PROXY STATEMENT  
-----

GENERAL INFORMATION

This Proxy Statement and the accompanying proxy card or voting instruction form are being furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors (referred to herein as the "Board of Directors") of Titanium Metals Corporation, a Delaware corporation (referred to herein as "TIMET" or the "Company"), for use at the 2003 Annual Meeting of Stockholders of the Company to be held on Tuesday, May 20, 2003, at 1:00 p.m. (local time), at the offices of Valhi, Inc. located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas, and at any adjournment or

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

postponement thereof (referred to herein as the "Annual Meeting"). This Proxy Statement and the accompanying proxy card or voting instruction form will first be mailed to the holders of TIMET's common stock, \$.01 par value per share (referred to herein as "TIMET Common Stock"), on or about April 7, 2003.

### PURPOSE OF THE ANNUAL MEETING

Stockholders of the Company represented at the Annual Meeting will consider and vote upon (i) the election of seven directors to serve until the 2004 Annual Meeting of Stockholders of the Company and until their successors are duly elected and qualified and (ii) such other business as may properly come before the Annual Meeting. The Company is not aware of any business to be presented for consideration at the Annual Meeting other than the election of directors.

### VOTING RIGHTS AND QUORUM

The presence, in person or by proxy, of the holders of a majority of the shares of TIMET Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the conduct of business at the Annual Meeting. Shares of TIMET Common Stock that are voted to abstain from any business coming before the Annual Meeting and broker/nominee non-votes will be counted as being in attendance at the Annual Meeting for purposes of determining whether a quorum is present.

At the Annual Meeting, directors of the Company will be elected by a plurality of the affirmative vote of the outstanding shares of TIMET Common Stock present (in person or by proxy) and entitled to vote. The accompanying proxy card or voting instruction form provides space for a stockholder to withhold authority to vote for any or all nominees for the Board of Directors. Neither shares as to which authority to vote on the election of directors has been withheld nor broker/nominee non-votes will be counted as affirmative votes to elect nominees for the Board of Directors. However, since director nominees need only receive the vote of a plurality of the shares represented (in person or by proxy) at the Annual Meeting and entitled to vote, a vote withheld from a particular nominee will not affect the election of such nominee.

Except as otherwise required by the Company's Amended and Restated Certificate of Incorporation, any other matter that may be submitted to a stockholder vote will require the affirmative vote of a majority of the shares represented at the Annual Meeting (in person or by proxy) and entitled to vote. Shares of TIMET Common Stock that are voted to abstain from any business coming before the Annual Meeting and broker/nominee non-votes will not be counted as votes for or against the approval of any such other matter.

1

EquiServe Trust Company, N.A. (referred to herein as "EquiServe"), the transfer agent and registrar for TIMET Common Stock, has been appointed by the Board of Directors to ascertain the number of shares represented, receive proxies and ballots, tabulate the vote and serve as Inspector of Election at the Annual Meeting. All proxies and ballots delivered to EquiServe will be kept confidential by EquiServe in accordance with the Company's By-laws.

On February 4, 2003, the stockholders of TIMET approved a 1-for-10 reverse split of the TIMET Common Stock. The reverse stock split was effective at 5:00 p.m. E.S.T. on February 14, 2003, at which time each ten shares of TIMET Common Stock outstanding immediately prior to the reverse stock split were combined into one share of TIMET Common Stock immediately after the reverse stock split. All of the share numbers for TIMET Common Stock in this proxy statement reflect this 1-for-10 reverse split, even if the date as to which such share number speaks to was prior to the effective date of the reverse stock split.

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

The record date set by the Board of Directors for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting was the close of business on March 24, 2003 (referred to herein as the "Record Date"). Only holders of shares of TIMET Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. As of the Record Date, there were 3,180,182 shares of TIMET Common Stock issued and outstanding, each of which will be entitled to one vote on each matter that comes before the Annual Meeting.

Prior to February 7, 2003, Tremont Corporation (referred to herein as "Tremont Corporation") held approximately 39.7% of the shares of TIMET Common Stock outstanding. On February 7, 2003, Valhi, Inc. completed a merger with Tremont Corporation whereby, in a series of transactions, Tremont Corporation was merged into Tremont LLC (referred to herein as "Tremont LLC"), a wholly owned subsidiary of Valhi, Inc. For ease of reference, this series of transactions is called the Tremont Merger throughout this Proxy Statement.

