Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Stockholders of PACCAR Inc which will be held at the Meydenbauer Center, 11100 N.E. 6th Street, Bellevue, Washington at 10:30 a.m. on April 24, 2001.

The principal business of the Annual Meeting will be the election of three directors. We will also provide an update on the Company's activities. The Board of Directors recommends a vote FOR the election of the nominees.

Please note that Mr. Charles M. Pigott, Chairman Emeritus of the Company, is retiring as a director after 40 years of distinguished service on the board. On behalf of PACCAR we want to express our deepest appreciation to Mr. Pigott for his outstanding leadership of the Company.

Your VOTE is important. Whether or not you plan to attend the Annual Meeting, please vote your proxy either by mail, telephone, or over the Internet.

Sincerely,

/s/ MARK C. PIGOTT

Mark C. Pigott
Chairman of the Board and
Chief Executive Officer

PROXY STATEMENT

Edgar Filing: PACCAR INC - Form DEF 14A

The Board of Directors of PACCAR Inc issues this proxy statement to solicit proxies for use at the Annual Meeting of Stockholders on April 24, 2001 at the Meydenbauer Center in Bellevue, Washington. This proxy statement includes information about the business matters that will be voted upon at the meeting. The proxy statement and proxy form were first sent to stockholders on or about March 15, 2001.

GENERAL INFORMATION

VOTING RIGHTS

Stockholders eligible to vote at the meeting are those identified as owners at the close of business on the record date, February 28, 2001. Each outstanding share of common stock is entitled to one vote on all items presented at the meeting. At the close of business on February 28, 2001 the Company had 76,528,414 shares of common stock outstanding and entitled to vote.

Stockholders may vote in person at the meeting or by proxy. Execution of a proxy does not affect the right of a stockholder to attend the meeting. THE BOARD RECOMMENDS THAT STOCKHOLDERS EXERCISE THEIR RIGHT TO VOTE BY PROMPTLY COMPLETING AND RETURNING THE PROXY FORM EITHER BY MAIL, TELEPHONE, OR THE INTERNET.

VOTING BY PROXY

Mark C. Pigott and Gerald Grinstein are designated proxy holders to vote shares on behalf of stockholders at the 2001 Annual Meeting. The proxy holders are authorized to:

- vote shares as instructed by the stockholders who have properly completed and returned the proxy form;
- vote shares as recommended by the Board when stockholders have executed and returned the proxy form, but have given no instructions; and
- vote shares at their discretion on any matter not identified in the proxy form that is properly brought before the Annual Meeting.

The Trustee for the PACCAR Inc Savings Investment Plan (the "SIP Plan") votes shares held in the SIP Plan according to each member's instructions on the proxy form. If the proxy form is not returned or is returned without voting instructions, the Trustee will vote the shares in direct proportion to the voted shares of all other SIP Plan members, as provided for in the SIP Plan.

The Company has received a letter that a stockholder may ask to bring to vote certain matters at the Annual Meeting, including reporting on shares held by employees and directors as well as report on the results of shareholder proposals. If properly brought before the Annual Meeting for a vote, the designated proxy holders named in the proxy form will exercise their discretion to vote for current Company practices.

PROXY VOTING PROCEDURES

The Proxy Form allows registered stockholders to vote in one of three ways:

Mail. Stockholders may complete, sign, date, and return the proxy form in the pre-addressed, postage-paid envelope provided.

Telephone. Stockholders may call the toll free number listed on the proxy form and follow the voting instructions given.

Edgar Filing: PACCAR INC - Form DEF 14A

Internet. Stockholders may access the Internet address listed on the proxy form and follow the voting instructions given.

Telephone and Internet voting procedures authenticate each stockholder by using a control number. The voting procedures will confirm that your instructions have been properly recorded. Stockholders who vote by telephone or Internet should not return the proxy form.

Stockholders who hold shares through a broker or agent should follow the voting instructions received from them.

Revoking Proxy Voting Instructions. A proxy may be revoked by later dated proxy or by written notice to the Secretary of the Company at any time before it is voted. Stockholders who hold shares through a broker should contact the broker or other agent if they wish to change their vote after executing the proxy.

