ITEM 1.01 Entry into a Material Definitive Agreement

On June 3, 2010, TechTeam Global, Inc., a Delaware corporation (“TechTeam Global”), Jacobs Engineering Group Inc., a Delaware corporation (“Jacobs Engineering”), and Jacobs Technology Inc., a Tennessee corporation and a wholly-owned subsidiary of Jacobs Engineering (“Jacobs Technology”), entered into a Stock Purchase Agreement (the “Stock Purchase Agreement”), pursuant to which, and subject to satisfaction or waiver of the conditions therein, TechTeam Global would sell to Jacobs Technology its government solutions business (the “Government Solutions Business”) for a purchase price of \$59 million (the “Purchase Price”), subject to certain escrows and adjustments in accordance with the terms of the Stock Purchase Agreement.

Pursuant to the terms of the Stock Purchase Agreement, Jacobs Technology would acquire the Government Solutions Business from TechTeam Global by the acquisition of 100% of the shares of the capital stock (the “Share Acquisition”) of TechTeam Government Solutions, Inc., a Virginia corporation and a wholly-owned subsidiary of TechTeam Global (“TTGSI”). TechTeam Global conducts the Government Solutions Business through TTGSI and its subsidiaries. The Share Acquisition and the other transactions contemplated by the Stock Purchase Agreement are hereinafter collectively referred to as the “Transaction.” Subject to the terms of the Stock Purchase Agreement, Jacobs Engineering has guaranteed the performance by Jacobs Technology of all of its obligations under the Stock Purchase Agreement and the Transaction-related agreements to which it is a party.

Pursuant to the terms of the Stock Purchase Agreement, at the closing of the Transaction (the “Closing”), \$14.75 million of the Purchase Price will be paid into an escrow account (the “Escrow Account”) to secure TechTeam Global’s indemnification obligations for certain specified contingencies. In addition, the Stock Purchase Agreement provides for a post-closing adjustment to the Purchase Price that is tied to the extent to which the net tangible book value of the assets of the Government Solutions Business at the Closing exceeds or is less than a target net tangible book value of approximately \$12.2 million. An additional escrow account in the amount of approximately \$2.77 million will be established to secure the aforementioned post-closing adjustment to the Purchase Price. The Purchase Price is also subject to adjustment based on TTGSI’s cash and debt at closing. At Closing, Jacobs Technology, TTGSI and JP Morgan Chase Bank, National Association, as escrow agent, will enter into an Escrow Agreement which will govern the operation of the escrow established for purposes of the indemnity and post-closing obligations described above.

In the Stock Purchase Agreement, TechTeam Global has made various representations and warranties, including, but not limited to, representations and warranties regarding TTGSI and the Government Solutions Business, and has agreed to certain covenants, including affirmative and negative covenants regarding the operation of Government Solutions Business during the period between the signing of the Stock Purchase Agreement and the Closing.

In addition, TechTeam Global has agreed to covenants prohibiting it and its representatives from soliciting, providing information regarding, entering into discussions or arrangements concerning, or approving or recommending, any proposal relating to an alternative business combination transaction from a third party with respect to the Government Solutions Business. Notwithstanding the foregoing restrictions, TechTeam Global may, prior to a stockholder vote approving the Stock Purchase Agreement and subject to compliance with the terms of the Stock Purchase Agreement, respond to an unsolicited bona fide written competing transaction proposal from a third party for not less than all of the Government Solutions Business, including, but not limited to, a proposal that contemplates the acquisition of the Government Solutions Business together with the rest of the operations of TechTeam Global, that TechTeam Global's board of directors determines, in good faith, after consultation with its financial advisor and outside legal counsel, is, or is reasonably likely to lead to, a Superior Proposal or, that TechTeam Global's board of directors determines, in good faith, after consulting with its outside counsel, that failing to respond to such proposal, as contemplated by the Stock Purchase Agreement, is reasonably likely to result in a violation of the Board's fiduciary duties to TechTeam Global's stockholders or other violation of applicable law. For purposes of the Stock Purchase Agreement, a Superior Proposal is an unsolicited bona fide written competing transaction proposal that is determined, in good faith, by the TechTeam Global board of directors, after consultation with its financial advisor, to be more favorable from a financial point of view to TechTeam Global's stockholders than the terms of the Stock Purchase Agreement or, if applicable, any written proposal by Jacobs Technology to amend the terms of the Stock Purchase Agreement, taking into account all the terms and conditions of such proposal and the Stock Purchase Agreement (including the expected timing and likelihood of consummation and any governmental, regulatory and other approval requirements) and to be reasonably capable of being consummated; provided, however, that any such competing transaction proposal shall not be deemed to be a "Superior Proposal" if any financing required to consummate the transaction contemplated by such competing transaction proposal is not committed and is not reasonably capable of being obtained by the third party submitting such competing transaction proposal.

