Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On May 21, 2010, management of Flotek Industries, Inc. (the Company) determined to reclassify certain warrants issued by the Company in August 2009 containing an anti-dilution price protection feature. Impacted financial statements are being restated due to adoption of FASB ASC 815-40-15-5 (ASC 815-40, formerly EITF 07-5), Determining Whether an Instrument (Or Embedded Feature) Is Indexed to an Entity's Own Stock, which became effective as of January 1, 2009, and indicates that the anti-dilution price protection feature in the Company's outstanding warrants requires accounting for the fair value of the warrants as a liability. The restated financial statements account for the reclassification of the Company's warrants from stockholders' equity to a warrant liability, and for changes in the fair value of the warrant liability in the statement of operations. The restatement does not result in a change in the Company's previously reported revenues, cash flows or total cash and cash equivalents shown in its impacted financial statements.

As a result of the reclassification, on May 21, 2010, the Company's management and the Audit Committee of the Board of Directors of the Company concluded that the Company's reported net loss for the periods ended September 30, 2009 and December 31, 2009 should be revised to reflect certain non-cash charges relating to the reclassification of the detachable warrants as a liability and that the financial statements of the Company included in its Quarterly Report on Form 10-Q for the quarter ended September 30, 2009 and Annual Report on Form 10-K for the year ended December 31, 2009, should no longer be relied upon and must be restated and amended to reflect this reclassification. The Company's management and the Audit Committee of the Board of Directors of the Company discussed this matter and the determination with UHY LLP, the Company's independent registered public accounting firm.

Contemporaneously with the filing of this Current Report on Form 8-K, the Company has filed with the Securities and Exchange Commission amendments to the Quarterly Report on Form 10-Q for the quarter ended September 30, 2009 and Annual Report on Form 10-K for the year ended December 31, 2009, each of which contain restated financial statements with amended accounting treatment of the aforementioned warrants.
