Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to Be Held on January 26, 2010

\$ Proxy Statement;
\$ proxy card; and
\$ Annual Report to Shareholders.

Directions to attend the annual meeting, where you may vote in person, can be found online at <http://www.timberlandbank.com>.

Who is Entitled to Vote?

We have fixed the close of business on December 2, 2009 as the record date for shareholders entitled to notice of and to vote at our annual meeting. Only holders of record of Timberland's common stock on that date are entitled to notice of and to vote at the annual meeting. You are entitled to one vote for each share of Timberland common stock you own. On December 2, 2009, there were 7,045,036 shares of Timberland common stock outstanding and entitled to vote at the annual meeting.

How Do I Vote at the Annual Meeting?

Proxies are solicited to provide all shareholders of record on the voting record date an opportunity to vote on matters scheduled for the annual meeting and described in these materials. You are a shareholder of record if your shares of Timberland common stock are held in your name. If you are a beneficial owner of Timberland common stock held by a broker, bank or other nominee (i.e., in Astreet name@), please see the instructions in the following question.

Shares of Timberland common stock can only be voted if the shareholder is present in person or by proxy at the annual meeting. To ensure your representation at the annual meeting, we recommend you vote by proxy even if you plan to attend the annual meeting. You can always change your vote at the meeting if you are a shareholder of record.

Voting instructions are included on your proxy card. Shares of Timberland common stock represented by properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instruction as how to vote at the annual meeting, the persons named in the proxy will vote the shares AFOR@ the election of each of our director nominees, AFOR@ approval of the compensation of our named executive officers and AFOR@ ratification of the selection of McGladrey & Pullen, LLP as our independent auditor. If any other matters are properly presented at the annual meeting for action, the persons named in the enclosed proxy and acting thereunder will have the discretion to vote on these matters in accordance with their best judgment. We do not currently expect that any other matters will be properly presented for action at the annual meeting.

You may receive more than one proxy card depending on how your shares are held. For example, you may hold some of your shares individually, some jointly with your spouse and some in trust for your children. In this case, you will receive three separate proxy cards to vote.

What if My Shares Are Held in Street Name?

If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, is required to vote the shares in accordance with your instructions. If your common stock is held in street name, you will receive instructions from your broker that you must follow in order to have your shares voted. Your broker may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form that accompanies this Proxy Statement. If you do not give instructions to your broker, your broker may nevertheless vote the shares with respect to discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items, pursuant to current industry practice. In the case of non-discretionary items, shares not voted are treated as Abroker non-votes.@ The proposal to elect directors described in this Proxy Statement is

considered a non-discretionary item under the rules governing brokers that are members of the New York Stock Exchange; therefore, you must provide instructions to your broker in order to have your shares voted in the election of directors.

2

If your shares are held in street name, you will need proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from the record holder of your shares are examples of proof of ownership. If you want to vote your shares of common stock held in street name in person at the annual meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

How Will My Shares of Common Stock Held in the Employee Stock Ownership Plan Be Voted?

We maintain the Timberland Bank Employee Stock Ownership and 401(k) Plan (AESOP and 401(k) Plan@) for the benefit of our employees. Each participant may instruct the trustee how to vote the shares of Timberland common stock allocated to his or her account under the ESOP portion of the plan by completing the voting instruction sheet distributed by the administrator. If a participant properly executes the voting instruction sheet, the administrator will instruct the trustee to vote the participant=s shares in accordance with the participant=s instructions. Unallocated shares of Timberland common stock held in the ESOP portion of the plan and allocated shares for which proper voting instructions are not received will be voted by trustee in the same proportion as shares for which the trustee has received voting instructions.

How Many Shares Must Be Present to Hold the Meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of at least a majority of the shares of Timberland common stock entitled to vote at the annual meeting as of the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a Quorum Is Not Present at the Meeting?

If a quorum is not present at the scheduled time of the meeting, a majority of the shareholders present or represented by proxy may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given unless the adjourned meeting is set to be held 120 days or more after the original meeting. An adjournment will have no effect on the business that may be conducted at the meeting.

Vote Required to Approve Proposal 1: Election of Directors

Directors are elected by a plurality of the votes cast, in person or by proxy, at the annual meeting by holders of Timberland common stock. Accordingly, the three nominees for election as directors who receive the highest number of votes actually cast will be elected. Pursuant to our Articles of Incorporation, shareholders are not permitted to cumulate their votes for the election of directors. Votes may be cast for or withheld from each nominee. Votes that are withheld and broker non-votes will have no effect on the outcome of the election because the nominees receiving the greatest number of votes will be elected. Our Board of Directors unanimously recommends that you vote AFOR@ the election of each of its director nominees.

