* Williams Pipeline GP LLC, the sole general partner of Williams Pipeline Partners L.P., owns, beneficially and of record, 684,869 general partner units and incentive distribution rights (which represent the right to receive increasing percentages of quarterly distributions in excess of specified amounts) in Williams Pipeline Partners L.P. Williams Pipeline GP LLC also owns 10,957,900 subordinated units representing limited partner interests in Williams Pipeline Partners L.P., which may be converted into common units on a one-for-one basis upon the termination of the subordination period under certain circumstances as set forth in the Amended and Restated Agreement of Limited Partnership of Williams Pipeline Partners L.P., which is incorporated herein by reference.

Item 1. Security and Issuer

This statement on Schedule 13D (Schedule 13D) relates to common units representing limited partner interests of Williams Pipeline Partners L.P., a Delaware limited partnership (the Issuer), whose principal executive offices are located at One Williams Center, Tulsa, Oklahoma, 74172-0172.

Item 2. Identity and Background

(a) This Schedule 13D is filed by (i) The Williams Companies, Inc., a Delaware corporation (Williams), (ii) Williams Gas Pipeline Company, LLC, a Delaware limited liability company (Williams Gas Pipeline) and (iii) Williams Pipeline GP LLC, a Delaware limited liability company (the General Partner and, together with Williams and Williams Gas Pipeline, the Reporting Persons).

Williams owns directly or indirectly 100% of each of Williams Gas Pipeline and the General Partner. Williams Gas Pipeline is the sole member and manager of the General Partner. The General Partner is the sole general partner of the Issuer. Accordingly, the Reporting Persons are hereby filing a joint Schedule 13D.

(b) The business address of each of the Reporting Persons is One Williams Center, Tulsa, Oklahoma, 74172-0172.

(c) The principal business of Williams is to find, produce, gather, process and transport natural gas. The principal business of Williams Gas Pipeline is to own and operate the natural gas pipeline operations of Williams. The principal business of the General Partner is to hold common and subordinated units, the general partner units and incentive distribution rights in the Issuer and to manage the business and affairs of the Issuer.

(d) (e) During the past five years, none of the Reporting Persons has (i) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) nor (ii) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of which was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

(f) Not applicable.

In accordance with the provisions of General Instruction C to Schedule 13D, information concerning the general partners, executive officers, board of directors and each person controlling the Reporting Persons, as applicable (collectively, the Listed Persons), required by Item 2 of Schedule 13D is provided on Schedule 1 and is incorporated by reference herein. To the Reporting Persons' knowledge, none of the persons listed on Schedule 1 as a director or executive officer of Williams, Williams Gas Pipeline, or the General Partner has been, during the last five years, (i) convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors), or (ii) a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration

The Issuer was formed on August 31, 2007 as a Delaware limited partnership to indirectly own and operate natural gas transportation pipelines and storage facilities. Upon the formation of the Issuer, the General Partner and Williams Pipeline Services Company, an indirect wholly owned subsidiary of Williams, contributed \$20 and \$980, respectively, to the Issuer.

At the closing of the Issuer's initial public offering (the Offering) of 16,250,000 common units representing limited partner interests in the Issuer, the following transactions, among others, occurred:

The Issuer issued 16,250,000 common units to the public, representing a 47.5% limited partner interest in the Issuer, and used the net proceeds from the Offering to pay expenses and purchase a 15.9% general partnership interest in Northwest Pipeline GP (Northwest);

Pursuant to the Contribution, Conveyance and Assumption Agreement (attached hereto as Exhibit C and incorporated by reference herein), the Issuer

issued to its general partner 6,350,668 common units and 10,957,900 subordinated units representing an aggregate 50.5% limited partner interest in the Issuer, plus 684,869 general partner units representing a

2% general partner interest in the Issuer and all of its incentive distribution rights, which entitle its general partner to increasing percentages of the cash it distributes in excess of \$0.330625 per limited partner unit per quarter, in exchange for the contribution of a 19.1% general partnership interest in Northwest (which combined with the interest purchased directly from Northwest result in a 35% general partnership interest in Northwest);

Williams Pipeline Services Company, the initial limited partner of the Issuer was redeemed; and

Northwest distributed \$300.9 million to a subsidiary of Williams as a reimbursement for capital expenditures incurred with respect to Northwest's assets;

The Issuer entered into an omnibus agreement with Williams and certain of its affiliates, including its general partner, that will govern its relationship with them regarding certain reimbursement, indemnification and licensing matters; and

The Issuer entered into a working capital credit agreement with Williams as the lender, with a borrowing capacity of \$20 million.

