and (iii) those assets that are marked as "Other assets" on the Company's balance as of December 31, 2007, which represented assets held as security for the Company's letters of credit and leased assets, the amount for which was \$369,000 as of December 31, 2007. The indebtedness represented by the convertible notes and the security interest in the assets granted to the Investors pursuant to the Security Agreement shall be senior to all other Company indebtedness and related security interests, with the exception of the excluded assets.

The Company has agreed to file within 30 days of the related closing date of any of the convertible notes or the warrants, a resale registration statement covering the securities underlying the related convertible notes and warrants. The Company has agreed to use best efforts to have such registration statement declared effective within 90 days of the related closing date.

Unless converted earlier, principal and accrued interest under all of the convertible notes shall be due and payable upon the earlier to occur of (i) upon demand by the Investor any time on or after the date that is 180 days after the related closing date or (ii) any "Change of Control" (as defined below) (such earlier date to occur, the "Maturity Date"). A "Change of Control" is defined as (i) a sale, transfer or other disposition, whether by merger, consolidation or otherwise, of all or substantially all of the Company's assets, a merger with another company or an acquisition of the Company which results in the existing stockholders of the Company owning less than fifty percent (50%) of the Company following such transaction or (ii) the approval by the Board of Directors of the Company of a plan of complete liquidation of the Company.

In each closing, the Investors have, or will have, received warrants to purchase shares equivalent in value to 60% of the face value of the amount borrowed, valuing the shares at the related conversion price. The warrants will have an exercise price equal to 125% of the related conversion price and will be exercisable six months and one day from the date of issuance until their expiration on the date that is five years from the date of issuance. In the Initial Closing, the Investors received warrants to purchase 3,000,000 shares of the Company's common stock, which have an exercise price of \$0.369 per share. The warrants issued at the Initial Closing are subject to a cap on the number of shares of common stock that can be issued upon the exercise of the warrants to a maximum of 19.99% of the Company's outstanding common stock at the time of exercise unless the Company receives shareholder approval in accordance with AMEX rules (See Proposal 3). The number of warrants the Investors receive at the time of the Subsequent Closing shall depend on the face value of the convertible notes issued pursuant to such Subsequent Closing. At any time during the exercise period when the resale of the shares underlying the warrants by the Investors is not registered pursuant to an effective registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, the Investors may, at their option, elect to exercise the warrants, in whole or in part, on a cashless basis.

The conversion rate of each convertible note and the exercise price of the warrants are subject to adjustment for certain events, including dividends, stock splits and combinations.

Each purchaser of the convertible notes represented that such purchaser is an "accredited investor" and agreed that the securities issued in the private placement bear a restrictive legend against resale without registration under the Securities Act. The convertible notes and warrants were sold pursuant to the exemption from registration afforded by Section 4(2) of the Securities Act and Regulation D thereunder.

Common Stock

Our authorized capital stock includes 200,000,000 shares of common stock, 60,692,260 of which were issued and outstanding as of the Record Date. The following briefly summarizes the material terms of our common stock. You should read the more detailed provisions of our certificate of incorporation and by-laws for provisions that may be important to you.

Each holder of common stock is entitled to one vote per share for the election of directors and for all other matters to be voted on by stockholders. Except as otherwise provided by law, the holders of common stock vote as one class together with holders of our preferred stock (if they have voting rights), none of which are outstanding as of the record date. Holders of common stock may not cumulate their votes in the election of directors, and are entitled to share equally in the dividends that may be declared by the board of directors, but only after payment of dividends required to be paid on outstanding shares of preferred stock. In the event of our voluntary or involuntary liquidation, dissolution or winding up, holders of our common stock share ratably in the assets remaining after payments to creditors and provision for the preference of any preferred stock. There are no preemptive or other subscription rights, conversion rights or redemption or scheduled installment payment provisions relating to shares of our common stock. All of the outstanding shares of our common stock are fully paid and nonassessable. The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company. Our common stock is listed on AMEX under the symbol "NVD."

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

prior to the business combination, the corporation's board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder; or

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the outstanding voting stock of the corporation at the time the transaction commenced, excluding for the purpose of determining the number of shares of voting stock outstanding owned by the corporation's officers and directors and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or at or subsequent to the time the business combination is approved by the corporation's board of directors, it is authorized at an annual or special meeting of its stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of its outstanding voting stock which is not owned by the interested stockholder.

A business combination includes mergers, asset sales or other transactions resulting in a financial benefit to the stockholder. An interested stockholder is a person who, together with affiliates and associates, owns (or within three years did own) 15% or more of the corporation's voting stock.

In accordance with Section 203 of the Delaware General Corporation Law, the Board of Directors approved the transaction with the funds affiliated with ProQuest Investments prior to the Initial Closing. Furthermore, in accordance with Section 120 of the AMEX Company Guide, the Audit Committee of the Company separately approved the transaction prior to the Initial Closing.

The following table summarizes (1) the number of shares of common stock that will be issued and outstanding upon full conversion of the convertible notes at the conversion price and full exercise of the warrants at the exercise price, (2) the number of shares the Investor will be issued pursuant to the financing, and (3) the percentage of outstanding shares the Investor's shares represent after all securities anticipated by the financing are issued.

Investor	Total Number of Shares Outstanding Upon Conversion and Exercise(2)	Total Number of Shares Underlying Warrants and Convertible Notes Issued to Investor(3)	Underlying Shares as a Percentage of Outstanding Shares(4)
Assuming conversion price of \$1.05 per share (1)			
ProQuest Investments (5):	74,747,141	11,847,619	15.9%
Assuming conversion price of \$0.075 per share (1)			
ProQuest Investments (5):	124,766,189	61,866,667	49.6%

- (1) The secured convertible notes and warrants to be issued to funds affiliated with ProQuest Investments will have an adjustable conversion price and exercise price based on the market value of the Company's common stock at the time of the subsequent closing. Based on the formula for the conversion price, the convertible notes will have a maximum conversion price of \$1.05 per share and a minimum conversion price of \$0.075 per share. Based on the formula for the exercise price, the accompanying warrants will have an exercise price equal to 125% of the related conversion price, which will translate into a maximum exercise price of \$1.313 per share and a minimum exercise price of \$0.094 per share. Therefore, in order to fully understand the potential beneficial ownership of the affiliated ProQuest entities in connection with this financing, the Company has included the potential minimum and

maximum issuances (dependent upon the market value of the Company's common stock at the time of the Subsequent Closing) in the Subsequent Closing.

- (2) This amount represents the sum of (a) the number of outstanding shares of common stock as of the Record Date, (b) the total number of warrants issued prior to the financing, assuming full exercise at the related exercise price and (c) the total number of shares underlying the convertible notes and warrants issued, and to be issued, as part of the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price held by the Investor, and excluding interest shares and other additional shares that may be issued pursuant to potential adjustments to the exercise and conversion prices.
- (3) This amount represents the number of shares underlying the convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price. This amount does not include interest shares or any shares that are issuable pursuant to potential adjustments to the conversion price and exercise price of these instruments. The convertible notes accrue interest on their outstanding principal balances at an annual rate of 10%. If we were to pay such interest in interest shares, we would issue approximately 370,238 shares if the conversion price was \$1.05 per share and approximately 1,933,333 shares if the conversion price was \$0.075 per share.
- (4) This represents the percentage of outstanding shares that the Investor could potentially own after all securities anticipated by the financing are issued, excluding interest shares and other additional shares that may be issued pursuant to adjustments to the exercise and conversion prices.
- (5) For the purposes of this proxy statement, the numerical information contained in this table consists of the aggregate beneficial ownership of each of ProQuest Investments II, L.P., ProQuest Investments III, L.P. and ProQuest Investments II Advisors Fund, L.P.

The following table sets forth the beneficial ownership of the Investor prior to the financing and after the financing.

