**GENERAL INFORMATION ABOUT VOTING**

**Solicitation of Proxies**

The enclosed proxy is solicited by and on behalf of our board of directors. The expense of soliciting proxies for the annual meeting of stockholders, including the cost of mailing, will be borne by us. We also intend to request persons holding shares of our common stock in their name or custody, or in the name of a nominee, to send proxy materials to their principals and request authority for the execution of the proxies, and we will reimburse such persons for their expense in doing so.

**Voting Securities**

Our outstanding voting equity securities include shares of our common stock and shares of our Series B-1 Cumulative Convertible Redeemable Preferred Stock ( Series B-1 Preferred Stock ). Each share of common stock and each share of Series B-1 Preferred Stock entitles the holder to one vote. As of March 19, 2007 there were outstanding and entitled to vote 72,936,841 shares of common stock and 7,447,865 shares of Series B-1 Preferred Stock. Only stockholders of record at the close of business on March 19, 2007 are entitled to vote at the annual meeting of stockholders or any adjournment of the annual meeting.

**Voting**

If you hold your common stock or Series B-1 Preferred Stock in your own name as a holder of record, you may instruct the proxies to vote your common stock or Series B-1 Preferred Stock by signing, dating and mailing the proxy card in the postage-paid envelope provided. You may also vote your common stock or Series B-1 Preferred Stock in person at the annual meeting of stockholders.

If your common stock or Series B-1 Preferred Stock is held on your behalf by a broker, bank or other nominee, you will receive instructions from them that you must follow to have your common stock or Series B-1 Preferred Stock voted at the annual meeting of stockholders.

**Counting of Votes**

A quorum will be present if the holders of a majority of the outstanding shares entitled to vote are present, in person or by proxy, at the annual meeting of stockholders. If you have returned valid proxy instructions or if you hold your shares in your own name as a holder of record and attend the annual meeting of stockholders in person, your shares will be counted for the purpose of determining whether there is a quorum. If a quorum is not present, the annual meeting of stockholders may be adjourned by the vote of a majority of the shares represented at the annual meeting until a quorum has been obtained.

The affirmative vote of a plurality of the shares of common stock and shares of Series B-1 Preferred Stock, voting together as a single class, cast at the annual meeting of stockholders is required to elect each nominee to our board of directors. The affirmative vote of a majority of the shares present and voting is required to ratify the appointment of Ernst & Young LLP as our independent auditors for the year ending December 31, 2007. For any other matter, unless otherwise required by Maryland or other applicable law, the affirmative vote of a majority of the shares of common stock and shares of Series B-1 Preferred Stock, voting together as a single class, present and voting at the annual meeting of stockholders is required to approve the matter.

If you abstain or withhold votes or your shares are treated as broker non-votes, your abstention, withheld vote or broker non-vote will not be counted as votes cast and will have no effect on the outcome in the election of our board of directors or the ratification of the appointment of Ernst & Young LLP as our independent auditors for the year ending December 31, 2007.

If you sign and return your proxy card without giving specific voting instructions, your shares will be voted FOR the nominees to our board of directors and FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors for the year ending December 31, 2007.

**Table of Contents**

**Right To Revoke Proxy**

If you hold shares of common stock or Series B-1 Preferred Stock in your own name as a holder of record, you may revoke your proxy instructions through any of the following methods:

notify our Secretary in writing before your shares of common stock or Series B-1 Preferred Stock have been voted at the annual meeting of stockholders;

sign, date and mail a new proxy card to Computershare Trust Company, N.A.; or

attend the annual meeting of stockholders and vote your shares of common stock or Series B-1 Preferred Stock in person.

You must meet the same deadline when revoking your proxy as when voting your proxy. See the Voting section of this proxy statement for more information.

If shares of common stock or Series B-1 Preferred Stock are held on your behalf by a broker, bank or other nominee, you must contact them to receive instructions as to how you may revoke your proxy instructions.

**Multiple Stockholders Sharing the Same Address**

The Securities and Exchange Commission (the SEC) rules allow for the delivery of a single copy of an annual report and proxy statement to any household at which two or more stockholders reside, if it is believed the stockholders are members of the same family. Duplicate account mailings will be eliminated by allowing stockholders to consent to such elimination, or through implied consent if a stockholder does not request continuation of duplicate mailings. Depending upon the practices of your broker, bank or other nominee, you may need to contact them directly to continue duplicate mailings to your household. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee.

If you hold shares of common stock or Series B-1 Preferred Stock in your own name as a holder of record, householding will not apply to your shares.

If you wish to request extra copies free of charge of any annual report, proxy statement or information statement, please send your request to Ashford Hospitality Trust, Inc., Attention: Stockholder Relations, 14185 Dallas Parkway, Suite 1100, Dallas, Texas, 75254 or call (972) 490-9600. You can also obtain copies from our web site at [www.ahtreit.com](http://www.ahtreit.com).

**PROPOSAL NUMBER ONE ELECTION OF DIRECTORS**

One of the purposes of the annual meeting of stockholders is to elect directors to hold office until the next annual meeting of stockholders and until their successors have been elected and qualified. Set forth below are the names, principal occupations, committee memberships, ages, directorships held with other companies, and other biographical data for the nominees for director, as well as the month and year each nominee was first elected as one of our directors. Also set forth below is the beneficial ownership of our shares of common stock as of March 19, 2007 for each nominee. This beneficial ownership figure does not necessarily demonstrate the nominee's individual ownership. No nominee owns any shares of Series B-1 Preferred Stock. For discussion of beneficial ownership, see the Security Ownership of Management and Certain Beneficial Owners section of this proxy statement. If any nominee becomes unable to stand for election as a director, an event that our board of directors does not presently expect, the proxy will

be voted for a replacement nominee if one is designated by our board of directors.

**The board of directors recommends a vote FOR all nominees.**

**BOARD OF DIRECTORS AND COMMITTEE MEMBERSHIP**

Our business is managed through the oversight and direction of our board of directors. Members of our board of directors are kept informed of our business through discussions with the chairman of the board of directors, Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of our board of directors and its committees.

During the year ended December 31, 2006, our board of directors held four regular meetings and seven special meetings. All directors standing for re-election attended, in person or by telephone, at least 75 percent of all meetings of our board of directors and committees on which such director served.

**Attendance at Annual Meeting of Stockholders**

In keeping with our corporate governance principles, directors are expected to attend the annual meeting of stockholders in person. All directors standing for re-election, other than Mr. Edelman, attended the 2006 annual meeting of stockholders.

**Board Member Independence**

Section 303A.02 Independence Tests of the NYSE Listed Company Manual describes the requirements for a director to be deemed independent by the NYSE, including the requirement of an affirmative determination by our board of directors that the director has no material relationship with us that would impair independence. The full text of our board of director's Corporate Governance Guidelines can be found in the Investor Relations section of our website at [www.ahtreit.com](http://www.ahtreit.com) by clicking INVESTOR RELATIONS, then CORPORATE GOVERNANCE, and then Corporate Governance Guidelines. In determining whether any of our director nominees has a material relationship with us that would impair independence, our board of directors reviewed both the NYSE Listed Company Manual requirements on independence as well as our own Guidelines. Our Guidelines provide that if any director receives more than

\$100,000 per year in compensation from the Company, exclusive of director and committee fees, he or she will not be considered independent. Our board of directors has affirmatively determined that, with the exception of Messrs. Archie Bennett, Jr. and Montgomery J. Bennett who are our chairman of the board of directors and Chief Executive Officer, respectively, all of the directors nominated for election at the annual meeting are independent of Ashford and its management under the standards set forth in the Corporate Governance Guidelines and the NYSE listing requirements.

**Table of Contents**

In making the independence determinations, our board of directors examined relationships between directors or their affiliates with Ashford and its affiliates including those reported below under the heading *Certain Relationships and Related Transactions* on page 32 and a transaction involving Messrs. Archie and Montgomery Bennett and Mr. Minami, which did not rise to the level of a reportable related party transaction but was taken into consideration by our board of directors in making independence determinations. In 2006, each of Messrs. Archie and Montgomery Bennett made a \$100,000 investment in a private company in which Mr. Minami holds a minority, non-controlling interest. Our board determined that neither this transaction nor our relationship with Eastdil Secured described in

*Certain Relationships and Related Transactions* impaired the independence of the directors involved. As a result, our board of directors is comprised of a majority of independent directors, as required in Section 303A.01 of the NYSE Listed Company Manual. Any reference to an independent director herein infers compliance with the NYSE independence tests.

