PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of SYNEX Corporation, a Delaware corporation, of proxies to be used at our 2014 Annual Meeting of Stockholders and any adjournments or postponements thereof (referred to herein as the Annual Meeting). Our Annual Meeting will be held at our offices at 44201 Nobel Drive, Fremont, California, at 10:00 a.m., Pacific Time, on March 25, 2014. This Proxy Statement and the accompanying form of proxy card are being mailed to stockholders on or about February 28, 2014.

Appointment of Proxy Holders

The Board asks you to appoint Kevin Murai, Dennis Polk and Simon Leung as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by the Board.

Unless you otherwise indicate on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by the Board at the time this Proxy Statement was printed and which, under our Bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on February 10, 2014, the record date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on the record date, we had 39,097,430 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of the record date. There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either in person, by mail or, if permitted by your bank or broker, by telephone or via the Internet as described below. Stockholders holding shares through a bank or broker should follow the voting instructions on the form of proxy card received from such bank or broker. The Board recommends that you vote by proxy, as it is not practical for most stockholders to attend the Annual Meeting. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Edgar Filing: SYNnex CORP - Form DEF 14A

Voting by Mail. You may vote by proxy by dating, signing and returning your proxy card in the enclosed postage-prepaid return envelope.

Voting by Telephone and Internet. Depending upon your bank or broker, you may vote by telephone and Internet. Your bank or broker will provide further instructions if this method of voting is available.

Voting at the Annual Meeting of Stockholders. You may vote in person at the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote at the Annual Meeting. Voting by mail, telephone or Internet will not limit your right to vote at the Annual Meeting, if you decide to attend in person.

Table of Contents

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares **FOR** the election of the nominees for director, **FOR** the approval of our executive compensation, **FOR** the approval of the 2014 Employee Stock Purchase Plan, and **FOR** the ratification of the appointment of independent registered public accountants.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or

by submitting another properly executed proxy of a later date prior to the Annual Meeting.

Required Vote

Directors are elected by a plurality vote, which means that the ten nominees receiving the most affirmative votes will be elected. However, the Board has adopted a majority vote standard for director elections. As a result, if a director receives less than a majority of the votes cast for such director, the Board will review the totality of circumstances to evaluate the situation and is authorized to remedy the situation as it deems appropriate, including requesting that the affected director resign from the Board. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of the record date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

Brokers who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner. If a broker indicates on the enclosed proxy card or its substitute that such broker does not have discretionary authority to vote on a particular matter (broker non-votes), those shares will be considered as present for purposes of determining the presence of a quorum but will not be treated as shares entitled to vote on that matter. Note that, if you are a beneficial owner and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors, nor will the broker be authorized to vote on the proposals other than the ratification of the appointment of KPMG as the auditor for 2014. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Solicitation of Proxies

We are paying the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and other employees by personal interview, telephone or facsimile. No additional compensation will be paid to these persons for solicitation. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Table of Contents

Important

Please promptly vote and submit your proxy by signing, dating and returning the enclosed proxy card in the postage-prepaid return envelope so that your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Directors and Nominees

Our Bylaws currently provide that the number of directors which shall constitute the whole Board shall be fixed from time to time by the Board or our stockholders. We currently have authorized ten directors. At the Annual Meeting, ten persons will be elected as members of the Board, each for a one-year term or until their successors are elected and qualified. The Nominating and Corporate Governance Committee of the Board of Directors has nominated, and the Board has designated, the ten persons set forth below for election at the Annual Meeting. All of the nominees were elected at the SYNEX 2013 Annual Meeting of Stockholders held on March 19, 2013. The proxies given to the proxy holders will be voted as directed and, if no direction is given, will be voted FOR the ten nominees. The Board knows of no reason why any of these nominees should be unable or unwilling to serve. However, if for any reason any nominee should be unable or unwilling to serve, the proxies will be voted for any nominee designated by the Board to fill the vacancy.

There are no family relationships among any of our directors or executive officers.

Vote Required

The ten nominees for director receiving the highest number of affirmative votes will be elected as directors. However, the Board has adopted a majority vote standard for director elections. As a result, if a director receives less than a majority of the votes cast for such director, the Board will evaluate the situation and is authorized to remedy the situation as it deems appropriate, including requesting that the affected director resign from the Board. Unless marked to the contrary, proxies received will be voted FOR the nominees.

**The Board recommends a vote FOR the election
of the nominees set forth above as directors of SYNEX.**

Table of Contents**CORPORATE GOVERNANCE****Organization of the Board of Directors**

The Board held 11 meetings during the fiscal year ended November 30, 2013. Each director attended at least 75% of the total regularly scheduled and special meetings held by the Board and the committees on which such director served during the director's tenure in the last completed fiscal year. We do not have a policy regarding directors attendance at the Annual Meeting. However, all members of the Board attended the 2013 Annual Meeting of Stockholders.

Our non-management directors meet in regularly scheduled executive sessions without the presence of management. The Chairman of the Board or the Lead Director, as applicable, presides over each such Executive Session. Currently, Mr. Steffensen is an independent, non-executive Chairman of the Board, so the position of Lead Director remains vacant. Historically, our Chief Executive Officer has not served as our Chairman of the Board and we continue to separate the two positions. Separating the two positions ensures that our Chief Executive Officer is accountable for managing our company in close alignment with the interests of stockholders, eliminates the inherent conflict of interest that arises when the roles are combined, promotes oversight of risk and can serve as a conduit for regular communication with stockholders.

The Board has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Executive Committee. In addition, from time to time, the Board establishes non-standing committees to address matters that may arise during periods between regularly scheduled meetings and/or specific issues not fully applicable to one of the standing committees. The Board has determined that all members of the Audit, Compensation, and Nominating and Corporate Governance Committees meet the independence standards of the NYSE and rules and regulations of the Securities and Exchange Commission (SEC). With respect to the Executive Committee, at least one half of the members of the Executive Committee meet the independence standards of the NYSE and rules and regulations of the SEC. In addition, each member of the Audit Committee is financially literate as defined by the Board and each member of the Audit and Compensation Committees meet the heightened independence standards of the NYSE and rules and regulations of the SEC applicable to members of these committees. The Board has approved a charter for each of these standing committees, which can be found on our website at www.synnex.com. Our corporate governance guidelines and ethical business conduct, which are applicable to our principal executive, financial and accounting officers, directors and employees, are also available on or through our website at www.synnex.com and are available in print to any stockholder upon request. We intend to post any amendments to the corporate governance guidelines or code of ethics on our website.

The following lists the four standing committees and their current members who are director nominees.

The Executive Committee did not hold any meetings during the fiscal year ended November 30, 2013 as all matters were covered at regularly scheduled Board meetings.

The Board of Directors Role in Risk Oversight

The Board recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities to SYNEX and our stockholders. While the Chief Executive Officer and other members of our senior management team are responsible for the day-to-day management of risk, the Board is responsible for ensuring that an appropriate culture of risk management exists within our company and for setting the right tone at the top, overseeing our aggregate risk profile, and assisting management in addressing specific risks, such as strategic and competitive risks, financial risks, brand and reputation risks, legal risks, regulatory risks, and operational risks.

Table of Contents

The Board believes that the current leadership structure best facilitates this oversight of risk by combining independent leadership, through an independent Chairman of the Board, independent board committees, and majority independent board composition, with an experienced Chief Executive Officer who has intimate knowledge of our business, history, and the complex challenges that arise. The Chief Executive Officer's in-depth understanding of these matters and involvement in the day-to-day management of our company uniquely positions him to promptly identify and raise key business risks to the Board, call special meetings of the Board when necessary to address critical issues, and focus the Board's attention on areas of concern. The Chairman of the Board, independent committee chairs and other directors also are experienced professionals or executives who can and do raise issues for board consideration and review, and are not hesitant to challenge management. The Board believes there is a well-functioning and effective balance between the Chairman of the Board, non-executive board members and the Chief Executive Officer, which enhances risk oversight.

In addition, while we retain an independent Chairman of the Board, the Board believes that the Chairman of Board should not serve on the Audit Committee, Compensation Committee or the Nominating and Corporate Governance Committee. As such, our current Chairman of the Board, Mr. Steffensen, has not served on any of the independent committees since our 2011 Annual Meeting of Stockholders.

The Board exercises its oversight responsibility for risk both directly and through three of its standing committees. Throughout the year, the Board and each committee spend a portion of their time reviewing and discussing specific risk topics. The full Board is kept informed of each committee's risk oversight and related activities through regular oral reports from the committee chairs, and committee meeting minutes are available for review by all directors. Strategic, operational, financial and competitive risks also are presented and discussed at the Board's quarterly meetings, and more often as needed. On at least an annual basis, the Board conducts a review of our long-term strategic plans and members of senior management report on our top risks and the steps management has taken or will take to mitigate these risks. In addition, at each quarterly meeting, or more often as necessary, the General Counsel updates the Board on material legal and regulatory matters. On a regular basis between Board meetings, our Chief Executive Officer and/or other executive officers provide written reports to the Board on the critical issues we face and recent developments in our principal operating areas. These reports may include a discussion of business risks as well as a discussion regarding enterprise risk.

Director Orientation and Continuing Education

We provide directors with an orientation and education program to familiarize them with our business operations and plans, industry trends and corporate governance practices, as well as ongoing education on issues facing us and on subjects that would assist the directors in discharging their duties. Directors also are encouraged to attend courses provided by outside organizations covering various governance matters, best practices, and issues of concern to directors of publicly-traded companies. It is our policy that directors are to share with the Board or fellow committee members what they have learned.

Director Nominations

The Board nominates directors for election at each Annual Meeting of Stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board for nomination or election.

The Nominating and Corporate Governance Committee has a policy and process regarding consideration of director candidates recommended by stockholders. The Nominating and Corporate Governance Committee reviews suggestions for director candidates recommended by stockholders and considers such candidates for recommendation

based upon an appropriate balance of knowledge, experience and capability. The assessment of candidates include the candidates relevant industry experience, general business experience, relevant financial experience, interpersonal and communication skills, as well as the candidates roles and contributions that are

Table of Contents

valuable to the business community, personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards. In addition to considering an appropriate balance of knowledge, experience and capability, the Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives, skills and other individual qualities that contribute to Board heterogeneity. The Nominating and Corporate Governance Committee selects candidates for director based on their character, judgment, diversity of experience and backgrounds, relevance of experience, business acumen, interpersonal and communication skills, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to SYNEX and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board of Directors to meet the definition of independent director under the rules of the NYSE. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by reviewing the current directors whose terms expire at such Annual Meeting of Stockholders and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including each candidate's demonstrated prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board members, by any executive search firm engaged by the Nominating and Corporate Governance Committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board should notify our Corporate Secretary, any member of the Nominating and Corporate Governance Committee, or the persons referenced below in Communications with the Board of Directors in writing with any supporting material the stockholder considers appropriate.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board at an Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to our Corporate Secretary and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder's notice not less than 120 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the Annual Meeting of Stockholders is given or made to stockholders less than 100 days prior to the meeting date, we must receive the stockholder's notice by the close of business on the 7th day after the earlier of the day we mailed notice of the Annual Meeting of Stockholders date or provided such public disclosure of the meeting date. Information required by our Bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to: Corporate Secretary, SYNEX Corporation, 44201 Nobel Drive, Fremont, California 94538. You can obtain a copy of our Bylaws by writing to the Corporate Secretary at this address.

