

HC2 HOLDINGS, INC.
Form 10-Q
November 06, 2018

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549
FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT
 OF 1934.

For the quarterly period ended September 30, 2018

OR
TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
1934.

Commission File No. 001-35210

HC2 HOLDINGS, INC.

(Exact name of registrant as specified in its charter)

Delaware 54-1708481
(I.R.S.
(State or other jurisdiction of Employer
incorporation or organization) Identification
No.)

450 Park Avenue, 30th Floor, New York, NY 10022
(Address of principal executive offices) (Zip Code)

(212) 235-2690
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Name of each exchange on which registered
Common Stock, par value \$0.001 per share	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act:

N/A

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer", "accelerated filer", "smaller reporting company", and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer

Non-accelerated filer Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the

Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of October 31, 2018, 44,774,936 shares of common stock, par value \$0.001, were outstanding.

HC2 HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. Organization and Business

HC2 Holdings, Inc. ("HC2" and, together with its consolidated subsidiaries, the "Company", "we" and "our") is a diversified holding company which seeks to acquire and grow attractive businesses that we believe can generate long-term sustainable free cash flow and attractive returns. While the Company generally intends to acquire controlling equity interests in its operating subsidiaries, the Company may invest to a limited extent in a variety of debt instruments or noncontrolling equity interest positions. The Company's shares of common stock trade on the NYSE under the symbol "HCHC".

The Company currently has eight reportable segments based on management's organization of the enterprise - Construction, Marine Services, Energy, Telecommunications, Insurance, Life Sciences, Broadcasting, and Other, which includes businesses that do not meet the separately reportable segment thresholds.

1. Our Construction segment is comprised of DBM Global Inc. ("DBMG") and its wholly-owned subsidiaries. DBMG is a fully integrated Building Information Modelling modeler, detailer, fabricator and erector of structural steel and heavy steel plate. DBMG models, details, fabricates and erects structural steel for commercial and industrial construction projects such as high- and low-rise buildings and office complexes, hotels and casinos, convention centers, sports arenas, shopping malls, hospitals, dams, bridges, mines and power plants. DBMG also fabricates trusses and girders and specializes in the fabrication and erection of large-diameter water pipe and water storage tanks. Through Aitken Manufacturing, DBMG manufactures pollution control scrubbers, tunnel liners, pressure vessels, strainers, filters, separators and a variety of customized products. The Company maintains an approximately 92% controlling interest in DBMG.

2. Our Marine Services segment is comprised of Global Marine Systems Limited ("GMSL"). GMSL is a leading provider of engineering and underwater services on submarine cables. GMSL aims to maintain its leading market position in the telecommunications maintenance segment and seeks opportunities to grow its installation activities in the three market sectors (telecommunications, offshore power, and oil and gas) while capitalizing on high market growth in the offshore power sector through expansion of its installation and maintenance services in that sector. The Company maintains an approximately 72% controlling interest in GMSL.

3. Our Energy segment is comprised of American Natural Gas, LLC ("ANG"). ANG is a premier distributor of natural gas motor fuel. ANG designs, builds, owns, acquires, operates and maintains compressed natural gas fueling stations for transportation vehicles. The Company maintains an approximately 68% controlling interest in ANG.

4. Our Telecommunications segment is comprised of PTGi International Carrier Services ("ICS"). ICS operates a telecommunications business including a network of direct routes and provides premium voice communication services for national telecommunications operators, mobile operators, wholesale carriers, prepaid operators, voice over internet protocol service operators and internet service providers. ICS provides a quality service via direct routes and by forming strong relationships with carefully selected partners. The Company maintains a 100% interest in ICS.

5. Our Insurance segment is comprised of Continental General Insurance Company ("CGI" or the "Insurance Company"). CGI provides long-term care, life and annuity coverage that help protect policy and certificate holders from the financial hardships associated with illness, injury, loss of life, or income continuation. The Company maintains a 100% interest in CGI.

6. Our Life Sciences segment is comprised of Pansend Life Sciences, LLC ("Pansend"). Pansend maintains controlling interests of approximately 80% in Genovel Orthopedics, Inc. ("Genovel"), which seeks to develop products to treat early osteoarthritis of the knee and approximately 74% in R2 Dermatology Inc. ("R2"), which develops skin lightening technology. Pansend also invests in other early stage or developmental stage healthcare companies including an approximately 50% interest in Medibeacon Inc., and an investment in Triple Ring Technologies, Inc.

7. Our Broadcasting segment is comprised of HC2 Broadcasting Holdings Inc. ("Broadcasting") and its subsidiaries. HC2 maintains controlling interests of approximately 98% in Broadcasting. Broadcasting strategically acquires and operates Over-The-Air ("OTA") broadcasting stations across the United States. In addition, Broadcasting, through its wholly-owned subsidiary, HC2 Network Inc. ("Network"), operates Azteca America, a Spanish-language broadcast network offering high quality Hispanic content to a diverse demographic across the United States. HC2 maintains an indirect interest of approximately 49% in DTV America Corporation ("DTV") as well as control of DTV due to the approximately 10% proxy and voting rights from minority holders.

8. Our Other segment represents all other businesses or investments we believe have significant growth potential, that do not meet the definition of a segment individually or in the aggregate.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

2. Summary of Significant Accounting Policies

Principles of Consolidation

The Condensed Consolidated Financial Statements include the accounts of the Company, its wholly owned subsidiaries and all other subsidiaries over which the Company exerts control. All intercompany profits, transactions and balances have been eliminated in consolidation. As of September 30, 2018, the results of DBMG and its subsidiaries, GMSL and its subsidiaries, ANG, ICS, CGI, Genovel, R2, Broadcasting, LPTV, HC2 Station Group, and DTV have been consolidated into the Company's results based on guidance from the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC" 810, Consolidation). The remaining interests not owned by the Company are presented as a noncontrolling interest component of total equity.

Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements of the Company included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). The financial statements reflect all adjustments that are, in the opinion of management, necessary for a fair statement of such information. All such adjustments are of a normal recurring nature. Certain information and note disclosures, including a description of significant accounting policies normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), have been condensed or omitted pursuant to such rules and regulations. Certain prior amounts have been reclassified or combined to conform to the current year presentation. These reclassifications and combinations had no effect on previously reported net loss attributable to controlling interest or accumulated deficit. These interim financial statements should be read in conjunction with the Company's annual consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, filed with the SEC on March 14, 2018, as amended by amendment no.1, filed on April 2, 2018 (collectively, "Form 10-K"). The results of operations for the three and nine months ended September 30, 2018 are not necessarily indicative of the results for any subsequent periods or the entire fiscal year ending December 31, 2018.

Use of Estimates and Assumptions

The preparation of the Company's Condensed Consolidated Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions used.

Accounting Pronouncements Adopted in the Current Year

The Company's 2017 Form 10-K includes discussion of significant recent accounting pronouncements that either have impacted or may impact our financial statements in the future. The following discussion provides information about recently adopted and recently issued or changed accounting guidance (applicable to the Company) that have occurred since the Company filed its 2017 Form 10-K. The Company has implemented all new accounting pronouncements that are in effect and that may impact its Condensed Consolidated Financial Statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial condition, results of operations or liquidity.

Effective January 1, 2018 the Company adopted the accounting pronouncements described below.

Statement of Cash Flows

In November 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 2016-18, Restricted Cash - a consensus of the FASB Emerging Issues Task Force. This guidance requires entities to show the changes in the total cash, cash equivalents, restricted cash and restricted cash equivalents in the statement of cash flows. As a result, entities will no longer present transfers between cash and cash equivalents and restricted cash and cash equivalents in the statement of cash flows. When cash, cash equivalents, restricted cash and restricted cash equivalents are presented in more than one line item on the balance sheet, the new guidance requires a reconciliation of the totals in the statement of cash flows to the related captions in the balance sheet. This reconciliation can be presented either on the face of the statement of cash flows or in the notes to the financial statements. This standard was applied retrospectively, which resulted in the recast of the prior reporting period in the condensed consolidated statements of cash flows. A reconciliation of cash and cash equivalents and restricted cash from our condensed consolidated statements of cash flows to the amounts reported within our condensed consolidated balance sheet is included in our condensed consolidated statements of cash flows.

The following table provides a reconciliation of cash and cash equivalents and restricted cash to amounts reported within the Condensed Consolidated Balance Sheets and Condensed Consolidated Statements of Cash Flows (in thousands):

8

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

	September 30, 2018	September 30, 2017
Cash and cash equivalents, beginning of period	\$ 97,885	\$ 115,371
Restricted cash included in other assets	968	498
Total cash and cash equivalents and restricted cash	\$ 98,853	\$ 115,869
Cash and cash equivalents, end of period	\$ 831,634	\$ 130,791
Restricted cash included in other assets	4,545	646
Total cash and cash equivalents and restricted cash	\$ 836,179	\$ 131,437

Recognition and Measurement of Financial Assets and Financial Liabilities

In January 2016, the FASB issued ASU 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities. The update provides that equity investments with readily determinable values be measured at fair value and changes in the fair value flow through net income. These changes historically have run through other comprehensive income. Equity investments without readily determinable fair values have the option to be measured at fair value or at cost, adjusted for changes in observable prices minus impairment. Changes in either method are also recognized in net income. The standard requires a qualitative assessment of impairment indicators at each reporting period. For financial liabilities, entities that elect the fair value option must recognize the change in fair value attributable to instrument-specific credit risk in other comprehensive income rather than net income. Lastly, regarding deferred tax assets, the need for a valuation allowance on a deferred tax asset will need to be assessed related to available-for-sale debt securities. This standard was adopted prospectively as of January 1, 2018 and resulted in a \$3.3 million cumulative effect adjustment credit to retained earnings related to the following investments:

Equity securities which were previously classified as available-for-sale	\$ 1,660
Equity securities which were previously accounted for under the cost method	1,635
Total	\$ 3,295

See Note 5. Investments and Note 6. Fair Value of Financial Instruments for further details.

Revenue Recognition

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606) ("ASC 606"). This ASU supersedes the revenue recognition requirements in Revenue Recognition (Topic 605). Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In March 2016, the FASB issued ASU 2016-08, Revenue from Contracts with Customers (Topic 606): Principal Versus Agent Considerations, which clarifies the guidance in ASU 2014-09. In April 2016, the FASB issued ASU 2016-10, Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing, an update on identifying performance obligations and accounting for licenses of intellectual property. In May 2016, the FASB issued ASU 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients, which includes amendments for enhanced clarification of the guidance. In December 2016, the FASB issued ASU 2016-20, Technical Corrections and Improvements to Revenue from Contracts with Customers (Topic 606), which includes amendments of a similar nature to the items typically addressed in the technical corrections and improvements project. Lastly, in February 2017, the FASB issued ASU 2017-05, clarifying the scope of asset derecognition guidance and accounting for partial sales of nonfinancial assets to clarify the scope of ASC 610-20, Other Income - Gains and Losses from Derecognition of Nonfinancial Assets, and provide guidance on partial sales of nonfinancial assets. This ASU clarifies that the unit of account under ASU 610-20

is each distinct nonfinancial or in substance nonfinancial asset and that a financial asset that meets the definition of an "in substance nonfinancial asset" is within the scope of ASC 610-20. This ASU eliminates rules specifically addressing sales of real estate and removes exceptions to the financial asset derecognition model. The ASUs described above are effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. See Note 3. Revenue for further details.

New Accounting Pronouncements

Reporting Comprehensive Income

In February 2018, the FASB issued ASU 2018-02, Income Statement-Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from AOCI. The new guidance is effective for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years and should be applied either in the period of adoption or retrospectively to each period (or periods) in which the effect of the change in the U.S. federal corporate income tax rate or law in U.S. Tax Reform is recognized. Early adoption is permitted. Current U.S. GAAP guidance requires that the effect of a change in tax laws or rates on deferred tax liabilities or assets to be included in income from continuing operations in the reporting period that includes the enactment date, even if the related income tax effects were originally charged or credited directly to AOCI. The new guidance allows a reclassification of AOCI to retained earnings for stranded tax effects resulting from U.S. Tax Reform. Also, the new guidance requires certain disclosures about stranded tax effects. The Company is currently in the process of evaluating the impact of this guidance on our consolidated financial statements and expects minimal impact.

HC2 HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Accounting for Leases

In February 2016, the FASB issued ASU 2016-02, Leases. The new standard establishes a right-of-use model that requires a lessee to record a right-of-use asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. A modified retrospective transition approach is required for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the consolidated financial statements, with certain practical expedients available. The Company has started evaluating its lease arrangements to determine the impact of this amendment on the financial statements. The evaluation includes an extensive review of the leases, which are primarily related to our vessels and office space. Additionally, the Company has begun tracking separate accounting records for leases entered into starting January 1, 2017 under the new guidance to facilitate future implementation. In January 2018, the FASB issued ASU 2018-01, Leases (Topic 842) - Land Easement Practical Expedient for Transition to Topic 842, which provides an optional transition practical expedient to not evaluate under Topic 842 existing or expired land easements that were not previously accounted for as leases under the current leases guidance in Topic 840. The effective date and transition requirements for ASU 2018-01 are the same as ASU 2016-02. Early adoption is permitted. The Company is continuing to evaluate the impact this standard will have on its financial statements. While not yet quantified, the Company expects a material impact to its Condensed Consolidated Balance Sheets from recognizing additional assets and liabilities of operating leases upon adoption. The actual increase in assets and liabilities will depend on the volume and terms of leases in place at the time of adoption. The Company plans to elect the optional practical expedient to retain the current classification of leases, and therefore, does not anticipate a material impact to the Condensed Consolidated Statements of Income or Cash Flows. The Company also expects that adoption of the new standard will require changes to internal controls over financial reporting.

Subsequent Events

ASC 855, Subsequent Events ("ASC 855"), establishes general standards of accounting and disclosure of events that occur after the balance sheet date but before financial statements are issued or available to be issued. ASC 855 requires HC2 to evaluate events that occur after the balance date as of which HC2's financial statements are issued, and to determine whether adjustments to or additional disclosures in the financial statements are necessary. HC2 has evaluated subsequent events through the date these financial statements were issued. See Note 22. Subsequent Events for the summary of the subsequent events.

3. Revenue

The Company adopted ASC 606 on January 1, 2018. The adoption of ASC 606 represents a change in accounting principle that aligns revenue recognition with the timing of when promised goods or services are transferred to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. To achieve this core principle, the Company applies the following five steps in accordance with ASC 606:

Identify the contract with a customer

A contract with a customer exists when: (a) the parties have approved the contract and are committed to perform their respective obligations, (b) the rights of the parties can be identified, (c) payment terms can be identified, (d) the arrangement has commercial substance, and (e) collectibility of consideration is probable. Judgment is required when

determining if the contractual criteria are met, specifically in the earlier stages of a project when a formally executed contract may not yet exist. In these situations, the Company evaluates all relevant facts and circumstances, including the existence of other forms of documentation or historical experience with our customers that may indicate a contractual agreement is in place and revenue should be recognized. In determining if the collectibility of consideration is probable, the Company considers the customer's ability and intention to pay such consideration through an evaluation of several factors, including an assessment of the creditworthiness of the customer and our prior collection history with such customer.

Identify the performance obligations in the contract

At contract inception, the Company assesses the goods or services promised in a contract and identifies, as a separate performance obligation, each distinct promise to transfer goods or services to the customer. The identified performance obligations represent the "unit of account" for purposes of determining revenue recognition. In order to properly identify separate performance obligations, the Company applies judgment in determining whether each good or service provided is: (a) capable of being distinct, whereby the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer, and (b) distinct within the context of the contract, whereby the transfer of the good or service to the customer is separately identifiable from other promises in the contract.

In addition, when assessing performance obligations within a contract, the Company considers the warranty provisions included within such contract. To the extent the warranty terms provide the customer with an additional service, other than assurance that the promised good or service complies with agreed upon specifications, such warranty is accounted for as a separate performance obligation. In determining whether a warranty provides an additional service, the Company considers each warranty provision in comparison to warranty terms which are standard in the industry.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Determine the transaction price

The transaction price represents the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to our customers. The consideration promised within a contract may include fixed amounts, variable amounts, or both. To the extent the performance obligation includes variable consideration, including contract bonuses and penalties that can either increase or decrease the transaction price, the Company estimates the amount of variable consideration to be included in the transaction price utilizing one of two prescribed methods, depending on which method better predicts the amount of consideration to which the entity will be entitled. Such methods include: (a) the expected value method, whereby the amount of variable consideration to be recognized represents the sum of probability weighted amounts in a range of possible consideration amounts, and (b) the most likely amount method, whereby the amount of variable consideration to be recognized represents the single most likely amount in a range of possible consideration amounts. When applying these methods, the Company considers all information that is reasonably available, including historical, current and estimates of future performance.

Variable consideration is included in the transaction price only to the extent it is probable, in the Company's judgment, that a significant future reversal in the amount of cumulative revenue recognized under the contract will not occur when the uncertainty associated with the variable consideration is subsequently resolved. This threshold is referred to as the variable consideration constraint. In assessing whether to apply the variable consideration constraint, the Company considers if factors exist that could increase the likelihood or the magnitude of a potential reversal of revenue, including, but not limited to, whether: (a) the amount of consideration is highly susceptible to factors outside of the Company's influence, such as the actions of third parties, (b) the uncertainty surrounding the amount of consideration is not expected to be resolved for a long period of time, (c) the Company's experience with similar types of contracts is limited or that experience has limited predictive value, (d) the Company has a practice of either offering a broad range of price concessions or changing the payment terms and conditions of similar contracts in similar circumstances, and (e) the contract has a large number and broad range of possible consideration amounts.

Pending change orders represent one of the most common forms of variable consideration included within contract value and typically represent contract modifications for which a change in scope has been authorized or acknowledged by our customer, but the final adjustment to contract price is yet to be negotiated. In estimating the transaction price for pending change orders, the Company considers all relevant facts, including documented correspondence with the customer regarding acknowledgment and/or agreement with the modification, as well as historical experience with the customer or similar contractual circumstances. Based upon this assessment, the Company estimates the transaction price, including whether the variable consideration constraint should be applied.

Changes in the estimates of transaction prices are recognized on a cumulative catch-up basis in the period in which the revisions to the estimates are made. Such changes in estimates can result in the recognition of revenue in a current period for performance obligations which were satisfied or partially satisfied in prior periods. Such changes in estimates may also result in the reversal of previously recognized revenue if the ultimate outcome differs from the Company's previous estimate.

Allocate the transaction price to performance obligations in the contract

For contracts that contain multiple performance obligations, the Company allocates the transaction price to each performance obligation based on a relative standalone selling price. The Company determines the standalone selling price based on the price at which the performance obligation would have been sold separately in similar circumstances to similar customers. If the standalone selling price is not observable, the Company estimates the standalone selling

price taking into account all available information such as market conditions and internal pricing guidelines. In certain circumstances, the standalone selling price is determined using an expected profit margin on anticipated costs related to the performance obligation.

Recognize revenue as performance obligations are satisfied

The Company recognizes revenue at the time the related performance obligation is satisfied by transferring a promised good or service to its customers. A good or service is considered to be transferred when the customer obtains control. The Company can transfer control of a good or service and satisfy its performance obligations either over time or at a point in time. The Company transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognizes revenue over time if one of the following three criteria are met: (a) the customer simultaneously receives and consumes the benefits provided by the Company's performance as we perform, (b) the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced, or (c) the Company's performance does not create an asset with an alternative use to us, and we have an enforceable right to payment for performance completed to date.

For our performance obligations satisfied over time, we recognize revenue by measuring the progress toward complete satisfaction of that performance obligation. The selection of the method to measure progress towards completion can be either an input method or an output method and requires judgment based on the nature of the goods or services to be provided.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Revenue from contracts with customers consist of the following (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Revenue ⁽¹⁾		
Construction	\$ 195,358	\$ 531,209
Marine Services	44,825	149,923
Energy	4,561	16,141
Telecommunications	187,798	580,630
Broadcasting	11,957	33,702
Other	271	3,680
Total revenue	\$ 444,770	\$ 1,315,285

⁽¹⁾ The Insurance segment does not have revenues in scope of ASU 2014-09.

Accounts receivables, net from contracts with customers consist of the following (in thousands):

	September 30, 2018
Accounts receivables with customers	
Construction	\$ 200,830
Marine Services	42,002
Energy	2,940
Telecommunications	90,978
Broadcasting	10,616
Other	—
Total accounts receivables with customers	\$ 347,366

Construction Segment

DBMG performs its services primarily under fixed-price contracts and recognizes revenue over time using the input method to measure progress for its projects. The nature of the projects does not provide measurable value to the customer over time and control does not transfer to the customer at discrete points in time. The customer receives value over the term of the project based on the amount of work that has been completed towards the delivery of the completed project. The most reliable measure of progress is the cost incurred towards delivery of the completed project. Therefore, the input method provides the most reliable method to measure progress. Revenue recognition begins when work has commenced. Costs include all direct material and labor costs related to contract performance, subcontractor costs, indirect labor, and fabrication plant overhead costs, which are charged to contract costs as incurred. Revenues relating to changes in the scope of a contract are recognized when DBMG and customer or general contractor have agreed on both the scope and price of changes, the work has commenced, it is probable that the costs of the changes will be recovered and that realization of revenue exceeding the costs is assured beyond a reasonable doubt. Revisions in estimates during the course of contract work are reflected in the accounting period in which the facts requiring the revision become known. Provisions for estimated losses on uncompleted contracts are made in the period a loss on a contract becomes determinable.

Construction contracts with customers generally provide that billings are to be made monthly in amounts which are commensurate with the extent of performance under the contracts. Contract receivables arise principally from the

balance of amounts due on progress billings on jobs under construction. Retentions on contract receivables are amounts due on progress billings, which are withheld until the completed project has been accepted by the customer.

Disaggregation of Revenues

DBMG's revenues are principally derived from contracts to provide fabrication and erection services to its customers. Contracts represent majority of the revenue of the Construction segment and are generally recognized over time. A majority of contracts are domestic, fixed priced, and are in excess of one year. Disaggregation of the Construction segment, by market or type of customer, is used to evaluate its financial performance.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

The following table disaggregates DBMG's revenue by market (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Commercial	\$ 65,156	\$ 202,597
Convention	54,199	108,027
Healthcare	28,389	85,475
Industrial	13,802	49,797
Other	33,745	85,222
Total revenue from contracts with customers	195,291	531,118
Other revenue	67	91
Total Construction segment revenue	\$ 195,358	\$ 531,209

Contract Assets and Contract Liabilities

The timing of revenue recognition may differ from the timing of invoicing to customers. Contract assets include unbilled amounts from our long-term construction projects when revenue recognized under the cost-to-cost measure of progress exceed the amounts invoiced to our customers, as the amounts cannot be billed under the terms of our contracts. Such amounts are recoverable from our customers based upon various measures of performance, including achievement of certain milestones, completion of specified units or completion of a contract. In addition, many of our time and materials arrangements, as well as our contracts to perform turnaround services within the United States industrial services segment, are billed in arrears pursuant to contract terms that are standard within the industry, resulting in contract assets and/or unbilled receivables being recorded, as revenue is recognized in advance of billings. Also included in contract assets are amounts we seek or will seek to collect from customers or others for errors or changes in contract specifications or design, contract change orders or modifications in dispute or unapproved as to both scope and/or price or other customer-related causes of unanticipated additional contract costs (claims and unapproved change orders). Our contract assets do not include capitalized costs to obtain and fulfill a contract. Contract assets are included in Other assets in the Condensed Consolidated Balance Sheets.

Contract liabilities from our long-term construction contracts occur when amounts invoiced to our customers exceed revenues recognized. Contract liabilities additionally include advanced payments from our customers on certain contracts. Contract liabilities decrease as we recognize revenue from the satisfaction of the related performance obligation. Contract liabilities are included in Other liabilities in the Condensed Consolidated Balance Sheets.

Contract assets and contract liabilities consisted of the following (in thousands):

	September 30, 2018	December 31, 2017
Contract assets	\$48,062	\$25,676
Contract liabilities	\$(53,796)	\$(29,862)

The change in contract assets is a result of the recording of \$45.8 million of costs in excess of billings driven by new commercial projects, offset by \$23.4 million of costs in excess of billings transferred to receivables from contract assets recognized at the beginning of the period. The change in contract liabilities is a results of periodic billing in excess of costs of \$53.3 million driven largely by new commercial projects, offset by revenue recognized that was included in the contract liability balance at the beginning of the period \$29.4 million.

Transaction Price Allocated to Remaining Unsatisfied Performance Obligations

The transaction price allocated to remaining unsatisfied performance obligations consisted of the following (in thousands):

	Within one year	Within five years	Total
Commercial	\$135,262	\$11	\$135,273
Convention	118,023	—	118,023
Healthcare	53,116	89	53,205
Industrial	43,035	34,607	77,642
Other	101,082	130,142	231,224
Remaining unsatisfied performance obligations	\$450,518	\$164,849	\$615,367

DBMG's remaining unsatisfied performance obligations, otherwise referred to as backlog, increase with awards of new contracts and decrease as it performs work and recognizes revenue on existing contracts. DBMG includes a project within its remaining unsatisfied performance obligations at such time the project is awarded and agreement on contract terms has been reached. DBMG's remaining unsatisfied performance obligations include amounts related to contracts for which a fixed price contract value is not assigned when a reasonable estimate of total transaction price can be made. DBMG expects to recognize this revenue over the next twenty-four months.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Remaining unsatisfied performance obligations include unrecognized revenues to be realized from uncompleted construction contracts. Although many of DBMG's contracts are subject to cancellation at the election of its customers, in accordance with industry practice, DBMG does not limit the amount of unrecognized revenue included within its remaining unsatisfied performance obligations due to the inherent substantial economic penalty that would be incurred by its customers upon cancellation.

Marine Services Segment

GMSL generally generates revenue by providing maintenance services for subsea telecommunications cabling, installing subsea cables, providing installation, maintenance and repair of fiber optic communication and power infrastructure to offshore oil and gas platforms, and installing inter-array power cables for use in offshore wind farms.

Telecommunication - Maintenance & Installation

GMSL performs its services within telecommunication market primarily under fixed-price contracts and recognizes revenue over time using the input method to measure progress for its projects. The nature of the projects does not provide measurable value to the customer over time and control does not transfer to the customer at discrete points in time. The customer receives value over the term of the project based on the amount of work that has been completed towards the delivery of the completed project. Depending on the project, the most reliable measure of progress is either the cost incurred or time elapsed towards delivery of the completed project. Therefore, the input method provides the most reliable method to measure progress. Revenue recognition begins when work has commenced. Costs include all direct material and labor costs related to contract performance, indirect labor, and overhead costs, which are charged to contract costs as incurred. Revisions in estimates during the course of contract work are reflected in the accounting period in which the facts requiring the revision become known. Provisions for estimated losses on uncompleted contracts are made in the period a loss on a contract becomes determinable.

