FORWARD LOOKING INFORMATION

This annual report contains forward-looking statements within the meaning of the federal securities laws. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with these safe harbor provisions. Forward-looking statements include our discussion of "Quantitative and Qualitative Disclosures about Market Risks" in Item 7A below. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies and expectations of us, are generally identifiable by use of the words "believe," "expect," "intend," "anticipate," "estimate," "project" or similar expressions. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse effect on the operations and future prospects of the Company include, but are not limited to, changes in: economic conditions generally and the real estate market specifically, legislative or regulatory provisions affecting the Company (including changes to laws governing the taxation of Real Estate Investment Trusts ("REITs")), availability of capital, interest rates, competition, supply of and demand for office and industrial properties in our current and proposed market areas, tenant defaults and bankruptcies, and general accounting principles, policies and guidelines applicable to REITs. In addition, the actual timing of development, construction, and leasing on the projects that the Company believes it may acquire in the future under the Berg Land Holdings Option Agreement is unknown presently. These risks and uncertainties, together with the other risks described from time to time in our reports and documents filed with the Securities and Exchange Commission, should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. See Part I, Item 1, "Risk Factors."

ITEM 1. BUSINESS

ORGANIZATION AND GENERAL BUSINESS DESCRIPTION

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Mission West Properties, Inc. (the "Company") acquires, markets, leases, and manages Research and Development ("R&D") properties, primarily located in the Silicon Valley portion of the San Francisco Bay Area. As of December 31, 2003, we owned and managed 109 properties totaling approximately 7.9 million rentable square feet of R&D properties through four limited partnerships, or operating partnerships, for which we are the sole general partner. R&D property is designed for research and development and office uses and, in some cases, includes space for light manufacturing operations with loading docks. We believe that we have one of the largest portfolios of R&D properties in the Silicon Valley. There are six tenants who individually lease in excess of 300,000 rentable square feet from us: Microsoft Corporation, Fujitsu America (a subsidiary of Fujitsu Limited), JDS Uniphase Corporation, NEC Electronics America, Inc. (a subsidiary of NEC Electronics Corporation), Ciena Corporation and Apple Computer, Inc. For federal income tax purposes we have operated as a self-managed, self-administered and fully integrated Real Estate Investment Trust ("REIT") since fiscal 1999.

Prior to July 1, 1998, most of our properties were under the ownership or control of Carl E. Berg, his brother Clyde J. Berg, certain members of their respective immediate families, and certain entities in which Carl E. Berg and/or Clyde J. Berg held controlling or other ownership interests (the "Berg Group"). We acquired these properties as of July 1, 1998 by becoming the general partner of each of the four operating partnerships in an UPREIT transaction. At that time, we also acquired ten properties comprising approximately 560,000 rentable square feet from entities controlled by third parties in which the Berg Group members were significant owners.

Through various property acquisition agreements with the Berg Group and subject to the approval of the Independent Directors Committee of the Board of Directors, we have the right to purchase, on pre-negotiated terms, R&D and other types of office and light industrial properties that the Berg Group develops in the future. With in-house development, architectural and construction personnel, the Berg Group continues to focus on a full range of land acquisition, development and construction activities for R&D properties, often build-to-suit, to meet the demands of Silicon Valley information technology companies. As the developer, the Berg Group takes on the risks of purchasing the land, obtaining regulatory approvals and permits and financing construction. Since September 1998, we have acquired approximately 3,135,000 additional rentable square feet of R&D properties from the Berg Group under these agreements.

OUR RELATIONSHIP WITH THE BERG GROUP

Through a series of transactions occurring between May 1997 and December 1998, we became the vehicle for substantially all of the Silicon Valley R&D property operating activities of the Berg Group. We are the general partner pursuant to the partnership agreements of the operating partnerships and, along with members of the Berg Group and other individuals, are party to an Exchange Rights Agreement and the Berg Land Holdings Option Agreement. Each agreement defines the material rights and obligations among us, the Berg Group members, and other parties to those agreements. Among other things, these agreements give us rights to:

- control the operating partnerships;
- acquire, subject to approval of the Independent Directors Committee of the Board of Directors, on pre-negotiated terms, all future R&D properties developed by the Berg Group on land currently owned or acquired in the future; and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- acquire R&D, office and industrial properties identified by the Berg Group in California, Oregon and Washington, subject to approval of the Independent Directors Committee of the Board of Directors.

Under these agreements, our charter or our bylaws, the Berg Group has the right to:

- designate two of five nominees for director to be elected by our stockholders, subject to the Berg Group's maintenance of certain ownership interests;
- participate in our securities offerings;
- exchange their operating partnership interests ("O.P. Units") for our common stock;

- 1 -

- vote on major transactions, subject to its maintenance of certain ownership interests; and
- prevent us from selling properties when the sale will have adverse tax consequences to the Berg Group members.

To comply with REIT requirements that restrict the percentage of the total value of our stock that may be owned by five or fewer individuals to 50% or less, our charter generally prohibits the direct or indirect ownership of more than 9% of our common stock by any stockholder. This limit excludes the Berg Group, which has an aggregate ownership limit of 20%. Currently, the Berg Group members collectively own less than 1% of the outstanding shares of our common stock.

Carl E. Berg, the Company's Chairman of the Board of Directors and Chief Executive Officer and the controlling member of the Berg Group, has been engaged in the development and long-term ownership of Silicon Valley real estate for approximately 35 years, most recently through Berg & Berg Enterprises ("Berg & Berg"). In 1969, Mr. Berg foresaw the rising demand for efficient, multi-purpose facilities for the rapidly growing information technology industry in the Silicon Valley. Since 1972, in addition to his real estate activities, Mr. Berg also has been actively involved in venture capital investments in many information technology companies in the Silicon Valley, including such companies as Amdahl Corporation, Sun Microsystems, Inc., and Integrated Device Technologies, Inc. He serves on the board of directors of numerous information technology companies. These activities have helped Mr. Berg develop a detailed understanding of the real estate requirements of information technology companies, acquire valuable market information and increase his name recognition within the venture capital and entrepreneurial communities. These activities also manifest his commitment to the growth and success of Silicon Valley companies. We believe that Mr. Berg's substantial knowledge of and contacts in the information technology industry provide a significant benefit to the Company.

BUSINESS STRATEGY

Our acquisition, growth and operating strategy incorporates the following elements:

- working with the Berg Group to take advantage of their abilities and resources to pursue development opportunities which we have an option to acquire, on pre-negotiated terms, upon completion and leasing;

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- capitalizing on opportunistic acquisitions from third parties of high-quality R&D properties that provide attractive initial yields and significant potential for growth in cash-flow;
- focusing on general purpose, single-tenant Silicon Valley R&D properties for information technology companies in order to maintain low operating costs, reduce tenant turnover and capitalize on our relationships with these companies and our extensive knowledge of their real estate needs; and
- maintaining prudent financial management principles that emphasize current cash flow while building long-term value, the acquisition of pre-leased properties to reduce development and leasing risks and the maintenance of sufficient liquidity to acquire and finance properties on desirable terms.

ACQUIRING PROPERTIES DEVELOPED BY THE BERG GROUP

We anticipate that most of our growth, if any, in rentable square footage in the foreseeable future will come from the acquisition of new R&D properties that are either currently under development or to be developed in the future by the Berg Group. For example, in early 2003 we acquired from the Berg Group a 50% interest in a joint venture, TBI-Mission West LLC, which consists of four R&D properties totaling approximately 593,000 rentable square feet. In addition to this project, the Berg Land Holdings Option Agreement gives us the right to acquire future R&D property developments by the Berg Group on up to 84 additional acres of land currently controlled by the Berg Group, which could support approximately 1.37 million square feet of new developments. Nevertheless, at this time we do not anticipate acquiring any additional newly constructed R&D properties from the Berg Group for several years because of the current market conditions in the Silicon Valley.

In light of this overcapacity in the market, the Berg Group currently is seeking local government approval of a proposed rezoning of the 160-acre Evergreen site to permit residential development on a substantial portion of the site. The Independent Directors Committee, which is responsible for reviewing, evaluating and authorizing action with respect to any transaction between us and any of the Berg Group, has authorized removal of the Evergreen site from the scope of the Berg Land Holdings Option Agreement, subject to the completion of the rezoning of the 160-acre Evergreen site, or portion thereof, for residential development. In making this determination, the Independent Directors Committee considered a number of factors, including risks and other potentially adverse consequences that could be associated with large scale residential development activities. Any portion of the Evergreen site that is not rezoned as residential property is not deemed to be removed from the scope of the Berg Land Holdings Option Agreement and would remain eligible for potential future acquisition under the Berg Land Holdings Option Agreement.

- 2 -

BERG LAND HOLDINGS OPTION AGREEMENT. We believe that control of high quality, developable land is an important strategic factor for continued success in the Silicon Valley market. In December 1998, we entered into the Berg Land Holdings Option Agreement under which we have an option to purchase all land acquired, directly or indirectly, by Carl E. Berg or Clyde J. Berg that has not been improved with completed buildings and which is zoned for, intended for or appropriate for R&D, office and/or industrial

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

development or use in the states of California, Oregon and Washington. In addition, Carl E. Berg has agreed not to directly or indirectly acquire or develop any real property zoned for office, industrial or R&D use in the states of California, Oregon and Washington without first disclosing and making the acquisition opportunity available to us. Our Independent Directors Committee decides whether we will pursue each opportunity presented to us by Mr. Berg. This restriction will expire when there is no Berg Group nominee on our board of directors and the Berg Group's fully diluted ownership percentage, which is calculated based on all outstanding shares of common stock and all shares of common stock that could be acquired upon the exercise of all outstanding options to acquire our voting stock, as well as all shares of common stock issuable upon exchange of all O.P. Units ("Fully Diluted"), falls below 25%.

As of December 31, 2003, we had acquired 20 leased R&D properties totaling approximately 1,992,000 rentable square feet under this agreement at a cost of approximately \$205.2 million, for which we issued 7,933,849 O.P. Units and assumed debt of approximately \$118 million. The principal terms of the agreement include the following:

- So long as the Berg Group members and their affiliates own or have the right to acquire shares representing at least 65% of our common stock on a Fully Diluted basis, we will have the option to acquire any building developed by any member of the Berg Group on the land subject to the Berg Land Holdings Option Agreement at such time as the building has been leased. Upon our exercise of the option, the option price will equal the sum of the following or a lesser amount as approved by the Independent Directors Committee:
 1. the full construction cost of the building; plus
 2. 10% of the full construction cost of the building; plus
 3. interest at LIBOR plus 1.65%, on the amount of the full construction cost of the building for the period from the date funds were disbursed by the developer to the close of escrow; plus
 4. the original acquisition cost of the parcel on which the improvements will be constructed, which range from \$8.50 to \$20.00 per square foot for land currently owned or under option; plus
 5. 10% per annum of the amount of the original acquisition cost of the parcel from the later of January 1, 1998 and the seller's acquisition date, to the close of escrow; minus
 6. the aggregate principal amount of all debt encumbering the acquired property.
- The acquisition cost, net of any debt, will be payable in cash, or O.P. Units valued at the average closing price of our common stock over the 30-trading-day period preceding the acquisition or, in cash, at the option of the Berg Group.
- We also must assume all property tax assessments.
- If we elect not to exercise the option with respect to any property, the Berg Group may hold and lease the property for its own account, or may sell it to a third party.
- All action taken by us under the Berg Land Holdings Option Agreement, including any variations from stated terms outlined above must be approved by a majority of the members of the Independent Directors Committee of our Board of Directors.

As a general policy which has been established by the Independent Directors

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Committee, we do not acquire properties under the Berg Land Holdings Option Agreement until they have been leased. We are responsible for a significant portion of the leasing process in connection with such acquisitions, however.

- 3 -

The following table presents certain information concerning currently identified land that we have the right to acquire under the Berg Land Holdings Option Agreement.

Property	Net Acres	Approximate Rentable Area (Square Feet)

AVAILABLE LAND:		
Piercy & Hellyer	30	490,000
Morgan Hill (1)	18	288,025
King Ranch	12	207,000
Fremont & Cushing	24	387,000

TOTAL	84	1,372,025
=====		

- (1) We expect to own an approximate 50% interest in the partnership through one of our operating partnerships. The property will be operated and managed by the other joint venture partner in the entity.

Although we expect to acquire new properties or joint ventures available to us under the terms of the Berg Land Holdings Option Agreement, subsequent to the approval by the Independent Directors Committee, there can be no assurance that we actually will consummate any of the intended transactions. Furthermore, we have not yet determined the means by which we would acquire and pay for any such properties or the impact of any of the acquisitions on our business, results of operations, financial condition, Funds From Operation ("FFO") or available cash for distribution. See Item 1. "Risk Factors - Our contractual business relationships with the Berg Group present additional conflicts of interest which may result in the realization of economic benefits or the deferral of tax liabilities by the Berg Group without equivalent benefits to our stockholders."

Given the downturn in the Silicon Valley real estate market for R&D/office properties, we may not be able to maintain historical levels of growth from acquisitions of new developments in the future.

OPPORTUNISTIC ACQUISITIONS

In addition to our principal opportunities under the Berg Land Holdings Option Agreement, we believe our acquisitions experience, established network of real estate and information technology professionals, and overall financial condition will continue to provide opportunities for external growth. Our April 2003 acquisition of approximately 625,000 rentable square feet of R&D properties in the San Tomas Technology Park is an example of this. In general, we will seek opportunistic acquisitions of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

high quality, well located Silicon Valley R&D properties in situations where illiquidity or inadequate management permit their acquisition at favorable prices, and where our management skills and knowledge of Silicon Valley submarkets may facilitate increases in cash flow and asset value. Furthermore, our use of the operating partnership structure allows us to offer prospective sellers the opportunity to contribute properties on a tax-deferred basis in exchange for O.P. Units. Although we have not consummated any transactions like this since our July 1, 1998 acquisition of the Berg Group properties, this capacity to complete tax-deferred transactions with sellers of real property further enhances our ability to acquire additional properties.

FOCUS ON SINGLE TENANT SILICON VALLEY R&D PROPERTIES

We intend to continue to emphasize the acquisition of single-tenant rather than multi-tenant properties, a practice that has historically contributed to the relatively low turnover and high occupancy rates on our properties. We believe that the relatively small number of tenants (78) occupying our 109 properties, mostly under the triple net lease structure, allows us to efficiently manage the properties and to serve our tenants' needs without extensive in-house staff or the assistance of a third-party property management organization. In addition, this emphasis allows us to incur less expense for tenant improvements and leasing commissions than multi-tenant, high turnover property owners. This strategy also reduces the time and expense associated with obtaining building permits and other governmental approvals. We believe that the relatively stable, extended relationships that we have developed with our key tenants are valuable in the expansion of our business.

- 4 -

RECENT RENTAL MARKET DEVELOPMENTS

All of the Company's properties are located in the Northern California area known as Silicon Valley, which generally consists of portions of Santa Clara County, Southwestern Alameda County, Southeastern San Mateo County and Eastern Santa Cruz County. The Silicon Valley economy and business activity slowed markedly during 2001 through 2003 after fast-paced growth in 1999 and 2000. In the past several years, the Silicon Valley R&D property market has fluctuated with the local economy. According to a recent report by BT Commercial Real Estate, vacancy rates for Silicon Valley R&D property increased from approximately 21.9% in late 2002 to 23% at the end of 2003 and 23% as of June 30, 2004. Total vacant R&D square footage in Silicon Valley at the end of the fourth quarter of 2003 amounted to 35.6 million square feet, of which 33.7%, or 12 million square feet, was sublease space. Total negative net absorption (which is the computation of gross square footage leased less gross new square footage vacated for the period presented) in 2002 amounted to approximately (10.9) million square feet. For the year 2003, total negative net absorption declined to approximately (4.0) million square feet as local economic conditions improved, but the overall R&D property market did not recover. The impact of vacancies has not been uniform throughout the area, however. The Silicon Valley R&D property market is characterized by a substantial number of submarkets, with rent and vacancy rates varying by submarket and location within each submarket. In addition, the time to complete the marketing and lease up of vacant space has increased from an average of several months to as much as an average of 6 to 18 months as a result of the increased vacancy in the market. For the years ended December 31, 2003 and 2002, average occupancy in our portfolio was 80.5% and 90%, respectively. Prior

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

to the first quarter of 2002, we had achieved historical average occupancy levels of above 98% since 1999. We believe that maintaining average occupancy levels above 98% will not be sustainable given the current economic environment, as evidenced by our occupancy level of 77% at December 31, 2003 and 72% at June 30, 2004. Although we have stringent lease underwriting standards and continually evaluate the financial capacity of both our prospective and existing tenants to proactively manage portfolio credit risk, a downturn in tenants' businesses may weaken tenants' financial conditions and could result in defaults under their lease obligations. We believe that the average 2003 renewal rental rates for our properties will be approximately equal to, or perhaps, below current rents. In addition, leasing activity for new build-to-suit and vacated R&D properties has slowed considerably during the past several years. Leases representing approximately 863,000 square feet, or 11.7% of our 2004 annualized base rent, are scheduled to expire during 2004. If we are unable to lease a significant portion of any vacant space or space scheduled to expire; if we experience significant tenant defaults as a result of the current economic downturn; or if we are not able to lease space at or above current market rates, our results of operations and cash flows will be adversely affected.

OPERATIONS

We operate as a self-administered, self-advised and self-managed REIT with our own employees. Generally, as the sole general partner of the operating partnerships, we control the business and assets of the operating partnerships and have full and complete authority, discretion and responsibility with respect to the operating partnerships' operations and transactions, including, without limitation, acquiring additional properties, borrowing funds, raising new capital, leasing buildings and selecting and supervising all agents of the operating partnerships.

Although most of our leases are triple net and building maintenance and tenant improvements are the responsibility of the tenants, from time to time we may be required to undertake construction and repair work at our properties. We will bid all major work competitively to subcontractors. Members of the Berg Group may participate in the competitive bidding for the work.

We generally will market the properties and negotiate leases with tenants ourselves. We make the availability of our properties known to the brokerage community to garner their assistance in locating prospective tenants. As a result, we expect to retain our policy of paying fixed commissions to tenants' brokers.

We believe that our business practices provide us with competitive advantages, including -

- EXTERNAL DEVELOPMENT AFFILIATE. We have the option to purchase all future R&D, office, industrial property developments of the Berg Group under the Berg Land Holdings Option Agreement on land currently held or acquired directly or indirectly by Carl E. Berg or Clyde J. Berg that is zoned for those purposes and located in California, Oregon and Washington following completion and lease-up of the property. The acquisition terms and conditions for the existing and identified projects have been pre-negotiated and are documented under the Berg Land Holdings Option Agreement. This relationship provides us with the economic benefits of development while eliminating development and initial lease-up risks. It also provides us with access to one of the most experienced development teams in the Silicon Valley without the expense of maintaining development personnel.

- LEAN ORGANIZATION, EXPERIENCED TEAM. In part because of our primary focus on Silicon Valley, our experience with the special real estate requirements of information technology tenants and the long-term triple-net structure of our leases, we are able to conduct and expand our business with a small management team comprised of highly qualified and experienced professionals working within a relatively flat organizational structure. We believe that the leanness of our organization and our experience will enable us to rapidly assess and respond to market opportunities and tenant needs, control operating expenses and develop and maintain excellent relationships with tenants. We further believe that these advantages translate into significantly lower costs for operations and give us the ability, along with the Berg Group, to compete favorably with other R&D property developers in Silicon Valley, especially for build-to-suit projects subject to competitive bidding. Furthermore, we believe this lower cost structure allows us to generate better returns from properties whose value can be increased through appropriate remodeling and efficient property management.

- SOUND PROPERTY MANAGEMENT PRACTICES. For each property, the management team, along with the Berg Group staff, develops a specific marketing and property management program. We select vendors and subcontractors on a competitive bid basis from a select group of highly qualified firms with whom we maintain ongoing relationships and carefully supervise their work.

OPERATING PARTNERSHIP AGREEMENTS

MANAGEMENT

The operating partnerships consist of four separate limited partnerships engaged in the combined operation and ownership of all our properties. The operating partnership agreements are identical in all material respects for all four of the limited partnerships. Pursuant to operating partnership agreements, we act as the sole general partner of the operating partnerships, in which capacity we have exclusive control of the business and assets of the operating partnerships and generally have full and complete authority, discretion and responsibility with respect to the operating partnerships' operations and transactions, including, without limitation, acquisitions of additional properties, borrowing funds, raising new capital, leasing buildings, as well as selecting and supervising all employees and agents of the operating partnerships. Through our authority to manage our business and affairs, our Board of Directors directs the business of the operating partnerships.

Notwithstanding our effective control of the operating partnerships, the Berg Group holds a substantial majority of the outstanding O.P. Units and the consent of the limited partners holding a majority of the outstanding O.P. Units is required with respect to certain extraordinary actions involving the operating partnerships, including:

- the amendment, modification or termination of the operating partnership agreements;

- a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee for any of the assets of the operating partnerships;

- the institution of any proceeding for bankruptcy of the operating

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

partnerships;

- the transfer of any general partnership interests in the operating partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of our corporation;
- the admission of any additional or substitute general partner in the operating partnerships; and
- a change of control of the operating partnerships.

In addition, until the ownership interest of the Berg Group and its affiliates is less than 15% of the common stock on a Fully Diluted basis, the consent of the limited partners holding a majority of the outstanding O.P. Units is also required with respect to:

- the liquidation of the operating partnerships;
- the sale or other transfer of all or substantially all of the assets of the operating partnerships and certain mergers and business combinations resulting in the complete disposition of all O.P. Units; and
- the issuance of limited partnership interests having seniority as to distributions, assets and voting over the O.P. Units.

- 6 -

TRANSFERABILITY OF O.P. UNITS

The operating partnership agreements provide that the limited partners may transfer their O.P. Units, subject to certain limitations. Except for certain transfers by the limited partners to or from certain of their affiliates, however, all transfers may be made only with our prior written consent as the sole general partner of the operating partnerships.

In addition, no transfer of O.P. Units by the limited partners may be made in violation of certain regulatory and other restrictions set forth in the operating partnership agreements. Except in the case of certain permitted transfers to or from certain affiliates of the limited partners, the exchange rights, the put rights, rights to participate in future equity financings and provisions requiring the approval of certain limited partners for certain matters will no longer be applicable to O.P. Units so transferred, and the transferee will not have any rights to nominate persons to our Board of Directors.

ADDITIONAL CAPITAL CONTRIBUTIONS AND LOANS

Each operating partnership agreement provides that, if the operating partnership requires additional funds to pursue its investment objectives, we may fund such investments by raising additional equity capital and making a capital contribution to the operating partnerships or by borrowing such funds and lending the net proceeds of such loans to the operating partnerships. If we intend to provide additional funds through a contribution to capital and purchase of units of general partnership interest, the limited partners will have the right to participate in such funding on a pro rata, pari passu basis and to acquire additional O.P. Units. If the limited partners do not participate in such financing, we will acquire additional units of general partnership interest. In either

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

case, the number of additional units of partnership interest will be increased based upon the amount of the additional capital contributions and the value of the operating partnerships as of the date such contributions are made.

In addition, as general partner of the operating partnerships, we have the ability to cause the operating partnerships to issue additional O.P. Units. In the event that the operating partnerships issue new O.P. Units for cash but not property, the limited partners will have the right to purchase new O.P. Units at the price we offer in the transaction giving rise to such participation right in order, and to the extent necessary, to maintain their respective percentage interests in the operating partnerships.

EXCHANGE RIGHTS, PUT RIGHTS AND REGISTRATION RIGHTS

Under the Exchange Rights Agreement between us and the limited partners, the limited partners have exchange rights that generally became exercisable on December 29, 1999. The Exchange Rights Agreement permits every limited partner to tender O.P. Units to us, and, at our election, to receive common stock on a one-for-one basis at then-current market value, an equivalent amount of cash, or a combination of cash and common stock in exchange for the O.P. Units tendered, subject to the 9% overall ownership limit imposed on non-Berg Group stockholders under our charter document, or the overall 20% Berg Group ownership limit, as the case may be. For more information, please refer to this Item 1., "Risk Factors - Failure to satisfy federal income tax requirements for REITs could reduce our distributions, reduce our income and cause our stock price to fall." This exchange ratio is subject to adjustment for stock splits, stock dividends, recapitalizations of our common stock and similar types of corporate actions. In addition, once in each 12-month period beginning each December 29, the limited partners, other than Carl E. Berg and Clyde J. Berg, may exercise a put right to sell their O.P. Units to the operating partnerships at a price equal to the average market price of the common stock for the 10-trading day period immediately preceding the date of tender. Upon any exercise of the put rights, we will have the opportunity for a period of 15 days to elect to fund the purchase of the O.P. Units and purchase additional general partner interests in the operating partnerships for cash, unless the purchase price exceeds \$1 million in the aggregate for all tendering limited partners, in which case, the operating partnerships or we will be entitled to reduce proportionally the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price is not more than \$1 million.

The shares of our common stock issuable in exchange for the O.P. Units outstanding at July 1, 1998 and the O.P. Units issued pursuant to the Pending Projects Acquisition Agreement were registered under the Securities Act and generally may be sold without restriction if they are acquired by limited partners that are not affiliates, as defined under SEC Rule 144. For more information please refer to this Item 1. "Risk Factors - Shares eligible for future sale could affect the market price of our stock." The Exchange Rights Agreement gives the holders of O.P. Units the right to participate in any registered public offering of the common stock initiated by us to the extent of 25% of the total shares sold in the offering upon converting O.P. Units to shares of common stock, but subject to the underwriters' unlimited right to reduce the participation of all selling stockholders. The holders of O.P. Units will be able to request resale registrations of shares of common stock acquired on exchange of O.P. Units on a Form S-3, or any equivalent form of registration statement. We are obligated to affect no more than two such registrations in any 12-month period. We are obligated to assist the O.P. Unit holders in obtaining a firm commitment underwriting agreement for such resale from a qualified investment-banking firm. If registration on Form S-3, or an equivalent

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

form, is not available for any reason, we will be obligated to effect a registration of the shares to be acquired on exercise of the exchange rights on Form S-11, or an equivalent form, in an underwritten public offering, upon demand by the holders of no fewer than 500,000 O.P. Units. All holders of O.P. Units will be entitled to participate in such registration. We

- 7 -

will bear all costs of such registrations other than selling expenses, including commissions and separate counsels' fees of the O.P. Unit holders. We will not be required to affect any registration for resale on Form S-3, or equivalent form of common stock shares issuable to the holder of O.P. Units if the request is for less than 250,000 shares.

OTHER MATTERS

The operating partnership agreements require that the operating partnerships be operated in a manner that will enable us to satisfy the requirements for being classified as a REIT and to avoid any federal income or excise tax liability.

The operating partnership agreements provide that the combined net operating cash flow from all the operating partnerships, as well as net sales and refinancing proceeds, will be distributed from time to time as determined by our Board of Directors, but not less frequently than quarterly, pro rata in accordance with the partners' percentage interests in the operating partnerships, taken as a whole. This provision is intended to cause the periodic distributions per O.P. Unit and per share of our common stock to be equal. As a consequence of this provision, the capital interest of a partner in each of the operating partnerships, including our capital interests, might at times differ significantly from the partner's percentage interest in the net income and cash flow of that operating partnership. We do not believe that such differences would have a material impact on our business, financial condition or funds available for distributions, however.

Pursuant to the operating partnership agreements, the operating partnerships will also assume and pay when due, or reimburse us for payment of, certain costs and expenses relating to our continuity of existence and operations.

The operating partnership agreements provide that, upon the exercise of an outstanding option under the 1997 Stock Option Plan, we may purchase additional general partner interests in the operating partnerships by contributing the exercise proceeds to the operating partnerships. Our increased interest shall be equal to the percentage of outstanding shares of common stock and O.P. Units on an as-converted basis represented by the shares acquired upon exercise of the option.

