**PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 28, 2007**

INTRODUCTION

This Proxy Statement and enclosed Proxy Card are being furnished commencing on or about May 29, 2007 in connection with the solicitation by the board of directors of GameStop Corp., a Delaware corporation (the Company or GameStop), of proxies for use at the Annual Meeting of Stockholders to be held on June 28, 2007 (the Meeting) for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Any proxy given pursuant to such solicitation and received in time for the Meeting will be voted as specified in such proxy. If no instructions are given, proxies will be voted **FOR** the election of the nominees listed below under the caption Election of Directors Information Concerning the Directors and Nominees Nominees for Election as Director, **FOR** the approval of the amendment and restatement of the Amended and Restated GameStop Corp. 2001 Incentive Plan (the Incentive Plan), **FOR** the ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm for the Company s fiscal year ending February 2, 2008, and in the discretion of the proxies named on the Proxy Card with respect to any other matters properly brought before the Meeting and any adjournments thereof. Any proxy may be revoked by written notice received by the Secretary of the Company at any time prior to the voting thereof by submitting a subsequent proxy or by attending the Meeting and voting in person.

Only holders of record of the Company s Class A Common Stock as of the close of business on May 4, 2007 are entitled to notice of and to vote at the Meeting. As of the record date, 157,413,766 shares of Class A Common Stock, par value \$.001 per share (Common Stock), were outstanding. Each share of Common Stock entitles the record holder thereof to one vote on each of the Proposals and on all other matters properly brought before the Meeting. The presence of a majority by vote of the outstanding shares of the Common Stock represented in person or by proxy at the Meeting will constitute a quorum.

Until February 7, 2007, the Company had two classes of common stock outstanding: Class A Common Stock and Class B Common Stock. The two classes of common stock generally had identical rights, with the exception that the holders of Class A Common Stock were entitled to one vote per share, whereas holders of Class B Common Stock were entitled to ten votes per share. On February 7, 2007, following approval by a majority of the Class B common stockholders at a Special Meeting of the Company s Class B common stockholders, all outstanding Class B common shares were converted into Class A common shares on a one-for-one basis (the Conversion). In addition, on February 9, 2007, the board of directors of the Company authorized a two-for-one stock split, effected by a one-for-one stock dividend to stockholders of record on the close of business on February 20, 2007, paid on March 16, 2007 (the Stock Split). Unless otherwise indicated, all numbers in this Proxy Statement have been restated to reflect the Conversion and the Stock Split.

The four nominees for director receiving the highest vote totals will be elected as directors of the Company to serve until the 2010 annual meeting of stockholders. The proposal to amend and restate the Incentive Plan will be decided by the affirmative vote of a majority (by vote) of the shares of Common Stock voting on the proposal in person or by proxy at the Meeting. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against the proposal. Broker non-votes will be treated as not being entitled to vote on the matter and, therefore, will not be counted for purposes of determining whether the proposal has been approved. The proposal to ratify the appointment of the Company s independent registered public accounting firm, and all other matters that may be voted on at the Meeting, will be decided by the affirmative vote of a majority (by vote) of the

shares of Common Stock voting on the proposal in person or by proxy at the Meeting. Abstentions and broker non-votes will not be included in vote totals with respect to such proposals and will have no effect on the outcome of the votes with respect thereto.

ELECTION OF DIRECTORS

PROPOSAL 1

Information Concerning the Directors and Nominees

The Company was formed in 2005 for the purpose of consummating the business combination (the mergers) of GameStop Holdings Corp., formerly known as GameStop Corp. (Historical GameStop), and Electronics Boutique Holdings Corp. (EB), which was completed on October 8, 2005. Our board of directors consists of eleven directors. Our certificate of incorporation divides our board of directors into three classes: Class 1, whose terms will expire at the annual meeting of stockholders to be held in 2009, Class 2, whose terms will expire at the Meeting, and Class 3, whose terms will expire at the annual meeting of stockholders to be held in 2008. Daniel A. DeMatteo, Michael N. Rosen and Edward A. Volkwein are in Class 1; R. Richard Fontaine, Jerome L. Davis, James J. Kim and Stephanie M. Shern are in Class 2; and Leonard Riggio, Stanley (Mickey) Steinberg, Gerald R. Szczepanski and Lawrence S. Zilavy are in Class 3. James J. Kim has decided not to stand for re-election upon expiration of his term at the Meeting. At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election.

In addition, our certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the board of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors.

Background information with respect to our board of directors and nominees for election as directors, all but one of whom are incumbent directors and Mr. Steven R. Koonin who is not currently a director, appears below. See Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters for information regarding such persons' holdings of equity securities of the Company.

The board of directors has four standing committees: an Audit Committee, a Compensation Committee, an Executive Committee and a Nominating and Corporate Governance Committee.

Audit Committee. The Audit Committee has the principal function of, among other things, reviewing the adequacy of the Company's internal system of accounting controls, the appointment, compensation, retention and oversight of the independent certified public accountants, conferring with the independent public accounting firm concerning the scope of their examination of the books and records of the Company, reviewing and approving related party transactions and considering other appropriate matters regarding the financial affairs of the Company. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of confidential and anonymous complaints regarding the Company's accounting, internal accounting controls and auditing matters. The board of

directors has adopted a written charter setting out the functions of the Audit Committee, a copy of which is attached hereto as Appendix B and is also available on the Company's website at www.gamestop.com and is available in print to any stockholder who requests it in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. The current members of the Audit Committee are Stephanie M. Shern (Chair), Edward A. Volkwein and

Table of Contents

Gerald R. Szczepanski, all of whom are independent directors under the listing standards of the New York Stock Exchange (NYSE). In addition to meeting the independence standards of the NYSE, each member of the Audit Committee is financially literate and meets the independence standards established by the Securities and Exchange Commission (the SEC). The board of directors has also determined that Mrs. Shern has the requisite attributes of an audit committee financial expert as defined by regulations promulgated by the SEC and that such attributes were acquired through relevant education and/or experience. The board of directors further determined that Ms. Shern's simultaneous service on the audit committees of three other listed companies does not impair the ability of Ms. Shern to effectively serve on the Company's Audit Committee. The Audit Committee met 12 times during fiscal 2006.

Compensation Committee. The principal function of the Compensation Committee is to, among other things, make recommendations to the board of directors with respect to matters regarding the approval of employment agreements, management and consultant hiring and executive compensation. The Compensation Committee is also responsible for administering our Amended and Restated 2001 Incentive Plan, as amended, and our Supplemental Compensation Plan (the Supplemental Compensation Plan). The current members of the Compensation Committee are Gerald R. Szczepanski (Chair), Jerome L. Davis and Edward A. Volkwein, all of whom meet the independence standards of the NYSE. The board of directors has adopted a written charter setting out the functions of the Compensation Committee, a copy of which is available on the Company's website at www.gamestop.com and is available in print to any stockholder who requests it in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. The Compensation Committee met three times during fiscal 2006.

Executive Committee. The Executive Committee was formed in October 2005. The principal function of the Executive Committee is to, among other things, review issues, including strategic planning and other matters, which are appropriate for deliberation and decision by the board of directors, and make recommendations with respect thereto. The current members of the Executive Committee are Leonard Riggio (Chair), R. Richard Fontaine and Michael N. Rosen.

Nominating and Corporate Governance Committee. The principal function of the Nominating and Corporate Governance Committee is to review and recommend to the board candidates for service on the board and its committees, including the renewal of existing directors, and to recommend to the board the corporate governance guidelines applicable to the Company. The current members of the Nominating and Corporate Governance Committee are Gerald R. Szczepanski, Jerome L. Davis and Edward A. Volkwein, all of whom meet the independence standards of the NYSE. Our board of directors has adopted a written charter setting out the functions of the Nominating and Corporate Governance Committee, a copy of which can be found on our website at www.gamestop.com and is available in print to any stockholder who requests it in writing to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051. The Nominating and Corporate Governance Committee met once during fiscal 2006.

Minimum Qualifications

The Nominating and Corporate Governance Committee does not set specific minimum qualifications for directors except to the extent required to meet applicable legal, regulatory and stock exchange requirements, including, but not limited to, the independence requirements of the NYSE and the SEC, as applicable. Nominees for director will be selected on the basis of outstanding achievement in their personal careers; board experience; wisdom; integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to board of directors' duties. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Nominating and Corporate Governance Committee believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of the Company, (ii) the results of operations and financial condition of the Company and of any of its significant subsidiaries or business segments, and (iii) the relative standing of the Company and its business

segments in relation to their competitors.

Table of Contents

Nominating Process

Consideration of new board of director nominee candidates, if any, typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. The Nominating and Corporate Governance Committee is willing to consider candidates submitted by a variety of sources (including incumbent directors, stockholders (in accordance with the process described below), Company management and third-party search firms) when reviewing candidates to fill vacancies and/or expand the board of directors. Consideration of Stockholder-Nominated Directors

Stockholders have the right to submit nominations for persons to be elected to the board of directors as described below. If such a nomination occurs and if a vacancy arises or if the board of directors decides to expand its membership, and at such other times as the board of directors deems necessary or appropriate, the Nominating and Corporate Governance Committee will consider potential nominees submitted by stockholders. The Company's Bylaws provide that, in order for a stockholder to nominate a person for election to the board of directors at an annual meeting of stockholders, such stockholder must give written notice to the Company's Secretary, GameStop Corp., 625 Westport Parkway, Grapevine, Texas 76051, not less than 30 days nor more than 60 days prior to the meeting; provided, however, that in the event that less than 40 days notice or prior public disclosure of the date of the meeting is given to stockholders, notice by the stockholder must be given not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. Additional Material Factors

The Company has historically granted stock options to its executive officers and other eligible full-time employees. In February 2006, the Chief Executive Officer recommended to the Compensation Committee that the

Table of Contents

Company issue restricted stock to the executive officers and stock options to other eligible employees in order to reduce the amount of shares granted in the awards and preserve the available pool of un-issued awards for the future. A larger number of shares are needed when granting options because a holder only realizes value on those options from an increase in the share price from the exercise price, while a smaller number of shares are needed for grants of restricted stock because the holder realizes value for the entire share price and any subsequent increases. Mr. Fontaine, Mr. DeMatteo, Mr. Carlson and Mr. Freeman received awards of restricted stock while Mr. Morgan and other eligible employees received awards of stock options. Mr. Morgan received an award of stock options, as opposed to restricted stock, in accordance with the terms of the employment agreement signed in December 2005 when he was hired as the Company's President.

The Company has entered into employment agreements with R. Richard Fontaine, Daniel A. DeMatteo, Steven R. Morgan and David W. Carlson. The terms of the employment agreements for each of these executive officers extend through the fiscal year ended February 2, 2008 and provide for minimum annual salaries as follows:

R. Richard Fontaine	\$ 650,000
Daniel A. DeMatteo	\$ 535,000
Steven R. Morgan	\$ 450,000
David W. Carlson	\$ 350,000

Annual bonus compensation will be based on the formula and targets established under and in accordance with the Company's Supplemental Compensation Plan. The Target specified in the Non-Equity Incentive Plan column of the Grants of Plan-Based Awards table above was achieved and is reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Under the terms of their employment agreements, each executive shall be entitled to all benefits afforded to key management personnel or as determined by the board of directors of the Company, including, but not limited to, restricted stock and stock option benefits, insurance programs, pension plans, vacation, sick leave, expense accounts and retirement benefits.

Under the terms of his employment agreement, Mr. Morgan is also entitled to certain benefits associated with his transition from employment by EB to his employment as the Company's President. Mr. Morgan is entitled to the reimbursement of expenses incurred in relocating to the Company's headquarters in Grapevine, Texas from his residence in Pennsylvania, including one relocation to a temporary residence in Texas and one relocation to a permanent residence in Texas at such time as Mr. Morgan's spouse relocates to Texas. The relocation to the temporary residence took place in fiscal 2006 and the Company incurred costs totaling \$66,545 in fiscal 2006 in connection with this relocation. The relocation to the permanent residence is expected to take place in fiscal 2008. Mr. Morgan is also entitled to two round-trip first class airfares per month between Pennsylvania and Texas until the later of December 31, 2007 or such time as his spouse relocates to Texas. The Company incurred costs totaling \$5,738 in fiscal 2006 in connection with this entitlement.

The options expire one day before the tenth anniversary of the grant dates; therefore the grant date for each grant can be determined from the expiration dates shown above.

In addition, those grants which occurred in fiscal 2006 have been reflected in either the "All Other Stock Awards" or "All Other Option Awards" columns of the Grants of Plan-Based Awards table above.

Pension Plans

The Company does not provide pension plans for the benefit of its employees; therefore, we have omitted the Pension Benefits Table.

Nonqualified Deferred Compensation

The Company assumed the sponsorship of EB's nonqualified deferred compensation plan (the EB Plan) upon the mergers. Participation in the EB Plan was restricted upon the mergers to those employees already participating in the EB Plan. Steven R. Morgan is the only executive officer that participates in the EB Plan, as he was employed by EB prior to the mergers. The following table presents the activity for fiscal 2006 for the executive officers named in the Summary Compensation Table.

The EB Plan provides for the deferral of salary and bonus only by participating employees without limitation. The Company matches 100% of the participating employee's deferral up to 5% of the participating employee's salary. Withdrawals only occur in lump-sum form upon separation of employment from the Company. The EB Plan is administered by a third-party and each participant directs the investment of any amounts deferred among various mutual fund choices. Amounts contributed by the Company on behalf of participants are invested in Company-owned life insurance policies with investment returns tied to published 30-year bond rates. The investment of funds in widely available mutual funds does not result in above-market or preferential earnings. Amounts shown above for executive contributions are included in amounts listed in the Salary column of the Summary Compensation Table and amounts shown above for registrant contributions are included in amounts listed in the All Other Compensation column of the Summary Compensation Table.

