Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

1. ORGANIZATION

Destiny Media Technologies Inc. (the Company) was incorporated in August 1998 under the laws of the State of Colorado. The Company develops technologies that allow for the distribution over the Internet of digital media files in either a streaming or digital download format. The technologies are proprietary. The Company operates out of Vancouver, BC, Canada and serves customers predominantly located in the United States and Canada.

2. BASIS OF PRESENTATION

The accompanying unaudited interim consolidated financial statements have been prepared by management in accordance with generally accepted accounting principles in the United States for interim financial information and in accordance with Item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles in the United States for annual financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine months period ended May 31, 2008 are not necessarily indicative of the results that may be expected for the year ended August 31, 2008.

The balance sheet at August 31, 2007 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles in the United States for annual financial statements.

For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended August 31, 2007.

3. GOING CONCERN UNCERTAINTY

The unaudited interim consolidated financial statements have been prepared by management in accordance with generally accepted accounting principles in the United States on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future.

During the nine months ended May 31, 2008, the Company is aggressively implementing its business plan of transitioning new and existing customers (record labels) to transactional based contracts through the full commercial deployment of its Play MPE system. The Company is pursuing transaction fee based agreements with other large record labels and has developed an Indie Uploader system for smaller labels available on www.myplaympe.com. Through the nine months ended May 31, 2008, the Company continued to utilize cash in operations (\$1,542,910).

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

3. GOING CONCERN UNCERTAINTY (cont d.)

However, management expects revenues, and cashflows, to improve over the remainder of fiscal 2008. Depending on the Company's ability to grow sales and related cash flows, the Company may need to raise additional funds to complete its business plan due to the significant working capital decrease. The Company's goal is to obtain these funds through an optimal mix of internal and external financing opportunities including cash flows from operations, strategic partnerships and equity financings. There are no assurances that the Company will be successful in achieving these goals. In view of these conditions, the ability of the Company to continue as a going concern is not certain. These unaudited interim consolidated financial statements do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying unaudited interim consolidated financial statements.

4. OBLIGATION FOR SHARE SETTLEMENT

During the fiscal year ended August 31, 2003, the Company issued 133,333 common shares to be delivered in settlement for proceeds of \$100,000 received in respect of a private placement that was not completed in August of 2000. As the private placement was not completed and although management expects that the amount ultimately will be settled through the release of the shares, the obligation for share settlement is recorded as a liability until a settlement is finalized between the Company and parties involved in the August 2000 private placement.

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

5. SHARE CAPITAL**[a] Issued and Authorized**

The Company is authorized to issue up to 100,000,000 shares of common stock, par value \$0.001 per share.

During the nine months ended May 31, 2008, the Company completed a private placement which consisted of the issuance of 470,500 units at \$0.55 for net cash proceeds of \$258,775. Each unit consists of one common share and 1/2 warrant exercisable into one common share at \$0.60 expiring November 30, 2009.

Also, 86,400 stock options were exercised during the nine months ended May 31, 2008 for cash proceeds of \$41,200.

[b] Stock option plans

The Company had previously reserved a total of 8,850,000 common shares for issuance under its existing stock option plans, of which, 1,340,375 remain available for future option issuance. The options generally vest over a range of periods from the date of grant, some are immediate, and others are 12 or 24 months or 3 years. Any options that do not vest as the result of a grantee leaving the Company are forfeited and the common shares underlying them are returned to the reserve. The options generally have a contractual term of five years.

Stock-based Payment Award Activity

A summary of option activity under the Plans as of May 31, 2008, and changes during the nine-month period ended is presented below:

Options	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term	Average Intrinsic Value \$
Outstanding at August 31, 2007	4,287,000	0.48	3.64	796,210
Granted	300,000	0.45	4.41	52,500
Exercised	(86,400)	(0.48)		
Outstanding at May 31, 2008	4,500,600	0.48	3.06	719,060
Vested at May 31, 2008	4,105,684	0.46	2.92	679,804
Exercisable at May 31, 2008	4,019,284	0.46	2.94	669,164

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

5. SHARE CAPITAL (cont d.)

The aggregate intrinsic value is calculated as the difference between the exercise price of the underlying awards and the quoted price of the Company's common stock for the options that were in-the-money at May 31, 2008.