Investor (1)	Beneficial Ownership of Investor Prior to the Subsequent Closing (2)		Beneficial Ownership of Investor after the Subsequent Closing at the minimum Conversion Price of \$0.075 per share (3)		Beneficial Ownership of Investor after the Subsequent Closing at the maximum Conversion Price of \$1.05 per share (3)	
	Number	Percentage	Number	Percentage	Number	Percentage
ProQuest Investments (4):	13,474,832	19.8%	70,341,499	56.4%	20,322,451	27.2%

(1) The secured convertible notes and warrants to be issued to funds affiliated with ProQuest Investments will have an adjustable conversion price and exercise price based on the market value of the Company's common stock at the time of the subsequent closing. Based on the formula for the conversion price, the convertible notes will have a maximum conversion price of \$1.05 per share and a minimum conversion price of \$0.075 per share. Based on the formula for the exercise price, the accompanying warrants will have an exercise price equal to 125% of the related conversion price, which will translate into a maximum exercise price of \$1.313 per share and a minimum exercise price of \$0.094 per share. Therefore, in order to fully understand the potential beneficial ownership of the affiliated ProQuest entities in connection with this financing, the Company has included the potential minimum and maximum issuances (dependent upon the market value of the Company's common stock at the time of the Subsequent Closing) in the Subsequent Closing.

(2) Ownership is based upon the number of outstanding shares of common stock as of the Record Date and assuming the Initial Closing of the financing described in this Proposal 2. The beneficial ownership calculated herein does not include the warrants issued pursuant to the Initial Closing because such warrants may not be exercised if such exercise would cause the holders to beneficially own more than 19.99% of the total shares outstanding at the time of such exercise. See Proposal 3.

(3) Ownership is based upon the sum of (a) the number of outstanding shares of common stock as of the Record Date, (b) the total number of warrants issued prior to the financing, assuming full exercise at the related exercise price and (c) the total number of shares underlying all convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price, and excluding interest shares and other additional shares issuable pursuant to potential adjustments to the exercise and conversion prices.

(4) For the purposes of this proxy statement, the numerical information contained in this table consists of the aggregate beneficial ownership of each of ProQuest Investments II, L.P., ProQuest Investments III, L.P. and ProQuest Investments II Advisors Fund, L.P.

Why We Are Asking Stockholders to Approve

We have entered into this private placement transaction for working capital, research, product development, and general corporate purposes. As disclosed in our Annual Report on Form 10-K for the period ended December 31, 2007 and our Quarterly Report on Form 10-Q for the period ended March 31, 2008, we significantly reduced clinical development activities on our product candidate pipeline during the fourth quarter of 2007, as we did not believe that we had sufficient cash to sustain such activities. Despite the reduction in expenditures for clinical activities, we still required capital to sustain our existing organization until such time as clinical activities could be resumed. With the funds from the Initial Closing, we estimate that we will have sufficient cash on hand to fund operations through at least the end of the calendar year 2008, and, once the Subsequent Closing is complete, into the first quarter of 2009. However, we may determine that it is appropriate to increase development activities on our product candidate pipeline, which activities have been significantly reduced since the fourth quarter of 2007. An increase in development activities would significantly increase cash outflows, which may require additional capital in the future.

We believe that the proceeds of the financing, assuming all closings, may be used as follows:

- an estimated \$2.8 million to fund research and development expenses, including, but not limited to, (i) an estimated \$1.2 million for the allocable portion of labor and overhead (ii) an estimated \$1.6 million expenses incurred in connection with development of ZolpiMist[®] and NitroMist[®], and for the advancement of certain new product opportunities;
- an estimated \$1.0 million to pay general corporate and administrative costs; and
- an estimated \$200,000 to obtain and maintain patents.

For the purposes of the foregoing, the proceeds description contained above does not reflect any proceeds received in connection with other strategic transactions. Therefore, actual spending may differ from these projections in response to other potential future cash inflows and the data derived from research and development needs.

Effect of this Proposal 2 on Existing Stockholders

If stockholders approve Proposal 2, then the Company would be permitted to issue additional convertible notes and warrants to the Investors. Under the additional convertible notes, at the Investors' option, interest may be paid in common stock of the Company at maturity. The additional convertible notes (including any interest shares) and warrants will have a conversion price and an exercise price, respectively, that is determined as of the date of related closing. In the event the Investors decide to convert these convertible notes, receive interest shares in lieu of cash or exercise these warrants, the issuance of common stock in connection therewith will have a significant dilutional effect of the voting interests of existing stockholders. This issuance would also have a dilutive effect on earnings per share and may adversely affect the market price of our common stock.

The following table sets forth the dilutive effect of this transaction on the beneficial ownership of common stock outstanding held by existing stockholders (other than ProQuest Investments), referred to herein as the Existing Stockholders, after the Subsequent Closing.

Existing Stockholders (other than ProQuest Investments)(1)(2):	Beneficial Ownership of Existing Stockholders prior to Subsequent Closing (3)		Beneficial Ownership of Existing Stockholders after Subsequent Closing assuming the minimum Conversion Price of \$0.075 per share (4)		Beneficial Ownership of Existing Stockholders after Subsequent Closing assuming the maximum Conversion Price of \$1.05 per share (4)	
	Number	Percentage	Number	Percentage	Number	Percentage
	80,953,626	85.7%	80,953,626	52.8%	80,953,626	79.6%

(1) The secured convertible notes and warrants to be issued to funds affiliated with ProQuest Investments will have an adjustable conversion price and exercise price based on the market value of the Company's common stock at the time of the Subsequent Closing. Based on the formula for the conversion price, the convertible notes (including any interest shares) will have a maximum conversion price of \$1.05 per share and a minimum conversion price of \$0.075 per share. Based on the formula for the exercise price, the accompanying warrants will have an exercise price equal to 125% of the related conversion price, which will translate into a maximum exercise price of \$1.313 per share and a minimum exercise price of \$0.094 per share.

(2) For purposes of clarification, the percentage represented by the Existing Stockholders excludes any current and prior ownership of ProQuest Investments, but includes all options, warrants and other convertible securities held by the Existing Stockholders exercisable within 60 days of the Record Date.

(3) Ownership is based upon the number of outstanding shares of common stock as of the Record Date and includes all options, warrants and other convertible securities held by the Existing Stockholders exercisable within 60 days of the Record Date.

(4) Ownership is based on the sum of (a) the number of outstanding shares of common stock as of the Record Date, (b) the total number of options, warrants and other convertible securities exercisable within 60 days of the Record Date, assuming full conversion or full exercise at the related conversion price or exercise price, and (c) the total number of shares underlying all convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price, and including interest shares assuming issuance at the related conversion price.

OUR BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE [FOR] THE PROPOSAL TO APPROVE THE ISSUANCE AND SALE OF UP TO \$2.525 MILLION IN SECURED CONVERTIBLE NOTES AND WARRANTS OF THE COMPANY TO FUNDS AFFILIATED WITH PROQUEST INVESTMENTS.

PROPOSAL 3

APPROVAL OF THE POTENTIAL ISSUANCE OF 3,250,000 SHARES OF OUR COMMON STOCK RESULTING FROM: (1) THE REMOVAL OF THE CAP OF 19.99% ON THE WARRANTS ISSUED IN THE INITIAL CLOSING; AND (2) PURSUANT TO THE INTEREST SHARES PROVISION OF THE CONVERTIBLE NOTES ISSUED IN THE INITIAL CLOSING

In May 2008, we entered into a private placement transaction (described in Proposal 2) pursuant to which we agreed to issue and sell up to \$4,000,000 of convertible notes and warrants. Under the terms of the private placement transaction, the warrants are subject to a cap of 19.99%, which prevents the exercise of the warrants if such exercise would cause the holder to own more than 19.99% of the total outstanding shares of common stock of the Company at the time of exercise. Furthermore, the convertible notes provide that we can pay interest, at the holder's option, in shares of our common stock, referred to herein as the interest shares provision.

The convertible notes accrue interest on their outstanding principal balances at an annual rate of 10% per annum. Pursuant to the interest shares provision, we may, at the holder's option, pay interest in cash or shares of common stock. If we pay interest in shares of common stock, the stock will be valued at the related conversion price.

In order to comply with the AMEX Rule, the number of shares of our common stock that can be issued as part of the Initial Closing is restricted to 19.99% of our issued and outstanding common stock until we receive stockholder approval for larger issuances, referred to herein as the 19.99% cap. As a result, issuances of common stock pursuant to the exercise of the warrants in the Initial Closing and the interest shares provision are currently subject to the 19.99% cap.

Why We Are Asking Stockholders to Approve

We are seeking stockholder approval so that we can proceed with the removal of the cap and permit the issuance of interest shares pursuant to the interest shares provision of the convertible notes in the Initial Closing.

