BIOGEN IDEC SENDS LETTER TO STOCKHOLDERS

Board Urges Election of Its Four Nominees

CAMBRIDGE, MA, May 26, 2008 Biogen Idec (Nasdaq: BIIB) today announced that it has sent to its stockholders a letter urging them to vote Biogen Idec's **WHITE** proxy card **FOR** all of the Company's Board of Directors' highly regarded and experienced nominees. The letter emphasizes several critical points for stockholders to consider in determining their vote:

1. Since the merger of Biogen and Idec, the Company has achieved exceptional performance.
2. Biogen Idec continues its market leadership in multiple sclerosis.
3. Biogen Idec continues to grow and advance its product pipeline.
4. Splitting Biogen Idec into two companies as proposed by Carl Icahn and his nominees would destroy stockholder value. The Icahn proposal demonstrates that he and his nominees simply do not understand our business and are the wrong individuals to represent shareholders' interest.
5. The Biogen Idec Board and management team continue to execute a detailed plan for increasing stockholder value.

The letter emphasizes that, Under your Board's leadership, Biogen Idec has achieved exceptional performance and consistently delivered on our commitments to stockholders. Your Board is comprised of highly qualified directors who bring the breadth and depth of experience critical to successfully running a global biopharmaceutical company. Stockholders are asked to protect their interests by voting for the Board's nominees, who actively consider all opportunities to enhance stockholder value.

The full letter to shareholders follows:

May 26, 2009

Dear Fellow Biogen Idec Stockholder:

Biogen Idec's June 19th Annual Meeting of Stockholders is rapidly approaching. We strongly urge you to vote Biogen Idec's **WHITE** proxy card **FOR** all of your Board's highly regarded and experienced nominees. Please use the **WHITE** proxy card to vote **TODAY** by telephone, by Internet or by signing, dating and returning the enclosed **WHITE** proxy card in the postage-paid envelope provided.

In an attempt to try to justify another costly and distracting proxy contest, Carl Icahn and his nominees have been making a number of unsupported and erroneous assertions about your Company. They are also proposing to split Biogen Idec into two companies. Mr. Icahn and his nominees are wrong on the facts and their suggested breakup could destroy stockholder value. Once again, Icahn and his associates have demonstrated that they fundamentally do not understand our business.

**SINCE THE MERGER OF BIOGEN AND IDEC YOUR COMPANY HAS
ACHIEVED EXCEPTIONAL PERFORMANCE**

Biogen Idec's performance in 2008 was exceptionally strong and exceeded our 2008 guidance and Wall Street expectations. Revenues increased by 29% from \$3.2 billion in 2007 to \$4.1 billion in 2008, and our non-GAAP earnings per share increased by 34% from \$2.74 to \$3.66.

Edgar Filing: BIOGEN IDEC INC. - Form DEFA14A

Since the merger of Biogen and IDEC in November 2003, Biogen Idec's stock has outperformed the Amex Biotechnology Index (BTK) and the S&P 500. During the same period:

Revenues have grown at a 17% compound annual growth rate (CAGR);

Non-GAAP diluted earnings per share have grown at a 25% CAGR;

Free cash flow has grown at a 37% CAGR to \$1.3 billion;

Return on assets has increased from 4.5% to 12.6%;

Return on equity has increased from 6.0% to 19%; and

\$5.1 billion has been returned to stockholders through share repurchases.

BIOGEN IDEC CONTINUES ITS MARKET LEADERSHIP IN MS

Biogen Idec continues to grow its world class global multiple sclerosis (MS) franchise, delivering value to stockholders and patients:

Biogen Idec is the global MS market share leader with a 34% market share with Avonex and Tysabri in March 2009;

Avonex is the most prescribed MS drug in the world and annual revenues have doubled from \$1.2 billion in 2003 to \$2.2 billion in 2008;

Tysabri has established a new level of efficacy in the treatment of MS and is approaching a \$1 billion annual revenue rate and continues to grow; and

PEGylated interferon beta-1a, now in development, will enhance and extend the Avonex brand.

