**Item 1.01 Entry into a Material Definitive Agreement**

Determination of Stock Options Subject to Accelerated Vesting. As previously reported on Form 8-K filed with the Commission on December 7, 2005, the Compensation Committee of the Board of Directors of Cincinnati Bell Inc. (the Company) approved the acceleration of the vesting of all unvested stock options granted in 2003, 2004 and 2005 that were underwater as of the close of business on December 30, 2005. A stock option was to be considered underwater if the option exercise price was greater than the closing price on December 30, 2005 of the Company's common stock as reported on the New York Stock Exchange.

The closing stock price of the Company's common stock on December 30, 2005 was \$3.51 per share. Accordingly, all stock options listed on attached Exhibit 99.1 vested in full as of the close of business on December 30, 2005. Other than for stock options held by the Company's chief executive officer, no stock options held by the Company's directors were accelerated.

In accordance with Statement of Financial Accounting Standards No. 123(R), Share-Based Payment, starting January 1, 2006, the Company must recognize compensation expense over the applicable vesting period related to awards that are granted on or after January 1, 2006, and related to the unvested portion of awards granted prior to January 1, 2006. This acceleration of previously unvested stock options will result in a reduction in the Company's share-based compensation expense (on an after-tax basis) of approximately \$1.5 million in 2006, \$0.4 million in 2007 and \$0.1 million in 2008.
