**PROXY STATEMENT
FOR
2010 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 25, 2010**

This Proxy Statement is furnished by the Board of Directors of Cambium Learning Group, Inc., a Delaware corporation, in connection with the Company's solicitation of proxies for use at our 2010 Annual Meeting of Stockholders to be held on Tuesday, May 25, 2010, beginning at 9:00 a.m., Eastern Time, at the offices of Lowenstein Sandler PC, located at 1251 Avenue of the Americas, New York, New York 10020, and at any postponements or adjournments thereof. This Proxy Statement contains important information regarding the Annual Meeting. Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

As used in this Proxy Statement: the terms *we*, *our*, *us* and the *Company* each refer to Cambium Learning Group, Inc.; the term *Board* means our Board of Directors; the term *proxy materials* means this Proxy Statement, the proxy card, and our Annual Report on Form 10-K for the year ended December 31, 2009, as filed with the U.S. Securities and Exchange Commission (the *SEC*) on March 26, 2010; and the term *Annual Meeting* means our 2010 Annual Meeting of Stockholders.

We are sending the Notice of Internet Availability of Proxy Materials on or about April 15, 2010, to all stockholders of record at the close of business on April 1, 2010, the date fixed by the Board as the record date for the Annual Meeting (the *Record Date*).

Table of Contents

**QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION
AND VOTING AT THE ANNUAL MEETING**

Why am I receiving these proxy materials?

You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date (which was April 1, 2010). As a stockholder of record, you are invited to attend the Annual Meeting and are entitled to and requested to vote on the items of business described in this Proxy Statement.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

Pursuant to SEC rules, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the *Notice*) to our stockholders.

All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of our annual stockholders' meetings on the environment. In connection with our upcoming Annual Meeting, if you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

We have chosen to send the Notice to stockholders, instead of automatically sending a full set of printed copies to all stockholders, to reduce the impact of printing our proxy materials on the environment and to save on the costs of printing and mailing incurred by the Company.

What is the purpose of the meeting?

At our Annual Meeting, stockholders of record on the Record Date will vote upon the items of business outlined in the notice of meeting (on the cover page of this Proxy Statement), each of which is described more fully in this Proxy Statement. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Who is entitled to attend the meeting?

You are entitled to attend the meeting only if you owned our common stock (or were a joint holder) as of the Record Date or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance to the Annual Meeting. The meeting will begin promptly at 9:00 a.m., Eastern Time. Check-in will begin at 8:30 a.m., Eastern Time.

Please also note that if you are not a stockholder of record but hold shares in *street name* (that is, through a broker, trustee or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

Table of Contents

<i>Who is entitled to vote at the meeting?</i>	<p>Only stockholders who owned our common stock at the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting, and at any postponements or adjournments thereof.</p> <p>As of the Record Date, 43,864,676 shares of our common stock were outstanding. Each outstanding share of our common stock entitles the holder to one vote on each matter to be considered at the meeting. Accordingly, there are a maximum of 43,864,676 votes that may be cast at the meeting.</p>
<i>How many shares must be present or represented to conduct business at the meeting (that is, what constitutes a quorum)?</i>	<p>The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the meeting will constitute a quorum. A quorum is required to conduct business at the meeting. The presence of the holders of our common stock representing at least 21,932,339 votes will be required to establish a quorum at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.</p>
<i>What items of business will be voted on at the meeting?</i>	<p>The items of business scheduled to be voted on at the Annual Meeting are as follows:</p> <ol style="list-style-type: none">1. the election of three nominees to serve as Class I directors on our Board;2. the approval of the Cambium Learning Group, Inc. 2009 Equity Incentive Plan; and3. the ratification of the appointment of Whitley Penn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010. <p>These proposals are described more fully in this Proxy Statement. We are not aware of any other business to be presented at the Annual Meeting. As of the date of this Proxy Statement, no stockholder had advised us of the intent to present any business at the Annual Meeting. Accordingly, the only business that our Board intends to present at the meeting is as set forth in this Proxy Statement.</p> <p>If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.</p>
<i>How does the Board recommend that I vote?</i>	<p>Our Board recommends that you vote your shares FOR each of the director nominees, FOR the approval of the Cambium Learning Group, Inc. 2009 Equity Incentive Plan, and FOR the ratification of Whitley Penn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.</p>

What shares can I vote at the meeting? You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a broker, trustee or other nominee, such as a bank.

What is the difference between holding shares as a stockholder of record and as a beneficial owner? Most of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Table of Contents

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the stockholder of record. Accordingly, these proxy materials will be furnished directly to you by the Company, via the Internet, as described in the Notice, or by mail. As the stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the meeting.

Beneficial Owners. If your shares are held by a brokerage account or by a bank or another nominee, you are considered the beneficial owner of shares held in street name, and the Notice or proxy materials, as applicable, has been forwarded to you by your broker, trustee or nominee who is considered, with respect to those shares, the stockholder of record.

As a beneficial owner, you have the right to direct your broker, trustee or nominee as to how to vote your shares. Please refer to the voting instruction card provided by your broker, trustee or nominee. You are also invited to attend the 2010 Annual Meeting. However, because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Note that it may take some time to obtain a legal proxy from your broker, trustee or nominee, so, if you plan to request a legal proxy, you should do so well in advance of the meeting.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. There are three ways to vote by proxy without attending the meeting:

By Internet Stockholders who received a Notice may submit proxies over the Internet by following the instructions on the notice. Stockholders who have received a paper copy of a proxy card or voting instruction card by mail may submit proxies over the Internet by following the instructions on the proxy card or voting instruction card.

By Telephone Stockholders of record may submit proxies by telephone by following the instructions on the Notice or the proxy card. You will need to have the three digit company number and the eleven digit control number that appears on your Notice or proxy card available when voting by telephone.

By Mail Stockholders who requested and have received a paper copy of a proxy card or a voting instruction card by mail may submit proxies by completing, signing and dating their proxy card or voting instruction and mailing it in the accompanying pre-addressed envelope.

How can I vote my shares in person at the meeting?

Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right

Table of Contents

to vote the shares. Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.

Can I change my vote?

You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked, unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except: (1) as may be necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

What vote is required to approve each item and how are votes counted?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. The three director nominees receiving the highest number of affirmative FOR votes at the meeting (that is, who receive a plurality of votes cast) will be elected to serve as Class I directors. You may vote either FOR or WITHHOLD your vote for the director nominees. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether a quorum is present.

Approval of the Cambium Learning Group, Inc. 2009 Equity Incentive Plan. For the approval of the Cambium Learning Group, Inc. 2009 Equity Incentive Plan, the affirmative FOR vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote FOR, AGAINST or ABSTAIN for this item of business. *If you ABSTAIN, your abstention has the same effect as a vote AGAINST this proposal.*

Ratification of Whitley Penn LLP as our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2010. For the ratification of the appointment of Whitley Penn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, the affirmative

Table of Contents

FOR vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote FOR, AGAINST or ABSTAIN for this item of business. *If you ABSTAIN, your abstention has the same effect as a vote AGAINST this proposal.*

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of the Company s nominees to the Board, FOR approval of the Cambium Learning Group, Inc. 2009 Equity Incentive Plan, and FOR ratification of Whitley Penn LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, and in the discretion of the proxy holders on any other matters that may properly come before the Annual Meeting and at any postponements or adjournments of the meeting).

What is a broker non-vote ?

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters. The ratification of the appointment of an independent registered public accounting firm is considered a routine matter. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR ratification of the independent registered public accounting firm. A broker non-vote occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine.

How are broker non-votes counted?

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will not be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of votes cast with respect to a proposal (other than the election of directors), but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote *AGAINST* a proposal.

What happens if additional matters are presented at the meeting?

Other than the three proposals described in this Proxy Statement, we are not aware of any other business to be acted upon at the meeting. If you grant a proxy, the persons named as proxy holders, Bradley C. Almond, our Chief Financial Officer, and Todd W. Buchardt, our General Counsel, will have the discretion to vote your shares on any additional matters that may be properly presented for a vote at the meeting. If, for any unforeseen

reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.

Table of Contents

Who will count the votes and who will serve as inspector of election at the meeting?

We expect that a representative of Wells Fargo Shareowner Services, our transfer agent, will tabulate the votes, and that our General Counsel will act as inspector of election at the meeting.

What should I do in the event that I receive more than one Notice or printed set of proxy/voting materials?

You may receive more than one Notice or printed set of proxy solicitation materials, (including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards). For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all of your shares are voted.

Who is soliciting my vote and who will bear the costs of this solicitation?

Your vote is being solicited on behalf of the Board, and the Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement. In addition to providing these proxy materials, our directors and employees may also solicit proxies in person, by telephone, by electronic mail or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We may also engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The costs for such services, if retained, will not be material.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the Annual Meeting and publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days after the date of the Annual Meeting.

What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting of stockholders to be held in 2011, the written proposal must be delivered to our Secretary at our principal executive offices not less than 90 days nor more than 120 calendar days before the first anniversary of this Annual Meeting. If the date of next year's Annual Meeting is moved more than 30 days before or more than 70 days after the anniversary date of this year's Annual Meeting, the deadline for inclusion of proposals in our proxy statement is instead not earlier than 120 days before such annual meeting and not later than (x) the 90th day prior to such meeting or (y) the 10th day following the date that we publicly announce the date of the annual meeting. In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. In order to nominate a director, the stockholder must provide the information required by our bylaws, as well as a statement by the nominee consenting to being named as a nominee and to serve as a director if elected. In addition, the stockholder must give timely notice to our Secretary in accordance with the provisions of our bylaws, which require that the notice be delivered to our Secretary not less than 90 days nor more than 120 calendar days before the first anniversary of this Annual Meeting. SECURITIES OWNERSHIP

Security Ownership of Certain Beneficial Owners and Management

The following table provides information relating to the beneficial ownership of our common stock as of the Record Date (which is April 1, 2010), by:

each stockholder known by us to own beneficially more than 5% of our outstanding common stock;

each of our executive officers named in the Summary Compensation Table on page 29 of this Proxy Statement (these executive officers are sometimes referred to herein as the *Named Executive Officers*);

each of our directors; and

all of our directors and executive officers as a group.