[c] Stock-based compensation plans*Impact of Adoption of FAS 123(R)*

At May 31, 2008, the Company has two stock-based employee compensation plans. Prior to September 1, 2006, the Company accounted for the plan under the recognition and measurement provisions of APB Opinion No.25, *Accounting for Stock Issued to Employees*, and related Interpretations, as permitted by FASB Statement No 123, *Accounting for Stock-Based Compensation*. Effective September 1, 2006, the Company adopted the fair value recognition provisions of FASB Statement No. 123(R), *Share-Based Payment*, using the modified-prospective-transition method. Under that transition method, compensation cost recognized in the nine-month period ended May 31, 2007 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of September 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of Statement 123, and (b) compensation cost for all share-based payments granted, modified or cancelled, subsequent to September 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of Statement 123(R).

As FAS123(R) requires that stock-based compensation expense be based on awards that are ultimately expected to vest, stock-based compensation expense for the nine-month ended May 31, 2008 has considerations for estimated forfeitures. When estimating forfeitures, the Company considers voluntary termination behavior as well as trends of actual option forfeitures.

Total stock-based compensation for the nine-month period ended May 31, 2008 includes stock-based compensation expense related to employees of \$156,973 and stock-based-compensation expense related to consultants of \$24,980 reported in the statement of operations as follows:

	Three Months Ended		Nine Months Ended	
	May 31 2008	May 31 2007	May 31 2008	May 31 2007
	\$	\$	\$	\$
Stock-based compensation:				
General and administrative	3,927	8,733	41,396	85,927
Sales and marketing	7,056	116,740	85,215	409,310
Research and development	8,766	10,641	55,342	142,159

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

5. SHARE CAPITAL (cont d.)*Valuation Assumptions*

The fair value of each option award is estimated on the date of grant using the Black-Scholes option-pricing model. The weighted average assumptions used for option grants issued in their respective periods are as follows:

	Three Months Ended		Nine Months Ended	
	May 31 2008	May 31 2007	May 31 2008	May 31 2007
Expected term of stock options (years)	2.5	2.5-5.0	2.5	2.5-5.0
Expected volatility	92%	85%-91%	85%-92%	85%-94%
Risk-free interest rate	2.31%	4.5%-4.67%	2.31%-4.51%	3.9%-5.0%
Dividend yield				

The weighted-average grant-date fair value of options granted during the nine-month period ended May 31, 2008 and May 31, 2007 was \$0.31 and \$0.22, respectively.

As of May 31, 2008 there was \$121,633 of unrecognized stock-based compensation cost related to employee stock options granted under the plans, which is expected to be fully recognized over the next 34 months.

Expected volatilities are based on historical volatility of the Company's stock. The Company uses historical data to estimate option exercise and employee termination within the valuation model. The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the options is based on US Treasury bill rates in effect at the time of grant.

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

5. SHARE CAPITAL (cont d.)**[d] Warrants**

As at May 31, 2008, the Company has the following common stock warrants outstanding:

	Number of Common Shares Issuable	Exercise Price \$	Date of Expiry
\$0.22 Warrants	950,000	0.22	August 25, 2011
\$0.40 Warrants	361,000	0.40	February 28, 2012
\$0.50 Warrants	5,800,000	0.50	February 28, 2012
\$0.60 Warrants	235,250	0.60	November 30, 2009
\$0.70 Warrants	500,000	0.70	April 9, 2012
	7,846,250		

5,400,000 of the \$0.50 warrants have a forced conversion feature by which the Company can demand exercise of the share purchase warrants if the common stock trades at a price equal to or greater than \$1.25 if certain conditions are met.

All of the \$0.60 warrants have a forced conversion feature by which the Company can demand exercise of the share purchase warrants if the common stock trades at a price equal to or greater than \$0.80 if certain conditions are met.

On September 11, 2006, the Company entered into an agreement with Bryant Park Capital to act as an exclusive financial advisor to provide strategic assistance and maximize shareholder value. As part of the agreement, the Company has issued 950,000 warrants with a strike price of \$0.22. On April 9, 2007, the Company modified and expanded its agreement with Bryant Park Capital to include additional services not previously contemplated in the original agreement. As compensation, the Company paid Bryant Park Capital \$7,500 per month to the end of September 2007 and issued an additional 500,000 warrants exercisable into common shares at a price of \$0.70. The warrants vest monthly over the six months following the signing of the agreement.

The fair value of the 83,333 \$0.70 warrants, which vested during the nine-month ended May 31, 2008 was measured using the Black-Scholes option-pricing model and amounted to \$24,980. This amount was expensed to sales and marketing in the statement of operations.

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

6. COMMITMENTS

The Company is committed to payments under its premises lease, which expires on August 30, 2010 as follows:

	\$
2008	28,533
2009	273,713
2010	273,713
	575,959

The Company has entered into sublease agreements to offset the cost commitments above. All sublease income has been reported in other income in the statement of operations and has not been reflected in the amounts disclosed above.

