SOLICITATION

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of HickoryTech Corporation, ("HickoryTech"), for use at the Annual Meeting of Shareholders of HickoryTech to be held at the Holiday Inn located at 101 Main Street, Mankato, Minnesota, on Monday, April 14, 2003, at 2:00 p.m. (Central Time) or at any adjournment thereof. All properly executed proxies will be voted at the meeting. This proxy statement and the enclosed proxy card are being first mailed to shareholders on or about March 7, 2003.

REVOCABILITY OF PROXY

A shareholder's proxy may be revoked by that shareholder at any time before it is exercised by filing a later dated proxy (either by mail or by telephone) or a written notice of revocation with HickoryTech's Secretary, or by voting in person at the meeting. Unless so revoked, properly executed proxies will be voted in the manner set forth in this proxy statement or as otherwise specified by the shareholder giving the proxy.

ANNUAL REPORT

The Annual Report of HickoryTech for the fiscal year 2002, including financial statements, is enclosed in the envelope containing this proxy statement.

VOTING

Each shareholder of record at the close of business on March 5, 2003, is entitled to one vote for each share of common stock held. As of that date 14,003,335 shares were outstanding.

For each share held, shareholders may cast one vote for each proposal identified on the proxy card. For each share held, shareholders may cast one vote for each of the three directorships to be filled at this meeting. If you do not wish your shares to be voted for a particular nominee, please so indicate in the space provided on the proxy card. Shareholders can vote their shares by toll-free telephone call as an alternative to completing and mailing the enclosed proxy card. The procedures for telephone voting are described on the proxy card. The telephone voting procedures are designed to verify shareholders' identities, allow shareholders to give voting instructions and confirm that their instructions have been recorded properly. Shareholders who vote by telephone need not return a proxy card by mail.

A majority of the outstanding shares must be represented in person or by proxy in order to consider the items of business at the meeting. Abstentions will be counted as present or represented at the meeting for purposes of determining whether a quorum exists and calculating the number of votes cast, but will be deemed not to have been voted in favor of the matter with respect to which the proxy authority has been withheld. Broker non-votes with respect to any matter brought to a vote will be treated as present and entitled to vote for purpose of the presence of a quorum, but will not be considered as present and entitled to vote for purposes of determining whether the requisite vote has been obtained and, therefore, will have no effect on the outcome of any such matter. A majority of the shares present or represented at the meeting and entitled to vote is required for approval of the proposals requiring a shareholder vote.

(2) The value of unexercised options at December 31, 2002 is determined by multiplying the difference between the exercise prices of the options and the closing price of HickoryTech's common stock on the Nasdaq National Market on December 31, 2002 (\$9.53 per share) by the number of shares underlying the options. Stock options with an exercise price in excess of \$9.53 have been valued at zero.

LONG TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

HickoryTech has implemented a Stock Award Program (the "Program") each year since 1993 pursuant to the terms of HickoryTech's 1993 Stock Award Plan. This Plan was approved by the shareholders in 1993 and has been since amended. Each year the Compensation Committee establishes a range of shares that may be issued to the executives of HickoryTech contingent upon achievement of performance objectives over a three-year period. The objectives are based on achievement of three-year cumulative EBITDA for HickoryTech and its divisions, as may be modified by the Compensation Committee.

- (1) The numbers in this column represent the number of shares of common stock awarded to the named individual during fiscal year 2002 under the 2002-2004 Plan Year. Payments are made at the end of the applicable performance period if, and to the extent that, pre-determined performance objectives are achieved. No portion of this award is payable for less than threshold performance unless the Compensation Committee determines otherwise at their discretion.
- (2) The award was not expressed in these terms.
- (3) There is a potential range of shares established for each participant under the Program. The range has a separate threshold, target and maximum number of shares that can be awarded once the pre-established performance objectives of HickoryTech have been achieved. No shares under the Program will be issued if pre-established performance objectives are not achieved, unless the Compensation Committee determines otherwise at their discretion.
- (4) Mr. Alton retired as an employee on December 31, 2002 and Mr. Knauf's employment with the Company ended on January 13, 2003; therefore, neither are eligible for any benefits under this Plan.

COMPENSATION OF DIRECTORS

In 2002, the directors were paid an annual retainer of \$10,000. In addition, directors receive \$750 for each Board and committee meeting they attend. These fees are waived if the director is a paid employee of HickoryTech. Directors have the option of receiving the retainer fee in cash or in shares of common stock of HickoryTech. In 2003, the directors will be paid a \$15,000 annual retainer. Directors will have the option to receive \$10,000 of this annual retainer in cash or in shares of HickoryTech common stock, and \$5,000 of the retainer will be paid solely in shares of HickoryTech common stock.