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of April 1, 2010 (the Record Date) through the exercise of stock options, warrants or other convertible securities or any other right. Shares of our common stock that a person has the right to acquire within 60 days of the Record Date are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person (except with respect to the percentage ownership of all directors and executive officers as a group).

The number and percentage of shares beneficially owned is computed on the basis of 43,864,676 shares of our common stock outstanding as of the Record Date. The information in the following table regarding the beneficial owners of more than 5% of our common stock is based upon information supplied by our principal stockholders or set forth in Schedules 13D and 13G filed with the SEC. The determination that there were no other persons, entities or groups known to the Company to beneficially own more than 5% of the Company's outstanding common stock was based on a review of all statements filed with the SEC with respect to the Company pursuant to Section 13(d) or 13(g) of the Exchange Act since the beginning of the prior fiscal year.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Structure

Our Board currently consists of nine directors. The Company's directors are David F. Cappellucci, Thomas Kalinske, Ronald Klausner, Harold O. Levy, Frederick J. Schwab, Jeffrey T. Stevenson, Richard J. Surratt, Scott J. Troeller and Neil Weiner. Our directors are divided into three classes—Class I, Class II and Class III—with three directors in each class. The directors in each class serve for staggered three-year terms. Messrs. Cappellucci, Levy and Kalinske are Class I directors whose terms will expire at our 2010 Annual Meeting of Stockholders. Messrs. Weiner, Schwab and Troeller are Class II directors whose terms will expire at our 2011 Annual Meeting of Stockholders. Messrs. Klausner, Stevenson and Surratt are Class III directors whose terms will expire at our 2012 Annual Meeting of Stockholders.

Director Independence

Our Board has determined that each of Thomas Kalinske, Harold O. Levy, Frederick J. Schwab and Neil Weiner satisfy the current independent director standards established by rules of The NASDAQ Stock Market LLC (*NASDAQ*) and, as to the members of the Audit Committee of our Board, the additional independence requirements under applicable rules and regulations of the SEC. Since the Company is a controlled company (as defined in NASDAQ Rule 5615(c)(2)), it is not required to have a majority of the Board comprised of independent directors. See *Controlled Company Status* below for additional information.

Board Leadership Structure

Scott J. Troeller serves as the Chairman of our Board and Ronald Klausner serves as our Chief Executive Officer. We believe the separation of offices is beneficial because a separate Chairman (i) is able to provide the Chief Executive Officer with guidance and feedback on his performance, (ii) provides a more effective channel for the Board to express its views on management, and (iii) allows the Chairman to focus on shareholder interests and corporate governance while the Chief Executive Officer leads the Company's strategy development and implementation. As Mr. Troeller has significant experience with companies engaged in the media, communications and information industries, he is particularly well suited to serve as Chairman.

Risk Oversight

The Board has the ultimate oversight responsibility for the risk management process and regularly reviews issues that present particular risk to us, including those involving competition, customer demands, economic conditions, planning, strategy, finance, sales and marketing, products, information technology, facilities and operations, supply chain, legal and environmental matters and insurance. The Board further relies on the Audit Committee for oversight of certain areas of risk management. In particular, the Audit Committee focuses on financial and enterprise risk exposures, including internal controls, and discusses with management and the Company's independent registered public accounting firm our policies with respect to risk assessment and risk management, including risks related to fraud, liquidity, credit operations and regulatory compliance, and advises the internal audit function as to overall risk assessment of the Company. The Board believes that this approach, supported by the separation of our senior leadership, provides appropriate checks and balances against undue risk-taking.

Controlled Company Status

The Company is a controlled company as defined in NASDAQ Rule 5615(c)(2) because VSS-Cambium Holdings III, LLC, an entity controlled by Veronis Suhler Stevenson (VSS), holds more than 50% of the Company's voting power. As a controlled company, the Company is not required to have a majority of its Board comprised of independent directors, a compensation committee comprised solely of independent directors or a nominating committee comprised solely of independent directors.

Table of Contents

Committees of the Board

Overview. Our Board has one standing committee: the Audit Committee. The Board may, from time to time, establish other committees to facilitate the management of the Company or for any other functions it may deem necessary or appropriate. The Board may also create various *ad hoc* committees for special purposes. Committee membership will be decided by the Board members. The membership during the last fiscal year and the function of the Audit Committee is described below.

Audit Committee. The current members of the Audit Committee are Neil Weiner, Chairman, Thomas Kalinske and Frederick J. Schwab, each of whom is an independent director meeting the requirements of applicable SEC and NASDAQ rules. Prior to the election of Mr. Kalinske to the Audit Committee on February 26, 2010, Scott J. Troeller was a member of the Audit Committee. Although Mr. Troeller is not an independent director under NASDAQ rules or the independence criteria of the SEC, Mr. Troeller was permitted to serve as a member of the Audit Committee for a period not to exceed one year in accordance with the phase-in provisions set forth in NASDAQ Rule 5615(b)(1) and Rule 10A-3(b)(1)(iv)(A) under the Exchange Act.

As noted, the Board has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the NASDAQ rules and the independence requirements of the SEC. Our Board has determined that Frederick J. Schwab continues to qualify as an audit committee financial expert, as defined in SEC rules.

The Audit Committee oversees the Company's accounting and financial reporting processes and the audits of its financial statements. In this role, the Audit Committee monitors and oversees the integrity of the Company's financial statements and related disclosures, the qualifications, independence, and performance of the Company's independent registered public accounting firm, and the Company's compliance with applicable legal requirements and its business conduct policies. The Audit Committee has authority to retain outside legal, accounting or other advisors as it deems necessary to carry out its duties and to require the Company to pay for such expenditures. The Audit Committee has a written charter, which was adopted by our Board in December, 2009, a copy of which can be found on our website at www.cambiumlearning.com. The information on our website is not a part of this Proxy Statement. A copy of the charter of the Audit Committee is also attached as Annex B to this Proxy Statement. The report of the Audit Committee appears on page 17 of this Proxy Statement.

Director Attendance at Board and Committee Meetings

During the period from December 8, 2009 (the effective date of the mergers of Voyager and Cambium Holdings), the Board held no meetings of the Board or the Audit Committee during the remaining 23 days of the fiscal year ended December 31, 2009.

Director Attendance at Stockholders Meetings

We do not maintain a formal policy regarding director attendance at our annual stockholders meetings. The directors of the Company are encouraged to attend the Company's annual stockholders meetings, and we expect that, absent compelling circumstances, our directors will attend our annual stockholders meetings in person or by telephone.

Director Nomination Process

Nominations. Our Board does not currently have a nominating committee or other committee performing a similar function, nor do we have any formal written policies outlining the factors and process relating to the selection of nominees for consideration for Board membership by the full Board and the stockholders. Since over 50% of our voting power is controlled by VSS-Cambium Holdings III, LLC, we are considered a controlled company under NASDAQ Rule 5615(c)(2) and are not required to have a nominating committee or a majority of our independent members recommend qualified nominees for consideration by the Board. The Board as a whole performs the functions that would typically be performed by a nominating committee.

Our Board believes that it is appropriate for us to not have a nominating committee because in light of VSS-Cambium Holdings III, LLC's control of more than 50% of our voting power, it does not believe that a nominating

Table of Contents

committee would serve a meaningful purpose and, accordingly, the Board does not have a nominating committee charter. Additionally, under the terms of our amended and restated certificate of incorporation and a stockholders agreement entered into in connection with the Mergers to which we are a party, for so long as VSS-Cambium Holdings III, LLC and its affiliates own at least 50% of our outstanding common stock, they have the right to nominate five directors to the Board and until the expiration date (as defined in such stockholders agreement), Vowel Representative, LLC, has the right to nominate four directors to the Board. Pursuant to the terms of the stockholders agreement, VSS-Cambium Holdings III, LLC has agreed to vote or act by written consent to elect the directors designated by Vowel Representative, LLC, which is the representative of the former Voyager stockholders under the Merger Agreement, until the applicable expiration date, but in no event later than December 8, 2012.

Director Qualifications. While our Board has not established specific minimum qualifications for director candidates, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with our code of business conduct and ethics. While our Board has not formalized specific minimum qualifications they believe must be met by a candidate in order for such candidate to be recommended by the Board, the Board believes that candidates and nominees must reflect a Board that is comprised of directors who (i) have broad and relevant experience, (ii) are of high integrity, (iii) have qualifications that will increase overall Board effectiveness and enhance long-term stockholder value, and (iv) meet other requirements as may be required by applicable rules, such as independence, financial literacy or financial expertise with respect to Audit Committee members.

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this Proxy Statement under the question What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?, our bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our Board. In addition, our Board may consider properly submitted stockholder recommendations (as opposed to formal nominations) for candidates for membership on the Board. A stockholder may make such a recommendation by submitting the following information to our Secretary at 1800 Valley View Lane, Suite 400, Dallas, Texas 75234: the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, professional and personal references, information regarding any relationships between the candidate and the Company within the last three years, evidence of ownership of our common stock by the recommending stockholder and such person's written consent to be named in the proxy statement as a nominee and to serve as a director if elected.