AS OF THE RECORD DATE, TREMONT LLC AND OTHER ENTITIES RELATED TO HAROLD C. SIMMONS HELD, IN THE AGGREGATE, APPROXIMATELY 48.7% OF THE OUTSTANDING SHARES OF TIMET COMMON STOCK. TREMONT LLC AND SUCH OTHER ENTITIES HAVE INDICATED THEIR INTENTION TO HAVE SUCH SHARES REPRESENTED AT THE ANNUAL MEETING AND TO VOTE SUCH SHARES "FOR" THE ELECTION OF ALL OF THE NOMINEES FOR DIRECTOR SET FORTH IN THIS PROXY STATEMENT. IF ALL OF SUCH SHARES ARE VOTED AS INDICATED AND ALL OTHER OUTSTANDING SHARES OF TIMET COMMON STOCK ARE REPRESENTED AND VOTED AT THE ANNUAL MEETING, THE ADDITIONAL AFFIRMATIVE VOTE OF 1.4% OF THE OUTSTANDING SHARES OF THE TIMET COMMON STOCK ENTITLED TO VOTE WILL BE REQUIRED TO ASSURE THE ELECTION OF EACH OF THE DIRECTOR NOMINEES SET FORTH BELOW. IN ADDITION, ALL OF SUCH NOMINEES FOR DIRECTOR WILL BE ELECTED IF NO OTHER PERSON RECEIVES THE VOTE OF MORE SHARES THAN THE NUMBER OF SHARES VOTED BY TREMONT LLC AND SUCH OTHER ENTITIES.

### PROXY SOLICITATION

This proxy solicitation is being made by and on behalf of the Board of Directors of the Company. The Company will pay all expenses of this proxy solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to solicitation by mail, directors, officers and regular employees of the Company may solicit proxies by telephone or personal contact for which such persons will receive no additional compensation. The Company has retained D.F.

2

King & Co., Inc. to aid in the distribution of this Proxy Statement, at a cost that the Company estimates will be approximately \$3,500. In addition, upon request, the Company will reimburse banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of TIMET Common Stock held of record by such entities.

All shares of TIMET Common Stock represented by properly executed proxies will, unless such proxies have previously been revoked, be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated, such shares will be voted (a) "FOR" the election of each of the seven nominees set forth below as directors and (b) to the extent allowed by federal securities laws, in the discretion of the proxy holders on any other matter that may properly come before the Annual Meeting. Each holder of record of TIMET Common Stock giving the proxy enclosed with this Proxy Statement may revoke it at any time, prior to the voting thereof at the Annual Meeting, by (i) delivering to

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

EquiServe a written revocation of the proxy, (ii) delivering to EquiServe a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting. Attendance by a stockholder at the Annual Meeting will not in itself constitute the revocation of a proxy previously given.

### ELECTION OF DIRECTORS

The By-laws of the Company currently provide that the Board of Directors shall consist of a minimum of three and a maximum of seventeen persons, as determined from time to time by the Board of Directors in its discretion. The number of directors is currently set at seven. The seven directors elected at the Annual Meeting will hold office until the 2004 Annual Meeting of Stockholders of the Company and until their successors are duly elected and qualified.

Gen. Thomas P. Stafford, 72, a director of the Company since 1996, has indicated his intention not to stand for re-election. Except for Terry N. Worrell, all of the nominees are currently directors of TIMET whose terms will expire at the Annual Meeting. All nominees have agreed to serve if elected. If any nominee is not available for election at the Annual Meeting, the proxy will be voted for an alternate nominee to be selected by the Board of Directors, unless the stockholder executing such proxy withholds authority to vote for the election of directors. The Board of Directors believes that all of its present nominees will be available for election at the Annual Meeting and will serve if elected.

The Board of Directors recommends a vote "FOR" each of the nominees identified below.

- (3) Under TIMET's variable incentive compensation plan (referred to herein as the "Employee Cash Incentive Plan") applicable to Dr. Entrekin, Mr. Leonhard, Mr. Musgraves and Mr. Wallace, the largest portion of the variable compensation payable to such individuals is based upon TIMET's financial performance, while a substantially smaller portion is based on the assessed performance of the individual executive officer. The amount shown in the "Bonus" column for 2000 for each such individual represents the amount paid to such individual under the individual performance portion of the Employee Cash Incentive Plan for service in 2000. The amount shown in the "Bonus" column for 2002 for Dr. Entrekin and Mr. Wallace represents the amount paid under the individual performance portion of the Employee Cash Incentive Plan to such individual for service in 2002 in accordance with TIMET's Executive Severance Policy. For 2002, Mr. Leonhard and Mr. Musgraves were each awarded \$30,000 under the individual performance portion of the Employee Cash Incentive Plan, but each has chosen to defer payment of such award indefinitely (without interest). Under Commission rules, these earned amounts are required to be shown in the "Bonus" column for 2002 even though not actually paid.

