2.

SECTION 8 Other Events

Item 8.01 Other Events

Nord Resources Corporation (Nord) has issued a news release announcing that the closing of the proposed acquisition of Nord by Platinum Diversified Mining, Inc. (Platinum) in the all-cash merger transaction (the Merger) still continues to be delayed and that Nord has been advised by Platinum that the decision of the credit committee of Platinum's proposed lender remains outstanding. Also remaining outstanding are the payments required to be made by Platinum in connection with Nord's Coyote Springs Project. These payments totaling approximately \$138,000 -- were required to be made by Platinum pursuant to the Merger Agreement and remain unpaid.

The Merger Agreement provides that it may be terminated by a non-defaulting party if the Merger is not consummated on February 15, 2007. Nord's position is that the Merger should have closed on December 22, 2006 and that Platinum continues to be in material breach of the Merger Agreement. Therefore it is Nord's position that Platinum may not exercise the right provided in the Merger Agreement to terminate such agreement today. Platinum disagrees with Nord's position.

Nord is reserving all of its rights under the Merger Agreement, including the right to terminate the Merger Agreement, its right to a \$2 million termination fee and the right to seek specific performance or damages for breach of the Merger Agreement.

Nord anticipates that it will hear from Platinum shortly as to the decision of the credit committee of Platinum's proposed lender and whether Platinum intends to close the Merger on the terms provided in the Merger Agreement.