If our stockholders approve this Proposal, then the number of shares issuable pursuant to the exercise of the warrants and the interest shares provision will no longer be subject to the 19.99% cap. Accordingly, we would be permitted to issue a larger number of shares upon the conversion of the convertible notes and upon the exercise of the warrants than if the 19.99% cap remained. The issuance of a larger number of shares will be dilutive to our existing stockholders because it will reduce the existing stockholders' equity per share as well as the percentage ownership of common stock by existing stockholders.

Investor	Total Number of Shares Underlying Convertible Notes in the Initial Closing(1)	Total Number of Shares Underlying Warrants in the Initial Closing(2)	Estimated Number of Interest Shares(3)	Maximum Number of Shares that may be Issued Pursuant to the Initial Closing(4)
ProQuest Investments II Advisor Fund L. P.	24,251	14,551	1,213	40,015
ProQuest Investments II, L.P.	1,007,365	604,419	50,368	1,662,152
ProQuest Investments III, L.P.	3,968,384	2,381,030	198,419	6,547,833
Total:	5,000,000	3,000,000	250,000	8,250,000

(1) This represents the number of shares issuable upon conversion of the convertible notes at the conversion price of \$0.295 per share. This amount does not include interest shares.

(2) This represents the number of shares issuable upon exercise of the warrants at the exercise price of \$0.369 per share.

(3) This represents the estimated amount of interest shares that may be issued upon conversion of the convertible notes. The convertible notes accrue interest on their outstanding principal balances at an annual rate of 10%. We may, at the holder's option, pay interest in cash or common stock at maturity. If we pay interest in common stock, the stock will be valued at the conversion price of \$0.295 per share.

(4) This represents the maximum number of shares that may be issued to the Investors.

The following table illustrates the beneficial ownership of the Investors upon full exercise of the warrants and full conversion of the interest shares in the Initial Closing:

Investor (1)	Beneficial Ownership of Investor at Initial Closing (2)		Beneficial Ownership of Investor upon full exercise of warrants and full conversion of interest shares (3)	
	Number	Percentage	Number	Percentage
ProQuest Investments (4)	13,474,832	19.8%	16,724,832	23.5%

(1) For the purposes of the foregoing table, the calculation of beneficial ownership assumes that the Subsequent Closing has not occurred.

(2) Ownership is based upon the number of outstanding shares of common stock as of the Record Date (as defined below) and assuming the consummation of the Initial Closing described in Proposal 2. The beneficial ownership calculated herein does not include the warrants issued pursuant to the Initial Closing or the potential interest shares from the Initial Closing because such warrants may not be exercised and such interest shares may not be issued, if such exercise or issuance would cause the holders to beneficially own more than 19.99% of the total shares outstanding at the time of such exercise or issuance; however, it does include the shares of common stock underlying the convertible notes because such convertible notes may be fully converted at any time.

(3) Ownership is based upon the sum of (a) the number of outstanding shares of common stock as of the Record Date (as defined below), (b) the total number of warrants issued prior to the financing, assuming full exercise at the related exercise price and (c) the total number of shares underlying all convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price, and including interest shares and other additional shares issuable pursuant to potential adjustments to the exercise and conversion prices.

(4) For the purposes of this proxy statement, the numerical information contained in this table consists of the aggregate beneficial ownership of each of ProQuest Investments II, L.P., ProQuest Investments III, L.P. and ProQuest Investments II Advisors Fund, L.P.

Effect of this Proposal 3 on Existing Stockholders

The stockholders' equity per share of our common stock as of March 31, 2008 and assuming the Initial Closing has occurred was approximately \$2.4 million, or approximately \$0.040 per share, based on 60,692,260 shares of our common stock outstanding. Stockholders' equity per share represents the amount of our assets, less our liabilities, divided by the total number of shares of our common stock outstanding and the consummation of the Initial Closing. Dilution in stockholders' equity per share to new investors represents the difference between the amount per share paid by the Investors and the stockholders' equity per share of our common stock immediately afterwards. Without taking into account any other changes in stockholders' equity per share after the Record Date and the consummation of the Initial Closing, other than the potential exercise of the warrants for 3,000,000 shares of common stock and the potential interest shares of 250,000 shares of common stock, our stockholders' equity would have increased slightly to approximately \$2.8 million, or approximately \$0.043 per share, based on 65,692,260 shares of our common stock outstanding. This represents an immaterial increase in stockholders' equity per share to existing stockholders in this offering, due to the inclusion of approximately \$400,000 in stockholders' equity related to the Initial Closing. Assuming the potential exercise of warrants for 3,000,000 shares of common stock and the potential interest shares of 250,000 shares of common stock, our stockholders' equity would remain at approximately \$2.8 million, or approximately \$0.040 per share, based on 68,942,260 shares of our common stock outstanding. The following table illustrates this per share dilution:

Stockholders' equity per share as of March 31, 2008 and assuming the Initial Closing has not occurred	\$ 0.040
Stockholders' equity per share as of March 31, 2008 and assuming the Initial Closing has occurred	\$ 0.043
As adjusted stockholders' equity per share after approval of the Interest Shares and Warrant Shares	\$ 0.040
Dilution per share to Investors if Proposal 3 is approved.	\$ 0.003

These calculations exclude shares of common stock issuable upon exercise of options, warrants and other rights, and the effect of shares of common stock issued, except as indicated above for ProQuest Investments, since the Record Date.

The following table sets forth the dilutive effect on the beneficial ownership of the existing stockholders (other than ProQuest Investments) upon full exercise of the warrants and full conversion of the interest shares in the Initial Closing.

Existing Stockholders (other than ProQuest Investments) (1)(2):	Beneficial Ownership of Existing Stockholders at Initial Closing (3)		Beneficial Ownership of Existing Stockholders upon full exercise of warrants and full conversion of interest shares (4)	
	Number	Percentage	Number	Percentage
	80,953,626	85.7%	80,953,626	82.9%

(1) For the purposes of the foregoing table, the calculation of beneficial ownership assumes that the Subsequent Closing has not occurred.

(2) For purposes of clarification, the percentage represented by the Existing Stockholders excludes any current and prior ownership of ProQuest Investments, but includes all options, warrants and other convertible securities held by the Existing Stockholders exercisable within 60 days of the Record Date.

(3) Ownership is based upon the number of outstanding shares of common stock as of the Record Date and includes all options, warrants and other convertible securities held by the Existing Stockholders exercisable within 60 days of the Record Date. This calculation also assumes full conversion of the convertible notes in the Initial Closing at the related conversion price.

(4) Ownership is based on the sum of (a) the number of outstanding shares of common stock as of the Record Date, (b) the total number of options, warrants and other convertible securities exercisable within 60 days of the Record Date, assuming full conversion or full exercise at the related conversion price or exercise price, and (c) the total number of shares underlying all convertible notes and warrants issued, and to be issued, in the financing, assuming full conversion at the related conversion price and full exercise at the related exercise price, and including interest shares assuming issuance at the related conversion price.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE POTENTIAL ISSUANCE OF 3,250,000 SHARES OF OUR COMMON STOCK RESULTING FROM: (1) THE REMOVAL OF THE CAP OF 19.99% ON THE WARRANTS ISSUED IN THE INITIAL CLOSING; AND (2) THE INTEREST SHARES PROVISION OF THE CONVERTIBLE NOTES IN THE INITIAL CLOSING.

PROPOSAL 4

**RATIFICATION OF THE SELECTION OF J.H. COHN LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008**

The Audit Committee, pursuant to its charter, has selected the independent registered public accounting firm of J.H. Cohn LLP for the purpose of auditing and reporting upon the financial statements of NovaDel for the fiscal year ending December 31, 2008. Neither the firm, nor any of its members has any direct or indirect financial interest in NovaDel. J.H. Cohn LLP has been employed by us to audit our financial statements since November 2003.

While the Audit Committee is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm, the Audit Committee and our Board are requesting, as a matter of policy, that the stockholders ratify the appointment of J.H. Cohn LLP as our independent registered public accounting firm. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if the stockholders do not ratify the selection, the Audit Committee may investigate the reasons for stockholder rejection and may consider whether to retain J.H. Cohn LLP or to appoint another independent registered public accounting firm. Furthermore, even if the appointment is ratified, the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of NovaDel and our stockholders. A formal statement by representatives of J.H. Cohn LLP is not planned for the Annual Meeting. However, representatives of J.H. Cohn LLP are expected to be present at the Annual Meeting and will be available to respond to appropriate questions by stockholders.