Maintenance revenues within this market are attributable to standby vessels and the provision of cable storage depots for repair of fiber optic telecommunications cables in defined geographic zones, and its maintenance business is provided through contracts with consortia of approximately 60 global telecommunications providers. These contracts are generally five to seven years long.

Installation revenues within this market are generated through installation of cable systems including route planning, mapping, route engineering, cable laying, and trenching and burial. GMSL's installation business is project-based with contracts typically lasting one to five months.

Power - Operations, Maintenance & Construction Support

Majority of revenues within this market are generated through the provision of crew transfer vessels and turbine technicians on the maintenance of offshore windfarms. Services are provided at agreed day rates and are recognized as revenues at the point in time at which the performance obligations are met. Additional revenues are generated through the provision of approved safety training courses to personnel operating on offshore wind turbines. Courses are supplied at agreed rates and recognized at the point in time at which the courses are provided.

Power - Cable Installation & Repair

Installation and repair revenues within this market are attributable to the provision of engineering solutions, which includes the charter of cable laying vessels and related subsea assets. These contracts are either charged at agreed day

rates and are recognized as revenues at the point in time at which the performance obligations are met, or are under fixed-price contracts, in which case revenue is recognized over time using the input method to measure progress for its projects.

Disaggregation of Revenues

GMSL's revenues are principally derived from contracts to provide maintenance and installation services to its customers. Contracts represent a majority of revenues at the Marine Services segment of which approximately 77% and 73% we recognized over time during the three and nine months ended September 30, 2018, respectively.

The following table disaggregates GMSL's revenue by market (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Telecommunication - Maintenance	\$ 21,944	\$ 65,816
Telecommunication - Installation	5,532	29,328
Power - Operations, Maintenance & Construction Support	9,304	25,889
Power - Cable Installation & Repair	8,045	28,890
Total revenue from contracts with customers	44,825	149,923
Other revenue	—	—
Total Marine Services segment revenue	\$ 44,825	\$ 149,923

HC2 HOLDINGS, INC.

Contract liabilities	\$ (2,642)	\$ (3,106)

Transaction Price Allocated to Remaining Unsatisfied Performance Obligations

The transaction price allocated to remaining unsatisfied performance obligations consisted of the following (in thousands):

	Within one year	Within five years	Thereafter	Total
Telecommunication - Maintenance	\$ 18,260	\$ 267,160	\$ 39,844	\$ 325,264
Telecommunication - Installation	10,104	—	—	10,104
Power - Operations, Maintenance & Construction Support	4,090	16,427	—	20,517
Power - Cable Installation & Repair	1,861	—	—	1,861
Remaining unsatisfied performance obligations	\$ 34,315	\$ 283,587	\$ 39,844	\$ 357,746

GMSL's remaining unsatisfied performance obligations, otherwise referred to as backlog, increase with awards of new contracts and decrease as it performs work and recognizes revenue on existing contracts. GMSL includes a project within its remaining unsatisfied performance obligations at such time the project is awarded and agreement on contract terms has been reached. GMSL's remaining unsatisfied performance obligations include amounts related to contracts for which a fixed price contract value is not assigned when a reasonable estimate of total transaction price can be made.

Remaining unsatisfied performance obligations consist predominantly from projects within telecommunication maintenance market. These revenues are generated through long-term contracts for the provision of vessels and cable depots in maintaining and repairing subsea telecoms cables around the globe. Revenues are recognized over time to reflect both the duration that the vessels and depots are provided on standby duties and the amount of work that has been completed.

Energy Segment

ANG's revenues are principally derived from sales of compressed natural gas. ANG recognizes revenue from the sale of natural gas fuel primarily at the time the fuel is dispensed.

As a result of the Bipartisan Budget Act of 2018, signed into law on February 9, 2018, all Alternative Fuel Tax Credit ("AFETC") revenue for vehicle fuel ANG sold in 2017 was collected in the second quarter of 2018. Net revenue after customer rebates for such credits for 2017 were \$2.6 million, which was recognized during the second quarter of 2018, the period in which the credit became available.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Disaggregation of Revenues

The following table disaggregates ANG's revenue by type (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Volume-related	\$ 4,160	\$ 12,283
Maintenance services	20	68
Total revenue from contracts with customers	4,180	12,351
RNG Incentives	285	1,027
Alternative Fuel Tax Credit	64	2,640
Other revenue	32	123
Total Energy segment revenue	\$ 4,561	\$ 16,141

Telecommunications Segment

ICS operates an extensive network of direct routes and offers premium voice communication services for carrying a mix of business, residential and carrier long-distance traffic, data and transit traffic. Customers may have a bilateral relationship with ICS, meaning they have both a customer and vendor relationship with ICS. In these cases, ICS sells the customer access to the ICS supplier routes but also purchases access to the customer's supplier routes.

Net revenue is derived from the long-distance data and transit traffic. Net revenue is earned based on the number of minutes during a call multiplied by the price per minute, and is recorded upon completion of a call. Completed calls are billable activity while incomplete calls are non-billable. Incomplete calls may occur as a result of technical issues or because the customer's credit limit was exceeded and thus the customer routing of traffic was prevented.

Revenue for a period is calculated from information received through ICS's billing software, such as minutes and market rates. Customized billing software has been implemented to track the information from the switch and analyze the call detail records against stored detailed information about revenue rates. This software provides ICS with the ability to perform a timely and accurate analysis of revenue earned in a period.

Net revenue represents gross revenue, net of allowance for doubtful accounts receivable, service credits and service adjustments. Cost of revenue includes network costs that consist of access, transport and termination costs. The majority of ICS's cost of revenue is variable, primarily based upon minutes of use, with transmission and termination costs being the most significant expense.

Disaggregation of Revenues

ICS's revenues are predominantly derived from wholesale of international long distance minutes (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Termination of long distance minutes	\$ 187,798	\$ 580,630

Total revenue from contracts with customers	187,798	580,630
Other revenue	—	—
Total Telecommunications segment revenue	\$ 187,798	\$ 580,630

Broadcasting Segment

Broadcasting advertising revenue is generated primarily from the sale of television airtime for programs or advertisements. Broadcasting advertising revenue is recognized when the program or advertisement is broadcast. Revenues are reported net of agency commissions, which are calculated as a stated percentage applied to gross billings. The broadcasting advertising contracts are generally short-term in nature.

Retransmission consent revenue consists of payments received from cable, satellite and other multiple video program distribution systems for their retransmission of our broadcast signals and generally based on per subscriber basis. Retransmission consent revenue is recognized as earned over the life of the retransmission consent contract and varies from month to month generally based on the average number of subscribers.

Local Marketing Agreements (“LMAs”) revenue is generated primarily from the sale of television airtime in return for a fixed fee or additional commission on the related sales incurred by the third party. In a typical LMA, the licensee of a station makes available, for a fee, airtime on its station to a party which supplies content to be broadcast during that airtime and collects revenue from advertising aired during such content. LMA revenue is recognized over the life of the contract, when the program is broadcast. The LMA fees that we charge can be fixed or commission-based and the LMA contracts that we enter into are generally short-term in nature.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Retransmission and LMA commission based revenues are usage/sales-based and recognized as revenue when the subsequent usage occurs. Transaction prices are based on the contract terms, with no material judgements or estimates.

The following table disaggregates the Broadcasting segment's revenue by type (in thousands):

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Advertising	\$ 7,388	\$ 21,152
LMA	2,527	8,016
Retransmission	1,652	3,502
Other	390	1,032
Total revenue from contracts with customers	11,957	33,702
Other revenue	—	—
Total Broadcasting segment revenue	\$ 11,957	\$ 33,702

Contract Liabilities

Audience deficiency units ("ADU") liability is recognized as an available return to customers as fulfillment for under-delivered guaranteed viewership per the related agreement. ADU balance was \$1.4 million and \$1.6 million as of September 30, 2018 and December 31, 2017, respectively. Broadcasting measures the potential obligation based on audience measurement ratings and cost per view, and is subsequently made whole in the following period.

Transaction Price Allocated to Remaining Unsatisfied Performance Obligations

The transaction price allocated to remaining unsatisfied performance obligations consisted of \$9.4 million of advertising revenues of which \$4.0 million is expected to be recognized within one year and \$5.4 million is expected to be recognized within five years.

Other Segment

Our Other segment's revenues are driven by 704Games. 704Games derives revenue principally from sales of software games and related content and services on (1) consoles and (2) mobile devices. 704Games' results of operations were included through August 14, 2018 at which point 704Games was deconsolidated, see Note 4. Acquisitions, Dispositions, and Deconsolidations for further detail.

4. Acquisitions, Dispositions, and Deconsolidations

Construction Segment

2017 Acquisitions

On November 1, 2017, DBMG consummated the acquisition of 100% of the shares of North American operations of Candraft VSI ("Candraft"). Candraft is a premier bridge infrastructure detailing and modeling company. On December 1, 2017, DBMG consummated the acquisition of the assets from Mountain States Steel, Inc. ("MSS") including

inventory, machinery & equipment, real estate, employees and certain intangible assets. MSS is a premier custom structural steel fabricator for construction projects including bridges, stadiums and power plants. The aggregate fair value of the consideration paid in connection with the acquisitions of Candraft and MSS was \$17.8 million, including \$16.1 million in cash. Both transactions were accounted for as business acquisitions.

The fair value of consideration transferred and its allocation among the identified assets acquired, liabilities assumed, intangibles and residual goodwill are summarized as follows (in thousands):

Purchase price allocation

Accounts receivable	\$473
Property, plant and equipment	12,730
Goodwill	2,290
Intangibles	1,608
Other assets	909
Total assets acquired	18,010
Accounts payable and other current liabilities	(23)
Other liabilities	(167)
Total liabilities assumed	(190)
Total net assets acquired	\$17,820

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Goodwill was determined based on the residual differences between fair value of consideration transferred and the value assigned to tangible and intangible assets and liabilities. Among the factors that contributed to goodwill was approximately \$1.5 million assigned to the assembled and trained workforce for 2017. Goodwill is not amortized and is not deductible for tax purposes.

Acquisition costs incurred by DBMG in 2017, in connection with the 2017 acquisitions were approximately \$3.3 million, which were included in selling, general and administrative expenses. The acquisition costs were primarily related to legal, accounting and valuation services. Results of acquired businesses were included in our Consolidated Statements of Operations since their respective acquisition dates. Pro forma results of operations have not been presented because they are not material to our consolidated results of operations.

Marine Services Segment

2017 Acquisitions

On November 30, 2017, GMSL acquired 5 assets and 19 employees and contractors based in Aberdeen, Scotland from Fugro N.V. The fair value of the purchase consideration was \$87.2 million and comprised of 23.6% share in GMH LLC and a short-term loan of \$7.5 million to Fugro N.V. The decision to acquire was made to support the overall group strategy of growing the Power and Oil & Gas businesses. The transaction was accounted for as a business acquisition.

The limited liability company agreement of GMH LLC was amended and restated upon consummation of the acquisition to reflect such issuance and to provide the Fugro Member with certain rights, including the right to designate two out of the up to seven members of its board of directors, the right to approve certain actions outside the ordinary course of business, certain "tag-along" rights to participate in sales of membership units by other members and, after five years and subject to the Fugro Member first offering its membership units to the other members at a price based upon independent valuations, the right to cause GMH LLC to be put up for sale in a process led by an investment banking firm.

Fair value of consideration transferred and its allocation among the identified assets acquired, liabilities assumed, intangibles, and residual goodwill are summarized as follows (in thousands):

Purchase price allocation

Cash and cash equivalents	\$2,212
Property, plant and equipment	73,320
Goodwill	11,783
Other assets	596
Total assets acquired	87,911
Accounts payable and other current liabilities	(676)
Total liabilities assumed	(676)
Total net assets acquired	\$87,235

Goodwill was determined based on the residual differences between fair value of consideration transferred and the value assigned to tangible and intangible assets and liabilities. Goodwill is not amortized and is not deductible for tax purposes.

Acquisition costs incurred by GMSL in 2017, in connection with the 2017 acquisition were approximately \$1.8 million, which were included in selling, general and administrative expenses. The acquisition costs were primarily

related to legal, accounting and valuation services.

Results of acquired businesses were included in our Consolidated Statements of Operations since their respective acquisition dates. Pro forma results of operations are also presented because the Fugro acquisition was material to our consolidated results of operations.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Insurance Segment

On August 9, 2018, CGI completed the acquisition all of the outstanding shares of KMG America Corporation (“KMG”), the parent company of Kanawha Insurance Company (“KIC”), Humana Inc.’s long-term care insurance subsidiary for a cash consideration of ten thousand dollars.

The preliminary allocation of fair value of consideration transferred and its allocation among the identified assets acquired, liabilities assumed and bargain purchase gain are summarized as follows (in thousands):

Preliminary purchase price allocation

Fixed maturity securities, available-for-sale at fair value	\$ 1,575,428
Equity securities	309
Mortgage loans	940
Policy loans	2,915
Cash and cash equivalents	806,667
Recoverable from reinsurers	901,823
Other assets	27,374
Total assets acquired	3,315,456
Life, accident and health reserves	2,931,270
Annuity reserves	11,303
Value of business acquired	214,401
Accounts payable and other current liabilities	6,022
Deferred tax liability	25,498
Other liabilities	17,840
Total liabilities assumed	3,206,334
Total net assets acquired	109,122
Total fair value of consideration	10
Gain on bargain purchase	\$ 109,112

Gain on bargain purchase

Gain on bargain purchase was driven by the Tax Cuts and Jobs Act, which was not stipulated in the negotiations for the transaction and resulted in a material decline in the Value of Business Acquired balance, corresponding deferred tax position and, ultimately, recognition of a bargain purchase gain, largely driven by the following attributes:

- The Unified Loss Rules tax attribute reduction to tax value of assets and the seller tax adjustments to tax value of liabilities contribute significantly to the bargain purchase price.

• The reduction in the federal income tax rate, from 35% at the time the seller contribution was established to 21% effective January 1, 2018, effectively generates the remaining balance for the bargain purchase price.

• Changes in fair value of acquired assets and assumed liabilities between the date the deal was signed and the closing date was driven by the time it took to obtain regulatory approvals, amongst other closing conditions.

Reinsurance Recoverable

The reinsurance recoverable balance represents amounts recoverable from third parties. U.S. GAAP requires insurance reserves and reinsurance recoverable balances to be presented on a gross basis, as opposed to U.S. statutory

accounting principles, where reserves are presented net of reinsurance. Accordingly, the Company grossed up the fair value of the net insurance contract liability for the amount of reinsurance of approximately \$901.8 million, to arrive at a gross insurance liability, and recognized an offsetting reinsurance recoverable amount of approximately \$901.8 million. As part of this process, management considered reinsurance counterparty credit risk and considers it to have an immaterial impact on the reinsurance fair value gross-up. To mitigate this risk substantially all reinsurance is ceded to companies with investment grade S&P ratings.

Amounts recoverable from reinsurers were estimated in a manner consistent with the liability associated with the reinsured policies and were an estimate of the reinsurance recoverable on paid and unpaid losses, including an estimate for losses incurred but not reported. Reinsurance recoverable represent expected cash inflows from reinsurers for liabilities ceded and therefore incorporate uncertainties as to the timing and amount of claim payments. Reinsurance recoverable includes the balances due from reinsurers under the terms of the reinsurance agreements for these ceded balances as well as settlement amounts currently due.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

The Value of Business Acquired

VOBA reflects the estimated fair value of in-force contracts in a life insurance company acquisition less the amount recorded as insurance contract liabilities. It represents the portion of the purchase price that is allocated to the value of the rights to receive future cash flows from the business in force at the acquisition date. A VOBA liability (negative asset) occurs when the estimated fair value of in-force contracts in a life insurance company acquisition is less than the amount recorded as insurance contract liabilities. HC2 calculated VOBA by adjusting the purchase price, which was derived on a statutory accounting basis, for differences between statutory and US GAAP accounting requirements. Amortization is based on assumptions consistent with those used in the development of the underlying contract adjusted for emerging experience and expected trends.

Life, accident and health reserves

HC2 estimated the fair value of reserves on a fair value basis, using actuarial assumptions consistent with those used for the buyer's valuation of the acquired business, and discount rates reflecting capital market conditions. The reserve accounts for the present value of all future cash flows, net of reinsurance, of the acquired block of insurance, including premium, benefit payments, and expenses. HC2 estimated the fair value of recoverable from reinsurers using the same assumptions as those for reserves of the net retained business, but applied to business ceded through various, existing reinsurance agreements.

Life Sciences Segment

On June 8, 2018, Pansend closed on the sale of its approximately 75.9% ownership in BeneVir to Janssen Biotech, Inc. ("Janssen"). In conjunction with the closing of the transaction, Janssen made an upfront cash payment of \$140.0 million. Pansend received a cash payment of \$93.4 million and expects to receive an additional cash payment of \$13.3 million, currently held in an escrow, for a total consideration of \$106.7 million. The escrow will be released within fifteen months subsequent to the closing date, assuming there are no pending or unresolved indemnified claims. Pansend recorded a gain on the sale of \$102.1 million, of which \$21.7 million was allocated to noncontrolling interests. HC2 received a cash payment of \$72.8 million and expects to receive an additional cash payment of \$9.2 million upon the release of the escrow.

Under the terms of the merger agreement, Pansend is eligible to receive payments of up to \$189.7 million upon the achievement of specified development milestones and up to \$493.1 million upon the achievement of specified levels of annual net sales of licensed products. From these potential milestone payments, HC2 is eligible to receive up to \$512.2 million.

Broadcasting Segment

2018 Acquisitions

During the nine months ended September 30, 2018, Broadcasting completed a series of transactions for a total consideration of \$46.5 million, including \$44.8 million paid in cash. All transactions were accounted for as asset acquisitions.

The following table summarizes the allocation of the purchase price to the fair value of identifiable assets acquired, liabilities assumed, and intangibles (in thousands):

Purchase price allocation

Property, plant and equipment \$840

Intangibles	44,231
Other assets	1,442
Total assets acquired	46,513
Total liabilities assumed	—
Enterprise value	46,513
Total net assets acquired	\$46,513

2017 Acquisitions

During the year ended December 31, 2017, Broadcasting and its subsidiaries completed the following transactions (in thousands):

	DTV	Mako	Azteca	Other	Total
Cash	\$13,467	\$18,192	\$—	\$12,104	\$43,763
Accounts payable	—	—	33,000	—	33,000
Equity	—	4,994	—	—	4,994
Debt obligations	2,405	5,250	—	—	7,655
Fair value of previously held interest	1,780	—	—	—	1,780
Fair value of consideration	\$17,652	\$28,436	\$33,000	\$12,104	\$91,192

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

In November 2017, Broadcasting closed a series of transactions that resulted in the ownership of over 50% of the shares of common stock of DTV for a total consideration of \$17.7 million. DTV is an aggregator and operator of Low Power Television ("LPTV") licenses and stations across the United States. DTV currently owns and operates 52 LPTV stations in more than 40 cities. DTV's distribution platform currently provides carriage for more than 30 television broadcast networks. DTV maintains a focus on technological innovation. DTV exclusively adopted Internet Protocol (IP) as a transport to provide Broadcast-as-a-Service, making it the only adopter of all IP-transport to the home. The transaction was accounted for as business acquisition.

In November 2017, HC2 LPTV Holdings Inc. ("HC2 LPTV"), a wholly-owned subsidiary of Broadcasting, closed on a transaction with Mako Communications, LLC and certain of its affiliates ("Mako") to purchase all the assets in connection with Mako's ownership and operation of LPTV stations that resulted in HC2 acquiring 38 operating stations in 28 cities, for a total consideration of \$28.4 million. Mako is a family owned and operated business headquartered in Corpus Christi, Texas, that has been acquiring, building, and maintaining Class A and LPTV stations all across the United States since 2000. The transaction was accounted for as business acquisition.

In November 2017, Network acquired Azteca America, a Spanish-language broadcast network, from affiliates of TV Azteca, S.A.B. de C.V. ("Azteca") (AZTECACPO.MX) (Latibex:XTZA). As part of the bifurcated transaction structure, a wholly-owned subsidiary of Broadcasting signed a definitive acquisition agreement with Northstar Media, LLC ("Northstar"), a licensee of numerous broadcast television licenses in the United States. Under the agreement with Northstar, a wholly-owned subsidiary of Broadcasting acquired Northstar's broadcast television stations, which carry Azteca America programming. In February 2018, Broadcasting closed on the acquisition and funded the \$33.0 million consideration balance. The transaction was accounted for as business acquisition.

In November and December of 2017, Broadcasting closed three additional acquisitions for a total consideration of \$12.1 million. All three transactions were accounted for as asset acquisitions.

The following table summarizes the allocation of the purchase price to the fair value of identifiable assets acquired, liabilities assumed, intangibles and residual goodwill (in thousands):

Purchase price allocation	
Cash and cash equivalents	\$61
Accounts receivable	9,134
Property, plant and equipment	12,097
Goodwill	21,402
Intangibles	80,378
Other assets	1,290
Total assets acquired	124,362
Accounts payable and other current liabilities	(8,036)
Deferred tax liability	(6,072)
Debt obligations ⁽¹⁾	(4,480)
Other liabilities	(86)
Total liabilities assumed	(18,674)
Enterprise value	105,688
Less fair value of noncontrolling interest	14,496
Total net assets acquired	\$91,192

⁽¹⁾ Debt obligations includes a \$2.0 million note with CGI, which is eliminated on the Condensed Consolidated Balance Sheet.

The following table summarizes acquired intangible assets (in thousands):

FCC licenses	\$75,852
Trade name	208
Other	4,318
Total intangibles	\$80,378

Goodwill was determined based on the residual differences between fair value of consideration transferred and the value assigned to tangible and intangible assets and liabilities. Goodwill is not amortized and is not deductible for tax purposes.

Results of operations from acquisitions completed by Broadcasting segment since their respective acquisition dates have been included in our Consolidated Statements of Operations.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Other Segment

On August 14, 2018, 704Games issued a 53.5% equity interest to international media and technology company Motorsport Network. As a result, HC2's ownership percentage in 704Games was diluted to 26.2% resulting in the loss of control and the deconsolidation of the entity. HC2 recognized a gain of \$3.0 million within the Gain on sale and deconsolidation of subsidiary line of the Condensed Consolidated Statements of Operations.

Pro Forma Adjusted Summary

Disclosure of proforma information under ASC 805 related to the Azteca acquisition has not been provided as it would be impracticable to do so. After making every reasonable effort to do so, the Company is unable to obtain reliable historical U.S. GAAP financial statements for Azteca. Amounts would require estimates so significant as to render the disclosure irrelevant.

The following schedule presents unaudited consolidated pro forma results of operations data as if the acquisition of Fugro and KMG had occurred on January 1, 2017. This information does not purport to be indicative of the actual results that would have occurred if the acquisitions had actually been completed on the date indicated, nor is it necessarily indicative of the future operating results or the financial position of the combined company (in thousands):

	Three months ended September 30, 2017	Nine Months Ended September 30, 2017
Net revenue	\$453,832	\$1,320,574
Net income (loss) from continuing operations	\$12,390	\$(198)
Net income (loss) attributable to HC2 Holdings, Inc.	\$(830)	\$(19,750)

5. Investments

Fixed Maturity Securities

The following tables provide information relating to investments in fixed maturity securities (in thousands):

September 30, 2018	Amortized Cost	Unrealized Gains	Unrealized Losses	Fair Value
Fixed maturity securities				
U.S. Government and government agencies	\$28,491	\$ 225	\$(158)	\$28,558

Total fixed maturity securities	\$1,266,571	\$ 78,378	\$ (4,323) \$1,340,626

The Company has investments in mortgage-backed securities ("MBS") that contain embedded derivatives (primarily interest-only MBS) that do not qualify for hedge accounting. The Company recorded the change in the fair value of these securities within Net realized and unrealized gains (losses) on investments. These investments had a fair value of \$10.7 million and \$12.3 million as of September 30, 2018 and December 31, 2017, respectively. The change in fair value related to these securities resulted in a loss of \$0.2 million and a gain of \$0.6 million for the three months ended September 30, 2018 and 2017, respectively and gains of \$0.5 million and zero gain for the nine months ended September 30, 2018 and 2017, respectively.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

The amortized cost and fair value of fixed maturity securities available-for-sale as of September 30, 2018 are shown by contractual maturity in the table below (in thousands). Actual maturities can differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties. Asset and mortgage-backed securities are shown separately in the table below, as they are not due at a single maturity date:

	Amortized Cost	Fair Value
Corporate, Municipal, U.S. Government and Other securities		
Due in one year or less	\$23,754	\$23,612
Due after one year through five years	200,595	200,684
Due after five years through ten years	276,546	276,146
Due after ten years	2,038,090	2,038,155
Subtotal	2,538,985	2,538,597
Mortgage-backed securities	159,155	161,047
Asset-backed securities	287,497	285,799
Total	\$2,985,637	\$2,985,443

The tables below show the major industry types of the Company's corporate and other fixed maturity securities (in thousands):

	September 30, 2018			December 31, 2017		
	Amortized Cost	Fair Value	% of Total	Amortized Cost	Fair Value	% of Total
Finance, insurance, and real estate	\$385,333	\$384,306	18.4 %	\$191,234	\$203,735	31.8 %
Transportation, communication and other services	626,457	631,183	30.1 %	186,114	201,802	31.5 %
Manufacturing	715,322	708,375	33.8 %	100,942	111,391	17.4 %
Other	369,828	369,785	17.7 %	111,513	123,302	19.3 %
Total	\$2,096,940	\$2,093,649	100.0 %	\$589,803	\$640,230	100.0 %

A portion of certain other-than-temporary impairment ("OTTI") losses on fixed maturity securities is recognized in Accumulated Other Comprehensive Income ("AOCI"). For these securities the net amount, which is recognized in the Condensed Consolidated Statements of Operations in the below line items, represents the difference between the amortized cost of the security and the net present value of its projected future cash flows discounted at the effective interest rate implicit in the debt security prior to impairment. Any remaining difference between the fair value and amortized cost is recognized in AOCI. The Company recorded the following (in thousands):

	Three Months Ended September 30, 2018		Nine Months Ended September 30, 2017	
	2018	2017	2018	2017
Net realized and unrealized gains (losses) on investments	\$ 623	\$ —	-\$623	\$—
Other income (expenses), net	—	—	—	6,112
Total other-than-temporary impairments	\$ 623	\$ —	-\$623	\$6,112

The following table presents the total unrealized losses for the 738 and 126 fixed maturity securities held by the Company as of September 30, 2018 and December 31, 2017, respectively, where the estimated fair value had declined and remained below amortized cost by the indicated amount (in thousands):

	September 30, 2018	December 31, 2017
--	-----------------------	----------------------

Edgar Filing: HC2 HOLDINGS, INC. - Form 10-Q

	Unrealized Losses	% of Total	Unrealized Losses	% of Total
Fixed maturity securities				
Less than 20%	\$(30,817)	100.0%	\$(4,230)	93.7 %
20% or more for less than six months	—	—	(174)	3.9 %
20% or more for six months or greater	(8)	—	(110)	2.4 %
Total	\$(30,825)	100.0%	\$(4,514)	100.0%

The determination of whether unrealized losses are "other-than-temporary" requires judgment based on subjective as well as objective factors. Factors considered and resources used by management include (i) whether the unrealized loss is credit-driven or a result of changes in market interest rates, (ii) the extent to which fair value is less than cost basis, (iii) cash flow projections received from independent sources, (iv) historical operating, balance sheet and cash flow data contained in issuer SEC filings and news releases, (v) near-term prospects for improvement in the issuer and/or its industry, (vi) third party research and communications with industry specialists, (vii) financial models and forecasts, (viii) the continuity of dividend payments, maintenance of investment grade ratings and hybrid nature of certain investments, (ix) discussions with issuer management, and (x) ability and intent to hold the investment for a period of time sufficient to allow for anticipated recovery in fair value.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

The Company analyzes its MBS for OTTI each quarter based upon expected future cash flows. Management estimates expected future cash flows based upon its knowledge of the MBS market, cash flow projections (which reflect loan-to-collateral values, subordination, vintage and geographic concentration) received from independent sources, implied cash flows inherent in security ratings and analysis of historical payment data.