The Chairman of the Board, who is not an employee of HickoryTech, will receive an additional annual retainer of \$24,000 which may be paid in cash or shares of HickoryTech common stock.

Directors who leave the Board will continue to receive their annual retainer, at the same rate, for three years after leaving the Board if they have served three consecutive Board terms, or, regardless of the length of service, after the occurrence of certain change in control and related events concerning HickoryTech.

The shareholders approved a Directors' Stock Option Plan in 1998. Under this Plan, each director receives an option to purchase 5,000 shares of HickoryTech common stock at fair market value determined on a specific date as established in the Plan if HickoryTech meets pre-established financial objectives. The Plan also provides for acceleration of the issuance of options upon the occurrence of certain change of control and related events concerning HickoryTech. For 2002, the financial objectives were met, and each director received an option to purchase 5,000 shares of HickoryTech common stock.

EMPLOYMENT CONTRACTS, CHANGE OF CONTROL AGREEMENTS, SEVERANCE AGREEMENTS AND OTHER AGREEMENTS

HickoryTech has Change of Control Agreements with the following named executive officers: John E. Duffy, David A. Christensen, John W. Finke, and F. Ernest Lombard. These agreements provide that if (1) within three years of a change in control of HickoryTech, the employment of any of the above-named officers is adversely affected and such officer terminates his employment with HickoryTech for a reason other than for cause, death or disability, or (2) within a thirty day period following the first anniversary of a change in control of HickoryTech, any of the above-named officers terminates his employment with HickoryTech for any reason other than for cause, death or disability, such officer is entitled to a lump-sum payment. Such lump-sum payment will be the relevant officer's annual compensation multiplied by 2.99 in the case of Mr. Duffy, and multiplied by two in the cases of Messrs. Christensen, Finke and Lombard. In the event of a change in control of HickoryTech and the subsequent termination of the officers, the approximate maximum amount of compensation that would be paid to Messrs. Duffy, Christensen, Finke and Lombard under their current agreements would be \$1,535,650, \$555,680, \$669,745, and \$560,260, respectively.

Edgar Filing: HICKORY TECH CORP - Form DEF 14A

HickoryTech entered into an Agreement with Robert D. Alton, Jr., which became effective at the time he retired as an executive officer of HickoryTech on December 31, 2002, and which provides for the option to continue under the Company's Health Care Plan at the same benefit level and rate as other retirees of the Company. The Company will contribute \$369 per month, or 75% of the total health care insurance premium, whichever is less. HickoryTech will pay the basic cost of Mr. Alton's monthly wireline service, DSL service, and a 30% discount on wireline features for Mr. Alton as long as he continues to reside in Mankato. All stock options previously granted to Mr. Alton during his ten-year employment with the Company were vested on December 31, 2002. This constituted the vesting of 16,666 previously granted options. The period of time to exercise all Mr. Alton's previously granted stock options was extended to twelve months from three months. This extension may cause HickoryTech to realize a compensation expense of \$173,000 in 2003. In exchange for these benefits, Mr. Alton entered into a Non-compete Agreement which remains valid through December 31, 2004.

HickoryTech has a Supplemental Retirement Agreement with Mr. Christensen. The Supplement Retirement Plan was frozen in 1994. The funds in the Plan accrue interest each year. Mr. Christensen will be eligible for benefits under the plan when he reaches age 65, is disabled or dies, whichever comes first.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES

During the fiscal year 2002, the Board of Directors held sixteen meetings. HickoryTech has an Audit Committee consisting of Messrs. Else, Bosacker and Kearney. The Audit Committee reviews internal controls of HickoryTech and its financial reporting, and meets with certified public accountants on these matters; four meetings were held in 2002. HickoryTech also has a Compensation Committee consisting of Messrs. Holdrege, Bosacker, Kirklin, Jacobson and Ms. Craig. The Compensation Committee makes recommendations to the Board regarding compensation for top management of HickoryTech; seven meetings were held in 2002. HickoryTech also has a Corporate Development Committee consisting of Messrs. Alton, Else, Holdrege, Kearney, Kirklin and Switz. The Corporate Development Committee investigates potential expansion and new markets for HickoryTech; no meeting was held in 2002. HickoryTech initiated a Governance/Nominating Committee in 2002, consisting of Ms. Craig, and Messrs. Jacobson, Kirklin and Kearney; one meeting was held in 2002. The Governance/Nominating Committee will consider nominees recommended by security holders. Each director attended at least 75% of the Board meetings and meetings of the committees on which they serve with the exception of Mr. Switz.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation program for executives is the responsibility of the Compensation Committee of the Board of Directors (the "Committee"). In 2002, the Committee was composed of five outside directors, Messrs. Holdrege, Bosacker, Kirklin, Jacobson and Ms. Craig. Mr. Holdrege is Chair of this Committee.

