In this Proxy Statement we refer to the Independence Contract Drilling, Inc. Board of Directors as the Board and Independence Contract Drilling, Inc. as the Company, we, us, and like terms.

We are furnishing the Notice of Annual Meeting of Stockholders, this Proxy Statement and the enclosed Proxy Card, together with the Company's 2014 Annual Report to Stockholders, which includes the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (collectively the Proxy Materials), in connection with the solicitation of proxies by the Board for use at the Annual Meeting.

The Proxy Materials are being mailed together on or about March 31, 2015 to each of our stockholders entitled to notice of and to vote at the Annual Meeting.

2015 ANNUAL MEETING DATE AND LOCATION

The Annual Meeting will be held at the Company's principal executive offices, which are located at 11601 N. Galayda Street, Houston, TX 77086, on Wednesday, May 6, 2015, at 8:00 a.m., Central Daylight Time, or at such other time and place to which the Annual Meeting may be postponed or adjourned. References in this Proxy Statement to the Annual Meeting also refer to any adjournments, postponements or changes in location of the Annual Meeting, to the extent applicable.

ABOUT THE ANNUAL MEETING

What is the purpose of the 2015 Annual Meeting of Stockholders?

At the Annual Meeting, our stockholders will be asked to consider and vote upon the election of seven directors to serve until the 2016 Annual Meeting of Stockholders. We will also consider and vote upon any other business that is properly presented at the Annual Meeting (or any adjournments or postponements thereof).

Why did I receive these proxy materials?

Edgar Filing: Independence Contract Drilling, Inc. - Form DEF 14A

You received these proxy materials from us in connection with the solicitation by our Board of proxies to be voted at the Annual Meeting because you owned our common stock at the close of business on March 10, 2015. We refer to this date as the Record Date.

This Proxy Statement contains important information for you to consider when deciding how to vote your shares at the Annual Meeting. Please read this Proxy Statement carefully.

Table of Contents

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. As of the close of business on the Record Date there were 24,629,333 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our common stock, American Stock Transfer & Trust Company, LLC (AST), then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote on one proposal:

Proposal 1: the election of seven directors to serve until the 2016 Annual Meeting of Stockholders. In addition, you are entitled to vote on any other matters that may properly come before the Annual Meeting.

What are the recommendations of the Board?

The recommendations of the Board are set forth together with the description of each item in this Proxy Statement. In summary, the Board recommends a vote as follows:

FOR the election of each of the nominees for director.

Could other matters be decided at the Annual Meeting?

At the time this Proxy Statement was mailed, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the Proxy Holders will vote the proxies as recommended by our Board or, if no recommendation is given, in their own discretion.

How do I vote?

For Proposal 1, you may vote For a nominee to the Board, you may Withhold your vote for any nominee you specify or you may abstain from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

Table of Contents

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting. Alternatively, you may vote by proxy by using the accompanying proxy card, over the Internet or by telephone. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the accompanying proxy card and return it promptly in the pre-paid envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote by proxy over the Internet, follow the instructions provided on the proxy card.

To vote by telephone call the toll free number found on the proxy card.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your brokerage firm, bank, dealer or other similar organization, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your brokerage firm, bank, dealer or other similar organization. Follow the instructions from your brokerage firm, bank, dealer or other similar organization included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet service providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. (Broadridge) has been engaged as our independent agent to tabulate stockholder votes (the Inspector of Election). If you are a stockholder of record, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the Annual Meeting. With respect to Proposal 1, the Inspector of Election will separately count the number of For votes, Withheld votes and broker non-votes received for each nominee. As noted above, if you are a beneficial owner, you will need to obtain a proxy form from the brokerage firm, bank, dealer or other similar organization that holds your shares and follow the instructions included on that form regarding how to instruct that institution to vote your shares. If you do not give instructions to your brokerage firm, bank, dealer or other similar organization, then they can vote your shares with respect to routine items, but not with respect to non-routine items. See below for more information regarding: What are broker non-votes ? and Which ballot measures are considered routine and non-routine ?

Table of Contents

What are abstentions?

Abstentions occur when stockholders are present in person or by proxy at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the brokerage firm, bank, dealer or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. In the event that a broker, bank, custodian, nominee or other record holder of shares of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered routine or non-routine ?

Proposal 1, the election of seven directors to serve until the 2016 Annual Meeting of Stockholders, is considered non-routine under applicable rules, which could result in broker non-votes.

What is the Effect of Broker Non-Votes and Abstentions and how many votes are needed to approve the proposal?

