SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements include statements preceded by, followed by or that include the words may, could, would, should, believe, expect, anticipate, plan, estimate, intend, or similar expressions. The statements include, among others, statements regarding our prospects, opportunities, outlook, plans, intentions, anticipated financial and operating results, our business strategy and means to implement the strategy, and objectives.

Forward-looking statements are only estimates or predictions and are not guarantees of performance. These statements are based on our management's beliefs and assumptions, which in turn are based on currently available information. Important assumptions relating to the forward-looking statements include, among others, assumptions regarding demand for our products and services, competition from existing and new competitors, our ability to introduce new products, expected pricing levels, the timing and cost of planned capital expenditures, competitive conditions and general economic conditions. These assumptions could prove inaccurate. Forward-looking statements also involve risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Among other things, continued unfavorable economic conditions may impact market growth trends or otherwise impact the demand for our products and services, and competition from existing and new competitors and producers of alternative products will impact our ability to penetrate or expand our presence in new or growing markets. Uncertainties relating to our ability to develop and distribute new proprietary products to respond to market needs in a timely manner may impact our ability to exploit new or growing markets. Our ability to successfully identify and implement productivity improvements and cost reduction initiatives may impact profitability.

In addition, unless otherwise specifically provided herein, the statements in this Report are made as of end of the period for which the Report is filed. We expect that subsequent events or developments will cause our views to change. We undertake no obligation to update any of the forward-looking statements made herein, whether as a result of new information, future events, changes in expectations or otherwise. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the end of the period for which the Report is filed.

NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

Consulier Engineering, Inc., and its subsidiaries (collectively called *Consulier* or the *Company*) are engaged in three primary business lines: ownership in medical software activities, distribution of Captain Cra-Z Soap and minority ownership of other business entities.

Consulier International, Inc. (a wholly-owned subsidiary) markets and distributes Captain Cra-Z Soap . *Consulier* 's income is also derived from ownership of interests (Note 3) in BioSafe Systems, LLC (*BioSafe*), a California limited liability company, and AVM, L.P. (*AVM*), an Illinois limited partnership. BioSafe develops and markets environmentally safe products, alternatives to traditionally toxic pesticides. AVM is a broker-dealer in government securities and other fixed income instruments. *Consulier* 's Chairman and majority stockholder, Warren B. Mosler (*Mosler*), is a general partner of the general partner of AVM.

ST, LLC, a majority-owned (51%) limited liability company, is a majority member (75%) of Patient Care Technology Systems, LLC (*PCTS*), a California limited liability company which develops and licenses data-based integrated emergency room information systems marketed as Amelior ED . *PCTS* is also a provider of passive tracking technologies for emergency departments and operating rooms. Its software technologies track the status and location of patients and assets through wireless badges worn by people or attached to equipment in the emergency department and ancillary areas. *PCTS* also designs, customizes, markets, sells and distributes paper templates used for diagnostic purposes in emergency medical departments. *Mosler* 's ownership in ST, LLC was approximately 24% as the Class A member and *Consulier* 's ownership was approximately 51% as of June 30, 2009.

Basis of Consolidation

The accompanying condensed consolidated financial statements include *Consulier* and its wholly-owned subsidiary, *Consulier International, Inc.*, and ST, LLC, with its majority- owned subsidiary, *PCTS*. All significant intercompany accounts and transactions have been eliminated in consolidation. The Company uses the equity method of accounting for investments where its ownership is between 20% and 50% (Note 3).

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Interim Financial Data

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with instructions to Form 10-Q and Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, management believes the accompanying unaudited condensed consolidated financial statements contain all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the consolidated financial position of Consulier Engineering, Inc. and subsidiaries as of June 30, 2009, and the results of their operations for the three and six months ended June 30, 2009 and 2008, and cash flows for the six months ended June 30, 2009 and 2008. The results of operations and cash flows for the period are not necessarily indicative of the results of operations or cash flows that can be expected for the year ending December 31, 2009. For further information, refer to the consolidated financial statements and footnotes thereto included in Consulier's annual report on Form 10-K for the year ended December 31, 2008.