Vote Required to Approve Proposal 2: Advisory Approval of Executive Compensation

The advisory vote to approve the compensation of our named executive officers requires the affirmative vote of a majority of the outstanding shares present in person or by proxy at the annual meeting. Abstentions will have the same effect as a vote against the proposal. Our Board of Directors unanimously recommends that you vote AFOR@ approval of the compensation of our named executive officers.

Vote Required to Approve Proposal 3: Ratification of the Selection of the Independent Auditor

Ratification of the selection of McGladrey & Pullen, LLP as our independent auditor for the fiscal year ending September 30, 2010 requires the affirmative vote of a majority of the outstanding shares present in person or by proxy at the annual meeting. Abstentions will have the same effect as a vote against the proposal. Our Board of Directors unanimously recommends that you vote AFOR@ the ratification of the selection of the independent auditor.

May I Revoke My Proxy?

You may revoke your proxy before it is voted by:

\$ submitting a new proxy with a later date;

\$ notifying the Corporate Secretary of Timberland in writing before the annual meeting that you have revoked your proxy; or

\$ voting in person at the annual meeting.

If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. However, if your shares are held in street name, you must bring a validly executed proxy from the nominee indicating that you have the right to vote your shares.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of December 2, 2009, the voting record date, information regarding share ownership of:

those persons or entities (or groups of affiliated person or entities) known by management to beneficially own \$ more than five percent of Timberland=s common stock other than directors and executive officers;

\$ each director and director nominee of Timberland;

each executive officer of Timberland or Timberland Bank named in the Summary Compensation Table appearing \$ under AExecutive Compensation@ below (known as Anamed executive officers@); and

\$ all current directors and executive officers of Timberland and Timberland Bank as a group.

Persons and groups who beneficially own in excess of five percent of Timberland=s common stock are required to file with the Securities and Exchange Commission (ASEC@), and provide us a copy, reports disclosing their ownership pursuant to the Securities Exchange Act of 1934. To our knowledge, no other person or entity, other than the ones set forth below, beneficially owned more than five percent of the outstanding shares of Timberland=s common stock as of the close of business on the voting record date.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. In accordance with Rule 13d-3 of the Securities Exchange Act, a person is deemed to be the beneficial owner of any shares of common stock if he or she has voting and/or investment power with respect to those shares. Therefore, the table below includes shares owned by spouses, other immediate family members in trust, shares held in retirement accounts or funds for the benefit of the named individuals, unvested shares in our Management Recognition and Development Plan, shares held in the ESOP portion of our ESOP and 401(k) Plan, and other forms of ownership, over which shares the persons named in the table may possess voting and/or investment power. In addition, in computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to

outstanding options that are currently exercisable or exercisable within 60 days after the voting record date are included in the number of shares beneficially owned by the person and are deemed outstanding for the purpose of calculating the person's percentage ownership. These shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

As of the voting record date, there were 7,045,036 shares of Timberland common stock outstanding.

 PROPOSAL 1 B ELECTION OF DIRECTORS

Our Board of Directors consists of seven members and is divided into three classes. Approximately one-third of the directors are elected annually to serve for a three-year period or until their respective successors are elected and qualified. Clarence E. Hamre retired from the Board of Directors on February 28, 2009. The Board of Directors appointed Larry D. Goldberg, effective as of September 23, 2009, to fill the vacancy created by Mr. Hamre's retirement. Mr. Goldberg was recommended by Director Jon Parker.

The table below sets forth information regarding each director of Timberland and each nominee for director. The Nominating Committee of the Board of Directors selects nominees for election as directors and has nominated for election as directors Michael R. Sand and David A. Smith, each to serve for a three-year term, and Larry D. Goldberg to serve for a two-year term, or until their respective successors have been elected and qualified. Each of our nominees currently serves as a Timberland director, and has consented to being named in this Proxy Statement and has agreed to serve if elected. If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority. At this time, we are not aware of any reason why a nominee might be unable to serve if elected.

