Dear Shareholder:

We cordially invite you to attend a joint Special Meeting of Shareholders of the Funds on September 25, 2009. At the meeting, the shareholders of each Fund will consider a proposal to approve an amendment to its fundamental investment policies to permit the Fund to invest in all types of commodities, commodities contracts and commodities related investments to the extent permitted by law. This amendment is intended to allow the Funds' portfolio managers the flexibility to gain exposure to commodities as appropriate to a Fund's overall investment strategy. Because each Fund's commodities investment policy is considered fundamental under federal securities laws, revising the policy requires shareholder approval.

We realize that most shareholders will not be able to attend the meeting and vote their shares in person. However, the Funds do need your vote. You can vote by *mail*, *telephone*, or over the *Internet*, as explained in the enclosed material. If you later decide to attend the meeting, you may revoke your proxy and vote your shares in person. By voting promptly, you can help the Funds avoid the expense of additional mailings.

If you would like additional information concerning this proposal, please call one of our service representatives at 1-800-262-1122 Monday through Friday between 8:00 a.m. and 6:00 p.m. (Eastern Time). Your participation in this vote is extremely important.

Sincerely,

/s/Maureen A. Gemma

PROXY STATEMENT

A proxy is enclosed with the foregoing Notice of a joint Special Meeting of the Funds to be held on September 25, 2009 at 4:00 P.M. (Eastern Time) at Two International Place, Boston, MA 02110 for the benefit of shareholders who wish to vote, but do not expect to be present at the meeting. Shareholders may also vote by telephone or over the Internet. The proxy is solicited on behalf of the Boards of Trustees of the Funds. A written, telephonic or internet proxy is revocable by the person giving it prior to exercise by a signed writing filed with the Funds proxy tabulator, The Altman Group, Inc., 60 East 42nd Street, Suite 405, New York, NY 10165, by executing and delivering a later dated proxy, by the receipt of a subsequent telephonic or internet proxy, or by attending the meeting and voting the shares in person. If you attend the meeting in person, please be prepared to present photo identification. Each proxy will be voted in accordance with its instructions; if no instruction is given, an executed proxy will authorize the persons named as proxies, or any of them, to vote in favor of each matter. This proxy and accompanying material is initially being mailed to shareholders on or about August 28, 2009. Supplementary solicitations may be made by mail, telephone, facsimile or electronic means.

The Trustees have fixed the close of business on July 24, 2009 as the record date for the determination of the shareholders entitled to notice of and to vote at the meeting and any adjournments or postponements thereof. Shareholders at the close of business on the record date will be entitled to one vote for each share held. The number of shares outstanding on July 24, 2009 were as follows:

Edgar Filing: Eaton Vance Short Duration Diversified Income Fund - Form DEF 14A

The Trustees know of no business that will be presented for consideration at the meeting other than as described in Proposal 1 of the Notice of Meeting. If any other matters are properly presented, it is the intention of the persons named as attorneys in the enclosed proxy to vote the proxies in accordance with their judgment on such matters.

Eaton Vance Emerging Markets Local Income Fund, Eaton Vance Global Macro Absolute Return Fund and Eaton Vance International Income Fund are feeder funds in a master-feeder structure and seek to achieve their objective by investing in an open-end management investment company with substantially the same investment objective, policies and restrictions as the Fund (Portfolios). Eaton Vance Diversified Income Fund and Eaton Vance Strategic Income Fund operate in a fund of funds structure and seek to achieve their objective by investing in one or more open-end management investment companies in the Eaton Vance fund complex. Each of the foregoing Funds also may invest directly in securities and other instruments to gain exposure to sectors of the market the investment adviser believes may not be represented or are underrepresented in the Portfolio(s), to hedge certain Portfolio exposures and/or to otherwise manage the exposures of the Fund. Eaton Vance Short Duration Diversified Income Fund is a closed-end fund listed on the New York Stock Exchange (NYSE) under the symbol EVG. It does not currently invest in other investment companies, although it may as part of its investment policies. Listed below are the Funds and the Portfolio(s) in which they invest.

Investment Portfolio

- 1 The investment adviser to each Fund is Eaton Vance Management (EVM).
- 2 The investment adviser to each Portfolio is Boston Management and Research (BMR). EVM and BMR are referred to collectively as the investment advisers .