7. RELATED PARTY TRANSACTIONS

During the period ended May 31, 2008, the Company entered into a sublease agreement with a director effective September 1, 2007. The term of the sublease is 1 year expiring on August 31, 2008, and calls for committed monthly payments of \$6,016 which offsets our lease cost and a deposit of \$12,260 has been received which will be applied to the last two months lease agreements. The rent deposit is included in accrued liabilities.

The Company has received a demand loan bearing interest at 5.5% from CEO Steve Vestergaard with no fixed repayment terms.

8. INCOME TAX

The Company adopted the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 (FIN 48), on September 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise s financial statements in accordance with FASB Statement 109, Accounting for Income Taxes , and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition,

Unaudited

classification, interest and penalties, accounting in interim periods, disclosure and transition. The Company and its subsidiaries are subject to U.S. federal income tax, Canadian income tax, as well as income tax of multiple state and local jurisdictions. Based on the Company's evaluation, the Company has concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company's evaluation was performed for the tax years ended August 31, 1999 through 2007, the tax years which remain subject to examination by major tax jurisdictions as of May 31, 2008. The Company may be assessed interest or penalties by tax jurisdictions, although any such assessments historically have been minimal and immaterial to the Company's financial results.

9. CONTINGENCIES

On March 7, 2006 the Company filed a statement of claim in the Federal Court of Canada against Yangaroo Inc. (formerly Musicrypt Inc.) (the Defendant) to assert that the Company's technology does not infringe on the stated patent owned by the Defendant and to further declare that Defendant's patent is invalid. This statement of claim was initiated by the Company as a result of the Defendant's statements to the contrary. On June 7, 2006, the Company's counsel received a statement of defense and counterclaim from the defendant, requesting specified damages or audited Canadian profits from the Play MPE system if it is offered in Canada.

On January 11, 2007 the Federal Court of Canada issued a bifurcation order of the issues included in the action. Accordingly, only the issues of infringement and validity of the patent raised in the claim will be addressed in the current proceeding. The remaining issues including the counterclaim for specified damages will be subject of a separate determination to be conducted after the trial if it then appears that such issues need to be decided.

On May 3, 2007 the Company filed a statement of claim in Ontario Superior Court for damages against the defendant (Yangaroo Inc.), and executives of the Defendant, John Heaven and Clifford Hunt (collectively the Defendants) in the amount of \$25,000,000 caused by the Defendants making statements constituting defamation and injurious falsehood, making false or misleading statements tending to discredit the business, making false or misleading representations contrary to the Competition Act of Canada, and unlawful interference with the Company's economic relations. The statement further requests an injunction from continuing the actions instigating the statement of claim.

On June 7, 2007 the defendant filed a statement of defense, denying the allegations set out in the statement of claim dated May 3, 2007, and counterclaim against the Company and its CEO, Steve Vestergaard, also in the amount of \$25,000,000, for making statements constituting defamation and injurious falsehood, making false or misleading statements tending to discredit the business, making false or misleading representations contrary to the Competition Act, and unlawful

interference with the defendant's economic relations. The Company further requests an injunction from continuing the defamatory actions.

No amount has been recognized as a receivable for damages as outlined in the statement of claim. The amount of damages awarded, if any, in relation to any claim or counterclaim cannot be reasonably estimated and no receivables or payables have been recognized. Management does not believe that the outcome of this matter will have an adverse impact on its results of operations and financial condition.

10. SEGMENTED INFORMATION AND ECONOMIC DEPENDENCE

The Company operates solely in the digital media software segment and all revenue from its products and services are made in this segment.

Revenue from external customers, by location of customer, is as follows:

Destiny Media Technologies Inc.

**NOTES TO INTERIM CONSOLIDATED
FINANCIAL STATEMENTS**
(Expressed in United States dollars)

Nine months ended May 31, 2008

Unaudited

During the nine months ended May 31, 2008, one customer represented 50% of the total revenue balance [May 31, 2007 two customers represented 35% of the total revenue balance].

As at May 31, 2008, two customers represented 53% of the trade receivables balance [May 31, 2007 one customer represented 71%].

The Company has substantially all its assets in Canada and its current and planned future operations are, and will be, located in Canada.

11. RECENT ACCOUNTING PRONOUNCEMENTS

In September 2006, FASB issued SFAS 157 Fair Value Measurements This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. However, for some entities, the application of this Statement will change current practice. This Statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company will adopt SFAS 157 effective September 1, 2008 and does not expect the adoption to have a material impact on the Company's financial statements.