The Board of Directors recommends a vote AFOR@ the election of Messrs. Sand, Smith and Goldberg.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE MATTERS

Board of Directors

The Boards of Directors of Timberland and Timberland Bank conduct their business through board and committee meetings. Both Boards generally meet on a monthly basis, holding additional special meetings as needed. During the fiscal year ended September 30, 2009, the Board of Directors of Timberland held 14 meetings and the Board of Directors of the Bank held 14 meetings. No director of Timberland or Timberland Bank attended fewer than 75% of the total meetings of the boards and committees on which such person served during this period.

Committees and Committee Charters

The Board of Directors of Timberland has standing Audit and Nominating Committees. The Board has adopted written charters for these Committees, copies of which are available on our website at www.timberlandbank.com. You may also obtain a copy of these documents free of charge by writing to: Dean J. Brydon, Corporate Secretary, Timberland Bancorp, Inc., 624 Simpson Avenue, Hoquiam, Washington 98550, or by calling (360) 533-4747. Because Timberland does not have its own employees, the Compensation Committee of the Timberland Bank Board of Directors serves as our compensation committee. This Committee has not adopted a written charter.

Audit Committee. The Audit Committee currently consists of Directors Robbel, Smith, Mason and Goldberg. The Committee meets at least quarterly and on an as needed basis to evaluate the effectiveness of our internal controls for safeguarding assets and ensuring the integrity of the financial reporting. The Committee also appoints the independent auditor and reviews the audit report prepared by the independent auditor. The Audit Committee met eight times during the year ended September 30, 2009.

Each member of the Audit Committee is independent in accordance with the requirements for companies listed on Nasdaq. Director Robbel has been designated by the Board of Directors as the Audit committee financial expert, as defined by the SEC. Director Robbel is a licensed Certified Public Accountant.

Nominating Committee. The Nominating Committee consists of all independent directors who do not have terms expiring at the next annual meeting. The Nominating Committee meets annually and on an as needed basis, and is

responsible for selecting qualified individuals to fill expiring directors= terms and openings on the Board of Directors. Final approval of director nominees is determined by the full Board, based on the recommendations of the Nominating Committee. This Committee met five times during the year ended September 30, 2009.

Only those nominations made by the Committee or properly presented by shareholders will be voted upon at the annual meeting. In its deliberations for selecting candidates for nominees as director, the Nominating Committee considers the candidate=s knowledge of the banking business and involvement in community, business and civic affairs, and also considers whether the candidate would provide for adequate representation of Timberland Bank=s market area.

Any nominee for director made by the Committee must be highly qualified with regard to some or all these attributes. In searching for qualified director candidates to fill vacancies on the Board, the Committee solicits its current Board of Directors for names of potentially qualified candidates. Additionally, the Committee may request that members of the Board of Directors pursue their own business contacts for the names of potentially qualified candidates. The Committee would then consider the potential pool of director candidates, select the candidate it believes best meets the then-current needs of the Board, and conduct a thorough investigation of the proposed candidate's background to ensure there is no past history that would cause the candidate not to be qualified to serve as one of our directors. Although the Nominating Committee charter does not specifically provide for the consideration of shareholder nominees for directors, the Committee will consider director candidates recommended by a shareholder that are submitted in accordance with our Articles of Incorporation. Because our Articles of Incorporation provide a process for shareholder nominations, the Committee did not believe it was necessary to provide for shareholder nominations of directors in its charter. If a shareholder submits a proposed nominee, the Committee would consider the proposed nominee, along with any other proposed nominees recommended by members of our Board of Directors, in the same manner in which the Committee would evaluate its nominees for director. For a description of the proper procedure for shareholder nominations, see AShareholder Proposals@ in this Proxy Statement.

Compensation Committee. The Compensation Committee currently consists of Directors Mason, Clinton and Goldberg. The Committee meets annually and on an as needed basis and makes recommendations to the full Board of Directors regarding personnel, compensation and benefits related matters. The Compensation Committee also meets, outside of the presence of Mr. Sand, to discuss his compensation and make its recommendation to the full Board, which then votes on Mr. Sand's compensation. Mr. Sand makes recommendations to the Compensation Committee regarding the compensation of all other executive officers. The Committee considers the recommendations of Mr. Sand and makes its recommendation to the full Board, which then votes on executive compensation. This Committee met once during the year ended September 30, 2009. The Compensation Committee has met three times since October 1, 2009.