The amounts shown in the "Bonus" column for 2001 for Dr. Entrekin, Mr. Leonhard and Mr. Wallace and \$130,000 of the amount shown in the "Bonus" column for Mr. Musgraves for 2001 were paid pursuant to a special discretionary bonus program approved by the TIMET Board of Directors. This program was applicable to all U.S. and certain European salaried employees.

In lieu of participating in the Employee Cash Incentive Program, Mr. Martin participates in TIMET's Senior Executive Cash Incentive Plan (referred to herein as the "Senior Executive Cash Incentive Plan") which provides for payments based solely upon TIMET's financial performance. No payments were made under this plan to Mr. Martin during 2000, 2001 or 2002.

In 2001, the TIMET Board of Directors made one-time bonus awards to a small number of employees (including Mr. Martin and Mr. Musgraves) in recognition of their special efforts in achieving a favorable settlement of certain litigation on behalf of the Company. Of Mr. Martin's award of \$1,000,000 (shown in the "Bonus" column for 2001), \$550,000 was paid in 2001 and the remainder was paid in 2002 with accrued interest at 7% per annum (the above-market portion of such interest of \$131 is reflected in the "All Other Compensation" column for Mr. Martin in 2002). Tremont Corporation also awarded Mr. Martin a \$1,000,000 bonus in respect of the same litigation settlement. The Tremont Corporation bonus was paid \$200,000 in 2002 and \$800,000 on February 7, 2003 prior to the Tremont Merger, with interest on the unpaid portion at 7% per annum (\$71,541 in 2002 and \$37,146 in 2003).

A similar award of \$360,000 was made in 2001 to Mr. Musgraves, TIMET's General Counsel at the time. Of this amount, \$200,000 was paid in 2001 at the time of the award (reflected in the "Bonus" column for 2001). The balance was payable in two equal installments of \$80,000 each in 2002 and 2003, subject to Mr. Musgraves' continued employment with TIMET. One such installment of \$80,000 was earned and paid in May 2002 (reflected in the

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

"Bonus" column for 2002). Mr. Musgraves has chosen to defer payment of the remaining installment of \$80,000 otherwise due in 2003 under such award indefinitely (without interest).

- (4) The amounts shown for Dr. Entrekin, Mr. Leonhard, Mr. Musgraves and Mr. Wallace under the heading "Long Term Compensation--Awards--Restricted Stock Awards" represent 4,000 shares each of restricted TIMET Common Stock granted to such individuals under the TIMET Stock Incentive Plan effective as of February 23, 2000, valued at the closing price for TIMET Common Stock on such date (\$46.25 per share). As of December 31, 2002, each such person held 2,400 shares of restricted TIMET Common Stock (valued at \$45,840 at the \$19.10 per share closing

16

price of TIMET Common Stock on such date). The restrictions lapse as to 20% of such shares on each of the first five anniversaries of such grant date. Any shares as to which restrictions have not lapsed are subject to forfeiture in the event of the termination of the individual's employment with TIMET (for reasons other than death, disability or retirement). Upon the resignations of Dr. Entrekin and Mr. Wallace effective December 31, 2002, the 2,400 shares of restricted TIMET Common Stock held by each with respect to which restrictions had not then lapsed were cancelled. Holders of restricted stock are entitled to vote and receive dividends with respect to such shares prior to the date restrictions lapse thereon.

Stock Option/SAR Grants in Last Fiscal Year

No stock options or stock appreciation rights (referred to herein as "SARs") were granted under the TIMET Stock Incentive Plan in 2002.

Stock Option Exercises and Holdings

Prior to the commencement of public trading of TIMET Common Stock in 1996, executive officers of TIMET were from time to time granted stock options pursuant to the Tremont Stock Incentive Plan with respect to their TIMET service. Since 1996, such executive officers have been granted stock options only pursuant to the TIMET Stock Incentive Plan. The following table and accompanying notes provide information, with respect to the current and former executive officers of TIMET listed in the "Summary Compensation Table" above, concerning the exercise of TIMET and Tremont Corporation stock options during the last fiscal year and the value of unexercised TIMET and Tremont Corporation stock options held as of December 31, 2002. No Tremont Corporation stock options were held by any such executive officers as of December 31, 2002. No SARs have been granted under the TIMET Stock Incentive Plan or the Tremont Stock Incentive Plan. Severance Arrangements

In 1999, the Company adopted a policy applicable to certain executive officers of the Company, including Mr. Martin, Mr. Musgraves, Mr. Leonhard, Dr. Entrekin and Mr. Wallace, providing that the following payments will be made to each such individual in the event his employment is terminated by TIMET without cause (as defined in the policy) or such individual terminates his employment with TIMET for good reason (as defined in the policy): (i) one times such individual's annual TIMET base salary paid in the form of salary continuation, (ii) prorated bonus for the year of termination and (iii) certain other benefits. For Mr. Martin, Mr. Musgraves and Mr. Leonhard, the base salary for purposes of the executive severance policy will be no less than those salaries in effect for each prior to voluntary reductions in the base salary of each executive made in 2003.