Report of the Audit Committee

The Audit Committee of the Board is currently composed of three members and acts under a written charter originally adopted in September 2003, which has been reviewed and amended on an annual basis. The current members of the Audit Committee possess the financial sophistication required by its charter and applicable rules. The Audit Committee's written charter is available on our website at www.novadel.com.

Management is responsible for our financial statements and the overall financial reporting process, including our system of internal control and for the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. The independent registered public accounting firm audits the annual financial statements prepared by management, expresses an opinion as to whether those financial statements present fairly the financial position, results of operations and cash flows of NovaDel in conformity with accounting principles generally accepted in the United States of America and discusses with the Audit Committee any issues they believe should be raised with the Audit Committee.

The Audit Committee has reviewed and discussed with our management NovaDel's audited financial statements for the year ended December 31, 2007. The Audit Committee also reviewed and discussed with our independent registered public accounting firm those matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Accounting Oversight Board in rule 3200T. These standards require our independent registered public accounting firm to communicate to our Audit Committee, among other things, the following:

- methods used to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates, and the basis for the independent registered public accounting firm's conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires independent registered public accounting firms annually to disclose in writing all relationships that, in the independent registered public accounting firm's professional opinion, may reasonably be thought to bear on independence, confirm their perceived independence, and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence with respect to NovaDel. The Audit Committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to NovaDel is compatible with maintaining such independent registered public accounting firm's independence.

Based upon the review and discussions referred to above, the Audit Committee has recommended to our Board that NovaDel's audited financial statements referred to above be included in our Annual Report on Form 10-K for the period ended December 31, 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our named executive officers during the 2007 fiscal year. Our Chief Executive Officer, Chief Financial Officer and the other named executive officers included in the Summary Compensation Table on page 40 will be referred to as the "named executive officers" for purposes of this discussion.

This year's overview of our executive compensation policy has been significantly expanded to provide a more comprehensive picture to you, the stockholder, of both the rationale behind executive compensation decisions and the manner in which those decisions are made. In developing our enhanced disclosure, the Compensation Committee of the Board, or Committee, relied upon the principles contained in the newly adopted regulations governing public company executive compensation disclosure that were recently approved by the Securities and Exchange Commission.

Compensation Objectives and Philosophy

The Committee is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- motivate, recruit and retain executives capable of meeting our strategic objectives;
- provide incentives to ensure superior executive performance and successful financial results for NovaDel; and
- align the interests of the named executive officers with the long-term interests of our stockholders.

The Committee seeks to achieve these objectives by:

- establishing a compensation structure that is both market competitive and internally fair;
- linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;
- providing upward leverage for overachievement of goals; and
- providing long-term equity-based incentives.

In order to achieve the above goals, our total compensation package includes base salary and annual bonus, all paid in cash, as well as long-term compensation in the form of stock options and restricted stock. We believe that appropriately balancing the total compensation package is necessary in order to provide market-competitive compensation.

Setting Executive Compensation

Role of Compensation Committee and Chief Executive Officer. The Committee oversees the design, development and implementation of the compensation program for the Chief Executive Officer and the other named executive officers. The Committee evaluates the performance of the Chief Executive Officer and determines the Chief Executive Officer's compensation in light of the goals and objectives of the compensation program. The Chief Executive Officer and the Committee together assess the performance of the other named executive officers employed by us as of December 31 and determine their compensation, based on initial recommendations from the Chief Executive Officer. Our Interim Chief Executive Officer provided the Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Committee with respect to the compensation packages for those officers for the 2007 fiscal year.

Mr. Steven B. Ratoff, the Company's Chairman of the Board, also serves as the Company's Interim President and Chief Executive Officer. He was appointed as Interim President and Chief Executive Officer on July 25, 2007, concurrent with the resignation of Dr. Jan Egberts. Mr. Ratoff does not have an employment agreement with the Company in connection with his service as Interim President and Chief Executive Officer. In connection with Mr. Ratoff's services as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. During the year ended December 31, 2007, Mr. Ratoff received \$206,500 in consulting fees. As Mr. Ratoff is still a non-employee, he will continue to receive his annual retainer and option awards as a member of the Board.

The other named executive officers do not play a role in their own compensation determination, other than discussing individual performance objectives and results with the Chief Executive Officer.

Role of Compensation Consultant. In 2006, the Committee utilized Compensation Resources, Inc., or CRI, a nationally recognized compensation consulting firm to provide competitive compensation data and general advice in the design of programs that affect the named executive officers compensation, including the Chief Executive Officer. Our named executive officers did not participate in the selection of the consultant. We have not used the services of any other compensation consultant in matters affecting the named executive officers or Director compensation. In the future, we, or the Committee, may engage or seek the advice of other compensation consultants. During 2006, CRI performed a market analysis of the compensation paid by comparable pharmaceutical and drug delivery companies and provided the Committee with recommended compensation ranges for each named executive officer position based on the competitive data. During 2007, CRI acted as an advisor to the Committee on certain compensation-related matters.

Competitive Position

The Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Board and reward the executives for achieving such goals. At the end of the year, the Committee reviews the performance of each named executive officer in achieving the established objectives. These results are included with the overall performance review provided by the Chief Executive Officer, after which the Committee votes upon any recommendations for salary adjustments, stock option grants and cash incentives. The Chief Executive Officer then executes the actions recommended by the Committee with respect to such matters.

In CRI's market analysis of compensation performed in 2006, the relevant peer group for compensation and benefit programs consists primarily of companies of comparative size, similar businesses and geographic scope. These are the firms with which NovaDel competes for talent. The comparator group was chosen to include companies with similar market capitalization, similar revenue size, and some direct competitors. The comparator group is different from the companies used in the "Performance Graph" on page 46 of our Annual Report on Form 10-K for the period ended December 31, 2007. The reason for this is that NovaDel has business competitors with whom we benchmark against for financial performance, but also have business and talent competitors against whom we benchmark for pay purposes. Additionally, the positions were compared to published survey data from nationally recognized sources to ensure the accuracy and validity of the proxy peer group. The companies from the peer analysis are listed below:

Components of Compensation

The key components of NovaDel's executive compensation package are cash compensation (salary & annual incentives), long term incentives and company-sponsored benefit plans. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by our named executive officers. We seek to achieve our compensation objectives through five key compensation elements:

- base salary;
- annual short-term cash incentives;
- long-term equity incentive awards;
- special benefits; and
- change in control and other severance agreements.

Base Salary. In General □ It is the Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their named executive officers with a guaranteed annual component of compensation that is not subject to performance risk. The Committee

works with outside consultants as necessary to establish salary ranges for the named executive officers, with minimum to maximum opportunities that cover the normal range of market variability. The actual base salary for each named executive officer is then derived from those salary ranges based on his responsibility, tenure and past performance and market comparability.

Annual base salaries for the named executive officers are reviewed and approved by the Committee in the first fiscal quarter following the end of the previous performance year. Changes in base salary are based on the scope of an individual's current job responsibilities, individual performance in the previous performance year, target pay position relative to the peer group, and our salary budget guidelines. The Committee reviews established goals and objectives and determines an individual's achievement of those goals and objectives and considers the recommendations provided by the Chief Executive Officer to assist it in determining appropriate salaries for the named executive officers other than the Chief Executive Officer. For any given performance year, actual salary increases may range from 0% to 10% of the salary guidelines based on individual performance. This broad range allows for meaningful differentiation on a pay for performance basis.

Changes for Fiscal Year 2008 □ The Committee met in December 2007 to evaluate the performance and compensation for each named executive officer. The Committee reviewed compensation of comparable companies and recognized the need to retain current management given individual and collective performance. As a result of the Company's cash position and requirement for additional funding, the Committee recommended to the Board that no merit increases be granted to our named executive officers for 2008.

Annual Bonuses. In General □ As part of their compensation package, our named executive officers have the opportunity to earn annual bonuses. Annual bonuses are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. Pursuant to the individual employment agreements, the Committee establishes each year a target award for each named executive officer based on a percentage of base salary. Annual bonus targets as a percentage of salary increase with executive rank so that for the more senior executives, a greater proportion of their total cash compensation is contingent upon annual performance.