Corporate Governance

We are committed to establishing and maintaining high standards of corporate governance. Our executive officers and Board of Directors have worked together to establish a comprehensive set of corporate governance initiatives that they believe will serve the long-term interests of our shareholders and employees. These initiatives are intended to comply with the provisions contained in the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC adopted thereunder, and Nasdaq rules. Our Board of Directors will continue to evaluate and improve our corporate governance principles and policies as necessary and as required.

Director Independence. Our common stock is listed on the Nasdaq Global Market. In accordance with Nasdaq requirements, at least a majority of our directors must be independent directors. The Board has determined that five of our seven directors are independent, as defined by Nasdaq. Directors Clinton, Goldberg, Mason, Robbel and Smith are all independent. Only Michael R. Sand, who is our President and Chief Executive Officer and Jon C. Parker, whose firm provides legal counsel to the Bank, are not independent.

Code of Ethics. The Board of Directors has adopted codes of ethics for each of our (1) principal executive officers and senior financial officers, (2) directors and (3) officers and other employees. The codes of ethics require individuals to maintain the highest standards of professional conduct. Our Code of Ethics for Principal Executive Officers and Senior Financial Officers was filed with the SEC as Exhibit 14 to our Annual Report on Form 10-K for the fiscal year ended September 30, 2003 and is available on our website at www.timberlandbank.com.

Shareholder Communication with the Board of Directors. The Board of Directors maintains a process for shareholders to communicate with the Board. Shareholders wishing to communicate with the Board of Directors may do so by mailing a letter marked AConfidential@ to the Board of Directors, Timberland Bancorp, Inc., 624 Simpson

Avenue, Hoquiam, Washington 98550. Any communication must state the number of shares beneficially owned by the shareholder making the communication.

Annual Meeting Attendance by Directors. We do not have a policy regarding Board member attendance at annual meetings of shareholders. All then-members of the Board of Directors attended the 2009 annual meeting of shareholders.

Related Party Transactions. We have followed a policy of granting loans to our employees, officers and directors, which fully complies with all applicable federal regulations. Loans to our directors and executive officers are made in the ordinary course of business and on the same terms and conditions as those of comparable transactions with non-insider employees prevailing at the time, unless the loan or extension of credit is made under a benefit program generally available to all other employees and does not give preference to any insider over any other employee. Under Timberland Bank=s current employee and director loan benefit program, all employees and directors are entitled to the following preferred terms:

\$ Adjustable rate mortgage for personal residence: interest rate is 1.5% above Timberland Bank=s cost of funds (subject to a floor of 5.25% for loans originated after August 1, 2006); no loan fee is charged.

\$ Fixed rate mortgage for personal residence: interest rate is set at the current Federal Home Loan Mortgage Corporation par rate; no loan fee is charged.

\$ Consumer loans: normal interest rates apply; no loan fee is charged.

\$ Personal computer purchases: interest rate is currently 3.0%; no loan fee is charged.

Timberland Bank entered into a deferred compensation/non-competition agreement in 1994 with Clarence E. Payments under this agreement began in March 2004 and will continue until Mr. Hamre=s death, at which time payments will continue to his surviving spouse until the earlier of her death or for 60 months. The Bank=s obligation to make payments under the agreement is subject to the condition that Mr. Hamre not compete with the Bank for a period of 15 years after the termination of his employment.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Committee. The Compensation Committee of Timberland Bank administers all policies that govern executive compensation for Timberland and Timberland Bank. Because Timberland has no employees other than Bank employees who perform services on behalf of Timberland without additional compensation, the Bank's Compensation Committee evaluates individual executive performance, compensation policies and salaries. This Committee is responsible for evaluating the performance of our Chief Executive Officer, while the Chief Executive Officer evaluates the performance of other senior officers of Timberland Bank and makes recommendations to the Committee regarding their compensation levels.