Upon the termination of the subordination period as set forth in the Issuer's First Amended and Restated Agreement of Limited Partnership (the Partnership Agreement), the subordinated units are convertible into common units on a one-for-one basis.

In connection with the Offering, the Issuer granted the underwriters the right to purchase up to an aggregate 2,437,500 common units if the underwriters sold more than 16,250,000 common units in the Offering (the Option).

Item 4. Purpose of Transaction

The Reporting Persons acquired the common units reported herein solely for investment purposes. The Reporting Persons may make additional purchases of common units either in the open market or in private transactions depending on the Reporting Person's business, prospects and financial condition, the market for the common units, general economic conditions, stock market conditions and other future developments.

The following describes plans or proposals that the Reporting Persons may have with respect to the matters set forth in Item 4(a)-(j) of Schedule 13D:

(a) The subordinated units owned of record by the General Partner are convertible into common units on a one-for-one basis upon the termination of the subordination period as set forth in the Partnership Agreement. The Issuer may grant unit options, restricted units, phantom units, unit appreciation rights, distribution equivalent rights, other unit-based awards and unit awards to employees, consultants, officers and directors of the General Partner and its affiliates who provide services to the Issuer, pursuant to the Williams Pipeline GP LLC Long-Term Incentive Plan (the Plan) adopted by the General Partner. The Issuer may acquire common units to issue pursuant to the Plan on the open market, directly from the Issuer, from other Reporting Persons, or otherwise.

(b) None.

(c) None.

(d) The General Partner has sole responsibility for conducting the Issuer's business and for managing its operations and is ultimately controlled by Williams. Some of Williams' executive officers and directors will also serve as executive officers or directors of the General Partner. Neither the General Partner nor its board of directors will be elected by the Issuer's unitholders. Through its ownership in the General Partner, Williams has the right to elect the General Partner's entire board of directors. The Reporting Persons, however, have no current intention of changing the board of directors or management of the General Partner.

(e) Certain Reporting Persons, as direct and indirect owners of the General Partner of the Issuer, may cause the Issuer to change its dividend policy or its capitalization, through the issuance of debt or equity securities, from time to time in the future. The Reporting Persons, however, have no current intention of changing the present capitalization or dividend policy of the Issuer.

(f) None.

(g) None.

(h) None.

(i) None.

(j) Except as described in this Item 4, the Reporting Persons do not have, as of the date of this Schedule 13D, any other plans or proposals that relate to or would result in any of the actions or events specified in clauses (a) through

(i) of Item 4 of Schedule 13D. The Reporting Persons may change their plans or proposals in the future. In determining from time to time whether to sell the common units reported as beneficially owned in this Schedule 13D (and in what amounts) or to retain such securities, the Reporting Persons will take into consideration such factors as they deem relevant, including the business and prospects of the Issuer, anticipated future developments concerning the Issuer, existing and anticipated market conditions from time to time, general economic conditions,

regulatory matters, and other opportunities available to the Reporting Persons. The Reporting Persons reserve the right to acquire additional securities of the Issuer in the open market, in privately negotiated transactions (which may be with the Issuer or with third parties) or otherwise, to dispose of all or a portion of their holdings of securities of the Issuer or to change their intention with respect to any or all of the matters referred to in this Item 4.

Item 5. Interest in Securities of the Issuer

(a) (1) Williams, as the 100% owner of Williams Gas Pipeline, and through it, the 100% owner of the General Partner, may, pursuant to Rule 13d-3, be deemed to beneficially own the 6,350,668 common units held of record by the General Partner, which represents approximately 28.1% of the outstanding common units. Williams, may also, pursuant to Rule 13d-3, be deemed to beneficially own 10,957,900 subordinated units held of record by the General Partner, which represent all of the outstanding subordinated units. The subordinated units may be converted into common units on a one-for-one basis upon the termination of the subordination period as set forth in the Partnership Agreement. Williams, as the indirect 100% owner of the General Partner, may, pursuant to Rule 13d-3, be deemed to beneficially own the 684,869 general partner units and the incentive distribution rights (which represent the right to receive increasing percentages of quarterly distributions in excess of specified amounts) in the Issuer held by the General Partner.