The consummation of the Transaction is subject to a number of closing conditions, including, but not limited to, (i) the approval of the Stock Purchase Agreement and the Transaction by stockholders representing a majority of the outstanding shares of TechTeam Global's common stock entitled to vote on such a matter at a meeting of TechTeam Global's stockholders, (ii) the absence of certain legal impediments to the consummation of the Transaction, (iii) the absence of any proceeding being brought or threatened which challenges or seeks to restrain, enjoin or prohibit the Transaction, (iv) the receipt of specified third-party consents and government approvals, (v) the release of all liens, other than certain permitted liens, on the assets and properties of TTGSI, (vi) the absence of any material adverse effect on the Government Solutions Business, TechTeam Global or TTGSI, (vii) the continued employment by TTGSI of certain designated employees, (viii) no litigation being pending or threatened which (A) could reasonably be expected to result in a "material adverse effect" with respect to the Government Solutions Business or TechTeam Global, (B) relates to any alleged material violation of any applicable law, or (C) relates to any allegation of fraud or intentional misrepresentation, (ix) the accuracy of the representations and warranties made by TechTeam Global or Jacobs Technology in the Stock Purchase Agreement, as the case may be, as of the closing date, except to the extent such representations and warranties relate to a particular date or time period (in which case such representations and warranties shall be true and correct on and as of such date or for such time period); and (xii) the performance and compliance by the parties with specified covenants and obligations required to be performed and complied with under the Stock Purchase Agreement. The obligations of Jacobs Technology to consummate the Transaction are also subject to TTGSI not entering into any new teaming agreements, government contracts or government bids which (i) impose any restriction on the ability of TTGSI to compete in any business or activity within a certain geographic area, or pursuant to which any benefit or right is required to be given or lost as a result of so competing, (ii) grant any exclusive license, supply or distribution agreement or other exclusive rights, or (iii) grant any "most favored nation," rights of first refusal, rights of first negotiation or similar rights with respect to any product, service or intellectual property right, and which, in the case of (i), (ii) and (iii), Jacobs Technology reasonably believes would, individually or in the aggregate, materially and adversely affect Jacobs Technology, its affiliates or TTGSI following the Closing. In addition, the consummation of the Transaction is also subject to the delivery of customary closing documents and the satisfaction of other customary closing conditions.

The Stock Purchase Agreement may be terminated by either TechTeam Global or Jacobs Technology if the Closing has not occurred by October 1, 2010; provided that the Closing has not occurred by such date due to the failure of the terminating party to fulfill any material obligations required to be performed by such party pursuant to the Stock Purchase Agreement at or prior to the Closing. The Stock Purchase Agreement may also be terminated by TechTeam Global or Jacobs Technology, as the case may be, upon the occurrence of certain specified events as set forth in the Stock Purchase Agreement. If the Stock Purchase Agreement is terminated under certain circumstances, including, but not limited to, in connection with a determination by TechTeam Global's board of directors in accordance with the Stock Purchase Agreement to accept a Superior Proposal and enter into a definitive agreement with respect thereto immediately following such termination, TechTeam Global has agreed to pay to Jacobs Technology a termination fee of \$2.36 million and to reimburse Jacobs Technology for certain expenses incurred by it in connection with the Transaction up to \$750,000. If the Stock Purchase Agreement is terminated because of TechTeam Global's inability to obtain stockholder approval of the Transaction, TechTeam Global will be required to reimburse Jacobs Technology for its expenses as described above.