**Board Committees and Meetings**

The current standing committees of our board of directors are the Audit Committee, the Compensation Committee and the Nominating/Corporate Governance Committee. Each of these committees has a written charter approved by our board of directors. A copy of each charter can be found in the Investor Relations section of our website at [www.ahfret.com](http://www.ahfret.com) by clicking *INVESTOR RELATIONS* and then *CORPORATE GOVERNANCE*. The members of the committees are identified in the table below, and a description of the principal responsibilities of each committee follows.

	<b>Audit</b>	<b>Compensation</b>	<b>Nominating/Corporate Governance</b>
Archie Bennett, Jr.			
Montgomery J. Bennett			
Martin L. Edelman			Chair
W.D. Minami	X		
W. Michael Murphy	X	Chair	X
Philip S. Payne	Chair	X	
Charles P. Toppino		X	

The *Audit Committee*, composed of three independent directors, met four times during 2006. This committee's purpose is to provide assistance to our board of directors in fulfilling their oversight responsibilities relating to:

The integrity of our financial statements;

Our compliance with legal and regulatory requirements;

The independent auditor's qualifications and independence; and

The performance of our internal audit function and independent auditors.

Our board of directors has determined that both Messrs. Payne and Minami are audit committee financial experts, as defined in the applicable rules and regulations of the Securities Exchange Act of 1934, as amended and that Mr. Murphy is financially literate.

The *Compensation Committee*, composed of three independent directors, met two times during 2006. This committee's purpose is to:

Discharge the board of director's responsibilities relating to compensation of our executives;

Review and discuss with management the annual Compensation Discussion and Analysis and recommend to the board of directors its inclusion in our proxy statement or annual report on Form 10-K;

Produce an annual report on executive compensation for inclusion in the our proxy statement; and

Oversee and advise the board of directors on the adoption of policies that govern our compensation programs, including stock and benefit plans.

**Table of Contents**

The *Nominating/Corporate Governance Committee*, composed of two independent directors, met three times during 2006. This committee's purpose is to:

Identify individuals qualified to become members of our board of directors;

Recommend that our board of directors select the director nominees for the next annual meeting of stockholders;

Identify and recommend candidates to fill vacancies occurring between annual stockholder meetings; and

Develop and implement our Corporate Governance Guidelines.

**Compensation Committee Interlocks and Insider Participation**

During fiscal 2006, Messrs Murphy, Payne and Toppino served on our Compensation Committee. No member of the Compensation Committee was at any time during fiscal 2006 or at any other time an officer or employee of the company, and no member had any relationship with the company requiring disclosure as a related-party transaction in the section *Certain Relationships and Related Transactions* of this proxy statement. No executive officer of the company has served on the board of directors or compensation committee of any other entity that has had one or more executive officers who served as a member of our board of directors or the Compensation Committee during fiscal 2006.

**Board Member Compensation**

The table below reflects the compensation we paid to each of our non-employee directors, other than the chairman of the board, for serving on our board of directors for the fiscal year ending December 31, 2006. The compensation paid to our chairman is reflected in the tables following the Compensation Discussion & Analysis below.

**Director Compensation**

<b>Name</b>	<b>Fees Earned or Paid in Cash</b>	<b>Stock Awards</b>	<b>Total</b>
Martin L. Edelman	\$ 53,750	\$ 37,152 <sup>(1)</sup>	\$ 90,902
W.D. Minami	46,000	37,152 <sup>(1)</sup>	83,152
W. Michael Murphy	61,250	37,152 <sup>(1)</sup>	98,402
Philip S. Payne	73,500	37,152 <sup>(1)</sup>	110,652
Charles P. Toppino	45,500	37,152 <sup>(1)</sup>	82,652

(1) Each independent director was granted 3,200 stock awards in 2006. These stock awards had a fair market value on the date of grant equal to \$37,152 and vested immediately. As a result, the expense recognized for financial reporting purposes for these stock awards in 2006, in accordance with FAS 123R, was equal to the fair market value of the common stock on the date of grant.

In late 2005, we retained a consulting firm, Gressle & McGinley, to assist us in a review of our director's compensation program. This study was undertaken in an effort to better understand how director compensation levels

and practices have changed in response to the additional time demands on directors, expansion of the director s oversight role and risk following adoption of the Sarbanes-Oxley Act. As a result of this review and partly in consideration of the consultant s recommendations, in February, 2006, we increased:

The annual board retainer for independent directors who did not serve as the chairman of one of our committees from \$20,000 to \$35,000;

The annual board retainer for the Audit Committee chair from \$35,000 to \$60,000;

The annual board retainer for the Compensation Committee chair from \$35,000 to \$50,000;

The annual equity grant from 2,000 to 3,200 immediately vested shares for each independent director;

The non-executive chairman retainer from \$200,000 to \$300,000; and

**Table of Contents**

The non-executive chairman fee for each in-person Board meeting from \$2,000 to \$3,000.

Each independent director was paid a fee of \$2,000 for each board of directors or committee meeting that he attended in person, except that the chairman of each committee was paid a fee of \$3,000 for each committee meeting that he attended in person and the chairman of the board was paid a fee of \$3,000 for each board of directors meeting that he attended in person. Each independent director and the chairman of our board were also paid a fee of \$500 for each telephone board or telephone committee meeting that he attended via teleconference.

In addition, we have historically reimbursed and will continue to reimburse all directors for reasonable out-of-pocket expenses incurred in connection with their services on the board of directors.

Further, our board has approved an equity compensation policy for our directors pursuant to which, following each annual meeting of stockholders at which an independent director is reelected to our board of directors, each such independent director will receive 3,200 shares of our common stock. These stock grants will be fully vested immediately. In accordance with this policy, we granted 3,200 shares of fully vested common stock to each of our independent directors in May 2006.

In addition to the equity compensation granted to our independent directors, we granted 80,000 shares of restricted common stock with three-year pro-rated vesting to our chairman in March 2006 based, in part, on his leadership role on the board during 2005 and 100,000 shares of restricted common stock with four-year pro-rated vesting to our chairman in March 2007 based, in part, on his leadership role on the board and contributions to key transactions during 2006.

In recognition of the more dynamic environment for director compensation, the board will review compensation levels for directors at our core peer companies, selected supplemental peer companies (as such terms are defined in Compensation Discussion & Analysis below) and other data on trends in director compensation on an annual basis and consider changes to the program as needed.

**OUR CORPORATE GOVERNANCE PRINCIPLES**

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the New York Stock Exchange (the NYSE ) and the corporate governance requirements of the Sarbanes-Oxley Act of 2002. We maintain a corporate governance section on our website which includes key information about our corporate governance initiatives including our Board of Director Guidelines, charters for the committees of our board of directors, our Code of Business Conduct and Ethics and our Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The corporate governance section can be found on our website at [www.ahtreit.com](http://www.ahtreit.com) by clicking INVESTOR RELATIONS and then CORPORATE GOVERNANCE.

Each director should perform, to the best of his ability, the duties of a director, including the duties as a member of a committee of our board of directors in good faith; in our best interests and the best interests of our stockholders; and with the care that an ordinarily prudent person in a like position would use under similar circumstances. This duty of care includes the obligation to make, or cause to be made, an inquiry when, but only when, the circumstances would alert a reasonable director to the need thereof. Directors are expected to attend all meetings of our board of directors and meetings of committees on which they serve. Directors are also expected to attend the annual meeting of stockholders.

Our Nominating/Corporate Governance Committee is responsible for seeking, considering and recommending to the board of directors qualified candidates for election as directors and recommending a slate of nominees for election as

directors at the annual meeting of stockholders. It also periodically prepares and submits to the board for adoption the Nominating/Corporate Governance Committee's selection criteria for director nominees. Before recommending an incumbent, replacement or additional director, our Nominating/Corporate Governance Committee reviews his or her qualifications, including personal and professional integrity, capability, judgment, availability to serve, conflicts of interest, ability to act on behalf of stockholders and other relevant factors. It reviews and makes recommendations on matters involving general operation of the board of directors and our corporate governance, and it annually recommends to the board of directors nominees for each committee of the

board. In addition, our Nominating/Corporate Governance Committee annually facilitates the assessment of the board of directors' performance as a whole and of the individual directors and reports thereon to the board. Our Nominating/Corporate Governance Committee has the sole authority to retain and terminate any search firm to be used to identify director candidates. Stockholders wishing to recommend director candidates for consideration by the committee can do so by following the procedures set forth below in the "Stockholder Procedures for Recommending Candidate for Director" section of this proxy statement. The Nominating/Corporate Governance Committee evaluates a candidate using the minimum criteria set forth above without regard to who nominated the candidate and will consider candidates recommended by stockholders provided that stockholders follow the procedure for submitting recommendations.