In February 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 159 The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115 (SFAS No. 159) which permits entities to choose to measure many financial instruments and certain other items at fair value. This statement is effective for fiscal periods beginning after November 15, 2007. The Company will adopt SFAS 159 effective September 1, 2008 and does not expect the adoption to have a material impact on the Company's financial statements.

12. SUBSEQUENT EVENTS

Effective June 1, 2008 the Company signed agreements with SONY BMG Sweden, Universal Music Sweden and Warner Music Sweden as we expand the use of our system in Europe. These contracts are in accordance with our standard pricing matrix. It is anticipated that these agreements will be expanded to include additional European countries during our fourth quarter and into our first quarter of fiscal 2009.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION FORWARD LOOKING STATEMENTS

The following discussion should be read in conjunction with the accompanying financial statements and notes thereto included within this Quarterly Report on Form 10-QSB. In addition to historical information, the information in this discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements involve risks and uncertainties, including statements regarding the Company's capital needs, business strategy and expectations. Any statements contained herein that are not statements of historical facts may be deemed to be forward-looking statements.

In some cases, you can identify forward-looking statements by terminology such as may, will, should, expect, intend, anticipate, believe, estimate, predict, potential or continue, the negative of such terms or other terminology. Actual events or results may differ materially. In evaluating these statements, you should consider various factors described in this Quarterly Report, including the risk factors accompanying this Quarterly Report, and, from time to time, in other reports the Company files with the Securities and Exchange Commission. These factors may cause the Company's actual results to differ materially from any forward-looking statement. The Company disclaims any obligation to publicly update these statements, or disclose any difference between its actual results and those reflected in these statements. The information constitutes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995.

OVERVIEW AND CORPORATE BACKGROUND

Destiny Media Technologies Inc. (Destiny Media) is a holding company which owns 100% of the outstanding shares of Destiny Software Productions Inc. and MPE Distribution, Inc. The Company, Destiny or we refers to the consolidated activities of all three companies.

Destiny develops software tools and provides services which enable content owners to distribute their digital media globally using the internet. All Destiny technologies are developed by internal staff, are proprietary and are owned by the company.

Content can be accessed in either a transient manner (TV, radio) or it can be owned locally by the consumer (DVD's, CD's). Destiny provides media owners both approaches over the internet through two product lines:

A) Clipstream® Product Line

Clipstream® enables audio or video content to be streamed so that the audio or video plays instantly and automatically. This is analogous to TV or radio. Creating streaming video content with other technologies can be a complicated process and in many cases, users are required to purchase and maintain streaming servers. With Clipstream®, content owners simply encode the content into the Clipstream format, then upload to an existing website. Clipstream® is a standards based technology built around Sun Microsystem's Java engine. Because Java is included in most operating systems and browsers, Clipstream® encoded content will play instantly. This means that a much higher percentage of potential viewers successfully see the content by using Clipstream® than with other solutions. Clipstream® users are not required to download third party player software which can create instabilities and allow unsafe external access to the user's computer.

Clipstream® products include:

Clipstream®: embeds high fidelity audio and video on demand into web pages and emails
<http://www.clipstream.com>

Clipstream® Live: embeds live video stream into web pages and emails

<http://live.clipstream.com>

Clipstream® IPTV: users can view TV and change channels remotely

<http://live.clipstream.com>

Clipstream® Audiomail: converts audio left on a telephone answering machine into an audio clip

<http://www.audio-mail.com>

Clipstream® Survey Solutions: secure video questionnaires prevent piracy and feature high view rates

<http://www.surveyclip.com>

Clipstream® Advertising Solutions: TV style video commercials and rich media banner ads

<http://www.clipstreamad.com>

Clipstream® Server Solutions: servers to power hosted sites

<http://www.clipstreamserver.com>

Radio Destiny: Software to broadcast internet radio from a home computer

<http://www.radiodestiny.com>

B) MPE® Product Line

MPE® enables the secure download of audio or video to a user's computer. Content is protected from unauthorized distribution through two patent pending technologies. The first recognizes a user device as being unique, then encrypts the content to lock to that particular machine. The second patent pending technology embeds a digital trace or watermark into unlocked content, so that copies can be traced back to the owner of the original file.

MPE® products include:

Play MPE : over 1,000 record labels use this service to deliver pre-release music and music videos to trusted recipients including radio station program directors, music buyers, record label staff and the media. Over 86,000 songs have been sent through this system.