At the beginning of the performance year, each named executive officer, in conjunction with the Chief Executive Officer, establishes annual goals and objectives. Actual bonus awards are based on an assessment against the pre-established goals for each named executive officer's individual performance, the performance of the business function for which he is responsible, and/or our overall performance for the year. For any given performance year, proposed annual bonuses may range from 0% to 100% of target, or higher under certain circumstances, based on corporate and individual performance. Corporate and individual performance has a significant impact on the annual bonus amounts because the Committee believes it is a precise measure of how the named executive officer contributed to business results.

Fiscal 2007 Performance Measures and Payouts □ In 2007, annual bonus targets ranged from 30% to 50% of base salary for the named executive officers and were payable based on the Committee's subjective review of both the performance of NovaDel as well as individual performance. The Committee utilizes annual bonuses to compensate officers for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives will vary depending on the individual executive, but will relate generally to (i) operational goals such as the development of our product candidates and the identification and advancement of additional product candidates, (ii) strategic goals such as the establishment of operating plans and budgets, review of organization and staff, and (iii) the enhancement of stockholder value.

At the end of each fiscal year, the Committee determines the level of achievement with respect to each corporate goal, and decides the overall percent of corporate goal achievement for purposes of annual bonuses. For this assessment, the Committee evaluates the status of NovaDel's development programs and clinical progress, corporate development and regulatory compliance activities. These qualitative factors are also typically used by comparable companies to evaluate performance and involve a subjective assessment of corporate performance by the Committee. Moreover, the Committee does not base its considerations on a single performance factor, but rather considers a mix of factors and evaluates company and individual performance against that mix. The Chief Executive Officer provides written evaluations for the named executive officers, other than himself, to the Committee along with his recommendations for each individual performance factor. The Committee reviews the performance and assessment of each named executive officer and then evaluates the Chief Executive Officer and assigns a weight to each individual achievement factor. The table below details fiscal 2007 annual bonus targets and actual payouts for our previous Chief Executive Officer, our Chief Operating Officer, our Chief Business Officer, and our Chief Financial Officer.

(1) Dr. Egberts resigned on July 23, 2007.

(2) Mr. Cohen received a bonus payment for certain licensing agreements closed in 2006, consistent with his employment agreement. Mr. Cohen's employment agreement was terminated on March 16, 2007.

Change for Fiscal Year 2008 [As in 2007, annual bonuses for 2008, if any, will be based on achievement of pre-established company objectives and individual goals for each named executive officer and, for each named executive officer other than the Chief Executive Officer, a subjective review of that individual's performance. Corporate performance targets may include such measures as strategic plan metrics while individual performance targets may include operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified and documented at the beginning of each fiscal year. It is the Committee's intention to base a greater percentage of the annual award payout on corporate as opposed to individual performance for higher level executives, with 100% of the Chief Executive Officer's annual bonus tied to the attainment of corporate performance objectives.

For the 2008 fiscal year awards, the potential payout may range from 0 □100% of target, or higher under certain circumstances. The Committee has also retained the discretion to reduce the dollar amount of the awards otherwise payable to the named executive officers. Our objectives relating to development and clinical goals for 2008 include the following:

pursuit of strategic partners for the European rights to our oral spray formulation of ondansetron, and certain other products; pursuit of strategic partners for our zolpidem oral spray; and approval of a New Drug Application, or NDA for zolpidem oral spray.

The table below shows the dollar amount of the 2007 and 2008 annual target bonus for each named executive officer, together with percentage of base salary represented by that target:

Name	Title	2007 Target Bonus (\$)	2007 Target Bonus (% Salary)	2008 Target Bonus (\$)
Steven B. Ratoff(1)	Interim President and Chief Executive Officer	\$0	0%	\$0
David H. Bergstrom, Ph.D.	Senior Vice President and Chief Operating Officer	\$100,000	33.33%	\$90,000
Michael E. Spicer, CPA	Chief Financial Officer and Corporate Secretary	\$76,900	30%	\$76,900
Deni M. Zodda, Ph.D.	Senior Vice President and Chief Business Officer	\$82,500	30%	\$82,500

(1) Mr. Ratoff entered into a consulting arrangement with the Company in 2006, and is compensated under that arrangement at a rate of \$17,500 per month, plus reimbursement of reasonable expenses. Mr. Ratoff is not entitled to a bonus.

Mr. Steven B. Ratoff, the Company's Chairman of the Board, also serves as the Company's Interim President and Chief Executive Officer. Mr. Ratoff does not have an employment agreement with the Company in connection with his service as Interim President and Chief Executive Officer, and therefore does not receive a base salary or annual bonus. In connection with Mr. Ratoff's services as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. Mr. Ratoff will also receive compensation as a member of the Board. On July 25, 2007, Mr. Ratoff was appointed as Interim President and Chief Executive Officer of the Company, concurrent with the resignation with Dr. Jan Egberts.

Long-Term Incentive Equity Awards. **In General** - We believe that long-term performance is achieved through an ownership culture that encourages high performance by our named executive officers through the use of stock-based awards. Our equity plans have been established to provide our employees, including our named executive officers, with incentives to help align employees' interests with the interests of our stockholders. The Committee believes that the use of stock-based awards offers the best approach to achieving our compensation goals. We have historically elected to use stock options as the primary long-term equity incentive vehicle; however, the Committee has used restricted stock and may in the future utilize restricted stock as part of our long-term incentive program. We have expensed stock option grants under Statement of Financial Accounting Standards 123R, Share-Based Payment (SFAS 123R), since August 1, 2005. Due to the early stage of our business and our desire to preserve cash, we expect to provide a greater portion of total compensation to our named executive officers through stock options and restricted stock grants than through cash-based compensation.

Stock Options. Our stock plans authorize us to grant options to purchase shares of Common Stock to our employees, Directors and consultants. The Committee generally oversees the administration of our stock option plans. In 2007, the Committee delegated the authority to our Chief Executive Officer to make initial option grants to certain new employees within an approved range. All new employee grants in excess of the Chief Executive Officer's limit and any grant to a named executive officer are approved by the Committee. Stock options may be granted at the commencement of employment, annually, occasionally following a significant change in job responsibilities or to meet other objectives.

The Committee reviews and approves stock option awards to named executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each named executive officer's existing long-term incentives, and retention considerations. Periodic stock option grants are made at the discretion of the Committee to eligible employees and, in appropriate circumstances, the Committee considers the recommendations of members of management, such as Steven B. Ratoff, our Interim President and Chief Executive Officer.

In 2007, certain named executive officers were awarded stock options in the amounts included in the Grants of Plan-Based Awards table on page 41. Stock options granted by us have an exercise price equal to the fair market value of our Common Stock on the day of grant, typically vest annually over a three-year period or upon the achievement of certain performance-based milestones and are based upon continued employment, and generally expire ten (10) years after the date of grant. The fair value of the options granted to the named executive officers in the Summary Compensation Table on page 40, is determined in accordance with SFAS 123R. The Committee has also granted performance based options to certain of our named executive officers. Incentive stock options also include certain other terms necessary to ensure compliance with the Internal Revenue Code of 1986, as amended.

We expect to continue to use stock options as a long-term incentive vehicle because:

Stock options align the interests of our named executive officers with those of our stockholders, supporting a pay-for performance culture, foster employee stock ownership, and focus the management team on increasing value for our stockholders.

Stock options are performance based. All of the value received by the recipient of a stock option is based on the growth of the stock price.

Stock options help to provide a balance to the overall executive compensation program as base salary and annual bonuses focus on the short-term compensation, while the vesting of stock options increases stockholder value over the longer term.

The vesting period of stock options encourages executive retention and the preservation of stockholder value. In determining the number of stock options to be granted to our named executive officers, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance and the value of stock options in relation to other elements of the individual named executive officer's total compensation.

Restricted Stock. Our 2006 Equity Incentive Plan authorizes us to grant restricted stock. As of December 31, 2007, we had granted 100,000 shares of restricted stock to one named executive officer at a fair market value of \$1.71 per share. In addition, on February 6, 2008, we granted 1.1 million shares of restricted stock to our Interim President and Chief Executive Officer, our three executive officers, and other non-executive employees of the Company. In order to implement our long-term incentive goals, we anticipate that we may grant additional shares of restricted stock in the future.