The Company believes it will recover its cost basis in the non-impaired securities with unrealized losses and that the Company has the ability to hold the securities until they recover in value. The Company neither intends to sell nor does it expect to be required to sell the securities with unrealized losses as of September 30, 2018. However, unforeseen facts and circumstances may cause the Company to sell fixed maturity and equity securities in the ordinary course of managing its portfolio to meet certain diversification, credit quality and liquidity guidelines.

The following tables present the estimated fair values and gross unrealized losses for the 738 and 126 fixed maturity and equity securities held by the Company that have estimated fair values below amortized cost as of each of September 30, 2018 and December 31, 2017, respectively. The Company does not have any OTTI losses reported in AOCI. These investments are presented by investment category and the length of time the related fair value has remained below amortized cost (in thousands):

As of September 30, 2018, investment grade fixed maturity securities (as determined by nationally recognized rating agencies) represented approximately 85.3% of the gross unrealized loss and 94.0% of the fair value. As of December 31, 2017, investment grade fixed maturity securities represented approximately 7.3% of the gross unrealized loss and 10.4% of the fair value. Certain risks are inherent in connection with fixed maturity securities, including loss upon default, price volatility in reaction to changes in interest rates, and general market factors and

risks associated with reinvestment of proceeds due to prepayments or redemptions in a period of declining interest rates.

Equity Securities

Beginning in 2018 upon adopting ASU 2016-01, changes in fair value of equity securities are reported in earnings. The following tables provide information relating to investments in equity securities measured at fair value (in thousands):

	September 30, 2018	December 31, 2017
Equity securities		
Common stocks	\$ 63,298	\$ 4,928

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

On August 4, 2018, HC2 Chairman and Chief Executive Officer Philip Falcone informed Insego Corp's ("INSG") Board of Directors (the "Board") of his resignation from his position as a Director and Chairman of the Board of INSG effective upon consummation of a private placement at INSG. The INSG private placement consisted of an issuance of an aggregate of 12.0 million shares of its common stock to two investors for a purchase price of \$1.63 per share, resulting in aggregate gross proceeds to INSG of approximately \$19.7 million. Concurrently, INSG amended HC2's Investors' Rights Agreement where HC2 agreed to eliminate its board observation and nomination rights. As a result, HC2 lost its ability to exercise significant influence. HC2's equity investment in INSG security no longer qualifies to be accounted for under the equity method. Beginning in the third quarter of 2018, the investment will be recorded at fair value. The investment basis in INSG under the equity method had been reduced to zero as a result of losses incurred for the duration of the investment. The change in the accounting method resulted in a gain of \$44.2 million for the three months ended September 30, 2018 and recorded in Other income (expenses), net.

Other Invested Assets

Beginning in 2018 upon adopting ASU 2016-01, certain investments in equity securities that do not have a readily determinable fair value are carried at cost minus impairment, if any, plus or minus changes resulting from observable price changes or at fair value. Carrying values of other invested assets were as follows (in thousands):

	September 30, 2018		December 31, 2017			
	Equity Method	Fair Value	Cost Method	Equity Method	Fair Value	
Common Equity	\$—	\$1,914	\$—	\$—	\$1,484	\$—

The Company reviews the fair value hierarchy classifications each reporting period. Changes in the observability of the valuation attributes may result in a reclassification of certain financial assets or liabilities. Such reclassifications are reported as transfers in and out of Level 3 at the beginning fair value for the reporting period in which the changes occur. Availability of secondary market activity and consistency of pricing from third-party sources impacts the Company's ability to classify securities as Level 2 or Level 3. The Company's assessment resulted in a net transfer into Level 3 of \$31.2 million primarily related to structured securities during the nine months ended September 30, 2018. The Company's assessment resulted in a net transfer out of Level 3 of \$57.0 million primarily related to structured securities during the nine months ended September 30, 2017.

The methods and assumptions the Company uses to estimate the fair value of assets and liabilities measured at fair value on a recurring basis are summarized below:

Fixed Maturity Securities. The fair values of the Company's publicly-traded fixed maturity securities are generally based on prices obtained from independent pricing services. Prices from pricing services are sourced from multiple vendors, and a vendor hierarchy is maintained by asset type based on historical pricing experience and vendor expertise. In some cases, the Company receives prices from multiple pricing services for each security, but ultimately uses the price from the pricing service highest in the vendor hierarchy based on the respective asset type. Consistent with the fair value hierarchy described above, securities with validated quotes from pricing services are generally reflected within Level 2, as they are primarily based on observable pricing for similar assets and/or other market observable inputs.

If the Company ultimately concludes that pricing information received from the independent pricing service is not reflective of market activity, non-binding broker quotes are used, if available. If the Company concludes the values from both pricing services and brokers are not reflective of market activity, it may override the information from the pricing service or broker with an internally developed valuation, however, this occurs infrequently. Internally developed valuations or non-binding broker quotes are also used to determine fair value in circumstances where vendor pricing is not available. These estimates may use significant unobservable inputs, which reflect the Company's assumptions about the inputs that market participants would use in pricing the asset. Pricing service overrides, internally developed valuations and non-binding broker quotes are generally based on significant unobservable inputs and are reflected as Level 3 in the valuation hierarchy.

The inputs used in the valuation of corporate and government securities include, but are not limited to, standard market observable inputs which are derived from, or corroborated by, market observable data including market yield curve, duration, call provisions, observable prices and spreads for similar publicly traded or privately traded issues that incorporate the credit quality and industry sector of the issuer.

For structured securities, valuation is based primarily on matrix pricing or other similar techniques using standard market inputs including spreads for actively traded securities, spreads off benchmark yields, expected prepayment speeds and volumes, current and forecasted loss severity, rating, weighted average coupon, weighted average maturity, average delinquency rates, geographic region, debt-service coverage ratios and issuance-specific information including, but not limited to: collateral type, payment terms of the underlying assets, payment priority within the tranche, structure of the security, deal performance and vintage of loans.

When observable inputs are not available, the market standard valuation techniques for determining the estimated fair value of certain types of securities that trade infrequently, and therefore have little or no price transparency, rely on inputs that are significant to the estimated fair value but that are not observable in the market or cannot be derived principally from or corroborated by observable market data. These unobservable inputs are sometimes based in large part on management judgment or estimation, and cannot be supported by reference to market activity. Even though unobservable, these inputs are based on assumptions deemed appropriate given the circumstances and are believed to be consistent with what other market participants would use when pricing such securities.

The fair values of private placement securities are primarily determined using a discounted cash flow model. In certain cases, these models primarily use observable inputs with a discount rate based upon the average of spread surveys collected from private market intermediaries who are active in both primary and secondary transactions, taking into account, among other factors, the credit quality and industry sector of the issuer and the reduced liquidity associated with private placements. Generally, these securities have been reflected within Level 3. For certain private fixed maturities, the discounted cash flow model may also incorporate significant unobservable inputs, which reflect the Company's own assumptions about the inputs market participants would use in pricing the security. To the extent management determines that such unobservable inputs are not significant to the price of a security, a Level 2 classification is made. Otherwise, a Level 3 classification is used.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Equity Securities. The balance consists principally of common and preferred stock of publicly and privately traded companies. The fair values of publicly traded equity securities are primarily based on quoted market prices in active markets and are classified within Level 1 in the fair value hierarchy. The fair values of preferred equity securities, for which quoted market prices are not readily available, are based on prices obtained from independent pricing services and these securities are generally classified within Level 2 in the fair value hierarchy. The fair value of common stock of privately held companies was determined using unobservable market inputs, including volatility and underlying security values and was classified as Level 3.

Cash Equivalents. The balance consists of money market instruments, which are generally valued using unadjusted quoted prices in active markets that are accessible for identical assets and are primarily classified as Level 1. Various time deposits carried as cash equivalents are not measured at estimated fair value and, therefore, are excluded from the tables presented.

Level 3 Measurements and Transfers

The following tables summarize changes to the Company's financial instruments carried at fair value and classified within Level 3 of the fair value hierarchy for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands):

Internally developed fair values of Level 3 assets represent less than 1% of the Company's total assets. Any justifiable changes in unobservable inputs used to determine internally developed fair values would not have a material impact on the Company's financial position.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Fair Value of Financial Instruments Not Measured at Fair Value

The following table presents the carrying amounts and estimated fair values of the Company's financial instruments, which were not measured at fair value on a recurring basis. The table excludes carrying amounts for cash and cash equivalents, accounts receivable, accounts payable and other current liabilities, and other assets and liabilities approximate fair value due to relatively short periods to maturity (in thousands):

September 30, 2018	Carrying Value	Estimated Fair Value	Fair Value Measurement Using:

⁽¹⁾ Excludes life contingent annuities in the payout phase.

⁽²⁾ Excludes certain lease obligations accounted for under ASC 840, Leases.

Mortgage Loans on Real Estate. The fair value of mortgage loans on real estate is estimated by discounting cash flows, both principal and interest, using current interest rates for mortgage loans with similar credit ratings and similar remaining maturities. As such, inputs include current treasury yields and spreads, which are based on the credit rating and average life of the loan, corresponding to the market spreads. The valuation of mortgage loans on real estate is considered Level 3 in the fair value hierarchy.

Policy Loans. The policy loans are reported at the unpaid principal balance and carry a fixed interest rate. The Company determined that the carrying value approximates fair value because (i) policy loans present no credit risk as the amount of the loan cannot exceed the obligation due upon the death of the insured or surrender of the underlying policy; (ii) there is no active market for policy loans (i.e., there is no commonly available exit price to determine the

fair value of policy loans in the open market); (iii) policy loans are intricately linked to the underlying policy liability and, in many cases, policy loan balances are recovered through offsetting the loan balance against the benefits paid under the policy; and (iv) policy loans can be repaid by policyholders at any time, and this prepayment uncertainty reduces the potential impact of a difference between amortized cost (carrying value) and fair value. The valuation of policy loans is considered Level 2 in the fair value hierarchy.

Annuity Benefits Accumulated. The fair value of annuity benefits was determined using the surrender values of the annuities and classified as Level 3.

Long-term Obligations. The fair value of the Company's long-term obligations was determined using Bloomberg Valuation Service BVAL. The methodology combines direct market observations from contributed sources with quantitative pricing models to generate evaluated prices and classified as Level 2.

HC2 HOLDINGS, INC.

During the three months ended September 30, 2018, CGI recaptured one of their reinsurance treaties and received \$158.5 million of cash, reduced its ceded reinsurance by \$140.8 million, recognizing a gain of \$17.7 million, included in Other income (expenses), net.

9. Property, Plant and Equipment, net

Property, plant and equipment consists of the following (in thousands):

	September 30, 2018	December 31, 2017
Land	\$ 31,315	\$ 30,313
Building and leasehold improvements	39,828	34,632
Plant and transportation equipment	9,721	6,631
Cable-ships and submersibles	253,652	251,840
Equipment, furniture and fixtures, and software	143,056	127,409
Construction in progress	8,811	19,927
	486,383	470,752
Less: Accumulated depreciation	116,612	96,092
Total	\$ 369,771	\$ 374,660

Depreciation expense was \$11.9 million and \$9.1 million for the three months ended September 30, 2018 and 2017, respectively. These amounts included \$1.8 million and \$1.3 million of depreciation expense within cost of revenue for the three months ended September 30, 2018 and 2017, respectively.

Depreciation expense was \$34.2 million and \$25.9 million for the nine months ended September 30, 2018 and 2017, respectively. These amounts included \$5.1 million and \$3.8 million of depreciation expense within cost of revenue for the nine months ended September 30, 2018 and 2017, respectively.

Total net book value of equipment, cable-ships, and submersibles under capital leases consisted of \$40.6 million and \$45.3 million as of September 30, 2018 and December 31, 2017, respectively.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

10. Goodwill and Intangibles, net

Goodwill

The changes in the carrying amount of goodwill by segment were as follows (in thousands):

	Construction	Marine Services	Energy	Telecom	Insurance	Life Sciences	Broadcasting	Other	Total
Balance at December 31, 2017	\$ 38,607	\$ 14,251	\$ 2,122	\$ 3,378	\$ 47,290	\$ 3,620	\$ 20,678	\$ 1,795	\$ 131,741
Measurement period adjustment	—	—	—	—	—	—	725	—	725
Disposition	—	—	—	—	—	(3,620)	—	(1,795)	(5,415)
Balance at September 30, 2018	\$ 38,607	\$ 14,251	\$ 2,122	\$ 3,378	\$ 47,290	\$ —	\$ 21,403	\$ —	\$ 127,051

An interim goodwill impairment evaluation was performed on each reporting unit as of September 30, 2018. After considering all quantitative and qualitative factors, the Company has determined that it is more likely than not that the reporting units' fair values exceed carrying values as of the period end.

Through the sale of BeneVir in the second quarter of 2018, \$3.6 million of goodwill was deconsolidated. See Note 4. Acquisitions, Dispositions, and Deconsolidations, for additional detail regarding our acquisitions and dispositions.

Through the deconsolidation of 704Games in the third quarter of 2018, \$1.8 million of goodwill was deconsolidated. See Note 4. Acquisitions, Dispositions, and Deconsolidations, for additional detail regarding our acquisitions and dispositions.

Indefinite-lived Intangible Assets

Balances of indefinite-lived intangible assets as of September 30, 2018 and December 31, 2017 were as follows (in thousands):

	September 30, 2018	December 31, 2017
State licenses	\$ 2,450	\$ 2,450
FCC licenses and Channel share arrangements	119,981	76,490
Developed technology	—	6,392
Total	\$ 122,431	\$ 85,332

Through the sale of BeneVir, \$6.4 million of developed technology were sold to a third party. See Note 4. Acquisitions, Dispositions, and Deconsolidations for additional detail regarding our acquisitions and dispositions.

The Broadcasting segment strategically acquires assets across the United States, which results in the recording of FCC licenses. Providing the Company acts within the requirements and constraints of the regulatory authorities, the renewal and extension of these licenses is reasonably certain at minimal costs. Accordingly, we have concluded that the acquired FCC licenses are indefinite-lived intangible assets.

In 2018, FCC licenses and channel sharing arrangements increased \$43.5 million, \$44.2 million through acquisitions, offset by \$0.6 million of measurement period adjustments and \$0.1 million of impairments, driven by licenses

dismissed by the FCC.

Definite Lived Intangible Assets

The gross carrying amount and accumulated amortization of amortizable intangible assets by major intangible asset class is as follows:

	Weighted-Average Original Useful Life	September 30, 2018			December 31, 2017		
		Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
Trade names	11 Years	\$13,981	\$ (5,484)	\$8,497	\$13,981	\$ (4,527)	\$9,454
Customer relationships	12 Years	21,657	(6,137)	15,520	21,657	(4,681)	16,976
Developed technology	5 Years	1,184	(1,184)	—	3,823	(3,601)	222
Other	4 Years	5,444	(841)	4,603	5,374	(253)	5,121
Total		\$42,266	\$ (13,646)	\$28,620	\$44,835	\$ (13,062)	\$31,773

Amortization expense for definite lived intangible assets for the three months ended September 30, 2018 and 2017 was \$1.1 million and \$1.4 million, respectively, and was included in Depreciation and amortization in the Condensed Consolidated Statements of Operations.

Amortization expense for definite lived intangible assets for the nine months ended September 30, 2018 and 2017 was \$3.2 million and \$4.1 million, respectively, and was included in Depreciation and amortization in the Condensed Consolidated Statements of Operations.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Excluding the impact of any future acquisitions, dispositions or change in foreign currency, the Company estimates the annual amortization expense of amortizable intangible assets for the next five fiscal years will be as follows:

Fiscal Year	Estimated Amortization Expense
2019	\$ 3,907
2020	\$ 3,771
2021	\$ 3,545
2022	\$ 3,448
2023	\$ 3,320

11. Life, Accident and Health Reserves

Life, accident and health reserves consist of the following (in thousands):

	September 30, 2018	December 31, 2017
Long-term care insurance reserves	\$4,115,726	\$1,453,442
Traditional life insurance reserves	318,996	99,951
Other accident and health insurance reserves	272,678	140,568
Total life, accident and health reserves	\$4,707,400	\$1,693,961

The following table sets forth changes in the liability for claims for the portion of our long-term care insurance reserves in scope of the ASU 2015-09 disclosure requirements (in thousands):

	Nine Months Ended September 30,	
	2018	2017
Beginning balance	\$243,456	\$226,970
Less: recoverable from reinsurers	(100,611)	(97,858)

Total incurred	60,508	43,162
Paid related to insured events of:		
Current year	(3,927)	(4,054)
Prior years	(36,868)	(30,505)
Total paid	(40,795)	(34,559)
Interest on liability for policy and contract claims	4,128	3,639
Reserve for business acquired during the current period	341,211	—
Ending balance, net	507,897	141,354
Add: recoverable from reinsurers	159,055	115,176
Ending balance	\$666,952	\$256,530

The Insurance segment experienced an unfavorable claims reserve development of \$6.1 million and a favorable claims reserve development of \$1.4 million for the nine months ended September 30, 2018 and 2017, respectively.

In 2018 the incurred amount of unfavorable claims related to insured events of prior years is the result of policyholder behavior, where claimants were delaying the reporting of their claims more than in recent history. There has also been a variance in the claim termination rates experienced in 2018 relative to 2017 and prior years that is increasing the incurred amount related to insured events of prior years. The reserve sufficiency in 2017 is being driven by claim terminations as the result of policyholder deaths that released significant reserves which is attributable to the normal volatility in the reserves, due to the number of claims that are currently open.

HC2 HOLDINGS, INC.

Non-operating corporate

On May 7, 2018, the Company closed on \$110.0 million aggregate principal amount of 11.0% Senior Secured Notes due 2019 (the “Notes”). The Notes were issued at a price of 102.0% of principal amount, which resulted in a premium of

\$2.2 million. The Company used the net proceeds from the issuance of the Notes to refinance the outstanding bridge loan (the "Bridge Loan") at our Broadcasting segment.

Construction

DBMG Credit Facilities

DBMG has a Credit and Security Agreement ("DBMG Facility") with Wells Fargo Credit, Inc. ("Wells Fargo"). Under the initial terms of the agreement, Wells Fargo agreed to advance up to a maximum amount of \$50.0 million to DBMG, including up to \$14.5 million of letters of credit (the "Revolving Line"). The Revolving Line had a floating interest rate based on LIBOR plus 2.0%, required monthly interest payments, and matured in April 2019.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

The DBMG Facility allows for the issuance by DBMG of additional loans in the form of notes of up to \$10.0 million ("Real Estate Term Advance"), at LIBOR plus 2.5% and the issuance of a note payable of up to \$15.0 million, ("Real Estate Term Advance 2") at LIBOR plus 2.5%, each as separate tranches of debt under the DBMG Facility.

The DBMG Facility was amended effective April 5, 2018, modifying the Revolving Line by increasing the maximum advance amount to \$70.0 million, modifying the floating interest rate to LIBOR plus 1.5% and extending the maturity date through March 31, 2023. The amendment also created a \$17.0 million long-term tranche under the \$70.0 million Revolving Line with a maturity date of May 31, 2025. Additionally, The Real Estate Term Advance and Real Estate Advance 2 interest rates were modified to LIBOR plus 2.25% with a maturity date of April 30, 2024. Should the DBMG Facility not be renewed at the Revolving Line maturity date of March 31, 2023, all outstanding balances become immediately due.

On July 24, 2018, the DBMG Facility was amended, increasing the availability of the borrowing base allowing DBMG to borrow an additional \$10.0 million of the \$70.0 million total line and bearing interest at LIBOR plus 2.5%. The temporary borrowing base increase and related interest had an initial maturity date of October 23, 2018. On October 23, 2018 the maturity date was extended to November 23, 2018.

As of September 30, 2018, DBMG had drawn \$37.3 million under the Revolving Line and \$10.0 million of additional borrowing base from the July amendment, and had \$8.5 million in outstanding letters of credit issued under the DBMG Facility, of which zero has been drawn. At September 30, 2018 there was \$2.3 million outstanding under the Real Estate Term Advance and \$2.4 million of borrowings outstanding under the Real Estate Term Advance 2.

Marine Services

On April 4, 2018, GMSL entered into a 7.49% fixed interest only loan, due April 3, 2019, with Shawbrook Bank Limited for £7.2 million, or approximately \$9.4 million ("Shawbrook Loan"), the net proceeds used to fund capital expenditures, being mainly upgrades to cable ships, and working capital requirements on installation contracts.

On September 21, 2018, GMSL refinanced the Shawbrook Loan, extending the principal balance to £11.0 million, or approximately \$14.4 million, and extending the maturity date to September 20, 2019. The net proceeds were used to pay the principal balance of the original Shawbrook loan and repay the debt associated with the purchase of the Fugro trenching business acquisition.

As part of the Fugro trenching business acquisition in 2017, GMSL issued to Fugro a \$7.5 million secured loan, which bears interest, payable quarterly, at 4% per annum through January 11, 2018, and at 10% per annum thereafter, and matures 363 days following the acquisition. In September 2018, GMSL repaid the note in full.

Insurance

In July 2018, in connection with the signed agreement to purchase the long-term care block of Humana, CGI obtained a three month surplus note (the "Surplus Note") from Humana, issued July 17, 2018 and due September 14, 2018, in the amount of \$32.0 million. The Surplus Note was paid in its entirety full on August 17, 2018.

Broadcasting

On February 4, 2018, the Broadcasting segment entered into a First Amendment to the \$75.0 million Bridge Loan to finance acquisitions in the LPTV distribution market. The First Amendment to the Bridge Loan extends the agreement

to add an additional \$27.0 million in principal borrowing capacity to the existing credit agreement.

On February 6, 2018, the Broadcasting segment borrowed \$42.0 million in principal amount of the Bridge Loan at LIBOR plus applicable margin, the net proceeds used to finance certain acquisitions, to pay fees, costs and expenses relating to the Bridge Loan, and for general corporate purposes.

The Bridge Loan of \$102.0 million was repaid as part of the May 7, 2018 HC2 financing transaction. As part of the transaction, the Broadcasting segment recorded a loss on extinguishment of debt of \$2.5 million, which was recorded in Other income (expenses), net in the Condensed Consolidated Financial Statements.

On August 7, 2018, certain subsidiaries of the Broadcasting segment entered into several financing transactions, generating approximately \$38.1 million of proceeds. Included in these financing transactions were HC2 Station Group, Inc.'s, and LPTV's issuance of a \$35.0 million 364-day Secured Note (the "Secured Note") to certain institutional investors. The Secured Note bears interest at a rate of 8.50%, payable at maturity.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

14. Income Taxes

Income Tax (Expense) Benefit

The Company used the Annual Effective Tax Rate ("ETR") approach of ASC 740-270, Interim Reporting, to calculate its 2018 interim tax provision.

Income tax was a benefit of \$9.2 million and an expense of \$12.9 million for the three months ended September 30, 2018 and 2017, respectively. The income tax benefit recorded for the three months ended September 30, 2018 relates to the Insurance segment's acquisition of Humana's long term care business, KIC. The combined insurance entity is projecting a net operating loss for the year due to deductions for actuarial reserve strengthening recorded in the current period. Income tax expense previously recorded was reversed in the current period resulting in a benefit. No additional income tax benefit for the combined insurance entity was recorded as it is in a cumulative loss position and a valuation allowance continues to be maintained against deferred tax assets we do not believe it is more-likely-than-not will be realized. The income tax expense recorded for the three months ended September 30, 2017 relates primarily to the appreciation of investments and the mix of income and losses by taxpaying entities, including the Insurance segment which generated income in the third quarter of 2017 as a result of the release in reserves.

Income tax was an expense of \$1.9 million and \$16.2 million for the nine months ended September 30, 2018 and 2017, respectively. The income tax expense recorded for the nine months ended September 30, 2018 relates to the projected expense as calculated under ASC 740 for taxpaying entities. Additionally, previously recorded tax expense has been reversed as a result of the Insurance segment's acquisition of Humana's long term care business, KIC. The combined insurance entity is projecting a net operating loss for the year due to deductions for actuarial reserve strengthening recorded in the current period. Continental General Insurance Company is now expecting a significantly lower income tax expense for the year. No additional income tax benefit for the combined insurance entity was recorded as it is in a cumulative loss position and a valuation allowance continues to be maintained against deferred tax assets we do not believe it is more-likely-than-not will be realized. The income tax expense generated from the sale of BeneVir in the second quarter of 2018 is offset by tax attributes for which a valuation allowance had been recorded. Therefore, there is no net income tax expense recorded in the income statement for the sale. Additionally, the tax benefits associated with losses generated by the H2 Holdings, Inc. U.S. consolidated income tax return and certain businesses have been reduced by a full valuation allowance as we do not believe it is more-likely-than-not that the losses will be utilized prior to expiration. The income tax expense recorded for September 30, 2017 relates to the projected expense as calculated under ASC 740 for taxpaying entities. Additionally, the tax benefits associated with losses generated by the HC2 Holdings, Inc. U.S. consolidated income tax return and certain other businesses have been reduced by a full valuation allowance as we do not believe it is more-likely-than-not that the losses will be utilized prior to expiration.

As a result of the enactment of Public Law 115-97, known informally as the Tax Cuts and Jobs Act (TCJA) on December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 ("SAB 118") to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the TCJA. SAB 118 provides that the measurement period is complete when a company's accounting is complete, but should not extend beyond one year from the enactment date. During the nine months ended September 30, 2018, the Company has not recorded any measurement period adjustments to the provisional estimate recorded at December 31, 2017 for the TCJA. The accounting for the impact of the TCJA is expected to be completed by the fourth quarter of 2018.

For the calendar year beginning January 1, 2018, we are subject to several provisions of the TCJA including computations under Global Intangible Low Taxed Income (GILTI), Base Erosion and Anti-Abuse Tax (BEAT), and the interest limitation rules and we included the impact of each of these provisions in our overall tax expense for the nine months ended September 30, 2018. The Company will continue to refine these calculations as we gather additional information and additional interpretive guidance is issued.

