Details regarding admission to the meeting and the business to be presented at the meeting can be found in the accompanying Notice of Annual Meeting and Proxy Statement.

This year we are pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish proxy materials to stockholders via the Internet. We believe that these rules allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of producing and distributing materials for our annual meeting. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the *Notice*) to our stockholders of record and beneficial owners, unless they have directed us to provide the materials in a different manner. The Notice provides instructions on how to access and review all of the important information contained in the accompanying Proxy Statement and Annual Report to Stockholders, as well as how to submit a proxy over the Internet. If you receive the Notice and would still like to receive a printed copy of our proxy materials, instructions for requesting these materials are included in the Notice. The Company plans to mail the Notice to stockholders by May 1, 2009. The Company will continue to mail a printed copy of this Proxy Statement and form of proxy to certain stockholders, and it expects that mailing to begin on or about May 1, 2009.

Your vote is important. Whether or not you are able to attend, it is important that your shares be represented at the meeting. Please follow the instructions in the Notice and vote as soon as possible.

On behalf of the Board of Directors and the management of Las Vegas Sands Corp., thank you very much for your support.

PROXY STATEMENT

PROXY AND VOTING INFORMATION

Our Board of Directors (the *Board*) has provided you with these proxy materials in connection with its solicitation of proxies to be voted at the annual meeting of stockholders. We will hold the annual meeting on Wednesday, June 10, 2009 at the Sheraton New York Hotel & Towers located at 811 Seventh Avenue, New York, New York, beginning at 2:00 p.m., New York time. Please note that throughout these proxy materials we may refer to Las Vegas Sands Corp. as the Company, we, us, or our.

We are sending a Notice of Internet Availability of Proxy Materials (the *Notice*) to our stockholders of record and beneficial owners, unless they have directed us to provide the materials in a different manner. The Notice provides instructions on how to access and review all of the important information contained in this Proxy Statement. If you receive the Notice and would still like to receive a printed copy of our proxy materials, instructions for requesting these materials are included in the Notice. The Company plans to mail the Notice to stockholders by May 1, 2009. The Company will continue to mail a printed copy of this Proxy Statement and form of proxy to certain stockholders, and it expects that mailing to begin on or about May 1, 2009.

Who Can Vote

Only stockholders of record of the Company's Common Stock, \$0.001 par value per share (the *Common Stock*), as of April 13, 2009, will be entitled to vote at the meeting or any adjournment thereof.

How Many Shares Can Be Voted

The authorized capital stock of the Company presently consists of 1,000,000,000 shares of Common Stock. At the close of business on April 13, 2009, 655,597,165 shares of Common Stock were outstanding and entitled to vote. Each stockholder is entitled to one vote for each share held of record on that date on all matters that may come before the meeting. There is no cumulative voting in the election of directors.

How You Can Vote

You may attend the annual meeting and vote your shares in person. You may also grant your proxy to vote by telephone or through the Internet by following the instructions included on the Notice, or by returning a signed, dated and marked proxy card if you received a paper copy of the proxy card.

The presence, in person or by proxy, of the holders of at least a majority of the total number of outstanding shares of the Common Stock is necessary to constitute a quorum at the meeting. If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. In accordance with the rules of the New York Stock Exchange (the *NYSE*), brokerage firms may give a proxy to vote their customer's stock without customer instructions if (i) they transmitted proxy materials to the beneficial owner of the stock, (ii) did not receive voting instructions by the date specified in the statement accompanying the proxy materials and (iii) the brokerage firm has no knowledge of any contest with respect to the actions to be taken at the stockholders' meeting and such actions are adequately disclosed to stockholders and do not include authorization for a merger, consolidation or any matter that could substantially affect the rights or privileges of the stock. Abstentions and broker non-votes are counted as present for the purpose of determining the presence or

absence of a quorum for the transaction of business.

Table of Contents

The affirmative vote of a plurality of the votes cast at the meeting will be required for the election of directors. Each other item to be acted upon at the meeting requires the affirmative vote of the holders of a majority of the shares of Common Stock represented at the meeting in person or by proxy and entitled to vote on the item, assuming that a quorum is present or represented at the meeting. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, and will have no effect. With respect to the other proposals, a properly executed proxy marked **ABSTAIN**, although counted for purposes of determining whether there is a quorum, will not be voted. Accordingly, an abstention will have the same effect as a vote cast against a proposal. Under Nevada law, a broker non-vote will have no effect on the outcome of the matters presented for a stockholder vote.

Sheldon G. Adelson, the Chairman of the Board and Chief Executive Officer of our Company, his wife, Dr. Miriam Adelson, and trusts for the benefit of Mr. Adelson and his family members together beneficially owned approximately 52.4% of our outstanding Common Stock as of the record date. Mr. Adelson, Dr. Adelson and the trustees for the various trusts have indicated that they will vote the shares of Common Stock over which they exercise voting control in accordance with the recommendations of our Board as set forth below.

If you duly submit a proxy but do not specify how you want to vote, your shares will be voted as our Board recommends, which is:

FOR the election of each of the nominees for director as set forth under Proposal 1 below;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2009 as described in Proposal 2 below; and

AGAINST the stockholder proposal described in Proposal 3 below.

How to Revoke or Change Your Vote

You may revoke or change your proxy at any time before it is exercised in any of three ways:

by notifying the Corporate Secretary of the revocation or change in writing;

by delivering to the Corporate Secretary a later dated proxy; or

by voting in person at the annual meeting.

You will not revoke a proxy merely by attending the annual meeting. To revoke or change a proxy, you must take one of the actions described above.

If you hold your shares in a brokerage or other account, you may submit new voting instructions by contacting your broker, bank or nominee.

Any revocation of a proxy, or a new proxy bearing a later date, should be sent to the following address: Corporate Secretary, Las Vegas Sands Corp., 3355 Las Vegas Sands Boulevard South, Las Vegas, Nevada 89109. To revoke a proxy previously submitted by telephone, Internet or mail, simply submit a new proxy at a later date before the taking of the vote at the Annual Meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked.

Other Matters to be Acted upon at the Meeting

Our Board presently is not aware of any matters other than those specifically stated in the Notice of Annual Meeting, which are to be presented for action at the annual meeting. If any matter other than those described in this Proxy Statement is presented at the annual meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the person or persons voting those shares.

Adjournments and Postponements

Any action on the items of business described above may be considered at the annual meeting at the time and on the date specified above or at any time and date to which the annual meeting may be properly adjourned or postponed.

Electronic Delivery of Proxy Materials and Annual Report

The Notice of Annual Meeting and Proxy Statement and the Company's 2008 Annual Report are available at <http://www.lasvegassands.com/proxymaterials>. These materials are also available on the Investor Information page of our website, www.lasvegassands.com. The Notice will provide you with instructions regarding how to view our proxy materials for the annual meeting on the Internet and how to instruct us to send future proxy materials to you electronically by e-mail. Receiving your proxy materials online saves the Company the cost of producing and mailing documents to your home or business and gives you an automatic link to the proxy voting site.

Stockholders of Record. If your shares are registered in your own name, to enroll in the electronic delivery service go directly to our transfer agent's website at www.amstock.com anytime and follow the instructions.

Beneficial Stockholders. If your shares are not registered in your name, to enroll in the electronic delivery service check the information provided to you by your bank or broker, or contact your bank or broker for information on electronic delivery service.

Delivery of One Notice or Proxy Statement and Annual Report to a Single Household to Reduce Duplicate Mailings

In connection with the Company's annual meeting of stockholders, the Company is required to send to each stockholder of record a Notice or a Proxy Statement and annual report, and to arrange for a Notice or a Proxy Statement and annual report to be sent to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because many stockholders hold shares of the Company's Common Stock in multiple accounts, this process would result in duplicate mailings of Notices or Proxy Statements and annual reports to stockholders who share the same address. To avoid this duplication, unless the Company receives instructions to the contrary from one or more of the stockholders sharing a mailing address, only one Notice or Proxy Statement will be sent to each address. Stockholders may, on their own initiative, avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single Notice or Proxy Statement and annual report, to enroll in the electronic delivery service go directly to our transfer agent's website at www.amstock.com anytime and follow the instructions.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single Notice or Proxy Statement and annual report if there are other Las Vegas Sands Corp. stockholders who share an address with you. If you currently receive more than one Notice or Proxy Statement and annual report at your household, and would like to receive only one copy of each in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single Notice or Proxy Statement and annual report but later decide that you would prefer to receive a separate copy of the Notice or Proxy Statement or annual report, as applicable, for each stockholder sharing your address, then please notify us or your nominee, as applicable, and we or they will promptly deliver such additional Notices or Proxy Statements or annual reports. If you wish to receive a separate copy of the Notice or Proxy Statement or annual report for each stockholder sharing your address in the future, you may contact our transfer agent, American Stock Transfer & Trust Company, directly by telephone at 1-800-937-5449 or by visiting its website at www.amstock.com and following the instructions.

Important Notice about Security

All meeting attendees may be asked to present a valid, government-issued photo identification (federal, state or local), such as a driver's license or passport, and proof of beneficial ownership if you hold your shares through a broker, bank or other nominee before entering the meeting. Attendees may be subject to security inspections. Video and audio recording devices and other electronic devices will not be permitted at the meeting.

Table of Contents**BOARD OF DIRECTORS**

Our Board currently has eight directors, divided into three classes, designated as Class I, Class II and Class III. Members of each class serve for a three-year term. Stockholders elect one class of directors at each annual meeting. Our directors are expected to attend each annual meeting of stockholders and all of our current directors who were members of our Board at that time attended our 2008 annual meeting of stockholders held on June 5, 2008. The term of office of the current Class II directors will expire at the 2009 meeting. The term of office for the Class III directors will be subject to renewal in 2010 and the term of office for the Class I directors will be subject to renewal in 2011. Each director holds office until his or her successor has been duly elected and qualified or the director's earlier resignation, death or removal. The nominees are all current directors of the Company, and each nominee has indicated that he will serve if elected. We do not anticipate that any nominee will be unable or unwilling to stand for election, but if that happens, your proxy will be voted for another person nominated by the Board.

The nominees for re-election for a three-year term ending in 2012 are as follows:

INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Board

NYSE Listing Standards. Certain provisions of the corporate governance rules of the NYSE are not applicable to controlled companies. Controlled companies under those rules are companies of which more than 50 percent of the voting power is held by an individual, a group or another company. The Company currently is a controlled company under this definition by virtue of the ownership by Mr. Adelson of more than 50 percent of the voting power of the Common Stock and his ability to elect the entire Board. Accordingly, the Company has chosen to take advantage of certain of the exemptions provided in the NYSE's rules. Specifically, the Company is not required to have a majority of independent directors or a nominating and governance committee or a compensation committee composed entirely of independent directors.