Proposal 1 the election of seven directors to serve until the 2016 Annual Meeting of Stockholders: To be elected as a director, each nominee must receive the affirmative vote of a plurality of the votes cast at the Annual Meeting. As noted above, you may vote For a nominee to the Board, you may Withhold your vote for any nominee you specify or you may abstain from voting. Neither votes that are Withheld from a director's election nor broker non-votes or abstentions will affect the outcome of the vote on the election of a director as they are not considered to be cast.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of Company common stock you own as of the Record Date.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card and the proxy card does not specify how your shares are to be voted, your shares will be voted For the election of each director nominee. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

This proxy solicitation is being made by us and we will pay for the entire cost of soliciting proxies. In addition to these mailed Proxy Materials, our directors, officers and employees may also solicit proxies in person, by telephone or

by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

Table of Contents

We have retained Broadridge to aid in the distribution of proxy materials and to provide voting and tabulation services for the Annual Meeting. For these services, we will pay Broadridge a fee of approximately \$18,500 and reimburse it for certain expenses. In addition, we will reimburse brokerage firms, nominees, fiduciaries, custodians and other agents for their expenses in distributing proxy materials to the beneficial owners of our common stock.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the proxy cards or follow the instructions for any alternative voting procedure on each of the proxy cards.

Can I change my vote after submitting my proxy?

If you are a stockholder of record, you may revoke your proxy at any time prior to the vote tabulation at the Annual Meeting by: (1) sending in an executed proxy card with a later date, (2) timely submitting a proxy with new voting instructions by telephone or over the Internet, (3) sending a written notice of revocation by mail to Independence Contract Drilling, Inc., 11601 N. Galayda Street, Houston, TX 77086 marked Proxy Information Enclosed, Attention: Corporate Secretary or (4) attending and voting in person by completing a ballot at the Annual Meeting. Attendance at the Annual Meeting will not, in itself, constitute revocation of a completed and delivered proxy card.

If you are a beneficial owner, you should follow the instructions provided by your brokerage firm, bank, dealer or other similar organization.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present at the Annual Meeting if a majority of our outstanding shares of common stock entitled to vote are present in person or represented by proxy, regardless of whether the proxy has authority to vote on all matters. On the Record Date, there were 24,629,333 shares outstanding and entitled to vote at the Annual Meeting. Accordingly, 12,314,667 shares of our stock must be represented in person or by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the Annual Meeting may adjourn the Annual Meeting to another place, if any, date and time.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

Implications of being an emerging growth company.

We are an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting and other requirements. These reduced requirements include reduced disclosures about the Company's executive compensation arrangements and no non-binding advisory votes on executive compensation. We will cease to be an emerging growth company upon the earliest of: (1) the last day of the fiscal year in which we have \$1.0 billion or more in annual revenues; (2) the date on

which we become a large accelerated filer, as defined in Rule 12b-2 promulgated

Table of Contents

under the Securities Exchange Act of 1934, as amended (the Exchange Act), which generally requires more than \$700 million in market value of our common units held by non-affiliates as of June 30 of the year such determination is made; (3) the date on which we issue more than \$1.0 billion of non-convertible debt over a three-year period; or (4) the last day of the fiscal year following the fifth anniversary of our Initial Public Offering (IPO).

What is householding and how does it affect me?

We may send a single set of Proxy Materials and other stockholder communications to any household at which two or more stockholders reside unless we have received contrary instructions from those stockholders. This process is called householding. This reduces duplicate mailings and saves printing and postage costs as well as natural resources. The Proxy Materials and other stockholder communications may be householded based on your prior express or implied consent. If you wish to receive a separate copy of our Proxy Materials for each stockholder sharing your address in the future, please contact Independence Contract Drilling, Inc., 11601 N. Galayda Street, Houston, TX 77086, Attn: Corporate Secretary, by phone at (281) 598-1230 or by email at Investor.relations@icdrilling.com, and we will promptly deliver to you the requested material. You may also contact us in the same manner if you received multiple copies of the proxy materials and would prefer to receive a single copy in the future.

Many banks, brokers, and other holders of record have instituted householding. If you or your family have one or more beneficial ownership accounts, you may have received householding information from your bank, broker, or other holder of record in the past. Please contact the holder of record directly if you have questions, require additional copies of this Proxy Statement or our Annual Report or wish to revoke your decision to household and thereby receive multiple copies. You should also contact the holder of record if you wish to institute householding. These options are available to you at any time.