Employment Agreements and Potential Payments upon Change in Control or Termination

GameStop has entered into employment agreements with R. Richard Fontaine, Daniel A. DeMatteo, Steven R. Morgan and David W. Carlson. See Compensation Discussion and Analysis Employment Agreements below for a description of the terms of these employment agreements. Ronald Freeman does not have a formal

employment or severance agreement with the Company. Any severance payments in the form of salary or bonus to Mr. Freeman would be provided at the discretion of the board of directors.

Pursuant to the employment agreements, each executive's employment may be terminated upon death, disability, by GameStop with or without cause or by the executive within twelve months of a good reason event. If an executive's employment is terminated due to death or disability, by the Company with cause or by the executive without good reason, the executive is entitled to payment of base salary through the date of death, disability or termination of employment. A good reason event is defined as a change of control, a reduction in compensation or a material reduction in benefits or responsibilities, or a relocation of at least 50 miles. Among other things, the employment agreement includes a severance arrangement if the executive is terminated by GameStop without cause or by the executive for good reason which provides each executive with the greater of his base salary through the term of the agreement or one year, plus the average of the last three annual bonuses, plus the continuation of medical benefits for 18 months and the release of all stock option restrictions. Amounts owed to the executive officers upon termination or a change of control assuming a triggering event took place on February 2, 2007, the last business day of the Company's last completed fiscal year, are presented below:

Directors who are not employees of the Company receive compensation of \$50,000 per annum and \$1,000 per in-person board or committee meeting. In addition, we reimburse our directors for expenses in connection with attendance at board and committee meetings. Other than with respect to reimbursement of expenses, directors who are our employees do not receive additional compensation for their services as directors.

In both February 2007 and February 2006, each of the directors at those times who were not employees of our Company (Jerome L. Davis, James J. Kim, Leonard Riggio, Michael N. Rosen, Stephanie M. Shern, Stanley Steinberg, Gerald R. Szczepanski, Edward A. Volkwein and Lawrence S. Zilavy) were granted 19,200 restricted shares of our Common Stock. Each grant of these restricted shares vests in equal annual increments over a three-year period.

In September 2005, each of the directors at that time who were not employees of our Company (Leonard Riggio, Michael N. Rosen, Stephanie M. Shern, Gerald R. Szczepanski and Edward A. Volkwein) were granted 20,000 restricted shares of our Common Stock and were granted options to acquire 48,000 shares of our Common Stock. Each grant of these restricted shares vests in equal annual increments over a two-year period. Each of these options was granted at an exercise price equal to the average of the high and low stock prices of our Common Stock on the date prior to the date of grant (\$17.94 per share), as specified in the Incentive Plan, and each option vests in equal annual increments over a three-year period and expires ten years from the grant date.

In June 2004, each of the directors at that time who were not employees or affiliates of our Company (Michael N. Rosen, Stephanie M. Shern, Gerald R. Szczepanski and Edward A. Volkwein) were granted options to acquire 42,000 shares of our Common Stock. Each of these options was granted at an exercise price equal to the average of the high and low stock prices of our Common Stock on the date prior to the date of grant (\$7.55 per share), as specified in the Incentive Plan, and each option vests in equal annual increments over a three-year period and expires ten years from the grant date.

COMPENSATION DISCUSSION AND ANALYSIS

General

The Company's executive officer compensation program is administered by the Compensation Committee of the Board of Directors. The program is based upon the following guiding principles:

1. The pay and benefits provided by the Company to its executive officers should be competitive and allow the Company to attract and retain individuals whose skills are critical to the long-term success of the Company.
2. The compensation offered by the Company should reward and motivate individual and team performance in attaining business objectives and maximizing stockholder value.
3. Compensation awards should be based on the fundamental principle of aligning the long-term interests of GameStop's employees with those of GameStop's stockholders. Therefore, a meaningful portion of most management employees' compensation will be in the form of equity compensation and may include situational bonuses, as appropriate, in recognition of meeting unique, time-sensitive performance challenges that may arise.
4. The overall value of the incentive and total compensation opportunities will be designed to be consistent with the level of the Company's operational performance over time and in the level of returns provided to stockholders.

The Compensation Committee believes that the organization's directors and senior executives should be compensated commensurate with their success in maintaining the growth and high level of performance necessary for GameStop to produce ongoing and sustained value for our stockholders. The Compensation Committee will develop and recommend compensation programs to support these critical objectives. The board of directors will continue to have sole approval rights over the Compensation Committee's recommendations.

Table of Contents

The compensation program is designed to reward the executive officers for the dedication of their time, efforts, skills and business experience to the business of the Company. The compensation program is designed to reward both annual and long-term performance. Annual performance is rewarded through salary and annual bonus and is measured by the Company's operating earnings, net income and growth, among other factors. Long-term performance is rewarded through stock options or restricted stock awards and is measured in the performance of the Company's stock price, which is tied to earnings, growth and other factors.

Role of Compensation Consultants

For assistance in developing effective recommendations, the Compensation Committee believes that an independent compensation consultant can and should provide independent recommendations and points of view, a role that is essential to the process of impartial compensation evaluation. Therefore, when appropriate, the Committee will utilize an independent compensation consultant who will report to and take direction from the Compensation Committee. The consultant's research and viewpoints will provide one of several necessary data points that will be used to determine the Compensation Committee's specific compensation recommendations to the board of directors.

During the fiscal years ended January 31, 2004 and January 29, 2005, the Company retained Mercer Human Resource Consulting (Mercer) to evaluate its compensation programs for all levels of office and store operations management, from the district manager level up to and including senior management, and make recommendations to ensure that GameStop's compensation was market competitive, while maintaining internal equity.

In fiscal 2006, the Compensation Committee engaged Mercer to review the compensation programs in place for the Company's executive officers. Mercer was engaged to evaluate each key element of the compensation program and the total compensation program relative to the Company's peers. The key elements (base salary, annual bonus and stock option and/or restricted stock awards) were analyzed against the peer group both independently and collectively in order to determine in which percentile of the peer group the Company's executive officers fell. The purpose of this engagement was to determine whether the Company's total compensation plan and allocation of compensation between base salary, annual bonus and long-term incentives (primarily stock-based) was reasonable considering the Company's peers.

Current compensation for each executive, consisting of base salary and annual bonus, was targeted by the Compensation Committee to rank in the 55th percentile of the peer group, with total compensation, including the value of long-term awards, targeted to rank in the 75th percentile of peers. The results of the Mercer study showed that the Company's executive officers were generally in the appropriate percentiles of both current and total compensation. Where the Compensation Committee determined that there were instances of one or more elements of an individual's compensation ranking outside the targeted percentile range, considerations were made to compensation, bonus and awards for the fiscal year ending February 2, 2008 (fiscal 2007) in order to balance the individual elements of compensation, where possible, and the total compensation in line with the targets. The only changes made by the Compensation Committee to current compensation for the surveyed positions, after considering Mercer's recommendations, were to increase the base salary of Steven R. Morgan, the Company's President by 11% to \$500,000, to increase the base salary of David W. Carlson, the Company's Executive Vice President and Chief Financial Officer by 14% to \$400,000, to increase the annual bonus target of Mr. Morgan from 50% of base salary to 75% of base salary and to increase the annual bonus target of Mr. Carlson from 70% of base salary to 75% of base salary.

A great deal of research and effort was devoted to establishing the Company's peer group. The peer group used to benchmark compensation was established by Mercer from the universe of other specialty retailers, constituting a combination of similar revenue size, number of stores, international scope, demographics, growth rate or market

value. Companies in the peer group include Limited Brands, OfficeMax, Bed Bath & Beyond, Foot Locker, American Eagle Outfitters, Barnes & Noble, Borders Group, Michaels Stores, Quicksilver, Radio Shack, Petsmart, Abercrombie & Fitch, Payless Shoesource and Pacific Sunwear (the Original Peer Group). Consideration was also given to an additional peer group of high-growth retail companies, including Dick's Sporting Goods, Advanced Auto Parts, Pantry, Williams-Sonoma, Ann Taylor Stores, Tractor Supply and O'Reilly Automotive. The Company ranked in the 67th percentile of revenues of this peer group of 21 companies and in the 52nd percentile of market value.

Table of Contents

In performing their assessment of the Company's executive compensation packages versus the peer group, Mercer considered the 2005 proxy data available for each peer, annual report and press release data, Mercer's executive compensation surveys and surveys prepared by Towers Perrin and Watson Wyatt. Proxy and survey data was aged by 4% to compare to the Company's 2006 compensation rates. Positions within the Company for each of the executives were matched to the peer group based upon title, level of pay, organization charts and survey data. Elements of compensation which were analyzed included base salary, annual incentive bonus, targeted total annual cash compensation, long-term incentives and total compensation (cash and long-term incentives). Total annual cash compensation for the surveyed executive positions averaged at approximately the 39th percentile of the Original Peer Group. Average long-term incentive compensation compared at the 71st percentile of the Original Peer Group, and average total compensation matched the 68th percentile.

Key Elements of Compensation

The Company has entered into employment agreements with its Chief Executive Officer, Chief Operating Officer, President and Chief Financial Officer. These employment contracts cover the key elements of the Company's executive compensation package, which consist of base salary, annual bonus and stock options or restricted stock, and cover severance and termination benefits. These employment agreements and the Company's policies with respect to each of the key elements of its executive compensation package are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee also considers and reviews the full compensation package afforded by the Company to its executive officers, including insurance and other benefits. The Compensation Committee makes its determinations after receiving and considering the recommendations of the Company's Chief Executive Officer and after considering Mercer's recommendations and research. The Compensation Committee makes recommendations to the board of directors, which ultimately approves the executive compensation package for each year.

In the years prior to fiscal 2006, the Compensation Committee operated from the general principle observed by GameStop since its inception that compensation would be heavily weighted toward short and long-term performance based incentives, while maintaining base salary rates at the competitive middle. As long as the organization continued to perform at a high level, participants had the potential to earn commensurately larger incentives. Therefore, decisions regarding any current-year incentive award targets were based on performance forecasts for that year. The amount of incentive amounts awarded in prior years was not factored into any current-year decision process for that reason.

Base Salaries

An executive officer's base salary is determined by evaluating the responsibilities of the position held, the individual's experience and the competitive marketplace for executive talent. The base salary is intended to be competitive with base salaries paid to executive officers with comparable qualifications, experience and responsibilities at other companies of comparable size, growth and operations. Base salaries for the surveyed executive positions averaged at the 45th percentile of the Original Peer Group.

The base salaries of the executive officers are established by the Compensation Committee at or near the beginning of each fiscal year. The Compensation Committee met on February 10, 2006 to establish the base salaries for fiscal 2006 for R. Richard Fontaine, Chairman and Chief Executive Officer, and Daniel A. DeMatteo, Vice Chairman and Chief Operating Officer. Messrs. Fontaine and DeMatteo are entitled to minimum base salaries set forth in their employment agreements (see Employment Agreements below). In setting the salaries for Mr. Fontaine and Mr. DeMatteo for fiscal 2006, the Compensation Committee considered that the employment agreements with those individuals were entered into before the merger with EB and did not take into account the increase in the size and scope of the Company's

operations following the merger with EB. Prior to the mergers, the Company operated approximately 2,000 stores in three countries. Following the mergers, the Company operated in excess of 4,500 stores in 15 countries around the world. The Company's revenues increased from \$1.8 billion in fiscal 2004 to over \$5 billion in fiscal 2006. The Compensation Committee recognized that the growth in the Company in excess of 100% warranted additional base salary and annual bonus potential for Mr. Fontaine and Mr. DeMatteo. Consideration was also given to the minimum base salaries specified in the employment contracts for each of these executive officers.

Table of Contents

The Compensation Committee did not review the base salaries for fiscal 2006 for Steven R. Morgan, President, and David W. Carlson, Executive Vice President and Chief Financial Officer, as they were the minimum base salaries established in their employment contracts, which were executed following the mergers in December 2005 and April 2006, respectively, and took into account the increased size of the Company's operations (see Employment Agreements below). The base salary for fiscal 2006 for Ronald Freeman, Executive Vice President of Distribution, was set by Daniel A. DeMatteo, to whom Mr. Freeman reports, with input from Mercer. In setting Mr. Freeman's base salary, Mr. DeMatteo considered the scope of his responsibilities, the use of multiple distribution centers and changes in the volume and complexity of other operational areas under Mr. Freeman's direction following the mergers. The Compensation Committee concurred with Mr. Freeman's salary for fiscal 2006. In accordance with the Company's policy on the timing of annual salary reviews, the base salaries for the executive officers for fiscal 2006 were effective from March 2006 to March 2007.

The Compensation Committee met on February 9, 2007 to establish the base salaries for fiscal 2007 for Messrs. Fontaine, DeMatteo, Morgan and Carlson. In setting the base salaries of these executive officers for fiscal 2007, the Compensation Committee considered the recommendations of Mercer and the Company's Vice President of Human Resources, the Company's growth in fiscal 2006 and projections for fiscal 2007. The Compensation Committee also considered the recommendations of Mr. Fontaine and Mr. DeMatteo in setting the base salaries for Mr. Morgan and Mr. Carlson. Mr. Freeman's base salary for fiscal 2007 was set by Mr. DeMatteo as described above. In setting Mr. Freeman's base salary, Mr. DeMatteo considered Mr. Freeman's performance in fiscal 2006 and the planned changes from fiscal 2006 to fiscal 2007 in the volume and complexity of the areas under Mr. Freeman's direction. The Compensation Committee concurred with Mr. Freeman's salary for fiscal 2007.