Independent Directors. As a controlled company we are not required to have a majority of independent directors on our Board pursuant to the rules of the NYSE. However, the Board has determined that four of the eight current members of the Board satisfy the criteria for independence under applicable rules promulgated under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), and the NYSE corporate governance rules, namely Messrs. Ader, Koo, Schwartz and Siegel. The Board previously determined that two former members of the Board, Messrs. Heyer and Purcell, satisfied these criteria for independence during the period in which they served on the Board. In making its determinations, the Board reviewed all the relevant facts and circumstances, the standards set forth in our Corporate Governance Guidelines, the NYSE rules and other applicable laws and regulations.

Two of our directors, Messrs. Chafetz and Forman, have business and personal relationships with our controlling stockholder, Mr. Adelson. Mr. Chafetz was a stockholder, vice president and director of the entity that owned and operated the COMDEX trade show and The Sands Expo and Convention Center, which were created and developed by Mr. Adelson. Mr. Forman was Vice President and General Counsel of this entity. Mr. Chafetz is also a director and a 14.7% shareholder of entities that control Interface Travel and that are controlled by Mr. Adelson. Mr. Chafetz also is a trustee of several trusts for the benefit of Mr. Adelson's family members that beneficially own shares of our Common Stock. For additional information, see *Proxy and Voting Information How You Can Vote* and *Principal Stockholders* above. These relationships with Mr. Adelson also include making joint investments and other significant financial dealings. As a result, Messrs. Adelson, Chafetz and Forman may have their financial interests aligned and therefore, the Board does not consider Messrs. Chafetz and Forman to be independent directors.

Board Meetings. The Board held 23 meetings and acted by written consent three times during 2008. The work of the Company's directors is performed not only at meetings of the Board and its committees, but also by consideration of the Company's business through the review of documents and in numerous communications among Board members and others. In 2008, all directors attended at least 75% of the aggregate of all meetings of the Board and committees on which they served during the periods in which they served.

Committees

Standing Committees. Our Board has three standing committees: an audit committee (the *Audit Committee*), a compensation committee (the *Compensation Committee*) and a nominating and governance committee (the *Nominating and Governance Committee*).

Audit Committee. The Audit Committee operates under a written charter. The primary purpose of the Audit Committee is to assist the Board in monitoring the integrity of our financial statements, our independent registered

public accounting firm's qualifications and independence, the performance of our audit function and independent registered public accounting firm and our compliance with legal and regulatory requirements. Among other things, our Audit Committee selects our independent registered public accounting firm and reviews with such firm the plan, scope and results of such audit, and the fees for the services performed. The Audit Committee also reviews with management, the independent registered public accounting firm and internal auditors the adequacy of internal control systems, receives internal audit reports and subsequently reports its findings to the full Board.

The current members of our Audit Committee are Irwin A. Siegel (Chairman), Jason N. Ader and Jeffrey H. Schwartz. The Board has determined that Messrs. Siegel, Ader and Schwartz are each independent under applicable NYSE and federal securities rules and regulations on independence of Audit Committee members. The Board has determined that each of the members of the Audit Committee is financially literate and that Mr. Siegel qualifies as an audit committee financial expert, as defined in the NYSE's listing standards and federal securities rules and regulations. The Audit Committee held eight meetings and acted by written consent once during 2008.

Compensation Committee. The Compensation Committee operates under a written charter pursuant to which it has direct responsibility for the compensation of our executive officers. The Compensation Committee has the authority to set salaries, bonuses and other elements of employment and to approve employment agreements for our executive officers. The Compensation Committee also may delegate its authority to the extent permitted by the Board, the Compensation Committee charter, our by-laws, state law and NYSE regulations. In addition, the Compensation Committee has the authority to approve employee benefit plans as well as to administer our 2004 Equity Award Plan. The current members of the Compensation Committee are Charles D. Forman (Chair), Irwin Chafetz, George P. Koo, and Irwin A. Siegel. Under Section 162(m) of the Internal Revenue Code (*Section 162(m)*), compensation paid to members of senior management in excess of \$1 million per year is not deductible by the Company unless the compensation is performance-based as described in the applicable regulations. As required by its charter, the Compensation Committee established a Performance Subcommittee to make the required determinations relating to performance-based compensation for purposes of Section 162(m). Messrs. Koo and Siegel are the current members of the Performance Subcommittee and are independent directors under Section 162(m). The Performance Subcommittee met as part of each Compensation Committee meeting and also acted once by written consent during 2008. Additional information about the Compensation Committee, its responsibilities and its activities is provided under the caption Compensation Discussion and Analysis.

Nominating and Governance Committee. The Nominating and Governance Committee operates under a written charter and has the authority to, among other things, review and make recommendations regarding the composition of the Board and its committees; develop and implement policies and procedures for the selection of Board members; identify individuals qualified to become Board members and select, or recommend that the Board select, director nominees; assess, develop and make recommendations to the Board with respect to Board effectiveness and related corporate governance matters, including corporate governance guidelines and procedures intended to organize the Board appropriately; and oversee the evaluation of the Board and management. The current members of the Nominating and Governance Committee are Michael A. Leven (Chair), Sheldon G. Adelson and Jason N. Ader. The Nominating and Governance Committee held no separate meetings and did not act by written consent during 2008. The activities of the members of the Nominating and Governance Committee were discussed during regularly scheduled Board meetings.

Mr. Chafetz is a director of The Interface Group, LLC, a Massachusetts limited liability company that controls Interface Group-Massachusetts, LLC, a company that owns and operates Interface Travel. From 1989 to 1995, Mr. Chafetz was a Vice President and director of Interface Group-Nevada, Inc. and a director and Vice-President of our subsidiary, Las Vegas Sands, Inc. Except as described above, none of the other individuals who served as a member of our Compensation Committee during 2008 is, or has been, an employee or officer of the Company. Nomination of Directors. The Nominating and Governance Committee proposed to the Board the candidates nominated for election at this annual meeting. The Nominating and Governance Committee, in making its selection of director candidates, considers the appropriate skills and personal characteristics required in light of the then-current makeup of the Board and in the context of the perceived needs of the Company at the time.

The Nominating and Governance Committee considers a number of factors in selecting director candidates, including:

the ethical standards and integrity of the candidate in personal and professional dealings;

the independence of the candidate under legal, regulatory and other applicable standards;

the diversity of the existing Board, so that we maintain a body of directors from diverse professional and personal backgrounds;

whether the skills and experience of the candidate will complement that of the existing members of the Board;

the number of other public company boards of directors on which the candidate serves or intends to serve, with the expectation that the candidate would not serve on the boards of directors of more than three other public companies;

the ability and willingness of the candidate to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her Board duties;

the ability of the candidate to read and understand fundamental financial statements and understand the use of financial ratios and information in evaluating the financial performance of the Company;

the willingness of the candidate to be accountable for his or her decisions as a director;

the ability of the candidate to provide wise and thoughtful counsel on a broad range of issues;

whether the candidate has a history of achievements that reflects high standards;

the ability and willingness of the candidate to be committed to, and enthusiastic about, his or her performance for the Company as a director, both in absolute terms and relative to his or her peers;

whether the candidate possesses the courage to express views openly, even in the face of opposition;

the ability and willingness of the candidate to comply with the duties and responsibilities set forth in the Corporate Governance Guidelines and by-laws of the Company;

the ability and willingness of the candidate to comply with the duties of care, loyalty and confidentiality applicable to directors of publicly traded corporations organized in our jurisdiction of incorporation;

the ability and willingness of the candidate to adhere to the Company's Code of Business Conduct and Ethics, including, but not limited to, the policies on conflicts of interest expressed therein; and

such other attributes of the candidate and external factors as the Board deems appropriate.

The Nominating and Governance Committee has the discretion to weight these factors as it deems appropriate. The importance of these factors may vary from candidate to candidate.

The Nominating and Governance Committee will consider candidates recommended by directors and members of management and may, in its discretion, engage one or more search firms to assist in the recruitment of director candidates. The Nominating and Governance Committee does not have a policy for considering director

candidates recommended by security holders and believes that not having such a policy is appropriate in light of the majority beneficial ownership of the Company's Common Stock by our principal stockholder and his family.

COMPENSATION DISCUSSION AND ANALYSIS

This discussion supplements the more detailed information concerning executive compensation in the tables and narrative discussion that follow under Executive Compensation and Other Information. This Compensation Discussion and Analysis section discusses our compensation philosophy and objectives and the compensation policies and programs for the following individuals who are referred to as our *executive officers* :

Sheldon G. Adelson, our Chairman, Chief Executive Officer and Treasurer;

William P. Weidner, our former President and Chief Operating Officer;

Bradley H. Stone, our Executive Vice President and President of Global Operations and Construction;

Robert G. Goldstein, our Senior Vice President;

Kenneth J. Kay, our Senior Vice President and Chief Financial Officer;

Robert P. Rozek, our former Senior Vice President and Chief Financial Officer; and

Michael A. Quartieri, our Corporate Controller and former principal financial officer.

Compensation Philosophy and Objectives

Our executive compensation program is directed by the Compensation Committee of the Board of Directors. The Compensation Committee determines compensation based upon our overall compensation philosophy, which is described below.

Prior to and in anticipation of our initial public offering in 2004, we engaged Pearl Meyer & Partners, a nationally recognized compensation consulting firm, to conduct an analysis and to provide independent insights regarding executive compensation. The members of the Compensation Committee at that time directed Pearl Meyer & Partners to:

review competitive total compensation, including base salary, short-term incentives, long-term incentives (including equity incentives), and supplemental benefits for six executive positions (the Chairman and Chief Executive Officer; the President, the Executive Vice President, the President of the Venetian Resort Hotel Casino, the Chief Financial Officer and the General Counsel);

develop, with the Compensation Committee, a total compensation philosophy and strategy, including desired mix of the elements of compensation and objectives for each element of compensation; and

design, with the Compensation Committee, the individual program elements, including base salary, annual and other short-term incentives, long-term incentives (and equity ownership) for both senior executives and a broader group of management and employees; and executive benefits, including a supplemental retirement plan and non-qualified deferred compensation.

In addition, prior to our initial public offering, the members of the Compensation Committee at that time undertook a comprehensive review of total compensation of executives among 16 companies in the gaming industry. At that time, the Company viewed the following companies as its closest competitors for executive talent and market position:

Caesars Entertainment, Inc.
Harrah's Entertainment, Inc.
Mandalay Resort Group
MGM Mirage

Table of Contents

The following companies also were included in the 2004 compensation review:

Alliance Gaming Corp.	MTR Gaming Group, Inc.
Ameristar Casinos, Inc.	Penn National Gaming, Inc.
Argosy Gaming Co.	Pinnacle Entertainment, Inc.
Aztar Corporation	Riviera Holdings Corp.
Boyd Gaming Corporation	Station Casinos, Inc.
Isle of Capri Casinos, Inc.	Trump Hotels & Casino Resorts, Inc.

