AMERICAN EAGLE OUTFITTERS, INC.

**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
JUNE 5, 2002**

This Proxy Statement is furnished to the stockholders of American Eagle Outfitters, Inc., a Delaware corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Stockholders to be held on June 5, 2002, at 11:00 a.m., local time, at the Loews Regency Hotel, 540 Park Avenue, New York, New York, and at any adjournment thereof. It is being mailed to the stockholders on or about April 24, 2002.

All shares represented by properly executed proxies received by the Company prior to the meeting will be voted in accordance with the stockholders' directions. A proxy may be revoked, without affecting any vote previously taken, by written notice mailed to the Company (Attention: Neil Bulman Jr., Secretary) or delivered in person at the meeting, by filing a duly executed, later dated proxy or by attending the meeting and voting in person.

Stockholders of record at the close of business on April 9, 2002 are entitled to notice of and to vote at the Annual Meeting and any adjournment or adjournments thereof. At April 9, 2002 the Company had outstanding 72,052,891 shares of Common Stock, with \$.01 par value, entitled to vote at the Annual Meeting. Each share of Common Stock entitles the holder thereof to one vote upon each matter to be voted upon by stockholders at the Annual Meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and vote such shares on some matters but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on "routine" matters, which include the election of directors but not on non-routine matters.

The election of each director nominee requires the favorable vote of a plurality of all votes cast by the holders of Common Stock at a meeting at which a quorum is present. Proxies that are marked "Withhold Authority" and broker non-votes will not be counted toward such nominee's achievement of a plurality and thus will have no effect. Each other matter to be submitted to the stockholders for approval at the Annual Meeting requires the affirmative vote of the holders of a majority of the Common Stock voting on the matter. For purposes of determining the number of shares of Common Stock voting on the matter, abstentions will be counted and will have the effect of a negative vote; broker non-votes will not be counted and thus will have no effect.

Information Concerning Board of Directors

During the fiscal year ended February 2, 2002 (Fiscal 2001), the Board of Directors met four times. The Board has a standing Audit Committee and a standing Compensation and Stock Option Committee (the Compensation Committee).

Directors who are not employees are paid \$2,000 for each Board and Committee meeting attended and \$1,000 for each telephonic meeting, with a minimum annual compensation of \$8,000. Directors who are employees of the Company do not receive separate compensation for serving as directors.

The Company's 1999 Stock Incentive Plan, provides for the automatic grant of options to purchase 3,750 shares of common stock to each non-employee Director on the first trading day of each fiscal quarter. The exercise price for each option is the fair market value of the common stock on the date of grant. The exercise price must be paid either in cash or its equivalent. The Compensation Committee may permit exercise by tendering previously acquired shares or by other means approved by the committee. All of the options become exercisable one year after the date of grant and remain exercisable for a period of ten years from the date of grant, subject to earlier termination after termination of the option holder's service as a Director of the Company. The options are transferable by the option holders either (i) if transferred without consideration to immediate family members or the entities they control or (ii) if such transfer is approved by the Compensation Committee.

The members of the Compensation Committee are Michael G. Jesselson, John L. Marakas, and Gerald E. Wedren. The function of the Compensation Committee is to consult with and advise the Chairman with respect to the Company's compensation policies, including compensation of senior management. The Compensation Committee determines the number and terms of any stock options to be granted under the Company's 1994 Stock Option Plan and 1999 Stock Incentive Plan. The Compensation Committee also administers the Company's Management Incentive Plan. The Compensation Committee met four times in Fiscal 2001.

The members of the Audit Committee are independent Directors of the Company. The function of the Audit Committee is to recommend to the Board a firm of accountants to serve as the Company's auditors and to review with the independent auditors and the appropriate corporate officers matters relating to corporate financial reporting and accounting procedures and policies, adequacy of financial, accounting and operating controls, and the scope of the audit. The Audit Committee met five times in Fiscal 2001. The Audit Committee is governed by a written charter approved by the Board of Directors.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements for the year ended February 2, 2002.

The audit committee also discussed with our independent auditors, Ernst & Young LLP, the matters required to be discussed by the codification of *Statements on Auditing Standards 61, Communications with Audit Committees*, as subsequently amended. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended February 2, 2002 for filing with the Securities and Exchange Commission.

The following Compensation Report of the Board of Directors and Performance Graph shall not be deemed incorporated by reference by general statement incorporating by reference this Proxy Statement into any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

COMPENSATION REPORT OF THE BOARD OF DIRECTORS

General. The key components of the Company's executive officer compensation include both short-term and long-term components. Short-term compensation consists of an executive officer's annual base salary and annual cash bonus. Long-term, equity-based compensation can include grants of restricted stock and stock options awards. The Compensation Committee has the authority to advise the Chairman with respect to the Company's overall compensation policy, including compensation of senior management. Beginning in Fiscal 1998, the Board of Directors modified its historical delegation to the Chairman of the Board of the authority to establish the annual salary and bonus compensation of the officers of the Company, other than the Chairman's compensation, with the implementation of the Company's annual incentive bonus or Management Incentive Plan (the "Incentive Plan"). The Compensation Committee of the Board of Directors also has the authority to grant awards in the form of stock options, stock appreciation rights, restricted stock awards, performance units, or performance shares under the Company's 1999 Stock Incentive Plan, as amended (the "Stock Plan").