The board of directors has set salaries for fiscal 2007 as follows:

Executive Officer	Base Salary
R. Richard Fontaine	\$ 1,000,000
Daniel A. DeMatteo	\$ 800,000
Steven R. Morgan	\$ 500,000
David W. Carlson	\$ 400,000

Mr. Freeman's base salary was set at \$300,000.

Annual Bonuses

In addition to a base salary, each executive officer is eligible for a performance-based annual cash bonus. The Company has chosen to include performance-based annual bonuses as an element in the current compensation plan as they are an accepted and expected part of most compensation plans for executives and serve to motivate individual and team performance in attaining business objectives and maximizing stockholder value. Annual bonuses for the surveyed executive positions averaged at the 49th percentile for the Original Peer Group.

Bonuses for most of the executive officers of the Company are based upon the criteria used in, and are calculated in accordance with, the Supplemental Compensation Plan. R. Richard Fontaine, Daniel A. DeMatteo, Steven R. Morgan and David W. Carlson are the executive officers of the Company currently participating in the Supplemental Compensation Plan.

The Supplemental Compensation Plan provides that participating executive officers are entitled to a cash bonus in an amount equal to a percentage of their base salary which is pre-determined for each participating executive officer by the Compensation Committee, with input from the Chief Executive Officer, for each fiscal year. The purpose of the Supplemental Compensation Plan is to permit the Company, through awards of annual incentive compensation that satisfy the requirements for performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), to attract and retain management who, because of the extent of their responsibilities, can and do make significant contributions to the success of the Company by their ability, industry, loyalty and exceptional service.

The bonus amount is calculated after each fiscal year in accordance with a sliding scale formula based on the extent to which a pre-established performance target is attained. In general, not later than 90 days after the start of

Table of Contents

each fiscal year of the Company (and before 25% of the relevant period of service has elapsed), the Compensation Committee establishes in writing a performance target for each participating executive officer (the Target). Targets are typically based on budgeted operating earnings for the fiscal year. Operating earnings are budgeted to increase each year from the actual operating earnings achieved during the previous year in order to challenge the executive officers of the Company to increase revenues, control costs and find operating efficiencies and to demonstrate the earnings growth expected of a growth company. Because the Target is higher than the results attained in the previous year and because the Target is established in the first 90 days of the year, the attainment of the Target is substantially uncertain at the time the Target is established. The establishment of the Target as a measure of operating earnings for the four executive officers who participate in the Supplemental Compensation Plan considers the importance of their individual roles in the overall performance and results of the Company. Individual objectives and performance are considered in the establishment of the individual pre-determined percentage of base salary for which each of the four executive officers is eligible (as discussed further below). Stock price performance has not been a factor in determining Targets because the price of the Company's stock is subject to a variety of factors outside of the Company's control.

Each participating executive officer is entitled to receive a cash bonus in the amount of their pre-determined percentage of base salary (the Target Bonus) as follows:

If the Fiscal Year Results were:	Then the Percentage of the Target Bonus Received is:
Less than 85% of Target	None
85% or more but less than 90% of Target	50%
90% or more but less than 100% of Target	75%
100% or more but less than 110% of Target	100%
110% or more but less than 125% of Target	110%
125% or more of Target	125%

The Supplemental Compensation Plan limits the maximum cash bonus payable to any participating executive officer to \$2,500,000 with respect to any fiscal year. No bonuses are paid until the Compensation Committee certifies the extent to which the Target has been attained. Under the terms of the Supplemental Compensation Plan, the Compensation Committee has no authority to increase the amount of a bonus that would be due upon the attainment of the Target.

Ronald Freeman does not participate in the Supplemental Compensation Plan, but is paid an annual bonus targeted at 50% of base salary. Payment of Mr. Freeman's annual bonus is dependent upon both the achievement of the Company's budgeted operating earnings and Mr. Freeman's achievement of individualized performance objectives, which are generally tied to the completion of new initiatives, major projects and other activities considered beyond the normal course of his duties. Mr. Freeman's annual bonus objectives are defined by Mr. DeMatteo not later than 90 days after the start of each fiscal year. Payment of Mr. Freeman's annual bonus is dependent upon Mr. DeMatteo's verification of the achievement of both the Company's earnings target and Mr. Freeman's individual performance objectives.

Fiscal 2006 Bonuses

R. Richard Fontaine	\$ 2,000,000
Daniel A. DeMatteo	\$ 1,600,000
Steven R. Morgan	\$ 225,000

Executive Officer	Percentage of Base Salary
R. Richard Fontaine	200%

David W. Carlson	75%
Ronald Freeman	50%

Discretionary Awards

From time to time the Compensation Committee may approve discretionary awards for executive officers and other employees in recognition of efforts that are beyond the normal requirements of their assigned duties. In determining bonuses for fiscal 2005, the Compensation Committee considered the remarkable effort of the Company's senior management in accomplishing the mergers between GameStop and EB in 2005 and successfully integrating the operations of GameStop and EB and awarded special bonuses as a result, as follows:

Executive Officer	Bonus Amount
R. Richard Fontaine	\$ 200,000
Daniel A. DeMatteo	\$ 200,000
David W. Carlson	\$ 100,000
Ronald Freeman	\$ 40,000

Stock Options and Restricted Stock

The Company chooses to grant long-term awards, currently in the form of stock options or restricted stock, to align the interests of the executive officers with the interests of the Company's stockholders. Additionally, long-term awards offer executive officers an incentive for the achievement of superior performance over time and foster the retention of key management personnel. Grants of long-term awards are made to executive officers, members of the board of directors and all other eligible full-time employees under the provisions of the Incentive Plan, which provides for the

grant of options to purchase shares of the Company's Common Stock, the grant of share appreciation rights, the grant of Stock Purchase Awards and the grant of Restricted Share Awards. Executive officers and directors of the Company are not eligible to receive grants of Stock Purchase Awards because of the provisions within those awards of a loan to the grantee to purchase the shares. To date, only options and restricted shares have been granted under the Incentive Plan.

Role of Compensation Committee in Grants. The Compensation Committee of the board of directors has the responsibility to administer the Incentive Plan and is therefore responsible for authorizing all grants of options or restricted shares. In determining annual stock option or restricted stock grants to executive officers, the Compensation Committee, along with executive management, bases its decision on the individual's performance and potential to improve stockholder value.

Table of Contents

The Compensation Committee considers the recommendations of the Chief Executive Officer in granting awards to executive officers and employees other than the Chief Executive Officer and the Chief Operating Officer. The Compensation Committee relies upon the Chief Financial Officer for the day-to-day administration and recordkeeping of the Incentive Plan.

Role of Executive Officers in Grants. The Chief Executive Officer is responsible for recommending the grant of options or restricted stock to all executive officers and all other eligible full-time employees except himself and the Chief Operating Officer. The Chief Financial Officer assists the Chief Executive Officer in this process by preparing a list of eligible employees and recommended awards for all eligible employees other than himself. Consideration is given to each individual's employment standing and those employees subject to possible termination are not deemed to be eligible. Recommended amounts are based on previous grants, individual performance and responsibilities and the individual's contributions toward increasing stockholder value. As mentioned above, the Chief Financial Officer is also responsible, under the direction of the Compensation Committee, for the day-to-day administration of the outstanding awards and the related recordkeeping.

The Company has historically granted stock options to its executive officers and other eligible full-time employees. In February 2006, the Chief Executive Officer recommended to the Compensation Committee that the Company issue restricted stock to the executive officers and stock options to other eligible employees in order to reduce the amount of shares granted in the awards and preserve the available pool of unissued awards for the future. A larger number of shares are needed when granting options because a holder only realizes value on those options from an increase in the share price from the exercise price, while a smaller number of shares are needed for grants of restricted stock because the holder realizes value for the entire share price and any subsequent increases. In February 2006, Mr. Fontaine, Mr. DeMatteo, Mr. Carlson and Mr. Freeman received awards of restricted stock while Mr. Morgan and other eligible employees received awards of stock options. Mr. Morgan received an award of stock options, as opposed to restricted stock, in accordance with the terms of his employment agreement signed in December 2005 when he was hired as the Company's President. Upon the Chief Executive Officer's recommendation, the February 2007 annual award grant included awards of restricted stock instead of stock options to executive officers and more members of the Company's management in order to preserve the available pool of unissued awards for the future.

Timing of Grants. Awards have historically been granted to executive officers and eligible full-time employees once per year. The Compensation Committee has typically met annually within the first 90 days after the start of the new fiscal year to approve the annual grant of options and restricted stock. The Compensation Committee meets on the same date as the regularly scheduled meeting of the board of directors for the first quarter. The date of these Compensation Committee and board of directors meetings is set in the fourth quarter of the previous fiscal year. In 2006, the board of directors and Compensation Committee formalized the historical practice in a policy whereby the annual awards to directors, executive officers and eligible full-time employees under the Incentive Plan will be approved at the first quarter's meeting of the Compensation Committee.

Prior to fiscal 2006, grants occasionally occurred at other times during a fiscal year to directors, based on actions by the board of directors. As stated above, grants to directors will now occur in conjunction with the first quarter's meeting of the Compensation Committee. Grants also occasionally occur to newly hired executives. When a grant is made for a newly hired executive, it is approved by the Compensation Committee with a grant date on the date on which the executive starts his or her employment with the Company.

There is no effort to time the meeting and the related approval of awards with the release of material non-public information. The board of directors and Compensation Committee typically hold their first quarter meetings in February or early March. There are typically no releases of material non-public information by the Company until the latter half of March when the announcement of the earnings for the previous fiscal year is completed. The timing of

grants for newly hired executives is not timed in coordination with the release of material non-public information. The Company does not grant awards based on the pending release of material non-public information and the Company does not release material non-public information for the purpose of affecting the value of executive compensation.

Pricing of Grants. Under the terms of the Incentive Plan, options are granted with an exercise price equal to the average of the high and low prices of the Company's Common Stock reported on the New York Stock Exchange (NYSE) for the trading day prior to the approval of the grant by the Compensation Committee.

2007 Grants. The Compensation Committee met on February 9, 2007 and granted either restricted stock or options for fiscal 2007 to the named executive officers and other eligible employees. The named executive officers were granted restricted stock, as follows:

Executive Officer	Shares of Restricted Stock Awarded
R. Richard Fontaine	120,000
Daniel A. DeMatteo	120,000
Steven R. Morgan	60,000
David W. Carlson	60,000
Ronald Freeman	24,000

In addition, each non-employee member of the board of directors was awarded a restricted stock grant of 19,200 shares. Each of the above referenced grants vests in equal annual installments over three years.

Change of Control/Severance Benefits

Each of Messrs. Fontaine, DeMatteo, Morgan and Carlson has employment agreements as described in Employment Agreements below. Pursuant to these agreements, each executive's employment may be terminated upon death, disability, by GameStop with or without cause or by the executive within twelve months of a good reason event. If an executive's employment is terminated due to death or disability, by the Company with cause or by the executive without good reason, the executive is entitled to payment of base salary through the date of death, disability or termination of employment.

A good reason event is defined as a change of control, a reduction in compensation or a material reduction in benefits or responsibilities, or a relocation of at least 50 miles. Among other things, the employment agreement includes a severance arrangement if the executive is terminated by GameStop without cause or by the executive for good reason, which provides each executive with his base salary through the term of the agreement, plus the average of the last three annual bonuses, with a one year minimum, plus the continuation of medical benefits for up to 18 months and the release of all stock option restrictions, including vesting provisions.

The triggering events which would result in the payment of the severance amounts described above were selected because they provide employees with a guaranteed level of financial protection upon loss of employment and were considered competitive with severance provisions being offered at that time.

The estimated minimum payments upon a change in control or termination for each of the named executive officers are detailed in the table of Potential Payments upon Change in Control or Termination above. Severance payments due to a named executive officer may be due either in installments or in a lump sum, to be negotiated between the Company and the executive.

Employment Agreements

GameStop has entered into employment agreements with R. Richard Fontaine, Daniel A. DeMatteo, Steven R. Morgan and David W. Carlson. The terms of the employment agreements for Mr. Fontaine and Mr. DeMatteo commenced on April 11, 2005 and continue for a period of three years thereafter, with automatic annual renewals thereafter unless either party gives notice of non-renewal at least six months prior to automatic renewal. The term of the employment agreement for Mr. Morgan commenced on December 9, 2005 and continues through February 12, 2008, with automatic annual renewals thereafter unless either party gives notice of non-renewal at least six months prior to automatic renewal. The term of the employment agreement for Mr. Carlson commenced on April 3, 2006 and continues for a period of two years thereafter, with automatic annual renewals thereafter unless either party gives notice of non-renewal at least six months prior to automatic renewal.

Table of Contents

Mr. Fontaine's minimum annual salary during the term of his employment under the employment agreement shall be no less than \$650,000. Mr. DeMatteo's minimum annual salary during the term of his employment under the employment agreement shall be no less than \$535,000. Mr. Morgan's minimum annual salary during the term of his employment under the employment agreement shall be no less than \$450,000. Mr. Carlson's minimum annual salary during the term of his employment under the employment agreement shall be no less than \$350,000. Annual bonus compensation will be based on the formula and targets established under and in accordance with the Supplemental Compensation Plan.

Each executive shall be entitled to all benefits afforded to key management personnel or as determined by the board of directors of GameStop, including, but not limited to, restricted stock and stock option benefits, insurance programs, pension plans, vacation, sick leave, expense accounts and retirement benefits.