Revenue Recognition

PCTS derives revenue from the following sources: (1) licensing and sale of data-based integrated emergency room information systems and passive tracking technologies, which include new software license and software license updates and product support revenues, and (2) services, which include consulting, advanced product services and education revenues. The following generally describes the revenue accounting followed by PCTS.

New software license revenues represent all fees earned from granting customers licenses to use PCTS's database and tracking technology as well as applications software, and exclude revenue derived from software license updates, which is included in software license updates and product support. While the basis for software license revenue recognition is substantially governed by the provisions of Statement of Position (SOP) No. 97-2, *Software Revenue Recognition*, issued by the American Institute of Certified Public Accountants, PCTS exercises judgment and uses estimates in connection with the determination of the amount of software and services revenues to be recognized in each accounting period.

Table of Contents

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

JUNE 30, 2009

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Revenue Recognition (Continued)

For software license arrangements that do not require significant modification or customization of the underlying software, PCTS recognizes new software license revenue when: (1) PCTS enters into a legally binding arrangement with a customer for the license of software; (2) PCTS delivers the products; (3) a customer payment is deemed fixed or determinable and free of contingencies or significant uncertainties; and (4) collection is probable. Substantially all new software license revenues are recognized in this manner. The vast majority of software license arrangements include software license updates and product support, which are recognized ratably over the term of the arrangement, typically one year. Software license updates provide customers with rights to unspecified software product upgrades, maintenance releases and patches released during the term of the support period. Product support includes internet access to technical content, as well as internet and telephone access to technical support personnel. Software license updates and product support are generally priced as a percentage of the net new software license fees.

Many of PCTS's software arrangements include consulting implementation services sold separately under consulting engagement contracts. Consulting revenue from these arrangements is generally accounted for separately from new software license revenue because the arrangements qualify as service transactions as defined in SOP No. 97-2. The more significant factors considered in determining whether the revenue should be accounted for separately include the nature of services (e.g., consideration of whether the services are essential to the functionality of the licensed product), degree of risk, availability of services from other vendors, timing of payments and impact of milestones or acceptance criteria on the realizability of the software license fee.

Revenue for consulting services is generally recognized as the services are performed. If there is a significant uncertainty about the project completion or receipt of payment for the consulting services, revenue is deferred until the uncertainty is sufficiently resolved. Contracts with fixed or not to exceed fees are recognized on a proportional performance basis.

If an arrangement does not qualify for separate accounting of the software license and consulting transactions, then new software license revenue is generally recognized together with the consulting services based on contract accounting using either the percentage-of-completion or completed-contract method. Contract accounting is applied to any arrangements: (1) that include milestones or customer specific acceptance criteria that may affect collection of the software license fees; (2) where services include significant modification or customization of the software; (3) where significant consulting services are provided for in the software license contract without additional charge or are substantially discounted; or (4) where the software license payment is tied to the performance of consulting services.

Table of Contents

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES
NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

JUNE 30, 2009

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Revenue Recognition (Continued)

Advanced product services revenue is recognized over the term of the service contract, which is generally one year.

Education revenue is recognized as the classes or other education offerings are delivered.

For arrangements with multiple elements, PCTS allocates revenue to each element of a transaction based upon its fair value as determined by vendor specific objective evidence. Vendor specific objective evidence of fair value for all elements of an arrangement is based upon the normal pricing and discounting practices for those products and services when sold separately, and for software license updates and product support services, is additionally measured by the renewal rate offered to the customer.

PCTS defers revenue for any undelivered elements, and recognizes revenue when the product is delivered or over the period in which the service is performed, in accordance with the revenue recognition policy for such element. If PCTS cannot objectively determine the fair value of any undelivered element included in bundle software and service arrangements, the Company defers revenue until all elements are delivered and services have been performed, or until fair value can objectively be determined for any remaining undelivered elements. When the fair value of a delivered element has not been established, the residual method is used to record revenue if the fair value of all undelivered elements is determinable. Under the residual method, the fair value of the undelivered elements is deferred and the remaining portion of the arrangement fee is allocated to the delivered elements and is recognized as revenue.

Sales of the Company's soap products are recorded upon shipment of goods to customers.

Shipping and handling costs billed to customers are included in sales and recorded when goods are shipped to customers. Shipping costs of the Company are classified as a selling expense.

