**Item 1.01 Entry into a Material Definitive Agreement**

On November 26, 2008, Cell Therapeutics, Inc., a Washington corporation ( CTI ) entered into the Purchase and Formation Agreement ( Purchase Agreement ) with Spectrum Pharmaceuticals, Inc., a Delaware corporation ( Spectrum ), and RIT Oncology, LLC, a newly-formed Delaware limited liability company (the Joint Venture ), for the formation of a 50/50 owned joint venture to commercialize and develop Zevaffin (ibritumomab tiuxetan) (the Zevalin Product ) in the United States.

At the closing, CTI and Spectrum will enter into an operating agreement for the Joint Venture, a newly formed limited liability company (the LLC Agreement ), which will set forth the terms of governance, capital contributions and distributions and certain buy-out and put rights, among other things. Upon the closing of the transaction, CTI and Spectrum will become the sole members of the Joint Venture whose sole purpose would be to commercialize the Zevalin Product in the United States. A Board of Managers comprised of an equal number of members from both companies would be established to govern the Joint Venture. Both parties will equally provide for the future capital requirements of the Joint Venture and share equally in the profits and losses of the Joint Venture. Additionally, at the closing, each of CTI and Spectrum will pledge their respective membership interests in the Joint Venture to each other to secure certain obligations set forth in the Purchase Agreement and LLC Agreement (which security interest will be subordinate and subject to certain first priority security interests). CTI will receive an initial payment of \$7.5 million at closing and \$7.5 million in early January 2009, in addition up to \$15 million in product sales milestone payments upon achievement of certain revenue targets.

CTI acquired the U.S. rights to develop, market and sell Zevalin from Biogen Idec Inc. ( Biogen ) on December 21, 2007. The closing of the joint venture transaction is subject to the satisfaction of certain customary closing conditions, including the consent of Biogen to the assignment of the Zevalin Product assets to the Joint Venture, in a form satisfactory to each of Biogen, CTI and Spectrum, as well as other customary closing conditions. If the transaction does not close on or before December 15, 2008, each of CTI and Spectrum may elect to terminate the Purchase Agreement.