TERM

The operating partnerships will continue in full force and effect until December 31, 2048 or until sooner dissolved pursuant to the terms of the operating partnership agreements.

EMPLOYEES

As of July 15, 2004, we employed four people, all of whom work at our executive offices at 10050 Bandle Drive, Cupertino, California, 95014.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

FACILITIES

We sublease office space at 10050 Bandley Drive, Cupertino, California from Berg & Berg Enterprises, Inc. and share clerical staff and other overhead on what we consider to be very favorable terms. The total monthly rent payable by us to Berg & Berg Enterprises, Inc. is \$7,520.

RISK FACTORS

YOU SHOULD CAREFULLY CONSIDER THE FOLLOWING RISKS, TOGETHER WITH THE OTHER INFORMATION CONTAINED ELSEWHERE IN THIS FORM 10-K. THE FOLLOWING RISKS RELATE PRINCIPALLY TO OUR BUSINESS AND THE INDUSTRY IN WHICH WE OPERATE. THE RISKS AND UNCERTAINTIES CLASSIFIED BELOW ARE NOT THE ONLY ONES WE FACE.

WE ARE DEPENDENT ON CARL E. BERG, AND IF WE LOSE HIS SERVICES OUR BUSINESS MAY BE HARMED AND OUR STOCK PRICE COULD FALL.

We are substantially dependent upon the leadership of Carl E. Berg, our Chairman and Chief Executive Officer. Losing Mr. Berg's knowledge and abilities could have a material adverse effect on our business and the value of our common stock. Mr. Berg manages our day-to-day operations and devotes a significant portion of his time to our affairs, but he has a number of other business interests as well. These other activities reduce Mr. Berg's attention to our business.

MR. BERG AND HIS AFFILIATES EFFECTIVELY CONTROL OUR CORPORATION AND THE OPERATING PARTNERSHIPS AND MAY ACT IN WAYS THAT ARE DISADVANTAGEOUS TO OTHER STOCKHOLDERS.

SPECIAL BOARD VOTING PROVISIONS. Our governing corporate documents, which are our articles of amendment and restatement, or charter, and our bylaws, provide substantial control rights for the Berg Group. The Berg Group's control of our corporation

- 8 -

means that the value and returns from an investment in the Company's common stock are subject to the Berg Group's exercise of its rights. These rights include a requirement that Mr. Berg or his designee as director approve certain fundamental corporate actions, including amendments to our charter and bylaws and any merger, consolidation or sale of all or substantially all of our assets. In addition, our bylaws provide that a quorum necessary to hold a valid meeting of the Board of Directors must include Mr. Berg or his designee. The rights described in the two preceding sentences apply only as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of our outstanding shares of common stock on a Fully Diluted basis. Also, directors representing more than 75% of the entire Board of Directors must approve other significant transactions, such as incurring debt above certain amounts and conducting business other than through the operating partnerships. Without the approval of Mr. Berg or his designee, Board of Directors' approval that we may need for actions that might result in a sale of your stock at a premium or raising additional capital when needed could be difficult or impossible to obtain.

BOARD OF DIRECTORS REPRESENTATION. The Berg Group members have the right to designate two of the director nominees submitted by our Board of Directors to stockholders for election, as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of our outstanding shares of common stock

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

calculated on a Fully Diluted basis. If the Fully Diluted ownership of the Berg Group members and their affiliates, other than us and the operating partnerships, is less than 15% but is at least 10% of the common stock, the Berg Group members have the right to designate one of the director nominees submitted by our Board of Directors to stockholders for election. Its right to designate director nominees affords the Berg Group substantial control and influence over the management and direction of our corporation. The Berg Group's interests could conflict with the interests of our stockholders, and could adversely affect the price of our common stock.

SUBSTANTIAL OWNERSHIP INTEREST. The Berg Group currently owns O.P. Units representing approximately 75.1% of the equity interests in the operating partnerships and approximately 75.1% of our equity interests on a Fully Diluted basis. The O.P. Units may be converted into shares of common stock, subject to limitations set forth in our charter and other agreements with the Berg Group, and upon conversion would represent voting control of our corporation. The Berg Group's ability to exchange its O.P. Units for common stock permits it to exert substantial influence over the management and direction of our corporation. This influence increases our dependence on the Berg Group.

LIMITED PARTNER APPROVAL RIGHTS. Mr. Berg and other limited partners, including other members of the Berg Group, may restrict our operations and activities through rights provided under the terms of the amended and restated agreement of limited partnership which governs each of the operating partnerships and our legal relationship to each operating partnership as its general partner. Matters requiring approval of the holders of a majority of the O.P. Units, which necessarily would include the Berg Group, include the following:

- the amendment, modification or termination of any of the operating partnership agreements;
- the transfer of any general partnership interest in the operating partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of our corporation;
- the admission of any additional or substitute general partners in the operating partnerships;
- any other change of control of the operating partnerships;
- a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee for any of the assets of the operating partnerships; and
- the institution of any bankruptcy proceeding for any operating partnership.

In addition, as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis, the consent of the limited partners holding the right to vote a majority of the total number of O.P. Units outstanding is also required with respect to:

- the sale or other transfer of all or substantially all of the assets of the operating partnerships and certain mergers and business combinations resulting in the complete disposition of all O.P. Units;
- the issuance of limited partnership interests senior to the O.P. Units as to distributions, assets and voting; and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- the liquidation of the operating partnerships.

- 9 -

The liquidity of an investment in the Company's common stock, including our ability to respond to acquisition offers, will be subject to the exercise of these rights.

OUR CONTRACTUAL BUSINESS RELATIONSHIPS WITH THE BERG GROUP PRESENT ADDITIONAL CONFLICTS OF INTEREST, WHICH MAY RESULT IN THE REALIZATION OF ECONOMIC BENEFITS OR THE DEFERRAL OF TAX LIABILITIES BY THE BERG GROUP WITHOUT EQUIVALENT BENEFITS TO OUR STOCKHOLDERS.

Our contracts with the Berg Group provide it with interests that could conflict with those of our other stockholders, including the following:

- our headquarters are leased from an entity owned by the Berg Group, to whom we pay rent of \$7,520 per month;
- the Berg Group is permitted to conduct real estate and business activities other than our business;
- if we decline an opportunity that has been offered to us, the Berg Group may pursue it, which would reduce the amount of time that Mr. Berg could devote to our affairs and could result in the Berg Group's development of properties that compete with our properties for tenants;
- in general, we have agreed to limit the liability of the Berg Group to our corporation and our stockholders arising from the Berg Group's pursuit of these other opportunities;
- we acquired most of our properties from the Berg Group on terms that were not negotiated at arm's length and without many customary representations and warranties that we would have sought in an acquisition from an unrelated party; and
- we have assumed liability for debt to the Berg Group and debt for which the Berg Group was liable.

The Berg Group has agreed that the Independent Directors Committee of our Board of Directors must approve all new transactions between us and any of its members, or between us and any entity in which it directly or indirectly owns 5% or more of the equity interests, including the operating partnerships for this purpose. This committee currently consists of three directors who are independent of the Berg Group.

EXCLUDED PROPERTIES. With our prior knowledge, the Berg Group retained two R&D properties in Scotts Valley, Santa Cruz County, California, in which the operating partnerships and we have no ownership interest. Efforts of the Berg Group to lease these other properties could interfere with similar efforts on our behalf.

BERG LAND HOLDINGS. The Berg Group owns several parcels of unimproved land in the Silicon Valley that the operating partnerships and we have the right to acquire under the terms of the Berg Land Holdings Option Agreement. We have agreed to pay an amount based on pre-negotiated terms for any of the properties that we do acquire. We must pay the acquisition price in cash unless the Berg Group elects, in its discretion, to receive O.P. Units valued at the average market price of a share of common stock during the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

30-trading-day period preceding the acquisition date. At the time of acquisition, which is subject to the approval of the Independent Directors Committee these properties may be encumbered by debt that we or the operating partnerships will be required to assume or repay. The use of our cash or an increase in our indebtedness to acquire these properties could have a material adverse effect on our financial condition, results of operations and ability to make cash distributions to our stockholders. The Independent Directors Committee recently authorized the removal of a 160-acre site from the Berg Land Holdings Option Agreement if the Berg Group is able to obtain residential development zoning for any portion of this land. The Independent Directors Committee determined that this site is not likely to be of future development interest to us, and so the Berg Group is now able to pursue its own residential development opportunities for this site. Any portions of such site that are rezoned as residential will no longer be subject to the Berg Land Holdings Option Agreement and will not provide any future benefit to us.

TAX CONSEQUENCES OF SALE OF PROPERTIES. Because many of our properties have unrealized taxable gain, a sale of those properties could create adverse income tax consequences for limited partners of the operating partnerships. We have agreed with Carl E. Berg, Clyde J. Berg and John Kontrabecki, a limited partner in two of the operating partnerships, that prior to December 29, 2008, each of them may prevent us and the operating partnerships from selling or transferring any of the properties that were acquired from them in our July 1998 UPREIT acquisition if the proposed sale or other transfer will be a taxable transaction. As a result, our opportunities to sell these properties may be limited. If we need to sell any of these properties to raise cash to service our debt, acquire new properties, pay cash distributions to stockholders or for other working capital purposes, we may be unable to do so. These restrictions could harm our business and cause our stock price to fall.

- 10 -

TERMS OF TRANSFERS: ENFORCEMENT OF AGREEMENT OF LIMITED PARTNERSHIP. The terms of the Pending Projects Acquisition Agreement, the Berg Land Holdings Option Agreement, the partnership agreement of each operating partnership and other material agreements through which we have acquired our interests in the operating partnerships and the properties formerly controlled by the Berg Group were not determined through arm's-length negotiations and could be less favorable to us than those obtained from an unrelated party. In addition, Mr. Berg and representatives of the Berg Group sitting on our Board of Directors may be subject to conflicts of interests with respect to their obligations as our directors to enforce the terms of the partnership agreement of each operating partnership when such terms conflict with their personal interests. The terms of our charter and bylaws also were not determined through arm's-length negotiations. Some of these terms, including representations and warranties applicable to acquired properties, are not as favorable as those that we would have sought through arm's-length negotiations with unrelated parties. As a result, an investment in our common stock may involve risks not found in businesses in which the terms of material agreements have been negotiated at arm's length.

RELATED PARTY DEBT. As of December 31, 2003, we had borrowed approximately \$6.3 million under our \$20 million line of credit with the Berg Group, which is collateralized by five of our properties and expires in March 2005. The line of credit bears interest at an annual rate of LIBOR plus 1.30%. The Berg Group has no obligation to renew this line of credit when it expires, and we may be unable to obtain a similar credit facility on comparable terms. We are also liable under a mortgage loan of \$10.8 million

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

due June 2010 that we assumed in connection with our acquisition of the 5300-5350 Hellyer Avenue R&D properties that we acquired in May 2000 under the Berg Land Holdings Option Agreement. If we are unable to repay our debts to the Berg Group when due, the Berg Group could take action to enforce our payment obligations. Potential actions by the Berg Group to enforce these obligations could result in the foreclosure in one or more of our properties and a reduction in the amount of cash distributions to our stockholders. In turn, if we fail to meet the minimum distributions test because of a loan default or another reason, we could lose our REIT classification for federal income tax purposes. For more information please refer to Item 1., "Risk Factors - Failure to satisfy federal income tax requirements for REITs could reduce our distributions, reduce our income and cause our stock price to fall."

OUR OPTION TO ACQUIRE R&D PROPERTIES DEVELOPED ON EXISTING LAND AND LAND ACQUIRED IN THE FUTURE BY THE BERG GROUP WILL TERMINATE WHEN THE BERG GROUP'S OWNERSHIP INTEREST HAS BEEN REDUCED.

The Berg Land Holdings Option Agreement, as amended, which provides us with significant benefits and opportunities to acquire additional R&D properties from the Berg Group, will expire when the Berg Group and their affiliates (excluding us and the operating partnerships) own less than 65% of our common stock on a Fully Diluted basis. Termination of the Berg Land Holdings Option Agreement could result in limitation of our growth, which could cause our stock price to fall.

WE MAY CHANGE OUR INVESTMENT AND FINANCING POLICIES AND INCREASE YOUR RISK WITHOUT STOCKHOLDER APPROVAL.

Our Board of Directors determines the investment and financing policies of the operating partnerships and our policies with respect to certain other activities, including our business growth, debt capitalization, distribution, and operating policies. Our Board of Directors may amend these policies at any time without a vote of the stockholders. Changes in these policies could materially adversely affect our financial condition, results of operations and ability to make cash distributions to our stockholders, which could harm our business and cause our stock price to fall. For more information please refer to Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations - Policies with Respect to Certain Activities."

ANTI-TAKEOVER PROVISIONS IN OUR CHARTER COULD PREVENT ACQUISITIONS OF OUR STOCK AT A SUBSTANTIAL PREMIUM.

Provisions of our charter and our bylaws could delay, defer or prevent a transaction or a change in control of our corporation, or a similar transaction, that might involve a premium price for our shares of common stock or otherwise be in the best interests of our stockholders. Provisions of the Maryland general corporation law, which would apply to potential business combinations with acquirers other than the Berg Group or stockholders who invested in us in December 1998, also could prevent the acquisition of our stock for a premium, as discussed in "Certain Provisions of Maryland Law and of our Charter and Bylaws."

AN INVESTMENT IN OUR STOCK INVOLVES RISKS RELATED TO REAL ESTATE INVESTMENTS THAT COULD HARM OUR BUSINESS AND CAUSE OUR STOCK PRICE TO FALL.

RENTAL INCOME VARIES. Real property investments are subject to varying degrees of risk. Investment returns available from equity investments in real estate depend in large part on the amount of income earned and capital appreciation, which our properties generate, as well as our related expenses incurred. If our properties do not generate revenues sufficient to

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

meet operating expenses, debt service and capital expenditures, our income and ability to make distributions to our stockholders will be adversely affected. Income from our properties may also be adversely affected by general economic conditions, local

- 11 -

economic conditions such as oversupply of commercial real estate, the attractiveness of our properties to tenants and prospective tenants, competition from other available rental property, our ability to provide adequate maintenance and insurance, the cost of tenant improvements, leasing commissions and tenant inducements and the potential of increased operating costs, including real estate taxes.

EXPENDITURES FOR PROPERTY OWNERSHIP ARE FIXED. Income from properties and real estate values are also affected by a variety of other factors, such as governmental regulations and applicable laws, including real estate, zoning and tax laws, interest rate levels and the availability of financing. Various significant expenditures associated with an investment in real estate, such as mortgage payments, real estate taxes and maintenance expenses, generally are not reduced when circumstances cause a reduction in revenue from the investment. Thus, our operating results and our cash flow may decline materially if our rental income is reduced.

ILLIQUIDITY. Real estate investments are relatively illiquid, which limits our ability to restructure our portfolio in response to changes in economic or other conditions.

GEOGRAPHIC CONCENTRATION. All of our properties are located in the southern portion of the San Francisco Bay Area commonly referred to as the "Silicon Valley." The Silicon Valley economy has been weakening for the past few years, and future increases in values and rents for our properties depend to a significant extent on the recovery of this region's economy.

LOSS OF KEY TENANTS. Single tenants, many of whom are large, publicly traded information technology companies, occupy most of our properties. We may lose tenants when existing leases expire because it may be difficult to re-lease the same property due to substantial overcapacity of R&D properties in the Silicon Valley at present. Losing a key tenant could adversely affect our operating results and our ability to make distributions to stockholders if we are unable to obtain replacement tenants promptly. Moreover, to retain key tenants upon the expiration of existing leases we may need to reduce rents, which also could adversely affect our operating results and ability to make distributions.

TENANT BANKRUPTCIES. Key tenants could seek the protection of the bankruptcy laws, which could result in the rejection and termination of their leases, thereby causing a reduction in our rental income. Under the bankruptcy laws, these tenants may have the right to reject their leases with us and our claim for rent will be limited to the greater of one year or 15% of the total amount giving under the leases upon default, but not to exceed three years of the remaining term of the lease following the earlier of the petition filing date or the date on which we gained repossession of the property, as well as any rent that was unpaid on the earlier of those dates.

OUR SUBSTANTIAL INDEBTEDNESS. Our properties are subject to substantial indebtedness. If we are unable to make required mortgage payments, we could sustain a loss as a result of foreclosure on our properties by the mortgagor. When the Berg Group line of credit expires in March 2005, we cannot assure you that we will be able to obtain a replacement line of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

credit with terms similar to the Berg Group line of credit, or at all. Our cost of borrowing funds could increase substantially after the Berg Group line of credit expires. Under our mortgage loan agreements with Northwestern Mutual Life Insurance Company, the payment of all \$100 million outstanding could be accelerated upon the sale or certain other transfers of more than 51% of the total number of O.P. Units and shares of common stock of the Company held by the members of the Berg Group. We have no reason to expect such a sale or transfer in the foreseeable future, but the members of the Berg Group have no obligation to us to refrain from any such sale or other transfer. We have adopted a policy of maintaining a consolidated ratio of debt to total market capitalization, which includes for this purpose the market value of all shares of common stock for which outstanding O.P. Units are exchangeable, of less than 50%. This ratio may not be exceeded without the approval of more than 75% of our entire Board of Directors. Our Board of Directors may vote to change this policy, however, and we could become more highly leveraged, resulting in an increased risk of default on our obligations and an increase in debt service requirements that could adversely affect our financial condition, our operating results and our ability to make distributions to our stockholders.

ENVIRONMENTAL CLEAN-UP LIABILITIES. Our properties may expose us to liabilities under applicable environmental and health and safety laws. If these liabilities are material, our financial condition and ability to pay cash distributions may be affected adversely, which would cause our stock price to fall.

UNINSURED LOSSES. We may sustain uninsured losses with respect to some of our properties. If these losses are material, our financial condition, our operating results and our ability to make distributions to our stockholders may be affected adversely.

EARTHQUAKE DAMAGES ARE UNINSURED. All of our properties are located in areas that are subject to earthquake activity. Our insurance policies do not cover damage caused by seismic activity although they do cover losses from fires after an earthquake. We generally do not consider such insurance coverage to be economical. If an earthquake occurs and results in substantial damage to our properties, we could lose our investment in those properties, which loss could have a material adverse effect on our financial condition, our operating results and our ability to make distributions to our stockholders.

- 12 -

FAILURE TO SATISFY FEDERAL INCOME TAX REQUIREMENTS FOR REITS COULD REDUCE OUR DISTRIBUTIONS, REDUCE OUR INCOME AND CAUSE OUR STOCK PRICE TO FALL.

FAILURE TO QUALIFY AS A REIT. Although we currently operate in a manner designed to enable us to qualify and maintain our REIT status, it is possible that economic, market, legal, tax or other considerations may cause us to fail to qualify as a REIT or may cause our Board of Directors either to refrain from making the REIT election or to revoke that election once made. To maintain REIT status, we must meet certain tests for income, assets, distributions to stockholders, ownership interests, and other significant conditions. If we fail to qualify as a REIT in any taxable year, we will not be allowed a deduction for distributions to our stockholders in computing our taxable income and would be subject to federal income tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates. Moreover, unless we were entitled to relief under certain provisions of the tax laws, we would be disqualified from treatment as a REIT for the four taxable years following

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the year in which our qualification was lost. As a result, funds available for distributions to our stockholders would be reduced for each of the years involved and, in addition, we would no longer be required to make distributions to our stockholders.

REIT DISTRIBUTION REQUIREMENTS. To maintain REIT status, we must distribute as a dividend to our stockholders at least 90% of our otherwise taxable income, after certain adjustments, with respect to each tax year. We also may be subject to a 4% non-deductible excise tax in the event our distributions to stockholders fail to meet certain other requirements. Failure to comply with these requirements could result in our income being subject to tax at regular corporate rates and could cause us to be liable for the excise tax.

OWNERSHIP LIMIT NECESSARY TO MAINTAIN REIT QUALIFICATION. As a REIT, the federal tax laws restrict the percentage of the total value of our stock that may be owned by five or fewer individuals to 50% or less. Our charter generally prohibits the direct or indirect ownership of more than 9% of our common stock by any stockholder. This limit excludes the Berg Group, which has an aggregate ownership limit of 20%. In addition, as permitted by our charter, our Board of Directors has authorized an exception to two other stockholders that permits them to collectively own, directly or indirectly, up to 18.5% of our common stock on an aggregate basis, subject to the terms of an ownership limit exemption agreement. In general, our charter prohibits the transfer of shares that result in a loss of our REIT qualification and provides that any such transfer or any other transfer that causes a stockholder to exceed the ownership limit will result in the shares being automatically transferred to a trust for the benefit of a charitable beneficiary. Accordingly, in the event that either the Berg Group or the two stockholders increase their stock ownership in our corporation, a stockholder who acquires shares of our common stock, even though his, her or its aggregate ownership may be less than 9%, may be required to transfer a portion of that stockholder's shares to such a trust in order to preserve our status as a REIT.

STOCKHOLDERS ARE NOT ASSURED OF RECEIVING CASH DISTRIBUTIONS FROM US.

Our income consists primarily of our share of the income of the operating partnerships, and our cash flow consists primarily of our share of distributions from the operating partnerships. Differences in timing between the receipt of income and the payment of expenses in arriving at our taxable income or the taxable income of the operating partnerships and the effect of required debt amortization payments could require us to borrow funds, directly or through the operating partnerships, on a short-term basis to meet our intended distribution policy.

Our Board of Directors will determine the amount and timing of distributions by the operating partnerships and of distributions to our stockholders. Our Board of Directors will consider many factors prior to making any distributions, including the following:

- the amount of cash available for distribution;
- the operating partnerships' financial condition;
- whether to reinvest funds rather than to distribute such funds;
- the operating partnerships' capital expenditures;
- the effects of new property acquisitions, including acquisitions under our existing agreements with the Berg Group;

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- the annual distribution requirements under the REIT provisions of the federal income tax laws;
- our projected rental rates and revenues; and

- 13 -

- such other factors as our Board of Directors deems relevant.

We cannot assure you that we will be able to meet or maintain our cash distribution objectives.

OUR PROPERTIES COULD BE SUBJECT TO PROPERTY TAX REASSESSMENTS.

We do not believe that the acquisition of any of our interests in the operating partnerships has resulted in a statutory change in ownership that could give rise to a reassessment of any of our properties for California property tax purposes. We cannot assure you, however, that county assessors or other tax administrative agencies in California will not attempt to assert that such a change occurred as a result of these transactions. Although we believe that such a challenge would not be successful ultimately, we cannot assure you regarding the outcome of any related dispute or proceeding. A reassessment could result in increased real estate taxes on our properties that, as a practical matter, we may be unable to pass through to our tenants in full. This could reduce our net income and our funds available for distributions and cause our stock price to fall.

OUR OBLIGATION TO PURCHASE TENDERED O.P. UNITS COULD REDUCE OUR CASH DISTRIBUTIONS.

Each of the limited partners of the operating partnerships, other than Carl E. Berg and Clyde J. Berg, has the annual right to cause the operating partnerships to purchase the limited partner's O.P. Units at a purchase price based on the average market value of the common stock for the ten-trading-day period immediately preceding the date of tender. Upon a limited partner's exercise of any such right, we will have the option to purchase the tendered O.P. Units with available cash, borrowed funds or the proceeds of an offering of newly issued shares of common stock. These put rights became exercisable on December 29, 1999, and are available once during a 12-month period. If the total purchase price of the O.P. Units tendered by all of the eligible limited partners in one year exceeds \$1 million, the operating partnerships or we will be entitled to reduce proportionately the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price does not exceed \$1 million. The exercise of these put rights may reduce the amount of cash that we have available to distribute to our stockholders and could cause our stock price to fall.

In addition, all O.P. Unit holders may tender their O.P. Units to us in exchange for shares of common stock on a one-for-one basis at then-current market value or an equivalent amount in cash, at our election. If we elect to pay cash for the O.P. Units, our liquidity may be reduced and we may lack sufficient funds to continue paying the amount of our anticipated or historical cash distributions. This could cause our stock price to fall.

SHARES ELIGIBLE FOR FUTURE SALE COULD AFFECT THE MARKET PRICE OF OUR STOCK.

We cannot predict the effect, if any, that future sales of shares of common stock, or the availability of shares for future sale, could have on the market price of the common stock. As of December 31, 2003, all outstanding shares of our common stock, other than shares controlled by affiliates,

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

were eligible for sale in the public market without resale restrictions under the federal securities laws. Sales of substantial amounts of common stock, including shares issued in connection with the exercise of the exchange rights held by the limited partners of the operating partnerships, or the perception that such sales could occur, could adversely affect prevailing market prices for the common stock. Additional shares of common stock may be issued to limited partners, subject to the applicable REIT qualification ownership limit, if they exchange their O.P. Units for shares of common stock pursuant to their exchange rights, or may be sold by us to raise funds required to purchase such O.P. Units if eligible limited partners elect to tender O.P. Units to us using their put rights. Shares of stock controlled by our affiliates may be sold subject to Rule 144, including the limitation under Rule 144(e) on the number of shares that may be sold within a three-month period.

RISKS RELATED TO OUR BUSINESS

If we are unable to strengthen our internal controls, there could be a material adverse effect on our operations or financial results.

In connection with the audit of our consolidated financial statements for the years ending December 2003, 2002 and 2001, our independent registered public accounting firm, BDO Seidman ("BDO"), identified a material weakness in internal controls which led to certain accounting adjustments for 2003 and certain restatements for 2002 and 2001 as more fully described in Item 9A of this form 10-K. In addition due to our total head count of four, BDO also identified certain segregation of duties issues without compensating controls. To address these issues, we will need to continue to improve our financial and managerial controls and procedures in the future. If we are unable to maintain an adequate level of financial processes and controls, we may not be able to accurately report our financial performance on a timely basis and our business and stock price would be harmed.

- 14 -

In addition, we are in the process of instituting changes to our internal procedures in order to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act, which requires annual management assessments of the effectiveness of our internal controls over financial reporting and a report by our independent registered public accounting firm addressing these assessments. If we fail to maintain the adequacy of our internal controls, as such standards are modified, supplemented or amended from time to time, we may not be able to ensure compliance with Section 404 of the Sarbanes-Oxley Act. Failure to achieve such compliance could have a material adverse effect on our business and stock price.

THE VALUE AND MARKETABILITY OF OUR COMMON STOCK COULD BE ADVERSELY AFFECTED BY ANY FAILURE TO FILE TIMELY PERIODIC REPORTS UNDER FEDERAL SECURITIES LAWS.

In January 2004, our former independent accountants, PricewaterhouseCoopers LLP ("PWC") resigned without issuing their report of independent auditors for 2003, and subsequent to the date of their resignation, advised us not to rely on their reports of independent auditors for 2002 and 2001. As a direct result of PWC's actions, we were unable to timely file this report on Form 10-K and report on Form 10-Q for the first quarter of 2004. Due to these filing delinquencies and our inability to promptly retain new independent accountants, on March 19, 2004, the American Stock Exchange, or AMEX, notified us that we were not in compliance with its continued listing standards and required us to submit a compliance form. Through the appointment of BDO Seidman, LLP ("BDO") as our new independent registered public accounting firm and filing of this annual report, we have satisfied

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

certain of the conditions of the AMEX compliance plan. To become compliant with the AMEX continued listing standards, we must also file our quarterly reports on Form 10-Q for the first and second quarter of 2004 as soon as practicable following the filing of the Form 10-K for 2003 but no later than August 31, 2004. As a result of the resignation of PWC, the Company estimates that it will incur additional legal, administrative and accounting expenses of at least approximately \$750,000, which will be recorded as a 2004 expense. We cannot assure you that similar or other events will not occur in the future, the result of which may be to delay the filing of required periodic reports under the federal securities laws, and cause the delisting of our common stock on AMEX without an alternative stock exchange or market listing. These events could hinder or prevent trading of our common stock or cause the price of our common stock to decline materially. In addition, our late SEC filings constituted events of default under two of our loan arrangements. Both lenders waived our default, but there can be no assurance that a similar default in the future would not result in acceleration of one or more of our loan balances, which could adversely impact our financial condition, cash flows and stock price.