VOTE REQUIRED AND METHOD OF COUNTING VOTES

ITEM NO 1: ELECTION OF DIRECTORS

Directors are elected by a plurality of the votes cast for the election of directors. If a stockholder does not vote for the election of directors because authority to vote is withheld, because the proxy is not returned, because the broker holding the shares does not vote, or because of some other reason, the shares will not count in determining the total number of votes for each nominee. Proxies signed but returned unmarked will be voted FOR the nominees for Class III Director.

If any nominee is unable to act as director because of an unexpected occurrence, the proxy holders may vote the proxies for another person or the Board of Directors may reduce the number of directors to be elected.

EXPENSES OF SOLICITATION

Expenses for solicitation of proxies will be paid by the Company. Solicitation will be by mail, except for any facsimile, telephone, or personal solicitation by directors, officers, and employees of the Company which may be made without additional compensation. The Company will request banks and brokers to solicit proxies from their customers and will reimburse those banks and brokers for reasonable out-of-pocket costs for this solicitation.

H. A. Wagner	W. G. Reed, Jr.		

The Audit Committee recommends to the Board the selection of independent auditors; reviews reports of independent auditors, internal auditors, and the annual financial statements; and monitors the effectiveness of the audit process, financial reporting, and the corporate compliance programs. The Committee met twice in 2000.

The Compensation Committee reviews and approves salaries and other compensation matters for executive officers. It administers the Long Term Incentive Plan ("LTI Plan"), the Senior Executive Incentive

Plan ("SEI Plan"), and the Deferred Incentive Compensation Plan ("DIC Plan"). The Committee met four times in 2000.

The Executive Committee acts on routine Board matters when the Board is not in session. The Committee acted twice in 2000.

The Nominating Committee recommends candidates for election to the Board of Directors and considers nominees recommended by stockholders. The Committee met once in 2000.

Edgar Filing: PACCAR INC - Form DEF 14A

COMPENSATION OF DIRECTORS

In 2000, each director who was not an employee was entitled to an annual retainer of \$60,000, of which \$50,000 is paid in cash and \$10,000 is paid in restricted stock under the Restricted Stock and Deferred Compensation Plan for Non-Employee Directors ("RSDC Plan"). The Company also paid non-employee directors a fee of \$5,000 for each Board or committee meeting attended. A single meeting attendance fee is paid when more than one meeting is held on the same day. Non-employee directors may elect to defer all or a part of their cash retainer and fees to an income account or to a stock unit account under the RSDC Plan.

Awards are tied to achieving Company, business unit and individual goals over a three-year performance period. Company performance goals are based on the Company's financial performance relative to a select

7

12

group of companies with similar business characteristics. Business unit and individual performance goals are based on financial and strategic objectives approved by the Compensation Committee on an individual basis.

The target amount will be earned if Company financial performance ranks above at least half of the selected companies and individual and business unit performance are at 100% of goal. The maximum award amount will be earned if Company financial performance ranks above all of the comparison companies and business unit and individual performance are at least 150% of goal.

PENSION PLAN

The following table shows the estimated annual retirement benefit payable to participating employees, including the Named Officers, under the Company's noncontributory retirement plan and Supplemental Retirement Plan:

REMUNERATION	YEARS OF SERVICE				
	15	20	25	30	35
\$ 400,000.....	\$ 87,368	\$116,490	\$145,613	\$174,735	\$ 203,868

2,100,000.....	469,868	626,490	783,113	939,735	1,096,368

The Company's noncontributory retirement plan has been in effect since 1947. The Named Officers participate in this plan on the same basis as other

salaries employees. The plan provides benefits based on years of service and salary. The benefit for each year of service, up to a maximum of 35 years, is equal to 1% of salary plus 0.5% of salary in excess of the Social Security Covered Compensation level. Salary is defined as the average of the highest 60 consecutive months of an employee's cash compensation, which includes those amounts reported in the "Salary" and "Bonus" columns of the Summary Compensation Table, but it excludes compensation under the LTI Plan. Years of credited service as of December 31, 2000 for the Named Officers are: M. C. Pigott, 22 years; D. J. Hovind, 35 years; M. A. Tembreull, 30 years; T. E. Plimpton, 24 years; and G. S. Moore, 31 years.