Impact of Recent Legislation on Executive Compensation. Effective December 23, 2008, Timberland completed the sale to the U.S. Department of the Treasury of 16,641 shares of its Fixed Rate Cumulative Perpetual Preferred Stock, Series A, with a related warrant to purchase 370,889 shares of Timberland's common stock. The issuance was the result of the Treasury's approval of Timberland's application to participate in the Treasury's Capital Purchase Program, which was established by Treasury pursuant to the authority granted by the Emergency Economic Stabilization Act of 2008 (the EESA). The EESA authorizes the Treasury Department to purchase from financial institutions and their holding companies up to \$700 billion in mortgage loans, mortgage-related securities and certain other financial instruments, including debt and equity securities issued by financial institutions and their holding companies in a troubled asset relief program (ATARP). Timberland was required to make certain changes to its executive compensation arrangements as necessary to comply with the provisions of the EESA. Effective February 17, 2009, President Obama signed into law the American Recovery and Reinvestment Act of 2009 (ARRA). The ARRA amends the provisions of the EESA that are applicable to TARP recipients, such as Timberland. Accordingly, Timberland is now subject to additional limitations on executive compensation, including a provision for recovery of bonus, retention awards, or incentive compensation paid based on earnings, revenue, gains or other criteria later found to be materially inaccurate, a prohibition on making golden parachute payments, a prohibition on paying or accruing any bonus, retention award or incentive compensation (except for certain grants of long-term restricted stock), and providing tax gross-ups. These restrictions and prohibitions apply to various Timberland officers, as discussed in greater detail below.

Waiver of Changes to Compensation. In connection with Timberland's receipt of funds under the Treasury Department's Capital Purchase Program, each of our named executive officers signed a waiver voluntarily waiving any claim against the Treasury Department or Timberland for any changes to his or her compensation or benefits that are required to comply with the October 20, 2008 regulations issued by the Treasury Department under the Capital Purchase Program and acknowledging that the regulations may require modification of the compensation, bonus, incentive and other benefit plans, arrangements and policies and agreements (including a golden parachute@ agreements). In addition, the named executive officers entered into compensation modification agreements with Timberland amending their executive compensation agreements as may be necessary to comply with Section 111(b) of the EESA, which governs executive compensation.

Objectives and Overview of the Compensation Program. Our executive compensation policies are designed to establish an appropriate relationship between executive pay and the annual and long-term performance of Timberland and Timberland Bank. The principles underlying our executive compensation policies are:

\$ to attract and retain key executives who are vital to our long-term success;

\$ to provide levels of compensation competitive with those offered throughout the banking industry and consistent with our level of performance; and

\$ to motivate executives to enhance long-term shareholder value by building their equity interest in Timberland.

In making its recommendations for executive compensation, the Committee considers numerous factors, including the past service of the executive, the present and potential contributions of the executive to our success, and other factors deemed relevant, including the executive's number of years of service and position with Timberland and Timberland Bank. In addition, the Committee may review compensation reports prepared by third parties of companies and banks that are of a similar size and in a similar location in order to make their recommendations. The Committee does not apply a formula assigning specific weights to any of these factors when making its determinations.

Elements of Compensation. The Compensation Committee focuses primarily on the following three components in forming the total compensation package for our executive officers:

\$ base salary;

\$ annual bonus; and

\$ long-term incentive compensation.

The current compensation plans involve a combination of salary and annual bonus to reward short-term performance, and equity awards and contributions to the Timberland Bank ESOP and 401(k) Plan as long-term incentive compensation, as well as to provide employees with a retirement benefit. There is no formula whereby one element of compensation is used to offset another element.

Base Salary. Base salary is intended to create a secure base of cash compensation for executives and to reward an executive's ongoing performance. Base salaries are standard in the banking industry for most positions, including executive positions. Timberland Bank's Board of Directors approves an annual base salary for all senior officers and executive officers, based upon recommendations from the Compensation Committee. Annual base salaries are generally effective October 1st of each year. Factors considered in setting base salaries include the executive's performance, our overall performance and compensation levels in the financial industry, among other factors.

The salary levels of our executive officers are designed to be competitive with those of executives at similarly-sized institutions in our market area. Each year, management reviews the Northwest Financial Industry Salary Survey prepared by Milliman USA and provides salary range information to the Compensation Committees. Executive salaries generally fall within the ranges provided by the survey data; however, individual salaries may fall outside the range depending on an individual's qualifications and contributions. Individual annual performance is reviewed by the Compensation Committee (in the case of the Chief Executive Officer) or the Chief Executive Officer (in the case of the other executive officers) to determine adjustments to compensation. The Compensation Committee also evaluates compensation in light of our annual financial performance. Material changes in compensation are rare but may be made to reward an executive for his or her contributions to our success.