Executive Benefits and Perquisites

Our named executive officers, who are parties to employment agreements, will continue to be parties to such employment agreements in their current form until the expiration of the employment agreement or until such time as the Committee determines in its discretion that revisions to such employment agreements are advisable. In addition, consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our named executive officers, including medical, dental and life insurance and the ability to contribute and receive a company match to a 401(k) plan; however, the Committee in its discretion may revise, amend or add to the officer's executive benefits if it deems it advisable. We believe these benefits are currently comparable to benefit levels for comparable companies. We have no current plans to change either the employment agreements (except as required by law or as required to clarify the benefits to which our named executive officers are entitled as set forth herein) or level of benefits.

Severance and Change in Control Arrangements

The specific terms of our severance and change in control arrangements are discussed in detail below under the headings Potential Payments Upon Termination or Change in Control on page 44 and Employment Agreements beginning on page 45. As a general matter, however, we believe that reasonable severance and change in control protection for our named executive officers is necessary in order for us to recruit and retain qualified executives.

Equity Grant Policy

All grants to our named executive officers are at the discretion of the Board, following review and input by the Committee.

IRC Section 162(m) compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our named executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, our compensation program is designed to reward executives for the achievement of our performance objectives. The stock plan is designed in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, compensation attributable to awards granted under the plans may not be treated as qualified performance-based compensation under Section 162(m). In addition, the Committee considers it important to retain flexibility to design compensation programs that are in the best interests of NovaDel and its stockholders and, to this end, the Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limitations under Section 162(m) when the Committee believes that compensation is appropriate and in the best interests of NovaDel and our stockholders, after taking into consideration changing business conditions and performance of our employees.

Compensation Committee Report

The Compensation Committee evaluates and establishes compensation for the named executive officers, NovaDel's stock plans, and other management incentive, benefit and perquisite programs. Management has the primary responsibility for our financial statements, including the disclosure of executive compensation. With this in mind, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section beginning on page 32 of this Proxy Statement. The Compensation Committee is satisfied that the Compensation Discussion and Analysis fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regard to executive compensation. The Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the Securities and Exchange Commission.

Employment Agreements

From 2004 through 2007, we entered into agreements with Dr. Egberts, Dr. Bergstrom, Mr. Spicer and Dr. Zodda. In exchange for the benefits offered under the agreements, these executives have agreed not to engage in competitive activities or to interfere with our business relations for a specified period of time following the termination of their employment. The individual agreements of the named executive officers are summarized below.

Jan H. Egberts, M.D. On July 23, 2007, the Board of Directors of NovaDel accepted the resignation of Dr. Egberts from his officer and director positions with the Company effective July 25, 2007. Dr. Egberts had served as the Company's President and Chief Executive Officer since December 23, 2005 and as a Director since January 2006. There was no disagreement between Dr. Egberts and the Company on any matter relating to the Company's

operations, policies or practices. On September 13, 2007, in connection with his resignation, Dr. Egberts and NovaDel entered into a Separation, Consulting and General Release Agreement (the "Agreement"). Under the terms of the Agreement, Dr. Egberts will provide us with certain consulting services, not to exceed forty (40) hours in any calendar month, for a period of twelve (12) months, beginning on the date of execution of the Agreement and ending July 25, 2008. Dr. Egberts shall receive fees for such services at a rate of \$363,000 per annum, payable in equal bi-weekly installments during the term of the Agreement. In addition, options previously granted to Dr. Egberts which were outstanding as of July 25, 2007 but not otherwise vested and exercisable, immediately vested and became exercisable under the Agreement and shall remain outstanding until the expiration of the Term. The Agreement contains customary provisions concerning confidentiality and non-competition.

David H. Bergstrom, Ph.D. Dr. Bergstrom's agreement expires on December 4, 2009. His agreement currently provides for:

annual base salary of \$300,000, subject to periodic and customary review for increase by the Board or Compensation Committee;
an annual bonus of \$100,000 for the period commencing on January 1, 2007 and ending on December 31, 2007 and thereafter eligible to receive an annual bonus equal to 30% of base salary;
and
options to purchase 900,000 shares of Common Stock and 100,000 shares of restricted stock pursuant to our 2006 Equity Incentive Plan.

If Dr. Bergstrom's employment is terminated as a result of his death or disability, we shall (i) pay to Dr. Bergstrom or to Dr. Bergstrom's estate, as applicable, (x) his base salary and any accrued and unpaid bonus and expense reimbursement amounts through the date of his death or disability and (y) the pro rata portion of the guaranteed bonus and stock options earned by Dr. Bergstrom during the year of his death or disability (which, for this purpose, shall be prorated in accordance with the number of full months in such year during which Dr. Bergstrom was employed hereunder), and (ii) for the longer of twelve (12) months following his death or disability or the balance of the agreement (as if such termination had not occurred) provide continuation coverage to the members of Dr. Bergstrom's family and, in the case of termination for disability, Dr. Bergstrom under all major medical and other health, accident, life or other disability plans and programs in which such family members and, in the case of termination for disability, Dr. Bergstrom participated immediately prior to his death or disability. All stock options that are scheduled to vest by the end of the calendar year in which such termination occurs shall be accelerated and deemed to have vested as of the termination date. All stock options that have not vested (or been deemed pursuant to the immediately preceding sentence to have vested) as of the date of termination shall be deemed to have expired as of such date. Any stock options that have vested as of the date of Dr. Bergstrom's death (including the options described in the immediately preceding sentence) shall remain exercisable for a period of one hundred and eighty (180) days after the date of his death; in the event of a disability, any unexercised option may be exercised in whole or in part, within the first ninety (90) days after such termination of employment or service. If Dr. Bergstrom's employment is terminated by us for "Cause" or by Dr. Bergstrom other than for "Good Reason," we shall pay: (i) base salary through the date of termination; (ii) all options that have not vested as of the date of any such termination shall be deemed to have expired; (iii) Dr. Bergstrom's right to exercise any vested options shall terminate as of such date; and (iv) any restricted shares that are then forfeitable shall be forfeited immediately. If Dr. Bergstrom is terminated by us (or our successor) upon a "Change of Control," we (or our successor, as applicable) shall pay: (i) base salary for a period of one year following termination; (ii) any bonus that would otherwise be due to Dr. Bergstrom by the end of the calendar end of the year in which such termination occurs; (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all options not vested shall be accelerated and deemed to have vested. If Dr. Bergstrom is terminated prior to end of term by us other than as a result of death or disability or Dr. Bergstrom's employment is terminated by Dr. Bergstrom for "Good Reason" or we provide notice to Dr. Bergstrom that the agreement will not be renewed, we shall pay: (i) twelve (12) month severance from date of public announcement of same; (ii) the bonus that would have otherwise been due, unless there is documentation on file for a period of at least three (3) months regarding performance issues which have not been cured, to Dr. Bergstrom in the calendar year in which such termination or non-renewal occurs; (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all options that are granted shall be accelerated and deemed to have vested and all vested options at date of termination shall expire ninety (90) days post termination of employment. However, our obligation will be reduced if compensation is received from other employment for these amounts otherwise actually earned by Dr. Bergstrom during the one year period following the termination of his employment.

Michael E. Spicer. Mr. Spicer's agreement was renewed on January 22, 2008, to be effective from December 20, 2007. The agreement as renewed expires on December 20, 2008, and is subject to automatic extension for successive one-year periods on the anniversary of the effective date unless either party gives written notice, no later than 90 days preceding the date of any such extension, of an intention not to further extend the term. Mr. Spicer's original agreement with the Company, which was further amended on September 2, 2005 and March 12, 2007, expired on December 20, 2007. His current agreement provides for:

an annual base salary of \$256,200, subject to periodic and customary review for increase by the Board or Compensation Committee;
eligible to receive an annual bonus equal to 30% of base salary; and
eligible to receive additional grants of stock options and other equity awards, in addition to equity awards which Mr. Spicer has already received.

