PROXY STATEMENT

This Proxy Statement and the accompanying proxy are being provided to shareholders in connection with the solicitation of proxies by the Board of Directors of Luby s, Inc. (the Company) for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, January 20, 2005, or at any adjournment or postponement thereof. This Proxy Statement and the accompanying proxy are first being mailed to shareholders on or about December 17, 2004.

VOTING PROCEDURES

Your Vote is Very Important

Whether or not you plan to attend the meeting, please take the time to vote your shares as soon as possible.

Shares Outstanding, Voting Rights, and Quorum

Only holders of record of common stock of the Company at the close of business on December 3, 2004, will be entitled to vote at the meeting or at adjournments or postponements thereof. There were 22,601,004 shares of common stock outstanding on the record date, exclusive of 4,933,063 treasury shares. Each share of common stock outstanding is entitled to one vote. The presence in person or by proxy of the holders of a majority of the shares of common stock outstanding will constitute a quorum at the meeting.

Methods of Voting

Shares Held in Shareholder s Name. If your shares are held in your name, you may vote by mail, via the Internet, or by telephone. You may also vote in person by attending the meeting.

Shares Held in Street Name Through a Bank or Broker. If your shares are held through a bank or broker, you can vote via the Internet or by telephone if your bank or broker offers these options. Please see the voting instructions provided by your bank or broker for use in instructing your bank or broker how to vote. Your bank or broker cannot vote your shares without instructions from you. You will not be able to vote in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.

If your proxy card is signed and returned without specifying choices, the shares represented will be voted as recommended by the Board.

Revoking Your Proxy

Shares Held in Shareholder s Name. If your shares are held in your name, whether you vote by mail, the Internet, or by telephone, you may later revoke your proxy by delivering a written statement to that effect to the Secretary of the Company prior to the date of the Annual Meeting, by a later-dated electronic vote via the Internet, by telephone, by submitting a properly signed proxy with a later date, or by voting in person at the Annual Meeting.

Shares Held in Street Name Through a Bank or Broker. If you hold your shares through a bank or broker, the methods available to you to revoke your proxy are determined by your bank or broker, so please see the instructions provided by your bank or broker.

Table of Contents

Vote Required

A plurality of the votes cast at the Annual Meeting is required for election of a director. Plurality means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the meeting. Ratification of the appointment of auditors and approval of the amendment and restatement of the Nonemployee Director Stock Plan each require the affirmative vote of a majority of the shares present or represented at the meeting. Approval of the nonbinding shareholder proposal described in the following paragraph and on pages 20-23 requires the affirmative vote of a majority of the shares present or represented at the meeting, although declassification of the Board of Directors as proposed would require an amendment to the Company's certificate of incorporation by an affirmative vote of at least 80% of the outstanding shares upon a further vote of the shareholders at a subsequent meeting. Abstentions and broker nonvotes will be included in determining the presence of a quorum at the meeting. Abstentions and broker nonvotes will not be included in determining the number of votes cast on any matter.

Recommendation of the Board of Directors

The Board recommends that you vote your shares FOR each of the nominees to the Board, FOR the amendment and restatement of the Nonemployee Director Stock Plan, and FOR the appointment of Ernst & Young LLP as independent auditor for the 2005 fiscal year. The Board recommends that you vote your shares AGAINST the nonbinding shareholder proposal sponsored by the Harold J. Mathis, Jr. Family Limited Partnership and Harold J. Mathis, Jr. relating to the manner of election of directors of the Company.

Other Business

The Board knows of no other matters which may be presented for shareholder action at the meeting. If other matters are properly brought before the meeting, the persons named as proxies in the accompanying proxy card intend to vote the shares represented by them in accordance with their best judgment.

Confidential Voting Policy

It is the Company's policy that any proxy, ballot, or other voting material that identifies the particular vote of a shareholder and contains the shareholder's request for confidential treatment will be kept confidential, except in the event of a contested proxy solicitation or as may be required by law. The Company may be informed whether or not a particular shareholder has voted and will have access to any comment written on a proxy, ballot, or other material and to the identity of the commenting shareholder. Under the policy, the inspectors of election at any shareholder meeting will be independent parties unaffiliated with the Company.

ELECTION OF DIRECTORS (Item 1)

The shareholders elect approximately one-third of the members of the Board of Directors annually. The Board is divided into three classes, as nearly equal in number as possible, with the members of each class serving three-year terms. Currently, the Board is comprised of twelve members, four whose terms expire at the 2005 Annual Meeting, four whose terms expire in 2006, and four whose terms expire in 2007. Effective as of the date of the 2005 Annual Meeting, the Board will be comprised of ten members, three whose terms expire at the 2006 Annual Meeting, three whose terms expire in 2007, and four whose terms expire in 2008. The reduction in number of members of the Board of Directors results from the resignations of Roger R. Hemminghaus and Joanne Winik and the Board of Directors' election not to fill the vacancies caused by Mr. Hemminghaus and Ms. Winik's resignations at this time.

The terms of Judith B. Craven, Arthur R. Emerson, Frank Markantonis, and Gasper Mir, III will expire at the 2005 Annual Meeting of Shareholders. The Board nominates Judith B. Craven, Arthur R. Emerson, Frank Markantonis, and Gasper Mir, III for election as directors to serve until the 2008 Annual Meeting of

Table of Contents

Shareholders and until their successors are elected and qualified. The Board of Directors recommends a vote FOR all such nominees.

The Board has nominated Frank Markantonis to serve until the 2008 Annual Meeting. Mr. Markantonis is an attorney whose principal client is Pappas Restaurants, Inc., an entity controlled by Harris J. Pappas and Christopher J. Pappas. Harris J. Pappas is currently serving until the 2006 Annual Meeting, and his brother, Christopher J. Pappas, is currently serving until the 2007 Annual Meeting, and, as with all directors, each of them would serve until his or her successor is duly elected and qualified. Pursuant to the terms of the First Amendment to Purchase Agreement dated June 7, 2004, entered into by and among the Company, Christopher J. Pappas and Harris J. Pappas, the Company agreed that Messrs. Pappas would have the right to nominate a number of directors for election to the board which, if such nominees are elected, would result in Messrs. Pappas having nominated three of the then serving directors of the Company. Messrs. Pappas are entitled to exercise this right for so long as they are both executive officers of the Company or they remain the holders of the Company's \$10 million in amended and restated convertible subordinated promissory notes dated June 7, 2004. Messrs. Pappas designated themselves and Frank Markantonis as their nominees for directors. The Board of Directors recommends a vote FOR Frank Markantonis.

All such nominees named above have indicated a willingness to serve as directors, but should any of them decline or be unable to serve, proxies may be voted for another person nominated as a substitute by the Board.

The following information is furnished with respect to each of the nominees and for each of the directors whose terms will continue after the Annual Meeting. Such information includes all positions with the Company and principal occupations during the last five years.

The Board currently has the following committees: Finance and Audit, Nominating and Corporate Governance, Personnel and Administrative Policy, Executive Compensation, and Executive. The Finance and Audit Committee and the Personnel and Administrative Policy Committee typically meet prior to each regularly scheduled meeting of the Board; otherwise, all committees meet as necessary to fulfill their responsibilities, including regular quarterly meetings of the Finance and Audit Committee with management and the Company's independent accountants to review the results of operations and the overall financial status of the Company. The committees have been directed by the Board to consider matters within their respective areas of responsibility and to make recommendations to the full Board for action on these matters. Only the Executive Committee is empowered to act on behalf of the Board, and the specific powers of that committee may be exercised only in extraordinary circumstances.

Prior to the date of the 2004 Annual Meeting, the Board adopted certain changes to the structure and membership of the Board's committees to comply with rules adopted by the New York Stock Exchange and the Securities and Exchange Commission during the past year. Membership and principal responsibilities of the current Board committees are described below.

Director Nominations

Director Qualifications and Nomination Process

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. The Committee may retain a third-party search firm to assist it in identifying candidates.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. The initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below.

