Item 8.01 Other Events.
Target Properties Acquisition

As previously disclosed, on April 1, 2015, the Company acquired a portfolio of office assets totaling approximately 8.2 million square feet and two development parcels in the San Francisco Peninsula and Silicon Valley (the Target Properties) from certain affiliates of The Blackstone Group L.P. (the Seller Parties) in exchange for a combination of cash and equity consideration. The Target Properties are referred to collectively herein as the Target Portfolio.

Information about the Target Properties

The Target Properties represent a portfolio of 26 high-quality office assets totaling approximately 8.2 million square feet and two development parcels totaling approximately 40 acres located in the San Francisco Peninsula and Silicon Valley. As of March 31, 2015, the Target Properties were approximately 85.9% leased (giving effect to leases signed but not commenced as of that date) and 84.9% occupied.

Comparison of the three months ended March 31, 2015 to the three months ended March 31, 2014

Revenue

Rental Revenue. Rental revenue includes rents from the office properties in the Target Portfolio and percentage rent on retail space contained within those properties. Total rental revenue increased \$3.9 million, or 7.0%, to \$59.8 million for the three months ended March 31, 2015 compared to \$55.9 million for the three months ended March 31, 2014. The increase in rental revenue was the result of an increase in average in-place rents of \$2.21 per square foot, or 6.8%, for the three months ended March 31, 2015.

Tenant Reimbursements. Tenant reimbursements increased \$2.7 million, or 33.8%, to \$10.7 million for the three months ended March 31, 2015 compared to \$8.0 million for the three months ended March 31, 2014. The increase in tenant reimbursements was partially the result of an increase in operating expenses across the Target Portfolio.

Other Property Income. Other property income includes lease termination fees, parking revenues, and other ancillary property income. Other property income decreased \$0.7 million, or 58.3%, to \$0.5 million for the three months ended March 31, 2015 compared to \$1.2 million for the three months ended March 31, 2014. The decrease in other property income is primarily the result of a decrease in lease termination fees of \$0.7 million, or 87.5%, to \$79,000 for the three months ended March 31, 2015 compared to \$0.8 million for the three months ended March 31, 2014. During the three months ended March 31, 2014, a \$0.8 million lease termination fee was received from a tenant at the Techmart Commerce Center property.

Certain Expenses

Property Operating Expenses. Total property operating expenses consist of property operating expenses, repairs and maintenance, and insurance. Property operating expenses increased \$0.2 million, or 1.3%, to \$15.2 million for the three months ended March 31, 2015 compared to \$15.0 million for the three months ended March 31, 2014. The increase in property operating expenses is primarily the result of an increase in repairs and maintenance expense for the three months ended March 31, 2015 as compared to the three months ended March 31, 2014.

Real Estate Taxes. Real estate taxes increased \$0.9 million, or 14.3%, to \$7.2 million for the three months ended March 31, 2015 compared to \$6.3 million for the three months ended March 31, 2014. The increase in real estate taxes is primarily due to an increase in the assessed values of the properties across the Target Portfolio.

Ground Rent. Ground rent increased \$0.2 million, or 5.1%, to \$4.1 million for the three months ended March 31, 2015 compared to \$3.9 million for the three months ended March 31, 2014. Ground rent at the Palo Alto property, a portion of which is based on a percentage of rental revenue earned at the property, increased \$0.1 million, or 10.0%, for the three months ended March 31, 2015 as compared to the three months ended March 31, 2014. The increase in ground rent at Palo Alto was the result of increased rental revenues at the property.

The Target Portfolio

The Target Portfolio consists of 26 office properties comprising an aggregate of approximately 8.2 million square feet. As of March 31, 2015, the properties were approximately 85.9% leased (giving effect to leases signed but not commenced as of that date). All the properties are located in Northern California. As of March 31, 2015, the weighted average remaining lease term for the properties was 40 months.