Communications with the Board of Directors

The Board has a process for stockholders and other interested persons to send communications to directors. If you wish to communicate with the Board as a whole or to non-management directors, you may send your communication in writing to: Gregory Quesnel, Chairman of the Audit Committee, SYNEX Corporation, 44201

Table of Contents**Narrative to Directors Compensation Table**

The current compensation and benefit program for non-executive directors is designed to achieve the following goals: (1) compensation should fairly pay directors for work required of directors serving an entity of our size and scope; (2) compensation should align directors' interests with the long-term interests of stockholders; and (3) the structure of the compensation should be transparent and easy for stockholders to understand. We review director compensation every year. For the fiscal year ended November 30, 2013, each non-executive director received an annual cash retainer fee of \$30,000 and an additional \$2,000 for each meeting of the Board attended regardless of form of attendance. The committee chair for the Compensation Committee and the Nominating and Corporate Governance Committee received an annual retainer fee of \$7,500 and \$5,000, respectively. The Audit Committee Chair received an annual retainer fee of \$10,000. In addition, if the Lead Director position were filled, then he or she would have received an annual cash retainer fee of \$30,000. The Chairman of the Board received an annual cash retainer fee of \$100,000. Committee meetings are bifurcated between in-person attendance meetings and non-in-person attendance meetings. For all committee meetings scheduled to be convened by in-person attendance, the committee attendance meeting fee will be \$2,000 per meeting whether the non-executive director attends such meeting in-person or not. For all committee meetings scheduled to be convened by telephone, videoconference or other non-in-person attendance, the committee attendance meeting fee will be \$1,000 per meeting.

All directors are reimbursed for their reasonable out-of-pocket expenses in serving on the Board or any committee of the Board.

Directors had previously been eligible to receive stock options under our 1997 Stock Option/Stock Issuance Plan, our Special Executive Stock Option/Stock Issuance Plan and our Amended and Restated 2003 Stock Incentive Plan. Currently, directors are eligible to receive equity incentives, in the form of stock options and restricted stock awards, under our 2013 Stock Incentive Plan (2013 Stock Incentive Plan). Upon first election, each non-executive director is awarded the equivalent value of \$90,000 of restricted stock (Initial Restricted Stock Award) and an option to purchase 10,000 shares of our common stock on the date he or she joined the Board. One quarter of the Initial Restricted Stock Award will vest on the last day of each quarter following the date of the grant over a period of one year, subject to earlier termination following the director's cessation of Board of Directors service for any reason. The options have an exercise price equal to the fair market value of our common stock on the grant date, and have a term of 10 years, subject to earlier termination following the director's cessation of Board of Directors service. The options vest over three years, of which 33.3% of the shares vest upon the first anniversary of the vesting start date and the remaining shares vest monthly thereafter over the remaining two-year period ratably.

In addition, following each Annual Meeting of Stockholders, each of our continuing non-executive directors will be awarded the equivalent value of \$90,000 of restricted stock (Annual Value Restricted Stock Award) under our 2013 Stock Incentive Plan, provided such individual has served on the Board for at least six months. One quarter of the Annual Value Restricted Stock Award will vest on the last day of each fiscal quarter following the date of the grant over a period of one year, subject to earlier termination following the director's cessation of Board service for any reason.

We request each current member of the Board, who was elected prior to the 2010 Annual Meeting of Stockholders, to hold an equity position in SYNEX of the equivalent value of at least \$250,000 of common stock, whether vested or unvested, or vested in-the-money stock options on the date of each Annual Meeting of Stockholders, commencing on the 2012 Annual Meeting of Stockholders. For any director elected after the 2010 Annual Meeting of Stockholders we request that he or she hold an equity position in SYNEX of the equivalent value of at least \$250,000 of common stock, whether vested or unvested, or vested in-the-money stock options on the date of each Annual Meeting of Stockholders, commencing on the third Annual Meeting of Stockholders held following his or her initial election.

In fiscal year ended, November 30, 2013, Matthew Miao received the standard retainer, meeting attendance fees and equity compensation as other outside directors, upon approval of the Nominating and Corporate Governance Committee. Also, as a non-executive employee, Mr. Miao received other employee benefits, such as medical, dental and life insurance. Any future compensation payable to Mr. Miao will be based upon the approval of the Nominating and Corporate Governance Committee, which is composed of disinterested members of the Board of Directors.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS****Overview**

We have a business relationship with MiTAC International Corporation (MiTAC International), a publicly-traded company in Taiwan that began in 1992 when it became our primary investor through its affiliates. In September 2013, MiTAC Holdings Corporation (MiTAC Holdings) was established through a stock swap from MiTAC International and became a publicly traded company on the Taiwan Stock Exchange. MiTAC International is now a wholly owned subsidiary of MiTAC Holdings. As of February 10, 2014, MiTAC Holdings and its affiliates beneficially owned approximately 25.2% of our common stock. In addition, Matthew Miao, the Chairman Emeritus of the Board, is the Chairman of MiTAC Holdings and a director or officer of MiTAC Holdings' affiliates. As a result, MiTAC Holdings generally has significant influence over us and over the outcome of all matters submitted to stockholders for consideration, including any of our mergers or acquisitions. Among other things, this could have the effect of delaying, deterring or preventing a change of control over us.

Until July 31, 2010, we worked with MiTAC Holdings on OEM outsourcing and jointly marketed MiTAC Holdings design and electronic manufacturing services and our contract assembly capabilities. This relationship enabled us to build relationships with MiTAC Holdings' customers. On July 31, 2010, MiTAC Holdings purchased certain assets related to the contract assembly business including inventory and customer contracts, primarily related to customers then being jointly serviced by MiTAC Holdings and us. During the fiscal years ended November 30, 2013 and 2012, we recorded \$3.1 million and \$3.7 million in service fees earned, reimbursements for facilities and overhead costs.

We purchased inventories, including notebook computers, motherboards and other peripherals, from MiTAC Holdings and its affiliates totaling \$31.4 million, \$15.3 million, and \$12.3 million during fiscal years 2013, 2012 and 2011, respectively. Our sales to MiTAC Holdings and its affiliates during fiscal years 2013, 2012 and 2011 totaled \$4.4 million, \$2.7 million, and \$4.2 million, respectively. Most of the purchases and sales in 2013, 2012 and 2011 were pursuant to the agreements mentioned under the heading "Agreements with MiTAC Holdings" below.

Our business relationship with MiTAC Holdings had been informal and was not governed by long-term commitments or arrangements with respect to pricing terms, revenue or capacity commitments.

We negotiate manufacturing, pricing and other material terms on a case-by-case basis with MiTAC Holdings and its affiliates and our contract assembly customers for a given project. While MiTAC Holdings is a related party and a controlling stockholder, we believe that the significant terms under these agreements, including pricing, would not materially differ from the terms we could have negotiated with unaffiliated third parties, and we have adopted a policy requiring that material transactions with MiTAC Holdings or its related parties be approved by our Audit Committee, which is composed solely of independent directors. In addition, Matthew Miao's compensation is approved by the Nominating and Corporate Governance Committee, which is also composed solely of independent directors.

Beneficial Ownership of our Common Stock by MiTAC Holdings

As noted above, MiTAC Holdings and its affiliates in the aggregate beneficially owned approximately 25.2% of our common stock as of February 10, 2014. These are owned by the following MiTAC affiliates:

MiTAC Affiliate	Shares
MiTAC International(1)	5,551,764

Edgar Filing: SYNnex CORP - Form DEF 14A

Synnex Technology International Corp.(2)	4,282,895
Total	9,834,659

- (1) Shares held via Silver Star Development Ltd., a wholly-owned subsidiary of MiTAC International. Excludes 441,619 shares held by Matthew Miao.

Table of Contents

(2) Synnex Technology International Corp., or Synnex Technology International, is a separate entity from us and is a publicly-traded corporation in Taiwan. These shares held via Peer Development Ltd., a wholly-owned subsidiary of Synnex Technology International. MiTAC Holdings owns a noncontrolling interest of 8.7% in MiTAC Incorporated, a privately-held Taiwanese company, which in turn holds a noncontrolling interest of 13.6% in Synnex Technology International. Neither MiTAC International nor Mr. Miao is affiliated with any person(s), entity, or entities that hold a majority interest in MiTAC Incorporated.

While the ownership structure of MiTAC Holdings and its affiliates is complex, it has not had a material adverse effect on our business in the past, and we do not expect it do so in the future.

Synnex Technology International is a publicly-traded corporation in Taiwan that currently provides distribution and fulfillment services to various markets in Asia and Australia, and is also our potential competitor. Neither MiTAC Holdings nor Synnex Technology International is restricted from competing with us.

Agreements with MiTAC Holdings

We have entered into several additional agreements with affiliates of MiTAC Holdings. These agreements do not constitute contracts or obligations by any party to purchase products or services from the other parties, nor do they restrict our ability to conduct our business, except where so noted below. Accordingly, we do not believe that the termination of any of these agreements would have a material adverse effect on our business. Pursuant to these agreements, the terms for contracted services or purchased products are individually negotiated and, if agreed upon by the parties, such terms are included in a purchase order. We believe that the terms of each of these agreements are materially no less favorable to us than the terms we could have negotiated with unaffiliated third parties. In the fiscal year ended November 30, 2013 we paid an aggregate of approximately \$28.8 million to MiTAC Holdings, most of which was paid pursuant to the agreements described below.

Logistics Services Agreements with MiTAC Digital Corp. In March 2010, we entered into a logistical services agreement with MiTAC Digital Corp. Pursuant to the agreement, we provide certain reverse logistics services related to products returned by MiTAC Digital's customers in Canada. The agreement has an initial term of two years and automatically renews for subsequent one year terms. The agreement may be terminated without cause either by the mutual written agreement of the parties or, following the initial two year term, by either party without cause upon 90 days prior written notice of termination to the other party.

