QUESTIONS AND ANSWERS ABOUT THE MERGER FOR AIRGATE STOCKHOLDERS

Q: Why are AirGate stockholders receiving these materials?

A: AirGate has agreed to acquire iPCS by merging a wholly owned subsidiary of AirGate into iPCS. The merger cannot be completed without the approval of the holders of a majority of the outstanding shares of AirGate common stock that cast votes, either in person or by proxy, at the AirGate special meeting.

Q: Why is AirGate seeking to acquire iPCS through the merger?

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

A: In light of the developing trends in the telecommunications industry and consolidation in the wireless personal communications services, or PCS, market, AirGate's board of directors believes that the merger represents a strategic opportunity to significantly expand the size and scope of AirGate's operations. By acquiring iPCS, AirGate would become the nation's largest Sprint PCS network partner based on planned covered population, with approximately 12 million residents expected to be covered by the combined company's network by December 31, 2001. AirGate's board of directors believes that, following the merger, AirGate will have greater financial flexibility, operational efficiencies and growth potential than it would have on its own.

To review AirGate's reasons for the merger in greater detail, please see pages 31 through 33.

Q: What will AirGate stockholders receive as a result of the merger?

A: AirGate stockholders will continue to hold the same number of shares of AirGate common stock after the merger. Shares of AirGate common stock will be issued only to the iPCS stockholders.

Q: What will iPCS stockholders receive as a result of the merger?

A: Each share of iPCS common stock owned by iPCS stockholders (other than those exercising dissenters' rights of appraisal, if any) immediately prior to the merger will be exchanged in the merger for approximately 0.1594 of a share of AirGate common stock, referred to as the exchange ratio. For example, if an iPCS stockholder owns 1,000 shares of iPCS common stock, that iPCS stockholder will receive 159 shares of AirGate common stock in the merger. iPCS stockholders will receive only whole shares of AirGate common stock, and cash in lieu of any fractional shares. The exchange ratio is subject to adjustment if, among other things, iPCS issues additional securities, including options and warrants, prior to the effective time of the merger. Immediately prior to the effective time of the merger, each outstanding share of iPCS preferred stock will automatically convert into one share of iPCS common stock.

Q: What are AirGate stockholders being asked to vote upon?

A: AirGate stockholders are being asked to approve the merger, the merger agreement and the issuance of up to 13.5 million shares of AirGate common stock in the merger, which, assuming the exercise of all outstanding AirGate and iPCS warrants and options, would represent approximately 47.5% of AirGate's common stock immediately following the merger. This approval is required under the rules of The Nasdaq National Market, the stock market on which AirGate's common stock is listed and traded. AirGate's board of directors unanimously authorized, approved and adopted the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger, and unanimously recommends that AirGate stockholders vote for approval of these matters.

Q: Will the iPCS stockholders who receive shares of AirGate common stock in the merger be able to immediately resell their shares in the open market?

A: Substantially all of the iPCS stockholders will enter into lock-up agreements with AirGate prior to the effective time of the merger. The lock-up agreements will impose restrictions on the ability of such iPCS stockholders to sell or otherwise dispose of their shares of AirGate common stock for a minimum of 120 days after the effective time of the merger, other than in connection with the proposed underwritten public offering of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate common stock. Those iPCS stockholders not entering into lock-up agreements with AirGate will be able to immediately resell their shares of AirGate common stock after the merger in the

open market under this proxy statement/prospectus. For the founding iPCS stockholders and their affiliates, 20% of their shares of AirGate common stock generally will be released from all lock-up restrictions 120 days after the effective time of the merger, an additional 30% will be released 211 days after the effective time, and the remaining 50% will be released 301 days after the effective time. For iPCS stockholders that are affiliates of The Blackstone Group, referred to as Blackstone, and the Trust Company of the West, referred to as TCW, the lock-up period will apply for a period of 120 days after the effective time of the merger.

Q: When will the proposed underwritten public offering of AirGate common stock occur?

A: AirGate will enter into a registration rights agreement at the effective time of the merger with Blackstone, TCW and certain iPCS founding stockholders. The registration rights agreement will require AirGate, upon the request of Blackstone, to use its best efforts to complete an underwritten public offering of shares of AirGate common stock within 120 days after the effective time of the merger. The offering will provide the iPCS stockholders that sign the registration rights agreement an opportunity to sell in an underwritten public offering a significant number of the shares of AirGate common stock that they receive in the merger. AirGate can give no assurance that it will be able to complete such offering.

Q: How will the underwritten public offering affect the lock-up restrictions?

A: The managing underwriter of the underwritten public offering may require each former iPCS stockholder that signs the registration rights agreement to enter into a lock-up agreement that restricts such stockholder's ability to sell or otherwise dispose of his, her or its remaining shares of AirGate common stock for a period not to exceed 90 days after the completion of the offering. This lock-up agreement will prohibit these former iPCS stockholders during such period from selling or otherwise disposing of their shares of AirGate common stock that otherwise would have been released from the lock-up agreement with AirGate 120 days after the effective time of the merger.

Q: Which AirGate stockholders are entitled to vote?

A: Each AirGate stockholder that owned shares of AirGate common stock as of the close of business on October 12, 2001, the record date, is entitled to vote, in person or by proxy, at the AirGate special meeting.

Q: What vote is required to approve the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger?

A: The proposal to be voted on at the AirGate special meeting requires the approval of the holders of a majority of the outstanding shares of AirGate common stock that cast votes, either in person or by proxy, at the meeting, provided that the holders of a majority of the outstanding shares of AirGate common stock vote or are represented at the AirGate special meeting.

Q: What do AirGate stockholders need to do now?

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

A: After carefully reading and considering the information contained in this proxy statement/prospectus, if you are an AirGate stockholder, please complete and sign your proxy and return it in the enclosed return envelope as soon as possible, so that your shares may be represented at the AirGate special meeting. If you sign and send in your proxy and do not indicate how you want to vote, AirGate will count your proxy as a vote in favor of the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger.

The AirGate special meeting will take place on November 27, 2001. If your shares are held at a brokerage firm or bank, you must provide them with instructions on how to vote your shares. If you are a holder of record, you may attend the AirGate special meeting and vote your shares in person rather than signing and mailing your proxy.

Q: What if AirGate stockholders do not vote?

A: Failure by an AirGate stockholder to either vote at the meeting or return his, her or its proxy will result in such stockholder's shares not being counted for purposes of determining the presence of a quorum at the

2

AirGate special meeting or determining whether AirGate has received the votes required to approve the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger.

. If you are an AirGate stockholder and return your proxy signed but do not indicate how you want to vote, your proxy will be counted as a vote FOR the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger.

. If you are an AirGate stockholder and return your proxy and abstain from voting, your proxy will not be counted as a vote cast on, and therefore will not affect the outcome of, the proposal to approve the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger.

Q: If my broker or bank holds my shares in "street name," will my broker or bank vote my shares?

A: If you are an AirGate stockholder, your broker or bank will vote your shares for the merger, the merger agreement and the issuance of the shares in the merger only if you provide them with instructions on how to vote. You should follow the directions provided by your broker or bank regarding how to instruct them to vote your shares. If you do not provide your broker or bank with instructions on how to vote your shares, they will not vote your shares and their failure to do so will have no effect in determining whether the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger will be approved.

Q: Can I change my vote after I have mailed my signed proxy?

A: Yes. If you are an AirGate stockholder, you can change your vote at any time before your proxy is voted at the AirGate special meeting. You can do this in one of three ways. First, you can send a written notice stating that you would like to revoke your proxy. Second, you can complete and submit a new proxy. If you choose either of these two methods, you must submit your notice of revocation or your new proxy to AirGate at the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

address on page 159. Third, you can attend the AirGate special meeting and vote in person.

If your shares are held in "street name" through an account at a brokerage firm or bank, you should contact your brokerage firm or bank to change your vote.

Q: When does AirGate expect to complete the merger?

A: AirGate is working to complete the merger as quickly as possible and intends to do so shortly after the AirGate special meeting, provided that AirGate has obtained the consents and regulatory approvals necessary for the merger.

Q: Who can help answer the questions of AirGate stockholders?

A: If you are an AirGate stockholder and have any questions about the merger or if you need additional copies of this proxy statement/prospectus or the enclosed proxy, you should contact:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate markets and provides digital personal communications services, referred to as PCS. AirGate is a network partner of Sprint PCS, the personal communications services group of Sprint Corporation. Sprint PCS, directly and indirectly through network partners such as AirGate, provides wireless services in more than 4,000 cities and communities across the country. Through AirGate's management agreement with Sprint PCS, AirGate has the right to provide Sprint PCS products and services under the Sprint and Sprint PCS brand names in a territory that covers almost the entire state of South Carolina, parts of North Carolina and the eastern Georgia cities of Augusta and Savannah. AirGate's Sprint PCS territory encompasses 21 contiguous basic trading areas, referred to as markets, with approximately 7.1 million residents.

AirGate launched Sprint PCS service in select markets in January 2000 and currently offers service in all of its 21 Sprint PCS markets. AirGate's Sprint PCS network currently covers approximately 5.9 million, or 82%, of the 7.1 million residents in its Sprint PCS territory. The number of residents covered by AirGate's Sprint PCS network does not represent the actual number of its subscribers that it expects to have in its territory, but instead represents the maximum number of potential subscribers in that territory. As of June 30, 2001, AirGate provided Sprint PCS service to 179,403 subscribers within its Sprint PCS territory.

AirGate's website is located at www.airgatepcsa.com. Information contained on its website does not constitute a part of this proxy statement/prospectus.

iPCS, Inc.
1900 East Golf Road, Suite 900
Schaumburg, Illinois 60173
(847) 944-2900

iPCS markets and provides digital personal communications services. iPCS is a network partner of Sprint PCS. Through iPCS' management agreement with Sprint PCS, iPCS has the right to provide Sprint PCS products and services under the Sprint and Sprint PCS brand names in a territory that covers mid-sized cities and rural areas in Illinois, Michigan, Iowa and eastern Nebraska. iPCS' Sprint PCS territory encompasses 37 markets with approximately 7.4 million residents.

4

iPCS launched Sprint PCS service in select markets in December 1999 and as of June 30, 2001 offered service in 28 of its Sprint PCS markets. iPCS plans to have substantially completed its network build-out by December 31, 2001. As of June 30, 2001, iPCS' Sprint PCS network covered approximately 5.0 million, or 67%, of the 7.4 million residents in iPCS' Sprint PCS territory. As of June 30, 2001, iPCS was providing PCS service to 107,412 subscribers within its Sprint PCS territory.

The Merger (page 29)

In the merger, iPCS will merge with a wholly owned subsidiary created by AirGate for the purposes of this transaction. Following the merger, AirGate will own 100% of iPCS. The merger agreement is attached to this proxy statement/prospectus as Annex A. We encourage you to read the merger agreement carefully. It is the principal document governing the merger.

What AirGate Stockholders Will Receive in the Merger

AirGate stockholders will continue to hold the same number of shares of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate common stock after the merger. Only iPCS stockholders will receive shares of AirGate common stock in the merger.

What iPCS Stockholders Will Receive in the Merger

Each share of iPCS common stock owned by iPCS stockholders (other than those exercising dissenters' rights of appraisal, if any) immediately prior to the merger will be exchanged in the merger for approximately 0.1594 of a share of AirGate common stock, referred to as the exchange ratio. iPCS stockholders will receive only whole shares of AirGate common stock, and cash in lieu of any fractional shares. The exchange ratio is subject to adjustment if, among other things, iPCS issues additional securities, including options and warrants, prior to the effective time of the merger. Immediately prior to the effective time of the merger, each outstanding share of iPCS preferred stock will automatically convert into one share of iPCS common stock.

Ownership of AirGate after the Merger

Holders of common stock and other securities of iPCS will receive up to 13.5 million shares of AirGate common stock in the merger. Based on that number and assuming the exercise of all outstanding AirGate and iPCS options and warrants, former iPCS securityholders will own in the aggregate approximately 47.5%, and existing AirGate securityholders will own approximately 52.5%, of AirGate's common stock immediately following the merger.

AirGate Board of Directors Recommendation (page 33)

The AirGate board of directors has determined that the merger and the other transactions contemplated by the merger agreement are advisable and fair to and in the best interests of AirGate and its stockholders and unanimously recommends that AirGate stockholders vote FOR approval of the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger.

To review the background and reasons for the merger in greater detail, as well as certain risks related to the merger, please see pages 29 through 31, 31 through 33 and 16 through 18.

Fairness Opinion of AirGate's Financial Advisor (page 33)

AirGate's financial advisor, UBS Warburg LLC, has delivered a written opinion to the AirGate board of directors as to the fairness of the exchange ratio, from a financial point of view, to the AirGate stockholders. UBS Warburg's written opinion, as of August 28, 2001, is attached to this proxy statement/prospectus as

5

Annex D. We encourage you to read this opinion carefully in its entirety for a description of the procedures followed, assumptions made, matters considered and limitations on the review undertaken. The opinion does not constitute a recommendation to any AirGate stockholder as to any matters relating to the merger.

The AirGate Special Meeting (page 27)

The special meeting of AirGate stockholders will be held at the Marriott

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Marquis, 265 Peachtree Center Avenue, N.E., Atlanta, Georgia 30303, at 1:00 p.m., local time, on November 27, 2001. At the AirGate special meeting, stockholders will be asked to authorize, approve and adopt the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger.

AirGate Record Date; Voting Power (page 27)

AirGate stockholders are entitled to vote at the AirGate special meeting if they owned shares of AirGate common stock as of the close of business on October 12, 2001, the record date.

On October 12, 2001, there were 13,364,980 shares of AirGate common stock entitled to vote at the AirGate special meeting. AirGate stockholders will have one vote at the AirGate special meeting for each share of AirGate common stock that they owned on the record date.

AirGate Votes Required (page 27)

The affirmative vote of the holders of a majority in voting power of all shares of AirGate common stock casting votes, either in person or by proxy, at the AirGate special meeting is required to approve the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger, provided that the holders of a majority of the outstanding shares of AirGate common stock vote or are represented at the meeting.

Shares representing approximately 1.0% of the voting power of the issued and outstanding shares of AirGate common stock currently are beneficially owned by AirGate's directors, executive officers and their respective affiliates, all of whom AirGate expects will vote their shares for approval of the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger.

iPCS Votes Required

The affirmative vote of the holders of a majority of all issued and outstanding shares of iPCS voting stock is required to approve the merger and the merger agreement.

Shares representing approximately 90.0% of the voting power of the issued and outstanding shares of iPCS voting stock currently are beneficially owned by iPCS' directors, executive officers and their respective affiliates, all of whom iPCS expects will vote their shares of iPCS voting stock for approval of the merger and the merger agreement.

Support Agreements with Certain iPCS Stockholders (page 55)

AirGate has entered into support agreements with iPCS stockholders that beneficially own approximately 79.4% of the issued and outstanding shares of iPCS voting stock. These stockholders have agreed to vote all of their iPCS shares, at any meeting of iPCS stockholders or on every action by written consent of iPCS stockholders, in favor of adoption of the merger agreement and the other transactions contemplated by the merger agreement, and against any competing proposal.

Conditions to the Completion of the Merger (page 45)

AirGate and iPCS will complete the merger only if they satisfy or, in some cases, waive, the conditions set forth in the merger agreement, including the following:

- . AirGate stockholders approve the issuance of the shares of AirGate common stock to the iPCS stockholders;
- . iPCS stockholders approve and adopt the merger agreement and the merger;
- . the registration statement of which this proxy statement/prospectus is a part is declared effective and is not the subject of any stop order or related proceeding;
- . all consents, permits, licenses and approvals required by any governmental authority have been obtained;
- . no legal restraints or prohibitions exist which prevent the completion of the merger;
- . AirGate common stock issuable to iPCS stockholders in the merger has been approved for listing on The Nasdaq National Market, subject to official notice of issuance;
- . AirGate and iPCS have satisfied the representations, warranties and obligations contained in the merger agreement in all material respects, except where the failure to do so would not have a material adverse effect on AirGate or iPCS;
- . the consent or approval of Sprint PCS, which has been obtained;
- . the consent or approval of the lenders under the AirGate and iPCS senior credit facilities, which have been obtained;
- . AirGate and certain iPCS stockholders have entered into a registration rights agreement that provides such iPCS stockholders with rights to have their shares of AirGate common stock received in the merger registered under the Securities Act; and
- . no event of default by either AirGate or iPCS exists under their respective credit facilities and no material default exists under their respective management agreements with Sprint PCS.

AirGate cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Termination of the Merger Agreement (page 51)

AirGate and iPCS can jointly agree to terminate the merger agreement and not complete the merger at any time before the effective time of the merger. The effective time of the merger will be no later than three business days after the date on which AirGate and iPCS have satisfied, or in some cases, waived, the closing conditions to the merger described above under the paragraph "-- Conditions to the Completion of the Merger."

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Either AirGate or iPCS can terminate the merger agreement on its own before the effective time of the merger if:

- . the merger is not completed by March 1, 2002, provided that failure to complete the merger is not the result of a failure by the party seeking to terminate the merger agreement to perform the covenants and agreements of such party;
- . any required approval of the AirGate stockholders or the iPCS stockholders has not been obtained by reason of the failure to obtain the required vote at a duly held meeting of such stockholders, provided that the party seeking to terminate the merger agreement is not in material breach of any of its obligations under the merger agreement;

7

- . the other party is in material breach of any of its representations and warranties contained in the merger agreement that is not cured within 30 days after notice of such breach, unless such breach has not had a material adverse effect on such other party;
- . the other party is in material breach of any of its material covenants or agreements contained in the merger agreement that is not cured within 30 days after notice of such breach; or
- . any decree, permanent injunction, judgment, order or other action by any governmental authority preventing the merger becomes final and nonappealable.

Termination Fees (page 52)

AirGate must pay iPCS a termination fee of 257,000 shares of AirGate common stock if iPCS terminates the merger agreement because of the failure of AirGate to obtain the required approval of its stockholders to the issuance of shares of AirGate common stock in the merger.

Directors of AirGate Following the Merger (page 51)

In accordance with the merger agreement, AirGate has caused two of the eight members of its board of directors to resign and will increase the authorized number of members of its board of directors to nine, effective as of the effective time of the merger. In addition, AirGate has agreed to cause its remaining directors to fill the resulting vacancies so that its board of directors will include one member designated by iPCS for a term to expire at AirGate's 2002 annual meeting, one member designated by Blackstone for a term to expire at AirGate's 2003 annual meeting, and one member, to be an independent director, designated by iPCS with the approval of AirGate, for a term to expire at AirGate's 2004 annual meeting. AirGate has agreed to nominate for re-election at its 2002 annual meeting the director designated by iPCS whose term expires at the 2002 annual meeting for a term to expire at AirGate's 2005 annual meeting. At the effective time of the merger, the AirGate board of directors will appoint at least one of the directors designated by iPCS or Blackstone to all AirGate board committees.

Lock-Up Agreements (page 55)

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Substantially all of the iPCS stockholders have agreed to enter into lock-up agreements with AirGate prior to the effective time of the merger. The lock-up agreements will prohibit such former iPCS stockholders from selling or otherwise disposing of the shares of AirGate common stock that they receive in the merger for a minimum of 120 days after the effective time of the merger, other than in connection with the proposed underwritten public offering of AirGate common stock. Those iPCS stockholders that do not enter into a lock-up agreement with AirGate will be able to immediately resell their shares of AirGate common stock in the open market under this proxy statement/prospectus.

For the founding iPCS stockholders, 20% of their shares of AirGate common stock generally will be released from the lock-up restrictions 120 days after the effective time of the merger, an additional 30% will be released 211 days after the effective time and the remaining 50% will be released 301 days after the effective time. For iPCS stockholders that are affiliates of Blackstone and TCW, the lock-up period will apply for a period of 120 days after the effective time of the merger. The expiration of the lock-up period for the founding iPCS stockholders, Blackstone and TCW is subject to the expiration of an additional lock-up period not to exceed 90 days following the completion of the proposed underwritten public offering of AirGate common stock that the managing underwriter may require for those former iPCS stockholders that sign the registration rights agreement.

Underwritten Public Offering; Registration Rights (page 56)

AirGate will enter into a registration rights agreement at the effective time of the merger with iPCS stockholders that will receive approximately 92.7% of the shares of AirGate common stock issued in the

8

merger, assuming the exercise of all outstanding iPCS options and warrants. The registration rights agreement will require AirGate, upon the request of Blackstone, to use its best efforts to complete within 120 days of the effective time of the merger an underwritten public offering of shares of AirGate common stock held by the former iPCS stockholders that have signed the registration rights agreement. The number of shares of AirGate common stock to be sold in the offering will be subject to market conditions and depend upon the number of shares of AirGate common stock that the former iPCS stockholders request to be included in such offering. Generally, 75% of the shares included in the offering will be shares owned by Blackstone and TCW and 25% will be shares owned by the founding iPCS stockholders. The registration rights agreement prohibits AirGate from effecting any public sale or distribution of its common stock during a period of 90 days after the completion of the offering.

Each former iPCS stockholder that signs the registration rights agreement may be required by the managing underwriter not to sell or otherwise dispose of such stockholder's remaining shares of AirGate common stock for a period not to exceed 90 days after the completion of the offering. This underwriter's lock-up will prohibit these former iPCS stockholders during such period from selling or otherwise disposing of his, her or its shares of AirGate common stock that otherwise would have been released from the lock-up agreement with AirGate 120 days after the effective time of the merger.

The registration rights agreement also will give Blackstone the right, at

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

any time after the first anniversary of the effective time of the merger, to require AirGate to effect the registration of all or part of the AirGate common stock then owned by the former iPCS stockholders that have signed the registration rights agreement. In the event that Blackstone transfers 75% of the shares of AirGate common stock held by it immediately after the effective time of the merger without exercising this demand right, Geneseo Communications, Inc., one of the iPCS founding stockholders, will have the ability to exercise such demand right. The stockholder exercising the demand right may require that AirGate complete an underwritten public offering of the shares of AirGate common stock requested to be registered. AirGate has no obligation, however, to complete an underwritten public offering unless the sale of shares of AirGate common stock requested to be included in such offering would result in initial aggregate proceeds of at least \$40 million.

Regulatory and Third Party Approvals (page 39)

Regulatory Approvals. United States antitrust laws prohibit AirGate and iPCS from completing the merger until AirGate, iPCS and certain stockholders of iPCS have furnished certain information and materials to the Antitrust Division of the Department of Justice and the Federal Trade Commission and a 30-day waiting period has expired or been earlier terminated. The required notification and report forms were filed with the Antitrust Division and the Federal Trade Commission by AirGate and iPCS on October 4, 2001 and by certain stockholders of iPCS on October 11, 2001.

Third Party Approvals. AirGate is prohibited from completing the merger unless it has obtained the following third party approvals:

- . approval from its stockholders for the issuance of shares of AirGate common stock in the merger, which approval is being sought at the AirGate special meeting; and
- . approval under its senior credit facility for the creation of the AirGate merger subsidiary and consummation of the transactions contemplated by the merger agreement, which has been obtained.

iPCS is prohibited from completing the merger unless it has obtained the following third party approvals:

- . approval from its stockholders of the merger and the merger agreement;
- . approval from Sprint PCS under its Sprint PCS management agreement of the merger, which has been obtained; and

9

- . approval under its senior credit facility to the change of control of iPCS that will occur as a result of the merger and the consummation of the transactions contemplated by the merger agreement, which has been obtained.

Accounting Treatment (page 40)

The merger will be accounted for as a "purchase," as such term is used under generally accepted accounting principles. Accordingly, from and after the effective time of the merger, iPCS' consolidated results of operations will be included in AirGate's consolidated results of operations. For purposes of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

preparing AirGate's consolidated financial statements, AirGate will establish a new accounting basis for iPCS' assets and liabilities based upon their estimated fair market values and AirGate's purchase price, including the costs of the acquisition. Accordingly, the purchase accounting adjustments made in connection with the development of the unaudited pro forma condensed consolidated financial information appearing elsewhere in this proxy statement/prospectus are preliminary. These adjustments have been made solely for purposes of developing such pro forma condensed consolidated financial information to comply with disclosure requirements of the SEC. Although the final purchase price allocation may differ, the pro forma condensed consolidated financial information reflects AirGate management's best estimate based upon currently available information.

Material United States Federal Income Tax Consequences of the Merger (page 41)

The merger has been structured so that, in general, iPCS stockholders will not recognize gain or loss for U.S. federal income tax purposes, except to the extent they receive cash in lieu of fractional shares of AirGate common stock.

Tax consequences will depend upon each iPCS stockholder's individual circumstances. Each iPCS stockholder is strongly urged to consult his, her or its own tax advisor as to the specific applicable tax consequences of the merger, including federal, state, local and foreign income and other tax consequences.

Dissenters' Rights of Appraisal (page 40)

Under the Delaware General Corporation Law, AirGate stockholders are not entitled to dissenters' rights of appraisal in connection with the merger.

Under Delaware law, iPCS stockholders are entitled to dissenters' rights of appraisal. iPCS stockholders who do not vote for the merger and who satisfy certain other conditions described on page 40 of this proxy statement/prospectus are entitled to be paid the "fair value" of their shares of iPCS common or preferred stock, as determined by the Delaware Court of Chancery. Dissenters' rights of appraisal are only available to iPCS stockholders who satisfy certain conditions, as described further in this proxy statement/prospectus under "The Merger--Dissenters' Rights of Appraisal."

Expenses (page 54)

Whether or not the merger is completed, each of AirGate and iPCS will pay its own costs and expenses incurred by it in connection with the negotiation and preparation of the merger agreement and its performance and compliance thereunder. AirGate, however, will be solely responsible for certain filing fees and costs in connection with the registration statement on Form S-4, of which this proxy statement/prospectus forms a part, and federal antitrust law filings.

Indemnification (page 54)

The merger agreement does not provide AirGate with any contractual indemnification from the iPCS stockholders following the merger for any breaches of the representations and warranties of iPCS or any failure of iPCS to comply with its obligations under the merger agreement.

Selling Stockholders; Plan of Distribution (pages 58 and 60)

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

This document also relates to the offer and resale by the iPCS stockholders of up to 13,316,382 shares of AirGate common stock issued to them in the merger. The selling stockholders have not advised AirGate of any specific plans for the distribution of the resale shares. It is anticipated that the sale or distribution of all or any portion of the resale shares offered hereby may be effected from time to time by the selling stockholders directly, indirectly to or through brokers or dealers, or in a distribution by one or more underwriters on a firm commitment or best efforts basis, on The Nasdaq National Market, in the over-the-counter market, on any national securities exchange on which the shares are listed or traded, in privately negotiated transactions, or otherwise, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. In addition to sales by the selling stockholders pursuant to this document, it is contemplated that AirGate will undertake an underwritten public offering, within 120 days of the effective time of the merger, of the shares of AirGate common stock issued to certain of the iPCS stockholders in the merger.

AirGate PCS, Inc. and Subsidiaries Selected Unaudited Pro Forma Financial Data

The following unaudited pro forma condensed consolidated financial data combine the historical consolidated balance sheets and statements of operations of AirGate and iPCS. These unaudited pro forma financial data give effect to the acquisition of iPCS by AirGate using the purchase method of accounting.

We derived the statement of operations and balance sheet data from the unaudited consolidated financial statements of AirGate for the nine months ended June 30, 2001, the audited consolidated financial statements of AirGate for the year ended September 30, 2000, the unaudited consolidated financial statements of iPCS for the

The results of iPCS for the three months ended December 31, 2000 are included in both the nine months ended June 30, 2001 and the year ended December 31, 2000 as follows (in thousands): Revenues--\$11,340; Operating loss--\$16,469; Net loss--\$20,155. This data is only a summary and should be read in conjunction with the historical financial statements and related notes contained elsewhere in this proxy statement/prospectus for the periods presented. For presentation of the pro forma financial aspects of these transactions, see "Pro Forma Condensed Consolidated Financial Statements (unaudited)."

The unaudited pro forma condensed consolidated statements of operations for the nine months ended June 30, 2001 and for the year ended September 30, 2000 give effect to the merger as if the merger had been consummated at the beginning of the earliest period presented. The unaudited pro forma condensed consolidated balance sheet as of June 30, 2001 gives effect to the merger as if it was effected on June 30, 2001. Certain reclassifications have been made to iPCS's historical presentation to conform to AirGate's presentation. These reclassifications do not materially impact AirGate's or iPCS' operations or financial position for the periods presented.

AirGate is providing the unaudited pro forma condensed consolidated financial data for illustrative purposes only. The companies may have performed differently had they been combined during the periods presented. You should not rely on the unaudited pro forma condensed consolidated financial data as being indicative of the historical results that would have been achieved had the companies been combined during the periods presented or the future results that the combined company will experience.

RISK FACTORS

IN ADDITION TO THE OTHER INFORMATION INCLUDED IN THIS PROXY STATEMENT/PROSPECTUS, THE FOLLOWING RISK FACTORS SHOULD BE CONSIDERED CAREFULLY IN DECIDING HOW TO VOTE ON THE MERGER, THE MERGER AGREEMENT AND THE ISSUANCE OF SHARES OF AIRGATE COMMON STOCK IN THE MERGER. VARIOUS PROVISIONS OF THIS PROXY STATEMENT/PROSPECTUS CONTAIN FORWARD-LOOKING STATEMENTS THAT INVOLVE RISKS AND UNCERTAINTIES. ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE ANTICIPATED IN THESE FORWARD-LOOKING STATEMENTS AS A RESULT OF CERTAIN RISK FACTORS, INCLUDING THOSE SET FORTH BELOW AND ELSEWHERE IN THIS PROXY STATEMENT/PROSPECTUS, AND AIRGATE'S AND iPCS' FILINGS WITH THE SEC. UNLESS THE CONTEXT OTHERWISE REQUIRES, THE USE OF "WE", "OUR", "US" AND "THE COMBINED COMPANY" REFERS TO THE COMBINED COMPANY OF AIRGATE AND iPCS AFTER GIVING EFFECT TO THE MERGER.

Risks Related to the Merger

The integration of AirGate and iPCS following the merger will present significant challenges

AirGate entered into the merger agreement with the expectation that the merger will result in expanding its existing network and customer base and leveraging the best operating practices of both organizations. Achieving the benefits of the merger will depend in part on integrating the operations of the two businesses in an efficient manner. We cannot assure you that this will occur. To realize the anticipated benefits of this combination, AirGate's management team must develop strategies and implement a business plan that will successfully:

- .manage the networks and markets of AirGate and iPCS;
- . maintain adequate focus on existing business and operations while working to integrate the two companies;
- .combine two companies with limited operating histories;
- . manage both companies' cash and available credit lines for use in financing future growth and working capital needs;
- .manage the marketing and sales of AirGate and iPCS;
- .manage the transition of iPCS' senior management expertise to the combined company; and
- . retain and attract key employees of the combined company during a period of transition.

The diversion of management's attention from ongoing operations and any difficulties encountered in the transition and integration process could have a

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

material adverse effect on our financial condition and results of operations.

The issuance of AirGate common stock in the merger may cause dilution to AirGate stockholders

We believe that certain benefits will result from the merger. However, we cannot assure you that combining the businesses of AirGate and iPCS, even if achieved in an efficient, effective and timely manner, will result in combined results of operations and financial conditions superior to those that AirGate and iPCS could have achieved independently. The issuance of AirGate common stock in the merger could reduce the market price of AirGate's common stock. The benefits of the transaction to us will depend on revenue growth or other benefits sufficient to offset the effects of such stock issuance. We cannot assure you that we will achieve such benefits.

Future sales of shares of AirGate common stock, including sales of shares in the proposed underwritten public offering or following the expiration of "lock-up" arrangements, may negatively affect AirGate's stock price

As a result of the merger, the iPCS securityholders will receive up to 13.5 million shares of AirGate common stock, including 1.1 million shares reserved for issuance upon the exercise of the outstanding iPCS

16

options and warrants to be assumed by AirGate. The shares of AirGate common stock to be issued in the merger would represent approximately 47.5% of AirGate's common stock immediately following the merger, assuming the exercise of all outstanding AirGate and iPCS warrants and options.

As a condition to the obligation of AirGate to complete the merger, holders of substantially all of the outstanding shares of iPCS common and preferred stock must enter into "lock-up" agreements with AirGate prior to the effective time of the merger. The lock-up agreements will impose restrictions on the ability of such stockholders to sell or otherwise dispose of the shares of AirGate common stock that they receive in the merger. The lock-up period will begin at the effective time of the merger and extend for a minimum of 120 days and a maximum of 300 days after the effective time of the merger. During the lock-up period, the former iPCS stockholders that sign lock-up agreements will be able to sell all or a portion of their shares of AirGate common stock in the proposed underwritten public offering.

AirGate has agreed to file the registration statement of which this proxy statement/prospectus is a part in order to allow the former iPCS stockholders to freely resell the shares of AirGate common stock that they receive in the merger. In addition, AirGate will enter into a registration rights agreement at the effective time of the merger with some of the former iPCS stockholders. The registration rights agreement will require us to use our best efforts to complete, at the request of Blackstone, within 120 days after the effective time of the merger an underwritten public offering of a significant number of the shares of AirGate common stock that the former iPCS stockholders receive in the merger. The number of shares of AirGate common stock sold in this offering will be subject to market conditions and depend upon the number of shares these former iPCS stockholders elect to include in the offering. In addition, these former iPCS stockholders have an additional demand registration right exercisable at any time after the first anniversary of the effective time of the merger.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Sales of substantial amounts of shares of AirGate common stock, or even the potential for such sales, could lower the market price of AirGate's common stock and impair AirGate's ability to raise capital through the sale of equity securities.

We expect to incur significant costs associated with the merger

AirGate will incur significant direct transaction costs associated with the merger, which will be included as a part of the total purchase price for accounting purposes. In addition, iPCS will incur direct transaction expenses, which iPCS will expense as incurred. Further, following the closing of the merger, iPCS will incur severance expenses in connection with the termination of the employment of certain officers of iPCS, and the combined company will incur other costs associated with integrating the two companies. Because a portion of the severance expenses are calculated based upon the market price of AirGate common stock at the effective time of the merger, if the price of AirGate common stock at the effective time of the merger is greater than the price of AirGate common stock at the date of announcement of the merger, the severance costs will increase. We cannot assure you that we will not incur additional material charges in subsequent quarters to reflect additional costs associated with the merger.

In addition, if the merger is not completed due to AirGate's failure to obtain the required stockholder approval of the issuance of shares of AirGate common stock in the merger, iPCS will have the right to terminate the merger agreement and require AirGate to issue to iPCS 257,000 shares of AirGate common stock as a termination fee. AirGate also would be required to register such common stock with the SEC. Finally, AirGate's costs related to the merger, such as legal and accounting costs, and some of the fees of its financial advisors, must be paid even if the merger is not completed.

Because the former iPCS stockholders will not be providing AirGate any indemnification following the merger, the combined company will become responsible for any undisclosed liabilities of iPCS

iPCS has made certain representations and warranties to AirGate in the merger agreement concerning iPCS' business and operations. The merger agreement does not provide AirGate with any contractual indemnification from the iPCS stockholders following the merger for any breaches of the representations and

17

warranties of iPCS or any failure of iPCS to comply with its obligations under the merger agreement. As a result, the combined company will become responsible for any undisclosed liabilities of iPCS. We cannot assure you that any such liabilities for which the combined company becomes responsible will not materially impact our results of operations.

Risks Related to the Combined Company's Business, Strategy and Operations

Given the limited operating history of AirGate and iPCS, if we do not successfully manage the combined company's operations and expected growth, our operating performance may be adversely impacted

AirGate and iPCS have limited operating histories. The combined company's ability to achieve and sustain operating profitability will depend upon many factors, including our ability to market Sprint PCS services and manage customer turnover rates. In addition, a key factor in our operational performance after the merger will depend upon our ability to manage the growth of iPCS through the completion of its network build-out and through

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

implementing the combined company's best practices to increase market penetration in iPCS' and AirGate's current and future markets. iPCS will require additional expenditures of significant funds for the continued development, construction, testing, deployment and operation of its network. These activities are expected to place demands on our managerial, operational and financial resources.

Failure to successfully manage the combined company's operations and expected growth could adversely impact our results of operations.

AirGate's stock price may be volatile

The market price of AirGate's common stock could be subject to wide fluctuations in response to factors such as the following, some of which are beyond our control:

- . quarterly variations in the combined company's operating results;
- . operating results of the combined company that vary from the expectations of securities analysts and investors;
- . changes in expectations as to the combined company's future financial performance, including financial estimates by securities analysts and investors;
- . changes in the combined company's relationship with Sprint PCS;
- . announcements by Sprint PCS concerning developments or changes in its business, financial condition or results of operations, or in its expectations as to future financial performance;
- . announcements of technological innovations or new products and services by Sprint PCS or our competitors;
- . changes in results of operations and market valuations of other companies in the telecommunications industry in general and the wireless industry in particular, including Sprint PCS and its network partners and our competitors;
- . departures of key personnel;
- . changes in law and regulation;
- . announcements by third parties of significant claims or proceedings against the combined company;
- . announcements by the combined company or its competitors of significant contracts, acquisitions, strategic partnerships, joint ventures or capital commitments; and
- . general economic and competitive conditions.

The failure of iPCS to timely complete the build-out of its network may result in a decrease in the number of expected new PCS subscribers and adversely affect our results of operations

In order to complete its network build-out, iPCS must successfully lease or otherwise retain rights to a sufficient number of radio communications and network control sites, complete the purchase and installation of equipment,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

build-out the physical infrastructure and test the network. Regulatory changes, engineering design changes and/or required technological upgrades could affect the number and location of iPCS' towers as well as iPCS' ability to obtain sufficient rights to meet its network build-out requirements. Any failure by iPCS to complete its network build-out on a timely basis may limit iPCS' network capacity and/or reduce the number of expected new PCS subscribers, either of which could adversely affect our results of operations.

Our territory has limited amounts of licensed spectrum, which may adversely affect the quality of our service and our results of operations

Sprint PCS has licenses covering 10 MHz of spectrum in AirGate's territory. While Sprint PCS has licenses covering 30 MHz of spectrum throughout most of iPCS' territory, it has licenses covering only 10 MHz or 20 MHz in parts of Illinois. In the future, as the number of customers in our territory increases, this limited amount of licensed spectrum may not be able to accommodate increases in call volume, may lead to increased dropped calls and may limit our ability to offer enhanced services, all of which could result in increased customer turnover and adversely affect our results of operations.

If we lose the right to install our equipment on certain wireless towers or are unable to renew expiring leases for wireless towers on favorable terms, our business and results of operations could be adversely impacted

Substantially all of AirGate's and iPCS' cell sites are co-located on leased tower facilities shared with one or more wireless providers. In addition, a large portion of these leased tower sites are owned by a few tower companies. If a master co-location agreement with one of these tower companies were to terminate, or if one of these tower companies were unable to support our use of its tower sites, we would have to find new sites or we may be required to rebuild that portion of our network. In addition, the concentration of our cell sites with a few tower companies could adversely affect our results of operations if we are unable to renew expiring leases with such tower companies on favorable terms.

The loss of the officers and skilled employees who we depend upon to operate our business could adversely affect our results of operations

AirGate's business is managed by a small number of executive officers. We believe that our future success after the merger will depend in part on our continued ability to attract and retain highly qualified technical and management personnel. We may not be successful in retaining our key personnel or in attracting and retaining other highly qualified technical and management personnel. AirGate currently has "key man" life insurance for its chief executive officer.

Expanding our territory may have a material adverse effect on our business and reduce the market value of our securities

As part of our continuing operating strategy, we may expand our territory through the grant of additional markets from Sprint PCS or through acquisitions of other Sprint network partners. These transactions may require the approval of Sprint PCS and commonly involve a number of risks, including the:

- .difficulty of assimilating acquired operations and personnel;
- .diversion of management's attention;
- .disruption of ongoing business;
- . impact on our cash and available credit lines for use in financing

future growth and working capital needs;

19

- .inability to retain key personnel;
- .inability to successfully incorporate acquired assets and rights into our service offerings;
- .inability to maintain uniform standards, controls, procedures and policies; and
- .impairment of relationships with employees, customers or vendors.

Failure to overcome these risks or any other problems encountered in these transactions could have a material adverse effect on our business. In connection with these transactions, we also may issue additional equity securities, incur additional debt or incur significant amortization expenses related to goodwill and other intangible assets.

Risks Particular to the Combined Company's Indebtedness

Both AirGate and iPCS have substantial debt that neither company may be able to service; a failure to service such debt may result in the lenders under such debt controlling AirGate's or iPCS' assets

The substantial debt of AirGate and iPCS will have a number of important consequences for the combined company's operations and our investors, including the following:

- . each company will have to dedicate a substantial portion of any cash flow from its operations to the payment of interest on, and principal of, its debt, which will reduce funds available for other purposes;
- . each company has a fully-financed business plan, but neither may be able to obtain additional financing for unanticipated capital requirements, capital expenditures, working capital requirements and other corporate purposes;
- . some of each company's debt, including financing under each company's senior credit facility, will be at variable rates of interest, which could result in higher interest expense in the event of increases in market interest rates; and
- . due to the liens on substantially all of each company's assets and the pledges of stock of each company's existing and future subsidiaries that secure AirGate's and iPCS' respective senior debt and senior subordinated discount notes, lenders or holders of such senior subordinated discount notes may control AirGate's or iPCS' assets or the assets of the subsidiaries of either company in the event of a default.

The ability of both AirGate and iPCS to make payments on their respective debt will depend upon each company's future operating performance which is subject to general economic and competitive conditions and to financial, business and other factors, many of which neither company can control. If the cash flow from either company's operating activities is insufficient, we may take actions, such as delaying or reducing capital expenditures, attempting to restructure or refinance our debt, selling assets or operations or seeking additional equity capital. Any or all of these actions may not be sufficient to allow us to service our debt obligations. Further, we may be unable to take any of these actions on satisfactory terms, in a timely manner or at all. The

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

credit facilities and indentures governing AirGate's and iPCS' respective debt will limit our ability to take several of these actions. The failure of AirGate or iPCS to generate sufficient funds to pay its debts or to successfully undertake any of these actions could, among other things, materially adversely affect the market value of AirGate's common stock.

If either AirGate or iPCS does not meet all of the conditions required under its respective credit facility, such company may not be able to draw down all of the funds it anticipates receiving from its senior lenders and we may not be able to fund operating losses and working capital needs

As of October 15, 2001, AirGate had borrowed \$85.3 million under its senior credit facility and iPCS had borrowed \$50.0 million under its senior credit facility. The remaining \$68.2 million available under

20

AirGate's senior credit facility and the remaining \$90.0 million available under iPCS' senior credit facility, a portion of which each company expects to borrow in the future, is subject to the applicable company meeting all of the conditions specified its respective financing documents and, in addition, is subject at each funding date to specific conditions, including the following:

- .that the representations and warranties in such company's loan documents are true and correct;
- . that certain of such company's financial covenant tests are satisfied, including leverage and operating performance covenants and, solely with respect to iPCS, loss covenants relating to earnings before interest, taxes, depreciation and amortization, referred to as EBITDA; and
- .the absence of a default under such company's loan documents.

If either company does not meet these conditions at each funding date, such company's senior lenders may not lend some or all of the remaining amounts under such company's senior credit facility. If other sources of funds are not available, neither company may be in a position to meet its operating cash needs.

The ability of AirGate and iPCS to operate as a combined company will be limited by the separate public debt indentures and credit facilities of AirGate and iPCS

In order to assure continued compliance with the indenture governing AirGate's senior notes, AirGate will designate iPCS as an "unrestricted subsidiary." As a result, for purposes of their respective public debt indentures, AirGate and iPCS will operate as separate business entities following the merger. Due to restrictions in AirGate's indenture, AirGate will be unable to provide direct or indirect credit support to iPCS and will be significantly limited in its ability to maintain or preserve iPCS' financial condition or cause iPCS to achieve a specified level of operating results. Likewise, iPCS will be restricted under its debt instruments from paying dividends or freely transferring money to AirGate. These restrictions may hinder the combined company's ability to achieve the anticipated benefits of the merger, react to developments in either company's business or take advantage of business opportunities.

If either AirGate or iPCS fails to pay the debt under its respective credit facility, Sprint PCS has the option of purchasing such company's loans,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

giving Sprint PCS certain rights of a creditor to foreclose on such company's assets

Sprint PCS has contractual rights, triggered by an acceleration of the maturity of the debt under AirGate's or iPCS' respective senior credit facility pursuant to which Sprint PCS may purchase AirGate's or iPCS' obligations to its respective senior lenders and obtain the rights of a senior lender. To the extent Sprint PCS purchases these obligations, Sprint PCS' interests as a creditor could conflict with our interests. Sprint PCS' rights as a senior lender would enable it to exercise rights with respect to the related company's assets and continuing relationship with Sprint PCS in a manner not otherwise permitted under our Sprint PCS agreements.

Risks Particular to the Combined Company's Relationship with Sprint PCS

The termination of AirGate's or iPCS' affiliation with Sprint PCS or Sprint PCS' failure to perform its obligations under the Sprint PCS agreements would severely restrict our ability to conduct our business

Neither AirGate nor iPCS owns the licenses to operate a wireless network. The ability of AirGate and iPCS to offer Sprint PCS products and operate a PCS network is dependent on their Sprint PCS agreements remaining in effect and not being terminated. The management agreements between Sprint PCS and each of AirGate and iPCS are not perpetual. Sprint PCS can choose not to renew iPCS' management agreement at the expiration of the 20-year initial term or any ten-year renewal term. AirGate's management agreement automatically renews at the expiration of the 20-year initial term for an additional 10-year period unless AirGate is in default. Sprint PCS can choose not to renew AirGate's management agreement at the expiration of the ten-year renewal term or any subsequent ten-year renewal term. In any event, AirGate's and iPCS'

21

management agreements terminate in 50 years. In addition, each of these agreements can be terminated for breach of any material term. AirGate and iPCS also are dependent on Sprint PCS' ability to perform its obligations under the Sprint PCS agreements. The non-renewal or termination of any of the Sprint PCS agreements or the failure of Sprint PCS to perform its obligations under the Sprint PCS agreements would severely restrict our ability to conduct business.

Sprint PCS may make business decisions that are not in our best interests, which may adversely affect our relationships with customers in our territory, increase our expenses and/or decrease our revenues

Sprint PCS, under the Sprint PCS agreements, has a substantial amount of control over the conduct of AirGate's and iPCS' business. Accordingly, Sprint PCS may make decisions that adversely affect our business, such as the following:

- . Sprint PCS could price its national plans based on its own objectives and could set price levels or other terms that may not be economically sufficient for our business;
- . Sprint PCS could raise the costs for Sprint PCS to perform back office services or reduce levels of services;
- . Sprint PCS could prohibit us from selling non-Sprint PCS approved equipment;
- . Sprint PCS could, subject to limitations under our Sprint PCS

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

agreements, alter its network and technical requirements or request that we build out additional areas within our territories, which could result in increased equipment and build-out costs;

- . Sprint or Sprint PCS could make decisions which could adversely affect the Sprint and Sprint PCS brand names, products or services; and
- . Sprint PCS could decide not to renew the Sprint PCS agreements or to no longer perform its obligations, which would severely restrict our ability to conduct business.

The inability of Sprint PCS to maintain high quality back office services, or our inability to use Sprint PCS' back office services and third party vendors' back office systems, could lead to customer dissatisfaction, increase churn or otherwise increase our costs

Both AirGate and iPCS rely on Sprint PCS' internal support systems, including customer care, billing and back office support. Our operations could be disrupted if Sprint PCS is unable to maintain and expand its internal support systems in a high quality manner, or to efficiently outsource those services and systems through third party vendors. The rapid expansion of Sprint PCS' business is expected to continue to pose a significant challenge to its internal support systems. Additionally, Sprint PCS has relied on third party vendors for a significant number of important functions and components of its internal support systems and may continue to rely on these vendors in the future. The combined company will depend on Sprint PCS' willingness to continue to offer these services and to provide these services effectively and at competitive costs. AirGate's and iPCS' Sprint PCS agreements provide that, upon nine months' prior written notice, Sprint PCS may elect to terminate any of these services. The inability of Sprint PCS to maintain high quality back office services, or our inability to use Sprint PCS' back office services and third party vendors' back office systems, could lead to customer dissatisfaction, increase churn or otherwise increase our costs.

If Sprint PCS does not complete the construction of its nationwide PCS network, we may not be able to attract and retain customers

Sprint PCS currently intends to cover a significant portion of the population of the United States, Puerto Rico and the U.S. Virgin Islands by creating a nationwide PCS network through its own construction efforts and those of its network partners. Sprint PCS is still constructing its nationwide network and does not offer PCS services, either on its own network or through its roaming agreements, in every city in the United States.

22

Sprint PCS has entered into management agreements similar to AirGate's and iPCS' with companies in other markets under its nationwide PCS build-out strategy. AirGate's and iPCS' results of operations are dependent on Sprint PCS' national network and, to a lesser extent, on the networks of Sprint PCS' other network partners. Sprint PCS' network may not provide nationwide coverage to the same extent as its competitors, which could adversely affect our ability to attract and retain customers.

Certain provisions of the Sprint PCS agreements may diminish the value of AirGate's common stock and restrict the sale of our business

Under limited circumstances and without further stockholder approval, Sprint PCS may purchase the operating assets of AirGate or iPCS at a discount. In addition, Sprint PCS must approve any change of control of the ownership of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate or iPCS and must consent to any assignment of their Sprint PCS agreements. Sprint PCS also has a right of first refusal if AirGate or iPCS decides to sell its operating assets to a third party. Each of AirGate and iPCS also is subject to a number of restrictions on the transfer of its business, including a prohibition on the sale of AirGate or iPCS or their operating assets to competitors of Sprint or Sprint PCS. These restrictions and other restrictions contained in the Sprint PCS agreements could adversely affect the value of AirGate's common stock, may limit our ability to sell our business, may reduce the value a buyer would be willing to pay for our business and may reduce the "entire business value," as described in our Sprint PCS agreements.

We may have difficulty in obtaining an adequate supply of certain handsets from Sprint PCS, which could adversely affect our results of operations

AirGate and iPCS depend on their relationship with Sprint PCS to obtain handsets.

Sprint PCS orders handsets from various manufacturers. We could have difficulty obtaining specific types of handsets in a timely manner if:

- . Sprint PCS does not adequately project the need for handsets for itself, its Sprint PCS network partners and its other third party distribution channels, particularly in transition to new technologies;
- . AirGate or iPCS does not adequately project its need for handsets;
- . Sprint PCS modifies its handset logistics and delivery plan in a manner that restricts or delays our access to handsets; or
- . there is an adverse development in the relationship between Sprint PCS and its suppliers or vendors.

The occurrence of any of the foregoing could disrupt our customer service and/or result in a decrease in our subscribers, which could adversely affect our results of operations.

Non-renewal or revocation by the Federal Communications Commission of the Sprint PCS licenses would significantly harm our business

PCS licenses are subject to renewal and revocation by the Federal Communications Commissions, referred to as the FCC. Sprint PCS' licenses in our territories will begin to expire in 2007 but may be renewed for additional ten year terms. There may be opposition to renewal of Sprint PCS' licenses upon their expiration, and the Sprint PCS licenses may not be renewed. The FCC has adopted specific standards to apply to PCS license renewals. Any failure by Sprint PCS, AirGate or iPCS to comply with these standards could cause revocation or forfeiture of the Sprint PCS licenses for the AirGate or iPCS territories. If Sprint PCS loses any of its licenses in AirGate's or iPCS' territory, we would be severely restricted in our ability to conduct business.

If Sprint PCS does not maintain control over its licensed spectrum, the Sprint PCS agreements may be terminated, which would result in our inability to provide service

The FCC requires that licensees like Sprint PCS maintain control of their licensed spectrum and not delegate control to third-party operators or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

managers. Although the Sprint PCS agreements with AirGate and iPCS reflect an arrangement that the parties believe meets the FCC requirements for licensee control of licensed spectrum, we cannot assure you that the FCC will agree. If the FCC were to determine that the Sprint PCS agreements need to be modified to increase the level of licensee control, AirGate and iPCS have agreed with Sprint PCS to use their best efforts to modify the Sprint PCS agreements to comply with applicable law. If AirGate and iPCS cannot agree with Sprint PCS to modify the Sprint PCS agreements, they may be terminated. If the Sprint PCS agreements are terminated, we would no longer be a part of the Sprint PCS network and would be severely restricted in our ability to conduct business.

Risks Particular to the Combined Company's Industry

Significant competition in the wireless communications services industry may result in our competitors offering new or better products and services or lower prices, which could prevent us from operating profitably

Competition in the wireless communications industry is intense. We anticipate that competition will cause the market prices for two-way wireless products and services to decline in the future. Our ability to compete will depend, in part, on our ability to anticipate and respond to various competitive factors affecting the telecommunications industry.

Our dependence on Sprint PCS to develop competitive products and services and the requirement that we obtain Sprint PCS' consent to sell non-Sprint PCS approved equipment may limit our ability to keep pace with competitors on the introduction of new products, services and equipment. Some of our competitors are larger than us, possess greater resources and more extensive coverage areas, and may market other services, such as landline telephone service, cable television and Internet access, with their wireless communications services. In addition, we may be at a competitive disadvantage since we may be more highly leveraged than some of our competitors.

Furthermore, there has been a recent trend in the wireless communications industry towards consolidation of wireless service providers through joint ventures, reorganizations and acquisitions. We expect this consolidation to lead to larger competitors over time. We may be unable to compete successfully with larger companies that have substantially greater resources or that offer more services than we do.

Alternative technologies and current uncertainties in the wireless market may reduce demand for PCS

The wireless communications industry is experiencing significant technological change, as evidenced by the increasing pace of digital upgrades in existing analog wireless systems, evolving industry standards, ongoing improvements in the capacity and quality of digital technology, shorter development cycles for new products and enhancements and changes in end-user requirements and preferences. Technological advances and industry changes could cause the technology used on our network to become obsolete. Sprint PCS may not be able to respond to such changes and implement new technology on a timely basis, or at an acceptable cost.

If Sprint PCS is unable to keep pace with these technological changes or changes in the wireless communications market based on the effects of consolidation from the Telecommunications Act of 1996 or from the uncertainty of future government regulation, the technology used on our network or our business strategy may become obsolete. In addition, wireless carriers are seeking to implement an upgrade to "one times radio transmission technology," or "1XRTT," as well as "third generation," or "3G," technology throughout the industry. The 3G technology promises high-speed, always-on Internet connectivity and high-quality video and audio. We cannot assure you that Sprint

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

PCS or the combined company can implement 1XRTT or 3G technology successfully or on a cost-effective basis.

24

An increase in our rate of customer turnover would increase our costs of operations and reduce our revenue

The wireless communications industry in general and Sprint PCS in particular have experienced a high rate of customer turnover, commonly known as churn. The rate of customer turnover may be the result of several factors, including customer care concerns; network coverage; reliability issues such as blocked calls, dropped calls and handset problems; non-use of phones; and other competitive factors. An increase in our customer turnover rate would increase the costs of establishing and growing our customer base and reduce our revenue.

Regulation by government and taxing agencies may increase our costs of providing service or require us to change our services, either of which could impair our financial performance

Our operations and those of Sprint PCS may be subject to varying degrees of regulation by the FCC, the Federal Trade Commission, the Federal Aviation Administration, the Environmental Protection Agency, the Occupational Safety and Health Administration and state and local regulatory agencies and legislative bodies. Adverse decisions or regulation of these regulatory bodies could negatively impact our operations and our costs of doing business. For example, changes in tax laws or the interpretation of existing tax laws by state and local authorities could subject us to increased income, sales, gross receipts or other tax costs or require us to alter the structure of our current relationship with Sprint PCS.

Use of hand-held phones may pose health risks, which could result in the reduced use of wireless services or liability for personal injury claims

Media reports have suggested that certain radio frequency emissions from wireless handsets may be linked to various health problems, including cancer, and may interfere with various electronic medical devices, including hearing aids and pacemakers. Concerns over radio frequency emissions may discourage use of wireless handsets or expose us to potential litigation. Any resulting decrease in demand for wireless services, or costs of litigation and damage awards, could impair our ability to achieve and sustain profitability.

We may be subject to potential litigation relating to the use of wireless phones while driving

Some studies have indicated that some aspects of using wireless phones while driving may impair drivers' attention in certain circumstances, making accidents more likely. These concerns could lead to potential litigation relating to accidents, deaths or serious bodily injuries, or to new restrictions or regulations on wireless phone use, any of which also could have material adverse effects on our results of operations.

THE AIRGATE SPECIAL MEETING

AirGate is furnishing this proxy statement/prospectus to AirGate stockholders as part of the solicitation of proxies by AirGate's board of directors for use at the AirGate special meeting.

Date, Time and Place

AirGate will hold a special meeting of AirGate stockholders on November 27, 2001, at 1:00 p.m., local time, at the Marriott Marquis, 265 Peachtree Center Avenue, N.E., Atlanta, Georgia 30303.

Purpose

At the AirGate special meeting, AirGate is asking its stockholders to authorize, approve and adopt an Agreement and Plan of Merger, dated as of August 28, 2001, by and between AirGate PCS, Inc., a Delaware corporation, and iPCS, Inc., a Delaware corporation, as it may be amended from time to time, and the transactions contemplated thereby, including the issuance of up to 13.5 million shares of AirGate common stock to the holders of common stock and other securities of iPCS in the merger of a wholly owned subsidiary of AirGate into iPCS. As a result of the merger, iPCS will become a wholly owned subsidiary of AirGate.

Record Date

Only holders of record of AirGate common stock at the close of business on October 12, 2001, the record date, are entitled to notice of and to vote at the AirGate special meeting. On the record date, 13,364,980 shares of AirGate common stock were issued and outstanding and held by 57 holders of record. Holders of record of AirGate common stock on the record date are entitled to one vote per share at the special meeting.

Quorum

If a majority of the shares of AirGate common stock outstanding on the record date is represented, either in person or by proxy, at the AirGate special meeting, a quorum will be present at the special meeting. Shares held by persons attending the special meeting but not voting, and shares represented in person or by proxy and for which the holder has abstained from voting, will be counted as present at the special meeting for purposes of determining the presence or absence of a quorum.

A broker who holds shares in nominee or "street name" for a customer who is the beneficial owner of those shares is prohibited from giving a proxy to vote those shares on any proposal to be voted on at the AirGate special meeting without specific instructions from such customer with respect to such proposal. Accordingly, if a broker does not receive voting instructions from a customer

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

with respect to the proposal to be voted on at the special meeting, the shares beneficially owned by such customer will not constitute "votes cast" or shares "entitled to vote" with respect to the proposal. These so-called "broker non-votes" will be counted as present at the special meeting for purposes of determining whether a quorum exists.

Votes Required

Approval of the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger requires the affirmative vote of the holders of a majority in voting power of all shares of AirGate common stock casting votes, either in person or by proxy, at the AirGate special meeting, provided that the holders of a majority of the outstanding shares of AirGate common stock vote or are represented at the AirGate special meeting. This approval is required under the rules of The Nasdaq National Market, the stock market on which AirGate's common stock is listed and traded. Abstentions and "broker non-votes" will not be counted as "votes cast" and therefore will have no effect on the outcome of this proposal.

27

Voting of Proxies

All shares of AirGate common stock represented by properly executed proxies received before or at the AirGate special meeting will, unless revoked, be voted at the AirGate special meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by such proxy card will be voted FOR approval of the proposal to be voted on at the special meeting. No proxy that is voted against the proposal will be voted in favor of any adjournment or postponement of the special meeting for the purpose of soliciting additional proxies. AirGate stockholders are urged to mark the box on their proxy to indicate how to vote their shares.

Revocability of Proxies

The grant of a proxy on the enclosed form of proxy does not preclude an AirGate stockholder from voting in person at the AirGate special meeting. AirGate stockholders may revoke a proxy at any time prior to its exercise by filing with AirGate a duly executed revocation of proxy, by submitting a duly executed proxy to AirGate bearing a later date or by appearing at the AirGate special meeting and voting in person if they are a holder of record. Attendance at the special meeting will not in and of itself revoke a proxy.

Solicitation of Proxies

AirGate will bear the cost of the solicitation of proxies from its stockholders. In addition to solicitation by mail, AirGate's directors, officers and employees and those of its subsidiaries may solicit proxies from AirGate's stockholders by telephone or other electronic means or in person. These persons will not receive additional compensation for soliciting proxies. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of stock held of record by these persons, and AirGate will reimburse them for reasonable out-of-pocket expenses. AirGate has made arrangements with Georgeson Shareholder Communications Inc. to help in soliciting proxies for the proposed merger and the AirGate special meeting and in communicating with stockholders. AirGate has agreed to pay Georgeson Shareholder Communications approximately \$7,500 in the aggregate plus expenses for their services. If necessary, AirGate may also use several of its regular employees, who will not be specially compensated, to solicit proxies from its

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

stockholders, either personally or by telephone, the Internet, telegram, fax, letter or special delivery letter.

AirGate will mail a copy of this proxy statement/prospectus to each holder of record of AirGate common stock on the record date.

28

THE MERGER

This section of the proxy statement/prospectus, as well as the next section titled "The Merger Agreement and Related Agreements" beginning on page 43, describes certain material aspects of the proposed merger, including the merger agreement, the support agreements, the lock-up agreements and the registration rights agreement. While we believe that these descriptions cover the material terms of the merger, these summaries may not contain all of the information that is important to you. You should read this entire proxy statement/prospectus and the other documents we refer to carefully for a more complete understanding of the merger.

Structure of the Merger

If the merger and the merger agreement are adopted by the holders of a majority in voting power of the outstanding shares of iPCS voting stock, the issuance of the shares of AirGate common stock is approved by the affirmative vote of the holders of a majority of all shares of AirGate common stock casting votes, either in person or by proxy, at the AirGate special meeting, and the other conditions to the merger are satisfied, the AirGate merger subsidiary, a wholly owned subsidiary of AirGate formed for the purpose of the merger, will merge into iPCS, with iPCS being the surviving corporation in the merger and becoming a wholly owned subsidiary of AirGate.

Background of the Merger

In mid-June, representatives of UBS Warburg met with Mr. Thomas M. Dougherty, AirGate's President and Chief Executive Officer, Mr. Alan B. Catherall, AirGate's Chief Financial Officer, Mr. Thomas D. Body III, AirGate's Vice President of Business Development, and Ms. Barbara L. Blackford, AirGate's Vice President, General Counsel and Corporate Secretary, at AirGate's headquarters in Atlanta, Georgia. The UBS Warburg representatives presented their thoughts as to the status of mergers and acquisitions occurring among Sprint PCS network partners and, in particular, their thoughts about iPCS, which UBS Warburg had learned was exploring strategic alternatives, including a possible sale.

In late June, Lehman Brothers, iPCS' financial advisor, contacted Mr. Catherall regarding a possible transaction between AirGate and iPCS.

On July 3, 2001, Mr. Body and Ms. Sharon Kushner, AirGate's Manager of Finance, met with Mr. Timothy M. Yager, iPCS' President and Chief Executive Officer, Mr. Stebbins B. Chandor, Jr., iPCS' Chief Financial Officer, and Ms. Julie K. Fraundorf, iPCS' Director of Corporate Finance, at a conference center located at O'Hare International Airport. A representative of Lehman Brothers also attended the meeting. At the meeting, iPCS provided an overview of its business and reviewed iPCS' management presentation.

On July 10, 2001, a meeting was held at AirGate's headquarters with UBS Warburg. Messrs. Dougherty, Body and Catherall and Ms. Blackford were present at that meeting. UBS Warburg representatives made a presentation as to the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

current state of the iPCS process. At the meeting, representatives from UBS Warburg told AirGate that iPCS most likely would initiate a controlled auction process and AirGate expressed interest in participating in such a process.