Mr. Leonhard is party to an agreement with TIMET Savoie and is eligible for benefits under the statutory French indemnity scheme, pursuant to which he would be eligible to receive, at his option and in lieu of any benefits under the foregoing executive severance policy, certain severance benefits if his employment were terminated without cause, including: (i) six months' advance notice or payment of salary in lieu thereof by TIMET Savoie and (ii) other severance payments that would be computed based upon his age, seniority with the Company and his salary plus bonus at the time of employment termination, a portion of which would be paid by TIMET Savoie and a portion by the French government.

Dr. Entrekin and Mr. Wallace resigned from TIMET effective December 31, 2002. Each received severance benefits consistent with the terms of the above-described policy.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's Board of Directors presents the following report on executive compensation.

The Compensation Committee is composed of directors who are neither officers nor employees of the Company, its subsidiaries or affiliates and who are not eligible to participate in any of the employee benefit plans administered by it. The Compensation Committee reviews and recommends compensation policies and is responsible for approving all compensation paid directly by the Company to the Company's executive officers other than compensation matters involving the Chief Executive Officer (referred to herein as the "CEO"). Any action regarding compensation matters involving the CEO is reviewed and approved by the Board after recommendation by the Compensation Committee.

Compensation Program Objectives

The Compensation Committee believes that the Company's primary goal is to increase stockholder value, as measured by dividends paid on and appreciation in the value of the Company's equity securities. It is the Compensation Committee's policy that compensation programs be designed to attract, retain, motivate and reward employees, including executive officers, who can lead the Company in accomplishing this goal. It is also the Compensation Committee's policy that compensation programs tie a large component of cash compensation to the Company's financial results, creating a performance-oriented environment that rewards employees for achieving pre-set financial performance levels and increasing stockholder value, thereby contributing to the long-term success of the Company.

During 2002, the Company's compensation program with respect to its executive officers, including the CEO, consisted of two primary components: base salary and variable compensation based upon Company and, in certain cases, individual performance.

Base Salaries

The Compensation Committee, in consultation with the CEO, reviews base salaries for the executive officers other than the CEO generally no more frequently than annually. The CEO's recommendation and the Compensation Committee's actions regarding base salaries are generally based primarily upon a subjective evaluation of past and potential future individual performance and contributions, changes in individual responsibilities, and alternative opportunities that might be available to the executives in question, as well as compensation data from companies employing executives in positions similar to

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

those whose salaries were being reviewed, as well as market conditions for executives in general with similar skills, background and performance, both inside and outside of the metals industry (including companies contained in the peer group index plotted on the Performance Graph following this report), and other companies with similar financial and business characteristics as the Company or where the executive in question has similar responsibilities. No changes to the base salary of the CEO or of any of the persons identified in the Summary Compensation Table were made or proposed in 2002. However, based upon the current condition of the business and the outlook over the next few years, Mr. Leonhard and Mr. Musgraves, the Company's two Chief Operating Officers, have voluntarily reduced their salaries from \$250,000 to \$225,000 beginning in 2003.

20

### Cash Incentive Plans

Awards under TIMET's Employee Cash Incentive Plan represent a significant portion of the potential annual cash compensation to employees of TIMET (from 0% to 54% of base salary for 2002, depending upon the position held by such employee) and consist of a combination of awards based on the financial performance of TIMET and, in some cases, on individual performance. All of the company's executive officers, other than Mr. Martin, were eligible to receive benefits under the Employee Cash Incentive Plan for 2002.

Potential awards under the Employee Cash Incentive Plan attributable solely to the performance of TIMET in 2002 were based on TIMET's achieving certain pre-set return on equity (ROE) goals, which the Company believes should increase stockholder value over time if they are met. Performance levels are tied to the Company's corporate-wide ROE as follows:

ROE	Performance Level
less than 3%	--
3%-6%	A
6%-12%	B
12%-24%	C
over 24%	D

In 2002, the Company achieved a return on equity of less than 3%, as calculated under the Employee Cash Incentive Plan, resulting in no Company-performance based payout.

An individual performance award may be made to an executive of TIMET under the Employee Cash Incentive Plan if such executive's performance objectives were met during the prior fiscal year. Payments made to executive officers identified in the Summary Compensation Table under this portion of the Employee Cash Incentive Plan for services rendered in 2002 are included under the "Bonus" column of the Summary Compensation Table. Mr. Leonhard and Mr. Musgraves each earned a bonus of \$30,000 for 2002 service but have chosen to defer payment of that bonus until 2004 indefinitely (without interest).

