REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of the

Simpson Manufacturing Co., Inc. 401(k)

Profit Sharing Plan for Hourly Employees

Pleasanton, California

We have audited the accompanying statements of net assets available for benefits of the Simpson Manufacturing Co., Inc. 401(k) Profit Sharing Plan for Hourly Employees (the Plan) as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of Schedule H, Line 4a, Schedule of Delinquent Participant Contributions and Schedule H, Line 4i, Schedule of Assets (Held at End of Year) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

1. Plan Description

The following is a brief description of the Simpson Manufacturing Co., Inc. 401(k) Profit Sharing Plan for Hourly Employees (the "Plan") and is provided for general informational purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that Simpson Manufacturing Co., Inc. and its United States subsidiaries (the "Company") established in 1984 to provide benefits to eligible hourly employees, as provided in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective May 1, 2011, the Plan was restated in its entirety to (a) permit participants to contribute amounts to the Plan on a pre-tax basis as an elective deferral pursuant to Code section 401(k), (b) establish a safe-harbor 401(k) plan in which the Company will make an annual non-elective contribution for each participant equal to 3% of such participant's eligible compensation, (c) permit in-service distributions and (d) change the name of the Plan to the Simpson Manufacturing Co., 401(k) Profit Sharing Plan for Hourly Employees.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Charles Schwab Trust Company ("Schwab"). Recordkeeping and investment management services are provided by Milliman, Inc.

Certain administrative expenses of the Plan were paid directly by the Company for the years ended December 31, 2012 and 2011. Investment fees, which may vary according to the individual investment funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

All employees, except employees working under the terms of a collective bargaining agreement, non-resident aliens, salaried employees, and employees with contractual exclusion from participation under the Plan, are eligible to participate in the Plan once they have attained the age of 18 and reached the entry date. Effective May 1, 2011, employees age 18 or older can enter the Plan upon commencement of employment for purposes of employee elective deferrals and employer safe-harbor contributions. For purposes of employer discretionary contributions, employees enter the Plan on the first day of the Plan Year after attaining age 18.

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

1. Plan Description (continued)

Contributions

Effective May 1, 2011, participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan on a tax-deferred basis, up to a maximum amount allowed by the Internal Revenue Code (IRC). Maximum allowed deferral amounts were \$17,000 for 2012. Employees over the age of 50 may also contribute an additional \$5,500 to the Plan for 2012. Contributions withheld are invested in accordance with the participant's direction into various investment options offered by the Plan.

Effective May 1, 2011, the Company provides a safe harbor non-elective contribution equal to 3% of the participant's compensation, as defined by the Plan. The Company may also contribute to the Plan a discretionary amount, approved by its Board of Directors (the Board), limited to the maximum amount deductible for federal income tax purposes. The Company's discretionary contribution is allocated to the account of each participant who has completed at least 750 hours of service during the Plan year and is employed on the last day of the year based upon a percentage of the participant's annual eligible compensation to total eligible compensation. The discretionary employer contribution amounted to 7% of eligible compensation for each participant for the plan year ended December 31, 2012. The Company safe harbor non-elective contribution and discretionary contribution amounted to \$436,593 and \$901,857, respectively, in 2012. The Company safe harbor non-elective contribution and discretionary contribution amounted to \$381,544 and \$824,581, respectively, in 2011.

Employer contributions are invested in accordance with the participant's direction into various investment options offered by the Plan. During 2011, the investment options offered by the Plan changed. An investment option transition mapping was followed for those participants who had not made a change to their investment allocation by a designated date. If a participant fails to choose an investment option for the contributions to his or her Plan account, such funds automatically are invested in the Default Fund until he or she selects a different investment option available under the Plan. Effective May 1, 2011, the Plan's designated default investment option (the Default Fund) changed from age based portfolios consisting of Plan investment options as selected by the Administrative Committee to the designated Vanguard Target Retirement Fund that has a target retirement date closest to the year in which the applicable participant might retire, based on the participant's date of birth and assuming a retirement age of 65.

Participant accounts

Edgar Filing: SIMPSON MANUFACTURING CO INC /CA/ - Form 11-K

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (net of investment related expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

1. Plan Description (continued)

Vesting

Participants are immediately vested in their voluntary contributions and the Company safe harbor non-elective contribution, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus earnings thereon is based on years of continuous service, as defined by the Plan. Participants are 100% vested after 6 years of credited service.

Forfeitures

As of December 31, 2012 and 2011, forfeited nonvested accounts totaled \$63,126 and \$58,701, respectively. Forfeitures are allocated to the account of each eligible participant based upon a percentage of the participant's annual eligible compensation to total eligible compensation. Forfeitures are generally allocated to participants subsequent to year-end based upon compensation received in the same plan year in which the forfeiture occurred in accordance with the provisions of the Plan.