On July 17, 2001, representatives of UBS Warburg again met with AirGate's senior management in Atlanta to discuss the iPCS auction process. Messrs. Dougherty, Catherall and Body as well as Mr. Bernard Bianchino, a member of AirGate's board of directors and special consultant to AirGate for the iPCS process, Ms. Blackford and Ms. Kushner attended the meeting. UBS Warburg and AirGate discussed the iPCS opportunity, including preliminary valuation thoughts. UBS Warburg and AirGate then prepared an "initial indication of interest" letter which was to be submitted the following day to iPCS. AirGate informed UBS Warburg that it was prepared to engage UBS Warburg as its exclusive financial advisor in connection with the iPCS auction process. AirGate subsequently signed an engagement letter with UBS Warburg.

On July 18, 2001, AirGate submitted to iPCS, via Lehman Brothers, a non-binding indication of interest which was subject to due diligence.

29

On July 23, 2001, AirGate revised its indication of interest based on additional analyses including covered population, or covered POPs.

On July 26, 2001, UBS Warburg held a conference call with Lehman Brothers. Lehman Brothers reiterated that AirGate's most recent indication of interest was uncompetitive. Lehman Brothers informed UBS Warburg that iPCS would require no less than 49.9% of the equity of the pro forma company (or approximately 14.9 million shares of AirGate common stock, including shares to be issued upon the exercise of outstanding iPCS options and warrants to be assumed by AirGate in the merger) and resolution of certain other issues to consummate a transaction, including stockholder liquidity rights and the level of representation on AirGate's board of directors.

On July 30, 2001, AirGate's and iPCS' senior management held a joint due diligence session at the O'Hare Hilton hotel in Chicago. In attendance from AirGate were Messrs. Dougherty, Catherall, Bianchino and Jonathan Pfohl, AirGate's Vice President of Sales, Ms. Blackford and Ms. Kushner. In attendance from iPCS were Messrs. Yager and Chandor, Ms. Linda K. Wokoun, iPCS' Chief Operating Officer, Ms. Fraundorf and representatives of The Blackstone Group. Representatives of both companies' financial advisors also attended the meeting. AirGate and iPCS conducted reciprocal due diligence, including a review of each company's management presentation, sales and marketing strategies and financial review (which included an analysis of ten-year business plans).

The next day, AirGate's board of directors held a regularly scheduled meeting in Atlanta. UBS Warburg and certain members of AirGate's senior management provided the board of directors with an update on the due diligence and auction process. The board of directors authorized Mr. Dougherty to continue negotiating with iPCS.

On August 6, 2001, following further internal analyses and discussions at AirGate and discussions with UBS Warburg, AirGate submitted a formal proposal to iPCS for 13.5 million shares of AirGate common stock, including 1.1 million shares of stock to be issued upon the exercise of outstanding iPCS options and warrants to be assumed by AirGate.

Following this offer, on August 10, 2001, iPCS delivered to UBS Warburg a draft of the merger agreement. From August 16 to 18, 2001, iPCS and its advisors conducted a comprehensive due diligence review of AirGate in Atlanta

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

as well as a review of network operations and sales functions at certain of AirGate's locations in South Carolina, including a review of sales and marketing, finance, accounting and operations. Senior management from AirGate and iPCS were present as were representatives of Blackstone.

During and following such review, AirGate conducted a comprehensive due diligence review of iPCS during the period from August 15 to 22, 2001. This due diligence review, which was conducted at iPCS' corporate headquarters in Schaumburg, Illinois as well as at several retail and network locations throughout iPCS' markets, included a review of iPCS' sales and marketing, finance, accounting and operations. Senior management from both AirGate and iPCS were present. During the same time period, AirGate's advisors conducted legal, accounting and financial due diligence.

After substantially completing such diligence efforts, UBS Warburg and Lehman Brothers, on behalf of AirGate and iPCS, discussed the financial terms of the deal. AirGate then confirmed an offer on August 24, 2001 with a merger consideration consisting of 13.5 million shares of AirGate common stock, including 1.1 million shares to be issued upon the exercise of outstanding iPCS options and warrants to be assumed by AirGate in the merger. Such offer was structured to provide the iPCS stockholders with liquidity over time with respect to the shares of AirGate common stock to be received in the merger.

On August 25 and 26, 2001, representatives of AirGate, iPCS, UBS Warburg, Lehman Brothers, Winston & Strawn, legal counsel to AirGate, and Mayer, Brown & Platt, legal counsel to iPCS, met at the offices of Mayer, Brown & Platt in Chicago, Illinois for final due diligence and a negotiation and drafting session

30

regarding, among other things, the terms of the merger agreement, the registration rights agreement and the support agreements.

On the morning of August 27, 2001, AirGate's board of directors met in Atlanta. During that special meeting, AirGate's management team made a presentation regarding the transaction to AirGate's board of directors. In addition, Winston & Strawn reviewed with the board its fiduciary duties and the proposed terms of the transaction, and UBS Warburg made a presentation regarding the fairness from a financial point of view of the exchange ratio to the holders of AirGate common stock. The board then discussed the benefits and the potential risks and drawbacks of the proposed transaction. At this meeting, AirGate's board was provided, for its review, detailed materials regarding iPCS and the transaction, including drafts of the proposed transaction documents.

During the afternoon of August 28, 2001, iPCS' board of directors gave its final approval to the transactions contemplated by the merger agreement. Later that evening, the AirGate board held a meeting by teleconference to discuss the final terms of the transaction and, after delivery by UBS Warburg of its fairness opinion, approved the transactions contemplated by the merger agreement. Thereafter, the merger agreement and the support agreements, along with other ancillary documents, were executed by all the parties thereto.

Prior to the opening of trading on The Nasdaq National Market on the morning of August 29, 2001, AirGate and iPCS issued a joint press release announcing the approval of the transaction. The same day, AirGate and iPCS held a teleconference call with research analysts to discuss the transaction. Messrs. Dougherty, Catherall and Yager participated in the call.

AirGate's Reasons for the Merger

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The AirGate board of directors has determined that the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger are advisable and fair to and in the best interests of AirGate and its stockholders, has authorized, approved and adopted the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger, and unanimously recommends that the AirGate stockholders vote FOR approval of these matters at the special meeting.

In light of consolidation in the wireless communications industry in general and among Sprint PCS network partners in particular, the AirGate board of directors believes that the merger represents a strategic opportunity to significantly expand the size and scope of AirGate's operations. The AirGate board of directors believes that, following the merger, AirGate will have greater financial flexibility, operational efficiencies and growth potential than AirGate would have on its own. AirGate's board of directors, with the assistance of its financial advisor, also identified a number of potential benefits of the proposed merger, including the following:

- . the combined company will be able to leverage the best operating practices of both companies to more effectively penetrate iPCS' and AirGate's markets;
- . iPCS has attractive market characteristics, including:
 - strong market demographics relative to other Sprint PCS network partners, such as high population densities and high median household income;
 - a high concentration of headquarters for large corporations;
 - the inclusion of over 90 colleges and universities; and
 - less competitive markets than AirGate's, allowing for the opportunity for increased market share;
- . the combined company will result in the largest Sprint PCS network partner based on planned covered POPs;
- . AirGate will be able to expand its markets to include, among others, Grand Rapids, Michigan; Saginaw-Bay City, Michigan; Peoria, Illinois; Cedar Rapids, Iowa; and Springfield, Illinois;
- . the iPCS territory is near many major Sprint PCS markets, including Chicago, Illinois; Detroit, Michigan; Des Moines, Iowa; Indianapolis, Indiana; and St. Louis, Missouri, thereby providing increased roaming revenue opportunities for the combined company;

31

- . iPCS has substantially completed its network build-out; and
- . iPCS has a cash cushion to finance future growth.

In reaching its decision to approve the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger, AirGate's board of directors considered, in addition to the factors described above:

- . information concerning the financial performance and condition, business operations, capital and prospects of each of AirGate and iPCS on a stand-alone basis as well as a combined basis;

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . current industry, economic and market trends, including the likelihood of increasing and broadening competition in the wireless communications industry in general and among Sprint PCS network partners in particular;
- . the importance of market position, scale and financial resources to AirGate's ability to compete effectively in the future;
- . the possible negative effect on the price of AirGate's common stock and the consequent potential impairment of AirGate's ability to raise capital through the sale of equity securities resulting from the sales, or potential sales, of the substantial number of shares of AirGate's common stock that AirGate will issue to iPCS' stockholders in the merger;
- . the dilutive effect on AirGate's current stockholders and a consequent reduction in their voting power;
- . the valuation ascribed to AirGate's common stock in the merger and the valuation implied for the combined entity based on currently prevailing market multiples;
- . the relative contributions of AirGate and iPCS to certain operational and financial metrics of the combined company, including net revenues and EBITDA;
- . the opinion delivered by UBS Warburg to AirGate's board of directors on August 28, 2001 to the effect that, as of the date thereof and based on and subject to the assumptions, limitations and qualifications set forth in the opinion, the exchange ratio was fair, from a financial point of view, to AirGate and its stockholders; and
- . the expectation that the merger would be accounted for as a purchase for accounting purposes and would be tax-free for federal income tax purposes.

AirGate's board of directors also considered potential risks relating to the merger, including that:

- . the price of AirGate's common stock might decline;
- . AirGate might not fully achieve the benefits sought from the merger;
- . it might take longer for the combined company to become EBITDA and cash flow positive;
- . both AirGate and iPCS would have to operate as two distinctly separate companies as a result of their separate public debt indentures and credit facilities;
- . the integration of iPCS and AirGate will require significant attention from AirGate's management; and
- . the two companies might be unable to consummate the merger.

The AirGate board of directors believes that these risks were outweighed by the potential benefits to be realized by the merger. The foregoing discussion of the information and factors considered by the AirGate board of directors is not intended to be exhaustive but includes material factors considered by the AirGate board of directors. In view of the wide variety of information and factors considered, the AirGate board of directors did not find it practical to, and did not, assign any relative or special weights to the foregoing

factors,

32

and individual directors may have given differing weights to different factors. The AirGate board of directors authorized, approved and adopted the merger, the merger agreement and the issuance of the shares of AirGate common stock in the merger in consideration of all of the facts, matters and information brought to its attention.

Recommendation of AirGate's Board of Directors

Taking into account all of the material facts, matters and information, including those described above, the AirGate board of directors believes that the merger and the other transactions contemplated by the merger agreement are advisable and fair to and in the best interests of AirGate and its stockholders. THE AIRGATE BOARD UNANIMOUSLY RECOMMENDS THAT AIRGATE'S STOCKHOLDERS VOTE "FOR" APPROVAL OF THE MERGER, THE MERGER AGREEMENT AND THE ISSUANCE OF THE SHARES OF AIRGATE COMMON STOCK IN THE MERGER.

Opinion of AirGate's Financial Advisor

On August 28, 2001, at a meeting of AirGate's board of directors held to evaluate the terms of the proposed merger, UBS Warburg delivered to the board an oral opinion, which was confirmed by delivery of a written opinion dated the same date, to the effect that, as of that date and based on and subject to various assumptions, matters considered and limitations described in the opinion, the exchange ratio provided for in the merger was fair, from a financial point of view, to the holders of AirGate common stock.

The full text of UBS Warburg's opinion describes, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by UBS Warburg. This opinion is attached as Annex D and is incorporated into this document by reference. UBS WARBURG'S OPINION IS DIRECTED ONLY TO THE FAIRNESS FROM A FINANCIAL POINT OF VIEW OF THE EXCHANGE RATIO PROVIDED FOR IN THE MERGER TO THE HOLDERS OF AIRGATE COMMON STOCK. THE OPINION DOES NOT ADDRESS AIRGATE'S UNDERLYING BUSINESS DECISION TO EFFECT THE MERGER OR CONSTITUTE A RECOMMENDATION TO ANY HOLDER OF AIRGATE COMMON STOCK AS TO HOW TO VOTE WITH RESPECT TO ANY MATTERS RELATING TO THE PROPOSED MERGER. HOLDERS OF AIRGATE COMMON STOCK ARE ENCOURAGED TO READ THE OPINION CAREFULLY IN ITS ENTIRETY. The summary of UBS Warburg's opinion described below is qualified in its entirety by reference to the full text of its opinion.

In arriving at its opinion, UBS Warburg, among other things:

- . reviewed certain publicly available business and historical financial information relating to AirGate and iPCS;
- . reviewed certain internal financial information and other data relating to the business and financial prospects of AirGate, including estimates and financial forecasts prepared by the management of AirGate, that were provided to UBS Warburg by AirGate and not publicly available;
- . reviewed certain internal financial information and other data relating to the business and financial prospects of iPCS, including estimates and financial forecasts prepared by the management of iPCS and adjusted by the management of AirGate and not publicly available;
- . conducted discussions with members of the senior management teams of AirGate and iPCS concerning the businesses and financial prospects of AirGate and iPCS;

- . reviewed publicly available financial and stock market data with respect to certain other companies in lines of business UBS Warburg believed to be generally comparable to those of AirGate and iPCS;
- . compared the financial terms of the merger with publicly available financial terms of certain other transactions that UBS Warburg believed to be generally relevant;

33

- . considered the financial impact of the potential pro forma effects of the merger on AirGate's financial statements and the financial forecasts of AirGate prepared by the management of AirGate;
- . reviewed a draft of the merger agreement dated August 26, 2001; and
- . conducted such other financial studies, analyses and investigations, and considered such other information as UBS Warburg deemed necessary or appropriate.

In connection with its review, with AirGate's consent, UBS Warburg did not assume any responsibility for independent verification of any of the information that was reviewed by UBS Warburg for the purpose of its opinion and, with AirGate's consent, UBS Warburg relied on that information being complete and accurate in all material respects. In addition, at AirGate's direction, UBS Warburg did not make any independent evaluation or appraisal of any of the assets or liabilities, contingent or otherwise, of AirGate or iPCS, nor was UBS Warburg furnished with any evaluation or appraisal.

With respect to the financial forecasts, estimates and pro forma effects referred to in its opinion, UBS Warburg assumed that they were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the managements of AirGate and iPCS as to the future financial performance of AirGate and iPCS, respectively, and that the financial forecasts, estimates and pro forma effects of iPCS, as adjusted by AirGate's management, reflect the best currently available estimates and judgments of the management of AirGate as to the future performance of iPCS. In addition, UBS Warburg assumed, with AirGate's approval, that the future financial results prepared by the managements of AirGate and iPCS will be achieved at the times and in the amounts projected. UBS Warburg also assumed, with AirGate's consent, that the merger would be treated as a tax-free reorganization for federal income tax purposes. UBS Warburg assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the merger will be obtained without any material adverse effect on AirGate and/or iPCS and the merger. UBS Warburg's opinion is necessarily based on economic, monetary, market and other conditions existing on, and information made available to UBS Warburg as of the date of its opinion.

UBS Warburg was not asked to, and therefore did not, offer any opinion as to the material terms of the merger agreement or the form of the merger. UBS Warburg expressed no opinion as to the value of AirGate common stock when issued in the merger or the price at which AirGate common stock will trade in the future. In rendering its opinion, UBS Warburg assumed, with AirGate's consent, that the final executed form of the merger agreement did not differ in any material respect from the draft that UBS Warburg examined, and that each of AirGate and iPCS would comply with all material terms of the merger agreement.

In connection with rendering its opinion to AirGate's board of directors, UBS Warburg performed a variety of financial analyses, which are summarized

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

below. The following summary is not a complete description of all the analyses performed and factors considered by UBS Warburg in connection with its opinion. The preparation of a fairness opinion is a complex process involving subjective judgments and is not necessarily susceptible to partial analysis or summary description. With respect to the analysis of selected publicly traded companies and the analysis of selected transactions summarized below, no company or transaction used as a comparison is either identical or directly comparable to AirGate, iPCS or the merger. These analyses necessarily involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or acquisition values of the companies concerned.

UBS Warburg believes that its analyses and the summary below must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying UBS Warburg's analyses and opinion. None of the analyses performed by UBS Warburg was assigned greater significance by UBS Warburg than any other. UBS Warburg arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole. UBS Warburg did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis.

The estimates of future performance of AirGate and iPCS provided by the managements of AirGate and iPCS in or underlying UBS Warburg's analyses are not necessarily indicative of future results or values, which may be significantly more or less favorable than those estimates. In performing its analyses, UBS Warburg considered industry performance, general business and economic conditions and other matters, many of which are beyond the control of AirGate and iPCS. Estimates of the financial value of companies do not necessarily purport to be appraisals or reflect the prices at which companies actually may be sold.

UBS Warburg did not make any recommendation with respect to the exchange ratio, which was determined through negotiation between AirGate and iPCS. UBS Warburg's opinion and financial analyses were only one of many factors considered by AirGate's board of directors in its evaluation of the proposed merger and should not be viewed as determinative of the view of the AirGate board of directors or management with respect to the merger or the exchange ratio provided for in the merger.

The following is a brief summary of the material financial analyses performed by UBS Warburg and reviewed with AirGate's board of directors in connection with UBS Warburg's opinion dated August 28, 2001. THE SUMMARY OF THE FINANCIAL ANALYSES SET FORTH BELOW INCLUDE INFORMATION PRESENTED IN TABULAR FORMAT. THE TABLES ALONE DO NOT CONSTITUTE A COMPLETE DESCRIPTION OF THE SUMMARY OF THE FINANCIAL ANALYSES. IN ORDER TO FULLY UNDERSTAND THE SUMMARY OF UBS WARBURG'S FINANCIAL ANALYSES, THE TABLES MUST BE READ TOGETHER WITH THE TEXT OF EACH SUMMARY. CONSIDERING THE DATA IN THE TABLES BELOW WITHOUT CONSIDERING THE FULL NARRATIVE DESCRIPTION OF THE SUMMARY OF THE FINANCIAL ANALYSES, INCLUDING THE METHODOLOGIES AND ASSUMPTIONS UNDERLYING THE ANALYSES, COULD CREATE A MISLEADING OR INCOMPLETE VIEW OF THE SUMMARY OF UBS WARBURG'S FINANCIAL ANALYSES. UNLESS OTHERWISE INDICATED, ESTIMATED FINANCIAL DATA FOR AIRGATE WERE BASED ON ESTIMATES OF THE MANAGEMENT OF AIRGATE AND ESTIMATED FINANCIAL DATA FOR iPCS WERE BASED ON ESTIMATES OF THE MANAGEMENT OF iPCS, AS ADJUSTED BY THE MANAGEMENT OF AIRGATE.

Analysis of Selected Public Companies

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Based on public filings, UBS Warburg compared selected financial information and operating statistics for AirGate and iPCS to corresponding financial information and operating statistics of the following selected publicly held wireless telecommunications service providers:

- . AirGate PCS, Inc.
- . Alamosa Holdings, Inc.
- . AT&T Wireless Services
- . Nextel Communications, Inc.
- . Nextel Partners, Inc.
- . Sprint PCS
- . TeleCorp PCS, Inc.
- . Triton PCS Holdings, Inc.
- . UbiqTel Inc.
- . US Unwired Inc.

UBS Warburg reviewed "enterprise values" for each of the above companies calculated as multiples of "POPs", "planned covered POPs" and current subscribers. "Enterprise value" means equity market capitalization plus net debt and excluding equity interests in unconsolidated businesses, "POPs" means the number of persons within a license's coverage area, and "planned covered POPs" means the number of people that will be served by the operating network in the future. Multiples for the selected companies were based on

35

closing stock prices on August 24, 2001. This analysis indicated the following implied mean and median enterprise value multiples for the selected companies, as compared to the multiples for iPCS implied in the merger based on 13.5 million shares of AirGate common stock being issued in the merger, the closing price of AirGate common stock of \$58.27 per share on August 24, 2001, and iPCS' net debt of approximately \$96.9 million as of June 30, 2001:

Enterprise Value as a Multiple of:	Multiples of Selected Public PCS Companies		Implied Multiples of iPCS in the Merger

UBS Warburg reviewed enterprise values as multiples of total POPs and subscribers for the selected transactions. Discounted Cash Flow Analysis

UBS Warburg performed a discounted cash flow analysis of the estimated unlevered, after-tax free cash flows that iPCS and AirGate could each generate over calendar years 2001 through 2009. iPCS' projections analyzed with this methodology were based on estimates of iPCS' management, as adjusted by AirGate's

management, and AirGate's projections analyzed with this methodology were based on estimates of AirGate's management. UBS Warburg applied terminal value

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

multiples of 9.0x to 13.0x 2009 EBITDA and discount rates of 11% to 15% to each of AirGate's and iPCS' projections. This analysis indicated a range of implied contribution to pro forma equity values and pro forma enterprise values for iPCS of 47.2% to 47.8% and 46.5% to 47.3%, respectively, as compared to the equity value and enterprise value for iPCS implied in the merger of approximately 47.4% and 45.1%, respectively, based on 13.5 million shares of AirGate common stock being issued in the merger, the closing price of AirGate common stock of \$58.27 on August 24, 2001 and iPCS' net debt of approximately \$96.9 million as of June 30, 2001.

Other Analysis

UBS Warburg performed such other analyses as it deemed necessary or appropriate, including an analysis of the relative contributions of iPCS and AirGate to the combined company's subscribers, estimated revenues, EBITDA and net income for calendar years 2001, 2002 and 2003 based on estimates of the management of AirGate and estimates of the management of iPCS, as adjusted by the management of AirGate.

Miscellaneous

AirGate has agreed to pay UBS Warburg for its financial advisory services an aggregate fee of \$4.0 million, which includes a customary fee in connection with the delivery by UBS Warburg of the financial fairness opinion to AirGate's board of directors. The fee related to the financial fairness opinion shall be paid irrespective of whether the merger is consummated. In addition, AirGate has agreed to reimburse UBS Warburg for its reasonable expenses, including reasonable fees and disbursements of its counsel, and to indemnify UBS Warburg and related parties against liabilities, including liabilities under federal securities laws, relating to, or arising out of, its engagement.

AirGate selected UBS Warburg as its financial advisor in connection with the merger because UBS Warburg is an internationally recognized investment banking firm with substantial experience in similar transactions and is familiar with AirGate and its business. UBS Warburg is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities and private placements.

In the ordinary course of business, UBS Warburg, its successors and affiliates may actively trade the securities of AirGate or iPCS for their own accounts and the accounts of their customers and, accordingly, may at any time hold a long or short position in those securities.

Interests of Certain AirGate Persons in the Merger

Consulting Agreement. On July 17, 2001, AirGate entered into a consulting agreement with Mr. Bianchino, one of AirGate's directors. Pursuant to the consulting agreement, AirGate engaged Mr. Bianchino to provide the following services to AirGate in connection with the merger with iPCS:

- . advising AirGate regarding the advisability of the merger;
- . advising AirGate regarding the structure and terms of the merger;
- . assisting AirGate in connection with negotiating the terms of the merger; and
- . such other services as AirGate reasonably requested in connection with the merger.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate agreed to provide Mr. Bianchino \$2,500 per day for rendering these consulting services, such amounts not to exceed \$50,000, and to reimburse Mr. Bianchino's expenses in connection with providing consulting services.

37

AirGate's board of directors was aware of the interest detailed above during its consideration of the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger and in determining to approve these matters and to recommend to AirGate's stockholders that they vote FOR approval of these matters at the AirGate special meeting.

Interests of Certain iPCS Persons in the Merger

Board of Directors Representation. In accordance with the merger agreement, AirGate has caused two of the eight members of its board of directors to resign and will increase the authorized number of members of the board of directors to nine, effective as of the effective time of the merger. AirGate has agreed to cause its remaining directors to fill the resulting vacancies so that the board of directors will include one member designated by iPCS for a term to expire at AirGate's 2002 annual meeting, one member designated by Blackstone for a term to expire at AirGate's 2003 annual meeting, and one member, to be an independent director, designated by iPCS with the approval of AirGate for a term to expire at AirGate's 2004 annual meeting. AirGate has agreed to nominate for re-election at its 2002 annual meeting the director designated by iPCS whose term expires at the 2002 annual meeting for a term to expire at AirGate's 2005 annual meeting. At the effective time of the merger, at least one of the directors designated by iPCS or Blackstone will be appointed to all committees of the AirGate board of directors.

Severance Payments. iPCS Wireless, Inc., a wholly owned subsidiary of iPCS, has entered into employment agreements with Timothy M. Yager, Linda K. Wokoun, Stebbins B. Chandor, Jr., Anthony R. Muscato, William W. King, Jr., Leroy R. Horsman, Jeffrey Pinegar and Patricia M. Greteman. These employment agreements generally entitle the covered employees to certain severance payments and consulting fees in the event of certain terminations of employment within one year following a change in control of iPCS. The agreements further provide that if any payments or benefits to which an executive is entitled constitute excess golden parachute payments under applicable IRS rules, he or she will receive a payment sufficient to pay the parachute excise tax that he or she will have to pay with respect to the parachute payment. In addition, each executive will receive an amount sufficient to pay the income and related employment taxes that he or she will have to pay with respect to the reimbursement to him or her of the parachute excise tax. AirGate expects that it will pay approximately \$6.5 million to the covered employees with respect to the severance payments.

Amendment of Employment Agreements. On August 28, 2001, iPCS Wireless entered into amendments of its employment agreements with Ms. Wokoun and Messrs. Chandor and Muscato. Pursuant to these amendments, each of Ms. Wokoun and Messrs. Chandor and Muscato agreed that he or she will not terminate his or her employment with iPCS as a result of the change to their respective positions, duties and responsibilities until the earlier of the 180th day following the closing of the merger and June 30, 2002. On such date, the covered individual's employment will be deemed to terminate automatically for good reason. In consideration for their agreements as described above, each of Ms. Wokoun and Messrs. Chandor and Muscato will be entitled to receive on the earlier of the 180th day following the closing of the merger and June 30, 2002,

a lump sum payment representing an acceleration of the consulting fees the covered individual otherwise would have been entitled to receive over the period beginning on the date of such individual's termination of employment and ending on December 31, 2003 for Ms. Wokoun and Mr. Chandor, and December 31, 2002 for Mr. Muscato. This lump sum payment will be in the amount of \$400,000 to each of Ms. Wokoun and Mr. Chandor and \$200,000 to Mr. Muscato. These payments will be a complete settlement of the applicable employee's obligation to provide consulting services following his or her termination of employment and the obligation of iPCS to pay these employees an annual consulting fee of \$200,000 for such consulting periods. These payments are in addition to the other amounts that the covered individuals are entitled to receive under their employment agreements as a result of termination of their employment. Under the employment agreements, as amended, each of Ms. Wokoun and Messrs. Chandor and Muscato have agreed not to compete with iPCS for a period of six months following his or her termination of employment.

38

Stock Option Plan. The iPCS Amended and Restated 2000 Long-Term Incentive Plan provides that all outstanding options under the iPCS Long-Term Incentive Plan will accelerate and become fully vested upon the approval of the merger by iPCS stockholders. As of September 30, 2001, directors and executive officers of iPCS held an aggregate of 2,530,000 options to purchase iPCS shares, of which 1,618,125 unvested options will vest upon such approval. As contemplated in the merger agreement, all outstanding options under the iPCS Long-Term Incentive Plan automatically will be converted into options for shares of AirGate common stock upon the closing of the merger as described in "The Merger Agreement and Related Agreements-Treatment of iPCS Options." Following the merger, converted options will remain exercisable in accordance with the terms of the iPCS Long-Term Incentive Plan, the agreements evidencing grants thereunder and any other agreements between iPCS and an optionee.

Description of iPCS 2000 Long-Term Incentive Stock Plan

In connection with the merger, AirGate will assume the iPCS Long-Term Incentive Plan. The iPCS Long-Term Incentive Plan provides that iPCS may grant stock options, stock appreciation rights, shares of common stock and performance units to its employees, consultants and directors. Stock options awarded under the iPCS Long-Term Incentive Plan may be either incentive stock options or nonqualified stock options, provided that incentive stock options may be awarded only to employees of iPCS. Stock appreciation rights may be granted in connection with options, or may be granted as free-standing awards.

In connection with the assumption of the iPCS Long-Term Incentive Plan, AirGate intends to amend the iPCS Long-Term Incentive Plan to provide that shares of AirGate common stock will be issuable thereunder rather than shares of iPCS common stock. As adjusted based upon the exchange ratio in the merger, based upon the number of options outstanding as of the date of the merger agreement, AirGate will have approximately 628,600 shares of AirGate common stock available for issuance under the iPCS Long-Term Incentive Plan, subject to adjustment under the plan. In connection with the amendment of the iPCS Long-Term Incentive Plan, all references to the number of shares of iPCS common stock issuable thereunder and to the maximum number of shares of iPCS common stock that any individual participant may receive each year under the iPCS Long-Term Incentive Plan shall be multiplied by the exchange ratio and be

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

deemed to refer to the corresponding number of shares of AirGate common stock. Such amendment also will provide that the remaining shares of AirGate common stock available under the iPCS Long-Term Incentive Plan may be issued to AirGate's and iPCS' employees, consultants and directors. The amendment will authorize AirGate's compensation committee to administer the plan. In addition, the amendment will substitute the definition of change in control under the AirGate PCS, Inc. 2001 Non-Executive Stock Option Plan for the definition of change in control under the iPCS Long-Term Incentive Plan. As soon as practicable but in no event later than ten business days after the effective time of the merger, AirGate will use its reasonable best efforts to prepare and file with the SEC a registration statement on Form S-8 under the Securities Act registering the shares of AirGate common stock subject to the assumed iPCS Long-Term Incentive Plan.

Regulatory and Third Party Approvals

Regulatory Approvals

United States Antitrust. Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 and its rules, the merger may not be completed until AirGate, iPCS and certain stockholders of iPCS have furnished certain information and materials to the Antitrust Division of the Department of Justice and the Federal Trade Commission and a 30-day waiting period has expired or been earlier terminated. A notification and report form under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 was filed with the Antitrust Division and the Federal Trade Commission by each of AirGate and iPCS on October 4, 2001 and by certain stockholders of iPCS on October 11, 2001.

General. It is possible that filings may be made with other governmental entities which may seek various regulatory concessions. There can be no assurance that:

- . AirGate or iPCS will be able to satisfy or comply with such conditions;

39

- . compliance or non-compliance will not have adverse consequences for AirGate after completion of the merger; or
- . the required regulatory approvals will be obtained within the time frame contemplated by AirGate and iPCS referred to in this proxy statement/prospectus or on terms that will be satisfactory to AirGate and iPCS.

Third Party Approvals

It is a condition to the obligation of each of iPCS and AirGate to complete the merger that the following third party approvals be obtained:

Stockholders. Under the rules of The Nasdaq National Market, the stock market on which shares of AirGate common stock are listed and traded, the approval of the holders of a majority of the outstanding shares of AirGate common stock casting votes, either in person or by proxy, on the proposal is required for the issuance of shares of AirGate common stock in the merger. AirGate is seeking such stockholder approval at the AirGate special meeting. The affirmative vote of a majority of the issued and outstanding shares of iPCS voting stock is required to adopt and approve the merger agreement and the merger. iPCS is seeking such stockholder approval at a special meeting of its stockholders.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Senior Lenders. AirGate is required to obtain the approval of the lenders under its senior credit facility to the creation of the AirGate merger subsidiary and consummation of the transactions contemplated by the merger agreement. AirGate obtained this approval on October 12, 2001. iPCS is required to obtain the approval of the lenders under its senior credit facility to the change of control of iPCS that will occur as a result of the merger. iPCS obtained this approval as of September 28, 2001.

Sprint PCS. iPCS is required to obtain Sprint PCS' approval of the merger under its Sprint PCS management agreement. In a letter dated September 19, 2001, iPCS obtained this approval.

Dissenters' Rights of Appraisal

Under Delaware law, AirGate stockholders are not entitled to dissenters' rights of appraisal in connection with the merger.

Dissenters' rights of appraisal are provided for under Delaware law for iPCS stockholders. If an iPCS stockholder does not wish to accept AirGate common stock in the merger, such iPCS stockholder has the right under Delaware law to have the fair value of his, her or its iPCS shares determined by the Delaware Chancery Court. This right to appraisal is subject to a number of restrictions and technical requirements. Generally, in order for an iPCS stockholder to exercise his, her or its dissenters' rights of appraisal, such stockholder:

- . must send a written demand to iPCS for appraisal in compliance with Delaware law before the vote on the merger;
- . must not vote in favor of the merger; and
- . must continuously hold the iPCS stock from the date he, she or it makes the demand for appraisal through the closing of the merger.

Merely voting against the merger will not protect an iPCS stockholder's rights to an appraisal.

Accounting Treatment

The merger will be accounted for as a "purchase," as such term is used under generally accepted accounting principles. Accordingly, from and after the effective time of the merger, iPCS' consolidated results of operations will be included in AirGate's consolidated results of operations. For purposes of preparing

AirGate's consolidated financial statements, AirGate will establish a new accounting basis for iPCS' assets and liabilities based upon their estimated fair market values and AirGate's purchase price, including the costs of the acquisition. Accordingly, the purchase accounting adjustments made in connection with the development of the unaudited pro forma condensed consolidated financial information appearing elsewhere in this proxy statement/prospectus are preliminary and have been made solely for purposes of developing such pro forma condensed consolidated financial information to comply with disclosure requirements of the SEC. Although the final purchase price allocation may differ, the pro forma condensed consolidated financial information reflects AirGate management's best estimate based upon currently available information. For more information regarding the pro forma allocation of the purchase price, see "Pro Forma Condensed Consolidated Financial

Statements (Unaudited)."

Nasdaq Listing

The shares of AirGate common stock to be issued in connection with the merger are required to be listed on The Nasdaq National Market. Nasdaq's approval to list these shares of common stock is expected to be obtained prior to the completion of the merger, subject to official notice of issuance.

Material United States Federal Income Tax Consequences of the Merger

The following is a summary of the material United States Federal income tax consequences of the merger to AirGate and iPCS and to holders of iPCS stock who exchange their shares of iPCS stock for shares of AirGate stock and, as applicable, cash in lieu of fractional shares of AirGate stock. This discussion addresses only such stockholders who hold their iPCS stock as a capital asset, and does not address all of the United States Federal income tax consequences that may be relevant to particular stockholders in light of their individual circumstances or to stockholders who are subject to special rules, such as holders who are subject to alternative minimum tax provisions of the Internal Revenue Code, financial institutions, tax-exempt organizations, insurance companies, mutual funds, dealers in securities or foreign currencies, foreign holders, persons who hold such shares as a hedge against currency risk, or as part of a constructive sale or conversion transaction or straddle, holders whose shares are qualified small business stock for purposes of Sections 1202 and 1045 of the Internal Revenue Code or holders who acquired their shares upon the exercise of employee stock options or otherwise as compensation. The following discussion is not binding on the Internal Revenue Service. The following discussion also does not address the tax consequences to iPCS stockholders of any amounts received as reimbursement for any of their expenses in connection with the merger. It is based upon the Internal Revenue Code, and other laws, regulations, rulings and decisions in effect as of the date of this proxy statement/prospectus, all of which are subject to change, possibly with retroactive effect. United States Federal estate tax consequences and tax consequences under state, local and foreign laws are not addressed.

THE FOLLOWING DISCUSSION IS NOT INTENDED TO BE A COMPLETE ANALYSIS OF ALL POTENTIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES. IN ADDITION, THE DISCUSSION DOES NOT ADDRESS TAX CONSEQUENCES WHICH MAY VARY WITH, OR ARE CONTINGENT ON, YOUR INDIVIDUAL CIRCUMSTANCES. iPCS STOCKHOLDERS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS TO THEIR PARTICULAR CIRCUMSTANCES.

No ruling has been, or will be, sought from the Internal Revenue Service as to the United States Federal income tax consequences of the merger. It is a condition to the consummation of the merger that AirGate receive an opinion of its tax counsel, Winston & Strawn, and that iPCS receive an opinion from its tax counsel, Mayer, Brown & Platt, that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. The issuance of such opinions will be conditioned on customary assumptions and representations made by AirGate, the AirGate merger subsidiary and iPCS. An opinion of counsel is not binding on the Internal Revenue Service or a court. As a result, neither AirGate nor iPCS can assure you that the tax considerations and opinions contained in this discussion will not be challenged by the Internal Revenue Service or sustained by a court if challenged.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Tax Opinions. In connection with the filing of the registration statement of which this proxy statement/prospectus is a part, Mayer, Brown & Platt and Winston & Strawn have delivered opinions addressing the United States Federal income tax consequences of the merger. These opinions have been rendered based on certain facts, representations and assumptions set forth in the opinions that are expected to be consistent with the facts existing at the effective time of the merger. These opinions do not address the tax consequences to iPCS stockholders (i) who do not hold their iPCS stock as a capital asset, (ii) who are subject to special rules, or (iii) of any amounts received as reimbursement for any of their expenses in connection with the merger. As with the opinions that are to be delivered at closing, these opinions are not binding on the Internal Revenue Service or a court. The material conclusions in these opinions are as follows:

- . the merger will be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code;
- . AirGate, the AirGate merger subsidiary and iPCS will not recognize any gain or loss as a result of the merger;
- . each iPCS stockholder who exchanges shares of iPCS common stock for shares of AirGate common stock in the merger will not recognize gain or loss, except with respect to cash, if any, that such stockholder receives in lieu of a fractional share of AirGate common stock and amounts received as reimbursement for any expenses in connection with the merger;
- . each iPCS stockholder's aggregate tax basis in the shares of AirGate common stock received in the merger, including any fractional share interest for which cash is received, will be the same as such stockholder's aggregate tax basis in the iPCS common stock surrendered in the merger; and
- . the holding period of the shares of AirGate common stock received in the merger, including any fractional share interest for which cash is received, by each iPCS stockholder will include the holding period of the iPCS common stock that such stockholder surrendered in the merger.

Cash in Lieu of a Fractional Share of AirGate Stock. Each iPCS stockholder who receives cash in lieu of a fractional share of AirGate common stock in the merger will be treated as having received the fractional share interest in the merger and as having received the cash in redemption of the fractional share. The cash payment will be treated as a payment in redemption of the fractional share interest under Section 302 of the Internal Revenue Code. In general, an iPCS stockholder will recognize capital gain or loss on deemed redemption in an amount equal to the difference between the amount of cash received and such stockholder's adjusted tax basis allocable to the fractional share. If, however, such stockholder is involved in directing iPCS' corporate affairs, holds more than a minimal interest in iPCS, or owns iPCS or AirGate common stock under the constructive ownership rules of Section 318 of the Internal Revenue Code, the Internal Revenue Service could in some circumstances take the view that the cash payment should be taxed to such stockholder as a dividend.

Dissenters' Rights of Appraisal. iPCS stockholders who exercise dissenters' rights of appraisal generally will recognize taxable gain or loss based upon the difference in the cash received and the stockholder's adjusted tax basis in the shares of iPCS common stock exchanged, provided the amount received is not treated as a dividend. A sale of shares based on the exercise of dissenters' rights of appraisal will not be treated as a dividend if, after giving effect to constructive ownership rules under the Internal Revenue Code, the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

stockholder exercising the dissenters' rights of appraisal owns no shares in AirGate following the merger. If the stockholder owns shares in AirGate (either actually or constructively) after the merger, the determination of whether the sale of shares will be treated as a dividend is a more complicated analysis. Stockholders should consult their own tax advisors as to the proper treatment in this case.

Backup Withholding. Certain noncorporate iPCS stockholders may be subject to backup withholding at a rate of 30.5% (30% if the transaction closes in 2002) on cash received in exchange for their fractional shares of iPCS common stock. Backup withholding will not apply, however, to a stockholder who:

- . furnishes to AirGate in connection with the completion of the merger a correct taxpayer identification number and certifies that he, she or it is not subject to backup withholding on the substitute Form W-9 or successor form;
- . provides to AirGate in connection with the completion of the merger a certification of foreign status on Form W-8BEN or successor form; or
- . is otherwise exempt from backup withholding.

THE MERGER AGREEMENT AND RELATED AGREEMENTS

THE FOLLOWING IS A SUMMARY OF THE AGREEMENTS RELATING TO THE MERGER DESCRIBED IN THIS PROXY STATEMENT/PROSPECTUS, INCLUDING THE MERGER AGREEMENT, THE SUPPORT AGREEMENTS, AND THE REGISTRATION RIGHTS AGREEMENT. THE DESCRIPTION OF EACH OF THESE AGREEMENTS IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE COMPLETE TEXT OF THE RESPECTIVE AGREEMENT, EACH OF WHICH IS ATTACHED AS AN ANNEX TO AND INCORPORATED BY REFERENCE INTO THIS PROXY STATEMENT/PROSPECTUS. WE URGE YOU TO READ THE FULL TEXT OF EACH OF THE AGREEMENTS.

THE MERGER AGREEMENT

The Merger

A wholly owned subsidiary of AirGate will merge into iPCS following:

- . the approval by the required AirGate stockholders of the merger, the merger agreement and the issuance of shares of AirGate common stock in the merger;
- . the approval by the required iPCS stockholders of the merger and the merger agreement; and
- . the satisfaction or waiver of the other conditions to the merger.

iPCS will survive the merger as a wholly owned subsidiary of AirGate. If all conditions to the merger are satisfied or waived, the merger will become effective at the time of the filing by the surviving corporation of a certificate of merger with the Delaware secretary of state or at such other time as may be specified in the certificate of merger. The filing of the certificate of merger will occur no later than three business days after the satisfaction or waiver of all conditions to the merger.

In addition, following the merger:

- . the charter and by-laws of the AirGate merger subsidiary will become the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

charter and by-laws of iPCS; and

- . the directors and officers of the AirGate merger subsidiary will become the directors and officers of iPCS.

Treatment of iPCS Common Stock

At the effective time of the merger, each issued and outstanding share of iPCS common stock owned by iPCS stockholders (other than those exercising dissenters' rights of appraisal, if any) will be converted into the right to receive approximately 0.1594 of a share of AirGate common stock, referred to as the exchange ratio. Each share of iPCS preferred stock will convert automatically into a share of iPCS common stock immediately prior to the effective time of the merger. All shares of iPCS common stock held in treasury by iPCS or owned directly by AirGate or iPCS or any of their respective subsidiaries will be cancelled without exchange.

The exchange ratio will be adjusted in the event of:

- . any inaccuracy in the number of outstanding shares of iPCS common stock, preferred stock, options, warrants or other stock equivalents represented by iPCS to AirGate;
- . the issuance after August 28, 2001 of options, warrants or other rights to purchase iPCS common stock; or
- . any stock split, reverse stock split, stock dividend, recapitalization, reclassification or other like change with respect to iPCS common stock occurring before the merger.

43

The total number of shares of AirGate common stock that AirGate will issue in connection with the merger and related transactions will not exceed 13.5 million, which, assuming the exercise of all outstanding AirGate and iPCS options and warrants, would represent approximately 47.5% of AirGate's common stock immediately following the merger.

Treatment of iPCS Options

At the effective time of the merger, AirGate will assume each unexpired and unexercised option to purchase shares of iPCS common stock and convert it into a fully vested option to purchase shares of AirGate common stock. Each converted iPCS option will remain subject to the terms and conditions of iPCS' Long-Term Incentive Plan and any agreements between iPCS and the optionee. The number of shares of AirGate common stock subject to each iPCS option that AirGate assumes will equal the number of shares of iPCS common stock subject to the iPCS option immediately prior to the merger multiplied by the exchange ratio, rounded down to the nearest whole share. The exercise price per share of AirGate common stock issuable under each converted iPCS option will be equal to the per share exercise price of the iPCS common stock specified under the iPCS option divided by the exchange ratio, rounded up to the nearest whole cent.

As soon as practicable but in no event later than ten business days after the effective time of the merger, AirGate will use its reasonable best efforts to prepare and file with the SEC a registration statement on Form S-8 under the Securities Act registering the shares of AirGate common stock subject to the assumed iPCS options. AirGate will use its reasonable best efforts to maintain the effectiveness of the Form S-8.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Treatment of iPCS Warrants

At the effective time of the merger, AirGate will assume and cause to be performed the obligations of iPCS under certain unexpired and unexercised warrants to purchase shares of iPCS common stock. Each assumed iPCS warrant will remain subject to the terms and conditions set forth in the applicable warrant agreement immediately prior to the effective time of the merger, except that:

- . the number of shares of AirGate common stock subject to each outstanding iPCS warrant that AirGate assumes will equal the number of shares of iPCS common stock subject to the iPCS warrant immediately prior to the merger multiplied by the exchange ratio, rounded to the nearest whole share; and
- . the exercise price per share of AirGate common stock issuable under each assumed iPCS warrant will be equal to the per share exercise price of the iPCS common stock specified under the iPCS warrant divided by the exchange ratio, rounded to the nearest whole cent.

Following the effective time of the merger, AirGate will cause a shelf registration statement on Form S-3 to become effective to cover AirGate common stock issuable upon the exercise of the assumed warrants. AirGate will maintain the effectiveness of the registration statement until the earlier of the expiration of the assumed warrants or the date on which all of the assumed warrants have been exercised.

Fractional Shares

AirGate will not issue any fractional shares of AirGate common stock in the merger. In lieu of any fractional shares of AirGate common stock, each iPCS stockholder who would otherwise have been entitled to a fraction of a share of AirGate common stock pursuant to the merger agreement will be paid an amount in cash, without interest, equal to the fraction of a share of AirGate common stock that would have been issued in the merger multiplied by the average of the closing price of AirGate common stock for the five trading days immediately prior to the merger.

Exchange of Certificates

At the effective time of the merger, each record holder of shares of iPCS common stock (other than those exercising dissenters' rights of appraisal, if any) shall receive from AirGate, upon delivery of a completed letter of transmittal and surrender of such holder's iPCS stock certificates, certificates representing that number of

44

shares of AirGate common stock, and cash for any fractional shares thereof, to which such holder is entitled. At and after the effective time of the merger and until so surrendered, the iPCS stock certificates will represent only the right to receive the consideration described above. No dividends or other distributions declared or made after the merger with respect to shares of AirGate common stock will be paid to the holder of record of any unsurrendered iPCS stock certificates. However, following surrender of any such iPCS stock certificates, the holder of record will be paid, without interest, with respect to each whole share of AirGate common stock which such person is entitled to receive in the merger:

- . the amount of any dividends or other distributions with a record date after the merger but a payment date prior to surrender of such iPCS stock

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

certificates; and

- . at the appropriate payment date, the amount of dividends or distributions with a record date after the merger but prior to surrender of such iPCS stock certificates and a payment date after the surrender of such iPCS stock certificates.

No transfers of shares of iPCS capital stock will be permitted to be made after the merger.

If any iPCS stock certificate is lost, stolen or destroyed, an iPCS stockholder must provide an appropriate affidavit of that fact. AirGate may require an iPCS stockholder to deliver a bond as indemnity against any claim that may be made against AirGate with respect to any lost, stolen or destroyed certificate.

The obligation of each of AirGate and iPCS to complete the merger is subject to the satisfaction or waiver of specified conditions prior to the effective time of the merger, including the following:

- . acquire any assets, business or any corporation, partnership, association or other business organization or division thereof involving consideration in excess of \$2.5 million individually or in the aggregate;
- . approve any transaction that would permit any person or group to acquire shares of iPCS common stock if such acquisition would cause such person or group to beneficially own 15% or more of the shares of iPCS common stock for purposes of Section 203 of the Delaware General Corporation Law; or

A takeover proposal means any tender or exchange offer, proposal for a merger, consolidation or other business combination involving iPCS or any subsidiary, or any proposal or offer to acquire a substantial equity interest in, or a substantial portion of the assets of, iPCS or any subsidiary, other than the transactions contemplated by the merger agreement.

Proxy Statement and Registration Statement

AirGate agreed to prepare and file with the SEC, as promptly as is reasonably practicable following the date of signing the merger agreement, but in no event later than September 30, 2001, the registration statement on Form S-4, of which this proxy statement/prospectus forms a part, in connection with the registration under the Securities Act of the shares of AirGate common stock to be issued in connection with the merger, and contemplating the public reoffering of all such shares of AirGate common stock issued to the iPCS stockholders. Promptly after the date the registration statement is declared effective under the Securities Act of 1933, AirGate has agreed to mail this proxy statement/prospectus to its stockholders. In addition, as promptly as reasonably practicable following the date the registration statement on Form S-4 is declared effective under the Securities Act of 1933, AirGate has agreed to prepare and file with the SEC a registration statement on Form S-3 for an underwritten offering as contemplated by the registration rights agreement. See "Underwritten Public Offering; Registration Rights" beginning on page 56.

Stockholder Meetings

AirGate has agreed to call and hold a meeting of its stockholders to solicit the required stockholder approval of the issuance of AirGate common stock in the merger as soon as practicable after the registration statement on Form S-4, of which this proxy statement/prospectus forms a part, becomes

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

effective. AirGate, through its board of directors, has agreed to recommend that its stockholders approve the issuance of AirGate common stock and to use its best efforts to solicit and secure such approval.

iPCS has agreed to call and hold a meeting of its stockholders relating to the required stockholder approval of the merger and the merger agreement; however, iPCS may obtain such stockholder approval by written consent. iPCS, through its board of directors, has agreed to recommend that its stockholders approve the adoption of the merger and the merger agreement.

- . to take, or cause to be taken, all actions necessary, proper or appropriate to comply promptly with all legal requirements which may be imposed with respect to the merger and to consummate the merger; and

50

- . to obtain any consent, authorization, order or approval of any governmental entity or third party required to be obtained in connection with the merger, provided nothing will require AirGate or iPCS to agree to the requirement of any divestiture in exchange for such consent.

Listing of AirGate Common Stock

AirGate has agreed to prepare and submit to The Nasdaq National Market a listing application covering the shares of AirGate common stock to be issued in the merger and upon exercise of the iPCS options and warrants assumed by AirGate. The merger agreement requires AirGate to use its best efforts to cause such shares to be approved for listing on such exchange, subject to official notice of issuance, prior to the effective time of the merger.

Nomination of Directors

In accordance with the merger agreement, AirGate has caused two of the eight members of its board of directors to resign from its board and will increase the authorized number of members of the board of directors to nine, effective as of the effective time of the merger. In addition, AirGate has agreed to cause its remaining directors to fill the resulting vacancies so that the board of directors will include one member designated by iPCS for a term to expire at AirGate's 2002 annual meeting, one member designated by Blackstone for a term to expire at AirGate's 2003 annual meeting, and one member, to be an independent director, designated by iPCS with the approval of AirGate, such approval not to be unreasonably withheld for a term to expire at AirGate's 2004 annual meeting. AirGate has agreed to nominate for re-election at AirGate's 2002 annual meeting the director designated by iPCS whose term expires at the 2002 annual meeting for a term to expire at AirGate's 2005 annual meeting. At the effective time of the merger, at least one of the directors designated by iPCS or Blackstone will be appointed to all committees of the AirGate board of directors.

Upon the sale or in-kind distribution of 75% of more of the shares of AirGate common stock received by Blackstone in the merger, the member of the AirGate board of directors designated by Blackstone shall resign from the board.

Indemnification of Directors and Officers

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

From and after the effective time of the merger, AirGate has agreed that it:

- . will cause iPCS to maintain, for six years from the effective time of the merger, the policy of officers' and directors' liability insurance covering such indemnified parties for acts and omissions on or before the effective time of the merger as in place on August 28, 2001, subject to a cap on the cost of the policy of 200% of the annual premium amount iPCS currently pays for such policy.

Plan of Reorganization

Each of AirGate, the AirGate merger subsidiary and iPCS has agreed to use its reasonable best efforts to cause the merger to qualify, and will not knowingly take any action or cause any action to be taken that could reasonably be expected to prevent the merger from qualifying, as a reorganization under the provisions of Section 368 of the Internal Revenue Code.

Termination

The merger agreement may be terminated at any time prior to the effective time of the merger, whether before or after approval of AirGate's stockholders or iPCS' stockholders:

- . by mutual written consent of AirGate and iPCS;

51

- . by either AirGate or iPCS, provided the party seeking to terminate the agreement is not in material breach of any of its obligations under the merger agreement, if any required approval of the AirGate stockholders or iPCS is not obtained by reason of the failure to obtain the required vote at a duly held meeting of such stockholders;
- . by either AirGate or iPCS, provided the party seeking to terminate the agreement is not in material breach of any representation, warranty, covenant or other agreement contained in the merger agreement, if there has been a material breach of any of the representations or warranties by the other party, which breach has not been cured within 30 days following written notice, provided that such breach, together with all other such breaches, would entitle the party seeking to terminate not to close the merger;
- . by either AirGate or iPCS, provided the party seeking to terminate the agreement is not in material breach of any representation, warranty, covenant or other agreement contained in the merger agreement, if there has been a material breach of any of the material covenants or agreements set forth in the merger agreement by the other party, which breach has not been cured within 30 days following written notice; and
- . by either AirGate or iPCS if any decree, permanent injunction, judgment,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Termination Fee

AirGate must pay iPCS, within two business days of termination, a termination fee of 257,000 shares of AirGate common stock if iPCS terminates the merger agreement because of AirGate's failure to obtain the approval of the AirGate stockholders to the issuance of shares of AirGate common stock in connection with the merger. In addition, AirGate will be required to file a shelf registration statement for the registration and reoffering of the shares paid as a termination fee.

On August 28, 2001, AirGate entered into support agreements with iPCS stockholders that beneficially own approximately 79.4% of the issued and outstanding shares of iPCS voting stock. Pursuant to the support agreements, each signing holder agreed to vote all of the iPCS shares that he, she or it will beneficially own at the record date of any meeting of iPCS stockholders:

The support agreements will terminate at the earlier of:

- . the termination of the merger agreement; or
- . the effective time of the merger.

LOCK-UP AGREEMENTS

Substantially all of the iPCS stockholders have agreed to enter into lock-up agreements with AirGate prior to the effective time of the merger. The iPCS stockholders entering into lock-up agreements will include each holder of more than 50,000 shares of iPCS common stock or preferred stock. No holder of iPCS option shares or warrants will enter into a lock-up agreement with AirGate, other than Timothy M. Yager. Those iPCS stockholders that do not enter into a lock-up agreement will be able to immediately resell their shares of AirGate common stock in the open market under this proxy statement/prospectus.

The merger agreement provides that under the terms of the lock-up agreements, the former iPCS stockholders generally will not be able to sell, transfer or otherwise dispose of their holdings of shares of AirGate common stock without AirGate's prior written consent for a minimum of 120 days after the effective time of the merger other than in connection with the proposed underwritten public offering. For the iPCS founding stockholders, 20% of their shares of AirGate's common stock generally will be released from the lock-up restrictions 120 days after the effective time of the merger, an additional 30%

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

will be released 211 days after the effective time and the remaining 50% will be released 301 days after the effective time. For iPCS stockholders that are affiliates of Blackstone and TCW, all lock-up restrictions will expire on the date that is 120 days after the effective time of the merger.

55

Notwithstanding the foregoing, the managing underwriter in connection with the proposed underwritten public offering may require the former iPCS stockholders that sign the registration rights agreement to enter into a lock-up agreement that restricts such stockholders from selling, transferring or otherwise disposing of their shares of AirGate common stock not included in the offering for a period not to exceed 90 days after the completion of the offering. In such an event, the release from the lock-up restrictions of the 20% of the shares of the iPCS founding stockholders and all of the shares of Blackstone and TCW that is otherwise scheduled to take place on the date that is 120 days after the effective time of the merger will not occur until the expiration of the lock-up period required in connection with the underwritten public offering.

The merger agreement provides that the restrictions on transfer to be set forth in the lock-up agreements with AirGate will not prohibit transfers among certain TCW entities or transfers among certain Blackstone entities, provided that any transferee agrees to be bound by the provisions of the lock-up agreement.

UNDERWRITTEN PUBLIC OFFERING; REGISTRATION RIGHTS

AirGate will enter into a registration rights agreement at the effective time of the merger with iPCS stockholders owning approximately 92.7% of iPCS' common stock, assuming the exercise of all outstanding iPCS options and warrants. The registration rights agreement will require AirGate to use its best efforts to complete within 120 days of the effective time of the merger an underwritten public offering of its shares of common stock and other securities convertible into shares of AirGate common stock received in the merger by the former iPCS stockholders that sign the registration rights agreement. The underwritten public offering will occur at such time during the 120-day period as Blackstone designates. Subject to consultation with AirGate, AirGate's underwriter and the other selling stockholders, the number of shares of AirGate common stock to be sold in the underwritten public offering will be subject to market conditions and depend upon the number of shares of AirGate common stock that the former iPCS stockholders request to be included in such offering. In the sole discretion of such stockholders, AirGate may have the opportunity to sell additional shares of its common stock for its own account in the offering. AirGate can give no assurance that it will be able to complete the underwritten public offering.

The registration rights agreement also will give Blackstone a demand registration right, exercisable at any time after the first anniversary of the effective time of the merger. This demand right will require AirGate to effect the registration of the common stock and other securities then owned by the former iPCS stockholders that have signed the registration rights agreement. In the event that Blackstone sells 75% of the shares of AirGate common stock held by it immediately after the effective time of the merger without exercising this demand right, Geneseo Communications, Inc., one of the iPCS founding stockholders, will have the ability to exercise the demand right. The stockholder exercising the demand right may require that AirGate complete an underwritten public offering of the shares of its common stock requested to be

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

registered. AirGate has no obligation, however, to complete an underwritten public offering unless the sale of shares of AirGate common stock requested to be included in such offering would result in initial aggregate proceeds of at least \$40 million.

The registration rights agreement further provides that in the event AirGate's managing underwriter advises AirGate in writing that, in its opinion, the number of securities requested to be included in any underwritten offering exceeds the number of securities that can be sold without having an adverse effect on the offering, no less than 75% of the shares included in the offering will be shares owned by Blackstone and TCW and the lesser of (1) 25% of each founding iPCS stockholder's pro rata portion of the shares owned by all iPCS stockholders (other than Blackstone and TCW) and (2) the number of shares requested to be included in such offering by the founding iPCS stockholders will be shares owned by the founding iPCS stockholders. In the event that AirGate's managing underwriter advises AirGate in writing that, in its opinion, the number of securities requested to be included in such registration is less than the number of securities that can be sold without having an adverse effect on the offering, AirGate will have the opportunity to sell additional shares of

56

its common stock for its own account in the offering. No registration shall count as a demand registration right granted by AirGate in the registration rights agreement if less than 75% of the number of shares of AirGate common stock and other securities convertible into shares of AirGate common stock sought to be included by Blackstone is sold pursuant to such registration. The registration rights agreement prohibits AirGate from effecting any public sale or distribution of its common stock during a period of 90 days after the completion of the offering.

Each stockholder that signs the registration rights agreement will agree not to effect any sale or distribution of any equity security, or any security convertible into or exchangeable or exercisable for any equity security, of AirGate, other than as part of the underwritten public offering, during the 15-day period prior to, and during a period of up to 90 days following, the completion of an underwritten public offering.

AirGate will pay all registration expenses in connection with registrations pursuant to the registration rights agreement. The selling stockholders will pay all underwriting discounts and commissions.

The registration rights agreement will prohibit AirGate from providing to any other person registration rights that are more favorable than or interfere with the rights granted to the former iPCS stockholders under the registration rights agreement.

57

SELLING STOCKHOLDERS

The shares of AirGate common stock issued in the merger will be registered under the Securities Act. These shares will be freely transferable under the Securities Act, except for shares issued to persons who may be deemed to be "affiliates" of iPCS for purposes of Rule 145 under the Securities Act. Affiliates may not sell their shares of AirGate common stock acquired in

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

connection with the merger except pursuant to an effective registration statement under the Securities Act covering those shares or in compliance with Rule 145 under the Securities Act or another applicable exemption to the registration requirements of the Securities Act. Persons who may be deemed to be affiliates of iPCS generally include individuals or entities that control, are controlled by or are under common control with iPCS and may include officers of iPCS as well as certain holders of ownership interests in iPCS.

AirGate will receive an "affiliate letter" from persons deemed to be affiliates of iPCS under Section 2(11) of the Securities Act and Rule 145(c) thereunder. An affiliate letter will constitute an agreement by each affiliate of iPCS with AirGate to the effect that the affiliate will not sell, transfer or otherwise dispose of any shares of AirGate common stock issued to that affiliate in connection with the merger except in compliance with the applicable provisions of the Securities Act and the rules and regulations thereunder. Because the selling stockholders listed in the table below may be deemed to be affiliates of iPCS, the registration statement of which this prospectus is a part will also cover any offers or sales of the resale shares sold by the selling stockholders. Notwithstanding the transfer restrictions set forth in the affiliate letters, for so long as the registration statement of which this prospectus is a part is effective, the iPCS affiliates will be able, pursuant to the registration statement, to sell, transfer or otherwise dispose of their shares of AirGate common received in the merger.

The following table, which sets forth information with respect to the selling stockholders, gives effect to the issuance of AirGate common stock upon the closing of the merger and assumes the number of shares of AirGate common stock outstanding at the effective time of the merger is the same as the record date:

PLAN OF DISTRIBUTION

For purposes of this document, selling stockholders include partners, donees, pledgees, transferees or other successors-in-interest from time to time selling shares received from a named selling stockholder as a gift, pledge, partnership distribution or other non-sale transfer. AirGate will not receive any proceeds from the sale of the resale shares pursuant to this document. The selling stockholders may offer and sell their shares of AirGate common stock in one or more of the following transactions:

- . on The Nasdaq National Market or any exchange or market on which AirGate common stock is listed or quoted;
- . in the over-the-counter market;
- . in privately negotiated transactions;
- . for settlement of short sales, or through long sales, options or hedging transactions involving cross or block trades;
- . by pledge to secure debts and other obligations;
- . block transactions (which may involve crosses) in which a broker-dealer may sell all or a portion of the shares as agent but may position and resell all or a portion of the block as a principal to facilitate the transaction;
- . purchases by a broker-dealer as principal and resale by the broker-dealer for its own account pursuant to a prospectus supplement;
- . a special offering, an exchange distribution or a secondary distribution in accordance with the applicable rules of The Nasdaq National Market or of any stock exchange on which shares of AirGate common stock may be listed; or
- . in a combination of any of these transactions.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The selling stockholders may sell their shares of AirGate common stock at any of the following prices:

- . fixed prices which may be changed;
- . market prices prevailing at the time of sale;
- . prices related to prevailing market prices; or
- . privately negotiated prices.

The selling stockholders may use broker-dealers to sell their shares of AirGate common stock. If this happens, the broker-dealers may either receive discounts, concessions or commissions from the selling stockholders, or they may receive commissions from purchasers of shares of AirGate common stock for whom they acted as agents. In order to comply with the securities laws of certain states, the selling stockholders may only sell their shares of AirGate common stock through registered or licensed broker-dealers.

The selling stockholders and any agents or broker-dealers that they use to sell their shares of AirGate common stock might be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, and any discount, concession or commission received by them and any profit on the resale of shares as principal might be deemed to be underwriting discounts or commissions under the Securities Act. Because the selling stockholders might be deemed to be underwriters, the selling stockholders may be subject to the prospectus delivery requirements of the Securities Act.

The selling stockholders and any other person participating in the distribution of the offered shares will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, the anti-manipulation provisions of Regulation M of the Exchange Act, which may limit the

60

timing of purchases and sales of any of the offered shares by the selling stockholders or any other person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the offered shares to engage in market-making activities with respect to the particular offered shares being distributed. All of the foregoing may affect the marketability of the offered shares and the ability of any person or entity to engage in market-making activities with respect to the offered shares.