Identifying and Evaluating Director Nominees. Typically, new candidates for nomination to the Board are suggested by VSS-Cambium Holdings III, LLC, Vowel Representative, LLC, our directors or our executive officers, although candidates may initially come to our attention through professional search firms, stockholders or other persons. The Board carefully reviews the qualifications of any candidates who have been properly brought to its attention. Such a review may, in the Board's discretion, include a review solely of information provided to the Board or may also include discussion with persons familiar with the candidate, an interview with the candidate or other actions that the Board deems proper. The Board will consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Board considers many factors, including, without limitation, issues of character, judgment, independence, expertise, diversity of experience, length of service, and other commitments. The Board evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the directors using the same criteria as other candidates.

Director Compensation

The directors of the Company were not entitled to receive any compensation from the Company prior to completion of the Mergers, and the Company did not make any payments to its directors during the period from December 8, 2009,

the closing date of the Mergers, through December 31, 2009. Thus, the Company did not make any compensation payments to any of its directors during 2009.

Frederick J. Schwab, a director of the Company who previously served as a non-employee director of Voyager prior to completion of the Mergers, received aggregate compensation from Voyager in the amount of \$71,000 during the period from January 1, 2009, through December 8, 2009. These fees consisted of compensation for

Table of Contents

Mr. Schwab's services as a director of Voyager and a member of the audit committee and the compensation committee of the Voyager board of directors. Jeffrey T. Stevenson and Scott J. Troeller, directors of the Company who previously served as directors of Cambium Holdings prior to completion of the Mergers, were not compensated by Cambium Holdings or its affiliates for performing that service.

Our current Board compensation program is as follows:

Non-Employee Directors. A *Non-Employee Director* is any director who is neither an employee of the Company or any subsidiary of the Company, nor an Affiliated Director (as defined below). Each Non-Employee Director is entitled to (i) an annual retainer of \$35,000, payable in cash (pro-rated for partial year service); and (ii) an annual restricted stock award valued at approximately \$30,000, initially consisting of 6,000 restricted shares of the Company's common stock. The restrictions on the common stock award will lapse on the one year-anniversary of the grant date or upon a change in control of the Company. The common stock awards will be made under, and will be subject to, the Company's 2009 Equity Incentive Plan. The number of shares subject to subsequent annual awards, or awards for Non-Employee Directors who join the Board during a calendar year, will be based on a \$30,000 valuation (pro-rated for partial years), using the then-current stock price. For fiscal year 2010, Non-Employee Directors were given the option to receive an amount of cash equal to \$30,000 in lieu of the restricted common stock award.

Affiliated Directors. *Affiliated Directors* are directors who are employed by VSS. Each Affiliated Director is entitled to an annual retainer of \$65,000, payable in cash (pro-rated for partial year service), in lieu of any annual equity compensation. The compensation payable to Affiliated Directors is required to be paid directly to VSS and not to the Affiliated Directors.

Employee Directors. An *Employee Director* is any director who is a current officer or employee of the Company or any subsidiary of the Company. Employee Directors do not receive any additional compensation for their service as members of either the Board or any committees of the Board.

All directors are entitled to reimbursement for travel and lodging and other reasonable out-of-pocket expenses incurred by them in connection with their attendance at Board and/or Board committee meetings.

In addition to any other applicable compensation payable under the director compensation program outlined above, so long as the Chairman of the Board is an Affiliated Director, he or she will be entitled to an annual retainer of \$70,000, payable in cash (pro-rated for partial year service). Also, members of the Audit Committee of the Board are entitled to receive an additional annual cash retainer of \$7,000, and the Chairman of the Audit Committee is entitled to receive an additional annual cash retainer of \$10,000.

Code of Ethics and Code of Conduct

We are committed to maintaining the highest standards of business conduct and ethics. Our Code of Business Conduct and Ethics (the *Code of Conduct*) and our Code of Ethics for Senior Financial Officers (the *Code of Ethics*) reflect our values and the business practices and principles of behavior that support this commitment. The Code of Ethics is intended to satisfy SEC rules for a code of ethics required by Section 406 of the Sarbanes-Oxley Act of 2002, and the Code of Conduct is intended to satisfy the NASDAQ listing standards requirement for a code of conduct. Both the Code of Ethics and the Code of Conduct are available on our website at www.cambiumlearning.com. We will post any amendment to the Code of Ethics or the Code of Conduct, as well as any waivers that are required to be disclosed by the rules of the SEC or NASDAQ, on our website. The information on our website is not a part of this Proxy Statement. Each of the Code of Ethics and the Code of Conduct also is available in print, free of charge, to any stockholder who requests a copy by writing to the Company at the following address: Cambium Learning Group, Inc., 1800 Valley View Lane, Suite 400, Dallas, Texas 75234, Attention: Secretary.

Compensation Committee Interlocks and Insider Participation

The Company does not have a compensation committee or other board committee performing equivalent functions. No interlocking relationship exists between any executive officer or director and the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Certain Relationships and Related Transactions

Review of Related Person Transactions

Our Board's policy, as set forth in the Audit Committee's charter, is that all transactions with related persons, as contemplated by Item 404(a) of Regulation S-K of the SEC's rules and regulations, are subject to review and approval by our Audit Committee.

Transactions with Related Persons

Messrs. Stevenson and Troeller, directors of the Company, are both partners of VSS. Funds managed by VSS own a majority of the equity interests in the Company.

Cambium Learning, Inc. (*CLI*), which became an indirect, wholly owned subsidiary of the Company following completion of the Mergers, previously entered into a management services agreement with VSS, effective on April 12, 2007. Under the term of that agreement, VSS provided CLI with the following services:

advice in connection with the negotiation of agreements, contracts, documents, and instruments necessary to provide CLI with financing from banks on terms and conditions satisfactory to CLI; and

financial, managerial, and operational advice in connection with CLI's day-to-day operations, including, without limitation, advice with respect to the development and implementation of strategies for improving the operating, marketing and financial performance of CLI.

Pursuant to the management services agreement, CLI paid VSS an annual monitoring fee of \$200,000, plus out-of-pocket expenses, payable semi-annually in arrears, in exchange for these services. The management services agreement was terminated at the effective time of the Mergers in December, 2009, and VSS ceased to be compensated under such agreement at that time.

VSS-Cambium Holdings, LLC, an indirect, wholly owned subsidiary of the Company, paid to an affiliate of VSS a fee of \$3,200,000 in connection with VSS-Cambium Holdings, LLC's purchase of CLI in 2007, together with \$146,491 of reimbursed expenses. VSS-Cambium Holdings, LLC was also obligated to pay to a VSS affiliate certain fees in the event that additional equity or debt financings were completed by VSS-Cambium Holdings, LLC. Contemporaneous with the closing of the Mergers in December, 2009, that fee agreement was replaced by a consulting fee agreement between the Company and VSS, entitling VSS to the following fees:

a fee equal to 1% of the gross proceeds of any debt or equity financing by the Company; and

a fee equal to 1% of the enterprise value of any entities acquired or disposed of by the Company.

These obligations will remain in effect until the earlier of the date on which VSS-Cambium Holdings III, LLC or funds managed by VSS cease to beneficially own at least 10% of the outstanding common stock of the Company or, unless the Company's Audit Committee renews the consulting fee agreement, January 1, 2015.

An affiliate of VSS was entitled to a fee in the amount of \$3,000,000 from the Company upon completion of the Mergers in consideration of providing advisory services with respect to the Mergers. This fee is payable in two installments: \$1,000,000 in cash was paid at closing of the Mergers, and the balance became payable when CLI's ratio

of total outstanding debt to adjusted EBITDA dropped below 3.0:1, which was achieved with the Company's calculation for the year ended December 31, 2009, submitted to the debt holder in March, 2010. The remaining balance is expected to be paid in 2010. Three-quarters of this remaining balance will be allocated *pro rata* among VSS and certain of the members of VSS-Cambium Holdings III, LLC, the Company's majority stockholder. For purposes of determining when this fee is to be paid, adjusted EBITDA is calculated in the same manner as that measure is calculated under CLI's senior unsecured credit agreement.

Communications with the Board by Stockholders

Stockholders wishing to communicate with the Board or with an individual Board member, including any non-management member of the Board, may do so by writing to the attention of the Board or to the particular Board member and mailing the correspondence to: Attention: Board of Directors (or name of Board member(s)), c/o Secretary, Cambium Learning Group, Inc., 1800 Valley View Lane, Suite 400, Dallas, Texas 75234. The envelope should indicate that it contains a stockholder communication. All such stockholder communications will be forwarded to the director or directors to whom the communications are addressed.

REPORT OF THE AUDIT COMMITTEE

The Report of the Audit Committee does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language in those filings, except to the extent that the Company specifically incorporates the Report of the Audit Committee by reference therein.

The Audit Committee of the Board of Directors is currently comprised solely of independent directors meeting the requirements of applicable rules of the SEC and of the NASDAQ Global Market. All members of the Audit Committee were appointed by the Board of Directors. The Audit Committee operates pursuant to a written charter adopted by the Board of Directors. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis. As more fully described in the charter, the purpose of the Audit Committee is to provide general oversight of the Company's financial reporting, integrity of financial statements, internal controls and internal audit functions.