Related Person Transaction Policy

As a general matter, we discourage such related person transactions because they present a heightened risk of potential or actual conflicts of interest and may create the appearance that decisions are based on considerations other than the best interest of the Company and its stockholders. In addition, our Related Person Transaction Policy is designed to assist the Board in preparing the disclosure that SEC rules require to be included in the Company's applicable filings under the Securities Act of 1933 (the Securities Act) and the Exchange Act. Please see Certain Relationships and Related Party Transactions Policies and Procedures for Identifying, Assessing and Approving Related Person Transactions for additional information regarding our Related Person Transaction Policy. In addition to our Related Person Transaction Policy, which applies only to the persons enumerated above in specified circumstances, we have also adopted a Conflicts of Interest Policy, described in more detail below, that facilitates the general review of possible conflicts of interest for all our employees and our directors.

Conflicts of Interest Policy

We have adopted a Conflicts of Interest Policy (the Conflicts of Interest Policy), which provides guidelines and procedures regarding the timely and proper disclosure of possible conflicts of interest a Company employee or director may have in order to allow the Company to review each such possible conflict. Under our Conflicts of Interest Policy, a conflict arises when an individual's private interest interferes in any way with the interests of the Company as a whole. Our Conflicts of Interest Policy is designed to prohibit directors, officers or other employees from engaging in any business or conduct or entering into any agreement or arrangement that would give rise to actual or potential conflicts of interest and provides guidance on how to report potential conflicts of interest. The Conflicts of Interest Policy supplements our Related Person Transaction Policy and each of our codes of ethics.

Our Board currently consists of seven directors with three standing committees to assist the Board in discharging its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Details as to the membership of the Board and each committee and the function of each committee are provided below. Our Bylaws state that the Board shall initially consist of five members and generally provides that this number may be increased or decreased by a majority vote of the Board. However, no reduction of the authorized number of directors may have the effect of removing any director before the director's term of office expires.

The following table identifies current members of the Board, the standing committees of the Board on which they serve and the chair of each committee as of the date of this Proxy Statement. The Board appoints members to its various committees on an annual basis at a regularly scheduled meeting, typically following the annual meeting of stockholders. Additional information about each committee is set forth below under the heading "Committees of Our Board." As noted above under "Corporate Governance Committee Charters," each committee has a charter, which is available on our website at <http://icdrilling.investorroom.com/corporategovernance>. Stockholders may also obtain electronic or printed copies of these documents, free of charge, by contacting our Corporate Secretary, at Independence Contract Drilling, Inc., 11601 N. Attendance at Annual Meetings

Directors are encouraged, but not required, to attend our annual meeting of stockholders. During 2014, all of our directors attended the annual meeting of stockholders.

Director Independence

Our Board has determined that Messrs. Bates, Einav, Fitzgerald, McNease and Noonan are each independent under the listing standards of the NYSE. Messrs. Dunn and Jacob are not considered independent due to their current employment relationship with us.

In evaluating each director's independence, the Board of Directors considered all of the objective independence standards under any applicable NYSE listing standards and SEC rules as well as subjectively considered each of our directors' direct and indirect relationships with the Company. The material relationships consisted of:

Mr. Einav's position as Managing Director, General Counsel and Corporate Secretary at Sprott Resources Corp. (Sprott) and Sprott's business relationships with the Company during the last three fiscal years;

Mr. McNease's position as a director of AXON EP, Inc. (AXON) and AXON's business relationship with the Company during the last three fiscal years;

Mr. Noonan's position as a founding shareholder partner and partner of 4D Global Energy Advisors SAS (4D) and 4D's business relationship with the Company, 4D's business relationships and Mr. Noonan's position as a director of the ultimate parent of Global Energy Services Operating, LLC (GES) and GES's business relationships with the Company during the last three fiscal years;

Mr. Bates' position as a director of the ultimate parent of GES and GES's business relationship with the Company during the last three fiscal years; and

Mr. Fitzgerald's position as a director of Rosetta Resources Inc. (Rosetta) and Rosetta's business relationship with the Company during the last three fiscal years.

Board Leadership Structure

Thomas R. Bates, Jr., an independent director, serves as the chairman of our Board. Currently, the Board believes that having an independent director serve as Chairman of the Board is in the best interest of the Company. Our Chief Executive Officer is responsible for setting our strategic direction and providing day-to-day leadership, while the Chairman of the Board sets the agenda for Board meetings, presides over Board meetings and provides guidance to the Chief Executive Officer. We believe this structure ensures a greater role for independent directors in the oversight of our Company and active participation from independent directors in setting agendas and establishing priorities and procedures for the work of the Board. Our Board periodically reviews our leadership structure and may make such changes in the future as it deems appropriate.

Executive Sessions

To facilitate candid discussion among the directors, our non-employee directors typically meet in executive session in conjunction with regular Board meetings or as otherwise determined to be necessary. Mr. Bates, our non-executive Chairman of the Board, presides over and is responsible for preparing an agenda for these meetings.