In addition to sales by the selling stockholders pursuant to this document, AirGate has agreed, for the benefit of the iPCS stockholders, to undertake an underwritten public offering within 120 days of the effective time of the merger of its shares of common stock received by the iPCS stockholders in the merger. The underwritten public offering will occur at such time during the 120-day period as Blackstone in consultation with AirGate and the other selling stockholders requests. The number of shares of AirGate common stock to be sold in the underwritten offering will be subject to market conditions and depend upon the number of shares of AirGate common stock that the former iPCS stockholders request to be included in such offering. In the sole discretion of such stockholders, AirGate may have the opportunity to sell additional shares of its common stock for its own account in the underwritten offering.

The registration effected hereby is being effected under the requirements of the merger agreement. AirGate will pay substantially all of the expenses incident to the registration of the shares of AirGate common stock, including all costs incident to the offering and sale of the shares by the selling

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

stockholders to the public, including in the underwritten public offering, other than any brokerage fees, selling commissions or underwriting discounts. AirGate has agreed to keep the registration statement of which this document is a part effective until the earliest to occur of:

- . such time as all of the selling stockholders have completed the sale or distribution of their resale shares;
- . such time as the resale shares can be resold pursuant to Rule 144(k) under the Securities Act; and
- . the third anniversary of the effective time of the merger.

These historical financial statements used in preparing the pro forma financial statements are summarized and should be read in conjunction with the complete historical financial statements and related notes of AirGate and iPCS contained elsewhere in this proxy statement/prospectus.

The unaudited pro forma condensed consolidated statements of operations for the nine months ended June 30, 2001 and for the year ended September 30, 2000 give effect to the merger as if the merger had been consummated at the beginning of the earliest period presented. The unaudited pro forma condensed consolidated balance sheet as of June 30, 2001 gives effect to the merger as if it was effected June 30, 2001. Certain reclassifications have been made to iPCS's historical presentation to conform to AirGate's presentation. These reclassifications do not materially impact AirGate's or iPCS' operations or financial position for the periods presented.

The pro forma adjustments, which are based upon available information and upon certain assumptions that we believe are reasonable, are described in the accompanying notes. The final purchase price allocation will be different and the difference may be material. We have engaged a nationally recognized valuation expert to assist us in determining fair values of identifiable assets and liabilities.

AirGate is providing the unaudited pro forma condensed consolidated financial information for illustrative purposes only. The companies may have performed differently had they been combined during the periods presented. You should not rely on the unaudited pro forma condensed consolidated financial information as being indicative of the historical results that would have been achieved had the companies been combined during the periods presented or the future results that the combined company will experience.

- (2) Represents the reclassification of iPCS' prepaid expenses and other current assets to direct customer activation costs in the amount of \$1,208 for consistency in presentation.
- (3) Represents the additional intangibles and goodwill that AirGate will record upon consummation of the merger. For purposes of these pro forma condensed consolidated financial statements, the purchase price premium has been preliminarily allocated to the acquired customer base, rights to provide service under the Sprint PCS management agreement and goodwill, pending further study and analysis. We have engaged a nationally recognized firm with valuation expertise to assist us in determining the final values of identifiable assets and liabilities, as well as the value of the customer base and rights to provide service under the Sprint PCS management agreement. We anticipate having this completed before December 31, 2001.

In June 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"), which is effective for all business combinations initiated after June 30, 2001. SFAS 141 requires companies to account for all business combinations using the purchase method of accounting, recognize intangible assets if certain criteria are met, as well as provide additional disclosures regarding business combinations and allocation of purchase price.

In June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"), which requires nonamortization of goodwill and intangible assets that have indefinite useful lives and annual tests of impairment of those assets. The statement also provides specific guidance about how to determine and measure goodwill and intangible asset impairment, and requires additional disclosure of information about goodwill and other intangible assets. The provisions of this statement are required to be applied starting with fiscal years beginning after December 15, 2001 and applied to all goodwill and other

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

intangible assets recognized in its financial statements at that date. Goodwill and certain intangible assets acquired after June 30, 2001 are subject to the nonamortization provisions of the statement. The Company has elected early adoption of SFAS No. 142 beginning October 1, 2001.

- (a) The fair value of the options and warrants was calculated using the following assumptions:
- (1) risk free interest rate of 3.5%;
 - (2) stock price of \$59.47;
 - (3) dividend yield of 0%;
 - (4) remaining life of 6 to 9 years; and
 - (5) volatility of 100%.
- (b) Long-term debt is comprised of the senior subordinated discount notes and amounts outstanding under the senior credit facility. The fair value of the senior subordinated discount notes is stated at quoted market value as of September 10, 2001 of \$165,000 as compared to carrying value of \$151,653 which resulted in an increase of \$13,347. The carrying amount of the senior credit facility is a reasonable estimate of its fair value due to the debt being variable-rate debt.

- (c) Represents the previously unrecognized deferred income tax assets of iPCS.
- (d) Allocation to the acquired customer base is calculated on 107,412 existing iPCS customers valued at \$372 per customer, which reflects iPCS' average cost of acquiring a new customer.
- (e) Allocation to the rights to provide service under the Sprint PCS management agreement is based upon management's estimate of the present value of the right to use the Sprint PCS spectrum, the Sprint PCS brand name, accelerated start-up, network equipment and handset discounts, less the affiliation fee we are obligated to pay Sprint PCS.
- (4) Represents the reclassification of amounts payable by iPCS to Sprint PCS for consistency in presentation in the amount of \$10,454.

DESCRIPTION OF AIRGATE

Business Overview

AirGate markets and provides digital personal communications services, referred to as PCS. AirGate is a network partner of Sprint PCS, the personal communications services group of Sprint Corporation. Sprint PCS, directly and indirectly through network partners such as AirGate, provides wireless services in more than 4,000 cities and communities across the country. Through AirGate's management agreement with Sprint PCS, AirGate has the right to provide Sprint PCS products and services under the Sprint and Sprint PCS brand names in a territory that covers almost the entire state of South Carolina, parts of North Carolina and the eastern Georgia cities of Augusta and Savannah. AirGate's Sprint PCS territory encompasses 21 contiguous basic trading areas, referred to as markets, with approximately 7.1 million residents.

AirGate launched Sprint PCS service in select markets in January 2000 and

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

currently offers service in all of its 21 Sprint PCS markets. AirGate's Sprint PCS network currently covers approximately 5.9 million, or 82%, of the 7.1 million residents in its Sprint PCS territory. The number of residents covered by AirGate's Sprint PCS network does not represent the actual number of its subscribers that it expects to have in its territory, but instead represents the maximum number of potential subscribers in that territory. As of June 30, 2001, AirGate provided Sprint PCS service to 179,403 subscribers within its Sprint PCS territory.

AirGate's History

AirGate PCS, Inc. (formerly AirGate Holdings, Inc.) and its subsidiaries and predecessors were formed for the purpose of becoming a leading provider of wireless PCS. In July 1998, AirGate's predecessor entered into a series of agreements with Sprint and Sprint PCS under which it agreed to construct and manage a PCS network using Sprint PCS' licensed spectrum and supporting Sprint PCS' products and services within a specified territory in the southeastern United States.

AirGate's predecessor formed AirGate PCS, Inc., a Delaware corporation, in August 1998 to assume its responsibilities under the Sprint PCS agreements. In the course of its operations, AirGate has formed two wholly owned subsidiaries, AGW Leasing Company, Inc. and AirGate Network Services, LLC.

Sprint PCS

Sprint PCS is a wholly owned subsidiary of Sprint, a diversified telecommunications service provider, that operates a 100% digital PCS wireless network in the United States and holds the licenses to provide PCS nationwide using a single frequency band and a single technology. Sprint PCS directly operates its PCS network in major metropolitan markets throughout the United States and has entered into independent agreements with various network partners, such as AirGate, under which the network partners have agreed to construct and manage PCS networks in smaller metropolitan areas and along major highways.

Markets

AirGate's Sprint PCS markets consist of almost the entire state of South Carolina including Charleston, Columbia and Greenville-Spartanburg; portions of North Carolina including Asheville, Wilmington and Hickory; and the eastern Georgia cities of Augusta and Savannah. AirGate believes that connecting Sprint PCS' existing markets, including Atlanta, Georgia and Charlotte and Raleigh-Durham, North Carolina, with AirGate's markets is an important part of Sprint PCS' on-going strategy to provide seamless, nationwide PCS service to its subscribers. Each of AirGate's markets contains 10 MHZ of spectrum.

The following table sets forth the location, population and date on which AirGate began providing commercial Sprint PCS service in each of the markets that comprise its Sprint PCS territory:

-
- (1) Based on 2000 estimates compiled by Kagan's Wireless Telecom Atlas & Databook, 2001 Edition, as reported per individual BTA.
 - (2) Territory covered by AirGate's Sprint PCS agreement does not comprise a complete BTA.

AirGate's Sprint PCS agreements require AirGate to provide PCS coverage to certain percentages of the residents in each of the markets granted to AirGate by those agreements. AirGate is fully compliant with these build-out requirements.

AirGate believes its Sprint PCS territory, with 7.1 million residents, has attractive demographic characteristics. Its Sprint PCS territory has many vacation destinations, covers substantial highway mileage and includes a large student population, with at least 27 colleges and universities.

Products and Services

AirGate offers Sprint PCS' products and services throughout its Sprint PCS territory. These products and services are designed to mirror the services offered by Sprint PCS and to provide seamless integration with the Sprint PCS nationwide network.

AirGate's primary service is wireless mobility coverage. As a Sprint PCS network partner, its existing PCS network is part of the largest 100% digital PCS network in the United States. Sprint PCS customers in its territory may use Sprint PCS services throughout AirGate's contiguous markets and seamlessly throughout the Sprint PCS network.

AirGate supports and markets the Sprint Wireless Web throughout its territory. The Sprint Wireless Web allows subscribers with data-capable handsets to connect their portable computers or personal digital assistants to the Internet. Sprint PCS subscribers with web-browser enabled handsets also have the ability to receive

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

periodic information updates such as stock prices, airline schedules, sports scores and weather reports directly on their handsets by connecting to and browsing specially designed text-based Internet sites such as Yahoo!, Amazon.com, Bloomberg.com, CNN.com, MapQuest.com, Fox Sports, Ameritrade, InfoSpace.com, ABC News.com, AOL.com, ESPN.com, E*Trade, USA Today.com and Weather.com. Sprint PCS offers various pricing options including a fixed number of updates or a bundle of data minutes as add-ons to existing Sprint PCS Free and Clear pricing plans or a bundle of minutes for a set price that can be used for either data or voice.

AirGate offers Code Division Multiple Access (CDMA) handsets weighing approximately five to seven ounces and offering up to three to five days of standby time and approximately two to four hours of talk time. AirGate also offers dual-band/dual-mode handsets that allow customers to make and receive calls on both PCS and cellular frequency bands and both digital or analog technology. All handsets are equipped with preprogrammed features, and are sold under the Sprint and Sprint PCS brand names.

AirGate provides roaming services to Sprint PCS subscribers that use a portion of its Sprint PCS network, and to non-Sprint subscribers when they use a portion of its Sprint PCS network pursuant to roaming agreements between Sprint PCS and other wireless service providers. Sprint PCS and other wireless service providers supply similar services to AirGate's subscribers when its subscribers use a portion of their networks.

Marketing Strategy

AirGate's marketing and sales strategy uses the advertising and marketing programs that have been developed by Sprint PCS. AirGate enhances Sprint PCS' marketing with strategies it has tailored to its specific markets.

Sprint PCS uses national as well as regional television, radio, print, outdoor and other advertising campaigns to promote its products. AirGate benefits from this national advertising in its territory at no additional cost to it. Sprint PCS also runs numerous promotional campaigns that provide customers with benefits such as additional features at the same rate. AirGate is able to purchase promotional materials related to these programs from Sprint PCS at their cost.

AirGate supplements Sprint PCS' marketing strategies with local radio, television, outdoors and newspaper advertising that promote the use of its products and services in each of its markets. AirGate has established a large local sales force to execute AirGate's marketing strategy through 34 company-operated Sprint PCS stores, and it employs a direct sales force targeted to business sales. AirGate features the nationally recognized Sprint and Sprint PCS brand names in its marketing efforts. In addition, Sprint PCS' existing agreements with national retailers provide AirGate with access to over 300 retail locations in its territory.

Finally, AirGate offers Sprint PCS' pricing strategies to its customers. Sprint PCS' consumer pricing plans are typically structured with competitive monthly recurring charges, large local calling areas, service features such as voicemail, enhanced caller ID, call waiting and three-way calling, and competitive per-minute rates.

Sales and Distribution

Sprint has an arrangement with RadioShack under which Sprint PCS installs a "store within a store." RadioShack has approximately 98 stores in AirGate's Sprint PCS territory. In addition to RadioShack, Sprint PCS has agreements with other national retailers, which provide an additional 187 retail stores in AirGate's Sprint PCS territory and local independent agents, which provide an

additional 50 retail stores in its Sprint PCS territory.

AirGate also operates 34 Sprint PCS stores within its Sprint PCS territory. AirGate's stores provide it with a strong local presence and a high degree of visibility. Following the Sprint PCS model, these stores are designed to facilitate retail sales, bill collection and customer service.

76

Suppliers and Equipment Vendors

AirGate does not manufacture any of the handsets or network equipment it uses in its operations. AirGate purchases its network equipment and handsets pursuant to various Sprint PCS vendor arrangements that provide it with volume discounts. These discounts have significantly reduced the overall capital required to build its network and the costs of handsets to it.

Under such arrangements, AirGate currently purchases its network equipment from Lucent Technologies, its handsets directly from Sprint PCS and its accessories from certain other third party vendors.

Network Operations

The effective operation of AirGate's portion of the Sprint PCS network requires:

- . public switched and long distance interconnection;
- . the implementation of roaming arrangements; and
- . the development of network monitoring systems.

AirGate monitors its portion of the Sprint PCS network during normal business hours. AirGate currently uses Sprint PCS' Network Operations Control Center for continuous network monitoring.

Sprint PCS developed the initial plan for the build-out of AirGate's Sprint PCS network. AirGate has further enhanced this plan to provide better coverage for its Sprint PCS territory. Pursuant to AirGate's network operations strategy, AirGate has provided PCS to the largest communities in its markets and has covered interstates and primary roads connecting these communities to each other and to the adjacent major markets owned and operated by Sprint PCS.

AirGate's network currently consists of four switches at two switch centers and approximately 720 operating cell sites. A switching center serves several purposes, including routing calls, managing call handoff, managing access to the public telephone network and providing access to voice mail. Ninety-nine percent of AirGate's operating cell sites are co-located. Co-location describes the strategy of leasing available space on a tower or cell site owned by another company rather than building and owning the tower or cell site directly.

AirGate's network connects to the public telephone network through local exchange carriers, which facilitate the origination and termination of traffic between its network and both local exchange and long distance carriers. Through AirGate's Sprint PCS agreements, AirGate has the benefit of Sprint PCS-negotiated interconnection agreements with local exchange carriers.

AirGate uses Sprint and other third party providers for long distance services and for back haul services. Under AirGate's agreements with Sprint PCS, it is required to use Sprint for long distance services and Sprint

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

provides AirGate with preferred rates for long distance services. Back haul services are the telecommunications services which other carriers provide to carry AirGate's voice traffic from its cell sites to its switching facilities. When AirGate uses Sprint for back haul services, it receives the same preferred rates made available to Sprint PCS.

Technology

In 1993, the FCC allocated the 1900 MHz frequency block of the radio spectrum for wireless PCS. Wireless PCS operates at a higher frequency and employs more advanced digital technology than traditional analog cellular telephone service. The enhanced capacity of digital systems, along with enhancements in digital protocols, allows digital-based wireless technologies, whether using wireless PCS or cellular frequencies, to offer new and enhanced services, including greater call privacy and more robust data transmission, such as facsimile, electronic mail and connecting notebook computers with computer/data networks.

77

Presently, wireless PCS systems operate under one of three principal air interface protocols: code division multiple access (CDMA), time division multiple access (TDMA) or global system for mobile communications (GSM). Wireless PCS operators in the United States now have dual-mode or tri-mode handsets available so that their customers can operate on different networks that employ different protocols.

CDMA Technology

CDMA technology is fundamental to accomplishing AirGate's business objective of providing high volume, high quality airtime at a low cost. AirGate believes that CDMA provides important system performance benefits. CDMA systems offer more powerful error correction, less susceptibility to fading and reduced interference than analog systems. Using enhanced voice coding techniques, CDMA systems achieve voice quality that is comparable to that of the typical wireline telephone. This CDMA vocoder technology also employs adaptive equalization which filters out annoying background noise more effectively than existing wireline, analog cellular or other digital PCS phones. CDMA technology allows a greater number of calls within one allocated frequency and reuses the entire frequency spectrum in each cell. CDMA technology also combines a constantly changing coding scheme with a low power signal to enhance security and privacy. Vendors are currently developing additional encryption capabilities which will further enhance overall network security. CDMA technology is designed to provide flexible or "soft" capacity that permits a system operator to temporarily increase the number of telephone calls that can be handled within a cell. As a subscriber travels from one cell site to another cell site, the call must be "handed off" to the second cell site. CDMA systems transfer calls throughout the network using a technique referred to as a soft hand-off, which connects a mobile customer's call with a new cell site while maintaining a connection with the cell site currently in use.

CDMA offers a cost effective migration to the next generation of wireless services. CDMA standards and products currently in place will allow existing CDMA networks to be upgraded in a cost efficient manner to the next generation of wireless technology. This next generation of technology will offer data speeds of up to 144 kilo bits per second, voice capacity improvements of over 50% and improved battery life in the handset. It is expected that these services will be deployed in CDMA networks no later than mid-2002. Further standards are being developed for CDMA that will offer data speeds in excess of 2,000 kilo bits per second and additional improvements in voice capacity.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Research and Development

AirGate currently does not conduct its own research and development. Instead it benefits from Sprint PCS' and its vendors' extensive research and development effort, which provides AirGate with access to new technological products and enhanced service features without significant research and development expenditures of its own. AirGate has been provided prompt access to any developments produced by Sprint PCS for use in its network.

Intellectual Property

Other than AirGate's corporate name, AirGate does not own any intellectual property that is material to its business. "Sprint," the Sprint diamond design logo, "Sprint PCS," "Sprint Personal Communication Services," "The Clear Alternative to Cellular" and "Experience the Clear Alternative to Cellular Today" are service marks registered with the United States Patent and Trademark Office and owned by Sprint. Pursuant to AirGate's Sprint PCS agreements, AirGate has the right to use, royalty-free, the Sprint and Sprint PCS brand names and the Sprint diamond design logo and certain other service marks of Sprint in connection with marketing, offering and providing licensed services to end-users and resellers, solely within its Sprint PCS territory.

Except in certain instances, Sprint PCS has agreed not to grant to any other person a right or license to provide or resell, or act as agent for any person offering, licensed services under the licensed marks in AirGate's Sprint PCS territory except as to Sprint PCS' marketing to national accounts and the limited right of resellers of Sprint PCS to inform their customers of handset operation on the Sprint PCS network. In all other

78

instances, Sprint PCS has reserved for itself and its network partners the right to use the licensed marks in providing its services, subject to its exclusivity obligations described above, whether within or without AirGate's Sprint PCS territory.

AirGate's Sprint PCS agreements contain numerous restrictions with respect to the use and modification of any of the licensed marks.

Competition

Competition in the wireless communications industry is intense. AirGate operates in highly competitive markets. In its Sprint PCS territory, AirGate competes with both cellular and PCS providers. The cellular providers include Alltel and Verizon. The PCS providers include Cingular Wireless and Triton PCS, an AT&T affiliate. These wireless service providers offer services that are generally comparable to AirGate's PCS service.

AirGate's ability to compete effectively with these other providers depends on a number of factors, including the continued success of CDMA technology in providing better call quality and clarity as compared to analog and digital cellular systems, AirGate's competitive pricing with various options suiting individual customer's calling needs, and the continued expansion and improvement of the Sprint PCS nationwide network, customer care system, and handset options.

Most of AirGate's competitors are cellular providers and joint ventures of wireless communications service providers, many of which have financial resources and customer bases greater than AirGate's. Many of AirGate's competitors have access to more licensed spectrum than the 10 MHz licensed to Sprint PCS in AirGate's Sprint PCS territory. Cellular service providers have

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

licenses covering 25 MHz of spectrum, and two competing PCS providers have licenses to use 30 MHz in AirGate's territory. In addition, certain of AirGate's competitors may be able to offer coverage in areas not served by its Sprint PCS network, or, because of their calling volumes or their affiliations with, or ownership of, wireless providers, may be able to offer roaming rates that are lower than those AirGate offers. PCS providers compete with AirGate in providing some or all of the services available through the Sprint PCS network and may provide services that AirGate does not. Additionally, AirGate expects that existing cellular providers, some of whom have been operational for a number of years and have significantly greater financial and technical resources and customer bases than AirGate, will continue to upgrade their systems to provide digital wireless communication services competitive with Sprint PCS.

In the future, AirGate expects to face increased competition from entities providing similar services using other communications technologies, including satellite-based telecommunications and wireless cable systems. While some of these technologies and services are currently operational, others are being developed or may be developed in the future.

Over the past several years the FCC has auctioned and will continue to auction large amounts of wireless spectrum that could be used to compete with Sprint PCS service. Based upon increased competition, AirGate anticipates that market prices for two-way wireless services generally will decline in the future. AirGate's ability to attract and retain customers will depend principally on the strength of the Sprint and Sprint PCS brand name, services and features; pricing; the location of AirGate's Sprint PCS markets; the size of AirGate's Sprint PCS territory; national network coverage and reliability; and AirGate's customer care.

Employees and Labor Relations

As of June 30, 2001, AirGate employed 479 full-time employees. None of its employees are represented by a labor union. AirGate believes that it has good relations with its employees.

Properties

As of June 30, 2001, AirGate's properties were as follows:

Corporate offices. AirGate's principal executive offices consist of a 19,000 square foot leased office space located at Harris Tower, 233 Peachtree Street, N.E., Suite 1700, Atlanta, Georgia 30303. It

79

also leases a 40,000 square foot office space located at Pelham 85 Business Center in Greenville, South Carolina and a 24,000 square foot office space located at 411 Huger Street in Columbia, South Carolina.

Sprint PCS stores. AirGate currently leases space for 34 Sprint PCS retail stores in its territory.

Switching Centers. AirGate leases two switching centers: a switching center located at Pelham 85 Business Center in Greenville, South Carolina, and a switching center located at 411 Huger Street in Columbia, South Carolina.

Cell Sites. AirGate leases space on 670 cell site towers, and it owns

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

two tower sites. AirGate co-locates on approximately 99% of its cell sites. AirGate believes its facilities are in good operating condition and are currently suitable and adequate for its business operations.

Legal Proceedings

AirGate is not aware of any pending legal proceedings against it which, individually or in the aggregate, are likely, in the opinion of management, to have a material adverse effect on its financial condition or results of operations.

80

AIRGATE MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

On July 22, 1998, AirGate entered into a management agreement with Sprint PCS whereby it became the Sprint PCS network partner with the exclusive right to provide 100% digital, 100% PCS wireless products and services under the Sprint and Sprint PCS brand names in its territory in the southeastern United States. AirGate completed its radio frequency design, network design and substantial site acquisition and cell site engineering, and commenced construction of its PCS network in November 1998. In January 2000, AirGate began commercial operations with the launch of four markets covering 2.2 million residents in its Sprint PCS territory. By September 30, 2000, AirGate had launched commercial PCS service in all of the 21 markets that comprise its Sprint PCS territory. At June 30, 2001, AirGate provided Sprint PCS service to 179,403 subscribers within its Sprint PCS territory.

Sprint PCS has invested \$44.6 million to purchase the PCS licenses in AirGate's territory and incurred additional costs for microwave clearing. Under AirGate's long-term agreements with Sprint PCS, AirGate manages the network on Sprint PCS' licensed spectrum and uses the Sprint and Sprint PCS brand names royalty-free during its affiliation with Sprint PCS. AirGate also has access to Sprint PCS' national marketing support and distribution programs and is entitled to buy network equipment and subscriber handsets at the same discounted rates offered by vendors to Sprint PCS based on its large volume purchases. In exchange for these and other benefits, AirGate is entitled to receive 92%, and Sprint PCS is entitled to retain 8%, of collected service revenues from customers in AirGate's Sprint PCS territory. AirGate is entitled to 100% of revenues collected from the sale of handsets and accessories and on roaming revenues received when Sprint PCS customers from a different territory make a wireless call on AirGate's PCS network.

Through June 30, 2001, AirGate has incurred \$220.2 million of capital expenditures related to the build-out of its PCS network. In the three months ended March 31, 2000, AirGate launched commercial PCS operations in the Greenville-Spartanburg, Anderson and Myrtle Beach, South Carolina markets and the Hickory, Asheville, Wilmington and Rocky Mount, North Carolina markets. In the three months ended June 30, 2000, AirGate launched commercial PCS operations in the Charleston, Columbia and Florence, South Carolina markets, the Augusta and Savannah, Georgia markets and the Goldsboro, Jacksonville, New Bern, Orangeburg, Roanoke Rapids and Greenville-Washington, North Carolina markets. In the three months ended September 30, 2000, AirGate launched commercial PCS operations in the Greenwood and Sumter, South Carolina markets and the Outer Banks, North Carolina market. At June 30, 2001, AirGate's Sprint PCS network covered 5.9 million of the 7.1 million residents in AirGate's Sprint PCS territory.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

On August 28, 2001, AirGate entered into the merger agreement described in this proxy statement/prospectus. The costs that AirGate expects to incur in connection with the transaction, which are estimated to be approximately \$5.7 million, will be accrued and recorded as part of the consideration for the transaction.

Results of Operations

For the nine months ended June 30, 2001 compared to the nine months ended June 30, 2000:

Customer Additions

As of June 30, 2001, AirGate provided personal communication services to 179,403 customers, net of customers for which no revenues were recognized. Thus, for the nine months ended June 30, 2001, a net 122,714 customers were added. As of June 30, 2000, AirGate provided personal communication services to 23,482 customers. The increased net customers acquired during the nine months ended June 30, 2001 are attributable to having all of AirGate's 21 markets fully launched during 2001.

Average Revenue Per User (ARPU)

An important operating metric in the wireless industry is average revenue per user (ARPU). ARPU summarizes the average monthly service revenue per customer, net of the allowance for doubtful accounts.

81

ARPU is computed by deducting the provision for doubtful accounts from service revenue and dividing the result by the average subscribers for the period. For the nine months ended June 30, 2001, ARPU was \$54. For the nine months ended June 30, 2000, ARPU was \$58. The increase in ARPU primarily resulted from customers selecting rate plans with higher monthly recurring charges.

Revenues

Service revenue and equipment revenue were \$61.9 million and \$7.4 million for the nine months ended June 30, 2001, respectively, compared to \$2.5 million and \$1.0 million, respectively, for the nine months ended June 30, 2000. The increased revenues reflect the growth in subscribers as a result of AirGate's launch of commercial operations in 21 markets during fiscal 2000. Service revenue consists of monthly recurring access and feature charges and monthly non-recurring charges for local, long distance and roaming airtime usage in excess of the pre-subscribed usage plan. Equipment revenue is derived from the sale of handsets and accessories from AirGate's Sprint PCS stores, net of an allowance for returns. AirGate's handset return policy allows customers to return their handsets for a full refund within 14 days of purchase. When handsets are returned to AirGate, AirGate may be able to reissue the handsets to customers at little additional cost to it. However, when handsets are returned to Sprint PCS for refurbishing, AirGate receives a credit from Sprint PCS, which is less than the amount it originally paid for the handset.

AirGate recorded roaming revenue of \$35.5 million for the nine months ended June 30, 2001, compared to roaming revenue of \$4.7 million during the nine months ended June 30, 2000, an increase of \$30.8 million. The increase is attributable to the completion of the initial network build-out and a larger customer base for Sprint PCS and its other network partners. AirGate receives Sprint PCS roaming revenue at a per-minute rate from Sprint PCS or another Sprint PCS network partner when Sprint PCS subscribers outside of its territory use its network. For the nine months ended June 30, 2001, such roaming revenue

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

was \$34.5 million, or 97% of the \$35.5 million in roaming revenue recorded in the period. AirGate also receives non-Sprint PCS roaming revenue when subscribers of other wireless service providers who have roaming agreements with Sprint PCS roam on its network.

On April 27, 2001, AirGate and Sprint PCS announced that they had reached an agreement in principle to reduce the reciprocal roaming rate exchanged between Sprint PCS and AirGate PCS for customers who roam into the other party's territory. The rate was reduced from \$.20 per minute of use to \$.15 per minute of use beginning June 1, 2001, and to \$.12 per minute of use beginning October 1, 2001. Beginning January 1, 2002, and for the remainder of the term of the management agreement with Sprint PCS, the rate will be adjusted to provide a fair and reasonable return on the cost of the underlying network. In accordance with the agreement in principle, on May 1, 2001, Sprint PCS provided notice of reduction of the roaming rate to \$0.15 per minute of use on June 1, 2001, and to \$0.12 per minute of use on October 1, 2001. The details of the agreement in principle with respect to periods after December 31, 2001 have not yet been finalized. As a result of these changes, increased inbound roaming minutes from increasing network coverage and a growing Sprint PCS subscriber base will be partially offset by the lower per minute rate.

Cost of Service and Roaming

The cost of service and roaming was \$71.4 million for the nine months ended June 30, 2001, compared to \$15.8 million for the nine months ended June 30, 2000, an increase of \$55.6 million. Cost of service and roaming represents roaming expense when AirGate customers place calls on Sprint PCS' network, network operating costs (including salaries, cell site lease payments, fees related to the connection of AirGate's switches to the cell sites that they support, inter-connect fees and other expenses related to network operations), back office services provided by Sprint PCS such as customer care, billing and activation, the 8% of collected service revenue representing the Sprint affiliation fee, and long distance expense relating to inbound roaming revenue and its own customer's usage.

Roaming expense included in cost of service and roaming was \$22.0 million for the nine months ended June 30, 2001, compared to \$2.5 million for the nine months ended June 30, 2000, an increase of \$19.5 million. As discussed above, the per minute rate AirGate pays Sprint PCS when AirGate customers roam

82

onto the Sprint PCS network decreased beginning June 1, 2001. The increased roaming minutes resulting from increasing AirGate PCS subscriber levels will be partially offset by the lower per minute rate paid to Sprint PCS.

AirGate was supporting 179,403 customers at June 30, 2001, compared to 23,482 customers at June 30, 2000. At June 30, 2000, AirGate's network consisted of 519 active cell sites and three switches. At June 30, 2001, AirGate's network was built-out to include 672 active cell sites and four switches. There were approximately 72 employees performing network operations functions at June 30, 2001, compared to 45 employees at June 30, 2000. Network operating costs were \$26.0 million for the nine months ended June 30, 2001, a \$12.3 million increase over the \$13.7 million incurred during the nine months ended June 30, 2000 as a result of the increased subscriber base. The Sprint affiliation fee totaled \$5.0 million in the nine months period ended June 30, 2001, compared to \$0.2 million for the nine months ended June 30, 2000, an increase of \$4.8 million.

Cost of Equipment

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Cost of equipment was \$14.4 million for the nine months ended June 30, 2001, compared to \$2.0 million for the nine months ended June 30, 2000, an increase of \$12.4 million. This increase corresponds with the increase in the number of customers since the launch of commercial operations in January 2000, as cost of equipment includes the cost of handsets and accessories sold to customers from AirGate's Sprint PCS stores. The cost of handsets exceeds the retail price received from customers because AirGate subsidizes the price of handsets to remain competitive in the marketplace.

Selling and Marketing

AirGate incurred selling and marketing expenses of \$49.2 million during the nine months period ended June 30, 2001, compared to \$13.7 million during the nine months period ended June 30, 2000, an increase of \$35.5 million. The increase is primarily comprised of compensation and benefits relating to growth in the number of employees, additional advertising expenditures and handset subsidies on units sold by third parties. These amounts include retail store costs such as salaries and rent in addition to promotion, advertising and commission costs, and handset subsidies on units sold by third parties for which AirGate does not record revenue. At June 30, 2001, there were approximately 346 employees performing sales and marketing functions, compared to 189 employees as of June 30, 2000. Handset subsidies total \$8.1 million for the nine months ended June 30, 2001, compared to \$1.7 million for the nine months ended June 30, 2000, an increase of \$6.4 million. In the nine months ended June 30, 2001, AirGate added 122,714 net additional customers compared to 23,482 net additional customers in the nine months ended June 30, 2000.

General and Administrative

For the nine months ended June 30, 2001, AirGate incurred expenses of \$12.1 million, compared to \$9.5 million for the nine months ended June 30, 2000, an increase of \$2.6 million. The increase is primarily comprised of compensation and benefits relating to growth in the number of new employees partially offset by lower professional fees of \$0.4 million and lower amounts earned under the Retention Bonus Agreement with AirGate's Chief Executive Officer of \$0.5 million. Of the 479 employees at June 30, 2001, approximately 61 employees were performing corporate support functions compared to 38 employees as of June 30, 2000.

Noncash Stock Option Compensation

Noncash stock option compensation expense was \$1.2 million for the nine months ended June 30, 2001, compared to \$1.1 million for the nine months ended June 30, 2000, an increase of \$0.1 million. For the nine months ended June 30, 2001, \$1.0 million related to general and administrative, \$0.1 million to cost of service, and \$0.1 million to selling and marketing. AirGate applies the provisions of APB Opinion No. 25 and related interpretations in accounting for its stock option plan. Unearned stock option compensation is recorded for the

83

difference between the exercise price and the fair market value of AirGate's common stock at the date of grant and is recognized as noncash stock option compensation expense in the period in which the related services are rendered.

Depreciation and Amortization

For the nine months ended June 30, 2001, depreciation and amortization expense was \$21.5 million, compared to \$6.8 million for the nine months ended June 30, 2000, an increase of \$14.7 million. The increase in depreciation and amortization expense relates primarily to the completion of AirGate's initial

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

network buildout during fiscal year 2000 to support its commercial launch. Depreciation and amortization will continue to increase as additional portions of AirGate's network are placed into service. AirGate incurred capital expenditures of \$40.7 million in the nine months ended June 30, 2001 related to the continued build-out of its PCS network, which included approximately \$2.2 million of capitalized interest. During the nine months ended June 30, 2000, AirGate incurred capital expenditures of \$123.4 million, which included approximately \$4.7 million of capitalized interest.

Interest Income

For the nine months ended June 30, 2001, interest income was \$2.4 million compared to \$8.1 million for the nine months ended June 30, 2000. The decrease in interest income corresponds to the decrease in cash and cash equivalents.

Interest Expense

For the nine months ended June 30, 2001, interest expense was \$23.3 million, compared to \$19.6 million for the nine months ended June 30, 2000, an increase of \$3.7 million. The increase includes \$2.2 million greater accretion of original issue discount on the senior subordinated discount notes and \$1.5 million associated with increased average outstanding borrowings under the Senior Credit Facility. AirGate had borrowings of \$242.1 million as of June 30, 2001, compared to \$180.7 million at September 30, 2000 and \$174.9 million at June 30, 2000.

Net Loss

For the nine months ended June 30, 2001, the net loss was \$86.0 million, compared to a net loss of \$52.1 million for the nine months ended June 30, 2000, an increase of \$33.9 million.

For the year ended September 30, 2000:

AirGate did not launch commercial operations until January 2000. For the nine months ended September 30, 1999, it had no customers and thus no service, roaming and equipment revenues or the related costs of revenues and sales and marketing costs.

Customer Additions

For the year ended September 30, 2000, AirGate added a net 56,689 customers since the launch of its commercial operations in January 2000. AirGate launched all 21 of the markets that comprise its Sprint PCS territory during 2000.

Average Revenue Per User (ARPU)

ARPU was \$56 since commercial operations were launched in January 2000.

Revenues

Service revenue and equipment revenue were \$9.2 million and \$3.0 million, respectively, for the year ended September 30, 2000. These revenues were the result of launching commercial operations in 21 markets during the year. Roaming revenue of \$12.3 million was recorded during the year ended September 30, 2000.

Cost of Service and Roaming and Cost of Equipment

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The cost of service and roaming and the cost of equipment was \$27.2 million and \$5.7 million, respectively, for the twelve months ended September 30, 2000. The Sprint PCS affiliation fee totaled \$0.8 million in the year ended September 30, 2000. There were approximately 59 employees performing network operations functions at September 30, 2000.

Cost of equipment includes the cost of handsets and accessories sold to customers during the year ended September 30, 2000. The cost of handsets exceeds the retail price because AirGate subsidizes the price of handsets to remain competitive in the marketplace.

Selling and Marketing

AirGate incurred expenses of \$28.4 million during the year ended September 30, 2000 for selling and marketing costs associated with the launch of its 21 markets in 2000. These amounts include retail store costs such as salaries and rent, in addition to promotion, advertising, commission costs, and handset subsidies on units sold by third parties for which AirGate does not record revenue. These handset subsidies totaled \$3.7 million for the year ended September 30, 2000. At September 30, 2000, there were approximately 246 employees performing sales and marketing functions compared to four employees performing those functions at September 30, 1999.

General and Administrative

For the year ended September 30, 2000, AirGate incurred expenses of \$14.1 million compared to \$5.3 million for the nine months ended September 30, 1999, an increase of \$8.8 million. The increase is primarily comprised of additional rent, professional fees, consulting fees for outsourced labor and salaries and compensation, recruiting and relocation costs relating to growth in the number of employees. Of the total 341 employees at September 30, 2000, approximately 36 employees were performing corporate support functions compared to 15 employees performing those functions at September 30, 1999. AirGate incurred \$2.1 million of legal and professional fees related to business development activities in 2000. On May 4, 2000, AirGate entered into a retention bonus agreement with its chief executive officer that provides for the payment of periodic retention bonuses. Included in compensation expense in the year ended September 30, 2000 was \$1.2 million related to the retention bonus agreement with its chief executive officer.

Noncash Stock Option Compensation

Noncash stock option compensation expense was \$1.7 million for the year ended September 30, 2000 compared to \$0.3 million in the nine months ended September 30, 1999. The increase in noncash stock option compensation resulted from a full twelve months expense in 2000 compared to only two months of expense in 1999 related to the July 1999 stock option grants. AirGate applies the provisions of APB Opinion No. 25 and related interpretations in accounting for its stock option plan. Unearned stock option compensation is recorded for the difference between the exercise price and the fair market value of its common stock at the date of grant and is recognized as noncash stock option compensation expense in the period in which the related services are rendered.

Depreciation and Amortization

For the year ended September 30, 2000, depreciation and amortization expense increased \$11.4 million to \$12.0 million compared to \$0.6 million for the nine months ended September 30, 1999. The increase in depreciation and amortization expense relates primarily to network assets placed in service to support AirGate's commercial launch. Depreciation and amortization will continue to increase as additional portions of AirGate's network are placed into service.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate incurred capital expenditures of \$151.4 million in the year ended September 30, 2000 related to the continued build-out of its PCS network which included approximately \$5.9 million of capitalized interest.

85

Interest Income

For the year ended September 30, 2000, interest income was \$9.3 million. Interest income is generated from cash proceeds originating from AirGate's initial public equity and units offering completed on September 30, 1999. Decreasing cash balances as a result of capital expenditures to complete the build-out of AirGate's PCS network and the funding of operating losses will result in lower interest income for fiscal 2001. No significant interest income was recorded in the nine months ended September 30, 1999.

Interest Expense

For the year ended September 30, 2000, interest expense was \$26.1 million, an increase of \$16.8 million compared to the nine months ended September 30, 1999. The increase is primarily attributable to the \$23.0 million associated with the senior subordinated discount notes and \$7.3 million associated with AirGate's financing from Lucent partially offset by \$5.9 million of capitalized interest. AirGate had borrowings of \$180.7 million at September 30, 2000 compared to \$165.7 million at September 30, 1999.

Net Loss

For the year ended September 30, 2000, the net loss was \$81.3 million, an increase of \$65.7 million over a net loss of \$15.6 million for the nine months ended September 30, 1999.

For the nine months ended September 30, 1999:

On October 21, 1999, AirGate changed its fiscal year from a calendar year ending on December 31 to a fiscal year ending on September 30, effective September 30, 1999. From January 1, 1999 through September 30, 1999, AirGate was focused on raising capital to continue its PCS network build-out.

Revenues

AirGate had no commercial operations in the nine months ended September 30, 1999, resulting in no revenues or costs of service being recorded.

General and Administrative Expenses

From January 1, 1999 through September 30, 1999, AirGate was focused on raising capital to continue its PCS network build-out. AirGate incurred general and administrative expenses of \$5.3 million during the nine months ended September 30, 1999, compared to \$2.6 million for the year ended December 31, 1998, an increase of \$2.7 million. The increase was primarily comprised of cell site lease payments related to AirGate's PCS network build-out, additional salaries, employee bonus accruals and relocation liabilities.

Noncash Stock Option Compensation

Noncash stock option compensation expense was \$0.3 million for the nine months ended September 30, 1999 related to the granting of options in July 1999.

Depreciation and Amortization

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

For the nine months ended September 30, 1999, depreciation and amortization expense was \$0.6 million, compared to \$1.2 million for the year ended December 31, 1998. Through August 1998, AirGate was amortizing the purchase price of FCC licenses held by its predecessor. AirGate made capital expenditures of \$32.8 million in the nine months ended September 30, 1999 related to the continued build-out of its PCS network, which included approximately \$1.1 million of capitalized interest.

Interest Expense

For the nine months ended September 30, 1999, interest expense was \$9.4 million, net of capitalized interest of \$1.1 million, an increase of \$8.0 million over the \$1.4 million in interest expense for the year ended

86

December 31, 1998. Interest expense for the 1999 period included an \$8.7 million charge to record the fair value of warrants and the beneficial conversion feature related to the convertible promissory notes issued to affiliates of Weiss, Peck & Greer Venture Partners and affiliates of JAFCO America Ventures Inc. Capitalized interest of \$1.1 million for the nine months ended September 30, 1999 was higher due to increased capital expenditures, compared to no capitalized interest for the year ended December 31, 1998.

Net Loss

For the nine months ended September 30, 1999, AirGate's net loss was \$15.6 million, compared to \$5.2 million for the year ended December 31, 1998. The net loss increased \$10.4 million, resulting primarily from the items discussed above.

For the year ended December 31, 1998:

In July 1998, AirGate signed a series of agreements with Sprint PCS to operate as the exclusive network partner of Sprint PCS in certain markets in the southeastern United States. In October 1998, AirGate PCS, Inc. was formed and all operations related to the affiliation with Sprint PCS were transferred to it and its subsidiaries. The FCC PCS licenses would not be used in AirGate's continuing operations as a Sprint PCS network partner and, therefore, were excluded from the consolidated financial statements of AirGate PCS, Inc. and its subsidiaries and predecessors. During 1998, AirGate focused on consummating its affiliation with Sprint PCS. Expenses incurred for these purposes totaled \$5.2 million for salaries and benefits, professional fees, interest expense and depreciation and amortization. Capital outlays in 1998 amounted to \$12.9 million. Included in this amount were \$7.7 million of network assets which AirGate purchased from Sprint PCS, which include radio frequency and engineering design data, site acquisition materials and construction equipment. AirGate also made \$5.2 million of capital expenditures related to the build-out of its PCS network.

Liquidity and Capital Resources

As of June 30, 2001, AirGate had \$7.8 million in cash and cash equivalents, as compared to \$58.4 million in cash and cash equivalents at September 30, 2000. Working capital was \$1.0 million at June 30, 2001, compared to working capital of \$36.6 million at September 30, 2000.

Net Cash Used In Operating Activities

AirGate used \$41.7 million of cash in operating activities in the nine

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

months ended June 30, 2001. This was the result of its \$86.0 million net loss, that was partially offset by a net \$1.3 million in cash provided by changes in working capital and by depreciation and amortization of note discounts and other non-cash items totaling \$43.0 million.

The \$41.6 million of cash used in operating activities in the year ended September 30, 2000 was the result of the company's \$81.3 million net loss being partially offset by a net \$1.8 million in cash provided by changes in working capital and \$37.9 million of depreciation, amortization of note discounts, amortization of financing costs and noncash stock option compensation.

Net Cash Used in Investing Activities

The \$56.4 million of cash used in investing activities during the nine months ended June 30, 2001 represents cash outlays of \$55.9 million for capital expenditures and \$0.5 million to purchase certain assets of one of AirGate's resellers. Cash payments of \$15.2 million were made for equipment purchases made through accounts payable and accrued expenses at September 30, 2000, in addition to \$40.7 million of capital expenditures in the nine months ended June 30, 2001. Cash payments of \$10.1 million were made for equipment purchases made through accounts payable and accrued expenses at September 30, 1999, in addition to \$123.4 million of capital expenditures in the nine months ended June 30, 2000.

87

The \$152.4 million of cash used in investing activities represents cash outlays for capital expenditures during the year ended September 30, 2000. AirGate incurred a total of \$151.4 million of capital expenditures in the year ended September 30, 2000. Further, cash payments of \$16.2 million were made for equipment purchases made through accrued expenses at September 30, 1999 partially offset by equipment purchases of \$15.2 million made through accounts payable and accrued expenses at September 30, 2000.

Net Cash Provided By Financing Activities

The \$47.6 million in cash provided by financing activities during the nine month period ended June 30, 2001 consisted of \$42.0 million borrowing under the AirGate senior credit facility and \$5.6 million of proceeds received from the exercise of options to purchase common stock by employees.

The \$6.5 million of cash used in financing activities in the year ended September 30, 2000 consisted of the repayment of the \$7.7 million unsecured promissory note partially offset by \$1.2 million received from the exercise of common stock options by employees during 2000.

Liquidity

AirGate was initially capitalized through concurrent public equity and debt offerings on September 30, 1999 with net proceeds of \$269.9 million. As part of these financings, AirGate undertook an initial public offering of 7,705,000 shares of common stock raising \$131.0 million of gross proceeds, or \$120.8 million of net proceeds. Concurrently, AirGate closed its units offering consisting of \$300 million principal amount at maturity of 13.5% senior subordinated discount notes due 2009 and warrants to purchase 644,400 shares of its common stock at \$0.01 per share. The gross proceeds from the units offering were \$156.1 million, or \$149.4 million in net proceeds. The senior subordinated discount notes due 2009 will require cash payments of interest beginning on April 1, 2005.

In addition, AirGate has a \$153.5 million two-tranche senior credit

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

facility. The first installment of the loan, or tranche I, provides for a \$13.5 million senior secured term loan which matures on June 6, 2007. The second installment, or tranche II, is a \$140.0 million senior secured term loan which matures on September 30, 2008. The credit agreement requires AirGate to make quarterly payments of principal beginning December 31, 2002 for tranche I and March 31, 2004 for tranche II initially in the amount of 3.75% of the loan balance then outstanding and increasing thereafter. The commitment fee on unused borrowings is 1.50%, payable quarterly. As of October 15, 2001, AirGate had borrowed the full amount available under tranche I and \$71.8 million under tranche II. As of such date, the availability under AirGate's senior credit facility totaled \$68.2 million.

AirGate's obligations under the senior credit facility are secured by all of its assets. The senior credit facility is subject to certain restrictive covenants including maintaining certain financial ratios, reaching defined subscriber growth and network covered population goals, and limiting annual capital expenditures. If any corporate development event such as an acquisition is effected, additional debt and/or equity capital may be needed. Further, the senior credit facility restricts the payment of dividends on AirGate's common stock.

Management believes that AirGate is in compliance with all financial and operational covenants associated with its senior credit facility, senior subordinated discount notes, and Sprint PCS agreements.

AirGate expects that cash and cash equivalents together with future advances under the senior credit facility will fund its capital expenditures and its working capital requirements through the end of 2002, at which time AirGate anticipates it will be operational cash flow positive.

Seasonality

AirGate's business is subject to seasonality because the wireless industry is heavily dependent on fourth calendar quarter results. Among other things, the industry relies on significantly higher customer additions and

88

handset sales in the fourth calendar quarter as compared to the other three calendar quarters. A number of factors contribute to this trend, including: the increasing use of retail distribution, which is heavily dependent upon the year-end holiday shopping season; the timing of new product and service announcements and introductions; competitive pricing pressures; and aggressive marketing and promotions. The increased level of activity requires a greater use of AirGate's available financial resources during this period.

Inflation

Management believes that inflation has not had, and does not expect inflation to have, a material adverse effect on AirGate's results of operations.

89

DESCRIPTION OF AIRGATE CAPITAL STOCK

General

The following summarizes all of the material terms and provisions of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate's capital stock. AirGate has 155,000,000 shares of authorized capital stock, including 150,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share. As of October 12, 2001, there were 13,364,980 shares of common stock and no shares of preferred stock issued and outstanding.

Common Stock

The holders of AirGate common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders and do not have any cumulative rights. Subject to the rights of the holders of any series of preferred stock, holders of common stock are entitled to receive ratably such dividends as may be declared by the board of directors out of funds legally available therefor. Holders of shares of common stock have no preemptive, conversion, redemption, subscription or similar rights. If AirGate liquidates, dissolves or winds up, the holders of shares of common stock are entitled to share ratably in the assets which are legally available for distribution, if any, remaining after the payment or provision for the payment of all debts and other liabilities and the payment and setting aside for payment of any preferential amount due to the holders of shares of any series of preferred stock.

Preferred Stock

Under AirGate's certificate of incorporation, the board of directors is authorized, subject to certain limitations prescribed by law, without further stockholder approval, from time to time to issue up to an aggregate of 5,000,000 shares of preferred stock. The preferred stock may be issued in one or more series. Each series may have different rights, preferences and designations and qualifications, limitations and restrictions that may be established by AirGate's board of directors without approval from the stockholders. These rights, designations and preferences include:

- . number of shares to be issued;
- . dividend rights;
- . dividend rates;
- . right to convert the preferred shares into a different type of security;
- . voting rights attributable to the preferred shares;
- . right to set aside a certain amount of assets for payment relating to the preferred shares; and
- . prices to be paid upon redemption of the preferred shares or a bankruptcy type event.

If AirGate's board of directors decides to issue any preferred stock, it could have the effect of delaying or preventing another party from taking control of AirGate. This is because the terms of the preferred stock would be designed to make it prohibitively expensive for any unwanted third party to make a bid for shares of AirGate's common stock. AirGate has no present plans to issue any shares of preferred stock.

Delaware Law and Certain Charter and By-Law Provisions

AirGate is subject to the provisions of Section 203 of the Delaware General Corporation Law. Subject to certain exceptions, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination"

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

with an "interested stockholder" for a certain period of time. That period is three years after the date of the transaction in which the person became an interested stockholder, unless the interested stockholder attained that status with the approval of the board of directors or unless the business combination is approved in a prescribed manner. A "business combination" includes certain merger, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an "interested stockholder" is a person who, together with his or her affiliates and associates, owns, or owned within three years prior, 15% or more of the corporation's voting stock.

90

AirGate's certificate of incorporation provides that certain business transactions with interested stockholders must be approved by the holders of at least 80% of the voting power of the then-outstanding shares of stock of AirGate entitled to vote in the election of directors, voting together as a single class. Such business transactions include: mergers or consolidations with an interested stockholder; sales, leases, exchanges, mortgages, pledges, transfers or other dispositions of any of AirGate's assets to an interested stockholder; certain sizable issuances or transfers of any of AirGate's securities to an interested stockholder; the adoption of any plan or proposal for the liquidation of AirGate proposed by or on behalf of an interested stockholder; or any reclassification of securities or recapitalization of AirGate which increases the proportionate share of any class of securities of an interested stockholder. However, the affirmative vote of a majority of the shares of outstanding stock entitled to vote, or such vote as is required by law or AirGate's certificate of incorporation, will suffice with respect to a business combination with an interested stockholder if the consideration received meets certain fair price standards.

AirGate's certificate of incorporation and by-laws provide for the division of the board of directors into three classes, as nearly equal in size as possible, with each class beginning its three year term in a different year. A director may be removed only for cause by the affirmative vote of the holders of at least 80% of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally for the election of directors voting together as a single class.

AirGate's by-laws will also require a stockholder who intends to nominate a candidate for election to the board of directors, or to raise new business at a stockholder meeting to give at least 90 days advance notice to the Secretary. The notice provision will require a stockholder who desires to raise new business to provide AirGate certain information concerning the nature of the new business, the stockholder and the stockholder's interest in the business matter. Similarly, a stockholder wishing to nominate any person for election as a director will need to provide AirGate with certain information concerning the nominee and the proposing stockholder.

AirGate's certificate of incorporation empowers its board of directors, when considering a tender offer or merger or acquisition proposal, to take into account factors in addition to potential economic benefits to stockholders. These factors may include:

- . comparison of the proposed consideration to be received by stockholders in relation to the then current market price of AirGate's capital stock, the estimated current value of AirGate in a freely negotiated transaction and the estimated future value of AirGate as an independent entity; and
- . the impact of a transaction on AirGate's employees, suppliers and

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

clients and its effect on the communities in which AirGate operates.

AirGate's certificate of incorporation also contains a provision which acknowledges that certain of AirGate's Sprint PCS agreements establish a process for the sale of AirGate's operating assets in the event of a default by AirGate and an acceleration of the obligations under AirGate's senior secured credit facility. This provision of the certificate of incorporation is intended to permit the sale of such assets without further stockholder approval.

The provisions described above could make it more difficult for a third party to acquire control of AirGate and, furthermore, could discourage a third party from making any attempt to acquire control of AirGate.

AirGate's certificate of incorporation provides that any action required or permitted to be taken by the AirGate stockholders may be taken only at a duly called annual or special meeting of the stockholders, and that special meetings may be called only by resolution adopted by a majority of the board of directors, or as otherwise provided in the bylaws. These provisions could have the effect of delaying until the next annual stockholders meeting stockholder actions that are favored by the holders of a majority of the outstanding voting securities. These provisions may also discourage another person or entity from making an offer to stockholders for the common stock. This is because the person or entity making the offer, even if it acquired a majority of

91

the outstanding voting securities of AirGate, would be unable to call a special meeting of the stockholders and would further be unable to act pursuant to a unanimous written consent of the stockholders. As a result, any meeting as to matters they endorse, including the election of new directors or the approval of a merger, would have to wait for the next duly called stockholders meeting.

Delaware law provides that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or by-laws, unless the corporation's certificate of incorporation or by-laws, as the case may be, requires a greater percentage. AirGate's certificate of incorporation requires the affirmative vote of the holders of at least 80% of the outstanding voting stock to amend or repeal any of the provisions of the certificate of incorporation described above. The 80% vote is also required to amend or repeal any of AirGate's by-law provisions described above. The by-laws may also be amended or repealed by the board of directors. The 80% stockholder vote would be in addition to any separate vote that each class of preferred stock is entitled to that might in the future be required in accordance with the terms of any preferred stock that might be outstanding at the time any amendments are submitted to stockholders.

AirGate has never declared or paid any cash dividends on its common stock or any other of its securities. AirGate intends to retain its future earnings, if any, to fund the development and growth of its business and, therefore, does not anticipate paying cash dividends in the foreseeable future. AirGate's future decisions concerning the payment of dividends on its common stock will depend upon its results of operations, financial condition and capital expenditure plans, as well as such other factors as AirGate's board of directors, in its sole discretion, may consider relevant. In addition, AirGate's existing indebtedness restricts, and AirGate anticipates its future indebtedness may restrict, AirGate's ability to pay dividends.

DESCRIPTION OF iPCS

Business Overview

iPCS, Inc. is a network partner of Sprint PCS with the exclusive right to market 100% digital personal communications services, or PCS, wireless phone service under the Sprint and Sprint PCS brand names to a total population of more than 7.4 million in 37 markets consisting of mid-sized cities and rural areas in Illinois, Michigan, Iowa and eastern Nebraska. In January 1999, iPCS entered into its long-term affiliation agreements with Sprint PCS for iPCS' initial territory of 15 markets with a total population of over 2.8 million in the states of Illinois and Iowa. iPCS began providing service in December 1999. Following iPCS' successful initial launch, Sprint PCS selected it to be the exclusive Sprint PCS network partner for 20 additional markets with a total population of over 4.2 million in the states of Michigan, Iowa and Nebraska. As part of this expansion in July 2000, iPCS purchased from Sprint PCS network assets under construction in four markets in Michigan. In addition, iPCS was granted the option to add to its territory the Iowa City and Cedar Rapids, Iowa markets that Sprint PCS launched in February 1997 and to purchase from Sprint PCS related assets in those markets. On February 28, 2001, iPCS completed the purchase of certain fixed assets from Sprint PCS located in the Iowa City and Cedar Rapids, Iowa markets. The purchase price of these assets was approximately \$31.6 million which iPCS paid in cash from working capital. These two markets, with a total population of approximately 406,000 residents, had approximately 14,000 subscribers as of February 28, 2001. As of June 30, 2001, iPCS had launched service in 28 markets covering approximately 5.0 million residents and had 107,412 customers. By the end of 2001, iPCS plans to offer service on its network, which it refers to as providing coverage, to the portions of its territory where approximately 79% of the total population resides, at which time it will offer service in all of its markets.

iPCS' History

Illinois PCS, LLC was formed in January 1999 as an Illinois limited liability company. On July 12, 2000, iPCS reorganized the business into a C Corporation in which the members of Illinois PCS, LLC received shares of common stock in iPCS, Inc., in the same proportion to their membership interests in Illinois PCS, LLC. As of July 12, 2000, Illinois PCS, LLC merged with and into iPCS Wireless, Inc., a wholly owned subsidiary of iPCS, Inc. iPCS Equipment, Inc. was also formed as a wholly owned subsidiary of iPCS Wireless, Inc.

Markets

iPCS' territory includes 37 markets containing a total population of over 7.4 million residents in:

- . Illinois, including Peoria, Springfield, Champaign-Urbana, Decatur-Effingham, Bloomington and the Quad Cities (Rock Island and Moline, Illinois; and Davenport and Bettendorf, Iowa);
- . Michigan, including Grand Rapids, Saginaw-Bay City, Muskegon and Traverse

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

City;

- . Iowa, including Cedar Rapids, Iowa City, Waterloo-Cedar Falls and Dubuque; and eastern Nebraska.

iPCS is the exclusive provider of Sprint PCS products and services in these markets which are adjacent to several major metropolitan operational markets in the midwestern United States which are owned and operated by Sprint PCS including Chicago, Detroit, Des Moines, Indianapolis, Omaha and St. Louis. iPCS believes connecting existing Sprint PCS markets is important to Sprint PCS' strategy to provide seamless, nationwide PCS service.

Network Operations

The effective operation of iPCS' portion of the Sprint PCS network requires:

- . Public switched and long distance interconnection;
- . The implementation of roaming arrangements; and
- . The development of network monitoring systems.

iPCS' network connects to the public telephone network through local exchange carriers, which facilitate the origination and termination of traffic between iPCS' network and local exchange and long distance carriers. Through iPCS' Sprint PCS agreements, iPCS receives the benefits of their lower interconnection rates with the local exchange carriers. iPCS has entered into an agreement with Sprint, which provides iPCS long distance services at the same preferred rates made available to Sprint PCS.

Through iPCS' arrangements with Sprint PCS and Sprint PCS arrangements with other wireless service providers, Sprint PCS customers based in iPCS' territory have roaming capabilities outside its network. Likewise, Sprint PCS customers, based outside iPCS' territory and non-Sprint PCS customers have roaming capabilities on its network.

iPCS utilizes Sprint PCS Network Operations Control Center for around-the-clock monitoring as well as its own switching centers' capabilities for its network base stations and switches.

As of June 30, 2001, iPCS' network included two switching centers and 395 operating cell sites. With the launch of all iPCS' markets by December 31, 2001, iPCS anticipates its network will include three switching centers and approximately 625 cell sites.

iPCS acquires and makes operational a cell site by co-locating on an existing tower owned by third parties, constructing a new tower itself or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

contracting with a build-to-suit company to construct the tower for it. Generally, iPCS prefers to co-locate due to its lower construction costs and the fact that any zoning difficulties have likely already been resolved. Where iPCS cannot co-locate, iPCS will either construct the tower using contractors or engage in a build-to-suit arrangement. For those towers iPCS constructs itself, iPCS generally sells the tower and leases it back from the buyer. In a build-to-suit arrangement, an independent tower construction company acquires the site, builds the tower and leases it to iPCS, thereby reducing iPCS' capital expenditures.

In May 1999, iPCS entered into a tower sale and lease-back arrangement with American Tower Corporation for 60 to 80 towers iPCS constructed in its initial territory. The term of the agreement was to expire at the earliest of the final tower sale or December 31, 2000. In November 2000, the agreement was amended to extend the agreement until February 28, 2001, and on January 2, 2001, iPCS completed the terms of the agreement with the eightieth tower sale. In June 2001, iPCS entered into a tower sale and leaseback agreement with Trinity Wireless Towers, Inc. for towers iPCS has constructed in Iowa. The term of this agreement is set to expire on December 31, 2001. On June 29, 2001, iPCS sold sixteen towers to Trinity under the terms of this agreement. iPCS anticipates selling additional towers it constructs under similar agreements to American Tower, Trinity or another tower company.

Trinity Build-To-Suit Agreement

On December 29, 2000, iPCS entered into a build-to-suit agreement with Trinity whereby iPCS agreed to locate and obtain ground leases for tower sites and deliver assignments of these leases to Trinity for at least seventy-five towers located in Iowa and Nebraska. Trinity agreed to reimburse iPCS for site acquisition and development costs, build a tower at these sites, and to purchase the site at the time of the commencement of the tower lease with Trinity. As of June 30, 2001, iPCS has entered into leases for thirty-one build-to-suit towers.

101

Nortel Equipment Agreement

iPCS has entered into an equipment purchase agreement with Nortel for its network equipment and infrastructure, including switches and base station controllers, and is subject to the terms of the equipment purchase agreement between Nortel and Sprint PCS. Pursuant to the equipment agreement, Nortel also provides installation services for the equipment and grants iPCS a nonexclusive license to use all the software associated with the Nortel equipment. As of June 30, 2001, iPCS has met the requirements of this agreement. iPCS also has committed to purchase required equipment from Nortel related to certain expansion markets if they are granted to it by Sprint PCS. iPCS submits purchase orders to Nortel for the equipment and services. Under the agreement, iPCS receives a discount on the network equipment and services because of its affiliation with Sprint PCS. If iPCS' affiliation with Sprint PCS ends, Nortel has the right to either terminate the agreement or, with iPCS' consent, modify the agreement to establish new prices, terms and conditions.

Lucent Equipment Agreement

In July 2000, iPCS entered into an equipment purchase agreement with Lucent Technologies Inc. for iPCS' network equipment and infrastructure in which iPCS committed to purchase one switch and 100 base station controllers for its Michigan markets within the first year of the agreement and an additional 32

base station controllers within two years after the execution of the agreement. In addition, iPCS has agreed to use Lucent's equipment exclusively in the construction of its network located within the state of Michigan. As of June 30, 2001, iPCS has completed the requirements of this agreement. Lucent is obligated to Sprint PCS to enter into this agreement with iPCS because iPCS is a Sprint PCS network partner. Pursuant to iPCS' purchase agreement with Lucent, iPCS is subject to the terms and conditions of a procurement and services contract between Lucent and Sprint PCS which expires on January 31, 2006 and which provides that the equipment which iPCS purchases will be in conformance with the technical standards of the Sprint PCS network and at prices consistent with those negotiated by Sprint PCS.

Products and Services

iPCS offers established Sprint PCS products and services throughout its territory under the Sprint and Sprint PCS brand names. iPCS' products and services are designed to mirror the service offerings of Sprint PCS and to integrate with the Sprint PCS nationwide network.

Marketing Strategy

iPCS' marketing and sales strategy utilizes Sprint PCS' proven strategies and developed national sales and distribution channels tailored to its specific territory.