NOL Limitation

As of December 31, 2017, the Company has a U.S. net operating loss carryforward available to reduce future taxable income in the amount of \$108.7 million, of which \$77.7 million is subject to an annual limitation under Section 382 of the Internal Revenue Code. The Company expects to utilize a portion of the U.S. net operating loss carryforwards in 2018 as a result of the sale of BeneVir. Additionally, the Company has \$108.3 million of U.S. net operating loss carryforwards from its subsidiaries that do not qualify to be included in the HC2 Holdings, Inc. U.S. consolidated income tax return.

Unrecognized Tax Benefits

The Company follows the provision of ASC 740-10, Income Taxes, which prescribes a comprehensive model for how a company should recognize, measure, present, and disclose in its financial statements uncertain tax positions that the Company has taken or expects to take on a tax return. The Company is subject to challenge from various taxing authorities relative to certain tax planning strategies, including certain intercompany transactions as well as regulatory taxes.

Examinations

The Company conducts business globally, and as a result, the Company or one or more of its subsidiaries files income tax returns in the United States federal jurisdiction and various state and foreign jurisdictions. In the normal course of business the Company is subject to examination by taxing authorities throughout the world. The open tax years contain matters that could be subject to differing interpretations of applicable tax

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

laws and regulations as they relate to the amount, character, timing or inclusion of revenue and expenses or the applicability of income tax credits for the relevant tax period. Given the nature of tax audits there is a risk that disputes may arise. Tax years 2002 - 2017 remain open for examination.

15. Commitments and Contingencies

Litigation

The Company is subject to claims and legal proceedings that arise in the ordinary course of business. Such matters are inherently uncertain, and there can be no guarantee that the outcome of any such matter will be decided favorably to the Company or that the resolution of any such matter will not have a material adverse effect upon the Company's Consolidated Financial Statements. The Company does not believe that any of such pending claims and legal proceedings will have a material adverse effect on its Consolidated Financial Statements. The Company records a liability in its Consolidated Financial Statements for these matters when a loss is known or considered probable and the amount can be reasonably estimated. The Company reviews these estimates each accounting period as additional information is known and adjusts the loss provision when appropriate. If a matter is both probable to result in a liability and the amounts of loss can be reasonably estimated, the Company estimates and discloses the possible loss or range of loss to the extent necessary for its Consolidated Financial Statements not to be misleading. If the loss is not probable or cannot be reasonably estimated, a liability is not recorded in its Consolidated Financial Statements.

CGI Producer Litigation

On November 28, 2016, CGI, a subsidiary of the Company, Great American Financial Resource, Inc. ("GAFRI"), American Financial Group, Inc., and CIGNA Corporation were served with a putative class action complaint filed by John Fastrich and Universal Investment Services, Inc. in The United States District Court for the District of Nebraska alleging breach of contract, tortious interference with contract and unjust enrichment. The plaintiffs contend that they were agents of record under various CGI policies and that CGI allegedly instructed policyholders to switch to other CGI products and caused the plaintiffs to lose commissions, renewals, and overrides on policies that were replaced. The complaint also alleges breach of contract claims relating to allegedly unpaid commissions related to premium rate increases implemented on certain long-term care insurance policies. Finally, the complaint alleges breach of contract claims related to vesting of commissions. On August 21, 2017 the Court dismissed the plaintiffs' tortious interference with contract claim. CGI believes that the remaining allegations and claims set forth in the complaint are without merit and intends to vigorously defend against them.

The case was set for voluntary mediation, which occurred on January 26, 2018. The Court stayed discovery pending the outcome of the mediation. On February 12, 2018, the parties notified the Court that mediation did not resolve the case and that the parties' discussions regarding a possible settlement of the action were still ongoing. The Court held a status conference on March 22, 2018, during which the parties informed the Court that settlement negotiations remain ongoing. Nonetheless, the Court entered a scheduling order setting the case for trial during the week of October 15, 2019. Meanwhile, the parties' continued settlement negotiations led to a tentative settlement. The parties are in the process of preparing a formal settlement agreement, which will be subject to Court approval.

Further, the Company and CGI are seeking defense costs and indemnification for plaintiffs' claims from GAFRI and Continental General Corporation ("CGC") under the terms of an Amended and Restated Stock Purchase Agreement ("SPA") related to the Company's acquisition of CGI in December 2015. GAFRI and CGC rejected CGI's demand for defense and indemnification and, on January 18, 2017, the Company and CGI filed a Complaint against GAFRI and CGC in the Superior Court of Delaware seeking a declaratory judgment to enforce their indemnification rights under

the SPA. On February 23, 2017, GAFRI answered CGI's complaint, denying the allegations. The dispute is ongoing and CGI intends to continue to pursue its right to a defense and indemnity under the SPA regardless of the tentative settlement in the class action. Meanwhile, the parties are currently involved in settlement negotiations.

VAT assessment

On February 20, 2017, and on August 15, 2017, the Company's subsidiary, ICS, received notices from Her Majesty's Revenue and Customs office in the U.K. (the "HMRC") indicating that it was required to pay certain Value-Added Taxes ("VAT") for the 2015 and 2016 tax years. ICS disagrees with HMRC's assessments on technical and factual grounds and intends to dispute the assessed liabilities and vigorously defend its interests. We do not believe the assessment to be probable and expect to prevail based on the facts and merits of our existing VAT position.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

DBMG Class Action

On November 6, 2014, a putative stockholder class action complaint challenging the tender offer by which HC2 acquired approximately 721,000 of the outstanding common shares of DBMG was filed in the Court of Chancery of the State of Delaware, captioned Mark Jacobs v. Philip A. Falcone, Keith M. Hladek, Paul Voigt, Michael R. Hill, Rustin Roach, D. Ronald Yagoda, Phillip O. Elbert, HC2 Holdings, Inc., and Schuff International, Inc., Civil Action No. 10323 (the "Complaint"). On November 17, 2014, a second lawsuit was filed in the Court of Chancery of the State of Delaware, captioned Arlen Diercks v. Schuff International, Inc. Philip A. Falcone, Keith M. Hladek, Paul Voigt, Michael R. Hill, Rustin Roach, D. Ronald Yagoda, Phillip O. Elbert, HC2 Holdings, Inc., Civil Action No. 10359. On February 19, 2015, the court consolidated the actions (now designated as Schuff International, Inc. Stockholders Litigation) and appointed lead plaintiff and co-lead plaintiffs' counsel. The currently operative complaint was filed by Mark Jacobs. The pending complaint alleges, among other things, that in connection with the tender offer, the individual members of the DBMG Board of Directors and HC2, the controlling stockholder of DBMG, breached their fiduciary duties to members of the plaintiff class. Plaintiffs also assert that HC2 should be required to complete a short-form merger based upon plaintiffs' expectation that the Company would cash out the remaining public stockholders of DBMG following the completion of the tender offer. The complaint seeks rescission of the tender offer and/or compensatory damages, as well as attorney's fees and other relief. The defendants filed answers to the complaint on July 30, 2015.

The parties have been exploring alternative frameworks for a potential settlement. There can be no assurance that a settlement will be finalized or that the Delaware Courts would approve such a settlement even if the parties enter into a settlement agreement. If a settlement cannot be reached, the Company believes it has meritorious defenses and intends to vigorously defend this matter.

Global Marine Dispute

GMSL is in dispute with Alcatel-Lucent Submarine Networks Limited ("ASN") related to a Marine Installation Contract between the parties, dated March 11, 2016 (the "ASN Contract"). Under the ASN Contract, GMSL's obligations were to install and bury an optical fiber cable in Prudhoe Bay, Alaska. As of the date hereof, neither party has commenced legal proceedings. Pursuant to the ASN Contract any such dispute would be governed by English law and would be required to be brought in the English courts in London. ASN has alleged that GMSL committed material breaches of the ASN Contract, which entitles ASN to terminate the ASN Contract, take over the work themselves, and claim damages for their losses arising as a result of the breaches. The alleged material breaches include failure to use appropriate equipment and procedures to perform the work and failure to accurately estimate the amount of weather downtime needed. ASN has indicated to GMSL it has incurred \$38.2 million in damages and \$1.2 million in liquidated damages for the period from September 2016 to October 2016, plus interest and costs. GMSL believes that it has not breached the terms and conditions of the contract and also believes that ASN has not properly terminated the contract in a manner that would allow it to make a claim. However, ASN has ceased making payments to GMSL and as of September 30, 2018, the total sum of GMSL invoices raised and issued are \$17.0 million, of which \$8.1 million were settled by ASN and the balance of \$8.9 million remains at risk. We believe that the allegations and claims by ASN are without merit, and that ASN is required to make all payments under unpaid invoices and we intend to defend our interests vigorously.

Tax Matters

Currently, the Canada Revenue Agency ("CRA") is auditing a subsidiary previously held by the Company. The Company intends to cooperate in audit matters. To date, CRA has not proposed any specific adjustments and the audit is ongoing.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

16. Employee Retirement Plans

The following table presents the components of Net periodic benefit cost for the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Service cost - benefits earning during the period	\$—	\$—	\$—	\$—
Interest cost on projected benefit obligation	1,344	1,403	4,033	4,209
Expected return on assets	(1,901)	(1,921)	(5,702)	(5,764)
Actuarial gain	—	—	—	—
Foreign currency gain (loss)	(24)	7	(72)	22
Net periodic benefit cost (income)	\$(581)	\$(511)	\$(1,741)	\$(1,533)

For the nine months ended September 30, 2018, \$2.6 million of contributions have been made to the Company's pension plans, comprising \$1.5 million of fixed contributions and \$1.1 million of profit-related contributions (based on 2015 profits). The Company anticipates contributing an additional \$1.6 million during 2018, comprising \$1.2 million of fixed contributions and \$0.4 million of profit-related contributions (based on 2016 profits).

Under a revised deficit recovery plan agreed between GMSL and the trustees of GMSL's pension plan dated March 20, 2018, which was subsequently submitted to the UK government's Pension Regulator, contributions of approximately \$13.1 million deferred from 2016 and 2017 due in December 2017 have been further deferred. To support this deferral, the Company has provided secured assets in the form of the CWind Phantom crew transfer vessel and two trenchers. Consistent with earlier recovery plans, the revised deficit recovery plan comprises three elements: fixed contributions, variable contributions (profit-related element) and variable contributions (dividend-related element), though the amounts and some definitions have been modified. The fixed contributions, payable in installments, comprise approximately \$2.7 million in 2018, approximately \$6.8 million in 2019, approximately \$7.1 million in 2020, approximately \$7.2 million in 2021 and approximately \$3.1 million in 2022. The variable contributions (profit-related element) are calculated as 10% of GMSL's audited operating profit and paid two years in arrears in December each year from 2018. The variable contributions (dividend-related) equate to 50% of any future dividend paid by GMSL.

17. Share-based Compensation

On April 11, 2014, HC2's Board of Directors adopted the HC2 Holdings, Inc. Omnibus Equity Award Plan (the "2014 Plan"), which was originally approved at the annual meeting of stockholders held on June 12, 2014. On April 21, 2017, the Board of Directors, subject to stockholder approval, adopted the Amended and Restated 2014 Omnibus Equity Award Plan (the "Amended 2014 Plan"). The Amended 2014 Plan was approved by HC2's stockholders at the annual meeting of stockholders held on June 14, 2017. Subject to adjustment as provided in the Amended 2014 Plan, the Amended 2014 Plan authorized the issuance of 3,500,000 shares of common stock of HC2, plus any shares that again become available for awards under the 2014 Plan.

On April 20, 2018, the Board of Directors, subject to stockholder approval, adopted the Second Amended and Restated 2014 Omnibus Equity Award Plan (the "Second A&R 2014 Plan"). The Second A&R 2014 Plan was approved by HC2's stockholders at the annual meeting of stockholders held on June 13, 2018. Subject to adjustment as provided in the Second A&R 2014 Plan, the Second A&R 2014 Plan authorizes the issuance of up to 3,500,000 shares of common stock of HC2 plus any shares that again become available for awards under the 2014 Plan or the Amended

2014 Plan.

The Second A&R 2014 Plan provides that no further awards will be granted pursuant to the Amended 2014 Plan. However, awards previously granted under either the 2014 Plan or the Amended 2014 Plan will continue to be subject to and governed by the terms of the 2014 Plan and Amended 2014 Plan, respectively. The Compensation Committee of HC2's Board of Directors administers the 2014 Plan, the Amended 2014 Plan and the Second A&R 2014 Plan and has broad authority to administer, construe and interpret the plans.

The Second A&R 2014 Plan provides for the grant of awards of non-qualified stock options, incentive (qualified) stock options, stock appreciation rights, restricted stock awards, restricted stock units, other stock based awards, performance compensation awards (including cash bonus awards) or any combination of the foregoing. The Company typically issues new shares of common stock upon the exercise of stock options, as opposed to using treasury shares.

The Company follows guidance which addresses the accounting for share-based payment transactions whereby an entity receives employee services in exchange for either equity instruments of the enterprise or liabilities that are based on the fair value of the enterprise's equity instruments or that may be settled by the issuance of such equity instruments. The guidance generally requires that such transactions be accounted for using a fair-value based method and share-based compensation expense be recorded, based on the grant date fair value, estimated in accordance with the guidance, for all new and unvested stock awards that are ultimately expected to vest as the requisite service is rendered.

The Company granted 662,769 and 331,616 options during the nine months ended September 30, 2018 and 2017, respectively. The weighted average fair value at date of grant for options granted during the nine months ended September 30, 2018, and 2017 was \$2.91 and \$2.72, respectively, per option. The fair value of each option grant was estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions shown as a weighted average for the year:

40

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

	Nine Months Ended September 30,	
	2018	2017
Expected option life (in years)	0.88 - 5.84	0.39 - 6.10
Risk-free interest rate	2.24 - 2.85%	1.11 - 2.22%
Expected volatility	47.51 - 47.89%	47.04 - 48.29%
Dividend yield	—%	—%

Total share-based compensation expense recognized by the Company and its subsidiaries under all equity compensation arrangements was \$3.3 million and \$1.4 million for the three months ended September 30, 2018 and 2017, respectively.

Total share-based compensation expense recognized by the Company and its subsidiaries under all equity compensation arrangements was \$8.1 million and \$4.0 million for the nine months ended September 30, 2018 and 2017, respectively.

All grants are time based and vest either immediately or over a period established at grant. The Company recognizes compensation expense for equity awards, reduced by actual forfeitures, using the straight-line basis.

Restricted Stock

A summary of HC2's restricted stock activity is as follows:

	Shares	Weighted Average Grant Date Fair Value
Unvested - December 31, 2017	1,588,406	\$ 5.36
Granted	2,073,612	\$ 6.21
Vested	(263,189)	\$ 5.53
Forfeited	(162,660)	\$ 5.70
Unvested - September 30, 2018	3,236,169	\$ 5.87

At September 30, 2018, the total unrecognized stock-based compensation expense related to unvested restricted stock was \$11.8 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted average period of 2.3 years.

Stock Options

A summary of HC2's stock option activity is as follows:

	Shares	Weighted Average Exercise Price
Outstanding - December 31, 2017	6,989,856	\$ 6.57
Granted	662,769	\$ 5.45
Exercised	(274,037)	\$ 4.37
Forfeited	(60,293)	\$ 5.50
Expired	(157,434)	\$ 9.00

Outstanding - September 30, 2018 7,160,861 \$ 6.51

Eligible for exercise 5,877,428 \$ 6.31

At September 30, 2018, the intrinsic value and average remaining life of the Company's outstanding options were \$6.1 million and approximately 6.5 years, and intrinsic value and average remaining life of the Company's exercisable options were \$5.6 million and approximately 6.3 years.

At September 30, 2018, total unrecognized stock-based compensation expense related to unvested stock options was \$1.9 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted average period of 2.0 years. There are 1,283,433 unvested stock options expected to vest, with a weighted average remaining life of 7.7 years, a weighted average exercise price of \$7.42, and an intrinsic value of \$0.5 million.

HC2 HOLDINGS, INC.

18. Equity

Series A Preferred Stock and Series A-2 Preferred Stock

The Company's preferred shares authorized, issued and outstanding consisted of the following:

	September 30, December 31,	
	2018	2017
Preferred shares authorized, \$0.001 par value	20,000,000	20,000,000
Series A shares issued and outstanding	12,500	12,500
Series A-2 shares issued and outstanding	14,000	14,000

Preferred Share Conversions

DG Conversion

On May 2, 2017, the Company entered into an agreement with DG Value Partners, LP and DG Value Partners II Master Funds LP, holders (collectively, "DG Value") of the Company's Series A Preferred Stock and Series A-1 Preferred Stock, to convert and exchange all of DG Value's 2,308 shares of Series A Preferred Stock and 1,000 shares of Series A-1 Preferred Stock into a total of 803,469 shares of the Company's common stock. 17,500 shares of common stock issued in the conversion were issued as consideration for the agreement by DG Value to convert its Preferred Stock. The fair value of the 17,500 shares was \$0.1 million on the date of issuance and was recorded within Preferred stock and deemed dividends from conversion line item of the Consolidated Statements of Operations as a deemed dividend.

Luxor and Corrib Conversions

On August 2, 2016, the Company entered into separate agreements with each of Corrib Master Fund, Ltd. ("Corrib"), then a holder of 1,000 shares of Series A Preferred Stock, and certain investment entities managed by Luxor Capital Group, LP ("Luxor"), that together then held 9,000 shares of Series A-1 Preferred Stock, that govern their respective Preferred Share Conversions. As part of the Corrib Preferred Share Conversion the Company also agreed to provide the following two forms of additional consideration for as long as the Preferred Stock remained entitled to receive dividend payments (the "Additional Share Consideration").

The Company agreed that in the event that Corrib and Luxor would have been entitled to any Participating Dividends payable, had they not converted the Preferred Stock (as defined in the respective Series A and Series A-1 Certificate of Designation), after the date of their Preferred Share conversion, then the Company will issue to Corrib and Luxor, on the date such Participating Dividends become payable by the Company, in a transaction exempt from the registration requirements of the Securities Act the number of shares of common stock equal to (a) the value of the Participating Dividends Corrib or Luxor would have received pursuant to Sections (2)(c) and (2)(d) of the respective Series A and Series A-1 Certificate of Designation, divided by (b) the Thirty Day VWAP (as defined in the respective Series A and Series A-1 Certificate of Designation) for the period ending two business days prior to the underlying event or transaction that would have entitled Corrib or Luxor to such Participating Dividend had Corrib's or Luxor's Preferred Stock remain unconverted.

Further, the Company agreed that it will issue to Corrib and Luxor, on each quarterly anniversary commencing May 29, 2017 (or, if later, the date on which the corresponding dividend payment is made to the holders of the outstanding Preferred Stock), through and until the Maturity Date (as defined in the respective Series A and Series A-1 Certificate

of Designation), in a transaction exempt from the registration requirements of the Securities Act the number of shares of common stock equal to (a) 1.875% the Accrued Value (as defined in the respective Series A and Series A-1 Certificate of Designation) of Corrib's or Luxor's Preferred Stock as of the Closing Date (as defined in applicable Voluntary Conversion Agreements) divided by (b) the Thirty Day VWAP (as defined in the respective Series A and Series A-1 Certificate of Designation) for the period ending two business days prior to the applicable Dividend Payment Date (as defined in the respective Series A and Series A-1 Certificate of Designation).

For the nine months ended September 30, 2018, 89,273 and 10,043 shares of the Company's common stock have been issued to Luxor and Corrib, respectively, in conjunction with the Conversion agreement.

The fair value of the Additional Share Consideration was valued by the Company at \$0.6 million on the date of issuance and was recorded within Preferred stock and deemed dividends from conversion line item of the Consolidated Statements of Operations as a deemed dividend.

HC2 HOLDINGS, INC.
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

Preferred Share Dividends

During the nine months ended September 30, 2018 and 2017, HC2's Board of Directors declared cash dividends with respect to HC2's issued and outstanding Preferred Stock, as presented in the following table (in thousands):

2018

Declaration Date	March 31, 2018	June 30, 2018	September 30, 2018
Holders of Record Date	March 31, 2018	June 30, 2018	September 30, 2018
Payment Date	April 16, 2018	July 17, 2018	October 15, 2018
Total Dividend	\$ 500	\$ 500	\$ 500

2017

Declaration Date	March 31, 2017	June 30, 2017	September 30, 2017
Holders of Record Date	March 31, 2017	June 30, 2017	September 30, 2017
Payment Date	April 17, 2017	July 17, 2017	October 16, 2017
Total Dividend	\$ 563	\$ 500	\$ 500

19. Related Parties

HC2

In January 2015, the Company entered into a services agreement (the "Services Agreement") with Harbinger Capital Partners, a related party of the Company, with respect to the provision of services that may include providing office space and operational support and each party making available their respective employees to provide services as reasonably requested by the other party, subject to any limitations contained in applicable employment agreements and the terms of the Services Agreement. The Company recognized \$1.0 million and \$1.2 million of expenses under the Services Agreement for each of the three months ended September 30, 2018 and 2017, respectively. The Company recognized \$2.9 million and \$3.1 million of expenses under the Services Agreement for each of the nine months ended September 30, 2018 and 2017, respectively.

In June 2018, the Company funded \$0.8 million to Harbinger Capital Partners for a deposit in connection with its allocable portion of shared office space occupied by the Company.

GMSL

In November 2017, GMSL acquired the trenching a cable lay services business from Fugro N.V. ("Fugro"). As part of the transaction, Fugro became a 23.6% holder of GMSL's parent, Global Marine Holdings, LLC ("GMH"). GMSL, in the normal course of business, incurred expenses with Fugro for various survey and other contractual services. For the three months ended September 30, 2018, GMSL recognized \$3.0 million of expenses for such services with Fugro. For the nine months ended September 30, 2018, GMSL recognized \$7.1 million of expenses for such services with

Fugro.

As part of the Fugro trenching business acquisition in November 2017, GMSL issued to Fugro a \$7.5 million secured loan, which bears interest, payable quarterly, at 4% per annum through January 11, 2018, and at 10% per annum thereafter, and matures 363 days following the acquisition. GMSL recognized interest expense on the note of \$0.2 million for the three months ended September 30, 2018 and \$0.6 million for the nine months ended September 30, 2018. In September 2018, GMSL repaid the note in full.

The parent company of GMSL, GMH, incurred management fees of \$0.1 million for each of the three months ended September 30, 2018 and 2017, respectively, and \$0.5 million for each of the nine months ended September 30, 2018 and 2017, respectively.

Accounts payable	\$ 390	\$ 1,925		

Life Sciences

In 2017, R2 issued secured convertible note of \$1.5 million to a related party, Blossom Innovations, LLC. As of September 30, 2018, the note with Blossom Innovation, LLC had an outstanding balance of \$1.0 million.

20. Operating Segment and Related Information

The Company currently has two primary reportable geographic segments - United States and United Kingdom. The Company has eight reportable operating segments based on management's organization of the enterprise - Construction, Marine Services, Energy, Telecommunications, Insurance, Life Sciences, Broadcasting, Other, and a Non-operating Corporate segment. Net revenue and long-lived assets by geographic segment is reported on the basis of where the entity is domiciled. All inter-segment revenues are eliminated. The Company's revenue concentrations of 10% and greater are as follows:

Segment	Three		Nine	
	Months		Months	
	Ended		Ended	
	September		September	
	30,		30,	
	2018	2017	2018	2017

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

21. Basic and Diluted Income (Loss) Per Common Share

Earnings per share ("EPS") is calculated using the two-class method, which allocates earnings among common stock and participating securities to calculate EPS when an entity's capital structure includes either two or more classes of common stock or common stock and participating securities. Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities. As such, shares of any unvested restricted stock of the Company are considered participating securities. The dilutive effect of options and their equivalents (including non-vested stock issued under stock-based compensation plans), is computed using the "treasury" method as this measurement was determined to be more dilutive between the two available methods in each period.

The following potential common shares were excluded from diluted EPS for the three and nine months ended September 30, 2018 as the shares were antidilutive: 2,019,972 for outstanding warrants to purchase the Company's stock and 4,787,602 for convertible preferred stock.

The Company had no dilutive common share equivalents during the three and nine months ended September 30, 2017, due to the results of operations being a loss from continuing operations, net of tax.

The following table presents a reconciliation of net income (loss) used in basic and diluted EPS calculations (in thousands, except per share amounts):

	Three Months Ended September 30,		Nine Months Ended September 30,

22. Subsequent Events

On October 11, 2018, DBMG entered into an agreement to acquire GrayWolf Industrial, a premier specialty maintenance, repair and installation services provider, for \$135.0 million. The transaction, which is subject to customary closing conditions and adjustments, is expected to close during the fourth quarter of 2018.

HC2 HOLDINGS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED

On October 22, 2018, we announced the commencement of a private offering of \$535 million aggregate principal amount of senior secured notes due 2023 (the “Notes Offering”) to qualified institutional buyers pursuant to Rule 144A under the Securities Act, and to certain persons in offshore transactions in accordance with Regulation S under the Securities Act. In connection with the Notes Offering, we are providing prospective investors with certain financial and other information which we furnished as exhibits to a Current Report on Form 8-K filed on October 22, 2018. This information, which we had not previously reported, was excerpted from a preliminary offering memorandum that is being disseminated in connection with the Notes Offering or from an investor presentation related thereto.

Subsequent to September 30, 2018, the Broadcasting segment received FCC approval and closed multiple APAs for a total consideration of \$5.6 million, of which \$0.3 million was previously funded at signing of the APAs.

48

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This "Management's Discussion and Analysis of Financial Condition and Results of Operations" of HC2 Holdings, Inc. ("HC2," "we," "us," "our" and, collectively with its subsidiaries, the "Company") should be read in conjunction with our unaudited Condensed Consolidated Financial Statements and the notes thereto included herein, as well as our audited Consolidated Financial Statements and the notes thereto contained in our Form 10-K. Some of the information contained in this discussion and analysis includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section in our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on March 14, 2018, as well as the section below entitled "Special Note Regarding Forward-Looking Statements" for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Our Business

We are a diversified holding company with principal operations conducted through eight operating platforms or reportable segments: Construction ("DBMG"), Marine Services ("GMSL"), Energy ("ANG"), Telecommunications ("ICS"), Insurance ("CIG"), Life Sciences ("Pansend"), Broadcasting, and Other, which includes businesses that do not meet the separately reportable segment thresholds.

In 2018, the Broadcasting segment's entities met the definition of a segment, in accordance with ASC 280, from both a qualitative and quantitative perspective. Therefore, it moved out of the Other segment and into its own segment. Our Broadcasting segment is comprised of HC2 Broadcasting Holdings Inc. and its subsidiaries. Broadcasting strategically acquires and operates over the air ("OTA") broadcasting stations across the United States. In addition, Broadcasting, through its wholly-owned subsidiary, HC2 Network Inc. ("Network"), operates Azteca America, a Spanish-language broadcast network offering high quality Hispanic content to a diverse demographic across the United States.