Board's Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Management is responsible for the day-to-day management of risks our Company faces, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk

Table of Contents

oversight role, our Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our Board believes that establishing the right tone at the top and that full and open communication between management and our Board are essential for effective risk management and oversight. Our Chairman has regular discussions with our Chief Executive Officer and other senior officers to discuss strategy and risks facing our Company. Senior management regularly attends Board meetings, provides Board presentations on strategic matters involving our operations and is available to address any questions or concerns raised by our Board on risk management-related and any other matters.

While our Board is ultimately responsible for risk oversight at our Company, each of our Board committees assists our Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and accounting. The Compensation Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Corporate Governance Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, membership and structure, succession planning and corporate governance.

Board Diversity

Our Board seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of our Board's deliberations and decisions. Our Nominating and Corporate Governance Committee is responsible for identifying and recommending to our Board qualified individuals to be nominated to serve on our Board. In selecting potential Board candidates, our Board considers diversity in its broadest sense, including, among other things, diversity of background, perspective, personal and professional experiences and geography, as well as the existing skill-set of our Board and the needs of our Company. We discuss each of our directors' qualifications and characteristics under the heading Proposal 1: Election of Directors Director Biographies.

Committees of Our Board

As noted above, our Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. A description of each committee, its function and charter, are provided below:

Audit Committee

Pursuant to its charter, the Audit Committee's duties include, but are not limited to, oversight of the following: (1) our accounting and financial reporting process, (2) the integrity of our financial statements, (3) our independent auditor's qualifications and independence, (4) the performance of our internal audit function and independent auditors and (5) our compliance with legal and regulatory requirements.

The Audit Committee is currently comprised of Messrs. Bates, Einav and Fitzgerald (chairman). Each member of the Audit Committee is financially literate as defined in the NYSE listing standards. Mr. Fitzgerald, chairman of the Audit Committee, qualifies as an audit committee financial expert as defined under rules and regulations of the Securities and Exchange Commission (the SEC).

Under rules implemented by the NYSE and SEC, we are required to have an audit committee comprised of at least three directors who meet the independence standards established by the NYSE and the Exchange Act, subject to transitional relief during the one-year period following the completion of our IPO. We have determined that Messrs. Bates and Fitzgerald are independent under both the NYSE and Rule 10A-3 of the

Table of Contents

Exchange Act standards. Because Mr. Einav serves as an executive officer of Sprott, which beneficially owned greater than 19.8% of our outstanding common stock as of August 13, 2014, we have not yet determined that Mr. Einav qualifies as independent under Rule 10A-3 of the Exchange Act. Until such time as Mr. Einav is determined to be independent under Rule 10A-3 of the Exchange Act or is substituted with a director who qualifies as independent under both the NYSE and Exchange Act rules, we intend to rely on the one-year transitional relief provided under the NYSE and Exchange Act rules.

The Audit Committee met five times during 2014.

Compensation Committee

Pursuant to its charter, the Compensation Committee's duties include, but are not limited to, the following: (1) establishing salaries, incentive and other forms of compensation for our executive officers, (2) reviewing non-employee director compensation, (3) administering the Company's incentive compensation and equity plans, (4) reviewing the risks arising from the Company's compensation policies and practices, and (5) overseeing regulatory compliance with respect to compensation matters.

In connection with these purposes, the Board has delegated to the Compensation Committee the overall responsibility for establishing, implementing and monitoring compensation for our executive officers. Together with management (with the exception of compensation matters related to our Chief Executive Officer, for which management is not involved), and any other counsel or other advisors deemed appropriate by it, the Compensation Committee reviews and makes a final determination with regard to executive compensation. For example, the Compensation Committee reviews and approves the compensation of our executive officers and makes appropriate adjustments based on Company performance, achievement of predetermined goals and changes in an officer's duties and responsibilities. The Compensation Committee is also responsible for approving all employment agreements related to our executive officers.

In addition, our Board has delegated to the Compensation Committee the responsibility for establishing, implementing and monitoring the compensation for our non-employee directors. Our Compensation Committee establishes, reviews and approves the compensation of our non-employee directors and makes appropriate adjustments based on their performance, duties and responsibilities and the competitive environment. Our Compensation Committee's primary objectives in establishing and implementing director compensation are to: (1) ensure the ability to attract, motivate and retain the talent necessary to provide qualified Board leadership, and (2) use the appropriate mix of long-term and short-term compensation to ensure high Board and/or committee performance.

