Item 1.01 Entry into a Material Definitive Agreement

On May 23, 2013, Universal Insurance Holdings, Inc. (*Company*), as borrower, entered into a \$20 million unsecured term loan agreement (*Term Loan*) and related term note (*Term Note*) with RenaissanceRe Ventures Ltd., as lender (*RenRe*). The Term Loan and Term Note are part of a series of agreements entered into by the Company and RenRe and its affiliates pursuant to which, among other things, the Company will purchase a covered loss index swap from an affiliate of RenRe and such affiliate will reserve reinsurance capacity for the Company's reinsurance program and receive a right of first refusal in respect of a portion thereof.

The Term Loan bears interest at the rate of 50 basis points per annum and matures on the earlier of May 23, 2016 or the date that all principal under the Term Loan is pre-paid or deemed paid in full. The Term Loan is amortized over the three-year term and the Company may prepay the loan without penalty. The obligations of the Company under the Term Loan are guaranteed by four of the Company's subsidiaries that are not regulated insurance companies (*Guarantors*), each of which has executed a guaranty as a subsidiary guarantor in favor of RenRe.

In connection with obtaining the consent of Deutsche Bank Trust Company Americas (*DB*), with whom the Company currently has an unsecured \$10 million revolving line of credit, to the Term Loan, RenRe and DB entered into a Sharing Agreement on May 23, 2013 (*Sharing Agreement*), the provisions of which the Company and the Guarantors have acknowledged. The Sharing Agreement provides in part that, upon certain insolvency or liquidation events, loan payments must be made 50% to DB and 50% to RenRe until the revolving credit loan to DB has been paid in full. Also on May 23, 2013, the Company and DB amended their existing revolving loan agreement to provide in substantial part for the approval of the Term Loan (*DB Loan Amendment*). In addition, the obligations of the Company under the revolving loan agreement with DB, as amended, are now guaranteed by the Guarantors, each of which has executed a guaranty as a subsidiary guarantor in favor of DB.

The Term Loan contains customary reporting, financial, affirmative and negative covenants. An event of default under the Term Loan may be triggered by events such as a failure to make payments when due, a failure to comply with the covenants therein, certain insolvency proceedings or a change of control of the Company. An event of default would permit RenRe to, among other things, accelerate any amounts due under the Term Loan.

The Company may use loan proceeds for working capital and other general corporate purposes and to repurchase shares of its equity stock from its shareholders. The Company used a portion of the net proceeds of the Term Loan to repurchase 2,000,000 shares of the Company's common stock owned by Bradley I. Meier, the Company's former Chairman, President and Chief Executive Officer. As previously disclosed in the Company's Current Report on Form 8-K dated April 2, 2013, the Company was obligated to repurchase 2,000,000 shares of common stock from Mr. Meier on or before June 1, 2013 pursuant to the repurchase agreement between Mr. Meier and the Company dated April 1, 2013 (*First Repurchase Agreement*).

As part of the series of agreements with RenRe, on May 23, 2013, the Company, RenRe and Mr. Meier agreed to assign to RenRe a portion of the Company's right of first refusal to repurchase shares of the Company's common stock owned by Mr. Meier under the First Repurchase Agreement. RenRe will have a right of first refusal to repurchase one-third of the shares offered by Mr. Meier, up to the lesser of 2,000,000 shares and 4.99% of the Company's outstanding common stock.

Also on May 23, 2013, the Company entered into a second repurchase agreement with Mr. Meier (Second Repurchase Agreement). Pursuant to the Second Repurchase Agreement, the Company used a portion of the net proceeds of the Term Loan to repurchase 2,666,000 shares of the Company's common stock owned by Mr. Meier at a repurchase price of \$4.50 per share, representing a discount from the current market price of the Company's common stock.

After the Company's share repurchases, Mr. Meier owns in the aggregate 4,874,673 shares, or 13.8% of the Company's currently outstanding common stock.

The foregoing description of the Term Loan, Term Note, Sharing Agreement, DB Amendment and Second Repurchase Agreement is not complete and is qualified in its entirety by reference to the full text of such documents, which are attached hereto as Exhibits 10.1, 10.2, 10.3, 10.4 and 10.5, respectively, and are incorporated herein by reference.
