AMPAL-AMERICAN ISRAEL CORPORATION AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. As used in these financial statements, the term the Company refers to Ampal-American Israel Corporation (Ampal) and its consolidated subsidiaries.
2. The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles (GAAP), in the United States of America, for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the interim period are not necessarily indicative of the results that may be expected for the full year. You should read these interim condensed consolidated financial statements in conjunction with the audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2006, filed with the Securities and Exchange Commission.

Reference should be made to the Company s consolidated financial statements for the year ended December 31, 2006 for a description of the critical accounting policies. Also, reference should be made to the notes to the Company s December 31, 2006 consolidated financial statements for additional information regarding the Company s consolidated financial condition, results of operations and cash flows. Accounting Change - Effective January 1, 2007 the Company adopted Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes (an interpretation of FASB Statement No. 109) (FIN 48). Refer to Note 6 for additional information regarding the Company s unrecognized tax benefits.

3. Recently Issued Accounting Pronouncements

SFAS No. 157 - Fair Value Measurements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157), which provides guidance on how to measure assets and liabilities that use fair value. SFAS 157 will apply whenever another US GAAP standard requires (or permits) assets or liabilities to be measured at fair value but does not expand the use of fair value to any new circumstances. This standard also will require additional disclosures in both annual and quarterly reports. SFAS 157 will be effective for fiscal years beginning after November 15, 2007 (January 1, 2008 for the Company). The Company is currently evaluating the impact, if any, the adoption of SFAS 157 will have on its financial statements.

FAS No. 159 - The Fair Value Option for Financial Assets and Financial Liabilities

In February 2007, the FASB issued FAS 159, The Fair Value Option for Financial Assets and Financial Liabilities. This standard permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. As applicable to Ampal, this statement will be effective as of the year beginning January 1, 2008. Ampal is currently evaluating the impact that the adoption of FAS 159 would have on its consolidated financial statements.

4. Cash and cash equivalents

Cash equivalents are short-term, highly liquid investments that have original maturity dates of three months or less and are readily convertible into cash.

Cash equal to \$9.0 million has been placed as a compensating balance for various loans provided to the Company and would therefore be unavailable if the Company wished to pledge them in order to provide an additional source of cash.

5. East Mediterranean Gas Company

On December 1, 2005, the Company, through Merhav Ampal Energy, Ltd., a wholly-owned subsidiary of the Company, acquired a 2% interest in East Mediterranean Gas Co. S.A.E., an Egyptian joint stock company (EMG) from Merhav M.N.F. Ltd. (Merhav). The Company paid \$30.0 million in cash, representing the fair value of the interest purchased at the time this transaction closed.

On August 1, 2006, the Company acquired the beneficial ownership of 4.6% of the outstanding shares of EMG 's capital stock from Merhav. The transaction was accounted for as a transfer of assets between entities under common control, which resulted in Merhav transferring the investment in EMG to Ampal at carrying value. Due to the nature of Merhav 's operations, this entity would be treated as an investment company under US GAAP, and as such, the carrying value of the investment in EMG would equal fair value. On this basis, the 4.6% investment in EMG was transferred to Ampal at carrying value, which also equals fair value. The cost of the investment was \$100.0 million, of which, \$50.0 million was paid in cash and the balance was paid in 10,248,002 shares of the Company Class A Stock (based on the Company 's share price of \$4.88 per share) that was accounted for at a fair value of \$49.0 million. The issuance of the shares of Class A Stock received the approval of the shareholders of the Company as required by the marketplace rules of the NASDAQ Global Market. As a result of this transaction, the Company beneficially owned 6.6% of the total outstanding shares of EMG. Through August 2008, the cost of the investment may be adjusted downward should Merhav sell any of its remaining shares of EMG to a third-party purchaser at a price per share lower than the price per share paid by the Company pursuant to the agreement. Additionally, pursuant to the agreement, the Company was granted an option for a period of up to two years to have the right to acquire up to an additional 5.9% of the total outstanding shares of EMG stock.

Yosef A. Maiman, the Chairman, President and CEO of the Company and a member of the controlling shareholder group of the Company, is the sole owner of Merhav. Because of the foregoing relationships, a special committee of the Board of Directors composed of the Company 's independent directors, who also constitute all of the members of the Company 's Audit Committee, negotiated and approved the transaction. Houlihan Lokey Howard & Zukin Financial Advisors, Inc., which was retained as financial advisor to the special committee, delivered a fairness opinion to the special committee regarding the transaction.

On August 22, 2006, EMG called for additional capital from all of its shareholders. As a result, the Company paid an additional \$2.7 million in order to maintain its pro rata beneficial interest in this investment.