If the Committee determines, in consultation with the Chairman of the Board and other members, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and report its findings to the Committee. The Committee then evaluates the prospective nominee against the standards and qualifications set out in our Corporate Governance Guidelines and the charter of the Nominating and Corporate Governance Committee, including:

A candidate's expertise and experience;

Independence (as defined by applicable New York Stock Exchange and SEC rules);

Financial literacy and understanding of business strategy, business environment, corporate governance, and board operation knowledge;

Commitment to our core values;

Table of Contents

Skills, expertise, independence of mind, and integrity;

Relationships with the Company;

Service on the boards of directors of other companies;

Openness, ability to work as part of a team and willingness to commit the required time; and

Familiarity with the Company and its industry.

The Nominating and Governance Committee also considers the diversity of, and the optimal enhancement of the current mix of talent and experience on, the Board and other factors as it deems relevant, including the current composition of the Board, the balance of management and independent directors, and the need for audit committee expertise.

In connection with its evaluation, the Committee determines whether to interview the prospective nominee and, if warranted, one or more members of the Committee, and others as appropriate, may interview prospective nominees in person. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

We did not pay any third party a fee to assist in the process of identifying or evaluating nominees for election at the 2005 Annual Meeting. We did not receive any director candidates for election at the 2005 Annual Meeting put forward by a shareholder or group of shareholders who beneficially own more than five percent of our common stock, other than Frank Markantonis as stated above. All nominees for election as directors at the 2005 Annual Meeting are incumbent directors of the Company standing for re-election.

Submission of Shareholder Nominations to the Board of Directors

A shareholder who wishes to recommend a prospective nominee for election to the Board should notify the Corporate Secretary, Luby's, Inc. 13111 Northwest Freeway, Suite 600, Houston, Texas 77040. The notice should be addressed to the attention of the Corporate Secretary or any member of the Nominating and Corporate Governance Committee in care of the Corporate Secretary. The notice should include whatever supporting material the shareholder considers appropriate. The Nominating and Corporate Governance Committee will also consider whether to nominate any person nominated by a shareholder pursuant to the provision of our bylaws relating to shareholder nominations as described in Director Nominations For 2006 Annual Meeting, below.

Shareholder Communications to the Board

Shareholders and other parties interested in communicating directly with the Chairman of the Board, the non-management directors as a group or the Board regarding the Company may do so by writing to the Chairman of the Board, in care of the Corporate Secretary at Luby's, Inc. 13111 Northwest Freeway, Suite 600, Houston, Texas, 77040, Attn: Corporate Secretary. Instructions on how to communicate with the Board are also available on our Investor Relations website, which can be reached through a link at <http://www.lubys.com/contactboard.asp>.

The Board has approved a process for handling letters received by the Company and addressed to non-management members of the Board. Under that process, our Corporate Secretary reviews all such correspondence that, in the opinion of the Corporate Secretary, deals with the function of the Board or committees thereof or that he otherwise determines requires their attention. Directors may at any time request copies of all correspondence received by the Company that is addressed to members of the Board. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of our internal audit department and handled in accordance with procedures established by the Finance and Audit Committee with respect to such matters.

Table of Contents

The Executive Committee met one time during the last fiscal year. The primary functions of this Committee are (1) to facilitate action by the Board between meetings of the Board; and (2) to develop and periodically review the Company's Corporate Governance Guidelines and recommend such changes as may be determined appropriate to the Board so as to reflect the responsibilities of the Board and the manner in which the enterprise should be governed in compliance with best practices.

Compensation of Directors

Each nonemployee director other than the Chairman of the Board is currently paid an annual retainer of \$25,000. The Chairman of the Board is currently paid an annual retainer of \$50,000. In addition to the base annual retainer of \$25,000, the Chairman of the Finance and Audit Committee is currently paid an additional annual retainer of \$7,000, and the Chairman of each other Board committee is currently paid an additional annual retainer of \$3,500. All nonemployee directors are also paid the following meeting fees for each meeting he or she attends: (i) \$1,500 per day for each meeting of the Board, including committee meetings attended on the same day as a meeting of the Board, so long as the total duration of the meeting(s) attended on that day exceeds four hours; (ii) \$750 per day for each meeting of the Board, including committee meetings attended on the same day as a meeting of the Board, if the meeting is conducted by telephone or its total duration is less than four hours; (iii) \$1,000 per day for each meeting of any Board committee held on a day other than a Board meeting day; and (iv) \$500 per day for each meeting of any Board committee conducted by telephone on a day other than a Board meeting day.

Under the Company's Nonemployee Director Stock Option Plan, as previously amended and restated (the Option Plan), nonemployee directors are periodically granted nonqualified options to purchase shares of the Company's common stock at an option price equal to 100% of fair market value on the date of grant. Each option terminates upon the expiration of ten years from the date of grant or one year after the optionee ceases to be a director, whichever first occurs. An option may not be exercised prior to the expiration of one year from the date of grant, subject to certain exceptions specified in the Option Plan. An amendment and restatement of the Option Plan has been submitted for approval by the shareholders at this meeting. See Nonemployee Director Stock Plan beginning on p. 16.

Pursuant to the provisions of the Option Plan, options were granted on February 26, 2004, to Judith B. Craven, Arthur R. Emerson, Jill Griffin, Roger R. Hemminghaus, J.S.B. Jenkins, Frank J. Markantonis, Joe C. McKinney, Gasper Mir, III, Joanne Winik, and Jim W. Woliver for 2,000 shares each, at an option price of \$4.47 per share.

Under the Company's Nonemployee Director Phantom Stock Plan, as amended and restated (the Phantom Stock Plan), nonemployee directors were previously required and encouraged to defer their director retainer and meeting fees into a phantom share account which is credited with dollar amounts in the form of phantom shares priced at current market value of the Company's common stock. Nonemployee directors were required to defer at least 50% of their director retainer fees until they acquired at least \$100,000 of the Company's common stock based on its average closing price over the preceding 365-day period. In addition, nonemployee directors were encouraged to defer the balance of their director retainer fees and their meeting fees into their respective phantom share accounts by provisions of the Phantom Stock Plan, which provides an additional credit to their account of 25% of any amounts voluntarily deferred. The phantom share accounts were also credited with dollar amounts equal to dividends, if any, paid on the common stock. When a participant ceases to be a director, the number of phantom shares in his or her account is converted into an equal number of shares of the Company's common stock.

The Company's Corporate Governance Guidelines have consistently required deferral of director retainer fees until the \$100,000 minimum market value threshold is met. Because the number of authorized shares under the Phantom Stock Plan has been fully depleted, directors may no longer defer payment into the Phantom Stock Plan of cash compensation which would otherwise be payable to nonemployee directors. However, if the amendment and restatement of the Company's Nonemployee Director Stock Option Plan is approved at the 2005 Annual Meeting, each Nonemployee Director (i) will receive quarterly grants of 2,500 shares of restricted stock, (ii) may elect to purchase shares of restricted stock with the director's annual

Table of Contents

meeting and retainer fees, and (iii) will be required to use at least \$10,000 of the annual \$25,000 retainer to purchase restricted stock. See discussion under Nonemployee Director Stock Plan beginning on p. 16.

The Company's Nonemployee Director Deferred Compensation Plan permits nonemployee directors to defer all or a portion of their directors' fees in accordance with applicable regulations under the Internal Revenue Code. Deferred amounts bear interest at the average interest rate of U.S. Treasury ten-year obligations. The Company's obligation to pay deferred amounts is unfunded and is payable from general assets of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company obtains certain services from entities owned and controlled by Christopher J. Pappas, President and Chief Executive Officer of the Company, and Harris J. Pappas, Chief Operating Officer of the Company, pursuant to the terms of an Affiliate Services Agreement dated August 28, 2001, and then amended and restated as of July 23, 2002. The types of services periodically provided to the Company by these entities are the supply of goods and other services necessary for the operation of the Company. When the Affiliate Services Agreement was amended, a Master Sales Agreement with such entities was entered into on July 23, 2002, to more properly reflect the current relationship between the Company and those entities regarding the provisions of services and goods.

During the 2004 fiscal year, the entities owned or controlled by Harris and Christopher Pappas (the Pappas Entities) provided goods to the Company under the Master Sales Agreement in the amount of approximately \$113,000. Conversely, no services were provided in fiscal 2003 relative to the Affiliate Services Agreement. Subsequent to August 25, 2004, and through November 30, 2004, the Company incurred costs in the amount of approximately \$47,000 from the Pappas Entities under either the Master Sales Agreement or the Affiliate Services Agreement.