We continually evaluate acquisition opportunities, as well as monitor a variety of key indicators of our underlying platform companies in order to maximize stakeholder value. These indicators include, but are not limited to, revenue, cost of revenue, operating profit, Adjusted EBITDA and free cash flow. Furthermore, we work very closely with our subsidiary platform executive management teams on their operations and assist them in the evaluation and diligence of asset acquisitions, dispositions and any financing or operational needs at the subsidiary level. We believe that this close relationship allows us to capture synergies within the organization across all platforms and strategically position the Company for ongoing growth and value creation.

The potential for additional acquisitions and new business opportunities, while strategic, may result in acquiring assets unrelated to our current or historical operations. As part of any acquisition strategy, we may raise capital in the form of debt and/or equity securities (including preferred stock) or a combination thereof. We have broad discretion and experience in identifying and selecting acquisition and business combination opportunities and the industries in which we seek such opportunities. Many times, we face significant competition for these opportunities, including from numerous companies with a business plan similar to ours. As such, there can be no assurance that any of the past or future discussions we have had or may have with candidates will result in a definitive agreement and, if they do, what the terms or timing of any potential agreement would be. As part of our acquisition strategy, we may utilize a portion of our available cash to acquire interests in possible acquisition targets. Any securities acquired are marked to market and may increase short-term earnings volatility as a result.

We believe our track record, our platform and our strategy will enable us to deliver strong financial results, while positioning our Company for long-term growth. We believe the unique alignment of our executive compensation program, with our objective of increasing long-term stakeholder value, is paramount to executing our vision of

long-term growth, while maintaining our disciplined approach. Having designed our business structure to not only address capital allocation challenges over time, but also maintain the flexibility to capitalize on opportunities during periods of market volatility, we believe the combination thereof positions us well to continue to build long-term stakeholder value.

Our Operations

Refer to Note 1. Organization and Business to our unaudited Condensed Consolidated Financial Statements for additional information.

Seasonality

Our segments' operations can be highly cyclical and subject to seasonal patterns. Our volume of business in our Construction and Marine Services segments may be adversely affected by declines or delays in projects, which may vary by geographic region. Project schedules, particularly in connection with large, complex, and longer-term projects can also create fluctuations in the services provided, which may adversely affect us in a given period.

For example, in connection with larger, more complicated projects, the timing of obtaining permits and other approvals may be delayed, and we may need to maintain a portion of our workforce and equipment in an underutilized capacity to ensure we are strategically positioned to deliver on such projects when they move forward.

Examples of other items that may cause our results or demand for our services to fluctuate materially from quarter to quarter include: weather or project site conditions, financial condition of our customers and their access to capital; margins of projects performed during any particular period; economic, and political and market conditions on a regional, national or global scale.

Accordingly, our operating results in any particular period may not be indicative of the results that can be expected for any other period.

Marine Services

Net revenue within our Marine Services segment can fluctuate depending on the season. Revenues are relatively stable for our Marine Services maintenance business as the core driver is the annual contractual obligation. However, this is not the case with our installation business (other than for long-term charter arrangements), in which revenues show a degree of seasonality. Revenues in our Marine Services installation business are driven by our customers' need for new cable installations. Generally, weather downtime, and the additional costs related to downtime, is a significant factor in customers determining their installation schedules, and most installations are therefore scheduled for the warmer months. As a result, installation revenues are generally lower towards the end of the fourth quarter and throughout the first quarter, as most business is concentrated in the northern hemisphere.

Other than as described above, our businesses are not materially affected by seasonality.

Recent Developments

Acquisitions

Construction

On October 11, 2018, DBMG entered into an agreement to acquire GrayWolf Industrial, a premier specialty maintenance, repair and installation services provider, for \$135.0 million. The transaction, which is subject to customary closing conditions and adjustments, is expected to close during the fourth quarter of 2018.

Telecommunications

On September 9, 2018, ICS Group entered into a definitive agreement to acquire Go2Tel.com Inc. ("Go2Tel"), a well-established VoIP carrier that offers high-quality termination services, primarily in Latin America, South America and the Caribbean. The transaction, which is subject to customary closing conditions and adjustments, is expected to close during the fourth quarter of 2018.

Broadcasting

On February 7, 2018, Broadcasting closed on the 2017 acquisition of Northstar's broadcast television stations. The total consideration paid in February 2018 was \$33.0 million. In addition, during the nine months ended September 30, 2018, Broadcasting completed asset acquisitions for total consideration of \$46.5 million.

Subsequent to September 30, 2018, the Broadcasting segment received FCC approval and closed multiple APAs for a total consideration of \$5.6 million, of which \$0.3 million was previously funded at signing of the APAs.

Dispositions and Deconsolidation

Marine Services

On October 22, 2018, HC2 announced our intention to explore strategic alternatives for GMSL, including a potential sale.

Life Sciences

On June 8, 2018, Pansend closed on the sale of its approximately 75.9% ownership in BeneVir to Janssen Biotech, Inc. (“Janssen”). In conjunction with the closing of the transaction, Janssen made an upfront cash payment of \$140.0 million. Pansend received a cash payment of \$93.4 million and expects to receive an additional cash payment of \$13.3 million, currently held in an escrow, for a total consideration of \$106.7 million. The escrow will be released within fifteen months subsequent to the closing date, assuming there are no pending or unresolved indemnified claims. Pansend recorded a gain on the sale of \$102.1 million, of which \$21.7 million was allocated to noncontrolling interests. HC2 received a cash payment of \$72.8 million and expects to receive an additional cash payment of \$9.2 million upon the release of the escrow.

Under the terms of the merger agreement, Pansend is eligible to receive payments of up to \$189.7 million upon the achievement of specified development milestones and up to \$493.1 million upon the achievement of specified levels of annual net sales of licensed products. From these potential milestone payments, HC2 is eligible to receive up to \$512.2 million.

On October 22, 2018, HC2 also announced that the U.S. Food and Drug Administration has granted Breakthrough Device designation to MediBeacon Inc., a portfolio company within HC2's Pansend Life Sciences subsidiary, for the company's Transdermal GFR Measurement System. The device is intended to measure Glomerular Filtration Rate in patients with impaired or normal renal function.

Other

On August 14, 2018, 704Games issued a 53.5% equity interest to international media and technology company Motorsport Network. As a result, HC2's ownership percentage in 704Games was diluted to 26.2% resulting in the loss of control and the deconsolidation of the entity. HC2 recognized a gain of \$3.0 million within Gain on sale and deconsolidation of subsidiary line of the Condensed Consolidated Statements of Operations.

Debt Obligations

Construction

The DBMG Facility was amended effective April 5, 2018, modifying the Revolving Line by increasing the maximum advance amount to \$70.0 million, modifying the floating interest rate to LIBOR plus 1.5% and extending the maturity date through March 31, 2023. The amendment also created a \$17.0 million long-term tranche under the \$70.0 million Revolving Line with a maturity date of May 31, 2025. Additionally, The Real Estate Term Advance and Real Estate Advance 2 interest rates were modified to LIBOR plus 2.25% with a maturity date of April 30, 2024. Should the DBMG Facility not be renewed at the Revolving Line maturity date of March 31, 2023, all outstanding balances become immediately due.

On July 24, 2018, the DBMG Facility was amended, increasing the availability of the borrowing base allowing DBMG to borrow an additional \$10.0 million of the \$70.0 million total line and bearing interest at LIBOR plus 2.5%. The temporary borrowing base increase and related interest had an initial maturity date of October 23, 2018. On October 23, 2018 the maturity date was extended to November 23, 2018.

Marine Services

On April 4, 2018, GMSL entered into a 7.49% fixed interest only loan, due April 3, 2019, with Shawbrook Bank Limited for £7.2 million, or approximately \$9.4 million ("Shawbrook Loan"). The net proceeds of the Shawbrook Loan were used to fund capital expenditures, being mainly upgrades to cable ships, and working capital requirements on installation contracts.

On September 21, 2018, GMSL refinanced the Shawbrook Loan, extending the principal balance to £11.0 million, or approximately \$14.4 million, and extending the maturity date to September 20, 2019. The net proceeds were used to pay the principal balance of the original Shawbrook loan .

As part of the Fugro trenching business acquisition in 2017, GMSL issued to Fugro a \$7.5 million secured loan, which bears interest, payable quarterly, at 4% per annum through January 11, 2018, and at 10% per annum thereafter, and matures 363 days following the acquisition. In September 2018, GMSL repaid the note in full.

Insurance

On July 23, 2018, in connection with the signed agreement to purchase the long-term care block of Humana, CGI obtained a three month surplus note (the "Surplus Note") from Humana, issued July 17, 2018 and due September 14, 2018, in the amount of \$32.0 million. The Surplus Note was paid in its entirety on August 17, 2018.

Broadcasting

On February 4, 2018, Broadcasting entered into a First Amendment to its loan agreement ("Bridge Loan"), which amends the existing Bridge Loan, to add an additional \$27.0 million in principal borrowing capacity to its existing credit agreement.

On February 6, 2018, Broadcasting borrowed \$42.0 million in principal amount of the Bridge Loan, the net proceeds of which were used to finance certain acquisitions, to pay fees, costs and expenses relating to the Bridge Loans, and for general corporate purposes. The total aggregate principal amount of the Bridge Loan outstanding after the February 6, 2018 borrowing was \$102.0 million.

The Bridge Loan of \$102.0 million was repaid as part of the May 7, 2018 HC2 financing transaction (see "Non-operating Corporate" section below). As part of the transaction, the Broadcasting segment recorded a loss on extinguishment of debt of \$2.5 million, which was recorded in Other income (expenses), net in the Condensed Consolidated Financial Statements.

On August 7, 2018, certain subsidiaries of the Broadcasting segment entered into several financing transactions, generating approximately \$38.1 million of proceeds. These financing transactions consisted of the following: HC2 Station Group, Inc. and HC2 LPTV (together with HC2 Station Group, the "Borrowers"), indirect wholly-owned subsidiaries of the Broadcasting segment, issued a \$35.0 million 364-day Secured Note (the "Secured Note") to certain institutional investors (the "Institutional Investors"). The Secured Note bears interest at a rate of 8.50%, payable at maturity.

The Institutional Investors purchased 2.0% of the outstanding common stock of HC2 Broadcasting (the “Equity Purchase”) for an aggregate purchase price of approximately \$3.1 million.

HC2 Broadcasting also issued a warrant (the “Warrant”) to the Institutional Investors to purchase an additional 2.0% of the common stock of HC2 Broadcasting outstanding immediately after consummation of the Equity Purchase for what would be an aggregate purchase price of approximately \$3.7 million if exercised as of the issuance date, and as may be adjusted at any future exercise of the Warrant pursuant to its terms. The Warrant has a five-year term and is immediately exercisable.

Non-operating Corporate

On May 3, 2018, HC2 priced \$110.0 million aggregate principal amount of 11.0% Senior Secured Notes due 2019 (the “Notes”) issued at a premium of 102.0% of the principal amount. The Company used the net proceeds from the issuance of the Notes to refinance all of the Broadcasting outstanding Bridge Loan, for working capital for the Company and its subsidiaries and for general corporate purposes, including the financing of future acquisitions and investments.

On October 22, 2018, we announced the commencement of a private offering of \$535 million aggregate principal amount of senior secured notes due 2023 (the “Notes Offering”) to qualified institutional buyers pursuant to Rule 144A under Securities Act, and to certain persons in offshore transactions in accordance with Regulation S under the Securities Act. In connection with the Notes Offering, we provided prospective investors with certain financial and other information which we furnished as exhibits to a Current Report on Form 8-K filed on October 22, 2018. This information, which we had not previously reported, was excerpted from a preliminary offering memorandum that is being disseminated in connection with the Notes Offering or from an investor presentation related thereto.

Dividends

During the three months ended September 30, 2018 HC2 received \$0.8 million in dividends from its Telecommunications segment. During the nine months ended September 30, 2018, HC2 received \$2.5 million in dividends from its Telecommunications segment.

Under a tax sharing agreement, DBMG reimburses HC2 for use of its net operating losses. During the nine months ended September 30, 2018, HC2 received \$4.0 million from DBMG under the tax sharing agreement.

Other

Energy

As a result of the Bipartisan Budget Act of 2018, signed into law on February 9, 2018, all Alternative Fuel Tax Credit (“AFETC”) revenue for vehicle fuel ANG sold in 2017 was collected in the second quarter of 2018. Net revenue after customer rebates for such credits for 2017 were \$2.6 million, which was recognized during the second quarter of 2018, the period in which the credit became available.

Other

On August 4, 2018, HC2 Chairman and Chief Executive Officer Philip Falcone informed Inseego Corp’s (“INSG”) Board of Directors (the “Board”) of his resignation from his position as a Director and Chairman of the Board of INSG effective upon consummation of a private placement at INSG. The INSG private placement consisted of an issuance of an aggregate of 12.0 million shares of its common stock to two investors for a purchase price of \$1.63 per share, resulting in aggregate gross proceeds to INSG of approximately \$19.7 million. Concurrently, INSG amended HC2’s

Investors' Rights Agreement where HC2 agreed to eliminate its board observation and nomination rights. As a result, HC2 lost its ability to exercise significant influence. HC2's equity investment in INSG security no longer qualifies to be accounted for under the equity method. Beginning in the third quarter, the investment will be recorded at fair value. The investment basis in INSG under the equity method had been reduced to zero as a result of losses incurred for the duration of the investment. The change in the accounting method resulted in a gain of \$44.2 million for the three months ended September 30, 2018 and recorded in Other income (expenses), net.

Financial Presentation Background

In the below section within this Management's Discussion and Analysis of Financial Condition and Results of Operations, we compare, pursuant to U.S. GAAP and SEC disclosure rules, the Company's results of operations for the three and nine months ended September 30, 2018 as compared to the three and nine months ended September 30, 2017.

Results of Operations

Presented below is a disaggregated table that summarizes our results of operations and a comparison of the change between the periods presented (in thousands):

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Net revenue

(1) The Insurance segment revenues are inclusive of mark-to-market adjustments in the amount of \$20.6 million and \$24.6 million for the three and nine months ended September 30, 2018 respectively, recorded on equity securities in accordance with ASU 2016-01. Such adjustments are related to transactions between entities under common control which are eliminated or are reclassified to Other income (expenses), net in consolidation.

Three months ended September 30, 2018 compared to the three months ended September 30, 2017

Net revenue: Net revenue for the three months ended September 30, 2018 increased \$94.9 million to \$501.4 million from \$406.4 million for the three months ended September 30, 2017. The increase was due to our Construction segment, driven by increased activity on large commercial projects in the West region, which contributed greater revenue when compared to the previous period. Further adding to the increase was our Telecommunications segment due to fluctuations in wholesale traffic volumes, our Insurance segment net of eliminations driven by net investment income primarily due to the net investment income and premiums generated from the acquisition of KIC, and higher average invested fixed maturity securities and mortgage loans from premiums received along with rotation into higher-yielding investments, and the addition of our Broadcasting segment driven by the revenues of its subsidiaries which were predominantly acquired in the fourth quarter of 2017.

(Loss) income from operations: (Loss) income from operations for the three months ended September 30, 2018 decreased \$34.9 million to a loss of \$24.4 million from income of \$10.6 million for the three months ended September 30, 2017. The decrease was driven by our Insurance segment net of eliminations due to higher policy benefits, our Marine Services segment due to higher than expected costs on a certain offshore power construction project during the third quarter of 2018 and an increase in unutilized vessel costs attributable to recently acquired marine assets and the timing of new project work as these assets are being deployed, and our Broadcasting segment driven by the cost of operations of the subsidiaries which were predominantly acquired in the fourth quarter of 2017. The decrease was partially offset by our Life Sciences segment due to certain milestone expenses at R2 in 2017 that did not repeat in 2018, and our non-operating Corporate segment driven by a reduction of acquisition related expenses incurred compared to the prior period, and a decrease in overhead costs including unrepeated compensation related expenses associated with senior management changes in the comparable period.

Interest expense: Interest expense for the three months ended September 30, 2018 increased \$4.2 million to \$17.5 million from \$13.2 million for the three months ended September 30, 2017. The increase was attributable to the net increase of the aggregate principal amount of our 11.0% Notes.

Gain on sale and deconsolidation of subsidiary: Gain on sale and deconsolidation of subsidiary for the three months ended September 30, 2018 increased \$3.0 million. As a result of the deconsolidation of 704Games in the third quarter of 2018, HC2 recognized a gain of \$3.0 million.

Gain on contingent consideration: Gain on contingent consideration was \$6.3 million for the three months ended September 30, 2017 driven by the reduction to the contingency reserve established by the Company related to the 2016 acquisition of CIG as a result of changes in interest rate expectations, which did not occur in the current period.

Income from equity investees: Income from equity investees for the three months ended September 30, 2018 increased \$7.2 million to \$8.1 million from \$1.0 million for the three months ended September 30, 2017. The increase in income was primarily driven by our Marine Services segment, principally from its equity interests in Huawei Marine Network ("HMN"), driven by a higher level of project activity and the timing of projects, and our Life Sciences segment due to lower equity method losses recorded from its investment in Medibeacon as clinical trials on the MB-102 technology, which have been ongoing throughout 2018, have concluded.

Gain on bargain purchase: Gain on bargain purchase was \$109.1 million due to the Insurance segment's acquisition of KIC. The gain on bargain purchase was driven by the Tax Cuts and Jobs Act, which was not stipulated in the negotiations for the transaction and resulted in a material decline in the Value of Business Acquired balance and a corresponding deferred tax position. More specifically, the bargain purchase gain was largely driven by the following attributes: (i) the Unified Loss Rules tax attribute reduction to tax value of assets and the seller tax adjustments to tax value of liabilities contribute significantly to the bargain purchase price; (ii) the reduction in the federal income tax

rate, from 35% at the time the seller contribution was established to 21% effective January 1, 2018; and (iii) changes in fair value of acquired assets and assumed liabilities between the date the deal was signed and the closing date was driven by the time it took to obtain regulatory approvals.

Other income (expenses), net: Other income (expenses), net for the three months ended September 30, 2018 increased \$64.0 million to income of \$63.9 million compared to expenses of \$0.1 million for the three months ended September 30, 2017. As HC2's equity investment in INSG security no longer qualifies to be accounted for under the equity method, a change in accounting method resulted in \$44.2 million of income recognized during the third quarter of 2018 to establish the investment on a fair value method of accounting. In addition, in conjunction with the KIC acquisition, the Insurance segment recaptured one of KIC's reinsurance treaties covering Long Term Care business immediately following the closing of the transaction. As a result of the recapture, CGI received \$158.5 million of cash, reduced its ceded reinsurance by \$140.8 million, and recognized a gain of \$17.7 million.

Income tax benefit (expense): Income tax benefit (expense) was a benefit of \$9.2 million and an expense of \$12.9 million for the three months ended September 30, 2018 and 2017, respectively. The income tax benefit recorded for the three months ended September 30, 2018 relates to the Insurance segment's acquisition of Humana's long-term care business, KIC. The Insurance segment is projecting a net operating loss for the year due to deductions for actuarial reserve strengthening recorded in the current period. The income tax expense previously recorded was reversed in the current period resulting in a benefit. No additional income tax benefit for the combined insurance entity was recorded as it is in a cumulative loss position and a valuation allowance continues to be maintained against deferred tax assets as we do not believe it is more-likely-than-not will be realized. The income tax expense recorded for the three months ended September 30, 2017 relates primarily to the appreciation of investments and the mix of income and losses by taxing entities, including the Insurance segment which generated income in the third quarter of 2017 as a result of the release in reserves.

Nine months ended September 30, 2018 compared to the nine months ended September 30, 2017

Net revenue: Net revenue for the nine months ended September 30, 2018 increased \$276.2 million to \$1,451.8 million from \$1,175.6 million for the nine months ended September 30, 2017. The increase was driven by the Construction segment due primarily to increased activity on large commercial projects in the West region which contributed greater revenue when compared to the previous period, our Telecommunications segment due to fluctuations in wholesale traffic volumes, and our Marine Services segment primarily attributed to the increased scale and timing of telecom and offshore power installation projects under execution over the comparable periods. Growth in offshore power repair projects further contributed to the increase. Finally, the increase was driven by our Insurance segment net of eliminations driven by net investment income primarily due to the net investment income and premiums generated from the acquisition of KIC, and higher average invested fixed maturity securities and mortgage loans from premiums received along with rotation into higher-yielding investments, and revenues from our Broadcasting segment driven by the revenues of the subsidiaries which were predominantly acquired in the fourth quarter of 2017.

(Loss) income from operations: (Loss) income from operations for the nine months ended September 30, 2018 decreased \$44.0 million to a loss of \$43.6 million from income of \$0.3 million for the nine months ended September 30, 2017. The decrease was driven by our Insurance segment net of eliminations due to higher policy benefits, our Broadcasting segment driven by the cost of operations of the subsidiaries which were predominantly acquired in the fourth quarter of 2017, and our Marine Services segment due to higher than expected costs on a certain offshore power construction project during the third quarter of 2018 and an increase in unutilized vessel costs attributable to recently acquired marine assets and the timing of new project work as these assets are being deployed. This was offset by a decrease in costs in our Other segment, due to stronger sales at 704Games prior to its deconsolidation in August 2017, and our non-operating Corporate segment driven by a reduction of acquisition related expenses incurred compared to the prior period, and a decrease in overhead costs including unrepeated compensation related expenses associated with senior management changes in the comparable period.

Interest expense: Interest expense for the nine months ended September 30, 2018 increased \$14.6 million to \$54.0 million from \$39.4 million for the nine months ended September 30, 2017. The increase was attributable to the interest expense associated with the Broadcasting segment's Bridge Loan, which was repaid in May of 2018, and the net increase of the aggregate principal amount of our 11.0% Notes.

Gain on sale and deconsolidation of subsidiary: Gain on sale and deconsolidation of subsidiary for the nine months ended September 30, 2018 increased \$105.1 million. The increase was attributable to the Life Sciences segment sale of BeneVir in which the Company recorded a gain on the sale of \$102.1 million in addition to the deconsolidation of 704Games in the third quarter of 2018, which resulted in a gain of \$3.0 million.

Gain on contingent consideration: Gain on contingent consideration was \$6.0 million for the nine months ended September 30, 2017 driven by the reduction to the contingency reserve established by the Company related to the 2016 CIG acquisition as a result of changes in interest rate expectations, which did not occur in the current period.

Income from equity investees: Income from equity investees for the nine months ended September 30, 2018 increased \$1.0 million to \$13.7 million from \$12.7 million for the nine months ended September 30, 2017. Income from equity investees remained consistent largely due to Marine Services and an increase in income driven by our Life Sciences segment due to lower equity method losses recorded from our investment in Medibeacon as clinical trials on the MB-102 technology, which have been ongoing throughout 2018, have concluded.

Gain on bargain purchase: Gain on bargain purchase was \$109.1 million due to the Insurance segment's acquisition of KIC. The gain on bargain purchase was driven by the Tax Cuts and Jobs Act, which was not stipulated in the negotiations for the transaction and resulted in a material decline in the Value of Business Acquired balance and a

corresponding deferred tax position. More specifically, the bargain purchase gain was largely driven by the following attributes: (i) the Unified Loss Rules tax attribute reduction to tax value of assets and the seller tax adjustments to tax value of liabilities contribute significantly to the bargain purchase price; (ii) the reduction in the federal income tax rate, from 35% at the time the seller contribution was established to 21% effective January 1, 2018; and (iii) changes in fair value of acquired assets and assumed liabilities between the date the deal was signed and the closing date was driven by the time it took to obtain regulatory approvals.

Other income (expenses), net: Other income (expenses), net for the nine months ended September 30, 2018 increased \$72.1 million to income of \$64.0 million compared to an expense of \$8.1 million for the nine months ended September 30, 2017. As HC2's equity investment in INSG security no longer qualifies to be accounted for under the equity method, a change in accounting method resulted in \$44.2 million recognized during the third quarter of 2018 to establish the investment on a fair value method of accounting. In addition, in conjunction with the KIC acquisition, the Insurance segment recaptured one of KIC's reinsurance treaties covering Long Term Care business immediately following the closing of the transaction. As a result of the recapture, CGI received \$158.5 million of cash, reduced its ceded reinsurance by \$140.8 million, and recognized a gain of \$17.7 million. Further adding to the change were impairments in the prior year of one fixed maturity security and our original investment in DTV, which did recur in 2018.

Income tax expense: Income tax expense was \$1.9 million and \$16.2 million for the nine months ended September 30, 2018 and 2017, respectively. The Insurance segment is projecting a net operating loss for the year due to deductions for actuarial reserve strengthening recorded in the current period. Continental General Insurance Company is now expecting a significantly lower income tax expense for the year. There is no additional income tax benefit for the the Insurance segment, as the segment is in a cumulative loss position and a valuation allowance continues to be maintained against deferred tax assets as we do not believe it is more-likely-than-not will be realized. The income tax expense generated from the sale of BeneVir in the second quarter of 2018 is offset by tax attributes for which a valuation allowance had been recorded. Therefore, there is no net income tax expense recorded in the income statement for the sale. Additionally, the tax benefits associated with losses generated by the H2 Holdings, Inc. U.S. consolidated income tax return and certain businesses have been reduced by a full valuation allowance as we do not believe it is more-likely-than-not that the losses will be utilized prior to expiration. The income tax expense recorded for September 30, 2017 relates to the projected expense as calculated under ASC 740 for taxpaying entities. Additionally, the tax benefits associated with losses generated by the HC2 Holdings, Inc. U.S. consolidated income tax return and certain other businesses have been reduced by a full valuation allowance as we do not believe it is more-likely-than-not that the losses will be utilized prior to expiration.

Segment Results of Operations

In the Company's Condensed Consolidated Financial Statements, other operating (income) expense includes (i) (gain) loss on sale or disposal of assets, (ii) lease termination costs and (iii) asset impairment expense. Each table summarizes the results of operations of our operating segments and compares the amount of the change between the periods presented (in thousands).

Construction Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Net revenue	\$ 195,358	\$ 151,697	\$ 43,661	\$ 531,209	\$ 403,325	\$ 127,884
Cost of revenue	166,533	123,304	43,229	451,323	329,782	121,541
Selling, general and administrative expenses	15,180	14,395	785	44,748	43,346	1,402
Depreciation and amortization	1,851	1,314	537	5,043	4,194	849
Other operating (income) expense	(681)	486	(1,167)	(253)	92	(345)
Income from operations	\$ 12,475	\$ 12,198	\$ 277	\$ 30,348	\$ 25,911	\$ 4,437

Net revenue: Net revenue from our Construction segment for the three months ended September 30, 2018 increased \$43.7 million to \$195.4 million from \$151.7 million for the three months ended September 30, 2017. The increases were due primarily to increased activity on large commercial projects in the West region, including a multi-use sports stadium complex and a healthcare facility, which contributed greater revenue when compared to the previous period as those projects entered erection phases.