Our board of directors does not prohibit its members from serving on boards and/or committees of other organizations, and our board of directors has not adopted guidelines limiting such activities. The Nominating/Corporate Governance Committee and our board of directors will take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and making its recommendations for inclusion in the slate of directors to be submitted to stockholders for election at the annual meeting of stockholders.

Upon attaining the age of 75 and annually thereafter, a director will tender a letter of proposed retirement from our board of directors to the chairperson of our Nominating/Corporate Governance Committee. Our Nominating/Corporate Governance Committee will review the director's continuation on our board of directors, and recommend to the board whether, in light of all the circumstances, our board should accept such proposed retirement or request that the director continue to serve.

If the Chief Executive Officer resigns from his position with Ashford, he will tender to our board of directors a letter of proposed resignation from the board. Our Nominating/Corporate Governance Committee will review the director's continuation on our board of directors, and recommend to the board whether, in light of all the circumstances, our board of directors should accept such proposed resignation or request that the director continue to serve.

When a director's principal occupation or business association changes substantially from the position he held when originally invited to join our board of directors, the director will tender a letter of proposed resignation from the board to the chairperson of our Nominating/Corporate Governance Committee. Our Nominating/Corporate Governance Committee will review the director's continuation on our board of directors, and recommend to the board whether, in light of all the circumstances, the board should accept such proposed resignation or request that the director continue to serve.

## **OTHER GOVERNANCE INFORMATION**

return the questionnaire within the time frame provided to be considered for nomination by our Nominating/Corporate Governance Committee. Recommendations received between the period December 5, 2007 and January 4, 2008, will be considered for candidacy at the 2008 annual meeting of stockholders.

### **Meetings of Non-Management Directors**

Our board of directors will have at least two regularly scheduled meetings per year for the non-management directors without management present. At these meetings, the non-management directors will review strategic issues for our board of directors' consideration, including future agendas, the flow of information to directors, management progression and succession, and our corporate governance guidelines. The non-management directors have determined that the chairman of our Nominating/Corporate Governance Committee, currently Mr. Edelman, do will preside at such meetings. The presiding director is responsible for advising the Chief Executive Officer of decisions reached and suggestions made at these meetings. The presiding director may have other duties as determined by the directors. These meetings may also constitute meetings of our Nominating/Corporate Governance Committee, with any non-management directors who are not members of such committee attending by invitation. Stockholders may communicate with the presiding director or non-management directors as a group by utilizing the communication process identified in the Stockholder and Interested Party Communication with our Board of Directors' section of this proxy statement. If non-management directors include a director that is not an independent director, then at least one of the scheduled meetings should include only independent directors.

### **Director Orientation and Continuing Education**

Our board of directors and senior management conduct a comprehensive orientation process for new directors to become familiar with our vision, strategic direction, core values including ethics, financial matters, corporate governance practices and other key policies and practices through a review of background material and meetings with senior management. Our board of directors also recognizes the importance of continuing education for directors and is committed to provide such education in order to improve both our board of directors and its committees' performance. **COMPENSATION DISCUSSION & ANALYSIS**

The following discussion and analysis of compensation arrangements of our named executive officers (including our chairman, chief executive officer, chief financial officer and other executive officers appearing in the Summary Compensation Table) in 2006 should be read together with the compensation tables and related disclosures set forth elsewhere in this proxy statement. Although the chairman of our board is a non-executive chairman, we have elected to include discussion of the material terms of his compensation where appropriate in this section and the tables that follow. This discussion contains forward looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion

**Overview**

Ashford Hospitality Trust is a self-administered real estate investment trust listed on the NYSE (symbol: AHT) that invests in the hospitality industry across all segments and at all levels of the capital structure, including direct hotel investments, first mortgages, mezzanine loans, construction loans and sale-leaseback transactions. The company implements two successful strategies to manage its growth and deliver stockholder value: a portfolio management investment strategy and an internal growth strategy .

Our portfolio management investment strategy seeks to maximize stockholder returns while minimizing performance risk. Investments must meet targeted return requirements utilizing market research underwriting assumptions. Each investment is then evaluated on the relative contribution to our hotel portfolio in terms of total return, volatility, product type or brand, asset quality, asset location and diversification. Using this investment strategy, we are focusing on achieving optimal total return at any given point in a cycle by having the right asset mix. In determining what we believe is the right asset mix, we analyze both local market trends and national lodging and capital market fundamentals. While most of our investments are direct hotel investments, we also have supplemental strategies, such as structured finance and loan transactions that enhance and stabilize our returns. The core objectives of our portfolio management strategy are to increase value, dividends and dividend coverage through prudent investment allocations and an efficient capital structure.

Our internal growth strategy utilizes a variety of techniques to increase hotel performance and capital reinvestment. Each of our investments typically involves one or more of the following strategies: hotel brand change, price segment repositioning, capital expenditure upgrade, margin improvement through expense controls or top-line growth, outsized market recovery, initial high yield or capital reinvestment through sale of non-core assets from a portfolio transaction. The goals of our internal growth strategy are revenue per available room (RevPAR) growth, market penetration, and margin improvement to increase EBITDA and per share metrics. For 2006, proforma RevPAR growth was strong with an increase of 10.3% compared to 2005 for our 66 hotels in continuing operations. In addition, RevPAR penetration was strong in 2006 with a 240 basis point improvement in the weighted average proforma RevPAR penetration index (a comparison of RevPAR performance to a competitive set) for the 66 hotels in our continuing operations. Lastly, overall proforma hotel operating profit margins improved 26 basis points for all the hotels in continuing operations during 2006 compared to 2005.

This diversified approach is unique among other publicly-held REITs in the hospitality industry, and fosters the company's strategy to take advantage of current lodging industry conditions and flexibility to adjust to market conditions over time. We must continually review the state of the market to determine when to exit certain individual hotels because of local market conditions, when to seek more secure mortgage investments and when to consider slowing or accelerating our investment program. We believe it is prudent to continually modify our investment

philosophy during the course of performance cycles rather than adhere to an inflexible story. As a result of this strategy, our compensation programs must be reflective of company performance and actions that we deem to be critical to our long-term growth and profitability, and our compensation programs must also be flexible so that they remain aligned with the targets and goals critical to the company in any given year.

One of the most important objectives in the past few years has been to capitalize on the current market cycle which has resulted in an increase in our total enterprise value, which is calculated as the company's total market capitalization, including preferred equity, plus total debt obligations (within the board's approved leverage levels),

less available cash. In 2006, this value increased by approximately \$700 million to \$2.2 billion, exceeding expectations by more than \$200 million. The company deemed this accomplishment to be critical to growing and sustaining a business that only four years ago had an enterprise value of approximately \$163 million. Over the same period, we have been able to increase our dividend to an annualized \$0.84 in March 2007 based on increased cash flow from operations. Likewise, the executive team enabled the company to substantially meet or exceed all of the objectives established by the committee for 2006 which resulted in compensation commensurate with performance in 2006.

### **Compensation Objectives & Philosophy**

We believe that the compensation paid to our executive officers should be reflective of the overall performance of our company on both a short-term and a long-term basis. The cumulative compensation packages we offer should reward past successes as well as motivate and retain the executives needed to maximize the creation of long-term stockholder value in a competitive environment. Most of our management team has been working together for almost twenty years, and the company believes that the synergies among the management team, along with their cumulative knowledge and breadth of experience, was a key factor in the company's exponential growth since its inception. Thus, retention of our key talent is a particularly important objective. The company believes that in the current business environment, the company's public reporting peers (discussed below), as well as private equity investors, investment banks and real estate development companies continually and aggressively are seeking seasoned hospitality investment professionals with the expertise held by our named executive officers. The company's compensation programs are designed in part to deflect the opportunities that are available in these competitive spheres. The compensation committee believes that the uniqueness of our business, our strategic direction and the required caliber of employees needed to execute our business strategy require that each element of compensation be determined giving due consideration to each of the following factors:

Overall company performance;

Responsibilities within our company;

Completion of individual business objectives (which objectives may vary greatly from person to person);

Contributions toward executing our business strategy;

Amount and form of prior compensation; and

Competitive market benchmark information, as available.

Our compensation committee believes that each of the above factors is important when determining our executives individual compensation levels, but no specific weighting or formula regarding such factors is used in determining compensation.

### **Role of the Compensation Committee**

Compensation for our executive officers is administered under the direction of our compensation committee. In its role as the administrator of our compensation programs, our compensation committee recommends the compensation of our named executive officers to the board, with the independent members of the board ultimately approving all executive compensation decisions. A full description of the compensation committee's roles and responsibilities can be found in its charter which is posted to our website at [www.ahtreit.com](http://www.ahtreit.com).