The Audit Committee monitors the Company's external audit process, including the scope, fees, auditor independence matters and the extent to which the Company's independent registered public accounting firm may be retained to perform non-audit services. The Audit Committee has responsibility for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. The Audit Committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of the Company's financial, accounting and internal controls over financial reporting. In addition, the Audit Committee generally oversees the Company's internal compliance programs. The Audit Committee members are not all professional accountants or auditors, and their function is not intended to duplicate or to certify the activities of management and the independent registered public accounting firm.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to ensure compliance with applicable accounting standards, laws and regulations. **PROPOSAL TWO APPROVAL OF THE CAMBIUM LEARNING GROUP, INC.
2009 EQUITY INCENTIVE PLAN**

General

On July 31, 2009, in connection with the Mergers, our Board and sole stockholder at the time adopted the Cambium Learning Group, Inc. 2009 Equity Incentive Plan (the *Equity Incentive Plan*).

The general purpose of the Equity Incentive Plan is to provide an incentive to our employees, directors and consultants, including our executive officers and employees and consultants of our subsidiaries, by enabling them to share in the future growth of the Company through the grant or award of a variety of equity incentives that are based on the performance of our common stock. Incentives under the Equity Incentive Plan may be made in the form of stock options, stock appreciation rights, restricted stock awards, restricted stock units and/or grants of our common stock. Our Board believes that equity interests promote continuity of management and increases incentive and personal interest in the welfare of the Company by those who are primarily responsible for shaping and carrying out our long-range plans and securing our growth and financial success. The Equity Incentive Plan is currently the Company's sole equity incentive plan.

Our Board also believes that the Equity Incentive Plan will advance our interests by enhancing our ability to attract and retain employees, consultants and directors who are in a position to make significant contributions to our success.

Although the Equity Incentive Plan was adopted by the Board and approved by our sole stockholder on July 31, 2009, since that approval occurred before our common stock became publicly traded, further grants of options and other awards under the Equity Incentive Plan to our Named Executive Officers will not be treated as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) unless the Equity Incentive Plan is approved by our stockholders at this the first meeting of stockholders following the date on which our common stock became publicly traded.

Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that the compensation exceeds \$1 million for a covered employee. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with regulations issued by the U.S. Department of Treasury under Code Section 162(m), compensation attributable to stock options or stock appreciation rights will qualify as performance-based compensation, provided that: (i) the stock award plan contains a per-employee limitation on the number of shares for which stock options may be granted during a specified period; (ii) the per-employee limitation is approved by stockholders; (iii) the award is granted by a committee comprised solely of outside directors; and (iv) the exercise price of the award is no less than the fair market value of the stock on the date of grant. Subject to approval of this proposal, other forms of awards under the Equity Incentive Plan may also qualify as performance-based compensation for purposes of Section 162(m) of the Code.

If the Equity Incentive Plan is not approved by our stockholders at this meeting, the Equity Incentive Plan will continue in effect in accordance with its terms, but grants of stock options and other awards under the Equity Incentive Plan will not be treated as performance-based compensation for purposes of Section 162(m) of the Code.

Description of the Equity Incentive Plan

The following description of the principal terms of the Equity Incentive Plan is a summary and is qualified in its entirety by the full text of the Equity Incentive Plan, which is attached as Annex A to this Proxy Statement.

Administration. In general, the Equity Incentive Plan is administered by the Board. However, if and to the extent that the Board determines it to be desirable to qualify awards granted under the Equity Incentive Plan as performance-based compensation within the meaning of Section 162(m) of the Code, the Board will appoint a committee of two or more outside directors within the meaning of Section 162(m) of the Code and regulations promulgated thereunder to administer the Equity Incentive Plan. Our Board or such committee may grant options to purchase shares of our common stock as well as stock appreciation rights, restricted stock units and restricted or unrestricted shares of our common stock. The Board or the committee also has authority to determine the terms and

Table of Contents

conditions of each option or other kind of equity award and adopt, amend and rescind rules and regulations for the administration of the Equity Incentive Plan. No options, stock appreciation rights or other awards may be made under the Equity Incentive Plan after December 8, 2019, but the Equity Incentive Plan will continue thereafter while previously granted options, stock appreciation rights or awards remain subject to the Equity Incentive Plan.

Eligibility. Persons eligible to receive options, stock appreciation rights or other awards under the Equity Incentive Plan are those employees, consultants and directors of the Company and its subsidiaries who, in the opinion of the Board or the committee, are in a position to contribute to our success.

Shares Subject to the Equity Incentive Plan. Subject to the adjustments set forth in the Equity Incentive Plan, the aggregate number of shares of common stock available for issuance in connection with options and awards granted under the Equity Incentive Plan will be 5,000,000 (of which 200,000 shares relate to stock appreciation rights that were granted by Voyager prior to our merger with Voyager and which were converted into stock appreciation rights (*Conversion Rights*) under the Equity Incentive Plan in connection with the completion of the Mergers). The number of shares reserved for issuance under the Equity Incentive Plan is subject to customary adjustments for stock splits, stock dividends or similar transactions. If any option or stock appreciation right granted under the Equity Incentive Plan terminates without having been exercised in full or if any award is forfeited, the number of shares of common stock as to which such option or award was forfeited will be available for future grants under the Equity Incentive Plan. No employee, consultant or director may receive options relating to more than 750,000 shares of our common stock in the aggregate in any fiscal year; and no employee, consultant or director may receive stock appreciation rights relating to more than 350,000 shares of our common stock in the aggregate in any fiscal year.

Terms and Conditions of Options. Options granted under the Equity Incentive Plan may be either incentive stock options that are intended to meet the requirements of Section 422 of the Code or nonstatutory stock options that do not meet the requirements of Section 422 of the Code, provided, however, that incentive stock options may be granted only to employees. The board or the committee will determine the exercise price of options granted under the Equity Incentive Plan. The exercise price of incentive stock options, however, must be at least equal to the fair market value per share of our common stock (or 110% of fair market value in the case of incentive options granted to a ten-percent stockholder) issuable at the time the incentive option is granted. No option may be exercisable more than ten years (five years in the case of an incentive option granted to a ten-percent stockholder) from the date of grant. Options granted under the Equity Incentive Plan will be exercisable at such time or times as the board or committee prescribes at the time of grant.

Generally, the option price may be paid (a) in cash or by certified check, bank draft or money order, (b) through delivery of shares of our common stock having a fair market value equal to the purchase price, or (c) a combination of these methods. The Board or the committee is also authorized to establish a cashless exercise program and to permit the exercise price to be satisfied by reducing from the shares otherwise issuable upon exercise a number of shares having a fair market value equal to the exercise price.

No option may be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime an option may be exercised only by the recipient. However, the Board or committee may permit the holder of a nonstatutory stock option to transfer to members of his or her immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of the Equity Incentive Plan and the applicable option. Unless otherwise determined by the Board or the committee, options that are exercisable at the time of the recipient's termination of service with us will continue to be exercisable for a period of 90 days following the recipient's termination (but in no event later than the expiration of the term of such option).

Stock Appreciation Rights. A stock appreciation right may be granted by the Board or the committee either alone or in tandem with other options or awards under the Equity Incentive Plan. A stock appreciation right will relate to a number of shares of our common stock as the Board or the committee determines at the time of grant. Each stock appreciation right will have an exercise period determined by the Board or the committee. Upon exercise of a stock appreciation right, the holder will receive a number of shares of our common stock equal to (i) the number of shares for which the stock appreciation right is exercised multiplied by the appreciation in the fair market value of

Table of Contents

a share of our common stock between the date the stock appreciation right was granted and its date of exercise; divided by (ii) the fair market value of a share of common stock on the date that the stock appreciation right is exercised.

Terms and Conditions of Stock Awards. The Board or the committee may also grant a restricted or unrestricted stock award and/or a restricted stock unit award to any eligible employee, consultant or director. Under a restricted stock award, shares of common stock that are the subject of the award are generally subject to restrictions on transfer to the extent that the recipient terminates service with us prior to the award having vested or if the performance goals established by the board or the committee as a condition of vesting are not achieved. Shares of common stock subject to a restricted stock award cannot be sold, transferred, assigned, pledged or otherwise encumbered or disposed of by the recipient of the award unless and until the applicable restrictions lapse. If the recipient of a restricted stock award terminates service with us before the restrictions have lapsed with respect to all shares, the shares for which the restrictions have not lapsed will be forfeited or returned to us. Unless otherwise determined by the board or the committee, holders of restricted shares will have the right to vote such shares and to receive any cash dividends with respect thereto during the restriction period. Any stock dividends will be subject to the same restrictions as the underlying shares of restricted stock. Unrestricted stock awards are grants of shares of our common stock that are not subject to forfeiture. The recipient of a restricted stock unit award will be entitled to receive a number of our shares of common stock that is equal to the number of units granted if and when the units vest. Vesting conditions may be based on the recipient's continued service to the Company or upon achievement of performance goals established by the Board or the committee.

To the extent that the Board or the committee grants stock awards that are subject to the satisfaction of performance goals specified by the Board or the committee (*performance awards*), the Board or the committee will establish the specified levels of performance goals. Performance goals may be weighted for different factors and measures. The Board or the committee will have discretion to make adjustments to a performance award in certain circumstances, such as when a person is promoted into a position of eligibility for a performance award, is transferred between eligible positions with different performance goals, terminates employment and is subsequently rehired, takes a leave of absence, or other similar circumstances deemed appropriate by the Board or the committee. The Board or the committee may also increase or decrease a stock award to any individual, except that, an award intended to be qualified performance-based compensation for purposes of Section 162(m) of the Code, may not be increased. The Board or the committee will certify the degree of attainment of performance goals after the end of each year.