Income Taxes

The Company accounts for income taxes under the liability method. Under this method, deferred tax liabilities and assets are determined based on the difference between the consolidated financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

As part of the process of preparing our consolidated financial statements, the Company is required to estimate its income taxes in each of the jurisdictions in which it operates. This process involves estimating current tax exposure together with assessing temporary differences resulting from differing treatment of items for tax and accounting purposes.

Table of Contents

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES
NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

JUNE 30, 2009

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Income Taxes (Continued)

These differences result in deferred tax assets and liabilities, which are included within the Company's consolidated balance sheet. The Company then assesses the likelihood that the deferred tax assets will be recovered from future taxable income and to the extent it believes that recovery is not likely, it establishes a valuation allowance. To the extent the Company establishes a valuation allowance or changes this allowance in a period, it includes an expense or a benefit within the tax provision in the Company's consolidated statement of operations.

In June 2006, the Financial Accounting Standards Board published FASB Interpretation No. 48 (FIN No. 48).

Accounting for Uncertainty in Income Taxes, to address the non-comparability in reporting tax assets and liabilities resulting from a lack of specific guidance in FASB Statement of Financial Accounting Standards No. 109 (SFAS 109), Accounting for Income Taxes, on the uncertainty in income taxes recognized in an enterprise's financial statements. Specifically, FIN No. 48 prescribes (a) a consistent recognition threshold and (b) a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and provides related guidance on derecognition, classification, interest and penalties, accounting interim periods, disclosure and transition. FIN 48 requires companies to determine whether it is more likely than not that a tax position will be sustained upon examination by the appropriate taxing authorities before any part of the benefit can be recorded in the financial statements. For those tax positions where it is not more likely than not that a tax benefit will be sustained, no tax benefit is recognized. Where applicable, associated interest and penalties are also recorded in the accompanying consolidated financial statements as selling, general and administrative expenses.

The Company adopted the provisions of FIN 48 on January 1, 2007. Based on our evaluation, we have concluded that there are no significant uncertain tax positions requiring recognition in our financial statements. Our evaluation was performed for the tax years ended December 31, 2008, 2007, 2006, and 2005, the tax years which remain subject to examination by major tax jurisdictions as of June 30, 2009.

Recently Adopted Accounting Pronouncements

In September 2006, the FASB issued SFAS 157, Fair Value Measurements (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. For all of our financial assets and liabilities that are recognized and disclosed at fair value on a recurring basis, we adopted the provisions of SFAS 157 effective January 1, 2008.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

JUNE 30, 2009

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Recently Adopted Accounting Pronouncements (Continued)

The implementation of SFAS No. 157 did not have a material effect on the Company's consolidated financial statements. For all assets and liabilities that are non-financial that are recognized or disclosed at fair value in the financial statements on a non-recurring basis we adopted the provisions of SFAS 157 effective January 1, 2009. This partial deferral was a result of Staff Position 157-2 Effective Date of FASB Statement No. 157 (FSP 157-2) issued on February 12, 2008, which delayed the adoption of SFAS 157 for non-financial assets and liabilities that are recognized or disclosed at fair value on a non-recurring basis. The adoption of this standard did not have a significant impact on the Company's financial position or results of operations.

On February 15, 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS No. 159). Under SFAS No. 159, the Company may elect to report financial instruments and certain other items at fair value on a contract-by-contract basis with changes in value reported in earnings. This election is irrevocable. SFAS No. 159 provides an opportunity to mitigate volatility in reported earnings that is caused by measuring hedged assets and liabilities that were previously required to use a different accounting method than the related hedging contracts when the complex provisions of SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, (SFAS 133) applicable to hedge accounting are not met. The Company adopted SFAS No. 159 on January 1, 2008. The Company chose not to elect the fair value option for its financial assets and liabilities existing at January 1, 2009, and did not elect the fair value option on financial assets and liabilities transacted in the six months ended June 30, 2009. Therefore, the adoption of SFAS No. 159 had no impact on the Company's interim condensed consolidated financial statements.

