PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of SYNnex Corporation, a Delaware corporation, or SYNnex, of proxies to be used at the 2006 Annual Meeting of Stockholders to be held at our offices at 44201 Nobel Drive, Fremont, California, at 10:00 a.m., Pacific Time, on Wednesday, March 22, 2006 and any adjournments or postponements thereof. This Proxy Statement and the accompanying form of proxy card are being mailed to stockholders on or about February 22, 2006.

Appointment of Proxy Holders

Your Board of Directors asks you to appoint Robert Huang, Dennis Polk and Simon Leung as your proxy holders to vote your shares at the 2006 Annual Meeting of Stockholders. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by your Board.

Unless you otherwise indicate on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by your Board at the time this Proxy Statement was printed and which, under our Bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on February 10, 2006, the record date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on February 10, 2006, we had 29,277,981 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of February 10, 2006. There is no cumulative voting in the election of directors.

How You Can Vote

Edgar Filing: SYNnex CORP - Form DEF 14A

You may vote your shares at the Annual Meeting either in person or by mail as described below. Stockholders holding shares through a bank or broker should follow the voting instructions on the form of proxy card received.

Voting by Mail. You may vote by proxy by dating, signing and returning your proxy card in the enclosed postage-prepaid return envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting at the Annual Meeting. Voting by mail will not limit your right to vote at the Annual Meeting, if you decide to attend in person. Your Board recommends that you vote by mail, as it is not practical for most stockholders to attend the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote at the Annual Meeting.

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares **FOR** the election of the nominees for director and **FOR** the ratification of the appointment of independent registered public accountants.

Table of Contents

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or

by submitting another proxy of a later date prior to the Annual Meeting that is properly executed.

Required Vote

Directors are elected by a plurality vote, which means that the seven nominees receiving the most affirmative votes will be elected. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of February 10, 2006, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

If a broker indicates on the enclosed proxy card or its substitute that such broker does not have discretionary authority to vote on a particular matter (broker non-votes), those shares will be considered as present for purposes of determining the presence of a quorum but will not be treated as shares entitled to vote on that matter.

Solicitation of Proxies

SYNNEX will pay the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and other employees by personal interview, telephone or facsimile. No additional compensation will be paid to these persons for solicitation. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important

Please promptly vote and submit your proxy by signing, dating and returning the enclosed proxy card in the postage-prepaid return envelope so that your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Directors and Nominees**

Our Bylaws currently provide that the number of directors which shall constitute the whole Board of Directors shall be fixed from time to time by the Board or stockholders. We currently have authorized seven directors. At the Annual Meeting, seven persons will be elected as members of your Board of Directors, each for a one-year term or until their successors are elected and qualified. The Nominating and Corporate Governance Committee of the Board of Directors has nominated, and the Board of Directors has designated, the seven persons listed below for election at the Annual Meeting. Pursuant to the New York Stock Exchange listing standards, a majority of the members serving on your Board of Directors must be independent directors. Your Board of Directors has determined that Messrs. Breidenbach, Quesnel, Rynne, Steffensen and Van Horne have no material relationship with us and that each of these directors is an independent director. All of the nominees were elected at SYNnex's Annual Meeting of Stockholders held on March 23, 2005, except for Messrs. Quesnel and Van Horne, who were appointed to the Board of Directors on September 26 and 27, 2005, respectively. The proxies given to the proxyholders will be voted or not voted as directed and, if no direction is given, will be voted FOR these seven nominees. Your Board of Directors knows of no reason why any of these nominees should be unable or unwilling to serve. However, if for any reason any nominee should be unable or unwilling to serve, the proxies will be voted for any nominee designated by your Board of Directors to fill the vacancy.

Organization of the Board of Directors

The Board of Directors held ten meetings during the fiscal year ended November 30, 2005 and each director attended at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which they served, except for Messrs. Quesnel and Van Horne, who were appointed to the Board of Directors on September 26 and 27, 2005, respectively. Messrs. Quesnel and Van Horne, however, did attend at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which they served after their appointment. The independent directors of the Board of Directors meet in regularly scheduled sessions without the presence of management. We do not have a policy regarding directors' attendance at the Annual Meeting. One director attended the 2005 Annual Meeting of Stockholders. The Board of Directors has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Executive Committee. We believe that all members of the Audit, Compensation, and Nominating and Corporate Governance Committees meet the independence standards of the New York Stock Exchange and SEC rules and regulations. The Board has approved a charter for each of these committees, except the Executive Committee, which can be found on our website at www.synnex.com. Our corporate governance guidelines and code of ethics, which are applicable to our principal executive, financial and accounting officers, directors and employees, are also available, on or through, our website at www.synnex.com and are available in print to any stockholder who requests them. We intend to post any amendments to the corporate governance guidelines or code of ethics on our website.