In 1996, the Board established the Senior Executive Cash Incentive Plan, which was approved by the Company's stockholders in 1997 and remains effective. This plan was applicable only to Mr. Martin in 2002. The Senior Executive Cash Incentive Plan provided for payments based solely upon Company performance ranging between 0% for corporate returns on equity of less than 10% up to 150% of base salary for corporate returns on equity at 30% or greater. No payments

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

were made to Mr. Martin for 2002 under this plan based upon the Company's return on equity of less than 10%.

Apart from the foregoing plans, the Compensation Committee or the Board may from time to time award such other bonuses as the Compensation Committee or Board deems appropriate from time to time under its general authority or under a separate discretionary plan. In 2001, the Board approved special bonuses to a small number of employees (including Mr. Martin and Mr. Musgraves) in recognition of their special efforts in achieving a favorable settlement of certain litigation on behalf of the Company. The Board awarded \$1,000,000 to Mr. Martin (\$550,000 of which was paid in 2001 and \$450,000 of which was paid in 2002, together with interest on the unpaid balance) and \$360,000 for Mr. Musgraves. For Mr. Musgraves, \$200,000 of his award was paid in 2001 at the time of the award, and the balance of the award was payable in two equal installments in 2002 and 2003, subject to Mr. Musgraves' continued employment with the Company. One such installment of \$80,000 was earned and paid in May 2002. Mr. Musgraves has voluntarily agreed to defer payment of the remaining installment of \$80,000 otherwise due in 2003 indefinitely (without interest). These amounts are reflected in the Summary Compensation Table.

21

### Long-Term Incentive Compensation

The Compensation Committee recognizes the value of long-term incentive compensation that provides a benefit over an extended period of time. The Compensation Committee has, from time to time, utilized the TIMET Stock Incentive Plan to provide long-term incentives in the form of grants of stock options and restricted stock. No grants of stock options or restricted stock were made in 2002. In the future, the Compensation Committee may also consider using long-term cash incentives tied to performance or other criteria.

### Tax Code Limitation on Executive Compensation Deductions

In 1993, Congress amended the Internal Revenue Code to impose a \$1 million deduction limit on compensation paid to the CEO and the four other most highly compensated executive officers of public companies, subject to certain transition rules and exceptions for compensation received pursuant to non-discretionary performance-based plans approved by such company's stockholders. The Company's stockholders previously approved both the TIMET Stock Incentive Plan and the Senior Executive Cash Incentive Plan in 1997. The limitation on deductibility requires re-approval of only the Senior Executive Cash Incentive Plan every five years. Consequently, the Compensation Committee believes that payments made pursuant to the TIMET Stock Incentive Plan qualify for exemption from the deductibility limit as "performance-based compensation," but payments made under the Senior Executive Cash Incentive Plan would not. The Company anticipates, however, that it would seek stockholder re-approval of the Senior Executive Cash Incentive Plan prior to making any non-deductible payments under that plan. The Compensation Committee does not currently believe that any other existing compensation program of the Company could give rise to a deductibility limitation at current executive compensation levels. The Compensation Committee intends periodically to review the compensation plans of the Company to determine whether further action in respect of this limitation is warranted.

### Chief Executive Officer Compensation

No changes to the compensation of Mr. Martin, as Chairman and CEO, were made or proposed for 2002. However, based upon the current condition of the business and the outlook over the next few years, Mr. Martin has voluntarily reduced his salary from \$500,000 to \$250,000 beginning in 2003.

The foregoing report on executive compensation has been furnished by the Company's Compensation Committee of the Board of Directors.

### INDEPENDENT AUDITOR MATTERS

#### Independent Auditors

The firm of PricewaterhouseCoopers LLP served as TIMET's independent auditors for the year ended December 31, 2002, has been appointed to review TIMET's quarterly unaudited consolidated financial statements to be included in its Quarterly Reports on Form 10-Q for the first three quarters of 2003 and is expected to be considered for appointment to audit TIMET's annual consolidated financial statements for the year ending December 31, 2003. Representatives of PricewaterhouseCoopers LLP are expected to attend the Annual Meeting.

#### Audit Committee Report

TIMET's management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. TIMET's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and review these processes on behalf of the Board of Directors. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management and the independent auditors.