Use Sprint PCS' brand equity and marketing. iPCS features exclusively and prominently the nationally recognized Sprint and Sprint PCS brand names in its marketing effort. From iPCS' customers' point of view, they use iPCS' network and the Sprint PCS national network seamlessly as a unified nationwide network.

Pricing. iPCS' use of the Sprint PCS national pricing strategy offers its customers simple, easy-to-understand service plans. Sprint PCS' pricing plans are typically structured with monthly recurring charges, large local calling areas, bundles of minutes and service features such as voicemail, caller ID, call waiting, call forwarding and three-way calling. Lower per-minute rates relative to analog cellular providers are possible in part because the CDMA system that Sprint PCS utilizes has greater capacity than current analog cellular systems, enabling Sprint PCS to market high usage customer plans at lower prices. In addition, Sprint PCS Free and Clear plans, which offer simple, affordable plans for every consumer and business customer, include long distance calling from anywhere on its nationwide network.

102

Local focus. iPCS' local focus enables it to supplement Sprint PCS' marketing strategies with its own strategies tailored to each of its specific markets. These include attracting local businesses as agents to enhance its sales and distribution channels and drawing on iPCS' management team's experience in the midwestern United States. iPCS uses local radio, television and newspaper advertising to sell its products and services in each of its markets. iPCS has established a local sales force to execute its marketing strategy through its Sprint PCS stores. iPCS currently owns and operates fourteen Sprint PCS stores and plans to open an additional three stores throughout its territory. iPCS also employs a direct sales force dedicated to business sales.

Advertising and promotions. Sprint PCS uses national as well as regional television, radio, print, outdoor and other advertising campaigns to promote its products. iPCS benefits from this national advertising in its territory at no additional cost to it. Sprint PCS also runs numerous promotional campaigns which provide customers with benefits such as additional features at the same

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

rate, free minutes of use for limited time periods or special prices on handsets and other accessories. iPCS is able to purchase promotional materials related to these programs from Sprint PCS at their cost.

Sponsorships. Sprint PCS sponsors numerous national, regional and local events. These sponsorships provide Sprint PCS with brand name and product recognition in high profile events, create a forum for sales and promotional events and enhance iPCS' promotional efforts in its territory. Additionally, iPCS sponsors other local events in its territory to increase customer awareness of the Sprint PCS network.

Sales and Distribution

iPCS' sales and distribution plan mirrors Sprint PCS' proven multiple channel sales and distribution plan. Key elements of iPCS' sales and distribution plan consists of the following:

Sprint store within a RadioShack store. Sprint has an arrangement with RadioShack to install a "store within a store." Currently, RadioShack has 92 stores in iPCS' territory that will be available to offer Sprint PCS products and services to iPCS' customers once iPCS has launched service in the market where the store is located.

Other national third-party retail stores. In addition to RadioShack, iPCS benefits from the sales and distribution agreements established by Sprint PCS with other national retailers, which currently include Best Buy, Circuit City, Staples, Target, Office Max, Office Depot and Ritz Camera. These retailers and others have approximately 150 retail stores in iPCS' territory to which iPCS has access. iPCS believes the number of stores will increase over time as Sprint PCS adds national retailers and as these national retailers add stores in iPCS' territory.

Local third-party retail stores. iPCS benefits from the sales and distribution agreements that iPCS enters into with local retailers in its territory. iPCS has entered into sales and distribution agreements with over 130 local stores in its territory and expects the number to increase.

Sprint PCS stores. iPCS currently owns and operates fifteen Sprint PCS stores in its territory and plans to open an additional four stores as iPCS continue to launch service in additional markets. These stores are located in metropolitan markets within iPCS' territory, providing iPCS with a strong local presence and a high degree of visibility. iPCS trains its sales representatives to be informed and persuasive advocates for Sprint PCS' services. Following the Sprint PCS model, these stores have been designed to facilitate retail sales, bill collection and customer service.

National accounts and direct selling. iPCS participates in Sprint PCS' national accounts program. Sprint PCS has a national accounts team which focuses on the corporate headquarters of large companies. Several Fortune 500 companies such as State Farm Insurance, Archer Daniels Midland, Dow Chemical, John Deere, Rockwell Collins, and Caterpillar, as well as other large companies, have their headquarters in iPCS' territory. In addition, once a Sprint PCS national account manager reaches an agreement with any company headquartered outside of iPCS' territory, iPCS services the offices and subscribers of that company located in iPCS' territory. iPCS' direct sales force will target the employees of these companies in iPCS' territory and cultivate other local business customers.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Inbound telemarketing. Sprint PCS provides inbound telemarketing sales to answer iPCS' prospective customers' calls. As the exclusive provider of Sprint PCS products and services in iPCS' territory, iPCS uses the national Sprint 1-800-480-4PCS number campaigns that generate call-in leads. Sprint PCS' inbound telemarketing group handles these leads and the new subscriber becomes iPCS customer.

Electronic commerce. Sprint PCS maintains an Internet site at www.sprintpcs.com, which contains information on Sprint PCS products and services. A visitor to the Sprint PCS Internet site can order, pay for a handset, and activate their phone over the air. Subscribers visiting the site can also review the status of their account, including the number of minutes used in the current billing cycle. Site visitors in iPCS' territory who purchase products and services over the Sprint PCS Internet site will be iPCS' customers.

Competition

iPCS competes in its territory with regional and national cellular, PCS and other wireless providers. Verizon Wireless provides service in each of iPCS' major markets. Cingular Wireless covers central Illinois and Nebraska but does not provide service in Peoria, the Quad Cities or in iPCS' Michigan markets or key Iowa markets. Other cellular providers such as US Cellular and CenturyTel have similar limited coverage areas. PCS competitors such as VoiceStream, Iowa Wireless, PrimeCo and Amica Wireless operate in certain portions of iPCS' territory but none provides the scope of coverage that iPCS offers in these markets. Of the PCS providers, only AT&T Wireless along with its affiliate partners hold licenses to provide service in all of iPCS' markets; however, it currently provides service only in three full and two partial markets in iPCS' territory. Nextel and Nextel Partners provide service in iPCS' key Michigan markets, eight of iPCS' Illinois markets and three of iPCS' Iowa markets.

iPCS' ability to compete effectively with these other providers will depend on a number of factors, including the continued success of CDMA technology in providing better call clarity and quality as compared to analog cellular systems, Sprint PCS' competitive pricing with various options suiting individual customer's calling needs, the continued expansion and improvement of the Sprint PCS nationwide network, iPCS' extensive direct and indirect sales channels, iPCS' centralized Sprint PCS customer care systems and iPCS' selection of handset options.

Currently, iPCS believes that its most formidable competition is from cellular providers, many of which have been operating in its markets and building their customer bases for a number of years and have greater financial resources and customer bases. Some of iPCS' competitors have access to more licensed spectrum than the 10 or 20 MHz licensed to Sprint PCS in certain markets in parts of Illinois. Some of iPCS' competitors also have established infrastructures, marketing programs and brand names. In addition, certain competitors may be able to offer coverage in areas not served by iPCS' network, or, because of their calling volumes or their affiliations with, or ownership of wireless providers, may be able to offer roaming rates that are lower than those offered by Sprint PCS. PCS operators will likely compete with iPCS in providing some or all of the services available through the Sprint PCS network and may provide services that iPCS does not. Additionally, iPCS expects that existing cellular providers will continue to upgrade their systems to provide digital wireless communication services competitive with Sprint PCS.

iPCS also faces limited competition from "resellers" which provide wireless service to customers but do not hold FCC licenses or own facilities. Instead, the reseller buys blocks of wireless telephone numbers and capacity from a

licensed carrier and resells service through its own distribution network to the public. Thus, a reseller is both a customer of a wireless licensee's services and also a competitor of that and other licensees. The FCC requires all cellular and PCS licensees to permit resale of carrier service to a reseller. Although Sprint PCS is required to resell PCS in iPCS' markets, currently there is only one reseller of Sprint PCS service in iPCS' markets. Any reseller of Sprint PCS could not use the Sprint PCS service marks in iPCS' markets except for the limited purpose of describing their handsets as operational on the Sprint PCS network.

104

In addition, iPCS competes with paging, dispatch and other mobile telecommunications companies in iPCS' markets. Potential users of PCS systems may find their communication needs satisfied by other current and developing technologies. One or two-way paging or beeper services that feature voice messaging and data display as well as tone-only service may be adequate for potential customers who do not need immediate two-way voice communications.

In the future, iPCS expects to face increased competition from entities providing similar services using other communications technologies, including satellite-based telecommunications and wireless cable systems. While few of these technologies and services are currently operational, others are being developed or may be developed in the future.

Over the past several years the FCC has auctioned and will continue to auction large amounts of wireless spectrum that could be used to compete with PCS. Based upon increased competition, iPCS anticipates that market prices for two-way wireless voice and data services generally will decline in the future. iPCS will compete to acquire and retain customers principally on the basis of services and features, the size and location of its territory, network coverage and reliability, customer care and pricing. iPCS' ability to compete successfully will also depend, in part, on its ability to anticipate and respond to various competitive factors affecting the industry, including new services that may be introduced, changes in consumer preferences, demographic trends, economic conditions and discount pricing strategies by competitors.

Environmental Compliance

Expenditures for environmental compliance result primarily from the operation of standby power generators for iPCS' telecommunications equipment and from compliance with various environmental rules during network build-out and operations. iPCS' environmental compliance expenditures have not been material to its financial statements or to its operations and are not expected to be material in the future.

Employees

As of June 30, 2001, iPCS employed 216 full-time employees. None of iPCS' employees is represented by a labor union. iPCS believes that its relations with its employees are good.

CERTAIN RELATIONSHIPS AND TRANSACTIONS OF iPCS

Formation of Illinois PCS, LLC

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Geneseo Communications, Inc., Cambridge Telcom, Inc., Cass Communications Management, Inc., Schwartz Ventures, Inc. (which transferred its ownership to its affiliate Technology Group, LLC), Montrose Mutual PCS, Inc., and Gridley Enterprises, Inc. formed Illinois PCS, LLC in January 1999. Those investors received membership interests in exchange for their capital contributions. As of February 29, 2000 the members agreed to admit Timothy M. Yager, iPCS' President and Chief Executive Officer, as a new member owning a 1.5% interest, and to reduce their membership interests in aggregate by 1.5%. Mr. Yager agreed to cancel his management agreement with Illinois PCS, LLC in exchange for his 1.5% membership interest and certain other consideration. For the year ended December 31, 2000, iPCS recorded non-cash compensation expense in the amount of approximately \$8.5 million resulting from the issuance of this membership interest to Mr. Yager. For further information on the compensation expense, see "iPCS Management's Discussion and Analysis of Financial Condition and Results of Operations--Results of Operations."

The obligations of the members of Illinois PCS, LLC to contribute capital and the other provisions contained in the formation documents of Illinois PCS, LLC have been eliminated as of July 12, 2000 when iPCS consummated the reorganization from a limited liability company to a holding company structure.

Issuance of Convertible Participating Preferred Stock

An investor group led by Blackstone has purchased \$120.0 million of iPCS' convertible preferred stock. On July 12, 2000, iPCS issued 9,090,909 shares of its Series A-1 Convertible Participating Preferred Stock at a purchase price of \$5.50 per share and on December 28, 2000 iPCS issued 14,000,000 shares of iPCS Series A-2 Convertible Participating Preferred Stock at a purchase price of \$5.00 per share to the investor group. The issuance of iPCS' Series A-1 Preferred Stock and Series A-2 Preferred Stock has yielded gross proceeds to iPCS of \$50.0 million and \$70.0 million, respectively. For more information relating to the terms of the Series A-1 Preferred Stock and the Series A-2 Preferred Stock, see "Description of iPCS Capital Stock."

Investment Agreement

In the preferred stock investment agreement between iPCS and the investor group, iPCS agreed to refrain from taking certain actions with respect to its business, its capital stock and other aspects of its operations without the prior approval of Blackstone. These actions include:

- . the declaration or payment of dividends or distributions;
- . the issuance of notes or debt securities containing equity features prior to December 31, 2000, or the issuance of any equity securities which would be senior to, or on parity with, the preferred stock;
- . the making of investments in third parties;
- . the incurrence of any additional indebtedness in excess of \$10.0 million; or
- . the issuance or sale of any shares of iPCS' or iPCS' subsidiaries' capital stock prior to December 31, 2000, other than in a public offering of iPCS' common stock, pursuant to an employee benefit plan or in connection with a merger or acquisition.

The approval rights of Blackstone and most of their other rights relating to their ownership of iPCS' capital stock will terminate upon the earlier to occur of:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . the closing of an underwritten public offering of iPCS' common stock in which iPCS receives aggregate gross proceeds of at least \$50.0 million and in which the per share price in the offering is at least two times the weighted average of the issuance price of all shares of Series A-1 Preferred Stock and Series A-2 Preferred Stock (the weighted average is initially \$5.20 per share), subject to adjustment; and

106

- . iPCS' consummation of a transaction that results in a change of control.

The investor group has agreed to terminate the investment agreement as of the effective time of the merger.

Stockholders Agreement

At the date of the purchase and sale of iPCS' Series A-1 Preferred Stock, iPCS entered into a stockholders agreement with the investor group, Geneseo Communications, Inc. and Cambridge Telcom, Inc. which provides:

- . limitations on the transfer of any of iPCS' securities by each of Geneseo and Cambridge for a period of six months after the expiration of any lock-up period required by iPCS' underwriter in an initial public offering;
- . tag-along rights in favor of the investor group allowing it to participate in sales of iPCS' capital stock by Geneseo or Cambridge;
- . until an initial public offering or a change of control transaction, drag-along rights in favor of Geneseo and Cambridge requiring the investor group to sell all of iPCS' capital stock owned by it;
- . the right of Blackstone to designate up to two members of iPCS' Board of Directors;
- . preemptive rights granting the investor group the right to subscribe for and purchase upon the same terms and conditions, a portion of any equity securities iPCS issued prior to an initial public offering of iPCS' common stock that yields gross proceeds to iPCS of at least \$30.0 million;
- . the right of the investor group to request that iPCS use its best efforts to complete an initial public offering of its common stock if it has not done so prior to July 12, 2002;
- . the right of the investor group to approve any merger, consolidation, sale of assets or other business combination transaction or issuance of securities that would:
- . have adverse tax consequences to the holders of the Series A-1 Preferred Stock or Series A-2 Preferred Stock; or
- . involve consideration other than cash or shares of common stock of the acquiring company, or involve cash and/or shares of common stock of the acquiring company that values Blackstone's investment in iPCS at less than the greater of \$11.00 per share of common stock owned by it, subject to dilution adjustment, and an internal rate of return on its investment of an annual rate of 35%; and
- . if iPCS has not completed one or more public offerings of its common stock resulting in gross proceeds of \$50.0 million or consummated a

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

business combination transaction with a publicly traded company with a market capitalization in excess of \$200 million and a public float valued in excess of \$50.0 million prior to July 12, 2005, the investor group has the right to request that iPCS either repurchase its capital stock at fair market value or, if iPCS fails to repurchase their capital stock, force a sale of iPCS.

The investor group has agreed to terminate the stockholders agreement as of the effective time of the merger.

Registration Rights Agreement

iPCS has granted to the holders of its Series A-1 Preferred Stock and its Series A-2 Preferred Stock, the following registration rights, exercisable at any time after an initial public offering of its common stock:

- . demand registration rights that entitle Blackstone to require iPCS to register, under the Securities Act, on up to three occasions and at iPCS' expense, the resale of the investor group's shares of common stock; and

107

- . piggyback registration rights that entitle the investor group to require iPCS to include their shares of common stock in a registration of any of iPCS' equity securities, other than pursuant to the registration of the warrants comprising part of the units or the warrants issued to Sprint PCS.

These registration rights extend to all of the common stock that the investor group may acquire upon the conversion of their Series A-1 Preferred Stock and their Series A-2 Preferred Stock. These registration rights are subject to the underwriters' right to limit the number of shares included in any underwritten offering.

The investor group has agreed to terminate the registration rights agreement as of the effective time of the merger.

iPCS MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

On January 22, 1999, iPCS entered into the Sprint PCS agreements whereby iPCS became the exclusive Sprint PCS network partner with the right to market 100% digital, 100% PCS wireless products and services under the Sprint and Sprint PCS brand names in fifteen markets in Illinois and Iowa. The Sprint PCS agreements were amended in March 2000 to add twenty additional markets. On February 28, 2001, the Sprint PCS agreements were amended to add the Iowa City and Cedar Rapids, Iowa markets to iPCS' territory. With these two amendments, the size of iPCS' territory was increased from a total population of 2.8 million residents to a total population of 7.4 million residents.

Under the Sprint PCS agreements, iPCS manages its network utilizing Sprint PCS' licensed spectrum as well as uses the Sprint and Sprint PCS brand names during iPCS' affiliation with Sprint PCS. iPCS benefits from Sprint PCS' volume pricing discounts for its purchases of network equipment, handsets and accessories. These discounts reduce the overall capital required to build iPCS' network and significantly reduce iPCS' costs of handsets and accessories. Additionally, iPCS has access to Sprint PCS' national marketing support and distribution programs. Sprint PCS collects all revenues from iPCS' customers and remits the net amount to iPCS. An affiliation fee of 8% of collected service revenues from Sprint PCS customers based in iPCS' territory, excluding outbound roaming, and from non-Sprint PCS customers who roam onto iPCS' network, is retained by Sprint PCS and recorded as a cost of service. Revenues generated from the sale of handsets and accessories, inbound and outbound Sprint PCS roaming fees, and from roaming services provided to Sprint PCS customers who are not based in iPCS' territory are not subject to the 8% affiliation fee.

Under the Sprint PCS agreements, iPCS contracts with Sprint PCS to provide back office services such as customer activation, billing, collections and customer care. iPCS currently purchases these services from Sprint PCS to take advantage of Sprint PCS' economies of scale, to accelerate iPCS' build-out and market launches and to lower iPCS' initial capital requirements. The cost for these services is primarily calculated on a per customer and per transaction basis and is recorded as an operating expense.

Since the date of inception, iPCS has incurred substantial costs to negotiate the Sprint PCS agreements and its debt and equity financing, to design, engineer and build-out its network in its initial territory and to open its retail stores. iPCS launched service in its first two markets in December 1999 and in 2000, iPCS launched service in sixteen additional markets. In the three months ended June 30, 2001, iPCS launched service in four markets bringing iPCS' total markets launched in the first six months of 2001 to eight. In addition, in the first three months of 2001, iPCS acquired two previously launched markets from Sprint PCS.

By the end of the fourth quarter of 2001, iPCS anticipates launching its remaining nine markets in Nebraska and Iowa, at which time it will offer service in all of its markets.

On August 28, 2001, iPCS entered into the merger agreement described in this proxy statement/prospectus. The costs that iPCS expects to incur in connection with the transaction, which are estimated to be approximately \$16.5 million, of which approximately \$15.1 million will be accrued and expensed prior to closing of the merger. Because a portion of the costs of the transaction related to severance are calculated based upon the market price of AirGate common stock at the effective time of the merger, if the price of AirGate common stock at the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

effective time of the merger is greater than the price of AirGate common stock at the date of announcement of the merger, the severance costs will increase.

For the six months ended June 30, 2001, iPCS recorded a net loss of approximately \$33.8 million. Total revenues were approximately \$42.0 million for the six months ended June 30, 2001. For the six months ended June 30, 2000, revenues were approximately \$5.1 million and iPCS' net loss was approximately \$20.4 million. As of June 30, 2001, iPCS' accumulated deficit was approximately \$94.3 million and iPCS' had incurred approximately \$199.3 million of capital expenditures and construction in progress related to the build-out of its network. While iPCS anticipates operating losses to continue, iPCS expects revenues to increase substantially as the number of its customers continues to increase.

112

Results of Operations

For the six months ended June 30, 2001 compared to the six months ended June 30, 2000

Net loss. iPCS' net loss for the six months ended June 30, 2001 was approximately \$33.8 million and was the result of increased operating expenses associated with maintaining a larger customer base and a larger network along with increased customer additions. Additionally, higher depreciation expense for a larger in-service network coupled with increased interest expense related to iPCS' debt was recorded during the first half of the year than in the same period in the prior year. The increase in operating expenses was partially offset with increased service, equipment and other revenues. iPCS' net loss for the six months ended June 30, 2000 was approximately \$20.4 million and included a one-time charge of approximately \$8.5 million of non-cash compensation expense and \$1.6 million of related payroll taxes that was the result of issuing a 1.5% ownership interest in the Company to iPCS' President and Chief Executive Officer. The remaining loss for the same six months in 2000 resulted primarily from selling, general and administrative, depreciation and amortization expenses and cost of providing service exceeding service revenues, all of which were associated with the markets launched in 1999 and the first six months of 2000.

Service revenue. For the six months ended June 30, 2001, service revenue totaled approximately \$38.7 million and was comprised of customer revenue of approximately \$25.5 million and roaming revenue of approximately \$13.2 million. For the same six months ended June 30, 2000 service revenue totaled approximately \$4.1 million and was comprised of customer revenue of approximately \$2.5 million and roaming revenue of approximately \$1.6 million. iPCS' ARPU, including long distance and roaming, for the six months ended June 30, 2001 was approximately \$84. Without roaming revenue, average monthly revenue per user was approximately \$55. For the six months ended June 30, 2000, ARPU with and without roaming was \$96 and \$59, respectively.

Equipment and other revenues. iPCS' records revenue from the sale of its equipment from its retail stores, net of an allowance for returns and net of any cash incentives related to these equipment sales, as equipment revenue. The amount recorded during the six months ended June 30, 2001 totaled approximately \$3.3 million. The amount recorded for the same period in 2000 totaled approximately \$1.0 million. The increase in revenue since June 30, 2000 is due to the increase in new customer additions associated with launching of sixteen markets and the addition to iPCS' territory of two previously launched markets by Sprint PCS.

Cost of service. Cost of providing service to Sprint PCS customers totaled

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

approximately \$31.5 million for the six months ended June 30, 2001, compared to approximately \$4.7 million for the same period in 2000. Cost of service includes billing, customer care, network monitoring, cost of operations, fees related to facilities and other transport lines, interconnection fees, Sprint PCS roaming fees, non-Sprint PCS roaming fees and other expenses related to operations. iPCS pays Sprint PCS roaming fees when its customers use the Sprint PCS network outside of its territory. iPCS pays non-Sprint PCS roaming fees to other wireless service providers when its customers use their network. Also included in the cost of service expenses for the six months ended June 30, 2001 is the 8% of collected service revenue retained by Sprint PCS of approximately \$2.2 million compared to approximately \$0.2 million for the six months ended June 30, 2000. The increase in cost of service is due to an increased customer base and a larger in-service network.

Cost of equipment. Cost of equipment which includes the costs of handsets, accessories, and handset subsidies totaled approximately \$10.9 million for the six months ended June 30, 2001. Cost of equipment for the six months ended June 30, 2000 was approximately \$2.6 million. The increase in costs is due substantially to the increase in new customer additions associated with the launching of sixteen markets and the acquisition from Sprint PCS of two previously-launched markets. Because iPCS subsidizes the price of handsets for competitive reasons, iPCS expects and has budgeted for the cost of handsets to continue to exceed the retail sales price for the foreseeable future.

Selling expenses. Selling expenses totaled approximately \$13.0 million and approximately \$2.6 million for the six months ended June 30, 2001 and June 30, 2000, respectively. Included in selling expenses are

113

advertising and promotional costs, salaries and sales commissions and expenses related to iPCS' distribution channels. The increase in costs since June 30, 2000 is due substantially to the launching of sixteen markets and to the addition to iPCS' territory of two markets previously launched by Sprint PCS.

General and administrative expenses. General and administrative expenses were approximately \$5.1 million for the six months ended June 30, 2001 and approximately \$12.4 million for the six months ended June 30, 2000. Included in general and administrative costs are administrative salaries and bonuses, employee benefit costs, legal fees, insurance expense and other professional service fees. Also included for the six months ended June 30, 2001 is non-cash compensation expense of approximately \$1.0 million related to the amortization of the deferred compensation expense associated with the stock options granted in July 2000. During the six months ended June 30, 2000, iPCS recorded a one-time charge of approximately \$10.1 million for the issuance of a 1.5% ownership interest to iPCS' President and Chief Executive Officer based on an expected initial public price. Included in this charge was approximately \$8.5 million of non-cash compensation expense and approximately \$1.6 million of payroll taxes paid in connection with the issuance of this 1.5% ownership interest. The remaining increase in general and administrative expenses from the first half of 2001 compared to the same period in 2000 is due to an increase in personnel and other corporate infrastructure associated with the growth of iPCS from launching sixteen markets and acquiring from Sprint PCS two previously-launched markets.

Depreciation and amortization. For the six months ended June 30, 2001, depreciation and amortization totaled approximately \$8.6 million compared to approximately \$2.9 million for the six months ended June 30, 2000. The increase is due to assets placed in service for eighteen additional markets since June 30, 2000.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Interest income. For the six months ended June 30, 2001, interest income was approximately \$2.9 million and was earned on the investment of available funds. For the six months ended June 30, 2000, investment income was approximately \$0.1 million. Interest income increased due to the investment of the proceeds from the senior discount notes received in July 2000, the proceeds from the sale of Series A-1 and Series A-2 convertible preferred stock in July and December 2000, respectively, and the proceeds from iPCS' borrowing under the senior secured credit facility in December 2000 and June 2001.

Interest expense. Interest expense of approximately \$10.7 million, net of capitalized interest of approximately \$4.7 million, was recorded in the six months ended June 30, 2001 and related primarily to interest accrued on the senior discount notes, the amortization of the discount and warrants issued in connection with the issuance of the senior discount notes, and interest expense on iPCS' borrowings under the senior secured credit facility. For the same period in 2000, iPCS recorded interest expense of approximately \$0.6 million, net of capitalized interest of approximately \$1.2 million, related to the Nortel financing, which was in place prior to iPCS' current senior secured credit facility. The increase in interest expense in 2001 is the result of higher outstanding debt compared to June 30, 2000.

Other income, net. Other income is principally comprised of gain on tower sales. For the six months ended June 30, 2001, twelve towers were sold to American Tower for \$3.4 million, resulting in a gain of approximately \$1.6 million, of which approximately \$0.5 million was recognized at the time of the sale and the remainder was deferred and is being amortized as a reduction in rental expense over the initial lease term of ten years for the related towers. In addition, sixteen towers were sold to Trinity Wireless for \$4.8 million, resulting in a gain of approximately \$2.1 million, of which approximately \$1.0 million was recognized at the time of the sale and remainder was deferred and is being amortized as a reduction in rental expense over the initial lease term of five years for the related towers. Offsetting these gains was a loss of approximately \$0.6 million for site acquisition and construction costs for sites that were either not feasible or not necessary for iPCS' network build-out. For the same six months ended June 30, 2000, twenty-two towers were sold to American Tower for \$5.5 million resulting in a total gain of approximately \$2.3 million, of which approximately \$0.3 million was recognized and the remainder is being amortized over the initial lease term of ten years.

114

For the year ended December 31, 2000 compared to the period January 22, 1999 (date of inception) through December 31, 1999

Net loss. For the year ended December 31, 2000, iPCS recorded a loss of approximately \$56.2 million on total revenues of approximately \$24.0 million. The loss was caused primarily by cost of services exceeding service revenues and costs associated with handset subsidies, selling, general and administrative expense, depreciation and amortization associated with the markets launched in 1999 and 2000. Also in 2000 iPCS recorded the following:

- . an extraordinary loss of approximately \$1.5 million on the early extinguishment of debt related to the write-off of the unamortized deferred financing costs of the Nortel credit facility;
- . non-cash compensation expense of approximately \$8.5 million and related taxes of approximately \$1.6 million associated with the issuance of a 1.5% ownership interest in iPCS' predecessor, Illinois PCS, LLC, to iPCS' President and Chief Executive Officer;
- . non-cash compensation expense of approximately \$2.7 million, which is

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

related to the amortization of the deferred compensation expense associated with the stock options granted in July 2000; and

- . expenses of approximately \$1.3 million related to a planned initial public offering of stock that did not occur in 2000.

iPCS' net loss for the period ended December 31, 1999 was approximately \$4.4 million and was comprised primarily of network build-out, selling, and general and administrative expenses associated with the preparation of the launch of its initial markets

Service revenues. For the year ended December 31, 2000, service revenue totaled approximately \$20.6 million and was comprised of customer revenue of approximately \$12.5 million and roaming revenue of approximately \$8.1 million. For the period ended December 31, 1999, iPCS had service revenue of approximately \$71,000, which included approximately \$28,000 of customer revenue and approximately \$43,000 of travel and roaming revenue. The number of iPCS subscribers increased from 1,981 at December 31, 1999 to 46,773 at December 31, 2000. For the full year 2000, iPCS' average monthly revenue per user, including long distance and roaming revenue, was approximately \$103. Without roaming revenue, average monthly revenue per user was approximately \$63. Because iPCS only launched its first markets in December 1999, average revenue per user for 1999 is not meaningful.

Equipment and other revenue. Equipment and other revenue from the sale of phones and accessories, net of a sales allowance, totaled approximately \$3.4 million for the year ended December 31, 2000. For the period ended December 31, 1999, iPCS had equipment and other revenue of approximately \$144,000. Lower revenues in 1999 were attributable to the fact that iPCS had just launched service in December 1999.

Cost of service. Cost of providing service to Sprint PCS customers in its territory totaled approximately \$17.0 million and \$1.7 million for the year ended December 31, 2000 and the period ended December 31, 1999, respectively. Cost of service includes billing, customer care, network monitoring, cost of operations, fees related to facilities and other transport lines, interconnection fees, Sprint PCS roaming fees, non-Sprint PCS roaming fees and other expenses related to operations. Included in the cost of service expenses for the year ended December 31, 2000 is the 8% collected revenue retained by Sprint PCS in the amount of approximately \$0.9 million.

Cost of equipment. Cost of equipment sold for the year ended December 31, 2000 totaled approximately \$10.5 million. Cost of equipment expense recorded for the period ended December 31, 1999 was \$0.5 million. Because iPCS subsidizes the price of handsets for competitive reasons, iPCS expects and has budgeted for the cost of handsets to continue to exceed the retail sales price for the foreseeable future. The increase in costs is substantially due to the increase in new subscribers associated with the launching of sixteen new markets during 2000.

Selling expenses. Selling expenses include advertising and promotional costs, salaries, sales commissions, and expenses related to iPCS' distribution channels. For the year ended December 31, 2000,

115

selling expenses totaled approximately \$12.9 million compared with approximately \$0.8 million for the period ended December 31, 1999. The increase in costs is substantially due to the launching of sixteen new markets during 2000.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

General and administrative expenses. General and administrative expenses were approximately \$22.1 million for the year ended December 31, 2000 and approximately \$1.5 million for the period ended December 31, 1999. Included in general and administrative costs are administrative salaries and bonuses, employee benefit costs, legal fees, insurance expense and other professional service fees. Also included in the year ended December 31, 2000 is non-cash compensation expense and taxes on non-cash compensation expense totaling approximately \$12.8 million. Of this amount, approximately \$8.5 million was the non-cash compensation expense which related to a one-time charge for the issuance of a 1.5% ownership interest to iPCS' President and Chief Executive Officer based on an expected initial public offering price and approximately \$1.6 million of withholding taxes iPCS has paid in connection with the issuance of this 1.5% ownership interest. The other \$2.7 million of non-cash compensation expense is related to the amortization of the deferred compensation grant associated with the stock options granted in July 2000. iPCS did not grant any options during 1999. In addition, iPCS recorded approximately \$1.3 million of expenses related to a planned initial public offering of stock that did not occur in 2000. The remaining increase in general and administrative expenses is due to the launching of sixteen new markets during 2000.

Depreciation and amortization. Depreciation and amortization expense for the year ended December 31, 2000 totaled approximately \$8.6 million. iPCS recorded \$0.4 million of depreciation and amortization expense for the period ended December 31, 1999. The increase in depreciation and amortization costs is due to assets placed in service for the sixteen markets launched during 2000.

Interest income. For the year ended December 31, 2000, interest income was approximately \$3.4 million and was earned on the investment of available funds. For the period ended December 31, 1999, interest income was approximately \$0.1 million. Interest income increased due to the investment of the proceeds from the senior discount notes and the sale of the Series A-1 convertible preferred stock in July 2000.

Interest expense. For the year ended December 31, 2000, interest expense was approximately \$11.7 million, net of capitalized interest of approximately \$3.0 million. In 1999, total interest expense of approximately \$0.5 million, which related to iPCS' Nortel credit facility, was capitalized. The increase in interest expense in 2000, which related both to the Nortel financing and the senior discount notes, is the result of the higher borrowings.

Gain on tower sales. For the year ended December 31, 2000, 55 towers were sold to American Tower for approximately \$14.0 million resulting in a gain of approximately \$5.4 million, of which approximately \$0.8 million was recognized at the time of the sales and the remainder was deferred and is being amortized as a reduction in rental expense over the initial lease term of ten years for the related towers. For the period ended December 31, 1999, iPCS sold 18 towers for \$4.5 million resulting in a gain of approximately \$1.9 million of which approximately \$0.2 million was recognized and the remainder was deferred.

Extraordinary item. In connection with the refinancing of the Nortel credit facility with the Toronto Dominion and GE Capital Corporation credit facility, iPCS recorded an extraordinary loss on the early extinguishment of debt of approximately \$1.5 million in the year ended December 31, 2000 related to the write-off of the unamortized deferred financing costs of the Nortel credit facility.

Income Taxes

Prior to July 12, 2000, iPCS' predecessor company operated as a limited liability company and, as a result, its losses were included in the income tax returns of its members. Subsequent to July 12, 2000, the date of reorganization

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

as discussed in Note 3 to iPCS' unaudited financial statements, iPCS became a C Corporation and began accounting for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes."

116

No benefit for federal income taxes has been recorded for the six months ended June 30, 2001 as the net deferred tax asset generated, primarily from temporary differences related to the net operating loss carry forwards, would have been offset by a full valuation allowance because it is not considered more likely than not that these benefits will be realized due to the iPCS' limited operating history. For the year ending December 31, 2001, management currently estimates that a valuation allowance will be provided for the expected loss to be incurred.

Liquidity and Capital Resources

Since inception, iPCS has financed its operations through capital contributions from its initial investors, through debt financing and from the proceeds of the sale of its Series A-1 and Series A-2 convertible preferred stock.

On July 12, 2000, iPCS entered into a new senior secured credit facility with Toronto Dominion (Texas), Inc. and GE Capital Corporation for \$140.0 million to replace its original credit facility with Nortel that was repaid in full on this same date. On February 23, 2001, iPCS entered into an amendment to the senior secured credit facility which included a consent to the acquisition from Sprint PCS of the Iowa City and Cedar Rapids, Iowa markets, and which amended certain covenant definitions and requirements. As of September 28, 2001, iPCS entered into a second amendment to the senior secured credit facility, which included a consent to the consummation of the merger with AirGate, and which amended certain definitions with respect to the merger and covenant requirements necessitated by merger related expenses. As of June 30, 2001, iPCS management believes that it is in compliance with the amended covenants. iPCS had outstanding borrowings of \$50.0 million at June 30, 2001 under the senior secured credit facility.

The senior secured credit agreement provides for two different tranches of borrowings totaling \$140.0 million. The Tranche A Commitment provides for borrowings up to \$90.0 million and the Tranche B Commitment provides for borrowing up to \$50.0 million.

Commencing March 31, 2004, and on the last day of each calendar quarter ending during the periods set forth below, the Tranche A Commitment as of March 30, 2004 shall be automatically and permanently reduced by the percentage amount set forth below for the quarters indicated:

- . for the four quarters commencing with the fiscal quarter ending March 31, 2004, 2.50% per quarter;
- . for quarters five through eight, 3.75% per quarter;
- . for quarters nine through sixteen, 6.25% per quarter; and
- . for the last two quarters, 12.5% per quarter.

Commencing March 31, 2004, iPCS must begin to repay, in quarterly installments, the principal on all borrowings outstanding as of March 30, 2004, made under the Tranche B Commitment. A fixed percentage on all Tranche B

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

borrowings will be due each quarter as follows:

- . for the first four quarters commencing with the fiscal quarter ending March 31, 2004, 2.50% of the principal balance of the loan is due per quarter;
- . for quarters five through eight, 3.75% per quarter;
- . for quarters nine through sixteen, 6.25% per quarter; and
- . for the last two quarters, 12.5% per quarter.

If iPCS borrows the maximum amount under Tranche B, the aggregate amount required to be repaid for each of the four periods above will be \$5.0 million, \$7.5 million, and \$12.5 million, respectively.

Any principal that has not been paid by the maturity date, June 30, 2008, is due at that time.

iPCS may voluntarily prepay any of the loans at any time. Tranche A permits reborrowings on a revolving basis but amounts repaid under Tranche B may not be reborrowed.

117

iPCS will have to make mandatory prepayments under certain circumstances, including among others:

- . 50% of iPCS' excess annual cash flow as computed under the senior secured credit agreement, commencing April 30, 2004 with respect to the fiscal year ending December 31, 2003;
- . any amount in excess of \$1.0 million per calendar year received as net proceeds subject to certain exceptions, to the extent not reinvested in property or assets within a stated period of time;
- . 50% of the net proceeds of any equity issuance by iPCS or any subsidiary excluding the committed issuance of the convertible preferred stock, an initial public offering and any offering to a borrower or guarantor party of a debt issuance by iPCS or any subsidiary excluding permitted indebtedness.

All prepayments described above are applied to the outstanding loan balances pro rata between Tranche A and Tranche B and pro rata across the maturities.

From the date of the senior credit agreement through and including the date on which EBITDA is greater than zero for two consecutive fiscal quarters, iPCS may borrow money at the lesser of either:

- . a base rate loan with an interest rate equal to 2.75% plus the higher of:
 - . the prime rate of the Toronto-Dominion Bank, New York Branch; or
 - . the federal funds effective rate plus 0.5%; or
- . a Eurodollar loan with an interest rate equal to the London interbank offered rate, plus 3.75%.

After the date on which EBITDA is greater than zero for two consecutive fiscal quarters, the base rate margin will range from 2.75% to 2.25% and the Eurodollar loan margin will range from 3.75% to 3.25%, depending upon iPCS'

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

leverage ratio as of the most recently ended fiscal quarter.

iPCS' senior secured credit facility will be used to finance capital expenditures, certain acquisitions and investments for working capital needs and other general corporate purposes.

iPCS' senior discount notes mature on July 15, 2010, carry a coupon rate of 14% and provide for interest deferral for the first five years. The senior discount notes will accrete in value at a rate of 14% per annum until July 15, 2005, after which, interest will begin to accrue and will be payable semiannually beginning on January 15, 2006.

iPCS believes that the net proceeds of its senior discount notes, the net proceeds from the sales of its convertible preferred stock and borrowings under its senior secured credit facility will be adequate to fund its network build-out, anticipated operating losses, working capital requirements and other capital needs through 2003.

Net cash used in operating activities was approximately \$7.1 million for the six months ended June 30, 2001 and was approximately \$7.5 million for the six months ended June 30, 2000. Cash used in operating activities was primarily attributable to operating losses offset by depreciation and amortization expense, non-cash interest, non-cash compensation expense and working capital needs.

Net cash used in investing activities was approximately \$92.8 million for the six months ended June 30, 2001 and approximately \$16.2 million for the same period in 2000. The expenditures related primarily to the purchase of iPCS' network infrastructure equipment and the acquisition of the markets in Iowa from Sprint PCS in February 2001, offset partially with the proceeds from tower sales and iPCS' build-to-suit agreement.

Net cash provided by financing activities was approximately \$24.7 million for the six months ended June 30, 2001 and consisted primarily of proceeds of \$25.0 million drawn on iPCS' senior secured credit facility offset somewhat by debt issuance and interest rate protection costs. Net cash provided by financing activities during the six months ended June 30, 2000 was approximately \$22.8 million and consisted primarily of equity contributions and debt borrowings.

118

Net cash used in operating activities was approximately \$3.9 million from the date of inception through December 31, 1999 and approximately \$22.0 million for the year ended December 31, 2000. Cash used in operating activities was primarily attributable to iPCS' operating losses partially offset by depreciation and amortization, non-cash interest, non-cash compensation expense and working capital needs.

Net cash used in investing activities was approximately \$32.8 million from the date of inception through December 31, 1999 and approximately \$82.5 million for the year ended December 2000. The expenditures were related primarily to the purchase of iPCS' network infrastructure equipment and the purchase from Sprint PCS of network assets in Michigan, offset somewhat by the proceeds of tower sale leaseback transactions.

Net cash provided by financing activities from the date of inception through December 31, 1999 was approximately \$39.5 million and approximately \$267.7 million for the year ended December 31, 2000 and consisted primarily of equity contributions, sales of redeemable convertible preferred stock and debt borrowings offset by repayments of debt and debt issuance costs. The

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

significant increase in cash provided by financing activities in 2000 is related to the proceeds from the sale of redeemable convertible preferred stock and the issuance of iPCS senior discount notes offset somewhat by the repayment in full of the Nortel debt of approximately \$40.3 million.

In May 1999, iPCS signed a tower sale and leaseback agreement with American Tower Corporation. iPCS agreed to construct between sixty and eighty wireless communications towers, sell the towers to American Tower and then lease back tower space from American Tower. Under the agreement iPCS received approximately \$250,000 for each tower sold to American Tower and iPCS will pay rent in the amount of \$1,100 per month (which increases at an annual rate of 3% per annum) for tower space and no more than \$350 per month for each corresponding ground lease.

Since inception through June 30, 2001, iPCS received approximately \$20.4 million related to the sale of eighty towers under this agreement and iPCS received an additional \$1.5 million for five towers sold to American Tower under individual agreements in January 2001. iPCS incurred an aggregate of approximately \$13.4 million of costs to construct such towers. With the eightieth tower sale in January 2001, iPCS has satisfied the terms of this agreement.

In December 2000, iPCS signed a build-to-suit agreement with Trinity, whereby iPCS agreed to locate and obtain ground leases and deliver assignments of these ground leases to Trinity for at least seventy-five towers in Iowa and Nebraska. Trinity agreed to reimburse iPCS for site acquisition and development costs, build the tower, and to purchase the site from iPCS at the time of commencement of the tower lease with Trinity. iPCS will lease a portion of the tower built by Trinity. For the six months ended June 30, 2001, iPCS received approximately \$0.4 million for the reimbursement of site acquisition costs for sixteen sites and iPCS received approximately \$0.8 million for seventeen sites for which the tower leases commenced.

In June 2001, iPCS signed a tower sale and leaseback agreement with Trinity. iPCS will sell towers it has already constructed, and then lease back tower space from Trinity. On June 29, 2001, iPCS sold sixteen towers to Trinity for approximately \$4.8 million. iPCS anticipates selling additional towers under this agreement through December 29, 2001, when the agreement expires.

As of June 30, 2001, iPCS' primary source of liquidity was approximately \$90.8 million in cash and cash equivalents.

Seasonality

The wireless industry has historically experienced higher customer additions and handset sales in the fourth calendar quarter as compared to the other three calendar quarters. A number of factors contribute to this including:

- . the primary focus on retail distribution, which is dependent upon the year-end holiday shopping season;
- . competitive pricing pressures; and

119

- . aggressive marketing and promotions initiated during the period.

Inflation

iPCS management believes that inflation has not had, and will not have, a material adverse effect on iPCS' results of operations.

Effect of Recently Issued Accounting Pronouncements

In July 2001 the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets separate from goodwill. Recorded goodwill and intangibles will be evaluated against this new criteria and may result in certain intangibles being subsumed into goodwill, or alternatively, amounts initially recorded as goodwill may be separately identified and recognized apart from goodwill. SFAS No. 142 requires the use of a non-amortization approach to account for purchased goodwill and certain intangibles. Under a non-amortization approach, goodwill and certain intangibles will not be amortized into results of operations, but instead will be reviewed for impairment and written down and charged to results of operations only in the periods in which the recorded value of goodwill and certain intangibles is more than its fair value. The provisions of each statement, which apply to goodwill and intangible assets acquired prior to June 30, 2001 will be adopted by iPCS on January 1, 2002. iPCS is currently assessing but has not yet determined the impact of these pronouncements on its financial position and results of operations.

In November 2000, the EITF reached a consensus in EITF 00-14, "Accounting for Certain Sales Incentives" that when recognized, the reduction in or refund of the selling price of a product or service resulting from any cash incentive should be classified as a reduction in revenue and not as an operating expense. iPCS adopted the provisions of EITF 00-14 in the first quarter of 2001. See the notes to iPCS' financial statements for further information related to EITF 00-14.

In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities," an amendment of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," which is effective for all fiscal years beginning after June 15, 2000. iPCS' adoption on January 1, 2001 did not have a material effect on iPCS' results of operations, financial position, or cash flows.

Quantitative and Qualitative Disclosures About Market Risk.

iPCS does not engage in commodity futures trading activities and does not enter into derivative financial instrument transactions for trading or other speculative purposes. iPCS also does not engage in transactions in foreign currencies that could expose it to market risk.

iPCS is subject to interest rate risk on its senior secured credit facility and any future financing requirements. iPCS' variable rate debt consists of borrowings made under its senior secured credit facility of which it had borrowed \$50.0 million at June 30, 2001. As required under the senior secured credit facility, on January 12, 2001, iPCS entered into a three-year interest rate protection agreement with a counter party for a notional amount of \$12.5 million that caps the three-month floating LIBOR interest rate at 7.25%.

The following table presents the estimated future outstanding long-term debt at the end of each year and future required annual principal payments for each year then ended associated with iPCS' senior secured credit facility based on its projected level of long-term indebtedness:

- (1) The amounts presented represent estimated year-end debt balances under iPCS' senior discount notes based on amortizing the discount utilizing the effective interest method over the term of the senior discount notes.
 - (2) The amounts presented represent estimated year-end debt balances under iPCS' \$140.0 million senior secured financing based upon a projection of the funds borrowed under that facility pursuant to its current network build-out plan.
 - (3) Interest rate on iPCS' senior secured financing equals the lesser of either:
 - . a base rate loan with an interest rate equal to 2.75% plus the higher of:
 - . the prime rate of the Toronto-Dominion Bank, New York Branch; or
 - . the federal funds effective rate plus 0.5%; or
 - . a Eurodollar loan with an interest rate equal to the London interbank offered rate plus 3.75%. The London interbank offered rate is assumed to equal 4.25% for all periods presented.

iPCS' primary market risk exposure relates to:

- . the interest rate risk on its long-term and short-term borrowings; and
- . the impact of interest rate movements on its ability to meet interest expense requirements and meet financial covenants.

iPCS manages the interest rate risk on its outstanding long-term and short-term debt through the use of fixed and variable rate debt and interest rate caps under the senior secured credit agreement. While iPCS cannot predict its ability to refinance existing debt or the impact interest rate movements will have its existing debt, it continues to evaluate its financial position on an ongoing basis.

DESCRIPTION OF CERTAIN iPCS INDEBTEDNESS

The Senior Secured Credit Facility

General

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

iPCS' wholly owned subsidiary, iPCS Wireless, Inc., entered into a definitive amended and restated credit agreement, as amended, with Toronto Dominion (Texas), Inc. and GE Capital Corporation for a \$140.0 million senior secured credit facility. This facility constitutes senior debt secured by a first priority security interest in substantially all of iPCS' assets. The senior secured credit agreement provides that iPCS and all of its current and future subsidiaries guarantee this senior secured credit facility.

Amount and Purpose of Loans

The senior secured credit agreement provides for two different tranches of borrowings totaling \$140.0 million. The Tranche A commitment provides for borrowings up to \$90.0 million and the Tranche B commitment provides for borrowings up to \$50.0 million. This facility will be used to finance capital expenditures, certain acquisitions and investments for working capital needs and other general corporate purposes.

The amounts that can be borrowed will be further limited to a borrowing base. The borrowing base is defined as 100% of the gross book value of all property, plant and equipment owned by iPCS Wireless, Inc. and its subsidiaries equipment used in iPCS' network. iPCS will have the option to reduce the amount of any of the commitments, and to avoid the periodic fee charged on those unborrowed amounts. Any reduction must be at least \$3.0 million. Any such reduction cannot be reinstated. Tranche A permits reborrowings on a revolving basis but amounts repaid under Tranche B may not be reborrowed.

Commitment Termination

The Tranche A commitment is scheduled to terminate on June 30, 2008;

The Tranche A commitment may also terminate:

- . if iPCS voluntarily terminates such commitment; and
- . if the administrative agent terminates the Tranche A commitment due to the occurrence of an event of default under the senior secured credit agreement.

The Tranche B commitment is reduced by undrawn amounts on June 30, 2001. The undrawn portion of the Tranche B commitment may also terminate:

- . if iPCS voluntarily terminates such commitment; and
- . if the administrative agent terminates the Tranche B commitment due to the occurrence of an event of default under the credit agreement.

Syndication

TD Securities (USA) Inc. and GE Capital Corporation have syndicated the loan to other lenders.

Loans and Interest Options

iPCS has multiple interest rate options available under the senior secured credit agreement:

- . from the date of the closing of the senior secured credit agreement through and including the date on which EBITDA is greater than zero for two consecutive fiscal quarters, iPCS may borrow money as either:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . a base rate loan with an interest rate equal to 2.75% plus the higher of

122

- . the prime or base rate of the Toronto-Dominion Bank, New York Branch; or
- . the federal funds effective rate plus 0.5%; or
- . Eurodollar loan with an interest rate equal to the London interbank offered rate, plus 3.75%;

and after the date on which EBITDA is greater than zero for two consecutive fiscal quarters, the margin for base rate loans and Eurodollar loans will be determined based upon the leverage ratio as of the end of the fiscal quarter most recently ended.

- . iPCS may convert a base rate loan to a Eurodollar loan if it meets specific conditions, or a Eurodollar loan to a base rate loan, from time to time;
- . iPCS pays accrued interest either on the last day of each quarter for base rate loans, the last day of the interest period for Eurodollar loans or, in the case of an interest period greater than three months, at three month intervals after the first day of such interest period;
- . iPCS pays interest due upon any prepayment or conversion from one interest type to another; and
- . iPCS pays all outstanding interest on the maturity date.

At June 30, 2001, the weighted average interest rate on borrowings under the senior secured credit facility was 8.03%. After the date on which EBITDA is greater than zero for two consecutive fiscal quarters, the base rate margin will range from 2.75% to 2.25% and the Eurodollar loan margin will range from 3.75% to 3.25%, depending upon iPCS' leverage ratio as of the most recently ended fiscal quarter.

Payment of Principal

Scheduled Payments. Commencing March 31, 2004, iPCS must begin to repay, in quarterly installments, the principal on all Tranche B borrowings outstanding as of March 30, 2004. A fixed percentage is due each quarter:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

ending during the periods set forth below, the Tranche A commitment as of March 30, 2004 shall be automatically and permanently reduced by the percentage amount set forth below for the quarters indicated:

- . for quarters five through eight, 3.75% per quarter; and
- . for quarters nine through sixteen, 6.25% per quarter.
- . for the last two quarters, 12.5% per quarter.

Optional Prepayments. iPCS may voluntarily prepay any of the loans at any time. Tranche A permits reborrowing on a revolving basis but amounts repaid under Tranche B may not be reborrowed.

Mandatory Prepayments. iPCS will also make mandatory prepayments under certain circumstances, including among others:

- . 50% of its excess annualized cash flow as computed under the senior secured credit agreement, commencing on April 30, 2004 with respect to the fiscal year ended December 31, 2003;

123

All prepayments described above are applied to the outstanding loan balances pro rata between Tranche A and Tranche B and pro rata across maturities.

Events of Default

In addition to failing to perform, observe or comply with the covenants, agreements and terms of the senior secured credit agreement, it is an event of default under the senior secured credit agreement if any party with financial responsibility for the loans, iPCS Wireless, Inc. or any signatory to the Sprint PCS agreements, becomes insolvent, commences or suffers bankruptcy or similar proceedings or suffers other indicia of extreme financial duress.

Other events of default include:

- . an attachment against iPCS'property that is not released within 30 days and the amount claimed in the proceeding is greater than \$1.0 million;
- . a judgment against iPCS of greater than \$1.0 million remains undischarged for a period of time;
- . failure to pay other loans as they become due or a default that permits acceleration of other debt with respect to debt of at least \$1.0 million;
- . a breach by iPCS under the consent and agreement among Sprint, holders of indebtedness under the senior secured credit facility and iPCS Wireless, Inc. or the Sprint PCS agreements;
- . any change in control of iPCS or AirGate; or
- . any material adverse change occurs, which effect is broadly defined in the senior secured credit agreement to include things that could

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

reasonably be expected to have a material adverse effect on iPCS' business or its ability to repay the loan.

The merger with AirGate will not be deemed a change in control. After the effective time of the merger, a change in control will occur if:

- . any person or group acquires more than 35% of AirGate's equity;

- . iPCS ceases to own all of the capital stock of iPCS Wireless, Inc. or any subsidiary of iPCS Wireless, Inc.

Senior Discount Notes

On July 12, 2000, iPCS issued 300,000 units consisting of senior discount notes due July 15, 2010 and warrants to purchase 2,982,699 shares of its common stock, which yielded gross proceeds of \$152.3 million. The senior discount notes were issued under an indenture, dated as of July 12, 2000, by and among iPCS, iPCS Equipment, Inc. and iPCS Wireless, Inc. and BNY Midwest Trust Company, formerly known as CTC Illinois Trust Company, as trustee. The senior discount notes:

- . mature on July 15, 2010 and are limited to an aggregate principal amount at maturity of \$300.0 million;
- . are general, unsecured obligations of iPCS, equal in right of payment to all of its senior debt and senior in right of payment to all of iPCS' subordinated debt;
- . accrue interest at a rate of 14% per annum, computed on a semiannual basis calculated beginning July 15, 2005 and interest will be payable in cash beginning January 15, 2006, and semiannually on each January 15 and July 15; and
- . are guaranteed by iPCS' domestic subsidiaries on a senior subordinated basis.

iPCS may elect to redeem all or part of the senior discount notes at any time on or after July 15, 2005 and before maturity, at the following redemption prices:

Year Beginning	Redemption Price per \$1,000 of Principal Amount
-----	-----

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

July 15, 2005.....	\$1,070.00
July 15, 2006.....	1,046.67
July 15, 2007.....	1,023.33
July 15, 2008 and thereafter.....	1,000.00

In addition, on or before July 15, 2003, iPCS may redeem up to 35% of the principal amount at maturity of senior discount notes issued under the indenture, at a redemption price equal to \$1,140 for each \$1,000 of accreted value of a senior discount note to the redemption date, with the net proceeds of one or more equity offerings. However, at least 65% of the aggregate principal amount at maturity of senior discount notes issued under the indenture must remain outstanding immediately after giving effect to the redemption.

If a change of control occurs, each noteholder may require iPCS to repurchase its senior discount notes. The repurchase price will be:

- . \$1,010 per \$1,000 of accreted value of the senior discount notes, if the repurchase occurs before July 15, 2005, or
- . \$1,010 per \$1,000 of principal amount of the senior discount notes, plus any accrued interest, if the repurchase occurs on or after July 15, 2005.

A change of control will occur if:

- . iPCS sells substantially all of its and its subsidiaries' assets;
- . iPCS adopts a plan for its liquidation or dissolution;

127

- . any person or group of persons, other than certain current stockholders or their affiliates, become the beneficial owner of more than 50% of the voting power of iPCS' stock; or
- . a majority of iPCS' board of directors no longer consists of continuing directors, which are directors who were serving on July 12, 2000, or who were nominated to serve as a director by a majority of the continuing directors at the time. Changes in directors elected by particular investors, such as holders of iPCS' convertible preferred stock, are ignored for purposes of determining continuing directors.
- . iPCS consolidates with or merges with or into any person pursuant to a transaction in which any of the outstanding voting stock of iPCS is converted into or exchanged for cash, securities or other property, other than any such transaction where the voting stock of iPCS outstanding immediately prior to such transaction is converted into or exchanged for voting stock of the surviving or transferee person constituting a majority of the outstanding shares of such voting stock of such surviving or transferee person.

A change of control shall not be deemed to occur as a result of a merger or consolidation of iPCS with or into a Sprint PCS network partner if:

- . after the announcement of the merger or consolidation and prior to the consummation thereof there shall not have occurred nor shall any notice have been given of (that is not subsequently removed prior to the consummation thereof):

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . any potential or intended downgrading of any rating of the senior discount notes to a rating that is lower than the rating that existed or was indicated immediately prior to the announcement of the merger or consolidation, in any case by a rating organization;
- . any suspension or withdrawal of, any review (or of any potential or intended review) for a possible change that does not indicate the direction of the possible change in, any rating of the senior discount notes (including, without limitation, the placing of any of the senior discount notes on credit watch with negative or developing implications or under review with an uncertain direction) by any rating organization;
- . of any change or potential or intended change in the outlook for any rating of the senior discount notes to a rating that is lower than the rating that existed or was indicated immediately prior to the announcement of the merger or consolidation, in any case by any rating organization;
- . any rating organization has assigned (or is considering assigning) a rating to the senior discount notes that is lower than the rating that existed or was indicated immediately prior to the announcement of the merger or consolidation; and
- . the beneficial owners of voting stock of iPCS immediately preceding such merger or consolidation shall continue to be the beneficial owners of at least 25% of the outstanding voting stock of iPCS (or the surviving transferee person or sole stockholder of such surviving or transferee person) immediately after giving effect to the merger or consolidation.

iPCS' senior secured credit facility prohibits the purchase of outstanding notes before repayment of the borrowings under the credit facility.

iPCS is also required to offer to repurchase the senior discount notes if all or some of the net proceeds of an asset sale are not used to acquire an entity engaged in a permitted business, to purchase other long-term assets used or useful in a permitted business or to repay any senior indebtedness.

The indenture contains restrictive covenants which, among other things, restrict iPCS and its restricted subsidiaries' ability to:

- . incur additional indebtedness or issue preferred stock;
- . pay dividends, make investments or redeem or retire stock;

128

- . cause encumbrances or restrictions to exist on the ability of its subsidiaries to pay dividends and make investments in, or transfer property or assets;
- . create liens on their assets;
- . sell assets;
- . engage in transactions with affiliates;
- . engage in businesses other than a permitted business; or
- . engage in merger or consolidations.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The indenture also provides for customary events of default, including cross-defaults, judgment defaults and events of bankruptcy. In addition, the indenture provides for an event of default if iPCS has not received at least \$70.0 million in gross cash proceeds by December 31, 2000 from one or more equity offerings or, in certain circumstances, if an event of termination has occurred under the Sprint PCS agreements. The sale of iPCS' redeemable convertible preferred stock to an investor group led by The Blackstone Group on December 28, 2000 avoided the event of default related to the required equity offering. In the case of an event of default, iPCS' trustee or the holders of at least 25% in principal amount of the outstanding senior discount notes may declare the senior discount notes immediately due and payable. iPCS is currently in compliance with all covenants under the indenture governing the senior discount notes.

iPCS is required, under the terms of a registration rights agreement, to file an exchange offer registration statement and to use its reasonable best efforts to cause the exchange offer registration statement to be declared effective under the Securities Act covering the exchange of the senior discount notes for registered notes. iPCS has satisfied its obligations to file the exchange offer registration statement and has consummated the exchange offer. iPCS may also be required to file a shelf registration statement to register for public resale the senior discount notes held by any holder who may not otherwise participate in the exchange offer.

If iPCS fails to file the shelf registration statement or fails to cause the shelf registration statement to become effective, a registration default shall be deemed to have occurred and iPCS will be required to pay liquidated damages to each affected holder of the senior discount notes. The liquidated damages payable to each holder of the senior discount notes will be in an amount equal to \$0.05 per week per \$1,000 in principal amount of the senior discount notes held by such holder for each week or portion thereof that the registration default continues for the first 90-day period immediately following the occurrence of such registration default. This amount will increase by an additional \$0.05 per week per \$1,000 in principal amount of the notes with respect to each subsequent 90-day period, up to a maximum amount equal to \$0.50 per \$1,000 in principal amount of the senior discount notes. The provision for liquidated damages will continue until such registration default has been cured. iPCS will not be required to pay liquidated damages for more than one registration default at any given time. No liquidated damages are currently payable.

iPCS paid fees to its initial purchasers of the senior discount notes and warrants of approximately \$6.1 million which will be amortized as interest expense over the term of the financing using the effective interest method.

DESCRIPTION OF iPCS CAPITAL STOCK

General

The following summarizes all of the material terms and provisions of iPCS' capital stock. iPCS has 375,000,000 shares of authorized capital stock, including 300,000,000 shares of common stock, par value \$0.01 per share, and 75,000,000 shares of preferred stock, par value \$0.01 per share. As of October 12, 2001, there were 44,869,643 shares of common stock and 23,090,909 shares of convertible preferred stock issued and outstanding (not including additional shares of convertible preferred stock issued in respect of accrued but unpaid dividends). As of that date there were eight holders of record of the outstanding shares of common stock and seventeen holders of record of the convertible preferred stock.

Common Stock

The holders of iPCS common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders and do not have any cumulative rights. Subject to the rights of the holders of any series of preferred stock, holders of common stock are entitled to receive ratably such dividends as may be declared by the board of directors out of funds legally available therefor. Holders of shares of common stock have no preemptive or other similar rights. If iPCS liquidates, dissolves or winds up, the holders of shares of common stock are entitled to share ratably in the assets which are legally available for distribution, if any, remaining after the payment or provision for the payment of all debts and other liabilities and the payment and setting aside for payment of any preferential amount due to the holders of shares of any series of preferred stock.

Preferred Stock

Under iPCS' certificate of incorporation, the board of directors is authorized, subject to certain limitations prescribed by law and without further stockholder approval, to issue up to an aggregate of 75,000,000 shares of preferred stock. The preferred stock may be issued in one or more series. Each series may have different rights, preferences and designations and qualifications, limitations and restrictions that may be established by iPCS' board of directors without approval from the stockholders. These rights, designations and preferences include:

- . number of shares to be issued;
- . dividend rights;
- . dividend rates;
- . conversion rights;
- . voting rights;
- . liquidation preferences; and
- . terms of redemption.

If iPCS' board of directors decides to issue any preferred stock, it could have the effect of delaying or preventing another party from taking control of iPCS. This is because the terms of the preferred stock could be designed to make it prohibitively expensive for any unwanted third-party to make a bid for iPCS' shares. iPCS has no present plans to issue any shares of preferred stock.

Series A-1 Preferred Stock and Series A-2 Preferred Stock

With respect to dividends and distributions upon iPCS' liquidation, winding-up and dissolution, the Series A-1 Preferred Stock ranks senior to iPCS' common stock and on parity with the Series A-2 Preferred Stock. In addition, upon iPCS' liquidation, holders of Series A-1 Preferred Stock and Series A-2 Preferred Stock will be entitled to receive a liquidation preference of approximately \$50.0 million and \$70.0 million, respectively, plus dividends of 7.5% per year.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The Series A-1 Preferred Stock and Series A-2 Preferred Stock have a term which expires on July 12, 2011 and iPCS will be obligated to redeem all outstanding shares of Series A-1 Preferred Stock and Series A-2 Preferred Stock on July 12, 2011 for an aggregate amount equal to their respective accrued liquidation preference. At any time and from time to time prior to the redemption date, holders of the Series A-1 Preferred Stock and Series A-2 Preferred Stock may, at their option, convert all or any such shares into shares of iPCS' common stock. The conversion price is subject to adjustment upon the occurrence of certain events, including the following:

- . certain issuances of additional shares of common stock, or securities convertible into shares of common stock, at a price below \$5.50 per share;
- . a stock split or combination; and
- . certain dividends and distributions.