MARKET INTEREST RATES MAY REDUCE THE VALUE OF THE COMMON STOCK.

One of the factors that investors consider important in deciding whether to buy or sell shares of a REIT is the distribution rate on such shares, as a percentage of the price of such shares, relative to market interest rates. If market interest rates go up, prospective purchasers of REIT shares may expect a higher distribution rate. Higher interest rates would not, however, increase the funds available for us to distribute, and, in fact, would likely increase our borrowing costs and decrease funds available for distributions. Thus, higher market interest rates could cause the price of our common stock to fall.

ITEM 2. PROPERTIES

GEOGRAPHIC AND TENANT FOCUS

We focus principally on the facility requirements of information technology companies in the Silicon Valley, which include space for office, R&D, light manufacturing and assembly. With the Silicon Valley's highly educated and skilled work force, history of numerous successful start-up companies and large contingent of venture capital firms, we believe that this region will, following the current significant slow down in the market, continue to spawn successful new high-growth industries and entrepreneurial businesses to an extent matched nowhere else in the United States. We believe that our focus and thorough understanding of the Silicon Valley real estate market enables us to:

- anticipate trends in the market;
- identify and concentrate our efforts on the most favorably located sub-markets;
- take advantage of our experience and extensive contacts and relationships with local government agencies, real estate brokers and subcontractors, as well as with tenants and prospective tenants; and
- identify strong tenants.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

All of our properties are general-purpose R&D/office type properties located in desirable sub-markets of the Silicon Valley. Many of our properties have been developed for or leased to single tenants, many of whom are large, publicly traded information technology companies. Most of our major tenants have occupied our properties for many years under triple-net leases that require the tenant to pay substantially all operating costs, including property insurance, real estate taxes and general operating costs.

LEASING

The current leases for the properties have terms ranging from one to eleven years. Most of the leases provide for fixed periodic rental increases. Substantially all of the leases are triple-net leases pursuant to which the tenant is required to pay substantially all of the operating expenses of the property, property taxes and insurance, including all maintenance and repairs, and excluding only certain structural repairs to the building shell. Most of the leases contain renewal options that allow the tenant to extend the lease based on adjustments to then prevailing market rates, or based on fixed rental adjustments, which may be at or below market rates.

PROPERTY PORTFOLIO

All of our properties are R&D/office type properties. Generally, these properties are one- to two-story buildings of tilt-up concrete construction, have on average 3.5 or more parking spaces per thousand rentable square feet, clear ceiling heights of less than 18 feet, and range in size from 18,000 to 211,000 rentable square feet. Most of the office space is open and suitable for configuration to meet the tenants' requirements with the use of movable dividers.

- (1) Annual cash rents do not include any effect for recognition of rental income on the straight-line method of accounting required by generally accepted accounting principles in the United States of America under which contractual rent payment increases are recognized evenly over the lease term.
- (2) Properties were purchased in 2003. The 2003 Annual Base Rent reflects rent received from the date of acquisition through December 31, 2003.
- (3) Joint venture properties.
- (4) In April and May 2004 we entered into lease termination agreements with two different tenants, Cadence Design Systems, Inc. and Larscom, Inc., who have leases expiring in 2004 for the sum total of \$2,608,776, which will be recorded in other revenue in 2004. With the execution of termination agreements with these two tenants, the Company has an additional 264,523 of vacant rentable square feet.
- (5) Property represents a commitment by the Berg Group to construct an approximate 75,000 to 90,000 square foot building on land acquired during 2001.

We own 100% of all of the properties, except for one of the buildings in the Triangle Technology Park, which is owned by a joint venture in which we, through an operating partnership, own a 75% interest, the property at 10401-10411 Bubb Road, which is owned by a joint venture in which we, through an operating partnership, own an 83.33% interest, and the properties at 5300-5350 Hellyer Avenue, which are owned by a joint venture in which we, through an operating partnership, own a 50% interest, and a Berg affiliate owns the other 50% venture interest.

LEASE EXPIRATIONS

The following table sets forth a schedule of the lease expirations for the properties beginning with 2004, assuming that none of the tenants exercise existing renewal options or termination rights. The table excludes 1,858,180 rentable square feet that was vacant as of December 31, 2003.

- (1) The base rent for leases expiring is based on scheduled 2004 annualized cash rents, which are different than annual rents determined in accordance with GAAP.
- (2) Based upon 2004 annualized cash rents as discussed in Note (1).
- (3) In April and May 2004 we entered into lease termination agreements with two different tenants, Cadence Design Systems, Inc. and Larscom, Inc., who have leases expiring in 2004 for the sum total of \$2,608,776, which will be recorded in other revenue in 2004. With the execution of termination agreements with these two tenants, the Company has an additional 264,523 of vacant rentable square feet.

If we are unable to lease a significant portion of the available space or space scheduled to expire in 2004 and thereafter at any of our properties, if existing tenants do not renew their leases, or if rental rates decrease, our results of operations, financial condition and cash flows would be adversely affected.

ENVIRONMENTAL MATTERS

To date, compliance with laws and regulations relating to the protection of the environment, including those regarding the discharge of materials into the environment has not had any material effects upon our capital expenditures, earnings or competitive position.

Under various federal, state and local laws, ordinances and regulations, an owner or operator of real property may be held liable for the costs of removal or remediation of certain hazardous or toxic substances located on or in the property. Such laws often impose liability on the owner and expose the owner to governmental proceedings without regard to whether the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. The cost of any required remediation or removal of such substances may be substantial. In addition, the owner's liability as to any specific property is generally not limited and could exceed the value of the property and/or the aggregate assets of the owner. The presence of such substances, or the failure to properly remove or remediate such substances, may also adversely affect the owner's ability to sell or rent the property or to borrow using the property as collateral. Persons who arrange for treatment or the disposal of hazardous or toxic substances may also be liable for the costs of any required remediation or removal of the hazardous or toxic substances at a disposal facility, regardless of whether the facility is owned or operated by such owner or entity. In connection with the ownership of the properties or the treatment or disposal of hazardous or toxic substances, we may be liable for such costs.

Some of our properties are leased, in part, to businesses, including manufacturers that use, store or otherwise handle hazardous or toxic substances in their business operations. These operations create a potential for the release of hazardous or toxic substances. In addition, groundwater contaminated by chemicals used in various manufacturing

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

processes, including

- 20 -

semiconductor fabrication, underlies a significant portion of northeastern Santa Clara County, where many of our properties are located.

Environmental laws also govern the presence, maintenance and removal of asbestos. These laws require that owners or operators of buildings containing asbestos properly manage and maintain the asbestos, that they adequately inform or train those who may come into contact with asbestos and that they undertake special precautions, including removal or other abatement in the event that asbestos is disturbed during renovation or demolition of a building. These laws may impose fines and penalties on building owners or operators for failure to comply with these requirements and may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers. We are aware that there are asbestos-containing materials, or ACMs, present at several of the properties, primarily in floor coverings. We believe that the ACMs present at these properties are generally in good condition and that no ACMs are present at the remaining properties. We believe we are in compliance in all material respects with all present federal, state and local laws relating to ACMs and that if we were given limited time to remove all ACMs present at the properties, the cost of such removal would not have a material adverse effect on our financial condition, results of operations and ability to make cash distributions to our stockholders.

Phase I assessments are intended to discover and evaluate information regarding the environmental condition of the surveyed property and surrounding properties. Phase I assessments generally include a historical review, a public records review, an investigation of the surveyed site and surrounding properties and the preparation and issuance of a written report, but do not include soil sampling or subsurface investigations and typically do not include an asbestos survey. Environmental assessments have been conducted for about half of the properties.

The environmental investigations that have been conducted on our properties have not revealed any environmental liability that we believe would have a material adverse effect on our financial condition, results of operations and assets, and we are not aware of any such liability. Nonetheless, it is possible that there are material environmental liabilities of which we are unaware. We cannot assure you that future laws, ordinances, or regulations will not impose any material environmental liability, or that the current environmental condition of the properties has not been, or will not be, affected by tenants and occupants of the properties, by the condition of properties in the vicinity of the properties, or by third parties unrelated to us.

ITEM 3. LEGAL PROCEEDINGS

Neither the operating partnerships, the properties nor we are subject to any material litigation nor, to our knowledge, is any material litigation threatened against the operating partnerships, the properties or us. From time to time, we are engaged in legal proceedings arising in the ordinary course of our business. We do not expect any of such proceedings to have a material adverse effect on our cash flows, financial condition or results

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

of operations. We are currently involved in or have recently concluded the following legal proceedings which we believe the ultimate outcome, will have no material adverse affect on our financial statements.

In early January 2004 we received \$1,836,393 from the Bankruptcy Estate of Auspex Systems, Inc., pursuant to Notice of Order from the United States Bankruptcy Court Northern District of California Case No. 03-52596 MM 11 representing our final share of the Estate of Auspex Systems, Inc. as an unsecured creditor. This amount was recorded in other revenue during the fourth quarter of 2003.

Republic Properties Corporation ("RPC") v. Mission West Properties, L.P. ("MWP"), in the Circuit Court of Maryland for Baltimore City Case No. 24-C-00-005675. RPC is a former partner with Mission West Properties, L.P. in the Hellyer Avenue Limited Partnership ("Hellyer LP"). In April 2004 the Circuit Court for Baltimore City, Maryland issued a Memorandum Opinion in the case and awarded damages of \$933,548 to the RPC plaintiffs, which must be paid by us or MWP. The court denied all requests by MWP, including a declaration that all of RPC's interests in Heller L.P. were validly converted to limited partnership interests and transferred to MWP or its designee in accordance with the terms of the Hellyer L.P. partnership agreement. The court also denied RPC's request for an injunction ordering the reinstatement of RPC's partnership interests in Hellyer L.P. We have appealed the decision to the Maryland Appeals Court. Under the pre-appeal hearing procedures, the Maryland Appeals Court requires a mediation hearing before the parties can appear before the Appeals Court. No date has been set for such a hearing. We do not believe that any further court decisions in this case, for or against us and MWP, will not have a material adverse effect on our business. We have a receivable from a Berg Group affiliate for the amount of distributions it received as the successor to RPC's interest in the Hellyer LP which exceeds the amount of the damages awarded to the RPC parties and would be used to pay for those damages in the event the decision of the Circuit Court is upheld ultimately. Furthermore, we have never accounted for the 50% interest of RPC as our asset and if RPC is deemed to have retained that interest or reacquires that interest our balance sheet and financial condition would not be impacted. In February 2001, we filed a suit against RPC in Superior Court of the State of California for the County of Santa Clara Case No. CV 796249 which has been stayed pending resolution of the Maryland case. In July 2004, RPC attached our bank account for approximately \$1.1 million. Following a July 2004 hearing in Superior Court of the State of California for the County of Santa Clara, the parties agreed that we will post a \$1.5 million bond and RPC will remove the attachment of our bank account until final resolution of the appeal in Maryland. In February 2001, we filed a suit against RPC in Superior Court of the State of California for the County of Santa Clara Case No. CV 796249 which has been stayed pending resolution of the Maryland case.

In January 2004, we filed the case of Mission West Properties, L.P. v. Premisys Communications, Inc. and Zhong Technologies, Inc. in the Superior Court of the State of California for the County of Alameda Case No. HG03118906 for breach of lease agreement and claimed damages of \$1,399,042. In April 2004, we settled the matter and received a payment of \$1,100,000. This amount was recorded in other revenue during the second quarter of 2004.

In December 2003, Craig R. Jalbert Liquidating CEO, as representative of the Estate of the Consolidated Debtors for ACT Manufacturing, Inc. v. Mission West Properties, L.P. filed an action in United States Bankruptcy Court District of Massachusetts Case No. 01-47641 (JBR) asserting that payments of \$481,749 made in the ordinary course of business within 90 days of the ACT bankruptcy filing were preference payments. We have engaged

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

legal counsel to defend us in this claim and intend to vigorously contest the matter.

In January 2004, the Global Crossing Estate Representative, for Itself and the Liquidating Trustee of the Global Crossing Liquidating Trust v. Mission West Properties filed an action in United States Bankruptcy Court Southern District of New York Case No. 02-40188 (REG) asserting that payments of \$815,052 made in the ordinary course of business within 90 days of the Global Crossing bankruptcy filing were preference payments. We have engaged legal counsel to defend us in this claim and intend to vigorously contest the matter.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of stockholders during the fourth quarter of the year ended December 31, 2003.

For federal income tax purposes, we have characterized 98% of the dividends declared in 2003 as taxable ordinary income and 2% as return of capital. For 2002, we have characterized 100% of the dividends declared as taxable ordinary income.

The closing price of our common stock on December 31, 2003, the last trading day, was \$12.95 per share.

ITEM 6. SELECTED FINANCIAL DATA

The following table sets forth selected historical financial information for Mission West Properties, Inc. See Part II - Item 7 "Management's Discussion and Analysis of Financial Conditions and Results of Operations" - Overview and Company History for discussion of business combinations and property dispositions that materially affect the comparability of the selected financial data.

This Form 10-K includes restatements of previously reported historical financial data and related descriptions for the years ended December 31, 2002 and 2001. We have identified certain accounting errors applied historically to the items described in Note 18 to our Consolidated Financial Statements and concluded that these items have been accounted for incorrectly. As a result, we have made the appropriate adjustments to our previously issued consolidated financial statements for the years ended December 31, 2002 and 2001.

Selected consolidated financial data is derived from the audited financial statements and notes thereto (see Part II - Item 8 "Consolidated Financial Statements and Supplementary Data," below) and is as follows:

- (1) Average monthly rental revenue per square foot has been determined by taking the total cash base rent for the period divided by the number of months in the period, and then divided by the average occupied square feet in the period.
- (2) Funds From Operations ("FFO") is a non-GAAP financial instrument used by REITs to measure and compare operating performance. As defined by the National Association of Real Estate Investment Trusts ("NAREIT"), FFO represents net income (loss) before minority interest of unit holders (computed in accordance with GAAP), including non-recurring events other than "extraordinary items" under GAAP and gains and losses from debt restructuring and sales of discontinued operations, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustments for unconsolidated partnerships and joint ventures. We have revised our FFO computations for 2002 and 2001 for the inclusion of the amortization of leasing commissions in depreciation and amortization of real estate in order to be comparable to our 2003 FFO presentation and to more closely conform to the NAREIT's FFO definition. Additionally, our 2003 FFO calculation includes our portion of the depreciation and amortization of real estate from our unconsolidated joint venture, but excludes the amortization of the favorable lease intangible asset, which was recorded as a reduction of revenues. Management considers FFO an appropriate measure of performance of an equity REIT because, along with cash flows from operating activities, financing activities and investing activities, it provides investors with an understanding of our ability to incur and service debt and make capital expenditures. FFO should not be considered as an alternative for neither net income as a measure of profitability nor is it

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

comparable to cash flows provided by operating activities determined in accordance with GAAP. FFO is not comparable to similarly entitled items reported by other REITs that do not define them exactly as we define FFO. See Part II - Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations - Funds from Operations" for reconciliation of our FFO figures to our net income determined in accordance with GAAP.

- (3) The explanation of these restatement adjustments are described in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, and in Note 18 of the Notes to the Consolidated Financial Statements. See "Item 8. Consolidated Financial Statements and Supplementary Data -- Notes to the Consolidated Financial Statements."
- (4) As of December 31, 2003, 2002, 2001 and 2000, total properties include a property at 245 Caspian in Sunnyvale with no building. During 2000, the Company paid the Berg Group approximately \$7.5 million for their commitment to complete an approximate 75,000 to 90,000 square foot building on the property.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE FOLLOWING DISCUSSION INCLUDES FORWARD-LOOKING STATEMENTS, INCLUDING BUT NOT LIMITED TO STATEMENTS WITH RESPECT TO THE FUTURE FINANCIAL PERFORMANCE, OPERATING RESULTS, PLANS AND OBJECTIVES OF MISSION WEST PROPERTIES, INC. ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CURRENTLY ANTICIPATED DEPENDING UPON A VARIETY OF FACTORS, INCLUDING THOSE DESCRIBED IN PART I - ITEM 1 "BUSINESS - RISK FACTORS."

OVERVIEW AND BACKGROUND

Our original predecessor was formed in 1969 as Palomar Mortgage Investors, a California business trust, which operated as a mortgage REIT until 1979 when, under the name of Mission Investment Trust, it terminated its status as a REIT and began to develop and market its own properties. In 1982, Mission West Properties was incorporated as a successor to Mission Investment Trust. In 1997, our predecessor, Mission West Properties, sold all its real estate assets and paid a special dividend of \$9.00 per share to stockholders, after which it retained only nominal assets. Subsequently, the Berg Group acquired control of the corporation as a vehicle to acquire R&D properties, or interests in entities owning such properties in a transaction completed September 2, 1997. At that time the Berg Group and the other investors acquired an aggregate 79.6% controlling ownership position. In May 1998, we, the Berg Group members, John Kontrabecki, and certain other persons entered into an acquisition agreement providing, among other things, for our acquisition of interests as the sole general partner in the operating partnerships. At the time, the operating partnerships held approximately 4.34 million rentable square feet of R&D property located in Silicon Valley. The agreement also provided for the parties to enter into the Pending Projects Acquisition Agreement, the Berg Land Holdings Option Agreement and the Exchange Rights Agreement, following stockholder approval. Effective July 1, 1998, we consummated our acquisition of the general partnership interests in the operating partnerships through the purchase of the general partnership interests, and all limited partnership interests in the operating partnerships were converted into 59,479,633 O.P. Units, which represented ownership of approximately 87.89% of the operating partnerships. Our general partnership interests represented the balance of the ownership of the operating

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

partnerships. At December 31, 2003, we owned a 17.02% general partnership interest in the operating partnerships, taken as a whole, on a weighted average basis.

Since the beginning of calendar year 1999, we have been taxed as a qualified REIT.

Our reincorporation under the laws of the State of Maryland through the merger of Mission West Properties into Mission West Properties, Inc. occurred on December 30, 1998, at which time all outstanding shares issued by our predecessor California corporation were converted into shares of our common stock on a one-for-one basis.

In July 1999, we completed a public offering of 8,680,000 shares of our common stock at \$8.25 per share. The net proceeds of approximately \$66.9 million, after deducting underwriting discounts and other offering costs, were used primarily to repay indebtedness.

We have grown through property acquisitions. Since September 1998, we have acquired a total of approximately 3.9 million rentable square feet of R&D buildings under the Pending Project Acquisition Agreement, the Berg Land Holdings Option Agreement, and from unrelated third parties. The total cost of these properties was approximately \$619 million. We issued a total of 27,962,025 O.P. Units and assumed debt totaling approximately \$308 million to acquire them.

On March 8, 2002, we acquired the Orchard-Trimble property consisting of three R&D Properties with a total of approximately 206,500 rentable square feet for \$31.3 million in cash. The acquisition of those properties was part of a tax-deferred exchange under section 1031 of the Internal Revenue Code.

On April 9, 2003, we acquired the 36-acre San Tomas Technology Park consisting of seven R&D properties with a total of approximately 625,000 rentable square feet for \$110 million. We financed that acquisition through new debt and an existing line of credit.

On December 15, 2003, we acquired a 128,520 square foot fully leased two story office/R&D building at 5970 Optical Court in San Jose from the Berg Group under the Berg Land Holdings Option Agreement. The total acquisition price for this property was \$11.2 million. We financed this acquisition by borrowing \$9.0 million under an existing line of credit and issuing 169,131 O.P. Units to various members of the Berg Group.

IMPACT OF RESTATEMENTS

We have restated our previously issued consolidated financial statements for the years ended December 31, 2002 and 2001, as well as for the quarters ended March 31, June 30 and September 30, 2003 and 2002 and the quarter ended December 31, 2002 (as set forth in Note 19 of the Notes to the Consolidated Financial Statements. See "Item 8. Consolidated Financial Statements and Supplementary Data -- Notes to the Consolidated Financial Statements.") for the following items:

- We recorded additional amortization expense relating to certain leasing commissions, which were originally being amortized over a 40-year period. The additional amortization expense resulted from

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

changing the amortization period of commissions from 40 years to the term of the lease and the write-off of certain unamortized leasing commissions in connection with tenant bankruptcies.

- We corrected the purchase accounting originally applied to our 2002 acquisition of the Orchard-Trimble property. In accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which became effective July 1, 2001, we allocated a portion of the purchase price to in-place lease intangible assets and recorded additional amortization expense from changing the amortization period of these intangible assets from 40 years to the term of the lease.
- We recorded additional depreciation expense relating to the reclassification of certain real estate assets from a 40-year depreciable life to a 7 and 25-year depreciable life.
- We reclassified the amortization of the above-market lease intangible asset relating to the 2003 acquisition of San Thomas Technology Park from amortization expense to an offset to rental revenues from real estate.

The aggregate net impact of all restatement items on the consolidated statements of operations resulted in a decrease in net income to common stockholders compared to previously reported amounts of \$386,000 (\$0.02 per diluted share) and \$49,000 (\$0.00 per diluted share) for the years ended December 31, 2002 and 2001, respectively. The aggregate net impact of all restatement items on the consolidated balance sheet as of December 31, 2002 was a decrease in total assets of \$2,623,000, a decrease in minority interest of \$2,188,000 and an increase in the accumulated deficit of \$435,000.

The effects of the restatement items described above on our net income to common shareholders are as follows:

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

We prepare the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which requires us to make certain estimates, judgments and assumptions that affect the reported amounts in the accompanying consolidated financial statements, disclosure of contingent assets and liabilities and related footnotes. Accounting and disclosure decisions with respect to material transactions that are subject to significant management judgments or estimates include impairment of long lived assets, deferred rent reserves, and allocation of purchase price relating to property acquisitions and the related depreciable lives assigned. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are defined as those that require management to make estimates, judgments and assumptions, giving due consideration to materiality, in certain circumstances that affect amounts reported in the consolidated financial

- 27 -

statements, and potentially result in materially different results under different conditions and assumptions. We believe that the following best describe our critical accounting policies:

REAL ESTATE ASSETS. Real estate assets are stated at cost. Cost includes expenditures for improvements or replacements. Maintenance and repairs are charged to expense as incurred. Gains and losses from sales are included in income in accordance with Statement of Financial Accounting Standard ("SFAS") No. 66, "Accounting for Sales of Real Estate."

BUSINESS COMBINATIONS. Statement of financial Accounting Standards No. 141 ("SFAS No. 141"), Business Combinations, was effective July 1, 2001. The acquisition costs of each property acquired prior to July 1, 2001 were allocated only to building, land and leasing commissions with building depreciation being computed based on an estimated weighted average composite useful life of 40 years and leasing commissions amortization being computed over the term of the lease. Acquisitions of properties made subsequent to the effective date of SFAS No. 141 are based on an allocation of the acquisition cost to land, building, tenant improvements, and intangibles for at market and above market in place leases, and the determination of their useful lives are guided by a combination SFAS No. 141 and management's estimates. If we do not appropriately allocate these components or we incorrectly estimate the useful lives of these components, our computation of depreciation and amortization expense may not appropriately reflect the actual impact of these costs over future periods, which will affect net income.

IMPAIRMENT OF LONG-LIVED ASSETS. We review real estate assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with Statement of Financial Accounting Standards No. 144 ("SFAS No. 144"), Accounting for the Impairment and Disposal of Long-Lived Assets. If the carrying amount of the asset exceeds its estimated undiscounted net cash flow, before interest, we will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market factors, such as the vacancy rates, future rental rates and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

operating costs for R&D facilities in the Silicon Valley area and related submarkets. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. To date we have not recognized an impairment of any long-lived assets.

DISCONTINUED OPERATIONS: SFAS No. 144 addresses the financial accounting for discontinued operations and the disposal of long lived assets. SFAS No. 144 requires that the results of operations and gains or losses on the sale of property sold subsequent to December 31, 2001 that were not classified as held for sale at December 31, 2001 as well as the results of operations from properties that were classified as held for sale subsequent to December 31, 2001 be presented in discontinued operations if both the following criteria are met: (a) the operation and cash flows of the property have been (or will be) eliminated from the ongoing operations of the Company as a result of the disposal transaction; and (b) the Company will not have any significant involvement in the operations of the property after the disposal transaction. SFAS 144 also requires prior period results of operations for these properties to be restated and presented in discontinued operations in prior consolidated statements of operations. The application of SFAS No. 144 to properties sold during 2002 resulted in discontinued operations presentation, with the 2001 results of operations being restated for this 2002 disposition. Properties sold during 2001 have been reflected as a gain on sale of assets within continuing operations.

ALLOWANCE FOR DOUBTFUL ACCOUNTS AND DEFERRED RENT RESERVE. The preparation of the consolidated financial statements requires us to make estimates and assumptions. As such, we must make estimates of the uncollectability of our accounts receivable based on the evaluation of our tenants' financial position, analyses of accounts receivable and current economic trends. We also make estimates for a straight-line adjustment reserve for existing tenants with the potential of early termination, bankruptcy or ceasing operations. Our estimates are based on our review of tenants' payment histories, publicly available financial information and such additional information about their financial condition as tenants provide to us. The information available to us might lead us to overstate or understate these reserve amounts. The use of different estimates or assumptions could produce different results. Moreover, actual future collections of accounts receivable or reductions in future reported rental income due to tenant bankruptcies or other business failures could differ materially from our estimates.

CONSOLIDATED JOINT VENTURES. We, through an operating partnership, own three properties that are in joint ventures of which we have interests. We manage and operate all three properties. The recognition of these properties and their operating results are 100% reflected on our consolidated financial statements, with appropriate allocation to minority interest, because we have operational and financial control of the investments. We make judgments and assumptions about the estimated monthly payments made to our minority interest joint venture partners, which are reported with our periodic results of operations. Actual results may differ from these estimates under different assumptions or conditions.

- 28 -

INVESTMENTS IN UNCONSOLIDATED JOINT VENTURES. We, through an operating partnership, have a 50% non-controlling limited partnership interest in one unconsolidated joint venture. This investment is not consolidated because the we do not exercise significant control over major operating and financial decisions. We account for the joint venture using the equity method of accounting.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

FAIR VALUE OF FINANCIAL INSTRUMENTS. Our financial instruments include cash and cash equivalents, accounts receivable, accounts payable, and debt. Considerable judgment is required in interpreting market data to develop estimates of fair value. These estimates presented herein are not necessarily indicative of the amounts that we could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts. Cash and cash equivalents, accounts receivable, and accounts payable are carried at amounts that approximate their fair values due to their short-term maturities. The carrying amounts of our variable rate debt approximate fair value since the interest rates on these instruments are equivalent to rates currently offered to us. For fixed rate debt, we estimate fair value by using discounted cash flow analyses based on borrowing rates for similar kinds of borrowing arrangements. The fair value of our fixed rate debt at December 31, 2003 was approximately \$256 million.

REVENUE RECOGNITION. Rental revenue is recognized on the straight-line method of accounting required by GAAP under which contractual rent payment increases are recognized evenly over the lease term, regardless of when the rent payments are received by us. The difference between recognized rental income and rental cash receipts is recorded as Deferred Rent on the consolidated balance sheet.

Certain lease agreements contain terms that provide for additional rents based on reimbursement of certain costs. These additional rents are reflected on the accrual basis.