Chief Executive Officer's Compensation. Beginning in 1994, the year that the Company went public, Jay L. Schottenstein, the Company's Chairman and Chief Executive Officer, began receiving a salary in the amount of \$250,000 per year. The Board of Directors did not change the Chairman's annual salary during Fiscal 2001. The Compensation Committee did grant the Chairman options to purchase 30,000 shares, at market value, pursuant to the Stock Plan during Fiscal 2001. The Compensation Committee's determination to grant such options was based on a number of factors, including the fact that the Chairman has never received an annual salary increase or an annual bonus, as well as the Compensation Committee's subjective perception of the Chairman's performance and his historical and anticipated future contributions to the success of the Company. The determination was not based on specific objective criteria and no specific weight was given to any of the factors considered.

Executive Officer Compensation. The Fiscal 2001 base salaries for the executive officers named in the Summary Compensation Table were determined by the Chairman and approved by the Compensation Committee as a part of the Incentive Plan. Bonuses earned under the Incentive Plan are included in the Summary Compensation Table for the fiscal year that they were earned. The Incentive Plan was developed by the Compensation Committee with the assistance of an outside compensation consultant. As a part of the Incentive Plan, the Compensation Committee fixed annual bonus payments equal to varying percentages of base salary, with the bonus payments contingent on meeting pre-established performance measures. The determination of base salaries and bonus percentages was not based on specific objective criteria. No specific weight was given to any of the factors considered.

Stock Awards. The Stock Plan was approved by the stockholders on June 8, 1999, and amended with approval of the stockholders on June 5, 2001, for the purpose of providing incentives to key employees of the Company and its affiliates, consultants who provide significant services to the Company and its affiliates, and directors of the Company who are not employees. The Plan is intended to motivate these individuals to further the growth and profitability of the Company. During Fiscal 2001, the Compensation Committee granted additional options, at market value, to executive officers as set forth above under Options/SAR Grants in Last Fiscal Year. These options become exercisable 20% per year and expire ten years from the grant date. The determination to grant such options was based on a number factors, including recommendations of the Chairman and the Compensation Committee's subjective perception of the individual's performance and historical and anticipated future contributions to the success of the Company. The determination was not based on specific objective criteria and no specific weight was given to any of the factors considered.

PERFORMANCE GRAPH

The following graph shows the percentage change in the cumulative total return performance to holders of the Company's Common Stock with that of The Nasdaq Stock Market U.S. Index and the Standard & Poor's Specialty Apparel Index, both of which are published indexes. The Company's Common Stock is traded on The Nasdaq National Market under the symbol AEOS. The comparison of the cumulative total returns for each investment assumes that \$100 was invested in the Company's Common Stock and the respective index on January 31, 1997.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee administers and grants awards under the Company's Incentive Plan and Stock Plan. The Compensation Committee consists of John L. Marakas, Gerald E. Wedren, and Michael G. Jesselson. None of the members are present or former officers of the Company or have affiliates that are parties to agreements with the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Schottenstein-Deshe-Diamond families (the "families") own 100% of RVI. As of March 29, 2002, the families, through their ownership of RVI, as well as personal holdings, beneficially owned 26.1% of the outstanding shares of Common Stock of the Company. As long as the families own a substantial portion of the Company's voting shares, they will have significant influence over any action requiring stockholder approval.

The Company and its subsidiaries have certain relationships and transactions with other entities controlled by the Schottenstein-Deshe-Diamond families. The Company believes that the terms of these transactions are as favorable to the Company as those that could be obtained from third parties.

Office/Distribution Center Lease

The Company leases its distribution center and headquarters offices from an affiliate, Linmar Realty Company, a partnership owned indirectly by the Schottenstein-Deshe-Diamond families. In September 1999, the distribution center facility was expanded to add 120,000 square feet. As a result, the Company entered into an amended operating lease, effective September 10, 1999, expiring on December 31, 2020. The new lease provides for annual rental payments of approximately \$2.4 million through 2005, \$2.6 million through 2015, and \$2.7 million through the end of the lease. Additionally, the Company is required to pay all real estate taxes, insurance, maintenance, and certain other expenses. For Fiscal 2001, the Company recorded \$2.5 million of rent expense under the lease.

Merchandise Services Agreement

From time to time, the Company sells its end-of-season, overstock and irregular merchandise to VCD, with certain restrictions regarding presentation of the merchandise. For Fiscal 2001, the Company sold approximately \$4,786,000 in merchandise to VCD.