Consistent with past practices, the Finance and Audit Committee of the Board reviewed on a quarterly basis all applicable amounts related to either the Master Sales Agreement or the Affiliate Services Agreement. That Committee is composed entirely of nonemployee directors.

The Company anticipates payments to such entities under the Affiliate Services Agreement and the Master Sales Agreement during the current fiscal year will not exceed \$500,000. Such payments will be primarily for goods purchased pursuant to the terms of the Master Sales Agreement. In the opinion of the Finance and Audit Committee, the fees paid by the Company for such goods and/or services are primarily at or below the level which the Company would pay for comparable goods and/or services (if available) from a party unaffiliated with the Company.

The Company is obligated under a separate agreement dated September 28, 2001, for the lease of real property for the Company's service center from the Pappas Entities. This lease agreement was amended on May 20, 2003, to expand the space leased by the Company. The proposal to amend the lease was reviewed by the Company's Internal Audit Department, evaluated by the Finance and Audit Committee of the Board, and evaluated and approved by the Board with Messrs. Pappas and Markantonis abstaining from such vote. The amount paid by the Company under this lease agreement was approximately \$82,000 in fiscal 2004. Subsequent to August 25, 2004, and through November 30, 2004, the Company incurred lease costs for the service center in the amount of \$20,400. The Company has contracted to pay \$6,800 per month in rent pursuant to said lease agreement to such entities during the current fiscal year. The Company is obligated to pay all related repairs and maintenance, insurance, and pro-rata portion of utilities under said lease.

The Company previously leased a location from an unrelated third party. That location is used to house increased equipment inventories due to store closures under the current business plan. The Company considered it more prudent to lease this location rather than to pursue purchasing a storage facility, as its strategy is to focus its capital expenditures on its operating restaurants. In a separate transaction, the third-party property owner sold the location to the Pappas Entities during the fourth quarter of fiscal 2003, with the Pappas Entities becoming the Company's landlord for that location effective August 1, 2003. The storage site complements the Houston Service Center with approximately 27,000 square feet of warehouse space. The

Table of Contents

amount paid by the Company under this lease arrangement was approximately \$69,000 in fiscal 2004. Subsequent to August 25, 2004, and through November 30, 2004, the Company incurred lease costs for the storage site of approximately \$17,000. The Company has contracted to pay \$5,559 per month in rent pursuant to said lease agreement to the Pappas Entities during the current fiscal year. The Company is obligated to pay all related repairs and maintenance, insurance, and pro-rata portion of utilities under said lease.

Late in the third quarter of fiscal 2004, Christopher J. Pappas and Harris J. Pappas became partners in a limited partnership which purchased a retail strip center in Houston, Texas. Messrs. Pappas own a 50% partnership interest. One of the Company's restaurants has rented approximately 7% of the space in that center since July of 1969. No changes were made to the Company's lease terms as a result of the transfer of ownership of the center to the new partnership. The amount paid by the Company pursuant to the terms of this lease since the Pappas's inclusion as partners was \$56,000 in fiscal 2004. Management is under instruction that no amendments can be made to this lease without the approval of the Finance and Audit Committee.

The Company entered into a purchase agreement (the Purchase Agreement) with Christopher J. Pappas and Harris J. Pappas on March 9, 2001. Pursuant to the terms of the Purchase Agreement, Messrs. Pappas became obligated to purchase convertible subordinated promissory notes (the Pappas Notes) from the Company in the aggregate amount of \$10 million upon satisfaction of certain conditions specified in the Purchase Agreement. Messrs. Pappas each purchased two convertible subordinated promissory notes dated June 29, 2001, from the Company in the face amounts of \$1.5 million and \$3.5 million each (the Original Notes), resulting in the receipt of \$10 million in proceeds by the Company. The Original Notes were unsecured, and the rights of Messrs. Pappas to receive payments under the Pappas Notes were subordinated to the rights of the Company's senior secured creditors. As previously reported in the Company's Current Report on Form 8-K filed May 23, 2003 and in the Company's periodic filings, the Company's default under the terms of its senior indebtedness which occurred in January of 2003 triggered a default under cross-default provisions in the Original Notes. In connection with the refinancing of the Company's senior indebtedness and with the negotiation of new employment contracts with Messrs. Pappas (to replace the contracts which expired in March of 2004), a committee of independent directors of the Company, which was advised by independent advisors, negotiated an amendment of the Original Notes. These negotiations resulted in the curing of all defaults under the Original Notes and the issuance of two new notes, each in the face amount of \$5 million to each of Christopher and Harris Pappas (the Amended Notes). Messrs. Pappas surrendered the Original Notes to the Company in connection with the issuance of the Amended Notes.

The Amended Notes accrue interest at an annual rate of prime plus 5.00% for as long as the senior debt equals or exceeds \$60 million. When the senior debt is reduced below \$60 million, interest will be prime plus 4.00%. In either case, the rate cannot exceed 12.00% or the maximum legal rate. The Amended Notes remain unsecured and remain subordinated to the rights of the holders of the Company's senior indebtedness. The Original Notes were convertible into the Company's common stock at \$5.00 per share for 2.0 million shares. The terms of the Amended Notes provides that, at the earlier of June 7, 2005, a default under the senior debt, or a change in control as that term is defined in the Amended Notes, the conversion price will lower from \$5.00 to \$3.10 per share. In addition, the Company agreed to certain limits on the amount of indebtedness that can incur while the Amended Notes are outstanding.

The Company has agreed to reserve shares held in treasury for issuance to the holders of the Amended Notes upon conversion of the debt. The Company's treasury shares have also been reserved for two other purposes—the issuance of shares to Messrs. Pappas upon exercise of the options granted to them on March 9, 2001, and for shares issuable under the Company's Nonemployee Director Phantom Stock Option Plan. In accordance with an agreement between Messrs. Pappas and the Company dated June 7, 2004, Christopher and Harris Pappas have agreed to limit their exercise of stock options to a number that will ensure the net treasury shares available are not exceeded. Pursuant to the terms of that agreement, the Company indicated that it will use reasonable efforts to list on the New York Stock Exchange additional shares which would permit full exercise of those options.

On July 23, 2002, the Company entered into an Indemnification Agreement with each member of the Board of Directors under which the Company obligated itself to indemnify each director to the fullest extent

Table of Contents

permitted by applicable law so that he or she will continue to serve the Company free from undue concern regarding liabilities. The Company has also entered into an Indemnification Agreement with each person becoming a member of the Board of Directors since July 23, 2002. The Board of Directors has determined that uncertainties relating to liability insurance and indemnification have made it advisable to provide directors with assurance that liability protection will be available in the future.

Section 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers, and any persons beneficially owning more than ten percent of the Company's common stock to report their initial ownership of the Company's common stock and any subsequent changes in that ownership to the Securities and Exchange Commission and the New York Stock Exchange, and to provide copies of such reports to the Company. Based upon the Company's review of copies of such reports received by the Company and written representations of its directors and executive officers, the Company believes that during the year ended August 25, 2004, all Section 16(a) filing requirements were satisfied on a timely basis.

CORPORATE GOVERNANCE

During fiscal 2003, the Board adopted amendments to the Company's Policy Guide on Standards of Conduct and Ethics, which applies to all directors, officers, and employees of the Company. The Board also adopted Supplemental Standards of Conduct and Ethics that apply to the Company's Chief Executive Officer, Chief Financial Officer, Controller, and all senior financial officers. These documents are available on the Company's website at www.lubys.com.

Code of Conduct and Ethics for All Directors, Officers, and Employees

In fiscal 2003, the Board amended the existing Policy Guide on Standards of Conduct and Ethics, which is applicable to all directors, officers, and employees, to comply with the amended corporate governance standards applicable to issuers whose securities are listed on the New York Stock Exchange. It is the intent of the Policy Guide on Standards of Conduct and Ethics to promote observance of fundamental principles of honesty, loyalty, fairness, and forthrightness and adherence to the letter and spirit of the law. There shall be no waiver of any part of the Policy Guide on Standards of Conduct and Ethics for any director or executive officer except by a vote of the Board or a designated Board committee that shall ascertain whether a waiver is appropriate under all the circumstances. The Company intends to disclose any waivers of the Policy Guide on Standards of Conduct and Ethics granted to directors and executive officers on the Company's website at www.lubys.com.

