Optional Redemption:	The Fixed Rate Notes of any tranche may be redeemed, in whole or in part, at the option of the Company, at any time or from time to time prior to their stated maturity, at a redemption price equal to the greater of the following amounts: (1) 100% of the principal amount of the Fixed Rate Notes of such tranche to be redeemed; or (2) as determined by the Independent Investment Banker (as defined below), the sum of the present values of the remaining scheduled payments of principal of and interest on the Fixed Rate Notes of such tranche to be redeemed (not including any portion of any payments of interest accrued to the applicable redemption date) discounted to such redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 5 basis points in the case of the 2019 Notes, 10 basis points in the case of the 2021 Notes or 15 basis points in the case of the 2026 Notes, plus, in the case of both clauses (1) and (2) above, accrued and unpaid interest on the principal amount of the Fixed Rate Notes of such tranche being redeemed to such redemption date.

Notwithstanding the foregoing, installments of interest on the Fixed Rate Notes of any tranche that are due and payable on an interest payment date falling on or prior to a redemption date for the Fixed Rate Notes of such tranche will be payable to the registered holders of such Fixed Rate Notes (or one or more predecessor Fixed Rate Notes of such tranche) of record at the close of business on the relevant regular record date, all as provided in the indenture.

Treasury Rate means, with respect to any redemption date for the Fixed Rate Notes of any tranche, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Treasury Rate will be calculated on the third business day preceding the applicable redemption date. As used in the preceding sentence and in the definition of **Reference Treasury Dealer Quotation** below, the term **business day** means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banks are authorized or required by law, regulation or executive order to close in The City of New York.

Comparable Treasury Issue means, with respect to any redemption date for the Fixed Rate Notes of any tranche, the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the Fixed Rate Notes of such tranche that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Fixed Rate Notes.

Comparable Treasury Price means, with respect to any redemption date for the Fixed Rate Notes of any tranche, (i) if the Independent Investment Banker obtains five Reference Treasury Dealer Quotations for that redemption date, the average of those Reference Treasury Dealer Quotations after excluding the highest and lowest of those Reference Treasury Dealer Quotations, (ii) if the Independent Investment Banker obtains fewer than five but more than one such Reference Treasury Dealer Quotations, the average of all of those quotations, or (iii) if the Independent Investment Banker obtains only one such Reference Treasury Dealer Quotation, such quotation.

Independent Investment Banker means one of Citigroup Global Markets Inc., Deutsche Bank Securities Inc., Credit Suisse Securities (USA) LLC, Mizuho Securities USA Inc. and RBC Capital Markets, LLC and their respective successors appointed by the Company to act as the Independent Investment Banker from time to time, or if any such firm is unwilling or unable to serve in that capacity, an independent investment banking institution of national standing appointed by the Company.

Reference Treasury Dealer means, with respect to any redemption date for the Fixed Rate Notes of any tranche, Citigroup Global Markets Inc., Deutsche Bank Securities Inc., Credit Suisse Securities (USA) LLC, Mizuho Securities USA Inc. and RBC Capital Markets, LLC and their respective successors; provided that, if any such firm ceases to be a primary U.S. Government securities dealer in the United States (a Primary Treasury Dealer), the Company will substitute another Primary Treasury Dealer.

Reference Treasury Dealer Quotation means, with respect to each Reference Treasury Dealer and any redemption date for the Fixed Rate Notes of any tranche, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the Fixed Rate Notes of any tranche to be redeemed. If fewer than all of the Fixed Rate Notes of any tranche and all Additional Notes (as defined in the Prospectus Supplement), if any, with the same stated maturity and other terms (other than original issue date, issue price and first payment of interest) as the Fixed Rate Notes of such tranche are to be redeemed at any time, selection of such Fixed Rate Notes and Additional Notes, if any, for redemption will be made by the trustee (as defined in the Prospectus Supplement) by such method as the trustee shall deem fair and appropriate.

Unless the Company defaults in payment of the redemption price, interest on each Fixed Rate Note or portion thereof called for redemption will cease to accrue on the applicable redemption date.

No Additional Amounts or Tax Redemption:

The provisions described in the Prospectus Supplement under the captions Description of the Notes Payment of Additional Amounts and Description of the Notes Redemption for Tax Purposes will not apply to the Fixed Rate Notes.

Form of Fixed Rate Notes:

The Fixed Rate Notes of each tranche will be issued in the form of one or more global Fixed Rate Notes in book-entry form and will be delivered to investors through the facilities of The Depository Trust Company for the accounts of its participants, which may include Clearstream Banking, société anonyme, and Euroclear Bank S.A./N.V., against payment.

Currency:

The Fixed Rate Notes will be denominated and payable in U.S. dollars.

Other:

The Fixed Rate Notes will not be entitled to the benefit of any sinking fund and the Company will not be required to repurchase Fixed Rate Notes at the option of the holders. The Fixed Rate Notes are fixed rate notes as defined in the Prospectus Supplement.

Payments on the Notes. The Notes of each tranche will be issued in the form of one or more global Notes in book-entry form (**global Notes**) and payments on such global Notes will be made through the trustee to The Depository Trust Company, as depository for the global Notes. In the event the Company issues Notes of any tranche in definitive form (**definitive Notes**) in exchange for interests in the global Notes of such tranche under limited circumstances described under **Description of the Notes – Book-Entry Notes and Information Relating to DTC** in the Prospectus Supplement, the Company will pay principal due on the final maturity date of each such definitive Note (or on any prior date on which the principal or an installment of principal of such definitive Note becomes due and payable, whether by declaration of acceleration, call for redemption or otherwise) (each such date, a **maturity**), upon presentation of such definitive Note at the corporate trust office of the trustee or at any other place designated by the Company. Payment of interest due on definitive Notes of any tranche on any interest payment date for the Notes of such tranche will be made at the corporate trust office or at any other place designated by the Company or, at the Company's option, may be made by check mailed to the addresses of the persons entitled thereto as their addresses may appear in the register of the Notes of such tranche or by wire transfer of immediately available funds if appropriate wire transfer instructions have been received in writing by the trustee not less than 15 days prior to the applicable interest payment date. Notwithstanding the foregoing, the Company will make payments of interest on any interest payment date to each registered holder of \$10,000,000 (or, if the payment currency is other than United States dollars, the equivalent thereof in the particular payment currency) or more in aggregate principal amount of the Company's Medium-Term Notes, Series F in definitive form (whether having identical or different terms and provisions and including definitive Notes) by wire transfer of immediately available funds if the applicable registered holder has delivered appropriate wire transfer instructions in writing to the trustee not less than 15 days prior to the particular interest payment date. Any wire transfer instructions received by the trustee shall remain in effect until revoked by the applicable registered holder.