Following this review, the Compensation Committee developed a compensation philosophy, objectives and structure for total compensation for the individuals then serving as our Chairman and Chief Executive Officer, President, Executive Vice President, President of the Venetian Resort Hotel Casino, Chief Financial Officer and General Counsel and their successors. With the assistance of Pearl Meyer & Partners, the Compensation Committee in 2004 developed the following philosophy and structure for executive officer total compensation reflecting four primary objectives:

Appropriate orientation. The total compensation package should be oriented toward variable and longer term elements (i.e. annual and long-term incentives and equity awards) as opposed to base salary. This mix of compensation elements is consistent with and supports the Company's business strategy and direction, focusing on long-term growth and expansion globally. In addition, this mix of compensation elements is consistent with gaming industry practice, further enhancing the Company's ability to attract and retain needed industry talent to support this growth.

Competitive package and compensation levels. The total compensation package and levels for executive officers should be competitive with the external marketplace. Competitive compensation levels are critical to attracting and retaining key executive talent. Through the compensation review, competitive pay levels were established for the executive officers relative to gaming industry peers on a size-adjusted basis. Further, the total compensation package was designed to be scalable so that executive officer compensation levels and incentive opportunities will be commensurate with the Company's growth and reflect its financial performance.

Performance-based compensation. A majority of total compensation for executive officers should be based on Company results achieved relative to predetermined performance objectives. In addition, compensation opportunities should reflect the Company's high level of relative performance achieved. We believed in 2004 that Earnings Before Interest, Taxes, Depreciation, Amortization and Rents (*EBITDAR*) had a positive correlation with long-term stock price appreciation. As such, incentive and performance-based equity opportunities for executive officers were initially structured in 2004 to deliver compensation at the level of the 75th percentile of the market, contingent on the Company's achievement of aggressive EBITDAR-based objectives.

Executive interests aligned with those of our stockholders. Equity awards should represent a significant portion of total compensation. Senior executives in 2004 already held significant ownership in the Company. Consistent with the Company's philosophy, equity should represent a significant ongoing portion of compensation for executive officers and serves as an important link between management and stockholder interests. Through the Company's 2004 Equity Award Plan, executive officers will receive a balance of stock options and restricted stock, initially targeted to deliver 75th percentile compensation levels if performance objectives are met.

By focusing on the variable, performance-based elements of compensation, the Compensation Committee worked to develop a compensation structure under which a large portion of total compensation for our executive officers varies based upon the Company's financial performance.

The Company entered into long-term employment agreements with Messrs. Adelson, Weidner, Stone and Goldstein in 2004, Messrs. Rozek and Quartieri in 2006 and Mr. Kay in December 2008. These agreements governed the 2008 compensation for our executive officers. Accordingly, the Compensation Committee did not formally benchmark compensation for our executive officers in connection with 2008 compensation. The Compensation Committee has not yet determined whether it will use benchmarking or some other method to determine compensation levels for our executive officers at such time as their employment agreements are extended or otherwise materially revised.

Elements of Executive Officer Compensation

Employment Agreements

In 2004, in connection with our initial public offering, we entered into employment agreements with Messrs. Adelson, Weidner, Stone and Goldstein. The employment agreements terminate in December 2009 and are subject to extension for those executives still employed at the Company. The total compensation packages for Messrs. Adelson, Weidner, Stone and Goldstein were included in these employment agreements and reflected the compensation philosophy and objectives described above.

The compensation packages for Messrs. Adelson, Weidner, Stone and Goldstein were determined with the assistance of Pearl Meyer & Partners and were based on information, benchmarks and other factors in existence at the time we initially entered into the employment agreements in 2004. The elements of the compensation package (base salary, short-term incentives and long term incentives) were initially structured in 2004 to provide compensation at the level of the 75th percentile of the market of the 16 peer gaming companies described above, contingent upon the Company's achievement of EBITDAR-based performance goals to be established annually by the Performance Subcommittee in its sole discretion. These employment agreements were designed to compensate these executive officers for anticipated Company growth by providing for increased compensation opportunities as the Company achieves higher EBITDAR levels. The Compensation Committee developed this structure to enable us to continue to provide Messrs. Adelson, Weidner, Stone and Goldstein during the terms of their employment agreements with compensation levels that were competitive with those paid to executive officers at companies of comparable size.

Mr. Rozek's compensation package was developed in 2006 by reference to the compensation paid to the other executive officers at that time. A portion of Mr. Rozek's compensation was contingent upon the Company's achievement of EBITDAR-based performance goals. Mr. Rozek's employment agreement terminated upon his resignation from the Company in May 2008.

The Performance Subcommittee established the required 2008 EBITDAR-based performance targets for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek. However, because the compensation for these executive officers is governed by long-term employment agreements, the Compensation Committee did not specifically analyze the various elements of their 2008 compensation or compare the elements of their 2008 compensation to benchmark or other information.

We entered into an employment agreement with Mr. Kay that was effective on December 1, 2008 and terminates on December 31, 2011, subject to extensions. The Compensation Committee did not analyze elements of Mr. Kay's 2008 compensation because his employment agreement was only in effect for one month during that year.

Mr. Quartieri's employment agreement was entered into in 2006 and was not amended in connection with his service as the Company's principal financial officer during part of 2008. Accordingly, the Compensation Committee did not review Mr. Quartieri's 2008 compensation.

The major elements of our executive officer compensation and details regarding how each component was determined are described below.

Base Salary

Base salary levels for our executive officers were determined based on their individual experience and responsibilities and were assessed relative to market levels. The tenure at the Company of Messrs. Adelson, Weidner, Stone and Goldstein also was considered at the time we entered into their employment agreements in 2004. In the gaming

industry, market-competitive levels of base salary for senior executive positions often exceed \$1 million, and historically Messrs. Adelson, Weidner and Stone have earned base salaries in excess of this amount. However, beginning in 2005, consistent with our compensation philosophy and in order to maximize the tax deductibility of compensation, we limited annual base salaries for our executive officers to \$1 million. The employment agreements include a performance-based incentive opportunity for those executive officers impacted by this limit.

Table of Contents

Mr. Kay's employment agreement provides that his base salary will increase on January 1, 2010 and January 1, 2011, in each case by a minimum of four percent.

Mr. Rozek's employment agreement provided that his base salary would increase upon the Company's attainment of predetermined annual EBITDAR-based targets as set forth in the following table, with additional increases to be determined by the Compensation Committee in its sole discretion.

Annualized EBITDAR	Base Salary Cumulatively Increased By:
\$700 million	\$ 50,000
\$800 million	\$ 100,000
\$900 million	\$ 150,000
\$1 billion	\$ 200,000

Mr. Quartieri's employment agreement provides that his base salary will be reviewed annually and may be increased, but not decreased.

Short-term Incentives

Our executive officers are eligible for annual performance-based cash incentives under the Company's Executive Cash Incentive Plan, which was created to establish a program of annual incentive compensation awards for designated officers and other key executives that is directly related to our performance results.

Messrs. Adelson, Weidner, Stone and Goldstein

Messrs. Adelson, Weidner, Stone and Goldstein are eligible for two types of annual performance-based incentive opportunities, a base bonus and an annual bonus. The target base bonus and annual bonus opportunities are described in their employment agreements, as set forth below.

Base bonus. Messrs. Adelson, Weidner, Stone and Goldstein are eligible for cash incentive bonuses earned and payable quarterly primarily subject to the Company's attainment of predetermined EBITDAR-based performance targets. Base bonus payments may range from \$0 (if the Company does not achieve the predetermined EBITDAR performance target) to a defined maximum opportunity specific to the applicable executive officer.

Under their employment agreements, Messrs. Adelson, Weidner, Stone and Goldstein are entitled to the following cumulative increases in their base bonus opportunities as the Company achieves higher annualized six-month EBITDAR levels.

Annualized EBITDAR	Adelson	Weidner	Stone	Goldstein
\$600 million	\$ 180,000	\$ 150,000	\$ 130,000	\$ 80,000
\$700 million	\$ 310,000	\$ 270,000	\$ 220,000	\$ 160,000
\$800 million	\$ 440,000	\$ 380,000	\$ 310,000	\$ 240,000
\$900 million	\$ 570,000	\$ 490,000	\$ 400,000	\$ 320,000

\$1 billion	\$ 700,000	\$ 600,000	\$ 490,000	\$ 400,000
-------------	------------	------------	------------	------------

Annual bonus. Under their employment agreements, Messrs. Adelson, Weidner, Stone and Goldstein are each eligible to receive annual cash incentive bonuses equal to a percentage of his base salary plus his base bonus. The entire annual bonus payable to Messrs. Adelson, Weidner, Stone and Goldstein is subject to the Company's achievement of EBITDAR-based performance targets. The target annual bonus percentages and the maximum annual bonus percentages, respectively, are as follows: Mr. Adelson, 80% and 160%; Mr. Weidner, 75% and 150%; Mr. Stone, 70% and 140%; and Mr. Goldstein, 65% and 130%.

Table of Contents

Annual bonus payments for Messrs. Adelson, Weidner, Stone and Goldstein may range from \$0 (if the Company does not achieve 80% of the predetermined EBITDAR performance target) to a defined maximum opportunity specific to each executive officer (if the Company achieves 110% of the predetermined EBITDAR performance target). Annual bonus payments increase ratably if EBITDAR reaches 80% to 100% of the predetermined EBITDAR target. Annual bonus opportunities are subject to future increases as the Company achieves higher annualized six-month EBITDAR levels, as follows:

Annualized EBITDAR	Adelson	Weidner	Stone	Goldstein
\$600 million				
target annual bonus percentage	85%	80%	75%	70%
maximum annual bonus percentage	170%	160%	150%	150%
\$900 million				
target annual bonus percentage	90%	85%	80%	75%
maximum annual bonus percentage	180%	170%	160%	160%

The performance targets specified under the employment agreements for Messrs. Adelson, Weidner, Stone and Goldstein are primarily EBITDAR-based. The EBITDAR-based performance targets are established annually by the Performance Subcommittee following consultation with the other members of the Compensation Committee, our executive officers and such other members of our management as the Performance Subcommittee deems appropriate. The Performance Subcommittee establishes different EBITDAR-based performance targets for the base bonus and the annual bonus. Each year's target represents the EBITDAR level that must be achieved in order for Messrs. Adelson, Weidner, Stone and Goldstein to receive 100% of their target base bonus or their target annual bonus. For 2008, the Performance Subcommittee established an EBITDAR-based performance target of \$1.2 billion relating to the base bonus and \$1.325 billion relating to the annual bonus. The 2008 performance targets for the base and annual bonuses were based on EBITDAR for all Company properties, including The Venetian Resort Hotel Casino, The Palazzo Resort Hotel Casino, the Sands Expo and Convention Center, the Sands Macao and The Venetian Macao Resort Hotel and, following its opening, the Four Seasons Hotel Macao. In determining the 2008 annual EBITDAR-based targets, the Performance Subcommittee's goal was to set an aggressive objective based on its review of the annual budget information provided by management and the Board's discussions with our executive officers and management about the assumptions underlying the budget, including the Company's development plans for the upcoming year. In making its determination, the Performance Subcommittee recognized the inherent difficulty of the task given the Company's rapid expansion since its initial public offering, the unique nature of many of the Company's development projects and the Company's future growth plans. The Performance Subcommittee believed that the achievement of the 2008 performance targets required management to perform at a high level to earn the target bonus payments.