Emerging Markets Local Income Portfolio, Global Macro Portfolio and International Income Portfolio (the Global Portfolios) are proposing to change their investment restriction relating to commodities investing in the same manner as the Funds (see Exhibit B). When voting on such proposal, each Fund that invests in any of the Global Portfolios as of the record date for such Portfolio s interest holder meeting, will vote its interest in the Global Portfolio(s) for or against such proposal in the same proportion as the instructions from

the Fund's shareholders to vote for or against Proposal 1. If a sufficient number of votes in favor of amending a Global Portfolio's policy are received, such policy will be amended.

The Funds have previously sent their respective Annual Reports and Semiannual Reports to their shareholders. The Funds will furnish without charge a copy of their most recent Annual Report and the most recent Semiannual Report to any shareholder upon request. Shareholders desiring to obtain a copy of such reports should: (i) access them on Eaton Vance's website at www.eatonvance.com; (ii) write to their respective Fund c/o Eaton Vance Management, Two International Place, Boston, MA 02110, Attn: Proxy Coordinator, Mutual Fund Operations, or (iii) call 1-800-262-1122 Monday through Friday between 8:00 a.m. and 6:00 p.m. (Eastern Time).

PROPOSAL 1. Amend the Policy Regarding Commodity Investments

An investment company is required to designate certain policies and may elect to designate other policies as policies that may be changed only by a shareholder vote. These policies are often referred to as fundamental policies. Each Fund currently has a fundamental policy that prohibits it from purchasing or selling physical commodities or entering contracts for the purchase or sale of physical commodities, provided that most Funds may enter into futures and forward contracts on currency, securities, economic and other indices and may purchase and sell options on such futures contracts. As described in more detail below, each Fund is proposing a change to the foregoing policy to provide that it may invest in commodities and commodities contracts of all types and kinds (including without limitation futures contracts, options on futures contracts and other commodities related-investments) to the extent permitted by law. Please see the attached Exhibit B for a statement of each Fund's current policy regarding commodity investments compared to the proposed amended policy.

Reason for the Proposal. Commodities play an important role in the global economy and have a significant impact on many of the countries in which the Funds and the Global Portfolios invest. As noted above, under an existing investment restriction the Funds and Global Portfolios are unable to gain direct exposure to commodities or commodities markets. The investment advisers believe commodities investments could benefit a Fund or Global Portfolio by providing exposures to commodities as appropriate to a Fund's overall investment strategy. Because the economies of some countries and global economic trends in general move with certain commodity prices, commodities investments could be employed by the Funds and the Global Portfolios to hedge a position in a commodity producing country or to attempt to position a Fund or Global Portfolio to benefit from certain global economic trends. Commodities investments also could be used for non-hedging purposes, such as to gain exposure to a particular type of commodity or commodity market. If Proposal 1 is approved, the Funds may transact in commodities, commodities contracts and commodities related investments (including but not limited to the following), as well as any other such investments permitted by law and disclosed in the prospectus:

- Commodity futures or options thereon (investments in contracts for the future purchase or sale of commodities);
- Commodity exchange-traded funds (exchange-traded funds (ETFs) that track the price of a single commodity, such as gold or oil, or a basket of commodities);
- Total return swaps based on a commodity index (permitting one party to receive/pay the total return on a commodity index against payment/receipt of an agreed upon spread/interest rate);
- Commodity-linked notes (providing a return based on a formula referenced to a commodity index);
- Commodity exchange-traded notes (non-interest paying debt instruments whose price fluctuates (by contractual commitment) with an underlying commodities index); and
- Sovereign issued oil warrants (a sovereign obligation the coupon on which is contingent on the price of oil).

Tax Considerations. To qualify as a regulated investment company under Subchapter M of the Internal Revenue Code, 90% of a Fund's income must be from certain qualified sources. Direct investment in many commodities investments generates income that is not from a qualified source for purposes of meeting this 90% test. Absent a revenue ruling or other guidance from the Internal Revenue Service (IRS), the Funds intend to seek a private letter ruling from the IRS that income (i) from commodity-linked notes or (ii) earned by a Fund (or allocated to a Fund from a Global Portfolio) from the ownership of one or more offshore subsidiaries that hold commodities or commodities-related investments is income from a qualified source for purposes of the 90% test. If the requested ruling is received, each Fund and Global Portfolio may then establish one or more wholly-owned offshore subsidiaries (expected to be organized in the Cayman Islands) through which it may conduct a significant portion of its commodities investing activities. All income or net capital gain allocated to a Fund from such a subsidiary would be treated as ordinary income to the Fund. The subsidiary would be advised by EVM, or an affiliate thereof, and would be managed in a manner consistent with the relevant Fund or Global Portfolio's investment objective.