Each executive is also restricted from competing with GameStop for the later of the expiration of the term of the agreement or one year after termination of employment, unless the contract is terminated by GameStop without cause or the executive for good reason.

Under the terms of his employment agreement, Mr. Morgan is also entitled to certain benefits associated with his transition from employment by EB to his employment as the Company's President. Mr. Morgan is entitled to the reimbursement of expenses incurred in relocating to the Company's headquarters in Grapevine, Texas from his residence in Pennsylvania, including one relocation to a temporary residence in Texas and one relocation to a permanent residence in Texas at such time as Mr. Morgan's spouse relocates to Texas. The relocation to the temporary residence took place in fiscal 2006 and the relocation to the permanent residence is expected to take place in fiscal 2008. The Company incurred costs totaling \$66,545 for the temporary relocation. Mr. Morgan is also entitled to two round-trip first class airfares per month between Pennsylvania and Texas until the later of December 31, 2007 or such time as his spouse relocates to Texas.

For a description of change of control and severance benefits included in the employment agreements, see "Change of Control/Severance Benefits" above.

Other Considerations

Relationship Among the Different Components of Compensation

In order to ensure that the named executive officers are held accountable for the Company's performance and changes in stockholder value, management and the Compensation Committee generally allocate total compensation such that the portion of compensation attributable to fixed elements, such as salary and benefits, decreases with increasingly higher levels of responsibility, and the portion attributable to variable, performance-based elements increases.

Stock Ownership

The Company does not require its executive officers to be stockholders in the Company. The Compensation Committee believes that the grant of stock options and restricted stock to the Company's executive officers that vest over a period of time is sufficient to provide the required incentive to such officers and align their interests with the interests of the Company's stockholders.

Recovery of Awards

The Company does not have a formal policy to recover past compensation awards from executive officers in the event of a restatement or an adjustment of results or performance measures that would have reduced the size of an award. The Company has not historically had any restatements or adjustments of this nature. Should such an incident occur, the board of directors would consider appropriate action at that time.

Retirement Benefits

Each of the Company's executive officers is entitled to participate in the Company's defined contribution 401K plan on the same basis as all other eligible employees. The Company matches the contributions of participants,

Table of Contents

subject to certain criteria. Under the terms of the 401K plan, as prescribed by the Internal Revenue Service, the contribution of any participating employee is limited to a maximum percentage of annual pay or a maximum dollar amount (\$15,000 for 2006). Our executive officers are subject to these limitations and therefore the Company does not consider its retirement benefits to be a material portion of the compensation program for our executive officers.

Perquisites

The Company does not have a formal program providing perquisites to its executive officers. Messrs. Fontaine, DeMatteo, Morgan and Carlson are eligible to use the Company plane for personal use. Mr. Carlson has chosen not to make personal use of the Company plane. Messrs. Fontaine, DeMatteo and Morgan occasionally use the plane for personal use and reimburse the Company for costs in accordance with IRS guidelines. Amounts disclosed in the perquisites column of the Summary Compensation Table for the personal use of the Company plane represent actual incremental costs to operate the plane in excess of the amounts reimbursed in accordance with IRS guidelines. In fiscal 2006, these amounts totaled \$50,655, \$60,716 and \$21,934 for Messrs. Fontaine, DeMatteo and Morgan, respectively.

In addition, under the terms of his employment contract with EB, Mr. Morgan had the use of a car that was leased for him by EB. Mr. Morgan had the use of this car through April 2007. The operating costs associated with this car in fiscal 2006 were \$22,068 and were included in the amount disclosed for Mr. Morgan in the perquisites column of the Summary Compensation Table. In addition, as discussed above, until the time that his spouse relocates to Texas, Mr. Morgan is entitled to receive two round-trip first class fares per month for flights between Texas and Pennsylvania. These airfare costs amounted to \$5,738 in fiscal 2006 and were included in the amount disclosed for Mr. Morgan in the perquisites column of the Summary Compensation Table.

None of the named executive officers receives any other compensation or benefits which would be defined as perquisites.

Tax and Accounting Implications

Impact of Section 162(m) of the Internal Revenue Code. The Compensation Committee has considered the potential impact of Section 162(m) of the Code, adopted under the Revenue Reconciliation Act of 1993. This section disallows a tax deduction for any publicly held corporation, for individual compensation exceeding \$1,000,000 in any taxable year paid to its chief executive officer or any of its four other highest paid officers unless (i) the compensation is payable solely on account of the attainment of performance goals, (ii) the performance goals are determined by a committee of two or more outside directors, (iii) the material terms under which compensation is to be paid are disclosed to and approved by stockholders and (iv) the determining committee certifies that the performance goals were met. Because it is in the best interests of the Company to qualify to the maximum extent possible the compensation of its executives for deductibility under applicable tax laws, the Company obtained stockholder approval in June 2006 for the Supplemental Compensation Plan, which provides for the payment of compensation in compliance with the above guidelines.

Accounting for Stock-Based Compensation. In December 2004, the Financial Accounting Standards Board issued SFAS 123(R). This Statement requires companies to expense the estimated fair value of stock options and similar equity instruments issued to employees in its financial statements. The Company adopted the provisions of SFAS 123(R) beginning on the first day of fiscal 2006. Under SFAS 123(R), the Company records stock-based compensation expense based on the grant-date fair value estimated in accordance with the original provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation, and previously presented in the pro forma footnote disclosures, for all options granted prior to, but not vested as of, the adoption date. In addition, the Company records compensation expense for the share-based awards issued after the adoption date in accordance with SFAS 123(R). In fiscal 2006, the Company incurred the following stock-based compensation costs for the named executive officers:

Executive Officer	Amount
R. Richard Fontaine	\$ 1,614,550
Daniel A. DeMatteo	\$ 1,614,550
Steven R. Morgan	\$ 651,393
David W. Carlson	\$ 822,560
Ronald Freeman	\$ 644,193

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee has the responsibility for reviewing and approving transactions with related parties or persons. All of the transactions and relationships described below took place or were in place prior to fiscal 2006.

Agreements With Barnes & Noble

In connection with the consummation of Historical GameStop's initial public offering in February 2002, Historical GameStop entered into various agreements with Barnes & Noble relating to its relationship with Barnes & Noble following the completion of its initial public offering. The terms of these agreements remain binding on the Company following the mergers.

Separation Agreement

Historical GameStop entered into a separation agreement with Barnes & Noble, which governs our respective rights and duties with respect to Historical GameStop's initial public offering and the distribution by Barnes & Noble to its stockholders of Barnes & Noble's shares of GameStop Class B Common Stock (which is referred to as the spin-off), completed November 12, 2004. The separation agreement contains covenants designed to protect the intended tax-free nature of the spin-off.

Table of Contents

Under the separation agreement, Historical GameStop agreed not to take certain actions without the approval of Barnes & Noble or the satisfaction of certain procedures. These actions include:

until two years after the spin-off, entering into or permitting any transaction or series of transactions which would result in a person or persons acquiring or having the right to acquire shares of Historical GameStop's capital stock that would comprise 50% or more of either the value of all outstanding shares of the capital stock or the total combined voting power of the outstanding voting stock; and

until two years after the spin-off, liquidating, disposing of, or otherwise discontinuing the conduct of any portion of Historical GameStop's active trade or business.

Historical GameStop generally agreed to indemnify Barnes & Noble and its affiliates against any and all tax-related losses incurred by Barnes & Noble in connection with any proposed tax assessment or tax controversy with respect to the spin-off to the extent caused by any breach by Historical GameStop of any of its representations, warranties or covenants made in the separation agreement. The two-year period specified in the separation agreement has expired. The Company remains affiliated with Barnes & Noble through Mr. Riggio, one of our directors, who is Chairman of the Board of Directors of Barnes & Noble.

Insurance Agreement

Historical GameStop entered into an insurance agreement with Barnes & Noble, pursuant to which we participated in Barnes & Noble's worker's compensation, property and general liability and directors' and officers' liability insurance programs. We reimbursed Barnes & Noble for our pro rata share of the cost of providing these insurance programs.

The insurance agreement terminated in part on May 1, 2005 and in full on June 1, 2005, at which time Historical GameStop procured its own insurance. Although we now have our own insurance coverage, costs will likely continue to be incurred by Barnes & Noble on insurance claims which were incurred under its programs prior to June 2005 and any such costs applicable to insurance claims against us will be allocated to the Company. In fiscal 2006, Barnes & Noble charged us approximately \$812,000 for such costs.

Operating Agreement

Historical GameStop entered into an operating agreement with Barnes & Noble, pursuant to which we operate the existing video game departments in ten Barnes & Noble stores. We pay Barnes & Noble a licensing fee equal to 7.0% of the aggregate gross sales of each such department. In fiscal 2006, Barnes & Noble charged us approximately \$996,000 in connection with our operation of such departments in Barnes & Noble stores.

The operating agreement will remain in force unless terminated:

by mutual agreement of us and Barnes & Noble;

automatically, in the event that we no longer operate any department within Barnes & Noble's stores;

by us or Barnes & Noble, with respect to any department, upon not less than 30 days prior notice;

by Barnes & Noble because of an uncured default by us;

automatically, with respect to any department, if the applicable store lease in which we operate that department expires or is terminated prior to its expiration date; or

automatically, in the event of the bankruptcy or a change in control of either us or Barnes & Noble.

Tax Disaffiliation Agreement

Historical GameStop entered into a tax disaffiliation agreement with Barnes & Noble which governs the allocation of federal, state, local and foreign tax liabilities and contains agreements with respect to other tax matters arising prior to and after the date of Historical GameStop's initial public offering. The tax disaffiliation agreement became effective at the time of the initial public offering and, among other things, sets forth the procedures for amending returns filed prior to the date of the initial public offering, tax audits and contests and record retention. In

Table of Contents

general, we are responsible for filing and paying our separate taxes for periods after the initial public offering and Barnes & Noble is responsible for filing and paying its separate taxes for periods after the initial public offering. In general, with respect to consolidated or combined returns that include Barnes & Noble and Historical GameStop prior to our initial public offering, Barnes & Noble is responsible for filing and paying the related tax liabilities and will retain any related tax refunds.

Under the tax disaffiliation agreement, without the prior written consent of Barnes & Noble, we may not amend any tax return for a period in which we were a member of Barnes & Noble's consolidated tax group. Barnes & Noble has the sole right to represent the interests of its consolidated tax group, including us, in any tax audits, litigation or appeals that involve, directly or indirectly, periods prior to the time that we ceased to be a member of their consolidated tax group (the date of the offering), unless we are solely liable for the taxes at issue and any redetermination of taxes would not result in any additional tax liability or detriment to any member of Barnes & Noble's consolidated tax group. In addition, we and Barnes & Noble have agreed to provide each other with the cooperation and information reasonably requested by the other in connection with the preparation or filing of any amendment to any tax return, the determination and payment of any amounts owed relating to periods prior to the date of the offering and in the conduct of any tax audits, litigation or appeals.

We and Barnes & Noble have agreed to indemnify each other for tax or other liabilities resulting from the failure to pay any taxes required to be paid under the tax disaffiliation agreement, tax or other liabilities resulting from negligence in supplying inaccurate or incomplete information or the failure to cooperate with the preparation of any tax return or the conduct of any tax audits, litigation or appeals. The tax disaffiliation agreement requires us to retain records, documents and other information necessary for the audit of tax returns relating to periods prior to the date we ceased to be a member of Barnes & Noble's consolidated tax group and to provide reasonable access to Barnes & Noble with respect to such records, documents and information.

Other Transactions and Relationships

In October 2004, Historical GameStop's board of directors authorized a repurchase of Class B Common Stock held by Barnes & Noble. Historical GameStop repurchased 12,214,000 shares of its Class B Common Stock at a price equal to \$9.13 per share for aggregate consideration of \$111.5 million. The repurchase price per share was determined by using a discount of 3.5% on the last reported trade of Historical GameStop's Class A Common Stock on the NYSE prior to the time of the transaction. Historical GameStop paid \$37.5 million in cash and issued a promissory note in the principal amount of \$74.0 million, payable in installments over three years and bearing interest at 5.5% per annum, payable when principal installments are due. The Company made principal payments of \$37.5 million, \$12.2 million and \$12.2 million on the promissory note as scheduled in January 2005, October 2005 and October 2006, respectively. Interest expense on the promissory note for fiscal 2006 totaled \$1.1 million.

In May 2005, we entered into an arrangement with Barnes & Noble under which www.gamestop.com is the exclusive specialty video game retailer listed on www.bn.com, Barnes & Noble's e-commerce site. Under the terms of this agreement, the Company pays a fee to Barnes & Noble for sales of video game or PC entertainment products sold through www.bn.com. For fiscal 2006, the fee to Barnes & Noble totaled \$348,000.

On November 2, 2002, EB sold its BC Sports Collectibles business to SCAC for cash and the assumption of lease related liabilities. The purchaser, SCAC, is owned by the family of James J. Kim, Chairman of EB at the time and currently one of the Company's directors. The transaction was negotiated and approved by a committee of EB's Board of Directors comprised solely of independent directors with the assistance of an investment banking firm engaged to solicit offers for the BC Sports Collectibles business. As EB remains contingently liable for the BC store leases, Mr. Kim has agreed to indemnify EB against any liabilities associated with these leases.

Michael N. Rosen, one of the Company's directors, is a partner of Bryan Cave LLP, which is counsel to the Company.