Table of Contents

Director Nominations

The Board of Directors nominates directors for election at each Annual Meeting of Stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Nominating and Corporate Governance Committee has a policy regarding consideration of director candidates recommended by stockholders. The Nominating and Corporate Governance Committee investigates suggestions for director candidates recommended by stockholders and considers such candidates for recommendation based upon an appropriate balance of knowledge, experience and capability. In addition to considering an appropriate balance of knowledge, experience and capability, the Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to SYNEX and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of independent director under the rules of the New York Stock Exchange. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the Annual Meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board members, by any executive search firm engaged by the Nominating and Corporate Governance Committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board should notify SYNEX's Corporate Secretary, any member of the Nominating and Corporate Governance Committee, or the persons referenced in Communications with the Board on page 5 in writing with any supporting material the stockholder considers appropriate.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to SYNEX's Corporate Secretary and otherwise comply with the provisions of our Bylaws. To be timely, SYNEX's Bylaws provide that SYNEX must have received the stockholder's notice not less than 50 days nor more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the Annual Meeting is given or made to stockholders less than 65 days prior to the meeting date, SYNEX must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day SYNEX mailed notice of the Annual Meeting date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the Annual Meeting. Information required by the Bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and

Table of Contents

other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to: Corporate Secretary, SYNEX Corporation, 44201 Nobel Drive, Fremont, California 94538. You can obtain a copy of our Bylaws by writing to the Corporate Secretary at this address.

Directors Compensation

For fiscal year 2005 before June 23, 2005, each non-employee member of your Board of Directors received a cash bonus of \$25,000 upon joining the Board (prorated if he or she joined mid-year) and then received an annual cash retainer fee of \$25,000. Each non-employee director also received an additional \$2,000 for each meeting of the Board of Directors attended (regardless of form of attendance) and \$2,000 for each committee meeting attended in-person, and \$500 for each committee meeting attended by telephone, video or other non-in-person attendance. In addition, each committee chair received an annual retainer fee of \$5,000. All directors were reimbursed for their reasonable out-of-pocket expenses in serving on the Board of Directors or any committee of the Board of Directors.

For fiscal year 2005 after June 23, 2005 and fiscal year 2006, non-employee members of your Board of Directors no longer receive the cash bonus of \$25,000 upon joining the Board. Each non-employee member of the Board of Directors receives an annual cash retainer fee of \$30,000 after serving the first year. Each non-employee director receives an additional \$2,000 for each meeting of the Board of Directors attended (regardless of form of attendance), \$2,000 for each committee meeting attended in-person, and \$1,000 for each committee meeting attended by telephone, video or other non-in-person attendance. In addition, each committee chair, except the Audit Committee Chair, receives an annual retainer fee of \$5,000. The Audit Committee Chair receives an annual retainer fee of \$10,000. All directors are reimbursed for their reasonable out-of-pocket expenses in serving on the Board of Directors or any committee of the Board of Directors.

Directors had previously been eligible to receive stock options under our 1997 Stock Option/Stock Issuance Plan and our Special Executive Stock Option/Stock Issuance Plan. Currently, directors are eligible to receive equity incentives, in the form of stock options and/or direct stock issuances, under our Amended and Restated 2003 Stock Incentive Plan. Each non-employee director who is first elected as a non-employee Board member and who has not been in our prior employ will receive an option to purchase 25,000 shares of our common stock on the date he or she joins the Board. On the date of each annual stockholders meeting, each of our continuing non-employee Board members will receive an option to purchase 5,000 shares of our common stock pursuant to the automatic option grant program under our Amended and Restated 2003 Stock Incentive Plan, provided such individual has served on the Board for at least six months. The options will have an exercise price equal to the fair market value of the common stock on the grant date, and will have a term of 10 years, subject to earlier termination following the director's cessation of Board service. The shares subject to each annual 5,000 share automatic option grant and the shares subject to each initial 25,000 share automatic option grant will vest over five years at a rate of 20% upon the first anniversary of their vesting start dates and then at a rate of 1/60th per month thereafter. Before adoption of our Amended and Restated 2003 Stock Incentive Plan, options were generally granted to non-employee directors for the same number of shares and subject to the same basic terms as described above.