In 2008, the Company did not achieve the predetermined EBITDAR-based performance target required for the payment of base bonuses. Accordingly, base bonuses were not paid to Messrs. Adelson, Weidner, Stone or Goldstein for 2008 performance. The Company achieved 80.3% of the predetermined EBITDAR-based performance target relating to the annual bonus. Pursuant to their employment agreements, Messrs. Adelson, Weidner, Stone and Goldstein were entitled to annual bonus payments of \$13,038, \$12,314, \$11,589 and \$10,485, respectively. Notwithstanding the provisions of the employment agreements, the Compensation Committee did not approve the annual bonus payments for Messrs. Adelson, Weidner, Stone and Goldstein because cash bonuses had been eliminated for most of the Company's management-level employees during 2008 due to the Company's performance and financial position. For more information about base bonus and annual bonus incentive awards, see [Executive Compensation and Other Information](#) Employment Agreements.

Mr. Kay

Under his employment agreement, Mr. Kay is eligible to receive an annual cash bonus based on the achievement of annual performance objectives and in an amount not to exceed 100% of his base salary absent a determination of unusual circumstances or exceptional performance. Mr. Kay joined the Company in December 2008 and did not receive a cash bonus for his 2008 performance.

Table of Contents

Mr. Rozek

Under Mr. Rozek's employment agreement, one-half of his annual bonus opportunity was based on the Company's achievement of the predetermined EBITDAR-based performance target for annual bonuses described above and determined as a percentage of his base salary. The other half of Mr. Rozek's annual bonus opportunity was based on his attainment of individual performance criteria that were established annually by the Compensation Committee. Mr. Rozek's target annual bonus percentage and maximum annual bonus percentages, respectively, were 60% and 120%. Under Mr. Rozek's employment agreement, his annual bonus opportunities were subject to future increases as the Company achieves higher annualized six-month EBITDAR levels, with target and maximum annual bonus opportunities of 65% and 130%, respectively, if the Company achieved annualized EBITDAR of \$700 million. His target and maximum bonus opportunities were 70% and 140%, respectively, if the Company achieved annualized EBITDAR of \$900 million. Mr. Rozek resigned from the Company before his 2008 individual performance criteria were established. He did not receive any bonus payments in respect of his 2008 performance.

Mr. Quartieri

Under his employment agreement, Mr. Quartieri is eligible to receive a discretionary cash bonus of 30% of his base salary, paid quarterly in installments. The discretionary bonus is based on the achievement of individual and company goals and objectives. Mr. Quartieri did not receive a cash bonus for his 2008 performance. As discussed above, cash bonuses were eliminated for most of the Company's management-level employees during 2008 due to the Company's performance and financial position.

Long-term Incentives (Equity Awards)

Our executive officers are eligible for long-term, equity incentives under the Company's 2004 Equity Award Plan, which is administered by the Compensation Committee and was created to give us a competitive edge in attracting, retaining and motivating employees and to enable us to provide incentives directly related to increases in our stockholder value.

Messrs. Adelson, Weidner, Stone and Goldstein

The equity incentive awards for Messrs. Adelson, Weidner, Stone and Goldstein under their employment agreements are split into two equal components:

Nonqualified stock options. One half of the equity incentive award value is granted in the form of stock options in the year to which the grant relates. The number of stock options is determined based on an estimate of the grant date Black-Scholes value of the award. The stock options vest ratably over four years.

Performance-based restricted stock. One half of the equity incentive award value is granted as restricted stock early in the year following the year to which the grant relates, contingent upon attaining the targeted EBITDAR-based goals identified for the annual bonus in the prior year. The number of shares of restricted stock, if earned, is determined based on the fair market value of our Common Stock on the NYSE on the grant date. The restricted stock grants vest ratably over three years.

The Performance Subcommittee establishes the EBITDAR-based performance target level that must be achieved in order for our executive officers to receive 100% of their target restricted stock awards. Under the employment agreements, this EBITDAR-based performance target must be substantially similar to the target established for the payment of the annual bonuses. For 2008, the Performance Subcommittee established an EBITDAR-based performance target of \$1.325 billion relating to restricted stock awards, determined as described above under

Short-term Incentives. For the reasons discussed above under Short-term Incentives, the Performance Subcommittee believed that the achievement of the 2008 performance targets required management to perform at a high level to earn the target equity incentive awards.

Table of Contents

Under their employment agreements, Messrs. Adelson, Weidner, Stone and Goldstein are entitled to the following target grant values of their equity incentive awards as the Company achieves higher annualized six-month EBITDAR levels:

Annualized EBITDAR	Adelson	Weidner	Stone	Goldstein
\$600 million	\$ 2,650,000	\$ 2,400,000	\$ 2,100,000	\$ 1,800,000
\$700 million	\$ 2,900,000	\$ 2,650,000	\$ 2,300,000	\$ 2,000,000
\$800 million	\$ 3,150,000	\$ 2,900,000	\$ 2,500,000	\$ 2,150,000
\$900 million	\$ 3,400,000	\$ 3,150,000	\$ 2,700,000	\$ 2,300,000
\$1 billion	\$ 3,650,000	\$ 3,400,000	\$ 2,900,000	\$ 2,500,000

In 2008, the Company achieved 80.3% of the predetermined EBITDAR-based performance target relating to the award of restricted stock. The restricted stock and option awards to Messrs. Adelson, Weidner, Stone and Goldstein for 2008 performance are included in the discussion relating to the Grants of Plan-Based Awards Table. For more information about equity incentive awards, see Executive Compensation Related Policies and Practices Stock Option and Restricted Stock Grant Practices and Executive Compensation and Other Information Employment Agreements.

Mr. Kay

Mr. Kay received a grant of options to purchase 100,000 shares of our Common Stock on January 1, 2009. Options to purchase 5,000 shares, 12,500 shares, 21,666 shares, 28,333 shares, 20,833 shares and 11,668 shares vest on the first, second, third, fourth, fifth and sixth anniversaries of the date of grant, respectively.

Mr. Rozek

Under his employment agreement, Mr. Rozek was entitled to receive equity incentive awards, equally divided between grants of stock options and shares of restricted stock, as described above. Under his employment agreement, Mr. Rozek was entitled to receive equity incentive awards of \$660,000, \$720,000, \$780,000 or \$840,000 if the Company achieved annualized six-month EBITDAR levels of \$700 million, \$800 million, \$900 million or \$1 billion, respectively. Mr. Rozek received a grant of options to purchase 13,278 shares of Common Stock in respect of 2008 performance. The grant was forfeited upon his resignation from the Company.

Mr. Quartieri

Under his employment agreement, Mr. Quartieri is eligible to receive stock options under the Company's 2004 Equity Award Plan. Mr. Quartieri's 2008 option award is included in the Grants of Plan-Based Awards Table.

Personal Benefits

Under their employment agreements, Mr. Adelson is entitled to be reimbursed up to \$100,000 annually, and Mr. Weidner is entitled to be reimbursed up to \$50,000 during the term of his employment, for personal legal and financial planning fees and expenses. Mr. Adelson also is entitled during the term of his employment to the full-time and exclusive use of an automobile and a driver of his choice and security services for himself, his spouse and minor children. For more information, see footnote (5) to the Summary Compensation Table under Executive Officer Compensation and Other Information.

The Company provides certain of its executive officers with access to corporate memberships at country clubs for business purposes. The Company requires these executives to reimburse it in full for personal use of these facilities. The Company also permits its executive officers to use Company personnel for home repairs during business hours on a limited basis. The Company requires that these executives reimburse it in full for these services.

Our executive officers also participate in a group supplemental medical insurance program available only to certain of our senior officers. Our executive officers, as well as certain other employees, are also entitled to use workout facilities at the Canyon Ranch Spa at The Venetian Resort Hotel Casino and The Palazzo Resort Hotel Casino and to receive dry cleaning services. Our executive officers are entitled to receive other employee benefits

generally made available to our employees. The Company does not permit personal use of corporate aircraft. However, on certain occasions, an executive officer's spouse or other immediate family member has accompanied the executive officer on flights on aircraft that we own or lease. For more information, see footnote (5)(v) to the Summary Compensation Table under Executive Officer Compensation and Other Information.

Change in Control and Termination Payments

The long-term employment agreements with our executive officers provide for payments and the continuation of benefits upon certain terminations of employment or if there is a change of control of the Company. These provisions in the employment agreements with Messrs. Adelson, Weidner, Stone and Goldstein reflect the advice of our compensation consultant, Pearl Meyer & Partners, and are based on negotiations with these executive officers. In addition, the employment agreements with our executive officers include restrictive covenants relating to future employment. Accordingly, the Compensation Committee believed the post termination payments were necessary in order to enable us to provide a competitive compensation package so that we could retain our executive officers.

The Company's 2004 Equity Award Plan was established in 2004. The purpose of the plan is to provide a means through which the Company may attract able persons to enter and remain in the employ of the Company. The change of control provisions of the plan were designed in furtherance of this goal.

Further information about benefits under certain change in control and terminations of employment are described below under Potential Payments Upon Termination or Change in Control.

Tax and Accounting Considerations Relating to Executive Compensation

Section 162(m) of the Internal Revenue Code

The Compensation Committee's general policy is that compensation should qualify to be tax deductible to the Company for federal income tax purposes. Under Section 162(m) of the Internal Revenue Code (the *Code*), compensation paid to certain members of senior management in excess of \$1 million per year is not deductible unless the compensation is performance-based as described in the regulations under Section 162(m). Compensation is generally performance-based if it is determined using pre-established objective formulas and criteria approved by stockholders within the past five years. The compensation awards under our Executive Cash Incentive Plan are designed to be tax deductible to us under the performance-based compensation exception to Section 162(m). The maximum amount payable to a participant under the Executive Cash Incentive Plan in respect of an annual bonus award that is intended to qualify for the performance-based compensation exception to Section 162(m) is \$10.0 million. The performance-based provisions of our Executive Cash Incentive Plan were approved by our stockholders at the 2008 annual meeting of stockholders.

