Explanatory Note

This Registration Statement on Form 8-A is being filed by Environmental Power Corporation (the Registrant) for the purpose of reflecting the change in the national securities exchange on which the Registrant s Common Stock, \$0.01 par value per share (the Common Stock) is registered from the American Stock Exchange LLC to The NASDAQ Stock Market LLC.

Item 1. Description of Registrant s Securities to be Registered.

The description under the heading Description of Capital Stock relating to the Registrant's Common Stockin the Prospectus included in the Registrant's Registration Statement on Form S-3 filed with the Securities and Exchange Commission (File No. 333-145732) (the Prospectus) is incorporated herein by reference. The description of the Registrant's Series A 9% Cumulative Convertible Preferred Stock (the Series A Preferred Stock) set forth under the heading Description of Capital Stock in the Prospectus is also incorporated herein by reference, insofar as the rights evidenced by, or amounts payable with respect to, the Common Stock are, or may be, materially limited or qualified by the rights and preferences of the Series A Preferred Stock.

In addition, the Registrant has additional authorized but unissued and undesignated shares of preferred stock which may be issued at any time, and from time to time, by the Registrant s Board of Directors, subject to the rights of the Series A Preferred Stock to consent to certain such designations and issuances. Any additional shares of preferred stock so designated and issued by the Registrant may have rights and preferences superior to those of the Common Stock. The purpose of authorizing our board of directors to issue preferred stock and determine its rights and preferences is to eliminate delays and costs associated with a stockholder vote on specific issuances. The issuance of preferred stock, as well as any authorized but unreserved Common Stock, while providing flexibility in connection with possible future financings or acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or could discourage a third party from seeking to acquire, a controlling interest in the Registrant.