Each share of Series A-1 Preferred Stock and Series A-2 Preferred Stock shall automatically convert into shares of iPCS' common stock upon the earlier to occur of the following:

- . the closing of an underwritten public offering of iPCS' common stock in which iPCS receives aggregate gross proceeds of at least \$50.0 million and in which the per share price at which such shares are sold in the offering is at least \$11.00 per share, subject to adjustment;
- . upon iPCS' consummation of a transaction with a public company that results in a change of control; and
- . upon iPCS' consummation of a transaction with a private company that results in a change of control and with respect to which the investor group has not waived its right to receive the special dividend payable by iPCS upon such change of control.

Dividends

Dividends shall be payable semiannually on each share of Series A-1 Preferred Stock and Series A-2 Preferred Stock at a rate of 7.5% per year and, when paid, shall be paid only in additional shares of Series A-1 Preferred Stock or Series A-2 Preferred Stock. Such dividends will accrue daily whether or not iPCS has earnings or profit, whether or not there are funds legally available for payment of such dividends and whether or not dividends are declared. Dividends shall accumulate and compound semi-annually. In addition to the 7.5% dividend, when and if iPCS' Board of Directors declares a dividend payable with respect to the then outstanding shares of iPCS' common stock, the holders of the Series A-1 Preferred Stock and Series A-2 Preferred Stock shall be entitled to the amount of dividends per share as would be payable on the number of shares of iPCS' common stock into which such share of Series A-1 Preferred Stock or Series A-2 Preferred Stock could then be converted. Upon the occurrence of a change of control prior to July 12, 2005, iPCS will be obligated to pay a special dividend to each holder of Series A-1 Preferred Stock and Series A-2 Preferred Stock except as to any changes of control in connection with a business combination with a private company as to which the investor group waives its right to receive such dividend, in an amount equal to the amount of all unpaid dividends that would have been payable through July 12, 2005.

With respect to iPCS' Series A-1 Preferred Stock and Series A-2 Preferred Stock, a "change of control" occurs upon the happening of any of the following events:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . any person who is not currently a holder of iPCS' stock is or becomes a beneficial owner of more than 50% of the aggregate voting power of iPCS' securities;
- . Geneseo, Cambridge and their affiliates collectively do not beneficially own more shares of iPCS' voting securities than any other person, other than the investor group and its affiliates, which person beneficially owns more than 35% of iPCS' voting securities;

131

- . any transaction occurs that results in iPCS' stockholders immediately prior to such transaction being the holders of less than 50% of the aggregate voting power of the securities of the resulting company after such transaction;
- . a majority of the members of iPCS' Board of Directors consists of individuals who are neither members of the Board on the closing date or appointed by the investor group, full time employees or directors of one of iPCS' stockholders at such time or an individual who was requested to be placed on the Board by a stockholder;
- . a merger, consolidation, sale of assets or other similar business combination transaction is consummated and, as a direct result, Mr. Yager ceases to be iPCS' Chief Executive Officer or that of iPCS' successor; or
- . any liquidation, dissolution or winding up of iPCS, or a dividend or distribution to iPCS' stockholders of more than 50% of its assets.

Voting

Holders of iPCS' Series A-1 Preferred Stock and Series A-2 Preferred Stock shall be entitled to vote on all matters submitted to a vote of iPCS' stockholders as if the holders of Series A-1 Preferred Stock and Series A-2 Preferred Stock had converted their shares immediately prior to the vote. In addition, the vote of at least a majority of the then outstanding shares of Series A-1 Preferred Stock or Series A-2 Preferred Stock, voting together as a single class, respectively, shall be necessary for effecting or validating the following actions:

- . any amendment, alteration or change to the rights, preferences, privileges or powers of the Series A-1 Preferred Stock or Series A-2 Preferred Stock in any manner that adversely affects the shares of such series;
- . any increase or decrease in the total number of authorized or issued shares of Series A-1 Preferred Stock or Series A-2 Preferred Stock, other than the dividend issuances of such shares;
- . any authorization, creation or issuance of any senior or parity securities, other than in the case of the Series A-1 Preferred Stock, the issuance of Series A-2 Preferred Stock;
- . any redemption, acquisition or other purchase of any shares of iPCS', or any of iPCS' subsidiary's, capital stock or other equity security, subject to some exceptions;
- . any change of iPCS' certificate of incorporation or bylaws that would adversely affect the holders of the Series A-1 Preferred Stock or Series A-2 Preferred Stock; or

. any voluntary liquidation, dissolution or winding up of iPCS.

Warrants

Sprint Warrants

As additional consideration to Sprint Spectrum L.P. for its agreement to expand iPCS' initial territory by the additional 20 markets, iPCS has issued to Sprint Spectrum L.P., or any of its designees controlled by, or under common control with, Sprint Spectrum L.P. warrants for 1,151,938 shares. The warrants are exercisable by Sprint Spectrum L.P. at an exercise price of \$4.95 per share beginning on or after July 15, 2001 and expiring on July 15, 2007. Sprint Spectrum L.P. may transfer its rights with respect to the warrants only to a company that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with Sprint Spectrum L.P., and any warrants so transferred will be subject to the exercise time periods. At such time as iPCS becomes eligible to file a registration statement on Form S-3, Sprint Spectrum L.P. will be entitled to demand registration rights for the underlying common stock until the common stock may be sold without registration.

132

Unit Warrants

As part of iPCS' units offering, iPCS issued and sold warrants to purchase an aggregate of 2,982,699 shares of iPCS' common stock pursuant to a warrant agreement between iPCS and ChaseMellon Shareholder Services, L.L.C., as the warrant agent. iPCS has filed a copy of the warrant agreement as an exhibit to its registration statement.

The holders of the unit warrants are entitled, in the aggregate, to purchase 2,982,699 shares of iPCS' common stock, representing approximately 4% of the issued and outstanding shares of iPCS' common stock on a fully diluted basis, assuming exercise of the Sprint warrants and all options outstanding or that have or may be issued under iPCS' Long-Term Incentive Plan. The unit warrants became exercisable at any time after July 15, 2001 for a period of ten years from the date of issuance. The unit warrants currently trade separately from the notes in the Private Offerings and Resales trading through Automated Linkages (PORTAL) market.

Each of the warrants, when exercised, will entitle the holder to receive 9.94233 fully paid and non-assessable shares of iPCS' common stock, at an exercise price of \$5.50 per share, subject to adjustment from time to time in several circumstances including the following:

- (1) the payment by iPCS of dividends and other distributions on iPCS' common stock;
- (2) subdivision, combinations and reclassifications of iPCS' common stock;
- (3) the issuance to all holders of common stock of such rights, options or warrants entitling them to subscribe for iPCS' common stock or securities convertible into, or exchangeable or exercisable for, iPCS' common stock at a price which is less than the fair market value per share of iPCS' common stock;
- (4) certain distributions to all holders of iPCS' common stock of any of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

iPCS' assets or debt securities or any rights or warrants to purchase any such securities, excluding those rights and warrants referred to in clause (3) above;

(5) the issuance of shares of iPCS' common stock for consideration per share less than the then fair market value per share of iPCS' common stock at the time of issuance of such convertible or exchangeable security, excluding securities issued in transactions referred to in clauses (1) through (4) above, or (6) below; and

(6) the issuance of securities convertible into or exchangeable for iPCS' common stock for a conversion or exchange price plus consideration received upon issuance less than the then fair market value per share of iPCS' common stock at the time of issuance of such convertible or exchangeable security, excluding securities issued in transactions referred to in (1) through (4) above.

The events described above are subject to certain exceptions described in the warrant agreement including:

- . issuances of options, convertible securities or common stock to employees, directors or consultants of iPCS or any of iPCS' subsidiaries pursuant to a plan approved by iPCS' board of directors;
- . rights to purchase common stock pursuant to a plan for reinvestment of dividends or interest; and
- . issuances of common stock, options or convertible securities in connection with merger and acquisitions with non-affiliated third parties.

iPCS is required, under the terms of a warrant registration rights agreement to:

- . file a shelf registration statement on or before October 10, 2000 covering the resale of the unit warrants, the issuance of the common stock issuable upon exercise of the unit warrants and the resale of the common stock issuable upon exercise of the unit warrants;
- . use its reasonable best efforts to cause the shelf registration statement to be declared effective under the Securities Act on or before January 8, 2000; and

133

- . keep the shelf registration statement continuously effective until the date on which all of the unit warrants or shares of common stock issuable thereunder have been sold pursuant to the shelf registration statement or the unit warrants have expired.

iPCS has filed the registration statement and has caused the registration statement to become effective on January 8, 2001. If iPCS fails to maintain its effectiveness as specified above, a registration default shall be deemed to have occurred and iPCS will be required to pay liquidated damages to each holder of a unit warrant. The liquidated damages payable to each holder of a warrant will be in an amount equal to \$0.03 per week per unit warrant held by such holder for each week or portion thereof that the registration default continues for the first 90-day period immediately following the occurrence of such registration default. This amount will increase by an additional \$0.02 per week per warrant with respect to each subsequent 90-day period, up to a maximum amount equal to \$0.07 per week per unit warrant. The provision for liquidated

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

damages will continue until such registration default has been cured. iPCS will not be required to pay liquidated damages for more than one registration default at any given time. No liquidated damages are currently payable.

Delaware Law and Certain Charter and By-Law Provisions

iPCS' certificate of incorporation and by-laws provide for the division of the board of directors into three classes, as nearly equal in size as possible, with each class beginning its three year term in a different year. A director may be removed only for cause by the affirmative vote of the holders of at least 80% of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally for the election of directors voting together as a single class.

iPCS' certificate of incorporation will also require a stockholder who intends to nominate a candidate for election or to raise new business at a stockholder meeting to give at least 90 days' advance notice to the Secretary. The notice provision will require a stockholder who desires to raise new business to provide iPCS certain information concerning the nature of the new business, the stockholder and the stockholder's interest in the business matter. Similarly, a stockholder wishing to nominate any person for election as a director will need to provide iPCS with certain information concerning the nominee and the proposing stockholder.

iPCS' certificate of incorporation empowers its board of directors, when considering a tender offer or merger or acquisition proposal, to take into account factors in addition to potential economic benefits to stockholders. These factors may include:

- . comparison of the proposed consideration to be received by stockholders in relation to the then current market price of iPCS' capital stock, iPCS' estimated current value in a freely negotiated transaction and iPCS' estimated future value as an independent entity; and
- . the impact of a transaction on iPCS' employees, suppliers and customers and its effect on the communities in which iPCS operate.

The provisions described above could make it more difficult for a third-party to acquire control of iPCS and, furthermore, could discourage a third-party from making any attempt to acquire control of iPCS.

iPCS' certificate of incorporation provides that any action required or permitted to be taken by its stockholders may be taken only at a duly called annual or special meeting of the stockholders, and that special meetings may be called only by the chairman of the board, president and chief executive officer or by the board pursuant to a resolution adopted by a majority of the board of directors, or as otherwise provided in the by-laws. These provisions could have the effect of delaying until the next annual stockholders meeting stockholder actions that are favored by the holders of a majority of the outstanding voting securities. These provisions may also discourage another person or entity from making an offer to stockholders for the common stock. This is because the person or entity making the offer, even if it acquired a majority of iPCS' outstanding voting securities, would be unable to call a special meeting of the stockholders and would further be unable to obtain

unanimous written consent of the stockholders. As a result, any meeting as to matters they endorse, including the election of new directors or the approval of a merger, would have to wait for the next duly called stockholders meeting.

Delaware law provides that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or by-laws, unless the corporation's certificate of incorporation or by-laws, as the case may be, requires a greater percentage. iPCS' certificate of incorporation requires the affirmative vote of the holders of at least 80% of the outstanding voting stock to amend or repeal any of the provisions of the certificate of incorporation described above. The 80% vote is also required to amend or repeal any of iPCS' by-law provisions described above. The by-laws may also be amended or repealed by the board of directors. The 80% stockholder vote would be in addition to any separate vote that each class of preferred stock is entitled to that might in the future be required in accordance with the terms of any preferred stock that might be outstanding at the time any amendments are submitted to stockholders.

SPRINT PCS AGREEMENTS

The following is a summary of the material terms and provisions of each AirGate's and iPCS' separate Sprint PCS agreements and the consent and agreements modifying the Sprint PCS management agreements. The Sprint PCS agreements and consent and agreements have been filed by each of AirGate and iPCS, as applicable, as exhibits to certain of their respective filings with the SEC. AirGate and iPCS urge you to carefully review the Sprint PCS agreements and the consent and agreements.

The Sprint PCS agreements of one party and the rights and obligations of the parties under such agreements are independent of the Sprint PCS agreements of the other party and the rights and obligations of the parties under such agreements. While a party's senior credit facility is outstanding, a default under such party's Sprint PCS agreements is not, of itself, a default under the other party's Sprint PCS agreements.

Overview of Sprint PCS Relationship and Agreements

Under their respective long-term agreements with Sprint PCS, AirGate and iPCS will exclusively market PCS services under the Sprint and Sprint PCS brand names in their territories. The agreements with Sprint PCS require AirGate and iPCS to interface with the Sprint PCS wireless network by building their PCS networks to operate on the 10 to 30 MHz of PCS frequencies licensed to Sprint PCS in the 1900 MHz range. The Sprint PCS agreements also give AirGate and iPCS access to Sprint PCS' equipment discounts, roaming revenue from Sprint PCS customers traveling into their territory, and various other back office services. AirGate's and iPCS' relationship and agreements with Sprint PCS provide strategic advantages, including avoiding the need to fund up-front spectrum acquisition costs and the costs of establishing billing and other customer services infrastructure. The Sprint PCS agreements have an initial term of 20 years with three 10-year renewals which can lengthen the contracts to a total term of 50 years. AirGate's Sprint PCS agreements will automatically renew for the first 10-year renewal period unless AirGate is in material default on its obligations under the agreement. The Sprint PCS agreements will automatically renew for two additional 10-year terms (and three additional 10-year terms in the case of iPCS) unless either AirGate or iPCS on the one hand,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

or Sprint PCS on the other hand, provides the other with two years prior written notice to terminate the agreements.

Each of AirGate and iPCS has four major agreements with Sprint and Sprint PCS:

- . the management agreement;
- . the services agreement;
- . the trademark and service mark license agreement with Sprint; and
- . the trademark and service mark license agreement with Sprint PCS.

In addition, Sprint PCS has entered into a consent and agreement with each of AirGate and iPCS that modifies the respective management agreements for the benefit of the lenders under AirGate's senior secured credit facility, in the case of AirGate, and for the benefit of the lenders under iPCS' senior secured credit facility, in the case of iPCS.

The Management Agreement

Under AirGate's and iPCS' management agreements with Sprint PCS, AirGate and iPCS have each agreed to:

- . construct and manage a network in its territory in compliance with Sprint PCS' PCS licenses and the terms of the management agreement;
- . distribute during the term of the management agreement, Sprint PCS products and services;
- . use Sprint PCS' and its own distribution channels in its territory;
- . conduct advertising and promotion activities in its territory; and
- . manage that portion of Sprint PCS' customer base assigned to its territory.

Sprint PCS will supervise AirGate's and iPCS' PCS network operations and has the right to unconditional access to their PCS networks.

136

Exclusivity. AirGate and iPCS are designated as the only person or entity that can manage or operate a PCS network for Sprint PCS in their respective territories. Sprint PCS is prohibited from owning, operating, building or managing another wireless mobility communications network in AirGate's or iPCS' territories while their respective management agreements are in place and no event has occurred that would permit the agreements to terminate. Sprint PCS is permitted under the agreements to make national sales to companies in the covered territories and, as required by the FCC, to permit resale of the Sprint PCS products and services in the covered territory.

Network build-out. The management agreements each specify the terms of the Sprint PCS affiliation, including the required network build-out plan.

(a) AirGate: AirGate agreed to cover a specified percentage of the population at coverage levels ranging from 39% to 86% within each of the 21

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

markets which make up its territory by specified dates. AirGate has satisfied these network build-out requirements. AirGate has agreed to operate its PCS network, if technically feasible and commercially reasonable, to provide for a seamless handoff of a call initiated in its territory to a neighboring Sprint PCS network. If Sprint PCS decides to expand coverage within AirGate's territory, Sprint PCS must provide AirGate with written notice of the proposed expansion. AirGate has 90 days to determine whether AirGate will build out the proposed area. If AirGate does not exercise this right, Sprint PCS can build out the territory or permit another third party to do so. Any new area that Sprint PCS or a third party builds out is removed from AirGate's territory.

(b) iPCS: iPCS agreed to cover a specified coverage percentage of the population within each of its markets by the specified dates. iPCS believes its current build-out plan will satisfy these obligations on a timely basis. The management agreement also requires iPCS to reimburse Sprint PCS for 50% of the microwave clearing cost for its territory. iPCS has agreed to operate its network, if technically feasible and commercially reasonable, to provide for a seamless handoff of a call initiated in its territory to a neighboring Sprint PCS network. At any time after January 22, 2001, Sprint PCS can decide to expand the coverage requirements of its territory by providing iPCS with written notice as long as the expanded coverage requirements are for proposed areas in which a tower would cover at least 10,000 residents. iPCS has 90 days after receiving notice from Sprint PCS to determine whether it will build-out the proposed area. As of January 22, 1999, Sprint PCS has identified nine cities in iPCS' territory that meet the expanded coverage requirements criteria. However, Sprint PCS cannot require iPCS to build-out these cities until after December 31, 2002.

Products and services. The respective management agreements identify the products and services that AirGate and iPCS can offer in their respective territories. These services include, but are not limited to, Sprint PCS consumer and business products and services available as of the date of the agreement, or as modified by Sprint PCS. AirGate and iPCS may offer non-Sprint PCS products and services in their respective territories under limited circumstances and with Sprint PCS' concurrence. Neither company may offer products and services that are confusingly similar to Sprint PCS products and services. AirGate and iPCS may cross-sell services such as Internet access, customer premises equipment, handsets, and prepaid phone cards with Sprint, Sprint PCS and other Sprint PCS network partners. If AirGate or iPCS decide to use third parties to provide these services, AirGate and iPCS must give Sprint PCS an opportunity to provide the services on the same terms and conditions. AirGate and iPCS cannot offer wireless local loop services specifically designed for the competitive local exchange market in areas where Sprint owns the local exchange carrier without Sprint PCS' consent, unless AirGate or iPCS, as the case may be, name the Sprint-owned local exchange carrier as the exclusive distributor.

AirGate and iPCS will participate in the Sprint PCS sales programs for national sales to customers, and will pay the expenses and receive the compensation from national accounts located in their respective territories. AirGate and iPCS must use Sprint's long distance service which AirGate and iPCS can buy at the best prices offered to comparably situated Sprint customers, plus an additional administrative fee. Sprint has a right of last offer to provide backhaul and transport services.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Service pricing, roaming and fees. AirGate and iPCS must each offer Sprint PCS subscriber pricing plans designated for regional or national offerings. AirGate and iPCS will receive 92% of collected revenues received by Sprint PCS for Sprint PCS products and services from customers in their respective territories. This amount excludes roaming revenues, sales of handsets and accessories, proceeds from sales not in the ordinary course of business and amounts collected with respect to taxes. Except in the case of taxes, AirGate and iPCS will retain 100% of these revenues. Although many Sprint PCS subscribers will purchase a bundled pricing plan that allows roaming anywhere on the Sprint PCS and network partners' networks without incremental roaming charges, AirGate and iPCS will earn roaming revenues from every minute that a Sprint PCS subscriber from outside the AirGate or iPCS territory is carried on their respective PCS networks. AirGate and iPCS will earn revenues from Sprint PCS based on an established per minute rate for Sprint PCS' subscribers roaming in their territory. Similarly, AirGate and iPCS will pay for every minute subscribers from their respective territories use the Sprint PCS nationwide network outside such territories. The roaming rates earned, and paid, by iPCS are fixed until December 31, 2001. The analog roaming rate onto a non-Sprint PCS provider's network is set under Sprint PCS' third party roaming agreements.

Advertising and promotions. Sprint PCS is responsible for all national advertising and promotion of the Sprint PCS products and services. AirGate and iPCS are responsible for advertising and promotion in their respective territories, including a portion of the cost of any promotion or advertising done by any third party retailers in its territory pursuant to a national cooperative advertising agreement with Sprint PCS. Sprint PCS' service area includes the urban markets around their respective territories. Sprint PCS will pay for advertising in these markets. Given the proximity of those markets to AirGate's and iPCS' markets, AirGate and iPCS both expect considerable spill-over from Sprint PCS' advertising in surrounding urban markets.

Program requirements. AirGate and iPCS will comply with Sprint PCS' program requirements for technical standards, customer service standards, national and regional distribution and national accounts programs. Sprint PCS can adjust the program requirements from time to time under the conditions provided in the management agreements. AirGate and iPCS each have the right to appeal to Sprint PCS' management adjustments in the program requirements, if the adjustment: (1) causes AirGate or iPCS, as the case may be, to spend more than 5% of the sum of the applicable company's equity and long term debt, or (2) causes AirGate's or iPCS' operating expenses to increase by more than 10% on a net present value basis. If Sprint PCS denies the company's appeal, then such company has 10 days after the denial to submit the matter to arbitration. If the company does not submit the matter to arbitration within the 10-day period or comply with the program adjustment, Sprint PCS has the termination rights described below.

Non-competition. AirGate and iPCS may not offer Sprint PCS products and services outside their respective territories without the prior written approval of Sprint PCS. Within their respective territories, AirGate and iPCS may offer, market or promote telecommunications products and services only under the Sprint PCS brands, their own brands, brands of related parties of theirs or other products and services approved under the management agreements, except that no brand of a significant competitor of Sprint PCS or its related parties may be used for those products and services. To the extent AirGate and iPCS have or obtain licenses to provide PCS services outside their respective territories, neither AirGate nor iPCS may use the spectrum to offer Sprint PCS products and services without prior written consent from Sprint

PCS.

Inability to use non-Sprint PCS brand. AirGate and iPCS may not market, promote, advertise, distribute, lease or sell any of the Sprint PCS products and services on a non-branded, "private label" basis or under any brand, trademark or trade name other than the Sprint PCS brand, except for sales to resellers approved by Sprint PCS or required by law or as otherwise permitted under the trademark and service mark license agreements.

Rights of first refusal. Sprint PCS has certain rights of first refusal to buy AirGate's and iPCS' assets upon a proposed sale of all or substantially all of their respective assets.

Termination of management agreements. Each management agreement can be terminated as a result of:

- . termination of Sprint PCS' PCS licenses in the related company's territory;

138

- . either AirGate or iPCS or their related parties fail to make any payment due under the Sprint PCS agreements;
- . any other uncured breach under the related management agreement;
- . bankruptcy of a party to the related management agreement;
- . subject to the limitations in the related management agreement, such management agreement not complying with any applicable law in any material respect;
- . the termination of either of the related trademark and service mark license agreements; or
- . in the case of iPCS, its failure to obtain financing necessary for the build-out of its network and for its working capital needs.

The termination or non-renewal of the management agreements triggers certain of AirGate's and iPCS' rights, as applicable, and those of Sprint PCS. In the case of iPCS, the right to purchase or sell the operating assets, as discussed below, may not be exercised until January 21, 2002.

If AirGate or iPCS has the right to terminate its management agreement because of an event of termination caused by Sprint PCS, generally the affected party may:

- . require Sprint PCS to purchase all of its operating assets used in connection with its PCS networks for an amount equal to at least 80% of its entire business value as defined below (88% in the case of AirGate,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

unless Sprint PCS becomes the licensee for 20 MHz of spectrum in AirGate's territory);

- . if Sprint PCS is the licensee for 20 MHz or more of the spectrum on the date AirGate terminates the management agreement (or in the case of iPCS, the date the management agreement was executed), require Sprint PCS to sell to AirGate or iPCS, as applicable, subject to governmental approval, up to 10 MHz of licensed spectrum for an amount equal to the greater of (1) the original cost to Sprint PCS of the license plus any microwave relocation costs paid by Sprint PCS or (2) 9% of its entire business value; or
- . sue Sprint PCS for damages or submit the matter to arbitration and thereby not terminate the related management agreement.

If Sprint PCS has the right to terminate a management agreement because of an event of termination caused by AirGate or iPCS, as the case may be, generally Sprint PCS may:

- . require the defaulting party to sell its operating assets to Sprint PCS for an amount equal to 72% of its entire business value;
- . require the defaulting party to purchase, subject to governmental approval, the licensed spectrum in its territory for an amount equal to the greater of (1) the original cost to Sprint PCS of the license plus any microwave relocation costs paid by Sprint or (2) 10% of its entire business value;
- . take any action as Sprint PCS deems necessary to cure the defaulting party's breach of its management agreement, including assuming responsibility for, and operating, the related PCS network; or
- . sue the defaulting party for damages or submit the matter to arbitration and thereby not terminate the related management agreement.

Non-renewal. If Sprint PCS gives either AirGate or iPCS timely notice that it does not intend to renew such company's management agreement, AirGate or iPCS, as the case may be, may:

- . require Sprint PCS to purchase all of its operating assets used in connection with the PCS network for an amount equal to at least 80% of its entire business value (88% in the case of AirGate, unless Sprint PCS becomes the licensee for 20 MHz of spectrum in AirGate's territory); or
- . if Sprint PCS is the licensee for 20 MHz or more of the spectrum on the date AirGate terminates the management agreement (or in the case of iPCS, the date the management agreement is executed),

require Sprint PCS to assign to it, subject to governmental approval, up to 10 MHz of licensed spectrum for an amount equal to the greater of (1) the original cost to Sprint PCS of the license plus any microwave relocation costs paid by Sprint PCS or (2) 10% of its entire business value.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

If AirGate or iPCS gives Sprint PCS timely notice of non-renewal of the related management agreement, or such company and Sprint PCS both give notice of non-renewal, or the related management agreement can be terminated for failure to comply with legal requirements or regulatory considerations, Sprint PCS may:

- . purchase all of the related company's operating assets for an amount equal to 80% of its entire business value; or
- . require the related company to purchase, subject to governmental approval, the licensed spectrum for an amount equal to the greater of (1) the original cost to Sprint PCS of the license plus any microwave relocation costs paid by Sprint PCS or (2) 10% of its entire business value.

Determination of Entire Business Value. If the entire business value is to be determined, AirGate or iPCS, as the case may be, and Sprint PCS will each select one independent appraiser and the two appraisers will select a third appraiser. The three appraisers will determine the entire business value on a going concern basis using the following guidelines:

- . the entire business value is based on the price a willing buyer would pay a willing seller for the entire on-going business;
- . then-current customary means of valuing a wireless telecommunications business will be used;
- . the business is conducted under the Sprint and Sprint PCS brands and the related Sprint PCS agreements;
- . that the related company owns the spectrum and frequencies presently owned by Sprint PCS and subject to the related Sprint PCS agreements; and
- . the valuation will not include any value for businesses not directly related to the Sprint PCS products and services, and such businesses will not be included in the sale.

The rights and remedies of Sprint PCS outlined in the respective management agreements resulting from an event of termination of the management agreement have been materially amended by the related consent and agreement as discussed below. However, at such time that there is no outstanding debt under the related consent and agreement, such amendments to the rights and remedies of Sprint PCS reflected in the related consent and agreement will not be in effect.

Insurance. AirGate and iPCS are each required to obtain and maintain with financially reputable insurers, who are licensed to do business in all jurisdictions where any work is performed under the related management agreement and who are reasonably acceptable to Sprint PCS, workers' compensation insurance, commercial general liability insurance, business automobile insurance, umbrella excess liability insurance and "all risk" property insurance.

Indemnification. AirGate and iPCS have each agreed to indemnify Sprint PCS and its directors, employees and agents and related parties of Sprint PCS and

their directors, employees and agents against any and all claims against any of the foregoing arising from such company's violation of any law, a breach by such company of any representation, warranty or covenant contained in their respective management agreement or any other agreement between AirGate, iPCS or either of their related parties and Sprint PCS, such company's ownership of the operating assets or the actions or the failure to act of anyone employed or hired by such company in the performance of any work under the related management agreement, except AirGate and iPCS will not indemnify Sprint PCS for any claims arising solely from the negligence or willful misconduct of Sprint PCS. Sprint PCS has agreed to indemnify AirGate and iPCS, as the case may be, and their directors, employees and agents against all claims against any of the foregoing arising from Sprint PCS' violation of any law and from Sprint PCS' breach of any representation, warranty or covenant contained in the related management

140

agreement or any other agreement between Sprint PCS and its related parties and AirGate and iPCS or their related parties, except Sprint PCS will not indemnify AirGate or iPCS for any claims arising solely from AirGate's or iPCS' negligence or willful misconduct.

The Services Agreements

The respective services agreements outline various back office services provided by Sprint PCS and available to each of AirGate and iPCS at established rates. Sprint PCS can change any or all of the service rates one time in each 12-month period. Some of the available services include: billing, customer care, activation, credit checks, handset logistics, home locator record, voice mail, prepaid services, directory assistance, operator services, roaming fees, roaming clearinghouse fees, interconnect fees and inter-service area fees. Sprint PCS may contract with third parties to provide expertise and services identical or similar to those to be made available or provided to AirGate and iPCS. AirGate and iPCS have agreed not to use the services received under their respective services agreement in connection with any other business or outside their respective territories. AirGate and iPCS may discontinue use of selected services upon three months' prior written notice, provided that certain services may be terminated only with a group of other selected services. Sprint PCS may discontinue a service upon nine months' prior written notice. The services agreements automatically terminate upon termination of the applicable management agreement. The services agreements may not be terminated for any reason other than the termination of the applicable management agreement.

AirGate or iPCS on the one hand and Sprint PCS on the other hand have each agreed to indemnify each other as well as officers, directors, employees and certain other related parties and their officers, directors and employees for violations of law or the services agreement except for any liabilities resulting from the indemnitee's negligence or willful misconduct. The services agreement also provides that no party to the agreement will be liable to the other party for special, indirect, incidental, exemplary, consequential or punitive damages, or loss of profits arising from the relationship of the parties or the conduct of business under, or breach of, the services agreement except as may otherwise be required by the indemnification provisions.

The Trademark and Service Mark License Agreements

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Both AirGate and iPCS have non-transferable, royalty-free licenses to use the Sprint and Sprint PCS brand names and "diamond" symbol, and several other U.S. trademarks and service marks such as "The Clear Alternative to Cellular" and "Clear Across the Nation" on Sprint PCS products and services. AirGate and iPCS believe that the Sprint and Sprint PCS brand names and symbols enjoy a very high degree of awareness, providing AirGate and iPCS an immediate benefit in the market place. AirGate's and iPCS' use of the licensed marks is subject to their adherence to quality standards determined by Sprint and Sprint PCS and use of the licensed marks in a manner which would not reflect adversely on the image of quality symbolized by the licensed marks. AirGate and iPCS have agreed to promptly notify Sprint and Sprint PCS of any infringement of any of the licensed marks within their respective territories of which AirGate and iPCS become aware and to provide assistance to Sprint and Sprint PCS in connection with Sprint's and Sprint PCS' enforcement of their respective rights. AirGate and iPCS have agreed with Sprint and Sprint PCS to indemnify each other for losses incurred in connection with a material breach of the trademark license agreements. In addition, AirGate and iPCS have agreed to indemnify Sprint and Sprint PCS from any loss suffered by reason of its use of the licensed marks or marketing, promotion, advertisement, distribution, lease or sale of any Sprint or Sprint PCS products and services other than losses arising solely out of its use of the licensed marks in compliance with certain guidelines.

Sprint and Sprint PCS can terminate the trademark and service mark license agreements if AirGate or iPCS, as the case may be, file for bankruptcy, materially breach the agreement or its management agreement is terminated. AirGate and iPCS can terminate their respective trademark and service mark license agreements upon Sprint's or Sprint PCS' abandonment of the licensed marks or if Sprint or Sprint PCS files for bankruptcy, or the related management agreement is terminated.

141

Consents and Agreements in Connection with the Senior Credit Facilities

Sprint PCS has entered into a consent and agreement with the administrative agent under AirGate's senior credit facility, which AirGate has acknowledged, that modifies Sprint PCS' rights and remedies under AirGate's management agreement for the benefit of the senior lenders and any refinancing of AirGate's senior credit facility. Lehman Brothers Commercial Paper, Inc., a subsidiary of Lehman Brothers, Inc., is the administrative agent under AirGate's senior credit facility.

Similarly, Sprint PCS has entered into a consent and agreement with the administrative agent under the senior secured credit facility of iPCS for the benefit of the holders of indebtedness, which has been acknowledged by iPCS, and modifies Sprint PCS' rights and remedies under iPCS' management agreement, for the benefit of the existing and future holders of indebtedness under iPCS' senior credit facility, and any refinancing thereof.

The consent and agreement of one party and the rights and obligations of the parties thereunder, including its lenders, are independent of the consent and agreement of the other party and the rights and obligations of the parties under its consent and agreement.

Each consent generally provides, among other things, the following:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . Sprint PCS' consent to the pledge of the respective company's subsidiary stock and the grant of a security interest in all of the respective company's assets including the Sprint PCS agreements of such party;
- . that the respective company's Sprint PCS agreements may not be terminated by Sprint PCS until the respective senior credit facility is satisfied in full pursuant to the terms of the respective consent, unless AirGate's stock or assets or iPCS' subsidiaries or assets, as the case may be, are sold to a purchaser who does not continue to operate such business as a Sprint PCS network, which sale requires the approval of the applicable administrative agent;
- . a prohibition on competing Sprint PCS networks in AirGate's or iPCS' territory;
- . for Sprint PCS to maintain 10 MHz of PCS spectrum in all of either AirGate's or iPCS' markets;
- . for redirection of payments from Sprint PCS to the applicable administrative agent under specified circumstances;
- . for Sprint PCS and the applicable administrative agent to provide to each other notices of default;
- . the ability to appoint an interim replacement, including Sprint PCS, to operate AirGate's or iPCS', as applicable, PCS network under such party's Sprint PCS agreements after an acceleration of the respective senior credit facility or an event of termination under the respective Sprint PCS agreements;
- . the ability of the applicable administrative agent or Sprint PCS to assign the Sprint PCS agreements and sell AirGate's or iPCS' respective assets or the equity interests of iPCS' operating subsidiaries, as the case may be, to a qualified purchaser other than a major competitor of Sprint PCS or Sprint;
- . the ability to purchase spectrum from Sprint PCS and sell AirGate's or iPCS' respective assets to any qualified purchaser; and
- . the ability of Sprint PCS to purchase AirGate's or iPCS' respective assets or debt.

Consent to security interest and pledge of stock. Sprint PCS has consented to the grant of the following:

- . a first priority security interest in all of the applicable party's assets including such party's Sprint PCS agreements;
- . a lien upon all of the applicable party's assets and property including their rights under such party's Sprint PCS agreements; and
- . a first priority security interest in the capital stock and equity interests of the applicable party's subsidiaries and future subsidiaries.

Sprint PCS has agreed to acknowledge the grant of these security interests and to waive its right to challenge or contest the validity of the interests.

142

Agreement not to terminate Sprint PCS agreements until the obligations under related financings are repaid. Sprint PCS has agreed not to exercise its rights or remedies under the respective Sprint PCS agreements, except its right to cure certain defaults, including its right to terminate the applicable Sprint PCS agreements and withhold payments, other than rights of setoff, until the respective financing is satisfied in full pursuant to the terms of the respective consent. Sprint PCS has agreed that until AirGate's or iPCS' respective senior credit facility is satisfied in full, the failure of a party related to AirGate or iPCS to pay any amount under any agreement with Sprint PCS, other than the Sprint PCS agreements, or its related parties will not constitute a breach of the applicable Sprint PCS agreements.

No competition until obligations under the senior credit facilities are repaid. Sprint PCS has agreed that it will not permit any person other than AirGate or iPCS, as applicable, or a successor manager to be a manager or operator for Sprint PCS in AirGate's or iPCS' applicable territories, until that company's senior credit facility is satisfied in full pursuant to the terms of that company's consent. Consistent with the management agreements, while the applicable senior credit facility is outstanding, Sprint PCS can sell PCS services through its national accounts, permit resellers and build new geographical areas within AirGate's or iPCS', as applicable, territory (for which AirGate has chosen not to exercise its rights of first refusal). Similarly, Sprint PCS has agreed that it will not own, operate, build or manage another wireless mobility communications network in AirGate's or iPCS', as applicable, territory unless it is permitted under the applicable management agreement or such management agreement is terminated in accordance with the applicable consent, and, in each case, the applicable senior credit facility is satisfied in full pursuant to the terms of the applicable consent.

Maintain 10 MHz of spectrum. Sprint PCS has agreed to own at least 10 MHz of PCS spectrum in each of AirGate's and iPCS' territories until the first of the following events occurs:

- . the obligations under the applicable senior credit facility is satisfied in full pursuant to the terms of AirGate's or iPCS' respective consent;
- . the sale of spectrum is completed under the applicable consent, as discussed below;
- . the sale of operating assets is completed under the applicable consent, as discussed below; or
- . the termination of AirGate's or iPCS', as applicable, management agreement.

Restrictions on assignment and change of control do not apply to lenders and the administrative agent. Sprint PCS has agreed not to apply the restrictions on assignment of the Sprint PCS agreements and changes in control of AirGate's or iPCS' ownership to the lenders under the senior credit facilities or the administrative agents. The assignment and change of control provisions in the Sprint PCS agreements will apply if the assignment or change of control is to someone other than the applicable administrative agent or a lender under the senior credit facilities, or is not permitted under the consents.

Redirection of payments from Sprint PCS to the applicable administrative agent. Sprint PCS has agreed to make all payments due from Sprint PCS to AirGate or iPCS under the respective Sprint PCS agreements directly to the applicable administrative agent if such administrative agent provides Sprint PCS with notice that an event of default has occurred and is continuing under the applicable senior credit facility. Payments to such administrative agent would cease upon the cure of the event of default.

Notice of defaults. Sprint PCS has agreed to provide to the applicable administrative agent a copy of any written notice it sends to either AirGate or iPCS regarding an event of termination or an event that if not cured, or if notice is provided, would be an event of termination under the applicable Sprint PCS agreements. Sprint PCS also has acknowledged that notice of an event of termination under the Sprint PCS agreements constitutes an event of default under the senior credit facilities. The administrative agents are, or will be, required to provide Sprint PCS a copy of any written notice sent to either AirGate or iPCS, as applicable, regarding an event of default or default under the respective senior credit facility instruments.

143

Right to cure. Sprint PCS and the respective applicable administrative agents have the right, but not the obligation, to cure a default under the respective Sprint PCS agreements. During the first six months as interim manager Sprint PCS' right to reimbursement of any expenses incurred in connection with the cure are subordinated to the satisfaction in full, pursuant to the terms of the consents, of the obligations under the applicable senior credit facility.

Modification of termination rights. The consents modify the rights and remedies under the management agreements provided in an event of termination and grant the providers of the senior credit facilities certain rights in the event of a default under the instruments governing the applicable senior debt. The rights and remedies of the administrative agent under each senior credit facility vary based on whether AirGate or iPCS, as applicable, has:

- . defaulted under its debt obligations but no event of termination has occurred under its respective management agreement; or
- . breached its respective management agreement.

Each consent generally permits the appointment of a person to run AirGate's or iPCS' business, as the case may be, under its Sprint PCS agreements on an interim basis and establish a process for sale of such business. The person designated to operate such business on an interim basis is permitted to collect a reasonable management fee. If Sprint PCS or a related party is the interim operator, the amount of the fee is not to exceed the amount of direct expenses of its employees to operate such business plus out-of-pocket expenses. Sprint PCS shall collect its fee by setoff against the amounts owed to the defaulting party under its Sprint PCS agreements with them. In the event of an acceleration of obligations under the applicable senior credit facility and for up to two years thereafter, Sprint PCS shall retain only one-half of the 8% of collected revenues that it would otherwise be entitled to retain under the defaulting party's Sprint PCS agreements. Sprint PCS may retain the full 8% after the second anniversary of the date of acceleration if Sprint PCS has not

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

been appointed to run such business on an interim basis or earlier if such business is sold to a third party. The defaulting party or the applicable administrative agent, as the case may be, shall be entitled to receive the remaining one-half of the collected revenues that Sprint PCS would otherwise have retained. The amount advanced to the defaulting party or the applicable administrative agent is to be evidenced by an interest-bearing promissory note. The promissory note will mature on the earlier of (1) the date a successor manager is qualified and assumes the defaulting party's rights and obligations, as the case may be, under its Sprint PCS agreements or (2) the date on which such company's operating assets or equity are purchased by a third party.

Default under the respective senior credit facility without a management agreement breach. If either AirGate or iPCS defaults on its obligations under its respective senior credit facility and there is no default under its management agreement with Sprint PCS, Sprint PCS has agreed to permit the applicable administrative agent to elect to take any of the following actions:

- . allow the defaulting party to continue to operate its business under its Sprint PCS agreements;
- . appoint Sprint PCS to operate such business on an interim basis; or
- . appoint a person other than Sprint PCS to operate such business on an interim basis.

Appointment of Sprint PCS or third party designee by applicable administrative agent to operate business. If an applicable administrative agent appoints Sprint PCS to operate AirGate's or iPCS', as applicable, business, Sprint PCS must accept the appointment within 14 days or designate to operate such business another person who also is an affiliate of Sprint PCS or is acceptable to such administrative agent. Sprint PCS or its designated person must agree to operate the business for up to six months. At the end of the six months, the period may be extended by such administrative agent for an additional six months or an additional 12 months if the aggregate population served by all of Sprint PCS' affiliates is less than 40 million. If the term is extended beyond the initial six-month period, such administrative agent will be required to reimburse Sprint PCS or its designated person for amounts

144

previously expended and to be incurred as interim manager to cure a default up to an aggregate amount that is equal to 5% of the sum of the defaulting party's stockholders' equity value plus the outstanding amount of the defaulting party's long term debt. Sprint PCS or its designated person is not required to incur expenses beyond this 5% limit. At the end of the initial six-month interim term, the applicable administrative agent has the right to appoint a successor to the defaulting party subject to the requirements described below.

Appointment of third party by administrative agent to operate business. If an administrative agent appoints a person other than Sprint PCS to operate a defaulting party's business on an interim basis, the third party must:

- . agree to serve for six months unless terminated by Sprint PCS or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

such administrative agent for cause;

- . meet the requirements for a successor to an affiliate and not be challenged by Sprint PCS for failing to meet these requirements within 20 days after the administrative agent provides Sprint PCS with information on the third party; and
- . agree to comply with the terms of the applicable Sprint PCS agreements.

The third party is required to operate the Sprint PCS network in the defaulting party's territory but is not required to assume its existing liabilities. If the third party materially breaches the defaulting party's Sprint PCS agreements, this breach will be treated as an event of default under the related management agreement with Sprint PCS.

Management agreement breach. If AirGate or iPCS breaches its Sprint PCS agreements and such breach causes a default under such company's respective senior credit facility, Sprint PCS has the right to designate who will operate the business of the defaulting party on an interim basis. Sprint PCS has the right to:

- . allow the defaulting party to continue to operate such business under its Sprint PCS agreements if approved by its administrative agent;
- . operate such business on an interim basis; or
- . appoint a person other than Sprint PCS that is acceptable to the applicable administrative agent, which acceptance cannot be unreasonably withheld and must be given for another Sprint PCS affiliate, to operate such business on an interim basis.

When a debt default is caused by a breach of AirGate's or iPCS' management agreement with Sprint PCS, the applicable administrative agent only has a right to designate who will operate such business on an interim basis if Sprint PCS elects not to operate such business or designate a third party to operate such business on an interim basis.

Election of Sprint PCS to serve as interim manager or designate a third party to operate business. If Sprint PCS elects to operate such business on an interim basis or designate a third party to operate such business on an interim basis, Sprint PCS or the third party may operate such business for up to six months at the discretion of Sprint PCS. At the end of the six months, the period may be extended for an additional six months or an additional 12 months if the aggregate population served by AirGate and iPCS and all other affiliates of Sprint PCS is less than 40 million. If the term is extended beyond the initial six-month period, the applicable administrative agent will be required to reimburse Sprint PCS or its third party designee for amounts previously expended and to be incurred as interim manager to cure a default up to an aggregate amount that is equal to 5% of the sum of the defaulting party's stockholder's equity value plus the outstanding amount of such company's long term debt. Sprint PCS or its third party designee is not required to incur expenses beyond this 5% limit. At the end of the initial six-month interim term, Sprint PCS, subject to the approval of the applicable administrative agent, has the right to appoint a successor interim

manager to operate such business.

145

Appointment of third party by administrative agent to operate business. If Sprint PCS gives the applicable administrative agent notice of a breach of AirGate's or iPCS' management agreement, the debt repayment is accelerated, and Sprint PCS does not agree to operate such business or is unable to find a designee, such administrative agent may designate a third party to operate such business. Such administrative agent has this same right if Sprint PCS or the third party designated by Sprint PCS resigns and is not replaced within 30 days. The third party selected by such administrative agent must:

- . agree to serve for six months unless terminated by Sprint PCS for cause by such administrative agent;
- . meet the requirements for a successor to an affiliate and not be challenged by Sprint PCS for failing to meet the requirements within 20 days after such administrative agent provides Sprint PCS with information on the third party; and
- . agree to comply with the terms of the applicable Sprint PCS agreements.

The third party may continue to operate the business after the six month period at the applicable administrative agent's discretion, so long as the third party continues to satisfy the requirements to be a successor to an affiliate. The third party is required to operate the Sprint PCS network in the defaulting party's territory, but is not required to assume such company's existing liabilities.

Purchase and sale of operating assets. Each of the consents establishes a process for the sale of either AirGate's or iPCS' operating assets, as the case may be, in the event of a default and acceleration under the applicable senior credit facility. AirGate's stockholders have approved the sale of its operating assets pursuant to the terms of AirGate's consent.

Sprint PCS' right to purchase on acceleration of amounts outstanding under the respective senior credit facility. Subject to the requirements of applicable law, Sprint PCS has the right to purchase AirGate's or iPCS' operating assets, as applicable, upon notice of an acceleration of the respective senior credit facility under the following terms:

- . in addition to the purchase price requirements of the respective management agreement, the purchase price must include the payment or assumption in full, pursuant to the terms of the respective consent, of the respective senior credit facility;
- . Sprint PCS must notify the applicable administrative agent of its intention to exercise the purchase right within 60 days of receipt of the notice of acceleration;

- . such administrative agent is prohibited for a period of at least 120 days after the acceleration or until Sprint PCS rescinds its intention to purchase from enforcing its security interest if Sprint PCS has given notice of its intention to exercise the purchase right;
- . if the defaulting party receives a written offer that is acceptable to such company to purchase its operating assets within a specified period after the acceleration, Sprint PCS has the right to purchase such operating assets on terms and conditions at least as favorable to such company as the offer such company receives. Sprint PCS must agree to purchase the operating assets within 14 business days of its receipt of the offer, on acceptable conditions, and in an amount of time acceptable to such company; and
- . upon completion of the sale to Sprint PCS, such administrative agent must release the security interests upon satisfaction in full pursuant to the terms of the respective consent of the obligations under the respective senior credit facility.

If the applicable administrative agent acquires the defaulting party's operating assets, Sprint PCS has the right for 60 days to notify such administrative agent that it wants to purchase such operating assets for an amount not less than the sum of the aggregate amount paid by the lenders under the related senior credit

146

facility for such operating assets plus an aggregate amount sufficient to satisfy in full the obligations under such senior credit facility pursuant to the terms of the respective company's consent. If Sprint PCS purchases such operating assets under these provisions, the administrative agent must release the security interests securing such senior credit facility.

If such administrative agent receives an offer to purchase the operating assets of the defaulting party, Sprint PCS has the right to purchase the operating assets on terms and conditions at least as favorable as the terms and conditions in the proposed offer within 14 days of Sprint PCS' receipt of notice of the offer, and so long as the conditions of Sprint PCS' offer and the amount of time to complete the purchase is acceptable to the administrative agent.

Sale of operating assets to third parties. If Sprint PCS does not purchase the operating assets, following an acceleration of the obligations under the related senior credit facility, the applicable administrative agent may sell the operating assets of the defaulting party. Subject to the requirements of applicable law, such administrative agent has two options:

- . to sell the assets to an entity that meets the requirements to be a successor under the related Sprint PCS agreements; or
- . to sell the assets to any third party, subject to specified conditions.

Sale of assets to qualified successor. Subject to the requirements of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

applicable law, the related administrative agent may sell the operating assets and assign the agreements to entities that meet the following requirements to succeed the defaulting party:

- . the person has not materially breached a material agreement with Sprint PCS or its related parties that has resulted in the exercise of a termination right or in the initiation of judicial or arbitration proceedings during the past three years;
- . the person is not named by Sprint PCS as a prohibited successor;
- . the person has reasonably demonstrated its credit worthiness and can demonstrate the ability to service the indebtedness and meet the requirements of the related build-out plan; and
- . the person agrees to be bound by the applicable Sprint PCS agreements.

Such administrative agent is required to provide Sprint PCS with information necessary to determine if a buyer meets the requirements to succeed the defaulting party. Sprint PCS has 20 days after its receipt of this information to object to the qualifications of the buyer to succeed the defaulting party. If Sprint PCS does not object to the buyer's qualifications, subject to the requirements of applicable law, the buyer can purchase the assets and assume our rights and responsibilities under the related Sprint PCS agreements. The consents will remain in full force and effect for the benefit of the buyer and its lenders. The buyer also has a period to cure any defaults under the applicable Sprint PCS agreements.

Sale of assets to non-successor. Subject to the requirements of applicable law, the related administrative agent may sell a defaulting party's assets to a party that does not meet the requirements to succeed the defaulting party. If such a sale is made:

- . Sprint PCS may terminate the related Sprint PCS agreements;
- . the buyer may purchase from Sprint PCS 5, 7.5 or 10 MHz of the PCS spectrum licensed to Sprint PCS in AirGate's or iPCS' territory under specified terms, as the case may be;
- . if the buyer controls, is controlled by or is under common control with an entity that owns a license to provide wireless service to at least 50% of the population in a basic trading area where the buyer proposes to purchase the spectrum from Sprint PCS, the buyer may only buy 5MHz of spectrum;

147

- . the price to purchase the spectrum is equal to the sum of the original cost of the license to Sprint PCS pro rated on a population and a spectrum basis, plus the cost paid by Sprint PCS for microwave clearing in the spectrum ultimately acquired by the buyer of the defaulting party's assets and the amount of carrying costs attributable to the license and microwave clearing costs from the date of the appropriate

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

consent until the closing of the sale, based on a rate of 12% per annum;

- . the buyer will receive from Sprint PCS the customers with the MIN assigned to the market area covered by the purchased spectrum except for customers of national accounts and resellers;
- . with limited exceptions, Sprint PCS will not solicit for six months the customers transferred to the buyer with the MIN assigned to the market area;
- . the buyer and Sprint PCS will enter into a mutual roaming agreement with prices equal to the lesser of the most favored pricing provided by buyer to third parties roaming in the geographic area and the national average paid by Sprint PCS to third parties; and
- . Sprint PCS will have the right to resell the buyer's wireless services at most favored nations pricing.

Right to purchase debt obligations. Following an acceleration under the applicable senior credit facility and until the 60-day anniversary of the filing of a petition of bankruptcy, Sprint PCS has the right to purchase AirGate's or iPCS' obligations under such senior credit facility, as the case may be, at a purchase price equal to the amount of the obligations other than interest accrued and fees and expenses that are deemed to be unreasonable.

Modification and amendment of consent. If Sprint PCS modifies or amends the form of consent and agreement it enters into with a lender to another Sprint PCS affiliate that serves an area with population exceeding 5.0 million, then Sprint PCS agrees to give the administrative agents written notice of the amendments and to amend the consents in the same manner at the applicable administrative agent's request; provided, however, that Sprint PCS is not required to amend the consents to:

- . incorporate selected changes designated by such administrative agent unless Sprint PCS consents to making only the selected changes; or
- . incorporate changes made for the benefit of a lender because of circumstances related to a particular Sprint PCS affiliate other than AirGate or iPCS.

The following circumstances would not be considered related to a particular Sprint PCS affiliate and, subject to the provisions described in the preceding sentence, could result in amendment of the consents (if the 5.0 million population threshold is met as described above):

- . any form of recourse to Sprint PCS or similar form of credit enhancement;
- . any change in Sprint PCS's right to purchase our operating assets or capital stock under the management agreement or Sprint PCS's right to purchase the obligations under the senior credit facilities;
- . any change to the right of AirGate or iPCS or the right of the related administrative agent or the lenders under the related senior credit facilities to sell the collateral or purchase spectrum from Sprint PCS;
- . any change in the ownership status, terms of usage or the amount of spectrum that may be purchased by AirGate or iPCS from Sprint PCS;

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . any material change in the flow of certain revenues between Sprint PCS and AirGate or iPCS;
- . any changes to the obligations required to be assumed by, or qualifications for, or appointment of, anyone other than AirGate or iPCS who can be appointed to operate such business on an interim basis under such management agreement or purchase such business and continue to operate under such management agreement;

148

- . any changes to the consent and agreements terms on confidentiality, non-compete or eligible buyers of the business;
- . any clarifications of FCC compliance issues;
- . any issuance of legal opinions; and
- . any changes to the requirements described in this section.

Termination of consents. The consents will terminate upon the first to occur of:

- . repayment in full of all obligations under the applicable senior credit facility and termination of such senior credit facility; and
- . termination of the applicable Sprint PCS agreements.

149

REGULATION OF THE WIRELESS TELECOMMUNICATIONS INDUSTRY

Federal Communications Commission Regulation. The FCC regulates the licensing, construction, operation, acquisition and interconnection arrangements of wireless telecommunications systems in the United States. Specifically, AirGate and iPCS are subject to radio license regulation under Title III of the Communications Act, as amended, as well as common carrier regulation under Title II of the Communications Act, as amended. In addition, AirGate's and iPCS' operations are subject to regulation as commercial mobile radio services, commonly referred to as CMRS, and to service-specific personal communications service regulations.

The FCC has promulgated, and is in the process of promulgating and revising, a series of rules, regulations and policies that affect AirGate's and iPCS' operations. Penalties for violating the FCC's rules and policies can range from monetary forfeitures to license revocation or nonrenewal of licenses. The FCC Title II regulations applicable to AirGate's and iPCS' wireless operations include, among other things:

- . requirements and standards, discussed further below, for the interconnection of PCS networks with other wireless and wireline carriers;
- . requirements to provide service upon reasonable request and prohibitions on unjust or unreasonable discrimination by carriers between similarly situated customers and the charging of unreasonable or unjust rates; and

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . requirements to pay access charges, universal service funding (as discussed below), and other regulatory and non-regulatory fees and charges.

Neither AirGate nor iPCS holds any radio licenses, but rather operates using spectrum licensed to Sprint PCS under the Sprint PCS management agreements. Nonetheless, AirGate and iPCS are subject to, or impacted by, a number of additional regulations and requirements under Title III of the Communications Act, as amended. These requirements include, among other things:

- . requirements in most cases to obtain prior consent before the assignment and/or transfer of control of a PCS license, as discussed below;
- . limitations on the extent of non-U.S. ownership of radio licenses and the qualifications of holders of radio licenses; and
- . requirements for compliance of antenna sites with the National Environmental and Policy Act, including restrictions on emissions of radiofrequency radiation, as well as requirements on the marking and lighting of antenna structures, and related notifications to the Federal Aviation Administration, for certain antenna sites.

Furthermore, AirGate's and iPCS' operations are also subject to CMRS and service specific regulation by the FCC. CMRS regulations include, among other things:

- . limitations on having attributable interests (usually 20% or greater) in broadband PCS, cellular and specialized mobile radio service, or SMR, spectrum totaling more than 45 MHz in any urban areas, and 55 MHz in rural areas;
- . requirements for carriers to provide access to 9-1-1 services from mobile handsets, including handsets of users who are not subscribers of such carrier, and for the network to provide enhanced location and other mobile identification information to public safety answering points, as discussed below;
- . requirements to comply with the Communications Assistance to Law Enforcement Act, commonly known as CALEA, including the dedication of capacity and provision of access points for law enforcement agencies to facilitate wiretaps and intercepts with valid authority; and
- . rules requiring implementation by November 24, 2002 of service provider number portability, including the ability to deliver calls from the company's networks to ported numbers anywhere in the country, and to contribute to the Local Number Portability Fund.

150

The FCC has divided the 120 MHz of spectrum allocated to broadband PCS into six frequency blocks, A through F. Through Sprint PCS, AirGate and iPCS operate under blocks B, D and E. PCS specific regulations that affect AirGate's and iPCS' operations include, among other things:

- . presumptions regarding the grant or denial of PCS license renewals, as discussed below;
- . rules governing the height, power and physical emissions characteristics of PCS transmitters;
- . rules, discussed further below, requiring service providers to meet

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

specific coverage benchmarks by the end of the fifth year from being licensed;

- . rules to allow broadband PCS licensees to partition their market areas and/or to disaggregate their assigned spectrum and to transfer partial market areas or spectrum assignments to eligible third parties;
- . prohibitions on a provider's restriction of resale, which will expire November 24, 2002 unless the FCC extends them, although these prohibitions apply to services and not to equipment such as handsets, whether alone or in bundled packages; and
- . rules requiring PCS providers to relocate, or otherwise compensate, incumbent microwave users (or share in the relocation costs, if the microwave user has already relocated) in the band if the deployment of PCS would interfere with the microwave user's system.

Interconnection

The FCC has the authority to order interconnection between CMRS providers (which includes us) and any other common carrier. The FCC has ordered local exchange carriers to provide reciprocal compensation to CMRS providers for the termination of traffic. Under these new rules, AirGate and iPCS benefit from interconnection agreements negotiated by Sprint PCS for AirGate's and iPCS' networks with Qwest, SBC, GTE and several smaller independent local exchange carriers. Interconnection agreements are negotiated on a statewide basis. If an agreement cannot be reached, parties to interconnection negotiations can submit outstanding disputes to state authorities for arbitration. Negotiated interconnection agreements are subject to state approval.

Universal Service Requirements

The FCC and the states are required to establish a universal service program to ensure that affordable, quality telecommunications services are available to all Americans. Sprint PCS is required to contribute to the federal universal service program as well as existing state programs. The FCC has determined that Sprint PCS' contribution to the federal universal service program is a variable percentage of interstate end-user telecommunications revenues and is approximately 6.8% for the second quarter of 2001. Although many states are likely to adopt a similar assessment methodology for intrastate revenues, the states are free to calculate telecommunications service provider contributions in any manner they choose as long as the process is not inconsistent with the FCC's rules. At the present time it is not possible to predict the extent of the Sprint PCS total federal and state universal service assessments or its ability to recover from the universal service fund.

Transfers, Assignments and Control of PCS Licenses

The FCC must give prior approval to the assignment of, or transfers involving, substantial changes in ownership or control of a PCS license. Non-controlling interests in an entity that holds a PCS license or operates PCS networks generally may be bought or sold without prior FCC approval. In addition, a recent FCC order requires only post-consummation notification of certain pro forma assignments or transfers of control.

An integral element of these rules is that the FCC also requires licensees to maintain a certain degree of control over their licenses. The Sprint PCS agreements reflect an alliance that the parties believe meets the FCC requirements for licensee control of licensed spectrum. If the FCC were to determine that the Sprint PCS agreements need to be modified to increase the level of licensee control, AirGate and iPCS have agreed with

Sprint PCS under the terms of their respective Sprint PCS agreements to use their respective best efforts to modify the agreements as necessary to cause the agreements to comply with applicable law and to preserve to the extent possible the economic arrangements set forth in the agreements. If the agreements cannot be modified, the agreements may be terminated pursuant to their terms. In addition to revoking the licenses, the FCC could also impose monetary penalties on AirGate or iPCS.

Enhanced 911

In June 1996, the FCC adopted rules requiring broadband PCS and other CMRS providers to implement enhanced emergency 911 capabilities by October 1, 2001. Sprint PCS has obtained a waiver of the enhanced emergency 911 capability requirements on a modified deployment plan that would provide for completing emergency 911 deployment by 2005.

Communications Assistance for Law Enforcement Act

CALEA was enacted in 1994 to preserve electronic surveillance capabilities by law enforcement officials in the face of rapidly changing telecommunications technology. CALEA requires telecommunications carriers, including AirGate and iPCS, to modify their equipment, facilities, and services to allow for authorized electronic surveillance based on either industry or FCC standards. In 1997, industry standard-setting organizations developed interim standards for wireline, cellular, and broadband PCS carriers to comply with CALEA. In August 1999, the FCC supplemented the interim industry standards with additional standards. For interim industry standards, the deadline for compliance was June 30, 2000, and for the additional standards established by the FCC, the deadline is September 30, 2001. Due to required hardware changes that have not yet been developed and implemented by switch manufacturers, AirGate and iPCS have joined with Sprint PCS to request an extension of time for compliance with these requirements. AirGate and iPCS may be granted extensions for compliance, or we may be subject to penalties if we fail to comply, including being assessed fines or having conditions put on our licenses.

PCS License Renewal

PCS licensees can renew their licenses for additional 10 year terms. PCS renewal applications are not subject to auctions. However, under the FCC's rules, third parties may oppose renewal applications and/or file competing applications. If one or more competing applications are filed, a renewal application will be subject to a comparative renewal hearing. The FCC's rules afford PCS renewal applicants involved in comparative renewal hearings with a "renewal expectancy." The renewal expectancy is the most important comparative factor in a comparative renewal hearing and is applicable if the PCS renewal applicant has:

- . provided "substantial service" during its license term; and
- . substantially complied with all applicable laws and FCC rules and policies.

The FCC's rules define "substantial service" in this context as service that is sound, favorable and substantially above the level of mediocre service that might minimally warrant renewal.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Build-Out Conditions of PCS Licenses

All PCS licenses are granted for 10-year terms conditioned upon timely compliance with the FCC's build-out requirements. Pursuant to the FCC's build-out requirements, all 30 MHz broadband PCS licensees must construct facilities that offer coverage to one-third of the population within 5 years and to two-thirds of the population within 10 years, and all 10 MHz broadband PCS licensees must construct facilities that offer coverage to at least one-quarter of the population within 5 years or make a showing of "substantial service" within that 5 year period. Rule violations could result in license cancellation or revocation.

Other Federal Regulations

Wireless systems, which AirGate and iPCS use in the provision of services, must comply with certain FCC and FAA regulations regarding the siting, lighting and construction of transmitter towers and antennas.

152

The FCC also requires that aggregate radio wave emissions from every site location meet certain standards. Although AirGate and iPCS believe that our respective existing networks meet these standards, a site audit may reveal the need to reduce or modify emissions at one or more sites. This would increase AirGate's and iPCS' costs and have a material adverse affect on our respective operations. In addition, these regulations will also affect site selection for new network build-outs and may increase the costs of building out our respective network. The increased costs and delays from these regulations may have a material adverse affect on our respective operations. In addition, certain FCC environmental regulations may cause certain cell site locations to become subject to regulation under the National Environmental Policy Act. The FCC is required to implement this statute by requiring carriers to meet certain land use and radio frequency standards.

Wireless Facilities Siting

States and localities are not permitted to regulate the placement of wireless facilities so as to prohibit the provision of wireless services or to discriminate among providers of such services. In addition, as long as a wireless system complies with the FCC's rules, states and localities are prohibited from using radio frequency health effects as a basis to regulate the placement, construction or operation of wireless facilities. The FCC is considering numerous requests for preemption of local actions affecting wireless facilities siting.

Equal Access

Wireless providers are not required to provide equal access to common carriers for toll services. However, the FCC is authorized to require unblocked access to toll carriers subject to certain conditions.

