TO THE PROSPECTUS DATED DECEMBER 11, 2003  
OF DIVIDEND CAPITAL TRUST INC.**

**Borrowing Policies and Related Indebtedness**

*Fixed Rate, Non-Recourse Mortgage Loan*

On December 15<sup>th</sup>, 2003, the Company obtained \$40.5 million of fixed-rate, non-recourse mortgage from New York Life Insurance Company. The loan will bear interest at a rate of 5.0% per annum and mature on March 10, 2011. The fixed monthly loan payments are based upon a thirty year amortization with a balloon payment due at maturity. The mortgage, which contains substitution and partial release rights, has a three year prepayment lockout provision with prepayment thereafter subject to yield maintenance provisions. The mortgage is collateralized by the six properties acquired from IDI and related entities as further described below.

**Properties**

The following table provides information regarding the properties we have acquired since the prospectus dated December 11, 2003. We purchased each of these properties from an unaffiliated third party. These properties will be subject to competition from similar properties within their respective market areas and their economic performance could be affected by changes in local economic conditions. In evaluating these properties for acquisition, we considered a variety of factors including location, demographics, price per square foot, credit of the tenants and the overall rental rate compared to market rates. Following the table is a discussion of each property which includes the terms of the current in-place leases. However, the amount we may recognize as revenue may differ from the lease terms due to the effects of straight lining rents in accordance with Statement of Financial Accounting Supplement ("SFAS") No. 13, "Accounting for Leases."

The total acquisition costs for the following properties may increase by additional costs which have not yet been finally determined. We do not expect any additional costs to be material. Furthermore, we have obtained what we believe is commercially reasonable insurance with regards to the following properties, including property and casualty insurance.