Our executive officers are eligible to receive cash bonuses payable under our Executive Cash Incentive Plan in the amounts determined in accordance with their employment agreements. The document governing the Executive Cash Incentive Plan specifies that the Compensation Committee, in its sole discretion, has full power and authority to administer the plan, including, among other things, the authority to designate an award as one that does not qualify as performance-based compensation under Section 162(m) of the Code. Accordingly, the supplemental bonuses paid to Messrs. Weidner, Stone, Goldstein and Rozek included in the Summary Compensation Table with respect to 2007 performance were not made pursuant to the Executive Cash Incentive Plan. The Performance Subcommittee makes all determinations relating to performance-based compensation for purposes of Section 162(m). The Compensation Committee believes that mathematical formulas cannot always anticipate and fairly address every situation that might arise. The Compensation Committee therefore retains the authority to adjust compensation in the case of unexpected, unusual or non-recurring events, even if this results in the payment of non-deductible compensation or to otherwise

award or pay non-deductible compensation if the Committee deems it in the best interests of the Company and its stockholders to do so.

In addition, bonus awards granted under the Executive Cash Incentive Plan must specify performance criteria to be achieved, a minimum acceptable level of achievement below which no payment or award will be made and a formula for determining the amount of any payment or award to be made if performance is at or above the minimum acceptable level but falls short of full achievement of the specified performance criteria. The Compensation

Table of Contents

Committee may modify performance criteria or the related minimum acceptable level of achievement, in whole or in part, as the Committee deems appropriate and equitable, provided that no such modification may be made that would cause an award to no longer qualify as performance-based compensation under Section 162(m).

Our executive officers also are eligible to receive equity incentive awards under our 2004 Equity Award Plan. The amounts of the equity incentive awards are specified in their employment agreements. The Board of Directors has appointed the Compensation Committee to administer the 2004 Equity Award Plan. The Performance Subcommittee makes all determinations relating to performance-based compensation for purposes of Section 162(m). Under the plan, the Performance Subcommittee may not grant or provide payment in respect of an award intended to qualify as performance-based compensation unless the applicable performance goals have been achieved and, under the applicable performance formula, all or some of the performance award has been earned for the performance period.

Sections 280G and 4999 of the Code (Golden Parachute Payments)

If any payment to Messrs. Adelson, Weidner, Stone, Goldstein or Rozek pursuant to the applicable employment agreement is subject to the excise tax imposed by Section 4999 of the Code, the payments to the respective executive officer that are considered parachute payments will be limited to the greatest amount which can be paid under Section 280G without causing any loss of deduction to the Company but only if, by reason of such reduction, the net after tax benefit to the executive officer (as defined in his employment agreement) exceeds the net after tax benefit if the reduction were not made.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, we began accounting for stock-based compensation under our 2004 Equity Award Plan in accordance with the requirements of Statement of Financial Accounting Standards No. 123R.

Deferred Compensation

The Las Vegas Sands Corp. Deferred Compensation Plan was created to provide benefits to non-employee directors and a select group of management or highly paid employees to be selected by our Compensation Committee. All non-employee directors are eligible to participate in the Deferred Compensation Plan. The Deferred Compensation Plan allows participating employees to defer payment of their base salary and/or bonus and non-employee directors to defer payment of director fees. There are currently no participants in the Deferred Compensation Plan.

Executive Compensation Related Policies and Practices

Policies Regarding Stock Ownership and Hedging the Economic Risk of Stock Ownership

The Company believes that the number of shares of the Company's Common Stock owned by each executive officer is a personal decision and encourages stock ownership, including through the compensation policies applicable to its executive officers. Accordingly the Company has not adopted a policy requiring its executive officers to hold a portion of their stock during their employment at the Company.

Under our securities trading policy, our officers, directors and employees are not permitted to purchase our Common Stock on margin, sell our Common Stock short or buy or sell puts, calls or other derivative instruments relating to our Common Stock. Although we discourage speculative hedging transactions, we do permit long-term hedging transactions that are designed to protect an individual's investment in our Common Stock provided that the hedge is for at least six months in duration and relates to stock or options held by the individual.

Stock Option and Restricted Stock Grant Practices

The employment agreements for Messrs. Adelson, Weidner, Stone and Goldstein and Rozek provide that grants of stock options are to be made by March 15 of the year to which the grant relates. On March 29, 2008, the Company granted Messrs. Weidner, Stone, Goldstein and Rozek stock options in respect of 2008 performance. Mr. Adelson waived his rights to receive the stock options grant relating to 2008 performance to which he was

Table of Contents

entitled under his employment agreement. Mr. Rozek forfeited his grant of stock options relating to 2008 performance upon his resignation from the Company. Grants of restricted stock are to be made by March 15 following the year to which the award relates, provided that the performance goals for such prior year have been achieved. On February 6, 2009, the Company granted Messrs. Adelson, Weidner, Stone and Goldstein restricted stock in respect of 2008 performance.

Grants of stock options and restricted stock under our 2004 Equity Award Plan are approved by the Compensation Committee's Performance Subcommittee. Each of the members of the Performance Subcommittee is an independent director. The stock option grants to our executive officers under their employment agreements are effective as of their respective grant dates which are either the date of approval or, if later, the first date of employment or a future date specified in the employment agreement. The exercise price of all stock options is equal to the fair market value of our Common Stock on the grant date.

Under his employment agreement, Mr. Kay is eligible to receive an annual cash bonus based on the achievement of annual performance. Mr. Kay joined the Company in December 2008 and did not receive a cash bonus for his 2008 performance. Under his employment agreement, Mr. Quartieri is eligible to receive a discretionary cash bonus of 30% of his base salary, based on the achievement of individual and company goals and objectives. Mr. Quartieri did not receive a cash bonus for his 2008 performance. The target and maximum base bonus and annual bonus opportunities vary based on the Company's performance in relation to predetermined performance targets. See the discussion below under Employment Agreements, as well as Compensation Discussion and Analysis Elements of Executive Officer Compensation Short-term Incentives for more information regarding base bonus and annual bonus incentive awards.

Employment Agreements

The executive employment agreements provide for the payment of base salary, cash incentive bonuses and equity incentive awards in amounts that are determined as described below.

Base salary. The employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein, Kay, Rozek and Quartieri provide for annual base salaries of \$1,000,000, \$1,000,000, \$1,000,000, \$965,000, \$900,000, \$500,000 (\$650,000 for 2008) and \$225,000 (\$285,000 for 2008), respectively. Mr. Kay's base salary is subject to annual increases of at least four percent. Mr. Rozek's base salary was subject to future increases as the Company achieves higher annualized six-month EBITDAR levels. Mr. Quartieri's base salary is subject to annual review, at which time his base salary may be increased but not decreased.

Base bonus. The employment agreements for Messrs. Adelson, Weidner, Stone and Goldstein provide for target base bonus payments to be earned and payable quarterly, primarily subject to the Company's attainment of predetermined EBITDAR-based performance targets. The target base bonuses for 2005 were \$500,000, \$300,000, \$50,000 and \$0, respectively. Commencing with 2006 and for each year during the term of the applicable executive officer's employment, the target annual base bonus increases automatically by at least four percent (4%) of the sum of (x) the applicable executive officer's base salary for the immediately preceding year plus (y) the base bonus paid to the applicable executive officer with respect to the immediately preceding year. In addition, as described under Compensation Discussion and Analysis, the target annual base bonus opportunity is subject to future increases as

Table of Contents

the Company achieves higher annualized six-month EBITDAR levels. The employment agreements for Messrs. Kay, Rozek and Quartieri do not provide for a base bonus.

Annual bonus. The employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek provide for target annual bonus payments contingent on the Company's achievement of annual performance objectives that are primarily EBITDAR-based. The amount of the annual bonus is equal to a percentage of the sum of (x) the applicable executive officer's base salary for the year plus (y) the base bonus paid to the applicable executive officer for the year. Annual bonus payments may range from \$0 (if the Company does not achieve 80% of the predetermined EBITDAR performance target) to a defined maximum opportunity specific to each executive officer (if the Company achieves 110% of the predetermined EBITDAR performance target). Annual bonus payments increase ratably if EBITDAR reaches 80% to 100% of the predetermined EBITDAR target. The target and maximum annual bonus opportunities as a percentage of base salary and base bonus for these executive officers are: Mr. Adelson, 80% and 160%; Mr. Weidner, 75% and 150%; Mr. Stone, 70% and 140%; Mr. Goldstein, 65% and 130%; and Mr. Rozek, 60% and 120%. As described above under Compensation Discussion and Analysis, the target and maximum annual bonus opportunity as a percentage of base salary and base bonus for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek is subject to future increases as the Company achieves higher annualized six-month EBITDAR levels. The entire annual bonus payable to Messrs. Adelson, Weidner, Stone and Goldstein is subject to the Company's achievement of the targeted financial performance objectives. One-half of Mr. Rozek's annual bonus opportunity was based on the achievement of these financial performance objectives and the other half was based on his attainment of individual performance criteria that are established annually by the Compensation Committee.

Mr. Kay is eligible to receive an annual cash bonus based on the achievement of annual performance objectives and in an amount not to exceed 100% of his base salary absent a determination of unusual circumstances or exceptional performance.

Mr. Quartieri is eligible to receive a discretionary cash bonus of 30% of his base salary, paid quarterly in installments. The discretionary bonus is based on the achievement of individual and company goals and objectives.

Equity incentive awards. The employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek identify the targeted total grant value of the applicable executive officer's equity incentive awards. The target total grant value of the equity incentive awards for 2005 for Messrs. Adelson, Weidner, Stone and Goldstein were \$2,200,000, \$2,000,000, \$1,750,000 and \$1,500,000, respectively. Mr. Rozek joined the Company in 2006. He received a grant of 40,000 stock options for 2006 and his target total grant value for restricted stock awards for 2006 was \$250,000. As described above under Compensation Discussion and Analysis, the targeted total grant value of equity incentive awards for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek is subject to future increases as the Company achieves higher annualized six-month EBITDAR levels.

Pursuant to his employment agreement, Mr. Kay received a grant of options to purchase 100,000 shares of our Common Stock on January 1, 2009. Options to purchase 5,000 shares, 12,500 shares, 21,666 shares, 28,333 shares, 20,833 shares and 11,668 shares vest on the first, second, third, fourth, fifth and sixth anniversaries of the date of grant, respectively.

continued health and welfare benefits for the remainder of the term of the employment agreement (or, if earlier, until the executive officer receives health and welfare coverage from a subsequent employer).