The Board of Directors has established the following ongoing principles and objectives for HickoryTech's executive compensation program:

1. Provide compensation opportunities that will attract, motivate and retain highly qualified managers and executives.
2. Link executives' total compensation to HickoryTech's financial performance and individual job performance.
3. Provide a balance between incentives focused on achievement of annual objectives and longer term incentives linked to increases in earnings and shareholder value.

There are three elements to the compensation plan: annual base salary, cash or stock bonuses under an executive incentive plan (the "Executive Incentive Plan"), and longer term incentives under a stock award plan (the "Stock Award Plan").

When setting annual base salaries and making awards under incentive plans, the Compensation Committee considers Company performance and compensation levels of comparable companies with a goal of remaining reasonably competitive with comparable companies. A thorough review of the executive compensation program was conducted in 2002, and some modifications were made in the total compensation program for 2003 in support of the above objectives.

In 2002, the Executive Incentive Plan had both an annual and a long-term component. The Executive Incentive Plan rewards an executive with a cash bonus for attainment of annually established financial and customer growth objectives. The financial objectives are based on a combination of revenues and earnings. The individual executive's performance and achievement of key strategic objectives was also factored into awards made under the Executive Incentive Plan. In addition to the payment of a cash bonus, an account is established for each executive equal to 50% of the cash bonus. This award is credited to a stock account used to acquire common stock of HickoryTech, which is held in a trust. The account is credited with additional shares equal to the dividends on the shares held in the account. In 2003, the Executive Incentive Plan will be modified to provide for an annual focus and the total of any bonus earned under this Plan will be paid in cash. The long-term components of executive compensation will be made in stock as outlined below. In 2003, the financial objectives under the Executive Incentive Plan were also reviewed and modified to more closely align with the strategic focus of HickoryTech.

The Stock Award Plan allows HickoryTech to issue restricted shares, unrestricted shares, incentive stock options and non-qualified stock options to executives of HickoryTech. The Stock Award Plan has two components: grants of options to purchase common stock and a long-term stock incentive program. The stock option component of the Stock Award Plan provides for the issuance of incentive stock options to seven current executives of HickoryTech. The incentive stock options vest over a three-year period and must be exercised within ten years of their issuance. Stock options are designed to reward executives as the stock price increases. The long-term incentive component of the 2002 Stock Award Program established a range of shares that may be issued to each officer under the Program contingent upon the achievement of performance objectives over a three-year period. For the Plans concluding in 2001 and 2002, the objectives were based on increases in the shareholder value of HickoryTech. The shareholder value is a measurement of estimated market value added, identifying key value drivers with appropriate offsets for non-equity stakeholdings, as set forth in the provisions of the Plan. For the Plan concluding in 2001, which was awarded in early 2002, the Compensation Committee exercised their discretion and awarded shares under this Plan due to the increase in Net Shareholder Value being close to the pre-established objective. For the Stock Award Plan ending in 2002, which was awarded in early 2003, the pre-established objective was not met and there were no payouts made to executives under this Plan.

The Committee applied the above-described principles and objectives in determining the compensation of the Chief Executive of HickoryTech, Mr. Alton, in 2002 and in determining the total compensation package for Mr. Duffy upon his hire in 2002. In determining the 2002 compensation, the Committee reviewed Mr. Alton's and Mr. Duffy's total compensation program to ensure its relationship to the competitive market as well as to the performance of HickoryTech. In establishing Mr. Alton's total compensation for 2002, the Committee specifically considered the results of HickoryTech in 2001 and 2002 as compared to targeted financial objectives, shareholder value and the growth rate of operations. Additionally, the Committee applied the above-described principles to determine Mr. Alton's bonus payment under the Executive Incentive Plan. For 2002, Mr. Alton did not accept an increase to his base salary to assist in the Company's efforts to control costs.