Rental revenue is affected if existing tenants terminate or amend their leases. We try to identify tenants who may be likely to declare bankruptcy or cease operations. By anticipating these events in advance, we expect to take steps to minimize their impact on our reported results of operations through lease renegotiations, reserves against deferred rent, and other appropriate measures. Our judgments and estimations about tenants' capacity to continue to meet their lease obligations will affect the rental revenue recognized. Material differences may result in the amount and timing of our rental revenue for any period if we made different judgments or estimations.

LEASE TERMINATION. Lease termination fees are included in other revenues. These fees are paid by tenants who want to terminate their lease obligations before the end of the contractual term of the lease. There is no way of predicting or forecasting the timing or amounts of future lease termination fees.

We recognize income from rent, tenant reimbursements and lease termination fees and other income once all of the following criteria are met in accordance with SEC Staff Accounting Bulletin 104:

- the agreement has been fully executed and delivered;
- services have been rendered;
- the amount is fixed and determinable; and
- collectability is reasonably assured.

RENTAL REVENUES FROM CONTINUING OPERATIONS

As of December 31, 2003, through our controlling interests in the operating partnerships, we owned 109 R&D properties totaling approximately 7.9 million rentable square feet compared to 101 such properties totaling approximately 7.2 million rentable square feet as of December 31, 2002. This represented a net increase of approximately 10% in total rentable square footage from the prior year. During 2003, we made the following acquisitions by purchase of new properties from unrelated third parties or under the Berg Land Holdings Option Agreement.

The following table depicts the amounts of rental revenues from continuing operations for the years ended December 31, 2003 and 2002 represented by our historical properties and the properties acquired in each such year and the percentage of the total increase in rental revenues over the period that is represented by each group of properties.

- (1) "Same Property" is defined as properties owned by us prior to 2002 that we still owned as of December 31, 2003.
- (2) Operating rental revenues for 2002 Acquisitions do not reflect a full 12 months of operations in 2002 because these properties were acquired at various times during 2002.
- (3) Operating rental revenues for 2003 Acquisitions do not reflect a full 12 months of operations in 2003 because these properties were acquired at various times during 2003. 2003 amount includes approximately \$1.4 million

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

of above market rent amortization against rental revenue from real estate in connection with the implementation of SFAS No. 141.

For the year ended December 31, 2003, our rental revenues from real estate increased by \$0.9 million, or 0.7% from \$129.8 million for the year ended December 31, 2002 to \$130.7 million for the same period in 2003. Pursuant to SFAS 141, \$1.4 million of amortization expense with respect to above-market leases included in the San Tomas Technology Park acquisition was offset against rental revenue and not separately stated as amortization expense. The \$0.9 million increase in rental revenues resulted from new property acquisitions, as "Same Property" rents decreased by (\$9.0), rents from newly developed properties acquired in 2002 represented an increase of \$1.8 million and rents from newly developed properties acquired in 2003 added approximately \$8.1 million of new rental revenue. Approximately \$0.3 million in rental revenues were generated from a property whose revenues and operating results were included in discontinued operations for the year ended December 31, 2002. The decline in rental revenues from the "Same Property" portfolio was a result from adverse market conditions and loss of several tenants due to bankruptcy, cessation of operations, or tenant relocation. Our overall physical occupancy rate at December 31, 2003 and 2002 was approximately 77% and 84%, respectively.

EQUITY IN EARNINGS FROM UNCONSOLIDATED JOINT VENTURE

As of December 31, 2003, we had investments in four R&D buildings, totaling 593,000 rentable square feet in Morgan Hill, California, through an unconsolidated joint venture with TBI, in which we acquired a 50% interest from the Berg Group in January 2003. We have a non-controlling limited partnership interest in this joint venture, which we account for using the equity method of accounting. For the year ended December 31, 2003, equity in earnings from the unconsolidated joint venture was approximately \$3.9 million, including \$1.4 million relating to a gain from the sale of real estate, which was acquired from a related party.

Included in the \$4.5 million is approximately \$2.2 million from tenant bankruptcy settlements. Included in the \$4.2 million is approximately \$2.4 million in termination fees. The \$0.3 million increase represented utility rebate and security deposit forfeitures.

2003 Acquisitions (3)	1,582	-	1,582
Total/Overall	\$21,365	\$23,951	(\$2,586)

- (1) "Same Property" is defined as properties owned by us prior to 2002 that we still owned as of December 31, 2003.
- (2) Operating expenses and real estate taxes for 2002 Acquisitions do not reflect a full 12 months of operations in 2002 because these properties were acquired at various times during 2002.
- (3) Operating expenses and real estate taxes for 2003 Acquisitions do not reflect a full 12 months of operations in 2003 because these properties were acquired at various times during 2003.

Operating expenses and real estate taxes from continuing operations, on a combined basis, decreased by (\$2.6) million, or 10.8%, from \$24 million for the year ended December 31, 2002 to \$21.4 million for the year ended December 31, 2003. Tenant reimbursements from continuing operations decreased by (\$1.2) million, or 6.0%, from \$20.1 million for the year ended December 31, 2002 to \$18.9 million for the year ended December 31, 2003. The overall decrease in tenant reimbursements, operating expenses and real estate taxes is primarily a result of the reductions in assessed property values on existing properties as a result of property tax appeals that we filed under California's Proposition 8 and lower occupancy during the periods presented. Reductions in property tax assessments as a result of appeals filed under Proposition 8 can be immediately increased to pre-Proposition 8 assessed values when the County Assessor determines market conditions have improved. Total operating expenses and real estate taxes exceeded tenant reimbursements because of vacancies, which reached approximately 1.8 million rentable square feet by year-end 2003. Certain expenses such as property insurance, real estate taxes, and other fixed expenses are not recoverable from vacant properties. We expect tenant reimbursements to decrease further in the coming year as our vacancy rate increases. At June 30, 2004 our vacancy rate was 28%. General and administrative expenses decreased by approximately \$0.2 million from \$1.5 million for the year ended December 31, 2002 to \$1.3 million for the year ended December 31, 2003, primarily due to the loss of one employee and the decrease of legal fees in 2003.

Depreciation and amortization expense of real estate from continuing operations increased by \$2.5 million, or 13.4%, from \$18.3 million for the year ended December 31, 2002 to \$20.8 million for the year ended December 31, 2003. The increase was attributable to the acquisition of eight R&D properties in 2003. Of the \$2.5 million increase in depreciation and amortization expense of real estate, approximately \$1 million represented amortization expense for in place leases comprising a portion of the value of the assets acquired in the acquisitions of the Orchard-Trimble property and the San Tomas Technology Park. Depreciation expense attributable to discontinued operations was approximately \$46,000 for the year ended December 31, 2002.

Interest expense increased by \$6.8 million, or 71.5%, from \$9.6 million for the year ended December 31, 2002 to \$16.4 million for the year ended December 31, 2003. The increased expense resulted from additional debt that the Company incurred under a new \$100 million collateralized loan obtained from Northwestern Mutual Life Insurance Company, an \$80 million collateralized loan obtained from Citicorp USA, Inc. and a \$40 million line of credit established with Cupertino National Bank, the proceeds of which were used primarily for the acquisition of the San Tomas Technology Park. Interest expense (related parties) decreased by (\$2.3) million, or 68.9%, from \$3.4 million for the year ended December 31, 2002 to \$1.1 million for the year ended December 31, 2003 primarily due to the refinancing of a portion of the related party debt with the new third party financing discussed above.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

The new debt carries a higher interest rate than the Berg Group line of credit, which it mainly replaced, contributing to the increase in interest expense for the year. We anticipate additional increases in interest expense as new debt is incurred in connection with property acquisitions and we draw on the Cupertino National Bank revolving line of credit.

We owned a 17.02% and 16.82% general partnership interest in the operating partnerships, taken as a whole, on a weighted average basis as of December 31, 2003 and 2002, respectively. Net income to common stockholders decreased by (\$0.9) million, or 5.3%, from \$17.1 million for the year ended December 31, 2002 to \$16.2 million for the year ended December 31, 2003. Our net income attributable to minority interests decreased by (\$5.8) million, or 6.7%, from \$86.6 million for the year ended December 31, 2002 to \$80.8 million for the year ended December 31, 2003. Minority interest represents the limited partners' ownership interest of 82.98% and 83.18% in the operating partnerships, on a weighted average basis, as of December 31, 2003 and 2002, respectively. The decrease in the minority interest percentage resulted from the issuance of additional shares of common stock from the exchange of O.P. Units for common stock by minority interest holders and the exercise of stock options.

In accordance with our adoption of SFAS No. 144, in 2002 we sold and classified as discontinued operations one property consisting of 72,426 rentable square feet and recognized a net gain of \$6.1 million, of which \$1.0 million and \$5.1 million were attributable to common stockholders and minority interests, respectively. The income to common stockholders and minority interests attributable to discontinued operations from this property in 2002 was approximately \$47,000 and \$240,000, respectively.

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2002 TO THE YEAR ENDED DECEMBER 31, 2001.

RENTAL REVENUES FROM CONTINUING OPERATIONS

As of December 31, 2002, through our controlling interests in the operating partnerships, we owned 101 R&D properties totaling approximately 7.2 million square feet compared to 97 such properties totaling approximately 6.78 million square feet as of December 31, 2001. This represented a net increase of approximately 6% in total rentable square footage from the prior year. During 2002, we made the following acquisitions by purchase of new properties under the Berg Land Holdings Option Agreement or as replacement property in exchange for existing R&D properties that we sold in 2001 and 2002.

- (2) Operating rental revenues for 2001 Acquisitions do not reflect a full 12 months of operations in 2001 because these properties were acquired at various times during 2001.
- (3) Operating rental revenues for 2002 Acquisitions do not reflect a full 12 months of operations in 2002 because these properties were acquired at various times during 2002.

For the year ended December 31, 2002, our rental revenues from real estate increased by \$3.5 million, or 2.8% from \$126.2 million for the year ended December 31, 2001 to \$129.7 million for the same period in 2002. The \$3.5 million increase in rental revenues resulted from new property acquisitions, as "Same Property" rents decreased by (\$9.5) million, rents from newly developed properties acquired in 2001 represented an increased of \$4.6 million and rents from newly developed properties acquired in 2002 added approximately \$8.4 million of new rental revenue. Approximately \$0.3 million and \$2.0 million in rental revenues were generated from a discontinued operation for the years ended December 31, 2002 and 2001,

respectively. The decline in rental revenues of (\$9.5) million from the "Same Property" portfolio resulted from adverse market conditions and the loss of several tenants due to bankruptcy or cessation of operations. Our overall physical occupancy rate at December 31, 2002 and 2001 was approximately 84% and 97%, respectively.

In 2001, gain from sales of real estate was \$11.5 million, effected as tax-deferred Section 1031 exchanges. Due to the adoption of SFAS No. 144, "Accounting for the Impairment or Disposal of Long Lived Assets" effective January 1, 2002, gains from sales of operating properties are classified as discontinued operations. In 2002, a gain of approximately \$6.1 million from the sale of one property consisting of 72,426 rentable square feet at 2001 Logic Drive in a Section 1031 exchange has been classified as Gain from Disposal of Discontinued Operations (see below).

EXPENSES FROM CONTINUING PROPERTY OPERATIONS

The following table reflects the increase in property operating and maintenance expenses and real estate taxes from continuing operations for the year ended December 31, 2002 over property operating and maintenance expenses and real estate taxes from continuing operations for the year ended December 31, 2001 and the percentage of total increase in expenses over the period that is represented by each group of properties.

Operating expenses and real estate taxes from continuing operations, on a combined basis, increased by \$5.4 million, or 29.5%, from \$18.5 million for the year ended December 31, 2001 to \$23.9 million for the year ended December 31, 2002. Of the \$5.4 million increase in operating expenses and real estate taxes, \$3.1 million resulted from the Company's "Same Property" portfolio, \$1 million resulted from properties acquired in 2001 and \$1.3 million resulted from properties acquired in 2002. Tenant reimbursements from continuing operations increased by \$2.6 million, or 15%, from \$17.5 million for the year ended December 31, 2001 to \$20.1 million for the year ended December 31, 2002. The overall increase in tenant reimbursements, operating expenses and real estate taxes is primarily a result of the growth in the total square footage of the Company's portfolio of properties during the periods presented. Total operating expenses and real estate taxes exceeded tenant reimbursements because of vacancies, which reached approximately 1.16 million square feet by year-end 2002. For the same

reason, "Same Property" rental revenues decreased in 2002 over 2001 while "Same Property" operating expenses increased in 2002 over 2001. General and administrative expenses increased by \$0.2 million from \$1.3 million for the year ended December 31, 2001 to \$1.5 million for the year ended December 31, 2002, primarily due to the addition of one new employee in 2001 and the increase of legal fees in 2002.

In accordance with our adoption of SFAS No. 144, in 2002 we sold and classified as discontinued operations one property consisting of 72,426 rentable square feet and recognized a net gain of \$6.1 million, of which \$1.0 million and \$5.1 million were attributable to common stockholders and minority interests, respectively. The income to common stockholders and minority interests attributable to discontinued operations from this property in 2002 was approximately \$47,000 and \$240,000, respectively. For 2001, the income to common stockholders and minority interests attributable to discontinued operations from this property was approximately \$285,000 and \$1.4 million, respectively. We did not report gains from the disposal of discontinued operations or from discontinued operations for any transactions in 2001, since the property sale in 2001 did not qualify for discontinued operations presentation under old pre-2002 guidance prescribed by Accounting Principles Board No. 30, Reporting Results of Operations - Discontinued Events and Extraordinary Items.

CHANGES IN FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2003.

The most significant changes in our financial condition in 2003 resulted from property acquisitions. In addition, stockholders' equity increased from the exercise of stock options and the exchange of O.P. Units for common stock.

During 2003, we acquired one R&D property and a 50% interest in the Morgan Hill joint venture with TBI from the Berg Group. Those acquisitions added approximately 129,000 square feet of rentable space and were acquired under the Berg Land Holdings Option Agreement. The total gross acquisition price was approximately \$13.0 million. We financed those acquisitions by borrowing \$9 million under our line of credit from the Berg Group and issuing 350,163 O.P. Units to various members of the Berg Group. In addition to those two purchases, we also acquired the San Tomas Technology Park, which was financed with a combination of an \$80 million mortgage note at LIBOR plus 200 basis points, cash reserves, and cash proceeds from our line of credit with Cupertino National Bank. This acquisition added approximately 625,000 rentable square feet to our portfolio.

As a result of those property acquisitions, debt outstanding, including amounts due related parties, increased by \$102.1 million, or 42.8%, from \$238.8 million as of December 31, 2002 to \$340.9 million as of December 31, 2003. Interest rates continued to remain low in 2003, which lessened the effect of the additional debt on total interest expense. We expect interest expense to increase if we acquire additional properties or interest rates increase in 2004.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

During the year ended December 31, 2003, stock options were exercised to purchase a total of 150,362 shares of common stock, consisting of 60,362 shares exercised at \$4.50 per share and 90,000 shares exercised at \$8.25 per share. Total proceeds to the Company were approximately \$1 million.

In 2003, three limited partners exchanged 257,000 O.P. Units for 257,000 shares of the Company's common stock under the terms of the December 1998 Exchange Rights Agreement among the Company and the limited partners of the operating partnerships.

The proceeds from the exercise of stock options and the conversion of O.P. Units to shares of the Company's common stock were applied to increase our percentage interest as general partner in the operating partnerships.

- 36 -

YEAR ENDED DECEMBER 31, 2002.

The most significant changes in our financial condition in 2002 resulted from property acquisitions and exchanges. In addition, stockholders' equity increased from the exercise of stock options and the exchange of O.P. Units for common stock.

During 2002, we acquired two R&D properties from the Berg Group, both located in Silicon Valley. Those acquisitions added approximately 290,000 square feet of rentable space and were acquired under the Berg Land Holdings Option Agreement. The total gross acquisition price for the two properties was approximately \$31 million. We financed those acquisitions by borrowing \$18 million under our line of credit from the Berg Group and issuing 835,491 O.P. Units to various members of the Berg Group. In addition to those two property purchases, we also acquired three R&D properties representing approximately 206,500 rentable square feet from Silicon Valley Properties, LLC for approximately \$31.3 million in connection with tax-deferred exchanges involving the property sold to Cisco Systems, Inc. in late 2001 and property sold to Xilinx, Inc. in early 2002. Until we obtained those three replacement properties, the sales proceeds from the properties sold by the Company were designated as restricted cash for use in tax-deferred property exchanges. No debt or O.P. Units were issued to acquire those three properties.

In March 2002, we completed the sale, in a tax-deferred exchange, of a 72,400 square foot R&D property located at 2001 Logic Drive, San Jose, California to Xilinx, Inc., which had exercised a purchase option in the same month. We realized a gain of \$6.1 million on the total sale price of \$18.5 million. Prior to our acquisition of the replacement property, described in the preceding paragraph, the proceeds from the sale of this property were designated as restricted cash to be used in tax-deferred property exchanges.

In connection with the restatement of our 2002 consolidated financial statements, we reclassified approximately \$2.5 million recorded originally as Buildings and Improvements to Other Assets as the amount represents an ongoing commitment from the Berg Group to construct tenant improvements on one of our buildings. We also have reclassified \$1.4 million recorded originally as Land, Buildings and Improvements to Real Estate Related Intangible Assets from the Orchard-Trimble property acquisition in accordance with SFAS No. 141. Additionally, we reclassified approximately \$3.0 million recorded originally as Buildings and Improvements to Other Assets, which represents prepaid leasing commissions incurred in connection

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

with properties acquired from the Berg Group.

During the year ended December 31, 2002, stock options were exercised to purchase a total of 33,550 shares of common stock at \$4.50 per share. Total proceeds to the Company were approximately \$151,000.

In 2002, three limited partners exchanged 124,000 O.P. Units for 124,000 shares of the Company's common stock under the terms of the December 1998 Exchange Rights Agreement among the Company and all limited partners of the operating partnerships. In addition, in 2002, Carl E. Berg gave 155,000 O.P. Units to charitable institutions, which exchanged them for 155,000 shares of the Company's common stock pursuant to the Exchange Rights Agreement in early January 2003.

The proceeds from the exercise of stock options and the conversion of O.P. Units to shares of the Company's common stock were applied to increase our percentage interest as general partner in the operating partnerships.

YEAR ENDED DECEMBER 31, 2001.

The most significant changes in our financial condition in 2001 resulted from property acquisitions and exchanges. In addition, stockholders' equity increased from the exercise of stock options and the exchange of O.P. Units for common stock.

During 2001, we purchased eight R&D properties, all located in Silicon Valley. Those acquisitions added approximately 748,000 square feet of rentable space and were acquired from the Berg Group under the Berg Land Holdings Option Agreement. The total gross acquisition price for these eight properties was approximately \$80.7 million. We financed those acquisitions by borrowing \$45.9 million under our line of credit from the Berg Group, assuming other liabilities of \$2.0 million, and issuing 2,422,837 O.P. Units to various members of the Berg Group. In addition to those eight property purchases we also acquired two R&D properties representing approximately 127,000 rentable square feet from the Berg Group for approximately \$23.2 million in connection with a tax-deferred Section 1031 exchange for properties sold to Cisco Systems, Inc. in 2001. Until we obtained those two replacement properties, the proceeds from the sale of properties to Cisco Systems, Inc. were classified as restricted cash for use in tax-deferred property exchanges and on our balance sheet at December 31, 2001. No debt or O.P. Units were issued to acquire those two properties.

In January 2001, we completed the sale, in a tax-deferred exchange, of a 200,484 square foot R&D property located at 4949 Hellyer Avenue, San Jose, California to Cisco Systems, Inc., which had exercised an option to purchase that property in November 2000. We realized a gain of \$3.1 million, which is included in gain on sales of assets, on the total sale price of \$23.2 million. In September 2001, we also completed the sale, in a tax-deferred exchange, of a 77,700 square foot R&D property located at 5713-5729 Fontanos Way, San Jose, California to Cisco Systems, Inc., which had also exercised an option to purchase that property in November 2000. We realized a gain of \$8.4 million, which is included in gain on sales of assets, on the total sale price of \$15.4 million.

During the year ended December 31, 2001, stock options were exercised to purchase a total of 68,088 shares of common stock, consisting of 14,588 shares exercised at \$4.50 per share, 47,500 shares exercised at \$8.25 per share, and 6,000 shares exercised at \$13.00 per share. Total proceeds to

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the Company were approximately \$0.5 million.

Two limited partners exchanged 236,323 O.P. Units for 236,323 shares of the Company's common stock under the terms of the Exchange Rights Agreement.

The proceeds from the exercise of stock options and the conversions of O.P. Units to shares of the Company's common stock were applied to increase our percentage interest as general partner in the operating partnerships.

LIQUIDITY AND CAPITAL RESOURCES

We expect our principal source of liquidity for distributions to stockholders and O.P. Unit holders, debt service, leasing commissions and recurring capital expenditures to come from cash provided by operations and/or the borrowings under the lines of credit with the Berg Group and Cupertino National Bank. We expect these sources of liquidity to be adequate to meet projected distributions to stockholders and other presently anticipated liquidity requirements in 2004. We expect to meet our long-term liquidity requirements for the funding of property development, property acquisitions and other material non-recurring capital improvements through long-term secured and unsecured indebtedness and the issuance of additional equity securities by us. We have the ability to meet short-term obligations or other liquidity needs based on lines of credit with the Berg Group and Cupertino National Bank, assuming renewal of our existing \$40 million line of credit which expires in September 2004. Despite the current weakness in the economy, we expect our total interest expense to increase as interest rates rise and as we incur debt through acquisitions of new properties and financing activities. In 2004, we will be obligated to make payments totaling approximately \$109.6 million of debt principal under mortgage notes without regard to any debt refinancing or new debt obligations that we might incur, or optional payments of debt principal. We anticipate renewing these obligations, primarily Cupertino National Bank and Citicorp USA, as described below. If we are not able to extend our loans from Cupertino National Bank and Citicorp, however, we will be required to finance these loan payments through other sources that may not be readily available to us on favorable terms. Our operating results and financial condition could be affected adversely, as a result.

Effective January 1, 2003, the Company and the Berg Group mutually agreed to reduce the Berg Group \$100 million line of credit to \$20 million and to reduce the number of properties securing the line of credit to five. The Berg Group line of credit bears interest at LIBOR plus 1.30%, which was 2.52% as of December 31, 2003, and matures in March 2005. Debt of \$6.3 million under this line of credit was outstanding at December 31, 2003. We believe that the terms of the Berg Group line of credit were more favorable than those available from institutional lenders. We are continually evaluating alternative sources of credit to replace the Berg Group line of credit. There can be no assurance that we will be able to obtain a line of credit with terms similar to the Berg Group line of credit, and its cost of borrowing could increase substantially. See "Item 1 - Business - Risk Factors - Our contractual business relationships with the Berg Group presents additional conflicts of interest which may result in the realization of economic benefits or the deferral of tax liabilities by the Berg Group without equivalent benefits to our stockholders."

On January 9, 2003, we obtained a \$100 million secured mortgage loan from Northwestern Mutual Life Insurance Company ("Northwestern Loan") that bears a fixed interest rate at 5.64% and matures in January 2013 with principal payments amortized over 20 years. The mortgage loan is collateralized by 11 properties. We paid approximately \$675,000 in loan fees and financing costs and used the proceeds to primarily pay down short-term debt and the Berg Group line of credit.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

On April 9, 2003, we obtained an \$80 million short-term mortgage loan from Citicorp USA, Inc. ("Citicorp Loan") that bears interest at LIBOR plus 2% and originally matured on March 29, 2004. We and Citicorp extended the loan to May 27, 2004 and again to September 6, 2004. The mortgage loan is collateralized by seven properties. The extension of this loan is subject to our providing additional collateral valued at not less than \$7.6 million, which we have proposed to Citicorp, and Citicorp is currently appraising it. We paid \$200,000 in financing costs and used the proceeds to acquire the San Tomas Technology Park property.

- 38 -

In July 2004, the \$40 million line of credit with Cupertino National Bank was scheduled to mature.

Cupertino National Bank and Citicorp USA, Inc., have granted extensions of the loans to September 2, 2004 and September 6, 2004, respectively, (the "Loan Extension Period") pending the completion of our Form 10-K filing for 2003. We are in the process of renegotiating the terms and extending these loans for an additional two-year period. We do not believe that the terms of the extended loans will differ materially from their current terms. We are the borrower under the Cupertino National Bank line of credit which is guaranteed by Mission West Properties, L.P. and Mission West Properties, L.P. II. Mission West Properties, L.P. is the borrower under the Citicorp USA mortgage loan which is guaranteed by Carl E. Berg, Mission West

Properties, L.P. I, Mission West Properties L.P. II and Mission West Properties L.P. III. The Cupertino National Bank line of credit and Citicorp USA, Inc. mortgage loan contain certain loan covenants. We were not in compliance with one covenant pertaining to our late filing of the Form 10-K for the year ending December 31, 2003 and Form 10-Q for the period ending March 31, 2004 (the "Financial Reporting Covenants"). Each bank has elected not to enforce the Financial Reporting Covenants during the Loan Extension Period. Compliance with the Financial Reporting Covenant is a condition of the renewal for both loans.

On January 8, 2004, we paid dividends of \$0.24 per share of common stock to all common stockholders of record as of December 31, 2003. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Unit to all holders of O.P. Units.

On March 16, 2004, we declared dividends of \$0.24 per common share payable on April 8, 2004 to all common stockholders of record on March 31, 2004.

On June 16, 2004, we declared dividends of \$0.24 per common share payable on July 8, 2004 to all common stockholders of record on June 30, 2004.

CONTRACTUAL OBLIGATIONS

The following table identifies our contractual obligations as of December 31, 2003 that will impact our liquidity and cash flow in future periods:

- (1) Our long-term debt obligations are set forth in detail in the schedule below. The amount due in 2004 does not reflect the planned two-year extension of the Citicorp USA, Inc. and Cupertino National Bank loans described in Liquidity and Capital Resources above.
- (2) Our operating lease obligations relate to a lease of our corporate office facility from a related party.

At December 31, 2003, we had total indebtedness of approximately \$340.9 million, including approximately \$230.6 million of fixed rate mortgage debt and approximately \$110.3 million under the loan from Citicorp USA, Inc. and the lines of credit from the Berg Group and Cupertino National Bank, as to which the interest rate varies with LIBOR. Of total fixed debt, the Prudential and Northwestern loans represented approximately \$121.5 million and \$97.4 million, respectively. The following table sets forth certain information regarding debt outstanding as of December 31, 2003.

Mortgage Notes Payable

- 40 -

- (1) The debt owed to the Berg Group under the line of credit carries a variable interest rate equal to LIBOR plus 1.30% and is payable in full in March 2005. The interest rate was 2.52% at December 31, 2003.
- (2) Mortgage notes payable generally require monthly installments of interest and principal over various terms extending through the year 2013. The weighted average interest rate of mortgage notes payable was 6.23% at December 31, 2003.
- (3) The Prudential Insurance loan is payable in monthly installments of \$827, which includes principal (based upon a 30-year amortization) and interest. John Kontrabecki, one of the limited partners, has guaranteed approximately \$12,000 of this debt. Costs and fees incurred with obtaining this loan aggregated approximately \$900.
- (4) Interest rate equal to LIBOR plus 2%. The interest rate for the Cupertino National Bank line of credit and the Citicorp USA, Inc. mortgage loan at December 31, 2003 was 3.17%.
- (5) The Northwestern loan is payable in monthly installments of \$696, which includes principal (based upon a 20-year amortization) and interest. Costs and fees incurred with obtaining this loan aggregated approximately \$675.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

At December 31, 2003, our debt to total market capitalization ratio, which is computed as our total debt outstanding divided by the sum of total debt outstanding plus the market value of common stock (based upon the closing price of \$12.95 per share on December 31, 2003) on a fully diluted basis, including the conversion of all O.P. Units into common stock, was approximately 20.1%. On December 31, 2003, the last trading day for the year, total market capitalization was approximately \$1.7 billion.