In the event of a termination of employment of any of Messrs. Adelson, Weidner, Stone, Goldstein or Rozek by us without cause or a termination by any of these executive officers for good reason within the two-year period following a change in control (or in the case of Mr. Adelson, a voluntary termination at any time during the one-year period following a change in control), we will be obligated to pay or provide the applicable executive officer with:

a lump sum payment of two times his salary plus, if applicable, base bonus for the year of termination of employment;

full vesting of all unvested options and restricted stock awards outstanding on the date of termination of employment;

a pro rata annual bonus for the year of termination of employment; and

continued health and welfare benefits for two years following termination (or, if earlier, until the executive officer receives health and welfare coverage from a subsequent employer).

However, if the change in control does not satisfy the definition of a change in the ownership or effective control of a corporation or a change in the ownership of a substantial portion of the assets of a corporation, pursuant to Section 409A of the Code, then the payment of two times salary plus base bonus will be paid ratably for the remainder of the term of the employment agreement and the pro rata annual bonus for the year of termination will be paid at the same time annual bonuses would normally be paid to other executive officers of the Company.

In the case of a termination of employment of any of Messrs. Adelson, Weidner, Stone, Goldstein or Rozek due to his death or disability (as defined in the applicable employment agreement), the applicable executive officer (or his estate) will be entitled to receive:

continued payments of salary and, if applicable, base bonus, less any applicable disability short term insurance payments, for a period of twelve months following the date of termination of employment;

accelerated vesting of options and restricted stock awards such that all such options and awards that would have vested during the twelve month period following the date of termination will become vested as of the date of termination of employment; and

a pro rata annual bonus payable at the time the bonus would normally be paid.

If any of Messrs. Adelson, Weidner, Stone, Goldstein or Rozek terminates his employment on or after the last day of a fiscal year but before the actual grant date of the restricted stock award for that fiscal year, he will be granted a fully vested award for that fiscal year on the date the award would have otherwise been made (and subject to the applicable performance target being achieved) equal to the number of shares he would have been awarded multiplied by the following applicable percentage:

0% if the termination was for cause or a voluntary termination (other than for good reason or retirement);

331/3% if the termination was due to death or disability; and

100% if the termination is by us without cause or by the executive for good reason or due to retirement.

All payments under the employment agreements in connection with a termination of employment are subject to the applicable executive officer's agreement to release the Company from all claims relating to his employment and the termination of his employment. In addition, Messrs. Adelson, Weidner, Stone, Goldstein and Rozek are subject to covenants restricting their ability to compete with the Company or to hire Company employees for a specified period following termination of employment.

Definitions. The terms *cause*, *good reason* and *change in control* are defined in the employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek as follows:

Messrs. Adelson, Weidner, Stone, Goldstein or Rozek may be terminated by the Company for cause if:

he is convicted of a felony, misappropriates any material funds or material property of the Company, its subsidiaries or affiliates, commits fraud or embezzlement with respect to the Company, its subsidiaries or affiliates or commits any material act of dishonesty relating to his employment by the Company resulting in direct or indirect personal gain or enrichment at the expense of the Company, its subsidiaries or affiliates;

he uses alcohol or drugs that render him materially unable to perform the functions of his job or carry out his duties to the Company and fails to correct his behavior following written notice;

he materially breaches his employment agreement and fails to correct the breach following written notice;

he commits any act or acts of serious and willful misconduct (including disclosure of confidential information) that is likely to cause a material adverse effect on the business of the Company, its subsidiaries or affiliates; or

his gaming license is revoked or suspended by Nevada gaming authorities and the executive officer fails to correct the situation following written notice; provided, that in the event that the revocation or suspension occurs without there having been any fault on the part of the executive, the termination will be treated in the same manner as a termination due to disability instead of for *cause*.

Messrs. Adelson, Weidner, Stone, Goldstein or Rozek may terminate his employment with the Company for good reason if:

the Company fails to maintain him as an executive officer and, in the case of Mr. Adelson, the Company fails to maintain him as Chairman of the Board of Directors and Chief Executive Officer (unless the Board determines that these positions must be held by someone other than Mr. Adelson due to applicable statutory, regulatory or stock exchange requirements, or if this practice is common among companies of similar size in similar industries to us, and the Board determines that this practice constitutes best practices of corporate governance);

the Company reduces his base salary;

subject to specified exceptions, the Company reduces his target base bonus (except in the case of Mr. Rozek), target annual bonus or target incentive award opportunity;

the Company fails to obtain stockholder approval for the bonus and incentive awards by the earlier of the Company's 2008 annual meeting of stockholders or the date these awards cease to be exempt from the deduction limitations of Section 162(m) of the Internal Revenue Code of 1986, as amended; unless the awards have been approved by the Performance Subcommittee of the Compensation Committee;

there is a material change in the executive's duties and responsibilities that would cause his position to have less dignity, importance or scope than intended at the time of the agreement, except for changes resulting from a transaction in which the Company becomes a subsidiary of another company, so long as the executive officer's duties and responsibilities are not materially changed as they relate solely to the Company;

in the case of Mr. Weidner, prior to a change in control (as defined), he is required to report, directly or indirectly, to anyone other than Mr. Adelson or the Board of Directors; or

the Company materially breaches the employment agreement.

A change in control occurs upon:

the acquisition by any individual, entity or group of beneficial ownership of 50% or more (on a fully diluted basis) of either the then outstanding shares of the Company's Common Stock or the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; provided, however, that the following acquisitions shall not constitute a change in control: (I) any acquisition by the Company or any affiliate (as defined), (II) any acquisition by any employee benefit plan

Table of Contents

sponsored or maintained by the Company or any affiliate, (III) any acquisition by Mr. Adelson or any related party (as defined) or any group of which Mr. Adelson or a related party is a member, (IV) certain reorganizations, recapitalizations, mergers, consolidations, statutory share exchanges or similar forms of corporate transaction that do not result in a change of ultimate control of more than 50% of the total voting power of the resulting entity or the change in a majority of the board of directors, or (V) in respect of an executive officer, any acquisition by the executive officer or any group of persons including the executive officer (or any entity controlled by the executive officer or any group of persons including the executive officer);

the incumbent members of the board of directors on the date that the agreement was approved by the incumbent directors or directors elected by stockholder vote (other than directors elected as the result of an actual or threatened election contest) cease for any reason to constitute at least a majority of the board;

the Company's dissolution or liquidation;

the sale, transfer or other disposition of all or substantially all of the Company's business or assets other than any sale, transfer or disposition to Mr. Adelson or one of his related parties; or

the consummation of certain reorganizations, recapitalizations, mergers, consolidations, statutory share exchanges or similar forms of corporate transaction unless, immediately following any such business combination there is no change of ultimate control of more than 50% of the total voting power of the resulting entity or the change in a majority of the board of directors.

Mr. Kay

In the event of a termination of Mr. Kay's employment for cause (as defined in his employment agreement) or a voluntary termination by Mr. Kay (other than for good reason), all salary and benefits will immediately cease (subject to any requirements of law).

In the event of a termination of Mr. Kay's employment by the Company without cause or a voluntary termination by Mr. Kay for good reason (as defined in his employment agreement), the Company will be obligated to pay or provide Mr. Kay with:

continued payment of his salary for twelve months following the date of termination, subject to reduction if Mr. Kay becomes employed elsewhere; provided that if Mr. Kay terminates his employment for good reason upon a change of control (as defined in the agreement), Mr. Kay shall be entitled to his base salary for twelve months, which amount shall not be subject to any reduction as a result of his employment elsewhere;

a pro-rated share of his annual bonus that he would have earned during the year in which the agreement is terminated; and

continued health and welfare benefits for Mr. Kay, his spouse and his dependents for twelve months following the date of termination, including for a termination by Mr. Kay for good reason upon a change of control.

In the case of a termination of Mr. Kay's employment due to his death or disability (as defined in his employment agreement), he will be entitled to receive the following:

continued payments of his base salary for a period of twelve months following the date of termination of his employment as a result of such death or disability;

continued vesting of stock option awards such that all such stock options that would have vested during the twelve month period following the date of termination as a result of such death or disability will continue to vest as if he had remained employed by the Company during the twelve month period following the date of such termination; and

continued health and welfare benefits for Mr. Kay, his spouse and his dependents for the twelve months following the date of termination of his employment as a result of such death or disability.

Table of Contents

All payments under Mr. Kay's employment agreement in connection with a termination of employment are subject to his agreement to release the Company from all claims relating to his employment and the termination of his employment. He is also subject to covenants restricting his ability to compete with the Company or to hire Company employees for a specified period following termination of employment.

Definitions. The terms cause, good reason and change in control are defined in Mr. Kay's employment agreement as follows:

Mr. Kay may be terminated by the Company for cause if:

he is convicted of a felony, misappropriates any material funds or material property of the Company or any of its affiliates, commits fraud or embezzlement with respect to the Company or any of its affiliates or commits any material act of dishonesty relating to his employment by the Company resulting in direct or indirect personal gain or enrichment at the expense of the Company or any of its affiliates;

he uses alcohol or drugs that render him materially unable to perform the functions of his job or carry out his duties to the Company and fails to correct his behavior following written notice;

he materially breaches his employment agreement and fails to correct the breach following written notice;

he commits any act or acts of serious and willful misconduct (including disclosure of confidential information) that is likely to cause a material adverse effect on the business of the Company or any of its affiliates; or

his gaming license is withdrawn with prejudice, denied, revoked or suspended by Nevada gaming authorities and the executive officer fails to correct the situation following written notice.

Mr. Kay may terminate his employment with the Company for good reason if:

the Company materially breaches his employment agreement;

the Company reduces his base salary;

there is a material change in his duties and responsibilities that would cause his position to have less dignity, importance or scope than intended at the time of the agreement, except for changes resulting from a transaction in which the Company becomes a subsidiary of another company, so long as Mr. Kay's duties and responsibilities are not materially changed as they relate solely to the Company; or

Mr. Kay discovers or the Company announces a change of control.

Under Mr. Kay's employment agreement, a change of control occurs if Sheldon G. Adelson and the estate planning trusts of Sheldon G. Adelson identified at the effective date of Mr. Kay's employment agreement in the most recent filing with the Securities and Exchange Commission (the *SEC*) (including any amendments, revisions, conversions, substitutions or otherwise of such trusts) control less than 50% of the voting equity of the Company; provided that a change of control ceases to constitute Good Reason unless Mr. Kay gives notice to the Company that he is terminating his employment with the Company due to the change of control within 30 days after the first filing is made with the SEC by which the fact of such change of control could be determined. For purpose of the preceding sentence, Mr. Kay shall be considered to have determined the existence of a change of control on the date of the SEC filing if the filing announces a transaction that has occurred or on the date that a prospective transaction closes.