Code of Ethics for the Chief Executive Officer and Senior Financial Officers

During fiscal 2003, the Board also adopted Supplemental Standards of Conduct and Ethics that apply to the Company's Chief Executive Officer, Chief Financial Officer, Controller, and all senior financial officers (Senior Officers Code). The Senior Officers Code is designed to deter wrongdoing and to promote:

Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

Full, fair, accurate, timely, and understandable disclosure in reports and documents that a registrant files with, or submits to, the Commission and in other public communications made by the registrant;

Compliance with governmental laws, rules, and regulations;

The prompt internal reporting to an appropriate person or persons identified in the code of violations of the code; and

Accountability for adherence to the code.

Table of Contents

Waivers of the Senior Officers Code for the Chief Executive Officer, Chief Financial Officer, and the Controller are permitted only by a vote of the Board or a designated Board committee that shall ascertain whether a waiver is appropriate under all the circumstances. The Company intends to disclose any waivers of the Senior Officers Code granted to the Chief Executive Officer, Chief Financial Officer, or the Controller on the Company's website at www.lubys.com.

Corporate Governance Guidelines

For many years, the Company has had in place Corporate Governance Guidelines which evidence the views of the Company on such matters as the role and responsibilities of the Board, composition of the Board, Board leadership, functioning of the Board, functioning of committees of the Board, and other matters. These guidelines are reviewed at least annually and modified when deemed appropriate by the Board. On October 28, 2004, the Board of Directors adopted amendments to the Company's Corporate Governance Guidelines which were intended to clarify the Company's expectations concerning the composition of the Board of Directors. The current version of the Company's Corporate Governance Guidelines can be found on the Company's website at www.lubys.com/corporategovernanceguidelines.asp.

Receipt and Retention of Complaints Regarding Accounting and Auditing Matters

To facilitate the reporting of questionable accounting, internal accounting controls or auditing matters, the Company has established an anonymous reporting hotline through which employees can submit complaints on a confidential and anonymous basis. Any concerns regarding accounting, internal accounting controls, auditing, or other disclosure matters reported on the hotline shall be reported to the Chairman of the Finance and Audit Committee. These reports are confidential and anonymous. Procedures are in place to investigate all reports received by the hotline that concern questionable accounting, internal accounting controls, or auditing matters and to take any corrective action, if necessary. The Board shall be notified of these reports at every quarterly Board meeting, or sooner if necessary.

Any person who has concerns regarding accounting, internal accounting controls, or auditing matters may address them to the attention of Chairman, Finance and Audit Committee, Luby's, Inc., 13111 Northwest Freeway, Suite 600, Houston, Texas 77040.

Nonretaliation for Reporting

The Company's policies prohibit retaliation against any director, officer, or employee for any report made in good faith. However, if the reporting individual was involved in improper activity, the individual may be appropriately disciplined even if he or she was the one who disclosed the matter to the Company. In these circumstances, the Company may consider the conduct of the reporting individual in promptly reporting the information as a mitigating factor in any disciplinary decision.

APPOINTMENT OF AUDITORS (Item 2)

The Board of Directors of the Company has appointed the firm of Ernst & Young LLP to audit the accounts of the Company for the 2005 fiscal year. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting of Shareholders with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification of the appointment of auditors is not a matter which is required to be submitted to a vote of shareholders, but the Board of Directors considers it appropriate for the shareholders to express or withhold their approval of the appointment. If shareholder ratification should be withheld, the Board would consider an alternative appointment for the succeeding fiscal year. The affirmative vote of a majority of the shares present at the meeting in person and by proxy is required for ratification. The Board recommends that the shareholders vote FOR ratification of the appointment of Ernst & Young LLP.

NONEMPLOYEE DIRECTOR STOCK PLAN (Item 3)

The Company's Nonemployee Director Stock Option Plan was approved by the shareholders on January 13, 1995. It was amended by the Board of Directors on January 14, 1997, and by an amendment

Table of Contents

approved by the shareholders of the Company on January 20, 2000. The plan, as so amended, is referred to herein as the Original Plan.

On October 28, 2004, the Board of Directors approved further amendments and a restatement of the Original Plan, subject to the approval of the shareholders at the 2005 Annual Meeting. The Amended and Restated Nonemployee Director Stock Plan (referred to herein as the Amended Plan) is intended to fully restate the Original Plan effective as of the Annual Meeting date.

Original Plan. The Original Plan became effective on January 13, 1995. It provides for discretionary grants to directors who are not employees of the Company or its subsidiaries or affiliated entities of options to purchase common stock of the Company. The maximum number of shares of common stock issuable under the Original Plan is 200,000, subject to the adjustment provisions of the plan. Under the Original Plan, 82,669 shares of common stock remain available for future issuance.

The Nonemployee Directors as a group have received options under the Original Plan to purchase an aggregate of 117,331 shares of common stock of the Company at option prices equal to 100% of market value on the date of grant. None of these options have been exercised and all are outstanding. Each nominee for election as director at the 2005 Annual Meeting has received options under the Original Plan to purchase shares of common stock of the Company at option prices equal to 100% of market value on the date of grant for the number of option shares indicated:

Optionee	Number of Shares
Judith B. Craven	16,666
Arthur R. Emerson	16,666
Frank Markantonis	8,000
Gaspar Mir, III	8,000

Principal Changes. The principal changes in the Original Plan to be effected by the Amended Plan are:

(a) increasing the total number of shares of the Company s common stock issuable from 200,000 to 400,000;

(b) authorizing the award of shares of common stock of the Company which are restricted as to transferability for a stated period of time (Restricted Stock); and

(c) making shares of Restricted Stock available for purchase by Nonemployee Directors who elect to use their retainer or meeting fees paid to them by the Company for those purchases.

Summary. The following summary of the Amended Plan is qualified in its entirety by reference to the complete text of the Amended Plan attached as Annex B to this Proxy Statement. The term Company as used in this summary refers only to Luby s, Inc.

Purpose. The purpose of the Amended Plan is to promote the interests of the Company and its shareholders by strengthening the Company s ability to attract and retain the services of experienced and knowledgeable directors. To accomplish these objectives, the Amended Plan authorizes (i) award of options to purchase shares of the Company s common stock, (ii) award of shares of Restricted Stock, (iii) the purchase of Restricted Stock out of retainer and meeting fees paid to Nonemployee Directors, and (iv) the award of an additional twenty percent (20%) of the number of shares of any Restricted Stock purchased by a Nonemployee Director in excess of the amount of retainer and meeting fees which the Board requires be paid in Restricted Stock each year, thereby encouraging Nonemployee Directors to acquire an increased economic interest in the Company.

Administration. The Amended Plan will be administered by the Board of Directors.

Types of Awards. The Amended Plan authorizes the award of Restricted Stock and the granting of options. Options granted under the Amended Plan will be options which do not meet the requirements of Section 422 of the Internal Revenue Code, known as nonqualified stock options.

Participants. Persons entitled to participate under the Amended Plan are only directors of the Company who are not employees of the Company or a subsidiary of the Company or any other business entity in which

the Company, directly or indirectly, owns 50% or more of the capital or profits interest (Nonemployee Directors). Because they have submitted letters of resignation with effective dates of January 20, 2005, Ms. Winik and Mr. Hemminghaus are not eligible to participate in the Amended Plan. The current Board of Directors will be comprised of eight Nonemployee Directors as of the date of the Annual Meeting.

Shares. Subject to the adjustment provisions of the Amended Plan, the number of shares which may be issued in connection with Restricted Stock awards, Restricted Stock purchases, and upon the exercise of options, may not exceed 400,000 shares.

Grants. The Board of Directors shall select the Nonemployee Directors who are to be granted awards of Restricted Stock and options under the Amended Plan and shall determine the terms, conditions, and limitations applicable to each such award or option.

Adjustments. In the event of changes in outstanding shares of the Company s common stock described in the Amended Plan, appropriate adjustments in the shares as to which options are granted shall be made so that the proportionate interest of each optionee shall be maintained.

Price. The purchase price for any Restricted Stock, and the purchase price for shares of common stock payable upon exercise of the options, shall be 100% of fair market value on the date of grant of the Restricted Stock or the option, determined with reference to the average of the highest and lowest sales price of the Company s common stock on the New York Stock Exchange. The market value of the Company s common stock as of December 3, 2004, was \$7.53 per share.