In order to induce Jacobs Engineering and Jacobs Technology to enter into the Stock Purchase Agreement, each of Costa Brava Partnership III L.P. and Emancipation Capital, LLC, which beneficially own in the aggregate approximately 18.3% of TechTeam Global's common stock, have agreed to enter into voting agreements with Jacobs Technology (each, a "Voting Agreement") pursuant to which they have each agreed to, among other things, vote the TechTeam Common Stock held by them (i) in favor of the Transaction, including the approval and adoption of the Stock Purchase Agreement, (ii) against approval or adoption of any competing transaction proposal or any proposal made in opposition to or in competition with the Transaction, and (iii) against any actions to the extent that such actions are intended, or could reasonably be expected to, in any material respect, impede, interfere with, delay, postpone, discourage or adversely affect the Transaction. Costa Brava Partnership III L.P. is an affiliate of Seth W. Hamot, a member of the TechTeam Global board of directors. Emancipation Capital, LLC is an affiliate of Charles Frumberg, a member of the TechTeam Global board of directors. The description contained in this Item 1.01 of certain terms of the Voting Agreements is qualified in its entirety by reference to the full text of the form of Voting Agreement, a copy of which is attached hereto as Exhibit 99.1.

General John P. Jumper (USAF Retired), who has been a member of the board of directors of Jacobs Engineering since February 2007, previously served on the board of directors of TechTeam Global from June 2006 until May 2009. However, Mr. Jumper did not serve on the TechTeam Global board of directors at the time of any material negotiations between TechTeam Global and Jacobs Technology or Jacobs Engineering with respect to the Stock Purchase Agreement or the Transaction. Furthermore, Mr. Jumper has not been an active participant in any of the negotiations, transactions or material contacts among TechTeam Global, Jacobs Engineering and Jacobs Technology with respect to the Stock Purchase Agreement and the Transaction.

In addition, since January 1, 2008, TTGSI has entered into a total of seven project subcontracts with Jacobs Technology as prime contractor, which subcontracts form a part of the Government Solutions Business. As of March 31, 2010, six of these government services projects have ended, leaving only one current ongoing project with Jacobs Technology.

Except as stated above, there are no material relationships by and among TechTeam Global, Jacobs Technology or Jacobs Engineering, or any of their respective affiliates, other than with respect to the Transaction, the Stock Purchase Agreement and the related ancillary agreements.

The foregoing description of the Transaction does not purport to be complete and is qualified in its entirety by reference to the full text of the Stock Purchase Agreement, a copy of which is filed with this Current Report on Form 8-K as Exhibit 2.1 and incorporated by reference herein. The Stock Purchase Agreement has been attached to provide investors with information regarding its terms. It is not intended to provide any other factual information about TechTeam Global or TTGSI. The Stock Purchase Agreement contains representations and warranties that TechTeam Global, on the one hand, and Jacobs Engineering and Jacobs Technology, on the other hand, made to each other as of specific dates. Investors are not third-party beneficiaries of the Stock Purchase Agreement, and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or conditions of TechTeam Global or TTGSI, or any of their subsidiaries or affiliates.

In particular, the assertions embodied in the representations and warranties contained in the Stock Purchase Agreement are qualified by information in confidential disclosure schedules provided by TechTeam Global in connection with the execution of the Stock Purchase Agreement. These disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the Stock Purchase Agreement. Moreover, the representations and warranties in the Stock Purchase Agreement were used for the purpose of allocating risk between TechTeam Global, on the one hand, and Jacobs Engineering and Jacobs Technology, on the other hand, rather than establishing matters of fact. Accordingly, the representations and warranties in the Stock Purchase Agreement may not constitute the actual state of facts about TechTeam Global, TTGSI, Jacobs Engineering or Jacobs Technology. In addition, information concerning the subject matter of the representations and warranties may change after the date of this agreement, which subsequent information may or may not be fully reflected in TechTeam Global's public disclosures.