In determining the total compensation package for Mr. Duffy, the Committee considered the competitive market and the objectives of the Company. For 2002, in addition to base salary, Mr. Duffy received a one-time payment to assist with his relocation and a bonus opportunity for achievement of strategic objectives. The Committee also provided Mr. Duffy a one-time grant of 5,000 shares of HickoryTech common stock upon his hire. For 2003, the Committee provided Mr. Duffy with a compensation package including base salary, a bonus opportunity, and eligibility for stock options and stock grants for the existing and future long-term stock plans, if pre-established financial objectives are achieved.

**FIVE-YEAR SHAREHOLDER RETURN
PERFORMANCE PRESENTATION**

The following table compares the cumulative total shareholder return on the common stock of HickoryTech for the last five fiscal years with the cumulative total return on the Russell 2000 Index, the NASDAQ Telecommunications Index and a peer group index. "Total shareholder return" assumes the investment of \$100 in HickoryTech's common stock, the Russell 2000 Index, the NASDAQ Telecommunications Index and the peer group index on December 31, 1997 and reinvestment of all dividends. The peer group index has been approved by the Board of Directors and consists of five independent telecommunications companies. These companies were selected because they had a proportion of core business in regulated telephone operations, a pattern of internal diversification and external acquisition activities similar to HickoryTech. The

AUDIT COMMITTEE REPORT

Edgar Filing: HICKORY TECH CORP - Form DEF 14A

The Audit Committee of the Board of Directors is responsible for overseeing management's financial reporting practices and internal controls and for audit functions. The Audit Committee is composed of three outside, independent directors all of whom meet the independence requirements of applicable NASDAQ listing requirements. The Audit Committee acts under a written charter that was first adopted and approved by our Board of Directors on April 27, 2000. A copy of the Audit Committee charter was attached to our Proxy Statement for the 2001 Annual Shareholder Meeting.

In connection with our consolidated financial statements for the fiscal year ended December 31, 2002, the Audit Committee has:

reviewed and discussed the audited financial statements with management and with representatives of PricewaterhouseCoopers LLP, our independent auditors;

discussed with our independent auditors the matters required to be discussed by *Statement On Auditing Standards No. 61 (Communications with Audit Committees)*; and

received from our independent auditors the disclosures regarding PricewaterhouseCoopers LLP's independence as required by *Independence Board Standard No. 1 (Independence Discussions with Audit Committees)*, and discussed with representatives of PricewaterhouseCoopers LLP their independence, including the compatibility of non-audit services with the auditors' independence.

Based on these actions, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002, as filed with the Securities and Exchange Commission.

AUDIT COMMITTEE

Lyle T. Bosacker

Robert K. Else

R. Wynn Kearney, Jr.

INDEPENDENT PUBLIC ACCOUNTANTS

The firm PricewaterhouseCoopers LLP, Minneapolis, Minnesota, independent public accountants, audited the financial statements of HickoryTech for the fiscal year ended December 31, 2002, and has been HickoryTech's auditor since 1998. A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions with respect to that firm's audit.

Audit Fees

Fees billed or expected to be billed to the Company by PricewaterhouseCoopers LLP for the audit of the Company's annual financial statements for the year ended December 31, 2002 and for reviews of those financial statements included in the Company's quarterly reports on Form 10Q total \$160,000.

Financial Information Systems Design and Implementation Fees

PricewaterhouseCoopers did not provide any service in connection with financial information systems design and implementation.

All Other Fees

Fees billed or expected to be billed to the Company by PricewaterhouseCoopers for all other services provided during 2002, including corporate tax review services, total \$43,175.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining PricewaterhouseCoopers' independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers, directors and persons who beneficially own more than 10% of HickoryTech's common stock to file reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "SEC") and to furnish HickoryTech with copies of such reports. During fiscal 2002, the Form 4 Statement of Changes in Beneficial Ownership filing for 3,000 shares sold in June and for 500 shares sold in July by Jon Anderson was inadvertently not filed until February 2003, and the Form 4 Statement of Changes in Beneficial Ownership filing for 2,390 shares sold in July by F. Ernest Lombard was inadvertently not filed until February 2003. To HickoryTech's knowledge, based solely on review of the copies of such reports furnished to HickoryTech, all other Section 16(a) filing requirements were satisfied.

In addition to solicitation by mail, officers or regular employees of HickoryTech may solicit proxies by personal interview, mail, telephone and other appropriate communication methods. They do not, however, receive additional compensation for soliciting shareholder proxies.