Distribution Agreement. In April 2009, we entered into a distribution agreement with MiTAC Digital Corp. Pursuant to the agreement, we may purchase certain MiTAC Digital products for distribution in the United States. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee has overall responsibility for SYNEX executive compensation policies as provided in a written charter adopted by the Board. The Compensation Committee is empowered to review and approve the compensation and compensation procedures for the executive officers. In addition, in June 2011, the Board determined that, consistent with the stockholders' advisory vote in March 2011, it will include in our proxy materials a stockholder vote on executive compensation every year until the next required stockholder vote on the frequency of stockholder votes concerning executive compensation. This say on pay proposal is provided in Proposal 2.

At last year's Annual Meeting of Stockholders, our stockholders approved our executive compensation programs, as disclosed in last year's proxy statement, in an advisory say-on-pay vote, with 34,535,192 votes cast in favor of approval and approximately 113,706 votes cast against. As the Compensation Committee evaluated our compensation principles and policies during fiscal 2013, it was mindful of this favorable outcome and the stockholders' strong support of our compensation objectives and compensation programs. The Compensation Committee has maintained its general approach to executive compensation.

Objectives and Philosophy of Our Compensation Program

Our compensation philosophy is to pay for performance as well as to offer competitive compensation in order to attract and retain talented executive officers. With respect to pay for performance, our program is designed to align the interests of our executive officers with those of our stockholders, for whom they work. A significant portion of an executive officer's total compensation depends on his performance relative to operational and financial objectives. In particular, in determining total compensation, we stress a compensation philosophy that is performance-driven with relatively moderate base salaries, but high variability through our Profit Sharing Plan and equity compensation. We believe that total compensation should reflect some level of risk associated with the performance of the business. As a result, a substantial portion of an executive officer's total compensation is in the form of profit sharing and annual equity grants.

We believe that the compensation of our executive officers should reflect their success as a management team, as well as individuals, in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share, growth or maintenance of market share, long-term competitive advantage, and ultimately, in attaining an increased market price for our common stock. We believe that the performance of our executive officers in managing SYNEX, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation.

We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of SYNEX by our executive officers. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option, restricted stock and other equity incentive programs.

Competitive compensation is important if we are to attract and retain the talent necessary to lead SYNEX in the competitive and changing business environment in which we operate. In this regard, we are mindful of the median level of compensation of our competitors as well as of the median level of compensation in the local area in which the executive is located. We strive for internal equity among employees according to job responsibilities, experience, capability, and individual performance. Our executive compensation program impacts all employees by setting

general levels of compensation and helping to create an environment of goals, rewards and expectations. As we believe the performance of every employee is important to our success, we are mindful of the effect that our executive compensation and incentive program has on all of our employees.

Table of Contents

The differences in compensation between the various executive officers are based primarily upon individual differences in job responsibility, contribution, performance and increase in the global scope of the business and complexity and demands of understanding, managing and influencing global operations and integrated success. An executive with responsibility over a broader, more difficult or more profitable business unit or corporate division will have potential for greater compensation than an executive with responsibility over a narrower, less complex or less profitable business unit or corporate division.

Our compensation philosophy emphasizing performance permeates total compensation for both executive officers and non-executive employees. While we do not have an exact formula for allocating between cash and non-cash compensation, we try to balance long-term equity versus short-term cash compensation and variable compensation versus fixed compensation. As noted above, executive officers who have greater ability to influence the performance of SYNnex receive more long-term equity as a percentage of total compensation than non-executive employees who have less ability to influence the performance of SYNnex. Similarly, performance-related cash compensation for such executive officers as a percentage of total compensation is greater than performance-related cash compensation of non-executive employees. The goal is to create a balanced culture of high performance without undue risk assumption.

Risk Assessment of Our Compensation Program

Consistent with SEC disclosure requirements, we have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our company. The risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control and the support of the program and their risks to our company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of an executive officer to directly affect payout and the controls on executive officer action and payout. By way of examples, we reviewed our compensation programs for certain design features that have been identified by experts as having the potential to encourage excessive risk-taking, including:

too much focus on equity;

compensation mix overly weighted toward annual incentives;

highly leveraged payout curve and uncapped payouts;

unreasonable goals or thresholds; and

steep payout cliffs at certain performance level that may encourage short-term business decisions to meet payout thresholds.

We are satisfied that these potential pitfalls have been mitigated.

In addition, we have internal controls over financial reporting and the measurement and calculation of compensation goals, and other financial, operational, and compliance policies and practices that are designed to keep our compensation programs from being susceptible to manipulation by any employee, including our executive officers. Other risk-mitigating factors considered by the Compensation Committee include the following:

the use of different types of compensation that provide a balance of short-term and long-term incentives with fixed and variable components;

our minimum equity holding guidelines;

our clawback policy which, in the event of a restatement of our financial results allows the Compensation Committee to seek to recover or cancel Profit Sharing Plan bonuses;

Table of Contents

caps on performance-based awards to limit windfalls;

every executive officer must obtain permission from our Legal Department before the sale of any shares of our common stock, even during an open trading window;

our policy to limit our involvement in cashless stock option exercises by our directors and officers;

our prohibition of trading in our securities on a short-term basis, on margin, or in a short sale transaction;

our policy against buying or selling puts or calls on our common stock;

our Code of Ethical and Business Conduct; and

the Compensation Committee's consideration of ethical behavior as integral in assessing the performance of all executive officers.

Ultimately, our incentive compensation is designed to reward executive officers for committing to and delivering goals that are intended to be challenging yet provide them a reasonable opportunity to reach the threshold amount, while requiring meaningful growth to reach the target level and substantial growth to reach the maximum level. The amount of growth required to reach the maximum level of compensation is developed within the context of the normal business planning cycle and, while difficult to achieve, is not viewed to be at such an aggressive level that it would induce our executive officers to take inappropriate risks that could threaten our financial and operating stability.

Elements of Our Compensation Program

As a result of the above assessment process on December 1, 2011 and as reviewed annually by the Compensation Committee, we have implemented a compensation program for our executive officers that consists of five compensation components:

- (1) base salary;
- (2) Profit Sharing Plan bonus;
- (3) annual equity grants;
- (4) performance-based, long-term incentives (LTI); and

(5) LTI program transitional bonuses.

We and the Compensation Committee believe that the LTI program ties executive deferred compensation to business performance and also aligns total compensation closer to the market comparatives in value and in form.

The compensation elements are usually administered in three cycles. Merit raises for base salaries are generally performed in the April-May period. Annual equity grants in the form of stock options, restricted stock awards or restricted stock units (RSUs), other than LTI awards, are generally awarded in the September-October period. Profit Sharing Plan bonuses and LTI program transitional bonuses are generally paid in the December-January period and LTI awards in the form of RSUs are generally granted effective the first business day of the fiscal year with a vesting date of the last day of the third fiscal year following the effective date. However, all of the above elements are reviewed and determined on at least an annual basis by the Compensation Committee.

Table of Contents

The components of our compensation program are described as follows:

Base Salary. Base salaries are designed to provide a consistent cash flow throughout the year as compensation for day-to-day responsibilities. In prior years, we maintained relatively low base salaries to incent executive officers to achieve the Profit Sharing Plan targets and thus create a performance-driven environment. The Compensation Committee increased base salaries and decreased Profit Sharing Plan bonuses to reduce the variability of the cash compensation component and to discourage excessive risk-taking and short-term business decisions to meet payout thresholds; however, base salaries generally remain near the 25th percentile for comparable positions in our peer group and are now considered relatively moderate. In determining our peer group, we considered the following Electronics Distribution peer companies:

Anixter International, Inc.

Arrow Electronics, Inc.

Avnet, Inc.

Computer Sciences

Flextronics

Ingram Micro, Inc.

Insight Enterprises

Jabil Circuit

NCR Corporation

SAIC

Sanmina-SCI

ScanSource, Inc.

Tech Data Corporation

Base salaries for our executive officers are reviewed and, if deemed appropriate, adjusted on an annual basis. Merit increases are based on, among other things, individual performance, any new responsibilities assumed and the magnitude of our merit increase budget for the year. With respect to each executive's individual performance, we assess the breadth and complexity of his area of responsibility and his individual contributions and seek to quantify the same. Determination of base salary is not made in accordance with a strict formula that measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices.

Profit Sharing Plan. Profit Sharing Plan bonuses reward individuals for achieving operating and financial goals, in keeping with a performance-driven environment conducive to increasing stockholder value. Under our Profit Sharing Plan, we accrued a certain percentage of our pre-tax, before profit sharing accrual, profits for possible bonuses.

Bonuses granted to executive officers under our Profit Sharing Plan are determined by the Compensation Committee based upon both qualitative and quantitative considerations. The Compensation Committee establishes in writing specific performance goals for each participant, which must be achieved in order for an award to be earned under our Profit Sharing Plan for that fiscal year. Such performance goals may be based upon any one or more of the following: net income per share, revenue, cash flow, earnings per share, return on equity, total stockholder return, share price performance, return on capital, return on assets or net assets, income or net income, operating income or net operating income, operating profit or net operating profit, operating margin or profit margin, return on operating revenue, return on invested capital, sales productivity, sales growth, market segment share or similar financial performance measures as may be determined by the Compensation Committee. As in prior years, the Compensation Committee set reasonably difficult minimum Profit Sharing Plan hurdles and performance metrics. In addition, we amended our Profit Sharing Plan in 2012 to include a compensation recoupment provision to mitigate the potential for such undue risk assumption.

For fiscal year 2014, bonuses to executive officers will be based upon a combination of (1) the achievement of certain net income target performance for the distribution business, with adjustments based upon achievement of certain return on invested capital (ROIC) performance, and (2) the achievement of certain threshold EBITDA target performance for the global business services (GBS) business. For the distribution business, the net income target for fiscal year 2014 was increased from fiscal year 2013, and the GBS target performance metric is new for fiscal year 2014. Executive officers will not be eligible for bonuses unless we meet or exceed the target performance percentages of the internally established net income and EBITDA goals.

Table of Contents

The actual bonus payable, if the applicable minimum threshold percentages are met, will be paid on a sliding scale of the target performance actually achieved and dollar limits pre-established by the Compensation Committee for each individual executive officer. This amount will then be adjusted by the percentage increase or decrease corresponding with our performance as measured by the ROIC performance metric. In addition, our President and Chief Executive Officer has discretion to recommend to the Compensation Committee that it decrease bonuses for all other executive officers whose compensation is subject to Section 162(m) of the Code. The following table sets forth the bonuses that would have been paid to our named executive officers in fiscal year 2013 if the fiscal year 2014 performance metrics were in effect for fiscal year 2013.

2014 Profit Sharing Plan for Section 16(b) Officers

Name and Position	Dollar Value (\$)(1)
Kevin Murai President and Chief Executive Officer	910,584
Peter Larocque President, North America Distribution	528,139
Dennis Polk Chief Operating Officer	528,139
Marshall Witt Chief Financial Officer	250,484
Simon Leung Senior Vice President, General Counsel and Corporate Secretary	142,658
Executive Group	2,360,005
Non-Executive Director Group	

- (1) These amounts reflect a payout of \$0.00 for the GBS portion of the fiscal year 2014 bonuses because the fiscal year 2013 GBS results, without the anticipated revenues applicable to the acquisition of IBM's customer care business in February, 2014, do not meet the minimum threshold target performance under the fiscal year 2014 plan.