On December 21, 2006, the Company acquired the beneficial ownership of an additional 5.9% of the outstanding shares of EMG 's capital stock pursuant to an option granted by Merhav in August 2006. The transaction was accounted for as a transfer of assets between entities under common control, which resulted in Merhav transferring the investment in EMG to Ampal at carrying value. Due to the nature of Merhav 's operations, this entity would be treated as an investment company under US GAAP, and as such, the carrying value of the investment in EMG would equal fair value. On this basis, the 5.9% investment in EMG was transferred to Ampal at carrying value, which also equals fair value.

The cost of the investment was approximately \$128.3 million, of which approximately \$68.3 million was paid in cash, \$40 million was paid in 8,602,151 shares of the Company's Class A Stock and the balance was satisfied by the issuance of a promissory note in the principal amount of \$20 million (the Convertible Promissory Note), which, at the option of Merhav, will be paid in cash, additional shares of the Company Class A Stock (based on a price per share of \$4.65), or a combination thereof. As permitted under the stock purchase agreement, Merhav assigned its right to the 8,602,151 Shares to De Majorca Holdings Limited as part of Merhav's restructuring process. The Convertible Promissory Note bears interest at 6 months LIBOR (5.375%) and matures on September 20, 2007 or upon demand by Merhav. Ampal may pre-pay the Convertible Promissory Note at any time in whole or in part. The maximum number of shares that can be issued in this transaction (including accrued interest payable through the maturity date on the Convertible Promissory Note) is 13,078,540 shares of Class A Stock. As a result of this transaction, Ampal beneficially owns 12.5% of the total outstanding shares of EMG. The issuance of the 8,602,151 shares and the shares underlying the Convertible Promissory Note received the approval of the shareholders of the Company on February 7, 2007, as required by the marketplace rules of the NASDAQ Global Market. Due to the agreement of the controlling shareholder group to vote in favor of the issuance of these shares to Merhav as of the closing date of the EMG transaction (which ensured that the proposal would be adopted by the requisite shareholders vote on February 7, 2007) the Company as of December 31, 2006 classified for accounting purposes the sale of these shares as part of the exchange with Merhav on December 21, 2006 and recognized the \$40 million with shareholders' equity as Receipt on account of unallocated shares.

Yosef A. Maiman, the Chairman, President and CEO of the Company and a member of the controlling shareholder group of the Company, is the sole owner of Merhav. Because of the foregoing relationships, a special committee of the Board of Directors composed of the Company's independent directors, who also constitute all of the members of the Company's Audit Committee, negotiated and approved the transaction. Houlihan Lokey Howard & Zukin Financial Advisors, Inc., which was retained as financial advisor to the special committee, advised the special committee on these transactions.

6. Income Tax

In July 2006, the Financial Accounting Standards Board (FASB) released FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 (FIN 48) which became effective for and was adopted by the Company as of January 1, 2007. FIN 48 clarifies the accounting and reporting for uncertainties in income taxes and prescribes a comprehensive model for the financial statement recognition, measurement, presentation and disclosure of uncertain tax positions taken or expected to be taken in income tax returns.

As a result of the adoption by the Company of FIN 48, on January 1, 2007, we recognized, as a cumulative effect of change in accounting principle, a \$2 million increase in our liability for unrecognized tax benefits, which was accounted for as a decrease in the January 1, 2007 balance of retained earnings. Furthermore, the Company recognized an increase in deferred tax assets of approximately \$2.0 million, which was accounted for as an increase in the January 1, 2007 balance of retained earnings. The Company and its subsidiaries have not received tax assessments for the years 2003 and thereafter.

7. Segment information presented below, results primarily from operations in Israel.

SFAS 131 Disclosure about Segments of an Enterprise and Related Information establishes annual and interim reporting standards for an enterprise's operating segments and related disclosures about its products, services, geographic areas and major customers. Segment information presented below results primarily from operations in Israel.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form 10-Q

The energy segment consists of the investment in EMG, an Egyptian joint stock company, which holds the right to supply natural gas to Israel through a pipe line to be constructed from Egypt to Israel.

The real estate rental segment consists of rental property owned in Israel and the United States and leased to unrelated parties, and operations of Am-Hal Ltd., a wholly-owned subsidiary which owns and operates a chain of senior citizen facilities located in Israel.

The leisure-time segment consists of Coral World International Limited (marine parks located around the world) and Country Club Hod Hasharon Sport Center and Kfar Saba, the Company's 51%-owned subsidiary located in Israel. During June 2006, the Company sold all of its interest in Coral World International Limited.

The finance segment consists of all other activities which are not part of the above segments.