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE AMENDED AND
RESTATED GAMESTOP CORP. 2001 INCENTIVE PLAN**

PROPOSAL 2

The board of directors has approved, subject to the approval of the Company's stockholders, the amendment and restatement of the Amended and Restated GameStop Corp. 2001 Incentive Plan (the Incentive Plan), that (i) increases the maximum number of shares that may be the subject of awards from 40,000,000 to 43,500,000 shares, with the

additional 3,500,000 shares to be used only for the grant of options to purchase shares of our Common Stock, (ii) prohibits the reduction of the exercise price of outstanding options, prohibits the issuance of new awards in exchange for cancellations of outstanding awards and prohibits the buyout of outstanding underwater options for cash without stockholder approval and (iii) amends certain other provisions, including provisions relating to recent changes in law.

In order to facilitate approval of this proposal, the board of directors has committed that for fiscal years 2007, 2008, and 2009, GameStop's prospective three-year average burn rate with respect to the Company's equity awards will not exceed the greater of two percent of the Company's shares outstanding or the mean of its Global Industry Classification Standards Peer Group (2550-Retailing). The burn rate will be calculated as (i) the number of shares

Table of Contents

granted in each fiscal year by the Company and reported in our periodic reports filed with the SEC, including stock options and restricted stock, divided by (ii) the fiscal year end basic shares outstanding. For purposes of calculating the number of shares granted in a year, stock awards will count as equivalent to (1) 1.5 option shares, if our annual stock price volatility is 53% or higher, (2) two option shares if our annual stock price volatility is between 25% and 52%, and (3) four option shares if our annual stock price volatility is less than 25%.

The following is a summary of the Incentive Plan. This summary is qualified in all respects by reference to the full text of the Incentive Plan included herein as Appendix A.

General. The Incentive Plan provides for the grant of options to key officers, employees, consultants, advisors and directors of our company, our subsidiaries and affiliates selected from time to time by our Compensation Committee. The purpose of the Incentive Plan is to assist us in attracting and retaining selected individuals to serve as directors, officers, consultants, advisors and employees who will contribute to our success and to achieve long-term objectives which will inure to the benefit of all our stockholders through the additional incentive inherent in the ownership of our Common Stock. Awards under the Incentive Plan may take the form of stock options, including corresponding share appreciation rights (SARs), restricted stock awards and other share-based awards.

Options available and outstanding. As of May 4, 2007, a total of 14,630,000 shares of Common Stock are currently subject to outstanding options and 1,366,000 are subject to non-vested restricted stock grants, for a total overhang of 15,996,000 shares. The 14,630,000 shares subject to outstanding options have a weighted average exercise price of \$10.60 and a weighted average remaining term of 6.4 years. There are 1,853,000 shares available for future grant under the Incentive Plan. Shares are counted against the maximum number of authorized shares only to the extent they are actually issued. Thus, shares which terminate by expiration, forfeiture, cancellation, or otherwise, are settled in cash in lieu of shares, or exchanged for awards not involving shares, shall again be available for grant. Also, if the option price or tax withholding requirements of any award is satisfied by tendering shares, or if a SAR is exercised, only the number of shares issued, net of the shares tendered, will be deemed issued under the Incentive Plan.

Incentive Plan Administration. Our Compensation Committee administers the Incentive Plan. Subject to the provisions of the Incentive Plan, the Compensation Committee has authority, in its sole discretion, to grant awards under the Incentive Plan, to interpret the provisions of the Incentive Plan and, subject to the requirements of applicable law, to prescribe, amend, and rescind rules and regulations relating to the Incentive Plan or any award there under as it may deem necessary or advisable. The Compensation Committee may alter, amend, suspend or terminate the Incentive Plan as it deems advisable, subject to any requirement for stockholder approval imposed by applicable law, including Sections 162(m) and 422 of the Code, or any rule of any stock exchange or quotation system on which shares are listed or quoted; provided that the Compensation Committee may not amend the Incentive Plan to increase the number of shares that may be the subject of options under the Incentive Plan without the approval of our stockholders. In addition, except to the extent necessary to avoid the imposition of additional tax or interest under Section 409A of the Code, no amendment to, or termination of, the Incentive Plan shall in any way impair the rights of an optionee or a participant under any award previously granted without such optionee's or participant's consent.

Options. The Incentive Plan permits the granting of incentive stock options meeting the requirements of Section 422 of the Code, and nonqualified stock options that do not meet such requirements. The term of each option is determined by the Compensation Committee and shall not exceed ten years after the date of grant unless approved by the Company's stockholders. Options may also be subject to restrictions on exercise, such as exercise in periodic installments, as determined by the Compensation Committee. In general, the exercise price for options must be at least equal to 100% of the fair market value of the shares on the date of the grant. The Incentive Plan requires the fair market value to be the average of the high and low price of the common stock for the last day on which a reported sale occurred immediately preceding the date as of which the fair market value is being determined, as reported on the principle securities exchange on which the Company's Common Stock is traded. The exercise price can be paid in

cash, or if approved by the Compensation Committee, by tendering shares owned by the participant, by delivery of a promissory note (for participants other than the executive officers named in the summary compensation table or directors), or any combination of the foregoing. Options are not transferable except

Table of Contents

by will or the laws of descent and distribution and may generally be exercised only by the participant (or his guardian or legal representative) during his or her lifetime; provided, however, the nonqualified stock options may, under certain circumstances, be transferable to family members and trusts for the benefit of the participant or his family members.

Share Appreciation Rights. The Incentive Plan provides that the Compensation Committee may grant SARs in connection with the grant of options. Each SAR must be associated with a specific option and must be granted at the time of grant of such option. A SAR is exercisable only to the extent the related option is exercisable. Upon the exercise of a SAR, the recipient is entitled to receive from us up to, but no more than, an amount in cash or shares equal to the excess of (i) the fair market value of one share on the date of such exercise over (ii) the exercise price of any related option, multiplied by the number of shares in respect of which such SAR shall have been exercised. Upon the exercise of a SAR, the related option, or the portion thereof in respect of which such SAR is exercised, will terminate. Upon the exercise of an option granted in tandem with a SAR, such tandem SAR will terminate.

Reload Options. The Compensation Committee may grant, concurrently with the award of any option, a reload option to purchase for cash or shares a number of shares equal to (i) the number of shares delivered by the participant to us to exercise the underlying option and (ii) the number of shares used to satisfy any tax withholding requirement incident to the exercise of the underlying option. Although an underlying option may be an incentive stock option, a reload option is not intended to qualify as an incentive stock option. A reload option will have the same expiration date as the underlying option and an exercise price equal to the fair market value of the shares on the date the underlying option is exercised. A reload option is exercisable six months from the date of grant.

Restricted Stock. The Compensation Committee may award restricted shares under the Incentive Plan. Restricted shares give a participant the right to receive shares subject to a risk of forfeiture based upon certain conditions. The forfeiture restrictions on the shares may be based upon performance standards, length of service or other criteria as the Compensation Committee may determine. Until all restrictions are satisfied, lapsed or waived, we will maintain custody over the restricted shares but the participant will be able to vote the shares and will be entitled to all distributions paid with respect to the shares, as provided by the Compensation Committee. During such restrictive period, the restricted shares may not be sold, assigned, transferred, pledged or otherwise encumbered. Upon termination of employment, the participant forfeits the right to the shares to the extent the applicable performance standards, length of service requirements, or other measurement criteria have not been met.

Stock Purchase Awards. The Incentive Plan also permits the grant of stock purchase awards. Participants, other than executive officers and directors of the Company, who are granted a stock purchase award are provided with a loan to enable them to pay the purchase price for the shares acquired pursuant to the award. The Compensation Committee will determine the term of a stock purchase loan. The purchase price of shares acquired with a stock purchase loan is the price equal to the fair market value on the date of the award. The Incentive Plan provides that up to 100% of the stock purchase loan may be forgiven over the loan term subject to such terms and conditions as the Compensation Committee shall determine, provided that the participant has not resigned as an employee of our company. At the end of the loan term, the unpaid balance of the stock purchase loan will be due and payable. The Compensation Committee will determine the interest rate, if any, on a stock purchase loan. Stock purchase loans will be secured by a pledge to us of the shares purchased pursuant to the stock purchase award and such loans will be recourse or non-recourse as determined by the Compensation Committee.

Antidilution Provisions. The Incentive Plan requires the Compensation Committee to adjust the number of shares authorized to be issued under the Incentive Plan and subject to outstanding awards (and the grant or exercise price thereof) to prevent dilution or enlargement of rights in the event of any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares or other securities, the issuance of warrants or other rights to purchase shares or other securities, or

other similar capitalization change.

Limitations on Awards. The Incentive Plan prohibits the reduction of the exercise price of outstanding options, prohibits the issuance of new awards in exchange for cancellations of outstanding awards and prohibits the buyout of outstanding underwater options for cash without stockholder approval.

Table of Contents

Termination and Amendment. The Incentive Plan will terminate by its terms and without any action by the board of directors in 2011. No awards may be made after that date. Awards outstanding on such termination date will remain valid in accordance with their terms.

Treatment of Awards Upon a Change in Control, Termination and Related Transactions. One or more awards may be subject to the terms and conditions set forth in a written agreement between the Company and a participant, such as the employment agreements with certain of our executive officers, providing for different terms or provisions with respect to such awards upon a change in control of the Company (as the term may be defined in such written agreements) or termination of employment of a participant, subject to certain conditions, provided, that such written agreement may not increase the maximum amount of such awards.

Certain Federal Income Tax Consequences of The Incentive Plan. The following is a brief summary of the principal federal income tax consequences of awards under the Incentive Plan. The summary is based upon current federal income tax laws and interpretations thereof, all of which are subject to change at any time, possibly with retroactive effect. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

A participant does not recognize taxable income either at the time of grant or at the time of exercise of an incentive stock option. However, upon exercise, the difference between the fair market value of the shares and the exercise price is treated as an item of tax adjustment for purposes of the alternative minimum tax. If a participant does not dispose of shares acquired through the exercise of an incentive stock option in a disqualifying disposition (i.e., no disposition occurs within two years from the date of grant of the incentive stock option nor within one year of the transfer of the shares to the participant), then the participant will be taxed only upon the gain, if any, from the sale of such shares, and such gain will be taxable as gain from the sale of a capital asset.

The Company will not receive any tax deduction on the exercise of an incentive stock option or, if the above holding period requirements are met, on the sale of the underlying shares. If there is a disqualifying disposition (i.e., one of the holding period requirements is not met), the participant will be treated as receiving compensation subject to ordinary income tax in the year of the disqualifying disposition and the Company will be entitled to a deduction for compensation expense in an amount equal to the amount included in income by the participant. The participant generally will be required to include in income an amount equal to the difference between the fair market value of the shares at the time of exercise and the exercise price. Any appreciation in value after the time of exercise will be taxed as capital gain and will not result in any deduction by the Company.

If nonqualified stock options are granted to a participant, there are no federal income tax consequences at the time of grant. Upon exercise of the option, the participant must report as ordinary income an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The Company will receive a tax deduction in like amount. Any appreciation in value after the time of exercise will be taxed as capital gain and will not result in any deduction by the Company.

No income will be realized by the participant in connection with the grant of any SAR. The participant must include in ordinary income the amount of cash received and the fair market value on the exercise date of any shares received upon the exercise of a SAR. The Company will be entitled to a deduction equal to the amount included in such participant's income by reason of the exercise of any SAR.

The receipt of a reload option by a holder of an incentive stock option or a nonqualified stock option who pays the exercise price in full or in part with previously acquired shares should not affect the tax treatment of the exercise of such incentive stock option or nonqualified stock option (including the amount of ordinary income, if any, recognized

upon exercise). A participant will not recognize taxable income at the time a reload option is granted (except for any income recognized upon the exercise of a nonqualified stock option at the time of grant of the reload option). A reload option will constitute a nonqualified stock option for federal income tax purposes and will be taxed as such in the manner set forth above.

Except as described in the following paragraph, a grant of restricted shares does not constitute a taxable event for either a participant or the Company. However, the participant will be subject to tax, at ordinary income rates, based on the fair market value of the shares when they are no longer subject to a substantial risk of forfeiture or they become transferable. The Company will be entitled to take a commensurate deduction at that time.

Table of Contents

A participant may elect to recognize taxable ordinary income at the time restricted shares are awarded in amount equal to the fair market value of the shares at the time of grant, determined without regard to any forfeiture restrictions. Any such election must be filed with the Internal Revenue Service and the Company within 30 days following the date of grant and must be filed with the federal income tax return for the taxable year in which such award occurs. If such an election is made, the Company will be entitled to a deduction at that time in the same amount. Future appreciation on the shares will be taxed at the capital gains rate when the shares are sold. However, if, after making such an election, the shares are forfeited, the participant will be unable to claim a deduction.

A participant who receives a stock purchase award incurs no tax liability and the Company does not receive any deduction at the time shares are acquired through a stock purchase award. However, to the extent the stock purchase loan is forgiven, the participant will be required to recognize income in an amount equal to the forgiven portion of the loan. The Company will be entitled to take a commensurate deduction at such time. In general, stated interest paid or accrued on a stock purchase loan will be taxable income to the Company, and may or may not be deductible by the participant. In general, to the extent a stock purchase loan does not state adequate interest, interest may be imputed resulting in a participant recognizing compensation income; however, where a participant is a current employee, he should have a commensurate interest expense (which may or may not be deductible by the participant).

Pursuant to Section 162(m) of the Code, the Company may not deduct compensation of more than \$1,000,000 that is paid to an individual who, on the last day of the taxable year, is either the Company's chief executive officer or is one of the four other most highly-compensated officers for that taxable year as reported in the Company's proxy statement (a Covered Employee). The limitation on deductions does not apply to certain types of compensation, including performance-based compensation. It is intended that awards under the Incentive Plan made to Covered Employees in the form of options, restricted share awards, SARs and cash payments under annual incentive awards will constitute qualified performance-based compensation and, as such, will be exempt from the \$1,000,000 limitation on deductible compensation, but no assurance can be made in this regard.

