**PROXY STATEMENT FOR THE 2004
ANNUAL MEETING OF STOCKHOLDERS**

This Proxy Statement is being furnished by our board of directors to holders of our common stock in connection with the solicitation of proxies for use at our annual meeting to be held on Thursday, July 29, 2004 at the Crowne Plaza Hotel, 1221 Chess Drive, Foster City, California, commencing at 1:00 p.m. local time and at any adjournment or postponement thereof. The purposes of our annual meeting are set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement, the accompanying form of proxy and the Company's Annual Report on Form 10-K are first being mailed to our stockholders on or about June 22, 2004.

The Proxy

The persons named as proxy holders were selected by our board of directors and are officers of the company. The proxy holders will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy. If no contrary direction is given, the shares will be voted:

FOR the election of the director nominated by the board of directors; and

FOR the ratification of the reappointment of PricewaterhouseCoopers LLP as our independent accountants for our fiscal year ending March 31, 2005.

We will pay the cost of soliciting proxies. In addition to solicitation by use of the mails, proxies may be solicited from our stockholders by our directors, officers and employees in person or by telephone or other means of communication. Our directors, officers and employees will not be additionally compensated, but may be reimbursed for reasonable out-of-pocket expenses incurred in connection with any such solicitation. Arrangements will be made with brokerage houses, custodians, nominees and fiduciaries for forwarding of proxy materials to beneficial owners of shares held of record by these parties and for reimbursement of their reasonable expenses incurred in connection with forwarding these materials. We will promptly deliver upon written or oral request a separate copy of this Proxy Statement to any stockholder of a shared address to which a single copy of this document was delivered.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with our Secretary, at or before the taking of the vote at the annual meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly executing a later dated proxy relating to the same shares and delivering it to our Secretary before the taking of the vote at the annual meeting or (iii) attending the annual meeting and voting in person (although attendance at the annual meeting will not in and of itself constitute a revocation of the proxy). Any written notice of revocation or subsequent proxy should be delivered to our Secretary at the address set forth above at or before the taking of the vote at the annual meeting.

Voting Securities and Voting Rights

Our board of directors has fixed the close of business on June 4, 2004 as the record date for the determination of the stockholders entitled to notice of and to vote at our annual meeting. As of the record date, 33,989,490 shares of common stock were outstanding and entitled to vote, constituting all of our voting stock. As of the record date, we had approximately 4,600 stockholders of record. Each holder of record of our

Table of Contents

common stock on the record date is entitled to one vote per share at our annual meeting, which may be cast either in person or by properly executed proxy.

A plurality of the shares present in person or represented by proxy, entitled to vote and actually voted will elect the director nominated for election this year. For the approval of all other matters submitted to a vote of stockholders, a quorum must be present and the matter must receive the affirmative vote of a majority of the votes cast (which shares voting affirmatively must also constitute a majority of the required quorum).

A complete list of stockholders entitled to vote at our annual meeting will be available for inspection by any stockholder for any purpose germane to our annual meeting for ten days prior to our annual meeting during ordinary business hours at our headquarters located at 177 Bovet Road, Suite 200, San Mateo, CA 94402. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at our annual meeting is necessary to constitute a quorum at our annual meeting.

Shares of our common stock represented in person or by proxy will be counted for the purpose of determining whether a quorum is present at our annual meeting. Shares which abstain from voting, and shares held by a broker nominee in street name which indicates on a proxy that it does not have discretionary authority to vote as to a particular matter, will be treated as shares that are present and entitled to vote at our annual meeting for purposes of determining whether a quorum exists, but will not be considered as votes cast. Although not considered as votes cast, broker non-votes may prevent a proposal from receiving the affirmative vote of a majority of the required quorum and, in that case, would have the same effect as votes against the proposal.

All shares of our common stock which are entitled to vote and are represented at our annual meeting by properly executed proxies received prior to or at the meeting and not revoked will be voted at the meeting in accordance with the instructions indicated on the proxies. If no instructions are indicated (other than in the case of broker non-votes), the proxies will be voted as recommended by our board of directors.