If stock awards are intended to satisfy the conditions for deductibility under Section 162(m) of the Code as performance-based compensation, the performance criteria will be selected from among the following, which may be applied to our Company as a whole, or to an individual recipient, or to a department, unit, division or function within the Company or an affiliate, and they may apply on a pre- or post-tax basis, either alone or relative to the performance of other businesses or individuals (including industry or general market indices): (a) earnings (either in the aggregate or on a per-share basis, reflecting dilution of shares as the committee deems appropriate and, if the committee so determines, net of or including dividends) before or after interest and taxes (*EBIT*) or before or after interest, taxes, depreciation, and amortization (*EBITDA*); (b) gross or net revenue or changes in annual revenues; (c) cash flow(s) (including either operating or net cash flows); (d) financial return ratios; (e) total stockholder return, stockholder return based on growth measures or the attainment by the shares of a specified value for a specified period of time, share price, or share price appreciation; (f) earnings growth or growth in earnings per share; (g) return measures, including return or net return on assets, net assets, equity, capital, investment, or gross sales; (h) adjusted pre-tax margin; (i) pre-tax profits; (j) operating margins; (k) operating profits; (l) operating expenses; (m) dividends; (n) net income or net operating income; (o) growth in operating earnings or growth in earnings per share; (p) value of assets; (q) market share or market penetration with respect to specific designated products or product groups and/or specific geographic areas; (r) aggregate product price and other product measures; (s) expense or cost levels, in each case, where applicable, determined either on a company-wide basis or in respect of any one or more specified divisions;

(t) reduction of losses, loss ratios or expense ratios; (u) reduction in fixed costs; (v) operating cost management; (w) cost of capital; (x) debt reduction; (y) productivity improvements; (z) average inventory turnover; or (aa) satisfaction of specified business expansion goals or goals relating to acquisitions or divestitures.

Effect of Certain Corporate Transactions. In the event of a change in control of the Company (as defined in the Equity Incentive Plan), the Board may take one or more of the following actions: (a) cause any or all outstanding options and stock appreciation rights to become immediately exercisable, in whole or in part; (b) cause any other awards to become non-forfeitable, in whole or in part; (c) cancel any option or stock appreciation right in exchange for a substitute option or right; (d) cancel any award of restricted stock or restricted stock units in exchange for a similar award of the capital stock of any successor corporation; (e) redeem any restricted stock or restricted stock unit for cash and/or other substitute consideration with a value equal to the fair market value of an unrestricted share of our common stock on the date of the change in control; (f) cancel any option or stock appreciation right in exchange for cash and/or other substitute consideration based on the value of our common stock on the date of the change in control, and cancel any option or stock appreciation right without any payment if its exercise price exceeds the value of our common stock on the date of the change in control; or (g) make such other modifications, adjustments or amendments to outstanding awards as the Board deems necessary or appropriate.

Amendment; Termination. The Board may at any time amend or terminate the Equity Incentive Plan. However, any amendment of the Equity Incentive Plan will not be effected without stockholder approval if and to the extent required by law or the requirements of an applicable securities exchange.

Federal Income Tax Consequences

Following is a summary of the federal income tax consequences of option and other grants under the Equity Incentive Plan. Optionees and recipients of other rights and awards granted under the Equity Incentive Plan are advised to consult their personal tax advisors before exercising an option or stock appreciation right or disposing of any stock received pursuant to the exercise of an option, stock appreciation right or other award. In addition, the following summary is based upon an analysis of the Code as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change and does not address state, local or other tax laws.

Treatment of Options

The Code treats incentive stock options and nonstatutory stock options differently. However, as to both types of options, no income will be recognized to the optionee at the time of the grant of the options under the Equity Incentive Plan, nor will our company be entitled to a tax deduction at that time.

Generally, upon exercise of a nonstatutory stock option, an optionee will recognize ordinary income tax on the excess of the fair market value of the stock on the exercise date over the option price. The Company will be entitled to a tax deduction in an amount equal to the ordinary income recognized by the optionee in the fiscal year which includes the end of the optionee's taxable year. We will be required to satisfy applicable withholding requirements in order to be entitled to a tax deduction. In general, if an optionee, in exercising a nonstatutory stock option, tenders shares of our common stock in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered shares were previously acquired upon the exercise of an incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the incentive stock option, the tender will be a disqualifying disposition of the shares acquired upon exercise of the incentive stock option.

For incentive stock options, there is no taxable income to an optionee at the time of exercise. However, the excess of the fair market value of the stock on the date of exercise over the exercise price will be taken into account in determining whether the alternative minimum tax will apply for the year of exercise. If the shares acquired upon exercise are held until at least two years from the date of grant and more than one year from the date of exercise, any gain or loss upon the sale of such shares, if held as capital assets, will be long-term capital gain or loss (measured by the difference between the sales price of the stock and the exercise price). Under current federal income tax law, a

long-term capital gain will be taxed at a rate which is less than the maximum rate of tax on ordinary income. If the two-year and one year holding period requirements are not met (a *disqualifying disposition*), an optionee will recognize ordinary income in the year of disposition in an amount equal to the lesser of (i) the fair market value of the stock on the date of exercise minus the exercise price or (ii) the amount realized on disposition minus the exercise price. The remainder of the gain will be treated as long-term capital gain,

Table of Contents

depending upon whether the stock has been held for more than a year. If an optionee makes a disqualifying disposition, our company will be entitled to a tax deduction equal to the amount of ordinary income recognized by the optionee.

In general, if an optionee, in exercising an incentive stock option, tenders shares of common stock in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered shares were previously acquired upon the exercise of another incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the other option, the tender will be a disqualifying disposition of the shares acquired upon exercise of the other option.

As noted above, the exercise of an incentive stock option could subject an optionee to the alternative minimum tax. The application of the alternative minimum tax to any particular optionee depends upon the particular facts and circumstances which exist with respect to the optionee in the year of exercise. However, as a general rule, the amount by which the fair market value of the common stock on the date of exercise of an option exceeds the exercise price of the option will constitute an item of adjustment for purposes of determining the alternative minimum taxable income on which the alternative tax may be imposed. As such, this item will enter into the tax base on which the alternative minimum tax is computed, and may therefore cause the alternative minimum tax to become applicable in any given year.

Treatment of Stock Appreciation Rights

Generally, the recipient of a stock appreciation right will not recognize any income upon grant of the stock appreciation right, nor will our Company be entitled to a deduction at that time. Upon exercise of a stock appreciation right, the holder will recognize ordinary income, and our company generally will be entitled to a corresponding deduction, equal to the fair market value of our common stock at that time.

Treatment of Stock Awards

Generally, absent an election to be taxed currently under Section 83(b) of the Code (a *Section 83(b) Election*), there will be no federal income tax consequences to either the recipient or our Company upon the grant of a restricted stock award. At the expiration of the restriction period and the satisfaction of any other restrictions applicable to the restricted shares, the recipient will recognize ordinary income and our company generally will be entitled to a corresponding deduction equal to the fair market value of the common stock at that time. If a Section 83(b) Election is made within 30 days after the date the restricted stock award is granted, the recipient will recognize an amount of ordinary income at the time of the receipt of the restricted shares, and our company generally will be entitled to a corresponding deduction, equal to the fair market value (determined without regard to applicable restrictions) of the shares at such time. If a Section 83(b) Election is made, no additional income will be recognized by the recipient upon the lapse of restrictions on the shares (and prior to the sale of such shares), but, if the shares are subsequently forfeited, the recipient may not deduct the income that was recognized pursuant to the Section 83(b) Election at the time of the receipt of the shares.

The recipient of an unrestricted stock award will recognize ordinary income, and our company generally will be entitled to a corresponding deduction, equal to the fair market value of our common stock that is the subject of the award when the award is made.

The recipient of a restricted stock unit will recognize ordinary income as and when the units vest. The amount of the income will be equal to the fair market value of the shares of our common stock issued at that time, and our company will be entitled to a corresponding deduction. The recipient of a restricted stock unit will not be permitted to make a Section 83(b) Election.

Potential Limitation on Company Deductions

Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation exceeds \$1 million for a covered employee. It is possible that compensation attributable to grants under the Equity Incentive Plan, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be

Table of Contents

exceeded in any particular year. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury regulations issued under Section 162(m) of the Code, compensation attributable to stock options will qualify as performance-based compensation, provided that: (i) the stock award plan contains a per-employee limitation on the number of shares for which stock options may be granted during a specified period; (ii) the per-employee limitation is approved by the stockholders; (iii) the award is granted by a compensation committee comprised solely of outside directors; and (iv) the exercise price of the award is no less than the fair market value of the stock on the date of grant.

Tax Withholding

As and when appropriate, we will require each recipient of an option or other award under the Equity Incentive Plan to pay any federal, state or local taxes required by law to be withheld.

Grants Under the Equity Incentive Plan

Grants under the Equity Incentive Plan are discretionary, and we cannot determine now the number or type of awards to be granted in the future to any particular person or group.

In connection with the Mergers, we granted options to purchase an aggregate of 2,150,000 shares of common stock under the Equity Incentive Plan to designated employees, officers and directors of the Company and its subsidiaries effective as of the closing of the Mergers (these grants are included in the table below). The following table shows the number of options and shares of restricted stock granted to the Company's Named Executive Officers and certain groups of persons under the Equity Incentive Plan as of April 1, 2010:

Audit and Non-Audit Services and Fees of Independent Registered Public Accounting Firm

The Audit Committee is directly responsible for the appointment, compensation, and oversight of the Company s independent registered public accounting firm.

The Audit Committee understands the need for Whitley Penn LLP, the Company s independent registered public accounting firm, to maintain objectivity and independence in its audits of the Company s financial statements. To help ensure the independence of the independent registered public accounting firm, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for the Company by its independent registered public accounting firm. Pursuant to this policy, all audit and non-audit services to be performed by the independent registered public accounting firm must be approved in advance by the Audit Committee. The Audit Committee may delegate to one or more of its members the authority to grant the required approvals, provided that any exercise of such authority is presented to the full Audit Committee at its next regularly scheduled meeting.