In fiscal year 2005, Matthew Miao received a \$225,000 retainer and a 5,000 share option grant. Mr. Miao did not receive any Board or committee meeting fees. For fiscal year 2006, the Compensation Committee has recommended and the Board of Directors has approved a \$225,000 retainer for Mr. Miao and a 5,000 share option grant. Similar to fiscal year 2005, Mr. Miao's fiscal year 2006 compensation is based primarily upon his non-executive back-up role to Mr. Huang in the event Mr. Huang were unable to serve as President and Chief Executive Officer and certain time commitments devoted to SYNEX as Chairman of SYNEX. Any future compensation payable to Mr. Miao will be based upon the recommendation of the Compensation Committee and

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Forms 3, 4 and 5 with the SEC. Based solely on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2005 with the exception of the following late filing:

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by SYNEX under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving SYNEX's accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by SYNEX's independent accountants and reviewing their reports regarding SYNEX's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by your Board of Directors. SYNEX's management is responsible for preparing SYNEX's financial statements and the independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by SYNEX's management and the independent registered public accountants.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that SYNEX's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee has discussed with the independent registered public accountants matters required to be discussed by Statement on Auditing Standards No. 61 and No. 90 (Communication with Audit Committees), as amended. In addition, the independent registered public accountants provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee and the independent registered public accountants have discussed such accountants' independence from SYNEX and its management, including the matters in those written disclosures. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants' independence. The Audit Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent registered public accountants are compatible with maintaining such accountants' independence.

The Audit Committee has discussed with SYNEX's internal and independent registered public accountants, with and without management present, their evaluations of SYNEX's internal accounting controls and the overall quality of SYNEX's financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the audited financial statements in SYNEX's Annual Report on Form 10-K for the fiscal year ended November 30, 2005, for filing with the SEC.

Respectfully submitted on February 8, 2006, by the members of the Audit Committee of your Board:

The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the options or the sale of the underlying shares of common stock. The actual gains, if any, on the stock option exercises will depend on the future performance of our common stock, the optionee's continued employment through applicable vesting periods and the date on which the options are exercised.

Employment, Severance and Change of Control Arrangements

On February 7, 2006, the Compensation Committee approved an employment agreement with Mr. Huang for a term of four years. Pursuant to the agreement, Mr. Huang will receive an annual base salary of \$400,000 and was granted an award of restricted stock units for 250,000 shares of our common stock under our Amended and Restated 2003 Stock Incentive Plan. The restricted stock units will vest with respect to 25% of the shares on the date that is 13 months after the date of grant, and an additional 25% of the shares on the second, third and fourth anniversaries of the date of grant. Subject to the terms and conditions of the agreement, if Mr. Huang terminates his employment with us for good reason, or we terminate Mr. Huang's employment with us for a reason other than cause, disability or death, within the four-year term of the agreement, Mr. Huang will receive the following severance benefits:

Severance payments for 12 months at a monthly rate equal to his annual base salary rate, as then in effect, divided by 12 month, plus a prorated portion of any profit sharing bonus earned for the year of termination;

Reimbursement for his group health continuation coverage premiums for himself and his eligible dependents for 12 months; and

100% of the unvested shares subject to all of Mr. Huang's outstanding rights to purchase or receive shares of our common stock (including, without limitation, through awards of stock options, restricted stock units or similar awards) will immediately vest and, if applicable, become exercisable upon such termination.

If any of the following officers is terminated without cause within two months before or 12 months after a change in control of us (including a voluntary termination because of a reduction in salary or position or a relocation), the officer would be entitled to the following post-termination salary and benefits arrangements:

Executive Vice Presidents would be entitled to receive salary continuation at the rate equal to the average of such officer's total salary and bonus over the prior three years for a minimum of 18 months plus one month per year of employment with us after the eighteenth year of such employment, up to a maximum of 24 months, and paid COBRA for two years; and

Senior Vice Presidents and the Chief Information Officer would be entitled to receive salary continuation at the rate equal to the average of such officer's total salary and bonus over the prior three years for a minimum of 12 months plus one month per year of employment with us after the twelfth year of such employment, up to a maximum of 18 months, and paid COBRA for one year.