At December 31, 2003, the outstanding balance remaining under certain demand notes that we owed to the operating partnerships was \$1.47 million. The due date of the demand notes has been extended to September 30, 2005. The principal of the demand notes, along with the interest expense, which is interest income to the operating partnerships, is eliminated in consolidation and is not included in the corresponding line items within the consolidated financial statements. However, the interest income earned by the operating partnerships, which is interest expense to us, in connection with this debt, is included in the calculation of minority interest as reported on the consolidated statement of operations, thereby reducing our net income by this same amount. At present, our only means for repayment of this debt is through distributions that we receive from the operating partnerships that are in excess of the amount of dividends to be paid to our stockholders.

HISTORICAL CASH FLOWS

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2003 TO THE YEAR ENDED DECEMBER 31, 2002.

Net cash provided by operating activities for the year ended December 31, 2003 was approximately \$116.5 million, compared to approximately \$117.4 million for the prior year. The decrease in cash provided by operating activities resulted from adverse market conditions and loss of several tenants due to bankruptcy, cessation of operations, or tenant relocation resulting in increased vacancy rates that offset cash savings.

Net cash used in investing activities was approximately (\$110) million for the year ended December 31, 2003, compared to approximately (\$20.7) million for the prior year. Cash used in investing activities during 2003 related to financing the acquisition of the San Tomas Technology Park of \$110 million as well as new equipment and improvements of \$1.4 million.

Net cash used in financing activities was approximately (\$6.9) million for the year ended December 31, 2003, compared to (\$97.5) million for the year ended December 31, 2002. During 2003, we paid debt principal and made distributions to holders of our common stock and O.P. Units utilizing cash generated from operating activities and other borrowed funds. Financing activities in 2003 also consisted of a \$100 million collateralized mortgage loan from Northwestern Mutual Life Insurance Company, an \$80 million collateralized mortgage loan from Citicorp USA, Inc. and a \$40 million line of credit established with Cupertino National Bank in July 2002 of which \$24.0 million had been drawn as of the year end. For the year ended December 31, 2003, we paid dividends to our stockholders and made distributions to the O.P. Unit holders totaling approximately \$100.1 million, compared to approximately \$99.7 million for the year ended December 31, 2002. Additionally, during 2003, we repaid \$61.5 million under our line of credit with the Berg Group and \$20 million under our

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

uncollateralized loan with Citicorp USA, Inc.

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2002 TO THE YEAR ENDED DECEMBER 31, 2001.

Net cash provided by operating activities for the year ended December 31, 2002 was approximately \$117.4 million, compared to approximately \$111.2 million for the prior year. The increase in cash resulted from increased rental receipts attributable to newly acquired properties.

Net cash used in investing activities was approximately (\$20.7) million for the year ended December 31, 2002, compared to approximately (\$3.0) million for the prior year. Cash used in investing activities during 2002 related to the acquisition of three R&D properties through a tax-deferred exchange transaction involving the property sold to Xilinx, Inc. pursuant to its purchase option as well as new equipment and improvements.

Net cash used in financing activities was approximately (\$97.5) million for the year ended December 31, 2002, compared to (\$107.5) million for the year ended December 31, 2001. During 2002, we paid debt principal and made distributions to holders of our common stock and O.P. Units utilizing cash generated from operating activities and other borrowed funds. Financing activities in 2002 also consisted of a \$20 million uncollateralized loan from Citicorp USA, Inc. and a \$40 million line of credit established with Cupertino National Bank of which \$23.8 million had been drawn as of the year end. For the year ended December 31, 2002, we paid dividends to our stockholders and made distributions to the O.P. Unit holders totaling approximately \$99.7 million, compared to approximately \$85.0 million for the year ended December 31, 2001.

CAPITAL EXPENDITURES

The properties require periodic investments of capital for tenant-related capital expenditures and for general capital improvements. For the years ended December 31, 1995 through December 31, 2003, the recurring tenant/building improvement costs and leasing commissions incurred with respect to new leases and lease renewals of the properties previously owned or controlled by members of the Berg Group averaged approximately \$2.0 million annually. We will have approximately 863,000 rentable square feet under expiring leases in 2004. We expect that the average annual cost of recurring tenant/building improvements and leasing commissions, related to these properties, will be approximately \$2.0 million during 2004. We believe we will recover substantially all of these sums from the tenants under the new or renewed leases through increases in rental rates. Until we actually sign the leases, however, we cannot assure you that this will occur. Capital expenditures may fluctuate in any given period subject to the nature, extent, and timing of improvements required to be made to the properties. Tenant/building improvements and leasing costs also may fluctuate in any given period year depending upon factors such as the property, the term of the lease, the type of lease and the overall market conditions. We expect to meet our long-term liquidity requirements for the funding of property acquisitions and other material non-recurring capital improvements through long-term secured and unsecured indebtedness and the issuance of additional equity securities by the Company, but cannot be assured that we will be able to meet our requirements on favorable terms. See "Policy with Respect to Certain Activities - Financing Policies."

FUNDS FROM OPERATIONS

FFO is a non-GAAP financial measurement used by real estate investment

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

trusts to measure and compare operating performance. As defined by NAREIT, FFO represents net income (loss) before minority interest of O.P. Unit holders, computed in accordance with GAAP, including non-recurring events other than "extraordinary items" under GAAP and gains and losses from sales of depreciable operating properties, plus real estate related depreciation and amortization, excluding amortization of deferred financing costs and depreciation of non-real estate assets, and after adjustments for unconsolidated partnerships and joint ventures. Management considers FFO an appropriate measure of performance of an equity REIT because, along with cash flows from operating activities, financing activities and investing activities, it provides investors with an understanding of our ability to incur and service debt and make capital expenditures. With the emphasis on the disclosure of operating earnings per share, we will still continue to use FFO as a measure of the Company's performance. FFO should not be considered as an alternative for net income as a measure of profitability nor is it comparable to cash flows provided by operating activities determined in accordance with GAAP, nor is FFO necessarily indicative of funds available to meet our cash needs, including our need to make cash distributions to satisfy REIT requirements. For example, FFO is not adjusted for payments of debt principal required under our debt service obligations.

Our definition of FFO also assumes conversion at the beginning of the period of all convertible securities, including minority interests that might be exchanged for common stock. Our FFO does not represent the amount available for management's discretionary use; as such funds may be needed for capital replacement or expansion, debt service obligations or other commitments and uncertainties.

Furthermore, FFO is not comparable to similarly entitled items reported by other REITs that do not define FFO exactly as we do.

We have revised our FFO computations for 2002 and 2001 for the inclusion of the amortization of leasing commissions in depreciation and amortization of real estate in order to be comparable to our 2003 FFO presentation in accordance with NAREIT guidelines and to more closely conform to the NAREIT's FFO definition. Additionally, our 2003 FFO calculation includes our portion of the depreciation and amortization of real estate from our unconsolidated TBI-MSW joint venture.

The revised FFO for the years ended December 31, 2003, 2002, 2001, 2000 and 1999 is as follows:

	For the Year Ended De		
	2003	2002 (As Restated)	2001 (As Restated)

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- (1) The minority interest for third parties was deducted from total minority interest in calculating FFO.
- (2) Also includes depreciation and amortization of real estate from our unconsolidated joint venture and amortization of leasing commissions.
- (3) Net income to common stockholders is restated for 2002 and 2001

The effect of the revision in the FFO computation described above for the years ended December 31, 2003, 2002, 2001, 2000 and 1999 is as follows:

OVERVIEW OF DISTRIBUTION POLICY

We intend to make regular quarterly distributions to stockholders and O.P. Unit holders based on our funds available for distributions. Our ability to make such distributions will be affected by numerous factors including, most importantly, the receipt of distributions from the operating partnerships.

Funds available for distributions does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash needs. The actual return that we will realize and the amount available for distributions to stockholders will be affected by a number of factors, including the revenues received from our properties, our operating expenses, debt service on borrowings, and planned and unanticipated capital expenditures.

We anticipate that cash available for distribution will exceed earnings and profits for federal income tax purposes, as the latter figure takes into account non-cash expenses, such as depreciation and amortization, that we will incur. Distributions, other than capital gain distributions, by us to the extent of our current and accumulated earnings and profits for federal

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

income tax purposes most likely will be taxable to U.S. stockholders as ordinary dividend income unless a stockholder is a tax-exempt entity. Distributions in excess of earnings and profits generally will be treated as a non-taxable reduction of the U.S. stockholder's basis in the common stock to the extent of such basis, and thereafter as taxable gain. The percentage of such distributions in excess of earnings and profits, if any, may vary from period to period.

Distributions are determined by our Board of Directors and depend on actual cash available for distributions, our financial condition, capital requirements, the annual distribution requirements under the REIT provisions of the Code and such other factors as the Board of Directors deems relevant. For a discussion of the risk that we will not meet our distribution objectives, see Part I, Item 1., "Business - Risk Factors -- Stockholders are not assured of receiving cash distributions from us."

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES

We have adopted policies with respect to investment, financing, conflicts of interest and other activities. These policies have been formulated by our Board of Directors, are set forth in our charter, bylaws, operating partnership agreements or agreements with the Berg Group, and generally may be amended or revised from time to time, subject to applicable agreement terms, at the discretion of the Board of Directors without a vote of the stockholders. Among other things, these policies provide that:

- so long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis, the approval of a majority of our directors, including Carl E. Berg or his designee as a director, and of the holders of a majority of the O.P. Units is required for us to take title to assets, other than temporarily in connection with an acquisition prior to contributing such assets to the operating partnerships, or to conduct business other than through the operating partnerships, or for us or the operating partnerships to engage in any business other than the ownership, construction, development and operation of real estate properties, or for certain fundamental corporate actions, including amendments to our charter, bylaws or any operating partnership agreement and any merger, consolidation or sale of all or substantially all of our assets or the assets of the operating partnerships;

- 44 -

- changes in certain policies with respect to conflicts of interest must be consistent with legal requirements;
- certain policies with respect to competition by and acquisitions from the Berg Group are imposed pursuant to provisions of the acquisition agreement that cannot be amended or waived without the approval of the Independent Directors Committee of our Board of Directors;
- we cannot take any action intended to terminate our qualification as a REIT without the approval of more than 75% of the entire Board of Directors; and
- we cannot undertake certain other specified transactions, including the issuance of debt securities, and borrowings in excess of specified limits, or the amendment of our charter and bylaws, without the approval of more than 75% of the entire Board of Directors.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

INVESTMENT POLICIES

We expect to pursue our business and investment objectives principally through the direct ownership by the operating partnerships of our properties and future acquired properties. Development or investment activities are not limited to any specified percentage of our assets. We may also participate with other entities in property ownership, through joint ventures or other types of co-ownership. Equity investments may be subject to existing mortgage financing and other indebtedness that have priority over our equity interests.

While we will emphasize equity real estate investments, we may, in our discretion and subject to the percentage ownership limitations and gross income tests necessary for REIT qualification, invest in mortgage and other real estate interests, including securities of other real estate investment trusts. We have not previously invested in mortgages or securities of other real estate investment trusts, and we do not have any present intention to make such investments.

FINANCING POLICIES

To the extent that our Board of Directors determines to seek additional capital, we may raise such capital through additional equity offerings, debt financing or retention of cash flow, or through a combination of these sources, after consideration of provisions of the Code requiring the distribution by a REIT of a certain percentage of its taxable income and taking into account taxes that would be imposed on undistributed taxable income. It is our present intention that any additional borrowings will be made through the operating partnerships, although we may incur borrowings that would be re-loaned to the operating partnerships. Borrowings may be unsecured or may be secured by any or all of our assets, the operating partnerships or any existing or new property, and may have full or limited recourse to all or any portion of our assets, the operating partnerships or any existing or new property.

We have adopted a policy of maintaining a consolidated ratio of debt to total market capitalization, which includes for this purpose the market value of all shares of common stock for which outstanding O.P. Units are exchangeable, of less than 50%. This ratio may not be exceeded without the approval of more than 75% of our entire Board of Directors. We also may determine to finance acquisitions through the exchange of properties or the issuance of additional O.P. Units in the operating partnerships, shares of common stock or other securities.

In the event that the Board of Directors determines to raise additional equity capital, it has the authority, without stockholder approval, to issue additional shares of common stock, preferred stock or other capital stock, including securities senior to the common stock, in any manner and on such terms and for such consideration it deems appropriate, including in exchange for property. In the event that we issue any shares of common stock or securities convertible into or exchangeable or exercisable for, shares of common stock, subject to limited exceptions, such as the issuance of common stock pursuant to any stock incentive plan adopted by us or pursuant to limited partners' exercise of the exchange rights or the put rights, the limited partners will have the right to purchase common stock or such securities in order to maintain their respective percentage interests in us on a Fully Diluted basis. If the board of directors determines that we will raise additional equity capital to fund investments by the operating partnerships, we will contribute such funds to the operating partnerships as a contribution to capital and purchase of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

additional general partnership interest; however, holders of O.P. Units will have the right to participate in such funding on a pro rata basis. In the event that holders of O.P. Units sell their O.P. Units to us upon exercise of their put rights, we are authorized to raise the funds for such purchase by issuing additional shares of common stock. Alternatively, we may issue additional shares of common stock in exchange for the tendered O.P. Units.

- 45 -

Our Board of Directors also has the authority to cause the operating partnerships to issue additional O.P. Units in any manner and on such terms and for such consideration, as it deems appropriate, including in exchange for property. In the event that the operating partnerships issue new O.P. Units for cash, but not property, the limited partners holding O.P. Units in an operating partnership will have the right to purchase O.P. Units in order, and to the extent necessary, to maintain their respective percentage interests in that operating partnership. The new O.P. Units will be exchangeable for common stock pursuant to the exchange rights or may be tendered to us pursuant to the put rights.

DISPOSITION POLICIES

We have no current intention of disposing of any of our properties, although we reserve the right to do so. The tax basis of the limited partners in the properties in the operating partnerships is substantially less than current fair market value. Accordingly, prior to the disposition of their O.P. Units, upon a disposition of any of the properties, a disproportionately large share of the gain for federal income tax purposes would be allocated to the limited partners. Consequently, it may be in the interests of the limited partners that we continue to hold the properties in order to defer such taxable gain. In light of this tax effect, the operating partnership agreements provide that, until December 29, 2008, or until the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, less than 15% of the outstanding shares of common stock on a Fully Diluted basis, if earlier, Carl E. Berg and Clyde J. Berg may prohibit the operating partnerships from disposing of properties which they designate in a taxable transaction. Mr. Kontrabecki has a similar right with respect to seven of the properties, which right will lapse before the end of the ten-year period if his beneficial ownership interest falls below 750,000 O.P. Units. The limited partners may seek to cause us to retain the properties even when such action may not be in the interests of some, or a majority, of our stockholders. The operating partnerships will be able to effect "tax-deferred," like-kind exchanges under Section 1031 of the Code, or in connection with other non-taxable transactions, such as a contribution of property to a new partnership, without obtaining the prior written consent of these individuals. The approval of a majority of our directors, including Carl E. Berg or his designee, will be required to sell all or substantially all of our assets. The consent of the holders of a majority of the O.P. Units will be required to effect a sale or sales of all, or substantially all, of the assets of any of the operating partnerships.

IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

We do not believe that recently issued accounting standards will materially impact our financial position, results of operations, or cash flows.

In November 2002, the FASB issued FASB Interpretation No. (FIN) 45 "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," which elaborates

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and initial measurement provisions of this Interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002, irrespective of the guarantor's fiscal year-end. We have not entered into any new guarantees or modified any existing guarantees subsequent to December 31, 2002; therefore, adoption of this statement has had no effect on our financial position, operating results or cash flows.

In December 2003, the FASB issued FIN 46R, "Consolidation of Variable Interest Entities," a revision to FIN 46, which was issued in January 2003. Under FIN 46R, a variable interest entity must be consolidated by a company if that company is subject to a majority of the entity's expected losses or entitled to receive a majority of the entity's expected residual returns or both. FIN 46R requires disclosures about variable interest entities that a company is not required to consolidate, but in which it has a significant variable interest. The consolidation requirements apply to existing entities in the first reporting period that ends after March 15, 2004. We will adopt the consolidation requirements of FIN 46R in the first quarter of 2004. We expect no significant effect on the consolidated financial position, results of operations or cash flows as a result of the initial adoption of this standard in regard to existing variable interest entities; however, newly formed entities could meet these requirements and will be recorded as appropriate.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosure", which amended SFAS No. 123 "Accounting for Stock-Based Compensation". SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based compensation and amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. On December 31, 2002, we adopted the disclosure provisions of SFAS No. 148 and continue to account for stock-based compensation under APB Opinion No. 25 "Accounting for Stock Issued to Employees". Therefore, the adoption of SFAS No. 148 did not have any effect on our financial position, operating results or cash flows.

- 46 -

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). SFAS No. 150 was effective beginning in the third quarter of 2003. The FASB deferred the implementation of SFAS No. 150 as applied to certain minority interests in finite life entities, however. We adopted the requirements of SFAS No. 150 in the third quarter of 2003, and considering the aforementioned deferral, it did not impact our financial position, results of operations or cash flows.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not generally hold market risk sensitive instruments for trading purposes. We use fixed and variable rate debt to finance our operations. Our exposure to market risk for changes in interest rates relates primarily to our current and future debt obligations. We are vulnerable to significant fluctuations of interest rates on our floating rate debt. We manage our market risk by monitoring interest rates where we try to recognize the unpredictability of the financial markets and seek to reduce potentially adverse effect on the results of our operations. This takes frequent evaluation of available lending rates and examination of opportunities to reduce interest expense through new sources of debt financing. Several factors affecting the interest rate risk include governmental monetary and tax policies, domestic and international economics and other factors that are beyond our control. The following table provides information about the principal cash flows, weighted average interest rates, and expected maturity dates for debt outstanding as of December 31, 2003. The current terms of this debt are described in Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources." Average interest rates are based on implied LIBOR for the respective time period. Fair value approximates book value for fixed rate debt. Of the projected fair value of secured notes payable, approximately \$121.5 million and \$97.4 million represent the Prudential and Northwestern secured loans, respectively.

For variable rate debt, the table presents the assumption that the outstanding principal balance at December 31, 2003 will be paid upon maturity.

For fixed rate debt, the table presents the assumption that the outstanding principal balance at December 31, 2003 will be paid according to scheduled principal payments and that we will not prepay any of the outstanding principal balance.

	2004	2005	2006	2007	2008	Thereafter
	----	----	----	----	----	-----
VARIABLE RATE DEBT:						
						(dollars in thousands)
Secured and unsecured debt	\$103,965	\$6,320				
Weighted average interest rate	3.13%	3.13%				
FIXED RATE DEBT:						
Secured notes payable	\$5,612	\$5,977	\$6,245	\$6,350	\$6,748	\$199,688
Weighted average interest rate	6.23%	6.23%	6.23%	6.23%	6.23%	6.23%

The variable rate debt represented 32.4% and 43.0% and the fixed rate debt represented 67.6% and 57.0% of all debt outstanding for the years ended December 31, 2003 and 2002, respectively. All of the debt is denominated in United States dollars. The weighted average interest rate for variable rate debt was approximately 3.13% and 3.42% for the years ended December 31, 2003 and 2002, respectively. The difference in spread was due to numerous cuts in interest rates by the Federal Reserve Board during 2002 and 2003. The weighted average interest rate for fixed rate debt was approximately 6.23% and 6.68% for the years ended December 31, 2003 and 2002, respectively. The difference in interest expense attributable to the average interest rate difference between 2002 and 2003 was \$4.5 million, which was also a result of new debt obtained during 2003. We do not anticipate significant interest rate changes from 2003 to 2004.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

The primary market risk we face is the risk of interest rate fluctuations. The Berg Group line of credit, the Cupertino National Bank line of credit, and the Citicorp USA, Inc. loan, which are tied to a LIBOR based interest rate, were approximately \$110.3 million, or 32.4%, of the total \$340.9 million of debt as of December 31, 2003. As a result, we pay lower rates of interest in periods of decreasing interest rates and higher rates of interest in periods of increasing interest rates. At December 31, 2003, we had no interest rate caps or interest rate swap contracts.

The following discussion of market risk is based solely on a possible hypothetical change in future market conditions related to our variable-rate debt. It includes "forward-looking statements" regarding market risk, but we are not forecasting the occurrence of these market changes. Based on the amount of variable debt outstanding as of December 31, 2003, a 1% increase or decrease in interest rates on our \$110.3 million of floating rate debt would decrease or increase, respectively, annual earnings and cash flows by approximately \$1.1 million, as a result of the increased or decreased interest expense associated with the change in rate, and would not have an impact on the fair value of the floating rate debt. This amount is determined by considering the impact of hypothetical interest rates on our borrowing cost. Due to the uncertainty of fluctuations in interest rates and the specific actions that might be taken by us to mitigate of such fluctuations and their possible effects, the foregoing sensitivity analysis assumes no changes on our financial structure.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Mission West Properties, Inc.
Cupertino, California

We have audited the accompanying consolidated balance sheets of Mission West Properties, Inc. as of December 31, 2003 and 2002 and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mission West Properties, Inc. at December 31, 2003 and 2002, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 18 to the consolidated financial statements, the Company has restated its consolidated financial statements as of December 31, 2002 and for the years ended December 31, 2002 and 2001 (which were previously audited by other independent auditors).

MISSION WEST PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except share and per share data)

1. ORGANIZATIONS AND FORMATION OF THE COMPANY

Mission West Properties, Inc. ("the Company") is a fully integrated, self-administered and self-managed real estate company that acquires and manages R&D/office properties in the portion of the San Francisco Bay Area commonly referred to as Silicon Valley. In July 1998, the Company purchased an approximate 12.11% of four existing limited partnerships (referred to collectively as the "operating partnerships") and obtained control of these partnerships by becoming the sole general partner in each one effective July 1, 1998 for financial accounting and reporting purposes. The Company purchased an approximate 12.11% interest in each of the operating partnerships. All limited partnership interests in the operating partnerships were converted into 59,479,633 operating partnership ("O.P.") Units, which represented a limited partnership ownership interest of approximately 87.89% of the operating partnerships. The operating partnerships are the vehicles through which the Company holds its real estate investments, makes real estate acquisitions, and generally conduct its business.

On December 30, 1998, the Company was reincorporated under the laws of the State of Maryland through a merger with and into Mission West Properties, Inc. Accordingly, shares of the former company, Mission West Properties, a California corporation (no par), which were outstanding at December 30, 1998, were converted into shares of common stock (\$.001 par value per share) on a one-for-one basis.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

As of December 31, 2003, the Company owns a general partnership interest of 16.95%, 21.61%, 15.98% and 12.37% in Mission West Properties, L.P., Mission West Properties, L.P. I, Mission West Properties, L.P. II and Mission West Properties, L.P. III, respectively, for a 17.02% general partnership interest in the operating partnerships, taken as a whole, on a weighted average basis.

The Company, through the operating partnerships, owns interests in 109 R&D properties, all of which are located in Silicon Valley.

BUSINESS SEGMENT INFORMATION

The Company's primary business is the ownership and management of R&D/office real estate with a geographic concentration in the Silicon Valley of the San Francisco Bay Area. Accordingly, the Company has concluded it currently has a single reportable segment for SFAS No. 131 purposes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION AND FINANCIAL STATEMENT PRESENTATION:

The accompanying consolidated financial statements include the accounts of the Company and its controlled subsidiaries, the operating partnerships (the "Company"). All significant intercompany transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Accounting and disclosure decisions with respect to material transactions that are subject to significant management judgments or estimates include impairment of long lived assets, deferred rent reserves, and allocation of purchase price relating to property acquisitions and the related depreciable lives assigned. Actual results could differ from those estimates.

REAL ESTATE ASSETS AND RELATED INTANGIBLE ASSETS:

Real estate assets are stated at cost. Cost includes expenditures for improvements or replacements. Maintenance and repairs are charged to expense as incurred.

MISSION WEST PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except share and per share data)

The purchase price allocation for property acquisition subsequent to June 30, 2001 is determined in accordance with the following principles under SFAS No. 141, "Business Combinations":

The fair value of the tangible assets of an acquired property, which includes land, building and building/tenant improvements, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land, building and tenant improvements based on management's determination of the relative fair values of these assets. Factors considered by management in performing these analyses include certain costs during the lease-up periods considering current market conditions and costs to execute similar leases. These costs include estimates of lost rental revenue, leasing commissions, and tenant

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

improvements.

In allocating the fair value of the identified intangible assets of the acquired property, above-market in-place lease value is recorded based on the present value, using an interest rate which reflects the risks associated with the lease acquired, of the difference between (i) the contractual amounts to be paid pursuant to the in-place lease and (ii) management's estimate of fair market lease rate for the corresponding in-place lease, measured over a period equal to the remaining non-cancelable lease term. The capitalized above-market lease value, included in real estate related intangible assets in the accompanying December 31, 2003 consolidated balance sheet, is amortized as an offset to rental revenue from real estate over the remaining non-cancelable lease term. The value of in-place leases, exclusive of the value of above-market in-place lease, is amortized to expense over the remaining non-cancelable periods of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be written off in the period that the lease is terminated.

DEPRECIATION AND AMORTIZATION:

Depreciation and amortization are computed using the straight-line method over estimated useful lives as follows:

Building shell and base building improvements of newly acquired properties	Weighted average of
Base building improvements made subsequent to initial property acquisition	25 years
Tenant improvements and furniture and fixtures	Lesser of life of or lease term
Above-market and in-place lease value	Term of lease

Tenant improvements, including furniture fixtures, and base building improvements made subsequent to the initial property acquisition, are included in buildings and improvements in the consolidated balance sheet and total \$2,494 and \$2,077 at December 31, 2003 and \$1,898 and \$1,815, respectively, at December 31, 2002.

IMPAIRMENT OF LONG-LIVED ASSETS:

The Company reviews real estate assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with Statement of Financial Accounting Standards No. 144 ("SFAS No. 144"), "Accounting for the Impairment and Disposal of Long-Lived Assets". If the carrying amount of the asset, including any intangible assets associated with that asset, exceeds its estimated undiscounted net cash flow, before interest, the Company will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market and economic factors, such as the vacancy rates, rental rates and operating costs for R&D facilities in the Silicon Valley area and related submarkets. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. As of December 31, 2003 management believes that no impairment exists based upon periodic reviews. No impairment losses were recorded for the years ended December 31, 2003, 2002 and 2001.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

DISCONTINUED OPERATIONS:

The Company adopted the SFAS No. 144, which addresses the financial accounting for the disposal of long lived assets. SFAS No. 144 requires that the results of operations and gains or losses on the sale of property sold subsequent to December 31, 2001 that were not classified as held for sale at December 31, 2001 as well as the results of operations from properties that were classified as held for sale subsequent to December 31, 2001 be presented in discontinued operations if both the following

- 56 -

criteria are met: (a) the operation and cash flows of the property have been (or will be) eliminated from the ongoing operations of the Company as a result of the disposal transaction; and (b) the Company will not have any significant involvement in the operations of the property after the disposal transaction. SFAS 144 also requires prior period results of operations for these properties to be restated and presented in discontinued operations in prior consolidated statements of operations.

CASH AND CASH EQUIVALENTS:

The Company considers highly liquid short-term investments with initial maturities of three months or less to be cash equivalents.

Cash and cash equivalents are primarily held in a single financial institution, and at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limit.

OTHER ASSETS:

Included in other assets are costs associated with obtaining debt financing and commissions associated with new leases. Such debt financing costs are being amortized over the term of the associated debt, by a method that approximates the effective interest method and such lease commissions are amortized straight-line over the term of the related lease. If the lease is terminated prior to the end of the lease term the Company charges any unamortized capitalized lease commission cost to expense in the period that the lease is terminated. Also included in other assets are obligations from the Berg Group of approximately \$7,494 to construct a building at 245 Caspian Drive in Sunnyvale, California and \$2,529 in tenant improvements at 5345 Hellyer Avenue in San Jose, California (see Note 12).