Associated Risks. The value of commodities investments will generally be affected by overall market movements and factors specific to a particular industry or commodity, which may include weather, embargoes, tariffs, and health, political, international and regulatory developments. Economic and other events (whether real or perceived) can reduce the demand for commodities, which may reduce market prices and cause the value of Fund shares to fall. The frequency and magnitude of such changes cannot be predicted. Exposure to commodities and commodities markets may subject a Fund to greater volatility than investments in traditional securities. No active trading market may exist for certain commodities investments, which may impair the ability of a Fund or Global Portfolio to sell or to realize the full value of such investments in the event of the need to liquidate such investments. In addition, adverse market conditions may impair the liquidity of actively traded commodities investments. Certain types of commodities instruments (such as total return swaps and commodity-linked notes) are subject to the risk that the counterparty to the instrument will not perform or be unable to perform in accordance with the terms of the instrument. An offshore subsidiary is not subject to U.S. laws (including securities laws) and their protections. An offshore subsidiary will be subject to the laws of a foreign jurisdiction, which can be effected by developments in that jurisdiction.

The investment advisers believe that the amendment to remove the restriction on investing in commodities investments will provide the portfolio managers with additional flexibility in managing the Funds and enhance their ability to achieve the Funds' investment goals subject to the risks described above. The Trustees have considered the factors described above and as noted below recommend that Fund shareholders vote for the revised fundamental investment restriction. Although the revised policy will permit the Funds to purchase or sell commodities investments as permitted by law, a Fund may choose not to do so.

Required Vote for Proposal 1

This amendment to each Fund's fundamental investment policy requires the approval of a majority of the outstanding voting securities of that Fund, which term as used in this Proxy Statement means the vote of the lesser of (a) 67% of the shares of the Fund present at the meeting if holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy at the meeting; or (b) more than 50% of the outstanding shares of the Fund.

The shareholders of each Fund will vote separately to approve or disapprove the change in the fundamental investment restriction described in Exhibit B. Approval of the change by shareholders of any other Fund is not required for a Fund to make the change to its fundamental investment restriction, and if one or more of the Funds does not receive shareholder approval for the change, the change will nonetheless be effective for those of the Funds that do receive shareholder approval. If shareholders of a Fund do not approve Proposal 1, its current fundamental investment restriction described in Exhibit B will remain the same and the Trustees may consider other options.

**Each Fund's Trustees recommend that Fund shareholders vote FOR
the revised fundamental investment restriction described in this Proposal.**

NOTICE TO BANKS AND BROKER/DEALERS

The Funds have previously solicited all Nominee and Broker/Dealer accounts as to the number of additional proxy statements required to supply owners of shares. Should additional proxy material be required for beneficial owners, please forward such requests to Eaton Vance Management, Two International Place, Boston, MA 02110, Attn: Proxy Coordinator, Mutual Fund Operations.

Investment Adviser, Administrator and Underwriter

EVM serves as the administrator of each Fund, providing the Fund with administrative services and related office facilities. EVM also serves as investment adviser to each Fund. Boston Management and Research (BMR), a subsidiary of Eaton Vance, serves as investment adviser to each Portfolio. Eaton Vance Distributors, Inc. (EVD) acts as the principal underwriter for the Funds (other than Eaton Vance Short Duration Diversified Income Fund) and as placement agent for the Portfolios. The business address of EVM, BMR and EVD is Two International Place, Boston, Massachusetts 02110.

Proxy Solicitation and Tabulation

The expense of preparing, printing and mailing this Proxy Statement and enclosures and the costs of soliciting proxies on behalf of the Trustees will be borne by the Funds, collectively, on a *pro rata* basis. Proxies will be solicited by mail and may be solicited in person or by telephone, facsimile or other electronic means by Fund officers, by personnel of Eaton Vance, by each Fund's transfer agent, PNC Global Investment Servicing (PNC) or, for Eaton Vance Short Duration Diversified Income Fund, American Stock Transfer & Trust Company (AST), by broker-dealer firms or by a professional solicitation organization. The Funds have retained The Altman Group to assist in the solicitation of proxies, for which the Funds will pay an estimated fee of approximately \$250,000 (including tabulation) plus out-of-pocket expenses to be allocated to the Funds *pro rata*. The expenses connected with the solicitation of these proxies and with any further proxies which may be solicited by Fund officers, by Eaton Vance personnel, by the transfer agents, by broker-dealer firms or by The Altman Group, in person, or by telephone, by facsimile or other electronic means, will be borne by the Funds. A written proxy may be delivered to the Funds prior to the meeting by facsimile machine, graphic communication equipment or other electronic transmission. The Funds will reimburse banks, broker-dealer firms, and other entities or persons holding shares registered in their names or in the names of their nominees, for their expenses incurred in sending proxy material to and obtaining proxies from the beneficial owners of such shares. Total proxy costs are estimated to be approximately \$300,000.