In addition, if our President of North America and Chief Operating Officer is terminated due to a change in control of us or without cause, such officer would be entitled to receive salary continuation at the rate equal to six months of base salary plus monthly targeted-bonus if such termination occurs in the first year of employment. If such termination occurs after the first year, such officer would be entitled to receive an additional three months of severance pay for each additional year of service up to a maximum of 18 months.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Overview

We have a business relationship with MiTAC International Corporation that began in 1992 when it, through its affiliates, became our primary investor. MiTAC International and its affiliates presently beneficially own approximately 56% of our common stock. In addition, Matthew Miao, the Chairman of our Board and a non-executive director since 1992, is also the Chairman of MiTAC International, Synnex Technology International Corp. and MiTAC Incorporated, affiliates of MiTAC International and direct or indirect stockholders of us.

Table of Contents

We work closely with MiTAC International to collaborate on OEM outsourcing opportunities and jointly market MiTAC International's design and electronic manufacturing services and our contract assembly capabilities. This relationship has enabled us to build relationships with MiTAC International's customers and we continue to work with and depend on MiTAC International to jointly serve our shared customers.

In fiscal years 2003, 2004 and 2005, we purchased inventories, including notebook computers, motherboard and other peripherals, from MiTAC International and its affiliates totaling approximately \$214 million, \$406 million and \$397 million, respectively. Our sales to MiTAC International and its affiliates during fiscal years 2003, 2004 and 2005, totaled approximately \$1.0 million, \$1.7 million and \$1.8 million, respectively.

Our business relationship to date with MiTAC International has been informal and is not governed by long-term commitments or arrangements with respect to pricing terms, revenue or capacity commitments. Accordingly, we negotiate manufacturing and pricing terms, including allocating customer revenue, on a case-by-case basis with MiTAC International and our assembly customers for a given project. Our business relationship with MiTAC International has been and will continue to be negotiated as related parties and therefore may not be the result of arms-length negotiations between independent parties. Our relationship, including pricing and other material terms with our shared customers or with MiTAC International, may or may not be as advantageous to us as the terms we could have negotiated with unaffiliated third parties. As MiTAC International's ownership interest in us decreases as a result of this offering and subsequent sales, MiTAC International's interest in the success of our business and operations may decrease as well. We have adopted a policy requiring material transactions in which any of our directors has a potential conflict of interest to be approved by our Audit Committee, which is composed of disinterested members of the Board. Notwithstanding this policy, MiTAC International can generally control us and can determine the outcome of all matters submitted for stockholder approval.

Synnex Technology International. Synnex Technology International Corp., or Synnex Technology International, a publicly traded company based in Taiwan and affiliated with MiTAC International, currently provides distribution and fulfillment services to various markets in Asia and Australia, and is also a potential competitor of ours. Mitac Incorporated, a privately held company based in Taiwan and a separate entity from MiTAC International, directly and indirectly owns approximately 15.3% of Synnex Technology International and approximately 8.8% of MiTAC International. MiTAC International directly and indirectly owns 0.3% of Synnex Technology International and Synnex Technology International directly and indirectly owns approximately 0.5% of MiTAC International. In addition, MiTAC International directly and indirectly owns approximately 8.8% of Mitac Incorporated and Synnex Technology International directly and indirectly owns approximately 14.3% of Mitac Incorporated. Synnex Technology International indirectly through its ownership of Peer Developments Limited owns approximately 18.3% of our outstanding common stock. Neither MiTAC International nor Synnex Technology International is restricted from competing with us. In the future, we may increasingly compete with Synnex Technology International, particularly if our business in Asia expands or Synnex Technology International expands its business into geographies or customers we serve.

Although Synnex Technology International is a separate entity from us, it is possible that there will be confusion as a result of the similarity of our names. Moreover, we cannot limit or control the use of the Synnex name by Synnex Technology International or MiTAC International, and our use of the Synnex name may be restricted as a result of registration of the name by Synnex Technology International or the prior use in jurisdictions where they currently operate.