Section 409A of the Code imposes additional tax and interest charges on service providers who receive certain deferred compensation that does not meet the requirements of Section 409A. It is intended that awards under the Incentive Plan meet the requirements of Section 409A, but no assurance can be made in this regard.

Awards made to participants under the Incentive Plan may be subject to federal, state and local income tax withholding obligations and the Company complies with any requirements to withhold such taxes.

ERISA Status. The Incentive Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

**SECOND AMENDED AND RESTATED
GAMESTOP CORP.
2001 INCENTIVE PLAN**

GAMESTOP CORP., a Delaware corporation (the Company), has adopted the Gamestop Corp. 2001 Incentive Plan (the Plan) which has been previously amended and restated. The Company hereby amends and restates the Plan effective as of _____, 2007 to read as follows:

RECITALS

WHEREAS, the Company desires to encourage high levels of performance by those individuals who are key to the success of the Company or any parent, subsidiary or affiliate of the Company, to attract new individuals who are highly motivated and who will contribute to the success of the Company and to encourage such individuals to remain as officers, employees, consultants, advisors and/or directors of the Company and its parent, subsidiaries and affiliates by increasing their proprietary interest in the Company's growth and success.

WHEREAS, to attain these ends, the Company has formulated the Plan embodied herein to authorize the granting of incentive awards through grants of options to purchase shares (Options), grants of share appreciation rights, grants of Share Purchase Awards (hereafter defined), grants of Restricted Share Awards (hereafter defined), or any other award made under the Plan to those persons (each such person a Participant) whose judgment, initiative and efforts are, have been, or are expected to be responsible for the success of the Company or any parent, subsidiary or affiliate of the Company.

NOW, THEREFORE, the Company hereby constitutes, establishes and adopts the following Plan and agrees to the following provisions:

ARTICLE 1.

PURPOSE OF THE PLAN

1.1. *Purpose.* The purpose of the Plan is to assist the Company or any parent, subsidiary or affiliate of the Company in attracting and retaining selected individuals to serve as directors, officers, consultants, advisors, and employees of the Company or any parent, subsidiary or affiliate of the Company who will contribute to the Company's success and to achieve long-term objectives which will inure to the benefit of all shareholders of the Company through the additional incentive inherent in the ownership of the Company's Class A Common Stock, par value \$.001 per share (the Shares). Options granted under the Plan will be either incentive stock options, intended to qualify as such under the provisions of section 422 of the Internal Revenue Code of 1986, as from time to time amended (the Code), or nonqualified stock options. For purposes of the Plan, the terms subsidiary and parent shall mean subsidiary corporation and parent corporation, respectively, as such terms are defined in sections 424(f) and 424(e) of the Code, and affiliate shall have the meaning set forth in Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act). For purposes of the Plan, the term Award shall include a grant of an Option, a grant of a share appreciation right, a grant of a Share Purchase Award, a grant of a Restricted Share Award, or any other award made under the terms of the Plan.

ARTICLE 2.

SHARES SUBJECT TO AWARDS

2.1. Number of Shares. Subject to the adjustment provisions of Section 9.9 hereof, the aggregate number of Shares which may be issued under Awards under the Plan, whether pursuant to Options, Share Purchase Awards, Restricted Share Awards or any other award under the Plan shall be 40,000,000 Shares, plus an additional 3,500,000 Shares which may be issued solely pursuant to Options. No Options to purchase fractional Shares shall be

A-1

Table of Contents

granted and no fractional shares shall be issued under the Plan. For purposes of this Section 2.1, the Shares that shall be counted toward such limitation shall include all Shares:

- (1) issued or issuable pursuant to Options that have been or may be exercised;
- (2) issued or issuable pursuant to Share Purchase Awards;
- (3) issued as, or subject to issuance as a Restricted Share Award; and
- (4) issued or issuable under any other award granted under the terms of the Plan.

2.2. Shares Subject to Terminated Awards. The Shares covered by any unexercised portions of terminated Options granted under Articles 4 and 6, Shares forfeited as provided in Section 8.2(a) and Shares subject to any Awards which are otherwise surrendered by the Participant without receiving any payment or other benefit with respect thereto may again be subject to new Awards under the Plan, other than grants of Options intended to qualify as incentive stock options. In the event the purchase price of an Option is paid in whole or in part through the delivery of Shares, the number of Shares tendered for the exercise of the Option shall not again be available for the grant of Awards under the Plan. Shares subject to Options, or portions thereof, which have been surrendered in connection with the exercise of share appreciation rights shall not again be available for the grant of Awards under the Plan.

2.3. Character of Shares. Shares delivered under the Plan may be authorized and unissued Shares or Shares acquired by the Company, or both.

2.4. Limitations on Grants to Individual Participant. Subject to adjustments pursuant to the provisions of Section 9.9 hereof, the maximum number of Shares with respect to which Options or stock appreciation rights may be granted hereunder to any employee during any fiscal year of the Company shall be 4,500,000 Shares (the Limitation).

If an Option is canceled, the canceled Option shall continue to be counted toward the Limitation for the year granted. An Option (or a share appreciation right) that is repriced during any fiscal year is treated as the cancellation of the Option (or share appreciation right) and a grant of a new Option (or share appreciation right) for purposes of the Limitation for that fiscal year.

ARTICLE 3.

ELIGIBILITY AND ADMINISTRATION

3.1. Awards to Employees, Directors and Others. (a) Participants who receive Options under Articles 4 and 6 hereof (including share appreciation rights under Article 5) (Optionees), Share Purchase Awards under Article 7 or Restricted Share Awards or other Share-based awards under Article 8 (in either case, a Participant) shall consist of such key officers, employees, consultants, advisors and directors of the Company or any parent, subsidiary or affiliate of the Company as the Committee (hereinafter defined) shall select from time to time. The Committee's designation of an Optionee or Participant in any year shall not require the Committee to designate such person to receive Awards or grants in any other year. The designation of an Optionee or Participant to receive Awards or grants under one portion of the Plan shall not require the Committee to include such Optionee or Participant under other portions of the Plan.

(b) No Option that is intended to qualify as an incentive stock option may be granted (x) to any individual that is not an employee of the Company or any parent, subsidiary or affiliate thereof, or (y) to any employee who, at the time of such grant, owns, directly or indirectly (within the meaning of Sections 422(b)(6) and 424(d) of the Code), shares possessing more than 10% of the total combined voting power of all classes of shares of the Company or any parent,

subsidiary or affiliate of the Company, unless at the time of such grant, (i) the option price is fixed at not less than 110% of the Fair Market Value (as defined below) of the Shares subject to such Option, determined on the date of the grant, and (ii) the exercise of such Option is prohibited by its terms after the expiration of five years from the date such Option is granted.

A-2

Table of Contents

3.2. *Administration.* (a) The Plan shall be administered by a committee (the Committee) consisting of not fewer than two directors of the Company (the directors of the Company being hereinafter referred to as the Directors), as designated by the Directors. The Directors may remove from, add members to, or fill vacancies in the Committee. Unless otherwise determined by the Directors, each member of the Committee is intended to be a Non-Employee Director within the meaning of Rule 16b-3 (or any successor rule) of the Exchange Act and an outside director within the meaning of Section 162(m)(4)(C)(i) of the Code and the regulations thereunder.

Any Award to a member of the Committee shall be on terms consistent with Awards made to other Directors who are not members of the Committee and who are not employees, except where the Award is approved or ratified by the Compensation Committee (excluding persons who are also members of the Committee) of the Board of Directors of the Company.

(b) The Committee is authorized, subject to the provisions of the Plan, to establish such rules and regulations as it may deem appropriate for the conduct of meetings and proper administration of the Plan. All actions of the Committee shall be taken by majority vote of its members. The Committee is also authorized, subject to the provisions of the Plan, to make provisions in various Awards pertaining to a change of control of the Company and to amend or modify existing Awards.

(c) Subject to the provisions of the Plan, the Committee shall have authority, in its sole discretion, to interpret the provisions of the Plan and any Award thereunder and, subject to the requirements of applicable law, including Rule 16b-3 of the Exchange Act, to prescribe, amend, and rescind rules and regulations relating to the Plan or any Award thereunder as it may deem necessary or advisable. All decisions made by the Committee pursuant to the provisions of the Plan shall be final, conclusive and binding on all persons, including the Company, its shareholders, Directors and employees, and Plan participants and beneficiaries.

3.3. *Designation of Consultants/Liability.* (a) The Committee may designate employees of the Company and professional advisors to assist the Committee in the administration of this Plan and may grant authority to employees to execute agreements or other documents on behalf of the Committee.

(b) The Committee may employ such legal counsel, consultants and agents as it may deem desirable for the administration of this Plan and may rely upon any opinion received from any such counsel or consultant and any computation received from any such consultant or agent. Expenses incurred by the Committee or the Board in the engagement of any such counsel, consultant or agent shall be paid by the Company. The Committee, its members and any person designated pursuant to Section 3.3(a) shall not be liable for any action or determination made in good faith with respect to this Plan. To the maximum extent permitted by applicable law, no officer or former officer of the Company or member or former member of the Committee or of the Board shall be liable for any action or determination made in good faith with respect to this Plan or any Award granted under it. To the maximum extent permitted by applicable law and to the extent not covered by insurance, each officer or former officer and member or former member of the Committee or of the Board shall be indemnified and held harmless by the Company against any cost or expense (including reasonable fees of counsel reasonably acceptable to the Company) or liability (including any sum paid in settlement of a claim with the approval of the Company), and advanced amounts necessary to pay the foregoing at the earliest time and to the fullest extent permitted, arising out of any act or omission to act in connection with this Plan, except to the extent arising out of such officer's or former officer's, member's or former member's own fraud or bad faith. Such indemnification shall be in addition to any rights of indemnification the officers, directors or members or former officers, directors or members may have under applicable law. Notwithstanding anything else herein, this indemnification will not apply to the actions or determinations made by an individual with regard to Awards granted to him or her under this Plan.

ARTICLE 4.

OPTIONS

4.1. Grant of Options. The Committee shall determine, within the limitations of the Plan, those key officers, employees, consultants, advisors and Directors of the Company or any parent, subsidiary or affiliate of the Company to whom Options are to be granted under the Plan, the number of Shares that may be purchased under each such Option, the option price and other terms of each such Option, and shall designate such Options at the time of

A-3

Table of Contents

the grant as either incentive stock options or nonqualified stock options ; provided, however, that Options granted to employees of an affiliate (that is not also a parent or a subsidiary) or to non-employees of the Company may only be nonqualified stock options.

All Options granted pursuant to this Article 4 and Article 6 herein shall be authorized by the Committee and shall be evidenced in writing by share option agreements (Share Option Agreements) in such form and containing such terms and conditions as the Committee shall determine that are not inconsistent with the provisions of the Plan, and, with respect to any Share Option Agreement granting Options that are intended to qualify as incentive stock options, are not inconsistent with Section 422 of the Code. The granting of an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Article 4 and Article 6 herein may hold more than one Option granted pursuant to such Articles at the same time and may hold both incentive stock options and nonqualified stock options at the same time. To the extent that any Option does not qualify as an incentive stock option (whether because of its provisions, the time or manner of its exercise or otherwise) such Option or the portion thereof which does not so qualify shall constitute a separate nonqualified stock option.

4.2. *Option Price.* Subject to Section 3.1(b), the option exercise price per each Share purchasable under any Option granted under the Plan shall not be less than 100% of the Fair Market Value (as hereinafter defined) of such Share on the date of the grant of such Option.

4.3. *Other Provisions.* (a) Options granted pursuant to this Article 4 shall be made in accordance with the terms and provisions of Article 9 hereof and any other applicable terms and provisions of the Plan.

(b) Subject to Section 9.9, the Option exercise price per Share may not be decreased after the Option has been granted, unless otherwise approved by the Company's stockholders.

(c) No Option may be cancelled in exchange for cash at the time the exercise price per Share is greater than the fair market value per Share of the underlying Shares, unless otherwise approved by the Company's stockholders.

ARTICLE 5.

SHARE APPRECIATION RIGHTS

5.1. *Grant and Exercise.* Share appreciation rights may be granted in conjunction with all or part of any Option granted under the Plan provided such rights are granted at the time of the grant of such Option. A share appreciation right is a right to receive cash or whole Shares, as provided in this Article 5, in lieu of the purchase of a Share under a related Option. A share appreciation right or applicable portion thereof shall terminate and no longer be exercisable upon the termination or exercise of the related Option, and a share appreciation right granted with respect to less than the full number of Shares covered by a related Option shall not be reduced until, and then only to the extent that, the exercise or termination of the related Option exceeds the number of Shares not covered by the share appreciation right. A share appreciation right may be exercised by the holder thereof (the Holder), in accordance with Section 5.2 of this Article 5, by giving written notice thereof to the Company and surrendering the applicable portion of the related Option. Upon giving such notice and surrender, the Holder shall be entitled to receive an amount determined in the manner prescribed in Section 5.2 of this Article 5. Options which have been so surrendered, in whole or in part, shall no longer be exercisable to the extent the related share appreciation rights have been exercised.

5.2. *Terms and Conditions.* Share appreciation rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) Share appreciation rights shall be exercisable only at such time or times and to the extent that the Options to which they relate shall be exercisable in accordance with the provisions of the Plan.