REDWOOD PORTFOLIO
NOTES TO COMBINED STATEMENT OF REVENUES AND CERTAIN EXPENSES**FOR THE THREE MONTHS ENDED MARCH 31, 2015 (UNAUDITED)****1. Organization**

On December 6, 2014, Hudson Pacific Properties, Inc. (the Company) entered into an agreement (the Agreement) to acquire 26 office properties and two vacant land parcels (collectively, the Portfolio) from indirect subsidiaries of EOP Operating Limited Partnership and Nantucket Parent LLC, which are in turn indirect subsidiaries of private equity funds sponsored by the Blackstone Group L.P. (Management) in exchange for a combination of \$1.75 billion in cash and up to 63,474,791 newly-issued shares of Hudson common stock and newly issued common units of limited partnership interest in the Operating partnership of Hudson.

The Portfolio is not a legal entity but rather a portfolio of office buildings and two vacant land parcels indirectly owned by private equity funds sponsored by The Blackstone Group L.P. The combined statement of revenues and certain expenses presented herein represent the combination of the office properties and vacant land parcels and related operations to be acquired pursuant to the Agreement.

The following table sets forth certain information related to the Portfolio as of March 31, 2015:

Sub-Market	Number of Properties	Number of Buildings	Total Rentable Square Feet	Percent Occupied
Peninsula / San Francisco	18	55	4,742,910	82.7%
Silicon Valley	8	22	3,461,435	87.8%
Total	26	77	8,204,345	84.9%

2. Basis of Presentation

The Combined Statement of Revenues and Certain Expenses (the Statement) has been prepared on the accrual basis of accounting and on the same basis as is used for annual statements. The Statement is combined herein because the properties are under common ownership and management. The Statement has been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (the SEC) and with the provisions of Rule 3-14 of Regulation S-X, which requires certain information with respect to real estate operations to be included within certain filings with the SEC. The Statement is not intended to be a complete presentation of the combined revenues and expenses for the Portfolio. The Statement excludes certain expenses such as depreciation and amortization, amortization of above-market and below-market leases, interest expense, non-recurring professional fees, corporate expenses and allocations such as management fees, and other revenues and expenses not directly related or comparable to, or expected to be incurred in, the future operations of the Portfolio. In our opinion, all adjustments necessary for a fair presentation of such Statement have been included. Such adjustments consist of normal recurring items and the aforementioned adjustments. Interim results are not necessarily indicative of results for a full year.

In preparation of the accompanying Statement for the three months ended March 31, 2015, the Portfolio has been evaluated for events and transactions occurring after such date through May 22, 2015 for recognition or disclosure purposes. Material transactions have been disclosed in the accompanying report.

3. Summary of Significant Accounting Policies

Revenue and Expense Recognition The Portfolio leases its office properties to tenants under agreements that are classified as operating leases. Certain leases provide for tenant occupancy during periods for which no rent is due or where minimum rent payments change during the lease term. The Portfolio records rental revenue on a straight-line basis as it is earned during the lease term. Straight-line rental revenue decreased rental revenues that are contractually due from tenants by \$1.2 million for the three months ended March 31, 2015.

If a lease provides for tenant payment of building operating expenses, the Portfolio recognizes revenue associated with the recovery of those building operating expenses as those expenses are incurred. If a lease provides for rent based on the resolution of contingencies, such as achieving a level of sales by the tenant, the Portfolio recognizes revenue associated with rental contingencies when the contingency is resolved.

The Portfolio recognizes lease termination fees on a straight-line basis over the shortened remaining term of the lease. Lease termination fees are included in other property income on the accompanying Statement. For the three months ended March 31, 2015, the Portfolio recognized lease termination fees of \$79,000.

Property operating expenses represent the direct expenses of operating the Portfolio and include repairs and maintenance, insurance, and other property expenses that are expected to continue in the ongoing operations of the Portfolio. Expenditures for repairs and maintenance are charged to operations as incurred.

Bad Debt Expense The Portfolio provides for potentially uncollectible accounts receivables based on analysis of the risk of loss on specific accounts. The Portfolio incurred bad debt expense, which is included in property operating expenses in the accompanying Statement, of \$351,000, for the three months ended March 31, 2015.

Use of Estimates The preparation of the Statement in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Management to make estimates, judgments and assumptions that affect the reported amounts of revenues and certain expenses during the reporting periods presented. The estimates, judgments and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from those estimates under different assumptions and conditions.