Logistical Distribution Agreement. In July 2004, our subsidiary in Canada, SYNnex Canada Limited, entered into a logistical distribution agreement with MiTAC International. Pursuant to the agreement, SYNnex Canada may purchase and MiTAC International may sell certain MiTAC International products for distribution in Canada. Each sale and purchase is based upon a mutually acceptable purchase order. The agreement has an initial term of one year and will automatically renew for subsequent one year terms. The agreement may be terminated without cause either by the mutual written agreement of both parties or by either party without cause.

upon 90 days prior written notice of termination to the other party. Either party may immediately terminate the agreement by providing written notice of (a) the other party's material breach of any provision of the agreement and failure to cure within 30 days, or (b) if the other party becomes bankrupt or insolvent.

Purchase Price Settlement Agreement. In June 2004, we entered into a purchase price settlement agreement with MiTAC International on the final purchase price related to the acquisition of our current subsidiary in the United Kingdom, Synnex Information Technologies (UK) Limited, which was acquired from MiTAC International in fiscal year 2000. As a result of this agreement, we realized a gain of approximately \$1.2 million.

Joint Sales and Marketing Agreement with MiTAC International. In May 2002, we entered into a joint sales and marketing agreement with MiTAC International. Pursuant to the agreement, both parties agree to use their commercially reasonable efforts to promote the other party's capabilities to their respective customers who are interested in such product offerings. This agreement does not provide for the terms upon which we negotiate manufacturing and pricing terms, including allocating customer revenue. To date, these negotiations have been on a case-by-case basis. There are no sales attributable to the joint marketing agreement. The agreement had an initial term of one year and will automatically renew for subsequent one year terms unless either party provides written notice of non-renewal within 90 days of the end of any renewal term. The agreement may also be terminated without cause either by the mutual written agreement of both parties or by either party without cause upon 90 days prior written notice of termination to the other party. Either party may immediately terminate the agreement by providing written notice of (a) the other party's material breach of any provision of the agreement and failure to cure within 30 days, or (b) if the other party becomes bankrupt or insolvent.

Agreement with MiTAC International and Sun Microsystems. In August 1999, MiTAC International entered into a general agreement with Sun Microsystems. This agreement does not constitute a contract or obligation by Sun Microsystems to purchase products or services. In February 2002, the agreement was amended to include us as a supplier under the agreement. Pursuant to the agreement, the terms for the manufacture and purchase of each particular product awarded by Sun Microsystems are individually negotiated and if agreed upon by the parties, such terms are included in a product award letter. There is no minimum level of commitment required by any of the parties under the agreement. We negotiate manufacturing and pricing terms, including allocating customer revenue based on manufacturing services that each party provides, on a project-by-project basis with MiTAC International and Sun Microsystems for a given project. In the past, these negotiations with MiTAC International were not conducted on an arms-length basis. In fiscal year 2005, we paid an aggregate of approximately \$397 million, including amounts under this agreement, to MiTAC International. All of our contract assembly services to Sun Microsystems are covered by the general agreement. The agreement continues indefinitely until terminated in accordance with its terms. Sun Microsystems may terminate this agreement for any reason on 60 days written notice. Any party may terminate the agreement with written notice if one of the other parties materially breaches any provision of the agreement and the breach is incapable of being cured or is not cured within 30 days. The agreement may also be terminated on written notice if one of the other parties becomes bankrupt or insolvent.

Registration Rights Agreement. We have entered into a registration rights agreement with certain holders of our common stock, including the MiTAC International affiliated entities. The holders of an aggregate of 16,390,945 shares of our common stock will be entitled to registration rights with respect to their shares. Any group of holders of at least 30% of the securities with registration rights can require us to register all or part of their shares at any time, so long as the thresholds in the registration rights agreement are met with respect to the amount of securities to be sold. After we have completed two such registrations subject to certain exceptions, we are no longer subject to these demand rights. In addition, holders of securities with registration rights may also require us to include their shares in future registration statements we file, subject to cutback at the option of the underwriters of any such offering. Subject to our eligibility to do so, holders of registrable securities may also require us to register their shares with the SEC on Form S-3 if proceeds are at least \$500,000 and if we have not completed two such registrations in any 12-month period. Upon any of these registrations, these shares will be freely tradable in the public market without restriction.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following report of the Compensation Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by SYNnex under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Compensation Philosophy and Practice

The Compensation Committee has overall responsibility for SYNnex's executive compensation policies as provided in a written charter adopted by your Board of Directors. The Compensation Committee has provided the following report on the compensation policies of SYNnex as they apply to the executive officers, including the President and Chief Executive Officer, and the relationship of SYNnex's performance to executive compensation.