If any other matters are properly presented at our annual meeting for consideration, including, among other things, consideration of a motion to adjourn or postpone the meeting to another time or place (including, without limitation, for the purposes of soliciting additional proxies), the persons named in the enclosed forms of proxy and acting thereunder will have discretion to vote on such matters in accordance with their judgment.

PROPOSAL NO. 1

ELECTION OF DIRECTOR

Directors and Nominee for Director

Our bylaws state that the authorized number of directors shall be established by resolution of our board of directors or by an amendment to the bylaws duly adopted by our board of directors or stockholders. On May 7, 2004, after many years of service on our board of directors, Ruthann Quindlen informed us that she would not stand for re-election at our 2004 annual meeting. On May 7, 2004, the effective date of Ms. Quindlen's resignation, we reduced the size of our board of directors from six to five members.

Our certificate of incorporation provides for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, a portion of the board of directors will be elected each year. Edward J. Spiegel is a Class II director whose term will expire at our 2004 annual meeting. Michael Brown and William Park are Class III directors whose term will expire at our 2005 annual meeting. Gerardo Capiel and Peter F. Pervere are Class I directors whose term will expire at our 2006 annual meeting.

Our board of directors has nominated Edward J. Spiegel to serve for an additional three years and until his successor is duly elected and qualified. The persons named as proxies in the enclosed form of proxy intend to vote your proxy for the re-election of Mr. Spiegel, unless otherwise directed. If, contrary to our expectations, Mr. Spiegel should become unavailable for any reason, votes may be cast pursuant to the accompanying form of proxy for a substitute nominee designated by the board of directors.

There are no family relationships among any of our directors, officers or key employees.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RE-ELECTION OF MR. SPIEGEL TO OUR BOARD OF DIRECTORS.

The audit committee assists management in the establishment and supervision of our financial controls, evaluates the scope of our annual audit, reviews audit results, consults with management and our independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of our financial affairs. The audit committee is also directly responsible for the appointment, compensation, retention and oversight of the work of our independent auditors, who report directly to the audit committee. The audit committee meets alone with our independent auditors, who have free access to the audit committee at any time. Ms. Quindlen served on the nominating committee during our entire fiscal year ended March 31, 2004. The nominating committee is responsible for seeking, screening and recommending for nomination candidates for election to the board of directors. Criteria used by the nominating committee to evaluate candidates include experience, judgment, industry knowledge, skills, diversity and service on other boards. The nominating committee may also consider such other factors as it may deem to be in the best interests of the Company and its stockholders. If you would like the nominating committee to consider a prospective candidate, please submit a candidate's name and qualifications to: Board of Directors, c/o Corporate Secretary, Digital Impact, Inc., 177 Bovet Road, Suite 200, San Mateo, CA 94402. The nominating committee uses the same standards to evaluate all director candidates, whether or not the candidates were proposed by stockholders.

Board Attendance

Mr. Capiel was unable to attend four of our fourteen board meetings during our fiscal year ended March 31, 2004. No other director attended fewer than 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board on which such director served during our fiscal year ended March 31, 2004. Although we do not have a formal policy regarding attendance, our board of directors is encouraged to attend the annual meeting of stockholders. All of our directors attended our 2003 annual meeting.

Compensation of Directors

At our 2003 annual meeting, our stockholders approved amendments to our 1999 Director Equity Plan. After being amended at our 2003 annual meeting, our 1999 Director Equity Plan provided for an automatic grant of 40,000 stock options to a director upon his or her initial appointment to the board of directors and subsequent annual grants of 10,000 stock options. In addition, members of our audit committee and compensation committee receive an automatic annual grant of 7,500 options and 2,500 options, respectively. Under the Plan, each option grant vests 25% on each of the first four anniversaries of its date of grant. The exercise price of all options that have been granted under our 1999 Director Equity Plan is 100% of the fair market value per share of our common stock on the date of grant.