Other Services

Schottenstein Stores Corporation and its affiliates ("SSC") charge the Company for the allocated cost of various professional services provided to the Company, including certain legal, real estate and insurance services. For Fiscal 2001, these costs were approximately \$1.4 million. Additionally, during Fiscal 2001, the Company made a deposit with SSC of approximately \$1.2 million in a cost sharing arrangement for the acquisition of an interest in several corporate aircraft. The Company paid \$1.1 million to SSC to cover its share of operating costs based on usage of the corporate aircraft during Fiscal 2001.

The Company engaged the services of an affiliate of SSC to assist with the liquidation of the Braemar store inventory. The Braemar stores were acquired as part of an acquisition of Canadian divisions in November 2000 from Dylex Limited. The agreement was in effect until July 2001, when all Braemar stores closed and were turned over to the Company for conversion to American Eagle stores. The agreement provided compensation to the consultant based on several factors, including proceeds from the sale of inventory and store performance versus plan. During Fiscal 2001, the Company paid approximately \$1.7 million to the consultant.

Gilbert W. Harrison, a director of the Company, is Chairman and a principal owner of Financo, Inc. During Fiscal 2001, the Company paid \$60,040 to Financo, Inc. for investment banking services.

PROPOSAL TWO: REGARDING ADOPTION OF HUMAN RIGHTS STANDARDS BASED ON INTERNATIONAL LABOR ORGANIZATION CONVENTIONS

The New York City Employees Retirement System, the New York City Teachers Retirement System, the New York City Police Pension Fund and the New York City Fire Department Pension Fund, 1 Center Street, New York, NY 10007, each the owner of more than \$2,000 worth of American Eagle Outfitters stock, have indicated that their boards of trustees intend to submit the following stockholder proposal at the Annual Meeting:

Whereas, American Eagle Outfitters, Inc. currently has extensive overseas operations, and

Whereas, reports of human rights abuses in the overseas subsidiaries and suppliers of some U.S.-based corporations has led to an increased public awareness of the problems of child labor, sweatshop conditions, and the denial of labor rights in U.S. corporate overseas operations, and

Whereas, corporate violations of human rights in these overseas operations can lead to negative publicity, public protests, and a loss of consumer confidence which can have a negative impact on shareholder value, and

Whereas, a number of corporations have implemented independent monitoring programs with respected human rights and religious organizations to strengthen compliance with international human rights norms in subsidiary and supplier factories, and

Whereas, these standards incorporate the conventions of the United Nations International Labor Organization (ILO) on workplace human rights which include the following principles:

1. All workers have the right to form and join trade unions and to bargain collectively. (ILO Conventions 87 and 98)
2. Workers representatives shall not be the subject of discrimination and shall have access to all workplaces necessary to enable them to carry out their representation functions. (ILO Convention 135)
3. There shall be no discrimination or intimidation in employment. Equality of opportunity and treatment shall be provided regardless of race, color, sex, religion, political opinion, age, nationality, social origin, or other distinguishing characteristics. (ILO Convention 100 and 111)
4. Employment shall be freely chosen. There shall be no use of force, including bonded or prison labor. (ILO Convention 29 and 105)
5. There shall be no use of child labor. (ILO Convention 138),
and,

Whereas, independent monitoring of corporate adherence to these standards is essential if consumer and investor confidence in our company's commitment to human rights is to be maintained.

Therefore, be it resolved that shareholders request that the Company commit itself to the implementation of a code of corporate conduct based on the aforementioned ILO human rights standards by its international suppliers and in its own international production facilities and commit to a program of outside, independent monitoring of compliance with these standards.

The Board of Directors recommends a vote AGAINST this stockholder proposal for the following reasons:

American Eagle Outfitters is firmly committed to the goal of using only the most highly regarded and efficient suppliers throughout the world. We require our suppliers to provide a workplace environment that not only meets basic human rights standards, but also one that complies with all local legal requirements and encourages opportunity for all, dignity and respect.

For many years, we have had a policy for the inspection of factories throughout the world where goods are produced to our order. This inspection process is important for quality control purposes, as well as customs

compliance and human rights. Beginning last year we strengthened and formalized the process by developing and implementing a comprehensive vendor compliance program with the assistance of an internationally recognized consulting firm. This program contractually requires all suppliers to meet our global workplace standards, including human rights standards, as set forth in our Code of Conduct. The Code of Conduct is required to be posted in all factories in the local language. The program utilizes third party inspectors to audit compliance by vendor factories with our workplace standards and Code of Conduct.

We believe that the requested commitment called for by this stockholder proposal is duplicative of our existing efforts on workplace human rights. In our opinion, we can be most effective by continuing to focus our efforts on existing initiatives and policies, rather than introducing a new and duplicative statement of principles.

The Board of Directors recommends that stockholders vote AGAINST this stockholder proposal.