For fiscal year ended November 30, 2013, bonuses to executive officers were based upon (1) the achievement of certain threshold net income targets, (2) the achievement of certain ROIC percentages, and (3) assessments of individual performance. In determining the net income target performance metrics, we focused upon our growth, return on equity, ROIC, and earnings per share (EPS). The minimum threshold target performance percentage was 75% and the maximum target performance percentage was 133.3% for all executive officers. If the minimum threshold target performance percentage of the internally established net income goal was not achieved, no bonuses would have been paid to the executive officers, regardless of the achievement of the ROIC performance metrics. The minimum threshold target performance percentage was based on the previous year's internally established net income per share goal plus a reasonable stretch goal taking into account the then economic environment. Alternatively, if the maximum target performance percentage of the internally established net income per share goal was exceeded, no incremental bonuses beyond the maximum award would have been paid to the executive officers.

The actual bonus payable, if the applicable minimum threshold percentage had been met, was to have been paid upon a sliding scale of the target net income performance percentage actually achieved and dollar limits pre-established by the Compensation Committee for each individual executive officer. This amount would have then been adjusted by

the percentage increase or decrease corresponding with our performance as measured by the ROIC performance metric. The Profit Sharing Plan bonus for each executive officer was based upon a certain percentage of his annual base salary for the applicable fiscal year.

Table of Contents

In the event that the minimum threshold performance target is met, then our executive officers will receive a bonus based on the following approximate percentage of his fiscal year base salary for fiscal 2013 and fiscal 2014:

Name	Minimum Payment (if Threshold is Met) as Percentage of Base Salary(1)	Target Payment as Percentage of Base Salary(1)	Maximum Payment as Percentage of Base Salary(1)
Kevin Murai	125	250	375
Peter Larocque	100	200	300
Dennis Polk	100	200	300
Marshall Witt	50	100	150
Simon Leung	50	100	150
Thomas Alsberg(2)			

(1) The applicable base salary is each officer's then-current base salary at the end of the fiscal year.

(2) As a result of Mr. Alsberg's retirement in April 2013, he did not participate in the Profit Sharing Plan.

There is potential for actual awards under the Profit Sharing Plan to be less than such minimum target depending upon corporate performance, as well as the executive officer's performance of certain individual goals that were predetermined by our President and Chief Executive Officer. In addition, the Compensation Committee has discretion to decrease the bonus for all executive officers. The Compensation Committee's discretion is exercised based upon discussions with Mr. Murai, taking into account his ability to manage and monitor the performance of the other named executive officers.

For fiscal year ended November 30, 2013, we achieved a net income of \$152.2 million, which exceeded the minimum threshold, and as a result our executive officers received the following bonuses:

Name	Profit Sharing Plan Bonuses
Kevin Murai	\$ 1,967,568
Peter Larocque	\$ 1,141,189
Dennis Polk	\$ 1,241,189
Marshall Witt	\$ 351,436
Simon Leung	\$ 358,252

Based on comparable peer companies, the total cash compensation targets, including both base salary and Profit Sharing Plan bonus, excluding any recommended adjustments by the Compensation Committee, for our executive officers for comparable positions in our peer group for fiscal year 2013 were as follows:

Name	Total Cash Compensation Target Percentile
Kevin Murai	Below 50 th Percentile

Peter Larocque	Below 75 th Percentile
Dennis Polk	Below 75 th Percentile
Marshall Witt	Below 75 th Percentile
Simon Leung	Below 25 th Percentile

Annual Equity Grants. Long-term incentives involve annual equity grants, including restricted stock awards, RSUs and stock option. Restricted stock and RSUs help us to retain key personnel, whereas stock options provide incentive for creating incremental stockholder value. The value of annual equity grants derives from stock price, which aligns executive compensation with stockholder value.

Table of Contents

Annual equity grants are based on a number of considerations. The Compensation Committee's determination with respect to stock option grants, restricted stock awards and RSUs grants to executive officers for fiscal year ended November 30, 2013 can be viewed from two perspectives: our company and our executive officer. From our company's perspective, the Compensation Committee considered the following principal elements:

corporate performance;

dilution to stockholders; and

related expense to our company.

From our executive officer's perspective, the Compensation Committee considered the following principal elements:

job responsibilities and past performance;

likely future contributions;

potential reward to the executive officer if the stock price appreciates in the public market;

management tier classification;

equity grants made by competitors; and

existing vested and unvested equity holdings.

Determination of annual equity grant amounts is not made in accordance with a strict formula that measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices, including an overall review of both employee and corporate performance and the value of annual equity grants of comparable officers at comparable companies. We evaluate our corporate performance objective primarily by our financial performance, including growth, return on equity, ROIC, and EPS. Annual equity grants may also be made to new executive officers upon commencement of employment and, on occasion, to executive officers in connection with a significant change in job responsibility. We also distinguish between equity grants of stock options, restricted stock awards or RSUs based upon the officer's position. We believe that stock options carry more risk than restricted stock. As such, we expect certain officers with the most direct impact on our overall performance to accept more equity risk and their grants are more heavily weighted towards stock options rather than restricted stock awards or RSUs.

To further ensure that the long-term interests of executive officers are closely aligned with those of stockholders, we request that they, except Mr. Murai, hold an equity position in SYNEX of the lesser of the following: (1) at least one

times his annual total cash compensation or (2) \$1,000,000. This equity position can be satisfied by holding shares of common stock, whether vested or unvested, or vested in-the-money stock options. With respect to Mr. Murai, he is expected not to sell vested equity compensation (with the exception of shares sold or withheld by us to cover any exercise price or taxes on such compensation) until he achieves ownership of an amount of our common stock having a fair market value of at least two times the sum of his annual base salary plus target bonus as in effect from time to time or \$2,000,000, whichever is less. Mr. Murai is expected to maintain this minimum level of ownership thereafter. Stock ownership for Mr. Murai's purpose includes common stock owned personally or in trust for his benefit, but does not include unvested restricted stock or stock units, or unexercised stock options.

In addition, to avoid any impropriety or even the appearance of such, the Compensation Committee in most cases makes equity grants only during open trading windows. If the date of an equity grant falls within a trading black-out period, then the effective grant date is upon the expiration of the third trading day after the trading black-

Table of Contents

out period ends. The exception to this standard procedure is the granting of long term incentive RSUs, as discussed below, which are granted to be effective the first business day of the fiscal year. The exercise price for all grants is the market closing price of our common stock on the effective grant date. In addition, annual equity grants to executive officers are generally awarded each year in the September-October period. We believe that the automatic and consistent nature of our annual equity grant process avoids the possibility of timing deviations.

Performance Based, Long-Term Equity Incentives. Our LTI program, previously implemented through the 2003 Stock Incentive Plan and is currently implemented through our 2013 Stock Incentive Plan, is designed to provide long-term retention incentives for our executive officers, and also to create an alignment between the interests of our executive officers and those of our stockholders because appreciation in the stock price of our shares will benefit both our executive officers and our stockholders. Under the 2013 Stock Incentive Plan, the Compensation Committee may grant LTI awards that require, as a condition to vesting, the attainment of one or more performance targets specified by the Compensation Committee from the list of possible financial and operational performance metrics specified in the 2013 Stock Incentive Plan.

We and the Compensation Committee believe that the LTI program ties executive deferred compensation to business performance and also aligns total compensation closer to the market comparatives in value and in form.

The LTI award is comprised of performance-based RSU grants. For fiscal years ending November 30, 2013 and November 30, 2014, the performance-based RSUs granted executive officers will cliff vest based upon (1) the achievement of certain threshold EPS target performance percentages and (2) the achievement of certain ROIC performance percentages with both performance metrics measured over a 3-year period. In determining the EPS target performance metrics, we focused upon our growth, return on equity, ROIC, and EPS. The minimum threshold EPS target performance percentage is 75% and the maximum target performance percentage is 166.7% for all executive officers. If the minimum threshold target performance percentage of the internally established EPS goal is not achieved, no performance-based RSUs will vest for the executive officers, regardless of the achievement of the ROIC performance metrics. The minimum threshold target performance percentage is based on the previous year's EPS plus a reasonable, 3-year stretch goal taking into account the then economic environment. Alternatively, if the maximum target performance percentage of the internally established EPS goal is exceeded, no incremental performance-based RSU vesting beyond the maximum award will benefit the executive officers.

The dollar value of the LTI awards is based upon one-third of each executive officer's 100% target Profit Sharing Plan award for the 2013 or 2014 fiscal year, as applicable, because the LTI awards are compensating the executive officers for amounts that were historically funded from our Profit Sharing Plan. The actual number of performance-based RSUs, if the applicable minimum threshold percentage is met, will vest on a sliding scale of the target EPS performance percentage actually achieved and the dollar limits pre-established by the Compensation Committee for each individual executive officer. This amount is then adjusted by the percentage increase or decrease corresponding with our performance as measured by the ROIC performance metric. To the extent that we fail to meet our performance targets for the applicable 3-year period, then that portions of the shares underlying the performance-based RSUs will be canceled and will not vest. If, for example, we achieve an EPS equal to 75% of the EPS target our executive officers would receive 50% of the targeted shares. Similarly, if we achieve an EPS equal to 166.67% of EPS target, then our executive officers will receive 200% of the targeted shares.

In order to allow for vesting of 200% of the target performance-based RSUs (pursuant to the vesting criteria discussed above), each executive officer is granted a number of RSUs equal to two times the target grant. For fiscal year 2013, based upon the per share price on the first business day of fiscal 2013, December 3, 2012, of \$32.75 the executive officers were granted RSUs as follows:

In addition, the vesting of the LTI awards is contingent upon the executive officer still being employed by us on the date of vesting.

In considering the appropriate performance metric for the LTI awards for fiscal year 2013, the Compensation Committee, with the assistance of senior management, concluded that applicable EPS and ROIC performance metrics be the same for all executive officers. The Compensation Committee also considered the aggregate projected cost of the equity grants to the executive officers under Financial Board Accounting Standards Codification Topic 718, Compensation – Stock Compensation (FASB ASC Topic 718).