Our 1999 Director Equity Plan contemplates transitioning from an option plan to a restricted stock plan upon the occurrence of certain events. Beginning at our 2004 annual meeting, options will no longer be granted under the Plan. Instead, the Plan will provide for an automatic grant of restricted stock worth \$20,000 to a director upon his or her initial appointment to the board of directors and subsequent annual grants of restricted stock worth \$10,000. In addition, members of the audit committee and compensation committee will receive an automatic annual grant of restricted stock worth \$7,500 and \$2,500, respectively. Under the Plan, restricted stock vests 25% on each of the first four anniversaries of its date of grant.

We pay the chairman of our audit committee an annual fee of \$5,000, payable on the date of our annual meeting.

Tax Fees

Tax fees consist of fees for tax compliance, tax advice and tax planning services. Tax fees for the fiscal years ended March 31, 2004 and 2003 were \$34,000 and \$41,000, respectively.

All Other Fees

All other fees consist of site subscription fees for Comperio, an online accounting reference database. All other fees for the fiscal years ended March 31, 2004 and 2003 were \$1,400 and \$0, respectively.

Audit Committee Pre-Approval Policies

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent auditors. This policy generally provides that the Company will not engage its independent auditors to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided to the Company by its independent auditors during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also subject to a maximum dollar limit.

The audit committee may also delegate to its chairman the authority to approve any audit or non-audit services to be provided by the Company by its independent auditors. Any approval of services by the chairman pursuant to this delegated authority is reported on at the next meeting of the audit committee.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent auditors is not required by our bylaws or other applicable legal requirements. However, our board of directors is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection of PricewaterhouseCoopers LLP, our audit committee and our board of directors will reconsider whether to retain PricewaterhouseCoopers LLP. Even if the selection of PricewaterhouseCoopers LLP is ratified, our audit committee at its discretion may direct the appointment of a different independent accounting

firm at any time during the year if it determines that such a change would be in our best interest and in the best interest of stockholders.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

This section of the Proxy Statement will not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed filed under such Acts.

The audit committee currently consists of Peter F. Pervere, Michael Brown and Edward J. Spiegel. Until her resignation from the board of directors on May 7, 2004, our audit committee also included Ruthann Quindlen. Our board of directors determined that all of the members of the audit committee are independent as defined under the rules of the Nasdaq Stock Market, including the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

The audit committee assists management in the establishment and supervision of our financial controls, evaluates the scope of our annual audit, reviews audit results, consults with management and our independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of our financial affairs. The audit committee reviewed and discussed with management the audited financial statements for our fiscal year ended March 31, 2004. The audit committee operates under a written charter adopted by our board of directors, which is attached to this Proxy Statement as Appendix A.

In addition, the audit committee oversees a comprehensive system of internal controls to ensure the integrity of the financial reports and compliance with laws, regulations, and corporate policies, and recommends resolutions for any dispute that may arise between management and the auditors. Consistent with this oversight responsibility, the audit committee has reviewed and discussed with management the audited financial statements for our fiscal year ended March 31, 2004. PricewaterhouseCoopers LLP, the company's independent auditors for our fiscal year ended March 31, 2004, issued their unqualified report dated June 1, 2004 on the company's financial statements.

The audit committee has also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the audit committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and has conducted a discussion with PricewaterhouseCoopers LLP relative to its independence. The audit committee has considered whether PricewaterhouseCoopers LLP's provision of non-audit services is compatible with its independence and determined that such services were compatible with the independence of PricewaterhouseCoopers LLP.

Based on these reviews and discussions, the audit committee recommended to our board of directors that our audited financial statements for our fiscal year ended March 31, 2004 be included in our Annual Report on Form 10-K.

Compensation Philosophy

Digital Impact offers compensation packages designed to attract and retain outstanding employees, to encourage and reward the achievement of corporate goals and to align employee financial interests with long-term shareholder value. Our compensation policy is to offer a package including a competitive salary, a competitive bonus incentive based on individual and corporate achievement goals, and competitive benefits. We also encourage broad-based employee ownership of our common stock through employee stock purchase and stock option programs. Our compensation policy for executive officers is designed to promote continued performance and attainment of corporate and personal goals. Executive officers receive total compensation packages in line with their responsibilities and expertise.