<http://www.plaympe.com>

MyPlayMPE: a self service system for smaller independents to distribute music and music videos through Play MPE ;

<http://www.myplaympe.com>

PODDS: a complete software suite to set up to securely sell music online. Includes encoding modules, accounting modules and the player software. This software can be utilized in an OEM agreement to set up third party online music stores. In addition, Destiny has set up its own store to sell music to commercial users in Canada (DJ's, online jukeboxes, etc.) Destiny has an encoded catalog of 12,000 songs and album artwork under license from the four major record labels in Canada.

<http://www.podds.ca>

Destiny Media Technologies, Inc. was incorporated in August 1998 under the laws of the State of Colorado.

We carry out our business operations through our wholly owned subsidiary, Destiny Software Productions Inc., a British Columbia company that was incorporated in 1992, and MPE Distribution, Inc. a Nevada company that was incorporated in 2007.

Our principal executive office is located at #800-570 Granville Street, Vancouver, British Columbia V6C 3P1. Our telephone number is (604) 609-7736 and our facsimile number is (604) 609-0611.

We are a publicly traded company. Our common stock trades on the OTC Bulletin board under the symbol DSNY and on various German exchanges (Frankfurt, Berlin, Stuttgart and Xetra) under the symbol DME 935 410.

Our corporate website is located at <http://www.dсны.com>.

RESULTS OF OPERATIONS FOR THE NINE MONTHS ENDED MAY 31, 2008

Revenue

Overall revenue grew for the sixth consecutive quarter with the eleventh consecutive quarter of growing Play MPE system access fees.

Our revenues for the quarter increased to \$369,098 which represents an increase of more than 42% over the same period in the prior year and exceeds our previous record, set only in the previous quarter of this year. The increase is driven by a 95% increase to Play MPE system access fees over the same period last year.

Overall, our revenues increased to \$1,085,555 for the nine months ended May 31, 2008 from \$599,206 for the nine months ended May 31, 2007, up more than 80% from the previous year.

Approximately 20% of our revenues are derived from sales of our Clipstream® software which decreased for the nine months ended May 31, 2007 by 19%. We hope to increase sales of Clipstream® licenses through our hosted solution, which should be available later in this year, and other license opportunities.

Radio Destiny sales represent 2% of our total revenue.

Effective December 31, 2007, we ceased to provide trial access to the Play MPE system for all independent record labels and promoters across all formats. Since that time, we have signed in excess of 100 contracts with independent labels and promoters representing significantly more labels and sub-labels. The interest in signing on has extended across formats and has extended beyond the United States.

Effective April 1, 2007, we extended and expanded our commercial agreement with Universal Music Group (UMG) (<http://new.umusic.com/News.aspx?NewsId=629>) to distribute their music in Canada, the United States and Mexico through the Play MPE system (<http://www.plaympe.com>). The agreement is effective from March 31, 2008 through March 31, 2010. The agreement includes monthly minimum revenue amounts which ensure that quarterly revenue from UMG will be at least as high as any previous quarter. The agreement grants the Company the exclusive right to distribute UMG's music on a company-wide basis and calls for UMG to encourage all of its controlled record labels to use the MPE system as their sole method for online distribution.

On December 18, 2007, we signed a North America wide content distribution contract with EMI Music North America covering all sub-labels of the EMI group. Though the agreement with EMI Music North America was effective November 1, 2007, the full rollout internally amongst all labels of EMI Music North America remains underway and thus revenue associated with this contract represents less than 5% of our revenue for the quarter. We anticipate this revenue to grow significantly as they complete their transaction to digital delivery throughout the next several quarters.

During the quarter we were also very successful in signing agreements with several major independent labels such as Curb Records, Koch Records, Robbins Entertainment, Rounder Records, New West Records to name only a few.

Play MPE is the only system which delivers such recent high profiles releases for artists such as this season's American Idol winner David Cook, Mariah Carey, Madonna, Coldplay, Carrie Underwood, Timbaland, Rihanna, Chris Brown, Usher, Lil Wayne, Flo Rida, Alicia Keys, Fergie, Radiohead, Miley Cyrus, Jordin Sparks, 3 Doors Down, Taylor Swift, Maroon 5, Leona Lewis, Weezer and Sara Bareilles.

Our expansion into Europe now includes signed agreements with SONY BMG Sweden, Universal Music Sweden in addition to Warner Music Sweden which are all effective June 1, 2008 (after the current quarter).

We believe this represents a significant endorsement and another milestone in the road to establishing Play MPE as the global leader in the secure distribution of pre-release music to radio.

Operating Expenses

Overall expenditures have decreased by approximately 25% over the previous quarter as a result of a decrease one time listing application costs, a reduction in marketing and advertising spending, a reduction in salaries and wages, and a reduction in professional fees associated with various trademark applications. Expenditures during the quarter were also slightly lower than the same quarter in the previous year.