4. Future Minimum Rents

Space in the Portfolio's rental properties is leased to tenants. The future minimum base rent to be received under non-cancelable tenant operating leases as of March 31, 2015, is summarized as follows (in thousands):

Remaining nine months of 2015	\$ 183,468
2016	230,525
2017	185,571
2018	133,453
2019	106,408
Thereafter	177,069
Total	\$ 1,016,494

The Portfolio is subject to the usual business risks associated with the collection of the above scheduled rents.

In addition to minimum rents, the leases typically provide for other rents, which reimburse the Portfolio for specific property operating expenses, insurance and real estate taxes. These rents are not included in the table above.

Leases can also provide for additional rent based on increases in the Consumer Price Index. Such amounts are not included in the table above.

5. Future Minimum Lease Payments

Certain properties are subject to ground leases. We record ground rent expense on a straight-line basis over the term of the lease. Some of these leases require rental payments or rental payment increases based upon the appraised value of the property at specified dates, increases in pricing indexes, or certain financial calculations based on the operations of the respective property. Any incremental changes in the rental payments as a result of these adjustments are not included in the table below because the amount of the change is not determinable. Future minimum lease obligations under these noncancelable ground leases as of March 31, 2015, are as follows (in thousands):

Edgar Filing: Hudson Pacific Properties, Inc. - Form 8-K

Remaining nine months of 2015	\$ 7,212
2016	9,616
2017	9,785
2018	10,705
2019	10,755
Thereafter	334,766
Total	\$ 382,839

6. Tenant Concentrations

No tenant comprised more than 10% of the Portfolio's rental revenue for the three months ended March 31, 2015.

7. Related Party Transactions

The Portfolio utilizes Real State Insurance LLC (Real State), a wholly-owned subsidiary of the Portfolio's common parent, to provide insurance services to the Portfolio. Fees paid to Real State for the three months ended March 31, 2015 were \$1.2 million and are included in property operating expense on the accompanying Statement.

Property management services for the office properties in the Portfolio are provided by Equity Office Management, L.L.C. (EOM), an indirect subsidiary of the Portfolio's common parent. Fees paid to EOM for the three months ended March 31, 2015 were \$2.2 million. These costs are not included in the Statement as they are not expected to be paid to EOM after the acquisition of the Portfolio by the Company.

8. Commitments and Contingencies

Environmental As an owner of real estate, the Portfolio is subject to various environmental laws of federal, state and local governments. Compliance with existing environmental laws has not had a material impact on the Portfolio's combined financial condition and results of operations, and Management does not believe it will have such an impact in the future. However, Management cannot predict the impact of unforeseen environmental contingencies or new or changed laws or regulations on the properties within the Portfolio.

Litigation The Portfolio is presently not subject to material litigation nor, to Management's knowledge, is any material litigation threatened against the Portfolio, other than routine actions for alleged negligence and other claims and administrative proceedings arising in the ordinary course of business. Some of this litigation is expected to be covered by liability insurance or third party indemnifications. Management does not expect any of this litigation to have a material impact on the Statement.

9. Subsequent Events

On April 1, 2015, the Company purchased the Portfolio according to the Agreement entered into on December 6, 2014.

(b) Unaudited Pro Forma Financial Information.

The Company hereby files the following unaudited pro forma consolidated balance sheet of the Company as of March 31, 2015 and the unaudited pro forma consolidated statements of operations of the Company for the three months ended March 31, 2015 and year ended December 31, 2014.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS OF HUDSON

During December 2014, January 2015 and April 2015, Hudson entered into the following transactions, which have been included in the accompanying unaudited pro forma consolidated financial statements as discussed more fully below.

First Financial Disposition

On December 29, 2014, the Operating Partnership and a wholly owned subsidiary of the Operating Partnership entered into a purchase and sale agreement with Douglas Emmett Management, LLC, pursuant to which Hudson agreed to sell its First Financial office property (First Financial) located in Encino, California for a purchase price of \$89.0 million (before certain credits, proration and closing costs). The sale closed on March 6, 2015. Hudson used the proceeds from the sale in a like-kind exchange pursuant to Section 1031 of the Internal Revenue Code of 1986 (Section 1031 Exchange) to defer some or all of the taxable gains on the transaction for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties (as defined and described below).