Overview of Compensation Policies

SYNnex's compensation policies are designed to address a number of objectives, including attracting and retaining high quality executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating executive officers to achieve significant returns for our stockholders. To promote these policies, the Compensation Committee historically has employed a compensation program that consists of the following principal elements:

base salary;

profit sharing program;

equity grants;

deferred compensation plan; and

benefits.

The first three elements, base salary, profit sharing program, and equity grants, are administered primarily in three cycles to provide year-long incentives. Merit raises for base salaries are generally performed in the April-May period. Equity grants are generally awarded in the August-September period. Profit sharing program bonuses are generally paid in the December-January period.

When establishing salaries, profit sharing program bonuses and equity grants for each of the executive officers, the Compensation Committee considers the recommendations of the President and Chief Executive Officer, the officer's role, responsibilities and performance during the past

Edgar Filing: SYNnex CORP - Form DEF 14A

year, and the amount of compensation paid to executive officers in similar positions at comparable companies. While base salaries may be low in relation to comparable companies, there is a high variable with respect to the compensation pursuant to the profit sharing program and equity grants. To assist in this process, the Compensation Committee reviews data from independent compensation consultants concerning the compensation paid to officers at comparable companies. The Compensation Committee generally sets the compensation of the executive officers at levels that are competitive with SYNnex's competitors. When setting the compensation of each of the executive officers, the Compensation Committee considers all of the factors set forth above, but does not assign any specific weighting or apply any formula to these factors. The Compensation Committee does, however, give significant consideration to the recommendations of the President and Chief Executive Officer.

SYNnex generally applies its compensation philosophy worldwide, in accordance with local law.

Table of Contents

Fiscal Year 2005 Executive Officer Compensation

The components of executive officer compensation are described below.

Base Salary. Base salaries for SYNnex's executive officers are reviewed and adjusted on an annual basis. In determining compensation for SYNnex's executive officers for fiscal year 2005, the Compensation Committee considered a number of factors. In the case of all executive officers of SYNnex, determination of base salary was based on a number of criteria, including the individual officer's performance level during the prior year, the officer's base compensation level during the prior year, individual achievements of that officer and base salary paid to officers in comparable positions at companies in SYNnex's industry and of comparable size. Determination of base salary is not made in accordance with a strict formula which measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges following statistical analysis and subjective policies and practices, including an overall review of the foregoing factors, all of which are considered when making the determination of base salary.

Profit Sharing Program. SYNnex has a profit sharing program under which we accrue a certain percentage of SYNnex pre tax, before profit sharing accrual, profits for bonus allocation purposes. Under this profit sharing program, bonuses granted to executive officers are determined by our Compensation Committee based upon both qualitative and quantitative considerations. For fiscal year 2006, bonuses to executive officers will be based upon the achievement of certain threshold target performance percentages of net income. Executive officers will not be eligible for bonuses unless we meet or exceed these threshold target performance percentages, established for each executive officer, of an internally established net income goal. The actual bonus payable, if the applicable minimum threshold percentage is met, will be paid upon a sliding scale of the target performance percentage actually achieved and dollar limits established by the Compensation Committee for each individual executive officer. In addition, Mr. Robert Huang has the discretion to recommend to the Compensation Committee to increase or decrease bonuses by up to 30% for all other executive officers.

Equity Grants. The Compensation Committee's determination with respect to stock option, restricted stock and restricted stock unit grants to executive officers for fiscal year 2005 was based on the principal following elements:

job responsibilities and past performance;

future anticipated contributions;

potential reward to the executive officer if the stock price appreciates in the public market;

management tier classification;

equity grants made by competitors;

corporate performance; and

existing vested and unvested equity holdings.

Determination of equity grant amounts is not made in accordance with a strict formula which measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges following statistical analysis and subjective policies and practices, including an overall review of both individual and corporate performance and the value of equity grants of comparable officers at comparable companies.

Equity grants may also be made to new executive officers upon commencement of employment and, on occasion, to executive officers in connection with a significant change in job responsibility. The Compensation Committee believes these equity grants will more closely align the long-term interests of senior management with those of stockholders and assist in the retention of key executives.