(b) Upon the exercise of a share appreciation right, a Holder shall be entitled to receive up to, but no more than, an amount in cash or whole Shares equal to the excess of the then Fair Market Value of one Share over the

A-4

Table of Contents

option exercise price per Share specified in the related Option multiplied by the number of Shares in respect of which the share appreciation right shall have been exercised. The Holder shall specify in his written notice of exercise, whether payment shall be made in cash or in whole Shares (unless otherwise provided in the agreement governing the share appreciation right). Each share appreciation right may be exercised only at the time and so long as a related Option, if any, would be exercisable or as otherwise permitted by applicable law.

(c) Upon the exercise of a share appreciation right, the Option or part thereof to which such share appreciation right is related shall be deemed to have been exercised for the purpose of the limitation of the number of Shares to be issued under the Plan, as set forth in Section 2.1 of the Plan.

(d) With respect to share appreciation rights granted in connection with an Option that is intended to be an incentive stock option, the following shall apply:

(i) No share appreciation right shall be transferable by a Holder otherwise than by will or by the laws of descent and distribution, and share appreciation rights shall be exercisable, during the Holder's lifetime, only by the Holder.

(ii) Share appreciation rights granted in connection with an Option may be exercised only when the Fair Market Value of the Shares subject to the Option exceeds the option exercise price at which Shares can be acquired pursuant to the Option.

ARTICLE 6.

RELOAD OPTIONS

6.1. *Authorization of Reload Options.* Concurrently with the award of any Option (such Option hereinafter referred to as the Underlying Option) to any Participant in the Plan, the Committee may grant one or more reload options (each, a Reload Option) to such Participant to purchase for cash or Shares (held for at least six months or such other period to avoid accounting charges against the Company's earnings) a number of Shares as specified below. A Reload Option shall be exercisable for an amount of Shares equal to (i) the number of Shares delivered by the Optionee to the Company to exercise the Underlying Option, and (ii) to the extent authorized by the Committee, the number of Shares used to satisfy any tax withholding requirement incident to the exercise of the Underlying Option, subject to the availability of Shares under the Plan at the time of such exercise. Any Reload Option may provide for the grant, when exercised, of subsequent Reload Options to the extent and upon such terms and conditions consistent with this Article 6, as the Committee in its sole discretion shall specify at or after the time of grant of such Reload Option. Except as otherwise determined by the Committee, a Reload Option will vest and become exercisable six months after the exercise of an Underlying Option or Reload Option whereby the Participant delivers to the Company Shares held by the Optionee for at least six months in payment of the exercise price and/or tax withholding obligations. Notwithstanding the fact that the Underlying Option may be an incentive stock option, a Reload Option is not intended to qualify as an incentive stock option under Section 422 of the Code.

6.2. *Reload Option Amendment.* Each Share Option Agreement shall state whether the Committee has authorized Reload Options with respect to the Underlying Option. Upon the exercise of an Underlying Option or other Reload Option, the Reload Option will be evidenced by an amendment to the underlying Share Option Agreement.

6.3. *Reload Option Price.* The option exercise price per Share deliverable upon the exercise of a Reload Option shall be the Fair Market Value of a Share on the date the corresponding Underlying Option is exercised.

6.4. *Term and Exercise.* Except as otherwise determined by the Committee, each Reload Option vests and is fully exercisable six months after its grant (i.e., six months after the corresponding Underlying Option is exercised). The

term of each Reload Option shall be equal to the remaining option term of the Underlying Option.

6.5. Termination of Employment. No additional Reload Options shall be granted to an Optionee when Options and/or Reload Options are exercised pursuant to the terms of this Plan following termination of the Optionee's employment unless the Committee, in its sole discretion, shall determine otherwise.

6.6. Applicability of Other Sections. Except as otherwise provided in this Article 6, the provisions of Article 9 applicable to Options shall apply equally to Reload Options.

ARTICLE 7.

SHARE PURCHASE AWARDS

7.1. Grant of Share Purchase Award. The term "Share Purchase Award" means the right to purchase Shares of the Company and to pay for such Shares through a loan made by the Company to the Participant (a "Purchase Loan") as set forth in this Article 7. Unless otherwise permitted by law, no executive officer or director of the Company shall be eligible to receive a Share Purchase Award.

7.2. Terms of Purchase Loans. (a) *Purchase Loan.* Each Purchase Loan shall be evidenced by a promissory note. The term of the Purchase Loan shall be for a period of years, as determined by the Committee, and the proceeds of the Purchase Loan shall be used exclusively by the Participant for purchase of Shares from the Company at a purchase price equal to the Fair Market Value on the date of the Share Purchase Award.

(b) *Interest on Purchase Loan.* A Purchase Loan shall be non-interest bearing or shall bear interest at whatever rate the Committee shall determine (but not in excess of the maximum rate permissible under applicable law), payable in a manner and at such times as the Committee shall determine. Those terms and provisions as the Committee shall determine shall be incorporated into the promissory note evidencing the Purchase Loan.

(c) *Forgiveness of Purchase Loan.* Subject to Section 7.4 hereof, the Company may forgive the repayment of up to 100% of the principal amount of the Purchase Loan, subject to such terms and conditions as the Committee shall determine and set forth in the promissory note evidencing the Purchase Loan. A Participant's Purchase Loan can be prepaid at any time, and from time to time, without penalty.

7.3. Security for Loans. (a) *Stock Power and Pledge.* Purchase Loans granted to Participants shall be secured by a pledge of the Shares acquired pursuant to the Share Purchase Award. Such pledge shall be evidenced by a pledge agreement (the "Pledge Agreement") containing such terms and conditions as the Committee shall determine. The share certificates for the Shares purchased by a Participant pursuant to a Share Purchase Award shall be issued in the Participant's name, but shall be held by the Company as security for repayment of the Participant's Purchase Loan together with a stock power executed in blank by the Participant (the execution and delivery of which by the Participant shall be a condition to the issuance of the Share Purchase Award). Unless otherwise determined by the Committee, the Participant shall be entitled to exercise all rights applicable to such Shares, including, but not limited to, the right to vote such Shares and the right to receive dividends and other distributions made with respect to such Shares. When the Purchase Loan and any accrued but unpaid interest thereon has been repaid or otherwise satisfied in full, the Company shall deliver to the Participant the share certificates for the Shares purchased by a Participant under the Share Purchase Award. Purchase Loans shall be recourse or non-recourse with respect to a Participant, as determined by the Committee.

(b) *Release and Delivery of Share Certificates During the Term of the Purchase Loan.* The Company shall release and deliver to each Participant certificates for Shares purchased by a Participant pursuant to a Share Purchase Award, in such amounts and on such terms and conditions as the Committee shall determine, which shall be set forth in the Pledge Agreement.

(c) *Release and Delivery of Share Certificates Upon Repayment of the Purchase Loan.* The Company shall release and deliver to each Participant certificates for the Shares purchased by the Participant under the Share Purchase

Award and then held by the Company, provided the Participant has paid or otherwise satisfied in full the balance of the Purchase Loan and any accrued but unpaid interest thereon. In the event the balance of the Purchase Loan is not repaid, forgiven or otherwise satisfied within 90 days after (i) the date repayment of the Purchase Loan is due (whether in accordance with its term, by reason of acceleration or otherwise), or (ii) such longer time as the Committee, in its discretion, shall provide for repayment or satisfaction, the Company shall retain those Shares then held by the Company in accordance with the Pledge Agreement.

(d) *Recourse Purchase Loans.* Notwithstanding Sections 7.3(a), (b) and (c) above, in the case of a recourse Purchase Loan, the Committee may make a Purchase Loan on such terms as it determines, including without limitation, not requiring a pledge of the acquired Shares.

7.4. *Termination of Employment.* (a) *Termination of Employment by Death, Disability or by the Company Without Cause; Change of Control.* In the event of a Participant's termination of employment by reason of death, disability or by the Company without cause, or in the event of a change of control, the Committee shall have the right (but shall not be required) to forgive the remaining unpaid amount (principal and interest) of the Purchase Loan in whole or in part as of the date of such occurrence. Change of Control, disability and cause shall have the respective meanings as set forth in the promissory note evidencing the Purchase Loan.

(b) *Termination of Employment.* Subject to Section 7.4(a) above, in the event of a Participant's termination of employment for any reason, the Participant shall repay to the Company the entire balance of the Purchase Loan and any accrued but unpaid interest thereon, which amounts shall become immediately due and payable, unless otherwise determined by the Committee.

7.5. *Restrictions on Transfer.* No Share Purchase Award or Shares purchased through such an Award and pledged to the Company as collateral security for the Participant's Purchase Loan (and accrued and unpaid interest thereon) may be otherwise pledged, sold, assigned or transferred (other than by will or by the laws of descent and distribution).

ARTICLE 8.

SHARE AWARDS

8.1. *Restricted Share Awards.* (a) A grant of Shares made pursuant to Sections 8.1 and 8.2 is referred to as a Restricted Share Award. The Committee may grant to any Participant an amount of Shares in such manner, and subject to such terms and conditions relating to vesting, forfeitability and restrictions on delivery and transfer (whether based on performance standards, periods of service or otherwise) as the Committee shall establish (such Shares, Restricted Shares). The terms of any Restricted Share Award granted under this Plan shall be set forth in a written agreement (a Restricted Share Agreement) which shall contain provisions determined by the Committee and not inconsistent with this Plan. The provisions of Restricted Share Awards need not be the same for each Participant receiving such Awards.

(b) *Issuance of Restricted Shares.* As soon as practicable after the date of grant of a Restricted Share Award by the Committee, the Company shall cause to be transferred on the books of the Company Shares registered in the name of the Company, as nominee for the Participant, evidencing the Restricted Shares covered by the Award; provided, however, such Shares shall be subject to forfeiture to the Company retroactive to the date of grant if a Restricted Share Agreement delivered to the Participant by the Company with respect to the Restricted Shares covered by the Award is not duly executed by the Participant and timely returned to the Company. All Restricted Shares covered by Awards under this Article 8 shall be subject to the restrictions, terms and conditions contained in the Plan and the Restricted Share Agreement entered into by and between the Company and the Participant. Until the lapse or release of all restrictions applicable to an Award of Restricted Shares, the share certificates representing such Restricted Shares shall be held in custody by the Company or its designee.

(c) *Shareholder Rights.* Beginning on the date of grant of the Restricted Share Award and subject to execution of the Restricted Share Agreement as provided in Sections 8.1(a) and (b), unless the Restricted Share Agreement provides otherwise, the Participant shall become a shareholder of the Company with respect to all Shares subject to the Restricted Share Agreement and shall have all of the rights of a shareholder, including, but not limited to, the right to

vote such Shares and the right to receive distributions made with respect to such Shares; provided, however, that any Shares distributed as a dividend or otherwise with respect to any Restricted Shares as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Shares and shall be represented by book entry and held as prescribed in Section 8.1(b).

A-7

Table of Contents

(d) *Restriction on Transferability.* None of the Restricted Shares may be assigned or transferred (other than by will or the laws of descent and distribution), pledged or sold prior to lapse or release of the restrictions applicable thereto.

(e) *Delivery of Shares Upon Release of Restrictions.* Upon expiration or earlier termination of the forfeiture period without a forfeiture and the satisfaction of or release from any other conditions prescribed by the Committee, the restrictions applicable to the Restricted Shares shall lapse. As promptly as administratively feasible thereafter, subject to the requirements of Section 10.1, the Company shall deliver to the Participant or, in case of the Participant's death, to the Participant's beneficiary, one or more stock certificates for the appropriate number of Shares, free of all such restrictions, except for any restrictions that may be imposed by law.

8.2. *Terms of Restricted Shares.* (a) *Forfeiture of Restricted Shares.* Subject to Section 8.2(b), all Restricted Shares shall be forfeited and returned to the Company and all rights of the Participant with respect to such Restricted Shares shall terminate unless the Participant continues in the service of the Company as an employee (or Director, consultant or advisor, as the case may be) until the expiration of the forfeiture period for such Restricted Shares and satisfies any and all other conditions set forth in the Restricted Share Agreement. The Committee in its sole discretion, shall determine the forfeiture period (which may, but need not, lapse in installments) and any other terms and conditions applicable with respect to any Restricted Share Award and the Committee has the discretion to modify the terms and conditions of a Restricted Share Award as long as the rights of the Participant are not impaired.

(b) *Waiver of Forfeiture Period.* Notwithstanding anything contained in this Article 8 to the contrary, the Committee may, in its sole discretion and subject to the limitations imposed under Code Section 162(m) and the Treasury Regulations thereunder in the case of a Restricted Share Award intended to comply with the performance-based compensation exception under Code Section 162(m), waive the forfeiture period and any other conditions set forth at grant in any Restricted Share Agreement under appropriate circumstances (including the death, disability or retirement of the Participant or a material change in circumstances arising after the date of an Award) as determined by the Committee in its sole discretion and subject to such terms and conditions (including forfeiture of a proportionate number of the Restricted Shares) as the Committee shall deem appropriate.

8.3. *Other Share-Based Awards.* The Committee is authorized to grant other Share-based awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, including but not limited to, Shares awarded purely as a bonus and not subject to any restrictions or conditions, Shares in payment of the amounts due under an incentive or performance plan sponsored or maintained by the Company or any parent, subsidiary or affiliate of the Company, share appreciation rights (in tandem with Options), stock equivalent units, and Awards valued by reference to book value of Shares. Subject to the provisions of this Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such Awards shall be made, the number of Shares to be awarded pursuant to or referenced by such Awards, and all other conditions of the Awards. Grants of other Share-based awards may be subject to such conditions, restrictions and contingencies as the Committee may determine which may include, but are not limited to, continuous service with the Company or any parent, subsidiary or affiliate of the Company and/or the achievement of performance goals.