Payment. Payment for shares purchased upon the exercise of an option may be made in cash, in shares of the Company s common stock, or in a combination of the two, at the time of purchase.

Restricted Stock Terms. Each share of Restricted Stock granted pursuant to an award or purchased by a Nonemployee Director out of retainer or meeting fees shall not be transferable for a period of three years from the date of grant or until the date on which the holder ceases to be a director of the Company, whichever first occurs.

Option Terms. Each option granted under the Amended Plan shall terminate ten years from the date of grant or one year from the date on which the optionee ceases to be a director of the Company, whichever first occurs. An option may not be exercised prior to the expiration of one year from the date of grant, with certain exceptions. Each option becomes exercisable immediately in the event of (i) death of the optionee, (ii) resignation or removal of the optionee as a director because of long-term disability, (iii) resignation of the optionee as a director after having served at least two full terms, and (iv) expiration of the optionee s term without being reelected after having served at least two full terms.

Transferability. An option shall not be assignable or transferable other than by will or the laws of descent and distribution. During an optionee s lifetime, an option can be exercised only by the optionee or his or her guardian or legal representative. Shares of Restricted Stock are not assignable or transferable until the period of restriction on transferability terminates.

Term, Amendment, and Termination. To the extent permitted by law, the Board of Directors may amend, suspend, or terminate the Amended Plan. However, shareholder approval is required of any amendment which (i) increases the maximum number of shares issuable under the plan other than pursuant to the adjustment provisions, (ii) changes the class of persons eligible to receive options and Restricted Stock, or (iii) must be approved by shareholders under rules of the Securities and Exchange Commission and the New York Stock Exchange. Subject to earlier termination, the Amended Plan will remain in effect until the maximum number of shares issuable under the plan have been issued.

Tax Consequences. The tax consequences of the issuance and exercise of options granted under the Amended Plan are set forth in Annex C to this Proxy Statement.

Shareholder Vote. The affirmative vote of a majority of the shares present at the meeting in person and by proxy is required for approval of the Amended Plan. The Board of Directors recommends that the shareholders vote FOR approval of the Amended Plan.

The actual awards of options and Restricted Stock to be received by Nonemployee Directors under the Amended Plan are not determinable in advance, because option grants, if any, under the Amended Plan will be determined annually by the Board without reference to a formula, and the actual number of shares of

Table of Contents

Restricted Stock issued to Nonemployee Directors will vary depending upon the minimum amount of each Nonemployee Director's compensation that the Board annually requires to be paid in the form of Restricted Stock and the amount of director compensation in excess of the mandatory minimum, if any, that each Nonemployee Director annually elects to receive in the form of Restricted Stock.

Therefore, the award disclosures included in the following table are estimated assuming that the Amended Plan was in effect during fiscal 2004 and that the eight continuing Nonemployee Directors elected to receive all of their 2004 director compensation in excess of the \$10,000 mandatory minimum in the form of Restricted Stock. However, if the estimate were prepared assuming that the Nonemployee Directors elected to receive none of their director compensation in the form of Restricted Stock (other than the \$10,000 mandatory minimum) then the total dollar value disclosed in column (a) of the table would be \$80,000 and the shares of Restricted Stock disclosed in column (b) would be approximately 10,624. The following table does not include an estimate of option grants, because options grants, if any, will be determined annually by the Board without reference to a formula.

SHAREHOLDER PROPOSAL (Item 4)

The proponent of the following shareholder proposal has notified the Company that he intends to cause the proposal set out below to be presented at the Annual Meeting. If the proponent, or a representative of the proponent who is qualified under state law, is present and submits the proposal for a vote, then the proposal will be voted upon at the Annual Meeting. In accordance with Federal securities regulations, we have included the proposal and its supporting statement exactly as submitted by the proponent. We are not responsible for the truthfulness or accuracy of any of the material provided by the proponent. The following proposal contains assertions that, in the judgment of the Board, are incorrect and in many cases are based solely on opinion and are not supported by fact. Rather than recite all of these inaccuracies and refute each of these assertions, the Board has recommended a vote against the proposal for the broader policy reasons set forth following the proponent's proposal.

Proponent's Proposal

RESOLVED: That the stockholders of Luby's, Inc., assembled in annual meeting in person or by proxy, hereby request that the Board of Directors take the needed steps to provide that at future elections of directors, new directors be elected annually and not by classes, as is now provided, and that on expiration of present terms of directors their subsequent elections shall also be on an annual basis.

REASONS

Shareholders' Vote to Declassify the Board of Directors at Luby's

Year 2001	Approved by 59.169% of votes cast
Year 2003	Approved by 60.511% of votes cast
Year 2004	Approved by 56.598% of votes cast

This proponent continues to believe that classification of the board of directors is not in the best interest of Luby's, Inc. and its shareholders because it makes a Board less accountable when all directors do not stand for election each year; the piecemeal election insulating directors and senior management from the impact of poor performance. The annual election of directors fosters board independence, a crucial element of good governance in today's corporate environment.

ACCOUNTABILITY TO SHAREHOLDERS

In 2003, it was wrong for Luby's to tell shareholders that this proposal was approved by 44.4% of the ballots cast, giving the impression that the recommendation failed when it actually passed by a sizable margin.

In 2004, it was wrong for Luby's to tell shareholders that the 2003 percent results were correct as stated.

In both instances, Luby's directors condoned these actions by witnessing the statements without saying a word.

Forbes Magazine's article Crony Capitalism questions "Are these people in the corner office tone-deaf? The public is clamoring for clean corporate governance, and here they are cutting themselves cute little side deals with shareholder's money."

FORBES June 21, 2004

While Forbes makes no specific reference to Luby's, it uses data from The Corporate Library's study of 2000 publicly held firms to find that the most common of all inside deals is the purchase or sale of insider's products or services.

Table of Contents

This proponent recommends the Forbes article as a great side by side read when examining the Luby s Proxy Statement section on Related-Party-Transactions.

Luby s continues to claim that it is acting in the best interest of shareholders. To assert that 56.598% of shareholders would vote against their own best interest is absurd. By failing to recognize last year s strong mandate, directors have defied 56.598% of the voting ownership of the company, adhering to a double standard of accepting votes for their own election while rejecting a proposal adopted by the same shareholders.

Directors should stop using the 80% super-majority rule as their defense in opposing this resolution, and allow declassification to stand the true and democratic test by submitting the issue to shareholders as a binding resolution.

If you are appalled by Luby s poor performance, indifference to past majority votes, and lack of accountability to shareholders, please vote to have the performance of all directors measured annually.

PLEASE MARK YOUR PROXY IN FAVOR OF THIS PROPOSAL.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE

AGAINST THE SHAREHOLDER PROPOSAL

Board s Statement Opposing the Proposal

The proponent presented this proposal at the 2003 and 2004 Annual Meetings of shareholders. Although the proposal received significant support in those years, the percentage of votes cast in favor of the proposal declined from the 2003 meeting to the 2004 meeting. In addition, in both such years the proposal received far less than the 80% of the outstanding shares necessary to amend the specific section of the Company s certificate of incorporation addressing the election of directors to require annual elections.

The Board believes that the best practices in corporate governance are achieved by focusing on the specific qualifications of directors, and ensuring that directors come from diverse backgrounds and have specific skills and experience which contribute to the Board and the operations of the Company. As of the date of the 2005 Annual Meeting, the Board will be comprised of ten members, all but three of whom are independent directors. Each current member of the Board brings valuable knowledge and experience to the Company and a majority of the directors at any given time will have prior experience as directors of the Company and will be familiar with the Company s business strategies and operations. The Board values the wisdom and insight that come with the institutional knowledge of its directors.

The Board has always taken seriously the significant support the proposal has received in past years and the sentiments of those shareholders voting in support of the proposal. Subsequent to the Annual Meeting in each of the last two years, the Personnel and Administrative Policy Committee of the Board, and then the full Board, undertook a review of the corporate governance structure of the Company, including the structure and function of the Board and its committees. In addition, the Personnel and Administrative Policy Committee and the full Board spent considerable time to extensively evaluate the proposal. As a result of this review and evaluation, the Board has concluded that the classification of director terms continues to provide significant benefits to the Company s shareholders.

