  - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

**Item 8.01 Other Events.**

On May 17, 2006, the Midwest Independent Transmission System Operator Inc. ( MISO ) and International Transmission Company ( *ITCTransmission* ) jointly filed revised tariff sheets with the Federal Energy Regulatory Commission ( FERC ) to adjust the implementation of *ITCTransmission*'s Attachment O formula rate. The proposed modification would allow *ITCTransmission* to recover its expenses and investments in transmission on a current rather than a lagging basis, thereby enhancing *ITCTransmission*'s ability to continue to rebuild and strengthen the transmission grid in Southeast Michigan. The revised Attachment O would include a true-up mechanism so that customers would pay only the amounts that correspond to *ITCTransmission*'s revenue requirement. The filing has been assigned FERC Docket No. ER06-1006 and can be accessed at FERC's website at <http://www.ferc.gov> and at *ITCTransmission*'s website at [http://www.itctransco.com/news\\_filings.php](http://www.itctransco.com/news_filings.php). The proposed changes to the Attachment O formula rate are subject to FERC approval, following its standard procedural requirements. There can be no assurance that the modified Attachment O will be approved by FERC in the form submitted by *ITCTransmission* or as to the timing of the receipt of any such approval.

On May 26, 2006, *ITCTransmission*'s billed rate of \$1.744 per kW/month for the period from June 1, 2006 to May 31, 2007 was posted by MISO. The billed rate is based on *ITCTransmission*'s Attachment O rate formula as currently in effect and FERC Form 1 data for the year ended December 31, 2005. This information can be accessed on the Internet at <http://oasis.midwestiso.org/oasis/DECO>.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