In March 2008, the FASB issued SFAS 161 *Disclosures about Derivative Instruments and Hedging Activities*, an amendment of FASB Statement No. 133 (SFAS 161), which is effective for fiscal years and interim periods beginning after November 15, 2008, with earlier adoption encouraged. This statement is intended to improve transparency in financial reporting by requiring enhanced disclosures of an entity's derivative instruments and hedging activities and their effects on the entity's financial position, financial performance, and cash flows. SFAS 161 applies to all derivative instruments within the scope of SFAS 133, as well as related hedged items, bifurcated derivatives, and non-derivative instruments that are designated and qualify as hedging instruments. This statement was adopted effective January 1, 2009. SFAS 161 had no material impact on the Company's consolidated financial statements.

JUNE 30, 2009

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Recently Adopted Accounting Pronouncements (Continued)

In December 2007, the FASB issued SFAS 141R, *Business Combinations* (SFAS 141R), which is effective prospectively for all business combinations with acquisition dates on or after the beginning of the first fiscal year beginning after December 15, 2008, with the exception of the accounting for valuation allowances on deferred taxes and acquired tax contingencies. SFAS 141R replaces SFAS 141 *Business Combinations* (SFAS 141), but it retains the underlying concepts of SFAS 141 in that all business combinations are required to be accounted for at fair value under the acquisition method of accounting. However, SFAS 141R changed the method of applying the acquisition method in a number of significant ways. Acquisition costs will generally be expensed as incurred; noncontrolling interests will be valued at fair value at the acquisition date; in-process research and development will be recorded at fair value at the acquisition date as an indefinite-lived intangible asset; restructuring cost associated with a business combination will generally be expensed subsequent to the acquisition date; and changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date generally will affect income tax expense. This statement was adopted effective January 1, 2009. SFAS 141R did not have a material impact on the Company's consolidated financial statements.

In April 2008, the FASB issued FSP No. FAS 142-3, *Determination of the Useful Life of Intangible Assets*. This FSP amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS No. 142, *Goodwill and Other Intangible Assets* (SFAS 142). The objective of this FSP is to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS 141(R), and other principles of GAAP.

This FSP applies to all intangible assets, whether acquired in a business combination or otherwise. The Company adopted this standard on January 1, 2009, and it did not have a significant impact on the determination or reporting of the Company's consolidated financial results.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). This statement identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in accordance with GAAP. With the issuance of this statement, the FASB concluded that the GAAP hierarchy should be directed toward the entity and not its auditor, and reside in the accounting literature established by the FASB as opposed to the American Institute of Certified Public Accountants

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Recently Adopted Accounting Pronouncements (Continued)

(AICPA) Statement on Auditing Standards No. 69, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. The Company adopted this standard effective January 1, 2009, and it did not have a significant impact on the determination or reporting of the Company's consolidated financial results.

In December 2007, the FASB issued SFAS 160 *Non-controlling Interests in Consolidated Financial Statements (SFAS160)*, which amends Accounting Research Bulletin (ARB) 51, *Consolidated Financial Statements (ARB 51)*. This statement was adopted effective January 1, 2009. FAS160 provides guidance for the accounting, reporting and disclosure of noncontrolling interests and requires, among other things, that non-controlling interests be recorded as equity in the consolidated financial statements. The adoption of this standard resulted in the reclassification of \$2,688,758 of Minority Interests (now referred to as non-controlling interests) to a separate component of Stockholders' Equity on the Consolidated Balance Sheet. Additionally, net income attributable to non-controlling interests is now shown separately from parent net income in the Consolidated Statement of Income. Prior periods have been restated to reflect the presentation and disclosure requirements of SFAS 160.

EITF 08-6, which was effective January 1, 2009, clarifies the accounting for certain transactions and impairment considerations involving equity method investments and is applied on a prospective basis to future transactions.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133* (SFAS161). SFAS 161 requires entities that use derivative instruments to provide qualitative disclosures about their objectives and strategies for using such instruments, as well as any details of credit-risk-related contingent features contained within derivatives. SFAS 161 also requires entities to disclose additional information about the amounts and location of derivatives located within the financial statements, how the provisions of SFAS 133 have been applied, and the impact that hedges have on an entity's financial position, financial performance, and cash flows. The Company does not currently hold derivative instruments and was not impacted by the adoption of SFAS 161.