In the past, the compensation committee engaged compensation consultants to provide information regarding peer group compensation. In 2005, the committee retained the services of FPL Associates L.P. to provide market benchmarking data with respect to the compensation of our named executive officers. In 2005, the committee also retained the services of Gressle & McGinley to provide market benchmarking data with respect to the compensation of our non-employee directors. In 2007, the committee retained the services of Pearl Meyer & Partners to provide assistance with the preparation of this compensation discussion and analysis, conduct a market benchmarking evaluation for our named executive officers and assist the committee in the review and development of compensation programs that will reflect the challenges of operating a larger company in an investment climate that may subject the company to unpredictable business cycles.

**Table of Contents**

**Interaction with Management**

Our compensation committee regularly meets in executive session without management present. Executives generally are not present during compensation committee meetings, except, when requested, our chief executive officer does attend all or part of certain compensation committee meetings. Our chief executive officer, considering each of the factors outlined above, annually reviews the compensation for each named executive officer and makes recommendations to our compensation committee regarding any proposed adjustments. Any recommendations for interim modifications to salaries are also based on the factors outlined above and are made by the chief executive officer to the compensation committee. Final compensation decisions are ultimately made in the sole discretion of the compensation committee and approved by the independent directors of the Board.

**Benchmarking**

Compensation levels for our named executive officers are determined based on a number of factors, including the compensation levels in the marketplace for similar positions. Specifically, in making its determinations of incentive awards based on 2005 performance (which were paid or granted in 2006), the committee analyzed the compensation practices and levels of executives within the following six companies, which we refer to as core peer companies that were selected based on similarity to us in function, size and scope. In addition to an annual review of compensation data for the core peer companies, the committee periodically reviews additional compensation data for other hotel REIT companies, which we refer to as our supplemental peer companies that are not as similar to the company as the core peer companies.

**Core Peer Companies**

DiamondRock Hospitality Co.  
 FelCor Lodging Trust Inc.  
 Host Hotels & Resorts Inc,  
 LaSalle Hotel Properties  
 Strategic Hotels & Resorts, Inc.  
 Sunstone Hotel Investors Inc.

**Supplemental Peer Companies**

Eagle Hospitality Properties Trust Inc.  
 Equity Inns Inc.  
 Highland Hospitality Corp.  
 Hospitality Properties Trust  
 Winston Hotels Inc.

In general, the committee believes that the compensation levels for our private competitors is above that of publicly traded companies, and that the private competitors compete heavily, if not more than, the public peers for the type of executive talent we have on our management team. In addition, due to the company's unique niche in the hotel-REIT sector, the committee believes it would be inappropriate to use the compensation of executives of these public companies as its only basis for comparison. Furthermore, the company has been successful in pursuing its significant growth objectives on an expedited schedule, and few companies in the hotel-REIT sector can demonstrate an equivalent growth trajectory. Given these limitations regarding the comparability of public market compensation data, the committee periodically reviews the public market data, but places at least equal importance on the business judgment of the experienced industry professionals among the board members and a review of each executive's compensation level relative to that of the other executives. In 2007, the committee has engaged Pearl Meyer & Partners to recommend and assist in obtaining additional resources for private market compensation data.

In addition to considering public and private compensation data, the compensation committee must also consider the unique roles that each of the named executive officers of the company holds in benchmarking compensation by position. Specifically, each of our named executive officers performs duties that are traditionally assigned to multiple senior officers in competitive companies. The chief financial officer, by way of example, has had the role of

performing pre-acquisition due diligence of target assets as well as the role of asset management of acquired assets. The chief operating officer is charged with capital markets activities and is also head of acquisitions, responsible for securing our investments. The chief legal officer and head of transactions has the mandate to negotiate the terms of, and close, all acquisition and disposition transactions and equity and debt financings, in addition to the normal duties associated with the office of the general counsel and corporate secretary. The company's unusual division of responsibilities has created a cohesive and extremely streamlined management system, which enables the company to operate with a smaller staff of senior executives than would be expected of a company undertaking the growth that we have experienced. Therefore, while the compensation committee considers available peer compensation data, it recognizes that important adjustments must be considered in setting benchmarks for each named executive officer.

**Table of Contents**

Together with its consideration of the unique roles of each named executive officer, the committee also considers the time commitment of the chief executive officer to the company in relation to his duties as chief executive officer and President of Remington Hotel Corporation and as an executive officer of the general partner of Remington Lodging or its affiliates. Based on its review, the committee has determined that those business activities are generally beneficial to the company and, in accordance with the chief executive officer's employment agreement, do not materially interfere with his duties to the company. Therefore, the committee follows a compensation philosophy for the chief executive officer that is comparable with the philosophy for the other named executive officers.

Because of the company's unique business strategy, the company's senior executives must demonstrate the financial acumen, decision-making and leadership abilities commonly required in other businesses such as financial services, investment management and private equity. Although the committee does not benchmark the company's executive compensation levels against those of senior executives in these business segments, we believe it is appropriate, in view of our objective to retain key senior executives, to consider the incentive plan design features and pay practices for these parallel, but distinct businesses.

Based on our review of the information available related to the compensation levels for executives in the public and private markets and in recognition of the exponential growth in assets achieved by the management team and the challenges of implementing and integrating an ambitious acquisition strategy, the committee targets total compensation in the top quartile for the public hotel REITs listed above. Actual total compensation may fall below or rise above the targeted level based on performance achievement.

**Elements of Compensation**

In 2006, the primary elements of our executive compensation packages included: (i) base salaries; (ii) annual bonuses; (iii) restricted stock awards and (iv) other executive programs and benefits. Each element is described in more detail below.

*Base Salaries.* The base salaries of our named executive officers are reviewed on an annual basis. Any increases to the base salaries of the executive officers are based on a subjective evaluation of such factors as the level of responsibility, individual performance, level of pay of the executive in question and other similarly situated executives. In March 2006, the chief executive officer recommended to the compensation committee increases in the base salaries for each of the other executive officers, retroactive to January 1, 2006. The compensation committee approved increases in the past several years as follows:

Executive	Base Salary			Year-Over-Year % Growth	
	2004	2005	2006	04-05	05-06
Montgomery J. Bennett	\$ 425,000	\$ 467,500	\$ 650,000	10.0%	39.0%
David J. Kimichik	260,000	286,000	325,000	10.0%	13.6%
Douglass A. Kessler	300,000	360,000	500,000	20.0%	38.9%
David A. Brooks	260,000	286,000	325,000	10.0%	13.6%
Mark L. Nunneley	150,000	181,500	220,000	21.0%	21.2%
Archie Bennett, Jr.	200,000	200,000	300,000	0.0%	50.0%
Total	\$ 1,595,000	\$ 1,781,000	\$ 2,320,000	11.7%	30.3%
	\$ 654.7	\$ 1,534.9	\$ 2,234.9	134.4%	45.6%

Total Enterprise Value at fiscal year end  
(\$ Millions)<sup>(1)</sup>

(1) Total enterprise value is calculated as the company's total market capitalization, including preferred equity, plus total debt obligations, less available cash.

Such adjustments were made after consideration of the company's dramatic increase in size and complexity from inception, as demonstrated by the change in total enterprise value (shown above and calculated as the company's total market capitalization, including preferred equity, plus total debt obligations, less available cash), individual performance and the committee's desire to retain the services of a senior management group that has

**Table of Contents**

enough experience working together as a team to act quickly and cohesively to create and take advantage of competitive business opportunities.

In March 2007, our chief executive officer made additional recommendations to the compensation committee with respect to increases in the base salaries for each of our executive officers other than himself. Based on these recommendations and the compensation committee's own review of our chief executive officer's salary in the context of his performance, the compensation committee and our board approved increased base salaries, retroactive to January 1, 2007, as follows:

- chief executive officer \$700,000 (7.7% increase)
- chief financial officer \$350,000 (7.7% increase)
- chief operating officer \$550,000 (10.0% increase)
- chief legal officer \$375,000 (15.4% increase)
- chief accounting officer \$275,000 (25.0% increase)

In the case of Mr. Nunneley, our chief accounting officer, the committee approved a larger salary increase from 2006 to 2007 than other named executive officers in recognition of his active role in the successful integration of recent significant acquisitions.