	2007	2006
Options and Rights	2,164	1,994
6 - 1/2% Preferred Stock	-	495
4% Preferred Stock	-	110

9. DEBT

On February 26, 2007, the Company entered into a bank loan with Union Bank Of Israel (UBI). Pursuant to the loan agreement, UBI granted the Company a \$10 million loan, which bears interest at the rate of LIBOR plus 2% to be repaid in six annual installments commencing on April 2, 2008. The Company received the \$10 million loan on April 2, 2007. The loan is secured by a pledge of certain assets.

On April 26, 2007, the Company refinanced its existing loans with Bank Hapoalim. This agreement provides for a secured \$27 million dollar loan facility to the Company at the value as of March 30, 2007, to be used for general corporate purposes. On March 30, 2007, the Company borrowed the full \$27 million under the loan facility. The funds borrowed under the loan facility are due in six annual installments commencing on December 31, 2007 and bear an interest at an annual rate of LIBOR plus 2%. The Loan Agreement contains financial and other covenants including an acceleration of payment upon the occurrence of certain changes in the ownership of our Class A Stock.

10. LEGAL PROCEEDINGS:

On March 18, 2007, tenants of the retirements centers for senior citizens of Am-Hal filed a lawsuit in the Tel Aviv District Court against Ampal, Am-Hal and other subsidiaries of Ampal. The lawsuit was filed after Ampal announced the potential sale of its holdings in Am-Hal to Mishan. Among other things, the plaintiffs requested that the District Court (i) issue warrants that will oblige Am-Hal to keep the deposits received from the tenants in a designated account for each tenant controlled by an accountant agreed to by Am-Hal and the tenants, (ii) maintain the level of services provided by Am-Hal to the tenants and (iii) maintain the ratio of independent tenants and supportive tenants in the centers. The plaintiffs also asked the District Court to issue temporary ex parte injunctions to prohibit Ampal from signing an agreement for the sale of its holdings in Am-Hal and to nominate a receiver to locate and keep the tenants' deposits. The District Court did not grant the temporary injunctions ex parte and requested that the defendants reply to the claim in accordance with the normal procedures.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

AMPAL-AMERICAN ISRAEL CORPORATION AND SUBSIDIARIES

CRITICAL ACCOUNTING POLICIES

The preparation of Ampal's consolidated financial statements is in conformity with generally accepted accounting principles in the United States which requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the accompanying consolidated financial statements and related footnotes. Actual results may differ from these estimates. To facilitate the understanding of Ampal's business activities, described below are certain Ampal accounting policies that are relatively more important to the portrayal of its financial condition and results of operations and that require management's subjective judgments. Ampal bases its judgments on its experience and various other assumptions that it believes to be reasonable under the circumstances. Please refer to Note 1 to Ampal's consolidated financial statements included in this Annual Report for the fiscal year ended December 31, 2006 for a summary of all of Ampal's significant accounting policies.

Investment in EMG and other cost basis investments

The Company accounts for its 12.5% equity interest in EMG and a number of other investments on the basis of the cost method. EMG, which is the Company's most significant holding as of March 31, 2007, was acquired from Merhav (M.N.F.) Ltd. (Merhav), which is an entity controlled by one of the members of the Company's controlling shareholder group. As a result, the transaction was accounted for as a transfer of assets between entities under common control, which resulted in Merhav transferring the investment in EMG to Ampal at carrying value. Due to the nature of Merhav's operations, this entity would be treated as an investment company under US GAAP, and as such, the carrying value of the investment in EMG would equal fair value. As a result, the 12.5% investment in EMG was transferred at carrying value, which equals fair value. Application of the cost basis method requires the Company to periodically review these investments in order to determine whether to maintain the current carrying value or to write off some or all of the investment. While the Company uses some objective measurements in its review, such as the portfolio company's liquidity, burn rate, termination of a substantial number of employees, achievement of milestones set forth in its business plan or projections and seeks to obtain relevant information from the company under review, the review process involves a number of judgments on the part of the Company's management. These judgments include assessments of the likelihood of the company under review to obtain additional financing, to achieve future milestones, make sales and to compete effectively in its markets. In making these judgments the Company must also attempt to anticipate trends in the particular company's industry as well as in the general economy. There can be no guarantee that the Company will be accurate in its assessments and judgments. To the extent that the Company is not correct in its conclusion it may decide to write down all or part of the particular investment.

Long-Lived Assets

On January 1, 2002, Ampal adopted SFAS 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS 144 requires that long-lived assets, to be held and used by an entity, be reviewed for impairment and, if necessary, written down to the estimated fair values, whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through undiscounted future cash flows.