BIOGEN IDEC CONTINUES TO GROW AND ADVANCE ITS PIPELINE

Biogen Idec's investment and execution has resulted in a broad and deep pipeline characterized by Moody's Investor Services as the highest quality late-stage pipeline in the industry. Since the merger, Biogen Idec has doubled its investment in research and development. As a result:

Biogen Idec has nearly tripled the number of research and development programs from 26 to 73;

Biogen Idec has nine programs in late-stage trials, 31 programs in early-stage trials and 28 discovery programs; and

Biogen Idec has completed 13 in-licensing and collaboration deals and three acquisitions.

SPLITTING BIOGEN IDEC INTO TWO COMPANIES WOULD DESTROY STOCKHOLDER VALUE

Mr. Icahn's proposal to split Biogen Idec into a neurology-focused company and a cancer-focused company is deeply flawed. Splitting the company would not unlock value, but instead would:

Create significant operational inefficiencies. The competitive advantages and synergies achieved through the merger of Biogen and Idec would be lost in significant areas, including research & development, manufacturing and sales and marketing;

Impose meaningful direct and indirect costs on both companies by eliminating the cost synergies realized after the merger and increasing the cost of capital for the smaller, less diversified, resulting companies; and

Eliminate cross therapeutic opportunities. Our products and drug candidates have applications across a broad range of therapeutic areas. Splitting Biogen Idec would eliminate cross-therapeutic opportunities. For example, both Tysabri and Rituxan are approved or in clinical trials for indications across neurology, oncology and immunology.

This misguided proposal demonstrates that Mr. Icahn and his nominees do not understand what has made Biogen Idec a global leader in its industry and are the wrong individuals to represent your interests.

**YOUR BOARD AND MANAGEMENT CONTINUE TO EXECUTE A DETAILED PLAN
FOR INCREASING STOCKHOLDER VALUE**

Your Board and management continue to increase value by executing our business plan:

Accelerate Tysabri's growth

Extend Avonex and Rituxan through lifecycle management

Advance our robust pipeline

Leverage excess cash in a disciplined manner

In addition, the members of your Board actively consider all other opportunities to enhance stockholder value. Your Board is willing to engage in constructive dialogue with stockholders and is committed to acting in your interests.

**PROTECT YOUR INVESTMENT VOTE FOR YOUR BOARD'S NOMINEES ON THE
WHITE PROXY CARD**

Under your Board's leadership, Biogen Idec has achieved exceptional performance and consistently delivered on our commitments to stockholders. Your Board is comprised of highly qualified directors who bring the breadth and depth of experience critical to successfully running a global biopharmaceutical company.

We thank you for your continued support.

Your vote is extremely important, no matter how many or how few shares you own. Please use the **WHITE** proxy card to vote by telephone, by Internet or by signing, dating and returning your **WHITE** proxy card in the enclosed postage-paid envelope **TODAY**.

Sincerely,

Bruce Ross,
Chairman

James Mullen, Chief Executive Officer

Notes: The non-GAAP financial measures presented in this table are utilized by Biogen Idec management to gain an understanding of the comparative financial performance of the Company. Our non-GAAP financial measures are defined as reported, or GAAP, values excluding (1) purchase accounting and merger-related adjustments, (2) stock option expense and the cumulative effect of an accounting change relating to the initial adoption of SFAS No. 123R and (3) other items. Our management uses these non-GAAP financial measures to establish financial goals and to gain an understanding of the comparative financial performance of the Company from year to year and quarter to quarter. Accordingly, we believe investors' understanding of the Company's financial performance is enhanced as a result of our disclosing these non-GAAP financial measures. Non-GAAP net income attributable to Biogen Idec, Inc., and non-GAAP diluted EPS should not be viewed in isolation or as a substitute for reported, or GAAP, net income attributable to Biogen Idec, Inc., and diluted EPS.

The GAAP figures reflect:

* 2004 and beyond the combined Biogen Idec

* 2003 a full year of IDEC Pharmaceuticals and 7 weeks of the former Biogen, Inc. (for the period 11/13/03 through 12/31/03)

Numbers may not foot due to rounding.