If Mr. Spicer's employment is terminated as a result of his death or disability, we shall (i) pay to Mr. Spicer or to Mr. Spicer's estate, as applicable, (x) his base salary through the date of his death or disability and (y) the bonus, if any, that would otherwise have been due at the end of the calendar year in which such death or disability occurs; and the pro rata portion of the stock options earned by Mr. Spicer during the year of his death or disability, prorated in accordance with the number of full months in such year during which Mr. Spicer was employed by us; (ii) for the longer of twelve (12) months following his death or disability or the balance of the agreement (as if such termination had not occurred) provide continuation coverage to the members of Mr. Spicer's family and, in the case of termination for disability, to Mr. Spicer under all major medical and other health, accident, life or other disability plans and programs in which such family members and, in the case of termination for disability, Mr. Spicer participated immediately prior to his death or disability; and (iii) pay any expense reimbursement amounts owed through the date of death or disability. All stock options that are scheduled to vest by the end of the calendar year in which such termination occurs shall be accelerated and deemed to have vested as of the termination date. All stock options that have not vested (or been deemed pursuant to the immediately preceding sentence to have vested) as of the date of termination shall be deemed to have expired as of such date. Any stock options that have vested as of the date of Mr. Spicer's death (including the options described in the immediately preceding sentence) shall remain exercisable for a period of one hundred and eighty (180) days after the date of his death; in the event of a disability, any unexercised option may be exercised in whole or in part, within the first ninety (90) days after such termination of employment or service. If Mr. Spicer's employment is terminated by us for "Cause" or by Mr. Spicer other than for "Good Reason," we shall pay (i) base salary through the date of termination; (ii) all options that have not vested shall be deemed to have expired as of such date and; (iii) all rights to exercise any vested options shall terminate. If Mr. Spicer is terminated by us (or our successor) upon a "Change of Control," we (or our successor, as applicable), upon receiving a copy of a release and separation agreement signed by Mr. Spicer, shall pay within ten (10) business days: (i) a lump sum equivalent to twelve (12) months of base salary, and (ii) a lump sum equivalent to the bonus, if any, that would otherwise have been due at the end of the calendar year in which such termination occurs; and (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all stock options that have not vested as of the date of such termination shall be accelerated and deemed to have vested. If Mr. Spicer is terminated by us other than as a result of death or disability or Mr. Spicer terminates for "Good Reason," we shall pay: (i) base salary for a period of twelve (12) months following termination; and (ii) any accrued and unpaid bonus and expense reimbursement amounts through the date of termination

Deni M. Zodda, Ph.D. Dr. Zodda's agreement expires on February 22, 2010. His agreement currently provides for:

eligible to receive an annual bonus equal to 30% of base salary; and
an incentive stock option to purchase 68,027 shares of Common Stock and a non-qualified stock option to purchase 598,973 shares of Common Stock pursuant to our 2006 Equity Incentive Plan.

If Dr. Zodda's employment is terminated as a result of his death or disability, we shall (i) pay to Dr. Zodda or to Dr. Zodda's estate, as applicable, (x) his base salary through the date of his death or disability and (y) the bonus, if any, that would otherwise have been due at the end of the calendar year in which such death or disability occurs; and the pro rata portion of the stock options earned by Dr. Zodda during the year of his death or disability, prorated in accordance with the number of full months in such year during which Dr. Zodda was employed by us; (ii) for the longer of twelve (12) months following his death or disability or the balance of the agreement (as if such termination had not occurred) provide continuation coverage to the members of Dr. Zodda's family and, in the case of termination for disability, to Dr. Zodda under all major medical and other health, accident, life or other disability plans and programs in which such family members and, in the case of termination for disability, Dr. Zodda participated immediately prior to his death or disability; and (iii) pay any expense reimbursement amounts owed through the date of death or disability. All stock options that are scheduled to vest by the end of the calendar year in which such termination occurs shall be accelerated and deemed to have vested as of the termination date. All stock options that have not vested (or been deemed pursuant to the immediately preceding sentence to have vested) as of the date of termination shall be deemed to have expired as of such date. Any stock options that have vested as of the date of Dr. Zodda's death (including the options described in the immediately preceding sentence) shall remain exercisable for a period of one hundred and eighty (180) days after the date of his death; in the event of a disability, any unexercised option may be exercised in whole or in part, within the first ninety (90) days after such termination of employment or service. If Dr. Zodda's employment is terminated by us for "Cause" or by Dr. Zodda other than for "Good Reason," we shall pay (i) base salary through the date of termination; (ii) all options that have not vested shall be deemed to have expired as of such date and; (iii) all rights to exercise any vested options shall terminate. If Dr. Zodda is terminated by us (or our successor) upon a "Change of Control," we (or our successor, as applicable), upon receiving a copy of a release and separation agreement signed by Dr. Zodda, shall pay within ten (10) business days: (i) a lump sum equivalent to twelve (12) months of base salary, and (ii) a lump sum equivalent to the bonus, if any, that would otherwise have been due at the end of the calendar year in which such termination occurs; and (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all stock options that have not vested as of the date of such termination shall be accelerated and deemed to have vested. During the first year of Dr. Zodda's agreement, if he is terminated by us other than as a result of death or disability or Dr. Zodda terminates for "Good Reason," we shall pay: (i) base salary for a period of six (6) months following termination; and (ii) any accrued and unpaid bonus and expense reimbursement amounts through the date of termination. However, our obligation shall be reduced, by amounts otherwise actually earned by Dr. Zodda during the six (6) month period following termination. If Dr. Zodda is terminated during the second and third year of the agreement by us other than as a result of death or disability or Dr. Zodda terminates for "Good Reason," we shall pay: (i) base salary for a period of twelve (12) months following termination; and (ii) any accrued and unpaid bonus and expense reimbursement amounts through the date of termination. However, our obligation shall be reduced, by amounts otherwise actually earned by Dr. Zodda during the twelve (12) month period following termination.

Barry C. Cohen. On March 16, 2007, the Employment Agreement between Mr. Cohen and us was terminated in connection with Mr. Cohen entering into a Settlement/Release Agreement with us. The Settlement/Release Agreement provided Mr. Cohen with payments of approximately \$114,000 over a six-month period. In addition, Mr. Cohen received a bonus payment in the amount of \$34,200 and a grant of 10,000 options for certain licensing agreements closed during 2006, which options have lapsed. Mr. Cohen released NovaDel from any further obligations related to his departure.

The foregoing agreements also provide for certain non-competition and non-disclosure covenants on the part of such executive. However, with respect to the non-competition covenants, a court may determine not to enforce such provisions or only partially enforce such provisions. Additionally, each of the foregoing agreements provides for certain fringe benefits, such as inclusion in pension, profit sharing, stock option, savings, hospitalization and other benefit plans at such times as we may adopt them.

Section 16(a) Beneficial Ownership Reporting Compliance

Directors, named executive officers and beneficial owners of more than 10% of our Common Stock are required by Section 16(a) of the Securities Exchange Act of 1934 and related regulations to file ownership reports on Forms 3, 4 and 5 with the Securities and Exchange Commission and the principal exchange upon which such securities are traded or quoted and to furnish us with copies of the reports. Based solely on a review of the copies of such forms furnished to us, we believe that from January 1, 2007 to December 31, 2007, that all Section 16(a) filing requirements applicable to our named executive officers, Directors and greater than 10% holders of our Common Stock were in compliance.

Certain Relationships and Related Transactions

To the best of management's knowledge, other than (i) compensation for services as named executive officers and Directors or (ii) as set forth below, there were no material transactions, or series of similar transactions, or any currently proposed transactions, or series of similar transactions, to which we were or were to be a party, in which the amount involved exceeds \$120,000 during fiscal 2007, and in which any Director or named executive officer, or any security holder who is known by us to own of record or beneficially more than 5% of any class of the Common Stock, or any member of the immediate family of any of the foregoing persons, has an interest.

In April 2003, we entered into a license and development agreement with Manhattan Pharmaceuticals, Inc., or Manhattan Pharmaceuticals, for the worldwide, exclusive rights to our oral spray technology to deliver propofol for pre-procedural sedation. During the year ended December 31, 2007, the five months ended December 31, 2006 and for the year ended July 31, 2006, we did not invoice Manhattan Pharmaceuticals for any reimbursable expenses. Dr. Rosenwald may be deemed to be an affiliate of Manhattan Pharmaceuticals.

In September 2004, we entered into a license and development agreement with Velcera Pharmaceuticals Inc., or Velcera, in connection with veterinary applications for currently marketed veterinary drugs. We may receive additional milestone payments and royalty payments over the 20-year term of the agreement. During the year ended December 31, 2007, the five months ended December 31, 2006 and for the year ended July 31, 2006, we invoiced Velcera approximately \$0, \$0 and \$228,000, respectively, for reimbursable expenses. Dr. Rosenwald may be deemed to be an affiliate of Velcera.