The Compensation Committee charter provides that the committee may, in its sole discretion, retain, obtain advice from or terminate a compensation consultant to assist in the evaluation of the director, chief executive officer or executive officer compensation. The Compensation Committee has direct responsibility for the appointment, compensation and oversight of any such compensation consultant and has sole authority to approve any such consultant's fees. The Compensation Committee retained Pearl Meyer & Partners (PM&P), a national executive and director compensation strategy and governance consulting firm, to review and provide recommendations concerning components of the Company's executive compensation program in connection with the IPO. The Compensation Committee concluded that no conflict of interest existed that would prevent PM&P from independently representing the Compensation Committee.

The Compensation Committee is currently comprised of Messrs. Bates, Einav and McNease (chairman). Our Board has affirmatively determined that each of Messrs. Bates, Einav and McNease meets the definition of independent director for purposes of serving on the Compensation Committee under applicable NYSE rules.

The Compensation Committee met seven times during 2014.

Nominating and Corporate Governance Committee

Pursuant to its charter, the Nominating and Corporate Governance Committee duties include, but are not limited to: (1) monitoring the implementation of sound corporate governance principles and practices, (2) identifying individuals believed to be qualified to become directors of the Company, (3) selecting or recommending candidates for all directorships to be filled, and (4) overseeing the evaluation of the Board.

The Nominating and Corporate Governance Committee consists of three directors, Messrs. Einav (chairman), Fitzgerald and McNease.

The Nominating and Corporate Governance Committee met twice during 2014.

Board and Committee Self Evaluations

Our Board annually conducts a self-evaluation to assess and identify opportunities to improve its performance. The Nominating and Corporate Governance Committee oversees the Board's self-evaluation process.

Director Selection and Nomination Process

The Nominating and Corporate Governance Committee is responsible for establishing criteria for selecting new directors, seeking individuals to become directors when necessary and recommending such individuals to our Board. In seeking candidates for our Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials. Currently, the Nominating and Corporate Governance Committee does not require director candidates to possess a specific set of minimum qualifications, as different factors may assume greater or lesser significance at particular times, and the needs of our Board may vary in light of its composition and the Nominating and Corporate Governance Committee's perceptions about future issues and needs. However, while the Nominating and Corporate Governance Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the Nominating and Corporate Governance Committee may consider, among other factors, diversity, age, skill, experience in the context of the needs of our Board, independence qualifications and whether prospective nominees have relevant business and financial experience, have industry or other specialized expertise and have high moral character.

The Nominating and Corporate Governance Committee may consider candidates for our Board from any reasonable source, including from a search firm engaged by the Nominating and Corporate Governance Committee or stockholder recommendations, provided that the procedures set forth in "About the Annual Meeting When are stockholder proposals due for next year's annual meeting?" are followed. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant business experience, the Nominating and Corporate Governance Committee may consider previous experience as a member of our Board.

Communications with the Board

Our Board welcomes communications from our stockholders and other interested parties. Stockholders or interested parties wishing to communicate directly with our Board, any individual director, the Chairman of the Board, any non-management director or the independent directors as a group may do so by writing to them care of Independence Contract Drilling, Inc., 11601 N. Galayda Street, Houston, TX 77086, Attn: Corporate Secretary. Stockholders and any other interested parties should mark the envelope containing each communication as "Stockholder Communication with Directors" and clearly identify the intended recipient(s) of the communication. The Corporate Secretary will

forward appropriate communications. Any concerns related to accounting, internal accounting controls or auditing matters will be promptly brought to the attention of the Chairman of the Audit Committee as appropriate.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Identifying, Assessing and Approving Related Person Transactions

We maintain a Related Person Transaction Policy that provides guidelines for the review and approval of certain transactions, arrangements or relationships involving the Company and any of our directors (or nominees for director), executive officers, stockholder owning more than 5% of the Company and any immediate family members of any such person (Related Person). As a general matter, we discourage such related person transactions because they present a heightened risk of potential or actual conflicts of interest and may create the appearance that decisions are based on considerations other than the best interest of the Company and its stockholders. Such related person transactions are also subject to our Conflicts of Interest Policy and our Codes of Business Conduct and Ethics, which restrict the ability of our directors, officers and employees to engage in business or conduct or entering into any agreement or arrangement that would give rise to an actual or potential conflict of interest. See Corporate Governance above for additional information on each of these governance policies. Each year, we are required to disclose certain transactions between the Company and a Related Person, as well as our policies concerning related person transactions. Our Related Person Transaction Policy is intended to assist us in complying with the disclosure obligations concerning these transactions under applicable SEC rules.