Payment of benefits

Distributions and withdrawals are payable upon retirement at age 65 or after, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than \$1,000, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into an IRA or other qualified benefit plan is requested. If the account balance is over \$1,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into an IRA or other qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan documents.

Reclassification

Certain 2011 balances have been reclassified to conform to the 2012 financial statement presentation.

2. Summary of Significant Accounting Policies and Basis of Presentation

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

2. Summary of Significant Accounting Policies and Basis of Presentation (continued)

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The statements of changes in net assets available for benefits present the net appreciation or depreciation in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Subsequent events have been evaluated in connection with the issuance of the financial statements.

Recent accounting pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 converges the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some amendments clarify the application of existing fair value measurement requirements and others change a particular principle for measuring fair value for disclosing fair value measurement information. In addition, ASU 2011-04 requires additional fair value disclosures. The Plan's adoption of ASU 2011-04 as of January 1, 2012 did not have a material effect on the Plan's net assets available for benefits or changes in net assets available for benefits.

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

3. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter, dated October 28, 2011, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC).

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability or disclosure in the financial statements as of December 31, 2012 and 2011. The Plan is subject to routine audits by applicable taxing jurisdictions. There is currently an audit for the 2011 Form 5500 in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for 2008 and prior years.

4. Investments

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2012	2011
Simpson Manufacturing Co., Inc.		
Common Stock	\$ 1,307,665	\$ 3,117,589
Vanguard Target Retirement 2020 Fund	1,301,079	918,842
Vanguard Target Retirement 2025 Fund	2,240,586	1,586,343
Vanguard Target Retirement 2030 Fund	1,814,596	1,266,803
Vanguard Target Retirement 2035 Fund	2,056,643	1,388,556
Vanguard Target Retirement 2040 Fund	1,758,692	1,254,706
Vanguard Target Retirement 2045 Fund	1,247,187	852,238

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows for the years ended December 31:

	2012		2011	
Participant-directed investments				
Employer stock	\$	(206,138)	\$	230,992
Mutual funds		1,191,675		(310,135)
	\$	985,537	\$	(79,143)

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Edgar Filing: SIMPSON MANUFACTURING CO INC /CA/ - Form 11-K

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Common stock: The Company common stock is held by participants in a unitized fund, which means participants do not own shares of Company common stock but rather own an interest in the unitized fund. The fund consists of common stock and cash equivalents to meet the fund's daily cash needs. Unitizing the fund allows for daily trades. The value of a unit reflects the combined value of the Company common stock, at quoted market prices, and cash held by the fund. The Plan owns the underlying assets of shares in common stock and the underlying cash.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

5. Fair Value Measurements (continued)

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the years ended December 31, 2012 and 2011, using quoted prices in active markets for identical assets (Level 1):

	2012	2011
Common Stock	\$ 1,307,665	\$ 3,117,589
Cash Reserve Account	32,373	56,167
Mutual Funds:		
Target Funds	11,209,231	7,917,563
Growth	443,950	411,064
Blended Funds	521,295	429,518
Fixed Income	979,047	740,509
Value	266,258	267,699
Total	\$ 14,759,819	\$ 12,940,109

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the full value of each participant's account shall become fully vested and nonforfeitable.

7. Risks and Uncertainties

The Plan allows for investment in Company common stock, money market and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect

participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Related Parties and Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Charles Schwab. Charles Schwab, or its affiliate, is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, a portion of the Plan's assets are invested in a unitized stock fund holding the Company's common stock. Because the Company is the Plan Sponsor, transactions involving the Company's common stock qualify as party-in-interest transactions. All of these transactions qualify as exempt from the prohibited transaction rules.

Table of Contents

SIMPSON MANUFACTURING CO., INC.

401(k) Profit Sharing Plan for Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

9. Prohibited Transactions

During the year ended December 31, 2012, the Company failed to remit to the Trustee certain employee contributions totaling \$168 within a timely manner. Delays in remitting contributions to the Plan's trustee were due to administrative errors. Subsequent to year-end, the participant accounts were credited with the lost income due to the delays in addition to the late contribution.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to Form 5500:

Net assets available for benefits per the financial statements	\$	15,777,182
Less amounts allocated to withdrawing participants		(51,938)
Net assets available for benefits per the Form 5500	\$	15,725,244

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2012, to Form 5500:

Benefit paid to participants per the financial statements	\$	859,477
Add: Amounts allocated to withdrawing participants at December 31, 2012		51,938
Benefit paid to participants per Form 5500	\$	911,415