Net revenue from our Construction segment for the nine months ended September 30, 2018 increased \$127.9 million to \$531.2 million from \$403.3 million for the nine months ended September 30, 2017. The increases were due primarily to increased activity on large commercial projects in the West region, including a multi-use sports stadium complex and a healthcare facility, which contributed greater revenue when compared to the previous period as those projects entered the pre-assembly and erection phases, respectively.

Cost of revenue: Cost of revenue from our Construction segment for the three months ended September 30, 2018 increased \$43.2 million to \$166.5 million from \$123.3 million for the three months ended September 30, 2017. Cost of revenue from our Construction segment for the nine months ended September 30, 2018 increased \$121.5 million to \$451.3 million from \$329.8 million for the nine months ended September 30, 2017. The increases were due primarily to the overall growth in project revenues and expansion in backlog, including higher staffing costs associated with the timing of fabrication, pre-assembly and erection work on large complex projects.

Selling, general and administrative expenses: Selling, general and administrative expenses from our Construction segment for the three months ended September 30, 2018 increased \$0.8 million to \$15.2 million from \$14.4 million for the three months ended September 30, 2017. Selling, general and administrative expenses from our Construction segment for the nine months ended September 30, 2018 increased \$1.4 million to \$44.7 million from \$43.3 million for the nine months ended September 30, 2017. The increases were due primarily to increases in salary and benefits due to increases in headcount required to support the overall growth in the company.

Depreciation and amortization: Depreciation and amortization from our Construction segment for the three months ended September 30, 2018 increased \$0.6 million to \$1.9 million from \$1.3 million for the three months ended September 30, 2017. Depreciation and amortization from our Construction segment for the nine months ended September 30, 2018 increased \$0.8 million to \$5.0 million from \$4.2 million for the nine months ended September 30, 2017. The increases were due to the depreciation of additional equipment obtained in the acquisition of Mountain States Steel in the fourth quarter of 2017.

Other operating (income) expense: Other operating (income) expense from our Construction segment for the three months ended September 30, 2018 increased by \$1.2 million to income of \$0.7 million from expense of \$0.5 million. Other operating (income) expense from our Construction segment for the nine months ended September 30, 2018 increased by \$0.4 million to income of \$0.3 million from expense of \$0.1 million for the nine months ended September 30, 2017. The increases were primarily due to a gain of the sale of land during the third quarter of 2018.

Marine Services Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Net revenue	\$44,825	\$42,817	\$ 2,008	\$ 149,923	\$ 123,382	\$ 26,541
Cost of revenue	41,710	32,475	9,235	125,750	97,772	27,978
Selling, general and administrative expenses	4,896	4,302	594	15,362	14,026	1,336
Depreciation and amortization	6,853	6,221	632	20,110	16,561	3,549
Other operating (income) expense	(119)	—	(119)	(2,780)	(3,251)	471
Loss from operations	\$(8,515)	\$(181)	\$(8,334)	\$(8,519)	\$(1,726)	\$(6,793)

Net revenue: Net revenue from our Marine Services segment for the three months ended September 30, 2018 increased \$2.0 million to \$44.8 million from \$42.8 million for the three months ended September 30, 2017. The growth in revenues can be primarily attributed to increases in project revenues for cable installations in the telecom and offshore renewables markets, partially offset by a decline in revenues from telecom maintenance services attributable to decrease in universal joint sales when compared to the prior period.

Net revenue from our Marine Services segment for the nine months ended September 30, 2018 increased \$26.5 million to \$149.9 million from \$123.4 million for the nine months ended September 30, 2017. The growth in revenues can be primarily attributed to the increased scale and timing of cable installation projects under execution in the telecom and offshore renewables markets over the comparable period. Growth in revenues from power cable repair projects in the offshore renewables market further contributed to the increase.

Cost of revenue: Cost of revenue from our Marine Services segment for the three months ended September 30, 2018 increased \$9.2 million to \$41.7 million from \$32.5 million for the three months ended September 30, 2017. Cost of revenue from our Marine Services segment for the nine months ended September 30, 2018 increased \$28.0 million to \$125.8 million from \$97.8 million for the nine months ended September 30, 2017. The increases were primarily driven by the increased scale of cable installation work under execution and an increase in unutilized vessel costs attributable to recently acquired marine assets and the timing of new project work as these assets are being deployed, as well as from higher than expected costs on a certain offshore power construction project.

Selling, general and administrative expenses: Selling, general and administrative expenses from our Marine Services segment for the three months ended September 30, 2018 increased \$0.6 million to \$4.9 million from \$4.3 million for the three months ended September 30, 2017. Selling, general and administrative expenses from our Marine Services segment for the nine months ended September 30, 2018 increased \$1.4 million to \$15.4 million from \$14.0 million for the nine months ended September 30, 2017. The increases were due primarily to higher compensation costs and professional fees.

Depreciation and amortization: Depreciation and amortization from our Marine Services segment for the three months ended September 30, 2018 increased \$0.7 million to \$6.9 million from \$6.2 million for the three months ended September 30, 2017. The increase in depreciation is largely attributable to the acquisition of the Fugro vessel and

trenching assets in the fourth quarter of 2017 which was subsequent to the comparable period.

Depreciation and amortization from our Marine Services segment for the nine months ended September 30, 2018 increased \$3.5 million to \$20.1 million from \$16.6 million for the nine months ended September 30, 2017. The increase in depreciation is largely attributable to the acquisition of the Fugro vessel and trenching assets in the fourth quarter of 2017 which was subsequent to the comparable period, and additional expense associated with capex related to new vessels. This was partially offset by a reduction in expense due to the sale of a vessel in the first quarter of 2018.

Other operating (income) expense: Other operating (income) expense from our Marine Services segment for the nine months ended September 30, 2018 decreased \$0.5 million to \$2.8 million of income from \$3.3 million of income compared to the nine months ended September 30, 2017. The gain recognized on the sale of a maintenance vessel in 2017 was greater than the sale of a similar vessel in the current period.

Energy Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Net revenue	\$4,561	\$3,919	\$ 642	\$16,141	\$12,301	\$ 3,840
Cost of revenue	2,697	2,935	(238)	8,308	7,770	538
Selling, general and administrative expenses	830	873	(43)	3,181	2,400	781
Depreciation and amortization	1,389	1,247	142	4,092	3,876	216
Other operating expense	1	25	(24)	55	39	16
(Loss) income from operations	\$(356)	\$(1,161)	\$ 805	\$505	\$(1,784)	\$ 2,289

Net revenue: Net revenue from our Energy segment for the three months ended September 30, 2018 increased \$0.7 million to \$4.6 million from \$3.9 million for the three months ended September 30, 2017. The increase was driven by additional income recognized from renewable energy tax credits related to the sale of Renewable Natural Gas ("RNG") and additional sales of Compressed Natural Gas ("CNG").

Net revenue from our Energy segment for the nine months ended September 30, 2018 increased \$3.8 million to \$16.1 million from \$12.3 million for the nine months ended September 30, 2017. The increase was largely driven by \$2.6 million of AFETC related to 2017 CNG sales that were recognized in the second quarter of 2018 and is not present in the comparable period. The increase was also driven by additional income recognized from renewable energy tax credits related to the sale of RNG and additional sales of CNG.

Cost of revenue: Cost of revenue from our Energy segment for the three months ended September 30, 2018 decreased \$0.2 million to \$2.7 million from \$2.9 million for the three months ended September 30, 2017. The decrease was driven by unrepeated costs in the prior period related to station down time and repair and maintenance expenses associated with the integration of stations from Constellation CNG and the Questar Fueling Company. This was partially offset by an increase in utility and supply costs associated with the increase in sales of CNG when compared to the previous period.

Cost of revenue from our Energy segment for the nine months ended September 30, 2018 increased \$0.5 million to \$8.3 million from \$7.8 million for the nine months ended September 30, 2017. The increases were driven by utility and supply costs associated with the increase in sales of CNG when compared to the previous period.

Selling, general and administrative expenses: Selling, general and administrative expenses from our Energy segment for the nine months ended September 30, 2018 increased \$0.8 million to \$3.2 million from \$2.4 million for the nine months ended September 30, 2017. The increase was driven by a one-time expense related to the abandonment of a station development project and increases in professional service expenses required to support the overall growth in the company.

Telecommunications Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Net revenue	\$187,798	\$167,881	\$ 19,917	\$580,630	\$520,214	\$ 60,416
Cost of revenue	184,083	164,336	19,747	569,477	508,306	61,171

Edgar Filing: HC2 HOLDINGS, INC. - Form 10-Q

Selling, general and administrative expenses	2,345	2,062	283	7,478	6,585	893
Depreciation and amortization	89	94	(5) 262	285	(23)
Other operating (income) expense	—	15	(15) —	15	(15)
Income from operations	\$1,281	\$1,374	\$(93) \$3,413	\$5,023	\$(1,610)

Net revenue: Net revenue from our Telecommunications segment for the three months ended September 30, 2018 increased \$19.9 million to \$187.8 million from \$167.9 million for the three months ended September 30, 2017. Net revenue from our Telecommunications segment for the nine months ended September 30, 2018 increased \$60.4 million to \$580.6 million from \$520.2 million for the nine months ended September 30, 2017. The increases are attributed to fluctuations in wholesale traffic volumes, which can result in period-to-period variability in revenue contribution as the sales team remains focused on expansion into underrepresented markets.

Cost of revenue: Cost of revenue from our Telecommunications segment for the three months ended September 30, 2018 increased \$19.8 million to \$184.1 million from \$164.3 million for the three months ended September 30, 2017. Cost of revenue from our Telecommunications segment for the nine months ended September 30, 2018 increased \$61.2 million to \$569.5 million from \$508.3 million for the nine months ended September 30, 2017. The increases were directly correlated to the fluctuations in wholesale traffic volumes, in addition to slight reductions in margin due to call termination rate changes.

Selling, general and administrative expenses: Selling, general and administrative expenses from our Telecommunications segment for the three months ended September 30, 2018 increased \$0.2 million to \$2.3 million from \$2.1 million for the three months ended September 30, 2017. Selling, general and administrative expenses from our Telecommunications segment for the nine months ended September 30, 2018 increased \$0.9 million to \$7.5 million from \$6.6 million for the nine months ended September 30, 2017. The increases were driven by an increase in compensation expense due to headcount increases and professional fees required to support operations.

Insurance Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Life, accident and health earned premiums, net	\$25,372	\$20,472	\$ 4,900	\$65,317	\$60,648	\$ 4,669
Net investment income	31,710	16,287	15,423	68,776	48,530	20,246
Net realized and unrealized gains on investments	20,147	978	19,169	27,086	2,854	24,232
Net revenue	77,229	37,737	39,492	161,179	112,032	49,147
Policy benefits, changes in reserves, and commissions	66,450	17,393	49,057	134,124	79,323	54,801
Selling, general and administrative	8,060	4,187	3,873	19,641	15,445	4,196
Depreciation and amortization	(4,820)	(1,319)	(3,501)	(7,074)	(3,440)	(3,634)
Income from operations ⁽¹⁾	\$7,539	\$17,476	\$ (9,937)	\$14,488	\$20,704	\$ (6,216)

⁽¹⁾ Included in the Insurance segment revenues are effects of mark-to-market adjustments in the amount of \$20.6 million and \$24.6 million for the three and nine months ended September 30, 2018, respectively, recorded on equity securities in accordance with ASU 2016-01. Such adjustments are related to transactions between entities under common control which are eliminated or are reclassified to Other income (expenses), net in consolidation.

Life, accident and health earned premiums, net: Life, accident and health earned premiums, net from our Insurance segment for the three months ended September 30, 2018 increased \$4.9 million to \$25.4 million from \$20.5 million for the three months ended September 30, 2017. Life, accident and health earned premiums, net from our Insurance segment for the nine months ended September 30, 2018 increased \$4.7 million to \$65.3 million from \$60.6 million for the nine months ended September 30, 2017. The increases were due to the premiums generated from the acquisition of KIC.

Net investment income: Net investment income from our Insurance segment for the three months ended September 30, 2018 increased \$15.4 million to \$31.7 million from \$16.3 million for the three months ended September 30, 2017. Net investment income from our Insurance segment for the nine months ended September 30, 2018 increased \$20.3 million to \$68.8 million from \$48.5 million for the nine months ended September 30, 2017. The increases in net investment income was primarily due to the income generated from the assets acquired in the KIC acquisition and from higher average invested fixed maturity securities and mortgage loans from premiums received along with rotation into higher-yielding investments.

Net realized and unrealized gains on investments: Net realized and unrealized gains on investments from our Insurance segment for the three months ended September 30, 2018 increased \$19.2 million to \$20.1 million from \$1.0 million for the three months ended September 30, 2017. Net realized and unrealized gains on investments from our Insurance segment for the nine months ended September 30, 2018 increased \$24.2 million to \$27.1 million from \$2.9 million for the nine months ended September 30, 2017. The increases were predominantly driven by gains recorded on the appreciation of our investment in INSG.

Policy benefits, changes in reserves, and commissions: Policy benefits, changes in reserves, and commissions from our Insurance segment for the three months ended September 30, 2018 increased \$49.1 million to \$66.5 million from \$17.4 million for the three months ended September 30, 2017. Policy benefits, changes in reserves, and commissions from our Insurance segment for the nine months ended September 30, 2018 increased \$54.8 million to \$134.1 million from \$79.3 million for the nine months ended September 30, 2017. The increases were primarily driven by the acquisition of KIC, which, subsequent to closing, incurred a higher proportion of new claims with lifetime benefit periods which generate higher reserves than the block had seen in the prior year. Additionally, the Insurance segment has seen additional claim incidences that have persisted longer and increased claim incidence for the aging long-term care liabilities.

Selling, general and administrative: Selling, general and administrative from our Insurance segment for the three months ended September 30, 2018 increased \$3.9 million to \$8.1 million from \$4.2 million for the three months ended September 30, 2017. Selling, general and administrative from our Insurance segment for the nine months ended September 30, 2018 increased \$4.2 million to \$19.6 million from \$15.4 million for the nine months ended September 30, 2017. The increases were driven by increases in headcount, legal, consulting, and transition service agreement fees associated with the acquisition of KIC.

Depreciation and amortization: Depreciation and amortization from our Insurance segment for the three months ended September 30, 2018 increased \$3.5 million to \$4.8 million from \$1.3 million for the three months ended September 30, 2017. Depreciation and amortization from our Insurance segment for the nine months ended September 30, 2018 increased \$3.6 million to \$7.1 million from \$3.4 million for the nine months ended September 30, 2017. The increases is driven by the increase in negative VOBA amortization largely due to the KIC acquisition. Amortization of negative VOBA reflects an increase to net income.

Life Sciences Segment

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Selling, general and administrative expenses	\$2,186	\$6,387	\$ (4,201)	\$11,871	\$13,038	\$ (1,167)
Depreciation and amortization	35	50	(15)	146	129	17
Loss from operations	\$(2,221)	\$(6,437)	\$ 4,216	\$(12,017)	\$(13,167)	\$ 1,150

Selling, general and administrative expenses: Selling, general and administrative expenses from our Life Sciences segment for the three months ended September 30, 2018 decreased \$4.2 million to \$2.2 million from \$6.4 million for the three months ended September 30, 2017. The decrease was driven by R2 which paid a clinical milestone expenses in the third quarter of 2017. In addition, due to the second quarter 2018 sale of BeneVir, expenses for the period decreased due to the segment having one less operating entity.

Selling, general and administrative expenses from our Life Sciences segment for the nine months ended September 30, 2018 decreased \$1.1 million to \$11.9 million from \$13.0 million for the nine months ended September 30, 2017. The decrease was driven by R2 which paid a clinical milestone expenses in the third quarter of 2017. In addition, due to the second quarter 2018 sale of BeneVir, expenses for the third quarter of 2018 decreased due to the segment having one less operating entity. The decrease was partially offset by disposition costs related to the sale of BeneVir in the second quarter of 2018 and an increase in compensation expense of the Pansend Holding Company resulting from increased performance of the segment.

Broadcasting

	Three Months Ended September 30, 2018	Nine Months Ended September 30, 2018
Net revenue	\$ 11,957	\$ 33,702
Cost of revenue	7,419	21,386
Selling, general and administrative expenses	9,059	31,342
Depreciation and amortization	827	2,275
Other operating (income) expense	(20)	92
Loss from operations	\$(5,328)	\$(21,393)

In 2018, the Broadcasting segment's entities met the definition of a Segment in accordance with ASC 280. The entities in the new segment did not exist in the comparable periods, therefore, there is no comparable data.

Net revenue: Net revenue from our Broadcasting segment for the three and nine months ended September 30, 2018 was \$12.0 million and \$33.7 million, respectively. For the three months ended September 30, 2018, the Broadcasting segment recognized \$7.4 million in advertising revenue, \$2.5 million in Local Marketing Agreements revenue and \$1.7 million in retransmission revenue. For the nine months ended September 30, 2018, the Broadcasting segment recognized \$21.2 million in advertising revenue, \$8.0 million in LMA revenue, and \$3.5 million in retransmission revenue.

Cost of revenue: Cost of revenue from our Broadcasting segment for the three and nine months ended September 30, 2018 was \$7.4 million and \$21.4 million, respectively. For the three months ended September 30, 2018, the

Broadcasting segment incurred \$2.2 million in programming fees, \$1.5 million in transmission costs, and \$1.7 million in audience measurement costs. In addition, the Broadcasting segment incurred \$2.0 million of direct station expenses, largely driven by tower rent and utilities. For the nine months ended September 30, 2018, the Broadcasting segment incurred \$5.7 million in programming fees, \$5.7 million in transmission costs, and \$5.6 million in audience measurement costs. In addition, the Broadcasting segment incurred \$4.4 million of direct station expenses, largely driven by tower rent and utilities.

Selling, general and administrative: Selling, general and administrative expenses from our Broadcasting segment for the three and nine months ended September 30, 2018 was \$9.1 million and \$31.3 million, respectively. For the three months ended September 30, 2018, the Broadcasting segment's selling, general and administrative expenses were primarily attributable to compensation costs of \$6.1 million, and a mix of legal, professional services, rent, and other selling, general and administrative expenses of the Broadcasting entities. For the nine months ended September 30, 2018, the Broadcasting segment's selling, general and administrative expenses were primarily attributable to compensation costs of \$17.0 million, \$3.0 million in legal fees associated with acquisitions; and a mix of legal, professional services, rent, and other selling, general and administrative expenses of the Broadcasting entities.

Depreciation and amortization: Depreciation and amortization from our Broadcasting segment for the three and nine months ended September 30, 2018 was \$0.8 million and \$2.3 million, respectively, driven by amortization of fixed assets and definite lived intangible assets acquired subsequent to the third quarter of 2017.

Non-operating Corporate

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Selling, general and administrative expenses	\$7,570	\$11,304	\$ (3,734)	\$23,333	\$27,405	\$ (4,072)
Depreciation and amortization	21	17	4	62	50	12
Loss from operations	\$(7,591)	\$(11,321)	\$ 3,730	\$(23,395)	\$(27,455)	\$ 4,060

Selling, general and administrative expenses: Selling, general and administrative expenses from our Non-operating Corporate segment for the three months ended September 30, 2018 decreased \$3.7 million to \$7.6 million from \$11.3 million for the three months ended September 30, 2017. Selling, general and administrative expenses from our Non-operating Corporate segment for the nine months ended September 30, 2018 decreased \$4.1 million to \$23.3 million from \$27.4 million for the nine months ended September 30, 2017. The decreases were driven by a reduction of acquisition related expenses incurred compared to the prior period, a decrease in compensation expense driven by lower bonus expense, and a decrease in overhead costs, including unrepeated compensation related expenses associated with senior management changes in the comparable period.

Income (loss) from Equity Investments

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Construction	\$(19)	\$—	\$ (19)	\$(104)	\$—	\$ (104)
Marine Services	9,126	2,839	6,287	16,869	17,094	(225)
Life Sciences	(873)	(1,840)	967	(3,010)	(4,342)	1,332
Other	(100)	(28)	(72)	(100)	(85)	(15)
Income from equity investments	\$8,134	\$971	\$ 7,163	\$13,655	\$12,667	\$ 988

Marine Services: Income from equity investments within our Marine Services segment for the three months ended September 30, 2018 increased \$6.3 million to \$9.1 million from \$2.8 million for the three months ended September 30, 2017. The increase was principally driven by comparatively stronger results of HMN driven by a higher level of project activity in the current period.

Life Sciences: Loss from equity investments within our Life Sciences segment for the three months ended September 30, 2018 decreased \$1.0 million to \$0.9 million from \$1.9 million for the three months ended September 30, 2017. Loss from equity investments within our Life Sciences segment for the nine months ended September 30, 2018 decreased \$1.3 million to a loss of \$3.0 million from a loss of \$4.3 million for the nine months ended September 30, 2017. The decreases were largely due to lower equity method losses recorded from our investment in Medibeacon as clinical trials on the MB-102 technology, which have concluded.

Non-GAAP Financial Measures and Other Information

Adjusted EBITDA

Adjusted EBITDA is not a measurement recognized under U.S. GAAP. In addition, other companies may define Adjusted EBITDA differently than we do, which could limit its usefulness.

Management believes that Adjusted EBITDA provides investors with meaningful information for gaining an understanding of our results as it is frequently used by the financial community to provide insight into an organization's operating trends and facilitates comparisons between peer companies, since interest, taxes, depreciation, amortization and the other items listed in the definition of Adjusted EBITDA below can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA can also be a useful measure of a company's ability to service debt. While management believes that non-U.S. GAAP measurements are useful supplemental information, such adjusted results are not intended to replace our U.S. GAAP financial results. Using Adjusted EBITDA as a performance measure has inherent limitations as an analytical tool as compared to net income (loss) or other U.S. GAAP financial measures, as this non-GAAP measure excludes certain items, including items that are recurring in nature, which may be meaningful to investors. As a result of the exclusions, Adjusted EBITDA should not be considered in isolation and does not purport to be an alternative to net income (loss) or other U.S. GAAP financial measures as a measure of our operating performance. Adjusted EBITDA excludes the results of operations and any consolidating eliminations of our Insurance segment.

Edgar Filing: HC2 HOLDINGS, INC. - Form 10-Q

The calculation of Adjusted EBITDA, as defined by us, consists of Net income (loss) as adjusted for depreciation and amortization; amortization of equity method fair value adjustments at acquisition; (gain) loss on sale or disposal of assets; lease termination costs; asset impairment expense; interest expense; net gain (loss) on contingent consideration; loss on early extinguishment or restructuring of debt; gain (loss) on sale of subsidiaries; other (income) expense, net; foreign currency transaction (gain) loss included in cost of revenue; income tax (benefit) expense; (gain) loss from discontinued operations; noncontrolling interest; bonus to be settled in equity; share-based compensation expense; non-recurring items; and acquisition and disposition costs.

Total Core Operating
Subsidiaries

Construction: Net Income from our Construction segment for the three months ended September 30, 2018 increased \$2.1 million to \$9.2 million from \$7.1 million. Adjusted EBITDA income from our Construction segment for the three months ended September 30, 2018 decreased \$0.8 million to \$16.0 million from \$16.8 million for the three months ended September 30, 2017. The decrease is primarily attributable to increases in salary and benefits due to an overall increase in headcount required to support the overall growth in the company.

Marine Services: Net Income (loss) from our Marine Services segment for the three months ended September 30, 2018 decreased \$1.3 million to net loss of \$0.5 million from net income of \$0.8 million. Adjusted EBITDA income from our Marine Services segment for the three months ended September 30, 2018 decreased \$0.9 million to \$7.9 million from \$8.8 million for the three months ended September 30, 2017. The decrease was primarily driven by higher than expected costs on a certain offshore power construction project, an increase in unutilized vessel costs attributable to recently acquired marine assets and the timing of new project work as these assets are being deployed, and from an increase in Selling, General and Administrative expenses. This was partially offset by increases at GMSL's equity investment in HMN, which recorded higher income than in the comparable period driven by a higher level of project work.

Energy: Net loss from our Energy segment for the three months ended September 30, 2018 decreased by \$0.3 million to \$0.6 million from \$0.9 million. Adjusted EBITDA income from our Energy segment for the three months ended September 30, 2018 increased \$0.7 million to \$1.0 million from \$0.3 million for the three months ended September 30, 2017. The increase was driven by additional income recognized from renewable energy tax credits related to the sale of RNG, increased sales of CNG, and decreases in utility and supply costs associated with delivering CNG.

Telecommunications: Net Income from our Telecommunications segment for the three months ended September 30, 2018 remained consistent at \$1.3 million. Adjusted EBITDA income from our Telecommunications segment remained consistent for the three months ended September 30, 2018 and 2017.

Life Sciences: Net loss from our Life Sciences segment for the three months ended September 30, 2018 decreased \$4.2 million to \$2.6 million from \$6.8 million. Adjusted EBITDA loss from our Life Sciences segment for the three months ended September 30, 2018 decreased \$5.2 million to \$3.0 million from \$8.2 million for the three months ended September 30, 2017. The decrease was driven by R2 Dermatology which paid a clinical milestone expenses in the third quarter of 2017 and decreased losses in its Medibeacon equity investment as clinical trials on the MB-102 technology have concluded. In addition, due to the second quarter 2018 sale of BeneVir, expenses for the third quarter of 2018 decreased due to the segment having one less operating entity. This decrease was partially offset by an increase in compensation expense of the Pansend Holding Company resulting from increased performance of the segment.

Broadcasting: Net Loss from our Broadcasting segment for the three months ended September 30, 2018 was \$4.7 million. Adjusted EBITDA loss from our Broadcasting segment for the three months ended September 30, 2018 was \$2.4 million. Adjusted EBITDA loss from the Broadcasting segment was largely driven by operational expenses of the entities which were predominantly acquired in the fourth quarter of 2017 and not present in the comparable period.

Other and Eliminations: Net Income (loss) from Other and Eliminations for the three months ended September 30, 2018 increased \$5.1 million to income of \$4.5 million from a loss of \$0.6 million. Adjusted EBITDA loss from Other and Eliminations for the three months ended September 30, 2018 decreased \$0.1 million to \$1.0 million from \$1.1 million for the three months ended September 30, 2017.

Non-operating Corporate: Net Loss from our Non-operating Corporate segment for the three months ended September 30, 2018 increased \$6.1 million to \$17.3 million from \$11.2 million. Adjusted EBITDA loss from our Non-operating Corporate segment for the three months ended September 30, 2018 decreased \$2.1 million to \$6.2 million from \$8.3 million for the three months ended September 30, 2017. The decrease was attributable to a reduction in compensation expense driven by lower bonus expense, and a decrease in overhead costs, including unrepeated compensation related expenses associated with senior management changes in the comparable period.

Construction: Net Income from our Construction segment for the nine months ended September 30, 2018 increased \$5.6 million to \$20.1 million from \$14.5 million. Adjusted EBITDA income from our Construction segment for the nine months ended September 30, 2018 increased \$5.0 million to \$41.5 million from \$36.5 million for the nine months ended September 30, 2017. The increase can be attributed to the overall growth in project revenues, principally from large commercial projects in the West region, partially offset by increases in salary and benefits due to increases in headcount required to support the overall growth in the company.

