#### Item 2. ACQUISITION OR DISPOSITION OF ASSETS

As previously reported in a Current Report on Form 8-K filed October 14, 2002, on October 1, 2002, Great Lakes REIT through Great Lakes REIT, L.P. and a newly formed subsidiary, GLR-Medical Properties One, LLC, a Delaware limited liability company (collectively, the "Company") completed the purchase of eight medical office buildings in the metropolitan Chicago market for approximately \$59.6 million. The properties were acquired from Advocate Health and Hospitals Corporation and an affiliate, a Chicago-area health care services provider not affiliated with the Company.

The eight medical office buildings, seven of which are subject to 75-year ground leases, total 459,000 square feet and range in size from 50,000 to 130,000 square feet.

Funds for the purchase came from funds held in trust for the completion of a 1031 tax-free exchange transaction and from a \$36 million one-year bridge loan from Bank One NA. The interest rate on the bridge loan floats at LIBOR plus 1.85% for the first six months and at LIBOR

plus 2.5% for the second six months. The bridge loan may be pre-paid any time prior to its due date without penalty.

### Item 7. Financial Statements and Exhibits

The required financial statements for the medical office buildings are attached as exhibit A.

The required pro forma financial statements are attached as exhibit B.

The consent of Ernst & Young LLP is filed as exhibit C.

No information is required under Items 1,3,4,5 and 6, and these items have therefore been omitted.

#### Report of Independent Auditors

The Board of Trustees of  
Great Lakes REIT

We have audited the accompanying combined statement of revenue and certain expenses of Professional Office Buildings as described in Note 1 (the Properties) for the year ended December 31, 2001. The combined statement of revenue and certain expenses is the responsibility of the Properties' management. Our responsibility is to express an opinion on the combined statement of revenue and certain expenses based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined statement of revenue and certain expenses is free of material

## Edgar Filing: GREAT LAKES REIT - Form 8-K/A

misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures made in the combined statement of revenue and certain expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the combined statement of revenue and certain expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenue and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the Form 8-K of Great Lakes REIT as described in Note 2 and is not intended to be a complete presentation of the Properties' revenue and expenses.

In our opinion, the combined statement of revenue and certain expenses referred to above presents fairly, in all material respects, the revenue and certain expenses of the Properties described in Note 2 for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

## Notes to Combined Statements of Revenue and Certain Expenses

### 1. Business

The accompanying combined statements of revenue and certain expenses relate to the operations of eight medical office buildings with approximately 459,000 aggregate rentable square feet, located in the metropolitan Chicago market (the Properties). The Properties were acquired on October 1, 2002, in a single transaction from affiliated sellers who are not related to Great Lakes REIT.

### 2. Summary of Significant Accounting Policies

#### *Basis of Presentation*

The accompanying combined statements of revenue and certain expenses were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the Form 8-K of Great Lakes REIT. The statements are not representative of the actual operations of the Properties for the periods presented nor indicative of future operations as certain expenses, primarily depreciation, amortization and interest expense, which may not be comparable to the expenses expected to be incurred by Great Lakes REIT in future operations of the Properties, have been excluded.

#### *Revenue and Expense Recognition*

Revenue is recognized on a straight-line basis over the terms of the related leases. Expenses are recognized in the period in which they are incurred.

#### *Use of Estimates*

The preparation of the combined statements of revenue and certain expenses in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from these estimates.

#### *Unaudited Interim Statement*

The financial statement for the 2002 interim period includes the revenue and certain expenses for the period prior to acquisition by Great Lakes REIT. In the opinion of management, such financial statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal, recurring nature.

### 3. Rentals

The Properties have entered into tenant leases that provide for tenants to share in the operating expenses and real estate taxes on a pro rata basis, as defined.

### 4. Related Party Transactions

The Properties are generally located on the grounds of hospitals operated by the sellers. During 2001 and the interim period in 2002, the Properties were provided some or all of the following services by the related hospitals: housekeeping, building and grounds maintenance, security, engineering, utilities, property and casualty insurance coverage and certain administrative services. Charges for such services were based on management's estimates regarding utilization of hospital personnel or various apportionment factors such as relative square footage. The

amounts of such related party charges reflected in the accompanying statements of revenue and certain expenses are as follows:

Year Ended December 31, 2001	January 1, 2002 to September 30, 2002

Administrative, asset management and insurance	398,910	268,126
	<u>\$ 1,345,658</u>	<u>\$ 1,006,623</u>

During 2001 and the interim period in 2002, approximately 123,000 square feet of office space in the Properties were used by the hospitals for their own purposes. Accordingly, no rental and reimbursement income is reflected in the accompanying statements of revenue and certain expenses relating to such space.