Shareholders may also choose to cast their proxy votes through the Internet or by telephone using automated telephonic voting rather than return their proxy cards. Please see the proxy card for details. The Funds may arrange for Eaton Vance, its affiliates or agents to contact shareholders who have not returned their proxy cards and offer to have votes recorded by telephone. If the Funds record votes over the Internet or by telephone, it will use procedures designed to authenticate shareholders' identities, to allow shareholders to authorize the voting of their shares in accordance with their instructions, and to confirm that their instructions have been properly recorded. If the enclosed proxy card is executed and returned, or an Internet or telephonic vote is delivered, that vote may nevertheless be revoked at any time prior to its use by written notification received by a Fund, by the execution of a later-dated proxy card, by a Fund's receipt of a subsequent valid Internet or telephonic vote, or by attending the meeting and voting in person.

All proxy cards solicited by the Boards of Trustees that are properly executed and telephone and Internet votes that are properly delivered and received by the Secretary prior to the meeting, and which are not revoked, will be voted at the meeting. Shares represented by such proxies will be voted in accordance with the instructions thereon. If no specification is made on the proxy card with respect to Proposal 1, it will be voted FOR the matters specified on the proxy card. With respect to Fund shares held in Eaton Vance individual retirement accounts, undirected shares will be voted by Eaton Vance or an affiliate in the same proportion as shares of the Fund for which instructions were received. For purposes of determining the presence or absence of a quorum and for determining whether sufficient votes have been received for approval of any matter to be acted upon at the meeting, abstentions and broker non-votes (*i.e.*, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other person entitled to vote shares on a particular matter with respect to which the brokers or nominees do not

have discretionary power) will be treated as shares that are present at the meeting, but which have not been voted. Accordingly, abstentions and broker non-votes will assist a Fund in obtaining a quorum, but may have the effect of a no vote on the Proposal.

Under the By-Laws applicable to each Fund, a quorum to transact business at the joint Special Meeting of Shareholders requires the presence, in person or by proxy, of the holders of a majority of the then issued and outstanding shares of each Fund. In the event that a quorum is not present at the meeting, or if a quorum is present at the meeting but sufficient votes by the shareholders of a Fund in favor of Proposal 1 set forth in the Notice of this meeting are not received by the meeting date, the persons named as proxies in the enclosed proxy may propose one or more adjournments of the meeting to permit further solicitation of proxies. Any such adjournment will require the affirmative vote of the holders of a majority of the shares of the affected Fund present in person or by proxy at the session of the meeting to be adjourned. The persons named as proxies in the enclosed proxy will vote in favor of such adjournment those proxies that they are entitled to vote in favor of the Proposal for which further solicitation of proxies is to be made. They will vote against any such adjournment those proxies required to be voted against such Proposal. The costs of any such additional solicitation and of any adjourned session will be borne by the affected Fund(s) as described above.

Shareholder Proposals

Shareholders wishing to submit proposals for consideration at a subsequent shareholders meeting should send their written proposals to: Secretary, Eaton Vance Group of Funds, Two International Place, Boston, MA 02110. Proposals must be received in advance of a proxy solicitation to be considered and the mere submission of a proposal does not guarantee inclusion in the proxy statement or consideration at the meeting. No Fund conducts annual shareholder meetings except for Eaton Vance Short Duration Diversified Income Fund. As indicated in the proxy materials for its 2009 Annual Meeting of Shareholders, to be considered for presentation at the Eaton Vance Short Duration Diversified Income Fund's 2010 Annual Meeting of Shareholders, a shareholder proposal submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 was required to be received at the Fund's principal office c/o the Secretary of the Fund no later than the close of business August 28, 2009. Written notice of a shareholder proposal submitted outside of the processes of Rule 14a-8 must be delivered to the Fund's principal office c/o the Secretary of the Fund no later than the close of business November 29, 2009 and no earlier than October 30, 2009. In order to be included in the Fund's proxy statement and form of proxy, a shareholder proposal must comply with all applicable legal requirements. Timely submission of a proposal does not guarantee that such proposal will be included.