*Annual Bonuses.* Executive officers generally receive annual bonuses in March of the year following the fiscal year with respect to which such bonuses are awarded. The employment agreements of each of the executive officers initially included a fixed bonus range, whereby the executive was guaranteed a minimum bonus at the low end of the range but could not receive a bonus in excess of the high end of the range. In March 2006, our compensation committee determined that in order to foster the company's pay-for-performance philosophy, the employment agreements should be revised so that the contracts no longer contained a fixed bonus range, but instead now include a targeted bonus range for each executive officer.

Annual bonus ranges are expressed as a percentage of salary. The targeted range for each executive did not change from the range set forth for such executive in his initial employment agreement, but the compensation committee reserved the right to utilize its discretion to either pay a bonus above or below the targeted range based on a subjective evaluation of the executive's individual performance and responsibilities. Mr. Bennett's targeted annual bonus range is 75% to 125% of his base salary. Mr. Kimichik's targeted annual bonus range is 30% to 90% of his base salary. Mr. Kessler's targeted annual bonus range is 50% to 100% of his base salary. Mr. Brooks' targeted annual bonus range is 30% to 90% of his base salary. Mr. Nunneley's targeted annual bonus range is 20% to 60% of his base salary. The committee generally aims to keep annual cash bonuses within the targeted ranges discussed above, and instead, favors an emphasis on long-term incentive awards to create an ownership culture and provide an upside opportunity in reward for superior performance.

The performance goals and objectives under the company's annual incentive plan are developed annually by senior management and approved by our board of directors. These objectives have historically included annual operating goals, as well as growth objectives designed to rationally expand the portfolio of hotel, mezzanine loan and other lodging related investments in concert with the short- and long-term predictions for hospitality industry performance on the national, regional and key city basis. Generally, the compensation committee and the Board have weighed the total enterprise value (both in terms of size and quality) of the company as a key objective for management since the initial public offering in 2003. Other key business objectives for 2006 included:

Manage the hotel portfolio through aggressive, appropriate, interaction with the management companies charged with day-to-day operations;

Achieve budgeted performance level for the reported cash available for distributions, or CAD, and reported adjusted funds from operations, or AFFO, per share;

Raise additional equity capital with deployment by year-end in accretive investments;

Explore alternatives and secure low-cost financing for the lending program;

**Table of Contents**

Recycle capital via asset sales;

Substantially increase the frequency of meetings with investors, analysts and sales force;

Expand retail distribution of our stock; and

Expand and upgrade analyst coverage.

While there is no specific formula or weighting assigned to any one of these factors, the committee carefully analyzes each of these factors in making its recommendations with respect to appropriate levels of annual and long-term compensation. For 2006, the committee determined that management had met and exceeded these goals, with several significant accomplishments, including:

Substantial increases in CAD and AFFO per share, with a significantly larger share base;

\$135 million of equity raised in January 2006 and \$170 million of equity raised in July 2006;

\$648 million of capital deployed by year-end;

Sale of hotel properties totaling \$113 million;

260 meetings with 150 different investors in 2006 compared with 50 investor meetings in 2005;

Retail distribution as of 12/31/06 increased to 25% from 16% at year-end 2005; and

Coverage expanded to 11 investment analysts.

The committee also noted management's efforts and discipline in evaluating new investments and sources of financing while effectively managing our capital structure to maintain a low cost of debt.

After assessing each of these objectives, the compensation committee awarded bonuses ranging from \$200,000 to \$812,500 to the named executive officers, as shown in the table below. Pursuant to his non-compete agreement, Mr. Archie Bennett, Jr. does not participate in the annual bonus program.

	<b>Salary</b>	<b>Bonus<sup>(1)</sup></b>	<b>Bonus as % of Salary</b>	<b>Targeted Bonus Range</b>
Montgomery J. Bennett	\$ 650,000	\$ 812,500	125%	75% to 125%
David J. Kimichik	325,000	265,000	82%	30% to 90%
Douglas A. Kessler	500,000	550,000	110%	50% to 100%
David A. Brooks	325,000	292,500	90%	30% to 90%
Mark L. Nunneley	220,000	200,000	91%	20% to 60%
Archie Bennett, Jr.	300,000	n/a	n/a	n/a

(1) Reflects bonus earned for 2006 performance, which was paid in March 2007.

In light of the strong company and individual performance factors achieved during 2006, the committee determined that annual bonuses should generally be at the top of the targeted bonus range. In addition, for two named executive officers, Messrs. Kessler and Nunneley, the committee awarded one-time annual bonuses above the targeted bonus range in recognition of the extraordinary accomplishments of these executives in connection with the transactions that were negotiated during 2006. In the case of Mr. Nunneley, the committee also considered the complexity of maintaining the highest quality financial reporting and accounting controls while navigating significant growth in business operations.

*Restricted Stock Awards.* In May 2005, our stockholders approved our Amended and Restated 2003 Stock Incentive Plan. Pursuant to the provisions of this plan, our compensation committee has the authority to (i) administer the plan, (ii) interpret the plan and (iii) grant stock options, purchased stock, bonus stock, stock appreciation rights, phantom stock, restricted stock, performance awards or other stock or performance-based awards to our employees, our non-employee directors and certain of our consultants or advisors. The compensation committee believes that our named executive officers should have an ongoing stake in the long-term success of our business. The compensation committee also believes that our named executive officers should have a considerable portion of their total compensation paid in the form of stock. This element of the total compensation program is intended to align the executive's interest to that of our stockholders through the granting of restricted stock and,

**Table of Contents**

possibly, other incentive-based awards. While the plan allows our compensation committee to rely on any relevant factors in selecting the size and type of awards granted under the plan, in practice, the same philosophy used in determining the other elements of compensation, including the annual objectives described above, are used in determining such awards. Also, while the plan allows for various types of awards, the compensation committee has historically chosen to grant only restricted stock awards with multi-year step vesting. Given the dynamic and diversified nature of this company, which was only formed four years ago, the committee deemed time-based restricted stock to be the most prudent form of long-term compensation to supplement the total compensation package and promote stock ownership by executives early in the company's history. It also served to facilitate the objectives of ensuring retention of critical talent from the company's inception. In furtherance of our philosophy of rewarding executives for future superior performance, prior stock compensation grants are not considered in setting future compensation levels. However, the degree to which prior restricted stock awards are vested is considered in assessing retention risk.

Grants of equity-based awards are typically made on the date of the compensation committee's meeting in the end of March. The value of the award is determined with respect to the closing price of our stock on the date of grant. In March 2006, the compensation committee granted 500,000 shares of restricted common stock to our named executive officers, of which 180,000 shares were granted to our chief executive officer, 150,000 shares were granted to our chief operating officer, 70,000 shares were granted to each of our chief legal officer and our chief financial officer, and 30,000 shares were granted to our chief accounting officer, in each case based, in part, on the performance of these executive officers during 2005. On March 27, 2007, based primarily on our review of the performance achievements during 2006 relative to the goals initially identified as key priorities and each executive's contributions toward these achievements, the compensation committee granted 612,500 shares of restricted common stock to our named executive officers, of which 215,000 shares were granted to our chief executive officer, 180,000 shares were granted to our chief operating officer, 87,500 shares were granted to our chief legal officer, 80,000 shares were granted to our chief financial officer and 50,000 shares were granted to our chief accounting officer. In addition, in consideration of the role of our chairman in advancing the company's business strategy by building on the depth of his industry relationships and expertise, the committee granted 80,000 shares of restricted common stock to our chairman in March 2006 and 100,000 shares in March 2007.

The restricted stock granted to each of our executive officers in 2006 vests in equal annual installments on each of the first three anniversaries of the grant date and the restricted stock granted to each of our executive officers in 2007 vests in equal annual installments on each of the first four anniversaries of the grant date; however, in each case, dividends are paid on the unvested restricted stock grants from the date of grant. We feel that the time-vesting nature of the restricted stock grants furthers our goal of long-term retention of our executives, while the payment of dividends prior to vesting serves as a current incentive for the performance necessary to obtain the grants. The restricted stock grants are determined in the context of the desired top quartile public market positioning for total compensation and the range for bonus awards. Since the committee generally aims to keep annual bonuses close to the pre-established target range, a strong relationship between total compensation and performance is predicated on wider variability in the value of restricted stock grants. In determining grant levels by executive, the committee also considers individual performance, a review of each executive's compensation level relative to that of the other executives, the impact of new grants on total shareholder dilution and the degree to which prior awards are fully vested.