In 1991, the Company s shareholders approved the current classification system for the Board, dividing the Board into three equal or nearly equal classes, each to serve for a term of three years, with one class elected each year. The staggered election of directors is a common practice that has been approved by the shareholders of many corporations. It is the Board s belief that a classified board provides for continuity and stability and enhances the Board s ability to implement the Company s long-term strategy and to focus on long-term performance. In addition, because a classified Board makes it more difficult for a substantial shareholder to change the entire Board abruptly without the cooperation of the incumbent Board, it enhances the ability of the Board to consider whether initiatives proposed by such a substantial shareholder are in the best interests of the Company and all of its shareholders. A classified Board permits a more orderly process for

Table of Contents

directors to consider, in the exercise of their fiduciary responsibilities, any and all alternatives to maximize shareholder value. To specifically address one of the proponent's issues, the Board also believes that directors who are elected to three-year terms are just as accountable to shareholders as directors who are elected on an annual basis. Directors have fiduciary duties that do not depend on how often they are elected.

Shareholders should be aware that approval of the proposal would not declassify the Board. To declassify the Board, the Board must propose to the shareholders an amendment to the relevant section of the certificate of incorporation, following which 80% of the total outstanding shares of common stock must approve the proposed amendment. Any shareholder approval of this proponent's proposal at the 2005 Annual Meeting would be only a recommendation to the Board. However, the Company completes a corporate governance review at least annually and, in the case of the past two years, more frequently when corporate governance reforms are proposed or enacted by government and regulatory organizations. If the current proposal receives substantial shareholder support at the 2005 Annual Meeting, the Personnel and Administrative Policy Committee and the Board will again carefully consider the proposal even if it, or a similar proposal, is not submitted for consideration at the 2006 Annual Meeting of shareholders.

One point made by the proponent must be addressed. The Company strongly disagrees with the proponent's characterization of the Company's consideration of action on the proposal over the last two years as indifferent and the proponent's statements that the Company's performance has been poor. The Company believes strongly that it adheres to the best practices in corporate governance for companies with characteristics similar to the Company.

Table of Contents**FINANCE AND AUDIT COMMITTEE REPORT**

The primary responsibility of the Finance and Audit Committee is to oversee the Company's accounting and financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the financial statements, and the independent auditor is responsible for auditing those financial statements.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management and the independent auditor the Company's audited financial statements in the Annual Report and their judgment about the quality and appropriateness of accounting principles and financial statement presentations, the reasonableness of significant judgments, the clarity of the disclosures in the financial statements, and major issues as to the adequacy of the Company's internal controls. In addition, the Committee discussed any matter required to be communicated under generally accepted auditing standards. The Committee discussed with the independent auditor matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Committee has discussed with the independent auditor the auditor's independence from the Company and management, including matters in the written disclosures provided by the independent auditor to the Finance and Audit Committee as required by the Independence Standards Board Standards No. 1 (Independence Discussions with Audit Committees). The Committee also considered the compatibility of nonaudit services with the independent auditor's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 25, 2004, for filing with the Securities and Exchange Commission. Based upon the recommendation of the Committee, the Board has affirmed the Committee's decision to retain Ernst & Young LLP as the Company's independent auditor for the 2005 fiscal year.

The Finance and Audit Committee has considered whether the provision of the above services other than audit services is compatible with maintaining Ernst & Young LLP's independence.

PREAPPROVAL POLICIES AND PROCEDURES

All auditing services and nonaudit services provided by Ernst & Young LLP must be preapproved by the Finance and Audit Committee. Generally, this approval will take place each year at the August meeting of the Finance and Audit Committee for the subsequent fiscal year and as necessary during the year for unforeseen requests. The nonaudit services specified in Section 10A(g) of the Securities Exchange Act of 1934 may not be provided by Ernst & Young LLP. Ernst & Young LLP will provide a report to the Chair of the Finance and Audit Committee prior to each regularly scheduled Finance and Audit Committee meeting detailing all fees, by project, incurred by Ernst & Young LLP year-to-date and an estimate for the fiscal year. The Chair of the Finance and Audit Committee will review the Ernst & Young LLP fees at each Finance and Audit Committee meeting. The Finance and Audit Committee will periodically review such fees with the full Board of Directors.

The de minimis exception was not used for any fees paid to Ernst & Young LLP.

EXECUTIVE COMPENSATION COMMITTEE REPORT

The Executive Compensation Committee of the Board presents the following report on executive compensation. The report describes the Company's executive compensation programs and the bases on which the Committee made recommendations for compensation decisions for fiscal 2004, with respect to the Company's executive officers (named in the compensation tables).

Compensation Objectives

The Committee annually evaluates the effectiveness of the Company's executive compensation program in incentivizing and rewarding executive performance that leads to long-term enhancement of shareholder value and encouraging executives who deliver such performance to continue with the Company for the long-term. The Company's executive compensation program currently consists of the elements summarized below.

Base Salary. Base salaries that are fair and competitive consistent with the Company's position in the foodservice industry are used to compensate ongoing performance throughout the year. Base salaries are reviewed annually.

Annual Bonus. Annual bonuses are awarded to executives based on an evaluation of both corporate performance and the executive's individual contribution to the long-term interests of shareholders.

Long-Term Incentives. Long-term incentives, such as stock options, are used to (i) incentivize performance that leads to enhanced shareholder value and (ii) encourage retention.

Stock Ownership. Stock ownership guidelines are used to more closely align the interests of the Company's executives with the interests of shareholders.

The Company's executive compensation program is designed to enable the Company to attract, retain, and motivate the highest quality of management talent.

Annual Base Salaries

The Committee annually advises the Board on the appropriateness and reasonableness of the base salaries to be paid to the Company's executive officers and approves base salaries and salary increases for executives. The Committee evaluates base salaries with reference to the Company's performance for the prior fiscal year and competitive compensation data, as well as a subjective evaluation of each executive's contribution to the Company's performance, each executive's experience, responsibilities, and management abilities. Company performance is measured by net income, total sales, comparable store sales, return on shareholders' equity, and other financial factors. Since compensation of the Chief Executive Officer and Chief Operating Officer is fixed by contract (See Executive Compensation Committee Report Compensation of Chief Executive Officer), the Committee's responsibility in regard to their compensation has been limited. The employment contracts for the Chief Executive Officer and Chief Operating Officer were negotiated in connection with their expiration in March of 2004 and have been extended through March of 2006. Members of the Committee, along with members of the Finance and Audit Committee, were involved in advising the Board on the appropriateness and reasonableness of the revised compensation packages for these executive officers.

Stock Options

The Committee administers the Company's stock option, ownership, and other equity-based compensation plans. Historically, the Committee generally considered on an annual basis the granting of incentive stock options to eligible executive officers and other key employees. The options, which were granted at 100% of market price on the date of grant, were typically for six-year terms. The number of option shares granted each year was typically determined by a formula based on a dollar amount divided by the option's exercise price. Because of changes in compensation practices and philosophies over the last few years, the Committee did not authorize any stock option grants in fiscal 2004. The Committee anticipates that it will place more emphasis on the use of restricted stock, stock appreciation rights, and other means of rewarding key employees in the future and that it will not be recommending the granting of stock options except in unusual circumstances.

Table of Contents**Stock Ownership Guidelines**

The Board of Directors has adopted guidelines for ownership of the Company's common stock by executives and directors to help demonstrate alignment of the interests of the Company's executives and directors with the interests of its shareholders. The guidelines provide that executives and directors are expected to attain the following levels of stock ownership within five years of election to the specified director or officer position:

Position	Share Ownership
Chief Executive Officer	4 times annual base salary
President and Senior Vice President	2 times annual base salary
Vice President	Equal to annual base salary
Nonemployee Director	Shares with a market value of at least \$100,000

Phantom stock and stock equivalents in the nonemployee director deferred compensation plan are considered common stock for purposes of the guidelines since they are, in effect, awarded in lieu of cash compensation for board services.