Mr. Quartieri

In the event of a termination of Mr. Quartieri's employment for cause (as defined in his employment agreement), all salary and benefits immediately cease. In the event of a termination of Mr. Quartieri's employment by the Company without cause, the Company is obligated to pay Mr. Quartieri his base salary for the lesser of (i) a period of twelve full months or (ii) the remainder of the term of his employment agreement as of the time of termination.

Mr. Quartieri is subject to covenants restricting his ability to compete with the Company or to hire Company employees for a specified period following termination of employment.

Table of Contents

In the event that the employment agreement expires, is not extended by the parties and Mr. Quartieri remains in the employ of the Company, Mr. Quartieri would be deemed to be an at-will employee and the Company may terminate Mr. Quartieri with or without cause without any further liability.

Definitions. The terms cause and disability are defined in Mr. Quartieri's employment agreement as follows:

Mr. Quartieri may be terminated by the Company for cause if:

he is convicted or pleads guilty or nolo contendere to a felony or is convicted of a misdemeanor involving moral turpitude which materially affects his ability to perform his duties or materially adversely affects the Company;

he misappropriates any material funds or property of the Company, commits fraud or embezzlement with respect to the Company or commits any material act of dishonesty relating to his employment by the Company regardless of whether such act results or was intended to result in his direct or indirect personal gain or enrichment;

he uses alcohol or drugs that render him unable to perform the functions of his job or carry out his duties to the Company;

he fails to render services in accordance with the provisions of his agreement or fails to follow directions by the Company's management or his direct or indirect supervisors and fails to correct his behavior following written notice;

he acts or fails to act (including disclosing confidential information) in a way that is likely to prejudice the business or reputation of the Company or result in any material economic or other harm to the Company and fails to correct his behavior following written notice;

he acts or fails to act in a way that brings material disrepute upon himself, either personally or professionally;

he violates any law, rule or regulation of any governmental or regulatory body material to the business of the Company;

any license or certification of his that is necessary for him to discharge his duties on behalf of the Company is lost, revoked or suspended;

he commits any other material breach of his employment agreement or any act or neglect or misconduct which the Company in its sole discretion deems to be good and sufficient cause and fails to correct his behavior following written notice;

he willfully and persistently fails to reasonably perform duties;

he dies; or

his disability (as defined below).

Mr. Quartieri's employment agreement defines disability to mean his inability with or without accommodation to perform, for a period greater than twelve (12) consecutive weeks, the essential functions of his position by reason of permanent mental or physical disability, whether resulting from illness, accident or otherwise.

2004 Equity Award Plan

In the event of a change in control (as defined above in the definition of change in control in the employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek and in the 2004 Equity Award Plan) if our Compensation Committee so determines:

all outstanding options and equity (other than performance compensation awards) issued under the 2004 Equity Award Plan shall fully vest; and

outstanding awards may be cancelled and the value of the awards paid to the participants in connection with a change in control.

In addition, performance compensation awards shall vest based on the level of attainment of the performance goals as determined by the Compensation Committee.

Table of Contents**Potential Payments/Benefits Upon Termination of Employment for 2008**

The table below sets forth information about the potential payments and benefits our executive officers may receive under their employment agreements upon the termination of their employment with the Company. The amounts shown in the table below are estimates of the payments that each executive officer would receive in certain instances assuming a hypothetical employment termination date of December 31, 2008. The amounts actually payable will be determined only upon the termination of employment of each executive officer, taking into account the facts and circumstances surrounding the executive officer's termination of employment.

The information in the table assumes that:

bonuses were not paid to any of the executive officers for 2008 performance;

amounts included as bonus payments for 2009 performance are target amounts based on the achievement of performance goals;

the executive officer did not become employed by a subsequent employer; and

equity awards vest fully upon a change in control.

Employment Arrangements with Mr. Leven

On March 11, 2009, the Company entered into an employment agreement with Mr. Leven, the Company's new President and Chief Operating Officer. Mr. Leven's employment agreement expires on March 11, 2011, but can be extended for successive one-year periods upon the mutual agreement of the parties no later than 90 days prior to the expiration of the initial or any renewal term of the agreement.

Under his employment agreement, Mr. Leven will receive an annual base salary of \$2,000,000. He also will be eligible to receive an annual bonus, with a target bonus of 50% of his base salary, subject to the achievement of performance targets to be established. On March 11, 2009, Mr. Leven was granted an option to purchase 3,000,000 shares of our Common Stock under the Company's 2004 Equity Award Plan. On January 1, 2010, he will be granted an additional option to purchase at least 1,000,000 shares of our Common Stock under the 2004 Equity Award Plan, the final amount of the grant to be subject to the determination of the Company's Compensation Committee. Each option shall vest as to 25% of the shares subject to such option on March 11, 2010 and each option shall become fully vested on March 11, 2011. Each option will expire on March 11, 2014.

Mr. Leven will be entitled to receive perquisites and employee benefits generally made available to the Company's other similarly situated senior executives. The Company also will pay the initiation fee for membership in a country club of his choice. In addition, Mr. Leven will be entitled to receive other employee benefits generally made available to the Company's employees.

In the event that Mr. Leven's employment is terminated by the Company (other than for Cause as defined in the agreement and below) or by reason of his death or disability or if Mr. Leven terminates his employment for Good Reason (as defined in the agreement and below), he will be entitled to receive: (i) his accrued and unpaid base salary and bonus(es) through the date of termination; (ii) a lump sum cash payment of 50% of the base salary he would have received had he remained employed through the remainder of the term plus \$500,000; and (iii) continued participation in the health and welfare benefit plans of the Company during the remainder of the term (or, if earlier, until he receives health and welfare coverage with a subsequent employer).

In addition, if (a) Mr. Leven's employment is terminated prior to the expiration of the term because the Company discharges him (other than for Cause), (b) he terminates his employment for Good Reason, (c) his employment is terminated due to his death or disability, (d) his employment terminates by reason of expiration of the term, or (e) there is a change of control of the Company (as defined in the agreement), then each option will immediately become fully vested and exercisable and remain outstanding through its originally scheduled expiration date.

Separately, Sheldon G. Adelson, the Company's Chief Executive Officer and principal stockholder, has personally agreed to make a jet aircraft that is capable of flying non-stop between Las Vegas, Nevada, and Atlanta, Georgia, available to Mr. Leven in connection with Company business and personal use.

Definitions. The terms cause, good reason and change in control are defined in Mr. Leven's employment agreement as follows:

Mr. Leven may be terminated by the Company for cause if the Board, at a duly noticed meeting, has determined that one or more of the following events has occurred:

he is convicted of a felony, misappropriation of any material funds or material property of the Company or any of its affiliates, commits fraud or embezzlement with respect to the Company or any of its affiliates or commits any material act of dishonesty relating to his employment by the Company resulting in direct or indirect personal gain or enrichment at the expense of the Company or any of its affiliates;

he uses alcohol or drugs in a manner that renders him materially unable to perform the functions of his job or carry out his duties to the Company and fails to correct his behavior following written notice;

he materially breaches his employment agreement and the breach is likely to cause a material adverse effect on the business of the Company or any of its affiliates and fails to correct the breach following written notice; or

he commits any act or acts of serious and bad faith willful misconduct (including disclosure of confidential information) that is likely to cause a material adverse effect on the business of the Company or any of its affiliates.

a change in control (as defined in the employment agreements for Messrs. Adelson, Weidner, Stone, Goldstein and Rozek described above); or

Sheldon G. Adelson is not serving as the Company's Chief Executive Officer and Chairman of the Board (unless Mr. Adelson's spouse is serving in such capacities).

DIRECTOR COMPENSATION

Each non-employee director receives an annual cash retainer of \$50,000 and an annual grant of restricted stock equal in value to \$50,000. The restricted stock is subject to a one year forfeiture period and may not be sold until the director retires from the Board (except to the extent necessary to cover taxes incurred as a result of the vesting of the restricted stock). In addition, each non-employee director receives a one time grant of options upon becoming a non-employee director with an aggregate value of \$100,000 on the date of grant (based on the Black-Scholes option valuation model). The stock options vest in five equal installments on each of the first five anniversaries of the date of grant. Both the restricted stock grants and the options are granted to the directors pursuant to our 2004 Equity Award Plan. In 2008, Messrs. Chafetz, Forman, Heyer, Koo, Leven, Purcell and Siegel each received 779 shares of restricted stock.

We pay non-employee directors \$1,500 for each meeting of the Board that they attend (\$750 for telephonic meetings). We pay non-employee directors who are members of the Audit Committee or the Compensation Committee \$1,000 for each committee meeting that they attend (\$500 for telephonic meetings). During 2008, we paid an annual retainer of \$20,000 to the chairperson of the Audit Committee, an annual retainer of \$5,000 to the chairperson of the Compensation Committee, and an annual retainer of \$2,500 to the chairperson of the Nominating and Governance Committee.

During 2008, the Board established a special committee to advise it in connection with the September 2008 investment in the Company by the Company's principal stockholder. We paid the chairperson and the two other members of the special committee fees of \$100,000 and \$50,000, respectively, for their service on the special committee. In addition, the Board formed an Advisory Committee in October 2008 that was dissolved in March 2009. During 2009, we paid the chairperson and the two other members of the Advisory Committee fees of \$27,551 and \$13,776, respectively for their service on the Advisory Committee. The portion of these fees relating to 2008 is included in the table below.

Non-employee directors may defer cash compensation payments into a deferred compensation plan. None of these payments have been deferred to date. Non-employee directors are also reimbursed for expenses incurred in connection with their service as directors, including travel expenses for meeting attendance. As a retired partner of Paul, Weiss, Rifkind, Wharton & Garrison LLP, Mr. Purcell was obligated to turn over to his former law firm all consideration he received as a director of our Company.

Beginning in 2006, the Compensation Committee retained HVS Executive Search for advice on compensation-related matters, including a review of director compensation. The Compensation Committee may, in its discretion, seek the advice of our chief executive officer or any of our other executive officers, in determining or recommending the amount or form of compensation for our outside directors.

In addition, prior to our initial public offering in 2004, the Compensation Committee retained Pearl Meyer & Partners and instructed it to assist us in organizing a board of directors and developing a total compensation package for outside directors that will enable the Company to attract and retain quality board members. This information was presented to the Board to assist it in establishing compensation levels for our directors at that time.

The Audit Committee of the Board currently consists of Irwin A. Siegel (Chair), Jason N. Ader and Jeffrey H. Schwartz. The Board has determined that Messrs. Siegel, Ader and Schwartz meet the current independence and experience requirements of the NYSE's listing standards. In addition, the Board has determined that Mr. Siegel qualifies as the audit committee financial expert.