In October 2004, we entered into a license agreement with Hana Biosciences Inc., or Hana Biosciences, for the marketing rights in the U.S. and Canada for our ondansetron oral spray technology. During the year ended December 31, 2007, the five months ended December 31, 2006 and the fiscal year ended July 31, 2006, we received \$0, \$1,000,000 and \$1,500,000, respectively, in milestone payments from Hana Biosciences. During the year ended December 31, 2007, the five months ended December 31, 2006 and for the year ended July 31, 2006, we invoiced Hana Biosciences approximately \$0, \$0 and \$13,000, respectively, for pass-through expenses incurred by us on behalf of Hana Biosciences. In January 2006, Hana Biosciences announced positive study results of a pivotal clinical trial for Zensana. Hana Biosciences submitted its NDA on June 30, 2006 and such NDA was accepted for review by the FDA in August 2006. Previously, Hana Biosciences targeted final approval from the FDA and commercial launch in calendar 2007. However, on February 20, 2007, we announced that Hana Biosciences notified us that ongoing scale-up and stability experiments indicate that there is a need to make adjustments to the formulation and/or manufacturing process, and that there is likely to be a delay in the FDA approval and commercial launch of Zensana as a result thereof. On March 23, 2007, Hana Biosciences announced its plan to withdraw, without prejudice, its pending NDA for Zensana with the FDA, and that it plans to re-direct the development plan for Zensana using our patent-protected European formulation of the product.

On July 31, 2007, we entered into a Product Development and Commercialization Sublicense Agreement with Hana Biosciences and Par, pursuant to which Hana Biosciences granted a sublicense to Par to develop and commercialize Zensana[®]. Par is responsible for all development, regulatory, manufacturing and commercialization activities of Zensana[®] in the United States and Canada, including the development and re-filing of the NDA in the United States. In addition, we entered into an Amended and Restated License Agreement with Hana Biosciences, pursuant to which Hana Biosciences relinquished its right to pay reduced royalty rates to us until such time as Hana Biosciences had recovered one-half of its costs and expenses incurred in developing Zensana[®] from sales of Zensana[®] and we agreed to surrender for cancellation all 73,121 shares of the Hana Biosciences common stock we acquired in connection with execution of the original license agreement with Hana Biosciences. Par has announced that it expects to complete clinical development on the revised formulation of Zensana[®] during 2008, and expects to submit a new NDA for Zensana[®] by the end of 2008.

We will receive a milestone payment from Hana Biosciences upon final approval from the FDA. In addition, we will receive double-digit royalty payments based upon a percentage of net sales. We retain the rights to our ondansetron oral spray outside of the U.S. and Canada. Dr. Rosenwald may be deemed to be an affiliate of Hana Biosciences.

In April 2006, we closed a private placement of 8,092,796 shares of Common Stock and warrants to purchase a total of 2,427,839 shares of Common Stock with an exercise price of \$1.60 per share of Common Stock. We received proceeds, net of offering costs, of approximately \$10,593,000. Griffin Securities, Inc. and Paramount BioCapital, Inc., or Paramount, a NASD broker-dealer, acted as the placement agents for this private placement. The placement agents were paid an aggregate fee for acting as placement agents of cash equal to 7% of the gross proceeds from the sale of the Common Stock, or \$792,400, and warrants equal to 6% of the shares of Common Stock purchased, subject to certain exclusions, or warrants to purchase 468,329 shares of Common Stock. Such warrants have the same terms as those issued to the investors. On the date of grant, the warrants had an approximate fair value of \$0.92 per warrant. The placement agents were also entitled to a non-accountable expense allowance of up to \$55,000 as reimbursement for out of pocket expenses incurred in connection with the offering. We agreed to indemnify the placement agents against certain liabilities, including liabilities under the Securities Act of 1933, incurred in connection with the offering. In December 2006, we paid a total of \$100,000 to Paramount Biosciences Inc., in compensation for waiver of certain ongoing rights associated with the private placement in April 2006.

In September 2006, our Board appointed Mr. Steven B. Ratoff as Chairman of the Board. In connection with Mr. Ratoff's appointment as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts. This arrangement is on a month-to-month basis and compensates Mr. Ratoff at a rate of \$17,500 per month. Pursuant to this consulting arrangement, we paid Mr. Ratoff approximately \$61,000 for the five months ended December 31, 2006. In March 2007, Mr. Ratoff's monthly compensation was reduced to \$10,000 to reflect his decreased day-to-day time involvement with NovaDel. In June 2007, Mr. Ratoff's monthly compensation was increased to \$17,500 to reflect his increased day-to-day time involvement with NovaDel. On July 23, 2007, Mr. Ratoff was appointed to the additional role of Interim President and Chief Executive Officer, to be effective on July 25, 2007 with the resignation of Dr. Jan Egberts, MD. There is no formal agreement memorializing Mr. Ratoff's consulting agreement.

In December 2006, we completed a private placement of 9,823,983 shares of common stock, at a purchase price of \$1.45 per share and warrants to purchase up to approximately 3,929,593 shares of common stock at an exercise price of \$1.70 per share. We received proceeds, net of offering costs, of \$13,144,000 of which \$11,749,000 was received in December 2006 and \$1,395,000 was received in January 2007. As such, we issued 8,862,069 shares in December 2006 and 961,914 shares in January 2007 for this private placement. Oppenheimer & Co. Inc. acted as the lead placement agent for this private placement, with Griffin Securities, Inc. acting as co-placement agent. The placement agents received compensation for acting as placement agents made up of cash compensation equal to 7% of the proceeds from the sale of the common stock, or \$997,000, and warrants to purchase shares of common stock equal to 5% of the shares of common stock purchased, subject to certain exclusions, or warrants to purchase 491,199 shares (such warrants have the same terms as those issued to the investors), plus expenses. On the date of grant, the warrants had an approximate fair value of \$0.89 per warrant. We agreed to indemnify the placement agents against certain liabilities, including liabilities under the Securities Act of 1933, incurred in connection with the offering.

Stockholder Proposals for the next Annual Meeting of Stockholders

In order for a stockholder proposal to be considered for inclusion in NovaDel's Proxy Statement for the next Annual Meeting pursuant to Rule 14a-8 of the Securities and Exchange Commission, the proposal must be received at our offices no later than the close of business on December 29, 2008. Proposals submitted thereafter will be opposed as not timely filed.

If a stockholder intends to present a proposal for consideration at the next Annual Meeting outside the processes of the Securities and Exchange Commission's Rule 14a-8, NovaDel must receive notice of such proposal not later than March 13, 2009. Otherwise the proposal will be considered untimely, and NovaDel's proxies will have discretionary voting authority on any vote with respect to such proposal, if presented at the meeting, without including information regarding the proposal in our proxy materials.

This proxy statement and our Annual Report on Form 10-K for the period ended December 31, 2007, as amended, are available on our website at www.novadel.com.

Householding

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers, banks and nominees) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies and intermediaries. This year, some banks, brokers or other nominee record holders may be "householding" our proxy materials. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household unless contrary instructions have been received by the broker, bank or nominee from you. If you would like to receive a separate proxy statement and annual report, we will promptly send you additional copies if you call or write our investor relations department at our offices located at 25 Minneakoning Road, Flemington, New Jersey 08822; telephone 908-782-3431. If you are a beneficial owner, you can request additional copies of the proxy statement and annual report, or you can request a change in your householding status, by notifying your broker, bank or nominee.

Solicitation of Proxies

We will bear the cost of preparing, printing, assembling and mailing all proxy materials that may be sent to our stockholders in connection with this solicitation. Arrangements will also be made with brokerage houses, other custodians, nominees and fiduciaries, to forward soliciting material to the beneficial owners of our Common Stock held by such persons. We will reimburse such persons for reasonable out-of-pocket expenses incurred by them. In addition to the solicitation of proxies by use of the mails, officers and regular employees of ours may solicit proxies without additional compensation, by telephone or facsimile transmission. We do not expect to pay any compensation for the solicitation of proxies.

Management of NovaDel does not know of any matters, other than those stated in this Proxy Statement, that are to be presented for action at the Annual Meeting. If any other matters should properly come before the Annual Meeting, proxies will be voted on those other matters in accordance with the judgment of the persons voting the proxies. Discretionary authority to vote on such matters is conferred by such proxies upon the persons voting them.

Sincerely,

/s/ Steven B. Ratoff