MINORITY INTERESTS:

Minority interests represent the limited partnership interests in the operating partnerships.

REVENUE RECOGNITION:

Rental income is derived from operating leases and recognized on the straight-line method of accounting required by GAAP under which contractual rent payment increases are recognized evenly over the lease term. The difference between recognized rental income and rental cash receipts is recorded as Deferred Rent Receivable on the consolidated balance sheet. Certain lease

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

agreements contain terms that provide for additional rents based on reimbursement of certain costs including property operating, maintenance and real estate taxes. These additional rents from tenant reimbursements are reflected on the accrual basis.

Rental revenue is affected if existing tenants terminate or amend their leases. The Company tries to identify tenants who may be likely to declare bankruptcy, cease operations or otherwise terminate leases prior to the end of the lease term. By anticipating these events in advance, the Company expects to take steps to minimize their impact on its reported results of operations through lease renegotiations and other appropriate measures. Reserves against Deferred Rent Receivable are estimated by management based on known financial conditions of tenants and management's estimate of net realizeability of such receivables based on existing or expected negotiations with tenants. The Company's judgments and estimations about tenants' capacity to continue to meet their lease obligations will affect the rental revenue recognized. To date, actual reductions in revenue as a result of early terminations and the tenants' inability to pay have been within management's estimates. However, material differences may result in the amount and timing of our rental revenue for any period if we made different judgments or estimations.

Lease termination fees are included in revenues. These fees are paid by tenants who want to terminate their lease obligations before the end of the contractual term of the lease. There is no way of predicting or forecasting the timing or amounts of future lease termination fees.

The Company recognizes income from rent, tenant reimbursements and lease termination fees and other income once all of the following criteria are met in accordance with SEC Staff Accounting Bulletin 104 "Revenue Recognition":

- the agreement has been fully executed and delivered;
- services have been rendered;
- the amount is fixed and determinable; and

- the collect-ability is reasonably assured.

INCOME TAXES:

The Company has been taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, as amended, (the "Code") commencing with the taxable year ended December 31, 1999. In order for the Company to qualify as a REIT, it must distribute annually at least 90% of its REIT taxable income, as defined in the Code, to its stockholders and comply with certain other requirements. Accordingly, for the years ended December 31, 2003, 2002 and 2001, no provision for federal income taxes has been included in the accompanying consolidated financial statements.

For the year ended December 31, 2003, the Company's total dividends paid or payable to the stockholders represent 98% of ordinary income and 2% return of capital for income tax purposes. For the years ended December 31, 2002 and December 31, 2001, the Company's total dividends paid or payable to the stockholders represented 100% ordinary income for income tax purposes.

NET INCOME PER SHARE:

The computation of net income per share is based on the weighted average number

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

of common shares outstanding during the period. Diluted earnings per share amounts are based upon the weighted average of common and common equivalent shares outstanding during the year.

ACCOUNTING FOR STOCK-BASED COMPENSATION:

SFAS No. 123, "Accounting for Stock-Based Compensation," encourages, but does not require companies to record compensation cost for stock-based employee compensation plans at fair value. The Company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees" and related interpretations. Accordingly, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee must pay to acquire the stock.

The following table illustrates the unaudited pro forma effect on consolidated net income available to common shareholders and consolidated earnings per share if the fair value method had been applied to all outstanding and unvested stock options for the last three years.

	Year Ended December

The estimated fair value of the stock options granted during 2001 was \$1.17 per share on the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions: dividend yield of 8%, volatility of 23.03%, risk free interest rate of 4.85% and expected life of five years. There were no stock options granted in 2002 and 2003.

FAIR VALUE OF FINANCIAL INSTRUMENTS:

The Company's financial instruments include cash and cash equivalents, accounts receivable, accounts payable, and debt. Considerable judgment is required in interpreting market data to develop estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts. Cash and cash equivalents, accounts receivable, and accounts payable are carried at amounts that approximate their fair values due to their short-term maturities. The carrying amounts of the Company's variable rate debt approximate fair value since the interest rates on these instruments are equivalent to rates currently offered to the Company. For fixed rate debt, the Company estimates fair value by using discounted cash flow analyses based on borrowing rates for similar kinds of borrowing arrangements. The fair value of the Company's fixed rate debt at December 31, 2003 was approximately \$255,980 as compared to its carrying value of \$230,620.

RECLASSIFICATIONS:

Certain amounts from prior year's financial statements have been reclassified to conform to the presentation of the current year's financial statements.

CONCENTRATION OF CREDIT RISK:

The Company's properties are not geographically diverse, and its tenants operate primarily in the information technology industry. Additionally, because the properties are leased to 78 tenants at December 31, 2003, default by any major tenant could significantly impact the results of the consolidated total. One tenant, Microsoft Corporation, accounted for approximately 16.3%, 15.7% and 16.0% of the Company's rental income for the years ended December 31, 2003, 2002 and 2001, respectively, with the next largest tenant accounting for 10.0%, 8.6% and 8.8%, respectively, of total rental income. Rental income from Microsoft Corporation was \$21,151, \$20,338 and \$19,556 for the years ended December 31, 2003, 2002 and 2001, respectively. Future minimum rents from this tenant are \$50,650. During 2003, fifteen of the Company's tenants relocated, filed voluntary petitions for bankruptcy protection under Chapter 11 or ceased operations.

NEW ACCOUNTING PRONOUNCEMENTS

In November 2002, the FASB issued FASB Interpretation No. (FIN) 45 "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," which elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and initial measurement provisions of this Interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002, irrespective of the guarantor's fiscal year-end. The disclosure provisions are effective for financial statements for annual or interim periods ending after December 15, 2002. The Company has provided disclosures of its guarantees in the accompanying footnotes. The Company has not entered into any new guarantees or modified any existing guarantees subsequent to December 31, 2002; therefore, adoption of this statement has had no effect on the Company's financial position, operating results or cash flows.

In December 2003, the FASB issued FIN 46R, "Consolidation of Variable Interest Entities," a revision to FIN 46, which was issued in January 2003. Under FIN

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

46R, a variable interest entity must be consolidated by a company if that company is subject to a majority of the entity's expected losses or entitled to receive a majority of the entity's expected residual returns or both. FIN 46R requires disclosures about variable interest entities that a company is not required to consolidate, but in which it has a significant variable interest. The consolidation requirements apply to existing entities in the first reporting period that ends after March 15, 2004. The Company will adopt the consolidation and disclosure requirements of FIN 46R in the first quarter of 2004. The Company expects no significant effect on the consolidated financial position, results of operations or cash flows as a result of the initial adoption of this standard in regard to existing variable interest entities; however, newly formed entities could meet these requirements and will be recorded as appropriate.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosure", which amended SFAS No. 123 "Accounting for Stock-Based Compensation". SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based compensation and amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on

reported results. On December 31, 2002, the Company adopted the disclosure provisions of SFAS No. 148 and continued to account for stock-based compensation under APB Opinion No. 25 "Accounting for Stock Issued to Employees". Therefore, the adoption of SFAS No. 148 did not have any effect on the Company's financial position, operating results or cash flows.

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). SFAS No. 150 was effective beginning in the third quarter of 2003. The FASB deferred the implementation of SFAS No. 150 as applied to certain minority interests in finite life entities, however. The Company adopted the requirements of SFAS No. 150 in the third quarter of 2003, and considering the aforementioned deferral, it did not impact the Company's financial position, results of operations or cash flows.

4. STOCK TRANSACTIONS

As of December 31, 2003 and 2002, \$1,471 and \$1,369 remained outstanding under notes issued in connection with the Company's purchase of its general partnership interests in 1998 (the "demand notes"), respectively. The demand notes which accrue interest at 7.25%, along with the interest expense (interest income to the operating partnerships), are eliminated in consolidation and are not included in the corresponding line items within the consolidated financial statements. The Company and the operating partnerships have agreed to extend the due date of the demand notes to September 30, 2005. At present, the Company's only means for repayment of this debt is through distributions received from the operating partnerships in excess of the amount of dividends to be paid to the Company's stockholders.

The limited partners of the operating partnerships have the right to tender their O.P. Units to the Company for shares of common stock or, at the Company's election, for cash. Each of the limited partners of the operating partnerships (other than Carl E. Berg and Clyde J. Berg) has the annual right to exercise put rights and cause the operating partnerships to purchase a portion of the limited partner's O.P. Units at a purchase price based on the average market value of the common stock for the 10-trading day period immediately preceding the date of tender, generally limited to one-third of the aggregate number of O.P. Units owned by each limited partner. Upon the exercise of any such right by a limited partner, the Company will have the option to purchase the tendered O.P. Units with available cash, borrowed funds or the proceeds of an offering of newly issued shares of common stock. These put rights are available once a year. If the total purchase price of the O.P. Units tendered by all of the eligible limited partners in one year exceeds \$1 million, the Company or the operating partnerships will be entitled to reduce proportionately the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price does not exceed \$1 million.

During the year ended December 31, 2003, stock options were exercised to purchase a total of 150,362 shares of common stock, consisting of 60,362 shares exercised at \$4.50 per share and 90,000 shares exercised at \$8.25 per share. Total proceeds to the Company were approximately \$1,014.

During the year ended December 31, 2002, stock options at \$4.50 per share were exercised to purchase a total of 33,550 shares of common stock. Total proceeds to the Company were approximately \$151.

- 60 -

During the year ended December 31, 2001, stock options were exercised to purchase a total of 68,088 shares of common stock, consisting of 14,588 shares exercised at \$4.50 per share, 47,500 shares exercised at \$8.25 per share, and 6,000 shares exercised at \$13.00 per share. Total proceeds to the Company were approximately \$535.

In 2003 and 2002, 257,000 and 124,000 O.P. Units were exchanged for 257,000 and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

124,000 shares of the Company's common stock, respectively, under the terms of the December 1998 Exchange Rights Agreement among the Company and all limited partners of the operating partnerships.

5. MINORITY INTEREST

Minority interest represents the separate private ownership of the operating partnerships, by the Berg Group and other non-affiliate interests. In total, these interests account for 82.98% and 83.18%, on a weighted average basis, of the ownership interests in the real estate operations of the Company as of December 31, 2003 and 2002, respectively. Minority interest in earnings has been calculated by taking the net income of the operating partnerships (on a stand-alone basis) multiplied by the respective minority interest ownership percentage.

The operating partnerships have ownership interests of 83.33%, 75% and 50% and act as the managing member in three separate joint ventures, which were established to hold properties. The operating partnerships control the joint ventures, and accordingly, these joint ventures are consolidated in the Company's financial statements. The minority interest in the joint ventures is reflected as a component of minority interest of the operating partnerships. For the years ended December 31, 2003, 2002 and 2001, income associated with the interests held by the third parties of the three joint ventures was \$581, \$587 and \$650, respectively.

6. REAL ESTATE

BERG LAND HOLDINGS OPTION AGREEMENT

Under the terms of the Berg Land Holdings Option Agreement, the Company, through the operating partnerships, has the option to acquire any future R&D property developed by the Berg Group on land currently owned or optioned, or acquired for these purposes in the future, directly or indirectly, by Carl E. Berg or Clyde J. Berg. At present, there are approximately 90 acres of Silicon Valley land, including land under development, owned directly or under 50% joint venture entities by certain members of the Berg Group that are subject to the terms of the Berg Land Holdings Option Agreement. The owners of the future R&D property developments may obtain cash or, at their option, O.P. Units valued at the average closing price of the shares of common stock over the 30-trading-day period preceding the acquisition date. To date, the Company has completed 20 acquisitions under the Berg Land Holdings Option Agreement representing approximately 1,992,000 rentable square feet. Upon the Company's exercise of an option to purchase any of the future R&D property developments, the acquisition price will equal the sum of (a) the full construction cost of the building; plus (b) 10% of the full construction cost of the building; plus (c) interest at LIBOR (London Interbank Offer Rate) plus 1.65% on the amount of the full construction cost of the building for the period from the date funds were disbursed by the developer to the close of escrow; plus (d) the original acquisition cost of the parcel on which the improvements will be constructed, which range from \$8.50 to \$20.00 per square foot for land currently owned; plus (e) 10% per annum of the amount of the original acquisition cost of the parcel from the later of January 1, 1998 or the seller's acquisition date to the close of escrow; minus (f) the aggregate principal amount of all debt encumbering the acquired property, or a lesser amount as approved by the members of the Independent Directors committee of the Company's Board of Directors. Generally, the Company will not acquire any projects until they are fully completed and leased.

No estimate can be given at this time as to the total cost to the Company to acquire future projects under the Berg Land Holdings Option Agreement, or the timing as to when the Company will acquire such projects. In addition to any projects currently under development, the Company has the right to acquire future developments by the Berg Group on up to 250 additional acres of land

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

currently controlled by the Berg Group, which could support approximately 3.9 million square feet of new developments. Under the Berg Land Holdings Option Agreement, as long as the Berg Group ownership in the Company and the operating partnerships taken as a whole is at least 65%, the Company also has an option to purchase all land acquired, directly or indirectly, by Carl E. Berg or Clyde J. Berg in the future which has not been improved with completed buildings and which is zoned for, intended for or appropriate for R&D, office and/or industrial development or use in the states of California, Oregon, and Washington.

Although the Company has the right to acquire the new properties available to it under the terms of the Berg Land Holdings Option Agreement, there can be no assurance that the Company actually will consummate any intended transactions. Furthermore, the Company has not yet determined the means by which it would acquire and pay for any such properties or the impact of any of the acquisitions on its business, results of operations, financial condition or available cash for distribution.

Given the economic downturn in the Silicon Valley, the Company may not be able to maintain historical levels of growth from acquisitions of new developments in the future.

The interest rate for the Citicorp USA, Inc. mortgage loan at December 31, 2003 was 3.17%. In April 2004 and July 2004 the loans with Citicorp USA, Inc., and Cupertino National Bank, respectively, matured. Cupertino National Bank and Citicorp USA, Inc. have granted extensions of the loans to September 2, 2004 and September 6, 2004, respectively, pending the completion of the Company's Form 10-K filing for 2003. The extension of the Citicorp loan is subject to the Company providing additional collateral valued at not less than \$7.6 million, which the Company has proposed to Citicorp, and Citicorp is currently appraising it. The Company is in the process of renegotiating the terms and extending these loans for an additional two year period. The Company does not believe that the terms of the extended loans will differ materially from their current terms. Mission West Properties, Inc. is the borrower under the Cupertino National Bank line of credit which is guaranteed by Mission West Properties, L.P. and Mission West Properties, L.P. II. Mission West Properties, L.P. is the borrower under the Citicorp USA, Inc. mortgage loan which is guaranteed by Carl E. Berg, Mission West Properties, L.P. I, Mission West Properties L.P. II and Mission West Properties L.P. III. The Cupertino National Bank line of credit and Citicorp USA, Inc., contain certain loan covenants. The Company was not in compliance with one covenant pertaining to its late filing of its Form 10-K for the year ending December 31, 2003 and Form 10-Q for the period ending March 31, 2004 (the "Financial Reporting Covenants"). Both banks have elected not to enforce the Financial Reporting Covenants during the Loan Extension Period. Compliance with the Financial Reporting Covenant is a condition of the renewal for both loans.
- (5) The Prudential Insurance loan is payable in monthly installments of \$827, which includes principal (based upon a 30-year amortization) and interest. John Kontrabecki, one of the limited partners, has guaranteed approximately \$12,000 of this debt. Costs and fees incurred with obtaining this loan aggregated approximately \$900.
- (6) The Northwestern loan is payable in monthly installments of \$696, which

includes principal (based upon a 20-year amortization) and interest. Costs and fees incurred with obtaining this loan aggregated approximately \$675.

- (7) The uncollateralized Citicorp USA, Inc. loan was paid off in its entirety in January 2003.
- (8) The uncollateralized loan from Citicorp USA, Inc. carried a fixed LIBOR interest rate equal to 4.09% for the first six months and LIBOR plus 2.0% thereafter. The interest rate at December 31, 2002 was 3.81%.

8. OPERATING PARTNERSHIP AND STOCKHOLDER DISTRIBUTIONS

During 2003 the Company, as general partner of the operating partnerships, declared quarterly distributions aggregating \$0.96 per common share and O.P. Unit for total distributions of \$100,064, including \$25,031 payable in January 2004. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$75,230, which was treated as a draw on the Berg Group line of credit.

During 2002 the Company, as general partner of the operating partnerships, declared quarterly distributions aggregating \$0.96 per common share and O.P. Unit for total distributions of \$99,643, including \$24,951 payable in January 2003. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$75,076, which was treated as a draw on the Berg Group line of credit.

During 2001 the Company, as general partner of the operating partnerships, declared quarterly distributions aggregating \$0.89 per common share and O.P. Unit for total distributions of \$91,126, including \$24,742 payable in January 2002. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$70,371, which was treated as a draw on the Berg Group line of credit.

9. STOCK-BASED COMPENSATION PLANS

The Company's 1997 Stock Option Plan was approved by the Company's shareholders on November 10, 1997. The 1997 Stock Option Plan was adopted so that the Company may attract and retain the high quality employees, consultants and directors necessary to build the Company's infrastructure and to provide ongoing incentives to the Company's employees in the form of options to purchase the

The 1997 Stock Option Plan provides for the granting to employees, including officers (whether or not they are directors) of "incentive stock options" within the meaning of Section 422 of the Code, and for the granting of non-statutory options to employees, consultants and directors of the Company. Options to purchase a maximum of 5,500,000 shares of common stock may be granted under the 1997 Stock Option Plan, subject to equitable adjustments to reflect certain corporate events.

No options were granted in 2003 and 2002.

During 2001, options were granted to one employee totaling 375,000, which become exercisable as follows: a) six months from date of grant, 8.33%; and b) each month thereafter for 66 months, an additional 1.39%. This option has a term of eight years from the date of grant subject to earlier termination in certain events related to termination of employment. The options granted during 2001 have an \$11.33 per share exercise price.

The remaining contractual lives of unexercised options granted range from July 2005 to April 2009.

The following table shows the activity and detail for the 1997 Stock Option Plan.

The Company has adopted an employee investment plan (the "Plan"), under Section 401(k) of the Internal Revenue Code. Employees who are at least 21 years old and who have completed six months of eligibility service may become participants in the Plan. Each participant may make contributions to the Plan through salary deferrals in amounts of at least 1% to a maximum of 15% of the participant's compensation, subject to certain limitations imposed by the Internal Revenue Code. The Company contributes an amount up to 15% of the participant's compensation, based upon management's discretion. A participant's contribution to the Plan is 100% vested and non-forfeitable. A participant will become vested in 100% of the Company's contributions after two years of eligible service. For the years ended December 31, 2003, 2002 and 2001, the Company recognized \$92, \$95 and \$58 of expense for employer contributions made in connection with this plan, respectively.

10. NET INCOME PER SHARE

Basic net income per share is computed by dividing net income by the weighted-average number of common shares outstanding for the period. Diluted net income per share is computed by dividing net income by the sum of weighted-average number of common shares outstanding for the period plus the assumed exercise of all dilutive securities.

The computation for weighted average shares is detailed below:

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

	Year Ended December 31, 2003	Year Ended December 31, 2002
	-----	-----
Weighted average shares outstanding (basic)	17,739,609	17,455,799
Incremental shares from assumed option exercise	63,338	399,093
	-----	-----
Weighted average shares outstanding (diluted)	17,802,947	17,854,892
	=====	=====

The outstanding O.P. Units have been excluded from the diluted net income per share calculation as there would be no effect on the diluted net income per share since the minority interests' share of income would also be added back to net income. O.P. Units outstanding at December 31, 2003 and 2002 were 86,398,064 and 86,474,032, respectively.

11. OTHER INCOME

Other income, including interest, was approximately \$4,527, \$4,248 and \$2,465 for the years ended December 31, 2003, 2002 and 2001, respectively. For the year ended December 31, 2003, prior tenant bankruptcy settlements accounted for approximately \$2,231 of other income. For the year ended December 31, 2002, termination fees accounted for approximately \$2,529 of other income.

12. RELATED PARTY TRANSACTIONS

As of December 31, 2003 and 2002, the Berg Group owned 78,364,716 and 78,338,684 O.P. Units, respectively, of the total 86,398,064 and 86,474,032 O.P. Units issued and outstanding, respectively. The Berg Group's interest in the Company represents 75.1% and 75.4% of the Company as of December 31, 2003 and 2002, respectively, assuming conversion of the O.P. Units into common shares of the Company.

The Company periodically acquired unleased properties, which include land, the building shell and base building improvements, from the Berg Group under the Berg Group Land Holdings Option Agreement. These acquisitions from the Berg Group are made for properties where the Company has previously identified a tenant, and in conjunction with the acquisition, the Company executes a lease agreement with the tenant. In many of the acquisitions from the Berg Group, lease commissions relating to these leasing activities conducted by the Company are paid by the Berg Group and reimbursed by the Company in connection with the acquisition. These lease commissions are recorded separately in other assets on the Company's consolidated balance sheet.

During 2003 the Company acquired one R&D property in San Jose and a 50% interest in a joint venture from the Berg Group. These acquisitions added approximately 129,000 square feet of rentable space and were acquired under the Berg Land Holdings Option Agreement. The total gross acquisition price was approximately \$12,953. The Company financed these acquisitions by borrowing \$9,000 under its line of credit from the Berg Group and issuing 350,163 O.P. Units to various members of the Berg Group.

During 2002 the Company acquired two R&D properties, both located in Silicon Valley. These acquisitions added approximately 290,000 square feet of rentable space and were acquired from the Berg Group under the Berg Land Holdings

Option Agreement. The total gross acquisition price for these two properties was approximately \$30,953, of which \$1,426 related to the reimbursement of leasing commissions paid by the Berg Group on behalf of the Company. The Company financed these acquisitions by borrowing \$18,000 under the Berg Group line of credit and issuing 835,491 O.P. Units to various members of the Berg Group.

As of December 31, 2003 and 2002, debt in the amount of \$6,320 and \$58,792, respectively, was due the Berg Group under the line of credit. This amount includes \$9,000 and \$18,000 of debt assumed in connection with the acquisitions of properties from the Berg Group in 2003 and 2002, respectively. Additionally, in 2003 and 2002, the operating partnerships declared distributions of \$0.96 per O.P. Unit. Distributions paid to various members of the Berg Group were \$75,224 and \$75,281 during 2003 and 2002, respectively. Interest expense incurred in connection with the Berg Group line of credit was \$227, \$2,562 and \$3,828 for the years ended December 31, 2003, 2002 and 2001, respectively.

As of December 31, 2003 and 2002, debt in the amount of \$10,762 and \$11,078, respectively, was due the Berg Group under a mortgage note established May 15, 2000 in connection with the acquisition of a 50% interest in Hellyer Avenue Limited Partnership, the obligor under the mortgage note. The mortgage note bears interest at 7.65%, and is due in ten years with principal payments amortized over 20 years. Interest expense incurred in connection with the Berg Group mortgage note was \$837, \$860 and \$881 for the years ended December 31, 2003, 2002 and 2001, respectively.

TRANSFER OF INTEREST TO BERG GROUP IN CONSOLIDATED JOINT VENTURE:

In July 2000, the Hellyer Avenue Limited Partnership ("Hellyer LP") was formally organized as a California limited partnership between Mission West Properties, L.P. ("MWP"), of which the Company as the managing general partner, and Republic Properties Group ("RPC"), an unaffiliated third party, as general partner and limited partners. MWP was designated as the managing general partner of Hellyer LP. For a 50% ownership interest in Hellyer LP, RPC agreed to cause Stellex Microwave Systems, Inc. ("Stellex") to provide a 15-year lease on an approximate 160,000 square foot R&D building to be constructed by Berg & Berg Enterprises, Inc. ("BBE") on land owned by another Berg Group member.

As part of the transaction, MWP acquired the underlying land pursuant to the Berg Land Holding Option Agreement for a price of \$5.7 million by issuing 659,223 OP units to the Berg Group entity that owned the property. Further, under the terms of the Hellyer LP partnership agreement MWP then contributed the land to the partnership at an agreed value of \$9.6 million which amount was to be amortized and paid to MWP in the form of income and cash flow preferences. The transaction was reviewed and approved by the Independent Directors Committee of the Company's board of directors.

In connection with the transaction, BBE built and paid for all improvements on the land. The total cost of the R&D building, exclusive of specified tenant improvements obligations, was approximately \$11.4 million. Hellyer LP issued a note for the amount of those construction costs to BBE, which note was secured by the buildings.

Because RPC's interest in Hellyer LP was attributable solely to its commitment to obtain Stellex as a tenant for the property, the partnership agreement provided that if a payment default occurred within the first five years of the Stellex lease, RPC would lose 100% of its interest in the partnership, and if a payment default occurred during the second five year period under the lease, RPC

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

would lose 50% of its interest in Hellyer LP.

Pursuant to RPC's commitment to Hellyer LP Stellex executed a lease agreement obligating Stellex, among other things, to pay monthly rent starting at \$1.60 per square foot on a triple net basis for 15 years and to reimburse BBE for the tenant improvement obligations, which ultimately totaled approximately \$10.5 million.

Under the lease terms, Stellex was obligated to reimburse BBE in full for the tenant improvement costs no later than August 25, 2000. Several days before the due date, representatives of Stellex met with representatives of MWP and informed them that Stellex could not pay the balance due BBE. Stellex requested MWP immediately to draw down the letter of credit as a result of default on the tenant improvement payment required under the lease.

On September 1, 2000, MWP, as the general partner of Hellyer LP, ceased all allocations of income and cash flow to RPC and exercised the right under the partnership agreement to cancel RPC's entire interest in the partnership. Following discussions with and approval by the Independent Directors Committee, the Company authorized the transfer of RPC's interest in Hellyer LP to BBE. Under the Berg Land Holdings Option Agreement and the Acquisition Agreement dated as of May 14, 1998, the Independent Directors Committee of the Board of Directors had the right, but not the obligation, to reacquire on behalf of the

Company the property interest and the related distributions related to the property interest at any time. The transfer was effective as of September 1, 2000.

Stellex filed for bankruptcy protection on September 12, 2000. On November 20, 2000, RPC filed suit in the Circuit Court of Maryland for Baltimore City to recover past distributions and its interest in the Hellyer LP. The Company counter-sued on behalf of itself and MWP in California Superior Court. The Maryland suit went to trial in June 2002. In February 2001

MWP filed suit against RPC in Superior Court of California for the County of Santa Clara. Following a decision in the Maryland case MWP at the advice of legal counsel filed an appeal. The California case has been stayed pending final resolution of the Maryland case. In April 2004 the Circuit Court for Baltimore City, Maryland issued a Memorandum Opinion in the case and awarded damages of \$934 to the RPC plaintiffs, which must be paid by us or MWP. The court denied all requests by MWP, including a declaration that all of RPC's interests in Heller L.P. were validly converted to limited partnership interests and transferred to MWP or its designee in accordance with the terms of the Hellyer L.P. partnership agreement. The court also denied RPC's request for an injunction ordering the reinstatement of RPC's partnership interests in Hellyer L.P. The Company has appealed the decision to the Maryland Appeals Court. Under the pre-appeal hearing procedures, the Maryland Appeals Court requires a mediation hearing before the parties can appear before the Appeals Court. No date has been set for such a hearing. The Company does not believe that any further court decisions in this case, for or against us and MWP, will have a material adverse effect on its financial position.

In January 2002, Stellex was acquired through its bankruptcy proceeding by a division of Tyco Corporation. In connection with the acquisition of Stellex, the purchaser assumed the lease with Hellyer LP, agreed to comply with all terms of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

lease and reimbursed BBE for the tenant improvements, as required under the lease agreement and the Bankruptcy Court order.