**Table of Contents****Stock Ownership Guidelines**

While we do not have a formal policy to mandate or enforce stock ownership levels among our management team, we strongly encourage our executives to own and hold stock over the long term. In fact, a strong stock ownership culture already exists and our named executive officers have demonstrated a commitment to the company through long tenure and significant ownership levels as a multiple of salary (as of March 19, 2007) as follows:

<b>Executive</b>	<b>Salary</b>	<b>Total Beneficial Ownership<sup>(1)</sup></b>	<b>Value<sup>(2)</sup></b>	<b>Value as Multiple of Salary</b>	<b>Years Tenure<sup>(3)</sup></b>
Montgomery Bennett	\$ 650,000	4,162,223	\$ 51,403,454	79.1	18
David Kimichik	325,000	235,592	2,909,574	9.0	25
Douglas Kessler	500,000	357,631	4,416,743	8.8	5
David A. Brooks	325,000	422,719	5,220,580	16.1	14

*Other Executive Programs and Benefits.* The executive officers are provided other programs or benefits on the same terms offered to all employees. These programs and benefits include:

a 401(k) plan under which we match 50% of an eligible participant's contribution to the plan, up to 6% of such participant's base salary, subject to limitations imposed by the Internal Revenue Service;

an Employee Savings Incentive Plan, pursuant to which, if the employee does not participate in our 401(k) plan, we match 25% of a participant's contribution, up to 10% of such participant's base salary;

basic life and accidental death and dismemberment insurance in an amount of three times each executive's annual base salary, up to \$250,000.

We do not maintain any retirement plans other than the 401(k) plan. In addition, as a corporate matter, the Company does not provide its executives with any executive perquisites other than complimentary periodic lodging at its facilities and an annual comprehensive executive health evaluation performed by the UCLA Comprehensive Health Program.

*Tax and Accounting Considerations.* Section 162(m) of the Internal Revenue Code of 1986, as amended, generally precludes a publicly-held corporation from a federal income tax deduction for a taxable year for compensation in excess of \$1 million paid to our chief executive officer or any of our four other most highly compensated executive officers. Exceptions are made for, among other things, qualified performance-based compensation. Qualified

performance-based compensation means compensation paid solely on account of attainment of objective performance goals, provided that (i) performance goals are established by a compensation committee consisting solely of two or more outside directors, (ii) the material terms of the performance-based compensation are disclosed to and approved by a separate stockholder vote prior to payment, and (iii) prior to payment, our compensation committee certifies that the performance goals were attained and other material terms were satisfied. Our compensation committee intends, to the extent feasible and where it believes it is in the best interests of our company and its stockholders, to attempt to qualify executive compensation as tax deductible; however, our compensation committee does not intend to allow this tax provision to negatively affect its development and execution of effective compensation plans. Our compensation committee intends to maintain the flexibility to take actions it considers to be in the best interests of our company and its stockholders. The company is structured, however, such that compensation is not paid and deducted by the corporation, but at the operating partnership level. The IRS has previously issued a private letter ruling that held that Section 162(m) did not apply to compensation paid to employees of a REIT's operating partnership. Consistent with that ruling, we have taken a position that compensation expense paid and incurred at the operating partnership level is not subject to the Section 162(m) limit. As such, the compensation committee does not believe that it is necessary to meet the requirements of the performance-based compensation exception to Section 162(m). As private letter rulings are applicable only for the taxpayer who obtains the ruling, and we have not obtained a private letter ruling addressing this issue, there can be no assurance that the IRS will not challenge our position that Section 162(m) does not apply to compensation paid at the operating partnership level.

**Adjustment or Recovery of Awards**

Under Section 304 of Sarbanes-Oxley, if the company is required to restate its financials due to material noncompliance with any financial reporting requirements as a result of misconduct, the chief executive officer and chief financial officer must reimburse the company for (i) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (ii) any profits realized by the individual from the sale of securities of the company during those 12 months.

**Hedging Policies**

Pursuant to our Code of Ethics, we maintain a policy on insider trading and compliance that prohibits executives from holding company securities in a margin account or pledging company securities as collateral for a loan. An exception exists is if the executive requests and receives prior approval from our chief legal officer to pledge securities as collateral for a loan (but not for margin accounts).

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed the compensation discussion and analysis disclosure with Ashford's management, and based on this review and discussion, the Compensation Committee has recommended to the board of directors that the compensation discussion and analysis be included in this proxy statement.

- (1) Amounts represent the amortization expense recognized for financial reporting purposes for stock awards. Stock awards are valued at the closing market price of our common stock on the date of grant and amortized straight-line over the related requisite service period.
- (2) Although the chairman of our board is a non-executive chairman, we have elected to include his compensation information in each of the required tables because of the material nature of his compensation.
- (3) This amount includes \$14,500 of fees paid to Mr. Bennett for attendance at board meetings and \$11,127 of health insurance premiums paid by the company for the benefit of Mr. Bennett. Although the health insurance benefit is available to all salaried employees, we do not pay such amounts for any other non-executive director.

We entered into employment agreements with each of Messrs. Montgomery Bennett, Kimichik, Kessler, Brooks and Nunneley in August 2003 in connection with our initial public offering. The employment agreements provide for Mr. Bennett to serve as our President and Chief Executive Officer, Mr. Kimichik to serve as our Chief Financial Officer and Treasurer, Mr. Kessler to serve as our Chief Operating Officer, Mr. Brooks to serve as our Chief Legal Officer and Secretary, and Mr. Nunneley to serve as our Chief Accounting Officer. These employment agreements require Messrs. Kimichik, Kessler, Brooks and Nunneley to devote substantially full-time attention and time to our affairs, but also permit them to devote time to their outside business interests consistent with past practice.

Mr. Bennett's employment agreement allows him to continue to act as Chief Executive Officer and President of Remington Hotel and to act as an executive officer of the general partner of Remington Lodging, provided his duties for Remington Hotel and Remington Lodging do not materially interfere with his duties to us.

**Table of Contents**

The employment agreements currently provide for annual base salaries, eligibility for annual cash bonuses, based on a targeted bonus range for each officer; director's and officer's liability insurance coverage; participation in other incentive, savings and retirement plans applicable generally to our senior executives; and medical and other group welfare plan coverage and fringe benefits provided to our senior executives. Each employment agreement is subject to automatic one-year renewals at the end of its initial term (December 31, 2006 for each executive officer other than Mr. Bennett and December 31, 2007 for Mr. Bennett), unless either party provides at least six months' notice of non-renewal of the applicable employment agreement.

The employment agreements provide for:

An annual base salary for 2006 of \$650,000 for Mr. Bennett, \$325,000 for Mr. Kimichik, \$500,000 for Mr. Kessler, \$325,000 for Mr. Brooks and \$220,000 for Mr. Nunneley, subject to annual adjustments;

Eligibility for annual cash performance bonuses under our incentive bonus plans;

Director's and officer's liability insurance coverage;

Participation in other incentive, savings and retirement plans applicable generally to our senior executives; and

Medical and other group welfare plan coverage and fringe benefits provided to our senior executives.

Mr. Bennett's targeted annual bonus range is 75% to 125% of his base salary. Mr. Kimichik's targeted annual bonus range is 30% to 90% of his base salary. Mr. Kessler's targeted annual bonus range is 50% to 100% of his base salary. Mr. Brooks' targeted annual bonus range is 30% to 90% of his base salary. Mr. Nunneley's targeted annual bonus range is 20% to 60% of his base salary. During 2006, the employment agreements for the executives were amended so that the contracts no longer contain a fixed bonus range, but instead now include a targeted bonus range for each executive officer.

In addition to the employment agreements described above, we entered into a non-compete agreement with Mr. Archie Bennett, Jr. in August 2003. The non-compete agreement provides for Mr. Bennett to serve as our non-executive chairman. The non-compete agreement has an initial term ending December 31, 2006 and is subject to automatic one-year extensions thereafter, in each case, unless either party provides at least six months' notice of non-renewal. Mr. Bennett's non-compete agreement allows him to continue to act as chairman of Remington Hotel and Remington Lodging provided his duties for Remington Hotel and Remington Lodging do not materially interfere with his duties to us. In February 2006, our board reviewed Mr. Bennett's non-compete agreement and approved an increase in his director's fee from \$200,000 to \$300,000 per year. The board also determined that, because of a contract misinterpretation, we erroneously failed to pay a director's fee to Mr. Bennett in connection with his attendance at board meetings in 2003, 2004 and 2005. As a result, we made a payment to Mr. Bennett of \$29,000 in December 2005 to compensate him for the director's fees he should have received in 2003, 2004 and 2005. The non-compete agreement currently provides for, among other provisions:

an annual director's fee of \$300,000, of which \$25,000 may be paid in the form of shares of our common stock, at the discretion of our compensation committee;

director's and officer's liability insurance coverage;

participation in other incentive, savings and retirement plans, in the discretion of our compensation committee; and

medical and other group welfare plan coverage and fringe benefits, in the discretion of our compensation committee.