In the past, we have also engaged compensation consultants to review the base salaries of our executives. Watson Wyatt was engaged in 2002 to provide a market analysis of compensation for the majority of the positions with Timberland Bank. The study was used to determine if Timberland's compensation practices resulted in the payment of competitive salaries. John Parry and Alexander was engaged in October 2004 to develop an incentive compensation plan for executive management, business bankers and branch managers. We used this study primarily to provide a methodology to determine incentive compensation for lenders. Watson Wyatt was engaged in August 2006 to perform a total cash compensation study to evaluate competitive salary ranges for executive and other key positions. We may again engage compensation consultants to review our compensation practices, although we have no immediate plans to do so.

Annual Bonus. Bonuses are intended to reward performance in furthering our financial goals. Annual bonuses supplement base salary and allow us to provide a competitive pay package to our executive officers. We maintain a discretionary bonus plan, which is primarily based on Timberland Bank's net income and various loan goals for each

fiscal year. The bonuses are typically paid in December following the September 30th year end.

In the past, the Chief Executive Officer received a bonus equal to one-half of one percent of Timberland Bank's net income. However, as a result of Timberland's participation in the Treasury's Capital Purchase Program, it is currently prohibited from paying or accruing any bonus, retention award or incentive compensation to its most highly compensated employee; therefore, Mr. Sand is not eligible for an annual incentive bonus. The Chief Financial Officer may receive a bonus of up to one-quarter of one percent of Timberland Bank's net income. This bonus will be awarded based on subjective factors and the Bank's net income. The other named executive officers have the potential to earn up to \$45,000 in annual bonuses. These bonuses are awarded based on a subjective determination, but objective factors such as net income, lenders meeting established goals, loan quality and deposit growth will also be considered.

As a result of Timberland's participation in the Treasury's Capital Purchase Program, it must ensure that it implements provisions for the recovery of any bonus, incentive compensation or retention award paid to a named executive officer or the next 20 most highly compensated employees based on financial statements or performance metric criteria later determined to be materially inaccurate or to be material and inaccurately applied. Such employees shall be required to sign an acknowledgment of this restriction if and when bonus compensation is paid.

Long-Term Incentive Compensation. Long-term incentive compensation is intended to reward executives for their performance, while encouraging them to remain employed by Timberland and Timberland Bank. We grant long-term compensation in the form of equity awards and contributions to the Timberland Bank ESOP and 401(k) Plan. As a result of Timberland's participation in the Treasury's Capital Purchase Program, the most highly compensated employee may not receive any bonus, retention award or incentive payment other than certain forms of restricted stock; therefore, Mr. Sand is not eligible to receive stock options.

Equity-based compensation functions as long-term incentive because awards are generally made with a five-year vesting schedule. In addition, the value of awards varies in part as a function of our financial performance. Awards are made either in the form of stock options or restricted stock. We maintain the 1999 Stock Option Plan, the 2003 Stock Option Plan and the Management Recognition and Development Plan, each of which was approved by our shareholders. These are administered and interpreted by the Compensation Committee. Under the plans, the Committee determines which officers and key employees will receive awards, the number of shares subject to each option or shares of restricted stock awarded, and the vesting of the awards. In addition, newly hired employees may receive awards at the time of their employment. The per share exercise price of an option will equal at least 100% of the fair market value of a share of common stock on the date the option is granted. All equity-based awards are subject to the approval of the Board of Directors.

Timberland Bank also maintains an ESOP and 401(k) Plan, which is for the benefit of employees with one year of service who have attained age 21. Each year, we make a contribution of up to five percent of each participant's eligible compensation to the 401(k) portion of the plan. Each year shares held in the ESOP are released for allocation as debt of the ESOP is repaid. The released shares are allocated based on the percentage of a participant's salary in relation to total salaries of all eligible participants.

Other Considerations. We have not adopted a formal policy or any employment agreement provisions that enable recovery of incentive awards in the event of misstated or restated financial results. However, Section 304 of the Sarbanes-Oxley Act of 2002 provides some ability to recover incentive awards in certain circumstances. If we are required to restate our financials due to noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer must reimburse us for (1) any bonus or other incentive- or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of Timberland securities during those 12 months. In addition, as a result of Timberland's participation in the Treasury's Capital Purchase Program, it must ensure that it implements provisions for the recovery of any bonus, incentive compensation or retention award paid to a named executive officer or the next 20 most highly compensated employees based on financial statements or

performance metric criteria later determined to be materially inaccurate or to be material and inaccurately applied.

The Compensation Committee does not have a formal written policy guiding the timing of equity grants. All equity grants were made after formal Board approval. We have reviewed our equity grant practices and have confirmed that all past equity grants have been consistent with SEC guidelines.