Deferred Compensation Plan. Our deferred compensation plan became effective on January 1, 1994. The deferred compensation plan is designed to permit designated employees to accumulate additional income for retirement and other personal financial goals through a nonqualified deferred compensation plan that enables the officer or director to make elective deferrals of compensation to which he or she will become entitled in the future.

Benefits. SYNnex provides various employee benefit programs to its executive officers, including medical, dental and life insurance benefits and 401(k) Profit Sharing Plan. Except for an allowance for personal use of SYNnex transportation and some non-material perquisites provided to executive officers, these benefit programs are generally available to all employees of SYNnex. SYNnex also provides U.S. employees with the opportunity to purchase our common stock through payroll deductions at a discounted price through SYNnex's 2003 Employee Stock Purchase Plan. However, directors and employees at the Associate Vice President level and above are not eligible to participate in SYNnex's 2003 Employee Stock Purchase Plan.

Tax Deductibility Considerations

It is SYNnex's policy generally to qualify compensation paid to executive officers for deductibility under section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits SYNnex from deducting the compensation of executive officers that exceeds \$1,000,000 unless that compensation is based on the satisfaction of objective performance goals. SYNnex's Amended and Restated 2003 Stock Incentive Plan, 2003 Employee Stock Purchase Plan, 1997 Stock Option/Stock Issuance Plan, Special Executive Stock Option/Stock Issuance Plan, and 1993 Stock Option Plan are structured to permit awards under such plans to qualify as performance-based compensation and to maximize the tax deductibility of such awards. However, SYNnex reserves the discretion to pay compensation to its executive officers that may not be deductible.

Compensation of President and Chief Executive Officer

Pursuant to the recommendation of the Compensation Committee, Mr. Huang received an annual base salary in the amount of \$400,000 and a profit sharing program bonus of \$1.3 million for fiscal year 2005. The Compensation Committee determined Mr. Huang's compensation pursuant to objective data synthesized to competitive ranges following statistical analysis and subjective policies and practices, including assessment of his achievements, and a review of compensation paid to presidents and chief executive officers of comparable companies. On September 20, 2005, Mr. Huang was granted a 50,000 share option grant to purchase common stock of SYNnex based on his anticipated contributions to SYNnex. These stock options were granted under SYNnex's Amended and Restated 2003 Stock Incentive Plan, have a 10-year term, vest over five years at a rate of 20% upon the first anniversary of their vesting start dates and then at a rate of 1/60th per month thereafter and have an exercise price equal to market value on the date of grant. On February 7, 2006, Mr. Huang entered into an employment agreement with SYNnex for a four-year term. Pursuant to the employment agreement, Mr. Huang will receive an annual base salary in the amount of \$400,000 and was granted a restricted stock unit award for 250,000 shares of common stock of SYNnex based on his anticipated contributions to SYNnex. These restricted stock units were granted under SYNnex's Amended and Restated 2003 Stock Incentive Plan and will vest with respect to 25% of the shares on the date that is 13 months after the date of grant, and an additional 25% of the shares on the second, third and fourth anniversaries of the date of grant. In addition, subject to the terms and conditions of the agreement, if Mr. Huang terminates his employment with SYNnex for good reason, or SYNnex terminates Mr. Huang's employment with SYNnex for a reason other than cause, disability or death, within the four-year term of the agreement, Mr. Huang will receive the following severance benefits:

Severance Payments: Mr. Huang will be paid severance for 12 months at a monthly rate equal to his annual base salary rate, as then in effect, divided by 12 months. In addition, Mr. Huang will receive a prorated portion of any profit sharing bonus earned for the year of termination.

Edgar Filing: SYNnex CORP - Form DEF 14A

Continued Health Benefits: Mr. Huang will receive reimbursement from SYNnex of the group health continuation coverage premiums for himself and his eligible dependents for 12 months.

Accelerated Vesting: 100% of the unvested shares subject to all of Mr. Huang's outstanding rights to purchase or receive shares of SYNEX common stock (including, without limitation, through awards of stock options, restricted stock units or similar awards) will immediately vest and, if applicable, become exercisable upon such termination.

Conclusion

All aspects of SYNEX's executive compensation are subject to change at the discretion of the Compensation Committee. The Compensation Committee will monitor SYNEX's executive compensation on an ongoing basis to ensure that it continues to support a performance-oriented environment and remains properly integrated with SYNEX's annual and long-term strategic objectives.