The stock awards granted to each of the named executive officers and our chairman were all granted under the company's 2003 Amended and Restated Stock Incentive Plan and are all subject to time-based vesting requirements. Dividends will be paid on all unvested shares at the same rate as dividends payable with respect to all outstanding shares of common stock, with no preference to shares issued under our stock plan.

The company places heavier emphasis on our variable pay components of annual bonuses and restricted stock awards than on salary. In 2006, the amount of salary paid to each named executive officer represented a range of

**Table of Contents**

approximately 15% to 21% of our named executive officers' total compensation packages. While the compensation committee seeks to provide a competitive base salary and bonus structure, it believes that the majority of each named executive officer's total compensation should be paid in the form of restricted stock vesting over a period of years, to help ensure alignment of the executive's interest to that of our stockholders as well as longevity of the officer. As such, the value of restricted stock grants typically represents over 75% of the incentive pay component. The mix of pay elements in 2006 is as follows:

Executive	2006 Salary <sup>(1)</sup>	Variable Compensation				Compensation as % of Total Direct Compensation <sup>(4)</sup>

Bonus target ranges, as a percentage of base salary, for the named executive officers and our chairman are as follows: Mr. Montgomery Bennett 75-125%; Mr. Kimichik 30-90%; Mr. Kessler 50-100%; Mr. Brooks 30-90%; and Mr. Nunneley - 20-60%; and Mr. Archie Bennett 0%.

(3) Represents restricted stock grants made in March 2007 as compensation for 2006 performance. These restricted shares vest equally over four years.

(4) Total direct compensation includes salary, bonus and restricted stock grants made in 2007 based on 2006 performance.

**POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL****Executive Officers**

Under the terms of their respective employment agreements, each of our named executive officers is entitled to receive certain severance benefits after termination of employment. The amount and nature of these benefits vary depending on the circumstances under which employment terminates. The employment agreements provide for certain specified benefits during the initial terms of the employment agreements, which expired on December 31, 2006 for each of Messrs. Kimichik, Kessler, Brooks and Nunneley and will expire on December 31, 2007 for Mr. Montgomery Bennett, and certain continuing benefits during the entire term of the employment agreement.

Each of the employment agreements of our named executive officers provides that, if the executive's employment is terminated by the executive for good reason or after a change of control (each as defined in the applicable employment agreement), or, in the case of Mr. Bennett, by us without cause prior to December 31, 2007, the executive will be entitled to accrued and unpaid salary to the date of such termination and any unpaid incentive bonus from the prior year plus the following severance payments and benefits, subject to his execution and non-revocation of a general release of claims:

a lump-sum cash severance payment equal to two times (three times in the case of Mr. Bennett) the sum of his then-current annual base salary plus average bonus over the prior three years;

pro-rated payment of the incentive bonus for the year of termination, payable at the time incentive bonuses are paid to the remaining senior executives for the year in which the termination occurs;

all restricted stock held by such executive will become fully vested; and

health benefits for one year (18 months in the case of Mr. Bennett) following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer, payable by the company over the period of coverage.

If any named executive officer other than Mr. Bennett is terminated by us without cause, or if Mr. Bennett is terminated by us without cause after December 31, 2007, or if we do not renew any named executive officer's agreement, then the executive will receive all of the benefits above except that his lump sum cash severance payment will be equal to one times the sum of his then-current annual base salary plus his average bonus over the prior three years. Each employment agreement also provides that the executive or his estate will be entitled to receive these same severance benefits in the event of his death or disability.

In addition, if the severance payment to any executive is deemed to be a golden parachute payment under § 280G of the Internal Revenue Code of 1986, as amended, then such executive would also be entitled to a tax gross-up payment to cover his excise tax liability under § 280G. As of December 31, 2006, each of Messrs. Montgomery J. Bennett, Kimichik, Brooks and Nunneley would have owed excise tax as shown in the tables beginning on page 28.

## **Table of Contents**

Mr. Bennett's employment agreement also contains standard confidentiality, non-compete and non-solicitation provisions. The confidentiality provisions apply during the term of the employment agreement and for a period of two years thereafter. The non-compete and non-solicitation provisions apply during the term of his employment agreement, and if Mr. Bennett resigns without cause, for a period of one year thereafter, or if Mr. Bennett is removed for cause (as defined in his employment agreement), for a period of 18 months thereafter. In the case of Mr. Bennett's resignation without cause, in consideration for his non-compete, Mr. Bennett will receive a cash payment, to be paid in equal monthly installments during the one-year non-compete period, equal to the sum of his then-current annual base salary plus average bonus over the prior three years. Mr. Bennett's non-compete period will terminate if Remington Lodging terminates our exclusivity rights under the mutual exclusivity agreement between Remington Lodging and us.

The non-compete and non-solicitation provisions contained in the other executives' employment agreements expired on December 31, 2006, upon termination of the initial term of the employment agreements; however, the employment agreements do contain standard confidentiality provisions. In the event either Mr. Kessler, Mr. Kimichik, Mr. Brooks or Mr. Nunneley's employment is terminated for any reason, he will not be subject to a non-compete and will not be entitled to any cash payment other than accrued and unpaid base salary to the date of his separation from us.

### **Chairman of our Board**

Under the terms of our chairman's non-compete agreement, Mr. Archie Bennett is entitled to receive certain severance benefits upon the termination of his position as our chairman. The amount and nature of these benefits vary depending on the circumstances under which his directorship terminates, but are similar to the benefits received by our executive officers, and accordingly, are included in the tables below.

Mr. Archie Bennett's non-compete agreement provides that, if his service as a director is terminated by him for good reason or after a change of control (each as defined in the applicable employment agreement), he will be entitled to accrued and unpaid director fees to the date of such termination plus the following severance payments and benefits, subject to his execution and non-revocation of a general release of claims:

- a lump-sum cash severance payment equal to two times his then-current director's fee; and
- all restricted stock held by Mr. Bennett will become fully vested.

If Mr. Bennett is asked to resign his directorship by us without cause, or if Mr. Bennett is not re-nominated and re-elected to serve as our chairman, then he will receive each of the benefits above except that his lump sum cash severance payment will be equal to one times the sum of his then-current director's fee. Mr. Bennett's non-compete agreement also provides that he or his estate will be entitled to receive these same severance benefits in the event of his death or disability.

In addition, if the severance payment to Mr. Bennett is deemed to be a golden parachute payment under § 280G of the Internal Revenue Code of 1986, as amended, then he would also be entitled to a tax gross-up payment to cover his excise tax liability under § 280G. As of December 31, 2006, Mr. Bennett would not have owed excise tax.

Mr. Bennett's non-compete agreement contains standard confidentiality, non-compete and non-solicitation provisions. The confidentiality provisions apply during the term of the non-compete agreement and for a period of two years thereafter. The non-compete and non-solicitation provisions apply only during the term of his non-compete agreement if Mr. Bennett terminates his service as a director as a result of a change in control or for good reason; however, if Mr. Bennett's service as a director is terminated as a result of disability or by Mr. Bennett without good reason or by us

for cause, the non-compete and non-solicitation provisions apply for a period of 18 months after termination. In the case of Mr. Bennett's resignation without good reason, in consideration for his non-compete, Mr. Bennett will receive a cash payment, to be paid in equal monthly installments during the one-year non-compete period, equal to his then-current annual director's fee. Mr. Bennett's non-compete period will terminate if Remington Lodging terminates our exclusivity rights under the mutual exclusivity agreement between Remington Lodging and us.

**AUDIT COMMITTEE**

*Our Audit Committee is governed by a written charter adopted by our board of directors and is composed of three independent directors, each of whom has been determined by our board of directors to be independent in accordance with the rules of the NYSE.*

*The following is our Audit Committee's report in its role as the overseer of the integrity of our financial statements, the financial reporting process, our independent auditor's performance, including their qualification and independence, and our compliance with legal and regulatory requirements. In carrying out its oversight responsibilities, our Audit Committee is not providing any expert or special assurance as to our financial statements or any professional certification as to the outside auditor's work. This report shall not be deemed to be soliciting material or to be filed with the SEC under the Securities Act of 1933 or the Securities Exchange Act of 1934 or incorporated by reference in any document so filed.*

**AUDIT COMMITTEE REPORT**

The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee meetings include, whenever appropriate, executive sessions with the independent auditors and with Ashford's internal auditors, in each case without the presence of management.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Ernst & Young LLP, Ashford's independent registered public accounting firm. Management is responsible for the preparation, presentation and integrity of Ashford's consolidated financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal controls over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Ernst & Young LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

During the course of the year, management completed the documentation, testing and evaluation of Ashford's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advise to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Ernst & Young LLP at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management provided the Audit Committee with, and the Audit Committee reviewed a report on, the effectiveness of Ashford's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in Ashford's annual report on Form 10-K for the fiscal year ended December 31, 2006 filed with the SEC, as well as Ernst & Young LLP's Report of Independent Registered Public Accounting Firm included in Ashford's annual report on Form 10-K for the fiscal year ended December 31, 2006 related to its audit of (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee Ashford's efforts related to its internal control over financial reporting and management's preparation for the evaluation in fiscal 2007.