The Company's unfunded Supplemental Retirement Plan provides a retirement benefit to those affected by the maximum benefit limitations permitted for qualified plans by the Internal Revenue Code and to those deferring incentive compensation bonuses. The benefit is equal to the amount of normal pension benefit reduction resulting from the application of maximum benefit and salary limitations and the exclusion of deferred incentive compensation bonuses from the retirement plan benefit formula.

The Pension Plan Table illustrates approximate retirement benefits at age 65, based on single life annuity amounts. The benefit listed is not subject to any deduction for Social Security or other offset amounts.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

Under the supervision of the Compensation Committee, the Company has designed its executive pay programs to provide a direct link between Company performance and executive compensation. These programs have been in use for a number of years. The compensation of executive officers under these programs is determined annually by the Compensation Committee. The Committee is composed exclusively of independent directors.

The Company believes that its executive compensation package should be sufficient to attract and retain highly qualified executives and should provide meaningful incentives for measurably superior performance. The Company's executive compensation is comprised of three main components: (i) base salaries; (ii) annual cash bonuses intended to focus maximum effort on achieving profitability, individually assigned objectives, and

8

13

the highest level of product quality; and (iii) long term incentives in the form of stock options and cash awards intended to focus efforts on achieving long term growth in net income, return on sales, and return on capital.

Base Salaries. Salary surveys provided by outside consultants are used to compare base salaries to comparable positions at companies with which the Company competes for executive talent. These surveys include data from a wide variety of vehicle manufacturing and other large manufacturing companies, including some of the selected companies described in the LTI Plan discussed below (the "Selected Companies"). The surveys include six of the ten companies which comprise the Standard & Poor's indices used in the performance graph set forth later in this proxy statement. The Committee believes it is important to include some of the companies that make up the Standard & Poor's indices, and to also include organizations with which the Company competes in the broader market for executive talent. According to the survey, the base salaries of the Company's executive officers, including its Chief Executive Officer, were in the median range of the salaries paid by companies surveyed.

Edgar Filing: PACCAR INC - Form DEF 14A

Annual Cash Bonuses. Annual cash bonuses may range from 0% up to 96% of the executive officer's base salary. Bonuses are awarded based upon Company performance relative to an overall profit goal and the attainment of one or more individual goals approved by the Compensation Committee. In general, these goals involve factors such as the financial performance of the business units for which the executive has direct responsibility, profitability or return on investment as well as non-financial performance criteria such as market share improvement, product quality, new product development, production efficiencies, and similar specific individual assignments. The individual goals are changed annually, and a level of importance is assigned to each goal on a percentage basis. The calculation of the bonus takes into account both the level of achievement and the assigned importance of the goal. The achievement of each goal is determined separately, and no bonus for a specific goal is paid unless at least 70% of that goal is achieved. The bonuses earned in 2000 and paid in 2001 reflect achievement of less than 100% of the Company's overall profit goal for 2000.

Long Term Incentives. Given the cyclical nature of the Company's business, long term incentives are based on a three-year performance period and are provided through annual grants of stock options and cash incentives. The Compensation Committee determines a target award for each executive officer, expressed as a percentage of salary at the date the award is granted. The target award is allocated 85% to stock options and 15% to the cash incentive award. Stock options become exercisable at the end of the three-year performance period and are intended to link the interests of key employees directly with stockholders' interests through increased individual stock ownership. The exercise price of the stock options is the market price at the time of grant.

A significant portion (50% to 100%) of the long term cash incentive award is based on overall Company performance measured in terms of the Company's rank in compound growth of net income, return on sales, and return on capital (weighted equally) when compared to the Selected Companies, a group of Fortune 500 companies in similar industries. The Selected Companies have been used for this comparison for a number of years. These companies have been selected because, in the judgment of the Company's compensation consultants and the Compensation Committee, they are the most directly comparable to the Company in size and nature of business. The Selected Companies include six of the ten companies which make up the published Standard & Poor's indices in the performance graph set forth below.