Accounting for Income Taxes

As part of the process of preparing our consolidated financial statements, we are required to estimate our income taxes in each of the jurisdictions in which we operate. This process involves us estimating our current tax exposure together with assessing temporary differences resulting from differing treatment of items for tax and accounting purposes. These differences result in deferred tax assets and liabilities, which are included in our consolidated balance sheet. We must then assess the likelihood that our deferred tax assets will be recovered from future taxable income, and, to the extent we believe that recovery is not likely, we must establish a valuation allowance. To the extent we establish a valuation allowance or increase this allowance in a period, we must include an expense within the tax provision in the statement of operations. A valuation allowance is currently set against certain tax assets because management believes it is more likely than not that these deferred tax assets will not be realized through the generation of future taxable income. We also do not provide for taxes on undistributed earnings of our foreign subsidiaries, as it is our intention to reinvest undistributed earnings indefinitely outside the United States. In 2007, there were no undistributed earnings from foreign subsidiaries.

Significant management judgment is required in determining our provision for income taxes, our deferred tax assets and liabilities and our future taxable income for purposes of assessing our ability to realize any future benefit from our deferred tax assets. In the event that actual results differ from these estimates or we adjust these estimates in future periods, our operating results and financial position could be materially affected.

We account for uncertain tax positions in accordance with FIN 48. The application of income tax law is inherently complex. As such, we are required to make many assumptions and judgments regarding our income tax positions and the likelihood of such tax positions being upheld if challenged by applicable regulatory authorities. Interpretations and guidance surrounding income tax laws and regulations change over time. As such, changes in our assumptions and judgments can materially affect amounts recognized in the consolidated balance sheets and statements of operations.

Employee Stock-Based Compensation

Prior to January 1, 2006, we accounted for employees' share-based payment under the intrinsic value model in accordance with Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25) and related interpretations. In accordance with Statement of Financial Accounting Standards No. 123 - Accounting for Stock-Based Compensation (FAS 123), as amended by Statement of Financial Accounting Standards No. 148, Accounting for Stock-Based Compensation - Transition and Disclosure, we disclosed pro forma information assuming we had accounted for employees' share-based payments using the fair value-based method defined in FAS 123.

Effective January 1, 2006, we adopted Statement of Financial Accounting Standards No. 123 (revised 2004), Share-based Payment (FAS 123(R)). FAS 123(R) supersedes APB 25 and related interpretations and amends Statement of Financial Accounting Standards No. 95, Statement of Cash Flows (FAS 95). FAS 123(R) requires awards classified as equity awards to be accounted for using the grant-date fair value method. The fair value of stock options is determined based on the number of shares granted and the price of our common stock, and determined based on the Black-Scholes models, net of estimated forfeitures. We estimated forfeitures based on historical experience and anticipated future conditions.

In March 2005, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 107 (SAB 107). SAB 107 provides supplemental implementation guidance on FAS 123(R), including guidance on valuation methods, inventory capitalization of share-based compensation cost, income statement effects, disclosures and other issues. SAB 107 requires share-based payment to be classified in the same expense line items as cash compensation. We have applied the provisions of SAB 107 in our implementation of FAS 123(R).

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form 10-Q

We elected to adopt the modified prospective transition method, permitted by FAS 123(R). Under such transition method, FAS 123(R) was implemented as of the first quarter of 2006 with no restatement of prior periods. The valuation provisions of FAS 123(R) apply to new awards and to awards modified, repurchased, or cancelled after January 1, 2006. Additionally, compensation cost for the portion of awards for which the requisite service has not been rendered that are outstanding as of January 1, 2006, is recognized over the remaining service period using the grant-date fair value of those awards as calculated for pro forma disclosure purposes under FAS 123(R).

Recently Issued Accounting Pronouncements

SFAS No. 157 - Fair Value Measurements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157), which provides guidance on how to measure assets and liabilities that use fair value. SFAS 157 will apply whenever another US GAAP standard requires (or permits) assets or liabilities to be measured at fair value but does not expand the use of fair value to any new circumstances. This standard also will require additional disclosures in both annual and quarterly reports. SFAS 157 will be effective for fiscal years beginning after November 15, 2007 (January 1, 2008 for the Company). The Company is currently evaluating the impact, if any, the adoption of SFAS 157 will have on its financial statements.

FAS No. 159 - The Fair Value Option for Financial Assets and Financial Liabilities

In February 2007, the FASB issued FAS 159, The Fair Value Option for Financial Assets and Financial Liabilities. This standard permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. As applicable to Ampal, this statement will be effective as of the year beginning January 1, 2008. Ampal is currently evaluating the impact that the adoption of FAS 159 would have on its consolidated financial statements.