During the 23-day period from December 8, 2009 (the effective date of the Mergers of Voyager and Cambium Holdings) through December 31, 2009, Whitley Penn LLP did not bill the Company for any services. Prior to completion of the Mergers, Whitley Penn LLP was engaged as Voyager s independent registered public accounting firm. In connection with this engagement, Whitley Penn LLP billed Voyager audit fees of \$115,000 for the 2009 fiscal year audit and related quarterly review procedures and audit-related fees of \$111,000, primarily for SEC filings related to the merger with Cambium Holdings. Whitley Penn LLP did not bill any tax fees or other fees to Voyager during 2009.

In determining the amounts above, in accordance with the SEC's definitions and rules, audit fees are fees for professional services for the audit of a company's financial statements and internal control over financial reporting included in the annual report on Form 10-K and for the review of a company's financial statements included in the quarterly reports on Form 10-Q; audit-related fees are fees for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; tax fees are fees for tax compliance, tax advice and tax planning; and all other fees would include services not captured within the other categories.

All of the services provided to Voyager by Whitley Penn LLP described above were approved by the audit committee of the Voyager board of directors.

Mr. Klausner is party to a letter agreement with Voyager, dated April 9, 2009, which agreement was amended on August 13, 2009 by an amendment dated as of August 7, 2009, to, among other things, assign the agreement to the Company at the effective time of the Mergers. We refer to this letter agreement, as amended, as the Klausner Agreement. Seventy-five percent of these options have a per-share exercise price equal to \$4.50 and 25% of these options have an exercise price equal to \$6.50. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The primary objectives of our compensation programs are:

that they be fair, objective and consistent across the employee population;

that compensation be directly and substantially linked to measurable corporate and individual performance; and

that compensation remains competitive, so that we can attract, motivate, retain and reward the key employees whose knowledge, skills and performance are necessary for our success.

We seek to foster a culture where individual performance is aligned with organizational objectives. We evaluate and reward our executive officers based on the comparable market compensation for their respective positions in the Company and an evaluation of their contributions to the achievement of short- and long-term organizational goals. Executive compensation is reviewed annually, and adjustments are made to reflect performance-based factors and competitive conditions.

The goal of the Company's executive compensation program is to enhance the Company's long-term profitability and share value by retaining and, where necessary, attracting experienced and highly skilled management personnel. The Company's executive compensation program is designed to meet this goal by providing competitive levels of compensation that integrate pay with the Company's short-term and long-term performance goals, rewarding corporate performance and recognizing individual initiative and achievement.

Compensation Determinations; Controlled Company Status

As noted elsewhere in this Proxy Statement, the Company is a controlled company as defined in NASDAQ Rule 5615(c)(2) because VSS-Cambium Holdings III, LLC holds more than 50% of the Company's voting power. As a controlled company, the Company among other things, is not required to have a compensation committee comprised solely of independent directors. Thus, compensation determinations are generally made by the Board. On occasion, the Board will meet with members of our management team, including Messrs. Klausner and Cappellucci, to obtain recommendations with respect to Company compensation programs, practices and packages for executives, other employees and directors. Management may make recommendations to the Board on all components of compensation. The Board may consider, but is not bound to accept, management's recommendations with respect to these matters. The Board has the ultimate authority to make decisions with respect to the compensation of our Named Executive Officers and does not delegate any of its compensation functions to others.

Compensation of Directors and Executive Officers

The directors and executive officers of the Company received no compensation from the Company prior to the completion of the Mergers on December 8, 2009. Thus, all compensation paid to the directors and executive officers for the period from January 1, 2009 through and including December 8, 2009 was paid to those officers by Cambium Holdings (or an affiliate thereof) or Voyager, as applicable.

The form and amount of the compensation paid to each of the Company's directors, executive officers and other managers who had not entered into an employment agreement with the Company prior to the effective date of the

Mergers were determined by the Board either prior to, or promptly following completion of, the Mergers.

Compensation Components

The Company's executive compensation program consists of two principal components: base salary and incentive compensation awards, which may be comprised of cash awards, equity awards or both. In addition, the Company provides limited perquisites and other compensation to the Named Executive Officers, which are described in greater detail below. While the compensation packages for each of the Named Executive Officers contains base salary, incentive compensation and perquisite components, the compensation package for each Named Executive Officer is uniquely designed to retain that Named Executive Officer and to compensate him for

Table of Contents

his individual performance and, where appropriate, for Company performance as well as to create incentive for future performance. The Board combines the elements of compensation for each of the Named Executive Officers in a manner it believes optimizes that Named Executive Officer's contribution to the Company. Our Named Executive Officers are also entitled to receive other customary employee benefits.

Our cash compensation goals for our Named Executive Officers are based upon the following principles:

Salary should be positioned to reflect each individual's experience, performance and potential;

A significant portion of cash compensation should be at risk; and

The amount of annual discretionary performance bonuses is based on growth of orders volume, compared with the prior year, and the adjusted EBITDA results.

Base Salary

Base salaries are used to provide a fixed amount of compensation for an executive's work. Although often initially established in each Named Executive Officer's respective employment agreement, the salaries of Named Executive Officers are reviewed on an annual basis, as well as at the time of promotion or other change in responsibilities. Increases in base salary are based on an evaluation of the individual's performance and, once increased to an established specified rate, generally will not be reduced below that specified rate.

In formulating base salary recommendations for the Company's executive officers for the following year, the Board reviews each executive officer's current base salary, individual achievements and contributions, the Company's financial results, competitive market data, and the Board's expectations for the executive officers for that particular year. The criteria used to establish financial performance targets include, among other things, EBITDA, revenue growth and unlevered free cash flow.

Incentive Compensation Awards

Cash Incentive Awards. In addition to base salary compensation, the Company's Named Executive Officers also may be awarded cash bonuses for achieving certain performance levels. These bonuses are based on various quantitative and qualitative performance criteria for these Named Executive Officers and are designed to attract and retain qualified individuals and also to encourage them to meet the Company's desired performance goals. We have an annual discretionary performance bonus program for our Named Executive Officers and other personnel pursuant to which cash payments may be made based on the Company's performance in the applicable fiscal year. In March, 2010, the Board set the annual target bonus levels as a percentage of base salary for the Named Executive Officers. Target bonuses are calculated based upon a matrix of growth in orders volume and adjusted EBITDA. For example, at 3% orders volume growth and 14% adjusted EBITDA growth, an individual would receive 100% of his or her target bonus. At 7% orders volume growth and 24% adjusted EBITDA growth, an individual would receive 150% of his or her target bonus.

The actual bonus earned by each of our Named Executive Officers in 2009 was equal to approximately 140% of his respective target bonus for Messrs. Klausner and Almond, 227% for Mr. Cappellucci, 132% for Mr. Campbell, and 100% for Mr. Buchardt.

Payments under this bonus program are made annually.

Equity Incentive Awards. The Company provides long-term executive compensation incentives that may be in the form of stock option awards, stock appreciation rights and/or restricted stock to more closely align the interests of management with the Company's stockholders. The Board believes that grants of stock option awards, stock appreciation rights and/or restricted stock are an effective means of advancing the long-term interests of the Company's stockholders by integrating executive compensation with the long-term value of the Company's common stock. Grants of equity incentive awards to the Company's Named Executive Officers are made pursuant to the Equity Incentive Plan. Stock options are granted under the Equity Incentive Plan at the prevailing market price on the date of grant and are valuable to the Named Executive Officers only if the Company's common stock appreciates. We believe that equity-based compensation promotes and encourages long-term successful performance by our Named Executive Officers that is aligned with the organization's goals and the generation of stockholder value.

Table of Contents

Our equity compensation goals for our Named Executive Officers and other employees are based upon the following principles:

Stockholder and executive interests should be aligned;

Key and high-performing employees, who have a demonstrable impact on our performance and/or stockholder value, should be rewarded;

The program should be structured to provide meaningful retention incentives to participants;

The equity grants should reflect each individual's experience, performance and potential and the duties and responsibilities of his or her respective position; and

Actual awards should be tailored to reflect individual performance and attraction/retention goals.

The Board granted stock options to certain of the Company's Named Executive Officers effective as of December 8, 2009, in connection with completion of the Mergers (in the case of Messrs. Klausner, Cappellucci, Almond and Campbell), and on January 27, 2010 (in the case of Mr. Buchardt). At the time these awards were granted, the unvested stock options of each of our Named Executive Officers had exercise prices that were higher than the then-current per-share price of our common stock. Each of these awards was issued for the purpose of retaining the individual recipient and increasing the value of the Company.

Each of the stock option awards described in the preceding paragraph has a vesting commencement date of December 8, 2009, a term of ten years, and, with respect to Messrs. Klausner and Cappellucci, vest on a daily basis ratably over four years, and with respect to Messrs. Almond, Campbell and Buchardt vest in four equal annual installments commencing on December 8, 2010, subject to the option holder continuing to provide services to the Company through each such date.

Perquisites, Benefits and Other Compensation

The Company provides limited perquisites to the Named Executive Officers, which may include life insurance and reimbursement of certain expenses. In addition, as part of the Company's overall compensation program, Named Executive Officers are entitled to certain other benefits, including 401(k) plan, health, dental and vision insurance, life insurance, short- and long-term disability insurance, and flexible spending accounts. Compensation paid to the Named Executive Officers with respect to perquisites or such other compensation is included in the All Other Compensation column of the Summary Compensation Table if required under applicable SEC rules.