The remaining portion of the long term cash incentive award is based upon business unit and individual objectives that involve factors similar to those described above for the annual cash bonus, but are measured over a three-year performance cycle. The cash incentive award is based on the Committee's evaluation of each executive's achievement of performance objectives during the preceding three years. The target amount will be earned if the Company's financial performance ranks above at least half of the Selected Companies (the "Comparative Performance Goal") and business unit and individual performance are at 100% of goal. The maximum award amount will be earned if Company's financial performance ranks above all of the Selected Companies and business unit and individual performance are at least 150% of goal. No award will be earned if Company's financial performance ranks below 75% of the Selected Companies and business unit and individual performance are below 75% of goal.

The cash awards paid in 2000 for the three-year cycle ended in 1999 reflect an achievement in excess of 100% of the Comparative Performance Goal. The incentive cash awards for each executive officer for the three-year cycle ended in 2000 had not been determined on the date this proxy statement was prepared.

Edgar Filing: PACCAR INC - Form DEF 14A

Chief Executive Officer's Compensation. The Chief Executive Officer's compensation is comprised of the same components as other executives: (i) base salary; (ii) an annual cash bonus; and (iii) a long term incentive in the form of stock options and a cash award.

The CEO's 2000 annual cash bonus was based entirely on the Company's profit goal. No annual bonus was earned in 2000 and, accordingly, no payment was made in 2001. The cash portion of the long term incentive was based 100% on the Company's performance during the three-year cycle as compared to the Selected Companies. For the three-year cycle ended in 1999, Company performance resulted in goal achievement in excess of 100% of the Comparative Performance Goal. The incentive cash award for the three-year cycle ended in 2000 had not been determined on the date this proxy statement was prepared.

The LTI Plan and the annual cash bonus program are structured to allow the Company to preserve tax deductions for performance based executive compensation under Section 162(m) of the Internal Revenue Code.

INDEPENDENT AUDITORS

Ernst & Young LLP performed the audit of the Company's financial statements for 2000 and has been selected to perform this function for 2001. Partners from the Seattle office of Ernst & Young LLP will attend the Annual Meeting, and will have the opportunity to make statements if they desire, as well as be available to respond to appropriate questions.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors has furnished the following report:

The Audit Committee is comprised of four members each of whom meets the independence and financial literacy requirements of the NASDAQ Rules. It adopted a written charter outlining its responsibilities which was approved by the Board of Directors. The charter is included as Appendix A to this proxy statement.

Among the Committee's responsibilities is the selection and evaluation of the independent auditors and the review of the financial statements. The Committee reviewed and discussed the audited consolidated financial statements for the most recent fiscal year with management. In addition, the Committee discussed all matters required to be discussed with the independent auditors Ernst & Young LLP under SAS 61 (Codification of Statements on Auditing Standards, AU sec. 380). The Committee received from Ernst & Young LLP the written disclosures required by Independence Standards Board Standard No. 1, and discussed with them their independence from the Company. Based on the Audit Committee's review of the audited financial statements and its discussions with management and the independent auditors, the Committee recommends to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report (10-K) for the year ended December 31, 2000, and be filed with the Securities and Exchange Commission.

Edgar Filing: PACCAR INC - Form DEF 14A

The Committee considered whether services provided by its principal accountant, Ernst & Young LLP, unrelated to the audit are compatible with its position as independent auditor. The services provided are as follows:

AUDIT FEES

In the year ended December 31, 2000, the independent auditors, Ernst & Young LLP, billed the Company \$1.2 million for professional services rendered for the audit of the Company's annual financial statements included in the Company's Form 10-K and reviews of the financial statements included in the Company's Forms 10-Q.

AUDIT RELATED FEES

In the year ended December 31, 2000, Ernst & Young LLP billed the Company \$0.5 million for audit related professional services. These services include statutory audits of foreign subsidiaries, audits of employee benefit plans and other assurance services not directly related to the audit of the Company's consolidated financial statements.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

In the year ended December 31, 2000, Ernst & Young LLP performed no professional services for information technology systems design and implementation.