Results of Operations

Three months ended March 31, 2007 compared to three months ended March 31, 2006

Ampal-American Israel Corporation (Ampal) and its subsidiaries (the Company) recorded a consolidated net loss of \$5.0 million for the three months ended March 31, 2007 compared to a net loss of \$0.6 million for the same period in 2006. The increase in losses is primarily attributable to a decrease in earning of affiliates, a decrease in net realized gains from investments and marketable securities, an increase in loss from impairment of investment, an increase in interest expense and an increase in translation loss for the three months ended March 31, 2007 as compared to the same period in 2006.

Equity in earnings of affiliates decreased to a net loss of \$17.0 thousand for the three months ended March 31, 2007, compared to a net gain of \$0.9 million for the same period in 2006. The decrease is primarily attributable to the sale of Coral World International in June 2006, which had recorded a gain of \$0.7 million in the three months ended March 31, 2006.

In the three month period ended March 31, 2007, the Company recorded \$37 thousand of net realized gain on investments, compared to \$1.0 million of net realized gain in the same period in 2006. The gain recorded in 2006 was primarily attributable to additional proceeds from the sale of Modem Art Ltd. (\$0.6 million gain) and the sale of certain assets by PSINet Europe, one of the holdings of Ampal s investee company, Telecom Partners (TP)(\$0.4 million gain).

In the three month period ended March 31 2007, the Company recorded \$0.5 million of loss from impairment of investment relating to the investment in Carmel Containers Ltd.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form 10-Q

In the three month period ended March 31 2007, the Company recorded \$2.0 million of interest expense, compared to \$1.0 million for the same period in 2006. The increase in interest expense is primarily attributable to the notes issued to institutional investors in Israel and the convertible promissory note issued to Merhav which were issued in November and December 2006, respectively.

In the three month period ended March 31, 2007, the Company recorded a \$1.2 million translation loss, as compared to a \$0.3 million translation loss for the same period in 2006. The increase in translation loss is related to the revaluation of the New Israeli Shekel compared to the American Dollar.

Liquidity and Capital Resources

Cash Flows

The Company's sources of cash include cash and cash equivalents and marketable securities, which totaled \$32.2 million as of March 31, 2007, compared to \$37.1 million in December 31, 2006. The Company also has the capability of receiving cash from operations and investing activities. The Company believes that these sources are sufficient to fund the current requirements of operations, capital expenditures, investing activities and other financial commitments of the Company for the next 12 months. However, to the extent that contingencies and payment obligations described below and in other parts of this Report require the Company to make unanticipated payments, the Company would need to further utilize these sources of cash, which may include additional borrowing, refinancing of its existing indebtedness or liquidating other assets, the value of which may also decline.

In addition, cash equal to \$9 million has already been pledged as security for various loans provided to the Company and would therefore be unavailable if the Company wished to pledge them in order to provide an additional source of cash.

Cash flows from operating activities

Net cash used in by operating activities totaled approximately \$4.0 million for the three months ended March 31, 2007, compared to approximately \$2.1 million provided by operating activities for the same period in 2006. The decrease is primarily attributable to the \$371 thousand of net proceeds from the sale of marketable securities in 2007 as compared to \$5.0 million of net proceeds from the sale of marketable securities (\$17.2 million proceeds offset by \$12.2 million invested) in the same period of 2006.

Cash flows from investing activities

Net cash used in investing activities totaled approximately \$1.0 million for the Three months ended March 31, 2007, compared to approximately \$51 thousand provided by investing activities for the same period in 2006. The decrease is primarily attributable to the Company's investments in Bay-Heart and capital improvement in Am-Hal.

Cash flows from financing activities

Net cash provided by financing activities was approximately \$0.7 million for the three months ended March 31, 2007, compared to approximately \$3.9 million of net cash used in financing activities for the three month period ended March 31, 2006.

In the three months ended March 31, 2007, the Company paid down its existing notes payable to Bank Hapoalim in the amount of \$26.5 million while borrowing an additional \$27.2 million under a loan facility with Bank Hapoalim. In the three months ended March 31, 2006, the Company paid down its existing notes payable to Bank Hapoalim in the amount of \$5.1 million while using its own cash and borrowing an additional \$1.2 million under a loan facility with Bank Hapoalim.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form 10-Q

Investments

In the three months ended March 31 2007, the Company made an additional investment in the form of a \$0.6 million loan to Bay Heart Ltd. On March 7, 2007, Ampal entered into an agreement to sell to Carmel Container Systems Ltd., a packaging manufacturer based in Israel (Carmel), all of the holdings of Carmel held by Ampal and its subsidiaries. Pursuant to this transaction, Ampal and its subsidiaries will sell to Carmel an aggregate of 522,350 ordinary shares of Carmel for an expected aggregate sales price of approximately \$4.57 million. The completion of the sale of shares to Carmel is subject to the satisfaction of certain closing conditions. As of March 31, 2007, the Company recorded a loss from impairment on investment of \$0.5 million and is not expecting to record a gain at the completion of the transaction.