The Audit Committee has reviewed and discussed TIMET's audited consolidated financial statements for the year ended December 31, 2002 with TIMET's management and independent auditors. In fulfilling its oversight responsibilities, the Audit Committee also discussed with the independent auditors the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements, as required by Statement on Auditing Standards ("SAS") No. 61 (Communication with Audit Committees) and SAS No. 90 (Audit Committee Communications). The Audit Committee also received written disclosures from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditors their independence from management and the Company. The Audit Committee also considered whether the independent auditors' provision of non-audit services to TIMET and its subsidiaries is compatible with such auditors' independence. Additionally, the Audit Committee discussed with TIMET's management and the independent auditors such other matters as the Audit Committee deemed appropriate. Based on the Audit Committee's review of TIMET's audited consolidated financial statements and the Audit Committee's discussions with TIMET's management and independent auditors of the matters identified above, the Audit Committee recommended to the Board of Directors that TIMET's audited consolidated financial statements for the year ended December 31, 2002 be included in TIMET's Annual Report on Form 10-K for the year ended December 31, 2002, which has been filed with the Commission.

### CERTAIN RELATIONSHIPS AND TRANSACTIONS

#### Relationships with Related Parties

As set forth under the heading "Security Ownership" above, TIMET may be deemed to be controlled by Harold C. Simmons. Other entities that may be deemed to be controlled by or related to Mr. Simmons sometimes engage in (a) intercorporate transactions with related companies such as guarantees, management and expense sharing arrangements, shared fee arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account, and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties, and (b) common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases, and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of a publicly held, minority equity interest in another related party. TIMET continuously considers, reviews and evaluates, and understands that Contran, Valhi, NL, Tremont LLC and related entities also consider, review and evaluate, such transactions. Depending upon the business, tax and other objectives then relevant, it is possible that TIMET might be a party to one or more of such transactions in the future. It is the policy of TIMET to engage in transactions with related parties on terms that are, in the opinion of TIMET, no less favorable to TIMET than could be obtained from unrelated parties.

J. Landis Martin, Chairman of the Board, President and Chief Executive Officer of TIMET. Mr. Martin also serves as a director and President and Chief Executive Officer of NL. Glenn R. Simmons, a director of TIMET, is also Chairman of the Board of Keystone and CompX, Vice Chairman of the Board of Contran and Valhi, Vice Chairman of Tremont LLC and a director of NL. General Thomas P. Stafford, a director of TIMET, is also a director of NL. Steven L. Watson, a director of TIMET, is also an executive officer of Contran, Valhi and Tremont LLC, and a director of Contran, CompX, Keystone, Valhi, and NL. Robert D. Hardy is an Assistant Treasurer of TIMET and is also Vice President, Chief Financial Officer, Controller, Treasurer and Assistant Secretary of NL. A. Andrew R. Louis is Assistant Secretary of TIMET and Secretary and Associate General Counsel of Contran, Valhi and Tremont LLC. Robert D. Graham is Assistant Secretary of TIMET and Vice President of Contran, Valhi and Tremont LLC. Joan H. Prusse is Vice President, General Counsel and Secretary of TIMET and Vice President of Tremont LLC. TIMET understands that all such persons are expected to continue to serve in such capacities in 2003. Such individuals divide their time among the

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

companies for which they serve as officers. Such management interrelationships and intercorporate relationships may lead to possible conflicts of interest. These possible conflicts of interest may arise from the duties of loyalty owed by persons acting as corporate fiduciaries to two or more companies under circumstances in which such companies may have conflicts of interest. Prior to the Tremont Merger in 2003, certain directors and officers of TIMET served as directors and officers of Tremont Corporation.

Although no specific procedures are in place that govern the treatment of transactions among TIMET, Contran, Valhi, Tremont LLC and NL, the board of directors of each of these companies (with the exception of Contran) includes one or more members who are not officers or directors of any entity that may be deemed to be related to TIMET. Additionally, under applicable principles of law, in the absence of stockholder ratification or approval by directors who may be deemed disinterested, transactions involving contracts among companies under common control must be fair to all companies involved. Furthermore, directors and officers owe fiduciary duties of good faith and fair dealing to stockholders of all the companies for which they serve.

26

### Contractual Relationships

#### Tremont Corporation Intercorporate Services Agreement

During 2002, TIMET and Tremont Corporation were parties to an intercorporate services agreement (the "Tremont Corporation ISA") that provided that TIMET would render certain management, financial, tax and administrative services to Tremont Corporation, including provision for the reimbursement by Tremont Corporation to TIMET of a portion of the salary, regular bonus and overhead expense for the executive officers of Tremont Corporation. The Tremont Corporation ISA was subject to automatic renewal and contained a provision whereby the Tremont Corporation ISA could be terminated by either party pursuant to written notice delivered at least 30 days prior to a quarter-end. During 2002, fees for services provided by TIMET to Tremont Corporation were approximately \$0.4 million. TIMET expects to enter into an ISA for 2003 with Tremont LLC and an ISA for 2003 with Contran to replace the former Tremont Corporation ISA as a result of the Tremont Merger.