State Regulation of Wireless Service

Section 332 of the Communications Act preempts states from regulating the rates and entry of CMRS providers. However, states may petition the FCC to regulate such providers and the FCC may grant such petition if the state demonstrates that:

- . market conditions fail to protect subscribers from unjust and unreasonable rates or rates that are unjustly or unreasonably discriminatory; or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

. when CMRS is a replacement for landline telephone service within the state.

To date, the FCC has granted no such petition. To the extent AirGate or iPCS provide fixed wireless service, we may be subject to additional state regulation.

COMPARISON OF CERTAIN RIGHTS OF COMMON STOCKHOLDERS OF AIRGATE AND COMMON STOCKHOLDERS OF iPCS

The rights of AirGate and iPCS stockholders are currently governed by the Delaware General Corporation Law, and the respective certificates of incorporation and by-laws of AirGate and iPCS. Upon completion of the merger, the rights of iPCS stockholders who become AirGate stockholders in the merger will be governed by the Delaware General Corporation Law, AirGate's certificate of incorporation and AirGate's by-laws, as described in "Description of AirGate Capital Stock" beginning on page 90.

The following description summarizes certain material differences that may affect the rights of AirGate stockholders and iPCS stockholders but does not purport to be a complete statement of all those differences, or a complete description of the specific provisions referred to in this summary. The identification of specific differences is not intended to indicate that other equally or more significant differences do not exist. You should read carefully the relevant provisions of the Delaware General Corporation Law, AirGate's certificate of incorporation, AirGate's by-laws, iPCS' certificate of incorporation and iPCS' by-laws.

In accordance with the merger agreement, AirGate has caused two of the eight members of its board of directors to resign from the board and will increase the authorized number of members of the board of directors to nine. In addition, AirGate has agreed to cause its remaining directors to fill the resulting vacancies so that the board of directors will include one member designated by iPCS, one member designated by Blackstone and one member, to be

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

an independent director, designated by iPCS with the approval of AirGate.

iPCS. iPCS' certificate of incorporation provides that the iPCS board of directors must be comprised of at least three directors. The iPCS board currently consists of nine directors.

However, the adoption, amendment or repeal of the by-laws in a manner that would make them inconsistent with certain provisions of the certificate of incorporation requires the affirmative vote of at least 80% of the voting power of the outstanding shares of iPCS capital stock entitled to vote in the election of directors, voting together as a single class.

Special Stockholder Meetings

AirGate. The AirGate by-laws provide that the AirGate board of directors may call a special meeting.

Stockholder Action by Written Consent

AirGate. AirGate's by-laws do not allow stockholder action by written consent in lieu of a stockholder meeting unless there is only one stockholder.

iPCS. Subsequent to the consummation of an initial public offering, iPCS'

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate's certificate of incorporation provides a right to indemnification to directors and officers of AirGate to the fullest extent permitted by the Delaware General Corporation Law. AirGate must indemnify any present or former director or officer of the corporation or any person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding for expenses (including attorneys' fees) actually and reasonably incurred. Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

proceeding for expenses (including attorneys' fees) actually and reasonably incurred. iPCS will indemnify in connection with a proceeding initiated by such indemnitee only if such proceeding was authorized by iPCS' board of directors.

Dividends

AirGate. AirGate's by-laws provide that dividends upon the capital stock of AirGate may be declared by the board of directors pursuant to law.

iPCS. iPCS' certificate of incorporation provides that dividends upon the capital stock of iPCS may be declared by the board of directors pursuant to law. Dividends may be paid in cash, in property or in securities of iPCS, subject to the provisions of the certificate of incorporation.

Business Transactions with Interested Stockholders

AirGate. Certain business transactions with interested stockholders require the approval of at least 80% of the voting power of the then-outstanding shares of stock of AirGate entitled to vote in the election of directors, voting together as a single class. However, the affirmative vote of a majority of the shares of outstanding stock entitled to vote, or such vote as is required by law or AirGate's certificate of incorporation, will suffice with respect to a business combination with an interested stockholder if the consideration received meets certain fair price standards.

iPCS. Neither iPCS' certificate of incorporation nor its by-laws contain provisions regarding business transactions with interested stockholders.

AIRGATE PCS, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS September 30, 2000 and 1999

(1) Business, Basis of Presentation and Summary of Significant Accounting Policies

(a) Business and Basis of Presentation

AirGate PCS, Inc. and subsidiaries (collectively, the "Company") were created for the purpose of becoming a leading provider of wireless Personal Communication Services ("PCS"). AirGate PCS, Inc., formed in October 1998, is the exclusive affiliate of Sprint PCS in its territory and is licensed to use the Sprint PCS brand name in 21 markets located in the southeastern United States. The consolidated financial statements included herein include the accounts of AirGate PCS, Inc. and its wholly-owned subsidiaries, AGW Leasing Company, Inc. and AirGate Network Services, LLC, for all periods presented. All significant intercompany accounts and transactions have been eliminated in consolidation.

Prior to October 1998, the predecessor entities' operating activities focused on developing a PCS business in the southeastern United States. These activities included the purchase of four Federal Communications Commission ("FCC") PCS licenses. In July 1998, the Company decided to pursue a different PCS business opportunity and signed a series of agreements with Sprint and Sprint PCS (the "Sprint Agreements") to build, construct and manage a PCS network that will support the offering of Sprint PCS products and services in the Company's territory. As a result of this change in business strategy, AirGate Wireless, LLC, which consisted solely of the FCC licenses and related liabilities, was not transferred to its successor entity, AirGate PCS, Inc. because its assets and liabilities were not included in the continuing operations of AirGate PCS, Inc.

The PCS market is characterized by significant risks as a result of rapid changes in technology, increasing competition and the cost associated with the build-out of a PCS network. The Company's continuing operations are dependent upon Sprint's ability to perform its obligations under the Sprint Agreements. Additionally, the Company's ability to attract and maintain a sufficient customer base is critical to achieving breakeven cash flow. Changes in technology, increased competition, economic conditions or the inability to achieve breakeven cash flow, among other factors, could have an adverse effect on the Company's financial position and results of operations.

(b) Cash and Cash Equivalents

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Cash and cash equivalents include cash on hand, demand deposits, money market accounts, and investments in commercial paper rated A-1/P-1 or better with original maturities of three months or less.

(c) Inventories

Inventories consist of handsets and related accessories. Inventories are carried at the lower of cost (determined using the weighted average method) or market (replacement cost).

(d) Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Asset lives used by the Company are as follows:

	USEFUL LIFE -----
Network assets.....	7 years
Computer equipment.....	3 years
Furniture, fixtures, and office equipment.....	5 years

F-8

AIRGATE PCS, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Construction in progress includes expenditures for the purchase of capital equipment, design services, construction services, and testing of the Company's network. The Company capitalizes interest on its construction in progress activities. Interest capitalized for the year ended September 30, 2000 totaled \$5.9 million and \$1.1 million for the nine months ended September 30, 1999. Capitalized interest on construction activities in prior periods was not material. When the network assets are placed in service, the Company transfers the assets from construction in progress to network assets and depreciates those assets over their estimated useful life.

(e) Financing Costs

Costs incurred in connection with the Lucent Financing and the Company's issuance of senior subordinated discount notes were deferred and are amortized into interest expense over the term of the respective financing using the effective interest method.

(f) Income Taxes

Prior to the formation of AirGate PCS, Inc. in October 1998, the predecessors of AirGate PCS, Inc. were operated as limited liability companies. As a result, income taxes were passed through to and were the responsibility of the stockholders of the predecessors.

The Company has not provided any pro forma income tax information for periods prior to October 1998 because such information would not be significant

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

to the accompanying consolidated financial statements.

The Company uses the asset and liability method of accounting for income taxes. Deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amount of existing assets and liabilities and their respective tax basis and net operating loss and tax credit carryforwards. Deferred income tax assets and liabilities are measured using enacted tax rate expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in the statement of operations in the period that includes the enactment date.

(g) Net Loss Per Share

The Company computes net loss per common share in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings Per Share" and SEC Staff Accounting Bulletin No. 98. Basic and diluted net loss per share of common stock is computed by dividing net loss for each period by the weighted-average outstanding common shares. No conversion of common stock equivalents has been assumed in the calculations since the effect would be antidilutive. As a result, the number of weighted-average outstanding common shares as well as the amount of net loss per share are the same for basic and diluted net loss per share calculations for all periods presented.

(h) Revenue Recognition

The Company sells handsets and accessories which are recorded at the time of the sale as equipment revenue. After the handset has been purchased, the subscriber purchases a service package which is recognized monthly as service is provided and is included as service revenue. Roaming revenue is recorded when Sprint PCS subscribers, other Sprint PCS affiliate subscribers and non-Sprint PCS subscribers roam onto the Company's network.

F-9

AIRGATE PCS, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The accounting policy for the recognition of activation fee revenue is to record the revenue over the periods such revenue is earned in accordance with current interpretations of SEC Staff Accounting Bulletin No. 101 (SAB 101), "Revenue Recognition in Financial Statements." Accordingly, activation fee revenue and direct customer activation costs have been deferred and will be recorded over the average life for those customers (30 months) who do not sign a fixed term service agreement. Activation fee revenue and direct customer activation costs have been deferred and will be recorded over the contractual term (12 months) for those customers who sign a fixed term service agreement. As of September 30, 2000, the Company has recognized approximately \$0.1 million of activation fee revenue and direct customer activation costs and has deferred \$1.2 million of activation fee revenue and \$1.0 million of direct customer activation costs to future periods.

(i) Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of

The Company accounts for long-lived assets in accordance with the provisions of SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of." SFAS No. 121 requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. At September 30, 2000 and 1999, the Company had no impaired assets.

(j) Advertising Costs

The Company expenses advertising costs when the advertisement occurs. Total advertising expense was approximately \$7.5 million and \$0.1 million for the year ended September 30, 2000 and the nine months ended September 30, 1999, respectively. No advertising expense was recorded in 1998.

(k) New Accounting Pronouncements

On July 8, 1999, the Financial Accounting Standards Board ("FASB") issued SFAS No. 137, "Deferral of the Effective Date of SFAS 133." SFAS No. 137 defers the effective date of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," to all fiscal quarters of all fiscal years beginning after June 15, 2000. The adoption is not expected to have a material effect on the Company's consolidated results of operations, financial position, or cash flows.

In March 2000, the FASB issued FASB Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation ("FIN No. 44"). FIN No. 44 clarifies the application of APB No. 25, Accounting for Stock Issued to Employees, to certain areas of stock-based compensation. Among other issues, FIN No. 44 clarifies the accounting consequences of a modification to the terms of a fixed stock option award. FIN No. 44 is effective July 1, 2000 but covers specific events, such as option repricing, which occurred after either December 15, 1998 or January 12, 2000.

(l) Development Stage Enterprise

AirGate LLC, the first predecessor of the Company, was established on June 15, 1995 (inception). The Company and its predecessor devoted most of their efforts through December 31, 1999, to activities such as preparing business plans, raising capital and planning and executing the build-out of its PCS network. With the

F-10

AIRGATE PCS, INC. AND SUBSIDIARIES

launch of commercial service in several markets during the second fiscal quarter of 2000, the Company has completed its development stage activities.

(m) Use of Estimates

Management of the Company has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent liabilities at the dates of the consolidated balance sheets and revenues and expenses during the reporting periods to prepare these consolidated financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could

differ from those estimates.

(n) Change of Fiscal Year

On October 21, 1999, the Company changed its fiscal year from a calendar year ending on December 31 to a fiscal year ending on September 30 effective September 30, 1999.

(o) Concentration of Risk

The Company maintains cash and cash equivalents in an account with a financial institution in excess of the amount insured by the Federal Deposit Insurance Corporation. The financial institution is one of the five largest banks in the United States and management does not believe there is significant credit risk associated with deposits in excess of federally insured amounts.

Further, the Company maintains accounts with nationally recognized investment managers. Such deposits are not insured by the Federal Deposit Insurance Corporation. Management does not believe there is significant credit risk associated with these uninsured deposits.

(p) Comprehensive Income

No statements of comprehensive income have been included in the accompanying consolidated financial statements since the Company does not have any "Other Comprehensive Income" to report.

(q) Reclassification

Certain reclassifications have been made to prior year balances to conform to the current year presentation.

(2) Sprint Agreements

In July 1998, the Company signed four major agreements with Sprint and Sprint PCS. They are the management agreement, the services agreement, the trademark and service license agreement with Sprint and the trademark and service license agreement with Sprint PCS. These agreements allow the Company to exclusively offer Sprint PCS services in the Company's territory.

The management agreement has an initial term of 20 years with three 10-year renewals, the first renewal being automatic. The key clauses within the management agreement refer to exclusivity, network build-out, products and services offered for sale, service pricing, roaming, advertising and promotion, program requirements including technical and customer care standards, non-competition, the inability to use non-Sprint PCS brands and rights of first refusal and are summarized as follows:

(a) Exclusivity. The Company is designated as the only person or entity that can manage or operate a PCS network for Sprint PCS in the Company's territory. Sprint PCS is prohibited from owning,

AIRGATE PCS, INC. AND SUBSIDIARIES

operating, building or managing another wireless mobility communications network in the Company's territory while the management agreement is in

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

place.

(b) Network build-out. In the management agreement, the Company has agreed to cover a specified percentage of the population at coverage levels ranging from 39% to 86% within each of the 21 markets that comprise the Company's territory by specified dates beginning on March 31, 2000 and ending on December 31, 2000. The required aggregate coverage of all markets is approximately 65% of the 7.1 million in population within the Company's territory by December 31, 2000. As of October 16, 2000, the Company had exceeded its build-out requirements in all 21 of its markets.

(c) Products and services offered for sale. The management agreement identifies the products and services that can be offered for sale in the Company's territory. The Company cannot offer wireless local loop services specifically designed for the competitive local market in areas where Sprint owns the local exchange carrier unless the Sprint owned local exchange carrier is named as the exclusive distributor or Sprint PCS approves the terms and conditions.

(d) Service pricing. The Company must offer Sprint PCS subscriber pricing plans designated for national offerings. The Company is permitted to establish local price plans for Sprint PCS products and services only offered in the Company's market. Sprint PCS will retain 8% of the Company's collected service revenues but will remit 100% of revenues derived from roaming and sales of handsets and accessories and proceeds from sales not in the ordinary course of business.

(e) Roaming. The Company will earn roaming revenues when a Sprint PCS customer from outside of the Company's territory roams onto the Company's network. There are established rates for Sprint PCS subscribers, Sprint PCS affiliates' subscribers, and non-Sprint PCS subscribers roaming and similarly, the Company will pay Sprint PCS when the Company's own subscribers use the Sprint PCS nationwide network outside the Company's territory. Sprint PCS reserves the right to change the established per minute rate for roaming.

(f) Advertising and Promotion. Sprint PCS is responsible for all national advertising and promotion of Sprint PCS products and services. The Company is responsible for local advertising and promotion in the Company's territory.

(g) Program requirements including technical and customer care standards. The Company will comply with Sprint PCS' program requirements for technical standards, customer service standards, national and regional distribution and national accounts programs.

(h) Non-competition. The Company may not offer Sprint PCS products and services outside the Company's territory.

(i) Inability to use non-Sprint PCS brands. Without Sprint PCS' consent, the Company may not market, promote, advertise, distribute, lease or sell any of the Sprint PCS products on a non-branded, "private label" basis or under any brand, trademark or trade name other than the Sprint PCS brand, except for sales to resellers.

(j) Rights of first refusal. Sprint PCS has certain rights of first refusal to buy the Company's assets upon a proposed sale.

The management agreement can be terminated as a result of a number of events including an uncured breach of the management agreement or bankruptcy of either party to the agreement. In the event that the management agreement is not renewed or terminated, certain formulas apply to the valuation and disposition

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

of the Company's assets.

F-12

AIRGATE PCS, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The services agreement outlines various support services such as activation, billing and customer care that are provided to the Company by Sprint PCS. These services are available to the Company at established rates. Sprint PCS can change any or all of the service rates one time in each twelve month period. The Company may discontinue the use of any service upon three months written notice. Sprint PCS has agreed that the services presently offered will be available until at least December 31, 2001. After that date, Sprint PCS may discontinue a service provided that it gives nine months written notice. The services agreement automatically terminates upon the termination of the management agreement.

The trademark and service mark license agreements with Sprint and Sprint PCS provide the Company with non-transferable, royalty free licenses to use the Sprint and Sprint PCS brand names, the "diamond" symbol and several other trademarks and service marks. The Company's use of the licensed marks is subject to adherence to quality standards determined by Sprint and Sprint PCS. Sprint and Sprint PCS can terminate the trademark and service mark license agreements if the Company files for bankruptcy, materially breaches the agreement or if the management agreement is terminated.

(3) Accounts Receivable, Net

Accounts receivable, net includes amounts due from Sprint PCS relating to roaming revenues, amounts from customers with respect to airtime service charges and amounts from local third party vendors relating to the sale of handsets and accessories. For the year ended September 30, 2000, roaming revenues from Sprint PCS totaled \$12.3 million, or 50% of total revenues. Of this amount, \$5.3 million was recorded as accounts receivable at September 30, 2000. There were no revenues for the nine months ended September 30, 1999 or the year ended December 31, 1998.

The Company records an allowance for doubtful accounts to reflect the expected loss on the collection of receivables. Such allowance is recorded for accounts receivable from customers and third party vendors and totaled \$0.6 million at September 30, 2000. There were no accounts receivable outstanding at September 30, 1999.

Unsecured Promissory Note Payable to Sprint PCS

On August 31, 1999, the Company entered into a loan modification agreement with the holder to defer the initial principal and interest payments due on the Company's \$7.7 million unsecured promissory note from March 1, 1999 to October 15, 1999. On November 15, 1999, the Company entered into an additional loan modification to defer the maturity date to November 15, 1999. On November 15, 1999, the Company paid all outstanding principal and interest due under the unsecured promissory note.

Lucent Financing

On August 16, 1999, the Company entered into a \$153.5 million Credit Agreement with Lucent (the "Lucent Financing" or "Credit Facility"). The Credit Facility provides for (i) a \$13.5 million senior secured term loan (the "Tranche I Term Loan") which matures on June 6, 2007, and (ii) a \$140.0 million senior secured term loan (the "Tranche II Term Loan") which matures on September 30, 2008. Mandatory

quarterly payments of principal are required beginning December 31, 2002 for the Tranche I Term Loan and March 31, 2004 for the Tranche II Term Loan initially in the amount of 3.75% of the loan balance then outstanding and increasing thereafter. A commitment fee of 3.75% on unused borrowings under the Credit Facility is payable quarterly. For the year ended September 30, 2000, commitment fees totaled \$6.0 million. After October 1, 2000, if the Company borrows at least 30% of the Tranche II Term Loan, or \$42 million, the commitment fee on unused borrowings decreases to 1.50%, payable quarterly. The Lucent Facility is secured by all the assets of the Company. In connection with this financing, the Company issued to Lucent warrants to purchase 139,035 shares of common stock that were exercisable upon issuance (see note 8(b) (ii)). Additionally, the Company incurred origination fees and expenses of \$5.0 million which have been recorded as financing cost and are recorded as interest expense using the effective interest method.

The Lucent Financing is subject to certain restrictive covenants including maintaining certain financial ratios, reaching defined subscriber growth and network covered population goals, and limiting annual capital expenditures. Further, the Credit Facility restricts the payment of dividends on the Company's common stock. As of September 30, 2000, management believes that the

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Company is in compliance with all covenants governing the Lucent Financing.

Senior Subordinated Discount Notes

On September 30, 1999, the Company received proceeds of \$156.1 million from the issuance of 300,000 units, each unit consisting of \$1,000 principal amount at maturity of 13.5% senior subordinated discount notes due 2009 and one warrant to purchase 2.148 shares of common stock at a price of \$0.01 per share (see note 8(b)(iii)) pursuant to a registration statement filed on Form S-1 declared effective by the Securities and Exchange Commission on September 27, 1999. The aggregate principal amount outstanding as of September 30, 2000 of the senior subordinated discount notes was \$168.0 million (net of original issue discount of \$9.9 million) which will accrete to the full aggregate principal amount of \$300.0 million by October 1, 2004. The Company incurred expenses, underwriting discounts and commissions of \$6.6 million related to the units offering which have been recorded as financing costs and are recorded as interest expense using the effective interest method.

The senior subordinated discount notes contain certain covenants relating to limitations on the Company's ability to, among other acts, sell assets, incur additional indebtedness, and make certain payments. As of September 30, 2000, management believes that the Company is in compliance with all covenants governing the senior subordinated discount notes.

Fair value estimates, assumptions, and methods used to estimate the fair value of the Company's financial instruments are made in accordance with the requirements of SFAS No. 107, "Disclosure about Fair Value of Financial Instruments." The Company has used available information to derive its

estimates. However, because these estimates are made as of a specific point in time, they are not necessarily indicative of amounts the Company could realize currently. The use of different assumptions or estimating methods may have a material effect on the estimated fair value amounts (dollars in thousands).

The carrying amounts of these items are a reasonable estimate of their fair value due to the short-term nature of the instruments.

(b) Long-term debt

Long-term debt is comprised of the senior subordinated discount notes, the Lucent Financing, and the unsecured promissory note payable to Sprint PCS. The fair value of the senior subordinated discount notes is stated at quoted market value as of September 30, 2000 and September 30, 1999. As there is no active market for the remaining items of long-term debt, management believes that the carrying amounts of the Lucent Financing and the unsecured promissory note payable to Sprint PCS are a reasonable estimate of their fair value.

(b) Common Stock Purchase Warrants

(i) Warrants Issued to Stockholders

In August 1998, the Company issued stock purchase warrants to stockholders in consideration for: (1) loans made by the stockholders to the Company which have been converted to additional paid-in capital, (2) guarantees of certain bank loans provided by the stockholders, and (3) in connection with \$4.8 million in financing provided by the stockholders.

In connection with a refinancing of the convertible notes payable to stockholders in May 1999, the Company cancelled the August 1998 warrants and issued new warrants to Weiss, Peck & Greer Venture Partners Affiliated Funds to purchase shares of common stock for an aggregate amount up to \$2.7 million at an exercise price 25% less than the price of a share of common stock sold in the initial public offering, or \$12.75 per share. The warrants for 214,413 shares were exercisable upon issuance and may be exercised for two years from the date of issuance. The Company allocated \$1.7 million of the proceeds from this refinancing to the fair value of the warrants and recorded a discount on the related debt, which was recognized as interest expense from the date of issuance (May 1999) to the expected date of conversion (August 1999).

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

On July 11, 2000, all such warrants were exercised. Net of 40,956 shares surrendered in payment of the exercise price, 173,457 shares of common stock were issued.

(ii) Lucent Financing

On August 16, 1999, the Company issued stock purchase warrants to Lucent in consideration of the Lucent Financing. The warrants expire on the earlier of August 15, 2004 or

August 15, 2001, if, as of such date, the Company has paid in full all outstanding amounts under the Lucent Financing and has terminated the remaining unused portion of the commitments under the Lucent Financing. The Company allocated \$0.7 million of the proceeds from the Lucent Financing to the fair value of the warrants and recorded a discount on the associated credit facility, which is recognized as interest expense over the period from the date of issuance to the maturity date using the effective interest method.

On June 1, 2000, AirGate PCS issued stock purchase warrants for Lucent Technologies to acquire 10,175 shares of common stock on terms identical to those identified above. The Company recorded a discount on the associated credit facility of \$0.3 million, which represents the fair value of the warrants on the date of grant using a Black-Scholes valuation. The discount is recognized as interest expense over the period from the date of issuance to maturity using the effective interest method. Interest expense relating to both grants of warrants to Lucent Technologies for the year ended September 30, 2000 and the nine months ended September 30, 1999, was \$0.2 million and \$0.1 million, respectively.

The Company applies the provisions of APB Opinion No. 25 and related interpretations in accounting for its stock option plan. stockholder approval. The Company has not issued any preferred stock as of September 30, 2000.

(9) Income Taxes

Prior to the formation of AirGate PCS, Inc. in October 1998, the predecessors of the Company were operated as limited liability companies. As a result, income taxes were passed through to and were the responsibility of the stockholders of the predecessors.

The Company has not provided any pro forma tax information for periods prior to October 1998 because such information would not be significant to the accompanying consolidated financial statements.

The provision for income taxes includes income taxes currently payable and those deferred because of temporary differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future and any increase or decrease in the valuation allowance for deferred income tax assets.

Income tax benefit for the year ended September 30, 2000, the nine months ended September 30, 1999 and the year ended December 31, 1998 differed from the amounts computed by applying the statutory U.S. Federal income tax rate of 34% to loss before income taxes as a result of the following (dollars in thousands):

The income tax effect of temporary differences that give rise to significant portions of the Company's deferred income tax assets and liabilities as of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

September 30, 2000 and 1999 are presented below (dollars in thousands):

	2000	1999
Deferred income tax assets:		
Net operating loss carryforwards.....	\$ 24,549	\$ 1,784

Net deferred income tax assets.....		
Deferred income tax liabilities, principally due to differences in depreciation and amortization.....	(2,662)	--
	\$ --	\$ --
Net deferred income tax assets.....	\$ --	\$ --

Deferred income tax assets and liabilities are recognized for differences between the financial statement carrying amounts and the tax basis of assets and liabilities which result in future deductible or taxable amounts and for net operating loss and tax credit carryforwards. In assessing the realizability of deferred income tax assets, management considers whether it is more likely than not that some portion of the deferred income tax assets will be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management has provided a valuation allowance against all of its deferred income tax assets because the realization of those deferred tax assets is uncertain.

The valuation allowance for deferred income tax assets as of September 30, 2000 and 1999 was \$36.8 million and \$5.8 million, respectively. The net change in the total valuation allowance for the year ended September 30, 2000 and the nine months ended September 30, 1999 was an increase of \$31.0 million and \$3.9 million, respectively.

At September 30, 2000, the Company has net operating loss carryforwards for Federal income tax purposes of approximately \$60.0 million, which will expire in various amounts beginning in the year 2019. Approximately \$1.4 million of the net operating loss carryforwards that the Company may use to offset taxable income in future years is limited as a result of an ownership change, as defined under Internal Revenue Code Section 382, which occurred effective with the Company's initial public offering of stock on September 30, 1999. The amount of this annual limitation is approximately \$2.8 million per year. As a result, it is anticipated that the net operating losses of the Company will be free of any limitation, as a result of the September 30, 1999 change of ownership, in the year ended September 30, 2001. At September 30, 2000, the Company also has a South Carolina general business credit carryforward of approximately \$0.5 million available to offset income tax expense from this state that will expire in the year 2009.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2001
(unaudited)

(1) Basis of Presentation

The accompanying consolidated financial statements are unaudited and have

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

been prepared by management. The consolidated financial statements included herein include the accounts of AirGate PCS, Inc. and its wholly-owned subsidiaries, AGW Leasing Company, Inc. ("AGW") and AirGate Network Services, LLC ("ANS"), for all periods presented. In the opinion of management, these consolidated financial statements contain all of the adjustments, consisting of normal recurring adjustments, necessary to present fairly, in summarized form, the financial position and the results of operations of AirGate PCS, Inc. and subsidiaries (collectively "AirGate" or the "Company"). The results of operations for the nine months ended June 30, 2001 are not indicative of the results that may be expected for the full fiscal year of 2001. The financial information presented herein should be read in conjunction with the Company's Form 10-K for the year ended September 30, 2000 which includes information and disclosures not included herein. All significant intercompany accounts or balances have been eliminated in consolidation. Certain amounts have been reclassified to conform to the current year presentation.

(2) Recent Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"), which is effective for all business combinations initiated after June 30, 2001. SFAS 141 requires companies to account for all business combinations using the purchase method of accounting, recognize intangible assets if certain criteria are met, as well as provide additional disclosures regarding business combinations and allocation of purchase price. The Company has adopted SFAS No. 141 as of July 1, 2001, and the impact of such adoption is not anticipated to have a material adverse impact on the Company's financial statements.

In June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"), which requires nonamortization of goodwill and intangible assets that have indefinite useful lives and annual tests of impairments of those assets. The statement also provides specific guidance about how to determine and measure goodwill and intangible asset impairments, and requires additional disclosure of information about goodwill and other intangible assets. The provisions of this statement are required to be applied starting with fiscal years beginning after December 15, 2001 and applied to all goodwill and other intangible assets recognized in its financial statements at that date. Goodwill and intangible assets acquired after June 30, 2001 will be subject to the nonamortization provisions of the statement. The Company will adopt SFAS No. 142 beginning October 1, 2001, and the impact of such adoption is not anticipated to have a material adverse impact on the Company's financial statements.

(3) Net Loss Per Share

The Company computes net loss per common share in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128 "Earnings per Share." Basic and diluted net loss per share of common stock is computed by dividing net loss for each period by the weighted-average outstanding common shares. No conversion of common stock equivalents has been assumed in the calculations since the effect would be antidilutive. As a result, the number of weighted-average outstanding common shares as well as the amount of net loss per share are the same for both the basic and diluted net loss per share calculations for all periods presented.

(4) Revenue Recognition and Customer Activation Costs

The accounting policy for the recognition of activation fee revenue is to record the revenue over the periods such revenue is earned in accordance with current interpretations of Staff Accounting Bulletin No. 101 (SAB 101), "Revenue Recognition in Financial Statements." The Company does not recognize revenue from subscribers for which the likelihood of collecting such revenue is not reasonably assured.

Pursuant to SAB 101, activation fee revenue and direct customer activation costs have been deferred and are recorded either: over the average life for those customers (30 months) that do not commit to a fixed service term or the contractual service term (generally 12 months) for those customers that do commit to a fixed service term. For the nine months ended June 30, 2001, the Company recognized approximately \$1.7 million of activation fee revenue and \$1.3 million of direct customer activation costs. The Company has deferred \$4.3 million of activation fee revenue and \$3.6 million of direct customer activation costs to future periods, as of June 30, 2001. For the nine months ended June 30, 2000, roaming revenues from Sprint PCS totaled \$4.7 million, or 57% of total revenues.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

other party's territory. The rate was reduced from \$.20 per minute of use to \$.15 per minute of use beginning June 1, 2001, and to \$.12 per minute of use beginning October 1, 2001. Beginning January 1, 2002, and for the remainder of the term of the management agreement with Sprint PCS, the rate will be adjusted to provide a fair and reasonable return on the cost of the underlying network.

In accordance with the agreement in principle, on May 1, 2001, Sprint PCS provided notice of reduction of the roaming rate to \$0.15 per minute of use on June 1, 2001, and to \$0.12 per minute of use on October 1, 2001. (b) On August 28, 2001, the Company signed an agreement and plan of merger under which AirGate PCS, Inc. and iPCS, Inc. will combine in a tax-free, stock for stock transaction for up to 13.5 million shares of AirGate PCS, Inc. common stock, which includes 1.1 million shares reserved for issuance upon the exercise of outstanding iPCS, Inc. options and warrants. At the effective date of the merger, each issued and outstanding share of iPCS, Inc. common stock will be converted in the right to receive approximately 0.1594 of a share of the common stock of AirGate PCS, Inc. The combination will be accounted for using the purchase method of accounting. The transaction is subject to the customary regulatory review, approvals by the stockholders of AirGate PCS, Inc., both companies' senior secured lenders, and Sprint PCS, and is expected to close on or before March 1, 2002.

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND BUSINESS OPERATIONS

Illinois PCS, LLC was formed in January 1999 as an Illinois limited liability company for the purpose of becoming a provider of wireless personal communication services ("PCS"). On July 12, 2000, Illinois PCS, LLC (the "Predecessor Company") reorganized its business into a C Corporation in which members of the Predecessor Company received 44,869,643 shares of common stock of iPCS, Inc. in exchange for their ownership interests in the Predecessor Company. The ownership percentages among the members following the reorganization remained consistent with the ownership percentages at December 31, 1999 as adjusted for the effects of the agreement described in Note 14. As of July 12, 2000, the Predecessor Company merged with and into iPCS Wireless, Inc., a wholly owned subsidiary of iPCS, Inc., and iPCS Equipment, Inc. was also formed and is a wholly owned subsidiary of iPCS Wireless, Inc. iPCS Wireless, Inc. will continue the activities of the Predecessor Company and, for accounting purposes, this transaction was accounted for as a reorganization of the Predecessor Company into a C Corporation. iPCS, Inc. and its subsidiaries, including the Predecessor Company, are collectively referred to as the "Company."

In January 1999, the Company entered into affiliation agreements (the "Sprint PCS Agreements") with Sprint Communications Company, L.P. ("Sprint") and Sprint Spectrum L.P. and SprintCom, Inc., entities controlled by the PCS Group of Sprint ("Sprint PCS"). The Sprint PCS Agreements, as amended, provide the Company with the exclusive right to build, own and manage a wireless voice and data services network in 35 basic trading areas ("BTAs") located in Illinois, Iowa, Michigan and Nebraska under the Sprint PCS brand.

The PCS market is characterized by significant risks as a result of rapid changes in technology, increasing competition and the cost associated with the build-out of a PCS network. The Company's continuing operations are dependent upon Sprint PCS' ability to perform its obligations under the Sprint PCS Agreements and the ability of the Company to raise sufficient capital to fund operating losses, to meet debt service requirements, and to complete the build-out of its PCS network. Additionally, the Company's ability to attract and maintain a sufficient customer base is critical to achieving breakeven operating cash flow. Changes in technology, increased competition, or the inability to obtain required financing or achieve breakeven operating cash flow, among other factors, could have an adverse effect on the Company's financial position and results of operations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation:

The consolidated financial statements of the Company include its subsidiaries, iPCS Wireless, Inc. and iPCS Equipment, Inc., and the Predecessor Company. All significant intercompany accounts or balances have been eliminated in consolidation.

Use of Estimates:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

F-40

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Concentration of Risk:

The Company's operations as currently conducted rely heavily on critical functions performed by Sprint PCS. The termination of the Company's strategic relationship with Sprint PCS or Sprint PCS' failure to perform its obligations under the Sprint PCS Agreements (see Note 3) would severely restrict the Company's ability to conduct its business.

The Company maintains cash and cash equivalents in accounts with a financial institution in excess of the amount insured by the Federal Deposit Insurance Corporation. The Company monitors the financial stability of this institution regularly and management does not believe there is significant credit risk associated with deposits in excess of federally insured amounts.

Cash and Cash Equivalents:

For purposes of reporting cash flows, the Company considers all highly liquid investments, with an original maturity of three months or less at the time of purchase, to be a cash equivalent.

Inventories:

Inventories consist of handsets and related accessories. Inventories purchased for resale will be carried at the lower of cost, determined using weighted average cost, or market, determined using replacement cost.

Property, Equipment and Construction in Progress:

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Asset lives used by the Company are as follows:

	Useful life:

Network assets.....	3 to 15 years
Computer equipment.....	3 to 5 years
Furniture, fixtures, office equipment and leasehold improvements.....	5 to 21 years

Construction in progress includes expenditures for the purchase of capital

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

equipment, design services, and construction services of the Company's network. The Company capitalizes interest on its construction in progress activities. Interest capitalized for the year ended December 31, 2000 and the period ended December 31, 1999 totaled approximately \$2,967,000 and \$471,000, respectively. When the network assets are placed in service, the Company transfers the assets from construction in progress to network assets and depreciates those assets over their estimated useful life.

Financing Costs:

Deferred financing costs are amortized as interest expense over the term of the respective financing using the effective interest method.

Intangible Assets--Microwave Clearing Costs:

Microwave clearing costs represent costs incurred to relocate incumbent carriers from Sprint PCS' spectrum. In accordance with the Sprint PCS agreement, the Company reimburses Sprint PCS 50% of these microwave clearing costs. The Company amortizes the microwave relocation costs over the remaining term of the Sprint PCS agreement. The amortization of microwave relocation costs was approximately \$51,000 for the year ended December 31, 2000.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Income Taxes:

Prior to July 12, 2000, the Predecessor Company operated as a limited liability company ("LLC") and, as a result, its losses were included in the income tax returns of its members. Therefore, the accompanying consolidated financial statements do not include any income tax amounts prior to July 12, 2000. Subsequent to July 12, 2000, the date of reorganization as discussed in Note 1, the Company became a C Corporation and began accounting for income taxes in accordance with Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes." Deferred income taxes are provided for the tax consequences in future years of temporary differences between the tax basis of assets and liabilities and their financial reporting amounts, based on enacted tax laws and tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amounts expected to be realized. Income tax expense is the tax payable for the year and the change during the period in deferred tax assets and liabilities. The Company has not provided any pro forma income tax information because any net deferred tax asset would have been offset by a full valuation allowance due to the Company's losses since inception.

Revenue Recognition:

The Company began offering service to customers in December 1999.

The Company recognizes revenue as services are performed. Sprint PCS collects all revenues from the Company's customers and remits the net amount to the Company. An affiliation fee of 8% of collected service revenues from Sprint PCS subscribers based in the Company's territory, excluding outbound roaming, and from non-Sprint PCS subscribers who roam onto the Company's network is retained by Sprint PCS and recorded as a cost of service. Revenues generated from the sale of handsets and accessories, inbound and outbound Sprint PCS

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

roaming fees, and from roaming services provided to Sprint PCS customers who are not based in the Company's territory are not subject to the 8% affiliation fee.

Sprint PCS pays the Company a Sprint PCS roaming fee for each minute that a Sprint PCS subscriber based outside of the Company's territory roams onto the Company's network. Revenues from these services are recognized as the services are performed. Similarly, the Company pays roaming fees to Sprint PCS when a Sprint PCS subscriber based in the Company's territory roams on the Sprint PCS network outside of the Company's territory. These costs are included as cost of services when incurred.

Equipment revenues consisting of proceeds from sales of handsets and accessories are recorded net of an allowance for sales returns. The allowance is estimated based on Sprint PCS' handset return policy, which allowed customers to return handsets for a full refund within 14 days of purchase at December 31, 2000 and within 30 days of purchase at December 31, 1999. When handsets are returned to the Company, the Company may be able to reissue the handsets in the future to other customers at little additional cost. However, when handsets are returned to Sprint PCS for refurbishing, the Company receives a credit from Sprint PCS, which is less than the amount the Company originally paid for the handset.

The Company recognizes activation fee revenue over the periods such revenue is earned in accordance with the current interpretations of SEC Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition in Financial Statements." SAB 101 was adopted by the Company in the fourth quarter of 2000. Accordingly, activation fee revenue and direct customer activation expense has been deferred and is being recognized over the average life for customers assessed an activation fee (30 months). During the year ended December 31, 2000, the Company recognized approximately \$42,000 of activation fee revenue and direct customer activation expense and has deferred approximately \$681,000 of activation fee revenue and direct customer activation expense to future periods.

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of:

The Company accounts for long-lived assets in accordance with the provisions of SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of." SFAS No. 121 requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. The Company has identified no such impairment losses.

Advertising Costs:

The Company expenses advertising costs when the advertisement occurs. Total advertising expense was approximately \$6,139,000 and \$171,000 for the year ended December 31, 2000 and the period ended December 31, 1999, respectively.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Start-Up Activities:

In April 1998, the American Institute of Certified Public Accountants issued Statement of Position No. 98-5, "Reporting on the Costs of Start-Up Activities." This statement became effective January 1, 1999 and requires that costs of start-up activities and organization costs be expensed as incurred. The Company has expensed all costs of start-up activities and organization costs.

Stock Compensation:

As allowed by SFAS No. 123, "Accounting for Stock Based Compensation" ("SFAS No. 123"), the Company has chosen to account for compensation expense associated with its stock option plan in accordance with Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" and related interpretations. The Company will disclose pro forma net loss as if compensation expense had been determined consistent with SFAS No. 123.

Comprehensive Income:

Accretion on Redeemable Preferred Stock:

Up to the date of redemption, the Company accretes the carrying value of the redeemable preferred stock to the redemption amount using the effective interest method.

Cumulative Dividends on Redeemable Preferred Stock:

Pro Forma Loss Per Share (Unaudited):

Pro forma basic and diluted loss per share are calculated by dividing the net loss available to common stockholders by the pro forma weighted average number of shares of common stock of iPCS, Inc. as if the shares of common stock of iPCS, Inc. into which the Predecessor Company's members' interests were converted had been outstanding for all of the periods presented. The calculation was made in accordance with SFAS No. 128, "Earnings Per Share." The pro forma basic and diluted loss per share are the same because the inclusion of the incremental potential common shares from any assumed conversion of redeemable preferred stock or exercise of options and warrants is antidilutive.

Potential common shares excluded from the pro forma loss per share computations because they were antidilutive are as follows:

Recently Issued Accounting Pronouncements:

In June 2000, the Financial Accounting Standards Board ("FASB") issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities," an amendment of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," which is effective for all fiscal years beginning after June 15, 2000. The adoption by the Company on January 1, 2001 did not have an effect on the Company's results of operations, financial position, or cash flows. However, as discussed in Note 18, the Company did enter into an interest rate cap agreement subsequent to December 31, 2000.

In March 2000, the FASB issued Interpretation No. 44, ("FIN 44"), "Accounting for Certain Transactions Involving Stock Compensation--an Interpretation of Accounting Principles Board Opinion 25" ("Opinion 25"). FIN 44 clarifies (a) the definition of employee for purposes of applying Opinion 25, (b) the criteria for determining whether a plan qualifies as a noncompensatory plan, (c) the accounting consequences of various modifications to the terms of a previously fixed stock option or award, and (d) the accounting for an exchange of stock compensation awards in a business combination. FIN 44 is effective July 1, 2000; however, certain conclusions in FIN 44 cover specific events that occur after either December 15, 1998, or January 12, 2000. The adoption of FIN 44 did not have an effect on the Company's results of operations, financial position, or cash flows.

3. SPRINT PCS AGREEMENTS

In January 1999, the Company signed the following four agreements with Sprint and Sprint PCS: management agreement, services agreement, trademark and service license agreement with Sprint PCS, and the trademark and service license agreement with Sprint. These agreements allow the Company to exclusively offer Sprint PCS services in the Company's territory.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The management agreement has an initial term of 20 years with three 10-year automatic renewals. The management agreement can be terminated as a result of a number of events including an uncured breach of the management agreement or bankruptcy of either party to the agreement. In the event that the management agreement is terminated or not renewed, certain formulas apply to the valuation and disposition of the Company's assets. The key clauses of the management agreement are summarized as follows:

(a) **Exclusivity:** The Company is designated as the only person or entity that can manage or operate a PCS network for Sprint PCS in the Company's territory. Sprint PCS is prohibited from owning, operating, building or managing another wireless mobility communications network in the Company's territory while the management agreement is in place.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(b) Network build-out: The Company has agreed to build out the service area network in accordance with build-out plans developed jointly by Sprint PCS and the Company. Sprint PCS and the Company intend to expand network coverage to cover population areas of at least ten thousand residents and all interstate and major highways.

(c) Products and services offered for sale: The management agreement identifies the products and services that can be offered for sale in the Company's territory. The Company cannot offer wireless local loop services specifically designed for the competitive local market in areas where Sprint owns the local exchange carrier unless the Sprint-owned local exchange carrier is named as the exclusive distributor or Sprint PCS approves the terms and conditions.

(d) Service pricing: The Company must offer Sprint PCS subscriber pricing plans designated for regional or national offerings. With prior approval from Sprint PCS, the Company is permitted to establish local price plans for Sprint PCS products and services offered only in the Company's territory. Sprint PCS will pay to the Company 92% of the Company's collected service revenues and of its roaming revenues from non-Sprint PCS subscribers but will remit 100% of revenues derived from roaming of other Sprint PCS customers and sales of handsets and accessories and proceeds from sales not in the ordinary course of business.

(e) Roaming: When a Sprint PCS customer from outside of the Company's territory roams onto the Company's network, the Company will earn roaming revenues based on established rates. Similarly, the Company will pay Sprint PCS when the Company's own subscribers use the Sprint PCS nationwide network outside the Company's territory.

(f) Advertising and promotion: Sprint PCS is responsible for all national advertising and promotion of Sprint PCS products and services. The Company is responsible for advertising and promotion in the Company's territory.

(g) Program requirements including technical and customer care standards: The Company will comply with Sprint PCS' program requirements for technical standards, customer service standards, national and regional distribution and national accounts programs.

(h) Non-competition: The Company may not offer Sprint PCS products and services outside the Company's territory.

(i) Inability to use non-Sprint PCS brands: The Company may not market, promote, advertise, distribute, lease or sell any of the Sprint PCS products on a non-branded, "private label" basis or under any brand, trademark or trade name other than the Sprint PCS brand, except for sales to resellers.

(j) Rights of first refusal: Sprint PCS has certain rights of first refusal to buy the Company's assets upon a proposed sale.

The services agreement outlines various support services such as activation, billing, collections and customer care that will be provided to the Company by

Sprint PCS. These services are available to the Company at established rates. Sprint PCS can change any or all of the service rates one time in each twelve month period. The Company may discontinue the use of any service upon three months written notice. Sprint PCS may discontinue a service provided that Sprint PCS provides the Company with nine months prior written notice. The services agreement automatically terminates upon termination of the management agreement.

The trademark and service mark license agreements with Sprint and Sprint PCS provide the Company with non-transferable, royalty free licenses to use the Sprint and Sprint PCS brand names, the "diamond" symbol and several other trademarks and service marks. The Company's use of the licensed marks is subject to adherence to quality standards determined by Sprint and Sprint PCS. Sprint and Sprint PCS can terminate the trademark and service mark license agreements if the Company files for bankruptcy, materially breaches the agreement or if the management agreement is terminated.

6. AMENDMENT TO SPRINT PCS AGREEMENT

On March 8, 2000, the Company entered into an amendment to the Sprint PCS agreements to expand its service area to include 20 BTAs located in Michigan, Iowa and Nebraska (the "Expansion"). In connection with the Expansion, the Company agreed to purchase certain network assets under construction in four BTAs in Michigan, for a purchase price to be determined on the closing date based upon the assets to be purchased and the stage of completion of those assets as of the closing date. In addition, in connection with the Expansion, the Company was granted an option, exercisable by the Company at any time prior to January 31, 2001, to add the Iowa City and Cedar Rapids, Iowa BTAs to its service area, for an initial purchase price of \$25.2 million escalating monthly to a purchase price of \$28.8 million if the option is exercised during January 2001. The purchase price is subject to an upward adjustment based upon the number of subscribers in the two additional markets at the option exercise

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

date. See Note 18 for the exercise of the option by the Company subsequent to December 31, 2000. As consideration to be the exclusive provider of Sprint PCS services in the Expansion territory, the Company committed to grant to Sprint PCS a warrant to acquire 2% of the equity of the Company at the earliest of July 15, 2000, the closing of an initial public offering, or the consummation of a private placement of equity in an amount equal to at least \$70.0 million. In connection with the closing of the sale of the convertible preferred stock discussed in Note 13, the Company issued Sprint PCS a warrant to acquire 1,151,938 shares of common stock of the Company on July 12, 2000 at an exercise price of \$4.95 per share. The warrants are exercisable by Sprint PCS beginning on or after July 15, 2001 and expiring on July 15, 2007. The fair value of the warrants, as determined using the Black-Scholes model, was approximately \$9.1 million and was recorded as an increase to paid in capital with a corresponding amount recorded as an intangible asset representing the right to be the exclusive provider of Sprint PCS services in the Expansion territory. Such intangible asset is being amortized over a life of 18.5 years, which is the remaining term of the Sprint PCS agreement at the date the warrants were issued. The fair value of the warrants was calculated using the following assumptions:

- (1) risk free interest rate of 6.35%;
- (2) stock price based on a planned initial public offering;
- (3) dividend yield of 0%;
- (4) life of 7 years; and
- (5) volatility of 40%.

Also, on July 12, 2000 the Company purchased the assets under construction in Michigan from Sprint PCS for approximately \$12.7 million. The Company allocated approximately \$9.2 million of the purchase price to

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

property based on the fair value of the assets acquired, with the excess amount of \$3.5 million allocated to the intangible asset representing the right to be the exclusive provider of Sprint PCS services in Michigan. The intangible asset is being amortized over a life of 18.5 years, which is the remaining term of the Sprint PCS agreement at the date the assets were acquired.

7. DEFERRED GAIN ON TOWER SALES

On May 28, 1999 the Company signed a tower sale and leaseback agreement with American Tower Corporation ("American Tower"). Under the agreement, the Company will locate sites for, develop and construct between sixty and eighty wireless communication towers and then sell the towers to American Tower. The term of this agreement will expire at the earliest of the final tower sale or December 31, 2000. In November 2000 the agreement was amended to extend the agreement until February 28, 2001 for the sale of the first eighty towers and increase the sales price of each tower from \$250,000 to \$272,000 for any tower that has an extendable height of 249 feet. At December 31, 2000, a total of seventy-three towers have been sold to American Tower.

In 1999, American Tower advanced \$2.0 million to the Company for the purchases of the fifty-third through sixtieth towers. If the Company did not

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

construct and sell the required number of towers to American Tower by December 31, 2000, the Company was required to repay the advance plus accrued interest at 5%. The advance on tower sales of \$2.0 million at December 31, 1999 was reduced to zero because the fifty-third through sixtieth towers were sold by the Company by November 21, 2000.

During the year ended December 31, 2000, fifty-five towers were sold to American Tower for approximately \$14.0 million, of which approximately \$12.0 million was received in cash and \$2.0 million represented a reduction in the advance on tower sales. These tower sales resulted in a gain of approximately \$5.4 million, of which approximately \$0.8 million was recognized at the time of the sale and the remainder was deferred and is being amortized as a reduction to rental expense over the initial lease term of ten years. For the period ended December 31, 1999, eighteen towers were sold to American Tower for \$4.5 million in cash, resulting in a gain of \$1.9 million, of which \$174,000 was recognized at the time of the sale and the remainder was deferred and is being amortized as a reduction to rental expense over the initial lease term of ten years.

Upon the sale of a tower, the Company leases a portion, generally one-third, of the tower to collocate antennas and other network communication equipment. The leases are operating leases. The monthly rent to be paid by the Company for tower space on each tower is \$1,100 plus an annual 3 percent escalator for a ten-year initial term with three five-year renewal option periods, subject to the terms of the underlying ground leases.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. No benefit for federal income taxes has been recorded for the period ended December 31, 2000 as the net deferred tax asset generated, primarily from temporary differences related to the net operating loss, was offset by a full valuation allowance because it is not considered more likely than not that these benefits will be realized due to the Company's losses since inception. At December 31, 2000, the Company has net operating loss carryforwards for federal income tax purposes of approximately \$23.2 million which are available to offset future taxable income through 2020.

9. DEBT

Senior Discount Notes and Warrants

On July 12, 2000, the Company issued 300,000 units consisting of \$300.0 million 14% senior discount notes due July 15, 2010 (the "Notes") and warrants

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

to purchase 2,982,699 shares of common stock. The warrants become exercisable at any time after July 15, 2001 for a period of ten years from the date of issuance. The Notes were issued at a substantial discount such that the Company received gross proceeds from the issuance of the units of approximately \$152.3 million. On July 15, 2005 the Company will begin accruing cash interest on the principal amount of the Notes at the rate of 14% per annum, compounded semi-annually, payable beginning January 15, 2006, and on each January 15 and July 15 thereafter. The Company is amortizing the discount on the Notes as interest expense over the period from date of issuance to the maturity date utilizing the effective interest method. For the year ended December 31, 2000, the Company recorded approximately \$4.4 million as interest expense related to the amortization of the discount and recorded accrued interest of approximately \$6.2 million utilizing the effective interest method.

The Notes are a general unsecured obligation, subordinated in right of payment to all senior debt, including all obligations under the credit facility. The Notes contain covenants which restrict the Company's ability to incur additional indebtedness, pay dividends, merge, dispose of its assets, and certain other matters as defined in the Indenture. During the first 36 months, the Company may redeem up to 35% of the Accreted Value of Notes (as defined in the Notes agreement) at a redemption price of 114% with the net cash proceeds of one or more equity offerings excluding the first \$70.0 million of equity offerings. After July 15, 2005, the Notes may be redeemed at a price of 107% beginning in 2005, 105% beginning in 2006, 102% beginning in 2007 and 100% thereafter. Upon a change in control as defined in the Notes agreement, the Company will be required to make an offer to purchase the Notes at a price equal to 101% of the Accreted Value of Notes (as defined in the Notes agreement) on any purchase date prior to July 15, 2005 or 101% of the aggregate principal amount therefor, plus accrued and unpaid interest and Liquidated Damages (as defined in the Notes agreement), if any, to the date of purchase if on or after July 15, 2005.

The Company allocated approximately \$24.9 million to the fair value of the warrants, as determined by using the Black-Scholes model, and recorded a discount on the Notes, which is being recognized as interest expense over the period from date of issuance to the maturity date. For the year ended December 31, 2000, the Company recorded approximately \$0.7 million as interest expense related to the amortization of the value of the warrants.

The fair value of the warrants was calculated using the following assumptions:

- (1) risk free interest rate of 6.35%;
- (2) stock price based on a planned initial public offering;
- (3) dividend yield of 0%;
- (4) life of 10 years; and
- (5) volatility of 40%.

The Company incurred approximately \$6.3 million of costs associated with the issuance of the Notes. Those costs consisted of investment banker fees, legal fees and other issuance costs that have been capitalized and are being amortized to interest expense using the effective interest method over the term of the Notes.

Nortel Credit Facility

Effective May 14, 1999, the Company entered into a credit facility agreement (the "Nortel Credit Facility") with Nortel Networks Inc. ("Nortel"). The proceeds were used to purchase equipment and to fund the construction of the Company's portion of the Sprint PCS network. The financing terms permitted the Company to borrow \$48.0 million through three commitment tranches (Tranche A--\$32.0 million, Tranche B--\$11.0 million and Tranche C--\$5.0 million) through May 14, 2002, and required minimum equipment purchases of \$32.0 million (see Note 11).

The Company could borrow money at the lesser of either: (1) a base rate loan with an interest rate equal to 3 percent plus the higher of (A) the prime rate of Citibank, N.A. (New York) or (B) the federal funds effective rate plus one half of a percent; or (2) a London interbank offered rate (Libor), as adjusted for reserve requirements, plus 4 percent. All borrowings were based on the Libor rate plus 4 percent (10% at December 31, 1999). Accrued interest was generally payable quarterly. Interest incurred and capitalized for the period ended December 31, 1999 totaled \$471,000. The Company had outstanding borrowings under the Nortel Credit Facility of approximately \$27.6 million at December 31, 1999.

On July 12, 2000, the Nortel Credit Facility was repaid in full with the proceeds from the issuance of the Notes. In connection with the early extinguishment of the Nortel Credit Facility, the Company recorded an extraordinary loss of approximately \$1.5 million related to the write-off of the unamortized deferred financing costs at July 12, 2000.

An unused facility commitment fee ranging from 0.75% to 1.5% on the daily average unused portion of the Nortel Credit Facility was due on a quarterly basis. The commitment fee expense for each of the year ended December 31, 2000 and the period ended December 31, 1999 was approximately \$81,000.

For the period ended December 31, 1999, the Company incurred expenses of approximately \$1.6 million for a loan origination fee and for debt issuance costs associated with obtaining the Nortel Credit Facility which were capitalized.

Senior Secured Credit Facility

On July 12, 2000, the Company entered into an amended and restated credit facility with Toronto Dominion (Texas), Inc. and GE Capital Corporation for a \$140.0 million senior secured credit facility ("credit facility") to replace the Nortel Credit Facility. The credit facility permits the Company to borrow up to \$140.0 million through two tranches (Tranche A--\$90.0 million and Tranche B--\$50.0 million) subject to a borrowing base limitation which is an amount equal to 100% of the gross book value of all the property and equipment owned by the Company. The credit facility contains certain financial ratios and other financial conditions similar to the Nortel Credit Facility and is collateralized by all of the Company's assets and assignment of the Sprint PCS Agreements. The Company has borrowed \$25.0 million under this credit facility as of December 31, 2000 and such borrowings bear interest at 10.44% as of December 31, 2000.

Commencing March 31, 2004, and on the last day of each calendar quarter ending during the periods set forth below, the Tranche A commitment as of March 30, 2004 shall be automatically and permanently reduced by the percentage amount set forth below for the quarters indicated:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- . for the four quarters commencing with the fiscal quarter ending March 31, 2004, 2.50% per quarter;
- . for quarters five through eight, 3.75% per quarter;
- . for quarters nine through sixteen, 6.25% per quarter; and
- . for the last two quarters, 12.50% per quarter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The Tranche B commitment shall be automatically and permanently reduced by the amount of any available Tranche B commitment as of and on June 30, 2001.

Commencing March 31, 2004, the Company must begin to repay, in quarterly installments, the principal on all borrowings outstanding as of March 30, 2004 made under the Tranche B commitment. A fixed percentage on all Tranche B borrowings will be due each quarter as follows:

- . for the first four quarters commencing with the fiscal quarter ending March 31, 2004, 2.50% of the principal balance of the loan is due per quarter;
- . for quarters five through eight, 3.75% per quarter;
- . for quarters nine through sixteen, 6.25% per quarter; and
- . for the last two quarters, 12.50% per quarter.

If the Company borrows the maximum amount under Tranche B, the aggregate amount required to be repaid for each of the four periods above will be \$5.0 million, \$7.5 million, \$25.0 million, and \$12.5 million, respectively.

Any principal that has not been paid by the maturity date, June 30, 2008, is due at that time.

The Company may voluntarily prepay any of the loans at any time. Tranche A permits reborrowings on a revolving basis but amounts repaid under Tranche B may not be reborrowed.

The Company will have to make mandatory prepayments under certain circumstances, including among others:

- . 50% of the Company's excess annual cash flow as computed under the senior secured credit agreement, commencing April 30, 2004 with respect to the fiscal year ending December 31, 2003;
- . Any amount in excess of \$1.0 million per calendar year received as net proceeds of asset sales outside the ordinary course of business or insurance proceeds subject to certain exceptions, to the extent not reinvested in property or assets within a stated period of time;
- . 50% of the net proceeds of any equity issuance excluding the committed issuance of the convertible preferred stock, an initial public offering and any offering to a borrower or guarantor party to the senior secured

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

financing; and

- . 100% of the net proceeds of a debt issuance excluding permitted indebtedness.

All prepayments described above are applied to the outstanding loan balances pro rata between Tranche A and Tranche B and pro rata across the maturities.

From the date of the senior secured credit agreement through and including the date on which earnings before interest, taxes and depreciation and amortization ("EBITDA") is greater than zero for two consecutive fiscal quarters, the Company may borrow money at the lesser of either:

- . A base rate loan with an interest rate equal to 2.75% plus the higher of:
 - . The prime rate of the Toronto-Dominion Bank, New York Branch or
 - . The federal funds effective rate plus 0.5%; or

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

- . A Eurodollar loan with an interest rate equal to the London interbank offered rate ("LIBOR"), plus 3.75%.

After the date of which EBITDA is greater than zero for two consecutive fiscal quarters, the base rate margin will range from 2.75% to 2.25% and the Eurodollar loan margin will range from 3.75% to 3.25%, depending upon the leverage ratio as of the most recently ended fiscal quarter.

The Company is required within six months from the effective date of the credit agreement to maintain in full force and effect through the maturity date one or more interest rate protection agreements (i.e. swap, cap, collar or similar agreement) for a period of three years or the date ending on the earlier to occur of the maturity date or the date upon which all of the loans have been paid in full or have terminated or expired, to fix or place a limit upon a rate of interest with respect to not less than an aggregate notional amount equal to fifty percent of the aggregate principal amount of debt that does not have a fixed interest rate. On January 12, 2001, the Company entered into an interest rate cap agreement (see Note 18).

The Company incurred approximately \$4.1 million of costs associated with obtaining the credit facility. Those costs consisted of loan origination fees, legal fees and other debt issuance costs that have been capitalized and are being amortized to interest expense using the effective interest method over the term of the credit facility.

An unused facility commitment fee ranging from 1.0% to 1.5% on the daily average unused portion of the credit facility is due on a quarterly basis. The commitment fee expense for the year ended December 31, 2000 was approximately \$1,009,000.

As a condition of the credit facility, Sprint PCS has entered into a consent and agreement with the lenders that modifies Sprint PCS' rights and remedies under its management agreement with the Company. Among other things, Sprint PCS consented to the pledge of substantially all of the Company's assets, including the management agreement, to the lenders. In addition, Sprint PCS may not

terminate the management agreement with the Company and must maintain 10 MHz of PCS spectrum in the Company's markets until the credit facility is satisfied or the Company's assets are sold pursuant to the terms of the consent and assignment with the lenders.

The Company is required to maintain certain financial ratios and other financial conditions including debt coverage ratios, minimum levels of revenue and wireless subscribers, and limitations on capital expenditures. Additionally, the Company has agreed not to merge, dispose of its assets, make restricted payments, including dividends, and certain other matters as defined in the credit facility. On February 23, 2001, the Company entered into an amendment to the credit facility which included a consent to the purchase from Sprint PCS of the Iowa City and Cedar Rapids, Iowa BTAs discussed in Note 18 and which amended certain covenant definitions and requirements. At December 31, 2000, the Company was in compliance with these covenants in accordance with the amended credit facility.

11. PURCHASE COMMITMENTS

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

On May 24, 1999 the Company entered into a three-year \$32.0 million agreement with Nortel for the purchase of network equipment and infrastructure, including switches and base station controllers. On July 11, 2000 the amount was increased from \$32.0 million to \$60.0 million. Nortel did provide financing to the Company until July 12, 2000 for these purchases pursuant to the Nortel Credit Facility discussed in Note 9. Under the agreement, the Company receives a discount on the network equipment and services because of the Sprint PCS affiliation, but pays a slight premium to the discounted price on any equipment and services financed by Nortel. If the Company's affiliation with Sprint PCS ends, Nortel has the right to either terminate the agreement or, with the Company's consent, modify the agreement to establish new prices, terms and conditions. As of December 31, 2000, the Company has a remaining commitment to purchase approximately \$18.7 million of equipment and services from Nortel.

In July 2000 the Company entered into an equipment purchase agreement with Lucent Technologies Inc. ("Lucent") for the purchase of network equipment and infrastructure which includes one switch and 100 base station controllers for the Michigan markets within the first year of the agreement and an additional 32 base station controllers during the second year. In addition, the Company has agreed to use Lucent's equipment exclusively in the construction of the Company's network located within the state of Michigan. As of December 31, 2000, the Company has purchased approximately \$10.5 million of equipment and has a remaining commitment to purchase approximately \$6.7 million of equipment. The Company has entered into this agreement with Lucent as an additional affiliate of Sprint PCS and is subject to the terms and conditions of a procurement and services contract between Lucent and an affiliate of Sprint PCS which will expire on January 31, 2006.

12. EMPLOYEE BENEFITS

The Company has established a 401(k) plan (the "Plan") in which substantially all employees may participate. The Plan allows eligible employees to contribute up to 15% of their compensation and provides that the Company will make matching contributions of 50% up to the first eight percent of an employee's contribution. In addition, the Company may make discretionary contributions to the Plan. Company contributions to the Plan were approximately \$38,000 and \$14,000 for the year ended December 31, 2000 and the period ended December 31, 1999, respectively.

13. REDEEMABLE PREFERRED STOCK

Contemporaneously with the issuance of the 300,000 units discussed in Note 9, the Company issued to an investor group 9,090,909 shares of Series A-1 convertible participating preferred stock ("Series A-1 preferred stock") at a purchase price of \$5.50 per share, yielding gross proceeds of \$50.0 million; net proceeds were approximately \$46.4 million. On December 28, 2000, the Company issued to the same investor group 14,000,000 shares of Series A-2 convertible participating preferred stock ("Series A-2 preferred stock") at a purchase price of \$5.00 per share, yielding gross proceeds of \$70.0 million; net proceeds were approximately \$65.8 million.