1455 Market Street Joint Venture

On January 7, 2015, the Operating Partnership transferred a 45% interest in Hudson 1455 Market, L.P., a wholly owned subsidiary and the sole common member of Hudson 1455 Market Street LLC, the owner of the 1455 Market Street office property located in San Francisco, California (the 1455 Market Street Joint Venture), to CPP Investment Board Real Estate Holdings Inc., a wholly owned subsidiary of the Canada Pension Plan Investment Board, for a purchase price of \$219.2 million (before certain credits, proration and closing costs). Hudson used the proceeds from entering into the 1455 Market Street Joint Venture pursuant to a Section 1031 Exchange to defer some or all of the taxable gains resulting from the creation of the 1455 Market Street Joint Venture for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties.

Common Stock Offering

On January 20, 2015, Hudson completed an underwritten public offering (the Offering) of 12,650,000 shares of its common stock (including 1,650,000 shares of its common stock issued and sold pursuant to the exercise of the underwriters' option to purchase additional shares in full) at a public offering price of \$31.75 per share, resulting in net proceeds of approximately \$385.2 million, after deducting the underwriting discount and estimated expenses payable by Hudson. Hudson used a portion of the net proceeds from the Offering to repay the outstanding balance on its unsecured revolving credit facility and applied the remainder of the net proceeds to the purchase of the Target Properties.

Target Properties Acquisition and Related Financing

On April 1, 2015, Hudson acquired a portfolio of office assets totaling approximately 8.2 million square feet and two development parcels in the San Francisco Peninsula and Silicon Valley (the Target Properties), from certain affiliates of The Blackstone Group L.P. (the Seller Parties). In consideration for the purchase and sale of the Target Properties, Hudson and the Operating Partnership delivered to the Seller Parties an aggregate cash payment of \$1.75 billion (before various credits) and equity consideration consisting of an aggregate of 8,626,311 shares of Hudson's common

stock, par value \$0.01 per share and 54,848,480 common units of limited partnership interest in the Operating Partnership. Upon the closing of the acquisition of the Target Properties on April 1, 2015, the Seller Parties collectively owned approximately 43.6% of Hudson's common stock and the Operating Partnership's common units on a fully diluted basis.

On March 31, 2015 (funded on April 1, 2015), the Operating Partnership entered into a Second Amended and Restated Credit Agreement, which amended and restated its existing \$300 million senior unsecured revolving credit facility (the Revolving Credit Facility), and \$150 million senior unsecured 5-year term loan facility (the 5-Year Term Loan Facility), to, among other things, extend the term of the revolving credit facility, increase the Revolving Credit Facility to \$400 million, increase the 5-Year Term Loan Facility to \$550 million, and add a \$350 million unsecured seven-year term loan facility (the 7-Year Term Loan Facility). For borrowings under the Revolving Credit Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR

plus 115 basis points to 185 basis points per annum or a specified base rate plus 15 basis points to 85 basis points per annum, depending on the Operating Partnership's leverage ratio. For borrowings under the 5-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 130 basis points to 220 basis points per annum or a specified base rate plus 30 basis points to 120 basis points per annum, depending on the Operating Partnership's leverage ratio. For borrowings under the 7-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 160 basis points to 255 basis points per annum or a specified base rate plus 60 basis points to 155 basis points per annum, depending on the Operating Partnership's leverage ratio. On April 1, 2015, Hudson entered into interest rate contracts with respect to \$300 million of the 5-Year Term Loan Facility which, effective as of May 1, 2015, swaps one-month LIBOR to a fixed rate of 1.36% through the loan's maturity on April 1, 2020. Based on Hudson's pro forma leverage ratio and the rate under these swaps, \$300 million of the 5-Year Term Loan Facility bears interest at a rate of 2.66% per annum commencing May 1, 2015. On April 1, 2015, Hudson also entered into interest rate contracts with respect to the 7-Year Term Loan Facility, which, effective as of May 1, 2015, swapped one-month LIBOR to a fixed rate of 1.61% through the loan's maturity on April 1, 2022. Based on Hudson's pro forma leverage ratio and the rate under these swaps, this facility bears interest at a rate of 3.21% per annum, commencing May 1, 2015.