(2) Williams Gas Pipeline, as the 100% owner of the General Partner, may, pursuant to Rule 13d-3, be deemed to beneficially own the 6,350,668 common units held of record by the General Partner, which represents approximately 28.1% of the outstanding common units. Williams Gas Pipeline, as the 100% owner of the General Partner, may also, pursuant to Rule 13d-3, be deemed to beneficially own 10,957,900 subordinated units held of record by the General Partner, which represent all of the outstanding subordinated units. The subordinated units may be converted into common units on a one-for-one basis upon the termination of the subordination period as set forth in the Partnership Agreement. Williams Gas Pipeline, as the 100% owner of the General Partner, may, pursuant to Rule 13d-3, be deemed to beneficially own the 684,869 general partner units and the incentive distribution rights (which represent the right to receive increasing percentages of quarterly distributions in excess of specified amounts) in the Issuer held by the General Partner.

(3) The General Partner, as the sole general partner of the Issuer, is the record and beneficial owner of 6,350,668 common units (which represents approximately 28.1% of the outstanding common units), 10,957,900 subordinated units (which represent all of the outstanding subordinated units), 684,869 general partner units and the incentive distribution rights (which represent the right to receive increasing percentages of quarterly distributions in excess of specified amounts) in the Issuer.

(4) See Schedule 1 for the aggregate number and percentage of common units beneficially owned by the Listed Persons.

(b) The information set forth in Items 7 through 11 of the cover pages hereto is incorporated herein by reference. See Schedule 1 for the information applicable to the Listed Persons.

(c) Except as described in Item 3 above, Schedule 1 or elsewhere in this Schedule 13D, none of the Reporting Persons or, to the Reporting Persons' knowledge, the Listed Persons have effected any transactions in the common units during the past 60 days.

(d) The Reporting Persons have the right to receive distributions from, and the proceeds from the sale of, the respective common units reported by such persons on the cover pages of this Schedule 13D and in this Item 5. See Schedule 1 for the information applicable to the Listed Persons. Except for the foregoing and the cash distribution described in Item 6 below, no other person is known by the Reporting Persons to have the right to receive or the power to direct the receipt of distributions from, or the proceeds from the sale of, common units beneficially owned by the Reporting Persons or, to the Reporting Persons' knowledge, the Listed Persons.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

The information provided or incorporated by reference in Item 3 and Item 4 is hereby incorporated by reference herein.

Issuer's Partnership Agreement

The General Partner has sole responsibility for conducting the Issuer's business and managing its operations and activities, and its board of directors will make decisions on the Issuer's behalf. Williams Gas Pipeline, as the sole member of the General Partner, will elect all of the members to the board of directors of the General Partner. All of the executive officers and certain of the directors of the General Partner also serve as officers of Williams and Williams Partners L.P. The General Partner will be entitled to

distributions with respect to its common and subordinated units, general partner units and, if specified requirements are met, with respect to its incentive distribution rights.

Cash Distribution Policy

The Issuer's cash distribution policy requires the Issuer to distribute to the holders of common units and subordinated units on a quarterly basis at least the minimum quarterly distribution of \$0.2875 per unit, or \$1.15 per year, to the extent the Issuer has sufficient cash from its operations after establishment of cash reserves and payment of fees and expenses, including payments to the General Partner.

The Partnership Agreement requires that, within 45 days after the end of each quarter, beginning with the quarter ending March 31, 2008, the Issuer distribute all of its available cash to unitholders of record on the applicable record date.

Subordination Period

The Partnership Agreement provides that, during the subordination period, the common units will have the right to receive distributions of available cash from operating surplus each quarter in an amount equal to the minimum quarterly distribution of \$0.2875 per common unit, plus any arrearages in the payment of the minimum quarterly distribution on the common units from prior quarters, before any distributions of available cash from operating surplus may be made on the subordinated units. Furthermore, no arrearages will be paid on the subordinated units.