ALL OTHER FEES

In the year ended December 31, 2000, Ernst & Young LLP billed the Company \$1.8 million related to other professional services. These services primarily include tax compliance and consulting as well as merger and acquisition advisory services.

STOCKHOLDER RETURN PERFORMANCE GRAPH

The following line graph compares the yearly percentage change in the cumulative total shareowner return on the Company's common stock to the cumulative total return of the Standard & Poor's Composite-500 Stock Index and an equally-weighted simple average of the Standard & Poor's Heavy-Duty Trucks & Parts and the Standard & Poor's Machinery (Diversified) indices (as reported on the Bloomberg data service) for the period of five fiscal years commencing December 31, 1995 and ending December 31, 2000. Management believes that the blending of these two indices provides a better comparison than either of the indices alone because the Company's performance can be compared to a larger number of comparable companies. The comparison assumes that \$100 was invested December 31, 1995 in the Company's common stock and in the stated indices and assumes reinvestment of dividends.

APPENDIX A

PACCAR INC

AUDIT COMMITTEE CHARTER

MEMBERSHIP

The Chairman and the members of the Audit Committee are appointed by the Board

Edgar Filing: PACCAR INC - Form DEF 14A

of Directors at the Annual Organization Meeting of the Board. The Committee shall consist of three or more directors who meet the independence, financial literacy and all other NASDAQ requirements for participation.

SCOPE OF COMMITTEE RESPONSIBILITIES

1. Subject to ratification by the Board of Directors, the Audit Committee will select, evaluate and ensure the ultimate accountability of the independent auditors to the Committee and the Board.
2. Evaluate the independence of the independent auditors, assist in preserving that independence, and consider the effects on their independence, if any, of management's plans to engage their firm to perform management advisory services. Obtain a formal written statement annually from the independent auditors discussing relationships between the auditors and the Company to ensure the auditors remain independent.
3. Review the scope and results of the audit of the financial statements of the Corporation and its subsidiaries.
4. Present to the Board of Directors such comments and recommendations as deemed appropriate in connection with the Committee's responsibilities.
5. Review and approve the engagement letter submitted by the independent auditors and inquire into the scope of the audit for the coming year. Include inquiry of the extent to which the planned audit can be relied upon to detect fraud or weaknesses in accounting controls.
6. Confer with representatives of the independent auditors, the Company's internal auditors, the Chief Executive Officer, the Chief Financial and Accounting Officers, and other members of management of the Company as deemed necessary to determine:
 - (a) The effectiveness of the audit effort and that no restrictions were placed on the scope of the examination.
 - (b) The effectiveness of the Company's financial reporting systems.
 - (c) The effectiveness of the Company's internal auditing activities.
 - (d) The adequacy of financial and accounting control systems.
 - (e) The effectiveness of the financial and accounting organizations.
7. Prior to release of the Annual Report to the Stockholders and the Form 10-K report to the Securities and Exchange Commission, review the financial statements and commentary contained therein with Company management and the independent auditors. Review any changes in accounting principles and determine that the independent auditors are satisfied with the disclosure and content of the statements.
8. Review procedures followed to assure compliance with all laws, regulations and Company policies relating to (1) political contributions, (2) payments to individuals or organizations retained as sales consultants, and (3) maintenance of appropriate financial records and the effectiveness of internal control procedures.
9. Review the adequacy of the Company's internal control program.

Edgar Filing: PACCAR INC - Form DEF 14A

- 10. Review of significant pending and threatened litigation with in-house counsel and outside counsel as needed.
- 11. Review compliance with the Company's policies on business ethics and principles of conduct.

STATED MEETINGS

The Committee shall meet at least annually prior to release of the annual report for the preceding year. The Committee shall reassess the adequacy of this charter annually.

QUORUM

A majority of the members of the Committee shall constitute a quorum. The Committee shall act only on the affirmative vote of at least two of the members.