With respect to both our annual equity grants and the LTI program, the Compensation Committee considers at least annually whether to approve specific long-term equity awards based on the recommendations of our President and Chief Executive Officer (except with respect to his own awards). When determining awards, the Compensation Committee considers factors such as the individual's position with us, his prior and expected future performance and responsibilities, our retention and succession needs, and the long-term incentive award levels for comparable executives and key employees at companies that compete with us for executive and managerial talent. The

Compensation Committee also considers the total value of equity awards previously granted and the existing equity ownership of each executive officer when determining restricted stock award levels, with particular attention paid to the value of unvested awards. In addition, the Compensation Committee considers the potential dilution and accounting costs of long-term equity awards as compared to those granted at other publicly traded companies that compete with us for business and executive talent. The 2013 Stock Incentive Plan does not state a formulaic method for weighing these factors, nor does the Compensation Committee employ one.

In general, we believe that the rebalancing of annual, variable compensation modified compensation program for our executive officers meets the objectives of rewarding executive officers for measurable results in meeting and exceeding goals and mitigates the potential for undue risk assumption.

LTI Program Transitional Bonuses. As noted above, the dollar value of the LTI awards is based upon one-third of each executive officer's 100% target Profit Sharing Plan award for the fiscal year because the LTI awards will be funded from the historical Profit Sharing Plan. As a result of the 3-year vesting period of the LTI awards, the cash compensation due to the executive officers during this transition period is reduced by 25% of the executive officer's applicable Profit Sharing Plan bonus. In order to bridge the initial implementation of the LTI program for our executive officers hired prior to fiscal year 2012, we will provide a transitional bonus to each of our executive officers equal to the amount of the cash compensation decrease resulting from the implementation of the LTI program in order to make up for this shortfall. In addition, in order to bridge the initial vesting period of the LTI awards granted to newly hired executive officers, we will also provide a transitional bonus to each of our executive officers equal to 25% of the executive officer's applicable Profit Sharing Bonus. This transitional bonus will be earned based on achievement of the same metrics as the Profit Sharing Plan for the given year. In this way, the overall cash-flow effect to our executive officers and to the company will be largely the same with the new LTI program as compared to what would occur under the previous compensation program. This transitional bonus is applicable for fiscal years 2012 and 2013 and will not be part of our executive compensation in 2014 for our executive officers hired prior to fiscal year 2013. The LTI awards granted in fiscal year 2012 are expected to vest in fiscal year 2014, assuming that the applicable performance targets are achieved.

Deferred Compensation Plan. Our deferred compensation plan permits designated employees to accumulate income for retirement and other personal financial goals by deferring present income through a nonqualified plan. Our deferred compensation plan became effective on January 1, 1994 and was amended on January 7, 2008 to conform with changes required by Section 409A of the Internal Revenue Code of 1986, as amended (Code). Currently, none of our executive officers participate in this plan.

Benefits, Perquisites and Other. Other benefits to our executive officers include medical, dental and life insurance, as well as 401(k) plan participation. These benefits are generally available to all our employees.

Tax Deductibility Considerations

Section 162(m) of the Code generally prohibits us from deducting the compensation of executive officers that exceeds \$1,000,000 unless that compensation is contingent on the satisfaction of objective performance goals approved by our stockholders. Our Profit Sharing Plan and 2013 Stock Incentive Plan, which were both approved by our stockholders, are structured to permit bonus awards under those plans that are intended to qualify as performance-based compensation and maximize the tax deductibility of such awards. However, we reserve the discretion to pay compensation to our executive officers that may not be deductible.

Compensation Committee

The Compensation Committee has overall responsibility for our executive compensation policies as provided in a written charter adopted by the Board. The Compensation Committee is empowered to review and approve the annual compensation and compensation procedures for our executive officers. The Compensation Committee does not delegate any of its functions to others in setting compensation.

Compensation Consultant and Peer Group Analysis. To assist in this process, the Compensation Committee retained the services of Compensia, Inc. as its compensation consultant for fiscal years 2012 and 2013. Compensia reported directly to the Compensation Committee and the Compensation Committee directly approved the Compensia fees. Management had no role in the selection of the compensation consultant. The Compensation Committee retained the services of Compensia to outline executive compensation trends and developments, review and analyze SYNnex executive compensation philosophy and programs, and provide summary of findings and considerations for use in fiscal years 2013 and 2014. Neither SYNnex, nor the Compensation Committee engaged any compensation consultants during fiscal year 2013, whose fees exceeded \$120,000. The Compensation Committee believes that the Compensia advice was independent of management, and Compensia has certified the same in writing, and benefited our company and stockholders. In reaching this conclusion, the Compensation Committee considered all factors relevant to Compensia's independence from management, including factors suggested by the NYSE in its rules related to compensation advisor independence.

Compensia provided the Compensation Committee with a review of the overall compensation climate in the United States, best practices, and trends specific to our industry. Compensia provided analyses of base salaries, bonuses, long-term incentives and benefit practices of comparable peer companies. Compensia's work did not raise any conflict of interest.

In addition to talking to members of the Compensation Committee, Compensia also contacted certain of our executive officers and other employees in our human resources department to obtain historical data and insight into previous compensation practices. The Compensation Committee took information provided by Compensia into consideration when setting executive compensation for fiscal years 2013 and 2014 and used them as a basis for making changes to executive compensation for fiscal years 2013 and 2014.

Tally Sheets and the Role of President and Chief Executive Officer. In fiscal year 2013, the Compensation Committee continued the practice of reviewing the total remuneration of the executive officers using summary tables, or tally sheets. These tally sheets allowed the Compensation Committee to undertake a comprehensive review across all forms of compensation, and to understand the effect that changing profit and stock price scenarios could have on such remuneration forms.

Mr. Murai also made recommendations to the Compensation Committee as to the compensation of the other named executive officers. The Compensation Committee may accept or adjust such recommendations for these officers. However, in general, the Compensation Committee considered the recommendations of our President and Chief Executive Officer, the named executive officer's role, responsibilities and performance during the past year, and the amount of compensation paid to named executive officers in similar positions at comparable companies. These recommendations were considered in relation to annual performance reviews and played an important role in the compensation determinations by the Compensation Committee. For Mr. Murai, the Compensation Committee solely determines the compensation of the President and Chief Executive Officer based on a performance review and competitive benchmarking.

In general, we believe that the current executive compensation program meets the objectives of rewarding executive officers for measurable results in meeting and exceeding goals.

- (1) Amounts listed in these columns represent the grant date fair value of stock awards and option awards recognized by us under ASC 718, disregarding estimated forfeitures, for fiscal year ended November 30, 2013, rather than amounts realized by the named individuals. See Note 5 Share-Based Compensation for our valuation assumptions for this expense included in our Annual Report on Form 10-K for fiscal year ended November 30, 2013. Performance-based RSUs granted under our LTI program provide an opportunity for employees to receive common stock if a performance measure is met for the three-year performance period. If the minimum performance measure is not met, no award is earned. If at least the minimum performance measure is attained, awards can range from 50% of the target number of shares to 200% of the target number of shares underlying the performance-based RSUs. The amounts in the table above reflect the value of the performance-based RSUs based

on our company's projected results.

The target incentive amounts shown in this column reflect our annual bonus awards originally provided under our Profit Sharing Plan and represents pre-established target awards as a percentage of base salary for fiscal year ended November 30, 2013, with the potential for actual awards under the plan to either exceed or be less than such funding target depending upon corporate performance. Actual award amounts are not guaranteed and are determined at the discretion of the Compensation Committee, which may consider an individual's performance during the period. For additional information, please refer to the Compensation Discussion and Analysis section. Actual Profit Sharing Plan payouts, along with LTI program transitional bonuses, are reflected in the Non-Equity Incentive Plan Compensation column of the 2013 Summary Compensation Table.

- (2) The threshold illustrates the smallest payout that can be made if all of the pre-established performance objectives are achieved at the minimum achievement level. The target is the payout that can be made if the pre-established performance objectives have been achieved at the target achievement level. The maximum is the greatest payout that can be made if the pre-established maximum performance objectives are achieved or exceeded at the outperform achievement levels. Actual payouts may be more or less than these amounts and are at the discretion of the Compensation Committee.
- (3) These shares represent the range of shares that may be released at the end of the performance period for the LTI awards, December 1, 2012 to November 30, 2015. If the minimum threshold target performance percentage of the internally established EPS goal is not achieved, no performance-based RSUs will vest for the executive officers.

Table of Contents

- (4) The restricted stock awards vest as to 20% of the shares on the first five anniversaries of the grant date.
- (5) The option awards vest and become exercisable as to 20% of the shares on the first anniversary of the grant date and the remaining vest monthly thereafter over the remaining four-year period.

Narrative to 2013 Summary Compensation Table and 2013 Grants Plan-Based Awards Table

See Compensation Discussion and Analysis above for a complete description of compensation plans pursuant to which the amounts listed under the 2013 Summary Compensation Table and 2013 Grants of Plan-Based Awards Table were paid or awarded and the criteria for such payment, including targets for payment of annual incentives, as well as performance criteria on which such payments were based. The Compensation Discussion and Analysis also describes the options, restricted stock awards and RSU grants.

Except as otherwise noted, all stock awards and option awards vest over five years beginning on the grant date, with the first vesting occurring on the first anniversary of the grant date.

Employment Contracts, Termination of Employment and Change-of-Control Arrangements

The following summarizes our employment arrangement with our executive officers, including potential payments payable to our executive officers upon termination of employment or a change of control of us under their current employment agreements and our other compensation programs. The Compensation Committee may in its discretion revise, amend or add to these benefits if it deems advisable. Although much of the compensation for our executive officers is performance-based and largely contingent upon achievement of aggressive financial goals, our change of control arrangements provide important protection to our executive officers, are consistent with practice of our peer companies, and are appropriate for attraction and retention of executive talent.

Consistent with the practice of our peer companies, other compensation decisions are not generally based on the existence of this severance protection. We find it more equitable to offer severance benefits based on a standard formula relating to the executive officer's title or title equivalent and tenure with the company because severance often serves as a bridge when employment is involuntarily terminated, and should therefore not be affected by other, longer-term accumulations.

Kevin Murai. On March 31, 2008, the Board of Directors appointed Kevin Murai as Co-Chief Executive Officer of SYNEX and he subsequently became Chief Executive Officer in December 2008. In connection with Mr. Murai's employment with SYNEX, Mr. Murai and our company executed an employment offer which provided for certain severance benefits. If we terminate Mr. Murai's employment with our company after March 31, 2008 for a reason other than Cause, Disability or death, as such terms are defined in the employment offer, then Mr. Murai will receive the following severance benefits from us:

Severance Payments. Mr. Murai will be paid severance for twelve (12) months following the employment termination date at a monthly rate equal to his annual base salary rate plus target incentive bonus, as then in effect, divided by twelve (12) months. Such payments shall be paid periodically in accordance with our normal payroll policies.