Debt

Notes issued to institutional investors in Israel, the convertible note issued to Merhav and other loans payable pursuant to bank borrowings are either in U.S. dollars, linked to the Consumer Price Index in Israel or in unlinked Israel Shekels, with interest rates varying depending upon their linkage provision and mature between 2007-2015.

The Company finances its general operations and other financial commitments through bank loans from Bank Hapoalim and UBI. As of March 31, 2007, the outstanding indebtedness under these bank loans totaled \$27.0 million and mature through 2007-2012. As of December 31, 2006, the outstanding indebtedness under the bank loans from Bank Hapoalim was \$26.3 million.

On February 26, 2007, the Company entered into a bank loan with Union Bank Of Israel (UBI). Pursuant to the loan agreement, UBI granted the Company a \$10 million loan, which bears interest at the rate of LIBOR plus 2% to be repaid in six annual installments commencing on April 2, 2008. The Company received the \$10 million loan on April 2, 2007. The loan is secured by a pledge of certain assets.

On April 26, 2007, the Company refinanced its existing loans with Bank Hapoalim. This agreement provides for a secured \$27 million dollar loan facility to the Company at the value as of March 30, 2007, to be used for general corporate purposes. On March 30, 2007, the Company borrowed the full \$27 million under the loan facility. The funds borrowed under the loan facility are due in six annual installments commencing on December 31, 2007 and bear an interest at an annual rate of LIBOR plus 2%. The Loan Agreement contains financial and other covenants including an acceleration of payment upon the occurrence of certain changes in the ownership of our Class A Stock.

On November 20, 2006, the Company entered into a trust agreement with Hermatic Trust (1975) Ltd. pursuant to which the Company issued notes to institutional investors in Israel in the principal aggregate amount of NIS 250,000,000 (approximately \$58 million) with an interest rate of 5.75%, which is linked to the Consumer Price Index in Israel. The notes shall rank pari passu with our unsecured indebtedness. The notes will be repaid in five equal annual installments commencing on November 20, 2011, and the interest will be paid semi-annually. The Company received the funds from the private placement on November 20, 2006. Midroog Ltd., an affiliate of Moody's Investors Service rated the Company as A3.

The Company intends to register the notes for trading on the TASE subject to publishing a final prospectus approved by the Israeli Securities Authority as well as the approval of the TASE for the listing of the notes. Until the listing is approved, Ampal will pay an additional annual interest rate of 0.5% on the notes.

The following additional terms apply to the notes:

Until the listing of the notes is approved, if the rating of the notes from Midroog is reduced below A3, the interest rate per annum of the notes will increase by 0.2% increments subject to the terms and conditions set forth in the notes;

Ampal may issue additional notes without limitation, but until the listing is approved by the TASE, Ampal cannot issue additional notes if such issuance would adversely affect the Midroog rating of our existing series of notes, which are the subject of this prospectus;

The notes will be listed for trade on the TASE no sooner than 47 days after the final prospectus is approved by the Israeli Securities Authority and the TASE, and during such 47 day period, the notes will not be tradable;

If Yosef A. Maiman ceases to directly or indirectly own the largest amount of shares of Ampal (relative to the rest of the shareholders of Ampal) before the notes are listed on the TASE, a meeting of the noteholders will be convened to discuss whether the notes will be redeemed.

In addition, as part of the EMG transaction in December 2006, the Company issued to Merhav a promissory note in the principal amount of \$20 million, which at the option of Merhav, will be paid in cash, additional shares of Ampal Class A Stock (based on a price per share of \$4.65 per share), or a combination thereof. The Convertible Promissory Note bears interest at 6 months LIBOR (5.375%) and matures on the earlier of September 20, 2007 or upon demand by Merhav. Ampal may pre-pay the Convertible Promissory Note at any time in whole or in part.

The Company financed a portion of the development of Am-Hal, a wholly-owned subsidiary of the Company, which develops and operates luxury retirement centers for senior citizens, through a revolving credit facility from Bank Hapoalim Ltd., Phoenix Insurance Company and others. On December 1, 2005, a loan agreement creating the facility was signed between Am-Hal, Phoenix Insurance Company and others. Pursuant to the loan agreement, the lenders granted Am-Hal a revolving credit facility in Israeli Shekels equal to \$12.5 million. The annual interest rate on the loan, which matures in 10 years, is 7.5%. The interest rate and the principal of the loan will be adjusted based on the changes in the Israeli Consumer Price Index. As of March 31, 2007, Am-Hal had drawn \$2.5 million from the facility. As of March 31, 2007, and December 31, 2006, the amount of Am-Hal's outstanding debt under the loans from Bank Hapoalim Ltd., Phoenix Insurance Company and others, were \$15.3 million and \$15.0 million, respectively. The loans, excluding the Phoenix loan, mature in up to one year and have interest rates ranging between 6.5% and 7.5%. Am-Hal Company generally repays these loans with the proceeds received from deposits and other payments from the apartments in Am-Hal facilities. The loans are secured by a lien on Am-Hal's properties. The Company also issued guarantees in the amount of \$2.9 million in favor of tenants of Am-Hal in order to secure their deposits.