The holders of Series A-1 preferred stock and Series A-2 preferred stock may, at their option, convert all or any such shares into shares of common stock. Each share of Series A-1 preferred stock and Series A-2 preferred stock

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

shall automatically convert into common stock under certain conditions including a public offering of securities with gross proceeds of \$50 million or a change of control. The holders of Series A-1 preferred stock and Series A-2 preferred stock have the same voting rights as common stockholders. The Series A-1 preferred stock ranks senior to common stock and on parity with the Series A-2 preferred stock. In the event that the Company has not completed an initial public offering of common stock or consummated a business transaction meeting certain criteria by the fifth anniversary of the investment, the investor group has the right to request the Company to repurchase the Series A-1 preferred stock and Series A-2 preferred stock at fair market value, unless the Company's Board of Directors determines, in its sole discretion, that it is not in the Company's best interests to do so, whereupon the investor group would have the right to force a sale of the Company subject to the rights of Sprint and Sprint PCS under the Sprint PCS Agreements. The Series A-1 preferred stock and Series A-2 preferred stock have a mandatory redemption for cash at an amount equal to the stated value plus accrued dividends on July 12, 2011. The Company accretes the carrying value of the Series A-1 preferred stock and Series A-2 preferred stock (net of offering costs incurred) to the redemption amount by the effective interest method. During the year ended December 31, 2000, the Company recorded approximately \$150,000 and approximately \$4,000 of accretion on the Series A-1 preferred stock and Series A-2 preferred stock, respectively.

The Company allocated the entire net proceeds received from the issuance of Series A-1 preferred stock of approximately \$46.4 million to the beneficial conversion feature on the issuance of Series A-1 preferred stock in accordance with EITF Issue No. 98-5, "Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios to Certain Convertible Instruments." The beneficial conversion feature was calculated at the issuance date of the Series A-1 preferred stock based on the difference between the conversion price of \$5.50 per share and estimated fair value of the common stock at that date. This amount, however, was limited to the proceeds received from issuing the beneficial convertible security. As the Series A-1 preferred stock was immediately convertible, the Company also recorded accretion of approximately \$46.4 million to additional paid-in capital.

The Company allocated the entire net proceeds received from the issuance of the Series A-2 preferred stock of approximately \$65.8 million to the Series A-2 preferred stock in accordance with EITF Issue

F-56

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

No. 00-27 "Application of EITF Issue No. 98-5, "Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios to Certain Convertible Instruments." No beneficial conversion feature was considered to exist due to the conversion price of the Series A-2 preferred stock at time of issuance exceeding the estimated fair value of the common stock at that date.

The Series A-1 preferred stock and Series A-2 preferred stock bear cumulative dividends, whether or not declared, at the rate of 7.5% of the preferred liquidation preference per year and, when paid, shall be paid only in additional shares of preferred stock. Dividends shall accumulate and compound semi-annually. The preferred liquidation preference is equal to \$5.50 (Series A-1) and \$5.00 (Series A-2) per share plus any accrued but unpaid dividends on such share of preferred stock. Dividends on each share shall accrue on a daily

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

basis and be cumulative from the date of original issue. During the year ended December 31, 2000, the Company recorded approximately \$1.8 million and approximately \$58,000 for accrued dividends on Series A-1 preferred stock and Series A-2 preferred stock, respectively, as a charge to additional paid in capital.

In addition to the 7.5% dividend, when and if the Board of Directors declares a dividend payable with respect to the then outstanding shares of common stock, the holders of the Series A-1 preferred stock and Series A-2 preferred stock shall be entitled to the amount of dividends per share as would be payable on the number of shares of common stock into which such shares of Series A-1 preferred stock and Series A-2 preferred stock could then be converted. Upon the occurrence of a change of control prior to July 12, 2005, the Company will be obligated to pay a special dividend to each holder of Series A-1 preferred stock and Series A-2 preferred stock (except as to any changes of control in connection with a business combination with a private company as to which the investor group waives its right to receive such dividend) in an amount equal to the amount of all unpaid dividends that would have been payable through July 12, 2005.

14. EQUITY

The Predecessor Company was organized as a LLC and, as such, had no outstanding stock. Owners (members) actually held a membership interest in the LLC. As a result, the investment of those members in the Predecessor Company is reflected as Contributed Capital--Predecessor Company in the accompanying consolidated balance sheet and consolidated statement of redeemable preferred stock and equity as of December 31, 1999.

On March 12, 1999, the Company entered into a management agreement (the "Management Agreement") with Mr. Yager to act as the Manager of the Predecessor Company. The Management Agreement entitled Mr. Yager to a cash bonus equal to 2.5% of the fair market value of the Company in the event of a Transfer (as defined in the Management Agreement) of all or substantially all of the assets of the Company, or 2.5% of the fair market value of any transferred interests in the Company, in excess of the applicable member's cumulative contributions. Effective as of February 29, 2000, Mr. Yager and the Company agreed to terminate the Management Agreement, and in exchange therefor Mr. Yager received a 1.5% ownership interest in the Predecessor Company. In addition, the Company paid the withholding tax obligation arising by reason of the issuance of the 1.5% ownership interest to Mr. Yager, and the federal and state taxes on the issuance of the ownership interest and payment of the withholding tax obligation. Based upon the expected offering price of the initial public offering as determined on April 24, 2000, the Company recorded non-cash compensation expense of approximately \$8.5 million related to the ownership interest granted and recorded general and administrative expense of approximately \$1.6 million related to taxes paid by the Company on behalf of Mr. Yager for the year ended December 31, 2000.

On July 11, 2000, the Board of Directors approved the amended and restated 2000 Long Term Incentive Stock Plan. Under the plan, the Company may grant stock options, stock appreciation rights, shares of common

stock and performance units to employees, consultants and directors. The total number of shares of common stock that can be awarded under the plan is

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

6,500,000 shares, which will be increased on December 31 of each year beginning on December 31, 2000 by a number of shares equal to 1% of the number of shares then outstanding, up to maximum of 8,000,000. On July 12, 2000, the Board of Directors granted options to members of management, employees and directors to acquire 1,558,750 shares of common stock with an exercise price of \$5.50 per share.

At December 31, 2000, the following is a summary of options outstanding and exercisable:

	Shares	Weighted Average Exercise Price
	-----	-----
Outstanding at beginning of period		
Granted.....	1,558,750	\$5.50
Granted.....	34,000	6.25
Exercised.....		
Forfeited.....	(2,750)	5.50
	-----	-----
Outstanding at end of period.....	1,590,000	\$5.52
	=====	=====
Options exercisable.....	490,106	
Weighted-average remaining contractual life.....	9.5 years	

The Company applies APB Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations to account for its employee and director stock options. Compensation expense is determined as the excess of the fair value of the Company's common stock at date of grant over the exercise price. Based upon the then expected offering price of a planned initial public offering, the Company recognized total unearned compensation expense of approximately \$8.3 million related to these grants on July 12, 2000. This amount is being amortized as compensation expense over the vesting period of the options; such vesting period begins on the employee's date of hire and extends for four years. For directors and all future grants to employees, the vesting period begins on the date of grant and extends for four years. Total non-cash compensation expense related to such options was approximately \$2.7 million for the year ended December 31, 2000.

If compensation expense for the stock option grants had been determined based on fair value at the grant date consistent with the requirements of SFAS No. 123, "Accounting for Stock Based Compensation," the Company's net loss applicable to common stockholders and net loss per share would have been the pro forma amounts indicated below for the year ended December 31, 2000:

Net loss applicable to common stockholders (in thousands):	
As reported.....	\$(104,507)
Pro forma.....	\$(105,290)
Basic and diluted loss per common share:	
As reported.....	\$ (2.33)
Pro forma.....	\$ (2.35)

The Company's calculation of fair value of the options was made using the Black-Scholes model with the following assumptions:

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

- (1) risk free interest rate of 6.35%;
- (2) stock price based on a planned initial public offering;

- (3) dividend yield of 0%;
- (4) life of 4 years; and
- (5) volatility of 40%.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following disclosure of the estimated fair value of financial instruments is made pursuant to SFAS No. 107, "Disclosures About Fair Value of Financial Instruments." Fair value estimates are subject to inherent limitations. Estimates of fair value are made at a specific point in time, based on relevant market information and information about the financial instrument. The estimated fair values of financial instruments are not necessarily indicative of amounts the Company might realize in actual market transactions. Estimates of fair value are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates. The carrying amounts at December 31, 2000 and December 31, 1999 for cash and cash equivalents, accounts receivable, other receivables, accounts payable, accrued liabilities, and variable rate long-term debt are reasonable estimates of their fair values. The carrying amount of fixed-rate long-term debt at December 31, 2000 is believed to approximate fair value because such debt was discounted to reflect a market interest rate at inception and such discount continues to result in an interest rate commensurate with the nature of this debt.

18. SUBSEQUENT EVENTS

On January 10, 2001 the Company exercised its option to add the Iowa City and Cedar Rapids, Iowa BTAs to its service area as discussed in Note 6. The purchase price is expected to be approximately \$30.5 million, subject to adjustments for net accounts receivable and unbilled amounts, and the closing is scheduled for February 28, 2001. The Company and Sprint PCS will agree upon a purchase price allocation based on the fair value of the assets and liabilities acquired with any excess amount over fair value being allocated to the intangible asset representing the right to be the exclusive provider of Sprint PCS services in Iowa City and Cedar Rapids.

On January 12, 2001 the Company entered into an interest rate cap agreement with a counter party for a notional amount of \$12.5 million. The agreement expires in three years and caps the three-month floating LIBOR interest rate at 7.25%.

The consolidating financial information for 1999 has not been provided since iPCS, Inc. and its two wholly-owned subsidiaries did not acquire the business of the Predecessor Company until July 12, 2000 as discussed in Note 1 and only the Predecessor Company had activities in 1999. Therefore, the 1999 consolidating financial information is identical to the Consolidated Financial Statements.

20. MERGER

On August 28, 2001, the Company signed an agreement and plan of merger with AirGate PCS, Inc., a Sprint PCS affiliate, under which AirGate and the Company will combine in a tax-free stock for stock transaction. At the effective time of the merger, each issued and outstanding share of the Company's common stock will be converted into the right to receive approximately 0.1594 of a share of AirGate common stock, referred to as the exchange ratio. All shares of the Company's preferred stock will be converted into the Company's common stock immediately prior to the effective time of the merger. At the effective time of the merger, AirGate will assume each unexpired and unexercised option and warrant to purchase shares of the Company's common stock and convert it into an option or warrant to purchase AirGate common stock based on one share of the Company's common stock equal to the exchange ratio of AirGate's common stock. In addition, the exercise price per share of AirGate common stock issuable under each converted option or converted warrant will be equal to the per share exercise price of the Company option or warrant divided by the exchange ratio. The options will be fully vested at the time of the merger and the warrants will remain subject to the terms and conditions set forth in the applicable warrant agreement. The total number of shares of AirGate common stock to be issued by AirGate in connection with the merger will not exceed 13,500,000. The transaction is subject to customary regulatory review, and approvals by the stockholders of AirGate and the Company, both companies' senior secured lenders, and Sprint PCS. The merger agreement will terminate if the merger is not consummated on before March 1, 2002.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2001 and 2000
(Unaudited)

1. BASIS OF PRESENTATION OF UNAUDITED INTERIM FINANCIAL INFORMATION

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with rules issued by the Securities and Exchange Commission for preparing interim financial information and, therefore, do not include all information and footnotes necessary for a presentation of financial position, results of operations, and cash flows in conformity with generally accepted accounting principles. All adjustments, consisting of normal recurring accruals, which, in the opinion of management, are necessary for a fair presentation of financial position and results of operations have been included. Operating results for the six months ended June 30, 2001 are not necessarily indicative of results that may be expected for the year ending December 31, 2001. These unaudited interim consolidated financial statements should be read in conjunction with the audited financial statements and footnotes thereto for the year ended December 31, 2000, included in the Company's Form 10-K as filed with the Securities and Exchange Commission on March 29, 2001.

All significant intercompany accounts or balances have been eliminated in consolidation. Certain amounts in the 2000 financial statements have been reclassified to conform to the current period's presentation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition:

Prior to January 1, 2001, the Company recorded promotional cash credits and rebates granted to customers as expenses. Effective January 1, 2001, the Company adopted the Emerging Issues Task Force ("EITF") 00-14, "Accounting for Certain Sales Incentives." The EITF requires that, when recognized, the reduction in or refund of the selling price of the product or service resulting from any cash incentive should be classified as a reduction in revenue and not as an operating expense. The Company adopted EITF 00-14 in the first quarter of 2001. For the six months ended June 30, 2001, a reduction in revenue of approximately \$6.4 million, and an offsetting reduction in operating expenses for these same six months was recorded. In accordance with the provisions of EITF 00-14, approximately \$0.4 million of operating expenses for the six months ended June 30, 2000 have been reclassified as a reduction in revenue.

Loss Per Share:

Basic and diluted loss per share are calculated by dividing the net loss by the pro forma weighted average number of shares of common stock of iPCS, Inc. outstanding. For the six months ended June 30, 2000, the calculation is based on the number of shares that would have been outstanding as if the shares of common stock of iPCS, Inc. into which the Predecessor Company's members' interests were converted had been outstanding for the period presented. The calculation was made in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings Per Share." The basic and diluted loss per share are the same because the inclusion of the incremental potential common shares from any assumed conversion of redeemable preferred stock or exercise of options and warrants is antidilutive.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Recently Issued Accounting Pronouncements:

In July 2001 the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and

F-69

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

broadens the criteria for recording intangible assets separate from goodwill. Recorded goodwill and intangibles will be evaluated against this new criteria and may result in certain intangibles being subsumed into goodwill, or alternatively, amounts initially recorded as goodwill may be separately identified and recognized apart from goodwill. SFAS No. 142 requires the use of a non-amortization approach to account for purchased goodwill and certain intangibles. Under a non-amortization approach, goodwill and certain intangibles will not be amortized into results of operations, but instead will be reviewed for impairment and written down and charged to results of operations only in the periods in which the recorded value of goodwill and certain intangibles is more than its fair value. The provisions of each statement, which apply to goodwill and intangible assets acquired prior to June 30, 2001, will be adopted by the Company on January 1, 2002. The Company is currently assessing but has not yet determined the impact of these pronouncements on its financial position and results of operations.

In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities," an amendment of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," which is effective for all fiscal years beginning after June 15, 2000. The adoption by the Company on January 1, 2001 did not have an effect on the Company's results of operations, financial position, or cash flows. However, as discussed in Note 10, the Company did enter into an interest rate cap agreement on January 12, 2001.

3. REORGANIZATION

On July 12, 2000, Illinois PCS, LLC (the "Predecessor Company") reorganized its business into a C Corporation in which members of the Predecessor Company received 44,869,643 shares of common stock of iPCS, Inc. in exchange for their ownership interests in the Predecessor Company. As of July 12, 2000, the Predecessor Company merged with and into iPCS Wireless, Inc., a wholly-owned subsidiary of iPCS, Inc. iPCS Equipment, Inc. was also formed and is a wholly-owned subsidiary of iPCS Wireless, Inc. iPCS Wireless, Inc. will continue the activities of the Predecessor Company and, for accounting purposes, this transaction was accounted for as a reorganization of the Predecessor Company into a C Corporation. iPCS, Inc. and its subsidiaries, including the Predecessor Company, are collectively referred to as the "Company."

4. SPRINT PCS AGREEMENTS

On January 10, 2001, the Company exercised its option to purchase from Sprint PCS certain telecommunications equipment and retail store assets and inventory located in the Iowa City and Cedar Rapids, Iowa markets. Concurrently with the closing, the Sprint PCS Management Agreement, which sets forth the terms of the Company's long-term affiliation with Sprint PCS, was amended to reflect the expansion of the Company's territory to include these two

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

additional Iowa markets, which included over 14,000 customers. The Company closed on this transaction on February 28, 2001 and paid approximately \$31.6 million to Sprint PCS. The Company has accounted for this business combination using the purchase method. The Company made a preliminary allocation of the purchase price based on the fair values of the assets and liabilities acquired and allocated any excess amount over fair value to the intangible asset representing the right to be the exclusive provider of Sprint PCS services in the Iowa City and Cedar Rapids, Iowa markets.

7. DEFERRED GAIN ON TOWER SALES

On May 28, 1999, the Company signed a tower sale and leaseback agreement with American Tower Corporation ("American Tower"). Under this agreement, the Company was to locate sites for, develop and construct between sixty and eighty wireless communication towers and then sell the towers to American Tower. The term of this agreement, which was set to expire at the earlier date of the final tower sale or December 31, 2000, was amended in November 2000 to extend the expiration date to February 28, 2001.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

On January 2, 2001, twelve towers were sold to American Tower for approximately \$3.4 million, resulting in a gain of approximately \$1.6 million of which approximately \$0.5 million was recognized at the time of the sale and the remainder was deferred and is being amortized as a reduction to rental expense over the initial lease term of ten years. The sale of the first seven towers in this transaction satisfied the terms of the agreement signed in 1999. The remaining five towers were sold as individual tower sales to American Tower.

On June 29, 2001, the Company signed a tower sale and leaseback agreement with Trinity Wireless Towers, Inc. ("Trinity"). The Company has constructed wireless communication towers, which it agreed to sell and lease back a portion of these towers from Trinity. The agreement expires on December 31, 2001.

On June 29, 2001, the Company sold sixteen towers to Trinity for approximately \$4.8 million, resulting in a gain of approximately \$2.1 million of which approximately \$1.0 million was recognized at the time of the sale and the remainder was deferred and is being amortized as a reduction to rental expense over the initial tower lease term of five years.

8. DEFERRED RENT

On December 29, 2000, the Company signed a build-to-suit agreement with Trinity whereby the Company agreed to locate and obtain ground leases for tower sites and deliver assignments of these leases to Trinity for at least seventy-five towers located in Iowa and Nebraska. Trinity agreed to reimburse the Company for site acquisition and development costs, build a tower at these sites, and to purchase the site at the time of the commencement of the tower lease with Trinity.

For the six months ended June 30, 2001, the Company recorded approximately \$1.6 million as deferred tower rent that will be amortized as a reduction to rental expense over the life of the initial tower lease term of five years. As of June 30, 2001, the Company has entered into leases for thirty-one build-to-suit towers.

F-72

iPCS, INC. AND SUBSIDIARIES AND PREDECESSOR

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

9. INCOME TAXES

Prior to July 12, 2000, the Predecessor Company operated as a limited liability company ("LLC") and, as a result, its losses were included in the income tax returns of its members. Therefore, the accompanying consolidated financial statements do not include any income tax amounts prior to July 12, 2000. Subsequent to July 12, 2000, the date of reorganization as discussed in Note 3, the Company became a C Corporation and began accounting for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes." No benefit for federal income taxes has been recorded for the six months ended June 30, 2001, as the net deferred tax asset generated, primarily from temporary differences related to the net operating loss carry forwards, would have been offset by a full valuation allowance because it is not considered more likely than not that these benefits will be realized due to the Company's limited operating history. For the year ending December 31, 2001, management currently estimates that a valuation allowance will be provided for the expected loss to be incurred.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

10. SENIOR SECURED CREDIT FACILITY

On January 12, 2001, as required under the terms of the senior secured credit facility, the Company entered into an interest rate cap agreement with a counter party for a notional amount of \$12.5 million to manage the interest rate risk on the Company's variable rate debt. The agreement expires in three years and caps the three-month LIBOR interest rate at 7.25%. A loss of approximately \$14,000 was recorded for this derivative for the six months ended June 30, 2001.

On February 23, 2001, the Company entered into an amendment to the senior secured credit facility which included a consent to the expansion of its territory to include the Iowa City and Cedar Rapids, Iowa BTA's as discussed in Note 4 and which amended certain covenant definitions and requirements.

On June 29, 2001, the Company borrowed an additional \$25.0 million under Tranche B bringing the total borrowings to date to \$50.0 million, the entire Tranche B commitment. At June 30, 2001, the weighted average interest rate on these borrowings was 8.03%.

11. STOCK OPTIONS

On February 28, 2001, the Board of Directors approved options for members of management, employees and directors, with a grant date of January 1, 2001. The vesting period for these employee stock options begins on the later of the employee's hire date or January 1, 2001, and extends for four years. For directors, the vesting period begins on January 1, 2001, and extends for four years. During the six months ended June 30, 2001, 1,416,750 options were granted at an exercise price of \$4.65.

At June 30, 2001, the following is a summary of options granted and outstanding:

	Shares	Weighted Average Exercise Price
	-----	-----

The Company applies Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations to account for its employee and director stock options. Compensation expense is determined as the excess of the fair value of the Company's common stock at date of grant over the exercise price. Based upon the then expected offering price of a planned initial public offering in 2000, the Company recognized total unearned

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

compensation expense of approximately \$8.3 million related to the grants made in July 2000. This amount is being amortized as compensation expense over the vesting period of the options; such vesting period begins on the employee's date of hire and extends for four years. For directors and all employee grants subsequent to February 28, 2001, the vesting period begins on the date of grant and extends for four years. Total non-cash compensation expense related to such options for the six months ended June 30, 2001 was approximately \$1.0 million. There was no compensation expense recorded for the grants made during the six months ended June 30, 2001 since the exercise price was equal to the estimated fair value of the Company's common stock.

14. SUBSEQUENT EVENT

On August 28, 2001, the Company signed an agreement and plan of merger with AirGate PCS, Inc., a Sprint PCS affiliate, under which AirGate and the Company will combine in a tax-free stock for stock transaction. At the effective time

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

of the merger, each issued and outstanding share of the Company's common stock will be converted into the right to receive approximately 0.1594 of a share of AirGate common stock, referred to as the exchange ratio. All shares of the Company's preferred stock will be converted into the Company's common stock immediately prior to the effective time of the merger. At the effective time of the merger, AirGate will assume each unexpired and unexercised option and warrant to purchase shares of the Company's common stock and convert it into an option or warrant to purchase AirGate common stock based on one share of the Company's common stock equal to the exchange ratio of AirGate's common stock. In addition, the exercise price per share of AirGate common stock issuable under each converted option or converted warrant will be equal to the per share exercise price of the Company option or warrant divided by the exchange ratio. The options will be fully vested at the time of the merger and the warrants will remain subject to the terms and conditions set forth in the applicable warrant agreement. The total number of shares of AirGate common stock to be issued by AirGate in connection with the merger will not exceed 13,500,000. The transaction is subject to customary regulatory review, and approvals by the stockholders of AirGate and the Company, both companies' senior secured lenders, and Sprint PCS. The merger agreement will terminate if the merger is not consummated on before March 1, 2002.

WHEREAS, Public and the Company acknowledge and agree that as of the date hereof, Merger Sub has not been formed and has not executed this Agreement. The Company acknowledges that Public has agreed in this Agreement to form Merger Sub upon obtaining the requisite Public Bank Consent (as hereinafter defined) and to cause Merger Sub (or another wholly owned subsidiary of Public as the parties may agree) to execute the Sub Joinder Agreement upon its formation;

WHEREAS, as an inducement to and a condition to Public entering into this Agreement, certain stockholders of the Company are simultaneously herewith entering into a Support Agreement, in the form of Exhibit A hereto (the "Company Support Agreement"), relating to the agreement of such stockholders to vote to approve and adopt this Agreement, the Merger and the transactions contemplated hereby;

WHEREAS, the parties hereto intend that the Merger shall constitute a reorganization within the meaning of Section 368(a) of the United States Internal Revenue Code of 1986, as amended (the "Code"); and

WHEREAS, the parties desire to make certain representations, warranties and agreements in connection with the Merger and also to prescribe certain conditions to the Merger.

NOW, THEREFORE, in consideration of the mutual covenants, representations, warranties and agreements contained herein, and intending to be legally bound hereby, the parties agree as follows:

ARTICLE I

The Merger

Section 1.1. The Merger. Subject to the terms and conditions of this Agreement, in accordance with the DGCL, at the Effective Time (as defined in Section 1.2 hereof), Merger Sub shall merge with and into the Company. The Company shall be the surviving corporation (hereinafter sometimes called the "Surviving Corporation") in the Merger, and shall continue its corporate existence under the laws of the State of Delaware. The name of the Surviving Corporation shall continue to be iPCS, Inc. Upon consummation of the Merger, the separate corporate existence of Merger Sub shall terminate.

A-1

Section 1.2. Effective Time. No later than three Business Days after the satisfaction or, if permissible, waiver of the conditions set forth in Article VIII, the parties hereto shall cause the Merger to be consummated by filing a certificate of merger (the "Certificate of Merger") with the Secretary of State of the State of Delaware (the "Secretary"), in such form as required by and executed in accordance with, the relevant provisions of the DGCL (the date and time of such filing, or, if another date and time is specified in such filing, such specified date and time, being the "Effective Time").

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Section 1.3. Effects of the Merger. At and after the Effective Time, the Merger shall have the effects set forth in Sections 259 and 261 of the DGCL.

Section 1.4. Conversion of Company Common Stock.

(a) At the Effective Time, subject to Section 1.8 and Section 2.1(e) hereof, each share of common stock, par value \$0.01 per share, of the Company (the "Company Common Stock") issued and outstanding immediately prior to the Effective Time (other than shares of Company Common Stock held (x) in the Company's treasury or (y) directly or indirectly by Public or the Company or any of their respective Subsidiaries (as defined below)) (including all shares of Series A-1 Convertible Participating Preferred Stock, par value \$.01 per share, of the Company ("Series A-1 Preferred Stock") and Series A-2 Convertible Participating Preferred Stock, par value \$.01 per share, of the Company ("Series A-2 Preferred Stock" and together with the Series A-1 Preferred Stock, the "Company Preferred Stock") which shall have been converted into Company Common Stock immediately prior to the Effective Time in accordance with Section 5(b)(ii) of the respective Certificates of Designations (each, a "Certificate of Designations") with respect thereto) shall, by virtue of this Agreement and without any action on the part of the holder thereof, be converted into 0.1594 shares (the "Exchange Ratio") of Public Common Stock. All shares of Company Common Stock converted into Public Common Stock pursuant to this Article I shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each certificate (each, a "Certificate") previously representing any such shares of Company Common Stock shall thereafter only represent the right to receive (i) certificates evidencing the number of whole shares of Public Common Stock and (ii) the cash in lieu of fractional shares into which the shares of Company Common Stock represented by such Certificate have been converted pursuant to this Section 1.4(a) and Section 2.1(e). Certificates previously representing shares of Company Common Stock shall be exchanged for certificates representing whole shares of Public Common Stock and cash in lieu of fractional shares issued in consideration therefore upon the surrender of such Certificates in accordance with Section 2.1 hereof, without any interest thereon. The parties understand and agree that the Exchange Ratio has been calculated based upon the accuracy of the representations and warranties set forth in Section 4.2 and that, in the event the number of outstanding shares of Company Common Stock, Company Preferred Stock, Company Options, Company Warrants or other stock equivalents of the Company is greater than or less than the amounts specifically set forth in Section 4.2 (including, without limitation, as a result of (i) any inaccuracy in the representations and warranties set forth in Section 4.2, (ii) the issuance or expiration after the date of this Agreement of options, warrants or other rights to purchase Company Common Stock or (iii) any stock split, reverse stock split, stock dividend, including any dividend or distribution of securities convertible into stock or any stock equivalent of the Company, recapitalization, reclassification or other like change occurring after the date of this Agreement), the Exchange Ratio shall be appropriately adjusted. Notwithstanding anything to the contrary, in no event shall the aggregate number of shares of Public Common Stock issued (i) at the Effective Time pursuant to this Section 1.4(a) and (ii) upon the exercise of all options, warrants or other rights to purchase Company Common Stock assumed by Public pursuant to this Agreement, exceed 13,500,000.

(b) At the Effective Time, all shares of Company Common Stock that are owned by the Company as treasury stock and all shares of Company Common Stock that are owned directly or indirectly by Public or the Company or any of their respective Subsidiaries shall, by virtue of this Agreement and without any action on the part of the holder thereof, be cancelled and shall cease to exist and no stock of Public or other consideration shall be delivered in exchange therefore. All shares of Public Common Stock that are owned by the Company or any of its Subsidiaries shall become treasury stock of Public.

Section 1.5. Stock Options. (a) At the Effective Time, each option granted by the Company to purchase shares of Company Common Stock (a "Company Option") which is outstanding and unexercised immediately prior thereto shall cease to represent a right to acquire shares of Company Common Stock and shall be converted automatically into a fully vested option (a "Converted Company Option") to purchase shares of Public Common Stock in an amount and at any exercise price determined as provided below (and otherwise subject to the terms of the Company's Amended and Restated 2000 Long Term Incentive Plan, as amended (the "Company Option Plan"), the agreements evidencing grants thereunder, and any other agreements between the Company and an optionee regarding Company Options):

(i) the number of shares of Public Common Stock to be subject to the Converted Company Option shall be equal to the product of the number of shares of Company Common Stock subject to the Company Option and the Exchange Ratio, provided that any fractional share of Public Common Stock resulting from such multiplication shall be rounded down to the nearest whole share; and

(ii) the exercise price per share of Public Common Stock under the Converted Company Option shall be equal to the exercise price per share of Company Common Stock under the Company Option divided by the Exchange Ratio, provided that such exercise price shall be rounded up to the nearest whole cent.

(b) The adjustment provided herein with respect to any options which are "incentive stock options" (as defined in Section 422 of the Code) shall be and is intended to be effected in a manner which is consistent with Section 424(a) of the Code, and to the extent it is not so consistent, such Section 424(a) shall override anything to the contrary contained herein. The duration and other terms of the Converted Company Options shall be the same as the original Company Options, except that all references to the Company shall be deemed to be references to Public. As soon as practicable after the Effective Time (but in no event later than ten Business Days), Public shall use its reasonable best efforts to register under the Securities Act of 1933, as amended (the "Securities Act"), on Form S-8 or other appropriate form (and use its reasonable best efforts to maintain the effectiveness thereof) shares of Public Common Stock issuable pursuant to all Company Options converted pursuant to this Section 1.5.

Section 1.6. Assumption of Warrants. (a) At the Effective Time, Public shall assume and cause to be performed all obligations of the Company under:

(1) the warrants (the "Warrants") issued pursuant to the Warrant Agreement, dated as of July 12, 2000, between the Company and ChaseMellon Shareholder Services, L.L.C. ("ChaseMellon"), as Warrant Agent (the "Warrant Agreement") to purchase 2,982,699 shares of Company Common Stock; and

(b) Each Company Warrant so assumed by Public under this Agreement will continue to have, and be subject to, the same terms and conditions set forth in the applicable warrant agreement immediately prior to the Effective Time, except that (i) each outstanding Company Warrant will be exercisable (or will become exercisable in accordance with its terms), for that number of whole

shares of Public Common Stock equal to the product of the number of shares of Company Common Stock that were issuable upon exercise of such Company Warrant immediately prior to the Effective Time multiplied by the Exchange Ratio, rounded to the nearest whole number of shares of Public Common Stock and (ii) the per share exercise price for the Public Common Stock issuable upon exercise of such Company Warrant shall be equal to the exercise price per share of Company Common Stock of such Company Warrant divided by the Exchange Ratio, rounded to the nearest whole cent.

(c) At the Effective Time, Public shall cause a shelf registration statement on Form S-3 under the Securities Act covering Public Common Stock issuable upon exercise of the Warrants to become effective and shall maintain the effectiveness thereof until the earlier of the expiration of the Warrants or the date on which all of the Warrants have been exercised by the holders thereof.

Section 1.7. Public Common Stock; Merger Sub Common Stock. (a) Except for any shares of Public Common Stock owned by the Company or any of its Subsidiaries, which shall be converted into treasury stock of Public as contemplated by Section 1.4 hereof, the shares of Public Common Stock issued and outstanding immediately prior to the Effective Time shall be unaffected by the Merger and such shares shall remain issued and outstanding.

(b) At the Effective Time, each share of common stock, par value \$.01 per share, of Merger Sub (the "Merger Sub Common Stock") issued and outstanding immediately prior to the Effective Time shall, by virtue of this Agreement and without any action on the part of the holder thereof, be converted into one share of common stock of the Surviving Corporation, and the Surviving Corporation shall thereby become a wholly owned subsidiary of Public.

Section 1.8. Shares of Dissenting Stockholders. Notwithstanding anything in this Agreement to the contrary, any shares of Company Common Stock and Company Preferred Stock that are issued and outstanding immediately prior to the Effective Time and that are held by a stockholder who did not vote in favor of the Merger or consent to the Merger in writing and has properly exercised appraisal rights (the "Dissenting Shares") under the DGCL shall not be converted into the right to receive the Merger Consideration (as defined below) unless and until the holder shall have failed to perfect, or shall have effectively withdrawn or lost, such holder's right to appraisal under the DGCL. If any such holder shall have failed to perfect or shall have effectively withdrawn or lost the right to appraisal, then as of the occurrence of such event, each share of Company Common Stock and Company Preferred Stock held by such holder shall thereupon be deemed to have been converted into and to have become, as of the Effective Time, the right to receive, without any interest thereon, the Merger Consideration. The Company shall give Public (i) prompt notice of any notice or demand for appraisal or payment for shares of Company Common Stock or attempted withdrawals of such demands received by the Company and (ii) the right to participate in all negotiations and proceedings with respect to any such demands or notices. The Company shall not, without the prior written consent of Public, make any payment with respect to, or settle, offer to settle or otherwise negotiate, any such demands.

Section 1.9. Certificate of Incorporation and By-Laws. At the Effective Time, the Certificate of Incorporation and the By-Laws of the Surviving Corporation shall be amended in their entirety to contain the provisions set forth in the Certificate of Incorporation and By-Laws of Merger Sub, as in effect immediately prior to the Effective Time.

The officers of Merger Sub immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation, each to hold office in accordance with the Certificate of Incorporation and By-Laws of the Surviving Corporation.

Section 1.11. Tax Consequences. It is intended that the Merger shall constitute a reorganization within the meaning of Section 368(a) of the Code and that this Agreement shall constitute a "plan of reorganization" for the purposes of Section 368 of the Code and the Treasury Regulations promulgated thereunder.

ARTICLE II

Exchange of Shares

Section 2.1. Exchange of Shares, Distributions; Voting Rights. Subject to the terms and conditions of this Agreement, the parties hereto shall take, or cause to be taken, the following actions:

(a) At the Effective Time, each record holder of shares of Company Common Stock whose shares were converted into the Merger Consideration shall receive from Public in exchange therefor, upon surrender of such holder's Certificates and delivery to Public of a property completed letter of transmittal (which letter of transmittal shall be executed and delivered to Public prior to the Closing and shall specify

that, by surrendering such Certificates, subject only to such holder's receipt of the Merger Consideration and any dividends or other distributions to which such holder is entitled to receive pursuant to Section 2.1(b), the holder shall be deemed to have waived all rights and claims and to have released and discharged Public, Merger Sub, the Company and their affiliates from any and all claims and liabilities whatsoever, whether known or unknown, both at law and in equity, arising out of any matter, cause or event occurring contemporaneously with or prior to the Effective Time, that such holder would otherwise be entitled to assert against such Persons solely by virtue of being or having been a stockholder of the Company), (x) certificates ("Public Certificates") representing the number of whole shares of Public Common Stock which such record holder has the right to receive pursuant to the provisions of Article I hereof and (y) a check representing the amount of cash in lieu of fractional shares of Public Common Stock, if any, which such holder has the right to receive pursuant to Section 2.1(e) (together with the Public Common Stock represented by the Public Certificates, the "Merger Consideration"), and the Certificates so surrendered shall forthwith be cancelled. No interest will be paid or accrued on any cash in lieu of fractional shares or on any unpaid dividends and distributions payable to holders of Certificates. In the event of a transfer of ownership of shares of Company Common Stock which is not registered in the transfer records of the Company, a certificate representing the proper number of shares of Public Common Stock may be issued to a transferee if the Certificate representing such shares of Company Common Stock is presented to Public, accompanied by all documents required to evidence and effect such transfer and to evidence that any applicable stock transfer taxes have been paid. Until surrendered as contemplated by this Section 2.1, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration and any dividends or other distributions to which such holder is entitled pursuant to Section 2.1(b).

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(b) No dividends or other distributions declared or made after the Effective Time with respect to Public Common Stock with a record date after the Effective Time shall be paid to the holder of record of any unsurrendered Certificate until the holder thereof shall surrender such Certificate in accordance with this Article II. At the time of the surrender of a Certificate in accordance with this Article II, the record holder thereof shall be issued or paid any such dividends or other distributions, without any interest thereon, which theretofore had become payable with respect to shares of Public Common Stock represented by such Certificate. For purposes of dividends or other distributions in respect of shares of Public Common Stock, all shares of Public Common Stock to be issued pursuant to the Merger shall be deemed issued and outstanding as of the Effective Time. Registered holders of unsurrendered Certificates shall be entitled to vote after the Effective Time at any meeting of Public stockholders with a record date at or after the Effective Time the number of whole shares of Public Common Stock represented by such Certificates, regardless of whether such holders have exchanged their Certificates.

(c) If any certificate representing shares of Public Common Stock is to be issued in a name other than that in which the Certificate surrendered in exchange therefor is registered, it shall be a condition of the issuance thereof that the Certificate so surrendered shall be properly endorsed (or accompanied by an appropriate instrument of transfer) and otherwise in proper form for transfer, and that the Person requesting such exchange shall pay to Public in advance any transfer or other taxes required by reason of the issuance of a certificate representing shares of Public Common Stock in any name other than that of the registered holder of the Certificate surrendered, or required for any other reason, or shall establish to the reasonable satisfaction of Public that such tax has been paid or is not payable.

(d) Immediately upon and after the Effective Time, there shall be no transfers on the stock transfer books of the Company of the shares of Company Common Stock or Company Preferred Stock which were issued and outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates representing such shares are presented for transfer to Public, they shall be cancelled and converted into the Merger Consideration and any dividends or other distributions to which the holders thereof are entitled to receive pursuant to Section 2.2(b) in the manner provided in this Article II.

(e) Notwithstanding anything to the contrary contained herein, no certificates or scrip representing fractional shares of Public Common Stock shall be issued upon the surrender for exchange of Certificates,

A-5

no dividend or distribution with respect to Public Common Stock or Surviving Corporation Common Stock shall be payable on or with respect to any fractional share, and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a shareholder of Public. In lieu of the issuance of any such fractional share, Public shall pay to each former stockholder of the Company who otherwise would be entitled to receive a fractional share of Public Common Stock an amount in cash determined by multiplying (i) the average of the closing sale prices per share of Public Common Stock on The Nasdaq Stock Market ("Nasdaq") as reported by The Wall Street Journal, New York City edition, for the five trading days immediately preceding the date on which the Effective Time shall occur by (ii) the fraction of a share of Public Common Stock to which such holder would otherwise be entitled to receive pursuant to Section 1.4

hereof.

(f) If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, unless otherwise agreed, the posting by such Person of a bond, in such reasonable amount as Public may direct and in a form reasonably satisfactory to Public, as indemnity against any such claim that may be made against it with respect to such Certificate, Public will issue, in exchange for such lost, stolen or destroyed Certificate, the Merger Consideration and any dividends or other distributions to which the holders thereof are entitled to receive pursuant to Section 2.1(b) in the manner provided in this Article II.

(g) Public shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of Company Common Stock such amounts as Public is required to deduct and withhold under the Code, or any provision of state, local or foreign tax law, with respect to the making of such payment. To the extent that amounts are so withheld by Public, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of Company Common Stock in respect of whom such deduction and withholding was made by Public. With respect to any stockholder who is not a foreign person, Public shall receive a certificate of nonforeign status in a form reasonably acceptable to it at or prior to the time such stockholder surrenders its Certificates for exchange in accordance with this Article II. The Company shall deliver to Public on or prior to the Effective Time a certificate from the Company in a form reasonably acceptable to Public that the Company is not a "United States Real Property Holding Company" within the meaning of section 897(c) (2) of the Code.

ARTICLE III

The articles of incorporation, by-laws and similar governing documents of each Subsidiary of the Company, copies of which have previously been made available to Public, are true, complete and correct copies of such documents as in effect as of the date of this Agreement.

Section 4.14. Insurance. Except as set forth in Section 4.14 of the Company Disclosure Schedule, each of the Company and its Subsidiaries is insured with financially responsible insurers in such amounts and against such risks and losses as are customary for companies conducting the business as conducted by the Company and its Subsidiaries. (b) There is no injunction, order, judgment, decree or regulatory restriction imposed upon the Company, any of its Subsidiaries or the assets of the Company or any of its Subsidiaries or, to the knowledge of the Company, any of the Company's or its Subsidiaries' current or former directors or officers or any other person whom the Company or any of its Subsidiaries has agreed to indemnify, as such.

In addition, the matters disclosed on Section 5.20 of the Public Disclosure Schedule would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect on Public.

Section 5.22. Reorganization. As of the date of this Agreement, Public has no reason to believe that the Merger will fail to qualify as a reorganization under Section 368(a) of the Code. As of the date of this Agreement, Public knows of no reason why it will be unable to deliver to Mayer, Brown & Platt and to Winston & Strawn representation letters with respect to Public and Merger Sub in form and substance sufficient to enable such counsel to render the opinions required by Sections 8.2(e) and 8.3(d).

Section 7.1. Regulatory Matters. (a) Public shall prepare and file with the SEC, as promptly as practicable following the date hereof (but in no event later than September 30, 2001) the S-4 Registration Statement (including the Prospectus/Proxy Statement constituting a part thereof) in a form which contemplates the public reoffering of all of the Public Common Stock issued to the former stockholders of the Company. Public shall use its reasonable best efforts to have the S-4 Registration Statement declared effective under the Securities Act as promptly as practicable after such filing, and promptly thereafter shall mail the Prospectus/Proxy Statement to its stockholders.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Public shall also use its reasonable best efforts to obtain prior to the effective date of the S-4 Registration Statement all necessary state securities law or "Blue Sky" permits and approvals required in connection with the Merger and the other transactions contemplated by this Agreement and will pay all expenses incident thereto; provided, that Public shall not be required to qualify to do business in any jurisdiction in which it is not now so qualified to do business, to file a general consent to service of process in any jurisdiction in which it is not now so qualified or to subject itself to taxation in any jurisdiction in which it is not now so qualified to do business. In addition to the foregoing, as promptly as is

A-37

reasonably practicable following the date that the S-4 Registration statement is declared effective under the Securities Act, Public shall prepare and file with the SEC a registration statement on Form S-3 (the "S-3 Registration Statement") relating to the proposed "Underwritten Offering" (as defined in Section 2 of the Registration Rights Agreement). The Company shall furnish all information concerning the Company and the holders of Company Common Stock and Company Preferred Stock as may be reasonably requested in connection with any of the foregoing actions. Prior to filing the S-4 Registration Statement and the S-3 Registration Statement with the SEC pursuant to this Section 7.1(a), Public shall provide the Company and its representatives a reasonable opportunity to review and comment on the S-4 Registration Statement and the S-3 Registration Statement.

(b) The parties hereto shall cooperate with each other and use all reasonable efforts to promptly prepare and file following the date of this Agreement all necessary documentation (including, without limitation, assisting each party's stockholders with filing notifications required to be filed by any such stockholder under the HSR Act in connection with the Merger) to effect all applications, notices, petitions and filings, and to obtain as promptly as practicable all permits, consents, approvals and authorizations of all third parties and Governmental Entities which are necessary or advisable to consummate the transactions contemplated by this Agreement (including, without limitation, filing the notification provided for under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act")) in connection with the Merger, and taking all necessary action to cause the expiration of the notice periods under the HSR Act with respect to the Merger as promptly as reasonably practicable after the date of this Agreement; provided, however, that nothing in this Section 7.1(b) shall require Public or Merger Sub to agree to the imposition of conditions or any requirement of divestiture as a result of antitrust concerns. The Company and Public shall have the right to review in advance, and to the extent practicable each will consult the other on, in each case subject to applicable laws relating to the exchange of information, all the information relating to the Company or Public, as the case may be, and any of their respective Subsidiaries, which appears in any filing made with, or written materials submitted to, any third party or any Governmental Entity in connection with the transactions contemplated by this Agreement, except for documents filed pursuant to Item 4(c) of the Pre-Merger Notification and Report Form filed under the HSR Act or communications regarding the same or documents or information submitted in response to any request for additional information or documents pursuant to the HSR Act which reveal Public's or the Company's negotiating objectives or strategies or purchase price expectations. In exercising the foregoing right, each of the parties hereto shall act reasonably and as promptly as practicable. The parties hereto agree that they will consult with each other with respect to the obtaining of all permits, consents, approvals and authorizations of all third parties and Governmental Entities necessary or advisable to consummate the transactions contemplated by this Agreement and each party will keep the other apprised of the status of matters relating to completion of the transactions contemplated herein. In the event

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

that either party shall fail to obtain any third party consent described above, such party shall use its reasonable best efforts, and shall take any such actions reasonably requested by the other party hereto, to minimize any adverse effect upon the business of the Company, Public and any of their respective Subsidiaries after the Effective Time which results from, or could reasonably be expected to result from, the failure to obtain such consent.

(c) Each of Public and the Company shall, upon request, furnish the other with all information concerning themselves, their Subsidiaries, directors, officers and stockholders and such other matters as may be reasonably necessary or advisable in connection with the S-4 Registration Statement, the Prospectus/Proxy Statement, the Public Shelf Registration Statement (as defined in Section 7.1(f)) or any other statement, filing, notice or application made by or on behalf of Public, the Company or any of their respective Subsidiaries to any Governmental Entity in connection with the Merger and the other transactions contemplated by this Agreement.

(d) If at any time prior to the Effective Time any information relating to Public or the Company, or any of their respective Affiliates, officers or directors is discovered by Public or the Company which should be set forth in an amendment or supplement to any of the S-4 Registration Statement, the Prospectus/Proxy Statement or any other statement, filing, notice or application made by or on behalf of Public, the Company or any of their Subsidiaries to any Governmental Entity in connection with the Merger and the other transactions contemplated by this Agreement, so that any of such documents would not include any misstatement of a

A-38

material fact or would omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties to this Agreement and an appropriate amendment or supplement describing such information shall be filed as soon as practicable with the SEC or such Governmental Entity, as the case may be, and, to the extent required by law, disseminated to the stockholders of Public.

(e) Each of Public and the Company shall promptly furnish each other with true and correct copies of written communications received by Public or the Company, as the case may be, or any of their respective Subsidiaries, Affiliates or Associates from, or delivered by any of the foregoing to, any Governmental Entity in respect of the transactions contemplated hereby (including, (i) in the case of Public, all written correspondence with the SEC in connection with the S-4 Registration Statement, the S-3 Registration Statement and the Prospectus/Proxy Statement and all other documents filed by Public with the SEC prior to the Effective Time and not available via EDGAR, and (ii) in the case of the Company, all written communication between the Company and the SEC prior to the Effective Time), except for documents filed pursuant to Item 4(c) of the Pre-Merger Notification and Report Form filed under the HSR Act or communications regarding the same or documents or information submitted in response to any request for additional information or documents pursuant to the HSR Act which reveal Public's or the Company's negotiating objectives or strategies or purchase price expectations.

(f) Public shall file a reoffering prospectus (which shall include a description of the plan of distribution of the shares of Public Common Stock received pursuant to the Merger, including, without limitation, a description that contemplates all anticipated forms of sales into the market, including underwritten offerings, as well as block trades, and sales by in-kind distributees, which description shall be in the form reasonably requested by

the former stockholders of the Company) as part of the S-4 Registration Statement or if not permitted by the SEC to be included in the S-4 Registration Statement then promptly after the Effective Time but in no event later than 15 days, Public shall file (i) pursuant to Rule 424 promulgated under the Securities Act or (ii) if not permitted under Rule 424, then a post-effective amendment to the S-4 Registration Statement (together with the prospectus included therein, in either case the "Public Shelf Registration Statement") pursuant to Rule 415 promulgated under the Securities Act in order to cover the resale from time to time of shares of Public Common Stock received pursuant to the Merger, and any securities issued or distributed in respect thereof, or in substitution therefor, in connection with any stock split, dividend, spin-off or combination, or any reclassification, merger, consolidation, exchange or other similar reorganization or business combination (collectively, the "Merger Common Shares"). If required to be filed as a post-effective amendment, Public shall use its reasonable best efforts to cause such Public Shelf Registration Statement to be declared effective as soon thereafter as practicable. Public will use all reasonable efforts to keep such Public Shelf Registration Statement effective, including, without limitation, maintaining current disclosure required under the Exchange Act, until the earliest to occur of: (A) such date as all of the Merger Common Shares have been resold, (B) such time as all Merger Common Shares held by the former stockholders of the Company can be resold pursuant to Rule 144(k) under the Securities Act and (C) the third anniversary of the Effective Time. Public shall provide customary indemnification to all holders of Public Common Stock whose shares are included in the Public Shelf Registration Statement.

Section 7.2. Access to Information. (a) Upon reasonable notice and subject to applicable laws relating to the exchange of information, the Company shall, and shall cause each of its Subsidiaries to, afford to the officers, employees, accountants, counsel and other representatives of Public, access, during normal business hours during the period prior to the Effective Time, to all its properties, books, contracts, commitments, records, officers, employees, accountants, counsel and other representatives and, during such period, the Company shall, and shall cause its Subsidiaries to, make available to Public all information concerning its business, properties and personnel as Public may reasonably request. Under no circumstance shall Public conduct any sampling of the air, land, surface, water, groundwater or building structures or materials without the prior written consent from the Company. Neither the Company nor any of its Subsidiaries shall be required

A-39

to provide access to or to disclose information where such access or disclosure would violate or prejudice the rights of the Company's customers, jeopardize any attorney-client privilege or contravene any law, rule, regulation, order, judgment, decree or binding agreement entered into prior to the date of this Agreement. The parties hereto will make appropriate substitute disclosure arrangements under circumstances in which the restrictions of the preceding sentence apply.

(b) Upon reasonable notice and subject to applicable laws relating to the exchange of information, Public shall, and shall cause each of its Subsidiaries to, afford to the officers, employees, accountants, counsel and other representatives of the Company, access, during normal business hours during the period prior to the Effective Time, to such information regarding Public and its Subsidiaries as shall be reasonably necessary for the Company to confirm that the representations and warranties of Public contained herein are true and correct and that the covenants of Public contained herein have been performed in all material respects. Neither Public nor any of its Subsidiaries shall be required to provide access to or to disclose information where such access or disclosure would violate or prejudice the rights of Public's customers,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

jeopardize any attorney-client privilege or contravene any law, rule, regulation, order, judgment, decree or binding agreement entered into prior to the date of this Agreement. The parties hereto will make appropriate substitute disclosure arrangements under circumstances in which the restrictions of the preceding sentence apply.

(c) All information furnished by either party to the other party or its representatives pursuant hereto shall be treated as the sole property of the delivering party and, if the Merger shall not occur, the receiving party and its representatives shall, if requested by the delivering party, return to the delivering party all of such written information and all documents, notes, summaries or other materials containing, reflecting or referring to, or derived from, such information. The receiving party shall, and shall use all reasonable efforts to cause its representatives to, keep confidential all such information, and shall not directly or indirectly use such information for any competitive or other commercial purpose. The obligation to keep such information confidential shall continue for five years from the date the proposed Merger is abandoned and shall not apply to any information which (x) was already in the receiving party's possession prior to the disclosure thereof by the delivering party; (y) was then generally known to the public or (z) was disclosed to the receiving party by a third party not bound by an obligation of confidentiality. It is further agreed that, if the receiving party, in the opinion of its counsel, is required by applicable law, regulation or legal process to disclose information concerning the delivering party to any tribunal or governmental body or agency or else stand liable for contempt or suffer other censure or penalty, the receiving party may disclose such information to such tribunal or governmental body or agency without liability hereunder, provided, however, that prior to any such disclosure, the receiving party shall promptly notify the delivering party so that the delivering party may seek a protective order or other appropriate remedy.

(d) Each of Public and the Company agrees to provide the other with copies of any and all material correspondence between such party and Sprint PCS during the period prior to the Effective Time.

(e) No investigation by either of the parties or their respective representatives shall affect the representations, warranties, covenants or agreements of the other set forth herein.

Section 7.3. Stockholder Meeting. (a) Public shall take all steps necessary to duly call, give notice of, convene and hold a meeting of its stockholders to be held as soon as practicable after the date on which the S-4 Registration Statement becomes effective for the purpose of obtaining Public stockholder approval of the Required Public Vote. (b) The Company shall take all steps necessary to duly call, give notice of, convene and hold a meeting of its stockholders to be held prior to the Effective Time for the purpose of voting to approve and adopt this Agreement and the Merger; provided, however, that the Company may obtain the approval and adoption of the Agreement and the Merger by its stockholders by written consents in lieu of having a stockholder meeting. Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Section 7.4. Legal Conditions to Merger. Prior to the Effective Time, each of Public and the Company shall, and shall cause its Subsidiaries to, use all reasonable efforts (a) to take, or cause to be taken, all actions necessary, proper or advisable to comply promptly with all legal requirements which may be imposed on such party or its Subsidiaries with respect to the Merger and, subject to the conditions set forth in Article VIII hereof, to consummate the Merger and (b) to obtain (and to cooperate with the other party to obtain) any consent, authorization, order or approval of, or any exemption by, any Governmental Entity and any other third party which is required to be obtained by Public or the Company or any of their respective Subsidiaries in connection with the Merger and the other transactions contemplated by this Agreement, and to comply with the terms and conditions of such consent, authorization, order or approval; provided, however, that nothing in this Section 7.4 shall require Public or Merger Sub to agree to the requirement of any divestiture in exchange for such consent.

Section 7.5. Affiliates. Prior to the Closing, if requested by Public, the Company shall use its reasonable best efforts to cause each director, executive officer and other Person who may be deemed an "affiliate" (for purposes of Rule 145 under the Securities Act) of Public following consummation of the Merger to deliver to Public a written agreement in a form reasonably acceptable to Public and the Company with respect to such Person's shares of Public Common Stock to be acquired in connection with the Merger.

Section 7.6. Nasdaq Listing. Public shall use its best efforts to cause the shares of Public Common Stock to be issued in the Merger and upon exercise of Company Options and Company Warrants assumed by Public pursuant to Section 1.5 and Section 1.6 hereof to be approved for listing on Nasdaq, subject only to official notice of issuance, prior to the Effective Time.

Section 7.7. Employee Benefit Plans; Existing Agreements. (a) It is the present intention of Public that for one year following the Effective Time, employees and former employees of the Company and its Subsidiaries (the "Company Employees") shall either continue to participate in the Company Benefit Plans on the same terms and conditions as applied immediately prior to the Effective Time or shall participate in plans, policies, programs and arrangements ("Public Plans") with substantially similar benefits in which similarly-situated employees of Public and its Subsidiaries participate.

(b) With respect to each Public Plan that is an "employee benefit plan," as defined in Section 3(3) of ERISA, for purposes of determining eligibility to participate, vesting, and entitlement to benefits, including for severance benefits and vacation entitlement (but not for accrual of pension benefits), service with the Company and its Affiliates shall be treated as service with Public; provided, however, that such service shall not be recognized to the extent that such recognition would result in a duplication of benefits. Such service also shall apply for purposes of satisfying any waiting periods, evidence of insurability requirements, or the application of any preexisting condition limitations. Company Employees shall be given credit for amounts paid under a corresponding benefit plan during the same period for purposes of applying deductibles, co-payments and out-of-pocket maximums as though such amounts had been paid in accordance with the terms and conditions of the Public Plan.

(c) Following the Effective Time, Public shall honor and shall cause the appropriate Subsidiaries of Public (including the Company) to honor in accordance with their terms all employment, severance and other compensation agreements and arrangements existing prior to the execution of this Agreement which are between the Company or any of its Subsidiaries and any director, officer or employee thereof and which have been disclosed in the Company Disclosure Schedule and previously have been delivered to Public.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Section 7.8. Additional Agreements. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement, the proper officers and directors of each party to this Agreement and their respective Subsidiaries shall take all such necessary action as may be reasonably requested by Public.

Section 7.9. Advice of Changes. Prior to the Effective Time, each of Public and the Company shall promptly advise the other party of any change or event having a Material Adverse Effect on it or which it believes has had or could reasonably be expected to cause or constitute a material breach of any of its representations, warranties or covenants contained herein. From time to time prior to the Effective Time (and on the date prior to the Closing Date), each party will supplement or amend its Disclosure Schedules delivered in connection with the execution of this Agreement to reflect any matter which, if existing, occurring or known at the date of this Agreement, would have been required to be set forth or described in such Disclosure Schedules or which is necessary to correct any information in such Disclosure Schedules which has been rendered inaccurate thereby. No supplement or amendment to such Disclosure Schedules shall have any effect for the purpose of determining satisfaction of the conditions set forth in Sections 8.2(a) or 8.3(a) hereof, as the case may be, or the compliance by the Company or Public, as the case may be, with the respective covenants and agreements of such parties contained herein.

Section 7.10. Current Information. During the period from the date of this Agreement to the Effective Time, each of the Company and Public will cause one or more of its designated representatives to confer on a regular and frequent basis (not less than monthly) with representatives of the other and to report the general status of its respective ongoing operations. Prior to the Effective Time, each of the Company and Public will promptly notify the other of any material change in the normal course of its business or in the operation of its properties and of any governmental complaints, investigations or hearings (or communications indicating that the same may be contemplated), or the institution or the threat of significant litigation involving it, its Subsidiaries, and will keep the other fully informed of such events.

Section 7.11. Accountants' Letter. (b) Subject to the foregoing, as of the Effective Time (i) the class of directors whose term expires at Public's 2002 annual meeting of stockholders shall include the Company Director, (ii) the class of directors whose term expires at Public's 2003 annual meeting of stockholders shall include the Blackstone Director and (iii) the class of directors whose term expires at Public's 2004 annual meeting of stockholders shall include the Independent Director. Public shall nominate the Company Director for re-election to the Public Board of Directors at the 2002 annual meeting of stockholders for a term expiring at Public's 2005 annual meeting of stockholders. In the event that the Company Director ceases to serve on the Board of Directors of Public at any time prior to Public's 2005 annual meeting of stockholders, the Company Stockholders shall promptly designate a person to replace the Company Director and Public shall appoint such designated person to the Public Board of Directors. "Company Stockholders" shall mean the stockholders of the Company immediately prior to the Effective Time.

(d) Immediately upon any sales or in-kind distributions by Blackstone of a cumulative aggregate number of shares of Public Common Stock equal to or greater than 75% of the number of shares of Public Common Stock received by Blackstone pursuant to the Merger, the Blackstone Director shall deliver to Public his or her resignation as a member of the Public Board of Directors, such resignation to be effective as of the day of completion of such sale or in-kind distribution which satisfies or exceeds such cumulative aggregate threshold and thereafter the Public Board of Directors shall be reduced by one

member.

Section 7.15. Supplemental Warrant Agreement; Warrant Notices. Section 7.16. Expenses. Whether or not the Merger is consummated, all costs and expenses incurred in connection with this Agreement, the Merger and the transactions contemplated hereby shall be paid by the party incurring or required to incur such expense. claims, damages, liabilities or amounts paid in settlement incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or pertaining to matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, to the fullest extent that the Company would have been permitted under the DGCL and its Certificate of Incorporation or Bylaws in effect on the date hereof to indemnify and to provide advancement of expenses to such Indemnified Party.

(b) The provisions of this Section 7.17 are intended to be in addition to the rights otherwise available to the current officers and directors of the Company by law, charter, statute, bylaw or agreement, and shall operate for the benefit of, and shall be enforceable by, each of the Indemnified Parties, their heirs and their representatives.

(c) Public shall cause the persons serving as officers and directors of the Company immediately prior to the Effective Time to be covered for a period of six (6) years from the Effective Time (the "Coverage Period") by the directors' and officers' liability insurance policy currently maintained by the Company with respect to acts and omissions occurring prior to the Effective Time which were committed by such officers and directors in their capacity as such; provided, that only in the event that such existing policy is not available Public may substitute for such policy, policies of directors' and officers' liability insurance of at least the same coverage and amounts and containing terms and conditions which are not less advantageous to such directors and officers of the Company than the terms and conditions of such policy; provided further, that Public shall not be required as to any such policy to pay premiums in excess of an amount equal to (i) 200% of the amount currently expended annually by the Company to obtain such insurance and (ii) the amount

If any Takeover Statute is or may become applicable to the Merger or any of the other transactions contemplated by this Agreement, Public and its Board of Directors shall grant such approvals and take such actions as are necessary so that such transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement or by the Merger and otherwise act to eliminate or minimize the effects of such statute or regulation on such transactions.

Section 7.19. Registration Rights Agreement. Prior to the Effective Time, Public shall enter into a Registration Rights Agreement, in the form of Exhibit B attached hereto (the "Registration Rights Agreement"). Prior to the Effective Time, Public hereby agrees not to grant registration rights to any party or to amend or modify any existing registration rights agreement or provisions or any lock-up agreement or provisions in a manner which benefits the other parties covered thereby or otherwise increases Public's obligations thereunder.

Section 7.20. Plan of Reorganization. This Agreement is intended to constitute a "plan of reorganization" within the meaning of section 1.368-2(g) of the income tax regulations promulgated under the Code. From and after the date hereof and until the Effective Time, each party hereto shall use its reasonable best efforts to cause the Merger to qualify, and will not knowingly take any actions or cause any actions to be taken which could reasonably be expected to prevent the Merger from qualifying, as a reorganization under the provisions of section 368(a) of the Code.

Section 7.21. Lock-Up Agreements. (a) The Company shall obtain and deliver an agreement from each stockholder of the Company on the date of this Agreement owning more than 50,000 shares of Company Common Stock or Company Preferred Stock (the "Restricted Company Stockholders") that from and after the Effective Time and continuing until the date that is 301 days after the Effective Time, such stockholders will not sell, transfer, assign, pledge, make any short sale of, loan, grant any option for the purchase of, or otherwise directly or indirectly dispose of any of its shares of Public Common Stock (collectively, "Transfer") without the prior written consent of Public unless such Transfer complies with the provisions hereof (the

(b) The restrictions set forth in Section 7.21(a) shall apply to each Company Stockholder proportionally, and the Company Stockholders shall have no ability to allocate released percentages disproportionately to any Company Stockholder or group of Company Stockholders.

(c) In addition to the release schedule set forth in Section 7.21(a) above, Blackstone may, in its sole discretion upon written notice to Public, elect to distribute a portion or all of its shares of Public Common Stock to the Blackstone limited partners or other investors on the later of (i) the 121st day after the Effective Time and (ii) the 90th day after the closing date of the first underwritten offering of shares held by any Company Stockholder, if such offering is consummated within 120 days of the Effective Time. "Blackstone" means Blackstone/iPCS L.L.C., a Delaware limited liability company, Blackstone iPCS Capital Partners L.P., a Delaware limited partnership, and Blackstone Communications Partners I, L.P., a Delaware limited partnership, and the limited partners thereof collectively. Termination and Amendment

Section 9.1. Termination. This Agreement may be terminated by action of the Board of Directors of the terminating party or parties and the Merger may be abandoned at any time prior to the Effective Time, whether before or after the approval by the stockholders of the Company or the approval by the stockholders of Public of the respective matters referred to in Section 8.1(a):

(a) by mutual written consent of the Company and Public;

(b) by either Public or the Company if the Merger shall not have been consummated on or before March 1, 2002, unless the failure of the Closing to occur by such date shall be due to the failure of the party seeking to terminate this Agreement to perform or observe the covenants and agreements of such party set forth herein;

(c) by either Public or the Company (provided that the party seeking to terminate this Agreement shall not be in material breach of any of its obligations under Section 7.3 hereof) if any approval of the

A-49

stockholders of either Public or the Company required for the consummation of the Merger or any of the other transactions contemplated by this Agreement (including, in the case of Public, the Required Public Vote) shall not have been obtained by reason of the failure to obtain the required vote at a duly held meeting of such stockholders thereof;

(d) by either Public or the Company (provided that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein) if there shall have been a material breach of any of the representations or warranties set forth in this Agreement on the part of the other party, which breach is not cured within thirty days following written notice to the party committing such breach, or sooner if such breach, by its nature, cannot be cured prior to the Closing; provided, however, that neither party shall have the right to terminate this Agreement pursuant to this Section 9.1(d) unless the breach of a representation or warranty, together with all other such breaches, would entitle the party receiving such representation not to consummate the transactions contemplated hereby under Section 8.2(a) (in the case of a breach of representation or warranty by the Company) or Section 8.3(a) (in the case of a breach of representation or warranty by Public);

(e) by either Public or the Company (provided that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein) if there shall have been a material breach of any of the material covenants or agreements set forth in this Agreement on the part of the other party, which breach shall not have been cured within thirty days following receipt by the breaching party of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

written notice of such breach from the other party hereto, or sooner if such breach, by its nature, cannot be cured prior to the Closing;

(f) by either Public or the Company if any decree, permanent injunction, judgment, order or other action by any court of competent jurisdiction or any Governmental Entity preventing or prohibiting consummation of the Merger shall have become final and nonappealable.