Components of Executive Compensation at Digital Impact

Compensation for our executive officers generally consists of two components: cash compensation and equity compensation. The compensation committee assesses the past performance and anticipated future contribution of each executive officer in establishing the total amount and mix of each element of compensation.

Cash Compensation

The salaries of our executive officers, including that of our chief executive officer, are determined annually with reference to surveys of salaries paid to executives with similar responsibilities at comparable companies in the online direct marketing and advertising industry. In addition to analyzing competitive data, the compensation committee makes discretionary and subjective determinations of appropriate compensation amounts to reflect our philosophy of paying for performance.

The compensation committee places considerable weight on the recommendations of the chief executive officer in the case of the other executive officers. However, all awards of compensation are ultimately based upon the compensation committee's judgment regarding the need to motivate and retain the particular executive, taking into account the individual's contributions to our long-term profitability and return to stockholders.

In response to our financial performance during our fiscal quarter ended December 31, 2002, our senior executives offered to voluntarily reduce their salaries by 5% in an effort to reduce the company's compensation costs. The compensation committee agreed to this reduction, with the expectation that senior executive salaries would be reinstated following the company's attainment of certain goals. Senior executive salaries were returned to their original levels in June 2003.

Each executive officer is eligible to receive an incentive bonus at the discretion of the compensation committee based on achievement of satisfactory personal, team and company performance and financial results. In April 2004, the compensation committee approved bonuses of \$50,000 to each of Kevin Johnson and David Oppenheimer, \$17,000 of which was paid in April 2004, and \$33,000 of which is subject to their continued employment through December 2004.

Equity Compensation

The compensation committee believes that stock options and restricted stock grants motivate our executive officers to maximize long-term stockholder value. Options and restricted stock typically utilize vesting periods and, in some cases, performance-vesting features, in order to encourage our executives to

Table of Contents

continue in our employ and to perform to the best of their abilities. The compensation committee determines the number of equity-based incentive awards to grant to a particular executive officer based on our business plans, the executive's level of responsibility, individual performance, historical award data and competitive practices for comparable positions in similar companies. We have never granted stock options to either William Park or Gerardo Capiel, our founders, each of whom has significant holdings of our common stock. Further details regarding grants of equity-based incentives may be found in the tables in this Proxy Statement in the section entitled EXECUTIVE COMPENSATION.

Founder Retention Program

When Messrs. Park and Capiel founded Digital Impact in October 1997, they agreed that their founder shares would vest over a four-year period, creating a significant retention incentive. By September 2001, all of these shares had vested. We have never granted stock options to either of our founders, who both hold key executive positions within the company. In order to create a meaningful retention incentive for these individuals, in January 2002 we implemented a cash-based founder retention program. Under this program, we agreed to pay Mr. Park \$100,000 on each of January 1, 2003, 2004 and 2005 and Mr. Capiel \$50,000 on each of July 1, 2002, January 1, 2003, and July 1, 2003. We subsequently extended and modified Mr. Capiel's retention program, providing for annual retention payments of \$50,000 beginning July 2004 through 2006. Payments under these programs are contingent upon the executive's continued service with the company.

Impact of Section 162(m) of the Internal Revenue Code

As a company with publicly traded securities, we are subject to Section 162(m) of the Internal Revenue Code, which limits the deductibility of certain compensation payments to our executive officers. This section also provides for certain exemptions to the limitations, specifically compensation that is performance-based within the meaning of Section 162(m). The compensation committee has generally endeavored to structure our executive compensation plans to achieve deductibility under Section 162(m) with minimal sacrifice in flexibility and objectives. However, deductibility is not the sole factor used in designing and determining appropriate compensation. The compensation committee may, in the future, grant equity-based incentive awards or enter into compensation arrangements that are not deductible under Section 162(m).