Continued Health Benefits. Mr. Murai will receive reimbursement from us of the group health continuation coverage premiums for Mr. Murai and his eligible dependents under Section 4980B of the Code or corresponding provisions of state law, or COBRA through the earliest of (x) the twelve-month anniversary of

the date of termination of employment, (y) the date upon which Mr. Murai and his eligible dependents become covered under similar plans or (z) the date Mr. Murai no longer qualifies as a Qualified Beneficiary (as such term is defined in Section 4980B(g) of the Code); provided, however, that Mr. Murai is solely responsible for timely electing COBRA coverage.

The receipt of any severance benefits will be subject to Mr. Murai signing and not revoking a release of claims in a form acceptable to the company within such period of time as we may require, but not to exceed 21 days following his termination of employment. The receipt of any such severance and change of control benefits will be subject to Mr. Murai not violating the non-competition and non-solicitation covenants of the agreement.

Table of Contents

Other than as described above, the employment agreement of Mr. Murai does not provide for repricings or other material modifications of outstanding stock options or other equity-based awards; payment of dividends; material waiver or modification of any specified performance target, goal or condition to payout under any reported incentive payout plan or any formula with respect to level of annual base salary and bonus in proportion to total compensation.

Other Executive Officers. If any of the following categories of officers is terminated without cause within two months before or 12 months after a change of control of us (including a voluntary termination because of a reduction in salary or position or a relocation), the officer is entitled to the following:

Executive Vice Presidents are entitled to salary continuation at a rate equal to the average of total salary and bonus over the prior three years for a minimum of 18 months plus one month per year of employment after the eighteenth year of employment, up to a maximum of 24 months, and paid COBRA for two years; and

Senior Vice Presidents and the Chief Information Officer are entitled to salary continuation at a rate equal to the average total salary and bonus over the prior three years for a minimum of 12 months plus one month per year of employment after the thirteenth year of employment, up to a maximum of 18 months, and paid COBRA for one year.

Severance payments will be delayed for six months following termination of employment to the extent required by Section 409A.

Peter Larocque, Dennis Polk and Marshall Witt are classified in the Executive Vice President and above category of officers and Simon Leung is classified in the Senior Vice President and above category of officers. For these other executive officers, we believe that structuring their severance benefits in the above described fashion in connection with a change of control and tying each individual's severance payment with his length of service with us, encourages their retention, rewards them for their individual contributions, loyalty, teamwork and integrity, and motivates them to achieve returns for our stockholders.

For each of these other executive officers, if their employment with us terminates as a result other than termination without cause within two months before or 12 months after a change of control of us, then they will not be entitled to receive the above severance benefits. They are entitled to receive compensation and benefits through the date of termination in accordance with our established plans.

CFO Resignation. On June 7, 2012, we disclosed that Thomas Alsberg announced his intent to resign from his position as Executive Vice President and Chief Financial Officer and retire on or about November 30, 2012. On November 12, 2012, we announced that we had entered into an employment contract with Mr. Alsberg according to which Mr. Alsberg would continue to serve as our Executive Vice President and Chief Financial Officer from December 1, 2012 until the earlier of May 31, 2013 or the appointment of a new Chief Financial Officer. Upon appointment of our new Chief Financial Officer, Mr. Alsberg transitioned to a consulting role through May 31, 2013 with continued employment status including ongoing employee benefits.

In connection with Mr. Alsberg's decision to continue serving with us for up to an additional six months, we agreed to pay Mr. Alsberg an annual base salary for fiscal 2013 of \$375,810, plus the equivalent of an annualized bonus of \$500,000, payable biweekly, through May 31, 2013. We also agreed to pay Mr. Alsberg an additional bonus of \$375,000, payable in lump sum subject to withholding within 30 days of May 31, 2013 to provide transition services

and in consideration for certain non-competition provisions through May 31, 2013. In addition, we agreed to continue the vesting and extension of the exercise period of his outstanding equity awards until January 31, 2014.

Table of Contents**Potential Payments upon Termination or Change of Control**

The following table sets forth potential payments payable to our current executive officers upon termination of employment or a change in control. The Compensation Committee may in its discretion revise, amend or add to the benefits if it deems advisable. Except with respect to Mr. Alsborg, the table below reflects amounts payable to our named executive officers assuming a change of control on, and/or their employment was terminated on November 30, 2013. With respect to Mr. Alsborg, the amounts in the table reflect what was actually paid to Mr. Alsborg in connection with his retirement.

Pension Benefits

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. The Compensation Committee, which is comprised solely of outside directors as defined for purposes of Section 162(m) of the Code, may elect to adopt qualified or non-qualified defined benefit plans if the Compensation Committee determines that doing so is in our best interests.

Nonqualified Deferred Compensation Plans

As discussed above, we maintain a deferred compensation plan, which became effective on January 1, 1994. The deferred compensation plan is designed to permit designated officers and directors to accumulate additional income for retirement and other personal financial goals through a nonqualified deferred compensation plan that enables the officer or director to make elective deferrals of a specified amount of salary or bonus to which he or she will become entitled in the future. The balance in a participant's account will be distributed in full after the earlier of their termination of employment with us or upon attaining the age of 65. The distribution may be paid in one lump sum or in equal monthly or annual installments over a period not to exceed 15 years. Under certain circumstances, a participant may receive an early distribution in the form of a lump sum payment, subject to certain penalties. As noted above, this plan was amended effective January 1, 2005 to conform with changes required under Section 409A of the Code. As a result, for account balances earned after 2004, distributions to officers upon termination of employment are generally subject to a six-month delay, and accelerated distributions are generally prohibited.

PROPOSAL 2

ADVISORY VOTE TO APPROVE OUR EXECUTIVE COMPENSATION

General

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 requires us to obtain an advisory vote (non-binding) from our stockholders on our executive compensation as disclosed in this Proxy Statement, which is often referred to as a “say on pay” proposal. Consistent with the stockholders’ 2010 advisory vote on the frequency of holding an advisory vote on SYNEX’s executive compensation, we are seeking an advisory vote on executive compensation every year until the next required stockholder vote on the frequency of stockholder votes on executive compensation.

As described in the *Executive Compensation – Compensation Discussion and Analysis* section of this Proxy Statement, our executive compensation programs and policies play an important role in achieving our objective of sustainable long-term growth in stockholder value. As a guiding principle, our executive compensation programs and policies are designed to motivate, retain and reward our executives for superior short- and long-term performance for our company and our stockholders.

We are asking that our stockholders indicate their support of our executive compensation as described in this Proxy Statement. While this advisory vote on executive compensation is non-binding, the Board and the Compensation Committee will review the outcome of this vote and take the vote into consideration when reviewing our compensation policies and procedures. This is not intended to address specific items of compensation, but rather the overall compensation of our named executive officers and our executive compensation policies and procedures as described in this proxy statement. Stockholders who want to communicate with the Board should refer to “Communications with the Board of Directors” in this Proxy Statement for additional information.

At the Annual Meeting we will ask our stockholders to approve the following resolution:

RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as described in the Company’s proxy statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2013 Summary Compensation Table and the other compensation related tables and disclosure.

Required Vote

Approval of our executive compensation, including the Compensation Discussion and Analysis, the 2013 Summary Compensation Table and the other compensation related tables and disclosure as described in the *Executive Compensation – Compensation Discussion and Analysis* section of this Proxy Statement requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted “FOR” approval.

The Board recommends a vote “FOR” the approval of our executive compensation as described in this Proxy Statement.

PROPOSAL 3

APPROVAL OF 2014 EMPLOYEE STOCK PURCHASE PLAN

Subject to stockholder approval, the Board has approved the 2014 Employee Stock Purchase Plan (2014 Plan) to replace our Amended and Restated 2003 Employee Stock Purchase Plan. The following is a summary of material terms of the 2014 Plan. All statements herein are intended only to summarize the 2014 Plan and are qualified in their entirety by reference to the 2014 Plan itself. For a more complete description of the terms of the 2014 Plan, you should read a copy of the 2014 Plan which is set forth in Appendix A.

Employee Stock Purchase Plan

The purpose of the 2014 Plan is to provide eligible employees with an opportunity to increase their proprietary interest in our success by purchasing shares of common stock at a price below their market value and to pay for the purchases through payroll deductions, thereby enabling us to attract, retain and motivate valued employees. A total of 750,000 shares of common stock will be reserved for issuance under the 2014 Plan.

Administration

The 2014 Plan is administered by the Compensation Committee. The Compensation Committee has the authority to construe, interpret and apply the terms of the 2014 Plan, to determine eligibility, to establish such limitations and procedures as it determines are consistent with the 2014 Plan and to adjudicate any disputed claims under the 2014 Plan.

Eligibility; Price of Shares

Each regular full-time and part-time employee of our company and subsidiaries in the United States designated by the Board who customarily works more than 20 hours per week and more than five months per calendar year, other than highly compensated individuals ranked assistant vice president or higher, is eligible to participate in the 2014 Plan. As of November 30, 2013, 2,467 employees were eligible to participate in the 2014 Plan.

Under the 2014 Plan, each calendar year is divided into four three-month offering periods commencing January 1, April 1, July 1 and October 1. At the end of each offering period, we will apply the amount contributed by the participant during that period to purchase shares of common stock for him or her. The purchase price will be equal to 95% of the lower of (a) the market price of common stock on the first day of the applicable offering period or (b) the market price of common stock on the last business day of the applicable offering period.

Participation; Payroll Deductions; Purchase of Shares

Eligible employees become participants in the 2014 Plan by executing an enrollment form authorizing payroll deductions and filing it at the prescribed location at least fifteen days before the first day of the applicable offering period. The payroll deductions made for each participant may not be less than 1% and not more than 15% of the participant's cash compensation, and may not exceed \$10,000 per calendar year. Payroll deductions commence with the first paycheck issued during the offering period and are deducted from subsequent paychecks throughout the offering period unless terminated as provided in the 2014 Plan.

The amounts credited to the participant's account are applied to purchase shares as of the last day of the offering period. Certificates representing the shares are delivered to the participant or held for the participant's benefit in a

brokerage account.

Special Limitations

The 2014 Plan imposes certain limitations upon a participant's right to acquire shares of our common stock, including the following limitations:

Table of Contents

No employee is eligible to participate in the 2014 Plan if, immediately after electing to participate, the employee would own stock of our company (including stock such employee may purchase under outstanding options) representing 5% or more of the total combined voting power or value of all classes of stock of our company.

No employee is permitted to continue to participate under the 2014 Plan and all similar purchase plans of our company or its subsidiaries, if his or her right to purchase stock would accrue at a rate exceeding \$25,000 of the fair market value of such stock (determined at the time the right is granted) per calendar year.

No participant may purchase more than 625 shares in any one offering period.

Withdrawal from the 2014 Plan; Termination of Employment

Participants may withdraw from the 2014 Plan at any time before the last day of the offering period. As soon as practicable after withdrawal, payroll deductions cease and all amounts credited to the participant's account are refunded in cash, without interest. A participant who has withdrawn from the 2014 Plan cannot be a participant in future offering periods unless he or she reenrolls pursuant to the 2014 Plan's guidelines.