Section 9.2. Effect of Termination. (a) In the event of termination of this Agreement by either Public or the Company as provided in Section 9.1, this Agreement shall forthwith become void and have no effect except that (i) Sections 7.2(c), 7.16, 9.2 and 10.3 shall survive any termination of this Agreement and (ii) notwithstanding anything to the contrary contained in this Agreement, no party shall be relieved or released from any liabilities or damages arising out of its willful breach of any provision of this Agreement.

(b) If this Agreement is terminated by the Company as a result of the failure to obtain the Required Public Vote pursuant to Section 9.1(c), (i) Public shall pay to the Company a termination fee which consists of 257,000 shares of Public Common Stock (the "Termination Fee Shares"), which shares shall be issued to the Company as soon as practicable but in no event later than two Business Days after the date of such termination and shall be exclusive of any expenses to be paid by Public pursuant to Section 7.16 and (ii) as soon as practicable following the issuance of the Termination Fee Shares, Public shall file a shelf registration statement providing for the registration and reoffering of the Termination Fee Shares by the Company.

(c) The payment of a termination fee by Public pursuant to this Section 9.2 shall be the sole and exclusive remedy of the Company, its Subsidiaries and their respective stockholders, directors, officers, employees, agents, advisors or other representatives with respect to the occurrence giving rise to such payment; provided that this limitation shall not apply in the event of a willful breach of this Agreement by Public.

Section 9.3. Amendment. Subject to compliance with applicable law, this Agreement may be amended by the parties hereto, by action taken or authorized by their respective Boards of Directors, if applicable, at any time before or after the approval by the stockholders of the Company or the approval by the stockholders of Public of the respective matters referred to in Section 8.1(a); provided, however, that after any such approval by the stockholders of the Company or by the stockholders of Public, there may not be, without further approval of such stockholders, any amendment or change to the provisions hereof which by law or in accordance with the rules of any relevant stock exchange required further approval by such stockholders. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

A-50

Section 9.4. Extension; Waiver. At any time prior to the Effective Time, Public, on the one hand, and the Company, on the other hand, by action taken or authorized by its respective Board of Directors, may, to the extent legally allowed, (a) extend the time for the performance of any of the obligations or other acts of the Company, on the one hand, and Public or Merger Sub, on the other hand, (b) waive any inaccuracies in the representations and warranties of the Company, on one hand, and Public or Merger Sub, on the other hand, contained herein or in any document delivered pursuant hereto and (c) waive compliance by the Company, on the one hand, and Public or Merger Sub, on the other hand, with any of its agreements contained herein, or waive compliance with any of the conditions to its obligations hereunder. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

set forth in a written instrument signed on behalf of such party, but such extension or waiver or failure to insist on strict compliance with an obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure.

THIS SUPPORT AGREEMENT (this "Agreement") is made and entered into as of August 28, 2001, by and between AirGate PCS, Inc., a Delaware corporation ("Public"), and _____, the undersigned stockholder (the "Stockholder") of iPCS, Inc, a Delaware corporation (the "Company").

RECITALS

A. Concurrently with the execution of this Agreement Public and the Company have entered into an Agreement and Plan of Merger, dated as of August 28, 2001 (the "Merger Agreement"), which provides for the merger (the "Merger") of a wholly owned subsidiary of Public with and into the Company.

B. Pursuant to the Merger, each share of common stock, par value \$0.01 per share, of the Company (the "Company Common Stock") issued and outstanding immediately prior to the Effective Time (as defined in the Merger Agreement)

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(including all shares of Series A-1 Convertible Participating Preferred Stock, par value \$.01 per share, of the Company and Series A-2 Convertible Participating Preferred Stock, par value \$.01 per share, of the Company which shall have been converted into Company Common Stock immediately prior to the Effective Time in accordance with Section 5(b)(ii) of the respective Certificates of Designations with respect thereto) will, upon the terms and subject to the conditions and limitations set forth in the Merger Agreement, be converted into shares of common stock, par value \$0.01 per share, of Public (the "Public Common Stock") on and subject to the terms and conditions set forth in the Merger Agreement.

C. Stockholder is the record and beneficial owner (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) of the number of shares of Company Common Stock and other securities convertible into, or exercisable or exchangeable for, shares of Company Common Stock, as set forth on the signature page of this Agreement (collectively, the "Shares").

D. In consideration of the execution of the Merger Agreement by Public, Stockholder desires to restrict the transfer or disposition of any of the Shares, or any other shares of capital stock of the Company acquired by Stockholder hereafter and prior to the Expiration Date (as defined herein), and desires to vote the Shares and any other such shares of capital stock of the Company so as to facilitate the consummation of the Merger.

NOW, THEREFORE, in consideration of the mutual covenants, representations, warranties and agreements contained herein, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

1. Agreement to Retain Shares.

(a) The Stockholder irrevocably agrees, during the period beginning on the date hereof and ending on the earlier of (i) the Effective Time (as defined in the Merger Agreement) or (ii) the date of termination of the Merger Agreement in accordance with Article IX thereof (such earlier date, the "Expiration Date"), not to, directly or indirectly (including, without limitation, through the disposition or transfer of any equity interest in another person), transfer, assign, sell, grant any option with respect to, exchange, pledge or otherwise dispose of or encumber (collectively, "Transfer"), or enter into any agreement or understanding with respect to the foregoing, any Shares or any New Shares (as defined below), or to discuss, negotiate, or make any offer or agreement relating thereto, other than to or with Public, in each case without the prior written consent of Public or grant any proxies or enter into any voting trust or other agreement or arrangement with respect to the voting of any Shares or New Shares.

(b) The Stockholder agrees that any shares of capital stock of the Company that the Stockholder purchases or with respect to which the Stockholder otherwise acquires beneficial ownership after the date

B-1

of this Agreement and prior to the Expiration Date, including, without limitation, shares issued upon the conversion, exercise or exchange, as the case may be, of all securities held by the Stockholder which are convertible into, or exercisable or exchangeable for, shares of capital stock of the Company ("New Shares"), shall be subject to the terms and conditions of this Agreement to the same extent as if they constituted the Shares.

2. Agreement to Vote Shares. Until the Expiration Date, at any meeting of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

stockholders of the Company called with respect to any of the following, and at every adjournment or postponement thereof, and on every action or approval by written consent of stockholders of the Company with respect to any of the following, the Stockholder shall vote or cause to be voted its Shares and any New Shares (to the extent any such New Shares may be voted):

(a) in favor of the adoption of the Merger Agreement and each of the transactions contemplated thereby;

(b) against (i) any proposal made in opposition to or in competition with the Merger and the Merger Agreement and the transactions contemplated by the Merger Agreement, or (ii) any merger, reorganization, consolidation, share exchange, business combination, sale of assets, recapitalization, liquidation, winding up, extraordinary dividend or distribution, significant share repurchase or other similar transaction with or involving the Company and any party other than Public.

(c) against any action that is intended, or could reasonably be expected to, impede, frustrate, interfere with, impair, delay or prevent consummation of the transactions contemplated by the Merger or any of the other transactions contemplated by the Merger Agreement.

The obligation of the Stockholder specified in this Section 2 shall apply regardless of whether the Company recommends to its stockholders the approval and adoption of the Merger Agreement and the Merger. Prior to the Expiration Date, the Stockholder shall not enter into any agreement or understanding with any Person to vote or give instructions in any manner inconsistent with this Section 2. For purposes of this Agreement, the term "Person" shall mean a natural person, partnership, corporation, limited liability company, business trust, joint stock company, trust, unincorporated association, joint venture, governmental entity or other or organization.

3. Representations, Warranties and Covenants of Stockholder. Stockholder represents, warrants and covenants to Public as follows:

(a) Stockholder is the sole beneficial and record owner, and has good and marketable title to, all the Shares, with sole and full power to vote or direct the voting of the Shares for and on behalf of all beneficial owners of the Shares with no limitations, qualifications or restrictions on such rights.

(b) Except as set forth in the Stockholders Agreement, dated as of July 12, 2000, among the Company and certain of its stockholders, as of the date hereof the Shares are, and at all times up until the Expiration Date the Shares will be, free and clear of any rights of first refusal, co-sale rights, security interests, liens, pledges, claims, options, charges or other encumbrances (including any restriction on the right to vote or otherwise dispose of the Shares).

(c) Other than as set forth on the signature page hereof, Stockholder does not beneficially own any (a) shares of capital stock or voting securities of the Company or Public, (b) securities of the Company or Public convertible into or exchangeable for shares of capital stock or voting securities of the Company or Public or (c) options or other rights to acquire from the Company or Public any capital stock, voting securities or securities convertible into or exchangeable for capital stock or voting securities of the Company or Public other than the Shares and any New Shares.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(d) Stockholder has the legal capacity and full power and authority to make, enter into and carry out the terms of this Agreement and to perform its obligations hereunder. This Agreement has been duly and validly executed and delivered by Stockholder and constitutes a valid and binding agreement of Stockholder, enforceable against Stockholder in accordance with its terms.

(e) None of the Shares is subject to any voting trust, proxy or other agreement, arrangement or restriction with respect to voting.

(f) Stockholder agrees that it shall not enter into any voting arrangement, whether by proxy, power-of-attorney, voting agreement, voting trust or otherwise, directly or indirectly, with respect to the Shares, in each case, that is inconsistent with this Agreement.

(g) Stockholder shall not:

(i) acquire, announce an intention to acquire, offer or propose to acquire, or agree to acquire, directly or indirectly, by purchase or otherwise, beneficial ownership of any Voting Securities (as defined below), or direct or indirect rights to options to acquire (through purchase, exchange, conversion or otherwise) any Voting Securities;

(ii) form, join or in any way participate in a "group" (within the meaning of Section 13(d) (e) of the 1934 Act) with respect to any Voting Securities, other than a group which Stockholder is a member of as of the date hereof; or

(iii) disclose any intention, plan or arrangement inconsistent with the foregoing.

"Voting Securities" means securities of Public, including shares of Public Common Stock, with the power to vote with respect to the election of directors generally, including any securities that are convertible or exchangeable for Voting Securities, it being understood that the number of Voting Securities outstanding as of any time of determination shall be determined as though all such securities, whether or not in the money, had been converted or exchanged, in accordance with their terms, into or for Voting Securities immediately prior to the time of determination.

(h) The execution and delivery of this Agreement by Stockholder do not, and the performance of this Agreement by Stockholder will not, (i) conflict with or violate any governing instrument of Stockholder if it is not a natural person, (ii) conflict with or violate any law applicable to Stockholder or by which Stockholder or any of Stockholder's assets is bound or affected, or (iii) result in any breach of or constitute a default (or an event that with notice or lapse of time or both would become a default) under, or give to others any rights of termination, acceleration, or cancellation of, or result in the creation of a lien or encumbrance on any assets of Stockholder, including, without limitation, the Shares, pursuant to, any notice, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise, or other instrument or obligation to which Stockholder is a party or by which Stockholder or any of Stockholder's assets is bound or affected.

(i) Stockholder shall not request the Company to register the transfer (book-entry or otherwise) of any certificate or uncertificated interests representing any of the Shares, unless such transfer is made in compliance with this Agreement and acknowledges that Public and the Company may notify the Company's transfer agent of the terms hereof.

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(j) Stockholder understands and acknowledges that Public is entering into the Merger Agreement in reliance upon Stockholder's execution, delivery and performance of this Agreement.

(k) No broker, investment banker, financial advisor or other person is entitled to any broker's, finder's financial adviser's or other similar fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of such Stockholder.

4. Additional Documents. Upon request by the other party, Stockholder and Public hereby covenant and agree to execute and deliver any additional documents reasonably necessary or desirable to carry out the purpose and intent of this Agreement.

B-3

5. Consents, Waivers and Approvals. Stockholder hereby gives any consents or waivers that are reasonably required for the consummation of the Merger or the transactions contemplated by the Merger Agreement under the terms of any agreement to which Stockholder is a party or pursuant to any rights Stockholder may have, including, without limitation, any rights to appraisal the Stockholder may have under the DGCL as a result of the Merger.

6. Termination. This Agreement shall terminate and shall have no further force or effect as of the Expiration Date, provided, however, that notwithstanding the foregoing the provisions in Sections 6 and 7 hereof shall survive in full force and effect following the Expiration Date if the Merger is consummated.

7. Miscellaneous.

This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but, except as otherwise specifically provided herein, neither this Agreement nor any of the rights, interests or obligations of the parties hereto may be assigned by any of the parties without the prior written consent of the other parties.

(c) Amendments and Modification. This Agreement may not be modified, amended, altered or supplemented except by the execution and delivery of a written agreement executed by the parties hereto.

(d) Waiver. No waiver by any party hereto of any condition or of any breach of any provision of this Agreement shall be effective unless in writing. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

(e) Specific Performance; Injunctive Relief. The Stockholder acknowledges that Public will be irreparably harmed and that there will be no adequate remedy at law for a violation of any of the covenants or

(c) Registration Statement Form. If any registration requested pursuant to this Section 2 which is proposed by Public to be effected by the filing of a registration statement on Form S-3 (or any successor or similar short-form registration statement) shall be in connection with an underwritten public offering, and if the managing underwriter shall advise Public in writing that, in its opinion, the use of the type of disclosure required by another form of registration statement is of material importance to the success of such proposed offering, then Public shall cooperate with the managing underwriters to provide such disclosure as would be

C-3

required by such other form. Public agrees to include in any registration statement all information which, in the reasonable opinion of counsel to the underwriters (if any) or the Requesting Holder, is required to be included.

(d) Effective Registration Statement. A registration requested pursuant to this Section 2 shall not be deemed to have been effected:

(i) unless a registration statement with respect thereto has become effective and remained effective in compliance with the provisions of the Securities Act until such time as all of such Registrable Securities have been disposed of in accordance with the intended methods of disposition thereof set forth in such registration statement, other than primarily as a result of acts or omissions of any selling Holder or any authorized agent thereof;

(ii) if after it has become effective, such registration is interfered with by any stop order, injunction or other order or requirement of the SEC or other Governmental Entity for any reason not attributable to any selling Holder or any of their Affiliates; or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(iii) if the conditions to closing specified in the underwriting agreement, if any, entered into in connection with such registration are not satisfied or waived.

(e) Priority in Requested Registrations. If a requested registration pursuant to this Section 2 involves an underwritten offering (including the Underwritten Offering) and the managing underwriter (in consultation with the underwriter appointed by the Requesting Holder pursuant to Section 2(h) below) advises Public and the Holders in writing that, in its opinion, the number of equity securities requested to be included in such registration by the Holders exceeds the largest number of equity securities which can be sold without reasonably expecting to have an adverse effect on such offering, including the price at which such equity securities can be sold, the number of such equity securities to be included in such registration shall be reduced to such extent, and Public shall include in such registration the number of equity securities as follows: (i) no less than 75% of the equity securities included in such registration shall be comprised of Registrable Securities requested to be included in such registration by Blackstone and TCW and (ii) the Registrable Securities of each Holder (other than Blackstone and TCW) to be included in such registration shall equal the lesser of (A) 25% of such Holder's pro rata portion of the shares owned by all of the Company Stockholders (as defined in the Merger Agreement) (other than Blackstone and TCW) immediately after the Effective Time, and (B) the number of Registrable Securities requested to be included in such registration by such Holder. To the extent that the number of Registrable Securities which Blackstone, TCW and the other Holders have requested to include is, in the aggregate, less than the number of equity securities which Public has been advised can be sold in such offering without having the adverse effect referred to above, then Public shall be entitled to include that number of equity securities which result in the underwritten offering not exceeding the maximum amount of equity securities that would cause the effect referred to above. After giving effect to the foregoing, any remaining capacity will be allocated first to Blackstone and TCW and thereafter to the other Holders. If any Holder advises the managing underwriter of any underwritten offering that the Registrable Securities and other equity securities covered by the registration statement cannot be sold in such offering within a price range acceptable to such Holder, then such Holder shall have the right to exclude its Registrable Securities from registration. The parties hereto acknowledge that the holders of any equity securities of Public issued upon exercise of the Sprint Warrant do not have the right to include equity securities in any such registration made pursuant to this Section 2.

(f) Limitations on Registration on Request. Notwithstanding anything in this Section 2 to the contrary, the Holders shall be entitled to the Underwritten Offering pursuant to Section 2(a) and only one requested registration pursuant to Section 2(b), unless either (i) a registration so requested is not deemed to have been effected pursuant to Section 2(d) or (ii) the number of Registrable Securities included by Blackstone in such registration and sold pursuant thereto is less than 75% of the number of shares of Registrable Securities sought to be included by Blackstone in such registration.

C-4

(g) Expenses. Public will pay all Registration Expenses in connection with the registrations requested pursuant to this Section 2(e).

(h) Selection of Underwriters. In the Underwritten Offering, and in any requested registration pursuant to Section 2(b) if the Requesting Holder requests that such registration shall be in the form of an underwritten offering, Public, in consultation with the Requesting Holder, shall have the right to select any investment banker and book-running manager to administer

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

the offering and the Requesting Holder, in consultation with Public, shall have the right to select a co-manager (in each case, subject to the approval of the other party (such approval not to be unreasonably withheld)). Public and all participating Holders shall enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting, as well as all other documents customary in similar offerings, including, without limitation, underwriting agreements, custody agreements, powers of attorney, and indemnification agreements.

3. Incidental Registration.

(a) Rights to Include Registrable Securities. If Public proposes to register (other than pursuant to Section 2 hereof) any of its equity securities under the Securities Act (other than a registration on Form S-8, S-4 or any successor or similar forms), whether or not for sale for its own account, then Public will each such time, subject to the provisions of Section 3(b) hereof, give prompt written notice to the Holders of its intention to do so and of Holders' rights under this Section 3, at least 15 business days prior to the anticipated filing date of the registration statement relating to such registration. Such notice shall offer the Holders the opportunity to include in such registration statement such number of Registrable Securities as each Holder may request. Upon the written request of any Holder made within 10 business days after the receipt of Public's notice (which request shall specify the number of Registrable Securities intended to be disposed of by such Holder), Public shall use its best efforts to effect the proposed registration under the Securities Act of all Registrable Securities which Public has been so requested to register by such Holder to the extent requisite to permit the disposition of the Registrable Securities so to be registered; provided that (i) if such registration involves an underwritten offering, any such Holder must sell its Registrable Securities to the underwriters selected by Public on the same terms and conditions as apply to Public (except that indemnification obligations of any such Holder shall be limited to those obligations set forth in Section 7 hereof) and (ii) if, at any time after giving written notice of its intention to register any securities pursuant to this Section 3(a) and prior to the effective date of the registration statement filed in connection with such registration, Public shall determine for any reason not to register such securities, Public shall give written notice to each such Holder and, thereupon, shall be relieved of its obligation to register any Registrable Securities in connection with such registration. If a registration pursuant to this Section 3(a) involves an underwritten public offering, any such Holder may elect, in writing no less than three days prior to the effective date of the registration statement filed in connection with such registration, not to register such securities in connection with such registration. No registration effected under this Section 3 shall relieve Public of its obligations to effect registrations upon request under Section 2 hereof. Public will pay all Registration Expenses in connection with each registration of Registrable Securities requested pursuant to this Section 3.

(b) Priority in Incidental Registrations.

(i) If a registration pursuant to this Section 3 involves an underwritten offering (other than as set forth in Section 3(b)(ii) below) and the managing underwriter advises Public in writing that, in its opinion, the number of equity securities (including all Registrable Securities) which Public, the Holders and any other persons intend to include in such registration exceeds the largest number of equity securities which can be sold without having an adverse effect on such offering, including the price at which such equity securities can be sold, the number of such equity securities to be included in such registration shall be reduced to such extent, and Public will include in such registration such maximum number of equity securities as follows: (A) first, all the equity securities Public proposes to sell for its own

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

account in such registration and (B) second, to the extent that the number of equity securities which Public proposes to sell for its own account pursuant to Section 3(a) hereof is less than the number of equity securities which

C-5

Public has been advised can be sold in such offering without having the adverse effect referred to above, Public shall include in such registration the number of equity securities determined as follows: (i) no less than 75% of the equity securities included in such registration shall be comprised of Registrable Securities requested to be included in such registration by Blackstone and TCW and (ii) the Registrable Securities of each Holder (other than Blackstone and TCW) to be included in such registration shall equal the lesser of (A) 25% of such Holder's pro rata portion of the shares owned by all of the Company Stockholders (other than Blackstone and TCW) immediately after the Effective Time, and (B) the number of Registrable Securities requested to be included in such registration by such Holder. To the extent that the number of Registrable Securities which Blackstone, TCW and the other Holders have requested to include is, in the aggregate, less than the number of equity securities which Public has been advised can be sold in such offering without having the adverse effect referred to above, then the number of such equity securities requested to be included in such registration by the holders thereof shall be limited to such extent and, subject to any rights of such holders, shall be allocated pro rata among all such holders on the basis of the relative number of such equity securities then held by each such holder; provided, that any such amount thereby allocated to any such holder that exceeds such holder's request shall be reallocated among the remaining requesting holders in like manner. After giving effect to the foregoing, any remaining capacity will be allocated first to Blackstone and TCW and thereafter to the other Holders.

(ii) If any holder of Public Common Stock, Public Common Stock Equivalents or other equity securities of the Company other than Blackstone or Geneseo makes a requested or demand registration (the "Requesting Holder") and such requested or demand registration involves an underwritten offering and the managing underwriter advises Public in writing that, in its opinion, the number of equity securities requested to be included in such registration (including Registrable Securities) exceeds the largest number of equity securities which can be sold without reasonably expecting to have an adverse effect on such offering, including the price at which such equity securities can be sold, the number of such equity securities to be included in such registration shall be reduced to such extent, and Public shall include in such registration such maximum number of equity securities as follows: (A) first, the number of such equity securities requested to be included in such registration by the Requesting Holder and (B) second, to the extent that the number of equity securities which the Requesting Holder has requested to be included in such registration is less than the number of equity securities which Public has been advised can be sold in such offering without having the adverse effect referred to above, Public shall include in such registration the number of equity securities as follows: (i) no less than 75% of the equity securities included in such registration shall be comprised of Registrable Securities requested to be included in such registration by Blackstone and TCW and (ii) the Registrable Securities of each Holder (other than Blackstone and TCW) to be included in such registration shall equal the lesser of (A) 25% of such Holder's pro rata portion of the shares owned by all of the Company Stockholders (other than Blackstone and TCW) immediately after the Effective Time, and (B) the number of Registrable Securities requested to be included in such registration by such Holder. To the extent that the number of Registrable Securities which the Requesting Holder, Blackstone,

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

TCW and the other Holders have requested to include is, in the aggregate, less than the number of equity securities which Public has been advised can be sold in such offering without having the adverse effect referred to above, then the number of such equity securities requested to be included in such registration by the holders thereof shall be limited to such extent and, subject to any rights of such holders, shall be allocated pro rata among all such holders on the basis of the relative number of such equity securities then held by each such holder; provided, that any such amount thereby allocated to any such holder that exceeds such holder's request shall be reallocated among the remaining requesting holders in like manner. After giving effect to the foregoing, any remaining capacity will be allocated first to Blackstone and TCW and thereafter to the other Holders.

4. Holdback Agreements.

(a) Restrictions on Public Sale by the Holders. If any registration of Public Common Stock shall be in connection with an underwritten public offering to which each Holder has a right to include shares pursuant to Section 2 or 3 hereof, each Holder agrees not to effect any sale or distribution, including any sale pursuant to

C-6

Rule 144 under the Securities Act, of any Registrable Securities, and not to effect any such sale or distribution of other equity securities of Public or of any securities convertible into or exchangeable or exercisable for any other equity securities of Public (in each case, other than as part of such underwritten public offering) during the 15 days prior to, and during such period as the managing underwriter may request (not to exceed 90 days) beginning on, the closing date of the sale of the Public Common Stock pursuant to an effective registration statement, except as part of such registration.

(b) Restrictions on Public Sale by Public and Others. If any registration of Registrable Securities shall be made in connection with an underwritten public offering, Public agrees (i) not to effect any public sale or distribution of any Public Common Stock, Public Common Stock Equivalents or other equity securities or of any security convertible into or exchangeable or exercisable for any Public Common Stock, Public Common Stock Equivalents or other equity securities of Public (other than in connection with an employee stock option or other benefit plan) during the 15 days prior to, and during the 90-day period beginning on, the closing date of the sale of the Registrable Securities pursuant to an effective registration statement (except as part of such registration) and (ii) that any agreement entered into after the date of this Agreement pursuant to which Public issues or agrees to issue any privately placed Public Common Stock, Public Common Stock Equivalents or other equity securities shall contain a provision under which holders of such securities agree not to effect any sale or distribution of any such securities during the period referred to in the foregoing clause (i), including any sale pursuant to Rule 144 under the Securities Act (except as part of such registration, if permitted).

(c) In the event Blackstone distributes a portion or all of its shares of Public Common Stock pursuant to Section 7.21(c) of the Merger Agreement, the distributees of such shares shall not be subject to the restrictions set forth in this Section 4, nor shall such distributees be entitled to any further registration rights under this Agreement.

5. Registration Procedures. If and whenever Public is required to use its best efforts to effect or cause the registration of any Registrable Securities under the Securities Act as provided in this Agreement, and in connection with the filing of the Public Shelf Registration Statement as provided in the Merger

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

Agreement, Public will, as expeditiously as possible:

(a) In the case of a registration as provided in this Agreement, use its best efforts to prepare and file with the SEC within 30 days after receipt of a request for registration with respect to such Registrable Securities, a registration statement on any form for which Public then qualifies or which counsel for Public shall deem appropriate, and which form shall be available for the sale of the Registrable Securities in accordance with the intended methods of distribution thereof, and use its best efforts to cause such registration statement to become and remain effective as promptly as practicable, subject to the right of Blackstone to defer Public's request for the acceleration of effectiveness of any such registration statement as may be necessary to accommodate the anticipated timetable for such offering; provided that before filing with the SEC a registration statement or prospectus or any amendments or supplements thereto, Public will (i) furnish to the selling Holders copies of the form of preliminary prospectus proposed to be filed and furnish to counsel of the selling Holders copies of all such documents proposed to be filed, which documents will be subject to the review of such counsel and shall not be filed without the approval of such counsel (which approval shall not be unreasonably withheld) and (ii) notify the selling Holders of any stop order issued or threatened by the SEC and take all reasonable actions required to prevent the entry of such stop order or to remove it if entered; and, in the case of the Public Shelf Registration Statement, in the event that Public was not permitted by the SEC to include in the S-4 Registration Statement a re-offering prospectus (which shall include a description of the plan of distribution for the Registrable Securities) covering the resale from time to time of the Registrable Securities, then Public shall file such re-offering prospectus as a post-effective amendment to the S-4 Registration Statement promptly after the Effective Time (as defined in the Merger Agreement), but in no event later than 15 days after the Effective Time, and use all reasonable efforts to keep the Public Shelf Registration Statement (as defined in the Merger Agreement) effective until the earliest to occur of: (i) such date as all of the Registrable Securities have been resold, (ii) such time as all of the Registrable Securities can be resold pursuant to Rule 144(k) under the Securities Act and (iii) the third anniversary of the Effective Time.

C-7

(b) prepare and file with the SEC such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective for a period of not less than 180 days or such shorter period which will terminate when all Registrable Securities covered by such registration statement have been sold, and comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement during such period in accordance with the intended methods of disposition by the sellers thereof set forth in such registration statement;

(c) promptly furnish to each Holder and each underwriter, if any, of Registrable Securities covered by such registration statement such number of copies of such registration statement, each amendment and supplement thereto (in each case including all financial statements, schedules and exhibits thereto), the prospectus included in such registration statement (including each preliminary prospectus), in conformity with the requirements of the Securities Act, copies of any correspondence with the SEC or its staff relating to the registration statement and such other documents as any Holder or underwriter may reasonably request in order to facilitate the disposition of the Registrable Securities;

(d) use its best efforts to register or qualify such Registrable Securities under the securities or blue sky laws of such jurisdictions as any Holder or

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

each underwriter, if any, reasonably requests and do any and all other acts and things which may be reasonably necessary or advisable to enable such Holder and each underwriter, if any, to consummate the disposition in such jurisdictions of the Registrable Securities; provided that Public will not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this paragraph (d), (ii) subject itself to taxation in any such jurisdiction or (iii) consent to general service of process in any such jurisdiction;

(e) immediately notify the selling Holders (the facts prompting which notification the selling Holders shall keep confidential) at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event which comes to Public's attention if as a result of such event the prospectus included in such registration statement contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and Public will promptly prepare and furnish to the selling Holders a supplement or amendment to such prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading;

(f) use its best efforts to prevent the issuance of and obtain the withdrawal of any stop order suspending the effectiveness of a registration statement relating to the Registrable Securities or of any order preventing or suspending the use of any preliminary or final prospectus at the earliest practicable moment;

(g) if requested by the managing underwriter or underwriters or any Holder, immediately incorporate in a prospectus supplement or post-effective amendment such information as the managing underwriters and each applicable selling Holder agree should be included therein relating to the plan of distribution with respect to such Registrable Securities, including, without limitation, information with respect to the number of Registrable Securities being sold to such underwriters, the purchase price being paid therefor by such underwriters and with respect to any other terms of the underwritten (or best efforts underwritten) offering of the Registrable Securities to be sold in such offering; and make all required filings of such prospectus supplement or post-effective amendment as soon as notified of the matters to be incorporated in such prospectus supplement or post-effective amendment;

(h) cooperate with the Holders and the managing underwriters, if any, to facilitate the timely preparation and delivery of certificates representing Registrable Securities to be sold and not bearing any restrictive legends; and enable such Registrable Securities to be in such denominations and registered in such names as the managing underwriters may request prior to any sale of the Registrable Securities to the underwriters;

C-8

(i) use its best efforts to cause all such Registrable Securities to be listed on a national securities exchange or quotation system, and on each securities exchange or quotation system on which similar securities issued by Public are then listed, and enter into such customary agreements including a listing application and indemnification agreement in customary form, provided that the applicable listing requirements are satisfied, and to provide a transfer agent and registrar for such Registrable Securities covered by such registration statement no later than the effective date of such registration statement;

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(j) enter into such customary agreements (including an underwriting agreement in customary form) and take all such other actions as a selling Holder or the underwriters, if any, reasonably request in order to expedite or facilitate the disposition of such Registrable Securities, including customary indemnification and supporting Holders' efforts to execute block trades with institutional buyers, including without limitation, making appropriate members of senior management of Public available (subject to consulting with them in advance as to schedule) for customary participation in telephonic, in-person conferences or "road show" presentations to potential investors;

(k) make available for inspection by the selling Holders, any underwriter participating in any disposition pursuant to such registration statement, and any attorney, accountant or other agent retained by any Holder or underwriter (collectively, the "Inspectors"), all financial and other records, pertinent corporate documents and properties of Public and its subsidiaries, if any, as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and cause Public's and its subsidiaries' officers, directors and employees to supply all information and respond to all inquiries reasonably requested by any such Inspector in connection with such registration statement;

(l) use its best efforts to obtain (i) an opinion or opinions of counsel to Public and (ii) a "cold comfort" letter or letters from Public's independent public accountants in customary form and covering such matters of the type customarily covered by opinions and "cold comfort" letters as the selling Holders or the underwriter requests;

(m) otherwise use its best efforts to comply with all applicable rules and regulations of the SEC, and make available to its security holders, within the required time periods, an earnings statement covering a period of at least twelve months, beginning with the first month after the effective date of the registration statement (as the term "effective date" is defined in Rule 158(c) under the Securities Act), which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder or any successor provisions thereto;

(n) promptly prior to the filing of any document which is to be incorporated by reference into the registration statement or the prospectus (after initial filing of the registration statement), provide copies of such document to counsel to the selling Holders and to the managing underwriters, if any, make Public's representatives available for discussion of such document and give due consideration to changes in such document prior to the filing thereof as counsel for the selling Holders may propose;

(o) promptly notify the selling Holders, counsel for the selling Holders and the managing underwriter or agent, (i) when the registration statement, or any post-effective amendment to the registration statement, shall have become effective, or any supplement to the prospectus or any amendment to the prospectus shall have been filed, (ii) of the receipt of any comments from the SEC, (iii) of any request of the SEC to amend the registration statement or amend or supplement the prospectus or for additional information, and (iv) of the issuance by the SEC of any stop order suspending the effectiveness of the registration statement or of any order preventing or suspending the use of any preliminary prospectus, or of the suspension of the qualification of the registration statement for offering or sale in any jurisdiction, or of the institution or threatening of any proceedings for any of such purposes;

(p) cooperate with the selling Holders and each underwriter or agent participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with or any other securities exchange and/or the NASD;

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(q) in the case of a Public Shelf Registration Statement, upon the occurrence or any event contemplated by clause (e) above, prepare and file with the SEC a post-effective amendment to the Public Shelf Registration Statement or a supplement to the prospectus or any other required document so that, as thereafter delivered to the purchasers of the securities being sold thereunder, such prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading; and

(r) in the case of a Public Shelf Registration Statement, promptly notify the selling Holders, counsel for the selling Holders and any managing underwriter or agent and confirm the notice in writing, (i) when the Public Shelf Registration Statement, or any post-effective amendment to the Public Shelf Registration Statement, shall have become effective, or any supplement to the prospectus or any amendment to the prospectus shall have been filed, (ii) of the receipt of any comments from the SEC, (iii) of any request of the SEC to amend the Public Shelf Registration Statement or amend or supplement the prospectus or for additional information, (iv) of the issuance by the SEC of any stop order suspending the effectiveness of the Public Shelf Registration Statement or of any order preventing or suspending the use of any preliminary prospectus, or of the suspension of the qualification of the Public Shelf Registration Statement for offering or sale in any jurisdiction, or of the institution or threatening of any proceedings for any of such purposes and (v) of Public's reasonable determination that a post-effective amendment to the Public Shelf Registration Statement would be appropriate.

It shall be a condition precedent to the obligation of Public to take any action pursuant to this Agreement in respect of the Registrable Securities which are to be registered at the request of any Holder that such Holder shall furnish to Public such information regarding the Registrable Securities held by such Holder and the intended method of disposition thereof as Public shall reasonably request in connection with such registration.

Each Holder agrees that, upon receipt of any notice from Public of the happening of any event of the kind described in Section 5(e) hereof, such Holder will forthwith discontinue disposition of Registrable Securities pursuant to the registration statement covering such Registrable Securities until such Holder receives the copies of the prospectus supplement or amendment contemplated by Section 5(e) hereof, and, if so directed by Public, such Holder will deliver to Public (at Public's expense) all copies, other than permanent file copies, then in such Holder's possession, of the prospectus covering such Registrable Securities current at the time of receipt of such notice. In the event Public shall give any such notice, the period mentioned in Section 5(b) hereof shall be extended by the greater of (i) three months or (ii) the number of days during the period from and including the date of the giving of such notice pursuant to Section 5(e) hereof to and including the date when such Holder shall have received the copies of the prospectus supplement or amendment contemplated by Section 5(e) hereof.

6. Indemnification.

(a) Indemnification by Public. In the event of any registration of any Registrable Securities under the Securities Act pursuant to Section 2 or 3 hereof, and in connection with the registration of Registrable Securities under the Public Shelf Registration Statement pursuant to the terms of the Merger Agreement, Public will, and it hereby does, indemnify and hold harmless, to the full extent permitted by law, each Holder, their directors and officers, employees, stockholders, general partners, limited partners, members, advisory directors, managing directors (and directors, officers, stockholders, general partners, limited partners, members, advisory directors, managing directors and

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

controlling persons thereof), each other person who participates as an underwriter in the offering or sale of such securities and each other person, if any, who controls, is controlled by or is under common control with any Holder or any such underwriter within the meaning of the Securities Act, against any and all losses, claims, damages or liabilities, joint or several, and expenses (including any amounts paid in any settlement effected with Public's consent) to which such Holder, any such director, or officer, employee, stockholder, general or limited partner, member, or advisory or managing director or any such underwriter or controlling person may become subject under the Securities Act, state securities or blue sky laws, common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions or proceedings

C-10

in respect thereof) or expenses arise out of or are based upon (i) any untrue statement or alleged untrue statement of any material fact contained, on the effective date thereof, in any registration statement under which such Registrable Securities were registered under the Securities Act, any preliminary, final or summary prospectus contained therein, or any amendment or supplement thereto or (ii) any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading (in the case of a prospectus, in light of the circumstances under which they are made), and Public will reimburse each Holder and each such director, officer, employee, general partner, limited partner, advisory director, managing director or underwriter and controlling person for any legal or any other expenses reasonably incurred by them as such expenses are incurred in connection with investigating or defending such loss, claim, liability, action or proceeding; provided that Public shall not be liable in any such case to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon any untrue statement or alleged untrue statement or omission or alleged omission made in such registration statement or amendment or supplement thereto or in any such preliminary, final or summary prospectus in reliance upon and in conformity with written information furnished to Public through an instrument duly executed by such Holder or any such director, officer, employee, general or limited partner, managing director or underwriter specifically stating that it is for use in the preparation thereof; provided, further, however, that Public shall not be required to indemnify any such indemnified Person if such untrue statement or omission or alleged untrue statement or omission was contained or made in any preliminary prospectus and corrected in the final prospectus or any amendment or supplement thereto and the final prospectus does not contain any other untrue statement or omission or alleged untrue statement or omission of a material fact that was the subject matter of the related proceeding and any such loss, liability, claim, damage or expense suffered or incurred by such indemnified Person resulted from any action, claim or suit by any Person who purchased Registrable Securities which are the subject thereof from such indemnified Person and it is established in the related proceeding that such indemnified Person failed to deliver or provide a copy of the final prospectus (as amended or supplemented) to such Person with or prior to the confirmation of the sale of such Registrable Securities sold to such Person if required by applicable law, unless such failure to deliver or provide a copy of the final prospectus (as amended or supplemented) was a result of noncompliance by Public with this Section 6 or as a result of the failure of Public to provide such final prospectus.

(b) Indemnification by Holders and Underwriters. Each Holder and any underwriter will, and they hereby do, indemnify and hold harmless (in the same manner and to the same extent as set forth in subdivision (a) of this Section 6) Public and its directors, officers, employees, controlling persons and all other prospective sellers and their respective directors, officers, general and

limited partners, managing directors, and their respective controlling persons, against any and all losses, claims, damages or liabilities, joint or several, and expenses (including any amounts paid in any settlement effected with the consent of the applicable Holder and any underwriter) to which Public and its directors, officers, employees, controlling persons or any other prospective sellers and their respective directors, officers, general and limited partners, managing directors, and their respective controlling persons may become subject under the Securities Act, state securities or blue sky laws, common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions or proceedings in respect thereof) or expenses arise out of or are based upon (i) any untrue statement or alleged untrue statement of any material fact contained, on the effective date thereof, in any registration statement under which such Registrable Securities were registered under the Securities Act, any preliminary, final or summary prospectus contained therein, or any amendment or supplement thereto or (ii) any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading (in the case of a prospectus, in light of the circumstances under which they are made), and the applicable Holder and any underwriter will reimburse Public and its directors, officers, employees, controlling persons and all other prospective sellers and their respective directors, officers, general and limited partners, managing directors, and their respective controlling persons for any legal or any other expenses reasonably incurred by them as such expenses are incurred in connection with investigating or defending such loss, claim, liability, action or proceeding; provided that any Holder and any underwriter shall only be liable in any such case if any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon any untrue statement or alleged untrue statement or omission or alleged omission made in

C-11

such registration statement or amendment or supplement thereto or in any such preliminary, final or summary prospectus in reliance upon and in conformity with written information furnished to Public through an instrument duly executed by such Holder or any such underwriter specifically stating that it is for use in the preparation thereof; provided, further, however, that such Holder or underwriter shall not be required to indemnify Public if such untrue statement or omission or alleged untrue statement or omission was contained or made in any preliminary prospectus and corrected in the final prospectus or any amendment or supplement thereto and the final prospectus does not contain any other untrue statement or omission or alleged untrue statement or omission of a material fact that was the subject matter of the related proceeding and any such loss, liability, claim, damage or expense suffered or incurred by Public resulted from any action, claim or suit by any Person who purchased Registrable Securities which are the subject thereof from Public and it is established in the related proceeding that Public failed to deliver or provide a copy of the final prospectus (as amended or supplemented) to such Person with or prior to the confirmation of the sale of such Registrable Securities sold to such Person if required by applicable law, unless such failure to deliver or provide a copy of the final prospectus (as amended or supplemented) was a result of noncompliance by the Holder or any underwriter with this Section 6 or as a result of the failure of the Holder or any underwriter to provide such final prospectus. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of Public or any such director, officer, employee or controlling person. No Holder shall be liable under this Section 6 for any amounts exceeding the product of the purchase price per Registrable Security and the number of Registrable Securities being sold pursuant to such registration statement or prospectus by such Holder.

(c) Notices of Claims, Etc. Promptly after receipt by an indemnified party hereunder of written notice of the commencement of any action or proceeding

with respect to which a claim for indemnification may be made pursuant to this Section 6, such indemnified party shall, if a claim in respect thereof is to be made against an indemnifying party, promptly give written notice to the latter of the commencement of such action; provided that the failure of any indemnified party to give notice as provided herein shall not relieve the indemnifying party of its obligations under the preceding subsections of this Section 6, except to the extent that the indemnifying party is actually materially prejudiced by such failure to give notice. In case any such action is brought against an indemnified party, unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist in respect of such claim, the indemnifying party will be entitled to participate in and, jointly with any other indemnifying party similarly notified, to assume the defense thereof, to the extent that it may wish, with counsel reasonably satisfactory to such indemnified party, and after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party will not be liable to such indemnified party for any legal or other expenses subsequently incurred by the latter in connection with the defense thereof, unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties exists or the indemnifying party is not adequately defending such action or proceeding. An indemnifying party will not be subject to any liability for any settlement made without its consent (which consent shall not be unreasonably withheld). No indemnifying party will consent to entry of any judgment or enter into any settlement of any pending or threatened proceeding which (i) does not include as an unconditional term thereof the giving by the claimant or plaintiff to all indemnified parties of a release from all liability in respect to such claim or litigation, (ii) involves the imposition of equitable remedies or the imposition of any non-financial obligations on such indemnified party or (iii) does not otherwise adversely affect such indemnified party, other than as a result of the imposition of financial obligations for which such indemnified party will be indemnified hereunder. Notwithstanding anything to the contrary contained herein, an indemnifying party will not be obligated to pay the fees and expenses of more than one counsel (together with appropriate local counsel) for all parties indemnified by such indemnifying party with respect to such claim.

(d) Contribution. If the indemnification provided for in this Section 6 is unavailable to an indemnified party under Section 6(a) or Section 6(b) hereof (other than by reason of exceptions provided in those Sections) in respect of any losses, claims, damages, liabilities or expenses referred to therein, then each applicable indemnifying party, in lieu of indemnifying such indemnified party, shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages, liabilities or expenses in such

C-12

proportion as is appropriate to reflect the relative benefits received by the indemnifying party on the one hand and the indemnified party on the other, and the relative fault of the indemnifying party on the one hand and of the indemnified party on the other in connection with the statements or omissions which resulted in such losses, claims, damages, liabilities or expenses, as well as any other relevant equitable considerations. The relative fault of the indemnifying party on the one hand and of the indemnified party on the other shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The amount paid or payable by a party as a result of the losses, claims, damages, liabilities and expenses referred to above shall be deemed to include, subject to the limitations set forth in Sections 6(a) and 6(b), any

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

legal or other fees or expenses reasonably incurred by such party in connection with investigating or defending any action or claim.

Public and the Holders agree that it would not be just and equitable if contribution pursuant to this Section 6(d) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the immediately preceding paragraph. Notwithstanding the provisions of this Section 6(d), no Holder shall be required to contribute any amount in excess of the amount by which the total price at which the Registrable Securities sold by such Holder and distributed to the public were offered to the public exceeds the amount of any damages which such Holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

(e) Other Indemnification. Indemnification similar to that specified in Sections 6(a) and 6(b) (with appropriate modifications) shall be given by Public and each Holder with respect to any required registration or other qualification of securities under any law or with any governmental authority other than as required by the Securities Act.

(f) Non-Exclusivity. The obligations of the parties under this Section 6 shall be in addition to any liability which any party may otherwise have to any other party.

(g) Indemnification Payments. The indemnification and contribution required by Sections 6(a), 6(b) and 6(d) shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills are received or expense, loss, damage or liability is incurred.

7. Information to be Furnished by the Holders. Each Holder shall furnish to Public such information as Public may reasonably request and as shall be required in connection with the registration and related proceedings referred to herein.

8. Miscellaneous.

(a) Remedies. Public and each Holder acknowledge and agree that in the event of any breach of this Agreement by any of them, the Holders and Public would be irreparably harmed and could not be made whole by monetary damages. Each party accordingly agrees to waive the defense in any action for specific performance that a remedy at law would be adequate and that the parties, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to compel specific performance of this Agreement.

(b) Entire Agreement. This Agreement and the Stockholders Agreement, dated as of the date hereof, among Public and the Holders (the "Stockholders Agreement") constitutes the entire agreement and understanding of the parties hereto in respect of the subject matter contained herein, and there are no restrictions, promises, representations, warranties, covenants, or undertakings with respect to the subject matter hereof, other than those expressly set forth or referred to herein. This Agreement supersedes all prior agreements and understandings among the parties hereto with respect to the subject matter hereof (other than the Stockholders Agreement).

C-13

(c) Notices. Any notice, request, instruction or other document to be given hereunder by any party hereto to another party hereto shall be in writing,

(d) Governing Law. This Agreement shall be governed by, construed and enforced in accordance with the laws of the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware. Each of the parties hereto hereby irrevocably and unconditionally consents to submit to the exclusive jurisdiction of the courts of the State of Delaware and of the United States of America located in Wilmington, Delaware (the "Delaware Courts"), for any litigation arising out of or relating to this Agreement (and agrees not to commence any litigation relating thereto except in such Delaware Courts), consents to service of process by notice as provided in Section 9(c) of this Agreement, waives any objection to the laying of venue of any such litigation in the Delaware Courts and agrees not to plead or claim in any Delaware Court that such litigation brought therein has been brought in an inconvenient forum.

(e) MUTUAL WAIVER OF JURY TRIAL. THE PARTIES HERETO WAIVE ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, SUIT OR PROCEEDING BROUGHT TO ENFORCE OR DEFEND ANY RIGHTS OR REMEDIES UNDER THIS AGREEMENT.

(f) Severability. The invalidity, illegality or unenforceability of one or more of the provisions of this Agreement in any jurisdiction shall not affect the validity, legality or enforceability of the remainder of this Agreement in such jurisdiction or the validity, legality or enforceability of this Agreement, including any such provision, in any other jurisdiction, it being intended that all rights and obligations of the parties hereunder shall be enforceable to the fullest extent permitted by law.

(g) Other Agreements. Nothing contained in this Agreement shall be deemed to be a waiver of, or release from, any obligations any party hereto may have under, or any restrictions on the transfer of Registrable Securities or other securities of Public imposed by, any other agreement.

(h) Successors; Assigns; Transferees. The provisions of this Agreement shall be binding upon and accrue to the benefit of the parties hereto and their respective heirs, successors and permitted assigns. In addition, and whether or not any express assignment shall have been made, the provisions of this Agreement which are for the benefit of the Holders shall also be for the benefit of and enforceable by any Transferee or subsequent holder of Registrable Securities, subject to the provisions contained herein.

(i) Amendments, Waivers. This Agreement may not be amended, modified or supplemented and no waivers of or consents to departures from the provisions hereof may be given unless consented to in writing by Public and each of the Holders.

(j) Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which shall

constitute one and the same Agreement.

C-15

(k) Limited Liability. Notwithstanding any other provision of this Agreement, neither the members, general partners, limited partners or managing directors, or any directors or officers of any members, general or limited partner, advisory director, nor any future members, general partners, limited partners, advisory director, or managing directors, if any, of any such Holder shall have any personal liability for performance of any obligation of such Holder under this Agreement in excess of the respective capital contributions of such members, general partners, limited partners or managing directors to such Holder.

(l) Adjustments Affecting Registrable Securities. Public will not take any action, or permit any change to occur, with respect to the Registrable Securities which would (i) adversely affect the ability of any Holder to include such Registrable Securities in a registration undertaken pursuant to this Agreement or (ii) adversely affect the marketability of such Registrable Securities in any such registration.

(m) Rule 144. If Public is subject to the requirements of Section 13, 14 or 15(d) of the Exchange Act, Public covenants that it will file any reports required to be filed by it under the Securities Act and the Exchange Act (or, if Public is not required to file such reports, it will, upon the request of Blackstone, make publicly available such information) and it will take such further action as any Holder may reasonably request, so as to enable such Holder to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by (a) Rule 144 under the Securities Act, as such Rule may be amended from time to time, or (b) any similar rule or regulation hereafter adopted by the SEC. Upon the request of any Holder, Public will deliver to such Holder a written statement as to whether it has complied with such requirements.

(n) Other Registration Rights.

(i) Public covenants that it will not grant any right of registration under the Securities Act relating to any of its shares of Public Common Stock or Public Common Stock Equivalents or other equity securities to any person unless the Holders shall be entitled to have included in any registration effected (A) pursuant to Section 2 hereof, all Registrable Securities requested by it to be so included prior to the inclusion of any securities requested to be registered by the persons entitled to any such other registration rights pursuant to any provision providing registration rights comparable to those contained in Section 3 hereof and (B) pursuant to Section 3 hereof, all Registrable Securities requested by such Holder to be so included (I) prior to the inclusion of any securities requested to be registered by the persons entitled to any such other registration rights pursuant to any provision providing incidental registration rights comparable to those contained in Section 3 hereof and (II) with respect to any Requesting Holder, pro rata with the inclusion of any securities requested to be registered by such Requesting Holder as provided for in Section 3(b)(ii).

(ii) If Public at any time grants to any other holders of Public Common Stock, Public Common Stock Equivalents or other equity securities of Public any rights to request Public to effect the registration (whether requested or incidental) under the Securities Act of any such securities on any terms more favorable to such holders than the terms set forth in this Agreement, the terms of this Agreement shall, at the request of any Holder, be deemed amended or supplemented to the extent necessary to provide the Holders such

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

more favorable rights and benefits.

(iii) Public covenants that it will not enter into, or cause or permit any of its Subsidiaries to enter into, any agreement which conflicts with or limits or prohibits the exercise of the rights granted to the Holders in this Agreement.

(iv) Public covenants that it will not grant any right of registration under the Securities Act relating to any of its shares of Public Common Stock or Public Common Stock Equivalents or other equity securities to any Person pursuant to any provision providing registration rights comparable to those contained in Section 2 hereof without providing that the exercise of such rights will only be permitted following the consummation of an underwritten public offering by Blackstone.

C-16

(v) Each Holder acknowledges that, in connection with Public's issuance of warrants to Lucent Technologies, Inc. ("Lucent"), Public and Lucent entered into the Warrant Registration Rights Agreement, dated as of August 16, 1999, which provides for, among other things, the right of Lucent to register up to 90,578 shares issued to it upon exercise of the Warrant. The Holders acknowledge that such registration rights may, among other things, entitle Lucent to participate in an offering requested hereby and affect the priority of registration as set forth herein.

(o) Headings. The headings and captions contained herein are for convenience of reference only and shall not control or affect the meaning or construction of any provision hereof.

IN WITNESS WHEREOF, the parties hereto have executed this Registration Rights Agreement as of the date first written above.

ANNEX D

OPINION OF UBS WARBURG LLC

STRICTLY PRIVATE AND CONFIDENTIAL

August 28, 2001

The Board of Directors

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

AirGate PCS Inc.
Harris Tower
233 Peachtree Street NE, Ste. 1700
Atlanta, GA 30303

Dear Members of the Board:

We understand that AirGate PCS Inc., a Delaware corporation ("Airgate" or the "Company"), is considering a transaction whereby the Company will acquire iPCS, Inc., a Delaware corporation ("iPCS" or the "Target"). Pursuant to the terms of the Agreement and Plan of Merger to be dated August 28, 2001 (the "Purchase Agreement"), the Company will undertake a series of transactions whereby Target will become a wholly owned subsidiary of the Company (the "Transaction").

Pursuant to the terms of the Purchase Agreement, (a) immediately prior to the closing, each outstanding share of Series A-1 Preferred Stock and Series A-2 Preferred Stock will be converted into shares of the common stock of Target, par value of \$.01 per share ("iPCS Common Stock") and (b) at the closing, (i) each issued and outstanding share of iPCS Common Stock, will be converted into the right to receive 0.1594 shares of common stock, par value of \$.01 per share ("Company Common Stock"), of the Company (the "Exchange Ratio") and (ii) all outstanding options and warrants to purchase iPCS Common Stock will be converted into the right to receive options and warrants to purchase Company Common Stock at the Exchange Ratio with the exercise prices adjusted in accordance with the Exchange Ratio; provided, that, in no event shall the aggregate number of shares of Company Common Stock issued in accordance with the Purchase Agreement exceed 13,500,000 shares of Company Common Stock. The terms and conditions of the Transaction are more fully set forth in the Purchase Agreement.

You have requested our opinion as to the fairness from a financial point of view of the Exchange Ratio to the holders of Company Common Stock.

UBS Warburg LLC ("UBSW") has acted as financial advisor to the Board of Directors of the Company in connection with the Transaction and will receive a fee for its services. UBSW will also receive a fee upon delivery of this opinion. In the ordinary course of business, UBSW, its successors and affiliates may trade securities of the Company or iPCS for their own accounts and the accounts of their customers, and accordingly, may at any time hold a long or short position in such securities.

Our opinion does not address the Company's underlying business decision to effect the Transaction or constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Transaction. At your direction, we have not been asked to, nor do we, offer any opinion as to the material terms of the Purchase Agreement or the form of the Transaction. We express no opinion as to what the value of Company Common Stock will be when issued pursuant to the Transaction or the prices at which it will trade in the future. In rendering this opinion, we have assumed, with your consent, that the final executed form of the Purchase Agreement does not differ in any material respect from the draft that we have examined, and that the Company and the Target will comply with all the material terms of the Purchase Agreement. In arriving at our opinion, we have, among other things: (i) reviewed certain publicly available business and historical financial information relating to the Company and Target, (ii) reviewed certain internal financial information and other data relating to the business and financial prospects of the Company, including estimates

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

and financial forecasts prepared by management of the Company, that were provided to us by the Company and not publicly available, (iii) reviewed certain internal financial information and other data relating to the business and financial prospects of the Target, including estimates and financial forecasts prepared by the managements of the Company and the Target and not publicly available, (iv) conducted discussions with members of the senior managements of the Company and the Target concerning the businesses and financial prospects of the Company and the Target, (v) reviewed publicly available financial and stock market data with respect to certain other companies in lines of business we believe to be generally comparable to those of the Company, (vi) compared the financial terms of the Transaction with the publicly available financial terms of certain other transactions which we believe to be generally relevant, (vii) considered the financial impact of certain pro forma effects of the Transaction on the Company's financial statements and on the financial forecasts referred to above, (viii) reviewed a draft of the Purchase Agreement dated August 26, 2001, and (ix) conducted such other financial studies, analyses, and investigations, and considered such other information as we deemed necessary or appropriate.

In connection with our review, at your direction, we have not assumed any responsibility for independent verification for any of the information reviewed by us for the purpose of this opinion and have, with your consent, relied on such information being complete and accurate in all material respects. In addition, at your direction, we have not made any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of the Company or Target, nor have we been furnished with any such evaluation or appraisal. With respect to the financial forecasts, estimates and pro forma effects referred to above, we have assumed, at your direction, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of each company as to the future performance of their respective companies. In addition, we have assumed with your approval that the future financial results referred to above will be achieved at the times and in the amounts projected by management. We have also assumed, with your consent, that the Transaction will qualify as a tax-free reorganization for U.S. federal income tax purposes. We have also assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any material adverse effect on the Company and/or the Target and the Transaction. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof.

Based upon and subject to the foregoing, it is our opinion that, as the date hereof, the Exchange Ratio is fair, from a financial point of view, to the holders of Company Common Stock.

Very truly yours,

UBS Warburg LLC

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. Indemnification of Officers and Directors

In accordance with the General Corporation Law of the State of Delaware (being chapter 1 of Title 8 of the Delaware code), the registrant's Certificate of Incorporation provides as follows:

The registrant shall indemnify any person who was or is a party or is threatened to be made a party to, or is otherwise involved in, any action, suit or proceeding by reason of the fact that such person is or was a director or an officer of the registrant, whether the basis for such action or proceeding is an alleged action in an official capacity as an officer or director or in any other capacity while such person was serving as a director or officer of the registrant. The registrant shall indemnify such person to the fullest extent allowed by the Delaware law against all expense, liability and loss (including attorney's fees, judgments, fines, ERISA excise tax, or penalties and amounts paid in settlement) reasonably incurred or suffered by the indemnitee in connection with such action or suit. The registrant's Certificate of Incorporation also empowers the indemnitee to recover unpaid amounts of a claim for indemnification by bringing suit against the registrant to recover any unpaid amount of a claim.

The right to indemnification includes the right of the indemnitee to be paid by the registrant for the expenses incurred in defending any such proceeding in advance of its final disposition; provided, however, that, if the Delaware law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer will be made only upon delivery to the registrant of an undertaking, by or on behalf of such indemnitee, to repay all amounts advanced if it shall ultimately be determined by final judicial decision, from which there is no further right to appeal, that such indemnitee is not entitled to be indemnified for such expenses.

The right to indemnification and to the advancement of expenses provided for by the Certificate of Incorporation is not exclusive of any other right to which the indemnitee may have or hereinafter acquire. Moreover, the registrant may purchase and maintain insurance, at its expense, to protect itself and any director or officer of the registrant against any liability asserted against him or her in any such capacity, or arising out of such person's status as such, whether or not the registrant would have the power to indemnify him against such liabilities under the laws of Delaware.

In addition to indemnification provided to the registrant's officers and directors in the Certificate of Incorporation and under the laws of Delaware, the registrant has entered into indemnification agreements with certain officers and directors to provide them with further assurances and protection from liability that they may incur in their respective positions and duties in connection with any public offering to any fiduciary obligation owed with respect to the registrant and its stockholders. The registrant has agreed to indemnify and hold harmless, to the extent permitted under Delaware law, each person and affiliated person (generally, any director, officer, employee, controlling person, agent, or fiduciary of the indemnified person), provided that the indemnified person was acting or serving at the registrant's request in his capacity as either an officer, director, employee, controlling person, fiduciary or other agent or affiliate of the registrant. Under the indemnification agreements, each person is indemnified against any and all liabilities (described below) that occur in connection with any threatened, pending or completed action, suit, proceeding, alternative dispute resolution mechanism or hearing, inquiry or investigation that such indemnitee in good

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

faith believes may lead to the institution of any such action whether civil, criminal, administrative or other. As a condition to receiving indemnification, indemnitees are required to give notice in writing to the registrant of any claim for which indemnification may be sought under such agreement.

The agreement provides that an indemnitee may receive indemnification against any and all (1) expenses (including attorney's fees and other costs, expenses and obligations incurred), judgments, fines and penalties; (2) amounts paid in settlement (if such settlement is approved by the registrant); (3) any federal, state, local or

II-1

foreign taxes imposed on an indemnitee as a result of the receipt of any payments under the indemnification agreement; and (4) all interest, assessments and other charges paid or payable in connection with such expenses. An indemnified person will be indemnified against expenses to the extent that he is successful on the merits or otherwise, including dismissal of an action without prejudice, in defense of any action, suit, proceeding, inquiry or investigation. Expenses that the indemnified person have or will incur in connection with a suit or other proceeding may be received in advance within 10 days of written demand to the registrant

Prior to receiving indemnification or being advanced expenses, a committee, consisting of either members of the board of directors or any person appointed by the board of directors, must not have determined the indemnified person would not be permitted to indemnification under Delaware law and, in the case of advanced expenses, that the registrant will be entitled to be reimbursed by the indemnitee. If there is a change in control (as defined in the indemnification agreement) that occurs without majority approval of the board of directors, then the committee will consist of independent legal counsel selected by the indemnified person and approved by the registrant to render a written opinion as to whether and to what extent the indemnitee would be permitted to indemnification under applicable law. Under the indemnification agreement, an indemnified person may appeal a determination by the committee's determination not to grant indemnification or advance expenses by commencing a legal proceeding. Failure of the committee to make an indemnification determination or the termination of any claim by judgment, order, settlement, plea of nolo contendere, or conviction does not create a presumption that either (1) the indemnified person did not meet a particular standard of conduct or belief or (2) that the court has determined that indemnification is not available.

Under the indemnification agreement, an indemnitee is entitled to contribution from the registrant for losses, claims, damages, expenses or liabilities as well as other equitable considerations upon the determination of a court of competent jurisdiction that indemnification provided for under the agreement is not available. The amount contributed by the registrant will be in proportion, as appropriate, to reflect the relative benefits received by the registrant and the indemnitee or, if such contribution is not permitted under Delaware law, then the relative benefit will be considered with the relative fault of both parties in the action or inaction which resulted in such liability. In connection with the registration of AirGate PCS, Inc.'s securities, the relative benefits received by the registrant and indemnified person will be deemed to be in the same respective proportions of the net proceeds from the offering (less expenses) received by the registrant and the indemnified person. The relative fault of the registrant and the indemnified person is determined by reference to whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by the registrant or the indemnified person and their relative intent, knowledge, access to information

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

and opportunity to correct such statement or omission.

Contribution paid takes into account the equitable considerations, if any, instead of a pro rata or per capital allocation. In connection with the offering of the registrant securities, an indemnified person will not be required to contribute any amount in excess of the lesser of (1) the proportion of the total of such losses, claims, damages, or liabilities indemnified against equal to the proportion of the total securities sold under the registration statement sold by the indemnified person or (2) the proceeds received by the indemnified person from the sale of securities under the registration statement. No person found guilty of fraudulent misrepresentation, as defined in the agreement, shall be entitled to contribution from any person who was not found guilty of such fraudulent representation.

(b) Financial Statement Schedules

No financial statement schedules are filed because the required information is not applicable or is included in the consolidated financial statements or related notes.

Item 22. Undertakings

The registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(a) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

(c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

II-4

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

5. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

6. (a) The undersigned registrant hereby undertakes as follows: That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(b) The registrant undertakes that every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of

Edgar Filing: AIRGATE PCS INC /DE/ - Form S-4/A

determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

7. The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

8. The undersigned hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in this registration statement when it became effective.