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Recently Adopted Accounting Pronouncements (Continued)

In April 2009, the FASB issued FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4), and FSP FASB 107-1 and Accounting Principles Board (APB) 28-1, *Interim Disclosures about Fair Value of Financial Instruments* (FSP 107-1). These two staff positions relate to fair value measurements and related disclosures. The FASB also issued a third FSP relating to the accounting for impaired debt securities titled FSP FAS 115-2 and FAS 124-2, *Recognition and Presentation of Other-Than-Temporary Impairments* (FSP 115-2). These standards are effective for interim and annual periods ending after June 15, 2009. The company has determined that FSP 157-4 and FSP 115-2 do not currently apply to its activities and had adopted the disclosure requirements of FSP 107-1.

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* (SFAS 165), which establishes general standards of accounting for, and requires disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Company adopted the provisions of SFAS 165 for the quarter ended June 30, 2009. The adoption of these provisions did not have a material effect on the Company's consolidated financial statements. The Company evaluated subsequent events through August 14, 2009, the date this quarterly report was filed with the Securities and Exchange Commission.

Recently Issued Accounting Pronouncements

In June 2009, the FASB issued SFAS No. 166, *Accounting for Transfers of Financial Assets, as amendment to SFAS No. 140* (SFAS166). SFAS 166 eliminates the concept of a qualifying special-purpose entity, changes the requirements for derecognizing financial assets, and requires additional disclosures in order to enhance information reported to users of financial statements by providing greater transparency about transfers of financial assets, including securitization transactions, and an entity's continuing involvement in and exposure to the risks related to transferred financial assets. SFAS 166 is effective for fiscal years beginning after November 15, 2009. The Company will adopt SFAS 166 in fiscal 2010 and is evaluating the impact it will have on the consolidated results of the Company.

**NOTE 1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Recently Issued Accounting Pronouncements (Continued)

In June 2009, the FASB issued SFAS No. 167, *Amendments to FASB Interpretation No. 46(R)* (SFAS 167). The amendments include: (1) the elimination of the exemption for qualifying special purpose entities, (2) a new approach for determining who should consolidate a variable-interest entity, and (3) changes to when it is necessary to reassess who should consolidate a variable-interest entity. SFAS 167 is effective for the first annual reporting period beginning after November 15, 2009 and for interim periods within that first annual reporting period. The Company will adopt SFAS 167 in fiscal 2010 and is evaluating the impact it will have on the consolidated results of the Company.

In June 2009, the FASB issued SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (SFAS 168). SFAS 168 replaces FASB Statement No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes the FASB Accounting Standards Codification (the Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). SFAS 168 is effective for interim and annual periods ending after September 15, 2009. The Company will begin to use the new Codification when referring to GAAP in its quarterly report of Form 10Q for the quarter ending September 30, 2009. This will not have an impact on the consolidated results of the Company.

NOTE 2. DEFERRED IMPLEMENTATION COSTS

Deferred implementation costs as of June 30, 2009, totaled \$2,447,332 and \$2,293,464 as of December 31, 2008, and represented equipment purchased for customers, payroll and payroll related expenses for customer contracts which have not met certain milestones and customer acceptance or go-live dates. Implementation costs are deferred and recognized ratably over the initial licensing term or upon reaching certain milestones, acceptance criteria or go-live dates, depending on the applicable revenue stream. Deferred implementation costs are stated at the lower of cost or market.

NOTE 3. INVESTMENTS PARTNERSHIP AND LIMITED LIABILITY COMPANY

The Company's limited partnership and limited liability company interests consist of its investments in AVM and BioSafe, respectively.

AVM, L.P.

Consulier owned an approximately 6.3% limited partnership interest in AVM as of June 30, 2009 and 2008, respectively. Based on capital and earnings distributions provided in the partnership agreement, Consulier was allocated approximately 3.68% and 4.86% of AVM's earnings during the six months ended June 30, 2009 and 2008, respectively. Under the partnership agreement, Consulier may withdraw from AVM upon 90 days' written notice. The following is a summary of the results of operations (unaudited) of AVM and the income allocated to the Company:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	(In Thousands)		(In Thousands)	
	(Unaudited)		(Unaudited)	
	2009	2008	2009	2008
Revenues	\$ 13,505	\$ 28,945	\$ 35,912	\$ 62,153
Cost & Expenses	\$ 8,309	\$ 13,082	\$ 18,335	\$ 25,603
Net Income	\$ 5,196	\$ 15,863	\$ 17,577	\$ 36,550
Consulier's Share of Earnings	\$ 184	\$ 732	\$ 646	\$ 1,898

The carrying value of the Company's investment in AVM at June 30, 2009, and December 31, 2008, was \$1,552,893 and \$1,582,260, respectively.