Other long term borrowings in the amount of \$1.7 million are linked to the Consumer Price Index in Israel and mature between 2007 and 2010, of which \$1.5 million bears no interest. The remaining \$0.2 million bears an annual interest rate of 5.7%.

The weighted average interest rates and the balances of these short-term borrowings as of March 31, 2007 and December 31, 2006 were 6.2% on \$16.3 million and 6.4% on \$21.2 million, respectively.

As of March 31, 2007, the Company had issued guarantees on certain outstanding loans to its investees and subsidiaries in the aggregate principal amount of \$9.6 million. These include:

1. \$5.7 million guarantee on indebtedness incurred by Bay Heart (\$2.3 million of which is recorded as a liability in the Company's financial statements as of March 31, 2007) in connection with the development of the property. Bay Heart recorded losses in 2007 as a result of decreased rental revenues. There can be no guarantee that Bay Heart will become profitable or that it will generate sufficient cash to repay its outstanding indebtedness without relying on the Company's guarantee.

2. \$2.9 million guarantee to Am-Hal tenants as described above.

3. \$1.0 million guarantee to Galha 1960 Ltd.

FOREIGN CURRENCY CONTRACTS

The Company's derivative financial instruments consist of foreign currency forward exchange contracts to purchase or sell US dollars. These contracts are utilized by the Company, from time to time, to manage risk exposure to movements in foreign exchange rates. None of these contracts have been designated as hedging instruments. These contracts are recognized as assets or liabilities on the balance sheet at their fair value, which is the estimated amount at which they could be settled, based on market prices or dealer quotes, where available, or based on pricing models. Changes in fair value are recognized currently in earnings.

As of March 31, 2007, the Company did not have any open foreign currency forward exchange contracts to purchase or sell U.S. Dollars.

FORWARD LOOKING STATEMENTS

This Quarterly Report (including but not limited to factors discussed above, in the Management's Discussion and Analysis of Financial Condition and Results of Operations, as well as those discussed elsewhere in this Quarterly Report on Form 10-Q) includes forward-looking statements (within the meaning of Section 27A of the Securities Act of 1993 and Section 21E of the Securities Exchange Act of 1934) and information relating to the Company that are based on the beliefs of management of the Company as well as assumptions made by and information currently available to the management of the Company. When used in this Quarterly Report, the words anticipate, believe, estimate, expect, intend, and similar expressions, as they relate to the Company or the management of the Company, identify forward-looking statements. Such statements reflect the current views of the Company with respect to future events or future financial performance of the Company, the outcome of which is subject to certain risks and other factors which could cause actual results to differ materially from those anticipated by the forward-looking statements, including among others, the economic and political conditions in Israel and the Middle East and the global business and economic conditions in the different sectors and markets where the Company's portfolio companies operate.

Should any of those risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results or outcome may vary from those described herein as anticipated, believed, estimated, expected, intended or planned. These risks and uncertainties may include, but are not limited to, those described in this report, in Part II, Item 1A. Risk Factors and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2006, and those described from time to time in our future reports filed with the Securities and Exchange Commission. The Company assumes no obligation to update or revise any forward-looking statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

MARKET RISKS AND SENSITIVITY ANALYSIS

The Company is exposed to various market risks, including changes in interest rates, foreign currency rates and equity price changes. The following analysis presents the hypothetical loss in earnings, cash flows and fair values of the financial instruments which were held by the Company at March 31, 2007, and are sensitive to the above market risks.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form 10-Q

During the three months ended March 31, 2007, there have been no material changes in the market risk exposures facing the Company as compared to those the Company faced in the fiscal year ended December 31, 2006.

Interest Rate Risks

At March 31, 2007, the Company had financial assets totaling \$36.0 million and financial liabilities totaling \$107.6 million. For fixed rate financial instruments, interest rate changes affect the fair market value but do not impact earnings or cash flows. Conversely, for variable rate financial instruments, interest rate changes generally do not affect the fair market value but do impact future earnings and cash flows, assuming other factors are held constant.