#### NL Intercorporate Services Agreement

TIMET and NL are parties to an intercorporate services agreement (referred to herein as the "NL ISA") whereby NL makes available to TIMET certain services with respect to TIMET's tax compliance and consulting needs and use of NL's corporate aircraft. TIMET paid NL fees of approximately \$0.4 million for services pursuant to the NL ISA during 2002. The NL ISA is subject to automatic renewal and may be terminated by either party pursuant to written notice delivered at least 30 days prior to a quarter-end. TIMET expects to enter into a similar agreement for 2003 at a reduced amount providing for comparable services and payments.

#### Utility Services

In connection with the operations of TIMET's Henderson, Nevada facility, TIMET purchases certain utility services from Basic Management, Inc. and its subsidiaries (referred to collectively herein as "BMI") pursuant to various agreements. A wholly owned subsidiary of Tremont LLC owns approximately 32% of the outstanding equity securities of BMI (representing 26% of the voting securities of BMI). During 2002, fees for such utility services provided by BMI to TIMET were approximately \$2.8 million.

#### Shareholders' Agreement

Prior to TIMET's initial public offering in 1996, TIMET, Tremont Corporation and other stockholders of TIMET at that time entered into a shareholders' agreement

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

(referred to herein as the "Shareholders' Agreement") that provides, among other things, that so long as Tremont LLC (as the successor to Tremont Corporation the only remaining shareholder party) continues to hold at least 10% of the outstanding shares of TIMET Common Stock, TIMET will not, without the approval of Tremont LLC, cause or permit the dissolution or liquidation of itself or any of its subsidiaries or the filing by itself of a petition in bankruptcy, or the commencement by TIMET of any other proceeding seeking relief from its creditors. TIMET also agreed to provide certain periodic information about TIMET and its subsidiaries to Tremont LLC, which right is subject to confidentiality restrictions.

### Registration Rights

Under the Shareholders' Agreement, Tremont LLC (as successor to Tremont Corporation) is entitled to certain rights with respect to the registration under the Securities Act of the shares of TIMET Common Stock that Tremont LLC holds. The Shareholders' Agreement generally provides, subject to certain limitations, that (i) Tremont LLC has two rights, only one of which can be on Form S-1, to require TIMET to register under the Securities Act an amount of not less than \$25 million of registrable securities, and (ii) if TIMET proposes to register any securities under the Securities Act (other than a registration on Form S-4 or Form S-8, or any successor or similar form), whether or not pursuant to registration rights granted to other holders of its securities and whether or not for sale for its own account, Tremont LLC has the right to

28

require TIMET to include in such registration the registrable securities held by Tremont LLC or its permitted transferees so long as Tremont LLC holds in excess of 5% of the outstanding shares of TIMET Common Stock (or to sell the entire balance of any such registrable securities even though less than 5%). TIMET is obligated to pay all registration expenses in connection with a registration under the Shareholders' Agreement. Under certain circumstances, the number of shares included in such a registration may be limited. TIMET has agreed to indemnify the holders of any registrable securities to be covered by a registration statement pursuant to the Shareholders' Agreement, as well as the holders' directors and officers and any underwriters and selling agents, against certain liabilities, including liabilities under the Securities Act.

### Option Reimbursement Agreement

Prior to the commencement of public trading of TIMET Common Stock in 1996, TIMET employees were from time to time granted stock options by Tremont Corporation with respect to their TIMET service. With respect to such Tremont Corporation stock options, TIMET has previously agreed to reimburse Tremont Corporation for the difference between the market price of the shares of common stock of Tremont Corporation on the date of exercise of such Tremont Corporation stock options (up to \$16.625 per share) and the exercise price of such options. TIMET is obligated to reimburse Tremont LLC (as successor to Tremont Corporation) \$66,528 with respect to exercise or cancellation of Tremont Corporation stock options that occurred from August of 2001 until the Tremont Merger in 2003.

### Insurance Matters

Tall Pines Insurance Company (referred to herein as "Tall Pines"), Valmont, and EWI RE, Inc. (referred to herein as "EWI, Inc.") provide for or broker certain of TIMET's insurance policies. Tall Pines is a wholly owned captive insurance company of Tremont LLC. Valmont is a wholly owned captive insurance company of Valhi. At January 1, 2001, one of the daughters of Harold C. Simmons and a wholly owned subsidiary of Contran owned, directly or indirectly, 57.8% and 42.2%, respectively, of the outstanding common stock of EWI, Inc. and of the membership interests of EWI, Inc.'s management company, EWI RE, Ltd. (referred to herein collectively with EWI, Inc., as "EWI"). Through December 31, 2000, a son-in-law of Harold C. Simmons managed the operations of EWI. Subsequent to