Termination of a participant's status as an eligible employee is treated as an automatic withdrawal from the 2014 Plan. A participant may designate in writing a beneficiary who is to receive shares and cash in the event of the participant's death subsequent to the purchase of shares. Any other attempted assignment, except by will, and the laws of descent and distribution, may be treated as a withdrawal.

Amendment and Termination

The 2014 Plan may be amended or terminated at any time by the Board, subject to stockholder approval to the extent required by applicable laws.

Effect of Certain Corporate Events

In the event of an increase or decrease in the number of outstanding shares of common stock resulting from a subdivision or consolidation of the outstanding common stock, the declaration of a dividend payable in common stock, or any other increase or decrease in such shares effected without the receipt of consideration by us, the Compensation Committee will make proportionate adjustments in the number and purchase price of shares and individual purchase limitations under the 2014 Plan, as appropriate. If the 2014 Plan is not assumed upon a merger or other corporate reorganization, the offering period then in progress shall terminate and shares shall be purchased immediately prior to the transaction.

Federal Income Tax Aspects of the 2014 Plan

The following brief summary of the effect of U.S. federal income taxation upon the participant and us with respect to the shares purchased under the 2014 Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or non-U.S. jurisdiction in which the participant may reside.

The 2014 Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code of 1986, as amended. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2014 Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant generally will be subject to tax in an amount that depends upon the

holding period. If the shares are sold or otherwise disposed of more than 2 years from the first day of the applicable offering and 1 year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price or (b) the excess of the fair market value of a share on the offering date that the right was granted over the purchase price for the right. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of either of these holdings periods, the

Table of Contents

participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. We generally are not entitled to a deduction of or amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

New Plan Benefits

As noted above, no highly compensated individual ranked assistant vice president or higher is eligible to participate in the 2014 Plan. As such, no current executive officer or non-employee director will receive any benefit under the 2014 Plan. Neither executive officers nor non-employee directors were eligible to participate under the Amended and Restated 2003 Employee Stock Purchase Plan. Purchase rights are subject to employee's discretion, including the employee's election to participate in the 2014 Plan. As such, it is not possible to determine the benefits that will be received by employees if our stockholders approve the 2014 Plan. However, during the fiscal year ended November 30, 2013, all employees, excluding the executive officers, purchased 41,063 shares of common stock under the Amended and Restated 2003 Employee Stock Purchase Plan at a weighted average price of \$34.69 per share.

Required Vote

Approval of the 2014 Plan requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted FOR approval of the 2014 Plan.

The Board of Directors recommends a vote FOR approval of the 2014 Plan.

PROPOSAL 4

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTANTS

The Audit Committee, which is composed entirely of non-employee independent directors, has selected KPMG LLP as independent registered public accountants to audit our books, records and accounts and our subsidiaries for the fiscal year ending November 30, 2014. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

The Board has endorsed the appointment of KPMG LLP. Ratification of the selection of KPMG LLP by stockholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to the stockholders for ratification at the Annual Meeting. If the stockholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain KPMG LLP, but may retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of SYNEX and our stockholders.

As previously reported on a current report on Form 8-K, filed with the SEC on February 15, 2012, effective February 9, 2012, the Audit Committee terminated PricewaterhouseCoopers LLP, and approved the selection of KPMG LLP, as our independent registered public accounting firm for the fiscal year ended November 30, 2012.

PricewaterhouseCoopers LLP's reports on our consolidated financial statements as of and for the fiscal years ended November 30, 2010 and 2011 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended November 30, 2011 and 2010 and the subsequent period through February 9, 2012, we did not have any disagreements (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused it to make reference to the subject matter of the disagreements in connection with its report. Also during this period, there were no reportable events as that term is described in Item 304(a)(1)(v) of Regulation S-K.

We provided PricewaterhouseCoopers LLP with a copy of our current report on Form 8-K prior to its filing with the SEC and requested that PricewaterhouseCoopers LLP furnish us with a letter addressed to the SEC stating whether it agreed with the above statements and, if not, stating the respects in which it did not agree. A copy of the letter from PricewaterhouseCoopers LLP, dated February 13, 2012, is attached as Exhibit 16.1 to the current report on Form 8-K.

During the fiscal years ended November 30, 2011 and 2010 and the subsequent period through February 9, 2012, we did not consult with KPMG, nor did anyone acting on our behalf, regarding any of the matters or events described in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by KPMG LLP and the estimated fees related to these services.

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the registered public accountants. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with SEC rules and regulations.

Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification of the appointment of KPMG LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted

FOR ratification of the appointment. In the event ratification is not obtained, your Audit Committee will review its future selection of our independent registered public accountants.

The Board recommends a vote FOR the ratification of KPMG LLP as our independent registered public accountants.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by SYNEX under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving SYNEX accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by SYNEX independent registered public accountants and reviewing their reports regarding SYNEX accounting practices and systems of internal accounting controls as set forth in a written charter adopted by the Board of Directors. SYNEX management is responsible for preparing SYNEX financial statements and the independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by SYNEX management and the independent registered public accountants.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that SYNEX consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee reviewed with the independent registered public accountants its judgments as to the quality, not just the acceptability, of its accounting principles and has discussed with the independent registered public accountants the matters required to be discussed by professional standards. The Audit Committee has also received the written disclosures and letter from the independent registered public accountants as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants communications with the Audit Committee concerning independence, and has discussed with the independent registered public accountants the independence of that firm. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants independence. The Audit Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent registered public accountants are compatible with maintaining such accountant independence.

The Audit Committee has discussed with SYNEX internal and independent registered public accountants, with and without management present, their evaluations of SYNEX internal accounting controls and the overall quality of SYNEX financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited financial statements in SYNEX Annual Report on Form 10-K for the fiscal year ended November 30, 2013, for filing with the SEC.

Respectfully submitted on February 15, 2014, by the members of the Audit Committee of your Board of Directors:

Mr. Gregory Quesnel, Chairman

Dr. Hau Lee

Ms. Andrea Zulberti

Alternatively and in order to comply with the laws of a foreign jurisdiction, the Committee shall have the power, in its discretion, to grant options in an Offering to citizens or residents of a non-U.S. jurisdiction (without regard to whether they are also citizens of the United States or resident aliens) that provide terms which are less favorable than the terms of options granted under the same Offering to employees resident in the United States, subject to compliance with section 423 of the Code. Notwithstanding anything to the contrary in the Plan, the Board may, in its sole discretion, at any time and from time to time, resolve to administer the Plan. In such event, the Board shall have all of the authority and responsibility granted to the Committee herein.

SECTION 4 Enrollment And Participation.

(a) **Offering Periods.** Unless otherwise determined by the Committee, four Offering Periods shall commence in each calendar year. The Offering Periods shall consist of 3-month periods, unless otherwise determined by the Committee, commencing on January 1, April 1, July 1, and October 1 of each year. The first Offering Period shall commence on October 1, 2014. The Committee may specify additional terms and conditions that apply to an Offering, including, but not limited to, limits on the number of shares purchasable by a Participant or by all Participants in the aggregate during the Offering Period. In each case, such terms and conditions shall be subject to the terms and conditions of the Plan and the requirements of section 423 of the Code, including the requirement that all Eligible Employees have the same rights and privileges. The Committee shall have the discretion to provide for the automatic termination of an Offering following any Purchase Date on which the Fair Market Value of a share of Stock is equal to or less than the Fair Market Value of a share of Stock on the Offering Date, and for the Participants in the terminated Offering to be automatically re-enrolled in a new Offering that commences immediately after such Purchase Date.

(b) **Enrollment.** Any individual who, on the day preceding the first day of an Offering Period, qualifies as an Eligible Employee may elect to become a Participant in the Plan for such Offering Period by executing the enrollment form prescribed for this purpose by the Committee. The enrollment form shall be filed with the Company at the prescribed location not later than fifteen (15) days prior to the commencement of such Offering Period.

(c) **Duration of Participation.** Once enrolled in the Plan, a Participant shall continue to participate in the Plan until he or she ceases to be an Eligible Employee or withdraws from the Plan under Section 6(a). A Participant who withdrew from the Plan under Section 6(a) may again become a Participant, if he or she then is an Eligible Employee, by following the procedure described in Subsection (b) above. A Participant whose employee contributions were discontinued automatically under Section 9(b) shall automatically resume participation at the beginning of the earliest Offering Period ending in the next calendar year, if he or she then is an Eligible Employee. When a Participant reaches the end of an Offering Period but his or her participation is to continue, then such Participant shall automatically be re-enrolled for the Offering Period that commences immediately after the end of the prior Offering Period.

Table of Contents

SECTION 5 Employee Contributions.

(a) **Frequency of Payroll Deductions.** A Participant may purchase shares of Stock under the Plan solely by means of payroll deductions. Payroll deductions, subject to the provisions of Subsection (b) below or as otherwise provided by the Committee, shall occur on each payday during participation in the Plan.

(b) **Amount of Payroll Deductions.** An Eligible Employee shall designate on the enrollment form the portion of his or her Compensation that he or she elects to have withheld for the purchase of Stock. Unless otherwise determined by the Committee, such portion shall be a whole percentage of the Eligible Employee's Compensation, but not less than 1% nor more than 15%. In addition, unless otherwise determined by the Committee, the amount of an Eligible Employee's Compensation that may be withheld for the purchase of Stock shall not exceed \$10,000 per calendar year. No payroll deduction will be made unless a Participant timely files the proper form with the Company after a registration statement covering the Stock is filed and effective under the Securities Act of 1933, as amended.

(c) **Changing Withholding Rate.** A Participant may not increase the rate of payroll withholding during a then-current Offering Period, but may, unless otherwise provided under the terms and conditions of an Offering, discontinue or decrease the rate of payroll withholding to a whole percentage of his or her Compensation for such Offering Period by filing a new enrollment form with the Company at the prescribed location at any time. The new withholding rate shall be effective as soon as reasonably practicable after such form has been received by the Company. A Participant may also increase or decrease the rate of payroll withholding effective for a new Offering Period by filing a new enrollment form with the Company at the prescribed location and time. Unless otherwise provided under the terms and conditions of the applicable Offering, the new withholding rate shall be a whole percentage of the Eligible Employee's Compensation, but not less than 1% nor more than 15%.

(d) **Discontinuing Payroll Deductions.** If a Participant wishes to discontinue employee contributions entirely, he or she may do so by withdrawing from the Plan pursuant to Section 6(a). In addition, employee contributions may be discontinued automatically pursuant to Section 9(b).

(e) **Limit on Number of Elections.** The Committee may limit the number of elections that a Participant may make under Subsection (c) or (d) above during any Offering Period.