On March 31, 2015 (funded on April 1, 2015), the Operating Partnership entered into a separate Term Loan Credit Agreement providing for a two-year \$550 million unsecured term loan credit facility (the 2-Year Term Loan Facility). For borrowings under the 2-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 130 basis points to 220 basis points per annum or a specified base rate plus 30 basis points to 120 basis points per annum, depending on the Operating Partnership's leverage ratio.

Upon the closing of the acquisition of the Target Properties on April 1, 2015, the 5-Year Term Loan Facility, the 7-Year Term Loan Facility and the 2-Year Term Loan Facility were fully drawn. The \$350 million of borrowings under the 7-Year Term Loan Facility, \$400 million of incremental borrowings under the 5-Year Term Loan Facility and \$550 million of borrowings under the 2-Year Term Loan Facility were used to fund a portion of the acquisition of the Target Properties.

The unaudited consolidated pro forma financial statements have been adjusted to give effect to the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing, and have been developed from and should be read in conjunction with the following:

the accompanying notes;

the historical unaudited combined statements of revenues and certain expenses and related notes of the Target Properties for the three months ended March 31, 2015, included in Item 9.01(a) of this Current Report on Form 8-K;

the historical audited combined statements of revenues and certain expenses and related notes of the Target Properties for the year ended December 31, 2014, included in the Current Report on Form 8-K of Hudson and the Operating Partnership filed on March 16, 2015;

the historical unaudited consolidated financial statements and related notes of Hudson included in its and the Operating Partnership's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015; and

the historical audited consolidated financial statements and related notes of Hudson included in its and the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2014.

The unaudited pro forma consolidated balance sheet of Hudson as of March 31, 2015 and unaudited pro forma consolidated statements of operations of Hudson for the three months ended March 31, 2015 and year ended December 31, 2014 have been prepared as if the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on March 31, 2015 for the pro forma consolidated balance sheet and as if the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on January 1, 2014 for the pro forma consolidated statements of operations for the three months ended March 31, 2015 and year ended December 31, 2014.

The preliminary purchase price accounting and related pro forma adjustments with respect to the acquisition of the Target Properties reflected in the unaudited pro forma consolidated financial statements are based on preliminary estimates and information that is currently available and are subject to change. The final purchase price accounting may be materially different than the preliminary purchase price accounting reflected in these unaudited pro forma consolidated financial statements.

In addition, certain of the Target Properties may be reassessed for property tax purposes after the consummation of the acquisition. Therefore, the amount of property taxes Hudson pays in the future may change from what the Seller Parties have paid in the past. Given the uncertainty of the amounts involved, any property tax changes have not been reflected in the unaudited pro forma consolidated financial statements.

Assumptions and estimates underlying the adjustments to the unaudited pro forma consolidated financial statements are described in the accompanying notes. These adjustments are based on available information and assumptions that Hudson's management considers reasonable. The pro forma consolidated financial statements do not purport to (1) represent Hudson's financial position that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on March 31, 2015, (2) represent the results of Hudson's operations that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on January 1, 2014 or (3) project Hudson's financial position or results of operations as of any future date or for any future period, as applicable.

2. Adjustments to the Unaudited Pro Forma Consolidated Statements of Operations

- (AA) Reflects the historical consolidated statement of operations of Hudson for the three months ended March 31, 2015.
- (BB) Reflects the disposition of First Financial for the three months ended March 31, 2015 as if First Financial was disposed of on January 1, 2014.
- (CC) Reflects the formation of the 1455 Market Street Joint Venture for the three months ended March 31, 2015 as if the 1455 Market Street Joint Venture were entered into on January 1, 2014.
- (DD) Pro forma before the acquisition of the Target Properties and related financing loss per share from continuing operations attributable to common stockholders basic and diluted is calculated by dividing pro forma consolidated net loss before the acquisition of the Target Properties and related financing allocable to common stockholders by the number of weighted average shares of common stock outstanding for the three months ended March 31, 2015. The pro forma loss per share assumes the additional common stock issued in connection with the Offering (see Note B) had been outstanding for the entire three months ended March 31, 2015.
- (EE) Reflects the acquisition of the Target Properties for the three months ended March 31, 2015 as if the Target Properties were acquired on January 1, 2014. The table below presents the combined revenues and certain expenses of the Target Properties for the three months ended March 31, 2015, as adjusted to reflect the pro forma impact of the acquisition of the Target Properties (in millions).