Stock Purchase Loans Made in 1999

During January and February 1999, to facilitate the purchase of Luby's stock by certain Luby's officers pursuant to Luby's Incentive Stock Plan, the Company guaranteed loans of approximately \$1.9 million related to open-market purchases of Company stock by various officers of the Company pursuant to the terms of a shareholder-approved plan. Under the officer loan program, shares were purchased by certain Luby's officers with funding obtained from JPMorgan Chase Bank (JPMorgan), one of the four members of the bank group that participates in the Company's credit facility. In accordance with the original terms of the agreements, these instruments only required annual interest to be paid by the individual debtors, with the entire principal balances due upon their respective maturity dates, which occurred during the first three months of calendar 2004, unless extended by the note holders. As of November 17, 2004, the notes had an aggregate outstanding balance of approximately \$575,000. None of the individual debtors under these officer loan notes is currently, and was not as of August 25, 2004, senior executives or directors of the Company.

The terms of the Company's agreement with JPMorgan provided that in the event of debtor defaults, the Company would be required to purchase the loans from JPMorgan Chase Bank, and become the holder of the notes. The purchased Company stock has been and could be used by borrowers to satisfy a portion of their loan obligation.

In connection with the refinancing of the Company's senior indebtedness in January of 2004, JPMorgan required the Company to secure its obligation to purchase any loans in default upon demand by JPMorgan in exchange for JPMorgan agreeing to defer the Company's obligation to purchase the loan until September 30, 2004. The Company secured that obligation with a letter of credit in the amount of \$1.2 million, being the aggregate outstanding balance of the loans, plus accrued interest, on June 7, 2004 which expired on September 30, 2004. In anticipation of the maturity of its obligation to purchase the loans, the Company worked out settlement agreements with some of the debtors pursuant to which the Company contributed an aggregate of approximately \$147,000 toward repayment of the loans and the debtors paid approximately \$297,000. In addition, the Company expects to become the owner of eight notes with an aggregate outstanding balance, plus accrued interest, of approximately \$556,000. The Company will attempt to collect the amounts owed under the notes it purchased through a variety of methods including, without limitation, pursuit of all available rights and remedies.

Employment Agreements

The Company is a party to employment agreements with Christopher J. Pappas (President and Chief Executive Officer) and Harris J. Pappas (Chief Operating Officer). The employment agreements were filed

Table of Contents

with the Securities and Exchange Commission as exhibits to the Company's Current Report on Form 10-Q, filed June 14, 2004. Each agreement provides for a fixed base annual salary of \$400,000 during the first year of the term of the agreements and \$300,000 during the second year of the term of the agreements, plus bonus compensation at the discretion of the Board or appropriate Board committee.

Change in Control Agreements

The employment agreements of Christopher J. Pappas and Harris J. Pappas each provide that the employee will be entitled to receive all of his compensation and benefits under the contract until March 31, 2006, if his employment is terminated by the Company without cause (as therein defined) or if he terminates his employment for good reason (as therein defined).

Salary Continuation Agreements

The Company currently has no salary continuation agreement, or agreement having similar effect, in place with any employee of the Company.

Deferred Compensation Plan

Beginning June 1, 1999, the Company maintained a Deferred Compensation Plan for all highly compensated employees, including the president and all senior vice presidents. The plan permitted highly compensated employees to defer a portion of their annual compensation into unfunded accounts with the Company. The deferrals mirror the results of a phantom investment portfolio theoretically (but not actually) invested in funds selected by each participant, including a Luby's, Inc. stock fund. None of the Named Officers (as that term is defined below under the heading "Executive Compensation") currently participates in the Deferred Compensation Plan. The Company terminated the plan after the end of fiscal 2003, and the funds were distributed in fiscal 2004.

Compensation of Chief Executive Officer

In fiscal 2004, the Company paid Christopher J. Pappas an annual base salary rate of \$100,000 through March 31, 2004 and an annual base salary rate of \$400,000 from and after the effective date of his new employment agreement with the Company, being March 31, 2004. The employment contract entered into with Mr. Pappas, which was approved by the Board in 2004, fixes Mr. Pappas' base salary at \$400,000 for the first year and \$300,000 for the second year. The contract expires on March 31, 2006. Pursuant to his original 2001 employment contract, Mr. Pappas was granted stock options on March 9, 2001, for 1,120,000 shares of common stock at \$5.00 per share. No new stock options have been granted to Mr. Pappas since March of 2001. See "Employment Agreements."

DEFERRED COMPENSATION

(b) The option price shall be 100% of the Fair Market Value of the shares at the time of the granting of the Option. Such Fair Market Value shall be determined by the Board pursuant to the provisions of Section 7.(e) hereof.

(c) (i) An Option shall terminate upon the expiration of ten years from the date the Option is granted or one year from the date the optionee ceases to be a director of the Company, whichever first occurs (the Expiration Date). In no event shall an Option be exercised after the Expiration Date.

(ii) To the extent that an Option is exercisable, it may be exercised by the optionee or the legal representative of the optionee or the legal representative of the optionee's estate. Except as provided in subsection (c)(iii) below, an Option may not be exercised prior to the expiration of one year from the date the Option is granted. Once an Option becomes exercisable, it may thereafter be exercised, wholly or in part, at any time prior to its Expiration Date.

(iii) Upon the occurrence of any of the following events prior to the Expiration Date of an Option, the Option shall become immediately and fully exercisable:

A. death of the optionee;

B. resignation or removal of the optionee as a director of the Company by reason of a physical or mental impairment which prevents the optionee from performing the duties of his or her directorship for a period of six months or more;

C. resignation of the optionee as a director of the Company after having served at least two full terms as a director; or

D. expiration of the optionee's term of office as a director of the Company, without being reelected to the Board, after having served at least two full terms as a director.

No Option shall be assignable or transferable other than by will or the laws of descent and distribution. During an optionee's lifetime, only the optionee or his or her guardian or legal representative may exercise an option.

(d) Payment for shares purchased upon exercise of an Option shall be made in full at the time of exercise of the Option. No loan shall be made or guaranteed by the Company for the purpose of financing the purchase of any optioned shares. Payment of the option price shall be made in cash, or by delivering Common Stock of the Company having a Fair Market Value (determined as provided in Section 7.(e)) at least equal to the option price, or a combination of Common Stock and cash. Payment in shares of Common Stock shall be made by delivering to the Company certificates, duly endorsed for transfer, representing shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to that portion of the option price which is to be paid in Common Stock. Whenever payment of the option price would require delivery of a fractional share, the optionee shall deliver the next lower whole number of shares of Common Stock and a cash payment shall be made by the optionee for the balance of the option price.

(e) Options granted under the Plan do not meet the requirements of Section 422 of the Internal Revenue Code and are commonly referred to as nonqualified stock options.

9. Listing and Registration

The Company, in its discretion, may postpone the issuance and delivery of shares issuable in connection with an Award, until completion of such stock exchange listing, or registration, or other qualification of such shares under any federal or state law, rule, or regulation, as the Company may consider appropriate. The Company may require any person entitled to shares issuable in connection with an Award to make such

representations and to furnish such information as the Company may consider appropriate in connection with the issuance of the shares in compliance with applicable law.

10. Adjustment Provisions

(a) If the Company shall at any time change the number of issued shares of Common Stock without new consideration to the Company (such as by stock dividend, stock split, recapitalization, reorganization, exchange of shares, liquidation, combination or other change in corporate structure affecting the Common Stock) or make a distribution of cash or property which has a substantial impact on the value of issued shares of Common Stock, the total number of shares of Common Stock reserved for issuance under the Plan shall be appropriately adjusted and the number of shares of Common Stock covered by each outstanding Option and the purchase price per share under each outstanding Option shall be adjusted so that the aggregate consideration payable to the Company and the value of each such Option shall not be changed.

(b) Notwithstanding any other provision of the Plan, and without affecting the number of shares reserved or available hereunder, the Board shall authorize the issuance, continuation or assumption of outstanding Options or provide for other equitable adjustments after changes in the shares of Common Stock resulting from any merger, consolidation, sale of assets, acquisition of property or stock, recapitalization, reorganization or similar occurrence in which the Company is the continuing or surviving Company, upon such terms and conditions as it may deem necessary to preserve the rights of Optionees and holders of shares of Common Stock that are subject to any restrictions under the Plan.