Marine Services: Net Income from our Marine Services segment for the nine months ended September 30, 2018 decreased \$4.8 million to \$4.1 million from \$8.9 million. Adjusted EBITDA income from our Marine Services segment for the nine months ended September 30, 2018 decreased \$3.0 million to \$25.8 million from \$28.8 million for the nine months ended September 30, 2017. The decrease was primarily driven by higher than expected costs on a certain offshore power construction project, an increase in unutilized vessel costs attributable to recently acquired marine assets and the timing of new project work as these assets are being deployed, and from an increase in Selling, General, and Administrative expenses.

Energy: Net loss from our Energy segment for the nine months ended September 30, 2018 and 2017 decreased \$1.4 million to \$0.6 million from \$2.0 million. Adjusted EBITDA income from our Energy segment for the nine months ended September 30, 2018 increased \$2.2 million to \$4.7 million from \$2.5 million for the nine months ended September 30, 2017. The increase was largely driven by \$2.6 million of AFETC recognized in the second quarter of 2018 attributable to 2017 CNG sales that were not recognized in the comparable period and additional income recognized from renewable energy tax credits related to the sale of RNG and additional sales of CNG. This was partially offset by increases in utility and supply costs associated with delivering CNG and a general increase in expenses required to support the overall growth in the company.

Telecommunications: Net Income from our Telecommunications segment for the nine months ended September 30, 2018 decreased \$1.5 million to \$3.4 million from \$4.9 million. Adjusted EBITDA income from our Telecommunications segment for the nine months ended September 30, 2018 decreased \$1.4 million to \$3.9 million from \$5.3 million for the nine months ended September 30, 2017. While there was an increase in revenues due to normal fluctuations in wholesale traffic volumes, the decrease in Adjusted EBITDA was driven by a lower margin contribution mix as a result of unfavorable fluctuations in wholesale call termination and supplier termination rates. Additionally, there were increases in professional fees required to support operations.

Life Sciences: Net Income (loss) from our Life Sciences segment for the nine months ended September 30, 2018 increased \$81.9 million to income of \$67.6 million from loss of \$14.3 million. Adjusted EBITDA loss from our Life Sciences segment for the nine months ended September 30, 2018 decreased \$4.9 million to \$12.2 million from \$17.1 million for the nine months ended September 30, 2017. The decrease was driven by R2 Dermatology which paid a clinical milestone expenses in the third quarter of 2017 and decreased losses in its Medibeacon equity investment. In addition, due to the second quarter 2018 sale of BeneVir, expenses for the period decreased due to the segment having one less operating entity. This decrease was partially offset by an increase in compensation expense of the Pansend Holding Company resulting from increased performance of the segment.

Broadcasting: Net Loss from our Broadcasting segment for the nine months ended September 30, 2018 was \$29.2 million. Adjusted EBITDA loss from our Broadcasting segment for the nine months ended September 30, 2018 was \$13.7 million. Loss from the Broadcasting segment was largely driven by operation expenses of the entities which were predominantly acquired in the fourth quarter of 2017 and not present in the comparable period.

Other and Eliminations: Net Income (loss) from Other and Eliminations for the nine months ended September 30, 2018 increased \$13.6 million to \$3.8 million from a loss of \$9.8 million. Adjusted EBITDA loss from Other and Eliminations for the nine months ended September 30, 2018 decreased \$2.2 million to \$2.2 million from \$4.4 million for the nine months ended September 30, 2017. The decrease in loss was due to improved performance of 704Games Company, through its sales of console and mobile games, through the deconsolidation date of August 14, 2018.

Non-operating Corporate: Net Loss from our Non-operating Corporate segment for the nine months ended September 30, 2018 increased \$12.9 million to \$57.2 million from \$44.3 million. Adjusted EBITDA loss from our Non-operating Corporate segment for the nine months ended September 30, 2018 decreased \$2.1 million to \$18.3 million from \$20.4 million for the nine months ended September 30, 2017. The decrease was attributable to a reduction in compensation expense driven by lower bonus expense, and a decrease in overhead costs, including unrepeated compensation related expenses associated with senior management changes in the comparable period.

(in thousands):	Three Months Ended September 30,			Nine months ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)
Construction	\$ 15,951	\$ 16,788	\$ (837)	\$ 41,453	\$ 36,476	\$ 4,977

Other and Eliminations	(1,006)	(1,115)	109	(2,180)	(4,436)	2,256
Total Early Stage and Other	(6,426)	(9,270)	2,844	(28,073)	(21,577)	(6,496)
Non-Operating Corporate	(6,229)	(8,256)	2,027	(18,285)	(20,420)	2,135
Adjusted EBITDA	\$ 13,672	\$ 9,796	\$ 3,876	\$ 29,434	\$ 31,050	\$ (1,616)

Our Adjusted EBITDA was \$13.7 million and \$9.8 million for the three months ended September 30, 2018 and 2017, respectively. The increase was primarily driven by reductions in losses from the Life Sciences segment due to reductions in selling, general and administrative expenses at R2 and decreases in losses in its Medibeacon equity investment. The increase in Adjusted EBITDA was also driven by a reduction in losses in the Non-Operating

Corporate segment attributable to a reduction in compensation expense driven by lower bonus, and a decrease in overhead costs, including unrepeated compensation related expenses associated with senior management changes in the comparable period. The increase was offset by the Adjusted EBITDA loss from our Broadcasting segment, as it has significant operation expenses of the entities which were predominantly acquired in the fourth quarter of 2017 and had not been part of the Company in the comparable period.

Our Adjusted EBITDA was \$29.4 million and \$31.1 million for the nine months ended September 30, 2018 and 2017, respectively. The decrease was primarily driven by our Broadcasting segment, as it had significant operation expenses for entities which were predominantly acquired in the fourth quarter of 2017 and had not been part of the Company in the comparable period. Further, the decrease was partially driven by our Marine Segment, which had an increase in costs of revenue, due largely to higher than expected costs on a certain offshore power construction project. The increase was offset by improved Adjusted EBITDA from our Construction segment attributed to the overall growth in project revenues, principally from large commercial projects in the West region, our Life Sciences segment due to reductions in selling, general and administrative expenses at R2 and decreases in losses in its Medibeacon equity investment, and our Non-Operating Corporate segment attributable to a reduction in compensation expense driven by lower bonus, and a decrease in overhead costs, including unrepeated compensation related expenses associated with senior management changes in the comparable period.

Adjusted Operating Income - Insurance

Adjusted Operating Income ("Insurance AOI") and Pre-tax Adjusted Operating Income ("Pre-tax Insurance AOI") for the Insurance segment are non-U.S. GAAP financial measures frequently used throughout the insurance industry and are economic measures the Insurance segment uses to evaluate its financial performance. Management believes that Insurance AOI and Pretax Insurance AOI measures provide investors with meaningful information for gaining an understanding of certain results and provide insight into an organization's operating trends and facilitates comparisons between peer companies. However, Insurance AOI and Pre-tax Insurance AOI have certain limitations, and we may not calculate it the same as other companies in our industry. It should, therefore, be read together with the Company's results calculated in accordance with U.S. GAAP.

Similarly to Adjusted EBITDA, using Insurance AOI and Pre-tax Insurance AOI as performance measures have inherent limitations as an analytical tool as compared to income (loss) from operations or other U.S. GAAP financial measures, as these non-U.S. GAAP measures exclude certain items, including items that are recurring in nature, which may be meaningful to investors. As a result of the exclusions, Insurance AOI and Pre-tax Insurance AOI should not be considered in isolation and do not purport to be an alternative to income (loss) from operations or other U.S. GAAP financial measures as measures of our operating performance.

Management defines Insurance AOI as Net income (loss) for the Insurance segment adjusted to exclude the impact of net investment gains (losses), including OTTI losses recognized in operations; asset impairment; intercompany elimination; bargain purchase gains, reinsurance gain; and acquisition costs. Management defines Pre-tax Insurance AOI as Insurance AOI adjusted to exclude the impact of income tax (benefit) expense recognized during the current period. Management believes that Insurance AOI and Pre-tax Insurance AOI provide meaningful financial metrics that help investors understand certain results and profitability. While these adjustments are an integral part of the overall performance of the Insurance segment, market conditions impacting these items can overshadow the underlying performance of the business. Accordingly, we believe using a measure which excludes their impact is effective in analyzing the trends of our operations.

The table below shows the adjustments made to the reported Net income (loss) of the Insurance segment to calculate Insurance AOI and Pre-tax Insurance AOI (in thousands). Refer to the analysis of the fluctuations within the results of operations section:

	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Increase / (Decrease)	2018	2017	Increase / (Decrease)

⁽¹⁾ The Insurance segment revenues are inclusive of mark-to-market adjustments recorded on equity securities in accordance with ASU 2016-01. Certain of these adjustments related to consolidated subsidiaries are eliminated and others are reclassified to Other income (expenses), net in consolidation.

Three and nine months ended September 30, 2018 compared to the three and nine months ended September 30, 2017

Net income for the three months ended September 30, 2018 increased \$136.8 million to \$141.1 million from \$4.3 million. Net income for the nine months ended September 30, 2018 increased \$139.2 million to income of \$142.9 million from \$3.7 million.

Pretax Insurance AOI income (loss) for the three months ended September 30, 2018 decreased \$28.3 million to a loss of \$11.3 million, as compared to income of \$17.0 million for the three months ended September 30, 2017. Pretax Insurance AOI income (loss) for the nine months ended September 30, 2018 decreased \$29.3 million to loss of \$8.7 million, as compared to income of \$20.6 million for nine months ended September 30, 2017. The decrease in Pre-Tax Insurance AOI is primarily driven by the KIC acquisition, which saw an increase in reserves shortly after close, driven by a higher proportion of new claims with lifetime benefit periods which generate higher reserves than the block had seen in the prior year. Additionally, the Insurance segment has seen additional claim incidences that have persisted longer than expected. Partially offsetting these decreases were increases in net investment income, both due to the additional assets acquired in the KIC acquisition and additional reinvestment of the investments of the segment and higher average invested fixed maturity securities and mortgage loans from premiums received along with rotation into higher-yielding investments, which have appreciated in value over the current periods.

Backlog

Projects in backlog consist of awarded contracts, letters of intent, notices to proceed, change orders, and purchase orders obtained. Backlog increases as contract commitments are obtained, decreases as revenues are recognized and increases or decreases to reflect modifications in the work to be performed under the contracts. Backlog is converted to sales in future periods as work is performed or projects are completed. Backlog can be significantly affected by the receipt or loss of individual contracts.

Construction Segment

At September 30, 2018, DBMG's backlog was \$615.4 million, consisting of \$422.1 million under contracts or purchase orders and \$193.3 million under letters of intent or notices to proceed. Approximately \$374.8 million, representing 60.9% of DBMG's backlog at September 30, 2018, was attributable to five contracts, letters of intent, notices to proceed or purchase orders. If one or more of these projects terminate or reduce their scope, DBMG's backlog could decrease substantially.

Marine Services Segment

At September 30, 2018, GMSL's backlog stood at \$357.7 million, inclusive of \$266.6 million of signed contracts and customer-approved change orders and \$91.1 million of on-site repair estimates associated with its long-term maintenance contracts. Approximately \$325.2 million, representing 90.9% of GMSL's backlog at September 30, 2018 was attributable to three multi-year telecom maintenance contracts which will naturally burn through to revenue as the contracts run off. GMSL's reported backlog may not be converted to revenue in any particular period and actual revenue may not equal its backlog. Therefore, GMSL's backlog may not be indicative of the level of its future revenues.

Liquidity and Capital Resources

Short- and Long-Term Liquidity Considerations and Risks

HC2 is a holding company and its liquidity needs are primarily for interest payments on its 11.0% Notes and dividend payments on its Preferred Stock. HC2 also has liquidity needs related to recurring operational expenses.

As of September 30, 2018, HC2 had \$831.6 million of cash and cash equivalents compared to \$97.9 million as of December 31, 2017. On a stand-alone basis, as of September 30, 2018, our Non-Operating Corporate segment had cash and cash equivalents of \$44.4 million compared to \$29.4 million at December 31, 2017. At September 30, 2018, cash and cash equivalents in our Insurance segment was \$749.2 million compared to \$25.2 million at December 31, 2017.

Our subsidiaries' principal liquidity requirements arise from cash used in operating activities, debt service, and capital expenditures, including purchases of steel construction equipment and subsea cable equipment, fueling stations, network equipment (such as switches, related transmission equipment and capacity), and service infrastructure, liabilities associated with insurance products, development of back-office systems, operating costs and expenses, and income taxes.

As of September 30, 2018, the Company had \$706.6 million of indebtedness on a consolidated basis compared to \$601.1 million as of December 31, 2017. On a stand-alone basis, as of September 30, 2018 and December 31, 2017, HC2 had indebtedness of \$510.0 million and \$400.0 million, respectively.

Our Non-Operating Corporate segment's debt consists of the 11.0% Notes, and is required to make semi-annual interest payments on its outstanding 11.0% Notes on June 1st and December 1st of each year. HC2 is required to make dividend payments on our outstanding Preferred Stock on January 15th, April 15th, July 15th, and October 15th of each year.

During the three months ended September 30, 2018 HC2 received \$0.8 million in dividends from its Telecommunications segment. During the nine months ended September 30, 2018, HC2 received \$2.5 million in dividends from its Telecommunications segment.

Under a tax sharing agreement, DBMG reimburses HC2 for use of its Net Operating Losses. During the nine months ended September 30, 2018, HC2 received \$4.0 million from DBMG under this tax sharing agreement.

We have financed our growth and operations to date, and expect to finance our future growth and operations, through public offerings and private placements of debt and equity securities, credit facilities, vendor financing, capital lease financing and other financing arrangements, as well as cash generated from the operations of our subsidiaries. In the future, we may also choose to sell assets or certain investments to generate cash.

At this time, we believe that we will be able to continue to meet our liquidity requirements and fund our fixed obligations (such as debt service and operating leases) and other cash needs for our operations for at least the next twelve months through a combination of distributions from our subsidiaries and from raising of additional debt or equity, refinancing of certain of our indebtedness or preferred stock, other financing arrangements and/or the sale of assets and certain investments. Historically, we have chosen to reinvest cash and receivables into the growth of our various businesses, and therefore have not kept a large amount of cash on hand at the holding company level, a practice which we expect to continue in the future. The ability of HC2's subsidiaries to make distributions to HC2 is subject to numerous factors, including restrictions contained in each subsidiary's financing agreements, regulatory requirements, availability of sufficient funds at each subsidiary and the approval

of such payment by each subsidiary's board of directors, which must consider various factors, including general economic and business conditions, tax considerations, strategic plans, financial results and condition, expansion plans, any contractual, legal or regulatory restrictions on the payment of dividends, and such other factors each subsidiary's board of directors considers relevant. Our ability to sell assets and certain of our investments to meet our existing financing needs may also be limited by our existing financing instruments. Although the Company believes that it will be able to raise additional equity capital, refinance indebtedness or Preferred Stock, enter into other financing arrangements or engage in asset sales and sales of certain investments sufficient to fund any cash needs that we are not able to satisfy with the funds expected to be provided by our subsidiaries, there can be no assurance that it will be able to do so on terms satisfactory to the Company if at all. Such financing options, if pursued, may also ultimately have the effect of negatively impacting our liquidity profile and prospects over the long-term. In addition, the sale of assets or the Company's investments may also make the Company less attractive to potential investors or future financing partners.

Indebtedness

See Note 13. Debt Obligations and Note 22. Subsequent Events, to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q for a description of our long-term debt.

Restrictive Covenants

The 11.0% Notes Indenture contains certain covenants limiting, among other things, the ability of the Company and certain subsidiaries of the Company to incur additional indebtedness; create liens; engage in sale-leaseback transactions; pay dividends or make distributions in respect of capital stock and make certain restricted payments; sell assets; engage in transactions with affiliates; or consolidate or merge with, or sell substantially all of its assets to, another person. These covenants are subject to a number of important exceptions and qualifications.

The 11.0% Notes Indenture also includes two maintenance covenants: (1) a liquidity covenant; and (2) a collateral coverage covenant.

The liquidity covenant provides that the Company will not permit the aggregate amount of all unrestricted cash and cash equivalents of the Company and the subsidiary guarantors of the 11.0% Notes (the "Guarantors") to be less than the Company's obligations to pay interest on the 11.0% Notes and all other debt of the Company and the Guarantors, plus mandatory cash dividends on the Company's Preferred Stock, for the next (i) six months if our collateral coverage ratio is greater than 2.0x or (ii) 12 months if our collateral coverage ratio is less than 2.0x. As of September 30, 2018, our collateral coverage ratio was greater than 2.0x and therefore the liquidity covenant requires the Company to maintain 6 months of debt service and preferred dividend obligations. If the collateral coverage ratio subsequently becomes lower than 2:1 in the future, the maintenance of liquidity requirement under the 11.0% Notes will be increased back to 12 months of debt service and preferred dividend obligations. As of September 30, 2018, the Company was in compliance with this covenant.

The collateral coverage covenant provides that the Company's Collateral Coverage Ratio (defined in the 11.0% Notes Indenture as the ratio of (i) the Loan Collateral to (ii) Consolidated Secured Debt (each as defined therein)) calculated on a pro forma basis as of the last day of each fiscal quarter may not be less than 1.25:1. As of September 30, 2018, the Company was in compliance with this covenant.

The instruments governing the Company's Preferred Stock also limit the Company's and its subsidiaries ability to take certain actions, including, among other things, to incur additional indebtedness; issue additional Preferred Stock; engage in transactions with affiliates; and make certain restricted payments. These limitations are subject to a number of important exceptions and qualifications.

We are in compliance as of September 30, 2018 with all of the covenants, including financial covenants, in all of our debt agreements.

Summary of Consolidated Cash Flows

Presented below is a table that summarizes the cash provided or used in our activities and the amount of the respective increases or decreases in cash provided by (used in) those activities between the fiscal periods (in thousands):

	Nine Months Ended		Increase / (Decrease)
	September 30, 2018	September 30, 2017	
Operating activities	\$136,665	\$37,258	\$99,407
Investing activities	525,413	(66,962)	592,375
Financing activities	75,690	45,421	30,269
Effect of exchange rate changes on cash and cash equivalents	(442)	(149)	(293)
Net increase (decrease) in cash and cash equivalents	\$737,326	\$15,568	\$721,758

Operating Activities

Cash provided by operating activities totaled \$136.7 million for the nine months ended September 30, 2018 as compared to cash provided of \$37.3 million for the nine months ended September 30, 2017. The \$99.4 million increase was the result of an increase in working capital of \$106.8 million, largely driven by the Insurance segment's recapture of one of their reinsurance treaties offset in part by a reduction in working capital at DBMG and ICS. In addition there was an increase of \$10.5 million in dividends received from equity method investments from our Marine Services segment. This was offset by performance of the Broadcasting segment driven by operational expenses of the entities which were predominantly acquired in the fourth quarter of 2017 and not present in the comparable period.

Investing Activities

Cash provided in investing activities totaled \$525.4 million for the nine months ended September 30, 2018 as compared to cash used of \$67.0 million for the nine months ended September 30, 2017. The \$592.4 million increase was from our Insurance segment driven by \$806.7 million in cash and cash equivalents acquired from the acquisition of KIC and our Life Sciences segment due to proceeds from the disposal of BeneVir of \$93.4 million and a decrease in cash used in the prior period from the purchase of equity method investments of \$10.6 million. The increase was partially offset by higher net investment spend of \$192.5 million by our Insurance segment, cash used for acquisitions in our Broadcasting segment of \$77.5 million, and a decrease in maturities and redemptions of investments at our Insurance segment of \$44.2 million.

Financing Activities

Cash provided by financing activities totaled \$75.7 million for the nine months ended September 30, 2018 as compared to cash provided in financing activities of \$45.4 million for the nine months ended September 30, 2017. The \$30.3 million increase was driven by an increase in net cash proceeds of \$42.6 million from the Company's debt issuances, partially offset by \$12.5 million in cash used in transactions with noncontrolling interest holders, largely driven by our Life Sciences segment associated with the sale of BeneVir.

Other Invested Assets

Carrying values of other invested assets accounted for under cost and equity method are as follows (in thousands):

	September 30, 2018		December 31, 2017	
	Equity Method	Fair Value	Cost Method	Equity Method
Common Equity	\$—	\$1,914	\$—	\$1,484

Edgar Filing: HC2 HOLDINGS, INC. - Form 10-Q

Preferred Equity	1,600	10,757	—	2,484	14,197	—
Derivatives	—	—	290	422	—	260
Other	—	56,404	—	—	66,572	—
Total	\$1,600	\$69,075	\$ 290	\$2,906	\$82,253	\$ 260

70

Construction

Cash Flows

Cash flows from operating activities are the principal source of cash used to fund DBMG's operating expenses, interest payments on debt, and capital expenditures. DBMG's short-term cash needs are primarily for working capital to support operations including receivables, inventories, and other costs incurred in performing its contracts. DBMG attempts to structure the payment arrangements under its contracts to match costs incurred under the project. To the extent it is able to bill in advance of costs incurred, DBMG generates working capital through billings in excess of costs and recognized earnings on uncompleted contracts. DBMG relies on its credit facilities to meet its working capital needs. DBMG believes that its existing borrowing availability together with cash from operations will be adequate to meet all funding requirements for its operating expenses, interest payments on debt and capital expenditures for the foreseeable future.

DBMG is required to make monthly or quarterly interest payments on all of its debt. Based upon the September 30, 2018 debt balance, DBMG anticipates that its interest payments will be approximately \$0.5 million each quarter.

DBMG believes that its available funds, cash generated by operating activities and funds available under its bank credit facilities will be sufficient to fund its capital expenditures and its working capital needs. However, DBMG may expand its operations through future acquisitions and may require additional equity or debt financing.

Marine Services

Cash Flows

Cash flows from operating activities are the principal source of cash used to fund GMSL's operating expenses, interest payments on debt, and capital expenditures. GMSL's short-term cash needs are primarily for working capital to support operations including receivables, inventories, and other costs incurred in performing its contracts. GMSL attempts to structure the payment arrangements under its contracts to match costs incurred under the project. To the extent it is able to bill in advance of costs incurred, GMSL generates working capital through billings in excess of costs and recognized earnings on uncompleted contracts. GMSL believes that its existing borrowing availability together with cash from operations will be adequate to meet all funding requirements for its operating expenses, interest payments on debt and capital expenditures for the foreseeable future.

GMSL is required to make monthly and quarterly interest and principal payments depending on the structure of each individual debt agreement.

Market Environment

GMSL earns revenues in a variety of currencies including the U.S. dollar, the Singapore dollar, the Euro, and the British pound. The exchange rates between the U.S. dollar, the Singapore dollar, the Euro, and the British pound have fluctuated in recent periods and may fluctuate substantially in the future. Any material appreciation or depreciation of these currencies against each other may have a negative impact on GMSL's results of operations and financial condition.

Insurance

Cash flows

CIG's principal cash inflows from its operating activities relate to its premiums, annuity deposits and insurance, investment product fees and other income. CIG's principal cash inflows from its invested assets result from investment income and the maturity and sales of invested assets. The primary liquidity concern with respect to these cash inflows relates to the risk of default by debtors and interest rate volatility. Additional sources of liquidity to meet unexpected cash outflows in excess of operating cash inflows and current cash and equivalents on hand include selling short-term investments or fixed maturity securities.

CIG's principal cash outflows relate to the payment of claims liabilities, interest credited and operating expenses. CIG's management believes its current sources of liquidity are adequate to meet its cash requirements for the next 12 months.

Market environment

As of September 30, 2018, CIG was in a position to hold any investment security showing an unrealized loss until recovery, provided it remains comfortable with the credit of the issuer. CIG does not rely on short-term funding or commercial paper and to date it has experienced no liquidity pressure, nor does it anticipate such pressure in the foreseeable future. CIG projects its reserves to be sufficient and believes its current capital base is adequate to support its business.

Dividend Limitations

CIG's insurance subsidiary is subject to Texas statutory provisions that restrict the payment of dividends. The dividend limitations on CIG are based on statutory financial results and regulatory approval. Statutory accounting practices differ in certain respects from accounting principles used in financial statements prepared in conformity with U.S. GAAP. Significant differences include the treatment of deferred income taxes, required investment reserves, reserve calculation assumptions and surplus notes.

The ability of CIG's insurance subsidiary to pay dividends and to make such other payments is limited by applicable laws and regulations of the states in which its subsidiary is domiciled, which subject its subsidiary to significant regulatory restrictions. These laws and regulations require, among other things, CIG's insurance subsidiary to maintain minimum solvency requirements and limit the amount of dividends this subsidiary can pay. Along with solvency regulations, the primary driver in determining the amount of capital used for dividends is the level of capital needed to maintain desired financial strength in the form of its subsidiary Risk-Based Capital ("RBC") ratio. CIG monitors its insurance subsidiary's compliance with the RBC requirements specified by the National Association of Insurance Commissioners. As of December 31, 2017, CIG's insurance subsidiary exceeds the minimum RBC requirements. CIG's insurance subsidiary paid no dividends to CIG in fiscal year 2017 and has further agreed with its state regulator to not pay dividends for three years following the completion of the acquisition on December 24, 2015.

Other

During the nine months ended September 30, 2018, the Insurance segment generated \$2.4 million in net management fees.

The Company has an agreement with the Texas Department of Insurance ("TDOI") that, for five years following the acquisition, the Company will contribute to Continental General Insurance Company ("CGI" or the "Insurance Company") cash or marketable securities acceptable to the TDOI to the extent required for CGI's total adjusted capital to be not less than 400% of CGI's authorized control level risk-based capital (each as defined under Texas law and reported in CGI's statutory statements filed with the TDOI).

Additionally, CGI entered into a capital maintenance agreement with Great American Financial Resources, Inc. ("Great American"). Under the agreement, if the acquired company's total adjusted capital reported in its annual statutory financial statements is less than 400% of its authorized control level risk-based capital, Great American has agreed to pay cash or assets to the acquired company as required to eliminate such shortfall (after giving effect to any capital contributions made by the Company or its affiliates since the date of the relevant annual statutory financial statement). Great American's obligation to make such payments is capped at \$35.0 million under the capital maintenance agreement. The capital maintenance agreement will remain in effect from January 1, 2016 to January 1, 2021 or until payments by Great American under the agreement equal the cap. Pursuant to the purchase agreement, the Company is required to indemnify Great American for the amount of any payments made by Great American under the capital maintenance agreement.