Pursuant to our Related Person Transaction Policy, the Nominating and Corporate Governance Committee is generally required to review the material facts and either approve or disapprove, those related party transactions, in which (1) the aggregate amount involved exceeds, or is expected to exceed, \$120,000 in any calendar year and (2) any Related Person has or will have a direct or indirect interest (other than solely as a result of being a director of, or holding less than a 10% beneficial ownership interest in, another entity). Thereafter, on at least an annual basis, the Nominating and Corporate Governance Committee is required to review and assess any ongoing transaction, arrangement or relationship with the Related Person to confirm that such transaction, arrangement or relationship remains appropriate. Any member of the Nominating and Corporate Governance Committee who is a Related Person with respect to the transaction will be recused from the review and approval process.

We annually distribute a questionnaire to our executive officers and directors requesting certain information regarding, among other things, their immediate family members, employment and beneficial ownership interests. This information is then reviewed for any conflicts of interest under the Conflicts of Interest Policy, the Codes of Business Conduct and Ethics and the Related Person Transaction Policy. Additionally, the Nominating & Governance Committee and the Board review any related person transactions involving non-employee directors as part of the annual determination of their independence.

Related Person Transactions

Since January 1, 2014, we have not entered into any transactions with related persons requiring disclosure under Item 404 of Regulation S-K. However, we have considered certain relationships not required to be disclosed under Item 404 of Regulation S-K for purposes of confirming director independence. Please see, Information About our Board and Its Committees Director Independence for further information regarding such relationships.

Bonus Payments

During 2013, we did not implement a bonus or incentive compensation program tied to any objective measure of performance. All bonuses paid to our named executive officers relating to fiscal 2013 were entirely

Table of Contents

discretionary and based upon subjective factors. Bonuses paid to Messrs. Dunn, Jacob and Choyce for fiscal 2013 exceeded the target levels provided for in each of their employment agreements by 150%. In determining the level of bonuses paid to our named executive officers relating to fiscal 2013, the material factors considered by our Compensation Committee and Board were: (i) the significant improvement in the safety and efficiency of our operations, including significant reductions in our Total Recordable Incidence Rate (TRIR) during 2013 and uptime performance, (ii) our success in obtaining longer-term contracts with new customers, (iii) the successful integration of our rig crews into our rig manufacturing process resulting in a significant reduction in fixed overhead costs and (iv) success in obtaining additional debt financing for the construction of our rigs.

For 2014, our Board implemented a bonus and incentive compensation program partially tied to objective performance measures for 2014. Under the 2014 bonus and incentive compensation program, each executive officer had two sets of entry, target and over-achievement performance objective, which were set by the Compensation Committee. One set of targets applied to the first half of 2014 and was based upon a pre-IPO budget and one set of targets applied to the second half of 2014 and was based upon a post-IPO budget. For our Named Executive Officers, the 2014 weighting and entry, target and over-achievement performance objectives and actual payments for each under both the pre-IPO and post-IPO metrics were as follows:

Bonus Criteria	Weighting ⁽¹⁾	First Half of 2014 Criteria			First	Second Half of 2014 Criteria			Second
		\$000s (except TRIR)			Half of	\$000 (except TRIR)			Half of
		Entry	Target	OA	2014	Entry	Target	OA	2014
Safety (TRIR)	7.5-22.5%	2.00	1.85	1.75	1.00	2.00	1.85	1.75	1.00
Revenue	7.5-22.5%	29,582	31,139	34,253	28,210	36,955	38,900	42,790	40,283
Gross Margin	7.5-22.5%	12,835	13,511	14,862	10,150	15,580	16,400	18,040	17,542
Adjusted EBITDA	7.5-22.5%	7,720	8,126	8,939	7,196	10,830	11,400	12,540	11,832
Subjective Factors	0-60.0%	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A

(1) Weighted amounts represent the possible range of payouts as a percentage of overall target bonus. With regard to the objective performance metrics, the lowest end of the range applies to meeting the entry performance metric and the highest end of the range applies to meeting the over-achievement performance metric.

For the year ended December 31, 2014, Byron A. Dunn, Edward S. Jacob, III and Philip A. Choyce were paid cash bonuses equal to \$407,321, \$297,543 and \$195,585, respectively. The bonuses paid for fiscal 2014 were based upon the achievement of the actual performance metrics set forth in the table above as well as a subjective component, which the Compensation Committee determined for fiscal 2014 to be equal to 60% of the overall target bonus. The subjective component of the evaluation allows for the consideration of the executive's contributions to the success and growth of the Company, whether or not encompassed in objective performance criteria. The material factors considered by our Compensation Committee in setting the subjective portion of the 2014 fiscal bonus were: (1) the expansion of Company's revolving credit facility commitments; (2) the completion of the Company's IPO; (3) the reduction in the Company's TRIR rate to well below industry average during 2014; (4) the Company's successful rig operations and downtime across the Company's rig fleet of less than 2% for 2014; (5) the Company's employee retention rates; (6) the expansion of the Company's customer base and re-contracting of its rigs; (7) the Company's overall fleet contract coverage of 100% for 2014; and (8) the Company's successful manufacturing of four additional new build rigs and one rig upgrade during 2014, which met customer delivery date requirements and had variance of less than 1% from budgeted costs.