Net Income	\$ 715	\$ 417	\$ 785	\$ 307
Consulier's Share of Earnings	\$ 287	\$ 167	\$ 313	\$ 123

The carrying value of Consulier's investment in BioSafe at June 30, 2009 was \$1,248,247 and \$1,046,757 at December 31, 2008.

NOTE 4. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing net income (loss) available to stockholders by the weighted average number of common shares outstanding during each period. Diluted earnings per share are computed using the weighted average number of common and dilutive potential common shares outstanding during the period. Dilutive potential common shares consist of shares issuable upon the exercise of stock awards (calculated using the treasury stock method) warrants, convertible debt and convertible preferred stock during the period they were outstanding.

NOTE 5. SEGMENT INFORMATION

Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The Company has four reportable segments: distribution of household and tool products, ownership of limited liability entities, medical software activities, and corporate. The household and tool products manufacturing segment is engaged in sales of the Captain Cra-Z soap product line and tool and ladder related products. The investments segment maintains investment interests in a limited partnership and a limited liability company (which are together called Limited Liability Companies in the following tables). The corporate segment is engaged in management of the business and finance activities.

Segment information as of and for the three and six months ended June 30, 2009 and 2008 are as follows:

	Three Months Ended June 30, 2009				
	Distribution Activities	Income (loss) Derived from Ownership of Investments	Corporate Activities	Medical Software Activites	Total
Revenue (b)	\$ 7,601	\$	\$	\$ 915,881	\$ 923,482
Operating Income (loss)	(28,836)		(149,097)	(1,225,591)	(1,403,524)
Other Income (loss)(a)		470,625	29,798		500,423
Noncontrolling Interest				1,208,032	1,208,032
Income Tax Benefit (Expense)	12,643	(190,779)	52,966	43,736	(81,434)
Net Income (loss)(a)	(16,193)	279,846	(66,333)	26,171	223,497
Total Assets	\$ 38,997	\$2,801,140	\$2,315,440	\$ 3,792,098	\$ 8,947,675

Three Months Ended June 30, 2008

(a) All interest expense incurred by the Company was allocated to the Corporate Activities Segment.

(b) There was no intersegment revenue during the period.

NOTE 6. INCOME TAXES

Provisions (benefit) for federal and state income tax in the interim condensed consolidated statements of operations consist of the following:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2009	2008	2009	2008
Current:				
Federal	\$ (12,955)	\$	\$ (25,911)	\$
State	\$	\$	\$	\$
	\$ (12,955)	\$	\$ (25,911)	\$
Deferred:				
Federal	\$ 82,488	\$ (99,973)	\$ 17,747	\$ (124,869)
State	\$ 11,901	\$ (10,029)	\$ (1,399)	\$ (13,296)
	\$ 94,389	\$ (110,002)	\$ 16,348	\$ (138,165)
Total Income Tax (Benefit) Expense	\$ 81,434	\$ (110,002)	\$ (9,563)	\$ (138,165)

Applicable income taxes (benefit) expense for financial reporting purposes differs from the amount computed by applying the statutory federal income tax rate as follows:

	For Three Months Ended June 30,		For Six Months Ended June 30,	
	2009	2008	2009	2008
Federal tax expense (benefit) at statutory rate	\$ 93,423	\$ (492,242)	\$ (10,322)	\$ (612,762)
State income tax expense (benefit) net of federal tax effect	\$ 7,855	\$ (52,554)	\$ (923)	\$ (65,421)
Losses allocated to minority shareholder of St. LLC	\$ (20,685)	\$ 424,478	\$	\$ 527,550
Adjustment of net operating loss carryovers	\$	\$ 1,742	\$	\$ 3,894
Other	\$ 841	\$ 8,574	\$ 1,682	\$ 8,574
Income Tax (Benefit) Expense	\$ 81,434	\$ (110,002)	\$ (9,563)	\$ (138,165)

As of June 30, 2009, the Company had Federal and State tax loss carry-forwards totaling approximately \$0 and \$4,928,000, respectively, available to reduce future years' income through 2023.

