This Report includes the following documents:

1. A press release from Pearson plc announcing Director/PDMR Shareholding

Pearson plc

(the *Company*)

In 2001, the Company established the Pearson Long Term Incentive Plan (the **Plan**). Its purpose is to link management's long-term reward with Pearson's financial performance and returns to shareholders. Since 2006, the plan has been based around three performance measures: relative total shareholder return, return on invested capital and earnings per share growth.

Restricted Share Awards Granted on 23 September 2005

The restricted share awards granted on 23 September 2005, to executive directors and other members of the Pearson Management Committee, vested on 23 September 2008 subject to the company's performance on three measures. These measures were Pearson's total shareholder return relative to the constituents of the FTSE World Media Index over the period 2005 to 2008, earnings per share and sales growth over the period 2004 to 2007, and return on invested capital in 2007. Based on performance against these measures, 86.67% of the shares originally awarded have vested.

In the case of earnings per share and sales growth and return on invested capital, full details were set out in the report on directors' remuneration for 2007. In the case of relative total shareholder return, full details will be set out in the report on directors' remuneration for 2008.

Three-quarters of the vested shares have been released, the remaining one-quarter will be released on 23 September 2010 subject to participants not disposing of the three-quarters of their vested shares (other than for the purpose of settling their individual tax liability).

As a result of these Shares being released, the following executive directors have become entitled to the number of Shares shown in the second column below. The number of Shares shown in the third column below were sold on 23 September 2008 at a price of £6.053 pence per share in order to discharge tax and social security liabilities on the Shares received, leaving the after-tax number of Shares set out in the final column below.

Marjorie Scardino	292,500	119,925	172,575

In addition to the above, prior to his appointment as a director, Robin Freestone was granted a restricted award of 20,000 shares on 23 September 2005. These shares were time vesting, to be released on the third anniversary of the award, but did not otherwise have performance conditions attached. This award also vested on 23 September 2008, and 8,200 shares were sold at a price of £6.053 pence per share in order to discharge tax and social security liabilities on the Shares received, leaving 11,800 after-tax shares.
