Rate case filed on 5/7/10

Original request of \$30M; ROE range request of 10.65% to 12.65%

Final revenue increase of \$10M with an ROE of 9.56% In order to satisfy the ring fencing conditions outlined by the MD PSC in an order issued in February 2009:

Constellation Energy created a new wholly-owned, special purpose subsidiary, RF HoldCo LLC (HoldCo) which acquired 100% of the common equity interests of BGE from Constellation Energy

HoldCo has one independent director and a golden shareholder whose consent is necessary to initiate a BGE bankruptcy

In accordance with the Maryland PSC order, Constellation and BGE are subject to certain conditions, including:

BGE may not pay common dividends to Constellation if:

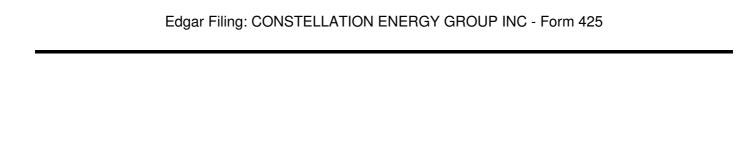

After the dividend payment, BGE s equity ratio would be below 48% as calculated pursuant to Maryland PSC s ratemaking precedents; or

BGE s senior unsecured credit rating by two of the three major credit rating agencies is below investment grade

BGE can no longer participate in the CEG cash pool or commingle funds with CEG

BGE must operate as a separate entity from CEG, conduct business in its own name and not assume any of CEG s obligations

BGE must maintain an arms-length relationship with CEG 41

Cautionary Statements Regarding Forward-Looking Information

Except for the historical information contained herein, certain of the matters discussed in this communication constitute forward-looking statements within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, both as amended by the Private Securities Litigation Reform Act of 1995. Words such as may, will, anticipate, estimate, expect, project, intend, plan, target, and terms of similar substance used in connection with any discussion of future plans, actions, or events identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding benefits of the proposed merger of Exelon Corporation (Exelon) and Constellation Energy Group, Inc. (Constellation), integration plans and expected synergies, the expected timing of completion of the transaction, anticipated future financial and operating performance and results, including estimates for growth. These statements are based on the current expectations of management of Exelon and Constellation, as applicable. There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements included in this communication regarding the proposed merger. For example, (1) the companies may be unable to obtain shareholder approvals required for the merger; (2) the companies may be unable to obtain regulatory approvals required for the merger, or required regulatory approvals may delay the merger or result in the imposition of conditions that could have a material adverse effect on the combined company or cause the companies to abandon the merger; (3) conditions to the closing of the merger may not be satisfied; (4) an unsolicited offer of another company to acquire assets or capital stock of Exelon or Constellation could interfere with the merger; (5) problems may arise in successfully integrating the businesses of the companies, which may result in the combined company not operating as effectively and efficiently as expected; (6) the combined company may be unable to achieve cost-cutting synergies or it may take longer than expected to achieve those synergies; (7) the merger may involve unexpected costs, unexpected liabilities or unexpected delays, or the effects of purchase accounting may be different from the companies expectations; (8) the credit ratings of the combined company or its subsidiaries may be different from what the companies expect; (9) the businesses of the companies may suffer as a result of uncertainty surrounding the merger; (10) the companies may not realize the values expected to be obtained for properties expected or required to be divested; (11) the industry may be subject to future regulatory or legislative actions that could adversely affect the companies; and (12) the companies may be adversely affected by other economic, business, and/or competitive factors. Other unknown or unpredictable factors could also have material adverse effects on future results, performance or achievements of Exelon, Constellation or the combined company. Discussions of some of these other important factors and assumptions are contained in Exelon s and Constellation s respective filings with the Securities and Exchange Commission (SEC), and available at the SEC s website at www.sec.gov, including: (1) Exelon s 2010 Annual Report on Form 10-K in (a) ITEM 1A.