8.4. *Objective Performance Goals, Formulae or Standards.* If the grant of Restricted Shares or other Share-based awards or the lapse of restrictions or vesting of Restricted Shares or other Share-based awards is based on the attainment of performance goals, the Committee shall establish the performance goals and the applicable vesting percentage of the Restricted Share Award or other Share-based award applicable to each Participant or class of Participants in writing prior to the beginning of the applicable fiscal year or at such later date as otherwise determined by the Committee and while the outcome of the performance goals are substantially uncertain. Such performance goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or

circumstances. With regard to a Restricted Share Award or other Share-based award that is intended to comply with Section 162(m) of the Code, to the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable performance goals shall be based on one or more of the Performance Criteria set forth in Exhibit A hereto. Other performance goals may be used to the extent such goals satisfy Section 162(m) of the Code or the Award is not intended to satisfy the requirements of Section 162(m) of the Code.

8.5. *Annual Limitation on Grants of Shares.* Subject to adjustments pursuant to the provisions of Section 9.9 hereof, the maximum number of Shares subject to specified performance goals intended to satisfy the requirements of Section 162(m) of the Code and in accordance with Section 8.4 hereof that may be granted as Restricted Shares to any employee or subject to any other Share-based awards to any employee during any fiscal year of the Company shall be 4,500,000 Shares.

ARTICLE 9.

GENERALLY APPLICABLE PROVISIONS

9.1. *Option Period.* Subject to Section 3.1(b), the period for which an Option is exercisable shall be set by the Committee and shall not exceed ten years from the date such Option is granted unless approved by the Company's stockholders. After the Option is granted, the option period may not be reduced, subject to expiration due to termination of employment.

9.2. *Fair Market Value.* If the Shares are listed or admitted to trading on a securities exchange registered under the Exchange Act, the Fair Market Value of a Share as of a specified date shall mean the average of the high and low price of the shares for the day immediately preceding the date as of which Fair Market Value is being determined (or if there was no sale on such date, on the last preceding date on which any reported sale occurred) reported on the principal securities exchange on which the Shares are listed or admitted to trading. If the Shares are not listed or admitted to trading on any such exchange but are traded in the over-the-counter market or traded on any similar system then in use, the Fair Market Value of a Share shall be the average of the high and low sales price for the day immediately preceding the date as of which the Fair Market Value is being determined (or if there was no reported sale on such date, on the last preceding date on which any reported sale occurred) reported on such system. If the Shares are not listed or admitted to trading on any such exchange and are not traded in the over-the-counter market or traded on any similar system then in use, but are quoted on any similar system then in use, the Fair Market Value of a Share shall be the average of the closing high bid and low asked quotations on such system for the Shares on the date in question. If the Shares are not publicly traded, Fair Market Value shall be determined by the Committee in its sole discretion using appropriate criteria. An Option shall be considered granted on the date the Committee acts to grant the Option or such later date as the Committee shall specify.

9.3. *Exercise of Options.* Vested Options granted under the Plan shall be exercised by the Optionee thereof (or by his or her executors, administrators, guardian or legal representative, or by a Permitted Assignee, as provided in Sections 9.4, 9.6 and 9.7 hereof) as to all or part of the Shares covered thereby, by the giving of written notice of exercise to the Company, specifying the number of Shares to be purchased, accompanied by payment of the full purchase price for the Shares being purchased. Full payment of such purchase price shall be made at the time of exercise and shall be made (i) in cash or by certified check or bank check or wire transfer of immediately available funds, (ii) with the consent of the Committee, unless otherwise prohibited by law, by delivery of a promissory note in favor of the Company upon such terms and conditions as determined by the Committee, (iii) with the consent of Committee, by tendering previously acquired Shares (valued at their Fair Market Value, as determined by the Committee as of the date of tender) that have been owned for a period of at least six months (or such other period to avoid accounting charges against the Company's earnings), or (iv) if Shares are traded on a national securities exchange, the NASDAQ or quoted on a national quotation system sponsored by the National Association of Securities Dealers, Inc. and the Committee authorizes this method of exercise, through the delivery of irrevocable instructions to a broker approved by the Committee to deliver promptly to the Company an amount equal to the purchase price, or (v) with the consent of the Committee, any combination of (i), (ii), (iii) and (iv). In connection with a tender of previously acquired Shares pursuant to clause (iii) above, the Committee, in its sole discretion, may permit the Optionee to constructively exchange Shares already owned by the Optionee in lieu of actually tendering such Shares

to the Company, provided that adequate documentation concerning the ownership of the Shares to be constructively tendered is furnished in a form satisfactory to the Committee. The notice of exercise, accompanied by such payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. In no event may any Option granted hereunder be exercised for a fraction of a Share. The Company shall, subject to Section 10.4 herein, effect the transfer of Shares purchased pursuant

Table of Contents

to an Option as soon as practicable, and, within a reasonable time thereafter, such transfer shall be evidenced on the books of the Company. No person exercising an Option shall have any of the rights of a holder of Shares subject to an Option until certificates for such Shares shall have been issued following the exercise of such Option. No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date of such issuance.

9.4. *Non-Transferability.* Except as otherwise specifically provided herein, no Award shall be transferable by the Participant otherwise than by will or by the laws of descent and distribution. All Options shall be exercisable, during the Participant's lifetime, only by the Participant. Any attempt to transfer any Award, except as specifically provided herein, shall be void, and no such Award shall in any manner be subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such Award, nor shall it be subject to attachment or legal process for or against such person. Notwithstanding the foregoing, the Committee may determine at the time of grant or thereafter that an Award (other than (x) an Option that is intended to be an incentive stock option, (y) a share appreciation right covered by Section 5.2(d)(i) and (z) a Restricted Share Award) that is otherwise not transferable pursuant to this Section 9.4 is transferable to a Family Member (defined below) in whole or in part and in such circumstances, and under such conditions as specified by the Committee. An Award that is transferred to a Family Member pursuant to the preceding sentence (i) may not be subsequently transferred otherwise than by will or by the laws of descent and distribution and (ii) remains subject to the terms of this Plan and the Award agreement. Family Member means, solely to the extent provided for in Securities Act Form S-8, any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which these persons have more than 50% of the beneficial interest, a foundation in which these persons (or the employee) control the management of assets, and any other entity in which these persons (or the employee) own more than 50% of the voting interests or as otherwise defined in Securities Act Form S-8.

9.5. *Termination of Employment.* Unless the Committee otherwise determines, in the event of the termination of employment with the Company or any parent, subsidiary or affiliate of the Company of an Optionee who is an employee or the termination or separation from service with the Company or any parent, subsidiary or affiliate of the Company of an advisor, consultant or a Director (who is an Optionee) for any reason (other than death or disability as provided below), any Option(s) granted to such Optionee (or its Permitted Assignee) under this Plan and not previously exercised or expired, to the extent vested on the date of such termination or separation, shall be exercisable as of such termination for a period not to exceed three months after the date of such termination or separation, provided, however, that in no instance may the term of the Option, as so extended, exceed the lesser of 10 years from the date of grant or the original expiration date of the Option.

9.6. *Death.* In the event an Optionee dies while employed by the Company or any parent, subsidiary or affiliate of the Company or while serving as a Director, advisor or consultant of the Company or any parent, subsidiary of the Company, as the case may be, any Option(s) held by such Optionee (or its Permitted Assignee) and not previously expired or exercised shall, to the extent exercisable on the date of death, be exercisable by the estate of such Optionee or by any person who acquired such Option by bequest or inheritance, or by the Permitted Assignee at any time within one year after the death of the Optionee, unless earlier terminated pursuant to its terms, provided, however, that in no instance may the term of the Option, as so extended, exceed the lesser of 10 years from the date of grant or the original expiration date of the Option.

9.7. *Disability.* In the event of the termination of employment with the Company or any parent, subsidiary or affiliate of the Company of an Optionee or separation from service with the Company or any parent, subsidiary or affiliate of the Company of an Optionee who is a Director, advisor or consultant of the Company or any parent, subsidiary or affiliate of the Company due to total disability, the Optionee, or his guardian or legal representative, or a Permitted Assignee shall have the unqualified right to exercise any Option that has not expired or been previously exercised and

that the Optionee was eligible to exercise as of the first date of total disability (as determined by the Committee), at any time within one year after such termination or separation, unless earlier terminated pursuant to its terms, provided, however, that in no instance may the term of the Option, as so extended, exceed the lesser of 10 years from the date of grant or the original expiration date of the Option. The term total disability shall, for purposes of this Plan, be defined in the same manner as such term is defined in Section 22(e)(3) of the Code.

9.8. Terms of Grant. Notwithstanding anything in Section 9.5, 9.6 or 9.7 to the contrary, the Committee may grant an Option under such terms and conditions as may be provided in the Share Option Agreement given to the Optionee and, subject to Section 4.3(b), the Committee has the discretion to modify the terms and conditions of an Option after grant as long as no rights of the Participant are impaired, *provided, however*, that in no instance may the term of the Option, as so extended, exceed the lesser of 10 years from the date of grant or the original expiration date of the Option.

9.9. Adjustments. To prevent the dilution or enlargement of benefits or potential benefits intended to be made available under the Plan, in the event of any corporate transaction or event such as a stock dividend, extraordinary dividend or other similar distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities, the issuance of warrants or other rights to purchase Shares or other securities, or other similar corporate transaction or event affecting the Shares with respect to which Awards have been or may be issued under the Plan (any such transaction or event, a Transaction), then the Committee shall, in such manner as the Committee deems equitable, (A) adjust (i) the number and type of Shares that thereafter may be made the subject of Awards, (ii) the number and type of Shares subject to outstanding Awards, and (iii) the grant or exercise price with respect to any Award (any such adjustment, an Antidilution Adjustment); provided, in each case, that with respect to incentive stock options, no such adjustment shall be authorized to the extent that such adjustment would cause such options to violate Section 422(b) of the Code or any successor provision (unless otherwise agreed by the Committee and the holder of such option); and provided further, that the number of Shares subject to any Award denominated in Shares shall always be a whole number; or (B) cause any Award outstanding as of the effective date of the Transaction to be cancelled in consideration of a cash payment or alternate Award (whether from the Company or another entity that is a party to the Transaction) or a combination thereof made to the holder of such cancelled Award substantially equivalent in value to the fair market value of such cancelled Award. With respect to each adjustment contemplated by the foregoing sentence, no such adjustment shall be authorized to the extent that such adjustment would cause an Award to violate the provisions of Section 409A of the Code (unless otherwise agreed by the Committee and the holder of such Award). The determination of fair market value shall be made by the Committee in its sole discretion. Any adjustments made by the Committee shall be binding on all Participants.

9.10. Amendment and Modification of the Plan. The Compensation Committee of the Board of Directors of the Company may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable, subject to any requirement for shareholder approval imposed by applicable law, including without limitation Sections 162(m) and 422 of the Code, or any rule of any stock exchange or quotation system on which Shares are listed or quoted; provided that such Compensation Committee may not amend the Plan, without the approval of the Company's shareholders, to increase the number of Shares that may be the subject of Options under the Plan (except for adjustments pursuant to Section 9.9 hereof). In addition, no amendments to, or termination of, the Plan shall in any way impair the rights of an Optionee or a Participant (or a Permitted Assignee thereof) under any Award previously granted without such Optionee's or Participant's consent.

9.11. Validity of Awards. The validity of any Award or grant of Options made pursuant to this Plan shall remain in full force and effect and shall not be affected by the compliance or noncompliance with Section 162(m) of the Code or Rule 16b-3 of the Exchange Act.

9.12 Cancellation. No outstanding Award may be cancelled in exchange for a new Award, unless otherwise approved by the Company's stockholders.

ARTICLE 10.

MISCELLANEOUS

10.1. *Tax Withholding.* The Company or any parent, subsidiary or affiliate of the Company shall have the right to make all payments or distributions made pursuant to the Plan to an Optionee or Participant (or a Permitted Assignee thereof) net of any applicable federal, state and local taxes required to be paid as a result of the grant of any Award, exercise of an Option or stock appreciation rights or any other event occurring pursuant to this Plan. The Company or any parent, subsidiary or affiliate of the Company shall have the right to withhold from wages or other payments otherwise

A-11

payable to such Optionee or Participant (or a Permitted Assignee thereof) such withholding taxes as may be required by law, or to otherwise require the Optionee or Participant (or a Permitted Assignee thereof) to pay such withholding taxes. If the Optionee or Participant (or a Permitted Assignee thereof) shall fail to make such tax payments as are required, the Company or any parent, subsidiary or affiliate of the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Optionee or Participant or to take such other action as may be necessary to satisfy such withholding obligations. In satisfaction of the requirement to pay required withholding taxes, the Optionee or Participant (or Permitted Assignee) may make a written election, which may be accepted or rejected in the discretion of the Committee, to have withheld a portion of the Shares then issuable to the Optionee (or Permitted Assignee) pursuant to the Plan, having an aggregate Fair Market Value equal to the required withholding taxes.

10.2. Right of Discharge Reserved. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any employee, Director, consultant, advisor or other individual the right to continue in the employment or service of the Company or any parent, subsidiary or affiliate of the Company or affect any right that the Company or any parent, subsidiary or affiliate of the Company may have to terminate the employment or service of (or to demote or to exclude from future Awards under the Plan) any such employee, Director, consultant, advisor or other individual at any time for any reason. Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit with respect to an Award in the event of termination of an employment or other relationship even if the termination is in violation of an obligation of the Company or any parent, subsidiary or affiliate of the Company to the Optionee or Participant.