At the end of the second quarter of last year we positioned ourselves to market and support the Play MPE line of services internally. This required hiring additional staff in Play MPE management and support and additional software development staff. This shift began in March 2007 and has been the most significant impact to current expenditures. Our staffing has remained substantially the same since April 2007. As such, we have higher expenditure levels from the third quarter of fiscal 2007 through to the current quarter.

Additionally, we began targeted marketing and advertising campaigns to develop the market for Play MPE. There have been modest increases in technical costs like internet bandwidth, equipment etc. over this same time period. During the latter half of fiscal 2007 and throughout fiscal 2008, we have been servicing a fully operational Play MPE system as our clients continued to use our system extensively. This allowed us to expand the use at both radio and record labels and to establish the Play MPE network. Management is currently reviewing ways to become more efficient and costs are not anticipated to grow in the near future.

General and administrative	May 31 2008 (9 months)	May 31 2007 (9 months)	\$ Change	% Change
Wages and benefits	312,260	259,994	52,266	20.1%
Rent	42,973	21,244	21,729	102.3%
Telecommunications	14,041	10,267	3,774	36.8%
Bad debt	6,748	(1,316)	8,064	(612.8%)
Office and miscellaneous	186,459	42,849	143,610	335.2%
Professional fees	275,904	156,618	119,286	76.2%
	838,385	489,656	348,729	71.2%

Our general and administrative expenses consist primarily of salaries and related personnel costs including overhead, professional fees, and other general office expenditures.

The increase in salaries and wages is due primarily to the increase in additional staff. The increase in professional fees is due to a greater volume of legal work associated with securities, litigation, contracts, patents and trademarks. Office and miscellaneous costs have increased as a result of a listing application, investor relations fees, and foreign exchange losses.

At the end of fiscal 2007 we moved offices due to a proposed rent increase and to accommodate anticipated growth in staff. We were able to secure approximately double the square footage for approximately the same cost as the proposed rent increase. The new space is sufficiently large and efficient to accommodate our growth while providing some space to sub-lease. The rent expense listed above is offset by our rental income which is included in Other income in the Statement of Operations.

Sales and marketing	May 31 2008 (9 months)	May 31 2007 (9 months)	\$ Change	% Change
Wages and benefits	510,775	269,202	241,573	89.7%
Rent	67,460	20,051	47,409	236.4%
Telecommunications	22,041	9,690	12,351	127.5%
Meals and entertainment	17,805	2,512	15,293	608.8%
Travel	66,805	32,610	34,195	104.9%
Advertising and marketing	560,034	556,002	4,032	0.7%
	1,244,920	890,067	354,853	39.9%

Sales and marketing expenses consist primarily of salaries and related personnel costs including overhead, sales commissions, advertising and promotional fees, and travel costs. The majority of this increase was due to additional staff to further the distribution and acceptance of the Play MPE distribution system. The increase in advertising and marketing is due primarily to a rise in marketing fees associated with our MPE® system. As a result of this increased marketing expenditure, adoption and usage of the Play MPE system increased significantly during the quarter.

During the year, marketing efforts included attending various conventions to promote Play MPE as follows:

September 26-28, 2007: Exhibitor at the combined Radio & Records/National Association of Broadcasters Radio Show Convention in Charlotte, North Carolina (including several advertisements).

October 5-10, 2007: Billboard Dance Music Summit in Las Vegas, Nevada.

November 1, 2, 2007: The Hollywood Reporter, Billboard Film & TV Music Conference in Los Angeles, California.

November 15, 16, 2007: Radio & Record Christian Summit in Nashville, Tennessee.

November 28-30, 2007: Billboard R&B Hip Hop Conference in Atlanta, Georgia.

November 30-December 2, 2007: Billboard I Rock the Mic events in Miami, Florida.

November 28-30, 2007: Billboard R&B Hip Hop Conference in Atlanta, Georgia.

January 9, 2008: Billboard Digital Music Conference in Los Angeles, California.

March 4-8, 2008: Country Radio Broadcasters Seminar, Nashville, Tennessee.

March 18 -20, 2008: City of Hope, New York, New York.

March 7-16 South by South West Conference, Austin, Texas.

March 15-16 - Core DJs, New Orleans, LA.

March 26-29, 2008: 20th Annual Urban Network Convention, Newport Beach, California.

April 26-30, 2008: Musexpo in Los Angeles, California.

Our staff have toured extensively throughout the United States meeting with major market radio networks expanding the knowledge and acceptance of our Play MPE system. Greater detail on our marketing efforts can be found at <http://www.dsny.com/news/>.