Asset Liability Management

CIG's insurance subsidiary maintains investment strategies intended to provide adequate funds to pay benefits without forced sales of investments. Products having liabilities with longer durations, such as long-term care insurance, are matched with investments such as long-term fixed maturity securities. Shorter-term liabilities are matched with fixed maturity securities that have short- and medium-term fixed maturities. The types of assets in which CIG may invest are influenced by state laws, which prescribe qualified investment assets applicable to insurance companies. Within the parameters of these laws, CIG invests in assets giving consideration to four primary investment objectives: (i)

maintain robust absolute returns; (ii) provide reliable yield and investment income; (iii) preserve capital and (iv) provide liquidity to meet policyholder and other corporate obligations. The Insurance segment's investment portfolio is designed to contribute stable earnings and balance risk across diverse asset classes and is primarily invested in high quality fixed income securities. In addition, at any given time, CIG's insurance subsidiary could hold cash, highly liquid, high-quality short-term investment securities and other liquid investment grade fixed maturity securities to fund anticipated operating expenses, surrenders and withdrawals.

Investments

At September 30, 2018 and December 31, 2017, CIG's investment portfolio is comprised of the following (in thousands):

	September 30, 2018		December 31, 2017	
	Fair Value	Percent	Fair Value	Percent
U.S. Government and government agencies	\$28,558	0.9 %	\$15,722	1.1 %
States, municipalities and political subdivisions	416,390	12.5 %	395,450	26.5 %
Foreign government	—	— %	5,998	0.4 %
Residential mortgage-backed securities	100,677	3.0 %	104,895	7.0 %
Commercial mortgage-backed securities	60,370	1.8 %	30,405	2.0 %
Asset-backed securities	285,799	8.6 %	147,926	9.9 %
Corporate and other (*)	2,094,613	63.2 %	641,788	42.9 %
Common stocks (*)	73,809	2.2 %	38,780	2.6 %
Perpetual preferred stocks	151,275	4.6 %	42,572	2.9 %
Mortgage loans	87,308	2.6 %	52,109	3.5 %
Policy loans	20,324	0.6 %	17,944	1.2 %
Total	\$3,319,123	100.0 %	\$1,493,589	100.0 %

(*) Balance includes fair value of certain securities held by the Company, which are either eliminated on consolidation or reported within Other invested assets.

Credit Quality

Insurance statutes regulate the type of investments that CIG is permitted to make and limit the amount of funds that may be used for any one type of investment. In light of these statutes and regulations, and CIG's business and investment strategy, CIG generally seeks to invest in (i) securities rated investment grade by established nationally recognized statistical rating organizations (each, a nationally recognized statistical rating organization ("NRSRO")), (ii) U.S. Government and government-sponsored agency securities, or (iii) securities of comparable investment quality, if not rated.

The following table summarizes the credit quality, by NRSRO rating, of CIG's fixed income portfolio (in thousands):

	September 30, 2018		December 31, 2017	
	Fair Value	Percent	Fair Value	Percent
AAA, AA, A	\$1,649,911	55.3 %	\$724,973	54.0 %
BBB	1,158,376	38.8 %	415,635	31.0 %
Total investment grade	2,808,287	94.1 %	1,140,608	85.0 %
BB	114,944	3.8 %	60,339	4.5 %
B	20,225	0.7 %	7,636	0.6 %
CCC, CC, C	34,218	1.1 %	25,575	1.9 %
D	8,834	0.3 %	14,990	1.1 %
NR	—	— %	93,036	6.9 %
Total non-investment grade	178,221	5.9 %	201,576	15.0 %
Total	\$2,986,508	100.0 %	\$1,342,184	100.0 %

Foreign Currency

Foreign currency fluctuations can impact our financial results. During the three months ended September 30, 2018 and 2017, approximately 10.2% and 11.7% respectively, of our net revenue from continuing operations was derived from

sales and operations outside the U.S. During the nine months ended September 30, 2018 and 2017, approximately 11.4% and 11.6%, respectively, of our net revenue from continuing operations was derived from sales and operations outside the U.S.

The reporting currency for our Condensed Consolidated Financial Statements is the United States dollar ("USD"). The local currency of each country is the functional currency for each of our respective entities operating in that country.

In the future, we expect to continue to derive a portion of our net revenue and incur a portion of our operating costs from outside the U.S., and therefore changes in exchange rates may continue to have a significant, and potentially adverse, effect on our results of operations. Our risk of loss regarding foreign currency exchange rate risk is caused primarily by fluctuations in the USD/British pound sterling ("GBP") exchange rate. Changes in the exchange rate of USD relative to the GBP could have an adverse impact on our future results of operations. We have agreements with certain subsidiaries for repayment of a portion of the investments and advances made to these subsidiaries. As we anticipate repayment in the foreseeable future, we recognize the unrealized gains and losses in foreign currency transaction gain (loss) on the Condensed Consolidated Financial Statements. The exposure of our income from operations to fluctuations in foreign currency exchange rates is reduced in part because a majority of the costs that we incur in connection with our foreign operations are also denominated in local currencies.

We are exposed to financial statement gains and losses as a result of translating the operating results and financial position of our international subsidiaries. We translate the local currency statements of operations of our foreign subsidiaries into USD using the average exchange rate during the reporting period. Changes in foreign exchange rates affect the reported profits and losses and cash flows of our international subsidiaries and may distort comparisons from year to year. By way of example, when the USD strengthens compared to the GBP, there could be a negative or positive effect on the reported results for our Telecommunications segment, depending upon whether such businesses are operating profitably or at a loss. More profits in GBP are required to generate the same amount of profits in USD and a greater loss in GBP to generate the same amount of loss in USD, and vice versa. For instance, when the USD weakens against the GBP, there is a positive effect on reported profits and a negative effect on reported losses.

Off-Balance Sheet Arrangements

DBMG

DBMG's off-balance sheet arrangements at September 30, 2018 included letters of credit of \$8.5 million under Credit and Security Agreements and performance bonds of \$157.8 million.

DBMG's contract arrangements with customers sometimes require DBMG to provide performance bonds to partially secure its obligations under its contracts. Bonding requirements typically arise in connection with public works projects and sometimes with respect to certain private contracts. DBMG's performance bonds are obtained through surety companies and typically cover the entire project price.

Corporate

In September 2018, HC2 entered into a 75 month lease for office space. As part of the agreement, HC2 was able to pay a lower security deposit and lease payments, and received a favorable lease term as consideration for landlord required cross default language in the event of default by Harbinger Capital Partners, a related party.

New Accounting Pronouncements

For a discussion of our New Accounting Pronouncements, refer to Note 2. Summary of Significant Accounting Policies to our Condensed Consolidated Financial Statements included in this Quarterly Report on Form 10-Q.

Critical Accounting Policies

During the quarter ended March 31, 2018, the Company adopted ASU 2014-09, Revenue from Contracts with Customers (refer to 2. Summary of Significant Accounting Policies), and updated its accounting policy for revenue recognition. Besides the adoption of this ASU, there have been no material changes in the Company's critical accounting policies during the quarter ended September 30, 2018. For additional information about critical accounting policies, refer to "Critical Accounting Policies" under Item 7 of the Company's Annual Report on Form 10-K for the year ended December 31, 2017 and to "Critical Accounting Policies" under Item 2 of the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2018 and June 30, 2018, respectively.

Related Party Transactions

For a discussion of our Related Party Transactions, refer to Note 19. Related Parties to our Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q.

Corporate Information

HC2, a Delaware corporation, was incorporated in 1994. The Company's executive offices are located at 450 Park Avenue, 30th Floor, New York, NY, 10022. The Company's telephone number is (212) 235-2690. Our Internet address is www.hc2.com. We make available free of charge through our Internet website our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports filed or furnished pursuant to the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. The information on our website is not a part of this Quarterly Report on Form 10-Q.

Special Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q contains or incorporates a number of "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are based on current expectations, and are not strictly historical statements. In some cases, you can identify forward-looking statements by terminology such as "if," "may," "should," "believe," "anticipate," "future," "forward," "potential," "estimate," "opportunity," "goal," "objective," "growth," "outcome," "could," "expect," "intend," "plan," "strategy," "provide," "commitment," "result," "seek," "pursue," "ongoing," "include" or in the negative of such terms or comparable terminology. These forward-looking statements inherently involve certain risks and uncertainties and are not guarantees of performance, results, or the creation of shareholder value, although they are based on our current plans or assessments which we believe to be reasonable as of the date hereof.

Factors that could cause actual results, events and developments to differ include, without limitation: the ability of our subsidiaries (including, target businesses following their acquisition) to generate sufficient net income and cash flows to make upstream cash distributions, capital market conditions, our and our subsidiaries' ability to identify any suitable future acquisition opportunities, efficiencies/cost avoidance, cost savings, income and margins, growth, economies of scale, combined operations, future economic performance, conditions to, and the timetable for, completing the integration of financial reporting of acquired or target businesses with HC2 or the applicable subsidiary of HC2, completing future acquisitions and dispositions, litigation, potential and contingent liabilities, management's plans, changes in regulations and taxes.

We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for all forward-looking statements.

Forward-looking statements are not guarantees of performance. You should understand that the following important factors, in addition to those discussed under the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2017, and in the documents incorporated by reference, could affect our future results and could cause those results or other outcomes to differ materially from those expressed or implied in the forward-looking statements. You should also understand that many factors described under one heading below may apply to more than one section in which we have grouped them for the purpose of this presentation. As a result, you should consider all of the following factors, together with all of the other information presented herein, in evaluating our business and that of our subsidiaries.

HC2 Holdings, Inc. and Subsidiaries

Our actual results or other outcomes may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- limitations on our ability to successfully identify any strategic acquisitions or business opportunities and to compete for these opportunities with others who have greater resources;
- our possible inability to generate sufficient liquidity, margins, earnings per share, cash flow and working capital from our operating segments;
- our dependence on distributions from our subsidiaries to fund our operations and payments on our obligations;
- the impact on our business and financial condition of our substantial indebtedness and the significant additional indebtedness and other financing obligations we may incur;
- the impact of covenants in the Indenture governing HC2's Notes, the Certificates of Designation governing HC2's Preferred Stock and all other subsidiary debt obligations as summarized in Note 13. Debt Obligations and future financing agreements on our ability to operate our business and finance our pursuit of acquisition opportunities. For

additional information on the Company's long-term obligations, see Note 13. Debt Obligations in the Company's Form 10-K;

- our dependence on certain key personnel, in particular, our Chief Executive Officer, Philip Falcone;
- uncertain global economic conditions in the markets in which our operating segments conduct their businesses;
- the ability of our operating segments to attract and retain customers;
- increased competition in the markets in which our operating segments conduct their businesses;
- our expectations regarding the timing, extent and effectiveness of our cost reduction initiatives and management's ability to moderate or control discretionary spending;
- management's plans, goals, forecasts, expectations, guidance, objectives, strategies and timing for future operations, acquisitions, synergies, asset dispositions, fixed asset and goodwill impairment charges, tax and withholding expense, selling, general and administrative expenses, product plans, performance and results;
- management's assessment of market factors and competitive developments, including pricing actions and regulatory rulings;
- the impact of additional material charges associated with our oversight of acquired or target businesses and the integration of our financial reporting;
- the impact of expending significant resources in considering acquisition targets or business opportunities that are not consummated;
- our expectations and timing with respect to our ordinary course acquisition activity and whether such acquisitions are accretive or dilutive to shareholders;
- our expectations and timing with respect to any strategic dispositions and sales of our operating subsidiaries including GMSL, or businesses that we may make in the future and the effect of any such dispositions or sales on our results of operations;
- our expectations and timing with respect to any strategic dispositions and sales of our operating subsidiaries or businesses that we may make in the future and the effect of any such dispositions or sales on our results of operations;
- the possibility of indemnification claims arising out of divestitures of businesses;

- tax consequences associated with our acquisition, holding and disposition of target companies and assets;
- the effect any interests our officers, directors, stockholders and their respective affiliates may have in certain transactions in which we are involved;
- our ability to effectively increase the size of our organization, if needed, and manage our growth;
- the potential for, and our ability to, remediate future material weaknesses in our internal controls over financial reporting;
- our possible inability to raise additional capital when needed or refinance our existing debt, on attractive terms, or at all; and
- our possible inability to hire and retain qualified executive management, sales, technical and other personnel.

Construction / DBM Global Inc.

Our actual results or other outcomes of DBM Global, Inc. and its wholly-owned subsidiaries ("DBMG"), and, thus, our Construction segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- its ability to realize cost savings from expected performance of contracts, whether as a result of improper estimates, performance, or otherwise;
- potential impediments and limitations on our ability to complete ordinary course acquisitions in anticipated time frames or at all;
- uncertain timing and funding of new contract awards, as well as project cancellations;
- cost overruns on fixed-price or similar contracts or failure to receive timely or proper payments on cost-reimbursable contracts, whether as a result of improper estimates, performance, disputes, or otherwise;
- risks associated with labor productivity, including performance of subcontractors that DBMG hires to complete projects;
- its ability to settle or negotiate unapproved change orders and claims;
- changes in the costs or availability of, or delivery schedule for, equipment, components, materials, labor or subcontractors;
- adverse impacts from weather affecting DBMG's performance and timeliness of completion of projects, which could lead to increased costs and affect the quality, costs or availability of, or delivery schedule for, equipment, components, materials, labor or subcontractors;
- fluctuating revenue resulting from a number of factors, including the cyclical nature of the individual markets in which our customers operate;
- adverse outcomes of pending claims or litigation or the possibility of new claims or litigation, and the potential effect of such claims or litigation on DBMG's business, financial condition, results of operations or cash flow; and
- lack of necessary liquidity to provide bid, performance, advance payment and retention bonds, guarantees, or letters of credit securing DBMG's obligations under bids and contracts or to finance expenditures prior to the receipt of payment for the performance of contracts.

Marine Services / Global Marine Systems Limited

Our actual results or other outcomes of Global Marine Systems Limited ("GMSL"), and, thus, our Marine Services segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- its ability to realize cost savings from expected performance of contracts, whether as a result of improper estimates, performance, or otherwise;
- the possibility of global recession or market downturn with a reduction in capital spending within the targeted market segments in which the business operates;

project implementation issues and possible subsequent overruns;
risks associated with operating outside of core competencies when moving into different market segments;
possible loss or severe damage to marine assets;
vessel equipment aging or reduced reliability;
risks associated with two equity method investments that operate in China (i.e., Huawei Marine Systems Co. Limited, a Hong Kong holding company with a Chinese operating subsidiary and SB Submarine Systems Co. Ltd.);
risks related to noncompliance with a wide variety of anti-corruption laws;
changes to the local laws and regulatory environment in different geographical regions;
loss of key senior employees;
difficulties attracting enough skilled technical personnel;
foreign exchange rate risk;
liquidity risk; and
potential for financial loss arising from the failure by customers to fulfill their obligations as and when these obligations come due.

Energy / ANG Holdings, Inc.

Our actual results or other outcomes of ANG, and, thus, our Energy segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- automobile and engine manufacturers' limited production of originally manufactured natural gas vehicles and engines for the markets in which ANG participates;
- environmental regulations and programs mandating the use of cleaner burning fuels;
- competition from oil and gas companies, retail fuel providers, industrial gas companies, natural gas utilities and other organizations;
- the infrastructure for natural gas vehicle fuels;
- the safety and environmental risks of natural gas fueling operations and vehicle conversions;
- our Energy segment's ability to implement its business plan in a regulated environment;
- the adoption, modification or repeal in environmental, tax, government regulations, and other programs and incentives that encourage the use of clean fuel and alternative vehicles;
- demand for natural gas vehicles;
- advances in other alternative vehicle fuels or technologies, or improvements in gasoline, diesel or hybrid engines; and
- increases, decreases and general volatility in oil, gasoline, diesel and natural gas prices.

Telecommunications / PTGi International Carrier Services, Inc.

Our actual results or other outcomes of PTGi International Carrier Services, Inc. ("ICS"), and, thus, our Telecommunications segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- our expectations regarding increased competition, pricing pressures and usage patterns with respect to ICS's product offerings;
- significant changes in ICS's competitive environment, including as a result of industry consolidation, and the effect of competition in its markets, including pricing policies;
- its compliance with complex laws and regulations in the U.S. and internationally;
- further changes in the telecommunications industry, including rapid technological, regulatory and pricing changes in its principal markets; and
- an inability of ICS' suppliers to obtain credit insurance on ICS in determining whether or not to extend credit.

Insurance / Continental Insurance Group Ltd.

Our actual results or other outcomes of Continental Insurance Group Ltd. ("CIG"), the parent operating company of Continental General Insurance Company ("CGI"), which together comprise our Insurance segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

- our Insurance segment's ability to maintain statutory capital and maintain or improve their financial strength;
- our Insurance segment's reserve adequacy, including the effect of changes to accounting or actuarial assumptions or methodologies;
- the accuracy of our Insurance segment's assumptions and estimates regarding future events and ability to respond effectively to such events, including mortality, morbidity, persistency, expenses, interest rates, tax liability, business mix, frequency of claims, severity of claims, contingent liabilities, investment performance, and other factors related

to its business and anticipated results;

- availability, affordability and adequacy of reinsurance and credit risk associated with reinsurance;
- extensive regulation and numerous legal restrictions on our Insurance segment;
- our Insurance segment's ability to defend itself against litigation, inherent in the insurance business (including class action litigation) and respond to enforcement investigations or regulatory scrutiny;
- the performance of third parties, including distributors and technology service providers, and providers of outsourced services;
- the impact of changes in accounting and reporting standards;
- our Insurance segment's ability to protect its intellectual property;
- general economic conditions and other factors, including prevailing interest and unemployment rate levels and stock and credit market performance which may affect, among other things, our Insurance segment's ability to access capital resources and the costs associated therewith, the fair value of our Insurance segment's investments, which could result in impairments and other-than-temporary impairments, and certain liabilities;
- our Insurance segment's exposure to any particular sector of the economy or type of asset through concentrations in its investment portfolio;
- the ability to increase sufficiently, and in a timely manner, premiums on in-force long-term care insurance policies and/or reduce in-force benefits, as may be required from time to time in the future (including as a result of our Insurance segment's failure to obtain any necessary regulatory approvals or unwillingness or inability of policyholders to pay increased premiums);
- other regulatory changes or actions, including those relating to regulation of financial services affecting, among other things, regulation of the sale, underwriting and pricing of products, and minimum capitalization, risk-based capital and statutory reserve requirements for our Insurance segment, and our Insurance segment's ability to mitigate such requirements;
- our Insurance segment's ability to effectively implement its business strategy or be successful in the operation of its business;

our Insurance segment's ability to retain, attract and motivate qualified employees;
interruption in telecommunication, information technology and other operational systems, or a failure to maintain the security, confidentiality or privacy of sensitive data residing on such systems;
medical advances, such as genetic research and diagnostic imaging, and related legislation; and
the occurrence of natural or man-made disasters or a pandemic.

Life Sciences / Pansend Life Sciences, LLC

Our actual results or other outcomes of Pansend Life Sciences, LLC, and, thus, our Life Sciences segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

our Life Sciences segment's ability to invest in development stage companies;
our Life Sciences segment's ability to develop products and treatments related to its portfolio companies;
medical advances in healthcare and biotechnology; and
governmental regulation in the healthcare industry.

Broadcasting / HC2 Broadcasting Holdings Inc.

Our actual results or other outcomes of HC2 Broadcasting Holdings Inc., and, thus, our Broadcasting segment, may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

our Broadcasting segment's ability to integrate our recent and pending broadcasting acquisitions;
our Broadcasting segment's ability to operate in highly competitive markets and maintain market share;
our Broadcasting segment's ability to effectively implement its business strategy or be successful in the operation of its business;
new and growing sources of competition in the broadcasting industry; and
FCC regulation of the television broadcasting industry.

Other

Our actual results or other outcomes of our Other segment may differ from those expressed or implied by forward-looking statements contained herein due to a variety of important factors, including, without limitation, the following:

our Other segment's ability to operate in highly competitive markets and maintain market share; and
our Other segment's ability to effectively implement its business strategy or be successful in the operation of its business.

We caution the reader that undue reliance should not be placed on any forward-looking statements, which speak only as of the date of this document. Neither we nor any of our subsidiaries undertake any duty or responsibility to update any of these forward-looking statements to reflect events or circumstances after the date of this document or to reflect actual outcomes.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market Risk Factors

Market risk is the risk of the loss of fair value resulting from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates, commodity prices and equity prices. Market risk is directly influenced by the volatility and liquidity in the markets in which the related underlying financial instruments are traded. We are exposed to market risk with respect to our investments and foreign currency exchange rates. Through DBMG, we have market risk exposure from changes in interest rates charged on its borrowings and from adverse changes in steel prices. Through GMSL and ANG, we have market risk exposure from changes in interest rates charged on their respective borrowings. We do not use derivative financial instruments to mitigate a portion of the risk from such exposures.

Equity Price Risk

HC2 is exposed to market risk primarily through changes in fair value of available-for-sale fixed maturity and equity securities. HC2 follows an investment strategy approved by the HC2 Board of Directors which sets certain restrictions on the amount of securities that HC2 may acquire and its overall investment strategy.

Market prices for fixed maturity and equity securities are subject to fluctuation, as a result, and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of alternative investments and general market conditions. Because HC2's fixed maturity are classified as available-for-sale, the hypothetical decline would not affect current earnings except to the extent that the decline reflects OTTI, however with respect to Equity Securities, as of January 1, 2018, due to the adoption of ASU 2016-01, would affect earnings due to a hypothetical decline.

A means of assessing exposure to changes in market prices is to estimate the potential changes in market values on the fixed maturity and equity securities resulting from a hypothetical decline in equity market prices. As of September 30, 2018, assuming all other factors are constant, we estimate that a 10.0%, 20.0%, and 30.0% decline in equity market prices would have the following impact:

	Decline in equity market prices		
	10%	20%	30%
Fixed Maturity Securities	298,544	597,089	895,633
Equity Securities	21,715	43,431	65,146

Foreign Currency Exchange Rate Risk

DBMG, GMSL and ICS are exposed to market risk from foreign currency price changes that could have a significant and potentially adverse impact on gains and losses as a result of translating the operating results and financial position of our international subsidiaries into USD.

We translate the local currency statements of operations of our foreign subsidiaries into USD using the average exchange rate during the reporting period. Changes in foreign exchange rates affect the reported profits and losses and cash flows of our international subsidiaries and may distort comparisons from year to year. For example, when the USD strengthens compared to the GBP, there could be a negative or positive effect on the reported results for our Telecommunications segment, depending upon whether such businesses are operating profitably or at a loss. More profits in GBP are required to generate the same amount of profits in USD and, similarly, a greater loss in GBP is required to generate the same amount of loss in USD, and vice versa. For instance, when the USD weakens against the GBP, there is a positive effect on reported profits and a negative effect on reported losses.

Interest Rate Risk

GMSL, DBMG, and ANG are exposed to the market risk from changes in interest rates through their borrowings, which bear variable rates based on LIBOR. Changes in LIBOR could result in an increase or decrease in interest expense recorded. A 100, 200, and 300 basis point increase in LIBOR based on our floating rate borrowings outstanding as of September 30, 2018 of \$53.0 million, would result in an increase in the recorded interest expense of \$0.5 million, \$1.1 million, and \$1.6 million per year.

Commodity Price Risk

DBMG is exposed to the market risk from changes in the price of steel. For large orders the risk is mitigated by locking the general contractors into the price at the mill at the time work is awarded. In the event of a subsequent price increase by the mill, DBMG has the ability to pass the higher costs on to the general contractor. DBMG does not hedge or enter into any forward purchasing arrangements with the mills. The price negotiated at the time of the order is the price paid by DBMG.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management evaluated, with the participation of our Chief Executive Officer and Chief Financial Officer, the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of September 30, 2018, our disclosure controls and procedures were effective. Disclosure controls and procedures mean our controls

and other procedures that are designed to ensure that information required to be disclosed by us in our reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in our reports that we file or submit under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control

There have been no changes in our internal control over financial reporting that occurred during the fiscal quarter ended September 30, 2018, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The Company adopted the new revenue recognition guidance under ASC 606 on January 1, 2018. Although ASC 606 is not expected to have a material impact on the Company's financial results, changes to the Company's processes and controls related to revenue recognition were implemented. These changes included creating new accounting policies based on the five-step model of ASC 606, implementing ongoing contract review requirements, and gathering information necessary for disclosures.

PART II

Item 1. Legal Proceedings

The Company is subject to claims and legal proceedings that arise in the ordinary course of business. Such matters are inherently uncertain, and there can be no guarantee that the outcome of any such matter will be decided favorably to the Company or that the resolution of any such matter will not have a material adverse effect upon the Company's Condensed Consolidated Financial Statements. The Company does not believe that any of such pending claims and legal proceedings will have a material adverse effect on its Condensed Consolidated Financial Statements. The Company records a liability in its Condensed Consolidated Financial Statements for these matters when a loss is known or considered probable and the amount can be reasonably estimated. The Company reviews these estimates each accounting period as additional information is known and adjusts the loss provision when appropriate. If a matter is both probable to result in a liability and the amounts of loss can be reasonably estimated, the Company estimates and discloses the possible loss or range of loss to the extent necessary for the Condensed Consolidated Financial Statements not to be misleading. If the loss is not probable or cannot be reasonably estimated, a liability is not recorded in its Condensed Consolidated Financial Statements. See Note 15. Commitments and Contingencies to our unaudited financial statements included elsewhere in this Quarterly Report on Form 10-Q.

Item 1A. Risk Factors

There have been no additional material changes to the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on March 14, 2018.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

(a) Exhibits

Please note that the agreements included as exhibits to this Form 10-Q are included to provide information regarding their terms and are not intended to provide any other factual or disclosure information about HC2 Holdings, Inc. or the other parties to the agreements. The agreements contain representations and warranties by each of the parties to the applicable agreement that have been made solely for the benefit of the other parties to the applicable agreement and may not describe the actual state of affairs as of the date they were made or at any other time.

Exhibit Number	Description
-------------------	-------------

31.1	<u>Rule 13a-14(a)/15d-14(a) Certification of Chief Executive Officer (filed herewith).</u>
------	--

31.2	<u>Rule 13a-14(a)/15d-14(a) Certification of Chief Financial Officer (filed herewith).</u>
------	--

32*	<u>Section 1350 Certification of Chief Executive Officer and Chief Financial Officer</u>
-----	--

101	<p>The following materials from the registrant's Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2018, formatted in extensible business reporting language (XBRL); (i) Condensed Consolidated Statements of Operations for the three and nine months ended September 30, 2018 and 2017, (ii) Condensed Consolidated Statements of Comprehensive Income (Loss) for the three and nine months ended September 30, 2018 and 2017 (iii) Condensed Consolidated Balance Sheets at September 30, 2018 and December 31, 2017, (iv) Condensed Consolidated Statements of Stockholders' Equity for the nine months ended September 30, 2018 and 2017, (v) Condensed Consolidated Statements of Cash Flows for the nine months ended September 30, 2018 and 2017, and (vi) Notes to Condensed Consolidated Financial Statements (filed herewith).</p>
-----	--

These certifications are being "furnished" and will not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that section. Such certifications will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, as amended, except to the extent that the registrant specifically incorporates it by reference.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
