Item 8.01. Other Events

PSEG and Energy Holdings

Elektrociepownia Chorzow Sp. Z o.o. (Elcho) and Electrownia Skawina SA (Skawina)

As previously disclosed, in January 2006, Energy Holdings subsidiary, PSEG Global L.L.C. (Global), entered into an agreement for the sale of its indirect ownership interests in two electric generating facilities in Poland, Elcho and Skawina, to CEZ a.s. (CEZ), the former Czech national utility company and the largest electric power company in central and eastern Europe. Elcho is a 220 MW coal-fired plant in which Global had an approximate 89% economic interest. Skawina is a 590 MW coal- and biomass-fired plant that was approximately 75% owned by Global. Global completed the sale on May 29, 2006 and received proceeds, net of transaction costs, of approximately \$470 million. The sale resulted in an after-tax gain of approximately \$225 million, which will be included in Discontinued Operations.

Rio Grande Energia (RGE)

As previously disclosed, in May 2006, Global entered into an agreement for the sale of its 32% indirect ownership interest in RGE, a Brazilian electric distribution company, and its affiliates, to its partner in RGE, Companhia Paulista de Forca Luz (CPFL), a publicly-traded Brazilian conglomerate that owns a number of electric distribution and generation companies. The regulatory approvals needed to complete the sale were recently received and the transaction is expected to close in June 2006.

Combined with the sales of Elcho and Skawina, discussed above, these transactions are expected to generate net proceeds, after taxes, in excess of \$600 million, a net after-tax gain of approximately \$50 million and a net increase in equity of over \$225 million. The transactions are consistent with Global's strategy to opportunistically monetize assets that no longer have a strategic fit in its portfolio. Energy Holdings is evaluating the use of the proceeds including potential debt redemption and loans and/or dividends to PSEG.