As part of our Clipstream® marketing we also attended:

October 5, 2007: Counsel of American Survey Research Organizations (CASRO) 3rd Annual Conference in Scottsdale, Arizona.

October 29 - November 1, 2007: VON Fall Expo in Boston, Massachusetts.

Research and development	May 31 2008 (9 months)	May 31 2007 (9 months)	\$ Change	% Change
Wages and benefits	947,779	551,522	396,257	71.8%
Rent	130,433	45,065	85,368	189.4%
Telecommunications	42,617	21,779	20,838	95.7%
Repairs and maintenance	-	1,740	(1,740)	(100.0%)
	1,120,829	620,106	500,723	80.7%

Research and development costs consist primarily of salaries and related personnel costs including overhead and consulting fees with respect to product development and deployment. The increase is mainly due to increased staff.

Amortization

Amortization expense arose from fixed assets and other assets. Amortization decreased to \$33,326 for the nine months ended May 31, 2008 from \$43,591 for the nine months ended May 31, 2007, a decrease of \$10,265 or 24%.

Other earnings and expenses

Other income increased by \$73,499 for the nine months ended May 31, 2008 and reflects rent collected from sub-leases of our office space.

Interest income decreased to \$15,451 for the nine months ended May 31, 2008 from \$18,525 for the nine months ended May 31, 2007, a decrease of \$3,074.

Interest expense increased to \$18,480 for the nine months ended May 31, 2008 from \$10,362 for the nine months ended May 31, 2007, an increase of \$8,118.

Losses

Our loss during the quarter decreased by approximately 38% from the previous quarter (and approximately 21% from the same quarter in the prior year) due to the increase in revenue experienced during the quarter along with a 25% reduction in costs. Further reductions in the loss are anticipated.

Over the nine month period ended May 31, 2008, our loss from operations increased to \$2,151,905 from \$1,444,214 over the same period in the previous year. As outlined in greater detail above, the primary reason for the increase in loss is due to increase in staffing levels to service and market the Play MPE system as the industry standard across the globe. We anticipate expanding the use of our system by existing customers. Additionally we are in active contract negotiations with most major record labels in Europe, Asia and Australia.

Our revenue has increased significantly and we hope to continue this progress by way of increased revenue generating contracts for Play MPE, an expansion into Europe and Australia and more use by existing customers. However, as we have increased staff and marketing expenditures our losses have increased.

LIQUIDITY AND FINANCIAL CONDITION

We had cash of \$141,659 as at May 31, 2008 compared to cash of \$1,215,183 as at August 31, 2007. We had a working capital deficiency of \$185,032 as at May 31, 2008 compared to a working capital surplus of \$1,339,722 as at August 31, 2007.

Working Capital

The decrease in our working capital is substantially attributed to the use of cash in operating activities of \$1,542,910.

The change in non-cash working capital was \$323,246 for the nine months ended May 31, 2008, primarily as a result of delaying payment on accounts payable and accrued liabilities. Our accounts payable and accrued liabilities increased to \$618,036 as at May 31, 2008 from \$325,442 at August 31, 2007, representing an increase of \$292,594 or 90%.

CASHFLOWS

Operating

Net cash used in operating activities increased to \$1,542,910 for the nine months ending May 31, 2008, compared to \$921,791 for the nine months ended May 31, 2007.

Investing

Net cash used in investing activities decreased to \$43,861 for purchasing equipment during the nine months ended May 31, 2008, as compared with \$46,448 investing activities for the nine months ended May 31, 2007.

Financing

Net cash provided from financing activities decreased to \$434,007 during the nine months ended May 31, 2008, as compared to \$2,645,183 over the same period in the prior year.

During the nine months ended May 31, 2008, the Company completed a private placement which consisted of the issuance of 470,500 common shares for net cash proceeds of \$258,775. The private placement also included the issuance of 235,250 warrants exercisable into common shares at \$0.60 expiring November 30, 2009. Also, 86,400 stock options were exercised for cash proceeds of \$41,200.

Going Concern

During the nine months ended May 31, 2008, we are aggressively implementing our business plan of transitioning new and existing customers (record labels) to transactional based contracts through the full commercial deployment of its Play MPE system. We are pursuing transaction fee based agreements with other large record labels and have developed an Indie Uploader system for smaller labels available on www.myplaympe.com. During the nine months ended May 31, 2008, we continued to utilize cash in operations (\$1,542,910 for the nine months ended May 31, 2008), however, we expect revenues, and cashflows, to improve for the remainder of fiscal 2008. Depending on our ability to grow sales and related cash flows, we may need to raise additional funds to complete our business plan due to our significant working capital decrease. Our goal is to obtain these funds through an optimal mix of internal and external financing opportunities including cash flows from operations, strategic partnerships and equity financings.