2012 Omnibus Incentive Plan

Our Board has adopted, and our stockholders have approved, the Independence Contract Drilling 2012 Omnibus Incentive Plan (as amended just prior to the closing of the IPO, the 2012 Plan). Our 2012 Plan provides for the grant of options to purchase our common stock, both incentive options that are intended to satisfy the requirements of Section 422 of the Internal Revenue Code and nonqualified options that are not intended to satisfy such requirements, stock appreciation rights, restricted stock, restricted stock units, performance stock, performance units, other stock-based awards and certain cash awards.

We currently have authorized and reserved for issuance under our 2012 Plan approximately 3.5 million shares of our common stock, including 1,026,825 outstanding shares under restricted stock awards, 343,150 outstanding stock units under performance based restricted stock unit awards and outstanding options to purchase 963,195 shares of our common stock as of March 25, 2015. There are currently 1,124,044 additional shares of common stock available for grant under the 2012 Plan.

Our employees are eligible to receive awards under our 2012 Plan. In addition, (1) the non-employee directors of our Company and (2) the consultants, agents, representatives, advisors and independent contractors who render services to our Company and its affiliates that are not in connection with the offer and sale of our Company's securities in a capital raising transaction and do not directly or indirectly promote or maintain a market for our Company's securities are eligible to receive awards settled in shares of our common stock, other than incentive stock options, under our 2012 Plan.

Our Board administers our 2012 Plan with respect to awards to non-employee directors, and our Compensation Committee administers our 2012 Plan with respect to awards to employees and other non-employee service providers other than non-employee directors. In administering awards under our 2012 Plan, our Board or the Compensation Committee, as applicable, has the power to determine the terms of the awards granted under our 2012 Plan, including the exercise price, the number of shares subject to each award and the exercisability of the awards. The Compensation Committee also has full power to determine the persons to whom and the time or times at which awards will be made and to make all other determinations and take all other actions advisable for the administration of the plan.

Table of Contents

Under our 2012 Plan, the Compensation Committee may grant the following awards:

Options to acquire our common stock. The exercise price of options granted under our 2012 Plan must at least be equal to the fair market value of our common stock on the date of grant and the term of an option may not exceed ten years, except that with respect to an incentive option granted to any employee who owns more than 10% of the voting power of all classes of our outstanding stock as of the grant date, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date.

Stock appreciation rights. These awards allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The amount payable under the stock appreciation right may be paid in cash or with shares of our common stock, or a combination thereof, as determined by the Compensation Committee.

Restricted stock. These awards of our shares of common stock vest in accordance with terms and conditions established by the Compensation Committee.

Restricted stock units. These awards are based on the value of our common stock and may be paid in cash or in shares of our common stock, or a combination thereof, as determined by the Compensation Committee.

Under our 2012 Plan, the Compensation Committee may also grant performance stock, performance units and annual cash incentive awards. Performance stock and performance units are awards that will result in a payment to a participant only if performance goals established by the Compensation Committee are achieved or the awards otherwise vest. It is intended that our 2012 Plan will permit the issuance of awards that conform with the standards of Section 162(m) of the Internal Revenue Code with respect to individuals who are classified as covered employees under Section 162(m). The Compensation Committee may establish organizational or individual performance goals which, depending on the extent to which they are met, will determine the number and the value of performance stock, performance units and annual cash incentive awards to be paid out to participants. Payment under performance unit awards may be made in cash or in shares of our common stock with equivalent value, or some combination of the two, as determined by the Compensation Committee.

The amount of, the vesting and the transferability restrictions applicable to any performance stock or performance unit award will be based upon the attainment of such performance goals as the Compensation Committee may determine. A performance goal will be based on one or more of the following business criteria: earnings per share, earnings per share growth, total stockholder return, economic value added, cash return on capitalization, increased revenue, revenue ratios (per employee or per customer), net income, stock price, market share, return on equity, return on assets, return on capital, return on capital compared to cost of capital, return on capital employed, return on invested capital, stockholder value, net cash flow, operating income, earnings before interest and taxes (EBIT), earnings before interest, taxes, depreciation and amortization (EBITDA), cash flow, cash flow from operations, cost reductions, cost ratios (per employee or per customer), proceeds from dispositions, project completion time and budget goals, net cash flow before financing activities, customer growth, total market value, successful closing of transactions, utilization rates and safety and environmental performance measures (including total recordable incident rates (TRIR)).