Since the inception of Hellyer LP, the Company has accounted for the properties owned by the partnership on a consolidated basis, with reductions for the minority interest held by the minority partner (first RPC and then BBE). In each period, the Company has accrued amounts payable by Hellyer LP to the minority interest partner, including BBE prior to payment. BBE's share of earnings allocated to its 50% minority interest was \$400, \$303 and \$384 in 2003, 2002 and 2001, respectively. As of December 31, 2003, accumulated cash flow distributions from Hellyer LP totaling approximately \$1.5 million were accrued and distributed to BBE. If the Company's litigation with RPC is ultimately decided in RPC's favor, the Company anticipates that BBE may be required to return RPC's former interest in Hellyer LP and all prior distributions to RPC. As a result of this uncertainty, in October 2003, the Company recorded such distributions as an account receivable from BBE, which is included in other assets, with an offsetting account payable to BBE.

If the Company's litigation with RPC is ultimately decided in RPC's favor, the Company anticipates that BBE may be required to return RPC's former interest in Hellyer LP and all prior distributions to RPC. If the litigation is ultimately decided in favor of the Company, the Independent Directors Committee of the Board of Directors has the right, but not the obligation, to acquire on behalf of the Company the former RPC interest and related distributions from BBE under the terms of the Berg Land Holdings Option Agreement and the Acquisition Agreement between the Company and the Berg Group.

ACQUISITION OF CARL E. BERG'S INTEREST IN UNCONSOLIDATED JOINT VENTURE: In July 1999 an unrelated party, TBI, advised Carl E. Berg that TBI had an option to purchase approximately 78.89 acres of unimproved land zoned for R&D development in Morgan Hill at \$2.50 per square foot that would expire in approximately six months. TBI offered Mr. Berg a 50% interest in the development of this land if Mr. Berg provided 100% financing for the land at 0% interest for three years. Mr. Berg advised TBI of his obligation to offer all R&D development opportunities on the West Coast to the Company and further advised TBI that the Company's Independent Directors Committee must approve the acquisition of any properties and that the Company's policy was only to acquire properties that are leased pursuant to the Berg Land Holdings Option Agreement. The development joint venture between TBI and the Berg Group proceeded on that basis. Building construction was financed through loans facilitated by the Berg Group. In early 2003, TBI formed TBI-MSW, a new limited partnership to own all the leased buildings. The Berg Group offered its 50% non-controlling limited partnership interest in TBI-MSW to the Company at cost plus an annual interest rate of 7% on the funds advanced by the Berg Group which amounted to \$1.8 million. The Independent Directors Committee and the Berg Group agreed to use a 7% interest rate instead of the rate and fees specified in the Berg Land Holdings Option Agreement because the transaction differed from the standard build-to-suit development specified under that agreement. TBI-MSW owned four fully leased buildings totalling approximately 593,000 rentable square feet. The buildings were subject to mortgage loans totalling \$53.6 million. The Independent Directors Committee approved the Company's acquisition of the Berg Groups 50% interest in the joint venture, effective January 1, 2003. The development joint venture between the Berg Group and TBI retained two vacant shell R&D buildings and five unimproved

lots. In April 2003, Comcast, Inc. offered to purchase one of the vacant

buildings and two acres of adjoining land from the development joint venture for net proceeds of \$2.8 million, after debt repayment. Prior to the sale of the property, TBI-MSW acquired this property at no cost under the terms of the Berg Land Holdings Option Agreement, and the Company received a net distribution of \$1.4 million from the sale. The transaction was approved by the Independent Directors Committee. The Berg Group continues to own a 50% interest in the remaining vacant building and five unimproved lots.

BERG CONTROLLED ENTITIES HAVE FINANCIAL INTERESTS IN CERTAIN TENANTS THAT LEASE SPACE FROM THE COMPANY:

During December 31, 2003, 2002 and 2001, Carl E. Berg or entities controlled by Mr. Berg have financial interests in several companies that lease space from the operating partnerships, which include three companies where Mr. Berg has a greater than 10% ownership interest. These related tenants occupy approximately 48,000 square feet and contributed \$904, \$748 and \$414 in rental revenue in 2003, 2002 and 2001, respectively. Under the Company's Charter, bylaws and agreements with the Berg Group, the individual members of the Berg Group are prohibited from acquiring shares of the Company's common stock if such acquisition would result in their beneficial ownership percentage of the Company's common stock causing the Company to violate any REIT qualification requirement.

BERG COMMITMENT TO COMPLETE FUTURE IMPROVEMENTS AND BUILDING IN CONNECTION WITH CERTAIN ACQUISITIONS FROM THE BERG GROUP UNDER THE BERG LAND HOLDINGS OPTION AGREEMENT:

The Berg Group has an approximately \$2.5 million commitment to complete certain tenant improvements in connection with the Company's 2002 acquisition of 5345 Hellyer Avenue in San Jose. The Company recorded this portion of its purchase consideration paid to the Berg Group as an Other Asset on its Consolidated Balance Sheets. The Berg Group plans to satisfy this commitment to complete certain tenant improvements when requested by the Company following the approval of the IDC.

The Berg Group has an approximately \$7.5 million commitment to complete an approximately 75,000 to 90,000 square foot building in connection with the Company's 2000 acquisition of 245 Caspian in Sunnyvale which is comprised of approximately three acres of unimproved land. The Company recorded this portion of its purchase consideration paid to the Berg Group as an Other Asset on its Consolidated Balance Sheets. The Berg Group plans to satisfy this commitment to construct a building when requested by the Company following the approval of the IDC.

LEASING AND OVERHEAD REIMBURSEMENTS PROVIDED BY BERG CONTROLLED ENTITY

The Company currently leases office space owned by Berg & Berg Enterprises, Inc., an affiliate of Carl E. Berg and Clyde J. Berg. Rental amounts and overhead reimbursements paid to Berg & Berg Enterprises, Inc. were \$90, \$90 and \$88 for the years ended December 31, 2003, 2002 and 2001, respectively.

13. FUTURE MINIMUM RENTS

The Company, through the operating partnerships, owns interests in 109 R&D properties that are leased to tenants under net operating leases with initial terms extending to the year 2015, and are typically subject to fixed increases. Generally, the leases grant tenants renewal options. Future minimum rentals under non-cancelable operating leases, excluding tenant reimbursements of expenses are as follows:

14. SUPPLEMENTAL CASH FLOW INFORMATION

Cash paid for interest was \$17,146, \$12,752 and \$13,307 for the years ended December 31, 2003, 2002 and 2001, respectively.

In connection with property acquisitions, the Company assumed \$9,000, \$18,000 and \$45,884 of related party debt due the Berg Group, assumed other liabilities of \$783, \$387 and \$2,024 and issued 350,163, 835,491 and 2,422,837 O.P. Units for a total acquisition value of \$12,953, \$30,953 and \$103,881 for the years ended December 31, 2003, 2002 and 2001, respectively.

Amounts of \$75,224, \$75,281 and \$66,423 were due the Berg Group for distributions declared to O.P. Unit holders during the years ended December 31, 2003, 2002 and 2001, respectively, and were treated as draws under the Berg Group line of credit.

15. COMMITMENTS AND CONTINGENCIES

The Company and the operating partnerships, from time to time, are parties to litigation arising out of the normal course of business. Management is not aware of any litigation against the Company and believes the ultimate outcome would not have a material adverse effect on the cash flows, consolidated financial position or results of operations of the Company.

Republic Properties Corporation (RPC) v. Mission West Properties, L.P., in the Circuit Court of Maryland for Baltimore City Case No. 24-C-00-005675. RPC is a former partner with Mission West Properties, L.P. in the Hellyer Avenue Limited Partnership. In April 2004 the Circuit Court for Baltimore City, Maryland issued a Memorandum Opinion in the case. Following a review of the Maryland Court's decision, our legal counsel advised us to request a review of the decision by the Maryland Appeals Court. Under the pre-appeal hearing procedures the Maryland Appeals Court requires a mediation hearing before the parties can appear before the Appeals Court. No such hearing has been scheduled yet. A Maryland Appeals Court or any further court decision that may not rule in favor of Mission West Properties L.P. in this matter will not have a material adverse affect on our financial statements. In July 2004 RPC attached the Company's bank account for approximately \$1.1 million. Following a July 2004 hearing in Superior Court of the State of California for the County of Santa Clara the parties agreed that the Company will post a \$1.5 million bond and RPC will remove the attachment from the Company's bank account until final resolution of the appeal in Maryland. In February 2001 the Company filed a suit against RPC in Superior Court of the State of California for the County of Santa Clara Case No. CV

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

796249 which has been stayed pending resolution of the Maryland case.

Mission West Properties, L.P. v. Premisys Communications, Inc. and Zhone Technologies, Inc. in the Superior Court of the State of California for the County of Alameda Case No. HG03118906. This was a breach of lease case which the Company received a \$1.1 million settlement for in April 2004.

Craig R. Jalbert Liquidating CEO, as representative of the Estate of the Consolidated Debtors for ACT Manufacturing, Inc. v. Mission West Properties, L.P. in United States Bankruptcy Court District of Massachusetts Case No. 01-47641 (JBR). The Company is vigorously opposing this claim which asserts that certain payments made in the ordinary course of business within 90 days of the ACT bankruptcy filing were alleged preference payments. The amount of the claim is \$482. The Company has engaged legal counsel to defend itself in this claim.

The Global Crossing Estate Representative, for Itself and the Liquidating Trustee of the Global Crossing Liquidating Trust v. Mission West Properties in United States Bankruptcy Court Southern District of New York Case No. 02-40188 (REG). The Company is vigorously opposing this claim which asserts that certain payments made in the ordinary course of business within 90 days of the Global Crossing bankruptcy filing were alleged preference payments. The amount of the claim is \$815. The Company has engaged legal counsel to defend itself in this claim.

GUARANTEES

Under its certificate of incorporation and bylaws, the Company has agreed to indemnify its officers and directors for certain events or occurrences arising as a result of the officer or director's serving in such capacity. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is unlimited. The Company believes the estimated fair value of these indemnification agreements is minimal and has no liabilities recorded for these agreements as of December 31, 2003.

The Company also enters into indemnification provisions under (i) its agreements with other companies in its ordinary course of business, typically with lenders, joint venture partners, contractors, and tenants. Under these provisions the Company

generally indemnifies and holds harmless the indemnified party for losses suffered or incurred by the indemnified party as a result of the Company's activities. These indemnification provisions generally survive termination of the underlying agreement. The maximum potential amount of future payments the Company could be required to make under these indemnification provisions is unlimited. The Company has not incurred material costs to defend lawsuits or settle claims related to these indemnification agreements. As a result, the Company believes the estimated fair value of these agreements is minimal. Accordingly, the Company has no liabilities recorded for these agreements as of December 31, 2003.

SEISMIC ACTIVITY

The Company's properties are located in an active seismic area of Silicon Valley. Insurance policies currently maintained by the Company do not cover seismic activity, although they do cover losses from fires after an earthquake.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

ENVIRONMENTAL ISSUES

The environmental investigations that have been conducted on the Company's properties have not revealed any environmental liability that it believes would have a material adverse effect on its financial condition, results of operations and assets, and we are not aware of any such liability. Nonetheless, it is possible that there are material environmental liabilities of which the Company are unaware. The Company cannot assure you that future laws, ordinances, or regulations will not impose any material environmental liability, or that the current environmental condition of the properties has not been, or will not be, affected by tenants and occupants of the properties, by the condition of properties in the vicinity of the properties, or by third parties unrelated to the Company.

16. DISCONTINUED OPERATIONS

Effective January 1, 2002, the Company adopted SFAS No. 144, which addresses financial accounting and reporting for the impairment and disposal of long lived assets. In general, income or loss attributable to the operations and sale of property, and the operations related to property held for sale, are classified as discontinued operations in the statements of operations. Prior period statements of operations presented in this report have been reclassified to reflect the income or loss related to properties that were sold and presented as discontinued operations for the year ended December 31, 2002. Additionally, all periods presented in this report will likely require further reclassification in future periods if additional properties are held for sale or property sales occur.

As of December 31, 2003 and 2002, there were no properties under contract to be sold or otherwise disposed of which would qualify as assets held for sale.

In March 2002, the Company sold one property for a gain of \$6,103, upon receiving sales proceeds of \$18,503. Condensed results of operations for this property for the years ended December 31, 2002 and 2001 are as follows:

	For the Year Ended December 31, 2002	2001

17. PROPERTY ACQUISITIONS

For real estate acquired subsequent to June 30, 2001, the effective date of SFAS No. 141, Business Combinations, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building/tenant improvements, and identified intangible assets and liabilities, including the value of the above or below market leases and in-place leases.

The fair value of the tangible assets of an acquired property, which includes land, building and tenant improvements, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land, building and tenant improvements based on management's determination of the relative fair values of these assets. Factors considered by management in performing these analyses include certain costs during the lease-up periods considering current market conditions and costs to execute similar leases. These costs include estimates of lost rental revenue, leasing commissions, and tenant improvements.

In allocating the fair value of the identified intangible assets of the acquired property, above-market and in-place lease value are recorded based on the present value, using an interest rate which reflects the risks associated with the lease acquired, of the difference between (i) the contractual amounts to be paid pursuant to the in-place lease and (ii) management's estimate of fair market lease rate for the corresponding in-place lease, measured over a period equal to the remaining non-cancelable lease term. The capitalized above-market lease value, included in real estate related intangible assets in the accompanying consolidated balance sheets, is amortized as an offset to rental revenues from real estate over the remaining non-cancelable lease term. The value of in-place leases exclusive of the value of above-market in-place lease is also amortized to expense over the remaining non-cancelable periods of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be written off in the period that the lease is terminated.

See note 12 for discussion of property acquisitions from the Berg Group.

On April 9, 2003, the Company acquired San Tomas Technology Park for \$110,013, which was financed through new third party debt and an existing line of credit. The purchase price was allocated to long-lived assets, one above-market in-place lease and the value of in-place leases as follows:

Land	\$41,698
Buildings and improvements	50,031
Above-market in-place lease	11,172
In-place leases	7,112

Total cash purchase price	\$110,013
	=====

The results of operations of the San Tomas Technology Park have been included in the Company's consolidated operating results since the date of acquisition. The intangible assets are being amortized over the applicable remaining lease terms. Amortization related to above-market leases for the year ended December 31, 2003

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

was \$1,416 and was recorded as a reduction of rental revenue from real estate. Amortization expense related to in-place leases of \$881 was recorded for the year ended December 31, 2003.

On March 8, 2002, the Company acquired the Orchard-Trimble property for \$31,312 in cash. The purchase price was allocated to long-lived assets and the value of in-place leases as follows:

Land	\$10,437
Buildings and improvements	19,507
In-place leases	1,368

Total cash purchase price	\$31,312
	=====

In-place leases were considered at market. The results of operations of the Orchard-Trimble property have been included in the Company's consolidated operating results since the date of acquisition. The intangible assets are being amortized over the applicable remaining lease terms.

18. RESTATEMENTS

The Company has restated its previously issued consolidated financial statements for the years ended December 31, 2002 and 2001, as well as for the quarters ended March 31, June 30 and September 30, 2003 and 2002 and the quarter ended December 31, 2002 for the following items:

- The Company recorded additional amortization expense relating to leasing commissions which were originally being amortized over a 40 year period. The additional amortization expense resulted from decreasing the amortization period of commissions from 40 years to the term of the lease and the write-off of certain unamortized leasing commissions in connection with tenant bankruptcies.
- The Company corrected the purchase accounting originally applied to its 2002 acquisition of the Orchard-Trimble property. In accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which became effective July 1, 2001, the Company allocated a portion of the purchase price to in-place lease intangible assets and recorded additional amortization expense from decreasing the amortization period of these intangible assets from 40 years to the term of the lease.
- The Company recorded additional depreciation expense relating to the reclassification of certain real estate assets from a 40 year depreciable life to a 7 and 25 year depreciable life.
- The Company reclassified the amortization of the above-market lease intangible asset relating to the 2003 acquisition of San Thomas Technology Park from amortization expense to an offset to rental revenues from real estate.

The aggregate impact of all restatement items resulted in a decrease in net income to common stockholders compared to previously reported amounts of \$386 (\$0.02 per diluted share) and \$49 (\$0.0 per diluted share) for the years ended December 31, 2002 and 2001, respectively. The aggregate impact of all restatement items on the consolidated balance sheet as of December 31, 2002 was a decrease in total assets of \$2,623, a decrease in minority interest of \$2,188 and an increase in the accumulated deficit of \$435.

20. SUBSEQUENT EVENTS

On January 8, 2004, the Company paid dividends of \$0.24 per share of common stock to all common stockholders of record as of December 31, 2003. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Unit to all holders of O.P. Units.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

On January 26, 2004, the Company's independent accountants, PricewaterhouseCoopers (PWC) resigned. Following PWC's resignation, the audit committee which is comprised solely of the Company's three independent directors engaged independent legal counsel to conduct an investigation into the events and circumstances leading up to the resignation of PWC. The independent counsel's report was issued in April 2004 and concluded that there was no violations of securities laws by management or the Board of Directors. Following the issuance of the independent counsel's report, the audit committee appointed BDO Seidman, LLP as the Company's new independent accountants in May 2004.

Following the January 26, 2004 resignation by PWC, the Company has not been in compliance with certain listing standards of the American Stock Exchange (AMEX). Upon the appointment of BDO Seidman, LLP as the Company's new independent accountants, the AMEX granted the Company an extension to comply with their listing standards by August 1, 2004. To become compliant with the AMEX continued listing standards, the Company must also file its quarterly reports on Form 10-Q for the first and second quarter of 2004 as soon as practicable following the filing of the Form 10-K for 2003 but no later than August 31, 2004.

In early January 2004, the Company received \$1,836 from the Bankruptcy Estate of Auspex Systems, Inc., pursuant to Notice of Order from the United States Bankruptcy Court Northern District of California Case No. 03-52596 MM 11 representing the Company's final share of the Estate of Auspex Systems, Inc. as an unsecured creditor. This amount was recorded in 2003 revenue.

On March 16, 2004, the Company declared dividends of \$0.24 per common share payable on April 8, 2004 to all common stockholders of record on March 31, 2004. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Units to all holders of O.P. Units.

In April 2004, the Company settled litigation with a former tenant, Premisys Communications, Inc., in connection with their breach of lease for the sum of \$1,100 which will be recorded in 2004 revenue.

In April and May 2004, the Company entered into lease termination agreements with two different tenants who have leases expiring in 2004 for the sum total of \$2,609 which will be recorded in 2004 revenue.

In April 2004, the Circuit Court of Maryland for Baltimore City Case No. 24-C-00-005675 issued a Memorandum Opinion in Republic Properties Corporation (RPC) v. Mission West Properties, L.P. RPC is a former partner with Mission West Properties, L.P. in the Hellyer Avenue Limited Partnership. Following a review of the Maryland Court's decision, the Company's legal counsel advised us to request a review of the decision by the Maryland Appeals Court. Under the pre-appeal hearing procedures the Maryland Appeals Court requires a mediation hearing before the parties can appear before the Appeals Court. The mediation hearing is in the process of being scheduled. A Maryland Appeals Court or any further court decision that may not rule in favor of Mission West Properties L.P. in this matter will not have a material adverse affect on our financial statements. In July 2004 RPC attached the Company's bank account for approximately \$1,100. Following a July 2004 hearing in Superior Court of the State of California for the County of Santa Clara, the parties agreed that the Company will post a \$1,500 bond and RPC will remove the attachment of the Company's bank account until final resolution of the appeal in Maryland.

In April 2004, an \$80,000 loan with Citicorp USA, Inc. matured. Citicorp USA, Inc. has granted an extension until September 6, 2004 pending the completion of the Company's Form 10-K filing for 2003. The Company is in the process of renegotiating the terms and extending the \$80,000 loan for an additional two-year period. The Company does not believe that the terms of the extended loan will differ materially from its current terms.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

On June 16, 2004, the Company declared dividends of \$0.24 per common share payable on July 8, 2004 to all common stockholders of record on June 30, 2004. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Units to all holders of O.P. Units.

- 75 -

In July 2004, a \$40,000 loan with Cupertino National Bank (CNB) matured. CNB has granted an extension until September 2, 2004 pending the completion of the Company's Form 10-K filing for 2003. The Company is in the process of renegotiating the terms and extending the \$40,000 loan for an additional two-year period. The Company does not believe that the terms of the extended loan will differ materially from its current terms.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Mission West Properties, Inc.
Cupertino, California

The audits referred to in our report dated July 27, 2004 relating to the consolidated financial statements of Mission West Properties, Inc., which is contained in Item 8 of this Form 10-K included the audit of the financial statement schedules listed in the accompanying index. These financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statement schedules based upon our audits.

In our opinion such financial statement schedules present fairly, in all material respects, the information set forth therein.

As a result of the restatement of the Company's consolidated financial statements as of December 31, 2002 discussed in Note 18 to the Company's consolidated financial statements, the Company has restated Schedule III: Real Estate and Accumulated Depreciation of Mission West Properties, Inc. as of December 31, 2002 (which was previously audited by other independent auditors).

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

The Company previously disclosed the change in its independent accountants on Form 8-K, filed February 2, 2004, Form 8-K/A, filed February 18, 2004, and Form 8-K, filed May 12, 2004.

ITEM 9A. INTERNAL CONTROLS AND PROCEDURES

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

We strive to maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designated and operated, can provide only reasonable assurance of achieving the desired control objectives and management necessarily is required to apply its judgment in evaluating the cost-benefit relationship of possible controls.

Until their resignation on January 26, 2004, our independent accountants were PricewaterhouseCoopers LLP. In May 2004, we hired new independent accountants, BDO Seidman, LLP who conducted audits of our financial statements for 2001, 2002 and 2003. In connection with the issuance of its report of the independent registered public accounting firm, BDO Seidman, LLP reported to our audit committee a "material weakness" under standards established by the Public Company Accounting Oversight Board regarding some elements of our system of internal controls. They noted a material weakness with respect to our review and oversight of our application of purchase accounting relating to the amortization of leasing commissions on acquired buildings, as a result of which we amortized such commissions over the 40-year term of the acquired building rather than the lease term. In addition, due to our total head count of four, they have also identified certain segregation of duties issues without compensating controls.

In the view of BDO Seidman, LLP this material weakness led to certain accounting adjustments for 2003 and certain restatements for 2002 and 2001, principally pertaining to purchase accounting errors related to leasing commissions and to a much smaller extent, to correct depreciable lives for tenant improvements and base interior improvements. The error in accounting for lease commission necessitated a significant portion of the restatements described elsewhere in this report and resulted in adjustments to our 2001, 2002 and 2003 financial statements upon audit. One such commission for one tenant with a large lease that went bankrupt in 2002 should have been written off in 2002 and represented approximately \$918 or approximately 40% of the total restatement adjustments for 2002. We have conducted a review of the errors requiring restatement, including a separate review by our audit committee to determine what remedial measures were necessary. We believe our management has taken or is in the process of taking the steps necessary to correct the errors and avoid similar errors in the future. One important measure is to have our President also become involved in the review of our internal controls and procedures.

As required by SEC Rule 13a-15(b) we conducted an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer, President and Vice President of Finance, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, the Chief Executive Officer, President and Vice President of Finance concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to us (including our subsidiaries) required to be included in our periodic SEC filings.

Other than the foregoing initiatives, there were no significant changes in our internal controls or to our knowledge, in other factors that could significantly affect such internal controls subsequent to the date of their evaluation.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

While we have taken or are in the process of taking the foregoing steps in order to address the adequacy of our disclosure controls and procedures, and, in addition, to develop and implement a formal set of internal controls and procedures for financial reporting in accordance with SEC's proposed rules to adopt the internal control report requirements included in Section 404 of the Sarbanes-Oxley Act of 2002, the efficacy of the steps we have taken to date and the steps we are still in the process of completing is subject to continued management review supported by confirmation and testing by our internal and external auditors. As a result, it is likely that additional changes will be made to our internal controls and procedures.

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

DIRECTORS AND EXECUTIVE OFFICERS

The names of the company's Directors and Executive Officers as of December 31, 2003 and certain information about them are set forth below:

NAME	AGE	POSITIONS WITH THE COMPANY
-----	---	-----
Carl E. Berg	66	Chairman of the Board, Chief Executive Officer
Raymond V. Marino	45	President, Chief Operating Officer
Wayne N. Pham	34	Vice President of Finance and Controller
John C. Bolger (1)	57	Director
William A. Hasler (1)	62	Director
Lawrence B. Helzel (1)	56	Director

- (1) Member of the Audit Committee, the Compensation Committee and the Independent Directors Committee.

The following is a biographical summary of the experience of our executive officers and directors:

Mr. Berg has served as Chairman of the Board and Chief Executive Officer of the Company since September 1997. Since 1979, Mr. Berg has been a general partner of Berg & Berg Developers and has been a director and officer of Berg & Berg Enterprises, Inc. since its inception. Mr. Berg is a private investor and is also a director of Monolithic System Technology, Inc., Focus Enhancements, Inc., and Valence Technology, Inc.

Mr. Marino joined the Company in June 2001 as President and Chief Operating Officer and was appointed by the board of directors to fill a newly created board seat in July 2001. From November 1996 to August 2000, he was President, Chief Executive Officer and a member of the board of directors of Pacific Gateway Properties, Inc.

Mr. Pham joined the Company in March 2000 as Controller and was promoted to

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Vice President of Finance in October 2000. From September 1995 to July 1999, he was Corporate Accountant and Accounting Manager at AvalonBay Communities, Inc., a multi-family apartment REIT.

Mr. Bolger became a director of the Company on March 30, 1998. Mr. Bolger is a private investor and certified public accountant. He is the retired Vice President of Finance and Administration of Cisco Systems, Inc., a manufacturer of computer networking systems, a position that he held from May 1989 to December 1992. Mr. Bolger is also a director of Integrated Device Technology, Inc., Sanmina-SCI Corporation, Wind River Systems, Inc., and Micromuse, Inc.

Mr. Hasler became a director of the Company on December 4, 1998. For seven years, Mr. Hasler was Dean of the Haas School of Business at the University of California, Berkeley, and is a former vice chairman and director of KPMG LLP. In 1998, he retired as Dean Emeritus and became Co-CEO of Apton Corporation, a public pharmaceutical company. Mr. Hasler recently stepped down from his position as Co-CEO of Apton Corporation and assumed the role of Vice-Chairman of the Board. Mr. Hasler is also the Chairman of the board of directors of Solectron Corporation and a director of Apton Corporation, Technical Olympic USA, Inc., Ditech Communications Network, DMC Stratex Networks, Inc. and Genitope Corporation. He is a public governor of the Pacific Stock and Options Exchange and a trustee of the Schwab Funds.

Mr. Helzel became a director of the Company on December 4, 1998. Mr. Helzel is a private investor and a general partner of Helzel Kirshman, L.P., a private investment partnership, a position which he has held for more than five years.

NUMBER TERMS AND ELECTION OF DIRECTORS

Our Bylaws currently provide for a board of directors consisting of five directors. Each director serves for a term of one year or until the next annual meeting at which directors are elected and the director's successor is elected and qualifies. In the election of directors, each stockholder is entitled to one vote for each share of common stock held by such stockholder.