These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

In addition, certain of the Company's Named Executive Officers are also entitled to post-termination payments and/or payments in the event of a change-in-control of the Company. These benefits are discussed in more detail above under the captions EXECUTIVE COMPENSATION Employment Arrangements and EXECUTIVE COMPENSATION Potential Payments Upon Termination or Change in Control.

In the past, prior to its acquisition by the Company, Voyager had provided a cash payment in lieu of benefits under its previous Supplemental Executive Retirement Plan (SERP). However, no further payments of any kind will be made under the SERP program.

4. Administration of the Plan.

(a) *Procedure.*

(i) *Multiple Administrative Bodies.* Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) *Section 162(m).* To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

(iii) to determine the number of Shares to be covered by each Award granted hereunder;

(iv) to approve forms of agreement for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan or of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options or Stock Appreciation Rights may be exercised (which may be based on performance criteria), any vesting, acceleration or waiver of forfeiture provisions, and any restriction or limitation regarding any Award, or the Shares relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

(vi) to construe and interpret the terms of the Plan, Awards granted pursuant to the Plan and agreements entered into pursuant to the Plan;

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(viii) to modify or amend each Award (subject to Section 19 of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options or Stock Appreciation Rights longer than is otherwise provided for in the Plan;

(ix) to allow Participants to satisfy withholding tax obligations by having the Company withhold from the Shares to be issued upon exercise of an Option that number of Shares having a Fair Market Value equal to the amount required to be withheld, provided that withholding is calculated at the minimum statutory withholding level. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All determinations to have Shares withheld for this purpose shall be made by the Administrator in its discretion;

(x) to reduce the exercise price of any Option or Stock Appreciation Right to the then current Fair Market Value if the Fair Market Value of the Common Stock covered by such Option or Stock Appreciation Right shall have declined since the date such Award was granted;

(xi) to authorize any person to execute on behalf of the Company any agreement entered into pursuant to the Plan and any instrument required to effect the grant of an Award previously granted by the Administrator; and

(xii) to make all other determinations deemed necessary or advisable for administering the Plan.

5. **Eligibility.** Awards may be granted to Service Providers; provided, however, that Incentive Stock Options may be granted only to Employees. agreement evidencing such Award. Conversion Options shall be granted to holders of options to purchase common stock of Voyager Learning Company that converted into Options in accordance with Section 2.5 of the Merger Agreement. Conversion Stock Appreciation Rights shall be granted to holders of stock appreciation rights relating to common stock of Voyager Learning Company that converted into Stock Appreciation Rights in accordance with Section 2.5 of the Merger Agreement.

6. Limitations.

(a) Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, if a single Employee becomes eligible in any given year to exercise Incentive Stock Options for Shares having a Fair Market Value in excess of \$100,000, those Options representing the excess shall be treated as Nonstatutory Stock Options. In the previous sentence, Incentive Stock Options include Incentive Stock Options granted under any plan of the Company or any Parent or any Subsidiary. For the purpose of deciding which Options apply to Shares that exceed the \$100,000 limit, Incentive Stock Options shall be taken into account in the same order as granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Award nor any agreement entered into pursuant to the Plan shall confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Participant's right or the right of the Company, any Parent or Subsidiary, as applicable, to terminate such relationship at any time, for any reason or no reason.

(c) No Service Provider shall be granted, in any fiscal year of the Company, Options to purchase more than 750,000 Shares (subject to adjustment in accordance with Section 16 of the Plan).

7. Term of the Plan. Subject to Section 23 of the Plan, the Plan shall become effective on the Closing Date (as defined in the Merger Agreement) (the Effective Date). It shall continue in effect for a term of ten (10) years following the Effective Date unless terminated earlier under Section 19 of the Plan.

8. Term of Options. The term of each Option shall be stated in the applicable Option Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the applicable Option Agreement. However, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns, directly or indirectly, stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the applicable Option Agreement.

9. Option Exercise Price; Exercisability.

(a) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be no less than 100% of the Fair Market Value per Share as of the date of grant; provided, however, that in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share as of the date of grant; and provided, further, that Conversion Options shall have an exercise price established in accordance with the Merger Agreement.

(b) *Exercise Period and Conditions.* At the time that an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option

may be exercised.

10. Exercise of Options; Consideration.

(a) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the Administrator provides otherwise, vesting of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share. An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise

A-6

Table of Contents

(in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and Section 10(f) of the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan. Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Termination of Relationship as a Service Provider.* If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability or upon a termination of such Optionee's employment with Cause, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement and except as otherwise provided in Sections 10(c), 10(d) and 10(e) of this Plan, the Option shall remain exercisable for a period of 90 days following the Optionee's termination (but in no event later than the expiration of the term of such Option). If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option in full within the time specified by the Administrator, the unexercised portion of the Option shall terminate, and the Shares covered by such unexercised portion of the Option shall revert to the Plan. An Optionee who changes his or her status as a Service Provider (e.g., from being an Employee to being a Consultant) shall not be deemed to have ceased being a Service Provider for purposes of this Section 10(b), nor shall a transfer of employment among the Company, any Parent and any Subsidiary be considered a termination of employment; however, if an Optionee owning Incentive Stock Options ceases being an Employee but continues as a Service Provider, such Incentive Stock Options shall be deemed to be Nonstatutory Options three months after the date of such cessation.

(c) *Disability of an Optionee.* If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for one year following the Optionee's termination (but in no event later than the expiration of the term of such Option). If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option in full within the time specified herein, the unexercised portion of the Option shall terminate, and the Shares covered by such unexercised portion of the Option shall revert to the Plan.

(d) *Death of an Optionee.* If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Option is vested on the date of death. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for one year following the Optionee's death (but in no event later than the expiration of the term of such Option). If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If the Option is not so exercised in full within the time specified herein, the unexercised portion of the Option shall terminate, and the Shares covered by the unexercised portion of such Option shall revert to the Plan.

(e) *Termination for Cause.* If a Service Provider's relationship with the Company is terminated for Cause, then, unless otherwise provided in such Service Provider's Option Agreement, such Service Provider shall have no right to exercise any of such Service Provider's Options at any time on or after the effective date of such termination.

A-7

(f) *Form of Consideration.* The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist any of the following as determined by the Administrator from time to time:

(i) cash;

(ii) check;

(iii) Shares which have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(iv) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan, including any net-settlement or broker-assisted cashless exercise program;

(v) any combination of the foregoing methods of payment; or

(vi) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

11. Stock Awards. The Administrator may, in its sole discretion, grant (or sell at par value or such higher purchase price as it determines) Shares to any Service Provider subject to such terms and conditions as the Administrator sets forth in a Stock Award Agreement evidencing such grant. Stock Awards may be granted or sold in respect of past services or other valid consideration or in lieu of any cash compensation otherwise payable to such individual. The grant of Stock Awards under this Section 11 shall be subject to the following provisions:

(a) At the time a Stock Award under this Section 11 is made, the Administrator shall establish a vesting period (the Restricted Period) applicable to the Stock Award Shares subject to such Stock Award. The Administrator may, in its sole discretion, at the time a grant is made, prescribe restrictions in addition to the expiration of the Restricted Period, including the satisfaction of corporate or individual performance objectives. None of the Stock Award Shares may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the Restricted Period applicable to such Stock Award Shares or prior to the satisfaction of any other restrictions prescribed by the Administrator with respect to such Stock Award Shares.

(b) The Company shall issue, in the name of each Service Provider to whom Stock Award Shares have been granted, stock certificates representing the total number of Stock Award Shares granted to such person, as soon as reasonably practicable after the grant. The Company, at the direction of the Administrator, shall hold such certificates, properly endorsed for transfer, for the Stock Awardee's benefit until such time as the Stock Award Shares are forfeited to the Company, or such certificates are delivered to the Stock Awardee upon his or her request after the restrictions lapse.

(c) Unless otherwise provided by the Administrator, holders of Stock Award Shares shall have the right to vote such Shares and have the right to receive any cash dividends with respect to such Shares. All distributions, if any, received by a Stock Awardee with respect to Stock Award Shares as a result of any stock split, stock distribution, combination of shares, or other similar transaction shall be subject to the restrictions of this Section 11.

(d) Any Stock Award Shares granted to a Service Provider pursuant to the Plan shall be forfeited if the Stock Awardee voluntarily terminates employment with the Company or any Parent or Subsidiary or resigns or voluntarily terminates his or her consultancy arrangement or directorship with the Company or any Parent or Subsidiary, or if the Stock Awardee's employment or the consultant's consultancy arrangement or directorship is terminated for Cause prior to the

expiration or termination of the applicable Restricted Period and the satisfaction of any other conditions applicable to such Stock Award Shares. Upon such forfeiture, the Stock Award Shares that are forfeited shall be retained in the treasury of the Company and be available for subsequent awards under the Plan. If the Stock Awardee's employment, consultancy arrangement or directorship terminates for any other reason, the Stock Award Shares held by such person shall be forfeited, unless the Administrator, in its sole discretion, shall determine otherwise.

Table of Contents

(e) Upon the expiration or termination of the Restricted Period and the satisfaction of any other conditions prescribed by the Administrator or set forth in the Stock Award Agreement, the restrictions applicable to the Stock Award Shares shall lapse and, at the Stock Awardee's request, a stock certificate for the number of Stock Award Shares with respect to which the restrictions have lapsed shall be delivered, free of all such restrictions, to the Stock Awardee or his or her beneficiary or estate, as the case may be.