The Audit Committee's responsibilities are described in a written charter adopted by the Board. The Audit Committee is responsible for providing independent, objective oversight of the Company's financial reporting system. Among its various activities, the Audit Committee reviews:

1. The adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements;
2. The independence and performance of the Company's independent registered public accounting firm and internal auditors; and

In addition, the Audit Committee meets regularly in closed sessions with the Company's management, independent registered public accounting firm and internal auditors to review the foregoing matters. The Audit Committee selects the Company's independent registered public accounting firm, and periodically reviews their performance and independence from management.

The Audit Committee reviewed and discussed the audited financial statements with management and PricewaterhouseCoopers LLP, and management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The discussions with PricewaterhouseCoopers LLP also included the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence.

Based on the Audit Committee's review of the audited financial statements and the review and discussions described in the foregoing paragraphs, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2008 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the Securities and Exchange Commission.

Pursuant to its charter, the Audit Committee performs an annual self-assessment. For 2008, the Audit Committee concluded that, in all material respects, it had fulfilled its responsibilities and satisfied the requirements of its charter and applicable laws and regulations.

CERTAIN TRANSACTIONS

Set forth below is a description of certain transactions with our executive officers and directors. Under its charter, the Audit Committee approves all related-party transactions required to be disclosed in our public filings and all transactions involving executive officers or directors of the Company that are required to be approved by the Audit Committee under the Company's Code of Business Conduct and Ethics.

Administrative Services Agreement

Pursuant to an administrative services agreement among Las Vegas Sands, Inc. (now known as Las Vegas Sands, LLC), certain of its subsidiaries and Interface Operations, LLC, an entity that is controlled by Mr. Adelson, our principal stockholder, Chairman and Chief Executive Officer, and unaffiliated with us (*Interface*), the parties have agreed to share ratably in the costs of, and under certain circumstances provide to one another, shared services, including legal services, accounting services, insurance administration, benefits administration, travel services and such other services as each party may request of the other. In addition, under this administrative services agreement, the parties have agreed to share ratably the costs of any shared office space.

Under the administrative services agreement, the Company and its subsidiaries paid approximately \$40,000 during 2008 as a fee to Interface Travel for travel and travel-related services provided during 2007 and 2008. Interface Travel is operated by Interface Group-Massachusetts, LLC, a Massachusetts limited liability company. Interface Group-Massachusetts, LLC is controlled by entities of which our director Irwin Chafetz is a director and a 14.7% shareholder, and which are controlled by Mr. Adelson, our principal stockholder, Chairman and Chief Executive Officer. The payments were for fees primarily for the booking and issuance of airline tickets for travel by Company employees. The actual purchase price for these tickets was paid by the Company directly to third party air carriers. Effective July 1, 2008, Interface Travel ceased providing travel and travel related services to the Company.

Registration Rights Agreement and Registration Expenses

Messrs. Adelson, Forman, Weidner, Stone, Goldstein and certain other stockholders and employees, former employees and certain trusts that they established have entered into a registration rights agreement with us relating to the shares of Common Stock they hold. Subject to several exceptions, including our right to defer a demand registration under certain circumstances, Mr. Adelson and the trusts he established may require that we register for public resale under the Securities Act all shares of Common Stock they request be registered at any time, subject to certain conditions. Mr. Adelson and the trusts may demand registrations so long as the securities being registered in each registration statement are reasonably expected to produce aggregate proceeds of \$20 million or more. Since we became eligible to register the sale of our securities on Form S-3 under the Securities Act, Mr. Adelson and the trusts have the right to require us to register the sale of the Common Stock held by them on Form S-3, subject to offering size and other restrictions.

The other stockholders that are party to this agreement were granted piggyback registration rights on any registration for the account of Mr. Adelson or the trusts that he established, subject to cutbacks if the registration requested by the Adelson entities is in the form of a firm commitment underwritten offering and if the underwriters of the offering determine that the number of securities to be offered would jeopardize the success of the offering.

In addition, the stockholders and employees that are party to this agreement and the trusts have been granted piggyback rights on any registration for our account or the account of another stockholder, subject to cutbacks if the underwriters in an underwritten offering determine that the number of securities offered in a piggyback registration

would jeopardize the success of the offering.

The registration rights agreement was amended in connection with the transactions described below under 2008 Investments by the Principal Stockholder's Family.

Transactions Relating to Aircraft

Aviation and Related Personnel

Interface Employee Leasing, LLC (now known as Sands Aviation, LLC (*Sands Aviation*)), a wholly owned subsidiary of the Company, is engaged primarily in the business of providing aviation personnel, including pilots, aircraft mechanics and flight attendants, and administrative personnel, to the Company and to Interface. Sands Aviation charges a fee to each of the Company and Interface for their respective use of these personnel. The fees charged by Sands Aviation are based upon its actual costs of employing or retaining these personnel, which are then allocated between the Company and Interface. The method of allocating these costs varies depending upon the nature of the service provided. For example, pilot services are allocated based upon the actual time spent operating aircraft for the Company and for Interface, respectively. The services of Sands Aviation's aircraft mechanics are allocated based on the number and manufacturer of aircraft serviced and administrative personnel are allocated based upon the number of aircraft maintained by the Company and Interface, respectively. During 2008, Sands Aviation charged Interface \$8,436,612 for its use of Sands Aviation's aviation and related personnel and other overhead costs.

Effective January 1, 2005, the Company entered into an aircraft interchange agreement (as amended in May 2007, the *Interchange Agreement*) and another aircraft time sharing agreement (the *G-III Time Sharing Agreement*) with Interface. In May 2007, the Company and Interface entered into a time sharing agreement (the *767 Time Sharing Agreement*) for a Boeing 767 aircraft (the *767 Aircraft*). Under the terms of the G-III Time Sharing Agreement, the Company is entitled to the use, on a time sharing basis, of the G-III Aircraft provided by Interface. The G-III Time Sharing Agreement is intended to be used by the parties if and when the Company's use of the G-III Aircraft exceeds the anticipated use by Interface of the

PROPOSAL NO. 3.

STOCKHOLDER PROPOSAL REGARDING SUSTAINABILITY REPORT

The Company has been advised that the Unitarian Universalist Association of Congregations and the City of New York Office of the Comptroller, on behalf of the New York City Employees Retirement System, the New York City Teachers Retirement System, the New York City Police Pension Fund, the New York City Fire Department Pension Fund and the New York City Board of Education Retirement System, jointly intend to submit the proposal set forth below at the Annual Meeting.

WHEREAS: Investors increasingly seek disclosure of companies' social and environmental practices in the belief that they impact shareholder value. Many investors believe companies that are good employers, environmental stewards, and corporate citizens are more likely to generate stronger financial returns, better respond to emerging issues, and enjoy long-term business success.

Mainstream financial companies are also increasingly recognizing the links between sustainability performance and shareholder value. According to research consultant Innovest, major investment firms including ABN-AMRO, T. Rowe Price, and Legg Mason subscribe to information on companies' social and environmental practices to help make investment decisions.

Globally over 2,600 companies issued reports on sustainability issued in 2007 (www.corporateregister.com). A recent survey found that 80% of the Global Fortune 250 companies now release corporate responsibility data, which is up from 64% in 2005 (KPMG International Survey of Corporate Responsibility Reporting 2008).

The Department of Energy's 2008 Building Energy Data Book reports that buildings use 40% of all energy and account for 38% of U.S. CO₂ emissions, making them the largest single source of emissions. As concerns about volatile energy prices, climate change, and energy security continue to increase, we believe the focus on energy efficiency will only intensify. For large chains this focus will extend not only to buildings but also to the supporting distribution and transportation networks. Given the industry's large carbon footprint and the company's international reach, it is imperative that Las Vegas Sands Corp. develops clear policies and programs that address the impacts of its operations on the environment and on society. As highlighted in a recent report authored by RiskMetrics Group, several of the company's competitors are integrating climate change and sustainability into governance and planning. Sustainability reporting would help investors understand how our company is managing environmental and social impacts and steps it is taking to remain competitive.

RESOLVED: Shareholders request that the Board of Directors prepare a sustainability report describing corporate strategies to reduce greenhouse gas emissions and addressing other environmental and social impacts such as water and waste management, and employee and community relations. The report, prepared at reasonable cost and omitting proprietary information, should be published by June 30, 2010.

SUPPORTING STATEMENT: The report should include the company's definition of sustainability and a company-wide review of company policies, practices, and metrics related to long-term social and environmental sustainability.

We recommend that Las Vegas Sands Corp. use the Global Reporting Initiative's (GRI) Sustainability Reporting Guidelines (the Guidelines) to prepare the report. The GRI (www.globalreporting.org) is an international organization developed with representatives from the business, environmental, human rights and labor communities. The Guidelines provide guidance on report content, including performance on economic and environmental impacts, labor

practices and decent work conditions, human rights, society, and product responsibility, and provide a flexible reporting system allowing the omission of content irrelevant to company operations.

The Company's Statement in Opposition to Proposal No. 3.

We recognize the importance of social and environmental practices, as well as economic performance, to our stockholders. Our Code of Business Conduct and Ethics, posted on our website, reflects our commitment to do business in accordance with the highest standards of ethical business conduct. We are committed to conducting our

businesses in compliance with all applicable environmental laws and regulations, and we believe we are an industry leader in our environmental policies.

Our goal at The Venetian Resort Hotel Casino, The Palazzo Resort Hotel Casino and the Sands Expo and Convention Center is to be the largest green campus in the world. We have made a significant investment of time, funds, and research to do our part to help the environment and make Las Vegas a better place to live, work, and visit. We received an Energy Innovator Award from the U.S. Department of Energy in recognition of our efforts in the deployment of energy efficient and/or renewable energy services or technologies. In addition, The Palazzo Resort Hotel Casino is the largest LEED-certified building in the world with a silver-level LEED (Leadership in Energy and Environmental Design) certification from the U.S. Green Building Council. We have significant programs in place to conserve water and electricity, recycle waste and reduce our carbon emissions. We have implemented our environmental practices at our facilities worldwide to the extent practicable.

The Board believes that our track record demonstrates that we have worked hard and committed significant resources to be a good corporate citizen and to promote environmental issues. Therefore, the Board believes that preparing a sustainability report for stockholders is unnecessary and would not be an effective use of our resources. The time and expense involved in preparing such a report would detract from our focus on our business and operations and would not be in the best interests of our stockholders.

**The Board of Directors recommends a vote AGAINST the Stockholder Proposal
Regarding Sustainability Report.**

**If you duly submit a proxy but do not specify how you want to vote,
your shares will be voted in accordance with our Board's recommendation.**