- 85 -

MEETINGS OF DIRECTORS

Under our Articles of Amendment and Restatement, or Charter, Bylaws and contracts with the "Berg Group," which consists of Carl E. Berg, Clyde J. Berg, the members of their respective immediate families, and affiliated entities owning limited partnership interests, or O.P. Units, in the Operating Partnerships, the Berg Group has special rights with respect to meetings of the board of directors. A quorum for any meeting requires the presence of Carl E. Berg, or in the event of his death, disability or other event which results in his ceasing to be director, the presence of someone who Mr. Berg has designated to replace him ("Berg Designee"). With written consent from Mr. Berg or the Berg Designee, meetings of the board of directors may be held without the presence of either of them. Mr. Berg is obligated to submit a written statement identifying the Berg Designee to us from time to time and may amend the statement at his sole discretion. In addition, a majority of the board of directors, which includes Mr. Berg or the Berg Designee, is required for approval of any amendment to the Charter or Bylaws and any merger, consolidation or sale of all or substantially all of our assets or those of the Operating Partnerships. These special provisions will remain in effect as long as the Berg Group collectively owns at least 15% of our voting stock computed on a diluted, or "Fully

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Diluted", basis taking into account all voting stock issuable upon the exercise of all outstanding warrants, options, convertible securities and other rights to acquire voting stock of the Company, and all O.P. Units exchangeable or redeemable for common stock or other voting stock of ours without regard to any percentage ownership limit set forth in the Charter or Bylaws, or by agreement.

COMMITTEES OF THE BOARD OF DIRECTOR AND MEETINGS

Our board of directors has standing Audit and Compensation Committees. The Audit Committee currently has three members: John C. Bolger, William A. Hasler and Lawrence B. Helzel. The Compensation Committee currently has the same three members.

The board of directors has an Independent Directors Committee, which is also comprised of Messrs. Bolger, Hasler and Helzel. This committee is responsible for reviewing and acting upon proposed transactions between us and members of the Berg Group under the terms of certain agreements between us and such Berg Group members. See "Certain Relationships and Related Transactions."

During the year ended December 31, 2003, there were four meetings of the board of directors and five meetings of the Audit Committee. Four of the five directors attended 100% of the total number of meetings of the board of directors. One director attended three of the four meetings of the board of directors. Each of the directors attended 100% of the meetings of the committees of the board of directors of which he is a member.

The board of directors does not believe that a nominating committee is necessary because all the independent directors currently serve on the Audit and Compensation Committees, and any additional committee of independent directors would consist of the same individuals. The entire board of directors will review and approve nominations for election to the board of directors at the next annual meeting of stockholders solely, other than the two nominees that the Berg Group has the right to designate under our Charter and Bylaws, by resolution of the independent directors on the board.

AUDIT COMMITTEE REPORT

The Audit Committee has been established in accordance with section 3(a)-(58)-(A) of the Securities Exchange Act. The Audit Committee reviews, acts on and reports to the board of directors with respect to various auditing and accounting matters. The Audit Committee has the authority and responsibility to select, evaluate, and where appropriate, replace our independent public accountants. The Audit Committee also reviews the scope of the annual audit fees to be paid to our independent public accountants, the performance of the independent public accountants, the audit report of our consolidated financial statements following completion of the audit and the accounting practices of the Company with respect to internal accounting and financial controls. The Audit Committee notes, however, that management has primary responsibility for our financial statements and the overall reporting process, including our system of internal controls. The independent public accountants audit the financial statements prepared by management, express an opinion on whether those financial statements fairly present the financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States of America, and discuss with the Audit Committee any issues they believe should be raised with us.

The board of directors adopted an Audit Committee Charter on June 9, 2000. The Audit Committee is currently comprised of Messrs. John C. Bolger,

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

William A. Hasler, and Lawrence B. Helzel, all of whom are independent within the meaning of Section 121(A) of the AMEX's listing standards. The board of directors has determined that Mr. Bolger, the Chairman of the Audit Committee, and Mr. Hasler are Audit Committee financial expert.

- 86 -

The Audit Committee has reviewed and discussed the audited financial statements of the Company for fiscal year 2003 with management and the Company's independent registered public accounting firm, BDO Seidman, LLP ("BDO"). The Committee discussed with BDO matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee was also provided by BDO the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with BDO that firm's independence.

Based on the discussions with BDO concerning the audit, the independence discussions and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that the Company's financial statements for the fiscal year ended December 31, 2003 be included in its 2003 Annual Report on Form 10-K filed with the SEC.

The Audit Committee of the Board of Directors:
John C. Bolger
William A. Hasler
Lawrence B. Helzel

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of ours. Directors, executive officers and greater than 10% holders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file.

To the Company's knowledge, based solely on review of the copies of the above-mentioned reports furnished to the Company and written representations regarding all reportable transactions, during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its directors, officers and greater than ten percent holders were complied with on time, except that Carl E. Berg and certain members of the Berg Group did not timely file one or more reports on Form 4 that may have been due with respect to acquired O.P. Units issued pursuant to the Berg Land Holdings Option Agreement. The acquisitions of these units were otherwise disclosed in reports filed by the Company on a group Form 4 filing.

CODE OF ETHICS

We have adopted a code of ethics that applies to all of our employees. The code of ethics is designed to deter wrongdoing and to promote, among other things, honest and ethical conduct, full, fair, accurate, timely, and understandable disclosures in reports and documents submitted to the SEC and other public communications, compliance with all applicable governmental laws, rules and regulations, the prompt internal reporting of violations to the code to an appropriate person or persons identified in the code and accountability for adherence to such code.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

The code of ethics is available on our website www.missionwest.com. If we make any substantive amendments to the code of ethics or grant any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief of Operations Officer, Vice President of Finance or Contoller, or persons performing similar functions, where such amendment or waiver is required to be disclosed under applicable SEC rules, we intend to disclose the nature of such amendment or waiver on our website.

ITEM 11. EXECUTIVE COMPENSATION

SUMMARY COMPENSATION TABLE

The following Summary Compensation Table sets forth summary information as to compensation received by the Company's Chief Executive Officer and all other executive officers of the Company (collectively the "named executive officers"), for the years ended December 31, 2003, 2002 and 2001.

Name and Principal Position	Year	Annual Compensation		
		Salary	Bonus	Other Annual Compensation (1)
Carl E. Berg Chairman of the Board and Chief Executive Officer	2003	\$100,000	\$ --	\$22,500
	2002	100,000	--	22,500
	2001	100,000	--	22,500
Raymond V. Marino (2) President and Chief Operating Officer	2003	200,000	--	30,000
	2002	200,000	--	29,000
	2001	116,667	--	--
Wayne N. Pham Vice President and Contoller	2003	112,500	--	16,875
	2002	94,000	--	14,100
	2001	94,000	--	14,100

(1) Employer contribution to 401(k) plan.

(2) Mr. Marino joined the Company in June 2001.

OPTION GRANTS IN LAST FISCAL YEAR

The Company did not grant any options to purchase shares of common stock with respect to the fiscal year ended December 31, 2003.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END VALUES

The following table provides information regarding the aggregate exercises

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

of options by each of the named executive officers. In addition, this table includes the number of shares covered by both exercisable and unexercisable stock options as of December 31, 2003, and the values of "in-the-money" options, which values represent the positive spread between the exercise price of any such options and the fiscal year-end value of the Company's Common Stock.

Name	Shares Acquired on Exercise	Value Realized	Number of Securities Underlying Unexercised Options at December 31, 2003	
			----- Exercisable	Unexercisable -----
Carl E. Berg	--	N/A	N/A	N/A
Raymond V. Marino	--	N/A	166,667	208,333
Wayne N. Pham	--	N/A	128,000	24,000

- (1) The value of unexercised in-the-money options at fiscal year end assumes a fair market value for the Company's Common Stock of \$12.95, the closing market price per share of the Company's Common Stock as reported on the American Stock Exchange on December 31, 2003, the last trading day for the year.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL AGREEMENTS

We currently have no employment contracts, termination of employment or change-in-control agreements in place with any employee of ours.

- 88 -

COMPENSATION OF DIRECTORS

We pay each director who is not an officer or employee of ours a fee for serving as director. The annual fee is equal to \$15,000 plus \$1,000 for attendance (in person or by telephone) at each meeting of the board of directors, excluding committee meetings. Officers who are also directors do not receive any directors' fees.

Each non-employee member of the board of directors who became or becomes a member of the board of directors after November 10, 1997, the date on which the 1997 Stock Option Plan (the "Option Plan") was approved by our stockholders, automatically receives a grant of an option to purchase 50,000 shares of common stock at an exercise price equal to 100% of the fair market value of the common stock at the date of grant of such option upon joining the board of directors. Such options become exercisable cumulatively with respect to 1/48th of the underlying shares on the first day of each month following the date of grant. Generally, the options must be exercised while the optionee remains a director.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the Compensation Committee of the board of directors was formed in December 1998 and currently is comprised of Messrs. John C. Bolger, William A. Hasler and Lawrence B. Helzel. None of these individuals were at any time during 2003, or at any other time, an officer or employee of the Company. No executive officer of ours serves as a member of the Compensation Committee of any other entity that has one or more executive officers serving as a member of the Company's board of directors or Compensation Committee.

REPORT ON EXECUTIVE COMPENSATION BY THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee (the "Committee") comprises three independent members of the board of directors. The Company's board of directors has delegated to the committee responsibility for reviewing, recommending and approving our compensation policies and benefits programs. The Compensation Committee also has the principal responsibility for the administration of Option Plans, including approving stock option grants to executive officers.

COMPENSATION PHILOSOPHY

The Company's executive compensation policy is designed to attract and retain qualified executive personnel by providing executives with a competitive total compensation package based in large part on their contribution to the financial and operational success of the Company, the executive's personal performance and increases in stockholder value as measured by the Company's stock price.

COMPENSATION PROGRAM

The compensation package for the Company's executive officers consists of the following three components:

BASE SALARY. The Compensation Committee determines the base salary of each executive based on the executive's scope of responsibility, past accomplishments and experience and personal performance, internal comparability considerations and data regarding the prevailing compensation levels for comparable positions in relevant competing executive labor markets. The Committee may give different weight to each of these factors for each executive, as it deems appropriate. In selecting comparable companies for the purpose of setting competitive compensation for our executives, the Compensation Committee considers many factors not directly associated with stock price performance, such as geographic location, annual revenue and profitability, organizational structure, development stage and market capitalization.

ANNUAL INCENTIVE COMPENSATION. At the present time, we do not have an annual incentive compensation program in place. However, the Compensation Committee may in the future at the Compensation Committee's discretion institute an annual incentive program.

STOCK OPTIONS. The Compensation Committee believes that granting stock options to executives and other key employees on an ongoing basis gives them a strong incentive to maximize stockholder value and aligns their interests with those of other stockholders. The Compensation Committee determines stock option grants to executives and has authorized our CEO to determine stock option grants for all other employees, subject to the Compensation Committee's approval of total share allocations from the Option Plan. In determining the size of stock option grants, the Compensation Committee considers the executive's current position with and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

responsibilities to us, potential for increased responsibility and promotion over the option term, tenure with us and performance in recent periods, as well as the size of comparable awards made to executives in

- 89 -

similar positions in competing executive labor markets. Generally, each stock option grant allows the executive to purchase shares of Common Stock at a price per share equal to the market price on the date the option is granted, but the Compensation Committee has the power to grant options at a lower price if considered appropriate under the circumstances. Each stock option grant generally becomes exercisable, or vests, in installments over time, or contingent upon the executive's continued employment with us. Management did not recommend and the Compensation Committee did not authorize any stock option grants in 2003.

COMPENSATION OF CHIEF EXECUTIVE OFFICER. The annual salary for Mr. Berg was set in 1997 and first became payable in 1998. The Compensation Committee has no plan to adjust his compensation.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation paid to the officer exceeds \$1 million during the taxable year. The compensation paid to our executive officers for the year ended December 31, 2003 did not exceed the \$1 million limit per officer. In addition, the Option Plan and executive incentive option grants have been structured so that any compensation deemed paid to an executive officer in connection with the exercise of his or her outstanding options with an exercise price per share equal to the fair market value per share of the common stock on the grant date will qualify as performance-based compensation that will not be subject to the \$1 million limitation. It is very unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1 million limit, and the Compensation Committee does not expect to take any action at this time to modify cash compensation payable to our executive officers to avoid the application of Section 162(m).

CONTRACTUAL AND OTHER CONTROL ARRANGEMENTS

SPECIAL BOARD VOTING PROVISIONS. The Charter and Bylaws provide substantial control rights for the Berg Group. These rights include a requirement that Mr. Berg or his designee as director approve certain fundamental corporate actions, including amendments to the Charter and Bylaws and any merger, consolidation or sale of all or substantially all of our assets. In addition, the Bylaws provide that a quorum necessary to hold a valid meeting of the board of directors must include Mr. Berg or his designee. The rights described in the two preceding sentences apply only as long as the Berg Group members and their affiliates, other than us and the Operating Partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis. In addition, directors representing more than 75% of the entire board of directors must approve other significant transactions, such as incurring debt above certain amounts, acquiring assets and conducting business other than through the Operating Partnerships.

BOARD OF DIRECTORS REPRESENTATION. The Berg Group members have the right to designate two of the director nominees submitted by the board of directors to stockholders for election, as long as the Berg Group members and their affiliates, other than the Company and the Operating Partnerships, beneficially own, in the aggregate, at least 15% of our outstanding shares of common stock on a Fully Diluted basis. If the Fully Diluted ownership of the Berg Group members and their affiliates is less than 15% but is at least 10% of the common stock, the Berg Group members have the right to designate one of the director nominees submitted by the board of directors to stockholders for election. Its right to designate director nominees affords the Berg Group substantial control and influence over the management and direction of our corporation.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

SUBSTANTIAL OWNERSHIP INTEREST. The Berg Group currently owns O.P. Units representing approximately 75.1% of the equity interests in the operating partnerships. The O.P. Units may be converted into shares of Common Stock, subject to limitations set forth in the Charter (including an overall 20% ownership limitation for the Berg Group), and other agreements with the Berg Group. Upon conversion these shares would represent voting control of the Company. The Berg Group's ability to exchange its O.P. Units for common stock permits it to exert substantial influence over the management and direction of the Company.

LIMITED PARTNER APPROVAL RIGHTS. Mr. Berg and other limited partners of the Operating Partnerships, including other members of the Berg Group, may restrict our operations and activities through rights provided under the terms of the Amended and Restated Agreement of Limited Partnership which governs each of the Operating Partnerships and our legal relationship to each Operating Partnership as its general partner. Matters requiring approval of the holders of a majority of the O.P. Units, which necessarily would include the Berg Group, include (i) the amendment, modification or termination of any of the Operating Partnership Agreements; (ii) the transfer of any general partnership interest in the Operating Partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of our corporation; (iii) the admission of any additional or substitute general partners in the Operating Partnerships; (iv) any other change of control of the Operating Partnerships; (v) a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee of any of the assets of the Operating Partnerships; and (vi) the institution of any bankruptcy proceeding for any Operating Partnership.

In addition, as long as the Berg Group members and their affiliates, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis, the consent of the limited partners holding the right to vote a majority of the total number of O.P. Units outstanding is also required with respect to (i) the sale or other transfer of all or substantially all of the assets of the Operating Partnerships and certain mergers and business combinations resulting in the complete disposition of all O.P. Units; (ii) the issuance of limited partnership interests senior to the O.P. Units as to distributions, assets and voting; and (iii) the liquidation of the Operating Partnerships.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

PROPERTY ACQUISITIONS AND FINANCIAL TRANSACTIONS BETWEEN THE COMPANY AND THE BERG GROUP

FORMATION OF THE COMPANY: Through a series of transactions in 1997 and 1998, the Company became the vehicle for substantially all of the Silicon Valley R&D property activities of the Berg Group, which includes Mr. Berg, his brother Clyde J. Berg, members of their families and a number of entities in which they have controlling or substantial ownership interests. The Company owns these former Berg Group properties, as well as the rest of its properties, through the Operating Partnerships, of which the Company is the sole general partner. Through various property acquisition agreements with the Berg Group, the Company has the right to purchase, on pre-negotiated terms, R&D and other types of office and light industrial properties that the Berg Group develops in the future in the states of California, Oregon and Washington the details of which are set forth above. Since September 1998, we have acquired a total of approximately 3,100,000 million rentable square feet of R&D buildings under the Pending Projects Acquisition Agreement and the Berg Land Holdings Option Agreement. The total cost of these properties was approximately \$478 million. We issued a total of 27,962,025 O.P. Units and assumed debt totaling approximately \$209 million to acquire them.

ACQUISITIONS FROM THE BERG GROUP: On December 15, 2003, we acquired a 128,520 square foot fully leased two story office/R&D building at 5970 Optical Court in San Jose from the Berg Group under the Berg Land Holdings Option Agreement. The total acquisition price for this property was \$11.2 million. We financed this acquisition by borrowing \$9.0 million under an existing line of credit and issuing 169,131 O.P. Units to various members of the Berg Group.

ACQUISITION OF CARL E. BERG'S INTEREST IN UNCONSOLIDATED JOINT VENTURE: In July 1999 an unrelated party, TBI, advised Carl E. Berg that TBI had an option to purchase approximately 78.89 acres of unimproved land zoned for R&D development in Morgan Hill at \$2.50 per square foot that would expire in approximately six months. TBI offered Mr. Berg a 50% interest in the development of this land if Mr. Berg provided 100% financing for the land at 0% interest for three years. Mr. Berg advised TBI of his obligation to offer all R&D development opportunities on the West Coast to us and further advised TBI that our Independent Directors Committee must approve the acquisition of any properties and that our policy was only to acquire properties that are leased pursuant to the Berg Land Holdings Option Agreement. The development joint venture between TBI and the Berg Group proceeded on that basis. Building construction was financed through loans facilitated by the Berg Group. In early 2003, TBI formed TBI-MSW, a new limited partnership, to own all the leased buildings. The Berg Group offered its 50% non-controlling limited partnership interest in TBI-MSW to us at cost plus an annual interest rate of 7% on the funds advanced by the Berg Group which amounted to \$1.8 million. The Independent Directors Committee and the Berg Group agreed to use a 7% interest rate instead of the rate and fees specified in the Berg Land Holdings Option Agreement because the transaction differed from the standard build-to-suit development specified under that agreement. TBI-MSW owned four fully leased buildings totaling approximately 593,000 rentable square feet. The

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

buildings were subject to mortgage loans totaling \$53.6 million. The Independent Directors Committee approved our acquisition of the Berg Group's 50% interest in the joint venture, effective as of January 1, 2003. The development joint venture between the Berg Group and TBI retained two vacant shell R&D buildings and five unimproved lots. In April 2003, Comcast, Inc. offered to purchase one of the vacant buildings and two acres of adjoining land from the development joint venture for net proceeds of \$2.8 million, after debt repayment. Prior to sale of the property, TBI-MSW acquired this property at no cost under the terms of the Berg Land Holdings Option Agreement, and the Company received a net distribution of \$1.4 million from the sale. The transaction

- 94 -

was approved by the Independent Directors Committee. The Berg Group continues to own a 50% interest in the remaining vacant building and five unimproved lots.

TRANSFER OF INTEREST TO BERG GROUP IN CONSOLIDATED JOINT VENTURE. In July 2000, the Hellyer Avenue Limited Partnership ("Hellyer LP") was formally organized as a California limited partnership between Mission West Properties, L.P. ("MWP"), of which we are the managing general partner, and Republic Properties Group ("RPC"), an unaffiliated third party, as a general partner and limited partner. MWP was designated as the managing general partner of Hellyer LP. For a 50% ownership interest in Hellyer LP, RPC agreed to cause Stellex Microwave Systems, Inc. ("Stellex") to provide a 15-year lease on an approximate 160,000 square foot R&D building to be constructed by Berg & Berg Enterprises, Inc. ("BBE") on land owned by another Berg Group member.

As part of the transaction, MWP acquired the underlying land pursuant to the Berg Land Holding Option Agreement for a price of \$5.7 million by issuing 659,223 OP units to the Berg Group entity that owned the property. Further, under the terms of the Hellyer LP partnership agreement MWP then contributed the land to the partnership at an agreed value of \$9.6 million which amount was to be amortized and paid to MWP in the form of income and cash flow preferences. The transaction was reviewed and approved by the Independent Directors Committee.

In connection with the transaction, BBE built and paid for all improvements on the land. The total cost of the R&D building, exclusive of specified tenant improvements obligations, was approximately \$11.4 million. Hellyer LP issued a note for the amount of those construction costs to BBE, which note was secured by the buildings.

Because RPC's interest in Hellyer LP was attributable solely to its commitment to obtain Stellex as a tenant for the property, the partnership agreement provided that if a payment default occurred within the first five years of the Stellex lease, RPC would lose 100% of its interest in the partnership, and if a payment default occurred during the second five year period under the lease, RPC would lose 50% of its interest in Hellyer LP.

Pursuant to RPC's commitment to Hellyer LP, Stellex executed a lease agreement obligating Stellex, among other things, to pay monthly rent starting at \$1.60 per square foot on a triple net basis for 15 years and to reimburse BBE for the tenant improvement obligations, which ultimately totaled approximately \$10.5 million.

Under the lease terms, Stellex was obligated to reimburse BBE in full for the tenant improvement costs no later than August 25, 2000. Several days before the due date, representatives of Stellex met with representatives of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

MSW and informed them that Stellex could not pay the balance due BBE. Stellex requested MSW immediately to draw down the letter of credit as a result of a default on the tenant improvement payment required under the lease.

On September 1, 2000, MWP, as the general partner of Hellyer LP, ceased all allocations of income and cash flow to RPC and exercised the right under the partnership agreement to cancel RPC's entire interest in the partnership. Following discussions with and approval by the Independent Directors Committee, the Company authorized the transfer of RPC's interest in Hellyer LP to BBE. Under the Berg Land Holdings Option Agreement and the Acquisition Agreement dated as of May 14, 1998, the Independent Directors Committee had the right, but not the obligation, to reacquire the property interest and the related distributions related to the property interest at any time. The transfer was effective as of September 1, 2000.

Stellex filed for bankruptcy protection on September 12, 2000. On November 20, 2000, RPC filed suit in the Circuit Court of Maryland for Baltimore City to recover past distributions and its interest in the Hellyer LP., and we counter-sued on behalf of MWP and ourselves in Superior Court of California for the County of Santa Clara in February 2001.

In January 2002, Stellex was acquired through its bankruptcy proceeding by a division of Tyco Corporation. In connection with the acquisition of Stellex, the purchaser assumed the lease with Hellyer LP, agreed to comply with all terms of lease and reimbursed BBE for the tenant improvements, as required under the lease agreement and the Bankruptcy Court order.

Since the inception of Hellyer LP, we have accounted for the properties owned by the partnership on a consolidated basis, with reductions for the minority interest held by the minority partner (first RPC and then BBE). In each period, we have accrued amounts payable by Hellyer LP to the minority interest partner, including BBE, prior to payment. Through December 31, 2003, accumulated cash flow distributions from Hellyer LP totaling approximately \$1.6 million were accrued, of which \$1.5 million was distributed to BBE, which has been classified on our balance sheet as an account receivable from BBE with an offsetting account payable to BBE. The Company did not object to that proposed classification.

In April 2004 the Circuit Court of Maryland for Baltimore City issued its decision in the Maryland suit, and awarded damages of approximately \$1.1 million to RPC. The court denied all requests by MWP, including a declaration that all of RPC's

- 95 -

interests in Hellyer L.P. were validly converted to limited partnership interests and transferred to MWP or its designee in accordance with the terms of the Hellyer L.P. partnership agreement. RPC's request for an injunction ordering the reinstatement of RPC's partnership interests in Hellyer L.P. appealed the decision to the Maryland Appeals Court. If the litigation with RPC is ultimately decided in RPC's favor, we anticipate that BBE may be required to return RPC's former interest in Hellyer LP and all prior distributions to RPC. If the litigation is ultimately decided in our favor, the Independent Directors Committee has the right, but not the obligation, to acquire the former RPC interest and related distributions from BBE under the terms of the Berg Land Holdings Option Agreement and the Acquisition Agreement. In July 2004 RPC attached the Company's bank account for approximately \$1.1 million. Following a July 2004 hearing in Superior Court of the State of California for the County of Santa Clara the parties agreed that the Company will post a \$1.5 million bond and RPC will remove

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the attachment of the Company's bank account until final resolution of the appeal in Maryland.

If the Company's litigation with RPC is ultimately decided in RPC's favor, the Company anticipates that BBE may be required to return RPC's former interest in Hellyer LP and all prior distributions to RPC. If the litigation is ultimately decided in favor of the Company, the Independent Directors Committee of the Board of Directors has the right, but not the obligation, to acquire on behalf of the Company the former RPC interest and related distributions from BBE under the terms of the Berg Land Holdings Option Agreement and the Acquisition Agreement between the Company and the Berg Group.

BERG COMMITMENT TO COMPLETE FUTURE IMPROVEMENTS AND BUILDING IN CONNECTION WITH CERTAIN ACQUISITIONS FROM THE BERG GROUP UNDER THE BERG LAND HOLDINGS OPTION AGREEMENT: The Berg Group has an approximately \$2.5 million commitment to complete certain tenant improvements in connection with our 2002 acquisition of 5345 Hellyer Avenue in San Jose. The Berg Group has an approximately \$7.5 million commitment to complete an approximately 75,000 to 90,000 square foot building in connection with our 2000 acquisition of 245 Caspian in Sunnyvale which was comprised of approximately three acres of unimproved land zoned for commercial development.

BERG CONTROLLED ENTITIES HAVE FINANCIAL INTERESTS IN CERTAIN TENANTS THAT LEASE SPACE FROM THE COMPANY: During December 31, 2003, 2002 and 2001, Carl E. Berg or entities controlled by Mr. Berg have financial interests in several companies that lease space from the operating partnerships, which include three companies where Mr. Berg has a greater than 10% ownership interest. These related tenants occupy approximately 48,000 square feet and contributed \$904,000, \$748,000 and \$414,000 in rental revenue in 2003, 2002 and 2001, respectively.

LEASING AND OVERHEAD REIMBURSEMENTS PROVIDED BY BERG CONTROLLED ENTITY: The Company currently leases office space owned by Berg & Berg Enterprises, Inc., an affiliate of Carl E. Berg and Clyde J. Berg. Rental amounts and overhead reimbursements paid to Berg & Berg Enterprises, Inc. were \$90,000, \$90,000 and \$88,000 for the years ended December 31, 2003, 2002 and 2001, respectively.

ITEM 14. ACCOUNTANT FEES AND SERVICES

As previously reported above, on January 26, 2004, our independent registered public accounting firm, PricewaterhouseCoopers LLP (PWC) resigned, did not render an audit opinion on the Company's fiscal year 2003 financial statements and withdrew their audit opinions on the Company's fiscal year 2002 and 2001 financial statements. The Audit Committee appointed BDO Seidman, LLP ("BDO") as our new independent registered public accounting firm in May 2004 to complete the audit of the Company's financial statements for the years ending December 31, 2003, 2002 and 2001. The aggregate fees accrued by or billed to the Company by our independent registered public accounting firm for professional services rendered in connection with fiscal year 2003, 2002 and 2001 are as follows:

BDO	2003 ----	2002 ----	2001 ----
Audit Fees (1)	\$143,500	\$143,500	\$143,500
Audit Related Fees	-	-	-

Total	\$131,850	\$123,450

- 96 -

Audit Fees include amounts related to professional services rendered in connection with audits of our annual financial statements and the reviews of our quarterly financial statements.

The Audit Committee pre-approves all annual audit engagement services and fees and all fees for non-audit services (other than non-audit services that are de minimus within the meaning of section 10A(i)(1)(B) of the Securities Exchange Act and non-audit services that the independent accountants are prohibited from providing to us). The Audit Committee requires the independent accountants to submit a detailed proposal and budget for each engagement prior to the commencement of the engagement. Additional services must be pre-approved by the Audit Committee or the Chairman of the Audit Committee to whom pre-approval authority has been delegated. All services of the independent accountants relating to review and attestation of internal controls and procedures pursuant to section 404 of the Sarbanes Oxley Act.

There were no fees paid to independent accountants in the past three fiscal years that were for non-audit services that the Audit Committee or Chairman did not pre-approve.