The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed with the independent auditors pursuant to Statement on Auditing Standards No. 61, as amended (Communication with the Audit Committees), including the quality of Ashford's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with Ernst & Young LLP matters relating to its independence, including review of audit and non-audit fees and the written disclosures and letter from Ernst & Young LLP to the Audit Committee pursuant to Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

**Table of Contents**

Taking all of these reviews and discussions into account, the undersigned Audit Committee members recommended to the board of directors that the board approve the inclusion of Ashford's audited financial statements in Ashford's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

**Compliance with Section 16(a) of the Securities Exchange Act of 1934**

To our knowledge, based solely on review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2006, all of our directors, executive officers and beneficial owners of more than ten percent of our common stock were in compliance with the Section 16(a) filing requirements, except that Mr. W.D. Minami failed to file one Form 4 report on a timely basis with respect to a single disposition to a charitable organization. The report has since been filed.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Our operating partnership entered into a master management agreement with Remington Lodging & Hospitality, L.P., subject to certain independent director approvals, pursuant to which Remington Lodging, or its affiliate Remington Management, L.P. (together referred to as the Remington Managers ), operates and manages a significant number of our hotels. The Remington Managers are affiliates of Remington Hotel Corporation, and each such entity is are beneficially owned 100% by Messrs. Archie and Montgomery Bennett. The fees due to the Remington Manager under the management agreements include management fees, project and purchase management fees and other fees. The actual amount of management fees for the properties managed by the Remington Managers for the 12 months ended December 31, 2006, was equal to approximately \$9.1 million. The actual amount of project and purchase management fees for the same period was approximately \$5.1 million.

Further, we and our operating partnership entered into a mutual exclusivity agreement with Remington Lodging and Remington Hotel and Messrs. Archie and Montgomery Bennett, pursuant to which we have a first right of refusal to purchase lodging investments identified by them. We also agreed to hire Remington Lodging or its affiliates for the management or construction of any hotel which is part of an investment we elect to pursue, unless either all of our independent directors elect not to do so or a majority of our independent directors elect not to do so

**Table of Contents**

based on a determination that special circumstances exist or that another manager or developer could perform materially better than Remington Lodging or one of its affiliates.

In connection with the consummation of our initial public offering, we acquired eight asset management and consulting agreements between Ashford Financial Corporation and eight hotel management companies in consideration of 1,025,000 units of limited partnership interest in Ashford Hospitality Limited Partnership. Under these eight agreements, Ashford Financial Corporation provided asset management and consulting services to 27 hotels managed under contract with the eight management companies. We now hold Ashford Financial Corporation's interest under the contributed agreements. Each of the eight management companies is either a wholly owned subsidiary of Remington Hotel Corporation, which is owned 100% by Messrs. Archie and Montgomery Bennett, or is 100% owned by one or both of the Bennetts. Messrs. Archie and Montgomery Bennett also own 100% of Ashford Financial Corporation. Pursuant to a written guaranty agreement executed by Ashford Financial Corporation for our benefit, Ashford Financial Corporation guaranteed that we will be paid a minimum of \$1.2 million per year for five years from our initial public offering, in consulting fees under all of the asset management and consulting agreements, for a total guarantee of \$6.0 million. The minimum guaranteed amount will be subject to annual adjustments based on the consumer price index. All of the 27 hotel properties for which we previously provided the asset management and consulting services have been sold, including our acquisition of 21 of the hotel properties in March 2005. In connection with the sale of these properties, the asset management and consulting agreements for these properties have been terminated, and we will no longer receive any fees under the terminated agreements. However, pursuant to the written guaranty agreement executed in connection with our initial public offering, Ashford Financial Corporation will continue to guarantee a minimum fee of approximately \$1.2 million per year through December 31, 2008. We were paid approximately \$1.3 million in 2006 under the Ashford Financial Corporation guaranty, adjusted based on the consumer price index. We expect to continue to receive the guaranteed minimum amount from Ashford Financial Corporation through December 31, 2008.

Remington Hotel Corporation, which is owned 100% by Messrs. Archie and Montgomery Bennett, pays for certain corporate general and administrative expenses on our behalf, including rent, payroll, office supplies and travel. Such charges are allocated to us based on various methodologies, including headcount, office space, usage and actual amounts incurred. For the year ended December 31, 2006, such costs were approximately \$3.6 million, which were reimbursed by us monthly.

Additionally, pursuant to an agreement for certain hotel acquisition and disposition advisory services between us and Eastdil Secured, LLC, a company of which Mr. Toppino is a Senior Managing Director, we are obligated to pay Eastdil Secured a \$1,125,000 success fee when we complete the pending acquisition of a 51-hotel portfolio. The company expects to complete the related acquisition and pay Eastdil Secured its success fee in April 2007.

Because we could be subject to various conflicts of interest arising from our relationship with Remington Hotel Corporation and other parties, to mitigate any potential conflicts of interest, our charter contains a requirement that any transaction or agreement involving us, our wholly-owned subsidiaries or our operating partnership and a director or officer of an affiliate of any director or officer will require the approval of a majority of the disinterested directors. Additionally, our board of directors has adopted a policy that requires all management decisions related to the management agreement with Remington Lodging to be approved by a majority of the independent directors, except as specifically provided otherwise in the management agreement. Further, our board of directors has also adopted our Code of Business Ethics and Conduct, which includes a policy for review of transactions involving related persons, and other potential conflicts of interest. Pursuant to the Code of Business Ethics and Conduct, non-officer employees must report any actual or potential conflict of interest involving themselves or others to their supervisor, our chief legal officer or our chief governance officer. Officers must make such report to our chief legal officer, our chief governance officer or to the chairman of our Nominating/Corporate Governance Committee. Directors must make such report to the chairman of our Nominating/Corporate Governance Committee.

**PROPOSAL NUMBER TWO RATIFICATION OF THE APPOINTMENT OF  
ERNST & YOUNG LLP AS OUR INDEPENDENT AUDITORS**

We are asking our stockholders to ratify our Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007. Ernst & Young LLP has audited our financial statements since we commenced operations in 2003. Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, our board of directors is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of us and our stockholders.

Our Audit Committee is responsible for appointing, setting compensation, retaining and overseeing the work of our independent registered public accounting firm. Our Audit Committee pre-approves all audit and non-audit services provided to us by our independent registered public accounting firm. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. The Audit Committee has delegated pre-approval authority to its chairperson when expedition of services is necessary. The independent registered public accounting firm and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee approved all fees paid to Ernst & Young LLP during the past two years with no reliance placed on the *de minimis* exception established by the SEC for approving such services.

Services provided by Ernst & Young LLP during 2006 included the audits of (i) our annual financial statements and the financial statements of our subsidiaries, (ii) management's assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting. Services also included the limited review of unaudited quarterly financial information; review and consultation regarding filings with the SEC and the Internal Revenue Service; assistance with management's evaluation of internal accounting controls; and consultation on financial and tax accounting and reporting matters. During the years ended December 31, 2006 and 2005, fees incurred related to our principal accountants, Ernst & Young LLP, consisted of the following:

	<b>Year Ended December 31,</b>	
	<b>2006</b>	<b>2005</b>
Audit Fees	\$ 1,274,300	\$ 1,032,000 <sup>(1)</sup>
Audit-Related Fees	172,820	197,000 <sup>(2)</sup>
Tax Fees	134,166	59,760 <sup>(3)</sup>
All Other Fees		
<b>Total</b>	<b>\$ 1,581,286</b>	<b>\$ 1,288,760</b>

(1) Represents professional fees associated with the audits of the Company's annual consolidated financial statements, including assessment of internal controls and quarterly reviews.

- (2) Represents professional fees associated with required audits of acquired properties in compliance with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission.
- (3) Represents professional fees associated with tax planning, tax consultation, and review of tax returns.

Our Audit Committee has considered all fees provided by the independent auditors to us and concluded this involvement is compatible with maintaining the auditors' independence.

Representatives of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.