12. Restricted Stock Units. The Administrator may, in its sole discretion, grant Restricted Stock Units to a Service Provider subject to such terms and conditions as the Administrator sets forth in a Stock Award Agreement evidencing such grant. Restricted Stock Units are Awards denominated in units evidencing the right to receive Shares, or an amount of cash determined based upon the Fair Market Value of Shares, which may vest over such period of time and/or upon satisfaction of such performance corporate or individual criteria or objectives as is determined by the Administrator at the time of grant and set forth in the applicable Stock Award Agreement, without payment of any amounts by the Stock Awardee thereof (except to the extent required by law). Prior to delivery of Shares with respect to an award of Restricted Stock Units, the Stock Awardee shall have no rights as a stockholder of the Company, including, without limitation, any right to vote or receive any dividend or distribution from the Company in connection with, among other things, any stock split, distribution, combination of shares or other similar transaction.

Upon satisfaction and/or achievement of the applicable vesting requirements relating to an award of Restricted Stock Units, the Stock Awardee shall be entitled to receive a number of Shares that are equal to the number of Restricted Stock Units that became vested. To the extent, if any, set forth in the applicable Stock Award Agreement, cash dividend equivalents may be paid during, or may be accumulated and paid at the end of, the applicable vesting period, as determined by the Administrator.

Unless otherwise provided by the Stock Award Agreement, any Restricted Stock Units granted to a Service Provider pursuant to the Plan shall be forfeited if the Stock Awardee terminates employment or his or her consultancy arrangement with the Company or any Parent or Subsidiary terminates for any reason prior to the expiration or termination of the applicable vesting period and/or the achievement of such other vesting conditions applicable to the award.

Prior to the delivery of any Shares in connection with an award of Restricted Stock Units, the Stock Awardee shall pay or make adequate provision acceptable to the Company for the satisfaction of the statutory minimum prescribed amount of federal and state income tax and other withholding obligations of the Company, including by having the Company withhold from the number of Shares otherwise deliverable in connection with an award of Restricted Stock Units, a number of Shares having a Fair Market Value equal to an amount sufficient to satisfy such tax withholding obligations.

13. Unrestricted Shares. The Administrator may grant Unrestricted Shares in accordance with the following provisions:

(a) The Administrator may cause the Company to grant Unrestricted Shares to Service Providers at such time or times, in such amounts and for such reasons as the Administrator, in its sole discretion, shall determine. No payment shall be required for Unrestricted Shares.

(b) The Company shall issue, in the name of each Service Provider to whom Unrestricted Shares have been granted, stock certificates representing the total number of Unrestricted Shares granted to such individual, and shall deliver such certificates to such Service Provider as soon as reasonably practicable after the date of grant or on such later date as the Administrator shall determine at the time of grant.

14. **Stock Appreciation Rights.** The Administrator may grant Stock Appreciation Rights in accordance with the following provisions:

(a) The Administrator may cause the Company to grant Stock Appreciation Rights to Service Providers at such time or times, in such amounts and for such reasons as the Administrator, in its sole discretion, shall determine. Each grant of Stock Appreciation Rights shall be evidenced by a Stock Appreciation Rights Agreement that will specify the exercise price and term of the Stock Appreciation Rights, the conditions of

A-9

exercise, the expiration date, and such other terms and conditions as the Administrator shall determine, including, without limitation, any corporate or individual performance criteria or objectives.

(b) No Service Provider shall be granted, in any fiscal year of the Company, Stock Appreciation Rights relating to more than 350,000 Shares (subject to adjustment in accordance with Section 16 of the Plan). The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan. Conversion Stock Appreciation Rights shall have an exercise price and other terms and conditions established in accordance with the Merger Agreement.

(c) Upon the exercise of a Stock Appreciation Right, the Service Provider will be entitled to receive payment from the Company in an amount equal to the product of (A) (x) the Fair Market Value of a Share on the date of exercise minus (y) the exercise price multiplied by (B) the number of Shares with respect to which the Stock Appreciation Right is exercised.

(d) Upon the exercise of a Stock Appreciation Right, the payment to be provided to a Participant pursuant to Section 14(c) above shall be made in the form of cash or Shares of equal Fair Market Value as of the date of exercise, as determined by the Administrator.

15. Non-Transferability. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and an Option or Stock Appreciation Right may be exercised, during the lifetime of the Service Provider, only by the Service Provider. If the Administrator makes an Award transferable, such Award shall contain such additional terms and conditions as the Administrator deems appropriate. Notwithstanding the foregoing, the Administrator, in its sole discretion, may provide in the Option Agreement regarding a given Option that the Optionee may transfer, without consideration for the transfer, his or her Nonstatutory Stock Options to members of his or her immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Option.

16. Adjustments Upon Changes in Capitalization, Change in Control.

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number and type of shares covered by each outstanding Award, and the number and type of shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award, as well as the exercise price per share of each such outstanding Option or Stock Appreciation Right, shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award hereunder.

(b) *Change in Control.* Notwithstanding anything to the contrary set forth in the Plan, upon or in anticipation of any Change in Control, the Board may, in its sole and absolute discretion and without the need for the consent of any Participant, take one or more of the following actions contingent upon the occurrence of that Change in Control:

(i) cause any or all outstanding Options or Stock Appreciation Rights held by Participants affected by the Change in

Control to become vested and immediately exercisable, in whole or in part; (ii) cause any or all outstanding Restricted Stock or Restricted Stock Units held by Participants affected by the Change in Control to become non-forfeitable, in whole or in part; (iii) cancel any Option in exchange for a substitute option in a manner consistent with the requirements of Treas. Reg. § 1.424-1(a) (notwithstanding the fact that the original Option may never have been intended to satisfy the requirements for treatment as an Incentive Stock Option); (iv) cancel any Restricted Stock or Restricted Stock Units held by a Participant affected by the Change in Control in exchange for restricted stock of or restricted stock units in respect of the capital stock of any successor corporation; (v) redeem any

A-10

Table of Contents

Restricted Stock held by a Participant affected by the Change in Control for cash and/or other substitute consideration with a value equal to the Fair Market Value of an unrestricted Share on the date of the Change in Control; (vi) cancel any Option or Stock Appreciation Right held by a Participant affected by the Change in Control in exchange for cash and/or other substitute consideration with a value equal to (A) the number of Shares subject to that Option or Stock Appreciation Right, multiplied by (B) the difference, if any, between the Fair Market Value per Share on the date of the Change in Control and the exercise price of that Option or Stock Appreciation Right; provided, that if the Fair Market Value per Share on the date of the Change in Control does not exceed the exercise price of any such Option or Stock Appreciation Right, the Board may cancel that Option or Stock Appreciation Right without any payment of consideration therefore; or (vii) cancel any Restricted Stock Unit held by a Participant affected by the Change in Control in exchange for cash and/or other substitute consideration with a value equal to the Fair Market Value per Share on the date of the Change in Control.

(c) *Additional Requirements.* Notwithstanding anything contained in the Plan or in an Award Agreement to the contrary, in the event of a Change in Control, each Participant shall, except to the extent otherwise determined by the Administrator, be subject to substantially the same escrow, indemnification and similar obligations, contingencies and encumbrances contained in the definitive agreement relating to the Change in Control as other stockholders of the Company may be subject (including, without limitation, the requirement to contribute a proportionate number of Shares issued as a result of the exercise or vesting of an Award, or any cash or property that may be received upon exercise or exchange of an Award, to an escrow fund, or otherwise have a proportionate amount of such Shares, cash or other property encumbered by the indemnification, escrow and similar provisions of such definitive agreement). By accepting an Award, a Participant agrees to execute such documents and instruments as the Administrator may reasonably require for the Participant to be bound by such obligations. In the event that a Participant fails or refuses to execute such documents and instruments, such Participant's Award (to the extent outstanding as of the date of the Change in Control) shall, unless otherwise determined by the Administrator, be canceled and be of no further force and effect upon the consummation of a Change in Control.

17. Substitute Options. In the event that the Company, directly or indirectly, acquires another entity, the Board may authorize the issuance of stock options (Substitute Options) to the individuals performing services for the acquired entity in substitution of stock options previously granted to those individuals in connection with their performance of services for such entity upon such terms and conditions as the Board shall determine, taking into account the conditions of Code Section 424(a), as from time to time amended or superceded, in the case of a Substitute Option that is intended to be an Incentive Stock Option. Shares of capital stock underlying Substitute Options shall not constitute Shares issued pursuant to the Plan for any purpose.

18. Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

19. Amendment and Termination of the Plan. The Board may at any time, in its sole discretion, amend, alter, suspend or terminate the Plan with or without advance notice to Participants and regardless of whether any such action adversely affects or impairs the rights of a Participant with respect to any outstanding Award or future Award; provided, however, that the Company shall obtain stockholder approval of any Plan amendment to the extent necessary to comply with Applicable Laws.

20. Conditions Upon Issuance of Shares.

(a) *Legal Compliance.* Shares shall not be issued in respect of any Award hereunder unless the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the grant of any Award of issuance of any Shares in respect of any Award, the Company may require the person receiving such Award or such Shares to represent and warrant that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

A-11

(c) *Additional Conditions.* The Administrator shall have the authority to condition the grant of any Award in such other manner that the Administrator determines to be appropriate, provided that such condition is not inconsistent with the terms of the Plan. Such conditions may include, among other things, obligations of recipients to execute lock-up agreements, stockholder agreements or other agreements containing restrictive covenants, relating to among other things, non-disclosure, non-solicitation, non-competition and assignment of inventions.

(d) *Trading Policy Restrictions.* Transactions relating to Awards shall be subject to the terms and conditions of any insider trading policy established by the Company or the Administrator.

21. **Inability to Obtain Authority.** The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