Distributions of Available Cash from Operating Surplus During the Subordination Period

The Partnership Agreement requires that the Issuer make distributions of available cash from operating surplus for any quarter during the subordination period in the following manner:

first, 98% to the common unitholders, pro rata, and 2% to the General Partner, until the Issuer distributes for each outstanding common unit an amount equal to the minimum quarterly distribution for that quarter;

second, 98% to the common unitholders, pro rata, and 2% to the General Partner, until the Issuer distributes for each outstanding common unit an amount equal to any arrearages in payment of the minimum quarterly distribution on the common units for any prior quarters during the subordination period;

third, 98% to the subordinated unitholders, pro rata, and 2% to the General Partner, until the Issuer distributes for each subordinated unit an amount equal to the minimum quarterly distribution for that quarter; and

thereafter, in the manner described in the Partnership Agreement taking into account the General Partner's incentive distribution rights.

If cash distributions to the unitholders exceed \$0.330625 per unit in any quarter, the General Partner will receive, in addition to distributions on its 2% general partner interest, increasing percentages, up to 48%, of the cash the Issuer distributes in excess of that amount. These distributions are referred to as incentive distributions.

Distributions of Available Cash from Operating Surplus After the Subordination Period

The Partnership Agreement requires that the Issuer make distributions of available cash from operating surplus for any quarter after the subordination period in the following manner:

first, 98% to all common unitholders, pro rata, and 2% to the general partner, until we distribute for each outstanding unit an amount equal to the minimum quarterly distribution for that quarter; and

thereafter, in the manner described in the Partnership Agreement taking into account the General Partner's incentive distribution rights.

Conversion of the Subordinated Units

Each subordinated unit will convert into one common unit and then will participate pro rata with the other common units in distribution of available cash at the end of the subordination period. Unless earlier terminated pursuant to the terms of the Partnership Agreement, the subordination period will end on the first business day of any quarter after December 31, 2010, if distributions on each

of the outstanding common units, subordinated units, and general partner units equaled or exceeded the sum of the minimum quarterly distributions for each of the three consecutive, non-overlapping four-quarter periods immediately preceding that date, the adjusted operating surplus for each of the three consecutive, non-overlapping four-quarter periods immediately preceding that date equaled or exceeded the sum of the minimum quarterly distributions on all of the outstanding common units, subordinated units, and the related distributions on the general partner units during those periods on a fully diluted basis, and there are no arrearages in payment of the minimum quarterly distribution on the common units. The subordination period may terminate earlier if distributions by the Issuer on each outstanding common unit, subordinated unit and general partner unit equaled or exceeded \$1.725 for the four-quarter period immediately preceding such date, the adjusted operating surplus for the four-quarter period immediately preceding such date equaled or exceeded \$1.725 on all of the outstanding common units and subordinated units and the related distributions on the general partner units during that period on a fully diluted basis, and there are no arrearages in payment of the minimum quarterly distribution on the common units. The subordination period also will end upon the removal of the General Partner as general partner of the Partnership upon the requisite vote by the limited partners under circumstances where cause does not exist and units held by the General Partner and its affiliates are not voted in favor of the removal.

Issuance of Additional Units

The Partnership Agreement authorizes the Issuer to issue an unlimited number of units for the consideration and on terms and conditions determined by the General Partner without unitholder approval.

Limited Voting Rights

The General Partner will control the Issuer and the unitholders will have only limited voting rights. Unitholders will have no right to elect the General Partner or its directors. The General Partner may not be removed, except by a vote of the holders of at least 66 2/3% of the Issuer's units, including units owned by the General Partner and its affiliates, other than general partner units. Because Williams indirectly owns 100% of the interests in the General Partner, it has the ability to prevent the General Partner's involuntary removal.

Limited Call Right

If at any time the General Partner and its affiliates own more than 75% of the outstanding common units, the General Partner has the right, but not the obligation, to purchase all of the remaining common units at a price not less than the then current market price of the common units.

Registration Rights

Pursuant to the Partnership Agreement, the Issuer has agreed to register for resale under the Securities Act and applicable state securities laws any common units, subordinated units or other partnership securities proposed to be sold by the General Partner or any of its affiliates or their assignees if an exemption from the registration requirements is not otherwise available. These registration rights continue for two years following any withdrawal or removal of Williams Pipeline GP LLC as general partner. The Issuer is obligated to pay all expenses incidental to the registration, excluding underwriting discounts and fees.

The General Partner's Limited Liability Company Agreement

Under the Limited Liability Company Agreement of the General Partner, Williams Gas Pipeline has the right to elect the members of the board of directors of the General Partner.

To the Reporting Persons' knowledge, there are no other contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of the Issuer.