There are no assurances that we will be successful in achieving these goals. In view of these conditions, our ability of the Company to continue as a going concern is not certain. Our interim financial statements do not give effect to any adjustments which would be necessary should we be unable to continue as a going concern and therefore be required to realize our assets and discharge our liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying interim financial statements.

CRITICAL ACCOUNTING POLICIES

We prepare our consolidated financial statements in accordance with accounting principles generally accepted in the United States, and make estimates and assumptions that affect our reported amounts of assets, liabilities, revenue and expenses, and the related disclosures of contingent liabilities. We base our estimates on historical experience and other assumptions that we believe are reasonable in the circumstances. Actual results may differ from these estimates.

The following critical accounting policies affect our more significant estimates and assumptions used in preparing our consolidated financial statements.

The consolidated financial statements have been prepared on the going concern basis, which assumes the realization of assets and liquidation of liabilities in the normal course of operations. If we were not to continue as a going concern, we would likely not be able to realize on our assets at values comparable to the carrying value or the fair value estimates reflected in the balances set out in the preparation of the consolidated financial statements. There can be no assurances that we will be successful in generating additional cash from equity or other sources to be used for operations. The consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

We recognize revenue when there is persuasive evidence of an arrangement, delivery has occurred, the fee is fixed or determinable, collection is reasonably assured, and there are no substantive performance obligations remaining. Our revenue recognition policies are in conformity with AICPA's Statement of Position No. 97-2, Software Revenue Recognition, as amended (SOP 97-2). We generate revenue from software arrangements involving multiple element sales arrangements. Revenue is allocated to each element of the arrangement based on the relative fair value of the elements and is recognized as each element is delivered and we have no significant remaining performance obligations. If evidence of fair value for each element does not exist, all revenue from the arrangement is recognized over the term of the arrangement. Changes in our business priorities or model in the future could materially impact our reported revenue and cash flow. Although such changes are not currently contemplated, they could be required in response to industry or customer developments.

ITEM 3. CONTROLS AND PROCEDURES.

As required by Rule 13a-15 under the Securities Exchange Act of 1934 (the Exchange Act), we carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures at May 31, 2008. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer, Mr. Steven Vestergaard and Chief Financial Officer, Mr. Fred Vandenberg. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting management to material information relating to us required to be included in our periodic SEC filings. There have been no material changes in our internal controls or in other factors that could materially affect internal controls subsequent to the date we carried out our evaluation.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

No developments subsequent to August 31, 2007,

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of securities holders during the nine months ended May 31, 2008.

Item 5. Other Information

None.

Item 6. EXHIBITS AND REPORTS ON FORM 8-K.

(a) Exhibits

<u>EXHIBIT NUMBER</u>	<u>DESCRIPTION</u>
31.1	<u>Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002(1)</u>
31.2	<u>Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002(1)</u>
32.1	<u>Certification of Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002(1)</u>
32.2	<u>Certification of Chief Financial Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002(1)</u>

(1) Filed as an exhibit to this Annual Report on Form 10-QSB

(b) Reports on Form 8-K.

During the nine months ended May 31, 2008, we filed the following reports on Form 8-K.

On December 21, 2007 we announced Destiny Media Technologies had agreed to terms with a second of four major record labels for the digital distribution of content through the Play MPE system in Canada, the United States and Mexico. The agreement would be effective November 1, 2007. Further details on this agreement were announced on February 1, 2008.

On February 1, 2008 we announced an agreement with EMI Music North America to distribute their music digitally through the internet to radio stations and other trusted recipients in Canada, the United States and Mexico using the company's secure Play MPE digital distribution system (<http://www.plaympe.com>). The contract is effective November 1, 2007 and is for a one year term.

On February 19, 2008 we announced Destiny Media Technologies has received an opinion regarding whether existing common shares constitute a qualified investment for a trust governed by a registered retirement savings plan (a RRSP) for Canadian Income Tax purposes.

On June 6, 2008 we announced Destiny Media Technologies has extended and expanded a commercial agreement with Universal Music Group to distribute their music digitally through the internet to radio stations and other trusted recipients in Canada, the United States and Mexico using the Company's secure Play MPE digital distribution system (<http://www.plaympe.com>). The multi-year agreement is effective from March 31, 2008 through March 31, 2010 and expands and extends the previous agreement between the two companies.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
