SECTION 2 - FINANCIAL INFORMATION

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

As described in Item 1.01 of this Current Report on Form 8-K, on July 18, 2013, the Company issued the 20% Notes and the 10% Notes, in the aggregate principal amount of \$222,099.94, with the terms described in Item 1.01 above.

SECTION 3 - SECURITIES AND TRADING MARKETS

Item 3.02 Unregistered Sales of Equity Securities

As described in Item 1.01 of this Current Report on Form 8-K, on July 18, 2013, the Company issued the 20% Notes and the 10% Notes, with the terms described in Item 1.01 above.

The aggregate principal amount of the 20% Notes is \$57,252.34, and each 20% Note bears interest at a rate of 20% per annum. The outstanding principal under each 20% Note, and the accrued and unpaid interest thereon, is convertible at the option of the holder, in whole and not in part, into shares of the Company's common stock at the conversion price equal to \$0.02 per common share. Accordingly, for illustrative purposes, if the aggregate principal

amount of the 20% Notes were immediately converted, the holders of the 20% Notes would be entitled to receive 2,862,617 shares of our common stock.

The aggregate principal amount of the 10% Notes is \$164,847.60, and each 10% Note bears interest at a rate of 10% per annum. The outstanding principal under each 10% Note, and the accrued and unpaid interest thereon, is convertible at the option of the holder, in whole and not in part, into shares of the Company's common stock at the conversion price equal to \$0.04 per common share. Accordingly, for illustrative purposes, if the aggregate principal amount of the 10% Notes were immediately converted, the holders of the 10% Notes would be entitled to receive 4,121,190 shares of our common stock.

The 10% Notes and the 20% Notes were issued in reliance on exemptions from registration under Section 4(a)(2) of the Securities Act of 1933, as amended (the "Act"), and Rule 506 of Regulation D promulgated under the Act. Accordingly, the 10% Notes and the 20% Notes are, and any shares of common stock issued upon conversion thereof will be, "restricted securities" as defined in Rule 144 under the Act, and may not be offered or sold in the United States absent registration or an applicable exemption from registration.

These transactions qualified for exemption from registration because among other things, the transactions did not involve a public offering, each investor was an accredited investor as defined in Rule 501(a) under the Act, each investor took the securities for investment purposes and not resale, and the Company took appropriate measures to restrict the transfer of the securities.