(c) In the case of any sale of assets, merger, consolidation or combination of the Company with or into another Company other than a transaction in which the Company is the continuing or surviving Company and which does not result in the outstanding Common Stock being converted into or exchanged for different securities, cash or other property, or any combination thereof (an Acquisition), any Optionee who holds an outstanding Option shall have the right (subject to the provisions of the Plan and any limitation applicable to the Option) thereafter and during the term of the Option, to receive upon exercise thereof the Acquisition Consideration (as defined below) receivable upon the Acquisition by a holder of the number of shares of Common Stock which would have been obtained upon exercise of the Option or portion thereof, as the case may be, immediately prior to the Acquisition. The term Acquisition Consideration shall mean the kind and amount of shares of the surviving or new Company, cash, securities, evidence of indebtedness, other property or any combination thereof receivable in respect of one share of Common Stock upon consummation of an Acquisition.

11. Change of Control

(a) Upon the occurrence of an event of Change of Control, as defined below, any and all outstanding Options shall become immediately vested and exercisable and any and all stock certificates representing shares awarded to a Nonemployee Director pursuant to the provisions of Section 7 hereof, shall be transferred to such Nonemployee Director.

(b) A Change of Control shall occur when:

(i) A Person (which term, when used in this Section 11, shall have the meaning it has when it is used in Section 13(d) of the Securities Exchange Act of 1934, as amended, (the Exchange Act), but shall not include the Company, any underwriter temporarily holding securities pursuant to an offering of such securities, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any Company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of Voting Stock (as defined below) of the Company) is or becomes, without the prior consent of a majority of the Continuing Directors (as defined below), the Beneficial Owner (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of Voting Stock (as defined below) representing twenty percent (20%) or more of the combined voting power of the Company's then outstanding securities; or

(ii) The stockholders of the Company approve and the Company consummates a reorganization, merger or consolidation of the Company or the Company sells, or otherwise disposes of, all or substantially all of the Company's property and assets, or the Company liquidates or dissolves (other than a reorganization, merger, consolidation or sale which would result in all or substantially all of the beneficial owners of the Voting Stock of the Company outstanding immediately prior thereto continuing to beneficially own, directly or indirectly (either by remaining outstanding or by being converted into voting securities of the resulting entity), more than fifty percent (50%) of the combined voting power of the voting securities of the Company or such entity resulting from the transaction (including, without limitation, an entity which as a result of such transaction owns the Company or all or substantially all of the Company's property or assets, directly or indirectly) outstanding immediately after such transaction in substantially the same proportions relative to each other as their ownership immediately prior to such transaction); or

(iii) The individuals who are Continuing Directors of the Company (as defined below) cease for any reason to constitute at least a majority of the Board of the Company.

(iv) For purposes of this Section 11, (i) the term "Continuing Director" means (A) any member of the Board who is a member of the Board immediately after the issuance of any class of securities of the Company that are required to be registered under Section 12 of the Exchange Act, and the term "Voting Stock" means all capital stock of the Company which by its terms may be voted on all matters submitted to shareholders of the Company.

12. Provision for Taxes

It shall be a condition to the Company's obligation to issue or reissue shares of Common Stock in connection with an Award that the participant pay, or make provision satisfactory to the Company for payment of, any federal or state income or other taxes which the Company is obligated to withhold or collect with respect to the issuance or reissuance of such shares.

13. Term of Plan

Subject to the provisions of Section 15 hereof, the Plan shall continue in effect until the maximum number of shares of Common Stock issuable under the Plan has been issued.

14. Restrictions on Exercise

Any provision of the Plan to the contrary notwithstanding, (i) no Option granted pursuant to the Plan shall be exercisable at any time, in whole or in part, prior to the shares of Common Stock subject to the Option being authorized for listing on the New York Stock Exchange and (ii) no Option granted pursuant to the Plan shall be exercisable at any time, nor shall any shares of Restricted Stock issuable pursuant to the Plan be issued, if issuance and delivery of the shares of Common Stock subject to the Award would be in violation of any applicable laws or governmental regulations.

15. Amendment and Termination

Subject to the limitation that the provisions of the Plan shall not be amended more than once every six months other than to comport with changes in the Internal Revenue Code, the Employee Retirement Income Security Act, applicable securities laws and applicable stock exchange regulations, or the rules thereunder, the Board may at any time amend, suspend or discontinue the Plan or alter or amend any or all Awards under the Plan to the extent permitted by law. However, no such action by the Board may, without approval of the shareholders of the Company, alter the provisions of the Plan so as to:

(a) increase the maximum number of shares of Common Stock that may be issued in connection with Awards granted under the Plan except pursuant to Section 10;

(b) change the class of individuals eligible to receive Awards under the Plan; or

Table of Contents

(c) effect any other amendment to the Plan for which approval of the Company's shareholders is required by Rule 16b-3 under the Exchange Act, or as a condition to the listing of shares on the NYSE.

16. Unfunded Plan

The Plan shall be unfunded. Neither the Company nor the Board shall be required to segregate any assets in connection with Awards issued pursuant to the Plan. Any liability of the Company to any Nonemployee Director with respect to an Award shall be based solely upon contractual obligations created by the Plan and any Award agreement. No such obligation shall be deemed to be secured by any pledge or any encumbrance on any property of the Company.

17. Governing Law

This Plan shall be governed by, construed, and enforced in accordance with the internal laws of the State of Delaware, and, where applicable, the laws of the United States.

ANNEX C

LUBY S, INC.

CERTAIN FEDERAL INCOME TAX ASPECTS

The following is only a general summary of the federal income tax effects to the participants and the Company of nonqualified stock options to be granted under the Amended Plan. There are a number of special tax rules which may be applicable under certain circumstances. This discussion is based on the provisions of the Internal Revenue Code of 1986 as amended (the Code), and regulations and rulings in effect on the date of this Proxy Statement, all of which are subject to change at any time. This summary does not address state, local, or non-U.S. taxation of options under the Amended Plan, which may differ significantly from federal income tax rules and regulations.

Options. For federal income tax purposes, the grant of a nonqualified stock option should not result in recognition of income by the optionee. Upon exercise of a nonqualified stock option by an employee who is not an officer or director, the excess of the fair market value of the shares on the exercise date over the option price will be considered as compensation taxable as ordinary income. If, however, at the time of exercise of the option, the optionee is a director of the Company or an officer as defined in Rule 16a-1 of the Securities and Exchange Commission, and if the sale of the stock at a profit within six months could subject such person to suit under Section 16(b) of the Securities Exchange Act of 1934 (the Exchange Act), the fair market value of the stock is determined, and the tax applicable thereto is incurred, at the end of such six-month period or at such earlier time as may be determined (i) by such person's election made within 30 days of the date of exercise to be taxed sooner, or (ii) by the occurrence of an event which causes Section 16(b) of the Exchange Act to become inapplicable to such person. In the event of a gain or loss realized upon the sale of the shares received upon exercise of a nonqualified stock option, the optionee will recognize long-term or short-term capital gain or loss, depending on the optionee's holding period for the shares.

With regard to nonqualified stock options, the Company will generally be entitled to a deduction for Federal income tax purposes at the same time and in the same amount as the ordinary income will be recognized by the optionee, provided that the amount of the compensation is reasonable and any Federal income tax reporting and withholding requirements are satisfied.

Under certain circumstances, the Company's deduction may also be limited by the provisions of Section 162(m) of the Code. Section 162(m) generally limits the Company's deduction for certain types of compensation paid to each of its Chief Executive Officer and its four highest compensated officers (other than the Chief Executive Officer) to no more than \$1 million per year.

Under the so-called golden parachute provisions of the Code, certain awards vested or paid in connection with a change of control may also be nondeductible by the Company and may be subject to an additional twenty percent (20%) federal excise tax. Nondeductible parachute payments will in general reduce the \$1 million limit on deductible compensation described above.

Restricted Stock Awards. If a participant receives an award of shares of common stock under the Amended Plan, the participant will generally not recognize taxable income at the award date, and the Company will not be entitled to a deduction at that time. Instead, unless the participant makes a valid election under Section 83(b) of the Code, the participant will generally recognize ordinary income at the time an award becomes vested (generally the first day following the third anniversary of the award date) in an amount equal to the fair market value of the common stock that becomes vested pursuant to such award (plus the amount of any dividend equivalents awarded with respect to the award), and the Company will be entitled to a corresponding deduction. If the participant makes a valid election under Section 83(b) with respect to restricted stock, the participant generally will recognize ordinary income at the date of issuance of the restricted stock in an amount equal to the difference, if any, between the fair market value of the shares at that date over the purchase price for the restricted stock, and the Company will be entitled to a deduction for the same amount.