NOTE 6. INCOME TAXES (CONTINUED)

The approximate tax effects of temporary differences that give rise to deferred tax assets (liabilities) as of June 30, 2009, are as follows:

	June 30th 2009
Depreciation and Amortization	\$ 368,163
Tax loss carry forward	199,365
Accrued Interest	277,132
 Total Net Deferred Tax Asset	 \$ 844,660

Deferred tax assets and liabilities are reflected on the balance sheet as of June 30, 2009, as follows:

	June 30, 2009
Net Short-Term Deferred Tax Asset	\$ 277,132
Net Long-Term Deferred Tax Asset	567,528
 Net Deferred Tax Assets	 \$ 844,660

NOTE 7: COMMITMENTS AND CONTINGENCIES

From time to time, the Company may be involved in lawsuits and claims in the ordinary course of business. Currently, neither the Company nor any of its subsidiaries are involved in any lawsuits or claims.

NOTE 8. RELATED PARTY TRANSACTIONS**NOTE PAYABLE RELATED PARTY**

ST, LLC had unsecured promissory notes to the majority stockholder totaling \$736,766 and \$968,948 as of June 30, 2009 and December 31, 2008, respectively, the proceeds of which have been used to meet operating requirements. These promissory notes accrue interest at 10% per annum, compounding monthly. Interest only is payable annually on the anniversary date of each of the promissory notes. The promissory notes and any accrued interest are due on demand any time after 10 years from the applicable date of the note. Accordingly, the total unpaid principal balance is included in long-term liabilities on the accompanying consolidated balance sheet. The Company may not prepay the principal balance without prior consent of the majority stockholder.

Table of Contents

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES
NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

JUNE 30, 2009

NOTE PAYABLE RELATED PARTY (CONTINUED)

Accrued interest on these notes totaled \$27,736 and \$53,407 and is included in related party note payable on the accompanying consolidated balance sheets as of June 30, 2009 and December 31, 2008, respectively.

OTHER RELATED PARTY TRANSACTIONS

PCTS's president is also the majority owner of a company that provides materials related to the Company's passive tracking technologies. The Company paid this vendor approximately \$32,000 for the three months ended June 30, 2009, for these materials. Amounts due this related party vendor totaled \$0 of June 30, 2009. This amount is included in accounts payable and accrued expenses on the accompanying condensed consolidated balance sheets.

ACCOUNTS RECEIVABLE RELATED PARTY

Included in accounts receivable on the condensed consolidated balance sheets at June 30, 2009, is \$119,170 due from AVM, L.P., and \$111,456 from BioSafe, LLC.

Table of Contents

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

Gross revenue, which is predominantly software licensing fees, increased approximately 80% in the quarter ended June 30, 2009, compared to the quarter ended June 30, 2008, due to the completion of implementation projects at certain hospitals.

The operating loss for the six months ended June 30, 2009, was approximately \$2,215,000 compared to an operating loss for the six months ended June 30, 2008, of \$3,800,000. This reduction in operating loss of approximately \$1,585,000 was largely due to an increase in revenue from software licensing fees, and reduction in professional services and amortization in the medical software segment due to the completion in 2008 of major software revisions. During the six months ended June 30, 2009, other income decreased by approximately \$396,000, primarily driven by the Company's interest in AVM, Ltd., whose income was approximately 66% less than the same period of 2008. The income from the Company's interest in AVM Ltd., was income of \$646,473 in the six months ended June 30, 2009 compared to income of \$1,898,392 during the comparable period in 2008.

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash position decreased \$147,251 in the six months ended June 30, 2009, compared to an increase of \$63,438 during the comparable period in 2008. Net cash flow used in operations for the six months ended June 30, 2009, was approximately \$2.5 million, compared with cash used in operations of approximately \$2.6 million for the six months ended June 30, 2008. The primary reason for the approximate \$100,000 difference is a decrease in operating costs and the recognition of deferred revenues associated with completed implementation contracts.