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

December 31, 2002, pursuant to an agreement that may be terminated upon 90 days written notice by either party, this son-in-law provides advisory services to EWI as requested by EWI, for which the son-in-law is paid \$11,875 per month and receives certain other benefits under EWI's benefit plans. Since March 2003, such son-in-law serves as the chairman of the board of EWI, Inc. Consistent with insurance industry practices, Tall Pines, Valmont and EWI, Inc. receive commissions from the insurance and reinsurance underwriters for the policies that they provide or broker. During 2002, TIMET paid approximately \$3.4 million for policies provided or brokered by Tall Pines, Valmont and/or EWI, Inc. These amounts principally included payments for reinsurance and insurance premiums paid to unrelated third parties, but also included commissions paid to Tall Pines, Valmont and EWI, Inc. In TIMET's opinion, the amounts that TIMET paid for these insurance policies are reasonable and similar to those it could have obtained through unrelated insurance companies and/or brokers. TIMET expects that these relationships with Tall Pines, Valmont, and EWI will continue in 2003.

In January 2002, NL purchased EWI from its previous owners for an aggregate cash purchase price of approximately \$9 million, and EWI became a wholly owned subsidiary of NL. The purchase was approved by a special committee of NL's Board of Directors consisting of two of its independent directors, and the purchase price was negotiated by the special committee based upon its consideration of relevant factors, including but not limited to due diligence performed by independent consultants and an appraisal of EWI conducted by an independent third party selected by the special committee.

TIMET Executive Stock Ownership Loan Plan

Under TIMET's Executive Stock Ownership Loan Plan, approved by the TIMET Board of Directors in 1998 and the TIMET stockholders in 2000, TIMET's executive officers were entitled to borrow funds to purchase TIMET Common Stock or to pay taxes payable with respect to vesting shares of restricted stock. Each executive could borrow up to 50% of his or her base salary per calendar year and 200% of such base salary in the aggregate. Interest accrues at a rate equal to .0625% per annum above TIMET's effective borrowing rate at the time of the loan, subject to annual adjustment, and is payable quarterly. The effective interest rate in 2002 was 4.025% (3.4425% for 2003). Principal is repayable in five equal annual installments commencing on the sixth anniversary of the loan. Repayment of the loans is secured by the stock purchased with the loan proceeds or the stock for which loan proceeds were used to pay taxes. The loans are "full recourse" to the executive personally, except that in the case of a sale of all of the collateral by TIMET upon an event of default or upon the termination of the executive's employment, whether for cause or otherwise, the borrower's personal liability for repayment of the loan is limited to 70% of the principal amount remaining after sale and application of the proceeds from the sale of the stock. TIMET terminated this program effective July 30, 2002, subject to continuing only those loans outstanding at that time in accordance with their then-current terms. The following table identifies the executive officers of TIMET who were indebted to TIMET under this program during 2002 and as of the Record Date:

## Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires TIMET's executive officers, directors, and persons who own beneficially more than 10% of a registered class of TIMET's equity securities to file reports of ownership and changes in ownership with the Commission and TIMET. Based solely on a review of copies of the Section 16(a) reports furnished to TIMET and written representations by certain reporting persons, TIMET believes that all of TIMET's executive officers, directors and greater than 10% beneficial owners filed on a timely basis all reports required during and with respect to the fiscal year ended December 31, 2002, except for an inadvertent late report on Form 4 by Christian Leonhard and two inadvertent late reports on Form 4 by Mr. Harold C. Simmons.

### STOCKHOLDER PROPOSALS FOR 2004 ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for stockholder action at TIMET's annual stockholder meetings, consistent with rules adopted by the Commission. Such proposals must be received by TIMET no later than November 29, 2003 to be considered for inclusion in the proxy statement and form of proxy relating to the 2004 Annual Meeting of Stockholders. Any such proposals should be addressed to: Corporate Secretary, Titanium Metals Corporation, 1999 Broadway, Suite 4300, Denver, Colorado 80202.

### OTHER MATTERS

The Board of Directors knows of no other business to be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons designated as agents in the enclosed proxy card or voting instruction form will vote on such matters in accordance with their best judgment.

### 2002 ANNUAL REPORT ON FORM 10-K; HOUSEHOLDING

TIMET's 2002 Annual Report on Form 10-K, as filed with the Commission, is included as a part of TIMET's 2002 Annual Report which accompanies this Proxy Statement. Additional copies of such documents are available to stockholders without charge upon request by telephone: (303) 296-5600, or by writing: Investor Relations Department, Titanium Metals Corporation, 1999 Broadway, Suite 4300, Denver, Colorado 80202.

The Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are TIMET stockholders will be "householding" our proxy materials. A single Proxy Statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that either will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Proxy Statement, or if you currently receive multiple copies of the Proxy Statement at your address and would like to request "householding" of Company communications, please notify your broker if your shares are not held
