**Converium Holding Ltd Zug**

**Zug, Switzerland November 28, 2002** Converium Holding Ltd Zug, is pleased to announce that its subsidiary, Converium Ltd, Zurich, has signed an agreement to take a 25% shareholding in Global Aerospace Underwriting Managers Limited (GAUM), a leading international aviation managing agent, and has agreed to become a member of the pools managed by it with a 25% share, commencing January 1, 2003. Completion of the acquisition is subject to various regulatory approvals.

Converium, one of the leading global professional reinsurance companies, has further strengthened its long-term strategic position in the aviation and aerospace business by this investment in Global Aerospace Underwriting Managers Limited ( Global Aerospace ) and the pool membership. Converium views its investment as an important step in its long-term strategy to be one of the top global leading reinsurance companies and to expand in Specialty Lines. Under the agreement relating to its investment in Global Aerospace, Converium's investment is below US\$ 45 million.

Converium is a leading provider of reinsurance in the aviation and aerospace sector. So far, Converium has indirectly reinsured 9% of the pools managed by Global Aerospace.

(1) Including September 11th

(2) The combined ratios presented in this table exclude administration expenses.

The effect of rate increases post September 11th and the relatively low frequency of major airline losses in accident year 2002 so far indicate that losses in Converium's aviation business appear to be low in comparison with past experience. Converium thus believes favorable earnings in the aviation business may emerge in the fourth quarter 2002. These favorable earnings could, however, be affected by final reporting by ceding companies for major losses of a catastrophic nature which may occur between the date of this press release and the end of the year 2002.

**Dirk Lohmann, CEO Converium, said:**

This investment confirms our commitment to the reinsurance of aviation and aerospace risks and further strengthens our position in the top echelon of aviation reinsurers.

**Mario Montelatici, Underwriting Manager & Head of the Global Center of Excellence Aviation & Space, said:**

Converium's 25%-stake in Global Aerospace and our increase of our share in the respective pools from 9% to 25% represent important developments for our aviation strategy. Global Aerospace is the leading underwriting agency, Converium one of the leading reinsurers: for me, this is the perfect fit.

Based on the very favorable terms and conditions in the aviation insurance and reinsurance market, I am convinced that this investment will result in a substantial improvement of the long-term profitability and the overall risk-return characteristics of Converium's aviation book.

**Martin Kauer, CFO Converium, said:**

The strategic alliance we entered with Global Aerospace by becoming a 25% shareholder and increasing our pool-membership to 25% is clear evidence of our commitment to seek alliances with partners who have strengths in areas outside our core skills, such as distribution, claims management and branding, and who will benefit from our distinct underwriting expertise and capacity.

Even including the losses of September 11th, aviation is one of Converium's most profitable lines of business. We are convinced that this investment is going to further strengthen our position in the aviation market and will result in an increased profitability.