At March 31, 2007, the Company did not have fixed rate financial assets and had variable rate financial assets of \$36.0 million. A ten percent decrease in interest rates would not increase the unrealized fair value of the fixed rate assets.

At March 31, 2007, the Company had fixed rate debt of \$66.4 million and variable rate debt of \$41.2 million. A ten percent decrease in interest rates would increase the unrealized fair value of the financial debts in the form of the fixed rate debt by approximately \$0.1 million.

The net decrease in earnings and cash flow for the next year resulting from a ten percent interest rate increase would be approximately \$0.2 million, holding other variables constant.

Foreign Currency Exchange Rate Sensitivity Analysis

The Company's exchange rate exposure on its financial instruments results from its investments and ongoing operations in Israel. During 2007, the Company did not enter into foreign exchange forward purchase contracts. At March 31, 2007, the Company didn't have any open foreign exchange forward purchase contracts. Holding other variables constant, if there were a ten percent devaluation of the foreign currency, the Company's cumulative translation loss reflected in the Company's accumulated other comprehensive loss would increase by \$1.4 million, and regarding the statements of operations, a ten percent devaluation of the foreign currency would be reflected in a net increase in earnings and cash flow would be \$8.4 million.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective. Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

Internal Control Over Financial Reporting

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect the Company's internal control over financial reporting.

Part II OTHER INFORMATION

Item 1. Legal Proceedings:

On March 18, 2007, tenants of the retirements centers for senior citizens of Am-Hal filed a lawsuit in the Tel Aviv District Court against Ampal, Am-Hal and other subsidiaries of Ampal. The lawsuit was filed after Ampal announced the potential sale of its holdings in Am-Hal to Mishan. Among other things, the plaintiffs requested that the District Court (i) issue warrants that will oblige Am-Hal to keep the deposits received from the tenants in a designated account for each tenant controlled by an accountant agreed to by Am-Hal and the tenants, (ii) maintain the level of services provided by Am-Hal to the tenants and (iii) maintain the ratio of independent tenants and supportive tenants in the centers. The plaintiffs also asked the District Court to issue temporary ex parte injunctions to prohibit Ampal from signing an agreement for the sale of its holdings in Am-Hal and to nominate a receiver to locate and keep the tenants' deposits. The District Court did not grant the temporary injunctions ex parte and requested that the defendants reply to the claim in accordance with the normal procedures.

Item 1A. RISK FACTORS

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2006, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults upon Senior Securities

None.

Item 4. Submission of Matters to a Vote of Security Holders.

The Special Meeting of Shareholders was held on February 7, 2007. The following proposals were approved by the margins indicated below:

- (1) The approval of the proposed amendment to our Restated Certificate of Incorporation to increase the authorized share capital of Ampal from 60,000,000 shares of Class A Stock to 100,000,000 shares of Class A Stock.

<u>FOR</u>	<u>AGAINST</u>	<u>ABSTAIN</u>
23,031,173	149,022	528,897

- (2) The approval of the proposed issuance of up to 4,071,352 shares of Class A Stock of the Company issuable upon the exercise of warrants sold by the Company in a private placement transaction to certain institutional investors in Israel.

<u>FOR</u>	<u>AGAINST</u>	<u>ABSTAIN</u>
23,055,306	108,890	544,896

- (3) The approval of the proposed issuance of 8,602,151 shares of Class A Stock of the Company to De Majorca Holdings Ltd. and up to 4,476,389 shares of Class A Stock of the Company to Merhav in connection with the purchase by a wholly-owned subsidiary of the Company from Merhav of a portion of Merhav's interest in East Mediterranean Gas Co. S.A.E.

<u>FOR</u>	<u>AGAINST</u>	<u>ABSTAIN</u>
25,522,508	659,458	527,126

Item 5. Other Information.

None.

Item 6. Exhibits.

(a) Exhibits:

- 3.1 Certificate of Amendment of Certificate of Incorporation, dated February 7, 2007 (Filed as Exhibit 3.4 to Form S-3, filed with the SEC on February 28, 2007, and incorporated herein by reference).
- 10.1 Undertaking for the Repayment of a Foreign Currency Loan between Bank Hapoalim BM and Ampal (Israel) Ltd. dated April 26, 2007.
- 10.2 Letter of Undertaking between Bank Hapoalim BM and Ampal (Israel) Ltd. dated April 26, 2007.
- 10.3 Letter of Undertaking between Bank Hapoalim BM and Ampal-American Israel Corporation dated April 26, 2007.
- 11.1 Schedule Setting Forth Computation of Earnings Per Share of Class A Stock.
- 31.1 Certification of Yosef A. Maiman pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Irit Eluz pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 32.1 Certification of Yosef A. Maiman and Irit Eluz pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