Net cash used by financing activities was approximately \$1,112,000 for the six months ended June 30, 2009, compared to cash provided by financing activities of approximately \$573,000 for the six months ended June 30, 2008. Net cash provided by financing activities was primarily affected from an investment from the majority shareholder in the amount of approximately \$1,546,000 in 2009. During the period ending June 30, 2009, approximately \$434,000 was used to reduce related party debt.

Net cash provided by investing activities relates primarily to the distribution from AVM and BioSafe of approximately \$1,229,000 for the six months ended June 30, 2009. This compares to net cash provided by investing activities for the six months ended June 30, 2008, of approximately \$2,083,000. The distribution from AVM for the quarter ended June 30, 2009, was approximately \$184,000.

Table of Contents

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership interest in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return from our interest in partnerships for the six months ended June 30, 2009, nor whether we will continue to be able to obtain additional funding when necessary. However, Consulier does not expect that the rate of return will decline to the point that Consulier has negative cash flow.

Consulier is planning to continue to invest in ST, LLC. The Company anticipates that the cash which it will use to invest in ST, LLC will be available from the Company's interest in AVM and BioSafe.

The Company does not trade derivative instruments. However, AVM enters into various transactions involving derivatives and other off-balance sheet financial instruments. These derivatives and off-balance sheet instruments are subject to varying degrees of market and credit risk.

OUTLOOK

Based on AVM's operations over the past five years, management expects continued return in 2009 on its interest in AVM; however, there is no guarantee that the return in the second quarter of 2009 will be maintained throughout fiscal 2009.

Consulier International, Inc., continues to develop new retail and distribution outlets locally, nationally and internationally. As a result, sales of that company's primary product, Captain Cra-Z Hand and All Purpose Cleaner, have increased for the six months ended June 30, 2009, by 4% over the comparable 2008 period.

In the second quarter, Patient Care Technology Systems (PCTS) signed a contract with Wake Forest University Baptist Medical Center in Winston-Salem, NC for what will be the world's largest real-time location system (RTLS) implementation in a health care facility. PCTS will track assets in an over 4.1 million square foot campus. PCTS also signed an asset tracking contract with the 13-hospital system, Aurora Health Care in Milwaukee, WI for an over 1.65 million square foot deployment at Aurora St. Luke's Medical Center. PCTS successfully completed an implementation of its emergency department automatic patient tracking system at Hoag Memorial Hospital Presbyterian in Newport Beach, CA. During the quarter, PCTS exhibited and spoke at eight conferences, including the internationally recognized HIMSS annual conference where three customers delivered presentations on the return on investment benefits their departments have achieved using PCTS workflow visibility solutions.

PCTS currently supports 29 completed installations of its core product line of electronic tracking and documentation solutions with over 12 implementations in progress. Including its non-core solutions, PCTS supports a total customer base of 69 implementations representing over 1.8 million annual patient encounters.

The Company's income from its interest in BioSafe was \$312,945 for the six months ended June 30, 2009, compared to income of \$122,789 for the six months ended June 30, 2008.

Table of Contents

Total revenue for the six months ended June 30, 2009, increased by 2% compared with the six months ended June 30, 2008. The Company expects continued sales growth and continued success with cost containment.

The company net income increased by 189% for the quarter ended June 30, 2009 over the same period in the prior quarter due to the reduction in sales and administrative expenses. The Company is confident that its profitability will continue with maintaining the current sales volume and the cost containment success.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is a smaller reporting company, as defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934, and is accordingly not required to provide the information required by this Item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, or the Evaluation Date, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, or the Exchange Act). Because of its inherent limitations, our internal control over financial reporting may not prevent material errors or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. The continued effectiveness of our internal control over financial reporting is subject to risks, including that the controls may become inadequate because of changes in conditions or that the degree of compliance with our policies or procedures may deteriorate. Based on the evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of June 30, 2009, the disclosure controls were effective in ensuring that the information required to be disclosed by us in reports filed under the Exchange Act is recorded, processed, summarized and reported.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the six months ended June 30, 2009, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