	Three Months Ended March 31,		
	2015	Adjustments	Total
Revenues			
Rental	\$ 59.8	\$ 7.3 ⁽¹⁾ 3.1 ⁽²⁾	\$ 70.2
Tenant reimbursements	10.7		10.7
Other property income	0.5		0.5
Total revenues	71.0	10.4	81.4
Certain Expenses			
Property operating	15.2		15.2

- (2) Reflects the amortization of the net amount of above- and below-market lease intangibles based on the preliminary purchase price accounting described in Note B.

The pro forma adjustments further reflect the depreciation and amortization of the Target Properties investment in real estate, net and deferred leasing costs and lease intangibles, net of \$41.2 million for the three months ended March 31, 2015 based on the purchase price accounting described in Note B.

(FF) Reflects the impact on interest expense for the three months ended March 31, 2015, assuming \$350 million of borrowings under the 7-Year Term Loan Facility, \$400 million of incremental borrowings under the 5-Year Term Loan Facility and \$550 million of borrowings under the 2-Year Term Loan Facility have been drawn for the entire period. On April 1, 2015, Hudson entered into interest rate contracts with respect to \$300 million of the 5-Year Term Loan Facility which, effective as of May 1, 2015, swaps one-month LIBOR to a fixed rate of 1.36% through the loan's maturity on April 1, 2020. On April 1, 2015, Hudson also entered into interest rate contracts with respect to the 7-Year Term Loan Facility, which, effective as of May 1, 2015, swapped one-month LIBOR to a fixed rate of 1.61% through the loan's maturity on April 1, 2022. A 12.5 basis points, or 1/8th of 1.0%, increase (decrease) in the one-month LIBOR would increase (decrease) interest expense for the period by approximately \$0.3 million.

(GG) Hudson expects to incur additional general and administrative costs as a result of acquiring the Target Properties that will include, but are not limited to, incremental salaries and benefits, audit, tax and legal fees and other administrative costs. Hudson estimates that these costs will result in additional general and administrative expenses of approximately \$2.5 million per quarter and approximately \$10 million per year. As Hudson has not yet entered into contracts with third-parties to provide the services included within this estimate, these expenses do not appear in the accompanying pro forma consolidated statement of operations.

- (HH) Reflects the incremental impact on the pro forma consolidated results of operations for the three months ended March 31, 2015 to allocate (income) loss to unitholders in the Operating Partnership as a result of the pro forma adjustments described in Notes BB, CC, EE and FF above. The allocation of income also assumes the additional common units issued in connection with the acquisition of the Target Properties (see Note B) had been outstanding for the entire period presented.
- (II) Pro forma loss per share from continuing operations attributable to common stockholders basic and diluted is calculated by dividing pro forma consolidated net loss allocable to common stockholders by the number of weighted average shares of common stock outstanding for the three months ended March 31, 2015. The pro forma loss per share assumes the additional common stock issued in connection with the Offering and the acquisition of the Target Properties (see Note B) had been outstanding for the entire three months ended March 31, 2015.
- (JJ) Reflects the historical consolidated statement of operations of Hudson for the year ended December 31, 2014.

The pro forma loss per share assumes the additional common stock issued in connection with the Offering had been outstanding for the entire year ended December 31, 2014.
- (NN) Reflects the acquisition of the Target Properties for year ended December 31, 2014 as if the Target Properties were acquired on January 1, 2014. The table below presents the combined revenues and certain expenses of the Target Properties for the year ended December 31, 2014, as adjusted to reflect the pro forma impact of the acquisition of the Target Properties (in millions).

On April 1, 2015, Hudson entered into interest rate contracts with respect to \$300 million of the 5-Year Term Loan Facility which, effective as of May 1, 2015, swaps one-month LIBOR to a fixed rate of 1.36% through the loan's maturity on April 1, 2020.