Awards may be granted under our 2012 Plan in substitution for stock options and other awards held by employees of other corporations who are about to become employees of our Company or any of our subsidiaries. The terms and conditions of the substitute awards granted may vary from the terms and conditions set forth in our 2012 Plan to the extent our Board may deem appropriate.

The existence of outstanding awards will not affect in any way the right or power of our Company to make any adjustments, recapitalizations, reorganizations or other changes in our Company's capital structure or its business. If our Company shall effect a capital readjustment or any increase or reduction of the number of shares of our common stock outstanding, without receiving compensation therefor in money, services or property, then the number and per share price of our common stock subject to outstanding awards under our 2012 Plan shall be appropriately adjusted.

Table of Contents

If we are not the surviving entity in any merger, consolidation or other reorganization; if we sell, lease or exchange or agree to sell, lease or exchange all or substantially all of our assets; if we are to be dissolved; or if we are a party to any other corporate transaction, then the committee may:

accelerate the time at which some or all of the awards then outstanding may be exercised, after which all such awards that remain unexercised shall terminate;

require the mandatory surrender to our Company of some or all of the then outstanding options and stock appreciation rights as of a date in which event the committee will then cancel such award and our Company will pay to each such holder an amount of cash per share equal to the excess, if any, of the per share price offered to stockholders of our Company in connection with such transaction over the exercise or grant price under such award for such shares;

have some or all outstanding awards assumed or have a new award of a similar nature substituted for some or all of the then outstanding awards;

provide that the number of our shares of common stock covered by an award will be adjusted so that such award when exercised will then cover the number and class or series of our common stock or other securities or property to which the holder of such award would have been entitled pursuant to the terms of the agreement or plan relating to such transaction if the holder of such award had been the holder of record of the number of shares of our common stock then covered by such award; or

make such adjustments to awards then outstanding as the committee deems appropriate to reflect such transaction.

After a merger involving our Company each holder of a restricted stock award granted under our 2012 Plan shall be entitled to have his or her restricted stock appropriately adjusted based on the manner in which the shares of our common stock were adjusted under the terms of the agreement of merger.

Awards under our 2012 Plan will be designed, granted and administered in such a manner that they are either exempt from, or comply with, the requirements of Section 409A of the Internal Revenue Code.

Our Board may alter, amend, or terminate our 2012 Plan and the Compensation Committee may alter, amend, or terminate any award agreement in whole or in part; however, no termination, amendment, or modification shall adversely affect in any material way any award previously granted, without the written consent of the holder.

No awards may be granted under our 2012 Plan on or after the tenth anniversary of the effective date of the 2012 Plan, August 13, 2014, unless our 2012 Plan is subsequently amended, with the approval of stockholders, to extend the termination date.

Indemnification Agreements

We have also entered into indemnification agreements with all of our directors and our Named Executive Officers. These indemnification agreements are intended to permit indemnification to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. It is possible that the applicable law could change the degree to which indemnification is expressly permitted.

The indemnification agreements cover expenses (including attorneys' fees), judgments, fines and amounts paid in settlement incurred as a result of the fact that such person, in his or her capacity as a director or officer, is made or threatened to be made a party to any suit or proceeding. The indemnification agreements generally cover claims relating to the fact that the indemnified party is or was an officer, director, employee or agent of us or any of our affiliates, or is or was serving at our request in such a position for another entity. The indemnification agreements also obligate us to promptly advance all reasonable expenses incurred in connection with any claim.

Table of Contents

The indemnitee is, in turn, obligated to reimburse us for all amounts so advanced if it is later determined that the indemnitee is not entitled to indemnification. The indemnification provided under the indemnification agreements is not exclusive of any other indemnity rights; however, double payment to the indemnitee is prohibited.

We are not obligated to indemnify the indemnitee with respect to claims brought by the indemnitee against us, except for:

claims regarding the indemnitee's rights under the indemnification agreement;

claims to enforce a right to indemnification under any statute or law; and

counter-claims against us in a proceeding brought by us against the indemnitee.

We have also agreed to obtain and maintain director and officer liability insurance for the benefit of each of the above indemnitees. These policies include coverage for losses for wrongful acts and omissions and to ensure our performance under the indemnification agreements. Each of the indemnitees is named as an insured under such policies and provided with the same rights and benefits as are accorded to the most favorably insured of our directors and officers.