SECTION 6 Withdrawal From The Plan.

(a) **Withdrawal.** A Participant may elect to withdraw from the Plan by filing the prescribed form with the Company at the prescribed location. Such withdrawal may be elected at any time before the applicable Purchase Date, except as otherwise provided by the Committee. As soon as reasonably practicable thereafter, payroll deductions shall cease and the entire amount credited to the Participant's Plan Account shall be refunded to him or her in cash, without interest. No partial withdrawals shall be permitted.

(b) **Re-enrollment After Withdrawal.** A former Participant who has withdrawn from the Plan shall not be a Participant until he or she re-enrolls in the Plan under Section 4(b). Re-enrollment may be effective only at the commencement of an Offering Period.

Table of Contents

SECTION 7 Change In Employment Status.

(a) **Termination of Employment.** Termination of employment as an Eligible Employee for any reason, including death, shall be treated as an automatic withdrawal from the Plan under Section 6(a). A transfer from one Participating Company to another shall not be treated as a termination of employment.

(b) **Leave of Absence.** For purposes of the Plan, employment shall not be deemed to terminate when the Participant goes on a military leave, a sick leave or another bona fide leave of absence, if the leave was approved by the Company in writing. Employment, however, shall be deemed to terminate ninety (90) days after the Participant goes on a leave, unless a contract or statute guarantees his or her right to return to work. Employment shall be deemed to terminate in any event when the approved leave ends, unless the Participant immediately returns to work.

(c) **Death.** In the event of the Participant's death, the amount credited to his or her Plan Account shall be paid to a beneficiary designated by him or her for this purpose on the prescribed form or, if none, to the Participant's estate. Such form shall be valid only if it was filed with the Company at the prescribed location before the Participant's death.

SECTION 8 Plan Accounts And Purchase Of Shares.

(a) **Plan Accounts.** The Company shall maintain a Plan Account on its books in the name of each Participant. Whenever an amount is deducted from the Participant's Compensation under the Plan, such amount shall be credited to the Participant's Plan Account. Amounts credited to Plan Accounts shall not be trust funds and may be commingled with the Company's general assets and applied to general corporate purposes. No interest shall be credited to Plan Accounts.

(b) **Purchase Price.**

(i) The Purchase Price for each share of Stock purchased during an Offering Period shall not be less than the lesser of:

(A) 95% of the Fair Market Value of such share on the Purchase Date;

or

(B) 95% of the Fair Market Value of such share on the Offering Date.

(c) **Number of Shares Purchased.** As of each Purchase Date, each Participant shall be deemed to have elected to purchase the number of shares of Stock calculated in accordance with this Subsection (c), unless the Participant has previously elected to withdraw from the Plan in accordance with Section 6(a). The amount then in the Participant's Plan Account shall be divided by the Purchase Price, and the number of shares that results shall be purchased from the Company with the funds in the Participant's Plan Account. The foregoing notwithstanding, unless otherwise specified by the Committee for the applicable Offering Period, no Participant shall purchase more than 625 shares of Stock with respect to any Offering Period, nor more than the amounts of Stock set forth in Sections 9(b) and 14(a). Any fractional share, as calculated under this Subsection (c), shall be rounded down to the next lower whole share. For each

Offering Period, the Committee shall have the authority to establish additional limits on the

number of shares purchasable by all Participants in the aggregate. Unless otherwise specified by the Committee, the only Purchase Date in any Offering Period shall be the last day of such Offering Period.

(d) Available Shares Insufficient. In the event that the aggregate number of shares that all Participants elect to purchase during an Offering Period exceeds the maximum number of shares remaining available for issuance under Section 14(a), or which may be purchased pursuant to any additional aggregate limits imposed by the Committee, then the number of shares to which each Participant is entitled shall be determined by multiplying the number of shares available for issuance by a fraction, the numerator of which is the number of shares that such Participant has elected to purchase and the denominator of which is the number of shares that all Participants have elected to purchase.

(e) Issuance of Stock. Certificates representing the shares of Stock purchased by a Participant under the Plan shall be issued to him or her as soon as reasonably practicable after the applicable Purchase Date, except that the Committee may determine that such shares shall be held for each Participant's benefit by a broker designated by the Committee (unless the Participant has elected that certificates be issued to him or her). Shares may be registered in the name of the Participant or jointly in the name of the Participant and his or her spouse as joint tenants with right of survivorship or as community property.

(f) Unused Cash Balances. An amount remaining in the Participant's Plan Account that represents the Purchase Price for any fractional share shall be carried over in the Participant's Plan Account to the next Offering Period or refunded to the Participant in cash, without interest, if his or her participation is not continued. Any amount remaining in the Participant's Plan Account that represents the Purchase Price for whole shares that could not be purchased by reason of Subsection (c) or (d) above, Section 9(b) or Section 14(a) shall be refunded to the Participant in cash, without interest.

(g) Stockholder Approval. The Plan shall be submitted to the stockholders of the Company for their approval within twelve (12) months after the date the Plan is adopted by the Board. Any other provision of the Plan notwithstanding, no shares of Stock shall be purchased under the Plan unless and until the Company's stockholders have approved the adoption of the Plan.

SECTION 9 Limitations On Stock Ownership.

(a) Five Percent Limit. Any other provision of the Plan notwithstanding, no Participant shall be granted a right to purchase Stock under the Plan if such Participant, immediately after his or her election to purchase such Stock, would own stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or any parent or Subsidiary of the Company. For purposes of this Subsection (a), the following rules shall apply:

(i) Ownership of stock shall be determined after applying the attribution rules of section 424(d) of the Code;

(ii) Each Participant shall be deemed to own any stock that he or she has a right or option to purchase under this or any other plan; and

(iii) Each Participant shall be deemed to have the right to purchase up to the maximum number of shares of Stock that may be purchased by a Participant under this Plan under the individual limit specified pursuant to Section 8(c) with respect to each Offering Period.

(b) Dollar Limit. Any other provision of the Plan notwithstanding, no Participant shall accrue the right to purchase Stock at a rate which exceeds \$25,000 of Fair Market Value of such Stock per calendar year (under this Plan and all other employee stock purchase plans of the Company or any parent or Subsidiary of the Company), determined in accordance with the provisions of section 423(b)(8) of the Code and applicable Treasury Regulations promulgated thereunder.

For purposes of this Subsection (b), the Fair Market Value of Stock shall be determined as of the beginning of the Offering Period in which such Stock is purchased. Employee stock purchase plans not described in section 423 of the Code shall be disregarded. If a Participant is precluded by this Subsection (b) from purchasing additional Stock under the Plan, then his or her employee contributions shall automatically be discontinued and shall resume at the beginning of the earliest Offering Period ending in the next calendar year (if he or she then is an Eligible Employee).

SECTION 10 Rights Not Transferable.

The rights of any Participant under the Plan, or any Participant's interest in any Stock or moneys to which he or she may be entitled under the Plan, shall not be transferable by voluntary or involuntary assignment or by operation of law, or in any other manner other than by beneficiary designation or the laws of descent and distribution. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interest under the Plan, other than by beneficiary designation or the laws of descent and distribution, then such act shall be treated as an election by the Participant to withdraw from the Plan under Section 6(a).

SECTION 11 No Rights As An Employee.

Nothing in the Plan or in any right granted under the Plan shall confer upon the Participant any right to continue in the employ of a Participating Company for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Participating Companies or of the Participant, which rights are hereby expressly reserved by each, to terminate his or her employment at any time and for any reason, with or without cause.

SECTION 12 No Rights As A Stockholder.

A Participant shall have no rights as a stockholder with respect to any shares of Stock that he or she may have a right to purchase under the Plan until such shares have been purchased on the applicable Purchase Date.

SECTION 13 Securities Law Requirements.

Shares of Stock shall not be issued under the Plan unless the issuance and delivery of such shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange or other securities market on which the Company's securities may then be traded.

SECTION 14 Stock Offered Under The Plan.

(a) **Authorized Shares.** The maximum aggregate number of shares of Stock available for purchase under the Plan shall not exceed the sum of (i) the number of shares subject to an offering under the Predecessor Plan as of the Effective Date, to the extent that the offering expires or terminates or the Participant withdraws from the offering without the purchase of such shares; plus (ii) any reserved shares not purchased or subject to an offering under the Predecessor Plan on the Effective Date; plus (iii) 707,727 shares; provided, however, that such sum shall not exceed Seven Hundred Fifty Thousand (750,000) shares. The aggregate number of shares available for purchase under the Plan shall at all times be subject to adjustment pursuant to Section 14.

(b) **Antidilution Adjustments.** The aggregate number of shares of Stock offered under the Plan, the individual and aggregate Participant share limitations described in Section 8(c) and the price of shares that any Participant has elected to purchase shall be adjusted proportionately by the Committee in the event of any change in the number of issued shares of Stock (or issuance of shares other than Common Stock) by reason of any forward or reverse share split, subdivision or consolidation, or share dividend or bonus issue, recapitalization, reclassification, merger, amalgamation, consolidation, split-up, spin-off, reorganization, combination, exchange of shares of Stock, the issuance of warrants or other rights to purchase shares of Stock or other securities, or any other change in corporate structure or in the event of any extraordinary distribution (whether in the form of cash, shares of Stock, other securities or other property).

(c) **Reorganizations.** Any other provision of the Plan notwithstanding, immediately prior to the effective time of a Corporate Reorganization, the Offering Period then in progress shall terminate and shares shall be purchased pursuant to Section 8, unless the Plan is assumed by the surviving corporation or its parent corporation pursuant to the plan of merger or consolidation. The Plan shall in no event be construed to restrict in any way the Company's right to undertake a dissolution, liquidation, merger, consolidation or other reorganization.

SECTION 15 Amendment Or Discontinuance.

The Board (or any committee thereof to which it delegates such authority) shall have the right to amend, suspend or terminate the Plan at any time and without notice. Upon any such amendment, suspension or termination of the Plan during an Offering Period, the Board (or any committee thereof to which it delegates such authority) may in its discretion determine that the applicable Offering shall immediately terminate and that all amounts in the Participant Accounts shall be carried forward into a payroll deduction account for each Participant under a successor plan, if any, or promptly refunded to each Participant. Except as provided in Section 14, any increase in the aggregate number of shares of Stock to be issued under the Plan shall be subject

to approval by a vote of the stockholders of the Company. In addition, any other amendment of the Plan shall be subject to approval by a vote of the stockholders of the Company to the extent required by an applicable law or regulation. This Plan shall continue until the earlier to occur of (a) termination of this Plan pursuant to this Section 15 or (b) issuance of all of the shares of Stock reserved for issuance under this Plan.

SECTION 16 Execution.

To record the adoption of the Plan by the Board, the Company has caused its authorized officer to execute the same.
